

Crazy Wife 2711

[Chapter 2711 Heroes Among Women \(2\)](#)

"If that's the case, I promise I can do it!" Miao Jie's confidence was greatly boosted.

"Yes, although I believe in your integrity, it's better for you to make an oath." Leng ruoxue suggested calmly.

"Uh! You still need to swear?" Miao Jie was surprised. Leng ruoxue did not believe him either! However, the two sides were enemies, so it seemed natural that she didn't believe him.

Without waiting for Leng ruoxue's explanation, Miao Jie started to fill in the gaps.

Seeing Leng ruoxue nod her head, even though he was unwilling, he still followed her instructions and made an oath. After the contract's rules confirmed it, the deal of help between the two of them was officially established!

After finishing this step, Miao Jie began to urge Leng ruoxue to help him find a way to deal with the tigress at home as soon as possible.

Leng ruoxue nodded calmly and asked Miao Jie about the habits of the Tigers in his family. When Miao Jie heard Leng ruoxue's question, he naturally did not say anything and did not hold back. He explained everything in detail, and the only thing he was short of explaining was the color of his wife's undergarments!

Just as Miao Jie was talking so much that Leng ruoxue could not stop him, a furious roar suddenly came from outside the door,""Miao Jie, you're good. Even in this state, you still don't forget to hook up with little girls. I think you're really tired of living!"

As soon as he finished speaking, a tall, burly, and rough-looking woman broke into the room. She was carrying a shoulder pole as thick as an adult's arm. Without saying a word, she smashed it towards Miao Jie's head.

Leng ruoxue barely dodged this attack. As she watched the shoulder pole smashing towards Miao Jie, she couldn't help but break out in a cold sweat for him.

Ruthless! How ruthless! One look at this heroine and one could tell that she was a strong man with infinite strength. She wondered if Miao Jie's small body could take the blow with the carrying pole!

However, just as Leng ruoxue thought that the pole was going to hit Miao Jie's head, it suddenly changed direction and hit the place where Miao Jie had the most flesh on his body. In an instant, a ghostly cry and Wolf's howl could be heard ...

"Pa! Pa! Pa!" After a few hits, Miao Jie was knocked out.

At this moment, the intrepid woman stopped and turned to look at Leng ruoxue. She was even sizing her up.

The woman stared at Leng ruoxue for a long time, causing Leng ruoxue's heart to be in turmoil. Just as Leng ruoxue was afraid that the woman would lose her cool and give her a few shoulder poles, the woman suddenly spoke, "You look familiar. Do I know you?"

"I don't think so!" Leng ruoxue could not help but wipe away the cold sweat on her forehead. This woman's personality was just as she had portrayed herself to be—straightforward and straightforward!

"But you really do look very familiar!" The woman you did not give up.

"Uh! We're meeting for the first time today." Leng ruoxue reminded.

"I know! I just thought you looked familiar! He didn't say he had seen you." The woman seemed to be talking to herself.

Leng ruoxue was speechless. She had misunderstood!

Following that, Leng ruoxue heard the woman say, "Al! Why would a woman make things difficult for another woman? Although I don't know why you're here, don't worry, I won't hit you. Even if I have to deal with someone, it'll be my man!"

"Thank you for being so understanding." Leng ruoxue's mouth twitched as she replied.

"You're welcome. I just feel that you shouldn't be interested in my man! He's short, ugly, and as timid as a mouse. There are many men in the divine realm who are stronger than him. How could a beauty like you be interested in him, right?" The woman continued.

Leng ruoxue didn't know how to respond to his words. She felt that this woman was very smart. On the surface, she had elevated what seemed to be her love rival and ridiculed her own man. However, in reality, her method of doing things without shedding blood had indeed caused many proud women to retreat.

As for those who couldn't be returned, they were naturally those who couldn't be shown in public. At that time, this woman could do whatever she wanted!

The woman in front of him could be said to be meticulous even in her rough ways. No wonder Miao Jie, the president of the mission headquarters, was so easily controlled by her!

However, in order to reassure the lady, Leng ruoxue explained calmly, "I already have a fiancé."

"Oh! Hehe! Congratulations!" The woman was even happier when she heard that.

After she said that, she tried to probe Leng ruoxue's intention.

Leng ruoxue had no choice but to tell her about the deal she had made with Miao Jie.

When the woman heard this, she treated Leng ruoxue as one of her own and took it upon herself, "Miss, if you have any difficulties, just tell me directly. There's no need to look for him. I'll definitely help you solve it!"

This way, she could also prevent this beauty from coming into contact with her man.

"My difficulties ... I have to solve the problem between the two of you first before President Miao can help me deal with it!" Leng ruoxue reminded.

"No need to wait for him! Just tell me directly and I'll solve it! I guarantee you'll be satisfied!" The fierce-looking woman patted her chest and promised.

"Are you sure the people from the headquarters will listen to you?" Leng ruoxue pretended to be in disbelief as she widened her eyes and asked.

"I'm the president's wife of the headquarters of the missions Guild. How dare they disobey me? Hmph! Whoever doesn't listen to me will spread Pillow Talk to my man, and I guarantee that the other party will have to bear the consequences!" The woman said with confidence. Her man was henpecked, and this was not a big secret in the mission headquarters.

"If that's the case, I'll just tell you directly?" Leng ruoxue blinked her beautiful eyes and said with an innocent and uncertain expression.

"Yes, you can just tell me. In the future, if you have any problems, you can come to me directly. There's no need to look for this guy!" The woman reminded.

"But I haven't settled your problem yet!" After some thought, Leng ruoxue hesitated.

"What do we have to do? We're fine! You can see how close we are, right?" The woman asked, her eyes wide open.

Leng ruoxue took a look at the woman's rough appearance and then glanced at the unconscious Miao Jie. She could only brace herself and nod her head. This was probably the so-called 'beating is affection, scolding is love'!

This woman must be in love with Miao Jie! Leng ruoxue came to an important conclusion and then threw Miao Jie to the side. She smiled at the woman and said, "I want to put a bounty on a person, is that okay?"

"Who's the bounty? I'll give you a 20% discount!" The woman was very satisfied with Leng ruoxue's tactfulness, and her impression of her became even better.

"Thank you, sister. I want the reward to be fog ice!" Leng ruoxue said calmly.

"W-who do you want to put a bounty on?" The woman thought she had heard wrong, so she asked again.

"Wu Yan, I want to put a bounty on Wu Yan. Although I have put a bounty on her once in the divine realm, the effect didn't seem to be very good. Until now, I haven't heard of anyone successfully completing the mission. Therefore, I would like to officially issue a mission in the mission Guild to officially put a bounty on rime ice. At the same time, I want to let all the major powers in the divine realm know of my sincerity. I'm not going to be stingy with my reward!" Leng ruoxue explained with a serious expression.

[Chapter 2712 Heroes Among Women \(3\)](#)

"..." The woman didn't say a word for a long time after hearing this.

She was completely stunned! This little girl actually wanted to put a bounty on God Lord mist ripple? she was simply too bold, wasn't she? From what she knew, Leng ruoxue was the only one in the entire God World who had done such a thing.

Wait a minute! Leng ruoxue!

This young lady was Leng ruoxue?

The lady tried to hide her shock as she sized up Leng ruoxue again. Finally, she asked carefully, ""Y-you're Leng ruoxue?"

"Yup! Big sister finally recognized it!" Leng ruoxue smiled sweetly and nodded.

When the woman heard this, she was completely resentful! What did she do? He actually treated Leng ruoxue as a love rival! This really shouldn't have happened!

She was so regretful that her intestines turned green!

In the next second, the woman suddenly grabbed Leng ruoxue's Jade-like hand tightly and said agitatedly, ""My idol! I finally have the chance to see one alive today!"

"..." What's the situation?

Leng ruoxue was dumbfounded. This woman's performance was too frightening.

Normally, shouldn't she be regretful and fearful for recognizing him? How could he be so different? From what she said, she even saw him as an idol?

If these words were to be heard by Wu Xuan, Leng ruoxue was very curious as to what she would think.

But now, Leng ruoxue felt that it was more important to deal with this intrepid woman in front of her.

After half a minute of silence, Leng ruoxue could not help but remind him, ""Your man is the Guild Master of the headquarters of the missions Guild, and he's one of rime ICE's men. I have a deep hatred for rime ice, so it's not very good for you to worship me like this, right?"

"What's not good about it? Who can care about what I think! I'm telling you! Ever since I heard of your deeds, I've always yearned for you and have been friends with you for a long time. Now that I've suddenly seen you in person in front of me, ah ah ah ah ah! I'm so happy!" As the woman spoke, she even began to dance with joy.

Leng ruoxue broke out in a cold sweat. She was speechless and asked, ""Aren't you afraid that your words will reach the ears of the mist?"

"I'm not afraid. I've never been afraid of her!" The woman said disapprovingly.

"However, if you want to put a bounty on her in the headquarters, it seems a little troublesome." The woman then added.

Leng ruoxue nodded to show that she understood. In reality, the bounty on the miasma was just a temporary measure. She had long known that the mission headquarters would not issue such a bounty for her, so this was originally just an excuse. Subduing the mission headquarters was her real goal. But

now, when she saw the woman's sincerity and her expression of wanting to help her, she didn't know how to respond.

However, it was impossible for her to soften her heart and let go of the mission. After some thought, Leng ruoxue insisted, "I have to put a bounty on Rime at the headquarters, or no one will believe my sincerity."

"Uh! So it was like this! However, it's impossible for you to publish this mission in the headquarters. Why don't you ask the dark Clan?" The woman suggested after thinking for a while.

"Dark clan?" Leng ruoxue blinked her eyes. This wasn't the first time she had heard of this term. She had even seen people from the Dark Clan before. However, that was only on the divine mainland. She had never seen anyone from the Dark Clan in the divine world.

"The dark family is like an underground organization that specializes in doing some shady things. There won't be any problem if you leave this matter to them." The woman promised.

"I'm doing this in an open and aboveboard manner." Leng ruoxue couldn't help but remind the woman after hearing her words. This wasn't something shameful. She dared to provoke fog ice, so she wasn't afraid of being found out.

"I know! I know! What I mean is, as long as you can afford it, there's nothing dark family can't do!" The woman quickly changed her words.

"I still have to pay?" Leng ruoxue furrowed her brows, her expression conflicted.

"....."

"If you don't pay, they won't do anything for you!" After being speechless for a while, the woman said.

"By the way, didn't you just say that as long as you can afford it, there's nothing they can't do?" Leng ruoxue confirmed.

"Yes ..." The woman gritted her teeth. She didn't know why, but after saying a simple word, she suddenly felt like she had shot herself in the foot. And reality proved that her premonition was accurate.

After Leng ruoxue confirmed, she immediately replied in a light tone, "Then I'll pay for them to kill rime ice!"

"....."

They couldn't do this! Ancestor!

The woman burst into tears upon hearing this. She wanted to kneel down in front of Leng ruoxue.

"They can help you with anything other than this." After a long time, the woman finally came back to her senses and said with a bitter face.

"But this is the only thing I need them to do. I can solve the rest by myself." Leng ruoxue said with a face of dissatisfaction.

"Ancestor, they really can't do this!" The woman said helplessly.

"Then why did you say there's nothing they can't do? Wouldn't that be misleading the consumers? Is there any place to complain about them?" Leng ruoxue said in a serious tone.

Upon hearing this, the woman knelt down beside Leng ruoxue's feet with a thump. She hugged Leng ruoxue's leg and howled, "Ancestor, I said the wrong thing. Can you not be like this? Wuwu ..."

Seeing this, Leng ruoxue broke out in cold sweat.

Did it have to be so exaggerated? She had only found fault with her and made a small joke. How could this woman be so scared? A sin! I've sinned!

Leng ruoxue laughed in her heart, but she still put on an innocent face and said, "It seems that the so-called dark family doesn't have much work ability! Forget it, I'll just find the mission headquarters!"

"The mission headquarters won't be able to accept your mission." The woman's eyes were filled with tears as she spoke pitifully.

"Do you not want to answer, or can't?" Leng ruoxue asked seriously.

"Is there a difference?" The woman was speechless.

"Of course there is. If you don't want to answer it, it means you can answer it but you don't want to answer it. If you can't answer it, it means you can't answer it at all. Do you think there's a difference?" Leng ruoxue deliberately emphasized on her words, confusing the woman!

In the end, the woman gave up on arguing with Leng ruoxue and told her directly, "Your mission, the mission will always be something you don't want to accept, and you can't accept! Otherwise, whoever receives it will be in trouble. "

"I see! It seems like I can only use force!" Leng ruoxue nodded to show that she understood. This was exactly what she wanted!

"Who should I use force on?" At this moment, a voice interrupted their conversation.

When the woman saw that Miao Jie had woken up, she was about to flare up again. However, she suddenly remembered that Leng ruoxue was still around, so she quickly pulled Miao Jie into her arms. The man was hers, and she did not wish for her man to become an unlucky person for Leng ruoxue to vent her anger on.

Miao Jie grimaced in pain from her sudden pull, but he didn't dare to resist and let his wife hold him.

Seeing that Miao Jie had woken up, Leng ruoxue smiled and asked with concern, "You're awake? Does it still hurt? I was just talking about you with your Madam!"

"Is that so?" Miao Jie was overjoyed. He could feel that his wife had become much gentler to him. He was ready to fulfill his promise. He smiled at Leng ruoxue and said, "What do you want to talk to me about? As long as it's not murder or arson, there's no problem!"

Miao Jie's promise made the woman worried. However, before she could stop him, her stupid man had already asked Leng ruoxue to make her request. What a woman's heart! Instantly, it was in his throat.

However, Miao Jie didn't notice the woman's nervousness and asked again, "By the way, who did you say you were going to use force on?"

"The mission headquarters!" Leng ruoxue smiled and answered.

"Who is it?" Miao Jie tried his best to open his swollen eyes wide, thinking that there was something wrong with his ears. Then, he tugged at his wife's sleeve and whispered, "Madam, pinch me. Am I hearing things?"

"You're not hallucinating! She wants to put a bounty on Rime, and if the mission is always rejected, she's prepared to use force!" The woman shouted at Miao Jie in exasperation. After that, she pinched his butt hard, causing Miao Jie to wail in pain. This caused him to be even more injured.

Miao Jie's heart trembled as he turned to look at Leng ruoxue with a pale face. "You ... You want to put a bounty on the God Lord of Rime mist?"

"Wrong, I want to put a bounty on that fogriple bitch!" Leng ruoxue corrected him with a smile.

Miao Jie was confused and asked, "What if I don't agree?"

"Didn't your wife tell you? If you don't agree, I'll use force. At that time, your mission will ... You know what I mean!" Leng ruoxue's words were definitely a threat. Miao Jie's face turned even paler in fear, and even the woman felt a little uncomfortable.

At this moment, she truly felt how terrifying Leng ruoxue was! Previously, when he talked and laughed with her, he was probably purely making fun of her. Wu ... For the first time, she felt that she had kicked an iron plate. But at the same time, he was also glad that he had not done anything to offend Leng ruoxue. Otherwise, the consequences would be unimaginable!

"You, you really dare? This is the Imperial City, and the Divine Master is in the Divine Master's estate. If you act rashly, she won't let you off. " After panicking for a while, Miao Jie miraculously calmed down. He hoped that he could convince Leng ruoxue to give up on that idea. After all, this was the Divine Master's territory. Not everyone could do whatever they wanted.

Who knew that when Leng ruoxue heard this, she only smiled faintly and said, "Why would I not dare? Since I dared to come here, I've naturally made all the necessary preparations. So what if it's Imperial City? So what if Wu Xuan was in the Divine Master's estate? Do you know how badly she's hurt? To tell you the truth, she doesn't have the energy to catch me even if she wanted to! Because she's hiding in a secret room in the Divine Master's estate to recuperate!"

"Sir Divine Master is injured?" Hearing this, Miao Jie and the woman were shocked and said in unison.

[Chapter 2713 Just Looking, Not Saying! Word \(1\)](#)

"Don't you guys know?" Leng ruoxue asked in surprise when she heard what the two of them said. She didn't expect that Wu Yan would keep it a secret so well that even her legendary confidant didn't know about her injury.

However, Leng ruoxue could understand it after thinking about it. After all, this was not something to be proud of. It would be bad if too many people knew about it.

After listening to Leng ruoxue's words, the two of them shook their heads like rattle-drums. Both of them had a blank and helpless expression on their faces. However, upon closer inspection, their expressions were slightly different. Miao Jie was slightly worried, while the woman seemed to be gloating.

After discovering this interesting fact, Leng ruoxue said to Miao Jie sympathetically, "President Miao, aren't you the confidant of that bitch, ripple? Don't tell me that you don't know about her leading her men to attack us!"

"This ..." Miao Jie revealed a constipated expression and was in a dilemma. How was he supposed to answer this? He knew! Of course he knew! He also knew that the result of the attack wasn't too satisfactory, but he didn't know the details. In addition, after the people who went with lady fog ripple to the land of demons returned, they all had an unfathomable expression and didn't talk about anything. It made it impossible for him to get any information. And now, the news of lady fog being injured came from the mouth of the enemy.

Wait a minute! Was Leng ruoxue lying to him? With a suspicious expression, Miao Jie could not help but look at Leng ruoxue. To be honest, he did not believe Leng ruoxue's words at all. However, he didn't dare to question it too much. Otherwise, if he angered this ancestor, he would be the one in trouble!

He truly felt that now that he had angered Leng ruoxue, even if the Divine Master was in the residence, he would not be able to save her! Hence, he thought he was very obedient and treated Leng ruoxue with respect. However, that flash of suspicion did not escape Leng ruoxue's eyes.

Leng ruoxue laughed nonchalantly, "I know you don't believe me, but do you think that I have the courage to come to Yu city? why Would I Lie to You?"

After saying this, Leng ruoxue fell silent.

When Miao Jie and his wife heard this, they looked at each other and communicated with their eyes. It had to be said that both of them believed Leng ruoxue's words. If God Lord fogripple was truly as Leng ruoxue had said and was heavily injured, then they really had to worship Leng ruoxue! Otherwise, if Leng ruoxue were to make a move out of embarrassment, no one would be able to stop her!

After thinking about it, Miao Jie calmed his mind and said, "I believe in miss Leng's words, and I'm also grateful for everything you've done for the harmony between us husband and wife. However, our mission Guild really can't agree to your request, so I hope you don't make things difficult for me!"

Miao Jie's words were very sincere. Leng ruoxue, on the other hand, laughed calmly. "I didn't do anything for the harmony between you and your wife. At the same time, I've said that if you don't agree, I'll have to use force. So, please don't make things difficult for me! It'll be great if you cooperate, and we'll all be happy, right?"

To everyone's satisfaction, my ass! You're the one who's happy, aren't you? Miao Jie's heart was filled with grief and indignation, but he put on an indifferent expression on his face and said, "Miss Leng, this request of yours is really difficult for me!"

"It's not difficult at all! You just have to make a choice. Whether it's okay or not, just say it!" Leng ruoxue urged.

"I can't make the decision on my own. I need to discuss it with the Vice President and the elders." After thinking for a while, Miao Jie thought of a way to delay.

Leng ruoxue nodded in agreement and requested, ""There's no problem with the discussion, but I want to be an audience!"

"This ..." No way! Miao Jie was very depressed. If Leng ruoxue were to listen, would their meeting still be able to continue?

However, he didn't know how to stop Leng ruoxue. Looking at how determined she was, he was also afraid that if he was too unyielding, it would backfire.

"Idol, it's fine to let you listen, but no matter what the opinions of the people at the meeting are, you can't be angry." A wife knew her husband best. The tough woman who understood Miao Jie's thoughts immediately put forward her conditions.

"No problem, I won't say a word. You just need to discuss and come up with a result!" Leng ruoxue was very understanding.

In fact, she agreed to the meeting only because she wanted to save time. After all, the mission headquarters was different from the branch. There were countless vice presidents, elders, and other higher-ups here. If she were to subdue them one by one, she might be exhausted to death. If any of the higher-ups escaped, it would definitely be detrimental to the work of the spies in the headquarters. That was why Leng ruoxue wanted to get rid of all the higher-ups in the headquarters in one go.

Seeing that Leng ruoxue had agreed, Miao Jie's heart that was in his throat could finally be slightly at ease. However, the fierce-looking woman was not as open-minded as Miao Jie. She felt that this might be the beginning of a disaster for missions!

As the president's wife of the headquarters, she was calmer than Miao Jie at all times. However, she did not have the ability to stop Leng ruoxue from taking action against the headquarters.

After giving Miao Jie a few days to prepare for the meeting, the woman arranged for Leng ruoxue to stay in the best guest house in the mission headquarters. She even came over every day to chat with Leng ruoxue and strengthen their relationship. This was also a chance for her man to be lenient! At least, that was what she thought.

As for Leng ruoxue, she did not seem too happy about the appearance of the lady, but she was not too cold either. The two of them were chatting casually. Suddenly, Leng ruoxue asked the lady, ""How's your man's injury?"

"He's already fine. Because there's something important to do, I gave him a healing medicinal pill. He's now alive and kicking again!" The woman said with embarrassment. When she said this, her cheeks were slightly red.

Leng ruoxue looked at the woman in shock and disbelief. She originally thought that the woman would let Miao Jie's pig-like face recover naturally! After all, everyone in the mission headquarters knew that their President had been beaten up by the president's wife again!

The woman felt even more embarrassed under Leng ruoxue's gaze. She took the initiative and said, "Idol, it's boring to stay in the yard all day. Why don't we go out for a walk?"

"Yeah, I haven't had a good tour of the headquarters yet!" Leng ruoxue nodded in agreement. She stood up and allowed the lady to bring her around the spacious and luxurious courtyard of the headquarters.

As he walked, a woman's voice suddenly came from behind a rock by the side of the courtyard's path.

"Guild leader, why are you always avoiding me?"

Hearing this, the intrepid woman was immediately enraged!

Taking out her weapon, which was her carrying pole, the tall and sturdy woman immediately turned into a fierce gust of wind, whistling and blowing behind the rockery ...

Then, Leng ruoxue heard a series of ghostly wails and wolf howls coming from behind the fake mountain.

Sighing helplessly, Leng ruoxue sat down on a stone bench by the side of the path and silently lit a row of candles for Miao Jie. What a pitiful fellow! Why didn't he run further away if he wanted to steal a fish?

[Chapter 2714 Just Looking, Not Saying! Word \(2\)](#)

"Madam! It was a misunderstanding! It's really a misunderstanding!"

"Argh! Madam, don't hit me, you hit me again!"

"Hmph! I'm hitting you! I'll beat you to death, you shameless things!"

Leng ruoxue sat as she listened to the lively debate. Not long after, Miao Jie was pulled out from behind the rockery by the ear by the woman.

The moment Miao Jie saw Leng ruoxue, he immediately asked for help, "Miss Leng, please help me. Help me explain!"

"How can I help you explain when you're caught red-handed?" Leng ruoxue was speechless.

"I'm innocent! Wu...I really didn't do anything. Why do you have to accuse me like this?" Miao Jie said, feeling wronged. He had been resting well behind the rockery. How could he have known that the crazy woman would suddenly appear and tell him a lot of nonsense? and just when he was about to leave, his fierce wife appeared again. Now, he would not be able to wash himself clean even if he jumped into the endless sea!

"Wrongly accused you? Hmph! You've said this every time. Do you think I've wronged you?" Woman flame roared.

"Well, I didn't do it anyway!" Miao Jie said as he nodded his head seriously.

Leng ruoxue couldn't bear to listen to Miao Jie anymore. She truly felt that in the current situation, it did not matter whether Miao Jie was wronged every time or not. His words were destined that his explanation would be useless.

Unwilling to be caught up in the couple's special interest, Leng ruoxue prepared to return to her room to rest. Of course, before she left, she did not forget to remind Miao Jie to be more efficient.

Watching Leng ruoxue's back view, Miao Jie was really depressed. It seemed like his image in Leng ruoxue's heart could not be changed.

"Madam ..." After Leng ruoxue left, Miao Jie immediately looked at the woman with a fawning smile. Who knew that the woman would only snort coldly and walk away without a word?

Miao Jie saw this and could only follow behind.

Leng ruoxue, who had returned to the guest courtyard, was not interested in how the couple had resolved the matter. She entered her room and did not come out again. When Miao Jie sent someone to inform her that all the higher-ups were present, the meeting was set for the next morning in the Council Hall.

When it was time for the meeting, Leng ruoxue didn't need anyone to lead the way and found the meeting hall with great familiarity.

At this moment, the meeting hall was already filled with a dense crowd. Leng ruoxue could not help but sigh. There were indeed many higher-ups in the headquarters of missions!

In reality, other than Miao Jie, the Vice Presidents, and the elders, the Presidents and consecrators of the various branches had also attended the meeting. Otherwise, Miao Jie would not have made Leng ruoxue wait for so many days in vain.

According to Miao Jie's idea, if there was no consensus, they would vote. The minority was subordinate to the majority! This way, he could get rid of Leng ruoxue. It was a pity that even though his thoughts were perfect, he had clearly forgotten that Leng ruoxue had said that if they didn't agree, she would use force.

Not only that, but there was another matter that made him quite depressed. That was, the person he had sent to the Divine Master's estate to report this matter to the Divine Master had yet to return. He wondered what the Divine Master's intentions were.

However, he couldn't wait any longer. If he continued to delay the meeting, Leng ruoxue might fly into a rage at any moment. After all, it had already been a few days since he said that they would have a meeting.

However, most of the higher-ups who attended the meeting were obviously not prepared to see Leng ruoxue in the headquarters, especially when they were in a meeting. They could not help but doubt the president's intentions.

However, the branch guild leaders who had been subdued by Leng ruoxue were exceptionally happy to see her. Of course, compared to the elders present who did not know the truth, they could not show their excitement.

As for Leng ruoxue, the moment she entered the meeting hall, she very consciously found an inconspicuous corner to sit down with Cang in her arms. But even though she thought that she was very low-key, she still attracted everyone's attention.

Everyone looked at her in a daze, their mouths half-open, not saying a word.

After a long time, Miao Jie noticed that Leng ruoxue was too eye-catching. He had no choice but to cough a few times to get everyone's attention back.

Everyone came back to their senses and felt embarrassed.

They couldn't be blamed for being too surprised! It was simply because Leng ruoxue's reputation was like thunder to the ears, too resounding. Furthermore, only the elders who had always been in the headquarters knew that Leng ruoxue was staying in the guest courtyard of the headquarters. The majority of the people did not know about it. Hence, when Leng ruoxue appeared in their meeting hall, everyone was surprised and felt a little uneasy.

There were rumors that wherever Leng ruoxue appeared, there would be endless trouble. Anyone who was targeted by her would be in for a bad time. So now, could it be considered that they had been targeted by this vicious Wolf?

The moment this thought surfaced in some of the elders' minds, they looked at Leng ruoxue as if they had seen a man-eating demon. Their eyes were filled with horror. Leng ruoxue expressed her innocence in this regard!

She had always thought of herself as a pacifist and a peace-loving person. Why were the people here looking at her as if she was a terrorist with a virus? She felt very wronged, okay?

He glanced at Miao Jie with hidden bitterness, causing Miao Jie's little heart to tremble in fear. He calmed himself down and suddenly shouted, "A meeting! Everyone, quiet down!"

"....."

When the people present heard this, they collectively broke out in a cold sweat. It was already very quiet, okay? Everyone was looking at Leng ruoxue in shock! He didn't have the time to make irresponsible remarks!

However, it was undeniable that Miao Jie's shout had brought back the three souls that had been scared away by Leng ruoxue.

After calming himself down, a young Vice President of the headquarters of missions echoed, "Let's start the meeting!"

"Hehe! A meeting!"

"Right! A meeting!"

The crowd laughed foolishly in agreement. When Leng ruoxue saw this, she was very suspicious that the mission would always be led by these people. How far could they go? However, she had promised Miao Jie that she would not say a word. So, unless it was necessary, she would only look and not speak today!

Miao Jie did not know where to start.

Thus, he fell silent again after he started. When the higher-ups saw that the head Guild Master had stopped speaking, no one dared to interrupt. For a moment, everyone's eyes widened.

After some time, Miao Jie finally felt that the atmosphere was a little off. He suddenly remembered that they were in a meeting!

When he raised his head, he saw the warning in Leng ruoxue's beautiful eyes. He forced himself to focus and coughed a few more times to clear his throat, "Today, I have something important to discuss with everyone. I hope that everyone can take their own opinions and speak your mind."

"Guild leader, what's the matter?" An elder could not help but ask.

"Miss Leng wants to post a mission in our mission Guild." After taking a deep breath, Miao Jie said it all in one breath.

[Chapter 2715 Just Looking, Not Saying! Word \(3\)](#)

"Then release it? Is it worth calling all of us back for such a small matter? Guild leader, I still have important matters to attend to!" One of the elders said in dissatisfaction.

"My matter is more important than yours! All of you must give your opinions. "Shut up!" Miao Jie shouted angrily when he heard that.

"Alright! Who asked you to be the president! Of course we have to listen to you. Now, can Mr. President tell us what the mission is?" The dissatisfied elder said in a strange tone.

Leng ruoxue saw this and knew that some of the elders were not convinced by Miao Jie. She could not help but feel glad that she had summoned all the higher-ups back. Otherwise, it would be troublesome!

When Miao Jie heard the elder's words, although he was also very angry, he still held it in and said to everyone present, "Young lady Leng wants to put a bounty on God Lord fogriple!" Zhao Feng said.

As soon as he said that, the entire meeting hall fell silent. Even the sound of breathing could not be heard.

The crowd was obviously petrified by his words.

"Now, Tell us your opinions. Are we going to accept this mission or not?" Seeing that everyone was shocked, Miao Jie finally felt better. Otherwise, it would be unfair if he was the only one who was shocked!

"President, this mission ..." The elder who had a bad opinion of Miao Jie wanted to reject the mission immediately. However, he suddenly remembered that Leng ruoxue was here as well, so he swallowed the words 'can't accept' back into his stomach. Then, he looked as if he was constipated, and his face turned red.

"Elder Qi, can I accept this mission?" Seeing this, Miao Jie knew what was going on, but he still asked this on purpose.

"No, you can't take it!" Under everyone's gaze, elder Qi, who had been called out by Miao Jie, braced himself and said.

Sob ... What a bully. Why did he only ask him and not the others? Elder Qi secretly complained to himself. At this moment, he had long forgotten that he was the one who provoked Miao Jie first.

When Miao Jie heard this, he only smiled faintly and said, "But miss Leng insisted that we accept this mission. I can't make the decision myself, so I called back your Guild's higher-ups to discuss this matter. Do you still think I'm making a mountain out of a molehill now?"

"I ... I never thought that way." Elder Qi said in a low voice.

However, Miao Jie obviously did not care about what he said. He only emphasized that he wanted them to come to a conclusion after a serious discussion so that they could give Leng ruoxue an explanation.

Everyone present, other than the branch presidents who had been subdued by Leng ruoxue, had long faces. They truly felt that their President was making things difficult for them. In reality, if Leng ruoxue wasn't here, they might be more at ease when they discussed this matter. However, when they thought of how Leng ruoxue was sitting by the side and watching them discuss, they didn't dare to speak carelessly! It would be a wonder if he wasn't hated by that demon!

As a Mission Association and an organization that was known for gathering information, they understood Leng ruoxue more than anyone else. In addition, the mission Association was under the jurisdiction of the Divine Master's estate. They had the advantage of time, location, and people. Hence, almost every elder in the mission Association knew that Leng ruoxue was not someone to be trifled with. As such, no one was willing to stand out and be the villain!

However, if they didn't want to be evil, they had to pretend to be deaf and mute. For a time, many elders decided to be completely mute to avoid getting into trouble.

Seeing that the elders didn't say anything, the branch president and the priests felt that there was no room for them to speak, so they pretended to be mute with peace of mind!

"You guys should say something!" Seeing that everyone was silent for a long time, Miao Jie shouted angrily. In his heart, he was cursing the people in front of him! Trash! A bunch of trash! They wouldn't be able to see them at the critical moment!

"Guild leader, it's up to you to decide. We'll all follow your lead!" Seeing Miao Jie's anger, one of the branch presidents, who had received Leng ruoxue's eye signal, immediately said in a fawning manner.

As soon as he finished speaking, everyone agreed with him. Miao Jie was so angry that he almost passed out.

Miao Jie's old face was red as he pointed at the elders in front of him with a trembling finger. He stammered for a long time and did not say a word. In the end, perhaps it was because of anger, his eyes suddenly rolled back and he fainted.

When everyone saw this, they were all frightened and rushed forward in a hurry, trying to wake Miao Jie up with all kinds of means! Damn it, why did he faint at such a time?

The elders were panicking, while Leng ruoxue was completely speechless.

Did he think that she didn't know that Miao Jie was pretending to faint?

Standing up, Leng ruoxue shouted, "Get out of my way! I'm the best at treating unconscious patients!"

Upon hearing this, the elders who had surrounded Miao Jie immediately dispersed to both sides like a tide, giving way to Leng ruoxue.

Leng ruoxue took elegant steps and slowly walked to Miao Jie. Then, she took out a handful of silver needles that were twice as thick as chopsticks and shone with a beautiful luster.

"What thick silver needles!" Someone exclaimed in surprise.

When the elders around Miao Jie saw the silver needle, they all subconsciously swallowed their saliva and took a big step back. At the same time, they thought to themselves, "if this needle were to be inserted, would the president still be able to stand it?" Please don't take his old life!

Just as he was thinking about this, the elders saw Leng ruoxue waving the silver needle in front of Miao Jie's eyes. Then, she gestured on his body, as if she was looking for a place to lower her hand.

The silver needles cast a shadow on Miao Jie's body. Miao Jie, who was pretending to be unconscious, was so scared that his heart trembled.

Even though his eyes were closed, he could clearly feel the waves of cold air coming from the surroundings and the elders' cries of surprise. From this, it could be seen that the silver needles in Leng ruoxue's hands were definitely not good things.

"Where should I start?" Hearing Leng ruoxue's mumbling, Miao Jie was so scared that he could no longer pretend. He opened his eyes and sat up straight.

"I, I'm already fine!" Looking at the thick silver needle in front of him, Miao Jie, who had just opened his eyes and did not dare to pretend to be unconscious, was so scared that he broke out in a cold sweat.

What a thick needle! That was close!

Silently wiping away the cold sweat on his forehead, Miao Jie's heart was still fluttering with fear. If the needle were to be inserted, there would definitely be a hole in his body!

This was not a joke!

Miao Jie carefully put on a smile and looked at Leng ruoxue with a fawning expression. He was as obedient as a little beast.

Leng ruoxue, on the other hand, was worried and asked, "You're really done?"

"Alright, I'm done!" Miao Jie swallowed his saliva and answered Leng ruoxue's question cautiously.

"Are you sure?" Leng ruoxue asked again.

"Yes, yes." Miao Jie nodded his head furiously, afraid that Leng ruoxue would stab him if he answered too slowly.

"If that's the case, you guys can come up with a conclusion within half an hour!" Leng ruoxue said with a smile. She no longer wanted to continue playing hide and seek with them. In any case, now that everyone was in a neat formation, it was a good time to make a move.

"Half an hour?" When Miao Jie and the other elders heard this, their faces turned ugly. It was obvious that half an hour was too short for them.

"Just half an hour! Not even a minute more! From now on, I want to know your opinions after half an hour!" Leng ruoxue's attitude was very firm.

"Miss Leng, half an hour is not enough!" As the president, Miao Jie couldn't just stand by and watch. He had to stand out even if he didn't want to!

"Half an hour isn't enough? What about half a year?" Leng ruoxue asked casually.

"Half a year ..." Miao Jie was about to say that half a year was more like it. At least it would buy them some time. However, before he could finish his sentence, he was immediately interrupted by Leng ruoxue.

Leng ruoxue's voice was extremely cold, "I'll give you half an hour, but you think it's too short. I'll give you half a year, and you'll definitely find all kinds of excuses to delay it! So, don't waste everyone's time and quickly decide!"

Faced with Leng ruoxue's non-negotiable expression, Miao Jie and the rest were so conflicted that their intestines were about to be tied up. However, Leng ruoxue did not care about their feelings and only reminded them indifferently, "It's been five minutes. You have 25 minutes to discuss!"

"....."

Leng ruoxue's unyielding attitude made Miao Jie and the others at a loss. However, they had been in high positions for many years, so they quickly adjusted their mentality and communicated privately.

Some elders suggested asking for help from the divine lord's estate. After all, the divine lord's estate looked like it was about to start a fight. However, Miao Jie regretfully told him that he had sent someone to the Divine Master's estate a few days ago to report this matter to the Divine Master, but there had been no news from the person he had sent!

When the elder heard this, he immediately wilted!

At this moment, elder Qi jumped out again and sent a voice transmission in anger, "Guild leader, I don't understand why we are so afraid of Leng ruoxue. She's only one person while we have so many people! Can't you take her down?"

"What if she doesn't only have her own?" Miao Jie reminded as he glanced at the brainless elder Qi.

This time, elder Qi did not dare to say anything! And secretly complained, that's right! Legend had it that Leng ruoxue was extremely cunning. She shouldn't have the guts to venture into The Tiger's Den alone! Could it be that there was really an ambush outside the city? But when he returned to the city, he didn't sense any stranger's aura. Of course, he didn't dare to say this out loud because he really didn't dare to take the risk. If his words caused everyone to lower their guard against Leng ruoxue, wouldn't he become the sinner of the mission Association?

It had to be said that all the elders present had their own thoughts. None of them were willing to take the lead, and half an hour's time passed in a flash.

"Time's Up, give me an answer!" Leng ruoxue smiled faintly.

"Miss Leng, can we have a proper talk?" Miao Jie didn't dare to strain the relationship between the two parties, so he asked with a smile.

[Chapter 2716 I Quite Despise You Guys \(1\)](#)

"What else do we have to talk about? Originally, I only wanted to issue a mission, but you guys kept pushing it back with all sorts of excuses. Fine! Seeing that you were once my master, I've given you time and allowed you to discuss it. But now, I've waited long enough and don't want to wait any longer. So, tell me the result immediately, so that we don't break up and it won't look good!" Leng ruoxue laughed coldly. After all the courtesies, she naturally didn't need to give them any face. Now, she could only see if these people knew what was good for them.

It's best if he's tactful, so that she won't have to waste her time. He could only follow her rules!

As for the higher-ups of the headquarters of missions, they did not dare to voice their anger after hearing Leng ruoxue's words. They were not stupid. They could tell that Leng ruoxue had lost her patience. Once a person lost their patience, it was easy to imagine what they would do.

In reality, at this point in time, there were still quite a number of people who felt that Leng ruoxue was speaking the truth. After all, no matter how powerful Leng ruoxue was in the rumors or how powerful she was, her power did not only belong to her. It was the reverent-god level experts around her. Now, those reverent-god level experts had not appeared yet, so naturally, there were people who looked down on her!

However, many of these people were like elder Qi. They were the type who would make a fuss when there was nothing to do, but if there was something to do, they would hide behind, bullying the weak and fearing the strong. Therefore, even if some of them disapproved of Leng ruoxue's unyielding attitude, they would not say anything when no one stood up for her.

The atmosphere in the meeting hall fell silent for a moment.

Leng ruoxue saw that the higher-ups of the headquarters of missions were all silent as if their mouths were sewn shut. She could only smile faintly and say, ""Is this considered a silent agreement?"

"W-what silent agreement?" Miao Jie couldn't help but ask.

"It's a silent agreement that I can issue the 'wanted' quest for the mist ripple B * tch!" Leng ruoxue said on purpose.

"This, this won't do!" Miao Jie quickly replied.

"Can 't?" When Leng ruoxue heard these two words, she couldn't help but squint her beautiful eyes. She then said, ""You mean, you welcome me to use force?"

"....."

How could he possibly welcome her! Miao Jie was speechless. However, Leng ruoxue did not care what he was thinking and continued, "I just found out today that it's useless to be too polite to you. It turns out that you all like to use force against others. Since that's the case, I'll fulfill your wish today!"

Her words made Miao Jie's anger rise to the top. However, Miao Jie understood Leng ruoxue's character very well. He knew that he could not go head to head with Leng ruoxue at this time, or he would fall into her trap.

It was a pity that not everyone present understood Miao Jie's thoughts as well. For example, elder Qi did not want to stand out at first, but when he heard Leng ruoxue's words, he immediately exploded and shouted, "F * ck! Who likes to be forced! We're not that cheap!"

"Oh, really? Then tell me, what kind of girl do you like?" Leng ruoxue smiled lightly as she turned her beautiful eyes towards elder Qi, who had spoken impulsively.

In reality, elder Qi regretted his words the moment he opened his mouth. However, under the watchful eyes of the crowd and the intense gaze of Leng ruoxue's beautiful eyes, even if he was so nervous that his legs and stomach were going soft, he did not dare to reveal it. Otherwise, wouldn't he be discovered to be a coward? That would definitely not do. It would affect his dignity!

With that thought in mind, elder Qi gathered his courage and spoke to Leng ruoxue, "I don't like anything! Leng ruoxue, although I've heard that you're very powerful, don't forget that our mission will always belong to the Divine Master's residence. The Divine Master is also in the residence. If you dare to act rashly, the Divine Master will not let you off!"

Although the president had said that there was no news from the people he had sent to the divine Lord's residence, elder Qi believed that the divine Lord would never give up on them. After all, they would earn a lot of money for the divine Lord's residence in a year. They could really be considered a hen that laid golden eggs. If the Guild that was on a mission was destroyed by Leng ruoxue, the divine Lord would not only lose money, he would also lose face!

It was because of this confidence that elder Qi was able to remain calm after he braced himself to face Leng ruoxue. He was not afraid at all! And what Leng ruoxue wanted was for him to not be afraid. If not, if no one cooperated with her to continue acting, how boring would it be for her!

Therefore, when Leng ruoxue heard elder Qi's words, she smiled happily and replied with a gentle expression, "Mm, not bad. You've learned to use the ripple witch to threaten me. However, have you forgotten that she and I have a grudge? even if she lets me go, I don't think I'll let her go. What's more, that cheap woman is injured now, what can she do to me?"

As soon as he finished speaking, the crowd, who had thought that elder Qi was courageous and even wanted to idolize him, immediately turned pale with fright.

The God Lord was injured? Was this for real?

Was he lying to them?

Everyone looked at elder Qi with suspicion. Elder Qi felt uncomfortable under the countless burning gazes, but he had no choice but to brace himself and say, "Hmph! Who knows if you're telling the truth? you can only fool children with your words, but you want to lie to us? I don't have any!"

"I can't do anything if you don't believe me. But don't blame me for not reminding you. If your master God is safe and sound, do you think she will let me enter the city?" Leng ruoxue asked with a smile.

"Hmph! That's because our Divine Master is magnanimous and doesn't care about you!" Elder Qi said stubbornly. However, he was already beginning to doubt Leng ruoxue's words. However, he did not dare to show it on his face and could only let his thoughts run wild in his heart.

However, his little thoughts did not escape Qing Jue's eyes. Qing Jue did not need Leng ruoxue's instructions to report elder Qi's thoughts to Leng ruoxue.

Later on, Qing Jue got addicted to it and peeked at other people's thoughts. With a single glance, Qing Jue could not help but smile.

Hearing the laughter in her heart, Leng ruoxue was a little confused. Seeing this, Qing Jue could only honestly tell everyone what they were thinking.

After Leng ruoxue heard this, she could not help but sigh. The higher-ups of the mission Guild were really a pile of loose sand. These people more or less wanted to see the others embarrass themselves. So after elder Qi stepped up, the others did not even say a word of help, allowing elder Qi to fight alone. They were really a bunch of disloyal people!

Leng ruoxue really did not know what help these people could give her after she took them in. She hated people who didn't have team spirit the most, so to be honest, she didn't like any of them.

Al! Leng ruoxue sighed speechlessly. She was not willing to leave them to Rime, but she found it hard to swallow if they became her own people! Chicken ribs! They were really a bunch of chicken ribs!

"Actually, I don't really like you guys." After Leng ruoxue sighed, she spoke the truth.

[Chapter 2717 I Quite Despise You Guys \(2\)](#)

Seeing Leng ruoxue suddenly say this out of the blue, everyone felt that it was a little strange. However, they believed that when Leng ruoxue said that she despised them, it was absolutely true. Because from her eyes, it was already clearly expressed.

Instantly, everyone's heart was filled with mixed feelings!

Too much! This was really too much! They hadn't even said anything yet! Leng ruoxue was the one who despised them first? What the hell is this? Was there any justice left in this world?

"Since you don't like us, you can leave! Why are you still here?" Leng ruoxue's words had greatly agitated elder Qi. Therefore, he had jumped out without a care and had lost his rationality.

When Leng ruoxue heard this, she could only look at elder Qi helplessly and honestly replied, "I want to leave, but as long as you accept my mission, I'll leave immediately!"

"Miss Leng, I don't understand. Why do you have to come here to post a mission? didn't you already put a bounty on the Divine Master in the divine world?" Miao Jie, who had been silent for a long time, finally couldn't help but ask.

"Why? didn't your wife tell you?" Leng ruoxue asked instead of answering.

"Uh! Tell me what?" Miao Jie asked in a daze. What did this have to do with his wife?

"I've already spoken to your wife. Go back and ask her!" Leng ruoxue teased.

Miao Jie's face turned red when he heard that. Ask Madam? How to ask? The madam was still ignoring him! He didn't beat him up either, so this made him quite uneasy! Sob ... Don't tell me that Madam doesn't want me anymore?

Ugh! That's a little off topic! Miao Jie quickly pulled himself back from his thoughts and looked at Leng ruoxue shamelessly, hoping that she could answer his question.

However, Leng ruoxue didn't want to repeat herself, so she only said indifferently, "Isn't the quest Guild a place to release quests? If I don't come here to post my mission, who else can I find?"

"Uh ..." Miao Jie was speechless. Leng ruoxue's question was very profound, but the mission she was about to issue was even more confusing!

"All the higher-ups of the mission Guild, now fully display your duties and obediently accept the mission for me. We'll all be happy. Otherwise, I can only let you all down!" Leng ruoxue smiled as she reminded him.

"W-what are you doing?" After hearing this, a branch president couldn't help but ask.

"Use force!" Leng ruoxue said matter-of-factly.

"Guild leader, say something! We can't let Leng ruoxue be like this!" Hearing that they were going to use force, the branch president who had just spoken quickly turned his gaze to Miao Jie and said loudly.

"Yup! President, please say something!" With someone taking the lead, the branch presidents all spoke up.

"What do you want me to say? What's the use of my words alone? You let me decide everything, what do I need you people for? Is it just a decoration?" Miao Jie was furious and spoke without thinking.

"..." Miao Jie was furious. The people from the mission Guild didn't dare to respond. However, they couldn't help but think to themselves, "you're the president. If you don't make the decision, are you going to let them do it?" If your words were useless, then wouldn't their words be as useless as farts?

For a moment, everyone was resentful!

At a time like this, the president should have taken over the role alone. However, not only did Miao Jie not do that, but he even scolded them for being useless! This was definitely going to be an internal conflict! This was also the so-called "tyrannical in the nest"!

Some people couldn't help but despise Miao Jie.

Even Leng ruoxue was starting to look down on him.

He heard Leng ruoxue sneer, "President Miao, why don't you let me be the president?" I'll make the decision for you?"

"I think it's fine!" Someone in the crowd shouted at the top of his lungs. Suddenly, Miao Jie's face turned green with anger!

F * ck! As expected, there were traitors! Unfortunately, the voice had appeared too suddenly, and he didn't see who had said it!

"Look! I'm definitely the Guild leader!" Leng ruoxue followed the cue and said impolitely.

Miao Jie's face turned green and then black!

"Miss Leng, please don't make such a joke!" Miao Jie said righteously.

"President Miao, do you think I'm joking?" Leng ruoxue scoffed.

"Guild leader, I'll say the same thing again. You'd better give me an answer immediately. Otherwise, I'll have no choice but to use force. At that time, your guild leader position will really belong to me!" After that, Leng ruoxue warned.

"Leng ruoxue, this is Yu city. Do you really think you can do whatever you want to us here?" Miao Jie was furious. He directly called Leng ruoxue by her name and threatened her.

"You can try." Leng ruoxue smiled sweetly.

Try? Did he dare to?

No! He did not dare to try!

However, it didn't matter if he didn't dare to try. Cang was already getting impatient. He told Leng ruoxue,""Girl, don't talk nonsense with them. Now that we're all here, let's quickly take action!"

When they heard the little white cat in Leng ruoxue's arms speak, everyone was shocked! There were really people who weren't afraid of making a big deal out of it!

"Right! Hurry up and exterminate the Rime bitch's dog!" The little red flower in Azure's arms also swayed its beautiful petals as it cheered.

The moment this little flower opened its mouth, everyone's shock turned into petrification!

This, this flower can talk! They had thought that the flower on the little white cat's chest was just a decoration! Who knew that it was actually alive! Wait a minute! If the flower could speak, didn't that mean that it had already developed intelligence?

Oh my God! One had to know that flowers and plants that had gained sentience were all heavenly treasures and extremely precious! More importantly, this kind of plant was extremely rare, but now there was one in front of them. How could they not be excited?

In that instant, everyone who had regained their senses stared at Xiao Hua with burning eyes. The attraction of the blood lotus flower had even made them forget that Leng ruoxue, their mortal malady, was right beside them!

Leng ruoxue felt helpless about their unprofessional behavior! She had not expected that the blood lotus flower would dare to open its mouth in front of so many people. What a little fellow who liked to show off. Wasn't it afraid that someone would try to take advantage of it?

In fact, since the blood lotus flower dared to speak, there was really nothing to be afraid of. Who asked it to cling onto Cang, this thick leg!

But the others were not clear about this! The appearance of the snow Lotus flower made some of the elders 'thoughts alive again. Many of them secretly thought that if they could get this treasure and give it to the Divine Master, the Divine Master might be happy and make them the president of the mission headquarters! It had to be said that wealth would always make some greedy people lose their rationality. In addition, the elders present who had designs on the blood lotus flower did not think that the snow-white cat without a single stray hair was very powerful. Therefore, some people were determined to get the blood lotus flower.

"Leng ruoxue, we will not accept your mission. Since you have disrespected the Divine Master, we naturally can not let you leave so easily. However, if you are willing to keep this flower, we will treat it as if nothing had happened. How about it?" All of a sudden, an elder spoke a bunch of Grand words and even expressed his stance on behalf of everyone present, but his purpose was self-evident.

[Chapter 2718 I Quite Despise You Guys \(3\)](#)

Leng ruoxue laughed when she heard that.

"Elder Wu Ming, do you represent yourself or the headquarters?" Leng ruoxue asked curiously.

I really didn't expect this! She had said so much nonsense before, but no one had taken the initiative to make a statement. However, a little flower had made some people jump out on their own initiative. If she had known this earlier, why would she have wasted her breath on them? It would have been better to send the blood lotus flower directly!

"Of course I represent the mission headquarters!" The elder said with an extremely firm will.

"President Miao Jie, you don't have any objections either?" Leng ruoxue turned to ask Miao Jie.

Miao Jie hesitated for a moment, but he still answered truthfully, ""We really can't accept your mission!" He did not say a word about who the flower belonged to. In fact, he was also somewhat interested in that heavenly treasure, but as the president of a Guild, he couldn't just openly claim the flower as his own in front of everyone! That would be too damaging to his prestige as the president!

"What about you guys?" Leng ruoxue then asked the other elders.

Most of the elders were silent, but a few of them nodded.

"Very good, a flower has allowed you to make a quick decision. Since that's the case, I can end my courtesies before violence! Cang, let's do it!" Leng ruoxue nodded her head in satisfaction before turning to Cang.

"Hmph! You must be tired of living to have designs on my little blood!"

"Yes, yes. Big thigh, annihilate them all!" The blood lotus flower jeered.

Hearing the word 'thigh', Leng ruoxue was a little embarrassed. These two words had a good image, but she didn't know what Cang would think.

However, Azure clearly didn't care and was quite eager to try.

Seeing that Leng ruoxue, a human, a beast, and a flower, looked like they were really about to start a fight, Miao Jie suddenly felt a little uneasy. He carefully confirmed, "Leng ruoxue, do you really want to fight?"

"Do you think I'm joking? Come on! I've played with you long enough. Now, let's have a showdown! The losing side will be at the mercy of the winner!" Leng ruoxue said calmly.

"Leng ruoxue, you're only one person. You're overestimating yourself if you think you can fight against so many of us!" Seeing Leng ruoxue's shameless boasting, elder Qi couldn't help but roar in anger.

"You guys try and you'll know if I'm overestimating myself!" Leng ruoxue laughed coldly as she spoke in a nonchalant manner.

As soon as she finished speaking, a white lightning bolt shot out from Leng ruoxue's arms. Whoosh! Whoosh! After a few flashes, only white rays of light were left in the air, but wherever the lightning went, a group of elders fell. Those elders didn't even have the time to scream for help before they directly fainted.

At this moment, the elders who were still safe and sound finally felt fear!

It was really too terrifying! How did the little white cat do it? The elders who were still conscious felt that it was unbelievable, but in the next second, this kind of treatment was on them. In just a few minutes, the elders who had been awake all fell to the ground with pale faces.

This scene made Miao Jie's face turn pale with horror!

How ... How did this happen? Fear, panic, and fear surrounded Miao Jie. He had never felt that death was so close to him. Was this Leng ruoxue's true strength? No, this was only the cat's! It was the kitten that Leng ruoxue carried in his arms all day long, which made him feel that other than acting cute, it was useless! And Leng ruoxue had yet to reveal her true abilities!

However, that cat was enough to make Miao Jie tremble in fear!

All of a sudden, he deeply felt that he and the others had made the wrong decision! Leng ruoxue was just like the legends said—one should never provoke her. But now that he had done so, what was he supposed to do?

Just as Miao Jie's expression was changing like a color palette, Cang had already turned around and returned to Leng ruoxue's arms. Other than the branch guild leaders that they had already recruited, only Miao Jie was safe and sound! And Cang had left Miao Jie behind on purpose!

"Pa!" Miao Jie heard the sound of a heavy object falling to the ground.

Miao Jie looked up and his expression changed drastically.

"You ... You ..." Miao Jie pointed at the object on the ground with a trembling finger. It was the subordinate he had sent to the Divine Master's estate. He was so shocked that he could not speak.

"Guild Master, sob ... I didn't even have the chance to go to the Divine Master's estate before I was captured by them!" When the subordinate saw Miao Jie, he cried as if he had seen a family member.

"You ..." Miao Jie looked at Leng ruoxue with a complicated expression. He took a few deep breaths before continuing, "The current result is the real purpose of you coming to the headquarters, right? The arrest warrant for God Lord cloudripple was just an excuse!"

At this point, what else did Miao Jie not understand?

"Not bad! I came to the Imperial City to take over the headquarters mission!" Leng ruoxue didn't hide anything and told him her true motive.

"If that's the case, why didn't you make a move earlier, and instead let me cause so much trouble like a jumping clown?" Miao Jie was filled with grief and indignation, and there seemed to be tears in his eyes.

He deeply felt that he had been completely played by Leng ruoxue for the past few days! This fact made him quite worried! Leng ruoxue must have been laughing at him in secret!

"Do you think I didn't want to make a move earlier? But you don't have enough people! In addition, I like to subdue my subordinates through peaceful means before resorting to force. If you are willing to submit to me, that would naturally be the best! So, please believe me, I've been giving you time. I won't force you until the end! Unfortunately, you've disappointed me greatly, because you're too insensible!" Leng ruoxue explained with a helpless expression.

In reality! She was very polite to the headquarters. Other than the fact that the headquarters was established by her master, it was also because the higher! Ups here were basically all divine emperors! Since they were experts, they naturally couldn't be treated as they pleased. Therefore, Leng ruoxue gave them enough respect, especially to Miao Jie. She had done her best. After all, she didn't want her future subordinates to have any dissatisfaction with her! After she had done everything she could, these people still insisted on doing things their own way, so she couldn't be blamed!

After hearing Leng ruoxue's explanation, Miao Jie's feelings became even more complicated. It turned out that it was their arrogance that had harmed them!

"Why did you leave me alone? why didn't you let me end up like them?" Miao Jie asked again after a long time.

"You're the Guild leader of the missions Guild, of course you have to be different! Now, make your decision!" Leng ruoxue said with a smile.

"I ... Can't betray the Divine Master!" Miao Jie said after some hesitation. Even though he knew that his answer might anger Leng ruoxue, he really couldn't!

"Because of your father and the others?" Leng ruoxue said. From green vessel's mind-reading ability, she knew more about Miao Jie. This was also one of the reasons why she had not made a move.

Miao Jie was shocked when he heard that.

How did Leng ruoxue know? He didn't even tell his wife about this! Moreover, he had the idea of getting that flower for a moment, and it was also to save his father.

"I know why you've been so loyal to that bitch, ripple mist, since you were young!" Leng ruoxue continued to disclose more exciting news!

This time, Miao Jie was really provoked! One should know that these things had been buried in his heart for many years. Now, no one in the headquarters knew about his past. However, at this moment, Leng ruoxue had found out about all these old things. He was a little afraid!

Uneasily looking at the branch president behind Leng ruoxue, Miao Jie's face was ashen as he asked, "You're saying all this just to get me to surrender?"

"I just wanted to tell you that I can save your father, your master, and the others!" Leng ruoxue said nonchalantly.

However, Miao Jie obviously didn't believe her words. After the secret in his heart was exposed, he slowly calmed down and laughed. "Do you think it's that easy to save them?"

"What if I can save them?" Leng ruoxue asked with a faint smile.

"As long as you can save them, I'll recognize you as my master!" Miao Jie said without hesitation. He did not believe that Leng ruoxue could save her. If it was that easy to save her, he would not have been restrained by fog ripple all these years. He even had to act like he respected fog ripple on the surface, but in reality, he hated fog ripple to death!

"Since that's the case, you can recognize me as your master now!" Leng ruoxue said with a smile.

Miao Jie was dumbfounded. How could this be? If he recognized her as his master, where was she? Was he rescued?

Very quickly, Leng ruoxue answered his question.

"Did you think I was sleeping in my room the past few days? To tell you the truth, I went to save someone!" Leng ruoxue smiled smugly, as if she was willing to see Miao Jie's dumbfounded expression.

Miao Jie was stunned for a moment, but he quickly reacted and asked anxiously, "Where's that person?"

"Jie 'er!" At this moment, an old man's voice sounded from outside the meeting hall.

Miao Jie looked in the direction of the voice and saw a familiar figure in his memory. Tears welled up in his eyes and he pounced on the legs of the person who spoke like a child. He hugged the person's leg and started crying.

"Father!" Miao Jie howled loudly!

The man he was hugging looked extremely old. His body was hunched over and riddled with scars. His clothes were slightly tattered and even emitted a damp and moldy smell. His current appearance made Leng ruoxue, who was watching from the side, feel speechless.

This person was definitely doing this on purpose! He had been rescued for a few days, but he had not changed his clothes or treated his injuries. At the very least, he had to take a bath and wash his face, right? However, in order to make his son feel the pain he had suffered for so many years, this man had actually appeared in such a manner. Miao Jie was probably even more shocked now!

[Chapter 2719 I Don't Need You To Give In \(1\)](#)

However, Leng ruoxue more or less understood what the other party was thinking. She knew that Miao Jie's father was just afraid that Miao Jie had been brainwashed by the fog over the years and had lived a comfortable life for so long that he would forget about his hatred. However, in reality, although Miao Jie had always shown his loyalty to the fog, he was also constantly thinking about saving his father, master, and the others.

However, as time went by, his hard work had not yielded any results. Slowly, he became disheartened. After Leng ruoxue heard about this from Qing Jue, she did not immediately look for Miao Jie. Instead, she went to rescue the people he cared about.

Such an unexpected result was a huge blow to Miao Jie, but it was also easier to win his heart.

Originally, Leng ruoxue did not want to go through so much trouble to treat Miao Jie. After all, he was just a relatively important chess piece in her own spy network back then. However, after knowing Miao Jie's background, she immediately changed her mind.

Miao Jie's father, Miao Yuan, was the first president appointed by her master when he created the mission Guild. However, after her master fell, Miao Yuan was not willing to join the fog, so he was imprisoned by the fog. However, the treatment he received was much better than Dongfang Yue and the others. After all, Miao Yuan and the others were not considered as her master's true subordinates. Moreover, the fog had to use him to restrain Miao Jie and make him work like a slave for her, so she did not abuse him too much!

However, Miao Yuan did not think so. That fellow was extremely loyal to his master and did not think highly of Wu Chen at all. Naturally, he would not be grateful that Wu Chen had shown mercy to him. Moreover, Wu Chen had imprisoned those who did not obey her leadership. As such, Miao Yuan would not appreciate her kindness.

Therefore, even though Miao Yuan had been hiding for the past few days, he did not manage to deal with his image properly. Miao Yuan just wanted Miao Jie to take a good look at him and give him a warning!

Miao Jie didn't let him down. After seeing his father's miserable state, he said angrily, "Father, wuchen promised me that she would treat you well. She ... She actually lied to me? To think that I've been working so hard for her all these years!"

Miao Jie was so angry that he stopped calling her Divine Master and directly called her by her name.

When she heard that she would be treated the same way as Wu Cheng, Leng ruoxue felt uncomfortable in her heart. She really didn't want to be associated with Wu Cheng.

At this time, Miao Yuan also said angrily, "you brat, only you will believe that ingrate's words!" Her words are all lies to three-year-old children!"

"Father, I was wrong!" Miao Jie quickly lowered his head and admitted his mistake with red eyes. He looked exactly like a three-year-old child right now!

"It's good that you know you're in the wrong. In the future, you have to listen to young Master's words, understand?" Miao Yuan ordered with a stern face.

"Young master?" Miao Jie was bewildered. He had no idea who the young master his father was talking about was.

"Idiot! In the future, you will have to listen to young master Leng ruoxue!" Miao Yuan called out his name directly.

At this point, Miao Jie had no choice but to understand. However, he was still a little confused. How did Leng ruoxue suddenly become a young master? "Young master, I will be obedient in the future!" He said obediently.

Leng ruoxue chuckled when she saw Miao Jie's serious and childish words. She did not expect Miao Jie to have such a silly and cute side. However, she still said in a serious tone, "Be good!"

Miao Jie was embarrassed, and his face turned red. His face was burning as if it was on fire.

Suddenly, Miao Jie heard a faint snickering sound and came to a realization. There were still outsiders here! Why did he acknowledge Leng ruoxue as his master?! The outsiders he was referring to were naturally the branch presidents who were watching the commotion with wide eyes.

Understanding Miao Jie's thoughts, Leng ruoxue pointed at the branch presidents and said, "They've been my people for a long time!"

Miao Jie was shocked. These branch presidents had been working for Leng ruoxue since a long time ago? Could it be that she had planned all of this long ago and was now just waiting to cast the net to catch them?

Al! Miao Jie could not help but sigh. No wonder Leng ruoxue looked so confident. Look at what she had done without them noticing. However, the more he understood, the more he felt that he had been like a clown. With that thought, he looked at Leng ruoxue with hidden bitterness and pointed at the elders who had fainted on the ground, "What about them?"

"Naturally, it's a forced master." Leng ruoxue said without a trace of emotion.

Hearing Leng ruoxue's words, Miao Jie felt that she was treating him very well. However, in order to show his loyalty, Miao Jie took the initiative to sign the contract. After all, he was once a member of Fog City. Even if Leng ruoxue didn't mind, he couldn't give others the chance to gossip about him!

As for Leng ruoxue, she was naturally very satisfied with Miao Jie's way of doing things.

After that, the elders who were awakened one by one were told collectively that they would either recognize their master or die!

Choose one!

Under Leng ruoxue's violent suppression, most of the elders tactfully chose to recognize her as their master. In reality, they had no choice! I can't just die, right? They did not have such a high level of awareness! He wasn't that unyielding either!

However, there were always one or two elders who felt that they were different, such as elder Qi. Even at a time like this, he still did not forget to use the Divine Master to threaten Leng ruoxue. He also expressed his deep disdain towards the elders' submission.

"Leng ruoxue, it's not like you defeated us. I'm not convinced! I won't recognize you as my master, and the Divine Master won't let you go. The Divine Master will take revenge for us!" Elder Qi shouted fearlessly. Even Miao Jie, who heard this, could not help but break out in a cold sweat for him.

Of course, he didn't care about elder Qi's life or death. He was just worried about elder Qi's audacity. If he angered his new master, he really didn't know what this seemingly gentle but actually bad-tempered master would do.

As expected, the moment elder Qi finished speaking, Leng ruoxue's smile became even more charming. She then asked, "From elder Qi's words, you mean you want to fight me one-on-one?"

"That's right! I will only submit to you if you defeat me!" Elder Qi cowered, but he still gathered his courage and replied.

"Very good! I like it when you're this tough, come on! I'll give you a chance!" Leng ruoxue was neither angry nor annoyed, and her voice was unusually calm.

"I'll let you make the first move, how about it?" Leng ruoxue added.

Instantly, elder Qi's old face turned red because of Leng ruoxue's words! F * ck! He was a man. If a woman gave way to him, where would he put his face?

"Leng ruoxue, stop looking down on me! I don't need you to give in!" Elder Qi was so angry that he shouted at the top of his lungs.

"Alright then!" Leng ruoxue looked at elder Qi helplessly, then looked at the others with an innocent expression. The expression on her beautiful face seemed to be saying, 'look! He was the one who didn't allow me to!'

[Chapter 2720 I Don't Need You To Give In \(2\)](#)

Seeing this, everyone's lips twitched and cold sweat broke out.

However, what happened next petrified them all.

This was because after elder Qi, who was initially eager to fight, made his move, Leng ruoxue did not receive his attack, nor did she prepare to attack. Instead, she stood calmly on the spot without moving. It was only when the wind blade condensed by elder Qi's divine power was right in front of her that her body swayed slightly. If it were not for everyone's excellent eyesight, they would not have noticed that slight movement.

But what about elder Qi?

The fact that Leng ruoxue had managed to nullify his attack had thoroughly infuriated him. Hence, he did not even think twice before he attacked again. This time, Leng ruoxue finally made a big move.

She immediately turned into a stream of light and shot towards elder Qi. When she was right in front of him, Leng ruoxue gracefully lifted her leg and kicked elder Qi's waist. Then, the crowd saw elder Qi flying towards the wall of the assembly hall like a kite with a broken string ...

With a loud bang, the originally solid wall of the meeting hall had a human-shaped hole in it, and elder Qi was embedded in the wall.

Even though Leng ruoxue rarely did such a thing, she had seen a lot and learned quickly. Hence, the entire set of movements was so smooth that it dazzled the eyes of everyone present and made them exclaim in admiration!

The things that Leng ruoxue had done and the strength that she had displayed had caused them to be completely petrified and shocked. After a long time, they finally regained their senses.

However, the way they looked at Leng ruoxue had completely changed! With elder Qi standing out, the other elders who had wanted to stir up trouble were all like newborn chicks, obedient and honest.

No one wanted to be embedded in the wall like elder Qi and become a mural!

At this time, they both sympathized with elder Qi's encounter, but they could not help but be glad that he had sacrificed himself. Otherwise, they would probably be included in the mural now.

However, after elder Qi became a mural, he did not faint. Instead, he was extremely clear-headed.

After struggling a few times, elder Qi saw that he couldn't break free, so he shouted at the top of his voice, ""Put me down, quickly put me down! Leng ruoxue, did you hear that?"

"Who are you talking to, huh?" Leng ruoxue squinted her beautiful eyes and said indifferently.

"Wuu ... I was wrong, please let me down! I don't want to stay up there!" When elder Qi heard this, he immediately gave in.

The current him was like someone who had been stripped of all his clothes and allowed to be seen by others, making him quite uncomfortable! Moreover, it was a little high up there. He was afraid of heights!

"It's so good up there. You can stand high and see far. The scenery must be very beautiful and charming. Moreover, you're looking down from above, and we all have to look up to you. Isn't this what you've been dreaming of?" Leng ruoxue reminded him with a smile.

Dreams? No way! He did want to be looked up to by the crowd, but definitely not under such circumstances. Right now, he really felt like a monkey in the zoo ... The feeling of being surrounded and discussed by all kinds of people was really not good!

"L-let me down! I'm begging you!" Elder Qi pulled down his old face and begged. He was well aware that without Leng ruoxue's orders, no one would have dared to save him.

"No, I think you look good now. I'm very satisfied!" Leng ruoxue retorted. Then, she shifted her gaze to the other elders and reminded them, ""You can recognize me as your master now."

After that, Leng ruoxue told them about the contract that she was going to sign. It was the one that the parasol tree mother tree had taught her.

When the elders heard this, no one dared to disobey. It was because the reality was very clear. Leng ruoxue could easily take care of them. Furthermore, there was that little kitten that could take care of

them all by itself. It was watching them like a tiger watching its prey. How could they still have the thought to resist?

The signing of the contract went very smoothly.

After becoming one of their own, Leng ruoxue finally gave the elders a smile and told them that their future work location would still be in Imperial City, and the nature of the work in the Guild of missions would remain the same.

When Miao Jie and the elders heard this, they looked at Leng ruoxue in surprise. Then, the elders collectively turned their gazes to Miao Jie. Miao Jie had no choice but to bear the brunt of it and asked the question in everyone's heart, "Young master, we're already your people. It's not good to move around in Yu city under the eyes of Wu Cheng! Moreover, if Rime Ice finds out that we've betrayed them, I'm afraid we'll end up in a terrible state!"

Miao Jie's words echoed the thoughts of everyone present. As soon as he finished speaking, everyone shifted their gaze back to Leng ruoxue in unison. The anticipation in their eyes was self-evident.

They didn't want to stay in Yu city anymore! This was obvious!

"Rime Ice doesn't know that you've betrayed us. As long as you don't say it out loud, you'll still belong to the Divine Master's estate!" Leng ruoxue smiled as she consoled him.

Ugh! Did the new master want them to ...

Now, everyone understood. However, such a thing was indeed very dangerous. As long as they were exposed, what awaited them would be death.

"Master, what should we do with elder Qi? There's also some of the headquarters' normal staff. These people are not easy to deal with!" At this time, an elder who thought of this couldn't help but remind.

"Can't you guys handle the normal staff?" Leng ruoxue asked in disbelief.

"Uh! We don't have a problem with the ordinary staff, but it's a big problem for elder Qi!" The elder said after some thought.

"He's even less of a problem. As long as you don't put him down, he won't be able to come down himself!" Leng ruoxue laughed evilly. Elder Qi had set it quite firmly.

"....."

Hearing this, all the elders looked at elder Qi, who was hanging on the wall as a mural, with sympathy. Then, that elder said worriedly, "We're afraid that he'll talk nonsense. There are so many people coming and going here. It'll be terrible if something reaches the Divine Master's estate!"

"I see! Why don't we give him some mute medicine so that he can't make a sound?" Leng ruoxue's suggestion was met with deep agreement from the elders.

Listening to Leng ruoxue and the rest talking about how to deal with him, elder Qi was so depressed that he wished he could faint. However, at this moment, he was full of energy and couldn't faint even if he wanted to. However, the feeling of listening to everyone talking about him was really uncomfortable!

"Please spare me! I was wrong! I'll recognize you as my master!" Elder Qi wanted to cry but had no tears.

"You're not sincere enough," Leng ruoxue obviously despised him.

Tears streamed down elder Qi's face, and he wished he could kneel down in front of Leng ruoxue.

Why did the other elders not receive such treatment, but he had to be tortured like this! It was not fair! This is not fair! It was extremely unfair to him!

The Furious elder Qi made up his mind and said with tears streaming down his face, ""Then what do you want? just tell me!"
