

Crazy Wife 2771

[Chapter 2771 Here We Come \(2\)](#)

By the time the Qilin's present had finally cried enough, several hours had already passed. Even so, the Qilin great elder was still able to announce the official start of the banquet as if nothing had happened.

Sighing softly, Leng ruoxue sat until her waist hurt.

However, the banquet had already started, so she had to give the Qilin race some face.

After that, the Qilin clan members who knew that Leng ruoxue was the Qilin clan's great benefactor stepped forward one by one, wanting to toast her to express their gratitude.

At first, Leng ruoxue had only drunk one or two cups. However, as she saw more and more Qilin toasting to her, her face slowly turned black.

Was this a tag-team battle? He wanted to get her drunk?

"Wait, I'll drink on behalf of the goddess!" At this moment, a loud shout was heard. Then, Leng ruoxue saw Feng Ye, whose injuries on his face had already recovered, walking towards her unsteadily. It was obvious that Feng Ye had drunk quite a bit.

The drunk Feng Ye staggered towards Leng ruoxue. He held his wine glass and said, "Goddess, please forgive my poor eyesight. I never thought that you'd be that fierce woman, Leng ruoxue. This really hurts my heart!"

After Feng Ye finished speaking, he simply leaned on Leng ruoxue's table and hugged the table leg as he wailed. He cried so heartbreakingly that anyone who heard him would be heartbroken and shed tears.

Leng ruoxue's face was filled with black lines. Was this her fault? Was she the one who wanted to dress like this?

As for Feng Ye, he didn't care so much at this moment. He only knew that he had fallen out of love. The goddess he had fallen in love with at first sight was actually that fiendish Leng ruoxue! Sobs ... What was he going to do?

When the Qilins saw Feng Ye crying like this, they were too embarrassed to continue toasting to Leng ruoxue. They returned to their seats helplessly and sympathetically.

As for the Qilin clan leader, he couldn't help but gloat at at this interlude. "Little girl, could it be that you've given up on the Qilin man of my race?"

F * cking around and then abandoning your sister! Leng ruoxue's heart was burning with anger, and she could not help but curse in her heart. However, she maintained a calm expression and said, "Does the Qilin clan leader think I'm that kind of person?"

"This ... I can only say that you can't judge a book by its cover. More importantly, I'm not familiar with you yet, so I naturally don't know if you're that kind of person." The Qilin clan leader declined the invitation very cleanly, but he didn't hide the eager expression in his eyes.

Facing such a shameless Qilin clan leader, Leng ruoxue felt very fortunate. It was a good thing that she did not Revere the Qilin clan leader like uncle long and the rest. Otherwise, she would definitely be very disappointed to see this person who only wanted to see the world in chaos!

In fact, uncle long and the others were so shocked by the lively Qilin clan leader that they didn't know what words to use to describe him.

Could this be the true face of the Qilin clan leader?

Normally, the Qilin clan leader's serious look was all an act. Was the real Qilin clan leader actually a boring person who loved to gossip?

If that was the case, uncle long and the others would be disappointed.

It was a pity that no matter what they thought in their hearts, they could not say it out loud like Leng ruoxue. Who asked the lofty image of the Qilin clan leader to be deeply rooted in their hearts? It was impossible for them to be so presumptuous with their idol in a short time.

Now, seeing that Leng ruoxue and the Qilin clan leader were suspected of using the Feng Ye incident to fight, they could not help but continue to pretend to be invisible.

At this moment, everyone heard Leng ruoxue gnash her teeth and say, ""Then let's get to know each other better!"

"No problem. Where do you think we should get to know each other?" The Qilin clan leader asked with a deeper meaning.

"Anywhere," Leng ruoxue said without a care.

"How's the Imperial City?" The Qilin clan leader pondered for a moment before speaking.

"The Imperial City?" Leng ruoxue was about to agree, but she immediately realized that the Qilin clan leader was talking about the Imperial City, the territory of that B * tch, Wu Cheng. What was this guy trying to do?

One had to know that the "familiar" she was referring to was a good sparring session with the Qilin clan leader. After all, this was a rare opportunity. However, the other party wanted to go to the Imperial City. What was going on?

"I heard that you've been to the Imperial City many times, little girl. I haven't had the chance to go out for a walk in tens of thousands of years. Now that my injuries have recovered, I naturally want to go out and meet my old friends. Are you willing to come with me?" The Qilin clan leader blinked his ice-blue eyes and asked with an innocent expression.

"You bastard!" This old Qilin was actually acting cute! Seeing the Qilin clan's patriarch acting cute, Leng ruoxue despised him in her heart. However, she still nodded and said, ""No problem. I'm quite familiar with the Imperial City. I can be your guide since you haven't left the Qilin clan for tens of thousands of years!"

"Then it's settled. We'll leave immediately after the banquet." The Qilin clan leader said impatiently.

The Qilin clan leader deeply felt that he and Leng ruoxue were the most compatible in terms of their attitude towards Wu Han. If it was any other Clansman, he would have to be careful and consider carefully! It's really boring! Otherwise, he wouldn't have suddenly come up with an excuse at this time.

The great elder of the Qilin clan and Huo Yue knew that their clan master had made up his mind. They couldn't stop him, so they could only let him be.

Right now, their only hope was that Leng ruoxue was as powerful as the rumors said. Otherwise, they would not be able to rest easy for their clan leader. After all, their clan leader had just recovered!

Then, the banquet continued.

The Qilin clan leader, who had come to an agreement with Leng ruoxue, did not continue to make things difficult for her. Instead, he acted as if he was on friendly terms with Leng ruoxue. Of course, Leng ruoxue also gave him a lot of face. The world in front of him could be said to be peaceful!

The banquet to celebrate the Qilin clan leader's awakening lasted for three days. Every Qilin was drunk and slept on the ground. Leng ruoxue, on the other hand, could no longer withstand the high pressure of her physical strength and had returned to her room to rest early.

The moment the banquet ended, while most of the Qilin clan's members were still drunk, the Qilin clan's patriarch had already come knocking on their door. He had a look of urgency on his face as he wanted to set off with Leng ruoxue immediately.

When Leng ruoxue heard the other party's request, she fell silent for a moment before saying, "Uncle long and the others are still drunk. I can't just leave them here, can I?"

"Why can't I? If they stay here, the Qilin clan will treat them as honored guests, so don't worry!" The Qilin clan leader said.

"But if I leave like this, uncle long and the others will be angry when they wake up." This was what Leng ruoxue was most hesitant about. After she finished speaking, she looked at the Qilin clan leader with a hint of hidden bitterness. She thought to herself, "it's all your Qilin clan's fault for preparing this banquet and making uncle long and the others drunk."

In fact, the so-called feast of the Qilin clan was just a feast for the Qilin. Uncle long and the others were drinking with a lot of Qilin, so they were all drunk. Now that uncle long and the others were still unconscious, if she acted on her own, uncle long and the others would definitely attack her. Therefore, she wasn't stupid enough to leave just like that!

[Chapter 2772 Here We Come \(3\)](#)

"With me here, they won't be angry." The Qilin clan leader promised. He knew that his identity was very useful to the people around Leng ruoxue.

Who knew that when Leng ruoxue heard these words, she would look at the Qilin clan leader with extreme disdain, "what? you want to use your fists to suppress me? I'm telling you, I won't allow you to bully my people!"

"....."

This girl! This detestable girl! She really felt uncomfortable if she didn't anger him for a day! However, the Qilin clan leader, who had been ruthlessly choked by Leng ruoxue, couldn't say anything to refute her. That was because he had indeed thought that way.

After taking a few deep breaths, the Qilin clan leader promised, "I won't bully them, okay?"

"That's more like it. Wait for me." Leng ruoxue nodded her head in satisfaction. Then, after leaving behind a sentence that left the Qilin clan leader baffled, she turned around and left.

The Qilin clan leader stood dumbly on the spot until Leng ruoxue appeared in front of him again and said, "Alright, we can set off now!"

..."I thought you couldn't leave?"

The Qilin clan leader was befuddled by Leng ruoxue's repeated actions. This little girl was a little too hard to control, wasn't she? No wonder it was such a headache!

"I've brought uncle long and the others." Leng ruoxue saw through the Qilin clan leader's thoughts and laughed evilly.

Hearing this, the Qilin clan leader was depressed. So this little girl had been toying with him all along? He could have brought those people with him, but he lied to him that he couldn't leave them here. How despicable!

The Qilin clan leader, who had regained his senses, could only glare at Leng ruoxue in anger, but he could not say a word.

"Don't glare at me," Leng ruoxue consoled. "If it wasn't for the fact that you're in such a hurry and that you performed well, I wouldn't have brought along the drunk ones!"

In reality, Leng ruoxue didn't use The Hangover pill to wake them up because she wanted to teach uncle long and the others a lesson. She wanted to see if they would still dare to drink without restraint like this in the future. However, she couldn't let them stay here. Otherwise, uncle long and the others would definitely go into a riot when they woke up.

In addition, she also wanted to see the anxious look on the face of the hero in the eyes of others, so she didn't directly say that she could take uncle long and the others with her. Now that her bad taste had been fulfilled, she could naturally leave.

The Qilin clan leader could only feel helpless when he saw how mischievous Leng ruoxue was. "Are you also curious as to why I'm in such a hurry?" he asked after a sigh.

"Yes, yes." Leng ruoxue nodded her head without any reservations.

"Ah! It's fine to tell you, but my only child fell into the hands of Wu Ye, so I want to go to Yu city to see if I can provoke her into telling me some clues." The Qilin clan leader told him the truth.

Hearing such an answer, Leng ruoxue felt very helpless. She must have had to shoulder the heavy responsibility of stimulating Rime, right?

After some thought, Leng ruoxue couldn't help but remind him, "Aren't you afraid that the bitch will be too shocked to say anything after seeing the two of us appear together?"

"She won't. I know her better than you! When she sees us together, she will only proudly tell me how she treated my child! That's why I have to find out the whereabouts of my unborn child from her. I have to know whether he's alive or dead." The Qilin clan leader said with determination.

After that, he turned to Leng ruoxue and said seriously, "Little girl, I still haven't thanked you properly! From now on, you are the most important friend of our Qilin clan. Our Qilin clan will definitely follow your lead, especially on the matter of the fog ice. Our Qilin clan will support you unconditionally."

The Qilin clan leader's words should have been said when he first met Leng ruoxue. However, at that time, the two of them were clearly at loggerheads with each other, so he did not say it. Now was a good time to express his feelings.

When Leng ruoxue heard this, she was obviously a little surprised. In fact, she had tried her best to refine the reincarnation pill not only because she was influenced by uncle long and the others, but also because she wanted to befriend the Qilin tribe. However, she didn't expect that the Qilin tribe leader would follow her lead. Although he didn't recognize her as his master, she believed that the Qilin tribe leader was a man of his word. Since he had said so, he wouldn't break his promise. It also made her little dissatisfaction from before disappear successfully.

"Qilin clan leader, we're allies from now on!" Leng ruoxue said seriously.

"Alright!" The Qilin clan leader was very happy to hear that Leng ruoxue was an ally. This meant that Leng ruoxue wasn't someone who would try to get something in return. This also proved that he had not chosen the wrong person. As expected of master Yu's disciple, she was extraordinary!

The two of them had successfully come to an agreement. Naturally, Leng ruoxue had nothing to say. After a while, the two of them quietly left the Qilin clan.

By the time the elders of the Qilin clan realized that their clan leader had disappeared, the two of them had already left.

When the crying first elder Qilin and Huo Yue reported to Shui mo pitifully that the clan leader had abandoned them, Shui mo was speechless.

Is it that serious? Didn't he just go to Imperial City? Look at these two guys in front of me, it's like the end of the world.

In fact, Shui mo could understand why his brother was so anxious. After all, his brother had been asleep for so long and it was only natural for him to want to know about his unborn nephew. However, the two guys in front of him were so cautious that he couldn't help but complain.

Leng ruoxue had managed to escape unscathed from the Imperial City several times, and even Wu Xuan was unable to do anything to her. Her big brother was a reverent-God after all. Although his strength had deteriorated slightly compared to his peak, it shouldn't be a problem for him to go to the Imperial City, right? Moreover, during the celebration of Demon city's founding, Leng ruoxue had revealed that Wu Xuan had been injured. Even though they didn't know how Wu Xuan's recovery was, with Leng ruoxue's company, Wu Xuan would probably be helpless against the two of them.

Therefore, he was not worried at all.

After dealing with the elder and Huo Yue, Shui mo continued to study his formation.

The great elder of the Qilin clan and Huo Yue, who had retreated without any success, were naturally not at ease with the chief going to the Imperial City like this. The two of them discussed in private and finally decided to send some clansmen to help the chief.

Of course, this was also the original plan of the two. It was just that their family patriarch's sneaky escape had completely destroyed their previous deployment, causing the two to be anxious like a pot of porridge.

At the same time, with the help of the Qilin clan leader's teleportation, Leng ruoxue and the Qilin clan leader arrived outside the Imperial City's Gate in less than three days.

As he stood outside the Imperial City, the Qilin clan leader took out the divine power replenishing pills that Leng ruoxue had given him and ate them in large amounts. Leng ruoxue's beautiful eyes were smiling as she watched everything that was happening outside the Imperial City.

The gate was new, and there were almost twice as many guards at the gate.

Oh! Not bad, this is fun.

After the Qi Lin clan's leader was done replenishing his divine power, he saw Leng ruoxue smiling at the city gate. He asked curiously, "Is there anything fun to do? Why are you all smiling so wretchedly?"

"What's with your eyes? when did I smile wretchedly?" Leng ruoxue was thoroughly hurt by the word 'vulgar'. She was a woman! How could he be described as wretched? This would affect her image!

"Alright! Why are you smiling so slyly? What did you do?" The Qilin clan leader rephrased his words, but it still made Leng ruoxue depressed.

"I didn't do anything, it was Azure!" Leng ruoxue retorted angrily. She then pointed at the city gate for the Qilin clan leader to take a look, "see this? the city gate is new."

"No wonder I felt that it was different from what I remembered." The Qilin clan leader said in realization. Thinking of Cang, even the powerful Qilin clan leader couldn't help but shiver. That guy didn't even give Sir Yu face! He didn't expect that he would take a fancy to Leng ruoxue.

A miracle! What a miracle!

After sighing, the Qilin clan leader pulled on Leng ruoxue's arm and teleported to the city gate.

Faced with the familiar faces so close to them, the faces of the guards outside the Imperial City all turned pale, and their small bodies trembled like leaves in the wind. For a moment, they seemed to be frozen in place, so afraid that they couldn't speak.

"We're coming!" Seeing the guards' reaction, Leng ruoxue had no choice but to speak first.

"W-what are you doing here?" After a long time, the captain of the guards finally reacted and asked with a trembling voice. He wanted to cry but had no tears in his heart. "Wuwu ... Why is this demon here

again? but this time, that terrifying cat didn't seem to be following her, but the handsome man beside her didn't seem to be someone to be trifled with!"

"I'm here for a walk," Leng ruoxue replied in an infuriating manner.

On the other hand, the Qilin clan leader was smart enough not to say a word. However, he was thinking to himself,"it seems like this lass Leng ruoxue has already become familiar with these guards to a certain extent. It's to the extent that when these guards see her, it's like they've seen a ghost."

Previously, he had thought that these guards were afraid of him! Later on, he thought about it. He hadn't been in the divine world for tens of thousands of years. How could these little fellows in front of him still remember who he was? therefore, he didn't think too highly of himself. Now, it seemed that his thinking was indeed correct. Otherwise, it would be a big embarrassment.

However, he had never expected that Leng ruoxue would be so intimidating in front of the Imperial City's guards. Look at these guards, who were trembling like newborn chicks. Who would have thought that they were once the local tyrants of the Imperial City?

Now, the local tyrant had clearly turned into an earthworm. How could they still be imposing in this state? With this thought in mind, the Qilin clan leader's gaze towards the guards became even more disdainful.

As for the guards, after hearing Leng ruoxue's words, they silently ridiculed her for a long time ...

[Chapter 2773 Ice Spirit, You're Still Alive \(1\)](#)

You want to take a walk? What was there to loiter around here? It's more like they're here to make trouble! More importantly, every time Leng ruoxue came, nothing good would come out of it. Even if they weren't on full alert, they were almost there.

These guards had been on high alert ever since the city gate was attacked by unknown forces. Hence, they were extremely unwilling to see Leng ruoxue appear at this moment.

This was especially so after the city-building celebration that caused Imperial City and Divine Master to become the hot topic of everyone in the divine realm. After that, they disliked Leng ruoxue even more.

But if they did not like her, would Leng ruoxue not come?

As they looked at the smiling Leng ruoxue, they knew that it was impossible!

Leng ruoxue was kind enough to give them enough time to be surprised. She then smiled and said,""I haven't seen you for so long, and I'm starting to miss you. How are you doing, you killripple bitch? He didn't die, did he?"

"....."

How were they supposed to answer?

"By the way, your new city gate is pretty good! I just don't know if it's firm or not. If there's a chance, I'll check it for you, how about it?" Seeing that the guards were silent, Leng ruoxue continued.

"....."

"What chance are we waiting for? I think it's better to do it today than today! There's no need for a little girl like you to do it, why don't you let me try!" Hearing Leng ruoxue's words, the Qilin clan leader suppressed his laughter and cooperated.

"Alright then!" Leng ruoxue blinked her watery eyes and nodded unwillingly.

Don't! When the guards heard the two of them singing in harmony, they were so depressed that they almost cried! Can you not be like this? This was blatant bullying!

Last time, this woman had brought a cat, which scared them so much that they couldn't eat and sleep well for several days. Now, she had brought a man with obvious violent tendencies. Was she trying to kill them?

Wu ... They watched helplessly as the violent man rolled up his sleeves and prepared to fight. The guards were so scared that they didn't know how to react. They could only hold back tears in their eyes and stand stiffly in place.

They had been scared silly.

The next second, before they could react, the Qilin clan leader had already made his move!

A ball of icy blue divine power flew to the sky above the Imperial City with monstrous momentum. Then, the icy blue ball of light suddenly expanded several times in the air and enveloped the entire Imperial City. Then, there was a loud bang ...

The sound of the explosion alarmed everyone in the Imperial City. Almost at the same time, everyone who lived in the Imperial City ran from their rooms to the place where the sound of the explosion was the loudest, which was the city gate.

With one look, everyone who had come to watch was dumbfounded. At the same time, their hearts were filled with regret!

F * ck! Who did they see?

Wasn't this Leng ruoxue? Why was this woman in Yu city again? What was this? Smash the place?

Everyone was speechless as they looked at the newly built city walls that had now been reduced to ruins. They did not know how to react.

At this time, the three reverent-god level experts in the Imperial City had also arrived at the city gate.

They glanced at the city wall, then at Leng ruoxue and the tall, handsome man beside her. The three of them fell silent.

Who was this man? Based on their understanding of the people by Leng ruoxue's side, since when did that girl have such an unfathomable man by her side?

The three of them were filled with doubt, especially Xuan Yi. He thought he was the most familiar with Leng ruoxue and the others, but he had never heard of the man beside her. Hence, the curiosity in his heart was like a kitten scratching, it was extremely itchy.

"Miss Leng, since you're here, why don't you take the normal route? It doesn't seem too good to smash our city walls, right?" After a light cough, Xuan Yi pretended to be serious. In his heart, he couldn't help but think, what a prodigal! The Imperial City will be yours in the future. If you smash the city walls, you'll still have to use the city's money to repair it.

"We're taking the normal route!" Leng ruoxue replied with a faint smile. She continued, "Last time, we gave Imperial City face, so we didn't go through the normal way and applied to enter the city instead. Unfortunately, you took too long to discuss it, so I decided to follow my method this time. It's faster this way."

"..." Alright! Xuan Yi knew that he couldn't win an argument against this girl. This girl couldn't understand his painstaking efforts. Wu ... It was really painful not to be understood.

Xuan Yi was helpless against Leng ruoxue, but he could tell that she had to enter the city no matter what. He turned around and discussed with the other two. In the end, the three of them unanimously decided to let her enter the city. More importantly, he had no choice but to let go!

Of course, this was said by Xuan Yi as the representative.

When Leng ruoxue received the notification that the other party had agreed to let them through, she was naturally happy. Then, she brought the Qilin clan leader over the ruins of the city wall and walked into the Imperial City.

F * ck! He could enter the city like this?

When they saw Leng ruoxue and a strange man commit such an evil act, not only did they not receive any punishment, they were even allowed to enter the Imperial City. Immediately, there were people who felt that it was unfair.

Xuan Yi, who knew what they were thinking, glanced at the crowd indifferently and sneered, "If you guys have Leng ruoxue's abilities, we won't pursue your actions. If you don't have the ability, then you'd better behave yourself and hide your tails. Don't let me find out that you guys have any thoughts that you shouldn't have!"

The strong were respected. This was the Supreme rule at any time!

Although Xuan Yi's words sounded like he was bullying the weak and fearing the strong, at this moment, no one dared to refute him. This was because they really did not have Leng ruoxue's abilities. If they insisted on receiving the same treatment as Leng ruoxue, they would probably be killed on the spot by the guards of the Divine Master's estate who were angry and aggrieved but had no way to vent their anger!

Cowering, the tactful people immediately scattered like birds.

Seeing that most of the people had left, Xuan Yi and the other two gathered together to discuss their next move. The three of them were very interested in Leng ruoxue's purpose in coming to the Imperial City.

Last time, she had to go to the headquarters of the missions Association. What about this time?

Their curiosity did not last long before they heard a flustered guard come to report, "Leng ruoxue and an unfamiliar man have appeared outside the Divine Master's residence."

When Xuan Yi and the other two heard this, they looked at each other. Instantly, no one had an idea.

Leng ruoxue had gone to the Divine Master's residence. Should they return? If they didn't go back, they were afraid that some people would be dissatisfied. But if they went back, what could they do? Stop Leng ruoxue? Naturally, Xuan Yi didn't have such thoughts. As for the other two reverent-gods, ever since they found out that Leng ruoxue was master Yu's disciple, they basically didn't have any enmity towards her. Therefore, the two of them adopted an attitude of turning a blind eye to many things. As a result, the relationship between the three of them had become unprecedentedly harmonious.

However, from the current situation, it was obviously impossible to pretend that he didn't know about this.

Sighing lightly, the three of them helplessly decided to go back and see what was going on.

[Chapter 2774 Ice Spirit, You're Still Alive?\(2\)](#)

At the same time, Leng ruoxue, who was standing at the entrance of the Divine Master's estate, was patiently listening to the Qilin clan leader's comments about the Divine Master's estate's entrance and the surrounding walls.

From the Qilin clan leader's words, Leng ruoxue could tell that he was very unhappy with the new walls of the God lord's estate. After a long while, the Qilin clan leader said to Leng ruoxue, "Girl, step back. I'm going to smash this wall! Hmph! You're a disgrace to the God lord's estate!"

When Leng ruoxue heard this, she obediently took a large step back. However, she couldn't help but complain in her heart. 'Old man, are you addicted to smashing other people's walls?'

Coincidentally, Xuan Yi and the other two who had just arrived also heard this and their expressions changed drastically. Xuan Yi was so frightened that he quickly pulled on Leng ruoxue's arm, wanting her to stop the man from killing her!

However, Leng ruoxue could only smile apologetically and say, "Your Excellency Xuan Yi, I can't stop him! I advise you not to stop him, in case you get into trouble. "

"Uh!" When Xuan Yi heard this, he was stunned. Then, he asked via voice transmission, "Little girl, who is that person? How come I've never seen him before?"

"Him! It was the recently awakened Qilin clan leader who had a deep hatred for that ripple of mist bitch. He was currently suppressing his anger and wanted to cause trouble here! Therefore, it's best that none of you stop him. Otherwise, I can't guarantee what this ferocious Qilin, who has just been released from the prison, will do!" Leng ruoxue explained with an evil smile.

"He's the Qilin clan chief? "That legendary ..." When Xuan Yi heard this, he was so shocked that his face turned pale. This girl's side was indeed filled with dangerous people! Wu ... This little girl is really too bold. She actually carried a time bomb with her!

As a spy, Xuan Yi definitely knew more than ordinary people. Therefore, he was very clear about the enmity between the Qilin clan leader and Wu Yan. Now that the two enemies had met, they were extremely envious. This was indeed not something he could stop!

Xuan Yi, who had figured everything out quickly, also retreated with an extremely ugly expression.

When Xia Yi and Huang Wei saw this, although they did not understand, they also chose to advance and retreat together.

After the three of them retreated to the same line, the other two couldn't help but pull on Xuan Yi's sleeves and whispered, "Are we just going to stand by and watch?" If the Divine Master knew about this, he would be furious!

"It's not that we don't care, but we can't." Xuan Yi turned his head and said with a bitter smile.

"What?" Their faces were filled with question marks.

Looking at Leng ruoxue, Xuan Yi didn't intend to hide it from these two. More importantly, he couldn't hide it from them! Therefore, he was happy to do them a favor and said in a low voice, "This person's identity isn't simple. We can't afford to offend him."

"Your Excellency Xuan Yi, don't keep us in suspense." Xia Yi said somewhat impatiently.

"He is the Qilin clan chief." Xuan Yi said in a low voice.

"The Qilin clan chief? Not the one you replaced?" Huang Wei also asked.

"No!" Xuan Yi nodded with certainty.

"This ..." They really couldn't afford to offend him!

Xia Yi and Huang Wei deeply agreed with Xuan Yi's judgment. This time, the two of them were not so repulsed by watching from the sidelines!

One must know that reverent-god level was different from reverent-god level. Among reverent-god level cultivators, there were also ordinary reverent-god level cultivators and top-notch reverent-god level cultivators. If reverent-god level cultivators could only be considered as middle to high-level reverent-god level cultivators, then this man could definitely be considered as a top-notch reverent-god level cultivator!

In addition, the other party's original form was the most powerful Beastie, and they were even less of a match!

Then, they could only watch the Qilin clan leader throw out a ball of icy blue divine power and smash the walls of the God lord's estate in the same way.

The moment the explosion sounded, the three of them turned their heads at the same time. The weaker guards were knocked unconscious by the aftermath of the explosion. After the explosion, Xuan Yi gave the other two a look, and the three of them attacked the Qilin clan leader at the same time.

The Qilin clan leader was surprised when he felt the strong wind brought by the three people. Then, he took the blow excitedly.

The Qilin clan leader, who hadn't fought for a long time, was extremely excited. Xuan Yi and the other two, who were fighting with the Qilin clan leader, smiled bitterly.

The Qilin clan leader was indeed powerful! Facing the three of them, he could actually still be at ease. This really made people sigh. Comparing humans to beasts was really infuriating!

Originally, they had only wanted to put on an act, but faced with the serious and fierce counterattack of the Qilin clan leader, the three of them had no choice but to face it seriously. Otherwise, they would probably be embarrassed today.

The three people who didn't want to lose face immediately became serious.

As the Qilin clan leader had just woken up, it was obvious that his strength had not recovered to its peak. As a result, he did not seem to be struggling at first, but after a long time, his attacks obviously weakened. However, Xuan Yi and the other two could not gain any advantage. In the end, Xuan Yi, who did not want to fight anymore, directly left the battle circle, panting heavily. After that, Xia Yi and Huang Wei also left.

"Senior's strength is indeed extraordinary!" Xuan Yi said respectfully.

"Hahaha! He was old! I'm already panting to deal with you three little fellows!" The Qilin clan leader laughed.

"....."

He was getting old ...

The three of them were speechless because the other party was indeed older than them.

However, the thing that the people of the divine realm cared the least about was age. After all, age was nothing to them. Therefore, when the Qilin clan leader said that he was old, it obviously made them feel a little confused.

"How audacious! Who dares to cause trouble in the Divine Master's estate?" At this moment, an angry voice was heard. Then, a group of men in Black jumped out of the Divine Master's residence.

When Xuan Yi saw the other party's stance, he couldn't help but scoff in his heart!

Belated effort! What were you doing earlier? They only thought of coming out after smashing the walls! He didn't believe that the Men in Black had just received the news. He had probably heard that the three of them were fighting with the Qilin clan leader and felt that there were benefits to be gained, so he had rushed over to take advantage of them.

Unfortunately, it was not that easy to take advantage of them! Moreover, it would not be easy for them to defeat the Qilin clan leader.

The leader of the Men in Black did not expect to see Xuan Yi's group of three and an unfamiliar man standing face to face and fighting without reporting to the guards. He was clearly disappointed. What was going on?

"Xuanyi, why are you all standing there like idiots? Hurry up and capture the people who are causing trouble in the God lord's estate!" The leader of the Men in Black said angrily.

"If we were able to catch them, would we have waited for you guys to come and pick up the scraps?" Xuan Yi sneered when he heard this.

At this moment, Huang Wei and Xia Yi also deeply felt that it was a wise choice for them to withdraw from the battle in time. Otherwise, when they saw the faces of the Men in Black, they might have vomited blood.

The leader of the Men in Black was naturally furious when he heard Xuan Yi's words. He roared, ""Xuan Yi, are you trying to betray the Divine Master?"

"Betray the divine Lord? It was really a big hat! You're making things difficult for us just like that? If we really wanted to betray the Divine Master, do you think we would still be standing here in such a sorry state?" Xuan Yi said calmly.

[Chapter 2775 Ice Spirit, You're Still Alive?\(3\)](#)

At this moment, their clothes were a little tattered from the battle with the Qilin clan leader. In addition, during the battle just now, there were many guards and people in the city who had watched, so he was not afraid of being wronged by the Man in Black. More importantly, besides the three of them, there was probably no other Supreme God willing to serve her at this time. Therefore, no matter what, Wu Yan would not convict them of their crimes just based on a few words from the leader of the Men in Black.

At the moment, Wu Yan would not do things like throwing herself into confusion and cutting off her own arm!

It was because of this certainty that Xuan Yi dared not to be afraid of the man in Black's threat. When the Man in Black saw that he could not do anything to Xuan Yi, he was instantly furious. However, he couldn't find an excuse to punish Xuan Yi and the other two for the time being, so he could only record this account for the time being.

Then, he turned his fierce gaze to the Qilin clan leader and asked arrogantly, ""Where did you come from, scum? how dare you cause trouble in the divine Lord's Manor!"

"Scum? Little fellow, you're quite bold! How dare you say that about me! Hmph! To tell you the truth, if this wasn't the Divine Master's residence, I wouldn't have come! Hurry up and get ripple mist out, tell her that an old friend is here!" The Qilin clan leader said angrily.

After living for so long, this was the first time he had heard someone call him scum. However, he couldn't be bothered to argue with a small fry and wanted them to release the miasma.

But it was clear that the leader of the Men in Black did not take the Qilin clan leader's words seriously. He said disdainfully, "Do you have the right to see our master? Also, please address our master as God Lord fogriple. Otherwise, if I hear you call out his name again, I'll definitely exterminate you!"

"Kill me? Come, come now! I'll wait for you to exterminate me!" The Qilin clan leader laughed instead of getting angry. This was really a big forest with all kinds of birds! He had not appeared in the divine realm for so long, and even a puny divine Emperor dared to challenge his authority!

"Yes, yes, I'll also wait for you to destroy me!" At this moment, Leng ruoxue also interjected with a smile.

The moment he saw Leng ruoxue, the leader's expression changed drastically. It was as if he had seen a ghost. His body started to tremble, and the hand he was pointing at Leng ruoxue with was trembling non-stop. He could not even complete a sentence. Why didn't he hear that Leng ruoxue was here too? Furthermore, he had been so focused on the unfamiliar man that he did not notice Leng ruoxue who was standing a distance away. Naturally, he was shocked!

When the Qilin clan leader saw this, he couldn't help but glare at Leng ruoxue with resentment. His eyes were red as though they were saying, 'little girl, you have stolen my limelight!'

These Men in Black were not afraid when they saw him! But when they saw Leng ruoxue! They were so frightened! How could he accept this?

The Qilin clan leader was rather worried, but Leng ruoxue continued to provoke the leader of the Men in Black, ""Why aren't you doing anything? I've been waiting for so long that the flowers have wilted, hurry up and do it!"

Leng ruoxue threatened with her last three words. The leader of the Men in Black turned pale. He pointed at Leng ruoxue for a long time before finally uttering, ""You, you ..."

He stuttered for a long time, but he still could not say a complete sentence. In the end, Leng ruoxue was so anxious that she grabbed the leader's collar and continued to shout, ""What about me? I told you to hurry up and exterminate us, did you just ignore me?"

The leader of the Men in Black trembled uncontrollably. When the rest of the Men in Black saw this, they quickly retreated. It was as if they were afraid that if they were a step slower, they would be killed by Leng ruoxue!

The Qilin clan leader was helpless.

What the hell is this? He was a divine reverent, but they didn't care about it. Instead, a divine Emperor-level little girl scared them so much that their faces turned pale, and they wanted to pretend that they had never appeared.

This fact made the Qilin clan leader feel very unbalanced.

Following that, he snatched the leader of the Men in Black from Leng ruoxue's hands and smiled at her, ""Girl, you're a woman. Don't be so rough. It's better for me to do this physical work!"

With that, he raised his hand and gave the leader a slap.

The leader of the Men in Black, who had previously scared Leng ruoxue silly, fainted with a single slap. He had not been prepared for the Qilin clan leader to make a move.

Leng ruoxue looked at the leader of the Men in Black in disdain, then said to Xuan Yi and the other two in a rather serious tone, ""Did you see that? some people who like to be cheap should be treated like

this. Your methods are too gentle, so he won't be afraid! It has to be like us! Some people! You just need a beating, so you have to use violence!"

Upon hearing this, Xuan Yi and the other two became even more silent. They felt depressed. Because Leng ruoxue was right! Al! Look at his strength, they couldn't even compare to him when they rode on the Dragon!

All of a sudden, the three of them felt a strong sense of inferiority. At the same time, he was envious of her for living such a carefree life. In fact, who wouldn't want that? But without absolute strength and backing, who would dare?

In the entire God World, other than Leng ruoxue, who else could have such a strong backing and power?

Leng ruoxue's carefreeness was truly enviable! Almost everyone had the same realization at this moment.

However, Leng ruoxue couldn't care less about the envy, jealousy, and hatred in other people's hearts. She nudged the depressed Qilin clan leader and asked, "Senior, do you have a way to make the ripple mist bitch appear?"

"You didn't?" "What?" the Qilin clan leader's eyes widened in shock as he asked in disbelief. So this girl also had things she couldn't do?

"I do have some, but didn't you just say that you should be the one doing the physical work? That's why I'm asking if you have any ideas. If you don't have any, then just do as I say!" Leng ruoxue said with a smile.

"Uh! Didn't you say that the ripple mist bitch should be healing! Then I'm afraid that ordinary methods won't be able to provoke her. " The Qilin clan leader said after some thought.

"Like this? Then let's do it according to my plan!" Leng ruoxue laughed evilly.

"Tell me about it." The Qilin clan head was very curious. Xuan Yi and the other two who were watching from the side were also curious. They couldn't help but stretch out their necks and perked up their ears to listen, afraid that they would miss a word. Unfortunately, Leng ruoxue didn't tell them what method she had. Instead, she mysteriously handed a piece of paper to the Qilin clan head.

The Qilin clan leader was a little disheveled as he held the long and thin piece of paper.

What was the meaning of this? Let him read it? Was this girl not afraid that he would be illiterate? Ugh! He really didn't recognize some of the words on it.

The Qilin clan leader's face darkened as he sent a voice transmission gloomily, "Little girl, you want to see me embarrass myself, don't you? The words on it are too hard to recognize. "

The Qilin clan leader spoke in a reserved manner, but Leng ruoxue understood what he meant the moment she heard it!

Alright! She had really forgotten that most of the beasts were illiterate. It seemed that she could only do this kind of physical work herself!

After taking the paper back from the Qilin clan leader, Leng ruoxue smiled and said, "I just wanted to show you my method. Let my Beastie handle this!"

Earlier on, baby had already sent her a voice transmission, telling her to let him handle this matter. Leng ruoxue saw the troubled expression on the Qilin clan leader's face and naturally agreed. As expected, the Qilin clan leader's complexion improved upon hearing her words.

Soon after, the little Purple Fox that had been released took the paper from its adorable master's hands and jumped onto Leng ruoxue's shoulder. It then cleared its throat and poured its divine power into it before reading out loud, "Wuli, you're a despicable, shameless, and ungrateful wretch ... No wonder you're still married. No man will like an ugly monster like you. Even male beasts won't want you ..."

The letter was recited for a long time. The voice was infused with the divine power of the treasure. Therefore, the voice traveled for a long time. It was not possible to say that the entire divine realm had received this message, but at least the various cities around the Imperial City had heard it. Such provocative content quickly spread throughout the divine realm.

The people in the Imperial City who had witnessed the incident were so scared that their faces turned pale when they heard someone cursing the Divine Master in front of the Divine Master's estate. After they came back to their senses, they scattered. No one dared to stay here for a moment longer.

Xuan Yi and the other two, who had to stay behind, had a strange expression on their faces. Why did the tone of the voice sound so familiar?

That Totoro? That's right! That was the Totoro's tone!

It had to be said that Xuan Yi and the other two were right. Cang was the one who told Leng ruoxue this. Because before coming here, Leng ruoxue had sent a voice transmission to Azure, telling him that she was accompanying the Qilin clan leader to the divine Lord's residence. Azure had told her a bunch of things, and she had asked Qing Jue to form a letter. This was how the current scene had come about.

When the Qilin clan leader heard these shocking words, he looked at Leng ruoxue in a different light. He couldn't help but think to himself, "this girl really has a poisonous tongue. She's just rubbing salt into my wounds."

It must be known that in their era, there were few people or beasts who didn't know about the little thoughts that Rime had for Sir Yu. In addition, Rime couldn't get what she wanted, and her love turned into hatred in a moment of anger ...

Of course, this was all in the past, but even if these things had happened a long time ago, it was likely that no one would dare to publicly announce this matter to the world. Everyone usually had a tacit understanding.

Leng ruoxue, who had seen through the Qilin clan leader's thoughts, smiled awkwardly and explained, "This is all Azure's will. He said that when the rime ice hears this, even if it's on its last breath, it will be so angry that it will jump up from the ground!"

Indeed, the moment Leng ruoxue's words left her mouth, the crowd heard a furious roar!

"How audacious! I'm going to kill you!"

It only took a few seconds for the red figure to turn from illusory to solid. As he spoke, a boundless pressure was directed at the treasure. Leng ruoxue saw this and quickly blocked it. The Qilin clan leader also moved at the same time, protecting Leng ruoxue and the little Purple Fox. At the same time, an icy blue Arrow of Light was shot straight towards the direction of Wu Jing.

Wu Luan sensed the danger and dodged it quickly. After she steadied herself, her beautiful eyes were fixed on the Qilin clan leader.

"Ice Spirit! You're still alive?" Wu Luan asked in surprise after seeing the man who attacked her.

[Chapter 2776 As Long As He's Alive \(1\)](#)

Wu Yan was surprised to see the ice Spirit. She thought that even if the ice Spirit was not dead, it would not be alive and kicking in front of her. What was going on?

As her beautiful eyes shifted to the side, Leng ruoxue just happened to enter her line of sight. Instantly, her eyes burst out with a glint of extreme hatred!

Leng ruoxue! Damn it, why is this B * tch here? And it was with Ice Spirit? If she was surprised to see only Ice Spirit, then when she saw Leng ruoxue, the hatred in her heart was completely ignited.

"Leng ruoxue, you still dare to come?" Without giving the Qilin clan leader Bing po a chance to speak, Wu Luan gritted her teeth and shouted at Leng ruoxue.

"Why wouldn't I dare to come!" Leng ruoxue laughed lightly and said disapprovingly.

"Hmph! It looks like you're here to die! What, Cang wasn't with you today, so you found Ice Spirit to back you up?" Wu Jing was rather dissatisfied with the fact that Leng ruoxue always had these fellows who she hated to the core protecting her.

'Damn it!' When would Leng ruoxue be able to come to her death alone?

"Yup! Cang is busy building a relationship with the blood lotus flower that you've been coveting for a long time! Therefore, I could only find the Qilin clan's patriarch as my backer. Why? do you feel envious, jealous, and hateful?" Leng ruoxue laughed smugly and her words were filled with provocation. She was so angry that all the blood in Wu Ling's body started to rush to the top of her head. Her originally pale and beautiful little face was now flushed red because of her anger.

Ice soul, who was completely ignored by the side, felt extremely depressed when she saw Leng ruoxue and Wu Xuan having a verbal fight.

Al! This girl had stolen his limelight again! Originally, Wu Xuan's attention was all on him. Who knew that the moment she saw Leng ruoxue, she would completely ignore him, causing him to not even have the chance to speak. This was really too much!

Ice Spirit was furious! The consequences would be severe!

Following that, he gently tugged at Leng ruoxue's arm and whispered, ""Girl, you've stolen my limelight again. You've gone too far. You should at least give me a chance to speak, right?"

Ice Spirit's words were full of resentment, and there were tears in her eyes. When Leng ruoxue saw this, black lines appeared on her forehead. She said helplessly, "Alright! I'll shut my mouth, okay? After you're done with the mist bitch, we'll settle our own!"

"Eh? What debt do we have to settle?" After hearing Leng ruoxue's last sentence, ice soul asked dejectedly. He had never offended Leng ruoxue! Why did this little girl want to settle the score with him?

"I actually only knew your name from the enemy!" Leng ruoxue gritted her teeth.

"Uh! Hehe! A name is just a codename. We Beastie don't care about names the most, so you don't have to care about it. Besides, under normal circumstances, only my enemies would directly call me by my name!" Ice Spirit said awkwardly.

In reality, it wasn't that he didn't want to tell Leng ruoxue his name, but that he had forgotten. After all, to someone who had been in a deep sleep for tens of thousands of years, a name and such were nothing! If it wasn't for the fact that fog had called out the name Ice Spirit, he would have forgotten that he had a name.

"Is that so?" Leng ruoxue was doubtful. She felt that it was not that Bing po did not care about the name, but that he had forgotten it.

Her thoughts were indeed true! However, now was not the time to care about the name. Leng ruoxue only glanced at the Furious Wu Chen and pretended to be invisible, giving the right to speak to Ice Spirit!

Ice Spirit gave Leng ruoxue a satisfied look before turning to ripple mist, "Ripple mist B * tch, I'm the one looking for you today. So, we'll talk about your grudge with Leng ruoxue later. Settle our grudge first!"

"Do we have any grudges?" Ripple mist played dumb.

"Of course there is! Wuchen, it's useless to act stupid. You'd better face reality as soon as possible!" Ice Spirit reminded.

However, Wu Yan didn't take it to heart and laughed wildly, "Hahaha! Ice Spirit, you want to ask about your son, right?" You think I'll tell you?"

"You will. You will definitely boast to me about what you have done to my son, so that I will be in so much pain that I wish I were dead. I'll give you a chance now, hurry up and make me suffer! Come on! Don't waste everyone's time!" Ice Spirit said confidently. In the end, she even took the initiative to urge him.

These words made Leng ruoxue's forehead fill with black lines. What was this? To stimulate the miasma?

Leng ruoxue was looking forward to Wu Ling's reaction when she heard this.

As expected, Wu Chen did not disappoint Leng ruoxue. Very quickly, Wu Chen shouted in anger, "Ice Spirit, I know you're goading me. Do you think I'll fall for it?"

"You won't fall for it? Ya! When did you become so smart?" Ice Spirit asked in surprise.

"You ..." Ripple was almost driven mad by Ice Spirit's sarcastic tone. She pointed at Ice Spirit with her long finger and was unable to complete her sentence.

Ice Spirit didn't care and continued, ""Do you want to know how I got better? I heard that your injuries aren't light either, you must be very curious, right?"

"How did you get better?" Wu Jing immediately asked after hearing this. Obviously, she was more interested in this topic.

"You want to know?" Ice Spirit deliberately kept her in suspense.

"Bastard! Hurry up and tell me!" Wu Xuan said somewhat anxiously.

"Tsk! Do I have to say it if you want me to? Then I'll lose face!" The ice Spirit Qi said.

"If you tell me, I'll tell you where your son is. How about it?" Wu Xiao began to talk about the conditions.

"I don't trust you, unless you tell me first." Ice Spirit shook her head in disbelief.

"You ..." Wu Yan was furious again. She didn't expect that the ice soul, which she hadn't seen for tens of thousands of years, would become so cunning! Hmph! Leng ruoxue must have taught him that!

The innocent Leng ruoxue was implicated and she could clearly feel Wu Xuan's knife-like fierce gaze shooting towards her. However, she was already used to Wu Xuan's anger, so she was extremely calm.

"How is it? Do you agree?" Ice Spirit asked again when she saw that Wu Xiao didn't react very well.

"Good! I agree!" Helplessly, Wu Yan compromised.

"Then say it! I'm all ears!" Ice Spirit said calmly. In fact, he was extremely nervous, but he didn't show it.

"Your bastard is already dead! Back then, I threw it to the lower realm when it was still an egg. Without your Qilin clan's nurturing, it would have no way of living, so I advise you to give up! You won't be able to see that bastard again in this lifetime! Hahaha!" Wu Xiao laughed very proudly.

Ice Spirit's face turned pale after hearing this. Although he had been prepared that his son might not be in this world anymore, he still had a glimmer of hope since he hadn't seen it with his own eyes. However, he couldn't take it anymore after hearing Wu Mo's words! Therefore, in the next moment, he flew into a rage and rushed directly in the direction of the fog, ""Wu Cheng, you killed my son. I won't let you off!"

[Chapter 2777 As Long As He's Alive \(2\)](#)

Seeing this, Leng ruoxue hurriedly stopped Ice Spirit, who had gone a little crazy from the provocation, and questioned him loudly, ""Senior ice soul, do you believe the words of that mist ripple bitch so easily? Then you're too easy to fool!"

Upon hearing this, ice soul miraculously calmed down. She opened her bloodshot and dazed eyes and turned to look at Leng ruoxue, ""You're saying that she might be lying to me on purpose?"

"En!" Leng ruoxue nodded seriously. No matter if the ripple mist bitch was telling the truth or not, she didn't want Ice Spirit to act rashly at this time. They couldn't just believe whatever the ripple mist bitch said. Wouldn't that be falling right into her trap?

Leng ruoxue didn't want to let that ripple witch get too smug.

However, Wu Jing was obviously restless. Seeing that Ice Spirit had calmed down, she continued to provoke him, ""Icesoul, why Would I Lie to You about this? I'm still waiting for your healing method!"

"I'll believe you if you show me the evidence. " Ice Spirit said calmly.

"You want evidence? Alright, take a look for yourself!" Then, she threw a piece of memory water to ice soul. Ice soul looked at it and his expression changed again.

"Where does this lead to?" Ice Spirit asked after reading it.

"I don't know. I just randomly found a passage and threw the egg down. How would I know where it will fall? but I'm sure it's not going to survive!" Wu Ling said confidently. She dared to say this because she wasn't afraid of the ice soul's anger. It was the ice soul that wanted to know the answer.

"I've already told you what you wanted to know. Now, it's your turn to say it!"

"Good! In fact, I only recovered from my injuries because I ate a reincarnation pill!" Ice Spirit seemed to be sincere.

But when ripple mist heard this, her eyes immediately lit up and she asked, "What about the reincarnation pill? Is there any more?"

With the reincarnation pill, she didn't have to worry about her injuries! In the past, she also had a reincarnation pill in her hand. However, that stupid pill ran away and there was no news of it until now. She didn't know if the reincarnation pill that was eaten by the ice soul was the same as the one she had.

"What do you think the reincarnation pill is? How could there be more!" Ice soul snorted.

"Then where did the reincarnation pill that you ate come from?" Wu Jing finally asked the question she was most interested in.

"Of course it's something our Qilin clan found an Alchemist to refine. What, do you also want it? Let's slowly collect the herbs first! When I've collected enough herbs, I'll just find a random Alchemist to refine it for you. " Ice Spirit said.

Hearing this, Leng ruoxue broke out in cold sweat. It seemed like Bing po was not someone to be fooled! Ripple used an illusory answer in exchange for a watered-down answer. This was fair!

However, Leng ruoxue still wanted to provoke Wu Ling, so she interrupted with a smile, ""The reincarnation pill that senior ice soul ate was refined by me. What, you want it too? It's a pity that I can't make it for you. "

"You ..." Leng ruoxue's words angered ripple mist once more. Ice soul, who was at the side, broke out in cold sweat.

He didn't mention the alchemy master who refined the reincarnation pill because he was afraid that Wu Xuan would find trouble with this girl. Who knew that she would expose herself? it seemed that this little girl also liked to stir up trouble!

It turned out that the ice Spirit was real!

Not only did Leng ruoxue like to see the world in chaos, but she was also willing to provoke Wu Ling. Seeing that Wu Ling's expression was rather ugly, she continued to provoke, ""In addition, as far as I know, in the entire divine realm, no one can refine the reincarnation pill except me. Therefore, you should give up the idea of collecting herbs and looking for an Alchemist to refine the reincarnation pill. By the way, Azure wants me to send you its regards and wish you never to recover!"

By the time Leng ruoxue was done speaking, Wu ICE's face had turned from white to red, red to green, green to black. Her entire face was like a color palette, and the colors on it were quite interesting.

Without giving Wu Xuan a chance to speak, Leng ruoxue turned to Ice Spirit, ""Senior, what are we going to do next?"

What else do you want to do? Wu Chen was so angry that he was about to explode!

Ice Spirit was speechless for a while before he said, ""Let's go back first!"

"Alright!" Although Leng ruoxue was not sure why ice Spirit left, she was still very cooperative.

After that, the two of them turned around and walked towards the city gate as if there was no one else around. Wu Ling was so angry that she was panting heavily. She felt the blood in her chest churning and a sense of dizziness struck her. Hence, she did not have the mood to order people to stop the unbridled Leng ruoxue and ice Spirit. She immediately teleported and disappeared.

Looking at the two guys who had come to make trouble and left safely, Xuan Yi and the other two were speechless. These two people were really too rampant, right? However, Wu Xiao was not going to be attacked by them, so they naturally would not meddle in her business!

After that, the three of them glanced indifferently at the unconscious leader of the Men in Black who had been abandoned on the ground. They turned around and entered the God lord's estate, which no longer had a door.

As for Leng ruoxue, after she left with Ice Spirit, she had been wondering why this man had suddenly decided to leave. Logically speaking, after knowing the enemy who killed his son, even if he couldn't kill him now, he should at least cause some trouble for the other party, right? However, the ice Spirit left just like that. What was even more strange was that Wu Chen didn't stop him. It looked like that b*tch's injuries weren't light!

Leng ruoxue, who had a few question marks in her heart, finally could not help but ask after the two of them left the Imperial City, ""Are we just going to leave like this?"

"What else? Fight with Wu Yan and then both of you will be injured?" Ice soul smiled and asked.

"Uh! What I mean is, even if we can't kill Wu Chen now, we can at least give her some trouble!" Leng ruoxue said, feeling a little embarrassed.

"Little girl, our appearance has already made her so angry that she's about to vomit blood. So, we really don't have to fight her head-on at this time. You know, a thin camel is still bigger than a horse. I'm not at my peak right now, and you're only a divine Emperor. Besides, I've already asked what I wanted to know, so there's no need for me to stay in Yu city. " Ice Spirit said calmly.

"So, you believe her words? By the way, what's in the memory crystal she gave you?" Leng ruoxue asked curiously.

Ice Spirit's eyes darkened. He then passed the memory crystal that Wu Xiao had given him to Leng ruoxue.

Leng ruoxue took a look at it. It showed that ripple was standing on a cliff, holding an icy blue egg in her hand. Then, she threw the egg down.

"She threw the egg down the cliff?" Leng ruoxue asked in surprise. Didn't that woman say that she had thrown the egg into the lower realm?

"Little girl, that's not a cliff. It's a passage leading to the lower realm. I just don't know where my son has been thrown!" Ice Spirit said sadly.

"You plan to go down and find it?" Leng ruoxue could tell what Bing po was thinking. At this moment, she also understood that if Ice Spirit didn't have a glimmer of hope in her son, she wouldn't have left Yu city so easily.

[Chapter 2778 As Long As He's Alive \(3\)](#)

"It seems that I can't hide anything from you. Little girl, I'm planning to go to the lower realm to look for it. As a descendant of the Qilin, I can't let it die outside. I want to see the beast if it's alive, and I want to see its corpse if it's dead!" Ice Spirit nodded.

If he didn't want to find his son, how could he let go of Wu Chen so easily?

When she heard Ice Spirit's words, she knew that Ice Spirit was just trying to calm her down by saying that he didn't want to fight with fog.

In fact, she was not that impulsive.

After some thought, Leng ruoxue asked carefully, ""Senior, I wonder if your son has any special characteristics?"

"Characteristics? I don't know. When he was stolen by Wu Ya, my son was still an unborn egg, so I really don't know what characteristics he has. But I think he should be the same as me, an ice Qilin. " Even though she did not understand why Leng ruoxue asked this question, ice soul still answered truthfully after thinking about it.

"Uh!" Leng ruoxue was speechless. What was the difference between this and not saying anything?

However, she did not give up and continued to ask, ""Senior, don't you Qilins have horns?"

"No? What's wrong?" Seeing that Leng ruoxue's questions were getting stranger, ice soul started to suspect something.

"Are you sure?" Leng ruoxue blinked her beautiful eyes as she asked. The reason why she asked this was because she suddenly thought of Bing Yi. However, that little fellow had a white jade-like horn on its head, which was obviously not in line with the appearance of the Qilin clan. Hence, Leng ruoxue was not sure if Bing Yi was related to the Qilin clan.

However, she was certain that the ice Phoenix was a Qilin. That little fellow could also confirm his own identity.

"I'm sure. An adult Qilin definitely doesn't have horns, but a young Qilin does! However, after we grow up, our horns will fall off on their own. That is also a sign of maturity for the Qilin clan." Ice Spirit said after some serious thought.

Hearing his words, Leng ruoxue's eyes lit up. She knew it! The ice Phoenix was definitely a Qilin!

"Little girl, why do you ask?" Ice soul asked suspiciously when she noticed Leng ruoxue's abnormal reaction.

"I'm just curious." Leng ruoxue replied calmly, then asked, "Senior, I heard from that Kirin bitch that without your Qilin race's nourishment, the little Qilin in the egg can't survive. Is that true?"

"It's true! When a young Qilin is born, it requires a lot of spiritual energy and our Qilin's own blood Qi. If there is no blood Qi and only spiritual energy, the growth of the young Qilin will be very slow. If it can't be born for a long time, it will suffocate in the egg one day. Therefore, the nurturing of the Qilin clan itself is very important. Otherwise, I wouldn't have lost my mind instantly after listening to Wu Cheng's words!" Ice soul said sadly.

"Is there no other way to ensure little Qilin's survival?" Leng ruoxue could not help but ask.

"There is, but the Qilin clan is proud. Even a young Qilin would not do that." Ice soul sighed.

"What is it?" Leng ruoxue asked shamelessly as she saw how unclear Bing PO's words were.

"Find a human to recognize as its master!" Ice Spirit said honestly.

"This way, the little Qilin in the egg won't die?" Leng ruoxue confirmed once again.

"Yes, but after recognizing a human as its master, there is no way for the Qilin to be accepted by its clansmen. Therefore, our Qilin clan basically won't find a human master for ourselves." Ice Spirit said honestly.

"What if, and I'm saying what if, in order to survive, your son finds himself a human master?" Leng ruoxue probed. Although she wasn't sure if Bing Yao was related to Bing po by blood, she felt that she had to figure it out for Bing po who had lost his son or for Bing Yao.

"If that's the case, I'd be glad instead." Ice Spirit said. Then, she sighed and continued, "Little girl, it's been so many years. In fact, I don't dare to hold any hope for my son's survival, but there's always a trace of concern in my heart that I hope he can live well! I've let down this son of mine. Back then, in order to not be controlled by the fog, I decisively gave up on him, so I really don't have the right to let him acknowledge me again. Now, my only hope is that he can live well, even if it acknowledges a human master. At least that way, he still has the hope of survival!"

"As long as he's alive, that's good!" Ice Spirit choked as he added. His eyes were filled with tears.

When Leng ruoxue heard this, she felt bad. The ice Spirit now was just an ordinary father who wanted his child to live well. He had no other requests for his only son. As long as his son could live, he would be satisfied even if he didn't acknowledge him!

Al! What a deep fatherly love this was!

Although ice soul felt guilty about what had happened back then, Leng ruoxue did not think that he had made any serious mistakes. He just did not want his people to be controlled by fog. Thus, he would rather sacrifice his unborn son to fight for a chance of survival for the Qilin clan.

Leng ruoxue admitted that she couldn't do such a righteous thing. However, as a similarly proud person, Leng ruoxue could understand him. She was also very clear that if she was in Bing PO's position back then, she would have made the same choice.

The dignity of the strong could not be blasphemed by anyone!

That was her thought! Nothing else!

Now that she had learned from Ice Spirit's example, Leng ruoxue's desire to become a true expert was even stronger! Only by becoming an expert strong enough to contend against the fog ripple could she and the people around her live freely in the divine realm. Otherwise, the unstable element of the fog ripple would disturb them sooner or later.

Leng ruoxue admitted that she wasn't someone who would take a beating from the back. She wouldn't wait for someone to provoke her to the door before retaliating. Therefore, the fate of the Qilin clan had also strengthened her determination to cultivate.

At the same time, Leng ruoxue's aura changed. Ice Spirit was surprised to see this. He did not know what Leng ruoxue had suddenly thought of that caused her to be so excited!

"Little girl, what's wrong?" Ice Spirit ignored her sadness and looked at Leng ruoxue with concern.

"It's nothing. I just thought of the threat of rime ice and felt that I should work hard on my cultivation. I don't want her to harm the people around me." Leng ruoxue said with determination.

"You should work hard on your cultivation. However, you should let nature take its course on the path of cultivation. You can't be too eager for quick success. Otherwise, it will only backfire!" Ice Spirit asked worriedly.

Leng ruoxue nodded and said, "Senior, you must be curious as to why I asked that question, right?"

"Yup! Little girl, can you answer my question now?" Ice soul smiled.

"Sure!" "In fact, I also know an ice Qilin. I met it in the lower realm." Leng ruoxue nodded.

"W-what did you just say?" Upon hearing this, ice soul's eyes widened in excitement. She looked at Leng ruoxue in disbelief.

He didn't hear wrong, did he? Did this little girl say that she knew an ice Qilin? And they met in the lower realm?

"I said I know an ice Qilin, and I met it in the lower realm." Leng ruoxue repeated when she saw that Ice Spirit was in disbelief.

"What does the ice Qilin look like? Does she look like me?" Ice Spirit quickly asked.

When Leng ruoxue heard this question, she was extremely conflicted.

What did he look like? What could she say? In her eyes, weren't all Qilins the same? how could she tell if they looked like each other?

"Senior, the ice Qilin I know should still be a child." After hesitating for a moment, Leng ruoxue decided to tell the truth.

"Childhood? The age doesn't match! If my son was still alive, he would be an adult by now!" Upon hearing that the ice Qilin that Leng ruoxue knew was still young, ice soul was extremely disappointed. No wonder Leng ruoxue had asked him if the Qilin had horns. Now, he could finally match it.

"I see! Does senior still want to see the Qilin I know?" Leng ruoxue asked even though she could hear the disappointment in Ice Spirit's voice.

"Let's meet! After all, it's a Cub of our Qilin clan, so it has to return to the Qilin clan. " Ice Spirit said after thinking.

"I'm afraid it can't go back. It has acknowledged a human as its master. " Leng ruoxue replied honestly.

"So that's how it is! Little girl, you asked so many questions before because of this, right?" Now, Ice Spirit was even more clear.

"Mm, in my heart, I hoped that Bing Yao could find his home and also hoped that senior could find his long-lost son, but now it seems that this was clearly my wishful thinking!" Leng ruoxue was also a little disappointed.

"No matter what, I still have to thank you!" Ice Spirit was very grateful for Leng ruoxue's thoughtfulness. He then said,""Little girl, you said that little guy is called Bing Yao? Is it your Beastie?"

"No, it's my friend 's! However, the ice Phoenix also lives with me, but it's now in closed-door cultivation with master. If senior wants to see it, I can wake it up. " Leng ruoxue smiled.

"Hmm, I'll see it before I leave! Little girl, I'll have to trouble you!" Ice Spirit agreed.

"Senior, let's find a quiet place." Leng ruoxue suggested. At the same time, she sent a voice transmission to Qing Jue, asking him to help wake Bing Yao up.

Ice Spirit nodded and brought Leng ruoxue to a remote mountain that he knew of.

Leng ruoxue looked at the huge, dense branches and leaves that blocked out the sky. She thought to herself, 'this is indeed a quiet place!' However, the light here was completely blocked. Although it was not impossible to see one's fingers, it was still a little difficult to see the other party clearly!

[Chapter 2779 The Awkward Ice Spirit \(1\)](#)

"This place is really well hidden!" Leng ruoxue said helplessly after observing the surroundings.

"Of course. Other than me, no one else knows about this place. So, it's absolutely safe here." Ice Spirit said proudly after listening to Leng ruoxue.

Seeing that Ice Spirit was obviously showing off, Leng ruoxue was even more speechless.

After communicating with Qing Jue and finding out that he had awakened Bing Yao, Leng ruoxue shifted Bing Yao out of the bracelet.

Then, an icy-blue furball suddenly pounced into her arms and affectionately rubbed against her beautiful face. It even shouted passionately, "Little Xue Xue, little Bingbing missed you so much!"

"Did you really miss me?" Leng ruoxue feigned disbelief.

"Of course it's real. It's more real than diamonds!" Bing Yao raised one of his little hooves and made a vow. There was a sad expression on his face. Sob ... How could little xuexue not believe him? Were they that close?

Seeing the pitiful look on Bing Yao's face, Leng ruoxue rubbed the soft fur on its head and teased, "Little Bingbing, you've gained weight again!"

"How could this be? I've been sleeping for so long and I haven't eaten anything?" Bing Yao's eyes widened in disbelief as she spoke with a terrified expression.

Getting fat ... Was definitely a rather serious problem! If it was so fat that its original appearance could not be seen, it would definitely affect its majestic and mighty image! Moreover, little xuexue had an excuse not to hold it, but that was not good!

In an instant, Bing Yao thought of many things. She became more and more frightened and almost cried.

"Little xuexue, you're wrong. I didn't get fat!" Bing Yao quibbled guiltily.

"Lying is not a good child. I can't carry you anymore. Haven't you gained weight?" Leng ruoxue laughed evilly and teased.

"I didn't get fat! I'm not fat! You're the one who lost weight! So, little xuexue, you can't wrong me!" The moment Bing Yao heard this, he couldn't care about anything else and could only defend himself as much as possible, innocently pushing the blame onto Leng ruoxue.

When Leng ruoxue heard its words, she couldn't help but laugh out loud. After not seeing her for a long time, why did Bing Yao become more and more adorable?

"Little xuexue, you're a bad guy. How dare you laugh at me!" At this moment, Bing Yao could tell that Leng ruoxue was toying with him and instantly became worried.

Little xuexue had been corrupted! Wu...She must have learned it from that demonic man!

"Hehe! Bing Yao, I haven't seen you for a long time. I missed you!" Seeing that Bing Yao was a little angry, Leng ruoxue quickly coaxed her.

"I missed you too," Bing Yao said very emotionally. However, it had to accompany its master, because its master was too lonely.

"By the way, little xuexue, did you ask Qing Jue to wake me up because you missed me too much?" Bing Yao asked again with a little pride.

"Yup! However, I also want you to meet someone. " After being intimate with Bing Yao, Leng ruoxue finally remembered the existence of ice soul. She turned her beautiful eyes towards ice soul.

Then, she was stunned.

What's wrong with Ice Spirit?

At this moment, Bing po was in a dazed state. He stood there in a daze and stared unwaveringly at Bing Yao in Leng ruoxue's arms. His eyes were glistening with tears. Very quickly, tears began to flow down his cheeks.

Ugh! What was going on?

Leng ruoxue was a little lost.

Could it be ...

"Senior!" Leng ruoxue walked over to ice soul and nudged him gently.

"Little girl, can I hug this little guy?" Ice Spirit woke up and asked anxiously.

"This ..." Leng ruoxue could not make the decision.

Turning to look at Bing Yao, Leng ruoxue waited for it to make its own decision.

Bing Yao tilted her head and studied Bing po. This guy's aura was somewhat familiar. Who was he?

Looking at Leng ruoxue, Bing Yao asked her with her eyes.

"This senior is the Qilin clan's clan leader, he's from the same clan as you." Leng ruoxue gave a simple introduction.

"Oh!" Bing Yao nodded. He understood now. They were of the same race! No wonder the aura gave it a sense of deja vu!

Since they were of the same race, she would let him hug her if he wanted to! The ice Phoenix thought to itself very kindly. In fact, it had a very good impression of this strange man in front of it.

In the next second, Bing Yao jumped into Ice Spirit's arms.

Ice Spirit hugged the heavy ice Phoenix, tears flowing from her eyes.

As Leng ruoxue witnessed this scene, her suspicions grew. However, Bing po did not say anything. She hugged Bing Yao tightly. Bing Yao was in a dazed state. At that moment, Leng ruoxue could only suppress her questions and wait for Bing po to explain to her.

Unfortunately, after waiting for a long time, Leng ruoxue did not receive an explanation from Ice Spirit.

After a long time, Ice Spirit finally said, ""Let this little fellow follow me back to the Qilin clan to stay for a while!"

"The ice Phoenix has to agree to this, I can't make the decision for it." Leng ruoxue replied without even thinking.

"Yes." Bing po nodded and asked Bing Jie, "Bing Jie, are you willing to follow me back to the Qilin clan to have a look?"

"Sure, but I want little xuexue to go with me." Bing Yao didn't refuse, and even thought that he was smart enough to get himself a little companion.

According to its thinking, it shouldn't leave with strangers. However, this stranger gave it a very familiar feeling, so it wanted to go back with him. However, it didn't want to go back alone, so it could only pull Leng ruoxue along.

"No problem," he said. Ice Spirit nodded.

As long as this little fellow was willing to return to the clan with him, he would agree to any condition.

Just like that, Leng ruoxue became the background of Bing Yao as she followed Bing po back to the Qilin clan.

When the two humans and the Cub returned to the Qilin clan, they immediately caused a huge commotion. Especially fire Yue and the great elder, when they saw Ice Spirit, they immediately cried and complained, "Clan leader! You've finally returned!"

"Why? do you wish for me to not return?" Ice Spirit said coldly.

"Clan leader, we didn't mean it that way! We're just worried about your safety!" First elder Qilin quickly explained.

I can't let the clan leader misunderstand. Eh! What about the clansmen he and fire Guangdong had sent out?

"Chief, where are the other clansmen?" The Qilin Grand Elder couldn't help but ask.

"What other clansmen?" Ice Spirit asked in confusion.

"After you and miss Leng left, we immediately sent some clansmen to assist you." The Qilin Grand Elder explained.

"We didn't see a single one." Ice Spirit said truthfully, but he couldn't help but snort in his heart! Assistance? She said it so nicely, but she was probably worried about his skills and afraid that something would happen to him?

Although the Qilin great elder and Huo Yue had good intentions, ice soul felt that their actions were unnecessary. Think about it, if he himself was in danger, would the other clansmen be safe? One had to know that even if he hadn't recovered to his peak state, his strength was still one of the best in the Qilin clan!

[Chapter 2780 The Awkward Ice Spirit \(2\)](#)

"How did this happen?" The Qilin first elder was completely stunned.

"Great elder, we really didn't see them." Leng ruoxue chimed in.

"How could this be? "Ah!" Miss Leng, you're back too?" The first elder of the Qilin clan seemed to be talking to himself. He then realized that the person who had spoken was Leng ruoxue. However, his reaction made Leng ruoxue feel rather depressed.

From the looks of it, she had become completely invisible in the Qilin clan. However, this invisibility was a little too thorough. In his eyes, there was no place for anyone else other than his great clan leader!

"I'm back! I came back with Bing Yao!" Leng ruoxue sighed deeply before she spoke.

"Ice Phoenix?" At this time, the head elder's gaze gradually moved down, only to discover the ice blue little Qilin that was sleeping soundly in the clan leader's arms.

Who was this little guy?

Their Little Prince?

The Qilin great elder was very smart. He knew that there must be some inside information if the clan leader didn't take the initiative to introduce him. Therefore, he didn't voice his doubts and only used his eyes to ask his clan leader. However, Ice Spirit did not respond to him. Instead, she carried the ice Phoenix and walked away.

Ugh! The Qilin Grand Elder looked at Ice Spirit's back and became deeply worried.

This ...

"Miss Leng, what is the relationship between that little Qilin and my clan head?" Since he couldn't get an answer from the clan leader, the Qilin clan's great elder could only turn to ask Leng ruoxue.

"I don't know," Leng ruoxue said irresponsibly. With that, she turned and left.

Leng ruoxue went back to the courtyard she used to stay in.

For the next few days, Leng ruoxue did not see Bing Yao again.

At this time, uncle long and the others, who had been unconscious for several days, also woke up.

When they woke up, they found themselves in Xue 'er's space. Uncle long and the others were surprised, but they knew that Xue' er must have moved them in.

After asking Xue 'er to move them out of the dimension, uncle long and the others looked at the familiar room and living room. They asked curiously, ""Xue 'er, isn't the Qilin clan leader going to Yu city? You haven't set off yet?"

"We're all back!" Leng ruoxue replied helplessly.

Ugh! When the few people present heard this, they were all depressed. It seemed that they had missed the excitement again. Ai! Drinking is a bad thing!

"Xue 'er, when are we going home?" Uncle long asked again.

"I don't know. I'll have to wait for the Qilin clan leader to return Bing Yao to me!" Leng ruoxue said helplessly. Bing Yao had been taken away by the Qilin clan leader for a few days, and there had been no news from her.

"Ice Phoenix? That little fellow is awake?" First elder immediately replied.

"I woke him up. I wanted to let the Qilin clan leader see Bing Yao, but he took Bing Yao as his own and didn't want to return it to me!" Leng ruoxue said with a face full of frustration. More importantly, Ice Spirit's mouth was shut tightly like a clamshell, not saying a word. She could only let her imagination run wild.

"Uh! That little guy is non-existent, and now you've lost him. How are you going to explain this to him when he wakes up?" When first elder heard this, he couldn't help but remind.

Although he had not spent much time with Wu and Bing Yao, he still recognized the man and beast. Master ning also recognized him. Hearing the great elder say this, he couldn't help but worry.

"What are you guys talking about?" Uncle long was a little confused. Who was Bing Yao? Who was Wu? He had no idea at all!

"I'm not little Xue 'er's friend. I have a little Qilin in my hands, but now that little Qilin is in the hands of the Qilin clan leader, I can't get it back!" The great elder explained.

This time, the confused people finally understood.

"Xue 'er, is there any relationship between the little Qilin called Bing Yi and the Qilin clan leader?" After figuring out these strange relationships, uncle long asked the most important question.

"I don't know. That old Qilin has kept his mouth shut! He won't say anything. " Leng ruoxue said gloomily.

"Uh! Then what does he mean by monopolizing the ice Phoenix?" Uncle long was also confused.

"I suspect that Bing Yao is his child." Leng ruoxue stated her guess. Of course, she had yet to verify it.

"No way? "If the Qilin clan leader finds out that his son has acknowledged a human as his master, wouldn't that ..." The Grand Elder was a little worried. These top-grade beasts were the proudest and couldn't tolerate their offspring being contracted by humans. Therefore, he didn't need to think to guess the anger of the Qilin clan leader when he found out about this.

Of course, the premise was that Bing Yao was really someone else's child!

"Don't worry. If that's the case, the Qilin clan leader would be grateful! Because if it wasn't for Wu, Bing Yao would have died long ago. " Leng ruoxue said in understanding. Then, she recounted what had happened to uncle long and the others.

After hearing this, everyone finally understood the cause and effect.

"Xue 'er, didn't the ice Soul Clan leader say anything after seeing Bing Yao?" The master of the ning family asked curiously.

"He didn't say, but based on his condition at that time, I think he and Bing Yao should be related." Leng ruoxue said with certainty.

"Xue 'er, you're right. The little Qilin named Bing Yi and the ice Soul clan's leader must be father and son." Uncle long said with certainty.

"What?" Seeing how confident uncle long was, Leng ruoxue couldn't understand.

"Little girl, for us Beastie, the connection between parents and children is our instinct. Therefore, we know very well which little beast is our offspring and we will never mistake it for anything else. I think senior ice soul must have recognized that the ice Phoenix is his child, which is why he was so excited." Uncle long explained.

"But senior ice soul said that his child should be an adult already. Furthermore, Bing Yao didn't sense the father-son relationship between them ..." Leng ruoxue voiced her doubts.

"I don't know why the ice Phoenix wasn't an adult yet, but the ice Phoenix didn't sense the father-son relationship between them. It must have something to do with the fact that it had never seen its parents. After all, it was just an egg at that time, so it was understandable that it couldn't sense them so accurately! However, when it sees senior ice soul, it will definitely feel a sense of familiarity! This is the nature of a father and son!" Uncle long said.

"No wonder!" Leng ruoxue was pretty sure that it was true after hearing what uncle long said. When Bing Yao first saw Bing po, she was indeed very willing to get close to her.

However, this was only their speculation. The ice Spirit had not confirmed it yet, so it did not matter what they thought. Now, they could only wait for Ice Spirit to tell them the truth.

Who knew that half a month's time would pass just like this?

In the end, Leng ruoxue couldn't take it anymore. She went to find the great elder of the Qilin clan and asked him to tell Bing po that she was going home with Bing Yao! Make the other party return the ice Phoenix!

Even though the Qilin great elder was put in a difficult position, he still reported Leng ruoxue's words truthfully.

When Ice Spirit heard this, she immediately went to look for Leng ruoxue.

When Leng ruoxue saw Ice Spirit, she sneered, ""Is the ice Soul clan's leader finally willing to show himself?"
