

Crazy Wife 2761

[Chapter 2761 Haven't You Seen A Handsome Guy Before?\(1\)](#)

With this thought in mind, Leng ruoxue calmly said to uncle long and the others, ""Uncle long, have you ever thought about what kind of misconception we'll give the Qilin clan if we keep being polite to them?"

"You're saying that they might think that we need something from it?" Uncle long said after thinking carefully.

"We should be standing on an equal basis when interacting with others. However, in the hearts of the Qilin clan, our positions should not be equal. After all, they have long been deeply rooted in the divine realm while we are the new forces of the divine realm. Although we never thought that our status was lower than the Qilin race, if we continue to be polite to them, perhaps the Qilin will have such thoughts in their hearts. So, what we need to do now is to show our strength at the right time so that all the Qilin will face our existence. " Leng ruoxue replied honestly.

When the few people present heard Leng ruoxue's words, they could not help but fall into deep thought. It had to be said that Xue 'er's words were very reasonable. There was no problem with being polite to the Qilin clan for a while. However, as time passed, more problems would arise. They wanted to have a long-term relationship with the Qilin clan. In this case, they had to stand on equal footing with the Qilin clan in order to have a long-term and fair relationship. Otherwise, problems would arise sooner or later. This was obviously not what they wanted to see.

After some deep thought, uncle long and the others nodded in agreement with Leng ruoxue's strategy. They weren't easy to bully, so what if the Qilin race had many Hierarch experts? They had quite a few reverent-god level cultivators on their side! Furthermore, they still had Xue 'er's unrivaled flames. They believed that no Qilin would be able to withstand Xue' er's flames!

After making a quick decision, Leng ruoxue's anger dissipated by half. Late at night, they all went back to their rooms to rest.

At the same time, the elders of the Qilin clan, led by the first elder of the Qilin clan, also found the ice room.

They entered the ice room and came to the place where the clan leader was sleeping. They saw Huo Yue holding a big ice block and crying so sadly that even the fur on his chin had turned into icicles.

The Qilin great elder was speechless. He stepped forward and grabbed Huo Yue, then roared fiercely, ""Dammit! What are you crying for? Do you know how much trouble you've caused?"

"What about me? I'm being bullied, can't I cry?" Huo Yue felt very wronged. The great elder had never shouted at him so fiercely before. Sob ... It was so sad!

"You were bullied? By Leng ruoxue?" The Qilin great elder was exasperated. It was clearly the one who had angered that girl, alright? Now, he actually felt that he was being bullied! What kind of logic was this!

The Qilin great elder felt like he was going crazy! How could this guy be so stupid at such a critical moment? What an intolerable mistake! If it hadn't suddenly turned stupid, the clan leader would have been rescued and woken up by now.

At the thought of this, the Qilin great elder felt that the acting clan leader in front of him was beyond saving.

One had to know that most of the time, their acting clan leader was quite normal. It was just that when it came to matters involving the clan leader, the acting clan leader would turn from normal to abnormal! If not, why would he have driven Leng ruoxue away in anger?

But now, he was in big trouble! For a moment, the great elder of the Qilin clan had a headache and didn't know where to start!

"Let's go. Come with me to see Leng ruoxue. You have to apologize to her personally!" The first elder of the Qilin clan did not want to waste his breath on fire Yue. He pulled fire Yue over and said straightforwardly.

"I'm not going. Why should I apologize to her? I'm the victim here, okay?" The aggrieved expression on Huo Yue's face became even more apparent.

When the Qilin first elder heard this, he was so angry that he almost fainted!

"You feel wronged? Why are you feeling wronged? You've already angered Leng ruoxue, yet you're still acting like you've been wronged!" The first elder of the Qilin clan was speechless. He glared at Huo Yue with a look of disappointment. The other elders also stared at Huo Yue with an unsightly expression.

At this moment, Huo Yue finally noticed that something was wrong and asked carefully, "First elder, you're saying that I've angered Leng ruoxue? I should be the one getting angry, right? I was kicked by her, and my butt still hurts!"

"You deserve the pain in your butt! How could you let Leng ruoxue use her body heat to help you melt the ice that was surrounding the clan leader? Did water get into your brain?" The Qilin great elder roared.

"Uh! What's the big deal! It's just a matter of raising one's hand. " Until now, the fire Yue still didn't feel that its request was too much. It was still at a loss.

"You're really out of your mind! Leng ruoxue was a human! Do you understand, human?" The first elder of the Qilin clan continued to roar.

"I know!" Huo Yue nodded honestly.

"If you know, why do you still want her to help? Do you want to kill her? Do you think she'll be fine after a few days of rest with our strong bodies?" The more the Qilin great elder thought about it, the angrier he got. In the end, he simply pulled Huo Yue's ear and shouted.

"Uh! I didn't think so much, I just thought that since she's here, it's only right for her to help. I really didn't mean it!" After hearing what the Qilin great elder had to say, the fire Yue finally realized how stupid it had been. It had only thought about saving the clan leader and had completely forgotten that Leng ruoxue was a human.

However, would Leng ruoxue believe it if it said that it had forgotten? This was clearly a problem.

Thinking of this, Huo Yue immediately said with a bitter face, ""So that's why she kicked me! I thought she suddenly went crazy!"

"You're the one who suddenly went crazy! You're the one who's crazy!" The first elder of the Qilin family was so angry that he started to punch and kick the fire Yue. However, the fire Yue, who knew that it was in the wrong, didn't dare to fight back. It was only when the first elder was tired that he let it go.

However, the great elder Qilin was tired from the beating. After he stopped, he gave the other elders a look. The next moment, all the elders swarmed forward and ruthlessly beat up the fire Yue.

Huo Yue was the acting clan leader and had great power. However, if it made a mistake, the elders, led by the first elder, had the right to teach it a lesson, but the fire Yue could only accept it. This was the rule set by the clan leader before he fell asleep. It had always regarded the clan leader's words as an imperial edict, so it absolutely did not dare to violate it.

By the time the elders had finished beating him up and stopped, Huo Yue's entire body had been beaten blue and purple. His original majestic and mighty Qilin appearance could no longer be seen. The fur on his body was all stuck together, and he looked extremely embarrassed.

However, after being beaten up, Huo Yue miraculously felt at ease! Because this meant that the elders would no longer be angry because of this, but the elders still didn't have a good expression on their faces.

Looking at the elders with hidden bitterness, Huo Yue asked carefully, ""What do we do now? Is that little human girl really angry?"

"If we weren't angry, would we have come to you? You've completely angered her, do you know that?" The first elder of the Qilin clan was so angry that he roared again.

Fire Yue shuddered and said in a soft voice, ""I didn't say anything that was too much! Leng ruoxue sure is petty!"

[Chapter 2762 Haven't You Seen A Handsome Guy Before?\(2\)](#)

It was very sad.

Humans were really unfriendly and difficult to get along with.

"What else do you want to say?" When he heard Huo Yue's unapologetic words, the great elder of the Qilin clan really wanted to kick him. At this moment, he could definitely empathize with her and knew how furious Leng ruoxue was!

Then, without saying a word, he lifted Huo Yue's neck and shouted, ""Follow me and apologize to Leng ruoxue. If you can't coax her, you'll get it!"

"Uh!" Upon hearing this, fire Yue was completely worried. It felt that the great elder was too good at helping outsiders. After all, it was the acting patriarch of the Qilin clan! How could he lower himself to apologize to humans? This was really damaging to the reputation of the Qilin clan. Therefore, it was quite unhappy.

However, the great elder of the Qilin clan didn't care so much. He had obviously seen through Huo Yue's thoughts, so he only said indifferently, "Do you still want to cure the clan leader?"

"I want to!" Huo Yue said without hesitation.

"Then why are you still talking? Why aren't you following me to apologize to Leng ruoxue? of course, if you can control the two reincarnation pills, I have no objections if you don't apologize." The first elder of the Qilin clan said calmly.

"I'll go!" Upon hearing this, Fire Yue immediately became excited. Although it was a little embarrassing to apologize to a human, curing the clan leader was obviously more important, so it couldn't care about anything else.

It was just an apology! What's the big deal!

Fire Yue had a good plan. It thought that it would be forgiven as long as it apologized to Leng ruoxue. After all, it didn't do it on purpose. It just didn't think too much about it.

However, when he really went and got the cold shoulder, the Fire Yue suddenly realized that it would not be so easy to apologize.

Wu...What should I do?

After being refused entry for two consecutive days, Huo Yue was completely dumbfounded.

Things had obviously gone beyond its imagination. This feeling of being out of control made it feel quite unpleasant.

The Fire Yue Qilins sat in the meeting hall gloomily, and they could only stare helplessly.

After an unknown period of time, an elder finally asked carefully, "Acting patriarch, first elder, what should we do about this? I didn't expect that girl wouldn't even want to see us now. Sigh! The one who provoked her was obviously the acting chief, why would he vent his anger on us?"

The elder who spoke felt a little wronged. One had to know that he had been getting along well with Uncle Long and the others a few days ago. Who knew that after the acting clan leader had angered Leng ruoxue, they were also not well-received.

Previously, it was Feng Ye, and now it was their turn. The feeling of being neglected really made them uncomfortable. Moreover, this was the territory of the Qilin clan, which made them even more depressed!

When the Fire Yue heard the elder's complaint, it didn't dare to defend itself, except for showing a resentful and wronged expression. It was because the elders now had a lot of opinions about it! Wuuu ...

"If you can't do it, then go and ask the ancestor to come out!" The Qilin great elder said after helplessly thinking for a long time. The ancestor he was referring to was Shui Mo, who had a good relationship with Leng ruoxue. However, ever since Shui Mo found out that they had invited Leng ruoxue back with ulterior motives, Shui Mo had started to despise them.

They didn't dare to see Shui mo, but the situation was critical and they had to ask for help from their ancestor.

After the decision was made, first elder Qi Lin dragged Huo Yue, who was too scared to go, and the other elders to Shui Mo's Place.

Miraculously, they were not rejected. However, after they were invited into the room, Shui mo glanced at Huo Yue and the others without saying a word. Instantly, Huo Yue and the others felt their hearts pounding.

"Old, old ancestor!" The fire Yue called out carefully. It was so nervous that it stuttered a little.

"Are you people not visiting me for no reason?" Shui mo grinned and said.

Even though he had not stepped out of the house for the past few days, he had heard about how the fire Yue had angered Leng ruoxue. However, he was very calm and did not rush out to plead with Leng ruoxue because he wanted to see what these little fellows from the Qilin clan would do! As for when he would be able to save the clan leader, he was not in a hurry.

Even though he had not spent a long time with Leng ruoxue, he was clear that this little lass was a loyal person. Since she had already refined the reincarnation pill, she would naturally not leave her in the lurch. However, the duration could be long or short. Everything would depend on the Qilin race's decision.

After thinking this through, Shui mo naturally wanted to see how fire Yue and the others would perform. But now, he was obviously not satisfied with their performance.

"Old ancestor, I've offended Leng ruoxue by accident. Please help me!" Seeing that his ancestor seemed to know everything, Huo Yue didn't feel that it was difficult to say what he wanted to say.

"How do you want me to help you?" Shui Mo's smile remained calm.

"Old ancestor, please help me plead with Leng ruoxue. Clan leader can't not save me!" Huo Yue sobbed.

"That little lass Leng ruoxue, did she say that she won't save clan head?" Shui mo couldn't help asking.

"Uh! She didn 't, but she didn't say anything about saving her. " Huo Yue explained.

"You didn't say you'll save her, but that doesn't mean you won't save her, you know? They're clearly looking at your performance now! So, I can't help you with this. " Shui mo refused.

If he really helped to plead for her, that little girl might be even angrier! He didn't want Leng ruoxue to think that he was using their friendship as a bargaining chip. In reality, he had always thought that he and Leng ruoxue were old friends, especially when their research on formations was so in tune. Hence, he really didn't want his relationship with Leng ruoxue to be mixed with other things.

More importantly, it was indeed Huo Yue's fault. With that little girl's vengeful character, she would not forgive Huo Yue so easily. As for Huo Yue, she would be depressed in the future.

Shui mo glanced at Huo Yue with sympathy and said indifferently, "If you want to be forgiven, show some sincerity. Leng ruoxue, that little girl, is definitely not an unreasonable person. Do you understand what I mean?"

"I, I understand!" Huo Yue wanted to cry but had no tears. In fact, it did not think that Leng ruoxue was reasonable at all. Instead, it had deeply experienced how difficult it was to deal with Leng ruoxue. It was just a small matter! They were tormented like this!

"Al! Good luck!" Shui mo looked at the fire Yue and knew that it didn't realize its mistake. Therefore, he didn't bother to say anything else.

With a wave of his hand, Huo Yue and the others in the room were swept out of the room by the wind from his palm.

Huo Yue and the others who had been kicked out of the house fell to the empty ground in the courtyard. Each of them looked a little depressed, but they soon calmed down. This was the old ancestor's usual method! Especially when the old ancestor was getting impatient.

With heavy depression, Huo Yue and the others returned to the meeting hall listlessly.

[Chapter 2763 Haven't You Seen A Handsome Guy Before?\(3\)](#)

After further discussion, they finally came up with a detailed plan and decided to take down Leng ruoxue and the others one by one. However, the difficulty now was that the people in the courtyard did not even step out of the house and refused to see them. If they forced their way in, they were afraid that they would offend the people in the courtyard even more.

Al! What should he do?

After thinking for a long time, everyone decided to wait for the rabbit!

Their actions had naturally been reported in detail to Leng ruoxue and the others by the two reincarnation pills who were responsible for passing on the message.

After knowing the other party's plan, Leng ruoxue was very calm. On the other hand, uncle long and the others were rather depressed. The other party had angered Xue 'er, so there was no point in guarding them, right? It was impossible for them to help an outsider. After all, they and Xue 'er were in the same country!

This time, they didn't want to leave their residence even more.

The reincarnation pill seemed to have read their minds, so it became even more responsible for guarding the place.

Mang Tian, the elder who was in charge of monitoring Leng ruoxue and the others, looked at the two reincarnation pills that were swaying randomly not far away from him. He really wanted to rush forward and snatch them away. However, none of the elders dared to do so because they knew that it was useless even if they obtained the two reincarnation pills. The other party did not even care about them!

This fact also made the elders very worried.

A week later.

Shui mo, who had been paying attention to them, felt a headache when he saw that the elders had made no progress. How could these guys be so useless? He couldn't even handle a little human girl?

In the end, Shui mo decided to do it himself.

Of course, he wasn't trying to persuade Huo Yue. He just wanted to see if Leng ruoxue had disappeared as well.

The facts had proven that Leng ruoxue was still giving him face and did not reject him at the door.

After being released by the two reincarnation pills, Shui mo couldn't help but stare at them for a long time.

At this moment, he heard a slightly darker reincarnation elixir fire roar, "What are you looking at? Have you never seen a handsome guy before?"

Shui mo was speechless.

It wasn't that she had never seen a handsome guy before, but she had never seen a pill that called itself a handsome guy! At this moment, he suddenly understood Huo Yue and the others' love and hate for the two reincarnation pills.

Then, he collected his thoughts and calmly walked to the living room.

The elder who was guarding outside the courtyard saw that the old Grand Madame had made a move, and his heart that had been in his throat finally relaxed.

After Shui mo entered the living room, he greeted uncle long and the others before looking at Leng ruoxue and said with a smile, "Little girl, it's really hard to get in here!"

"Senior Shui mo, are you blaming me for rejecting you in the territory of the Qilin race?" Leng ruoxue laughed as well and replied with a fiery tone.

Ugh! What a big temper! Hearing this, Shui mo smiled bitterly in his heart helplessly. He still smiled and said, "Little girl, that's not what I meant. Huo Yue provoked you, so you don't have to vent your anger on me, right? I don't think I've offended you!"

"That's why I didn't reject senior Shui mo!" Leng ruoxue replied with a faint smile.

"But you've rejected many elders. They shouldn't have provoked you, right?" Shui mo couldn't help but ask.

"Yes, but they're obviously on fire Yue's side. They're all trying to plead for him. So, they can only be treated the same way as fire Yue." Leng ruoxue said matter-of-factly.

"Then, aren't you afraid that I'm here to plead for that idiot Huo Yue by letting me in?" Shui mo asked with a smile.

"You won't. If you wanted to plead for it, you would have come a long time ago. You wouldn't have waited until now." Leng ruoxue said.

"Hahaha! You know me well! However, I still want you to give me some face. You can just fix the fire Yue, but can you be magnanimous and let the other elders enter and leave freely? This way, you can also observe their performance, right?" Shui mo suggested.

"You're right. " Leng ruoxue nodded, giving Shui mo face. In fact, she didn't intend to make things difficult for the elders for too long. She just wanted them to show their attitude. Now that Shui mo had said so, she had no reason to be unreasonable!

Shui mo was naturally happy to see Leng ruoxue giving him so much face. He then dragged Leng ruoxue to an empty room to study the array.

When the elders who had been granted permission to not be stopped heard this news, it was as if they had been granted a general pardon. Their hearts were filled with excitement!

Then, the elders split up and went to find uncle long and the others who thought they had a good relationship with each other. Uncle long naturally did not refuse them, but no matter what the elders said, uncle long and the others would not relent and plead for Huo Yue.

After that, when the elders heard that Leng ruoxue had been dragged away by the old ancestor to study formations, they were even more depressed.

Old ancestor! Why are you studying formations now? Don't tell me you've forgotten that curing the clan leader is our top priority right now?

It was obvious that they did not understand Shui Mo's thoughts, let alone Leng ruoxue. Leng ruoxue and Shui mo, who had been hiding in their room, seemed to have forgotten everything. This research had taken up a month.

Leng ruoxue and Shui mo only walked out of the room when uncle long and the others were getting impatient.

Seeing the joy on Shui Mo's face, uncle long and the others knew that Shui Mo's suspicion must have been resolved. Otherwise, he wouldn't be smiling so happily. However, his juniors were obviously ready to jump up and down.

After Shui mo left, Leng ruoxue asked uncle long curiously, ""How's the Qilin clan's performance recently?"

"They're so good. They'll listen to any of our requests, including the rude requests we make things difficult for them." Uncle long couldn't help but nod in satisfaction when he thought of the treatment he received this month.

"Yes, yes." Jiang Ning also nodded his head vigorously. Then, he said with a serious expression, "However, they have also tried their best to hook up with our two reincarnation pills. The funny thing is, those two little guys simply ignored those people!"

Jiang Ning couldn't help but smile when he said this. One of the reincarnation pills was refined by Xue 'er for the Qilin race. All the ingredients were provided by the Qilin race. The Qilin race even had to pay Xue' er for it. However, the reincarnation pill that they had refined with great difficulty had its own

consciousness. It wasn't under the control of the Qilin race at all. They had definitely suffered a double loss! Was there anyone in this world more miserable than them?

When he thought of this, he wanted to light a row of candles for the Qilin race. They were really too pitiful, weren't they?

After Leng ruoxue heard the report, she nodded in satisfaction. "It's about time, you can let them go. When they come to find you again, you can just go with the flow. "

Everyone agreed. If they continued, it wouldn't just be to show their toughness, but to attract hatred. So, it was most important to stop while they were ahead.

Just like that, the hard work of the elders of the Qilin clan for a month finally paid off. Of course, at least that was what they thought.

When they found out that uncle long and the rest had pleaded for mercy on behalf of the clan leader after Leng ruoxue had finished studying the array, the elders were so touched that they were about to cry.

Then, the elders accompanied Huo Yue to apologize to Leng ruoxue sincerely. Leng ruoxue forgave Huo Yue happily, but of course, a beating was inevitable.

But from now on, everyone could have fun together again.

After everyone was happy, the great elder of the Qilin clan carefully suggested that Leng ruoxue could bring the reincarnation pills to help the clan leader heal as soon as possible.

After hearing this, Leng ruoxue only glanced at the fire Yue indifferently and did not say anything. Seeing this, the Qilin great elder immediately declared, "Don't worry, miss Leng. We'll finish the preliminary work as soon as possible. I'll come to invite you personally."

"En, then I'll be waiting for you, great elder." Leng ruoxue nodded. Anyway, it was fine as long as she didn't use her body temperature to help. Otherwise, she would definitely remember that unpleasant experience and beat Huo Yue up again!

As if he could read Leng ruoxue's mind, Huo Yue could not help but shiver. He then quickly lowered his head.

After obtaining Leng ruoxue's promise, the Qilin elder tactfully dragged Huo Yue along and left with the rest. If they continued to stay here, the consequences would be unimaginable if their acting clan head, who was always so silly, accidentally offended Leng ruoxue.

Three days later.

The great elder of the Qilin clan, who had prepared everything, came to invite Leng ruoxue personally.

After bringing Leng ruoxue back to the ice room, the ice that Leng ruoxue had seen previously had disappeared. All she could see was a huge ice bed. On the bed was an ice blue Qilin that was as large as a mountain.

He looked a little familiar.

However, the Qilin's original form looked similar, only their colors were different. Hence, Leng ruoxue assumed that she had seen a Qilin with a different attribute and didn't think much about it. But this was the patriarch of the Qilin race?

Leng ruoxue looked at the great elder of the Qilin clan with a heart full of questions.

The first elder of the Qilin clan nodded with a worried expression. "This is our clan leader. Tens of thousands of years ago, he was seriously injured and has been in a coma since."

With that, the great elder of the Qilin clan bowed deeply towards Leng ruoxue and said seriously, "Young miss Leng, our Qilin clan will never forget the great kindness you have shown us. Please forgive me if I've been disrespectful to you before. "

"Great elder, you're being too serious. Although the fire Yue seemed to have changed into a different person after that, I'm afraid that I would have left the Qilin clan long ago if I had really been calculative with it. So please believe me, I also want to save your clan leader. However, you seem to have thanked the wrong person for curing your clan leader!" Leng ruoxue teased with a smile after hearing first elder's words.

"Hehe! I have to thank you for these two reincarnation pills, but miss Leng, we have to thank you even more. If it wasn't for you, no one would be able to refine reincarnation pills now. Therefore, in the end, you are the greatest benefactor of our Qilin clan. " The first elder of the Qilin clan glanced gratefully at the two purplish-gold reincarnation pills that were revolving around Leng ruoxue.

[Chapter 2764 I'm Not Made Of Paper \(1\)](#)

Other than being truly grateful to Leng ruoxue for refining the reincarnation pill, the first elder of the Qilin clan also wanted to flatter her. Who asked her to be an amazing Alchemist in their hearts? While he was sucking up to her, he was also paying attention to the reaction of the two reincarnation pills. When he saw that the two of them did not protest and were even leisurely circling around Leng ruoxue, his heart was set. He started to use pleasant words as if they were free of charge.

It was only when Leng ruoxue could no longer bear to listen to these compliments and changed the topic at the right time that the Qilin great elder gave up with an embarrassed look.

After that, Leng ruoxue greeted the two reincarnation pills. Then, as per the request of the reincarnation pills, she left the ice room with the first elder.

At first, the Qilin great elder didn't want to leave. He was very curious about how the reincarnation pill would cure the clan leader. Unfortunately, the two reincarnation pills seemed to go on strike in the presence of outsiders, so the great elder had no choice but to obediently leave.

As soon as they left, the two reincarnation pills began to work ...

If Leng ruoxue was here, she would have noticed the changes in the reincarnation pill. The two reincarnation pills began to spin at high speed, like two streams of light dancing around the huge ice-blue Qilin, and Starlight fell on the ice-blue Qilin.

As soon as the Starlight touched the Qilin's body, it immediately disappeared into it as if it had never been there. Soon, the room returned to its usual calm.

Then, the same situation repeated itself ...

Three days later.

When Leng ruoxue returned to the ice room, she realized that first elder and the other Qilin who had not returned with her were still dutifully guarding the ice room. The moment they saw her, they immediately surrounded her and looked at her with a face full of resentment.

The Qilin Grand Elder couldn't help but ask on behalf of the other Qilin, "Young lady Leng, it's already been three days. Why hasn't the clan leader recovered yet?"

"Great elder, I think the Qilin clan's patriarch's injuries are too serious, so he needs more time. You don't have to worry too much. Since the reincarnation pill refined by my master said that it can cure your patriarch, you should believe it. Otherwise, if it knows, it will be unhappy." Leng ruoxue consoled.

In fact, her words were already very subtle. If it were someone else, she might have said it directly. What was the rush? You guys don't have any other way anyway, so you can only try it as a last resort. But now that she was facing so many worried and conflicted Qilin race elders, she could only tactfully express her thoughts.

However, the Qilin great elder also understood her meaning.

Therefore, the first elder quickly appeased the other Qilin elders, and everyone waited patiently.

Who knew that this wait would last for a month.

In this one month, the elders of the Qilin clan had wanted to ask Leng ruoxue for help to go in and take a look countless times. However, they were all suppressed by the great elder. Since the Qilin clan leader's injuries had yet to be treated, Leng ruoxue and the rest could not leave immediately. They could only stay in the Qilin clan.

In the days that followed, Leng ruoxue did not waste any time. It just so happened that first elder and the rest were here, so she dragged them along to refine pills and weapons. But in this way, uncle long and master ning were even more bored.

Even though the two of them were not willing to stay here for long and Xue 'er had told them to return first and return after the Qilin clan leader had recovered, they would not let Xue 'er and the other alchemists and weapon refiners stay in The Tiger's Den. If the Qilin clan leader's injuries were not fully recovered and the Qilin clan became angry out of embarrassment and used Xue 'er and the others as punching bags, it would be bad! Therefore, the two of them had a private discussion! I can't leave now!

But if they didn't leave, the two of them would be very bored. In addition, the Qilin elders, who they had a good relationship with, were all guarding the Qilin tribe leader. The two of them had nothing to do and could only sit in the living room and stare at each other.

"Al! It's so boring!" In the living room, uncle long had sighed countless times.

"Uncle long! I'm bored too, so can you stop saying these words all the time? you're making me very annoyed!" Master ning said helplessly. Xue 'er was temporarily in seclusion to refine pills and weapons, but those cute little beasts were also clamoring to go into seclusion, making him even more bored. Now, other than uncle long, this rotten old man, he couldn't even find anyone to talk to.

"You think I'm not annoyed? Come, let's have a fight! I haven't fought in a long time, my hands are itching!" Uncle Long suggested. Then he stood up and dragged Master Ning to find a place to fight.

Master Ning didn't refuse, and the two walked out together. However, after walking around the territory of the Qilin clan several times, they didn't find a suitable place to fight. They didn't dare to start a fight around the territory of the Qilin clan. Otherwise, the Qilin clan might think that they were provoking them.

However, the two's actions were like headless flies, which also attracted the curious gazes of many Qilin guards! One of the Qilins asked out of curiosity. When he learned that the two of them wanted to fight, his eyes suddenly lit up.

"You want to fight? I'll accompany you!" The Kirin's eyes glowed green, as if it had found a new toy.

Looking at it and comparing the height difference between the two sides, Uncle Long was silent.

This Qilin guard was currently in its original form. It was much taller than them, and its leg was as thick as their waists. He wanted to fight with them? More importantly, although the Qilin was only a guard, its strength was also at the reverent-god level. In its original form, the Qilin was absolutely invincible, so neither of them wanted to accept its challenge.

However, this Qilin race guard was obviously a stubborn and one-track minded fellow. He only knew that the two people in front of him wanted to fight, but he didn't even think about whether they wanted to fight him or not. Therefore, it enthusiastically grabbed Uncle Long and Master Ning with its two huge claws and threw them on its back, then disappeared at the gate of the Qilin clan as fast as lightning.

In addition, it was a wind attribute Qilin, so its speed was extremely fast. By the time Uncle Long and Master Ning realized that they had been kidnapped, they had already been taken to a relatively strange place.

Where was this place?

Barren mountain? The wilderness?

Uncle Long and Master Ning looked at each other in silence, wondering why the Qilin had brought them to this place where even birds didn't want to poop.

At this moment, they were surrounded by a series of small mountains. Those small mountains were only a little higher than the Qilin in front of them. Not a single blade of grass grew on the mountains, and it was very desolate. The place they were standing on was relatively flat, so much so that the two of them deeply wondered what kind of place they were.

As if he had seen through their doubts, a certain Kirin, who was full of interest, explained to the two of them excitedly, "This place is not bad, right? This is a place where we like-minded Qilin sparring. It's just that they've been too busy recently, so we haven't sparred for a long time. It's good that you have this idea today, so I'll play with you!"

[Chapter 2765 I'm Not Made Of Paper \(2\)](#)

"..." But we don't want to play with you!

Uncle long and master ning looked troubled. They could tell that this was a Qilin that was crazy for fighting, and it was fast, so they knew that they wouldn't be able to gain any advantage if they fought it.

More importantly, uncle long and master ning didn't want to have a serious fight. They were just bored. But now with this Qilin, they had to be serious.

Al! He was so conflicted.

Just do your best! They were also afraid that this Qilin would pester them endlessly. If they didn't use their full strength and lost, they would lose face again.

What should he do now? Uncle long and master ning suddenly felt like they were riding a Tiger and couldn't stop.

However, the two of them were too embarrassed to refuse the Kirin's extremely hot eyes. Otherwise, this Kirin who was too excited would probably get angry.

Without any other choice, the two of them shamelessly asked Leng ruoxue for help.

Leng ruoxue, who was refining pills with Shen nuo and the rest, was shocked when she received the call for help from uncle long and master ning. When she heard the two of them calling for help, Leng ruoxue had no patience to listen to anything else and went to find Feng Ye in a hurry.

At this moment, Feng Ye was being recruited by Bing Yun. Seeing that Leng ruoxue had come to look for him, the listless him immediately became excited as if he had been injected with chicken blood!

"You bastard!" Recently, the elders had all been guarding the clan leader. There were many things in the clan that no one had handled. Bingyun, that shameless thing, treated him like a silly boy and ordered him around. He even used the clan to threaten him, causing him to be able to work hard without complaint. As for this pitiful child, he had long been hoping that someone would save him from his misery. Hence, when he saw Leng ruoxue now, he felt closer to her than he would to his family.

Leng ruoxue didn't say anything else. She pulled Feng Ye aside and said, ""Hurry up and follow me!" He directly dragged Feng Ye away in front of bingyun.

Bing Yun saw this and wanted to stop them, but the two of them had disappeared. Feng Ye's infuriating words rang in her ears, ""I'll go with you, even if we have to go to the ends of the earth!"

ICE's mouth twitched as she tried her best to forget this sentence and did what she should do.

Even though Leng ruoxue was shocked by his words, she did not have the time to argue with Feng Ye. She dragged him to the meeting place with first elder and the rest and ordered Feng Ye to bring them to uncle long and Godfather.

"Where?" Feng Ye was stunned.

"I don't know!" Leng ruoxue blinked her eyes innocently and did not ask.

Feng Ye was dumbfounded.

First elder and the rest were also dumbfounded. Xue 'er's words were too innocent and too cute!

啊啊啊啊啊啊! I can't stand it! How could she be so cute?

After recovering from their shock, first elder and the rest looked at Leng ruoxue with sparkling eyes. Even Feng Ye felt that Leng ruoxue's little appearance was very cute.

Feng Ye, who was overflowing with love, consoled Leng ruoxue with a look of sympathy and worry, "It doesn't matter if you don't know. You can ask me now. As long as you can tell me the general situation, I can find all the places within a hundred miles of the Qilin clan!"

"I'll ask now!" Leng ruoxue laughed awkwardly, then sent a voice transmission to uncle long and her Godfather.

In reality, after the two of them had called for 'Xue' er to save them ', they were cut off by the anxious Leng ruoxue. At that time, the two of them were extremely depressed! Sob ... Xue 'er doesn't care about them anymore!

This fact was too hurtful!

Just as the two of them were about to cry silently in their hearts, Xue 'er's voice transmission came. This time, it was to ask for their address. Instantly, the two of them were revived on the spot with full health! They knew it! How could Xue 'er not care about them!

But ... Where was this place?

They did not know either! They looked at each other hesitantly and turned around to try to get the guards to talk, but a certain Qilin couldn't give them a reason for this place. He only said that this was a place where many Qilin often came to play.

A place that you often come to play? No name?

When the two of them told Leng ruoxue their answer, Leng ruoxue was conflicted.

"Take us to the place you hang out often," she said to Feng Xun after that."

"....."

Feng Xun was silent for a moment, then said cautiously, "Are you sure you want to go?"

"Of course, hurry up. Saving people is like putting out a fire. If uncle long and Godfather lose a single hair, I won't let you off!" Leng ruoxue threatened. Did she look like she was joking?

"What does this have to do with me?" Feng Ye said with an aggrieved expression.

"You're dilly-dallying. You're delaying my time to save them!" Leng ruoxue laughed evilly.

These words made Feng Ye deeply depressed.

After that, he obediently returned to his original form and greeted Leng ruoxue and the rest, "Quickly sit on it! Don't waste any more time. "

He was really scared of this unreasonable woman! Wuwu ... Bad guy! They were all a bunch of bad guys! You only know how to bully the honest Qilin! Feng Ye truly felt that his current status was very low. It seemed that all of this had only started when he met Leng ruoxue, right?

"Hehe, I've never ridden a Qilin before!" At this time, first elder said with a smile. These words made Feng Ye even more depressed.

What kind of people were these! If not for Leng ruoxue's threat, would he have allowed these humans to sit on his back? He glanced at Leng ruoxue with hidden bitterness. Feng Ye's face was red as he said, 'I did it all for you!'

Leng ruoxue ignored Feng Ye's pitiful expression and gave him a kick in the butt, indicating for him to leave quickly.

Feng Ye resigned himself to his fate and ran out ...

Soon, they arrived at their destination.

"This is the place!" Feng Ye said honestly, a hint of shyness on his face.

When Leng ruoxue saw the place, she immediately jumped down from Feng Ye's back. She looked up at her surroundings and was immediately speechless.

What was this place?

What was the situation with the pairs of Qilins hugging each other?

"Is this the place you guys often play?" Leng ruoxue asked uncertainly. Her instinct told her that the place uncle long mentioned was definitely not the same place that Feng Ye had brought them to.

"Yup! Ever since we came of age, we've been coming here often for dates!" Feng Ye said, a little embarrassed. He even lowered his head shyly.

A place to date the opposite sex! Leng ruoxue and the rest were confused!

"Other than this place, are there any other places you go often?" Leng ruoxue could not help but ask. Uncle long and Godfather would never come here! She dared to guarantee it!

"No more!" Feng Ye said honestly. Then, he couldn't help but ask, "Xue 'er, what happened! Tell me, I'll help you analyze it!"

"You know how to analyze?" Leng ruoxue asked in surprise. It was not that she looked down on Feng Ye, but the impression he gave her had always been a little stupid. Could he really analyze anything?

[Chapter 2766 I'm Not Made Of Paper \(3\)](#)

"Of course I can. I'm one of the most intelligent Qilins in the Qilin clan." Feng Ye said proudly.

After hearing this, Leng ruoxue and the others fell silent once more.

However, Leng ruoxue still gave him face and said, ""Uncle long and Godfather were calling for help. I'm afraid something might have happened to them!"

"Hehe! What could have happened to them in the Qilin race! Could it be that some female Qilin has taken a fancy to them?" When Feng Ye heard Leng ruoxue's words, he gave an ambiguous smile.

When Leng ruoxue heard this, she couldn't help but give it another vicious kick and said angrily, ""Do you think uncle long and Godfather are like you, unable to move when they see a female Qilin?"

"Hehe! Men and male beasts were the same! It's normal for the opposite sex to attract each other, why wouldn't Xue 'er be willing to admit it!" Feng Ye winked at Leng ruoxue, making her want to kick him again.

But this time, Feng Ye learned his lesson. After saying this, it immediately jumped to a safe distance and said, ""What I said is not impossible. Xue 'er, you should consider it carefully!"

"Consider my ass! Quickly take us to other places!" Leng ruoxue ordered.

"Alright then!" Seeing that Leng ruoxue was unwilling to face the truth, Feng Ye was also very impatient. After that, he accepted his fate and brought Leng ruoxue and the rest around to search.

After searching for a long time, Feng Ye finally found uncle long and master ning's aura in a mountain stream, so he directly landed.

"So you guys are here! I've been looking for you!" As soon as they landed, Feng Ye started to complain.

"Crazy! What are you doing here?" The Qilin guard said unhappily when he saw Feng Ye.

"You bastard! You're the crazy one, your whole family is crazy!" Hearing this, Feng Ye was instantly enraged!

"Hehe! My family seems to include you!" A certain Kirin said in a calm manner.

Feng Xun was silent.

Leng ruoxue and the rest were speechless as well. This was the first time they had seen an idiot scolding themselves as well! However, none of them had expected that these two Qilins were actually a family.

While Feng Ye and the other party were bickering, Leng ruoxue took the opportunity to observe uncle long and Godfather carefully. Seeing that they were fine, she was instantly relieved. Then, she pulled the two of them and asked them about the whole incident in a low voice.

When she found out that the two of them had called for help in a moment of desperation because the Qilin guard wanted to fight them, Leng ruoxue didn't know whether to laugh or cry.

The great elder even gave them a look of disdain.

How embarrassing! How big of a matter was it to cause them trouble?

"Uh! We don't want to fight it. " Uncle long smiled awkwardly.

"Then you called me here because you want me to fight it?" Leng ruoxue blinked her eyes and asked in a speechless manner.

"No, this guy is a battle maniac. We were entangled by it and had no choice but to ask you for help, hehe! Xue 'er, you must have a way, right?" Master ning looked at Leng ruoxue with a fawning expression.

"What if I say that I have no other choice?" Leng ruoxue said in all seriousness.

"Xue 'er, you can't just leave me in the lurch!" Master ning said with a sad face.

Leng ruoxue looked at her Godfather's expression and knew that he was pretending to be pitiful. However, she did not expose him. Instead, she walked over to the green Qilin that looked exactly like Feng Ye and sized it up.

Originally, the green Qilin had been glaring at Feng Ye. Who knew that it would suddenly feel a very hot gaze, which made its little heart tremble.

"What are you looking at? Haven't you seen it before?" The green Qilin could not take it anymore. It was getting goosebumps from Leng ruoxue's stare!

Wuwu ... Bad guy! Why are you targeting it?

One had to know that there was a saying that was circulating throughout the Qilin clan. That was to never be targeted by Leng ruoxue. Otherwise, it might end up like Feng Ye. It did not intend to lose its precious freedom like Feng Ye.

"Indeed, I've never seen him before. Let me introduce myself first. I'm Leng ruoxue." Leng ruoxue nodded her head seriously and extended her dainty Jade-like hand to grab the other party's large claw as a gesture.

"Uh! Fenghua!" The Azure Kirin replied in a daze.

Uncle long and master ning finally knew the name of the Qilin.

Feng Ye smiled and added, ""He's my family's battle-loving idiot Qilin, my uncle's younger brother. "

Now, he somewhat understood why this idiot had kidnapped uncle long and master ning.

Leng ruoxue was surprised to hear that Feng Ye had called another Qilin an idiot.

I'm clearly an idiot! Now, he was still calling other Qilins like this. She really didn't know how Feng Ye's brain worked. Magical, too magical!

At this moment, Fenghua also protested, "damn it!" You're the younger brother, I'm the older brother, okay?"

"....."

After hearing this, Leng ruoxue couldn't help but admit that Feng Ye's words were indeed a little stupid. He didn't mind that Feng Ye called him an idiot, but he was concerned that he wasn't his brother?

What kind of logic was that?

After a moment of silence, Leng ruoxue turned to Fenghua and said, ""Peerless beauty. I heard that you like to fight. How about we have a competition?"

"I do like to fight, but I never fight with women! Besides, my name is Fenghua. Please don't give me random names!" Fenghua said with a serious face.

Hearing this, Leng ruoxue couldn't help but laugh to herself. She then said cautiously, "Please don't treat me like a woman! Furthermore, the "peerless and magnificent" are already connected, so this name is very suitable for you. "

"Oh, really? Alright! You can call me peerless beauty, but I still can't help but treat you as a woman, and you're still so young!" Fenghua said gloomily. She gestured with her claws again, and it was Leng ruoxue's turn to be depressed.

It wasn't difficult for her to admit that she wasn't as big as one of the other party's legs! It was true!

"So, I won't compete with you. If you want to compete, you should compete with the two of them. " Seeing that Leng ruoxue didn't deny it, Fenghua told her the truth and pointed at uncle long and master ning.

"Peerless beauty, are you sure you don't want to give me face?" Leng ruoxue asked again.

"Women are to be pampered, not beaten. So, I won't fight you. " Fenghua stretched out her huge paw and touched Leng ruoxue's head.

"..." Was she being touched as a pet by a Beastie?

Leng ruoxue was conflicted and depressed. This was her specialty! Why did a Qilin get there first?

Sob ... Leng ruoxue burst into tears.

Moreover, a somewhat silly Qilin actually knew that women were meant to be pampered. This was really too incredible.

Leng ruoxue remained silent for a long time. Seeing this, Fenghua was worried and asked carefully, "What's wrong? did I hurt you?" It was referring to the moment when he touched Leng ruoxue's head.

"I'm not made of paper. " Leng ruoxue's face was covered in tears. As expected, Feng Jue's family was all abnormal. Sob ... She didn't want to stay here anymore. She wanted to go home.

At that moment, no words could describe Leng ruoxue's depression. At the same time, a deafening roar broke through the air, shocking Feng Ye and Fenghua!

"Something big has happened!" Feng Ye and Feng Hua said at the same time. The voice came too quickly, so they couldn't figure out what was going on. But they were sure that it was not an invasion.

However, since such a Swift signal had been transmitted out, then no matter what the Qilin's were doing, they would definitely rush back to their clan. Therefore, without any delay, Feng Ye and Fenghua reached out their claws and scooped Leng ruoxue and the rest up onto their backs, then quickly returned to their clans.

When they returned to the territory, Leng ruoxue was surprised to find that all the Qilin's were present. It seemed like something big had happened, so much so that Fenghua had forgotten to continue fighting with uncle long and Godfather.

As soon as Leng ruoxue jumped down from Feng Ye's back, she was immediately surrounded by a group of female Qilin. Then, Leng ruoxue was kidnapped by the female Qilin.

Of course, only Leng ruoxue felt that she had been kidnapped. Those female Qilin thought that they were very gentle, and considering the weak bodies of humans, their actions were much gentler.

Leng ruoxue, who felt like she had been kidnapped, was brought to a gorgeous room by a group of female Qilin. The female Qilin busied themselves with Leng ruoxue's face and body.

The female Qilin, who was preparing to put on makeup for her, stretched her demonic claws towards Leng ruoxue first. The female Qilin, who was beating up a pile of fine clothes, waited by the side.

When Leng ruoxue saw this, she hurriedly called for a stop.

"Wait! What are you guys doing?" Leng ruoxue said fearfully. Could the colorful liquid in the female Qilin's hands be poison?

"Calm down, miss Leng. We have been ordered to dress you up." A female Qilin said with a kind smile.

"Orders? Whose orders?" Leng ruoxue was puzzled. What was the Qilin clan up to?

"Hehe! Of course it's the Grand elder's order!" The female Qilin said.

"Oh!" Leng ruoxue nodded her head to show that she understood. However, she then pointed at the colorful paint in front of her and asked in shock, "Are you guys using these colors to dress me up?"

That ... Could she ask him to come?

"Hehe! These aren't ordinary dyes, they're made from a secret recipe that our Qilin clan has been keeping for many years. Don't worry, we guarantee that we'll dress you up beautifully. " The female Qilin promised.

However, Leng ruoxue really didn't dare to believe her words. This was because humans and beasts had different aesthetic standards. The 'beautiful' that they spoke of might be like a ghost to her. Furthermore, she didn't know what the Qilin clan was trying to do.

Did he have to play so big?

"Is there anything important for your Qilin clan?" After some thought, Leng ruoxue carefully asked.

"Hehe, of course there is!" The female Qilin said proudly.

"What's the important thing? can you tell me?" Leng ruoxue asked again.

"Of course not, because we don't know either." The female Qilin replied with a righteous look.

[Chapter 2767 May I Know The Goddess's Name?\(1\)](#)

You don't know, but you still say it so righteously?

Leng ruoxue looked at the proud look on the female Qilin's face and couldn't help but want to ridicule her. However, she felt that her words would be in vain. This female Qilin probably wouldn't take it

seriously at all. Looking at her face, which seemed to be proud of the Qilin clan's great event, she felt that if she were to question it, she might be attacked by all these female Qilin.

After some thought, she tactfully shut her mouth. In any case, these female Qilin definitely had no ill intentions towards her. However, how could she not paint her face with these colors?

Just as she was about to discuss with the female Qilin, another female Qilin ran in. When she saw that Leng ruoxue had not dressed up, she immediately said anxiously, "Why is your work efficiency so low? You're still not done?"

After saying that, the female Qilin did not allow any further explanation and quickly used her claws to wipe Leng ruoxue's face. By the time Leng ruoxue was about to reject, she had already completed all her actions very quickly and even nodded in satisfaction, "Alright! Hmm, not bad. This human can be considered a beauty when dressed up!"

"....."

Leng ruoxue was silent. So, in the eyes of these female Qilin, she had always been an ugly monster? No wonder these female Qilin didn't take her seriously.

Following that, the female Qilin removed her outer clothing and gave Leng ruoxue the luxurious clothes that they had prepared. At this moment, Leng ruoxue was already numbly allowing the female Qilin to touch her.

Fortunately, this female Qilin's movements were very Swift. She did not let Leng ruoxue endure for too long before she announced that she had already dressed up.

Leng ruoxue heaved a huge sigh of relief. Good, she was finally free. Then, she helplessly allowed these female Qilin to criticize her.

"Miss Leng, you're so beautiful!"

"En en, she's comparable to the beauties of our Qilin clan!"

Such praises could be heard without end, but Leng ruoxue miraculously did not want to hear them at all. In fact, she did not even have the courage to look at her own appearance at this moment.

Sob ... Should she be happy? Should she thank them for dressing her up?

Leng ruoxue really did not know.

After that, she was escorted out of the room by the female Qilin.

When she left the room and saw the vexed faces of uncle long and the rest, Leng ruoxue suddenly felt better!

Previously, she blamed uncle long and Godfather for not saving her, but now, she did not blame them at all!

It was true! Seeing the constipated expressions on uncle long, Godfather, and the others' faces, as well as the colorful paint on their faces and the brilliant golden clothes they were wearing, Leng ruoxue knew that they had been treated the same way.

For a moment, the few people who were in the same boat wanted to cry.

One had to know that among them, other than uncle long, the rest were all genuine humans. Their taste in beauty was naturally different from the beasts of the Qilin clan. However, they understood the principle of 'When in Rome, do as the Romans do'. Hence, they could only silently endure all this.

As a matter of fact, although uncle long was a beast, he had spent more time with humans, so his aesthetic was more like that of humans. Therefore, it could be said that he had no common language with these Qilin in terms of aesthetic. But what else could he say now?

"Xue 'er, can we discuss something?" Seeing Leng ruoxue come out, uncle long and the rest immediately went forward and whispered.

"What?" Leng ruoxue's face was filled with question marks.

"Let's not tell anyone about this, okay?" Uncle long and the others looked at each other and said in tacit understanding.

The thing they were talking about was naturally his current appearance.

"I won 't, I definitely won' t! I'll get mad at whoever you say it. " Leng ruoxue immediately expressed her stand when she heard this.

Looking at uncle long and the others 'conflicted expressions, she knew that she wasn't in a good state.

As expected, the moment she finished speaking, Leng ruoxue received looks of sympathy from uncle long and the others. Her Godfather even sighed and patted her on the shoulder. His eyes seemed to be saying the words 'my condolences'. Uncle long and the others followed suit.

Leng ruoxue was so depressed that she was on the verge of tears!

You can't do this!

"Eh? You're all dressed up!" Suddenly, a surprised voice came from behind them. Everyone turned around and saw Feng Ye, who was also dressed up, behind them. He seemed to be surprised.

Especially when he saw Leng ruoxue, Feng Ye rushed in front of her. He trembled and sobbed, ""G-goddess, Hello, my name is Feng Ye, I'm a Qilin with the wind attribute. I'm very happy to have the opportunity to meet you. May I know the goddess's name?"

"..." Hearing this, Leng ruoxue's face turned black. Uncle long and the rest could not bear to look at her. They all mourned for Feng Ye's blindness in their hearts.

This guy asked for it! He had just touched a sore spot!

As expected, just as uncle long and the others thought of this, Leng ruoxue kicked Feng Ye's lower abdomen. Feng Ye, who was not prepared for this, fell flat on his back.

After he fell, Feng Ye was not ashamed, but proud. He laughed and said, ""Goddess, is this the so-called" beating is affection, scolding is love "? It seems that the goddess has a good impression of me. Let's date!"

"Dating? Date, my ass!" After Leng ruoxue finished her roar, she continued to punch and kick Feng Ye, who had yet to get up.

At this moment, many Qilins had gathered around. However, no one stepped forward to stop the fight. In the minds of the Qilins, a man should not fight back when he is scolded or hit. That is why they treated Feng Ye's beating as a joke. Naturally, everyone just watched.

As for uncle long and the others, they couldn't stop Xue 'er at all. In their hearts, Feng Ye was the classic example of someone who would not die if he didn't seek death!

Leng ruoxue was tired from the beating and left with a cold face.

As for Feng Ye, he was still in a daze with a happy expression.

It wasn't until uncle long couldn't stand it anymore and kicked the dazed Feng Ye out of his daze that he finally woke up.

At this moment, Feng Ye's face, which was originally covered in colors, immediately swelled up. He looked like a pig that had been painted. His clothes were also covered in dust and a few of them were torn. It was a terrible sight. However, Feng Ye clearly did not realize how serious the situation on his face and body was. Instead, he pulled on uncle Long's sleeve and asked persistently, "Uncle long, who was that goddess? do you know her?"

"You don't know him?" Uncle long was shocked. This old man recognized him, but he didn't recognize Xue 'er. There was something wrong with his eyes!

"How could I possibly know the goddess? If I knew him, I would've chased after him long ago. " Feng Ye said matter-of-factly.

"Uh! I advise you not to have any ideas about her, otherwise, you'll die a miserable death!" Uncle long reminded Feng Xun kindly, silently praying for him.

[Chapter 2768 May I Know The Goddess's Name?\(2\)](#)

"Why? I was loyal to her at first sight! How can we just let it go like this?" Feng Xun said stubbornly.

Upon hearing this, uncle long couldn't help but think to himself, this isn't the first time you've met!

"Forget it! You two are really not suitable for each other. " After some thought, uncle long felt that it was better not to break Feng Ye's fantasy of a goddess. Otherwise, he didn't know if this guy could take the blow.

"I think we're very suitable for each other." Feng Ye didn't want to give up. But after thinking about it, he glared at uncle long warily and said, "Uncle long, tell me the truth. Are you also moved by my goddess? That's why you didn't let me chase after you?"

"..." Uncle long didn't know what to say. Sigh! Just let this fantasy-brained guy discover it himself! He was too lazy to talk.

However, uncle Long's silence made Feng Ye feel that uncle long had tacitly agreed. Hence, he immediately raised uncle Long's status to the level of a love rival. He even glared at uncle long

covetously and shouted fiercely, "Uncle long, I want to challenge you. Whoever loses will give up on pursuing the goddess!"

"Idiot!" After staring at Feng Ye for a long time, uncle long finally spat out these two words. Then, he learned from Leng ruoxue and left with a cold face.

"Come back here! Coward! Don't you go!" Seeing uncle long ignore him and walk away, the anger in Feng Ye's heart instantly surged several steps. If master ning hadn't stopped him in time, he would have rushed over to stop uncle long and fought a big battle.

"Master ning, let me go. Why are you holding me? Oh! I know, you guys are in a group, so you're ganging up to bully me, right?" Since uncle long didn't stop him, Feng Ye, who was already furious, turned his gun around and fired at master ning.

"I'm doing this for your own good. " Master ning said calmly and left.

"Al! Good luck!" Then, the first elder and the others patted Feng Ye's shoulder to comfort him and followed master ning silently.

Feng Ye, who was left behind, was completely depressed.

"You bastard!" Why were those people so confused? What did they mean by that? Feng Ye racked his brains but still couldn't figure it out.

At the same time, Leng ruoxue, who had returned to her residence, had just sat down in the garden when she saw that uncle long and the rest had all returned. Uncle Long's expression was especially ugly. On the contrary, Godfather and the others seemed to be extremely enduring something, and their faces were red.

"Uncle long, why are you back?" Leng ruoxue asked in confusion.

"If I don't come back, I'll die of anger!" Long shuhuo roared.

"Uh! There shouldn't be anyone in the Qilin clan that would anger you, right?" Leng ruoxue could not help but ask.

"Why not? Feng Ye knows how to do it!" Master ning added, holding back his laughter.

Leng ruoxue was puzzled. Did that idiot Feng Ye have such guts? She could not believe it.

At this moment, the first elder was still the kind-hearted one. He described the incident to Leng ruoxue. After Leng ruoxue heard it, she was speechless and did not know what to say.

"Dammit! If this wasn't the Qilin clan, I would have definitely beaten him up!" Uncle long said angrily after the first elder finished speaking.

"I've already beaten him up. " Leng ruoxue reminded him with a faint smile.

"That doesn't count. The way you beat them up might make the Qilin clan think that you're flirting with each other!" Uncle long cruelly stated the truth.

After all, as a beast, he was very clear about the thoughts of some male beasts. Being beaten up by a woman was nothing in the hearts of male beasts. But Leng ruoxue did not know that! Therefore, when she heard uncle Long's words, her face turned even uglier.

If what uncle long said was true, then wouldn't she have beaten him up for nothing?

Leng ruoxue was so depressed that it was as if she had eaten goldthread.

"Why did you guys come back? I've been looking for you guys everywhere." Suddenly, Bing Yun's voice sounded in their ears.

Everyone turned their heads and looked at Bing Yun. No one spoke. On the other hand, Leng ruoxue almost took her anger out on him out of reflex. Fortunately, she managed to hold it in.

Seeing that everyone's expressions were a little strange, Bing Yun even asked with a baffled look, "What's wrong with you guys?"

"Nothing, is there something you need?" Master ning, who was still calm, asked as a representative.

"Of course, I'm here to invite you." Bingyun said in a great mood.

"Tell me, what is it? Otherwise, we won't go. " Leng ruoxue didn't want to be treated like drawing paper by the Qilin clan and be scribbled on at will, so she had to clarify things first.

"..." Bingyun had not expected Leng ruoxue to say such a thing. For a moment, he was completely stunned. Then, he could not help but look at uncle long and the others. He thought to himself, 'did something happen that I don't know about?'

Thinking for a moment, bingyun said carefully, "Miss Leng, I've been informed that this matter can not be said."

"Oh, really? Then we won't go. " Leng ruoxue's attitude was a little forceful. She admitted that she was a little angry. First, it was those Qilin who wanted to dress up her female Qilin. Then, it was that idiot Feng Ye. She had had enough, really! What was it that had to be so mysterious? Moreover, this seemed to be an internal matter of the Qilin clan. Since that was the case, it shouldn't matter if they didn't attend.

"Miss Leng, you're making things difficult for me." Seeing that Leng ruoxue had already made up her mind, Bing Yun was so depressed and conflicted that he wanted to bang his head against a wall. Wuu ... Why couldn't this little girl be like a normal human and be filled with intense curiosity about the unknown?

He had lived for so long, but he had never seen such a difficult human. Especially since they were still in the territory of the Qilin clan. Could it be that this little girl couldn't have the awareness that a guest should follow the host?

Bingyun silently ridiculed. Leng ruoxue wasn't sure of Bing Yun's thoughts either. Otherwise, she would have told him that curiosity killed the cat and that she would never do anything out of her control. Otherwise, she would have been killed by her so-called curiosity!

When bingyun saw that he was unable to convince Leng ruoxue, he turned his pleading gaze towards uncle long and the others. In his heart, uncle long and the others should be easier to talk to. After all, they were all men, so it should be easier for him to talk to them.

However, he was wrong this time. This was related to Leng ruoxue. No matter if it was right or wrong, uncle long and the others were determined to protect Xue 'er's interests. Hence, his request for help would not receive any help at all.

Seeing uncle long and the others ignore his request for help, and even turn their heads away as if they didn't see him, bingyun was a bit more conflicted.

Left with no choice, he could only report this to the great elder.

Not long after, the first elder and Huo Yue rushed over.

Before he could speak, Leng ruoxue spoke first, ""Shouldn't you be guarding your Qilin clan's patriarch at this time? How come you have the time to come and find me personally?"

Upon seeing the two of them, Leng ruoxue seemed to have guessed something. However, she still needed to verify it.

[Chapter 2769 May I Know The Goddess's Name?\(3\)](#)

"Uh! That's right! However, there's something more important for the Qilin clan right now. Thus, we have no choice but to leave for the time being and settle this matter first. " The first elder wiped the cold sweat from his forehead and said guiltily.

This girl was indeed not the usual kind of trouble! First elder really wanted to kneel down in front of her. Of course, the prerequisite was that Leng ruoxue would obediently follow the arrangements if she knelt down.

"It seems like the Qilin clan chief is nothing in your hearts. You can even temporarily put aside your worries about the clan chief while he's healing and go do something more important than him. I really feel bad for your clan leader!" Leng ruoxue sighed.

Her words made the great elder of the Qilin clan and Huo Yue break out in cold sweat. Wu...Could they not be wronged like this? In their hearts, the clan leader was the most important, but now ...

The two Qilins were extremely depressed after being maligned by Leng ruoxue. However, they could not speak the truth now. Hence, they could only silently swallow the dirty water that Leng ruoxue had forcefully poured on them. This fact made them feel even more aggrieved, but what could they say?

Uncle long and the others laughed to themselves when they saw the two Qilins so depressed that they wanted to bang their heads against the wall to express their feelings. These two guys wanted to have a war of words with Xue 'er, but they would lose without a doubt!

They even felt some sympathy for the first elder of the Qilin clan and Huo Yue. Of course, they didn't want to speak up for the other party. Instead, they enjoyed watching the show.

In contrast to their excitement, the Qilin elder and Huo Yue were silent for a long time. They did not know how to refute. The two Qilin looked at each other and then looked up at Leng ruoxue.

They looked at each other for a long time. Leng ruoxue was still calm, but great elder Qilin and fire Yue couldn't calm down at all. The time was almost up, but they still hadn't dealt with Leng ruoxue. Sob ... What should they do?

The two pitiful Qilins wanted to cry but had no tears. They even tried to move Leng ruoxue by acting pitiful, but Leng ruoxue remained unmoved.

What a cruel and cold-blooded girl! No wonder his surname was Leng! Huo Yue secretly sighed, but in his heart, he was full of tears. Because he suddenly realized that in the few times he had come into contact with Leng ruoxue, other than the first time when they had schemed against her and used her to escape from old Grand Madame, he had never won against her in the subsequent interactions.

He was so pitiful! Huo Yue finally discovered this fact, and the way he looked at Leng ruoxue became more and more resentful.

Unfortunately, no matter how much he lamented, Leng ruoxue ignored him.

Just like that, the two sides were in a stalemate.

As time passed by, the Qilin Grand Elder was burning with anxiety. He tried to persuade Leng ruoxue, "Miss Leng, do you think you can come with us to deal with official business first? We'll definitely explain it to you later. "

"We can not! Who knows what your business is? What if they wanted to kill him to silence him? Who will I cry to then?" Leng ruoxue deliberately put on a stern face.

These words choked the Qilin first elder, causing him to almost pass out!

I'm innocent! This was a great injustice! How could they possibly kill him to silence him? How could their Qilin race be such cruel and unscrupulous beasts? But when he saw Leng ruoxue's disbelieving expression, he really didn't know what to say.

Uncle long and the others were laughing in their hearts.

Hehe! Xue 'er was really too evil! Was he trying to force the Qilin great elder to speak the truth? However, this old man seemed to be very determined. He would not be so easy to pry open!

With this thought in mind, uncle long and the others decided to add oil to the fire.

Then, uncle long seriously agreed, "Xue 'er's concerns are not without reason. It seems that we really have to be careful! After all, we have limited manpower. If the Qilin race really wants to get rid of us, I'm afraid we can't do anything!"

After he finished speaking, he immediately looked at the Qilin great elder and the fire Guangdong tribe leader vigilantly. His serious face seemed to be saying, 'come at me if you want to fight! I'm not afraid of you guys!"

"..." Can you not say that? They weren't that kind of Beastie.

"Um ... Let me remind you, none of us are combat-type talents, so when we fight, you'd better not attack us! It's everyone's responsibility to protect special talents!" The first elder said after seeing the strength of his own side.

"Yes! However, please allow us to attack you. " Jiang Ning added with an evil smile.

"..." Is this the rhythm of a fight? They didn't seem to have done anything.

The first elder of the Qilin family and Huo Yue were on the verge of a mental breakdown after hearing uncle Long's words. Can't we just have fun together!

"When is the war?" Seeing that the other two Qilins had been provoked quite badly, master ning lightly added.

"We don't intend to fight with you." After a long time, after taking a few deep breaths, Huo Yue replied in a low voice.

They were clearly here to invite people, but in the end, why did it become a war?

How did this happen? How did this happen?

The two Qilins completely broke down. There was no way to continue this conversation. If they continued, the other party might attack directly and ruin their Qilin clan's grand event ...

"Little girl, don't make things difficult for them. I was the one who told them to keep it a secret." At this moment, a helpless voice rang in Leng ruoxue's and the others' ears. Following the voice, two figures appeared.

One of them was Shui mo, and the other was a man. He stood helplessly beside Shui mo and sighed while looking at them.

This man was handsome and powerful. He was even a head taller than Shui mo, who was not short to begin with. He looked intimidating in blue! An intimidating aura surrounded him.

With just one look, Leng ruoxue had already guessed the man's identity.

"You are the Qilin clan chief?" Leng ruoxue said with certainty.

Uncle long and the others were no stranger to the man's appearance. After all, in the firmament, any old man who had lived for a long time would recognize this famous clan leader of the Qilin clan. Hence, they were more respectful to this man than Leng ruoxue was!

"Hahaha! Big brother, I told you, this little girl would definitely guess your identity!" Hearing this, Shui mo laughed, gloating.

The Qilin clan leader rolled his eyes at Shui mo before turning to Leng ruoxue. "Little girl, you know I'm the Qilin clan leader and you still dare to be so presumptuous? Aren't you afraid that I'll teach you a lesson in my anger?"

"I'm not afraid! I've long heard that the Qilin clan leader is a great hero. I don't think a hero would be ungrateful, right?" Leng ruoxue replied calmly.

"I heard that it was the reincarnation pill that saved me." The Qilin clan leader said on purpose.

"Yes, but I was the one who concocted the reincarnation pill." Leng ruoxue didn't mind the Qilin clan leader's words at all. Instead, she continued to reply naturally.

Hearing this, the Qilin clan leader fell silent and couldn't help but think to himself, "this girl is indeed as arrogant as Shui mo said!" He really didn't know who she was afraid of. Ah! Alright! He had lost!

In reality, the reason why he was testing Leng ruoxue was because of the bet he made with Shui mo. Initially, Shui mo had wanted to let the two of them meet. After all, in his heart, Leng ruoxue was different from the rest and was the benefactor of the Qilin clan. However, he wanted to be mysterious and give Leng ruoxue a surprise.

In his eyes, most humans would fall for this trick. However, he had met Leng ruoxue, who did not play by the rules. Hence, he did not manage to surprise her. Instead, he had caused a shock to some of his clansmen.

The Qilin clan leader glanced at the aggrieved first elder and Huo Yue and sighed silently. Then, he deliberately put on a stern face and said to Leng ruoxue, "Little girl, you're quite bold! Are you really not afraid of me?"

Although he had already admitted that he had lost, he still wanted to take a gamble! What if this little girl was pretending? Perhaps he could even turn the tide.

The stubborn Qilin clan leader had a good plan. Shui mo had known him for so long, so he knew what he was thinking. Shui mo had no choice but to watch silently.

"Do I need to be afraid of you? Although I've long heard that the Qilin clan leader is a heroic figure, I've never witnessed your most glorious period, so I naturally can't say that I'm afraid. I only know that without my help, your great hero can only regretfully sleep in this ice room. In that case, shouldn't you worship me instead?" Leng ruoxue said with a smile.

Her words were so arrogant that uncle long and the others broke out in a cold sweat. First elder Qilin and Huo Yue turned pale with fright. Only Shui mo remained calm.

This haughty Leng ruoxue was the little girl he knew and admired!

Actually, Shui mo was very happy that Leng ruoxue would do this because this meant that they would be able to see the true side of Leng ruoxue. Only such an arrogant Leng ruoxue had the right to be on equal footing with the Qilin clan and be respected by them.

This wasn't to say that the Qilin race had a physique that deserved to be abused. It was just to say that the strong were all proud! Only the strong had the right to be arrogant. The partner that the Qilin clan needed was someone as confident and arrogant as Leng ruoxue. After all, no one would want their partner to be respectful to them. Such a partner could not be called a true partner. They were more like a subordinate.

What the Qilin race wanted was a true partner who could stand side by side with them.

One must know that Leng ruoxue's previous politeness was completely unlike the little human girl he knew. At that time, he was actually a little disappointed. It was only after the stimulation of the fire Yue that Leng ruoxue showed a trace of strength, and he gradually became satisfied.

A true expert had to stand upright!

Shui mo was overjoyed to see Leng ruoxue's performance in front of his intimidating big brother!

[Chapter 2770 Here We Come \(1\)](#)

As expected of the person he had taken a fancy to! She really did not disappoint him.

However, this proud big brother of his seemed to have suffered quite a big blow. After all, after so many years, this was the first time he had seen his big brother reveal a constipated expression of struggle.

Such an expression was really too rare. If he wasn't afraid that big brother would be angry, he really wanted to use a memory crystal to take a picture of big brother's expression at this moment and remember it forever.

As if sensing Shui Mo's thoughts, the Qilin clan leader glared at Shui mo before sighing and saying helplessly, "You're right, I should really admire you. " How could he not admire a little fellow who dared to speak to him like that?

One had to know that in the entire divine realm, even Wu Yan didn't have the guts to speak to him like this. More importantly, if he had really heard what Wu Chen said, he would have attacked directly, but this little guy couldn't!

Al! The Qilin clan leader was depressed and conflicted.

When Leng ruoxue heard the Qilin clan leader's words, she remained extremely calm. Uncle long and the rest looked at each other, and their eyes revealed that the Qilin clan leader had indeed been greatly provoked.

Then, they laughed bitterly. Perhaps only Xue 'er would dare to speak to the Qilin clan leader in such a manner and not get beaten up. If it were anyone else, the Qilin clan leader would have beaten them up so badly that even their parents wouldn't be able to recognize them.

In the following time, both sides were silent for a moment. Finally, the Qilin clan leader spoke again, "Little kid, I wanted to give you a surprise, but I didn't expect it to turn into a scare in the end. So, can you give me some face and come with me to the celebration party?"

The Qilin clan leader's words were rather polite, almost to the point of begging. It was because he had underestimated Leng ruoxue's strength previously, so he couldn't act tough now.

Leng ruoxue gave him face and nodded, "Since it's the Qilin clan's head who invited us, of course we have to attend. However, can you let us remove the colorful things on our faces and bodies first? We're really not used to this. "

Upon hearing this, the Qilin clan leader looked deeply at Leng ruoxue. He was roaring in his heart, of course not! How cute was Leng ruoxue when she was depressed like this! Therefore, he looked a little

troubled and said, "The clothes on your face and body are the tradition of our Qilin clan. The Qilin of our Qilin clan will dress like this, so I'm very sorry."

It was obvious that the Qilin clan leader had rejected it out of a little revenge. Otherwise, he would have felt extremely unbalanced.

When Leng ruoxue heard the Qilin clan leader's words, she could only take a deep breath and remind him, "We are humans."

"Don't the humans have a saying, 'when in Rome do as the Romans do?'" The Qilin clan leader asked with a smile.

"..." As expected, he's an old fox!

Leng ruoxue was furious, but the other party's words weren't wrong. Hence, Leng ruoxue couldn't find any fault with them.

In the end, Leng ruoxue gritted her teeth and decided to do whatever she wanted! What's the big deal? it's just that her dressing doesn't match human aesthetics! She endured it!

Leng ruoxue, who had thought of this, said calmly, "Since that's the case, let's do as the Romans do!"

"Miss Leng is really considerate." After hearing this, the Qilin clan leader complimented her and made a gesture of invitation. Leng ruoxue had no choice but to brace herself and leave with him.

Along the way, Leng ruoxue stayed by the Qilin clan leader's side without a word. Uncle long and the rest followed behind them silently, wishing they could be invisible! He had no choice. The atmosphere was too depressing!

In addition, when they saw the Qilin clan leader's increasingly cheerful expression, like a cat that had stolen a fish, they really didn't know how to evaluate his naivety.

Not long after, the group walked in silence all the way to the Grand banquet that the Qilin clan had meticulously prepared. The scene was arranged to be in the Qilin clan's largest conference hall. At this moment, it had already been set up.

The banquet this time was personally organized by the elders. There were many things that even the ordinary members of the Qilin clan did not participate in. Those Qilin and Leng ruoxue were also unaware of this. The reason they did this was naturally to give their clansmen a surprise. After all, ever since their clan leader had fallen into a coma from his serious injuries, the Qilin clan had not celebrated anything like this.

Now that the clan leader had successfully recovered and woken up, this was simply an unprecedented event for the Qilin clan. Therefore, they planned to have a big celebration.

However, when they saw Leng ruoxue, who seemed to be by their side, the Qilin clan leader was a little uncertain. This girl's expression was truly ugly! How did this happen?

One had to know that it was such a great honor for the clan leader to invite her personally!

The Qilin elders were naturally not aware that Leng ruoxue had already fought with their clan head once at Leng ruoxue's residence. At first, Leng ruoxue had won, but the Qilin clan head had used 'When in Rome, do as the Romans do' to turn the situation around. The two of them had ended up in a draw, so naturally, they were unconvinced, which led to the current outcome.

The Qilin clan's patriarchs, who did not dare to take a deep breath, invited their clan head, Leng ruoxue, and the rest to take their seats with timid hearts. Then, they sat down in turn, not knowing what to do.

The atmosphere was so tense that they could die!

How were they supposed to celebrate?

The Qilin elders were so worried that they were on fire.

At this time, the ordinary clansmen that Bing Yun was in charge of also arrived in turn. Before they could sit down, the ordinary Qilin clansmen saw a person who seemed to have only appeared in legends and was deeply engraved in their minds.

"The, the clan leader?" One of the Qilin race beings couldn't help but ask in a soft voice. Only then did the other Qilin race beings come to a sudden realization, and they all stared at the outstanding man sitting in the center of the table with incredulity.

"That's me. It's been so many years. Everyone has worked hard. " The Qilin clan leader smiled and said gently.

After that, the Qilin's wailed and all of them hugged their heads and bawled loudly upon hearing this. Their sobs were simply deafening. More importantly, it was as if these Qilin's were made of water at this moment. When they cried, the tap wouldn't turn off.

Especially after someone started crying, the cries that came one after another stopped no matter what. Of course, this had a lot to do with the fact that the higher-ups of the Qilin clan didn't want to stop them. The Qilin clan master even whispered to Leng ruoxue, "Little girl, did you see that? my clansmen are so cute."

"She's quite cute, but her makeup is all ruined from crying. She looks like a ghost now." Leng ruoxue said indifferently. When she saw that the Qilin's makeup was similar to hers, her heart felt a little more balanced. However, the Qilin's appearance right now was truly frightening! Therefore, she couldn't be blamed for not being compassionate.

"Uh! These are tears of joy. We have to let them cry to their heart's content. After all, they have held it back for so many years, they need to vent it out. " The Qilin race patriarch explained.

"Alright then!" What else could Leng ruoxue say? it had nothing to do with her.
