

## Crazy Wife 2691

### [Chapter 2691 Quickly Let Go Of My Girl \(3\)](#)

Seeing him like this, Leng ruoxue didn't know how to comfort him. If his guess was right, then she really couldn't just ignore the fact that something had happened to her godbrother's ancestor.

After some thought, Leng ruoxue said seriously, "Li Xiao, you don't have to worry too much. I'll discuss this matter with uncle long and the others to see what we can do!"

"Xue 'er, I'll have to trouble you." Li Xiao said, somewhat embarrassed.

"It's no trouble at all. Just wait for my news!" Leng ruoxue turned around and left the courtyard.

He had only taken two steps when a white bolt of lightning suddenly rushed into his arms and found a good place to lie down.

Leng ruoxue glanced at the little white furball in her arms and said helplessly, "Azure, you've come out of seclusion?"

Only after she returned did she find out that Azure was in closed door cultivation. When she heard the news, she was baffled. As a tool spirit that had cultivated for tens of thousands of years, was there still a need for it to go into seclusion?

"Hehe! I didn't go into seclusion, I just took a nap. Now that he had woken up, Niu had also returned! That's good!" Cang was still in his cat form. He stretched lazily and said with a smile. Then, he snuggled into Leng ruoxue's arms and acted coquettishly.

"You!" Leng ruoxue was helpless. She knew it! How could Azure go into closed door cultivation for no reason? so he went to sleep.

As the man and beast conversed, they had already reached the living room.

Uncle long, Dongfang Yue, and the others were currently looking at Demon city's blueprint. It was unknown what they were discussing.

When they sensed Leng ruoxue's arrival, everyone raised their heads in unison.

"Xue 'er, that old man is willing to let you out?" Master ning looked at Leng ruoxue with a face full of dissatisfaction as he complained.

"Yes, I came out for something." Leng ruoxue smiled.

"What is it?" Uncle long asked with a frown. Xue 'er wouldn't show up unless there was something important, but once she did, it would definitely be something big, so he was a little worried.

"Li Xiao told me that Li Jing seemed to have met with an accident." Leng ruoxue said bluntly.

"How could this be? That guy isn't weak, and he's a reverent-God, so he shouldn't be in trouble that easily. " Uncle long didn't believe it. After spending a few days with Li Jing, he knew very well how sinister and cunning that human was. Nothing would happen to him even if something happened to anyone!

"But Li Xiao said that he can't be contacted. Uncle long, do you think we should send someone to take a look? what if something really happened?" Leng ruoxue suggested.

"Who's Li Jing?" At this moment, Azure, who heard the name of a stranger, couldn't help but ask.

"The ascender Alliance's vice Alliance master, and also my God-brother's ancestor." Leng ruoxue explained.

"It seems like many things happened while I was sleeping!"

Leng ruoxue was speechless. This was not the main point, okay?

"There's no need to go and see. Something has indeed happened to the ascender Alliance!" Cang said with a frown. It had just used its divine sense to investigate and found that there were many subordinates of the mist ripple bitch.

"What?" Hearing this, everyone present couldn't help but stand up from their chairs. Because what Cang said was true. Something had indeed happened to the ascender Alliance. And not that something had happened to Li Jing!

What did this mean?

"Senior Azure, can you explain yourself?" Master ning said carefully. Their divine senses could not see that far away, and they could not use their divine senses to check on others in the divine realm. Otherwise, they would cause disputes if they were discovered. However, as the spirit of the God-protecting tower, Cang had no such concerns.

"If you're looking for someone called Li Jing, I've found one in the prison of the ascender general Alliance. Moreover, he's not the only one in that prison. There's also someone called the general Alliance master." Azure smiled faintly.

"The person known as the Alliance master is also locked up in a cell?" Master ning asked in surprise.

"Yup! There seems to be a great elder and a group of small shrimps!" Azure added.

"....."

Everyone present was speechless.

Something had happened to the ascender Alliance? Everyone found it unbelievable. One must know that the ascender Alliance was also one of the top forces and its strength was definitely not weak! Who could have caused them to be in trouble? Could it be the doing of the Divine Master's estate?

"Is it the divine lord's estate?" Uncle long wanted to confirm.

"Yes." Cang nodded and didn't keep him in suspense.

Hearing this, there was a moment of silence.

Why couldn't this God lord's estate be more peaceful? Wasn't Wu Chen seriously injured? Could it be that he had recovered so quickly and was planning to come out again?

"Uncle long, Godfather, since the God lord's estate has made a move on the ascender Alliance, we have to take care of this matter. The ascender Alliance must not fall into the hands of Wu Cheng." Leng ruoxue said seriously. The ascender Alliance wasn't weak in the deity world. If they became Wu Xuan's dog, it would cause trouble for them. She definitely didn't want to see such a thing happen. Otherwise, she would have dealt a fatal blow to the ascender Alliance back then!

"Yes, Xue 'er. Let's make a trip to the ascender Alliance and rescue Li Jing and the others!" Uncle long and the others nodded in agreement.

"You guys stay at home, I'll go with Xue 'er!" Azure spoke again.

"Uh!" Uncle long and the others were dumbfounded. Was he looking down on them for being in the way?

"They're just a few small fries, there's no need for you to mobilize so many people. " Azure continued.

If senior Cang went, wouldn't that be considered a big move? Everyone couldn't help but secretly Mutter to themselves. However, they absolutely didn't dare to say these words out loud, or else senior Cang would definitely be furious!

Thinking about Azure's violence, everyone couldn't help but shiver.

Helplessly, they nodded in agreement. In fact, they had no choice but to agree!

Before they set off, Feng Zhan and Li Xiao had strongly requested to follow them. However, Cang only glanced at them indifferently, and Feng Zhan immediately shut his mouth. However, he still didn't give up and mumbled softly, "With me here, we can fly faster!"

"No matter how fast you are, can you be faster than me?" When Azure heard this, his mouth twitched and he said in disdain.

This time, Feng Zhan was truly speechless. Although Azure couldn't fly, he could teleport. Even a Supreme God couldn't catch up to him, so he really couldn't.

After dealing with Feng Zhan, Cang started to deal with Li Xiao.

He looked at Li Xiao with extreme disdain and said, "You're just a weak child from a previous marriage, you should just stay at home! Don't drag us down!"

Hearing this, Li Xiao's heart was filled with tears. He was a divine Emperor after all! Why did this cat say that he was a burden? And a weak child from a previous marriage?

This was a huge blow to him. However, when he saw that everyone agreed with the cat's words, Li Xiao did not dare to reply. No matter how blind he was, he could tell that this cat had a high status in everyone's hearts. He really did not dare to provoke a cat like this. Especially when he saw that no one objected when the palm-sized white cat said that it wanted to go with Leng ruoxue to save the people. He knew that this cat was not someone he could afford to offend.

However, why had he never heard of such a cat by Leng ruoxue's side?

With a stomach full of questions, Li Xiao and the rest watched as Leng ruoxue and Cang teleported and disappeared from the main entrance.

At this moment, an extremely resentful voice came from the crowd of people who were sending them off. "I can become invisible, but master didn't even bring me along. Wuu ..."

Ling was the one who was sobbing. He was extremely sad. Everyone looked at him with sympathy, not knowing how to comfort him.

In everyone's understanding, with Cang personally making a move, it was impossible for Xue 'er to keep a low profile and save the person without anyone knowing! With that, Ling would naturally be of no use.

What invisibility! Those were all fleeting clouds! Whatever Cang wanted to do, he would always do as he pleased! It could be said that Azure didn't know what invisibility was! When it was in a good or bad mood, it preferred to use violence against violence!

However, if Leng ruoxue wanted to move stealthily, Azure would not object! But this time, Leng ruoxue did not make such a request! So, Cang naturally thought that Niu also agreed with its idea!

Azure's speed was indeed fast!

In less than an hour, Cang had brought Leng ruoxue to the ascender Alliance's territory.

When they arrived at their destination, the man and beast walked on the ascender Alliance's streets as if there was no one else around. The moment the five Alliance Masters, who had rushed over after hearing the news, saw this, they immediately wanted to pull Leng ruoxue to a corner with no one.

When Cang, who was being hugged by Leng ruoxue, saw this, he immediately bared his teeth and shouted, "Bastard! What do you want to do? Quickly let go of my girl!"

Seeing that someone was trying to take advantage of his girl, Cang was so angry that all his white fur stood on end. Two sharp and cold lights shot out from his cold eyes, scaring the fifth Union Master so much that he immediately let go and hurriedly explained, "Don't misunderstand, I have something to report to this little ancestor!"

"If you have something to say, say it. If you have something to fart, then let it out. Why are you touching me? You can't even take advantage of me!" Azure was still very angry, and it even felt that the other party's explanation was a little too obvious!

Hmph! That's what bad guys say when they want to take advantage of others! Taking advantage of others is not human! Azure's brain automatically filled in the blanks!

Leng ruoxue broke out in a cold sweat. Cang's thoughts ...

Hearing this, The Fifth Alliance master burst into tears. He did not have the guts to take advantage of this ancestor. He was just too excited and accidentally tugged on Leng ruoxue's arm. Was he taking advantage of her? Don't malign me like this, okay?

He was really aggrieved! The Fifth Alliance master looked at Leng ruoxue with hidden bitterness, hoping that she would speak up for him.

However, Leng ruoxue ignored the pleading in his eyes and asked directly, "If you have something to say, just say it!"

"My ancestors! It's not convenient to talk here, there are many people watching!" The 5th Alliance master warned with a bitter face.

"What are you afraid of? They've already found out that you came to find me, so there's no need to hide!" Leng ruoxue said nonchalantly. She had long known that there were people following her and Cang in the shadows. Now that the five Alliance Masters had come to look for her, she did not believe that the cooperation between the two of them could still be hidden!

Since that was the case, there was no need to do anything unnecessary!

### [Chapter 2692 A Beautiful Misunderstanding \(1\)](#)

Leng ruoxue was very calm, but the five Alliance Masters couldn't be like her. However, it did make sense after some thought. He had already come to see Leng ruoxue, so the news of their meeting must have spread to the general Alliance.

After thinking this way, the fifth master nodded and said straightforwardly, "The general Union is having an earthquake!"

"Just this? Tsk! We already knew!" When Azure heard this, he said with some disdain. It thought that this guy had something important to do! It turned out to be a follow-up attack!

..."You know? How did this happen? He thought he was very fast! The Fifth Alliance master was extremely conflicted. Under Azure's disdainful gaze, he didn't know what to do.

Seeing the constipated expression on the fifth master's face, Leng ruoxue nodded her head kindly. "We already know about it. That's why we're here."

"I, I thought ..." The Fifth Alliance master could not continue.

"Your news is indeed a little late." Leng ruoxue sighed.

"That's right. Their work efficiency is really bad!" Cang interjected from the side.

Hearing this, The Fifth Alliance master was so depressed that he didn't know what to do.

After hesitating for a while, he explained, "I also wanted to tell you the news as soon as possible, but the entire ascender Alliance has been blocked. The news can't be spread."

"It's fine." Leng ruoxue expressed that she did not mind. She then smiled at The Fifth Alliance master and said, "Are you going to take us to the general Union?"

"Yes, you can." The fifth master stammered. He had wanted to refuse, but then he thought that this was a good opportunity to make a contribution, so he didn't want to let go of this opportunity.

After that, his eyes started to search behind Leng ruoxue.

Seeing this, Leng ruoxue was puzzled and asked, "Alliance master five, what are you looking for? Hurry up and lead the way!"

"Miss Leng, where are your subordinates?" The fifth master couldn't help but ask.

"No, it's just the two of us." Leng ruoxue pointed at the little cat in her arms.

"Uh!" The five Alliance Masters were shocked. A human and a cat wanted to go to the general Alliance? To do what? Was he going to die? He was afraid! In this situation, it was obvious that he wouldn't get any benefits from the general Alliance. Did he still want to go?

The fifth master was very regretful. He felt that he had agreed too early. Now, he was riding on a Tiger and couldn't stop. If he didn't go, he didn't know if the kitten's sharp claws would tear him into pieces. Because he had already caught sight of the kitten's sharp claws hidden in the gaps between its toes.

In just a few minutes, the fifth master thought about many things. In the end, he couldn't help but remind her, ""Miss Leng, they have a lot of people, and you only have two people. The ratio of the people is a bit different. More people make things easier!"

The five Alliance Masters felt that his words were very subtle, but in Cang's ears, it was not the case at all. Cang thought that this guy in front of him was clearly looking down on his combat strength! What was a mere ant to him? It could deal with it with one claw!

However, although Cang was somewhat angry, he miraculously didn't say anything. This further confirmed the five Alliance Masters "suspicions and made them even more worried.

Leng ruoxue noticed the obvious nervousness on the fifth master's face and smiled. ""The two of us are enough. The others have things to do and can't come here."

"B-but ..." The other side had a lot of people! The Fifth Alliance master wanted to cry, but no tears came out. He wanted to say something, but after the cat casually glanced at him, he couldn't say anything.

He was very worried. He was going to the general alliance with them to make a contribution, not to die!

Unfortunately, Leng ruoxue couldn't care less about what the five Union Masters thought. She felt that her Demon City was still under construction, so how could she stop the construction just because of the ascender Alliance? Besides, there was no need for that! Therefore, she really could not understand why the fifth master was so conflicted!

Looking at the fifth master's timid expression, Leng ruoxue patted his shoulder and said, ""Show us your manliness. We're not afraid, so what are you afraid of?"

Of course he was afraid! After hearing this, the fifth master felt even more resentful. He felt that he had really made a mistake. He didn't know if he could still keep his life after going to the general Alliance.

Sob ... The Fifth Alliance master was filled with regret! Why did he take the initiative to show Leng ruoxue the way? Wasn't this self-inflicted?

However, no matter what he was thinking now, it was impossible for him to back out. Thus, he made up his mind and said, ""Miss Leng, how about ... I go back and bring some people over?"

"Your people? Will that do?" Leng ruoxue was a little suspicious. It wasn't that she wanted to attack the other party, but the five alliances were the weakest under the ascender Alliance.

"..." The Fifth Alliance master was in tears. Leng ruoxue was stabbing a knife into his heart! He was really accurate.

At this time, cold opened his mouth, "it's good to bring some people, but they'll at most be our audience and cheer for us."

Cang's words settled the attitude of the five Alliance Masters' subordinates.

The five Alliance Masters accepted their fate! He didn't believe that his people wouldn't be able to help!

With this thought in mind, the five Alliance Masters immediately returned to their encampment to gather their men. They also agreed to wait at the teleportation array with Leng ruoxue.

Just as Leng ruoxue and Cang Bai were standing beside the teleportation array in boredom, the teleportation array suddenly lit up.

Leng ruoxue raised her brows and saw a group of people walking out from the teleportation array.

The man in the lead looked familiar, but Leng ruoxue could not remember where she had seen him before.

"Miss Leng, it's great to meet you here!" The man in the lead exclaimed in surprise the moment he saw Leng ruoxue who was beside the teleportation array.

"You ..." Leng ruoxue frowned, feeling puzzled. Did she know this man?

"..." The man burst into tears. From Leng ruoxue's expression, it was obvious that she had forgotten about him.

After thinking for a while, the man couldn't help but say, "Miss Leng, we met on the godly mainland. I was sent to deal with you. Have you forgotten?"

She had really forgotten! However, with the man's reminder, Leng ruoxue finally remembered. She said in realization, "So it's you."

Seeing that Leng ruoxue had remembered, the man was very happy. However, before he could show his happiness or have a chance to catch up with Leng ruoxue, Cang, who heard everything, immediately exploded and shouted, "You dare to bully my girl? He was really tired of living, Hmph! I won't let you off! Just you wait!"

"You bastard!" What had its girl experienced before? Why did some random people dare to bully her? No! It would never allow such a thing to happen! Azure decided that when he had the time, he would definitely teach those who bullied Niu a good lesson. He had to make them remember that not everyone could bully his Niu!

### [Chapter 2693 A Beautiful Misunderstanding \(2\)](#)

Thinking of this, Azure deliberately released some of his pressure, causing the man's face to turn pale with fright. He quickly explained, "I didn't bully miss Leng. I was just following orders. Moreover, I even surrendered at that time. It's true. Miss Leng can be a witness."

Woo...This cat is so fierce! The man didn't dare to let it misunderstand, so after explaining, he immediately looked at Leng ruoxue, hoping that she could say something nice for him. At the very least, she had to comfort this angry cat!

"Yes, he didn't bully me. He has also surrendered." Seeing this, Leng ruoxue hurriedly spoke the truth. Otherwise, Cang Yi might really kill the other party in a fit of anger.

Hearing this, Azure's expression became slightly better, but he still asked fiercely, "Whose order did you follow?"

"Second, second alliance master!" The man didn't dare to hide anything.

"Second alliance master, right? Very good, I won't let him go, he's dead!" Azure gritted his teeth and shouted.

"He's already dead. I'm the second alliance master now. Please don't misunderstand!" The man choked. He felt that he had really encountered an undeserved disaster. How could he have encountered such a thing? How unlucky!

"I see!" Looking at the man in front of him and then at Leng ruoxue, Cang decided to let the other party off. However, he still warned, "Kid, follow my girl in the future! I guarantee you'll have meat to eat!"

"Yes, actually I'm here to look for miss Leng." When the man heard this, he immediately expressed his stance.

"If you have something to say, say it!" Leng ruoxue asked out of curiosity.

"Miss Leng, something big has happened in the ascender Alliance. I wonder if you are interested?" The man, who was the current second alliance master, asked in a low voice.

"What, you want to take the opportunity to climb up the ranks?" Leng ruoxue was very straightforward.

After hearing this, the second alliance master didn't know how to react. Could he not be so realistic? Although he did have that thought, he wouldn't have come to look for Leng ruoxue the moment he found out that she had arrived at the ascender Alliance.

"Tsk! Hypocritical! You obviously want to, but you still pretend to be so noble!" Seeing that the second alliance master didn't speak, Cang said with a look of disdain.

"Alright! I do have that thought, but other than miss Leng, I don't know who to look for for this kind of thing." The second alliance master finally spoke the truth. This matter was definitely a great opportunity to rise in power. If he didn't grasp it, he would be a fool!

Furthermore, he had already thought about it for a long time. He felt that in the entire immortal realm, other than Leng ruoxue, there was no one else who would dare to interfere in this matter. However, he did not know if Leng ruoxue would be willing to bring him along.

Now that he was the one asking for help, the second alliance master couldn't help but lower his stance.

"We can help you, but you have to listen to my girl in the future." Before Leng ruoxue could speak, Cang made the decision.

"No problem. I've always respected miss Leng." The second alliance master expressed his feelings.

"That's for the best, but you still have to make an oath after it's done," Cang insisted.

"I can swear it now." The second alliance master immediately said, wanting to leave a good impression.

"You're quite tactful. Since that's the case, then swear! We won't mistreat you after this. " Cang Yun nuo said.

The second alliance master was very happy to hear this. He felt that it was understandable to make an oath. After all, who would believe an outsider for no reason? Hence, he did not hesitate to swear a loyalty oath to Leng ruoxue. He also stated that he would not do anything to harm Leng ruoxue. Otherwise, he would be severely punished by the rules of heaven and earth.

Azure was satisfied and looked at the second alliance master much better. In fact, even if he didn't make the other party swear, he believed that the other party wouldn't dare to do anything harmful to his own girl. However, wouldn't it save them a lot of trouble if they made an oath?

Right at this moment, the fifth Union Master had also arrived at the teleportation array with his team.

Seeing the second master, the fifth master couldn't help but widen his eyes and ask loudly, "Second alliance master, what are you doing here?"

Alliance master five was a little uneasy. Nothing good could come out of the second alliance master's visit! He didn't want the other party to snatch away his great opportunity, even though he didn't think Leng ruoxue and that cat would do well. This wasn't because they doubted their strength, but because the number of people on the two sides was clearly not on the same level!

"I'm here to look for miss Leng. " The second alliance master said confidently, but he couldn't help but sneer in his heart. He knew about the other party's relationship with Leng ruoxue. However, they were both grasshoppers on Leng ruoxue's vine now, so he didn't expose The Fifth Alliance master.

"What is it?" The 5th Alliance master had a look of vigilance on his face. He couldn't help but think to himself, 'when did the 2nd Alliance master have a relationship with Leng ruoxue? why didn't I know about it?'

"He's here to work with us. He has the same goal as you, so we're all comrades now. You guys have to get along well in the future, understand?" Seeing the tension in the air, Azure smiled faintly and explained.

Hearing this, the second alliance master was very calm, but The Fifth Alliance master was a little conflicted and depressed.

What the hell is this? Originally, he was the only one who would benefit, but now, the second alliance master was suddenly competing with him. This made him feel extremely unbalanced, as if something important was about to leave him. He felt a little pained!

Cang looked disdainfully at the narrow-minded fifth master and gave Leng ruoxue a look. The man and beast then stepped into the teleportation array.

"Wait ..." Seeing that Leng ruoxue had left, The Fifth Alliance master wanted to call out to her but was suddenly pulled back by the second alliance master.

The second master glanced at the fifth master indifferently and said earnestly, "Alliance master five! One must be smart and know how to put in practice. Otherwise, if you make our sugar daddy unhappy, won't we be the unlucky ones?"

"What do you mean by that?" The Fifth Alliance master didn't react in time.

"Do you think you can take all the benefits for yourself? I'm telling you, stop dreaming! If you make Leng ruoxue unhappy, we'll end up with nothing and you'll have to cry, so be good, okay? We'll just do whatever they say! More importantly, in front of Leng ruoxue, it's best for us to appear to be more harmonious. Understand? Even if you're pretending!" The second alliance master warned.

"I ... I understand." The second Master's words immediately alerted the fifth master. His earlier behavior had obviously angered the cat. He could not let this go on because he could feel that the cat had a very important place in Leng ruoxue's heart. Otherwise, it would not make decisions for Leng ruoxue.

Al! When he thought about his performance just now, he felt that he had already made Leng ruoxue and the cat unhappy. Wuu ... What should he do?

He was at a loss.

The second alliance master looked at him, and the anger in his heart rose!

How useless! No wonder he could only be The Fifth Alliance master! The second alliance master said, but he still had to put on a friendly expression and placate her, "Be careful in the future and perform well! Now, let's quickly catch up to Leng ruoxue and the others!"

### [Chapter 2694 A Beautiful Misunderstanding \(3\)](#)

Alliance master five naturally didn't object to Alliance master two's suggestion. The two of them led their subordinates into the teleportation formation.

When they arrived at the general Union, they were surprised to find Leng ruoxue waiting for them at the teleportation array with Cang in her arms.

"Have we reached an agreement?" Leng ruoxue said nonchalantly.

When the two heard this, they were shocked and quickly nodded. "We'll live in harmony!"

"That's for the best. No matter what you're thinking, don't drag me down!" He said. Leng ruoxue warned.

"Understood, we will do our best." The two of them promised.

Leng ruoxue nodded and said, "let's go to the general Union's encampment."

"I'll lead the way!" The five Alliance Masters said.

After he finished speaking, he walked straight to the front. Leng ruoxue followed behind him, followed by the second alliance master and his subordinates.

As soon as their team appeared, they attracted a lot of attention on the streets of the general Union. Many brave people were talking about them in private, but no one knew what they were doing here.

Suddenly, someone recognized Leng ruoxue.

This time, all the onlookers exploded!

"What is Leng ruoxue doing here? Did the fifth and second master work together to capture him?"

"It's possible! Hehe! It seems like Leng ruoxue isn't that great after all!"

The discussion of the crowd naturally could not escape the ears of Leng ruoxue and the rest. When they heard this, Leng ruoxue and the rest were all speechless. Alliance master two, Alliance master five, and the rest were so nervous that their hearts were trembling. They were afraid that the passersby's comments would anger Leng ruoxue.

However, Leng ruoxue obviously didn't lower herself to the level of the passers-by. She continued to carry Azure and walked on the road calmly. When the onlookers saw that the other party didn't refute their words at all, they were even more certain of their speculations.

The second and fifth Alliance Masters' hearts, which had been in their throats, finally settled down when they finally arrived at the ascender general Alliance's encampment with great difficulty.

Wiping the cold sweat on his forehead, the second alliance master couldn't help but explain, "Miss Leng, don't mind the words of those passers-by. They don't know the current situation of the ascender Alliance at all. Otherwise, they wouldn't be discussing it like this."

"Yup! That's right! Only the higher-ups of the Union know about the general Union, and the news hasn't spread yet, so don't listen to their nonsense!" The Fifth Alliance master said, not to be outdone.

"You're overthinking it. Do I look like I mind? However, if you can hand me over to the people of the Divine Master's estate, you'll have done a great service!" Leng ruoxue laughed lightly as she teased.

The second and fifth Masters broke out in cold sweat.

Hand Leng ruoxue over to the Divine Master's residence? Did they have the guts?

"Hahaha! Alliance master two, Alliance master five, you've done a great job this time!" At this moment, a proud voice rang in Leng ruoxue and the rest's ears.

Following that, the arrogant fifth elder led a group of elders and walked out of the main entrance of the general Alliance's encampment. He glanced arrogantly at Leng ruoxue, who was standing at the main entrance. Then, he turned his loving gaze to the second and fifth Masters and praised them, "You've done well in this matter!"

"..." Can I ask, what are they doing well?

The second and fifth Masters were confused. They really didn't do anything worthy of the fifth elder's praise. One had to know that they had brought Leng ruoxue here to cause trouble, yet fifth elder actually praised them. What was this?

The two of them were in a dilemma. However, when they saw Leng ruoxue smiling as she stood at her original spot without saying a word, they tactfully kept their mouths shut.

"Men, take Leng ruoxue away and lock her up in the prison!" After complimenting him, the fifth elder loudly instructed his subordinates.

He was so proud of himself! The moment Leng ruoxue entered the ascender Alliance's sphere of influence, he had received the news. Initially, he thought that Leng ruoxue was here to cause trouble. At that time, he was shocked. Later on, he received news that the fifth and second alliance Masters had contacted Leng ruoxue. At that time, he was so furious that he wanted to rush over and capture the two traitors immediately. However, he held back his anger as he was a timid person.

However, he had just found out that the second and fifth Alliance Masters were not traitors. They had personally captured Leng ruoxue and brought her to the general Alliance. How could he not be happy? More importantly, at this very moment, he was completely shocked by the news of Leng ruoxue's capture. He had completely forgotten how Leng ruoxue had been captured.

It had to be said that this was a beautiful misunderstanding.

After knowing that Leng ruoxue had come to the ascender Alliance, fifth elder had been trying to keep a low profile and not take the initiative to start a conflict with her. Who asked his backer to be so drunk that he was in a mess and couldn't help him at all? Without a backer, he was nothing! Even if he wanted to deal with Leng ruoxue, he didn't have the guts to.

Fifth elder, who had been keeping his eyes closed, only started to panic when he received a report from the guard that the second and fifth master had brought Leng ruoxue over to the general Alliance.

He definitely did not have the confidence to deal with Leng ruoxue.

However, in the face of so many pairs of expectant eyes, he, who had only been the Alliance master for a few days, absolutely couldn't lose face. Thus, he braced himself and brought a group of elders to the main entrance.

Just as he reached the main entrance, he happened to hear the last half of Leng ruoxue's sentence. Instantly, his heart was filled with joy!

It turned out that he had misunderstood the second and fifth Alliance Masters! Not only did the two of them not betray the ascender Alliance, but they had even used some unknown method to capture Leng ruoxue and send her to the Divine Master's residence. Very good! Very good! This was definitely a great achievement!

That was why he had praised the second and fifth Masters so much!

He was so excited that he couldn't think of anything else. The second master and the fifth master didn't understand why they were praised because it was different from what they had imagined!

Now, when the two of them saw that the fifth elder had ordered for Leng ruoxue to be locked up in the prison, they were instantly anxious.

The battle hadn't even started yet! Why did you lock him up first? Would Leng ruoxue be so obedient and not resist? The two of them were speechless at fifth elder's words. However, after receiving Leng

ruoxue's eye signal to tell them to calm down, the two of them could only gloomily and obediently keep their mouths shut.

Following that, Leng ruoxue was sent to a prison cell by the guards arranged by the fifth elder.

After capturing Leng ruoxue, fifth elder's mind was at ease. He continued to praise the second and fifth Masters, saying that they had performed very well and that he would put them in an important position. From now on, they were one of his own!

After promising the second and fifth Alliance Masters a bunch of empty checks, the fifth elder sent them away.

On the way out of the general Alliance, the second and fifth Masters felt dizzy, as if they were in a dream.

How did this happen? They had clearly not done anything and were clearly on the same side as Leng ruoxue. However, Leng ruoxue was now locked up in a cell while they were treated as the trusted aides of the fifth elder.

What the hell is this?

The two of them were so depressed that they wanted to buy a piece of tofu and knock themselves to death!

Don't play with me like this, okay?

The depressed second alliance master didn't return to the second alliance. Instead, he went to The Fifth Alliance with The Fifth Alliance master.

Sitting in the five Union's living room, the two sat face to face, frowning, neither saying a word.

Suddenly, the second alliance master slammed the table. "Damn it, how did this happen?"

"I don't know! I don't know what we've done to make the fifth elder misunderstand us like that!" The fifth master pulled his hair in confusion.

The second alliance master also carefully recalled that they really didn't do anything. Why was the outcome of the matter different from what they had originally imagined?

A thought flashed through his mind, and he suddenly said with some uncertainty, ""Didn't miss Leng say that if we could hand her over to the people of the Divine Master's estate, it would be considered a great contribution?"

The fifth master blinked his eyes and nodded. ""I did say that, but it can't be that just because of this sentence, fifth elder would misunderstand, right?"

"It's not impossible! Don't be fooled by the fifth elder's boisterous appearance. In reality, he's still very afraid of Leng ruoxue. In addition, he couldn't wait for this to happen. Thus, with his imagination, we've become the people who have contributed to the battle. " The second alliance master calmly analyzed.

As a minor character, he understood the thoughts of people like the fifth elder! He was ambitious, but he was not that bold! He wanted to do something, but he was too timid. In addition, the new official

wanted to perform well. Thus, a huge mistake appeared. And this mistake would definitely be a disaster for the fifth elder!

At least, the second alliance master could already foresee the fifth elder's fate.

"If that's the case, what should we do next?" The fifth master felt that the second master's analysis was reasonable, but what was their next step? What were they supposed to do?

The Fifth Alliance master was at a loss. Leng ruoxue had not given them any instructions, so they could not just sit around and do nothing!

"Let's wait!" The second alliance master, who had dealt with Leng ruoxue before, said with experience.

"..." Alright! Just wait!

The five Alliance Masters did not have any good ideas and did not dare to act on their own. Who knew if Leng ruoxue had any other ideas?

Al! Unfortunately, he was in prison now!

As for Leng ruoxue, who was in the prison cell, she naturally had no idea about the conflict between the second and fifth Alliance Masters.

After she was caught, she was locked up alone. This made her a little dissatisfied. Hence, the moment the guard left, Leng ruoxue immediately took out her cold shadow and rudely broke the lock on the cell door. She then walked out of the cell as if there was no one else around and even swaggered around the cell to take a look.

It had to be said that the cells of the ascendants! General Alliance could be considered clean! Although there was also some smell, it was obviously better than the other cells she had been to. She was very satisfied with the environment here.

After taking a look around, Leng ruoxue walked with elegant steps towards the cell with the most prisoners.

Standing at the prison entrance, Leng ruoxue graciously greeted the people in the prison, "Hello everyone, I'm very happy to have the opportunity to meet all of you here."

#### [Chapter 2695 Coal In The Snow?\(1\)](#)

Hearing that someone seemed to be greeting them, the people in the cell who were deep in thought quickly raised their heads and were stunned. "Leng ruoxue!"

Everyone was shocked!

Why would he see Leng ruoxue here? At first, everyone thought that their eyes were playing tricks on them. However, after double-checking, they realized that Leng ruoxue was indeed standing right in front of them. As for Leng ruoxue's appearance, there was no way they would mistake her. Who asked this woman to be so famous in the God World?

"You ... Why are you here?" With a stomach full of questions, Li Jing asked the question on everyone's mind.

When the crowd heard this question, they stared at Leng ruoxue without blinking, waiting for her to answer.

Leng ruoxue smiled faintly when she heard that. She then said with a face full of hidden bitterness, "I was sent here by your fifth elder."

She was implying that she had been caught!

However, the people in the prison cell obviously did not believe her words.

Would this little girl be caught by that idiot fifth elder? Wasn't this a fantasy story? It would be possible if she came to him on her own accord?

Wait a minute? He delivered himself to her door? What was she trying to do?

The question marks in everyone's hearts grew. Only Li Jing knew that Leng ruoxue had come to the ascender Alliance because of him. Otherwise, why would this little girl appear in the prison? This thought warmed Li Jing's heart. He did not expect that the one who came to their rescue after they were captured would be their enemy in name! This was truly unbelievable.

However, at this moment, he heard Leng ruoxue's voice, "Your fifth elder is too unrefined. He actually locked me up in a cell. How lonely is that? It's better to have a few companions. "

"....."

Hearing this, everyone was speechless. Li Jing's mouth could not help but Twitch. At this moment, the only thought in their hearts was that this woman's requirements were so high that she wanted to have a companion while in prison.

Alright! It seemed like she had most likely come here to keep them company. Everyone was depressed, especially the Alliance master because Leng ruoxue had seen him at his most depressed and embarrassing moment!

"That ... Since you've been captured by the fifth elder, why didn't you stay in your cell? why are you running around?" Finally, an elder from the ascender Alliance could not help but ask curiously.

"The prison was empty. I didn't like it, so I came out." Leng ruoxue explained with a smile.

"How did you get out?" An elder continued to ask. They also wanted to go out.

"I broke the lock and came out!" Leng ruoxue's answer was very concise.

When everyone heard this, they collectively felt their balls hurt!

The lock of this cell was specially made, how could it be so easy to break? One must know that they had thought of many ways these days, but they couldn't get the lock to open. Now that the lock was broken with a single word, they were so ashamed!

Yes! They felt inferior!

Leng ruoxue saw that after they heard her words, their expressions were extremely conflicted, yet they didn't say a word. She felt that they didn't believe her words, so she directly took out the cold shadow and gave it a light swing. With a cold glint, the lock fell to the ground.

A crisp bang woke up everyone who was lost in their thoughts.

When they looked up, they saw Leng ruoxue holding an extremely sharp and cold sword. The lock was at her feet. Instantly, everyone's lips twitched and they were speechless.

It really was smashed open! It was wrong! It was split open by a sword!

What a sharp divine weapon!

At that moment, everyone's eyes were fixed on the cold shadow in Leng ruoxue's hand. They had even forgotten that they were still prisoners.

Feeling the burning heat from everyone's eyes, the cold shadow in Leng ruoxue's hands started to tremble and let out a Wuwu sound. Leng ruoxue knew that this was the cold Shadow's protest.

The current cold shadow had been nurtured by her to become more and more intelligent, and it had also produced a weapon spirit. However, the cold Shadow's weapon spirit was still too small and could not transform. It could only communicate with her in the simplest language, and at this moment, the cold shadow was saying that it hated the wretched gazes of these old men looking at it. He had even asked Leng ruoxue for help.

Leng ruoxue shuddered and urgently reminded everyone, "Wake up, all of you. Don't look at my sword with such passionate eyes. It's not happy. If you keep looking, I can't guarantee that it won't attack you!"

Her words were definitely not alarmist talk. Everyone present could also feel the warning that the sword was sending to them. They could only look away with black lines on their heads.

Seeing that they had finally calmed down, Leng ruoxue smiled charmingly. She then opened the cell door and walked into their cell.

The crowd looked at Leng ruoxue's actions in a daze, not knowing what she was trying to do. Leng ruoxue didn't explain further. She just walked to the empty seat beside Li Jing and sat down.

W-what was this?

Everyone's eyes were filled with question marks.

Leng ruoxue smiled calmly, then said, "Since we're all in jail, I suggest we have a chat to avoid boredom!"

Chat? Talk about what? Experience in prison? The people present, including Li Jing, did not feel that there was anything to chat about in this place. Furthermore, when he saw Leng ruoxue's actions, Li Jing could not be sure if she was here to save them.

She was here to save someone! Did she plan to chat with them as if nothing had happened? Who would be in the mood to chat at this time?

However, Li Jing found it even more difficult to believe that she had not come to save someone and had really been captured by the ascender Alliance! After the trip to the land of demons, he was already very clear about the strength of Leng ruoxue's side. It was impossible for the fifth elder and the rest of the idiots to capture Leng ruoxue. But now, these two thoughts kept appearing in his mind, and he was almost confused!

"What, don't you want to talk?" Leng ruoxue blinked her eyes and asked innocently when she saw that no one was saying anything.

"Talk about what?" Li Jing had no choice but to cooperate.

"Let's talk about how you were caught! From my observation, the firepower of the fifth elder's side is obviously not as good as yours, but you've been locked up in prison. This is really puzzling." Leng ruoxue laughed evilly. Then, she took out a small table, a pot of tea, a few teacups, and some freshly made desserts.

"....."

Seeing this, Li Jing's mouth twitched again. He was really planning to have a tea party with them! They were really well prepared!

Li Jing and the others broke out in cold sweat! Besides that, they also wanted to add that they were equally puzzled about Leng ruoxue's imprisonment.

"Come! Don't stand on ceremony, everyone. It's rare for me to treat you to tea today! You know, you usually have to pay for a cup of tea from me!" Seeing that no one spoke, Leng ruoxue took it that they were embarrassed and took the initiative to greet them warmly. She even poured a cup of tea for each of them.

But after hearing her words, the black lines on everyone's foreheads became even more. The teacups in front of them felt like they were burning their hands, and they didn't dare to move at all.

### [Chapter 2696 Coal In The Snow?\(2\)](#)

Seeing that they didn't move for a long time, Leng ruoxue drooped her shoulders in disappointment. There seemed to be tears in her beautiful eyes.

Everyone was terrified and kept winking at the Alliance master and Li Jing. Li Jing had no choice but to say, "We ..."

However, he only said two words before he could not continue. "You bastard!" This little girl actually came up with this? This is too much, who can stand this! It was as if they had bullied Leng ruoxue.

I swear to the heavens! They clearly didn't do anything right?

Unfortunately, just as he thought of this, Azure's displeased gaze immediately drifted over to him. Then, everyone heard Azure fire roar, "Dammit! You dare to bully my girl? You're really tired of living!"

Facing the enraged Azure, everyone was speechless. They really didn't do anything? When did he bully Leng ruoxue? However, Cang Cai didn't care so much. In its heart, if these people didn't answer Niu's question, it was their fault!

"Quickly explain!" Azure roared again, even deliberately releasing a bit of his pressure.

In that instant, everyone in the prison, except Leng ruoxue, felt the pressure increase.

Some of the weaker elders "foreheads were covered in cold sweat as they looked at Cang in fear.

This little white cat's strength was so terrifying!

Although he didn't know who this cat was, the tactful great elder still nudged Li Jing, signaling him to quickly explain and not make this little cat unhappy. At the same time, first elder was certain that Leng ruoxue was not captured by the fifth elder.

With this little white cat around, the fifth elder and the others were no match for him!

Li Jing laughed bitterly. He did not dare to delay any further and quickly told the truth.

After Leng ruoxue heard this, she sized up Li Jing and the Alliance master, who was silent and had a dark expression on his face, before coming to a conclusion.

"Looking at your appearance, you really don't look like you've been poisoned!"

"We are unable to use divine power right now." Li Jing said honestly.

"Hehe! You're so lucky, you must have been poisoned by that B \* tch Wu Luan!" When Azure heard this, he gloated. As far as it knew, the rippling mist bitch loved to use her own poison to refine all kinds of poisons, and what these people were feeling now should only be one of them.

Good luck? Li Jing was depressed! How could he not think so?

"Is there a way to cure it?" The similarly depressed Alliance master saw that Cang seemed to have some understanding of this poison and couldn't help but ask.

"There's a way. " Azure smiled mysteriously.

When Li Jing and the Alliance master heard this, they immediately perked up their ears to listen, afraid that they would miss something.

"It can be removed by using the flower petals on the body of the mist ripple." Seeing the two of them looking forward to it, Azure smirked and added.

The two of them immediately wilted when they heard that!

They all knew that rime ice was a plant, and she was a God master. How could she give them petals of her own accord?

Rob? That's just daydreaming!

The two thought of all kinds of possibilities, but in the end, they couldn't come up with a good idea.

Cang, who knew their thoughts, confirmed, ""It's the petal of a mist ripple bitch! She definitely won't take the initiative to give it to you. You must know that if she drops a petal, she will lose at least a thousand years of cultivation, so don't even think about giving it to you. But I think you can go and Rob! This is the fastest and most direct way!"

Snatching it ... Wasn't that courting death?

The two of them didn't comment on Cang's useless suggestion. They could even see that the kitten was clearly playing with them. Who would instigate others to do something that was impossible? What was the difference between this and seeking death?

The two of them were so depressed that they almost went crazy. Who knew that Shi Cang would continue,""Of course, there's still a certain level of difficulty in snatching it from you. With your current strength, it's like throwing meat buns at a dog, or sending flower fertilizer to that killjoy bitch. So, you can give up on this suggestion."

He knew that they couldn't complete it, but he still told them? When the two of them heard this, they really wanted to buy a piece of tofu and knock their heads to death. How could he play with people like this?

However, Li Jing seemed to have picked up on something from the kitten's words, so he humbly asked,""I wonder if senior has a better idea?"

"There are!" Azure nodded. This was the reason why he had said so much nonsense.

"What is it?" Li Jing was a little impatient.

"You can buy flower petals from me." Azure had a kind expression.

"Uh! Does senior have it?" Li Jing could not believe it.

"Yes, as many as you want!" Azure laughed complacently. The last time fog had fled in a sorry state, it had left behind a lot of flower petal fragments. Any one of them was enough to detoxify them.

"Then can you sell us a piece?" Li Jing asked carefully.

"Sure." Azure nodded. If it wasn't for sale, why did it make so many preparations? Do you have nothing to do?

"May I know how much it costs?" Li Jing asked the most important question, and he knew that this was probably the cat's real purpose!

Just as Li Jing held his breath and waited for the cat to make a big demand, Cang suddenly waved a paw.

Li Jing and the Alliance master blinked. What was the meaning of this? The two of them didn't understand. Moreover, this number was not easy to guess!

It could be ten thousand, a hundred thousand, or even a million. More importantly, they didn't know what the little cat wanted.

"You want Jingshi?" Li Jing asked.

"Yes." Azure smiled and nodded.

"100000 top-grade crystals?" Li Jing didn't dare to say that it was too low, much less too high. He only said a medium price that he and the Alliance master could happily accept. Of course, it wasn't that they didn't value their lives, but they had just started to bargain! He had to leave some room.

Azure shook his head.

"A million top-grade crystals?" The Alliance master gritted his teeth.

Azure shook his head again.

"Ten million top-grade crystals?" The Alliance master's face turned white, and he wanted to cry but had no tears in his heart. Wuu ... He knew that the other party would not sell the flower petals for such a cheap price.

Azure still shook his head.

"It can't be 100 million top-grade crystals, right?" Li Jing's face was deathly pale. Although he had a good relationship with Leng ruoxue and the others, 100 million top-grade crystals was truly too much. He was afraid that after buying that petal, their ascender Alliance would go bankrupt.

However, if it was compared to their lives and the Alliance master's, they would have to pay even if they had to sell everything they had, let alone 100 million!

However, who knew that after Li Jing said 100 million, Cang still shook his head. Then, Li Jing offered another billion, but Cang still didn't agree. In the end, when the price dropped to ten billion, Li Jing and the Alliance master's emotions could no longer be described as fear.

Alright! Their lives were priceless! No amount of money could buy it. This time, they had a deep experience!

### [Chapter 2697 Coal In The Snow?\(3\)](#)

But even so, Cang was still not satisfied.

Li Jing and the Alliance master were in tears.

This was the rhythm of wanting them to die!

"Senior, we really can't guess how much you want to sell the petals of rime ice for. Can you give us a number? Don't make us guess." Li Jing pleaded pitifully. This was definitely testing the endurance of their hearts, wasn't it?

"A top-grade crystal!" Cang said with a look of disdain. These two idiots, why didn't they know to start from the same beginning!

When the two of them heard the price, they collapsed to the ground in an exaggerated manner. The others were also dumbfounded, not understanding why the situation had suddenly become so dramatic.

A top-grade crystal! Weren't God Lord mist Ripple's flower petals a little too worthless?

Everyone was extremely frightened!

"What, you want it?" Seeing everyone's fearful faces, Cang's mood was great.

"You, you're really only selling it for one top-grade crystal?" Li Jing's heart was beating wildly, and he could not believe what he had just heard.

"Of course, it's already good enough for that piece of crap to be worth one top-grade crystal. If it wasn't for the fact that I didn't want to sell it at a low price and didn't want to give it to you for free, I would've only wanted one low-grade crystal! But! I also have to think about your status, you are the ascender General Union's chief and Vice Chief, so the things I sell must be in line with your status, don't you think so?" Azure said with an expression that said 'I'm doing this for your own good'. However, his words not only slapped fog in the face, but also caused Li Jing and the Alliance master to be implicated.

Li Jing and the Alliance master were even more depressed. It seemed that in this cat's heart, their identities were only worth one top-grade crystal? Sob ... This was too much of a blow. However, they knew that if Wu Chen knew about this, she would be even more depressed than they were!

And Cang was indeed deliberately trying to mock fog, who let that woman bully his girl! It couldn't kill the woman easily, but couldn't it find trouble for her?

Just like that, the two sides came to an agreement. In the end, Li Jing and the Alliance master each bought a petal fragment at the price of two top-grade crystals.

After the transaction was completed, Cang you kindly told the two that it was best to immediately refine the flower petals into pills, otherwise there might be trouble.

When the two heard this, they immediately became nervous.

What should he do? Under such conditions, where were they supposed to find an Alchemist?

All of a sudden, an idea came to Li Jing's mind. He looked at Leng ruoxue with a burning gaze. "Xue 'er, you're an Alchemist, right?"

"Yeah, but I don't have a certificate!" Leng ruoxue nodded.

"Uh! It's fine. " The Alliance master said nonchalantly. At this time, he couldn't care so much. The most important thing was to refine the flower petals into medicinal pills and detoxify their poison.

"But my price is very expensive. Are you sure you want to find me to refine pills?" Leng ruoxue blinked her beautiful eyes and kindly reminded him.

"How expensive is it?" The Alliance master couldn't help but ask.

"In order to refine your detoxification dan, in addition to the petals of miasma, you will also need a lot of ordinary herbs. What if I provide the ordinary herbs? When you leave this place, you will have to pay me ten times the reward or the herbs of the same value. If you provide the herbs yourself, you will only have to pay three times the amount of the herbs required for alchemy. You can decide for yourself!" Leng ruoxue gave him two options.

When the Alliance master heard this, he was immediately conflicted.

The price was indeed extraordinarily high! However, he could clearly feel that the flower petal in his hand was getting restless and restless, so immediately refining the flower petal into a pill was the right choice.

After thinking it through, the Alliance master no longer hesitated and directly expressed that he was willing to pay ten times the reward. He also hoped that Leng ruoxue would be able to refine the antidote for them as soon as possible.

"Don't worry, it'll only take a few minutes." Leng ruoxue was very satisfied with the other party's attitude. She then took out a small and exquisite pill furnace and laid out all sorts of medicinal herbs. The types and dosage were all clearly marked out. She was honest with everyone.

After letting the Alliance master see it clearly, Leng ruoxue's hands moved quickly. Lighting the fire, putting in the herbs, and so on, the entire set of movements was as smooth as floating clouds and flowing water, dazzling the eyes of the people present, and making them unable to catch their eyes.

In a moment, the pill was freshly made!

When Li Jing and the Alliance master received the two blood-red pills, they were so excited that tears filled their eyes. They had been sulking for several days, and now they could finally recover their divine power.

Without any hesitation, they swallowed the pill. Immediately after, the two of them clearly felt a hot and warm current flowing through their dantian, making them extremely comfortable.

Then, the two of them tested their divine power, and sure enough, they had all recovered.

"Young miss Leng, many thanks for the pill you refined." In his excitement, the Alliance master did not forget to thank Leng ruoxue.

"Don't worry, you've already paid!" Leng ruoxue replied indifferently.

Alright! The Alliance master could feel that although this little girl had refined pills for them, she was still angry. She was probably still angry about what had happened!

Al! The Alliance master was in a dilemma. However, after witnessing Leng ruoxue's alchemy skills, it strengthened his determination to befriend her. He was just not sure if she would give them this opportunity!

After thinking for a while, the Alliance master asked, "Miss Leng, can you tell us why you were caught?"

Everyone present wanted to know about this. Hence, the moment the Alliance master spoke, everyone immediately turned their attention to Leng ruoxue.

Leng ruoxue blinked her eyes and said innocently, "I don't know either. I originally invited the second and fifth Alliance Masters to come to the ascender Alliance to cause trouble. I don't know how, but your family's fifth elder misunderstood and thought that I had been captured by the second and fifth Alliance Masters and sent to him. So, he locked me up!"

Her words were very casual, but the people who heard it were all drenched in cold sweat.

Al! They knew that the fifth elder's brain wasn't working well. Otherwise, why would he make such a low-level mistake? However, it was also fortunate that the fifth elder was extremely stupid, which gave them a chance to be saved.

Wait, something doesn't seem right!

The great elder, who clearly felt that they had overlooked something, thought carefully and couldn't help but ask, ""When you were captured by the fifth elder, you didn't resist?"

"Why should I resist? They have a lot of people, I need to be more practical. " Leng ruoxue said matter-of-factly.

Hearing what she said, everyone present felt their balls hurt again!

Practical knowledge? Was there such a practical person? This bastard clearly wanted to see the world in chaos, alright?

At this moment, no matter how stupid the crowd was, they could tell that Leng ruoxue had definitely been captured on purpose. The poor fifth elder was still daydreaming!

Al! The crowd started to sympathize with the fifth elder.

"Then what's going on with the second and fifth Alliance Masters?" After sighing and sympathizing for a while, the great elder asked again.

"I'm here to cause trouble, so of course I have to find someone who knows the way. They are the guides I found for myself. Besides, they know that you're in trouble and want to save you, so they're very cooperative with me." Leng ruoxue put in a few good words for Alliance master two and Alliance master five. After all, those two were half her people! As the saying goes, it's good to have acquaintances. Of course, she was not willing to let others take advantage of such a great benefit.

"The ascender Alliance still has some loyal members! Good! Very good!" Sure enough, the general master was very satisfied after hearing this, and his impression of the second and fifth Masters improved a lot.

One must know that he was originally against promoting the current second alliance master to the position. However, with many elders speaking up for him, he had no choice but to agree. Where's the five Alliance Masters? He was also a mediocre person who had never had any outstanding performance, but now it seemed that those two people were also hiding their true strength! At the very least, he had to be absolutely loyal to them, which was much more important than strength. After all, one's strength could be slowly improved, but loyalty was quite rare. Especially at this time, the other party did not hit them when they were down and even wanted to save them. What a rare and valuable quality!

The Alliance master decided that he would reward the two of them handsomely after he dealt with the fifth elder and the other traitors!

Leng ruoxue wasn't interested in his thoughts, and she didn't want to know either. However, the Alliance Master's words made her speechless. Wasn't this fellow too easy to coax? She had only said a few good words, and she was so sure that he was loyal?

Alright! She would just take it as the other party being loyal. In any case, this was also a fact that she wanted to create. However, she couldn't help but complain. It really wasn't easy for the ascender Alliance to develop to its current scale with such a soft-hearted chief.

Leng ruoxue laughed for a while before she said seriously, "Since you're all fine, can you leave now?"

"Sure!" The Alliance master nodded his head in a daze. These words made him even more certain that Leng ruoxue had come specially to save them. Instantly, he was moved beyond words.

What a good man! He actually came all the way here to save them. If it wasn't for the inappropriate occasion, he really wanted to cry out loud. He didn't expect that when they were in trouble, the one who came to save them was actually his enemy in name.

Although this fact would make people feel a little depressed, who could say that this wasn't sending coal in the snow?

At this moment, not only did the Alliance master think so, but the first elder and the others also realized that he was here to do good!

What a noble sentiment this was! He was definitely worthy of their commendation. Of course, he had to wait until he left this place and dealt with the traitors.

After reinvigorated themselves, under the leadership of the Alliance master, the ascender Alliance's people stepped out of the prison door with their heads held high and were ready to fight!

They had been too aggrieved when they were captured previously. This time, they had to avenge their humiliation no matter what!

Leng ruoxue carried Cang and walked with Li Jing at the back of the group.

"Xue 'er, thank you for coming to save us." Li Jing expressed his thanks via voice transmission.

"You're welcome. I'm here to see you for the sake of my godbrothers. Oh right, remember to pay me after you're done!" Leng ruoxue said calmly.

Li Jing was speechless again. Was this girl so into money? However, after thinking about it carefully, they really didn't have the obligation to save them. Sigh! He was completely taking advantage of his descendants!

### [Chapter 2698 I'm Human \(1\)](#)

Li Jing's feelings were extremely complicated, but Leng ruoxue had no interest in caring about his feelings. After following the large group out of the prison, she saw that the Alliance master and the rest had already subdued the guards and were preparing to find the traitor, fifth elder, to settle the score.

Seeing that Leng ruoxue had been released from prison, the Alliance master nodded at her and led the elders to the fifth elder's residence.

At the same time, Alliance master five, who had just returned to Alliance five, and Alliance master two, who had shamelessly gone to visit them, had also received Leng ruoxue's notice and rushed over to perform.

When they arrived at the fifth elder's residence, the crowd first cleaned up the guards in the courtyard and then directly blocked the fifth elder in his room.

At this moment, the fifth elder was preparing to take off his clothes and take a nap. This was because he had to celebrate with the other elders later on for capturing Leng ruoxue, the biggest threat to them.

When the general Alliance master led the group into his room, he happened to take off half of his clothes. Then, both parties were stunned.

The Alliance master and the others didn't expect that their enemy would meet in such a situation. The other party was actually preparing to sleep. The hand that was taking off his clothes immediately froze when he saw them. His eyes were even wide open. It was obvious that the other party was too surprised by their sudden appearance.

In fact, the word 'surprised' was not enough to describe fifth elder's current mood.

Shock! It was an absolute shock, wasn't it?

Who wouldn't feel guilty and afraid when they saw the former leader they had harmed suddenly appear? Especially at such a relaxed time, it was even more unbearable for such a thing to happen.

After being stunned for a long while, the fifth elder stammered,"

She heard the fifth elder say,"why are you here?" The Alliance master sneered and said with a faint smile,"Shouldn't the fifth elder ask us how you got out of prison?"

"Uh! How did you guys get out?" The fifth elder obediently added. In fact, he had said this out of habit. He was used to being a Lackey. When he heard the leader's intentions, he would always unconsciously want to satisfy it. He was still not used to showing off in front of the Alliance master, and he even felt scared when he saw the Alliance master.

"I should be the one who let them out!" Leng ruoxue chimed in with a smile.

When fifth elder heard this, he was instantly enraged and directed all his anger towards Leng ruoxue,"damn it! How could you do that? Don't you know that you're also my prisoner?"

"So what if I know? Do you think that the ascender General Union's prison can hold me?" Leng ruoxue said disapprovingly.

"Don 't, don't be too proud! The people of the God lord's estate are still in our ascender Alliance! They won't let you off!" The fifth elder's face was red with anger as he threatened.

"Just as well, I didn't plan on letting them go." Leng ruoxue smiled lightly, causing the fifth elder's anger to rise.

"And you!" Azure added indifferently. Then, he stretched out his furry little claws and caught the fifth elder, who was jumping up and down, in his claws. He directly carried him over.

"W-what do you want to do?" The fifth elder, who was being held up like a little chick, asked in horror. Damn it! The other party's claws were so sharp, he better not cut his skin!

Who knew that just as the fifth elder thought of this, Cang's claw would slash across the fifth elder's chubby face, leaving behind a claw mark that was neither deep nor shallow.

"Now you know what I want to do?" Cang asked with a smile after doing something bad.

"You, you're too despicable. I won't let you off!" The fifth elder was so angry that blood was rushing to his head. His face had turned purple and his eyes were so wide that they almost popped out.

However, Cang didn't care about the fifth elder's words at all. Instead, he continued to smile evilly, ""Old man, what do you want to do to me? Oh! I don't want to let you go either. Tell me, who will be the final winner between the two of us?"

Cang's curious expression made the Alliance master and the others speechless. They couldn't help but break out in a cold sweat for the fifth elder. Looking at the situation, they would not be able to get a share of the fifth elder.

In fact, if it was possible, they still hoped to get rid of the fifth elder internally. However, when they saw the kitten in front of them acting as if the fifth elder was already in its grasp, none of them dared to snatch the food from it. After thinking this through, the Alliance master and the others turned around almost at the same time, not looking at the fifth elder who was pleading for help with his eyes.

For an ingrate, any outcome would be self-inflicted!

The Alliance master and the others decided to ignore the fifth elder. Seeing this, the fifth elder couldn't help but curse in his heart.

F \* ck! This was really disloyal. They were all members of the ascender Alliance. How could they allow a cat to bully their own family on their own territory? Too much! This is too much!

At this moment, the fifth elder had already forgotten how he had treated the Alliance master and the others. When it came to betraying others, if he claimed to be second, no one would dare to claim to be first. However, some people were like this. They had completely different expectations for themselves and others. What he did was natural and right, and if others did the same, they would be guilty of unforgivable crimes!

At this moment, the fifth elder's heart was filled with extreme hatred. However, facing the little kitten that had grabbed him, he felt an inexplicable fear in his heart. This was rather inconceivable. However, he didn't have the chance to think about it. Cang's claws scratched his face again, causing him to cry out in pain. He glared at Cang with fire in his eyes.

Unfortunately, Cang didn't care about the other party's reaction at all and suggested to Leng ruoxue with a smirk, "girl, I remember that you have to raise your beast taming level, right? Let's see how he is? Can I make up for your number?"

Hearing this, Leng ruoxue's face darkened.

This was a human, not a beast, alright?

"You bastard! I'm a human!" Seeing this, the fifth elder also roared in anger.

"In my heart, there's no difference whether you're a human or a beast. You can be tamed anyway." Azure said with an unconcerned smile.

The fifth elder was so angry that he almost vomited blood. He immediately started to resist.

However, no matter how he struggled, he couldn't break free from Cang's grip. This fact made the fifth elder extremely depressed.

How did this happen? How did this happen?

The fifth elder was filled with grief and indignation. He wanted to launch a sneak attack, but before he could finish brewing, he felt a pain in his wrist. A burning sensation spread to the bottom of his heart. The pain made his face pale and he was so afraid that he didn't dare to resist at all!

"Girl, quickly try it. This old fellow isn't very obedient and always wants to do some small tricks!" After teaching fifth elder a small lesson, Cang started to persuade Leng ruoxue.

Helpless, Leng ruoxue could only bite the bullet and try out her beast taming technique on fifth elder. After trying it out, she was surprised to find that it seemed to work!

### [Chapter 2699 I'm Human \(2\)](#)

It was too magical!

Leng ruoxue looked at Cang in shock, not knowing what to say. When Cang Yi saw Leng ruoxue's expression and the fifth elder's sudden silence, he knew that he had succeeded!

Cang chuckled, feeling very proud. It had said that this old fellow could make up the numbers! As expected, he didn't let it down!

"Girl, in the future, if our enemies are obedient, we won't kill them first. We'll use them to upgrade your beast taming technique, how about it?" Azure suggested again.

Leng ruoxue nodded. She was just thinking about where to find so many beasts to tame! Now that she had enemies to make up the numbers, she could save a lot of trouble. Who asked her to have so many enemies!

After the experiment was successful, she felt that Azure's suggestion was good. This way, she could upgrade her beast taming technique.

However, the conversation between the two of them made the Alliance master and the others break out in cold sweat. Using the beast taming technique on a human ...

It's so scary, isn't it? It was truly unfortunate to become Leng ruoxue's enemy! It was one thing to be tamed, but to be tamed using a beast taming technique, how much of a blow to one's self-esteem would that be! However, it seemed like he didn't need to care about the enemy's self-esteem. After all, enemies were meant to be abused!

The Alliance master and the others couldn't help but shiver at the thought of it. That was close. They had almost become Leng ruoxue's enemies, but now, their relationship didn't seem to be that of friends!

This would not do. After the internal conflict in the ascender Alliance was resolved, he had to communicate with Leng ruoxue properly and build up their relationship. The Alliance master had made a decision in secret.

After that, the Alliance master said to Leng ruoxue, "Miss Leng, we'll go and deal with the internal strife first. What about you?"

What he wanted to ask was whether Leng ruoxue was going to follow them or if she had other plans.

"I'm going to find someone from the God lord's estate to get to know them and catch up. " Leng ruoxue said after some thought. For the ascender Alliance, she only needed the fifth elder. Who asked the fifth elder to lock her up in a cell?

As for the others, she didn't care, but she didn't want to let anyone from the Divine Master's estate go.

When the Alliance master heard this, he immediately understood Leng ruoxue's intentions and tactfully said, ""Then we'll split into two groups and act separately."

"Yes, little five can lead the way for me. You guys go ahead and do your own things." Leng ruoxue nodded in satisfaction. The 'little five' that she was referring to was naturally the fifth elder.

Xiaowu, who was called out, nodded her head foolishly, ""I'll lead the way!"

Seeing this scene, the Alliance master and the others couldn't help but twitch their lips! She was really obedient!

After watching Leng ruoxue and Cang leave under fifth elder's guidance, the general Alliance master led the group to find the other members of the ascender Alliance.

With the fifth elder leading the way, Leng ruoxue and Cang found the whereabouts of the people from the God lord's estate without much effort. The fifth elder had arranged for them to stay in the best guest courtyard in the ascender general Alliance. At this moment, those people were in a deep sleep. Leng ruoxue and Cang Du had arrived in front of them, but they still did not know. Their snores were loud, and they had no intention of waking up.

Seeing this, Leng ruoxue didn't waste any words and immediately threw several large water balls at these people. In an instant, the ice-cold water balls woke everyone up.

When everyone in the God Lord's Manor woke up, they were still a little dazed. Then, they looked around and realized that they were sleeping on the ground in the courtyard. He wasn't the only one in the surroundings. Almost all of them had been gathered together.

What was going on? Was he sleepwalking? It even rained?

The crowd was puzzled and looked at each other in a daze. No one noticed Leng ruoxue's presence. In reality, they were in the courtyard because Leng ruoxue had instructed fifth elder to move them out of their rooms so that it would be more convenient for her to wake them up.

She deliberately cleared her throat a few times and decided to increase her presence. At this time, everyone was shocked to realize that there were other people here besides them!

Turning their heads to look at the source of the voice, everyone in the God lord's estate turned pale and panicked. Their minds instantly sobered up!

L-why is Leng ruoxue here? When did she arrive?

"W-why are you here?" The God lord's estate's representative's face alternated between green and white as he asked in fear. Even though he dared to show off in front of the fifth elder, he did not even dare to speak loudly in front of Leng ruoxue! Because this woman was too terrifying!

"I can't be here? What if I say that I'm only here because of you? Don't you feel honored?" Leng ruoxue was all smiles as she asked in an unusually gentle manner.

However, when the representative of the God lord's estate heard this, it was as if the end of the world had arrived. He had come here for them? Didn't that mean he was here to find trouble with them?

Thinking of this, the God lord's estate representative became even more afraid. He trembled and said, "L-Leng ruoxue, we didn't offend you! Why are you here?" The representative of the God lord's estate said carefully, but he wanted to cry in his heart. This fiend was not to be trifled with!

"Didn't you want to subdue the ascender Alliance? You've already offended me!" Leng ruoxue said indifferently.

"Hehe! The ascender Alliance has nothing to do with you. The God lord's estate is well aware of this. " After calming himself down, the representative of the God lord's estate could not help but remind him. In other words, he was telling him not to meddle in other people's business.

"They have nothing to do with me. However, after you have subdued the ascender Alliance, they have a relationship with me, don't you think so?" Leng ruoxue's smile was extremely charming. However, this smile was terrifying in the hearts of the Divine Master's estate representatives!

However, the representative of the God Lord's Manor still pretended to be confused and said, "I ... I don't understand what you mean."

"You don't understand? Do you need me to make myself clear?" Leng ruoxue squinted her beautiful eyes and asked in a dangerous tone.

"No, no need!" The God lord's estate's representative immediately said.

"Since I don't need to say it, let's solve the problem between us now! Are you going to surrender or do you want me to do it?" Leng ruoxue acknowledged her kindness, so she gave them two choices. Of course, personally speaking, she still hoped that these people would surrender on their own. That way, she would be able to save herself a lot of trouble.

However, it was obvious that the representative of the Divine Master's estate did not have such a high level of awareness. After hearing Leng ruoxue's words, he continued to smile shamelessly, "Leng ruoxue, let's talk this out. Why are you fighting and killing?"

"If we don't fight, how can we solve the problem?" Leng ruoxue deliberately sighed and put on a helpless expression.

"That ... Can we leave this place immediately?" The God Lord Manor's representative didn't want to go head to head with Leng ruoxue. This woman wasn't even afraid of the God Lord, so how could he be a match for her?

"Of course not! I didn't ask you to leave, so how can you leave?" Leng ruoxue chuckled lightly.

"Either die, stay, or surrender. Live and stay, your choice." Azure added.

Both paths had to be left behind, but the methods were different. Unfortunately, he didn't want to choose any of the representatives of the God lord's estate. He didn't want to die, and he didn't want to stay either. Because he knew that neither result would be good.

### [Chapter 2700 I'm A Human!\(3\)](#)

After thinking for a long time, the representative of the God lord's estate finally made up his mind and said fiercely, ""Hmph! Leng ruoxue, don't think that I'm afraid of you just because I'm giving you face! You're alone, right? There are so many of us here, do you think you can keep us here?"

"You can try!" Leng ruoxue said calmly.

When the other party saw that Leng ruoxue did not deny that she was the only one on their side, he felt at ease. He even held his head high and laughed out loud, ""Leng ruoxue, you're alone and you still dare to boast so shamelessly? I really don't know where you get your confidence from!"

When the others heard this, they also laughed wildly in cooperation.

"Who said that it's only for miss Leng!" At this moment, an angry roar was heard. Then, the second and fifth Masters appeared in the guest house with their subordinates.

Following closely behind them were the Alliance master and the others, who had quickly dealt with the traitors and rushed over to make up the numbers.

Seeing that Leng ruoxue's side had suddenly gained many reinforcements, the God Lord Manor's representative was not afraid. Instead, he looked at the Alliance master and Li Jing with even more disdain and laughed, ""Even a defeated opponent dares to come and court death!"

"Dammit! If it wasn't for you, we wouldn't have been captured!" The Alliance master immediately roared in anger.

"All is fair in war, haven't you heard of it? Who told you to be so careless!" The God lord's estate's representative said shamelessly.

"That's reasonable, all's fair in war!" Leng ruoxue agreed.

Hearing this, the representative of the God lord's estate became more and more proud. He couldn't help but show off to the Alliance master and the others. Even Leng ruoxue feels that you guys are too useless!"

"Miss Leng, can you let me deal with this person?" The Alliance master ignored the representative from the God lord's estate and spoke to Leng ruoxue instead.

"Yes." Leng ruoxue nodded. She knew that the Alliance master wanted to take revenge, so she couldn't stop him. She simply took a step back and watched the show from the side.

Then, the Alliance master took a big step forward and stood face to face with the representative of the God lord's estate.

As soon as the two of them met, the chief immediately attacked. Countless light blue water-attribute divine power was released from his hand, which instantly turned into sharp water blades that shot toward the God Lord estate representatives.

The God lord's estate's representative couldn't help but exclaim in surprise, "You've actually recovered your divine power!"

However, he didn't panic. He also raised his hand and threw a small handful of colorless and transparent powder into the air.

This time, the Alliance master was mentally prepared. The moment the other party moved, he quickly covered his mouth and nose.

Seeing this, the representative of the God lord's estate snorted and said, "You think you'll be fine if you cover your nose and mouth?"

Hearing this, the Alliance master's eyes widened. What did this mean?

He didn't need to think about it himself. The representative of the God Lord's Manor then asked, "I'm telling you, it's useless. You're dead today!"

"Is that so?" Just as the Alliance master was bewildered, Azure asked with a faint smile.

"Of course!" The God lord's estate's representative thought that it was the Alliance master who had said this, so he replied with great pride. However, he soon realized that the one who interrupted him was the little kitten that he had ignored all this time!

"I don't believe it!" Azure said as if the other party was a big liar.

"Damned animal! You shut up, you have no right to speak here!" The God lord's estate's representative turned to shout at Cang hou. He had wanted to scold the silly cat when it interrupted him earlier, but he didn't have the time to do so. Now that he had the opportunity, how could he not retaliate? Wouldn't he be looked down upon by a cat?

Who knew that as soon as he said this, Azure's body immediately emitted an endless cold pressure and roared, "You bastard! You're the animal! Your whole family is a bunch of animals!"

Azure didn't feel that it could vent its anger just by roaring. After it finished scolding, it quickly jumped out of Leng ruoxue's arms and dashed towards the representative of the Divine Master's estate at lightning speed.

Everyone could only see a white beam of light dancing in the air, followed by tragic screams, each more tragic than the last ...

A moment later, the White beam of light returned to Leng ruoxue's arms, returning to its image of an obedient little kitten. At the same time, the representative from the house of gods was covered in claw marks. Blood was dripping down from his wounds, and his clothes were like torn cloth, hanging on his body on the verge of collapse.

He only stood in front of everyone for a few seconds before he fell to the ground and passed out.

Tragic! How tragic!

The onlookers only felt their scalps go numb and fear rose in their hearts. This little cat was really too ruthless! It had not even been a minute, and he had already scratched him to this extent. How much hatred did he have for her?

The ascender Alliance couldn't imagine it, but at the same time, they were glad that they weren't its enemy. Otherwise, they might have been the ones lying on the ground.

However, the people from the God Lord's Manor could not be as calm as them. Seeing that the person in charge was unconscious and his life or death was unknown, they were all afraid without a leader. All of them looked at a loss.

What should they do? Should they resist or surrender? This was the only thought on the side of the divine lord's estate.

"Do you want to die?" Seeing that they were wavering, Azure's eyes widened and he shouted.

"No, I don't want to die!" Some people couldn't take the shock and knelt down to beg for mercy.

"Surrender if you don't want to die. I'll only give you one minute to decide. After one minute, those who don't surrender will all die!" Cang threatened.

This time, the people from the God lord's estate were completely flustered. The less courageous ones felt their legs go soft, and the hesitant ones surrendered under Cang's intimidating gaze.

Such a scene caused the ascender Alliance to sigh endlessly. This was the difference in strength! Although the kitten had only shown a little bit of strength, it was enough to make people feel fear.

Just like that, with Cang's help, Leng ruoxue took care of the people from the Divine Master's residence without even making a move. Although she had thought of making these people surrender, she felt that she had no sense of accomplishment if they really surrendered. This contradictory mood made her quite conflicted.

"Girl, you don't need to do anything to those small fries. I'll give them to you when there's a big shark. Calm down, there'll be a chance!"

A big shark? After Leng ruoxue heard this consolation, she was speechless. She couldn't help but wonder if the 'big shark' that Cang was referring to was the fog Phoenix! Ugh! The fish was a Little Big, and she couldn't catch it yet.

In fact, other than Leng ruoxue who was feeling a little depressed, the ascender Alliance's Alliance master was also feeling depressed. This was because the Divine Master's estate's representative had originally been given to him by Leng ruoxue, but it had been snatched away by Cang. Moreover, Cang had not even been there for a minute and had directly knocked a certain representative unconscious. This was extremely embarrassing for a dignified Supreme God like him!

However, since things had come to this, he could only do this! After that, the Alliance master quickly adjusted his state of mind and kindly told Leng ruoxue and Cang that he would be preparing a grand celebration party later and invited them to join.

The man and the cat both smiled without saying a word. The Alliance master thought that they had agreed. However, when they were ready to invite the person, the ascender Alliance suddenly realized that the person had quietly slipped away.

Before he left, he only left behind a letter, which read 'to the Alliance master!'

After opening the letter, the Alliance master's face was like a color palette, white, red, green, green, and black. His expression was changing unpredictably, and his expression was particularly conflicted.

Li Jing and the other elders did not understand what was going on, but when they took the letter and read it, they were all at a loss.

There was only one sentence written in the letter, "please prepare the reward and send it to Demon City. The deadline is one month. If you are late, you will be charged a late payment fee!" There were a few small categories, such as the cost of alchemy and saving people.

Although the Alliance master and the rest did not understand what she meant by delayed payment of gold, they knew that it was definitely not something good! Hence, without further ado, the ascender Alliance, from the Alliance master to the elders and sub-Alliance Masters, all took action quickly to raise funds for Leng ruoxue.

It was a good thing that the ascender Alliance was a big organization and Leng ruoxue did not ask for too much. Hence, the reward was prepared very quickly. The Alliance master and Li Jing followed their original plan and decided to head to the land of demons personally.

A week later.

The Alliance master and Li Jing finally arrived at the land of demons.

However, when they arrived at the devil's Land, the two of them found out that Leng ruoxue and the little kitten had not returned at all.

This result stunned the two of them.

Uncle long and the others also asked in confusion, ""Since the matter of the ascender Alliance has been resolved, why didn't Xue 'er come back with you? She didn't say where she went?"

"She only left a letter and left without saying goodbye." The Alliance master said the truth, but he couldn't help but think, 'your people, you ask me, but who should I ask?

"Damn it, where did this girl go? It's really worrying!" When master ning heard that Xue 'er's whereabouts were unknown, he immediately became angry.

However, when the Alliance master heard this, he couldn't help but Mutter in his heart, worried? They shouldn't be worried about Leng ruoxue, but the people she might cause trouble for, right? However, of course, he didn't dare to say this out loud. After all, he was in someone else's territory. How could he say bad things about his master? Furthermore, they were indebted to Leng ruoxue. Therefore, when he heard master ning's words, he could only pretend to be invisible and refuse to express his opinion.

The master of the ning family only said that he was worried, but he was actually complaining in his heart. Because Xue 'er didn't say anything to them, they were letting their thoughts run Wild at Home!

That detestable girl! She had to teach her a lesson when she came back! Let her go missing for no reason! Why didn't you think of your Godfather when there was something fun? What a heartless little girl!

Master ning was grumbling in his heart, but Leng ruoxue, who was thousands of miles away, was sneezing non-stop. She knew that her family was nagging at her, but she had no choice! She had been completely kidnapped by Cang ...
