

Crazy Wife 2741

[Chapter 2741 Black-Bellied Shui Mo \(2\)](#)

On the surface, Feng Ye looked like he was crying very sadly, but in his heart, he was very satisfied with his own adaptability. If he had continued to argue with his opponent, he would have definitely lost!

Feng Ye was proud of his wit, but his face darkened when he saw Shui mo and Bing Yun like this.

This was too embarrassing, wasn't it?

Do you have to embarrass the Qilin clan like this? Or do you think that you've already become someone else's servant, so you don't need to care about the Qilin race's reputation anymore?

Thinking here, Bing Yunhao ruthlessly kicked Feng Ye's huge body. His foot just happened to land on his butt and sent him flying.

"Argh! Bingyun, you bastard!" Following this sentence, a thump was heard as an object landed on the ground and disappeared from Leng ruoxue and the others' sight.

"I'm sorry, I've made a fool of myself!" Bing Yun finished all of this very calmly, then said to Leng ruoxue and the rest with a smile.

Leng ruoxue was speechless. Uncle Long and the master of the Ning family were starting to pity Feng Ye, that old Qilin. In fact, from an outsider's point of view, that old Qilin really didn't say anything that was too much. Even though what it said before wasn't pleasant to the ears, it was only because it was worried about that little girl Xue'er! More importantly, the Qilin didn't know how powerful Xue'er's flame was. As the saying goes, one can't blame those who didn't know, so they really felt that the Qilin wasn't unforgivable! However, the reality was clear. Xue'er was standing on his little Beastie's side. As such, they naturally could not help outsiders.

After mourning for Feng Ye for three minutes, Uncle Long took the initiative to change the topic and asked, "Now that the soul devouring insects have been eliminated, can we continue moving forward?"

"En!" Shui mo nodded. Even though he was surprised that Leng ruoxue could kill the soul devouring bugs, there was no need to waste any more time here. However, Feng Ye had not returned yet. If he left now, wouldn't he be left here alone? To be honest, it was a little worried about Feng Ye's carefree personality.

However, just as it was thinking this, it heard a weak voice in its ear. "Wuwu ... You guys are really bullying the honest Qilin!"

As soon as he finished speaking, a blue Kirin with a swollen face appeared in front of everyone.

Leng ruoxue and the rest glanced at Feng Ye's new image and were worried about his low intelligence. Where did she fall? Why is your face so swollen?

"How did you end up like this? I didn't kick too hard?" Bingyun, who was the most surprised, directly asked what everyone was thinking.

"You didn't kick me hard, but you kicked me into a hornet's nest, wuu ..." Feng Ye roared. After that, he started crying without caring about his image.

This time, Bing Yun miraculously didn't find it embarrassing. Instead, she looked at Feng Ye, who was crying very sadly, with a face full of guilt, not knowing how to comfort him.

Leng ruoxue and the rest who were watching from the side were all very sympathetic towards Feng Ye. Baby even took the initiative to say out of kindness, "How tragic! Al! Seeing that you're already so pitiful, I won't hold it against you for cursing my lovely master. But you have to remember, you can eat whatever you want, but you can't say whatever you want! Do you know what it means to get into trouble from the mouth? It's referring to your previous appearance!"

Baby's words were very meaningful and Feng Ye nodded his head repeatedly. However, no one knew if it would remember. However, Feng Ye's danger was finally over.

After that, everyone continued on their way.

On the way, as the host, bingyun kept consoling Leng ruoxue, the three humans, and the five beasts, "Don't worry, the soul devouring insects shouldn't appear again. Under normal circumstances, they only appear once a day. "

However, just as it finished speaking, Leng ruoxue, the three humans, five beasts, and the two Qilins, Shui mo and Feng Ye, heard a buzzing sound from afar. Then, countless flames came closer and surrounded them from all directions ...

"It seems like the soul devouring insects are working overtime today." Leng ruoxue couldn't help but tease them when she saw how nervous they were.

"Don't joke around, okay?" Bingyun said gloomily. He had just said that the soul devouring bugs would not appear, and now they had appeared in large numbers all around. Wasn't this a slap to his face?

Bingyun was very angry, and the consequences were very serious.

An ice-blue Qilin was charging in the direction of the fire with a monstrous rage.

When Leng ruoxue saw this, she couldn't help but worry, "It's okay for it to be so impulsive, right?"

"It's alright, we're already used to it!" Feng Ye said without a care.

With regards to its words, Leng ruoxue truly felt that Feng Ye was taking the opportunity to take revenge.

"Detestable! Your target should be me!" Suddenly, Bing Yun's furious roar came from afar.

Everyone did not know what was going on. They looked up and suddenly realized that those soul devouring bugs that usually liked Qilin had actually passed by Bing Yun's side at this moment and were flying in their direction.

"What's going on? Why didn't that ice block even attract a single soul devouring bug?" The soaring flames made Feng Ye, who was in disbelief, feel a little confused!

This didn't make sense! It shouldn't be like this!

"Little girl, they seem to be coming for you!" Shui mo, who felt that something was wrong, couldn't help but remind him.

"Yes, it's very likely that he's here to take revenge on me." Leng ruoxue replied calmly. After some thought, she asked, "Senior Shui mo, if I accidentally destroy your barrier and your opponent, your Qilin race won't blame me, right?"

"....."

Shui mo couldn't help but wipe the cold sweat off his forehead and said, "It's more important to save your life!"

In fact, it really wanted to say that the soul devouring insects could not be exterminated because these insects had a very short lifespan. Even if they did not kill the soul devouring insects, when the time was up, these small insects would still die, and new soul devouring insects would be born in the devil's Forest at that time! This was also the privilege that nature had given to the devil's Forest! However, Shui mo didn't dare to tell Leng ruoxue this. He was afraid that it would be his fault if he caused Leng ruoxue too much pressure.

However, Leng ruoxue had nothing to worry about since Shui Mo's life was more important.

"Godfather, uncle long, and my baby, stay away from me and protect yourselves." Leng ruoxue ordered.

When uncle long, master ning, and the five little beasts heard Leng ruoxue's words, they tactfully distanced themselves from her and pulled away the two Qilins that wanted to help.

Shui mo did not have any objections to this because he clearly realized that Leng ruoxue was more powerful than he had imagined. However, Feng Ye was not tactful and thought that they were not loyal.

"How can you do this? we're partners!" Feng Ye shouted.

"Shut up! Don't cause any trouble for my cute master!" Treasure was furious and couldn't take it anymore.

[Chapter 2742 Black-Bellied Shui Mo \(3\)](#)

Feng Ye felt wronged and mumbled, "How can you say that I'm causing trouble? I only wanted to help."

It hurts my self-esteem! Feng Ye truly felt that he had never been so despised in his long life. But now, in front of Leng ruoxue and the others, he obviously had no status. This fact made him so sad that he wished he could buy a piece of tofu and knock his head on it.

However, it was obvious that no human or beast cared about what it thought. Treasure was even more direct and said in an unpleasant tone, "If you help, you'll only be causing trouble for my master, so just stay here! Don't get in the way!"

Baby's disdainful eyes and tone made Feng Ye so depressed that he couldn't refute. Shui mo looked at him sympathetically but didn't say anything. It didn't want people to think that it was on the same level as Feng Ye, as that would lower its intelligence!

At this moment, Bing Yun, who had been chasing after the flames, also came back dejectedly.

Glancing at Leng ruoxue, who was already surrounded by flames, Bing Yun wanted to help her for a moment. However, when he saw that the other humans and beasts were watching from the side, he gave up.

Wu ... It was obvious that Leng ruoxue had a way to deal with those insects. Furthermore, her methods were rather brutal and intense. It was definitely not on the same level as his gentle methods.

Yes! Compared to Leng ruoxue, Bing Yun truly felt that his attack methods were too gentle. It was just that he could not understand why those bugs were like moths to a flame, targeting Leng ruoxue.

It could tell that the soul devouring insects were still afraid of Leng ruoxue's flames. However, they still charged forward without a care. This left it puzzled no matter how much it thought about it.

Not long after, the huge number of soul devouring insects were burned into dust by Leng ruoxue's powerful flames and dissipated into the air.

As for Leng ruoxue, she was still safe and sound!

This scene caused Feng Ye to widen his eyes helplessly. This was too unscientific! The soul devouring insects that they had a hard time dealing with had become so fragile in front of Leng ruoxue. They were even burned to ashes like trash. What, what kind of flame was this? How could he be so powerful?

Was he seeing things?

Feng Ye rubbed his eyes hard. The soul devouring bugs were really gone!

"Let's continue!" Ignoring Feng Ye's shocked expression, Leng ruoxue said calmly.

Shui mo nodded and asked as they walked, "Little girl, is that your life flame?"

"Yes, I am!" Leng ruoxue replied honestly.

"It's really powerful. I'm afraid even the Phoenix tribe's Southern spirit li fire can't compare!" Shui mo said.

"Of course I can't." Before Leng ruoxue could reply, darling spoke with a sense of pride.

"Baby, we have to be humble. Even if you can't compare to us, you can't say it so directly, understand? I have to find a chance to prove it!" Leng ruoxue said in all seriousness.

"I know, cute master!" Baby was very obedient and said.

Hearing the conversation between the two master beasts, even the calm Shui mo was speechless. To be humble? He still had to find an opportunity to prove it? Didn't that mean that they were going to cause trouble for the Feng clan?

Al! The poor Phoenix Clan! Why did he provoke this little girl? Shui mo felt sorry for the Phoenix King in his heart. He felt sorry for them, but he had no intention of interfering in the conflict between Leng ruoxue and the Phoenix Clan. It was none of the Qilin clan's business anyway. If the Phoenix Clan wanted to die, they could just go ahead!

Although they were all the four King beasts and the Qilin clan had been cultivating for the past 10000 years, Shui mo knew everything about Leng ruoxue and the conflict between her and the other three king beasts. However, her status as master Yu's disciple was enough for Shui mo to stand on her side.

With this thought, Shui mo naturally found Leng ruoxue pleasing to the eye. He started to look down on the other three families who were also part of the four great beast Kings.

Everyone continued to walk forward. After walking for who knows how long, Bing Yun suddenly opened his mouth and said, "After this, we'll be out of the devil forest!"

Woo...This was great. The devil forest was such a ghostly place that hurt its pride. It didn't want to stay a moment longer!

"Did you hear something?" Just as Bing Yun's words fell, Leng ruoxue asked again.

"No, I didn't! What's wrong?" Bing Yun blinked his eyes in surprise, his face blank and ignorant.

"I think I heard the sound of ghosts wailing and wolves howling!" Leng ruoxue said calmly.

"You bastard! That's the wailing of ghosts and the howling of wolves!" At this time, an angry roar sounded in everyone's ears.

The group of people immediately raised their vigilance and observed their surroundings.

"Who is it? Get out here! Don't play tricks!" Leng ruoxue shouted.

"Hmph! Come out then, do you think I'm afraid of you!" As soon as he finished speaking, a huge object covered the sky and pounced towards Leng ruoxue and the others.

Everyone quickly dodged and focused their eyes to take a look. It was actually a huge bug that was shining with golden light and burning with flames. It was similar to the soul devouring bug that Leng ruoxue had killed previously. However, this was an enlarged version. Its color and strength were also very different from the previous soul devouring bug. This one's strength was obviously much stronger.

"You're a soul devouring insect?" Leng ruoxue asked as she looked at the ferocious and unfriendly giant insect.

"What kind of eyesight do you have, how can I be a soul devouring insect? I'm clearly the King of Soul devouring insects!" The King of Soul devouring insects, who had been lowered in status, roared in anger.

When Leng ruoxue heard this, she couldn't help but roll her eyes. She thought to herself, isn't this the same? is there a difference? They were all bugs anyway.

As for the King of Soul devouring insects that Leng ruoxue had identified as a soul devouring insect, even though it did not know how to read minds, it could tell that this detestable woman did not think much of its identity. This fact made it even angrier, and the flames on its body grew even higher. Following that, it continued to roar, "Despicable human, you killed so many of my descendants. I won't let you off! You're all dead!"

"So all the soul devouring insects here were born by you?" Leng ruoxue came to a sudden realization. Then, she continued to say nonchalantly, "Since you are so good at giving birth, just keep giving birth. I

didn't kill you anyway. However, it's not good to give birth to too many insects, so I sincerely suggest that you don't give birth anymore. Keeping your life is the best way. As for revenge, don't even think about it!"

When the King of Soul devouring insects heard this, it couldn't control the anger in its heart. Then, everyone heard it roar angrily, ""You bastard! Is it something I can control? You're quite a busybody, I think you'd better think about how to be safe! I, the powerful king of Soul devouring insects, will absolutely not let you off! Humans! Get ready to receive my attack!"

"Do you really want to fight?" Leng ruoxue asked indifferently.

"Of course! We must fight!" The King of Soul devouring insects roared.

"Are you sure you're the King of Soul devouring insects? And not just growing a little bigger?" Shui mo, who had been watching coldly, suddenly asked curiously.

"Qilin, you ... What do you mean by this?" The King of Soul devouring insects was unhappy that the Qilin doubted its identity. However, after being 'friendly' with the Qilin for so long, it did not want to be an enemy of the Qilin. Therefore, it spoke to Shui mo in a polite tone, but it was still fierce to a human like Leng ruoxue.

"I've lived for so many years, but I've never heard of the existence of the King of Soul devouring insects. And as far as I know, the soul devouring insects in Devil's Forest are all bred by Devil's Forest, so you're not the King of Soul devouring insects. You're just too fat, so you mistakenly think you're the King of Soul devouring insects!" Shui mo said with certainty, looking as if he had been tricked.

When Leng ruoxue heard this, she laughed in her heart. She did not expect Shui mo to have such a Black-bellied side. From the way he was so natural when he was a black bug, it was obvious that this was not the first time he had done something like this. This was beyond Leng ruoxue's expectations. It was obvious that Shui mo was more energetic and cute like this.

However, the King of Soul devouring insects did not find Shui mo cute at all. It truly felt that this old Qilin was extremely annoying! He actually called it fat and even suspected that it wasn't the King of Soul devouring insects!

"You bastard!" Who else could it be?

"How am I not the King of Soul devouring insects? I'm the appointed King of Soul devouring insects in the devil forest!" After a long time, the King of Soul devouring insects roared in anger, its trembling body fully showing the anger in its heart.

"Does the devil's Forest have consciousness? How could they appoint you?" When Leng ruoxue heard this, she also raised her own doubts.

Shui mo nodded in agreement. On this point, it had the same thoughts as Leng ruoxue.

"Can't you just accept my fate just because I have no consciousness? Hmph! This insect was born to be the King of Soul devouring insects, this is inborn, do you understand?" The King of Soul devouring insects shuddered and roared.

Unfortunately, no matter how angry it was, Leng ruoxue and Shui mo didn't believe its words. The human and Qilin even looked at each other with tacit understanding and smiled.

The two of them reached an agreement in an instant. If this King of Soul devouring insects knew its own limitations, then he would not kill it. After all, the Qilin race needed the existence of soul devouring insects. However, if this insect was insistent on doing things its own way, then he could only apologize.

After making the decision, Shui mo smiled and said to the king of Soul devouring insects, "Little bug, seeing that it's not easy for you to cultivate, we're willing to let you live. It's up to you to see if you can grasp it. What do you think?"

"I don't think so!" The King of Soul devouring insects was furious. What was the meaning of this? The other party was clearly looking down on him!

[Chapter 2743 The Qilin Clan \(1\)](#)

It had to be said that the King of Soul devouring insects was the truth.

The King of Soul devouring insects, who had realized the truth, charged towards Leng ruoxue with an unprecedented rage.

Leng ruoxue calmly raised her eyes and kicked the King of Soul devouring insects that was flying towards her. Her entire set of movements was smooth and natural. The King of Soul devouring insects, who was not mentally prepared and had intended to show off its might to Leng ruoxue, was sent flying with a kick from Leng ruoxue. It received the same treatment as Feng Ye.

With a bang, a loud sound came from afar. The forest and earth trembled because of the loud sound. Feng Ye, who clearly felt it, could not help but cover his face. Could he say that he sincerely hoped that the King of Soul devouring insects would be kicked into the hornet's nest like him?

However, the King of Soul devouring insects' treatment was obviously worse than its own. This was because the King of Soul devouring insects that was kicked did not appear for a long time after it was sent flying. Of course, Leng ruoxue and the rest did not deliberately wait for it to appear. After kicking the other party away, the group of people continued to walk forward in a natural manner. It was only when they were almost out of the devil forest that the huge King of Soul devouring insects dragged its injured body and crawled behind them.

The pitiful King of Soul devouring bugs even roared out with a face of grief and indignation, "Detestable! You're really too hateful, to actually treat this insect like this! I, I, the bug King, will not let you off!"

At first, the King of Soul devouring insects felt that its roar was very imposing, but Leng ruoxue had only turned her head slightly and her beautiful eyes had swept over it lightly. It immediately revealed a pitiful little wife-like smile and stood rooted to the ground, not daring to move.

"Little bug, how are you going to not let us go?" Leng ruoxue asked with a smile.

"I, I ..." The King of Soul devouring insects stammered. It could not answer. Although it instinctively felt that the human in front of it was very scary, her flames were very attractive to it, causing it to want to pounce on her, but after pouncing once and being kicked away, it was a little timid.

Compared to those soul devouring insects that had no intelligence and only acted on instinct, as a King, it was obviously much more intelligent and sensible. But now, it was at a loss and helpless. What should it do?

The King of Soul devouring insects thought hard, frowning in worry.

However, Leng ruoxue didn't have the time to just stand there and wait. After giving everyone a look, they decided to continue moving forward.

Seeing that they were about to leave, the King of Soul devouring insects ignored its fear and dragged its injured body to block Leng ruoxue and the others. It shouted, "You, you can't leave!"

"Little bug, what do you want? We asked but you didn't answer, we left but you didn't let us, what are you trying to do? Or do you still want to fight? I'd advise you not to, because you're going to lose for sure!" Leng ruoxue helplessly reminded him.

"I ..." The King of Soul devouring insects did not know what it wanted to do, but it knew that it could not let them leave just like that. Otherwise, what prestige would it have left?

But it wouldn't let him, alright?

Leng ruoxue laughed lightly before saying, "you're quite an interesting little insect. You won't let us leave, yet you don't know what you want to do. Sigh! I advise you to think about it before coming to me! I'll be a guest at the Qilin clan. If you've decided, you can find me there!"

With that, Leng ruoxue gave Shui mo a look and the group walked past the soul devouring insect King, who was obviously in a bad state. Under its gaze, they left the demon forest.

After Leng ruoxue and the rest left, the King of Soul devouring insects could not take the blow and finally burst into tears.

Wuu ... Why is it so useless! It was not worthy of its title as the King of Soul devouring insects!

It was a pity that Leng ruoxue and the others could not see its regret and sadness.

The King of Soul devouring insects didn't think it was that bold.

If there were only a few Qilin, it would be willing to play with them, but in the Qilin's nest, it was better not to!

With this thought, the King of Soul devouring insects retreated back into the forest.

At the same time, Leng ruoxue and the rest were not far from the Qilin clan's territory.

Of course, Feng Ye was the one who said that. Leng ruoxue was obviously suspicious of Feng Ye's words. The facts proved that Feng Ye's words were indeed watered down. After walking for half a day, they still had not reached the territory that Feng Ye had mentioned. Leng ruoxue was a little angry.

She glared at Feng Ye and questioned, "Feng Ye, didn't you say that the territory of the Qilin clan is not far away? Why aren't they here yet?"

"It's not far! But you guys are walking too slowly, so we had no choice but to slow down our own pace to accompany you, Al!" Feng Ye explained. After he was done, he sighed heavily. His eyes subconsciously swept towards Leng ruoxue's legs. He felt sick in his heart. She wanted to walk fast with such short, thin, and small legs? Was that even possible?

It was impossible for Feng Ye's peculiar gaze to not attract Leng ruoxue's attention. Leng ruoxue followed its gaze and realized that it was focused on her leg. Then, she unconsciously glanced at Feng Ye's leg. When she compared the two, she was furious!

"You bastard!" The other party was really despising her again! It was no wonder that she was said to be walking slowly. Compared to the other party's thick legs, Leng ruoxue realized that she was really small and she was indeed not as tall as Feng Ye's leg!

Uncle can endure it, but aunt can 't!

When the Furious Leng ruoxue discovered this depressing fact, she did not hold back and kicked Feng Ye's butt. Feng Ye was not prepared at all and was kicked right in the face.

However, Leng ruoxue did not use much strength, but Feng Ye still felt wronged.

Frowning, Feng Ye said with a choked voice, ""Xue 'er, how could you kick my ass? Wu.....Only my woman can kick around here!"

"Oh, really? What about it?" Leng ruoxue sneered as she pointed at Bing Yun.

Bingyun's face darkened, and he raised his front leg, wanting to hit him again. Feng Xun trembled, cowering without a backbone."It, it's an exception!"

"Since it can be an exception, I believe I can too!" Leng ruoxue waved her fist as a warning, then revealed her own purple-red flame.

Instantly, Feng Ye burst into tears!

Wu...How could he bully the honest Qilin like this? Don't be so shameless, alright?

Feng Ye was very worried. He really felt that it was not good to bully others with his fists, especially when he was the one being bullied. He felt even worse.

More importantly, it did not dare to resist Leng ruoxue. Before leaving Demon City, the little kitten had personally called it to the side and warned it to take good care of Leng ruoxue. If Leng ruoxue lost even a single strand of hair, it would be held responsible!

It was precisely because of this that it could only swallow its anger.

Al! In the entire divine realm, there probably wouldn't be a Qilin that was more unlucky and miserable than it, right?

Unfortunately, the people in front of it, be it humans or beasts, were not to be trifled with and could not be trifled with!

[Chapter 2744 The Qilin Clan \(2\)](#)

Feng Ye sighed and sobbed. "You're an exception too. Alright?!"

"This is more like it." Leng ruoxue nodded her head in satisfaction. Then, she gave him another kick and roared, ""Continue to lead the way. Don't use your legs to compete with ours!"

"I know!" Feng Ye replied like a wronged wife and walked slowly in front of the group.

A few hours later, Feng Ye finally heaved a sigh of relief and said, ""We've arrived at the territory of the Qilin clan!"

"Where are you?" Leng ruoxue's beautiful eyes scanned her surroundings. She clearly felt that Feng Ye was toying with her. There were mountains on three sides in front of them, and a cliff was right in front of them. How did this look like the territory of the Qilin clan?

"Just go down!" As expected, Feng Ye pointed at the cliff.

"....."

Leng ruoxue broke out in a cold sweat.

Although it wasn't like she had never descended to the bottom of a cliff before, the cliff in front of her was obviously much larger and deeper than the ones she had seen before.

As they approached the edge of the cliff, the cold wind rustled, and it was pitch-black inside.

Leng ruoxue truly didn't like a place like this. She didn't expect the Qilin clan to live at the bottom of the cliff. No wonder he was so mysterious. And this cliff, without the strength of a divine Emperor or even a Hierarch, one could forget about going down safely!

More importantly, even if he managed to get down safely, the Qilin clan would probably treat him as an uninvited enemy and attack him fiercely. Leng ruoxue couldn't help but shiver at the thought of the consequences.

The result would be too terrifying, wouldn't it?

As if he could read Leng ruoxue's mind, Feng Ye provoked her, ""What, are you afraid?"

"Which eye of yours can tell that I'm afraid?" Leng ruoxue gave a faint smile and then kicked Feng Ye unceremoniously. Feng Ye, who was just in the middle of showing off, did not expect Leng ruoxue to suddenly attack him. He lost his balance and fell straight down the cliff ...

Ah ...!

Feng Ye's angry voice resounded from the cliff. When Leng ruoxue heard it, she looked at Shui mo and Bing Yun, who did not have any reaction, and said, ""Let's go down too!"

"Alright!" The two Qilins nodded their heads blankly and prayed for Feng Ye in their hearts. They hoped that his ugly behavior would not be known by the entire Qilin clan! Otherwise, he would lose a lot of face.

They watched as Leng ruoxue picked up her five little beasts and followed Feng Ye down the cliff. The two Qilins then looked at uncle long and master ning.

The two of them sighed silently. Why did it feel like suicide?

However, the two of them still jumped in.

Finally, it was Shui mo and Bing Yun's turn.

After jumping off the cliff, everyone had already adjusted their conditions and floated down slowly with the help of the wind.

As they descended, Leng ruoxue and the rest could clearly feel the cold. Not only that, but the bottom of the cliff was very deep. After floating for about half an hour, they landed safely.

The scenery at the bottom of the cliff instantly opened everyone's eyes.

It could be said that from the top of the cliff to the middle of the cliff, the temperature was always very low. However, when they reached the bottom of the cliff, it was like spring all year round, with flowers in full bloom and all living things recovering.

"What do you think? our place is not bad, right?" Seeing everyone's surprise, Bing Yun could not help but ask with pride.

"It's beautiful, provided that the fool isn't hanging from the tree." Leng ruoxue laughed evilly. It wasn't that she didn't want to give face to the Qilin clan, but Feng Ye's current appearance was simply too funny.

Feng Ye, who had been kicked off the cliff earlier than them, clearly did not adjust his landing position and fell onto a tree. Actually, even if it had fallen onto a tree, it wouldn't have been a big deal. But what was strange about Feng Xun was that he was actually hanging upside down.

Al! I really don't know what it's doing. Leng ruoxue was extremely surprised, while Bing Yun was burning with anger!

Damn it! The Qilin clan's face had been completely thrown away by Feng Ye!

At this time, Feng Ye, who clearly did not feel that he was embarrassed, even waved at Bing Yun in a friendly manner and reminded loudly, ""I'm here, put me down!"

When bingyun heard that, she immediately turned her head, pretending not to know the other party.

Seeing this, Leng ruoxue pointed at Feng Ye and reminded, ""It's calling you!"

"Young lady Leng, let's enter the clan quickly! I'm sure the acting clan head and the elders are all waiting anxiously. " Bing Yun ignored Leng ruoxue's warning and changed the topic.

"Then go in!" She gave Feng Ye a look that said 'you're on your own' before following Bing Yun's footsteps. She led uncle long, master ning and the five little beasts and swaggered into the Qilin clan.

When they arrived at the Qilin clan, Leng ruoxue, the three humans, and the five beasts were first arranged to sit in the living room. After that, bingyun came to tell them with an apologetic face that the elders were in a meeting and were afraid that they could not see them now. Following that, he enthusiastically arranged accommodation for Leng ruoxue and the other two.

Leng ruoxue and the other two naturally had no doubts about Bing Yun's arrangement.

The next morning.

Leng ruoxue had just left the room when she realized that Feng Ye was blocking her door with a sorrowful expression. He was looking at her with hidden bitterness.

Leng ruoxue shuddered and smiled, "What's wrong? did you come down from the tree?"

"Hmph! It'll be too late by the time you come to save me!" As for Leng ruoxue's actions of rubbing salt into his wound, Feng Ye looked down on her.

"Is this my fault?" Leng ruoxue felt that she was innocent. It was obviously Bing Yun who didn't want to save her! Why was this guy blaming her now?

"Who else could it be if not you? If you didn't kick me off the cliff, would I have hung on the tree? You're still not saving me. " Feng Ye said bitterly.

"Hanging on a tree only shows that you're too stupid, and your balance isn't good. You've really wronged me!" Leng ruoxue said with a helpless expression.

"Wrongly accused you?" Feng Ye didn't expect Leng ruoxue to be so shameless. How could she not admit to such an obvious thing?

"En, the one who didn't save her was clearly your little companion bingyun and not me!" Leng ruoxue said, throwing away all responsibility.

"He didn't save her, but you couldn't have saved her?" Feng Ye was speechless. How could this detestable woman be like this? Shameless, he was too shameless!

"I wanted to save you, but you were in your original form at that time. Look at my small arms and legs, can I save you?" Leng ruoxue gestured with her little arms and legs and answered honestly.

Feng Ye was so choked that he didn't know what to say. He didn't ask her to carry him down. It was just a matter of lifting a finger to help him. Why did it sound like it was such a difficult thing for her?

Seeing that Feng Ye had stopped talking, Leng ruoxue continued, "See, you also think what I said makes sense! AI! It's not that I didn't want to help, but my ability is limited!"

"I'm too lazy to talk to you about this!" Feng Ye was filled with grief and anger, then he said hatefully, "You should prepare for that. The acting clan head and the elders will see you in 1 hour!"

[Chapter 2745 The Qilin Clan \(3\)](#)

He had actually come to pass on the news and to complain at the same time. Who knew that not only did he not gain any advantage, he was also angered to death!

"I'll come and pick you up in an hour!" Feng Ye added, then turned and left.

Seeing that Feng Ye had left, Leng ruoxue turned around and went to look for uncle long and Godfather. After telling them the news, the two of them were a little excited.

"Uncle long, Godfather," Leng ruoxue was puzzled and asked curiously, "it's only the acting clan leader and elders of the Qilin clan who want to see us. Why are you so agitated?" "Calm down! Don't let people think that we've never seen the world!"

"Stinky girl, what nonsense are you talking about? How can we not have seen the world!" Hearing Leng ruoxue's words, master ning was enraged.

But soon after, he said with a slight worry, "Although we've seen a lot of things, the seniors of the Qilin clan are still worthy of our respect."

"Godfather, are you sure that the Qilin clan's acting clan leader and elders are all your seniors?" Leng ruoxue felt that there was something wrong with her Godfather's way of thinking, so she could not help but ask. Godfather and uncle long had lived for a long time. Those who could become their seniors must be old acquaintances, and those old acquaintances would not easily meet people!

Thus, Leng ruoxue truly felt that it would not be easy to meet the old Qilin who was of the same generation as Shui mo.

Hearing this, master ning and uncle Long's faces turned red. They truly felt that they were a little too uncollected. In reality, the current acting patriarch and most of the elders of the Qilin clan should be of similar seniority to them. The so-called senior that they spoke of had probably already stopped caring about other people's business, so how could he possibly meet them?

With this thought in mind, the two immediately calmed down.

An hour later.

Feng Ye came as promised. There was a handsome young man beside him.

With a dark expression, Feng Ye pointed at the man beside him and introduced him, "Feng Qiong, you claim to be the most handsome man in the Qilin race, but in reality, you're just an embroidered pillow with gold and Jade on the outside but rotten on the inside. You can just casually say hello, don't take it too seriously."

Hearing Feng Ye's reluctant introduction, Leng ruoxue's face was filled with black lines.

Is this how you introduce others? These two people didn't get along at all!

However, the young man named Feng Qiong did not mind what Feng Ye said about him. He smiled politely and said, "I've heard of miss Leng's name for a long time. However, I need to explain that I'm not claiming to be the most handsome man in the Qilin clan. It's all recognized by the clan. In addition, my strength is not low, and I'm definitely not an embroidered pillow."

Leng ruoxue agreed with Feng Qiong's explanation. This man's strength was indeed not low, and he was actually a reverent-God.

After some thought, Leng ruoxue smiled and said, "It's a pleasure to meet you, Your Excellency wind dome. If I may ask, you and Feng Ye both have the surname Feng, are you brothers?"

Leng ruoxue was curious about this. Furthermore, she was surprised to find out that there were many surnames in the Qilin clan. The ones that she knew were water, wind, and ice. She wondered if there were any others.

"We are definitely not brothers!" After hearing Leng ruoxue's words, Feng Ye and Feng Qiong said in unison.

Feng Ye's voice was louder, while Feng Qiong's was gentler. Following that, Feng Qiong smiled and explained to Leng ruoxue, ""We have the same surname Feng because we're both wind attribute Qilins. Our attributes are also our surnames. The Qilin of our Qilin clan is mainly of the five attributes, with a small number of mutated Qilin. The five main attributes are mainly wind, fire, water, metal, and wood. The lightning and ice attributes are the variant Qilin, and they are very rare. "

After listening to Feng Qiong's explanation, Leng ruoxue finally understood the origin of their surnames. However, seeing that Leng ruoxue didn't quite understand these things, Feng Qiong was still a little surprised. ""Why, didn't Feng Ye tell you this?"

"No, he's been disgusted with me since the first time we met." Leng ruoxue complained.

"Uh! He has always been like this, you don't have to mind, really!" Hearing this, Feng Qiong kindly comforted him.

The two of them echoed each other and this made Feng Ye completely angry.

"Leng ruoxue, don't wrong me! When have I ever despised you?!" Feng yehuo roared.

Towards Leng ruoxue's false accusations, Feng Ye felt extremely aggrieved. However, Leng ruoxue had clearly pointed out the truth and even used the scene when they first met to remind him. Instantly, Feng Ye wilted.

Sob ... A single misstep could turn into a moment of eternal hatred! Feng Ye finally remembered. It was also from then on that he lost his freedom and became a cat's servant.

Seeing that Feng Ye was being honest, Leng ruoxue did not make things difficult for him. She smiled and said, ""Didn't your acting chief and elders want to see us? Let's go quickly! Don't let them wait too long. "

"Alright," he said. Feng Qiong nodded, then glanced at Feng Ye sympathetically, thinking, 'this guy has provoked a little devil!' He had to remember not to provoke Leng ruoxue.

With this thought in mind, Feng Qiong's smile became even gentler when he faced Leng ruoxue.

After Feng Qiong and the depressed Feng Ye brought Leng ruoxue, the three humans, and the five beasts to the living room, the two of them immediately turned and left.

Leng ruoxue, on the other hand, walked into the living room calmly.

This time, the large living room was not as empty as last time. It was already filled with people and Qilin.

When she saw the people and the Qilin's expressions, Leng ruoxue was slightly stunned at first, but she quickly regained her composure.

It seemed that the beasts of the Qilin race were quite carefree. Looking at the ones in front of him, they had transformed into human forms and maintained their beast forms. It was truly an eye-opener.

Leng ruoxue nodded slightly at the giant fiery-red Qilin sitting at the head of the table as a greeting. The fiery-red Qilin was obviously giving Leng ruoxue face. It chuckled and said, ""Miss Leng, Your Excellency Dragon whale, master ning, and of course, these five cute little beasts. Please feel free to sit."

Hearing this, the three of them found empty chairs and sat down. The five little beasts lay in Leng ruoxue's arms as if there was no one else around. Then, before anyone could speak, everyone stared at each other.

This result was largely due to the fact that both sides were very interested in each other, so they didn't bother to talk first. Instead, they both began to observe each other.

After a long while, the huge fire Qilin was a little embarrassed and said apologetically, ""I'm sorry, miss Leng. We're too curious about you, so we're a little rude. Let me introduce myself first. I'm the acting clan leader of the Qilin clan, Huo Yue! I'm very happy to have the opportunity to meet you all. "

"We are also very curious about the Qilin race." Hearing Huo Yue's words, Leng ruoxue went along with it.

"Hehe! As such, isn't our meeting just what we've been hoping for?" Huo Yue laughed.

"Who said it wasn't!" Leng ruoxue laughed. Then, she took out a storage ring and said, ""I've prepared some gifts for the Qilin of the Qilin clan. I hope you'll like them,"

As the saying went, 'one should not blame others for giving too many gifts'. Fire Yue had already heard about this from Bing Yun and knew what Leng ruoxue had prepared. Naturally, he accepted it gladly, but he still said politely, ""I'm sorry to let miss Leng spend so much money. "

"You're too kind, fire Yue. I actually refined all the pills myself. It didn't take much effort. As long as you're satisfied, it's fine." Leng ruoxue replied with a smile.

The man and the Kylin were polite for a long time, which made uncle long and master ning feel helpless. The two half-grown old men couldn't help but think, isn't this a little too weak? Do you have to do this?

However, this was something that could not be helped. At this moment, both Leng ruoxue and fire Yue were in a state of testing each other. Especially fire Yue, who had been very polite to Leng ruoxue. This almost drove Leng ruoxue mad. The key point was that she could not grasp the main point and could not confirm the other party's true intention in inviting her here.

After an unknown period of time, Leng ruoxue was finally not willing to be polite anymore. She went straight to the point and asked, ""Your Excellency fire Yue, may I know why the Qilin clan has invited me here?"

Upon hearing this, Huo Yue and the elders were all stunned. They did not expect Leng ruoxue to be so impatient. They had planned to get closer to Leng ruoxue first and build up their relationship. After all, their main purpose of inviting Leng ruoxue over as a guest was to invite elder Shui mo back as well. Now that elder Shui mo was back, how could they tell Leng ruoxue that they were only looking for her to borrow her hand? To attract ancestor Shui mo back?

If they really said that, not only would Leng ruoxue be angry, even old ancestor Shui mo would be furious!

After thinking for a while, fire Yue said in an emergency, ""Young miss Leng, we invited you here because we hope that you can help us refine some medicinal pills."

Hearing this, Leng ruoxue raised her brows slightly and asked calmly, ""Does your Excellency fire Yue know that the price of my alchemy is very expensive?"

"I've heard of it. Miss Leng, you don't have to worry about the price. " Huo Yue laughed lightly. He was trying to tell Leng ruoxue not to worry as they could afford any amount of money.

Since Huo Yue had said so, Leng ruoxue didn't say anything else. She adopted a serious and strict attitude and asked in detail what kind of medicinal pills the Qilin clan wanted to refine so that she could get them to prepare enough medicinal herbs.

However, Huo Yue was obviously making last-minute preparations, so he didn't expect Leng ruoxue to ask in such detail. He could only force himself to answer, ""It's mainly some healing pills. "

"Healing elixirs require more medicinal herbs. I wonder how many you want to make, Your Excellency fire Yue?" Leng ruoxue asked again.

"Of course, I'll make as many as I can. I can't say for sure the exact amount, everything will depend on miss Leng's refining technique. " Fire Yue said shamelessly.

"If that's the case, I'll have to trouble Your Excellency fire Yue to send the medicinal herbs I need to my current residence! When I'm done refining the pill, I'll give it to you. " Leng ruoxue promised with a smile.

After she finished speaking, Leng ruoxue stood up and bade Huo Yue and the others farewell. She then brought uncle long, Godfather, and the five little beasts back to their residence.

[Chapter 2746 First Time Hearing About The Reincarnation Pill \(1\)](#)

When they returned to their residence, master ning was still feeling indignant. He said to Leng ruoxue angrily, ""Xue 'er, what pill refining! They were simply making things up! I think they must have some ulterior motives for inviting you here!"

At this time, the master of the ning family didn't respect the Qilin clan as much as before, especially when he thought of the dumbfounded faces of Huo Yue and the others. He felt that they had been played for fools!

Facing her Godfather's anger, Leng ruoxue felt helpless. In reality, she and uncle long both knew that the Qilin clan had an ulterior motive for inviting her here. However, they did not tell Godfather and the others about this. Now that Godfather realized that things were not as he had thought, he was a little angry!

"Godfather, I know that the Qilin clan invited me here for another purpose. Uncle long and I guessed that they wanted to use me as an excuse to trick Shui mo to go back. However, I tested it out and fire Yue was very cunning. He didn't give himself away. So, I can't say anything." Leng ruoxue explained.

Unexpectedly, when the master of the ning family heard that Leng ruoxue and uncle long knew that the Qilin clan did not sincerely invite them, he was even more furious!

How detestable! How detestable! How could he do this? How could she just hide it from him?

Master ning was angry, and the consequences were serious!

As a result of his anger, he put on a cold face to Leng ruoxue and uncle long. Of course, before he got angry, he didn't forget to yell at Leng ruoxue and uncle long, ""You guys are too much! How could you hide such a thing from me!"

Ugh! Looking at her Godfather, Leng ruoxue helplessly realized that her Godfather was being a tsundere!

Uncle long had a headache too. The ning family's old man was already so old. How could he still be so immature? It wasn't a big deal, and the Qilin race didn't have any bad intentions. Was there a need to tell him?

In reality, neither Leng ruoxue nor uncle long had intentionally hidden it from master ning. It was just that the two of them didn't think that this matter was that serious, so they didn't say anything. Who would have thought that master ning would be so arrogant over such a small matter!

"Godfather, uncle long and I didn't want to hide it from you. We just felt that since we've decided to come to the Qilin clan, it doesn't matter what purpose they have in inviting us! This is also the key to whether we can reach a consensus with the Qilin clan. Therefore, no matter what their purpose is, we have to come here!" Leng ruoxue continued to explain.

However, the master of the ning family clearly felt that his precious daughter no longer valued him, so he continued to turn his head and ignore Leng ruoxue.

Seeing this, baby jumped into master ning's arms with a bitter face and said pitifully, ""Cute master didn't mention this to us either. Sob ... Master doesn't love us either!"

As he spoke, baby even started to choke up.

When the master of the ning family saw this, he stroked his baby's soft fur with a little sympathy and said empathetically, ""Ai! Who said it wasn't! Xue 'er, the bad girl, doesn't love us anymore! Let's cry together!"

"Alright!" Baby nodded. It had no objections. Then, when master ning was not paying attention, it winked at Leng ruoxue and let master ning carry it. The man and beast found a place to cry.

Leng ruoxue was helpless. Although she knew that her baby was trying to help her coax her Godfather, she felt that it wouldn't be that easy to coax him this time.

Sure enough, master ning and the baby didn't show up for two days. According to the information that Feng Ye had provided to Leng ruoxue, the man and beast had toured the entire Qilin territory in the past two days. Of course, they could not go to some of the restricted areas, but they could go to most of the places. It could be said that the man and beast had a very happy time these two days!

Hearing this news, Leng ruoxue was relieved!

At the same time, the Qilin clan had also sent over the medicinal herbs needed to refine the healing elixir. Now that Leng ruoxue had proper business to attend to, she had less attention on her Godfather and the treasure. However, when she saw the mountain-like pile of various medicinal herbs in the storage ring, she could not help but feel speechless.

The Qilin race was indeed worthy of being one of the four great king divine beasts of the divine realm! The foundation was rich. Look at how many herbs there are, it's scary! More importantly, with so many herbs, it was enough to refine tens of thousands of healing pills! Could the Qilin race use all of them?

Leng ruoxue knew that the Qilin clan had been keeping a low profile for the past tens of thousands of years. They had rarely participated in any major or minor matters in the God World. As such, they probably did not get injured much. Naturally, they would not need so many healing pills. But now, what was the Qilin clan trying to do?

One had to know that showing off one's wealth was a shameful act!

After checking the herbs, Leng ruoxue let out a soft sigh. Before she could say anything, the Qilin that was in charge of delivering the herbs consoled her in an understanding manner, "Miss Leng, the acting clan head said that you can refine these herbs as you wish and produce as many medicinal pills as you can. There's no need to feel any pressure. If it's not enough, we will send more over!"

"..." Did she show that she wasn't satisfied? Kiss!

Leng ruoxue was speechless. This was a nouveau riche! He was definitely a rich man! Leng ruoxue truly felt that she was a loser when compared to the Qilin clan! At least she wouldn't take out so many herbs at once and tell the person in charge of the pill refining that if it wasn't enough, she would send more over!

She thought that the Qilin clan's words implied that they supported her misappropriating the medicinal herbs! Otherwise, why would he be so generous?

Ugh! Since the Qilin clan had this intention, Leng ruoxue felt that if she didn't do as she was told, she would be letting down the good intentions of the Qilin clan!

With that thought in mind, Leng ruoxue started to have ideas about the medicinal herbs. In any case, she was rather confident in her own alchemy skills. Even if she deducted half of the herbs, it would be a huge profit for the Qilin race!

Just like that, Leng ruoxue found a room and made it her own pill refinement room. She focused on refining pills.

Even though Leng ruoxue had only used half of the mountain of herbs, it still took her a few days to refine them.

Just as Leng ruoxue was about to finish her work, master ning finally showed up again with the treasure.

After uncle long saw him and greeted him, he couldn't help but tease, "What's wrong? have you had enough of being tsundere?"

"I'm not tsundere. I'm angry, okay?" The master of the ning family immediately refuted.

"Alright! You're angry, okay? Master ning, are you willing to show your face because you're angry enough?" Uncle long continued to tease him.

"Hmph! I can't be bothered to be angry for too long! Wouldn't that be what you want?" The master of the ning family roared.

"How can it be as we wish? We don't want you to be angry. " Uncle long was speechless. Was this old man blaming him and Xue 'er for not coaxing him? But could they be blamed for this? This old man had been missing for a long time, so they couldn't possibly look for him all over the world, right? With that, the tsundere master ning would become famous in the Qilin clan!

"Hmph! Where's Xue 'er, that stinky girl!" Master ning did not continue arguing with uncle long and turned to ask Leng ruoxue.

[Chapter 2747 First Time Hearing About The Reincarnation Pill \(2\)](#)

"She's refining pills for the Qilin clan!" Uncle long said honestly.

"You're not done?" The master of the ning family asked.

"No, the amount of herbs that the Qilin clan brought over is simply too much. It should be enough for little Xue 'er to refine for a while." Uncle long said sympathetically.

"That's right, you've been wandering around the Qilin clan for the past few days. Did you find anything good?" Uncle long asked.

"What can I find? there are people of the Qilin clan following us everywhere as guides, so it's impossible for us to act on our own. However, the scenery at the bottom of this cliff is really good! Compared to the cliff, it's like heaven and earth!" The master of the ning family praised.

"I don't need you to tell me that!" Uncle long couldn't help but feel disappointed when he saw that master ning hadn't gained anything these days.

"Hehe!" Hearing this, the master of the ning family smiled wretchedly, and then whispered, ""You know what? I noticed that Feng Ye was pursuing a female Qilin, but the female Qilin didn't really care about him. "

Hearing this, uncle long stared at master ning for a long time, then sighed. ""Don't tell me that you've only been away for a few days and discovered this gossip!"

"Yup! I even gave Feng Ye some pointers! I just don't know if the female Qilin will fall for it!" Master ning said with a smile and a hint of pride.

"Master ning, you have to help me!"

Speak of the Devil, the devil is here!

As soon as master ning finished speaking, Feng Ye's resentful voice drifted in. Then, uncle long and master ning saw a dispirited Feng Ye walk in from outside.

When he saw Feng Ye, uncle long sighed and then turned to leave.

Master ning was very excited and asked Feng Ye all sorts of questions. Finally, he left with Feng Ye.

When Leng ruoxue was done refining the pill, she walked out of her room and headed to the living room. She happened to see uncle long sitting on a chair with a worried look on his face. He was looking up at the sky at a 45-degree angle.

Leng ruoxue shuddered and walked over. She asked with concern, ""Uncle long, what's wrong? Is there something that I don't know about?"

"Little girl! You've finished refining the pills?" Upon seeing Leng ruoxue, uncle long asked excitedly.

"Yup! Uncle long, what's wrong?" Seeing that uncle long wasn't going to answer her directly, Leng ruoxue could only ask again.

"Al! It's hard to explain in a few words!" Uncle long sighed heavily.

Leng ruoxue's face was filled with question marks.

"Your Godfather was so bored that he became Feng Ye's love advisor and made a mess of the Qilin clan. Just now, the acting clan leader of Huo Yue came to me and asked me to restrain master ning. I was just wondering how to talk to him!" After sighing, uncle long finally explained the reason.

However, Leng ruoxue was even more confused.

Seeing that Leng ruoxue didn't understand, uncle long could only explain more clearly.

The cause of this incident was naturally Feng Ye falling in love with a female Qilin, but that female Qilin fell in love with another female Qilin. And the other female Qilin fell in love with another person. Such a complicated relationship became even more complicated with the participation of master ning.

Because master ning not only gave Feng Ye an idea, but also taught the female Qilin a few moves.

This way, things were getting out of hand.

The parties involved, which were several Qilins with complicated relationships, had a big fight and shocked the entire Qilin clan. Those troublemakers were all locked up by fire Yue's order. Of course, master ning could not be locked up, so fire Yue came to him in person.

One must know that the Qilin clan had always been free to love. They did not understand the struggles of humans! Snatch and whatnot! But now, the naïve Qilin's were obviously influenced by the naïve master of the ning family, and they knew what jealousy was!

Al! Poor Qilin clan's pure culture!

It was said that the fire Yue was very angry because of this matter! Its originally fiery red fur had become much whiter!

The fire Yue that uncle long had seen earlier was also obviously a little dispirited! He even felt a little sympathy for Huo Yue.

Leng ruoxue calmly listened to uncle Long's words. She was speechless and didn't know what to say. However, she would never be like uncle long, who thought that it was because her Godfather was

bored. She truly felt that Godfather was angry that the Qilin clan was not sincere enough when they invited them over, so he wanted to cause some trouble for the Qilin clan.

One had to know that Godfather was very protective of his own people. He felt that the Qilin race didn't value him enough, so how could he swallow this?

It was precisely because of this that the Qilin race was in a tragedy. But thinking about it, this should not be a big deal.

Leng ruoxue was very open-minded. After consoling uncle long for a while, she went to look for the fire Yue with him.

After seeing the fire Yue, Leng ruoxue did not take the initiative to mention the matter of her Godfather. Instead, she directly handed over the elixir that she had refined to the fire Yue.

After Huo Yue took it and examined it, he opened his mouth and looked at Leng ruoxue in shock and disbelief.

Of course, Leng ruoxue didn't think that Huo Yue was not satisfied with the number of pills. Hence, she calmly drank the tea that Huo Yue had ordered the servants to serve, but didn't say anything.

Finally, Huo Yue couldn't help but ask, ""Miss Leng, these medicinal pills are all from the herbs I sent people to give you?"

"Of course, Your Excellency fire Yue, you don't think that I added my own herbs into it, do you? I'm not that selfless!" Leng ruoxue laughed lightly as she teased.

"Hehe! Miss Leng's alchemy skills have really surprised me!" After hearing Leng ruoxue's words, Huo Yue's face revealed a smile. This was probably the best news it had received in a while.

"It's good that you're satisfied, Your Excellency fire Yue. " Leng ruoxue laughed lightly. With that, she stood up and prepared to leave.

When Huo Yue saw that Leng ruoxue was about to leave, he quickly said, ""Miss Leng, about your Godfather ..."

"What's wrong with my Godfather?" Without waiting for fire Yue to finish speaking, Leng ruoxue interrupted him and played dumb with a puzzled look on her face.

Ugh! Huo Yue thought that Leng ruoxue still didn't understand, so he turned to look at uncle long.

Uncle long was very calm and stared at Huo Yue, but he did not say anything.

Huo Yue was helpless.

Of these two people, one had a blank face and the other was playing dumb. What should it do?

Al! Forget it, on the account of Leng ruoxue's high success rate in producing pills, it would just accept it!

Huo Yue accepted his fate and smiled at Leng ruoxue, ""Nothing. I just didn't expect master ning to be such a lively person."

Although Huo Yue's words were very subtle, Leng ruoxue understood.

Godfather is not lively at all! He had turned the entire Qilin race into a mess!

However, since Huo Yue had obviously let it go, Leng ruoxue naturally would not take the initiative to mention this matter.

After returning to the residence, Leng ruoxue saw her Godfather and baby the moment she walked into the living room. They were sitting on the chairs as if they were good Brothers. The man and the Beast were even muttering to each other. She had no idea what they were talking about.

[Chapter 2748 First Time Hearing About The Reincarnation Pill \(3\)](#)

When he saw Leng ruoxue and uncle long walk in, master ning only glanced at Leng ruoxue lightly before turning his head away.

Baby pounced towards Leng ruoxue enthusiastically and jumped into her arms.

Leng ruoxue felt helpless when she saw the two extreme attitudes of her Godfather and her baby. She then carried her baby and walked towards her Godfather. She then sat down on the empty seat beside her Godfather.

"Godfather, are you still angry with me?" Leng ruoxue asked on purpose.

"Hmph! You're a little heartless!" Master ning snorted coldly and said arrogantly.

Seeing this, uncle long smiled and tried to smooth things over, "Alright, you're not young anymore, so don't act like a child and throw a tantrum!"

"I'm not being difficult!" Master ning refused to admit it.

"Since Godfather isn't at loggerheads, then Godfather, give Xue 'er a smile!" Leng ruoxue teased.

"Do you think I'll laugh just because you want me to? Then I'll lose face!" The master of the ning family roared.

"Al! Since Godfather doesn't want to smile for Xue 'er, then how about Xue 'er smile for Godfather?" Leng ruoxue continued.

Hearing this, master ning couldn't help but burst into laughter. He scolded jokingly, "Stinky girl, who did you learn to be so talkative from!"

"In order to make Godfather smile, it doesn't matter if I'm poor!" Leng ruoxue tried to please him.

"Hmph! Bad girl, I'll forgive you this time. " Master ning said helplessly. He could no longer pretend.

Seeing that her Godfather had finally been coaxed, Leng ruoxue stopped entertaining the family and casually asked about what had happened these few days.

Master ning naturally knew what Xue 'er wanted to ask, so he described the matter vividly. As the person involved, he naturally explained it more clearly than uncle long.

After hearing the live version of the story, uncle long and Leng ruoxue were speechless and didn't know what to say.

The matter that Godfather had caused this time seemed to be a little bigger! According to his Godfather, after his instigation, at least half of the Qilin race had confessed to their crush. It wasn't like what uncle long said, where there were only Feng Ye and a few other Qilin.

At this moment, the two of them finally knew why Huo Yue had a constipated expression.

After a long time.

After clearing his throat, uncle long gave master ning a thumbs up. "Ning family's old boy, you're amazing. I'm convinced!"

"Hehe! This is just how far! If it wasn't for the fact that many Qilin were locked up and forced to wake up, I'm afraid the Qilin clan would be even more lively now. " Master ning said disapprovingly.

Hmph! Since he dared to make use of his daughter, he had to be aware that he was causing trouble!

"....."

Leng ruoxue and uncle long looked at the ning family's master, who looked like he wanted more. The two of them looked at each other in silence, and neither of them said anything. They really didn't know what to say.

"By the way, that old Rascal Huo Yue didn't say anything bad about me, right?" Master ning asked again when he saw the two of them remain silent.

"No, but it came to me and asked me to restrain you. Just now, when I accompanied Xue 'er to deliver the pills to it, it seemed to be complaining to Xue' er, but in the end, it didn't say anything. " Uncle long said honestly.

"That's good!" Master ning was relieved, but then he frowned and said, "Al! Feng Ye has also been locked up. Now, no one will listen to my command. "

The two of them remained silent.

"Xue 'er, do you think we should think of a way to get Feng Ye out? After all, he's your man now!" The master of the ning family continued to speak to himself.

"Godfather, we're in the middle of a storm right now. It's best if we don't act rashly. Otherwise, if we make the Qilin clan unhappy, it might ruin our business." Leng ruoxue thought for a moment before reminding him.

"I see! Then I'll just endure it! Al! I really like that little guy, he's so obedient!" The master of the ning family said with a face full of reluctance.

Leng ruoxue was speechless. She thought to herself, "when did you treat Feng Ye as a toy?"

However, Leng ruoxue couldn't bear to disappoint her Godfather, so she said, "When the fire Yue isn't so angry in a few days, I'll go and plead with it."

Hearing Leng ruoxue's words, master ning was satisfied.

The next day.

Leng ruoxue and the rest had just finished their breakfast when Bing Yun came to their door.

Looking at Bing Yun who had not appeared in front of them for a long time ever since she returned to the Qilin clan, Leng ruoxue was a little surprised and couldn't help but let her thoughts run wild. Could Bing Yun be here to send off her guest? After all, the pill that the Qilin clan requested had already been refined.

And when the ning family head saw Bing Yun, he simply widened his eyes and said with an incredulous look, "Isn't ice cloud His Excellency locked up?"

"..." Bingyun had never been asked so directly by anyone before. She immediately broke out in a waterfall of sweat.

After a long time, Bing Yun finally came back to his senses and said with a serious face, "Master ning, I'm not locked up."

"How did this happen? Did you bribe His Excellency fire Guangdong?" Master ning muttered to himself, his face still full of disappointment.

When Bing Yun heard this, he was extremely depressed. However, on account of Leng ruoxue's face, he could not say anything and could only remain silent.

Leng ruoxue saw that Bing Yun was forced into silence by her Godfather and laughed evilly in her heart. She still kindly changed the topic and said, "Is there something you need from me, Your Excellency hail cloud?"

"Young lady Leng, the clan leader has invited you in." Bing Yun looked at Leng ruoxue gratefully and quickly said.

Leng ruoxue didn't expect it to be fire Yue looking for her. She nodded and followed Bing Yun to see fire Yue. Along with her were uncle long, master ning, and the five little beasts.

This time, Huo Yue received Leng ruoxue and the others in the Qilin clan's meeting hall instead of the living room.

Leng ruoxue saw that the other party was so formal and knew that what Huo Yue wanted to say was probably very important.

Huo Yue brought his Godfather and the others into the meeting hall. He was still smiling when he saw Leng ruoxue, but his face immediately darkened when he saw master ning. Master ning also clearly felt that the atmosphere in the meeting hall had suddenly changed. However, master ning, who had always been used to big scenes, naturally did not care about the other party's reaction.

After nodding and greeting each other, Leng ruoxue and the other two found empty seats and sat down. The five little beasts, as usual, lay in their master's arms.

Huo Yue's mouth twitched involuntarily when he saw the furry little Beastie lying in Leng ruoxue's arms.

It could be seen that these five little beasts had a rather good relationship with Leng ruoxue. However, the Qilin clan rarely recognized humans as their Masters, so it could not understand why these little beasts treated it like a pet. At least, it admitted that it could not do that.

However, every beast had their own ambitions, and it could not comment on the other party's actions.

After being slightly surprised, Huo Yue went straight to the point.

"Miss Leng, I have something very important to ask you today!" Huo Yue said in a slightly anxious tone.

"I wonder what it is?" Leng ruoxue asked with a puzzled expression.

"I would like to ask if young lady Leng is able to refine the reincarnation pill?" Huo Yue asked expectantly.

"Reincarnation pill?" When Leng ruoxue heard this name, she had a feeling that this pill was not simple. However, she had never heard of the reincarnation pill before.

"Can I?" Huo Yue asked again. This time, not only was it filled with anticipation, but all the elders present also looked at Leng ruoxue in unison. Their eyes were filled with desire.

"I'm sorry, Your Excellency fire Yue. I've never heard of the reincarnation pill, so how would I know how to refine it?" Leng ruoxue said honestly.

"That's impossible!" Huo Yue was in disbelief.

"I really haven't heard of it." Leng ruoxue was helpless. What was impossible? Could she be lying?

"Even though in the entire divine realm, no one can concoct the reincarnation pill except for master Yu, but master Yu is your master, so you should have heard of him before!" Huo Yue's expression was still in disbelief.

In reality, if Leng ruoxue had said that she couldn't refine the reincarnation pill, it wouldn't have been too surprised. After all, Leng ruoxue was still too young. However, it had never even heard of her before. This made it wonder if Leng ruoxue was just trying to avoid the question.

"Your Excellency fire Yue, I'm very sure that the reincarnation pill wasn't in the pill recipe that master left me. So, I really don't know what reincarnation pill is. Of course, if you don't believe me, I can't do anything about it." Leng ruoxue said calmly even though she could tell what Huo Yue was thinking.

When the fire Yue heard this, it stared at Leng ruoxue seriously for a long time. Seeing that there was no trace of guilt on her face, it had no choice but to believe her words.

After sighing, Huo Yue said apologetically, ""I'm sorry, miss Leng. I don't mean to doubt you. It's just that the reincarnation pill is too important to our Qilin clan!"

"I can understand, but I don't know if it's convenient for you to tell me what the reincarnation pill is used for?" Leng ruoxue asked after expressing her understanding.

"The reincarnation pill is a top-grade healing pill. It requires a wide variety of herbs, many of which are priceless. Our Qilin clan has been collecting them for tens of thousands of years, but we are still short of two kinds. Ah! I thought that miss Leng's alchemy skills were all passed down by master Yu, but I didn't expect that miss Leng had never heard of the reincarnation pill!" Huo Yue said disappointedly.

As the saying goes, the greater the expectation, the greater the disappointment.

Ever since they had witnessed the quality of the healing pills that Leng ruoxue concocted, they had high hopes for her. Otherwise, they wouldn't have excitedly sent someone to invite Leng ruoxue over for questioning before they had even prepared the herbs needed for the reincarnation pill. However, the final result had clearly dealt them a heavy blow.

Leng ruoxue had never heard of the reincarnation pill, so she naturally had no way of refining it. How could they accept this?

The Qilin's that were originally excited and excited were now like frosted eggplants, listless and dejected. Some of the elders who were too weak immediately wailed and bawled after hearing that Leng ruoxue really didn't know about the reincarnation pill.

Leng ruoxue's forehead was filled with black lines.

Even if the reincarnation pill was very important to them, there was no need for these Qilins to immediately show a pained expression as if their family member had died after knowing that she had never heard of it, right? What the hell is this?

[Chapter 2749 The Shrewd Buddha's Hand Flower \(1\)](#)

Leng ruoxue couldn't understand how fragile these Qilin were. Wasn't this a huge contrast to their gigantic bodies? Could it be that the bigger a Beastie was, the more fragile its heart was?

And now, the glass-hearted Qilin beasts were giving Leng ruoxue a huge headache.

Sighing lightly, Leng ruoxue helplessly said, "I wonder if the Qilin race has the formula for the reincarnation pill? If you do, can you let me take a look?"

Actually, when she heard Huo Yue say that he had collected the medicinal herbs used to refine the reincarnation pill for tens of thousands of years, Leng ruoxue knew that he definitely had the pill formula. It was just that the reincarnation pill was so important to him that she was embarrassed to ask him to lend it to her. She could only express her gratitude in a reserved manner.

Unexpectedly, after Huo Yue heard Leng ruoxue's words, he immediately reacted and stared at her with bright eyes.

That's right! Why didn't it think of that? Huo Yue was very annoyed! Leng ruoxue said that the reincarnation pill wasn't in the pill formula that master Yu had left for her, but that didn't mean that she couldn't refine it? And didn't they have the reincarnation pill's pill formula? It would be best if Leng ruoxue could refine it, but if she couldn't, they could just give up completely!

With that thought in mind, Huo Yue immediately nodded and ordered someone to bring the reincarnation pill's recipe over. He then carefully handed it over to Leng ruoxue. After that, the entire room of Qilins, including the few elders who had been crying miserably earlier, all stared at Leng ruoxue with anticipation.

Their actions instantly gave Leng ruoxue a huge amount of pressure.

After calming herself down, Leng ruoxue began to examine the pill formula carefully.

As Huo Yue had said, the reincarnation pill required a lot of herbs. Leng ruoxue took a quick glance and realized that it required at least 10000 types of herbs, and these were just supplementary ingredients. The reincarnation pill required thousands of main ingredients and herbs.

Looking at the densely packed medicinal herb names and annotations on the pill formula, Leng ruoxue could not help but admire the perseverance of the Qilin race! Such a wide variety of medicinal pills with extremely high requirements for the age of the medicinal herbs, it would indeed take tens of thousands of years to prepare. More importantly, it could not be collected just with time. Sometimes, it could easily cause people to lose their willpower. However, this also showed the importance of the reincarnation pill to the Qilin race.

After she finished reading the pill formula, Leng ruoxue felt immense pressure as she faced the countless pairs of expectant eyes.

"Miss Leng, how is it? Can you make it?" Seeing that Leng ruoxue didn't say anything, Huo Yue, who couldn't wait any longer, took the initiative to ask.

"Your Excellency fire Yue, to be honest, after I read the recipe of the reincarnation pill, I realized that the reincarnation pill not only has high requirements for the herbs it needs, but also for The Alchemist who makes it." Leng ruoxue said honestly.

After a pause, she continued,"there are so many herbs with different melting points. If you're not careful, you may cause one of the herbs to lose its best efficacy. At the same time, it will affect the success of the pill and the use of the reincarnation pill. Therefore, this pill is a test of the alchemist's control of the fire!" Currently, I don't have the confidence to succeed in one try. "

"Then how many times can you succeed?" Upon hearing this, Huo Yue quickly asked, unable to hide the excitement and joy in his heart.

It could be said that Leng ruoxue's answer was beyond its expectations. This was a huge surprise for the Qilin clan. As expected of master Yu's disciple!

Initially, Huo Yue, who was trying to make a Hail Mary effort, didn't dare to have too much hope. However, Leng ruoxue's words allowed it to see a glimmer of hope. It was really too excited!

"I don't know," Leng ruoxue could only tell the truth as she looked at the fire Yue, who was obviously over-excited.

The fire Yue became dejected after hearing this, but it quickly pulled itself together and said to Leng ruoxue,""I believe that with miss Leng's alchemy skills, she will be able to refine the reincarnation pill one day. We are willing to wait. We only hope that when miss Leng is able to refine the reincarnation pill, you can help us to refine the pill. At that time, our Qilin clan will definitely treat miss Leng as a distinguished guest!"

"As long as I can make it, I won't let you down. But the reincarnation pill requires too many herbs. I'm afraid I can't do anything." Leng ruoxue said helplessly. In other words, she didn't have any herbs to practice on. If she waited until she collected enough herbs, tens of thousands of years would have passed. She didn't know if the Qilin clan could afford to wait.

The fire Yue was a smart person. It knew that an Alchemist would need a large number of herbs during the trial. Hence, after Leng ruoxue said this, it immediately expressed that it was willing to provide Leng ruoxue with the herbs she needed to refine the reincarnation pill.

When Leng ruoxue heard this, she was naturally overjoyed. One must know that the reincarnation pill could also be considered a challenge for her. After all, she had never used so many herbs at once just to refine one kind of medicinal pill! The medicinal herbs required for the reincarnation pill were indeed a headache for her. There were so many medicinal herbs that could not be collected with money. One also needed enough time and patience, and these were all extremely challenging.

Now that the Qilin clan was willing to provide her with medicinal herbs to practice her skills, Leng ruoxue was more than happy to do so. But at the same time, she was also a little depressed because the facts in front of her once again proved that in comparison, the Qilin race was the true nouveau riche!

After being depressed for a while, Leng ruoxue asked impatiently, "Your Excellency fire Yue, when can you give me the herbs needed for the reincarnation pill?"

"This ... I'm afraid we'll have to wait for some time. We've been collecting for tens of thousands of years, but we're still short of two herbs. Besides, the most important main herb of the reincarnation pill, the reincarnation grass, still needs 50 years to reach 10000 years." After hesitating for a while, Huo Yue explained with some embarrassment.

It truly felt that it had let Leng ruoxue down. In order to refine the reincarnation pill for them, she had been so enthusiastic about the trial, but they had not even prepared all the medicinal herbs. Sob ... It had let down Leng ruoxue's enthusiasm!

However, Leng ruoxue clearly did not realize what it was thinking. This was because she was already dumbfounded when she heard that the reincarnation grass needed another 50 years to reach 10000 years. Didn't this mean that she would only have the chance to refine the reincarnation pill after 50 years?

Such a fact caused Leng ruoxue to be in a mess!

Wait, what did Huo Yue mean by caught?

"Your Excellency fire Guangdong, can you give me the reincarnation herb? I have a way to turn it into a ten-thousand-year-old reincarnation grass in a month." Leng ruoxue said after some thought.

In fact, she had said too much. As long as the reincarnation grass was planted in the bracelet and time was accelerated, it would become a ten-thousand-year-old reincarnation grass in less than two days. However, she did not intend to tell them about the space, so she could only say a time that she thought everyone could accept.

However, it was clear that the fire Yue was still greatly shocked when it heard Leng ruoxue's words. However, it immediately felt relieved. After all, Leng ruoxue was master Yu's disciple, so it was normal for her to have some special means.

Therefore, without discussing with the elders, fire Yue immediately nodded and said, "Sure. If miss Leng can really turn the reincarnation herb into a 10000-year-old reincarnation herb in one month, I will also try my best to deliver the two medicinal herbs that have not been caught to miss Leng in one month!"

[Chapter 2750 The Shrewd Buddha's Hand Flower \(2\)](#)

"What herbs need to be grabbed?" Leng ruoxue took the opportunity to ask curiously.

"Hehe! It was Mimosa and Buddha's hand flower. The two little things had thousands of years of cultivation. Although they couldn't transform into human form, they had developed intelligence, so they were very cunning. We've been trying to catch them for a long time, but we haven't been able to catch them." Huo Yue explained helplessly.

When Leng ruoxue heard these two names, her eyes lit up. One must know that these two heavenly treasures were born together. Wherever Mimosa was, there would be Buddha's hand flower. The two were inseparable.

Moreover, just from the name, Mimosa was a very timid herb, but it was this very timid little thing that carried a great poison. The Buddha's hand flower was the herb that could detoxify Mimosa's great poison, but only after being poisoned by Mimosa could one consume the Buddha's hand flower. If one consumed the Buddha's hand flower alone, the detoxify Mimosa would also turn into a great poison. This was the wonder of nature.

Leng ruoxue had also heard of the names of these two precious herbs from the notes her master had left behind, but she had never seen them before. Now that she had such a good opportunity, and it was even a thousand-year-old Mimosa and Buddha's hand flower, she naturally did not want to let it go.

After thinking for a while, she said to Huo Yue directly, "Your Excellency fire Yue, can I go with you to catch them?"

"Of course you can. I was going to hand them over to you when I caught them, but those two herbs are very cunning. Ever since we found their whereabouts, they have been playing hide-and-seek with us. Their growing environment is quite harsh, I wonder if miss Leng can stand it?" Huo Yue reminded him worriedly.

"Don't worry, I can take the pain!" Leng ruoxue promised.

"Alright, get ready. We'll leave the day after tomorrow!" After thinking for a while, fire Guangdong said.

"Sure." Leng ruoxue nodded, then said with some hesitation, "Your Excellency fire Yue, can I plead on Feng Ye's behalf? He and I have some relationship, I hope that Your Excellency fire-lit can let him out on my account!"

Upon hearing this, fire Jade nodded. Now that it needed Leng ruoxue's help, it would naturally grant her any request. Even though Leng ruoxue did not have absolute confidence that she could successfully concoct the reincarnation pill, hope was always a good thing. Moreover, releasing Feng Ye was not a big deal, so of course, it would not reject her.

Furthermore, it was also clear what Leng ruoxue meant by 'history'. It could not afford to offend that little kitten!

Not long after, Feng Ye was brought to the meeting hall.

The moment he saw Leng ruoxue, Feng Ye immediately hugged her leg and wailed, "Wu ... Xue 'er, you're the best, you're the most loyal. When those bad guys saw that I was locked up, they all hit me

when I was down, Hmph! All of them were a bunch of disloyal bastards! I hate them! I've decided to follow you from now on. If you want me to go east, I won't go west. If you want me to devote my body to you, I won't hesitate anymore. I won't think that you're not my type anymore. From now on, you're the goddess in my heart!"

When Leng ruoxue heard Feng Ye's words, she really wanted to kick him out of the meeting hall. This fellow, it was fine if he embarrassed himself, but now he even dragged her down with him!

This was really unbearable!

However, in the Qilin clan, Leng ruoxue still felt that she should give fire Yue some face. Hence, she endured Feng Ye's abnormal behavior and looked at fire Yue apologetically.

Who knew that Huo Yue was also looking at her apologetically. Instantly, the two of them felt a little awkward!

After calming herself down, Leng ruoxue stood up calmly. After greeting Huo Yue, she removed her leg from Feng Ye's arm and turned to leave the meeting hall.

Watching Leng ruoxue's back view, fire Yue sighed repeatedly. At this moment, it really felt that it was a good thing that Feng Ye had lost to a cat. Otherwise, the Qilin clan's face would have been completely lost by him.

When Feng Ye, who was left behind, saw that Leng ruoxue had left, he hurriedly chased after her. From afar, Feng Ye shouted, "Wait for me! Xue 'er!" He floated back to the meeting hall.

All the Qilin's present covered their faces and really wanted to pretend that they didn't know Feng Ye!

When it was time to set off to catch Mimosa and the Buddha's hand flower, fire Yue naturally sent someone to invite Leng ruoxue, the three humans, and the five beasts. However, not long after, it saw Feng Ye, who was standing beside Leng ruoxue with a bashful look on his face, in the other party's team.

The corner of his mouth twitched, and Huo Yue couldn't help but think, 'is this guy going to follow me?'

This was not good news!

But it soon confirmed that Feng Ye was going.

When Leng ruoxue told fire Yue about the bad news, she immediately saw fire Yue's constipated expression. In an instant, Leng ruoxue's mood brightened.

It seemed that it wasn't enough for him to be unlucky. It was great to see others be unlucky! However, the two of them seemed to be brothers in the same boat. Hence, Leng ruoxue only patted Huo Yue's big head to comfort him. Everything was clear without words.

Huo Yue understood Leng ruoxue's meaning and returned a look of 'take care'. The Qilin and Leng ruoxue's team of three people and five beasts officially set off.

According to the information provided by fire Yue, Mimosa and Buddha's hand flower were supposed to live in the cold mountains, but ever since the two little guys started playing hide-and-seek with the Qilin clan, the two treasures had disappeared, which made it more difficult for them to find them. However,

Huo Yue was very confident that the two cunning little things would not run too far away. After all, they could not transform into human form yet.

Based on this deduction, Leng ruoxue and the others were prepared to conduct a thorough search of the mountain where they had originally discovered the two great treasures.

The mountain where Mimosa and the Buddha's hand flower grew was not far from the Qilin clan's territory. Under the Qilin clan's lead, Leng ruoxue and the others arrived at the foot of the mountain where they had found the two precious herbs after two hours.

Looking at the small mountain that was only as tall as a person, Leng ruoxue's face darkened.

This mountain was unusually small! Moreover, there was only one mountain, and it was surrounded by weeds. It was hard to imagine that such a mountain could produce heavenly treasures.

Filled with doubts, Leng ruoxue looked at Huo Yue and asked, ""Your Excellency fire Guangdong, are you sure we want to carry out a thorough search in this mountain?"

Was there a need to search? With a sweep of his divine sense, he would know if there were any unfamiliar auras.

"Well, according to my nearly thousand years of experience in fighting with those two little things, they won't go too far away from their home. So, as long as we hide and wait here, we'll definitely be able to catch them!" Huo Yue said confidently.

It turned out that he was waiting for an opportunity! This time, Leng ruoxue finally understood. After that, she didn't say anything and started to search the mountain with fire Yue and the other Qilin.

After entering the mountain, Leng ruoxue was surprised to find that the mountain looked small from the outside, but in reality, the inside of the mountain was very wide and cold. The mountain stream was so wide that one couldn't see the end. Wild grass grew very densely, and of course, there were some medicinal herbs mixed among the wild grass. However, it was a huge task to pick out the medicinal herbs from the many wild grass.
