

## Crazy Wife 2781

### [Chapter 2781 The Awkward Ice Spirit \(3\)](#)

How detestable! It was really too detestable! This fellow was clearly in the clan, but when she went to see him, she was told by the guards that the clan leader was not around!

What the hell is he not in!

Why did it come out so quickly this time! Leng ruoxue was furious!

"Can you let Bing Yao stay for a few more days?" Ignoring Leng ruoxue's anger, ice soul asked directly.

"What's the reason? It's been so long, Bing Yao should come home with me. " Leng ruoxue said calmly.

"Its home is in the Qilin clan!" Ice soul said.

"You're wrong. It's always lived with us, so its home is naturally in Demon City," Leng ruoxue said stubbornly.

"It's a Qilin!" Ice Spirit reminded.

"But it has already recognized a human as its master. Didn't you say that a Qilin that has recognized a human as its master would not be accepted by the Qilin clan? Since that was the case, why let it stay in the Qilin clan and suffer the discrimination? That's why I think it's better for Bing Yao to leave with me. Of course, if the ice Soul clan's leader misses the ice Phoenix, you can come to Demon City to see it at any time!" Leng ruoxue said with a smile. She didn't believe that she couldn't force Ice Spirit to tell the truth.

"Then ... I'll go with you to Demon City!" Ice Spirit said helplessly.

F \* ck! Leng ruoxue really wanted to scold Qilin! She had already said so. Why was this Qilin, whose mouth was even tighter than a clamshell, still so pretentious? Would it kill you to tell the truth and say that Bing Yao is your child?

Leng ruoxue was unable to deal with Ice Spirit's sudden embarrassment. What was she trying to do?

Taking a deep breath, Leng ruoxue nodded and said, ""In that case, please come with us, ice Soul Clan leader!"

After getting her Ice Phoenix back, she had even managed to get the Qilin clan leader to be her bodyguard. Leng ruoxue felt that this was not a bad deal.

Ice Spirit nodded and left.

After he left, uncle long and the others, who had been watching from the side, couldn't help but sigh and say, ""Xue 'er, are you really bringing him back?"

"Yes, since this is his choice, we can't do anything about it." Leng ruoxue said gloomily.

Not long after, Ice Spirit came back with the listless Ice Phoenix.

The moment she saw Leng ruoxue, Bing Yao immediately became excited as if she had been injected with chicken blood. She shouted agitatedly, "Little xuexue, save me! This pervert is torturing me to death!"

Wuwu ... After Bing Yao finished shouting, he even started wailing.

Leng ruoxue was speechless when she saw this.

What was going on?

When Ice Spirit heard Bing Yao's words, his face darkened and he said angrily, "I'm doing this for your good! Look at your strength, you've made the entire Qilin clan lose face!"

"I don't have any clansmen, what does it have to do with you whether I'm embarrassed or not? I don't like to cultivate. I only like to eat and sleep. What's it to you? Aren't you being a little too nosy, you strange uncle? Little xuexue, help!" The ice Phoenix retorted angrily. It then extended its hooves towards Leng ruoxue, hoping that she could save it from its demonic claws.

Previously, it felt that this strange man gave it a very friendly feeling, making it have a good impression of him, but now it knew that it was wrong! What kind of friendly feelings! All of you, get lost! Anyone who didn't let it eat more or sleep well was its enemy!

Therefore, from the moment this strange man urged it to cultivate, it had secretly hated this man who had turned from friendly to annoying.

"Who said you don't have any clansmen? All the Qilins here are your clansmen, so you must work hard to learn how to become a great Qilin. You can't be as reckless as you were before!" Bing Yao's words made Bing PO's face filled with disappointment.

"I have no interest in becoming the great Qilin. I just want to be like before, so don't worry about me! You're nobody to me, what right do you have to dictate my future? Uncle, you're being too nosy!" Bing Yao roared. He was so angry that all the hair on his body stood up.

When Leng ruoxue, uncle long, and the rest saw this, they couldn't help but give Bing Yao a thumbs up.

Good job, little fellow! Look at how angry the Qilin clan leader was, his face was even darker than the bottom of a pot!

Among them, Leng ruoxue felt that it was the best way to vent her hatred. Who asked you to be so hesitant and not reveal Bing Yao's identity? now, this is great, you let Bing Yao, this little fellow, turn the tables on you, right?

Al! In this world, what could hurt a Father's heart more than a son complaining that his father was too controlling? Leng ruoxue was sure that Bing po was already in tears.

It had to be said that Leng ruoxue was right.

Bing PO's heart was hurt by Bing Yao's words, "uncle," "none of your business," but he couldn't bring himself to say it.

In reality, it was just as Leng ruoxue had guessed. Bing Yao was Bing PO's child who had been thrown into the lower realm by Wu mo. Bing po had recognized Bing Yao the moment he saw her. However, he had not expected that his child, who should have been an adult, was still not fully mature.

He knew that this was related to the ice Phoenix's inborn deficiency. Even though the ice Phoenix recognized a human as its master and saved its life, as a Qilin, the ice Phoenix was still a little weak. This made it feel extremely guilty, so much so that it couldn't tell the ice Phoenix that it was its father and that it wasn't an orphan!

Originally, he had also tested the ice Phoenix a few times, wanting to see if it wanted to know who its parents were. Who would have thought that the ice Phoenix didn't care at all. It even told him that it was enough as long as it had its master and little xuexue, it didn't need parents.

This fact made Bing po even more worried. At the same time, he became envious and jealous of Bing Yao's master and Leng ruoxue, whom he had never met before. This was why he had not allowed Leng ruoxue and Bing Yao to meet these few days. Even when he saw Leng ruoxue, he could not give her a good look!

He was jealous! What right did that little girl have to hold such an important place in his son's heart? He was not even the master of his son, which made him feel even more unbalanced. However, Bing Yao's indifference to her background made him even more afraid to speak the truth, and the fear in his heart only increased.

He was really afraid that if Bing Yao knew his background and the fact that he was abandoned, she would hate him, her father! As such, he felt even more awkward.

Apart from awkwardness, there was also a deep sorrow. The temperature around him had also dropped a lot because of the low air pressure he had suddenly released.

Leng ruoxue could clearly feel the cold, and seeing this pair of seemingly father and son like fighting roosters, she could only helplessly step forward, wanting to rescue Bing Yao.

However, Bing po, who was also holding onto the ice Phoenix, refused to let go. Leng ruoxue and Bing po were in a stalemate.

When they saw Leng ruoxue hugging Bing Yao's upper body, Bing Yao's front hooves clasped onto Leng ruoxue's neck, while Bing po hugged Bing Yao's lower body tightly, creating a distance between the three of them, uncle long and the rest had no choice but to step forward and grab Bing PO's arm. "Senior, please let go! Even the ice Phoenix is uncomfortable!"

"Why should I let go? why isn't it this girl who let go!" Ice Spirit said indignantly.

Because Bing Yao is not on your side! Uncle long sighed inwardly, but he still smiled and said, "Senior, you should respect Bing Yao's choice."

"That's right, uncle, I don't like you anymore. Let go of me and mind my business! Otherwise, I'll bite you!" Bing Yao gave uncle long a look of praise after hearing what he said. Then, he shouted at Bing po angrily.

"Bingyao, I'm doing this for your own good. Why can't you understand?" Ice Spirit said helplessly. There seemed to be a flash of pain in her eyes.

When Leng ruoxue heard this, she smiled faintly and said, "Senior, any elder would say that their actions or requests are for the good of the younger generation, but have you ever thought that forcing your own thoughts on others is really for their own good? The ice Phoenix was no longer a child. It had the right to choose the life it wanted! Perhaps you think that its strength isn't high and that it's a disgrace to the Qilin clan, but I think that it's fine like this because this is the way it likes to live!"

"Hmph! It's all because you've spoiled it to this state!" As soon as Leng ruoxue finished speaking, Ice Spirit's voice of dissatisfaction rang out.

"Alright! Even if I spoil it, you can't deny that it likes this kind of life!" Leng ruoxue was helpless against ice Spirit's stubbornness. She could only continue to reason with him.

"Yes, I like this kind of carefree life! Uncle, if you want to do something, then you should do something about your Qilin clan's little Qilin! Don't always expect me to get along with them, I can't get along with them! Those of different paths can not conspire together!" Bing Yao was very cooperative with Leng ruoxue.

"Bing Yao ..." Ice Spirit tried to persuade her, but she was interrupted by Bing Yao.

"Stop! Uncle, don't tell me what's for my own good. I'm not a child, I know what kind of life I want!" Bing Yao spoke the truth. Then, he didn't care if Bing po had suffered a huge blow. Taking advantage of his distraction, he broke free and hid in Leng ruoxue's arms.

Bing po sighed helplessly when he saw Bing Yao.

Al! Why couldn't this child understand him? God knew how much he wanted to make it up to this child and give it all the good things, but this child didn't care at all!

Not only that, Bing Yao kept on urging Leng ruoxue, "Little xuexue, take me away from here. I don't want to come here anymore. There are too many rules for me to stand!"

"Yes, let's go home now." Leng ruoxue stroked Bing Yao's little head and nodded.

"Senior, let's go!" Leng ruoxue then turned around and spoke to Ice Spirit. She then carried the ice Phoenix and walked in front.

Uncle long and the rest followed behind Leng ruoxue in silence. Their hearts were in turmoil. Who could walk so calmly with a powerful Qilin behind them? Of course, Leng ruoxue was an exception! That girl's heart is strong!

They walked out of the courtyard and walked to the gate. They saw Huo Yue and the first elder of the Kylin family who had heard the news and were panting heavily.

"Clan leader, are you going to leave with miss Leng?" Huo Yue and the first elder of the Kylin clan asked in unison with a long face.

[Chapter 2782 Miss Leng, Your Child Is Crying!\(1\)](#)

Wasn't this obvious? When Leng ruoxue heard what the two of them said, she sighed in her heart. However, they did not ask her, so she naturally did not say anything. She turned around and glanced at Bing po indifferently.

Ice Spirit nodded coolly. Then, fire Yue and elder Qilin looked like abandoned wives. They looked so aggrieved that no one dared to look at them directly.

"Clan leader, we, we will go with you!" The two of them said in unison again. They didn't want to be separated from their clan leader for so long.

"Why are you guys following him?" Hearing this, Ice Spirit said angrily. Was he going to laugh at him? Let's see how he can't handle a little Qilin?

"We're going to serve the chief!" Huo Yue and the first elder of the Qilin clan said.

"I have hands and legs, I don't need you to serve me!" Ice Spirit said in annoyance.

"Clan leader, you can't just ignore us!" When the two heard this, tears began to flash in their eyes again, and they were about to fall.

Seeing this, Leng ruoxue was a little confused.

What the hell is this? Did it have to be so exaggerated? Leng ruoxue was truly speechless towards Huo Yue and elder Qilin. Did these two really have to make themselves so submissive? This was really too much to look down on!

In the end, Leng ruoxue, who could not take it any longer, shouted, ""Are you guys done? If you want to follow me, that's fine. May I ask what you can do? My Demon City doesn't keep idle people!"

"Uh! We will do anything!" Huo Yue and the Qilin elder looked at each other for a moment before they replied in unison.

"You can cook?" Leng ruoxue asked as she blinked her eyes.

"No, I won 't!" The two old Qilins whispered.

"Then, do the laundry? Are you taking care of the child?" Leng ruoxue asked again.

"....."

Huo Yue and the elder Qilin were confused. They could understand washing clothes, but they had to take care of the children.

"You ... You don't have any children, do you?" Huo Yue was puzzled and asked carefully.

"Who said I didn 't?" Leng ruoxue raised her eyebrows and laughed evilly.

"Uh! I've never heard of it. " Huo Yue said gloomily. Why didn't they receive any news about such an important matter?

He was not the only one who was depressed. The first elder of the Qilin clan and Bing po were also puzzled. They looked at Leng ruoxue with curiosity.

In order to prove that her words were true, Leng ruoxue took out a chubby little doll from her bracelet. The moment the little doll appeared, it immediately pounced into Leng ruoxue's arms and called out enthusiastically, "Mother!"

"Be good!" With the chubby baby in her arms, Leng ruoxue looked at Huo Yue and the first elder of the Qilin clan with a faint smile.

The evidence was right in front of them, and the old Qilins were all speechless.

"This child ..." Huo Yue stammered and wanted to ask who he had the child with, but he could not bring himself to say the second half of the sentence.

"What, can you wear it properly?" Leng ruoxue asked with a smile.

"I ... I should be able to!" Huo Yue said with uncertainty.

"Oh, really? Then, here you go!" After she finished speaking, Leng ruoxue immediately stuffed the chubby little baby into Huo Yue's arms. As soon as the baby changed arms, he immediately started crying. Huo Yue was so frightened that she hurriedly tried to comfort him. However, the more she coaxed him, the louder the baby cried.

For a moment, Huo Yue didn't know what to do.

"Miss, miss Leng, your child is crying!" Stammering, Huo Yue couldn't help but remind Leng ruoxue that he was not used to the soft body of the little doll in his arms!

"I saw him, you have to coax him!" Leng ruoxue requested calmly.

"No, no, I can't." Huo Yue, who had been coaxed before, was dumbfounded. This little thing didn't listen to him at all! It's not good to be too light, it's even worse to be too heavy, Wu.....Human babies are really too difficult to serve compared to the Qilin clan's young.

"You can't coax her? Are you sure?" Leng ruoxue asked in a serious tone.

"I really can't coax her." Huo Yue knew that there was a trap in Leng ruoxue's words, but he could only speak the truth. Then, he immediately returned the hot-handed child to Leng ruoxue.

"If you can't even coax a child, what use are you in Demon City?" Just as Huo Yue had expected, Leng ruoxue had started to despise him.

"I ... I'm going to serve the chief." Huo Yue said in a low voice. In other words, he had nothing to do with Demon City.

However, Leng ruoxue didn't think that way. She patiently analyzed for him, "You want to serve your clan leader, I can understand that. However, your clan leader is coming with us to Demon City. Once we're there, he'll have to stay in my house, right? I don't have any objections to him living alone. After all, I was the one who agreed for him to go. But you guys, I didn't invite you! If you only want to serve him, then where do you live?"

Where do they live?

Huo Yue and the Qilin elder understood what Leng ruoxue meant. Leng ruoxue did not invite them, so she did not plan to arrange a place for them to stay. They would have to find their own place ...

"Don't even think about building a house within a hundred-mile radius of Demon City! That's my territory. If you dare to invade my territory, I'll be angry!" Leng ruoxue continued when she saw that they were silent.

"..." They really did have that plan, but Leng ruoxue had immediately rejected it! Wu ... This detestable girl, how could she be so scheming? This was not leaving them any way out!

The two Qilins expressed their sorrow. They had never felt so aggrieved before. However, they knew that it was impossible for them to gain any benefits from Leng ruoxue!

"Clan leader ..." The two old Qilins looked at ice soul helplessly. However, ice soul only said coldly, "Don't make me repeat myself, I don't need anyone to serve me!"

"Did you guys see that? Your clan leader doesn't need you at all. " Hearing this, Leng ruoxue laughed, taking pleasure in his misfortune.

Seeing her like this, Huo Yue and the first elder of the Qilin clan felt even more depressed. In the end, it was uncle long who kindly patted their shoulders and consoled them, "You two don't have to worry. Senior ice soul will live well in our place."

"Then please take good care of my family head." Since things had come to this, the two helpless old Qilins could only compromise.

"Your family head isn't a three-year-old child. He doesn't need anyone to take care of him!" Leng ruoxue laughed when she heard Huo Yue and the first elder of the Qilin clan's request.

"Uh!" Seeing that Leng ruoxue was obviously dissatisfied, Huo Yue and the Qilin great elder did not dare to express their opinions.

Seeing that they were finally being honest, Leng ruoxue didn't make things difficult for them. She turned around and continued walking.

Uncle long and the others looked at Huo Yue and the Qilin elder with sympathy and immediately followed Leng ruoxue. Ice soul did not even turn around, leaving behind the two miserable old Qilin elders to see them off with reluctance.

Just as Leng ruoxue and the rest were about to reach the devil forest, Shui mo also rushed over. Seeing Leng ruoxue, Shui mo grumbled, "Little girl, why didn't you tell me that you were going home? I could have gone home with you!"

### [Chapter 2783 Miss Leng, Your Child Is Crying!\(2\)](#)

Dear, this is your home, okay?

Hearing Shui Mo's words, Leng ruoxue's face was filled with black lines. At this moment, she glanced at Huo Yue and elder Qilin who were too scared to come forward. She felt depressed for them.

The two of them were very sad when they heard Shui Mo's words! Al! These two fellows were only thinking for the Qilin race, but they had two unreliable ancestors. Especially Shui mo, he didn't recognize anyone after seeing the formation and was going to leave with them.

However, Leng ruoxue welcomed Shui Mo's presence, so she had no intention of rejecting him.

Seeing that Leng ruoxue had brought Shui mo along without saying anything, Huo Yue and elder Qilin felt extremely disgruntled.

Leng ruoxue was definitely treating him differently. They were really bullying the Qilin! How could he do this? The two old Qilins were very upset! However, he could not do anything to Leng ruoxue.

In the end, they couldn't help but hide it from each other.

"It's all your fault. You've angered Leng ruoxue previously, which is why she has a bad impression of us!" First elder Qilin was the first to launch an attack.

"Didn't I already apologize sincerely? How can you blame me?" The fire Yue was extremely indignant. Then, it roared angrily, "Even if I've offended Leng ruoxue and she doesn't have a good impression of me, you, who didn't offend her, didn't get any special treatment from her either! So, we're clearly on the same level, so let's not talk about each other!"

"Hmph! You're the one who started it anyway!" The Qilin great elder said, still angry.

"I said I'm sorry!" Fire Yue counterattack!

Just like that, the two old Qilins started to fight each other without a care for their image. By the time they realized that Leng ruoxue and the others had disappeared, they had already entered the devil forest.

This should be the second time they had passed by the devil forest. The last time when Leng ruoxue and ice soul left the Qilin clan, they did not pass by this place. To save time, ice soul had teleported her along.

Now that they were in the devil forest again, Leng ruoxue and the rest were extremely calm and prepared to fight the soul devouring insects. However, the annoying soul devouring insects did not appear even when they were almost out of the forest.

"Xue 'er, did you kill all the soul devouring insects in one go last time?" Uncle long was not used to the peaceful devil forest.

"How is that possible? Isn't the King of Soul devouring insects still alive?" Leng ruoxue didn't want to be the scapegoat, but it was a fact that the soul devouring bugs didn't appear. This made her feel rather depressed! If the Qilin race lost their barrier, it would be her fault if they blamed her in the future.

"The soul devouring insects can't be completely exterminated." At this moment, Ice Spirit, who had been silent the whole time, finally spoke.

"Then I'm relieved." Leng ruoxue heaved a sigh of relief.

After that, everyone waved goodbye to the devil forest.

After they left, a huge soul devouring insect appeared where they were standing before. Around it, there were many small soul devouring insects flying around. The big one was the King of Soul devouring insects.

At this moment, it heaved a long sigh of relief. That terrifying woman had finally left! In the future, it and its descendants would be able to live happily here again!

In fact, the intelligent King of Soul devouring insects had hesitated for a long time whether to appear or not, but in the end, it held back because it knew that it could not afford to offend the woman, so it could only hide.

Now, after watching the fiendish woman leave, the King of Soul devouring insects cheered for a while, then happily took its children and flew to the other parts of the forest.

Leng ruoxue and the others, who had left the devil forest, were able to return to Demon City with the help of Ice Spirit's teleportation.

When they returned home, uncle long and the others naturally had to explain to Dongfang Yue and the others. Leng ruoxue, on the other hand, carried Bing Yao and went straight to her residence.

Sitting in the room, Leng ruoxue suddenly remembered that she seemed to have forgotten something.

It was only when Azure appeared and saw the little Qilin in Leng ruoxue's arms that he roared with jealousy, "Girl, who is this little fellow?" How could he occupy its position?

Azure was furious, and the consequences were severe!

In the next moment, it squeezed itself into Leng ruoxue's embrace and used its small claws to kick the Ice Dragon without a sound.

Bing Yao was also furious!

"You bastard!" If the Kirin didn't show its might, it would be treated like a puppy! This little kitten is so annoying. She actually kicked me with her stinky feet!

Hmph! It also kicked!

Just like that, the two childish fellows began to fight behind Leng ruoxue's back!

Cang's strength was much higher than the ice Phoenix's. Seeing that this little Qilin actually dared to resist him, he couldn't help but feel surprised. He then stretched out his claws to grab the thick fur on the ice Phoenix's neck and lifted it up. He smiled at Leng ruoxue and said, "Girl, where did this little fellow come from? Could he be Feng Ye's illegitimate son? Can you let me play with it?"

Cang's words made Leng ruoxue suddenly realize that Feng Ye did not return with them? Ugh! Forget it, there's no difference whether that unreliable fool is with me or not. I'll just let him run his own course!

"Little xuexue, help!" Seeing that Leng ruoxue was in a daze, Bing Yao could only cry for help pitifully. Wuu ... Where did this cat come from? What powerful strength.

Bing Yao was a little afraid!

Leng ruoxue finally reacted and quickly saved Bing Yao from Cang's hands. She then said to Cang, ""Bing Yi is a friend I made in the lower world. Cang, you have to treat it well, understand?"

"Friend? Not your Beastie! Then why are you hugging it!" Azure said unhappily.

"Uh! It's still young ..."Leng ruoxue whispered. It was her instinct to carry cute Beastie. Who wouldn't want to touch and carry such a cute little fellow?

"Small? Oh! Your strength is quite low, why don't you let me train you!" Azure smiled evilly.

"No! Don 't!" Bing Yao squeezed into Leng ruoxue's embrace. Sob ... It didn't want to train with this fellow. If it really wanted to train, it would rather train with that strange uncle!

At the thought of this, Bing Yao tactfully jumped out of Leng ruoxue's arms and said to her anxiously, ""Little xuexue, I'm going to find the strange uncle!"

After saying that, Bing Yao quickly ran away.

If he didn't run now, he would lose his life!

Sobs ... Cats are not to be trifled with these days! Even a cat was riding on his head!

For a moment, Bing Yao felt inferior!

It didn't like to cultivate at first, but after being frightened by a cat in cat skin, it immediately thought of cultivating, so it ran to find the strange uncle ice soul.

Leng ruoxue looked at Bing Yao's fleeing actions and laughed to herself. However, the strange uncle that Bing Yao had mentioned, Bing po, was probably going to be overjoyed!

### [Chapter 2784 Miss Leng, Your Child Is Crying!\(3\)](#)

Following that, Leng ruoxue turned to look at Cang and nodded its furry little head, ""Cang, the ice Phoenix should be the child of Ice Spirit, and it's also my friend. So, you really can't bully it!"

"Alright then!" Azure nodded and changed the topic, ""Girl, aren't you going to refine the reincarnation pill? Where is it? let me see. "

"Uh! He didn't come back after the reincarnation pill healed the ice Spirit. " Leng ruoxue said awkwardly. She had too many things to do and had forgotten to ask about the reincarnation pill's whereabouts.

"Could it be that she's dead?" Cang guessed.

"It can't be?" Leng ruoxue did not believe it. Based on her understanding of her master's reincarnation pill, it definitely did not have the spirit of sacrificing itself for others and being selfless! Therefore, she would never believe that the two reincarnation pills were dead!

However, it was indeed quite puzzling that he had yet to return.

"Or he was found by Ice Spirit!" Azure continued to guess.

..."This possibility ... Is not impossible. But even if it was confiscated by the Qilin clan, it probably wasn't the ice Spirit's intention.

Even though she had not spent much time with Ice Spirit, Leng ruoxue knew him well enough to know that he would never do such a thing. The only person who would do such a thing was Huo Yue!

Right, my reward ...

"You bastard!" How could she have forgotten to ask for a reward! Leng ruoxue was extremely depressed! When did she learn to be like Lei Feng? she actually forgot to ask for compensation!

No! She couldn't just do good things for that idiot Huo Yue without asking for money!

With this thought in mind, Leng ruoxue carried Cang and went to find Ice Spirit.

Uncle long had already arranged for Ice Spirit's residence. At this moment, Bing po was listening to Bing Yao's soft complaints with a blissful expression on his face. He would comfort her from time to time. For a moment, Leng ruoxue didn't have the heart to disturb the warm scene of a loving father and a filial son.

However, Bing Yao's eyes were sharp. After sensing Cang's threat, her small body immediately trembled. She even tried to shrink into Bing PO's arms, burying her head in his chest, leaving only her chubby little butt outside.

At this moment, ice soul lifted her head and nodded at Leng ruoxue. Then, she looked at the little white cat in her arms.

"Senior Cang?" Ice Spirit said with uncertainty. Azure's appearance was ever-changing. In the past, they were familiar with a Totoro, but now, he saw a cat. However, the aura of this cat was exactly the same as what he knew.

"Hmph! Little Qilin, congratulations on your revival!" Cang Wei nodded and said arrogantly.

When Ice Spirit heard this, he was speechless. He was only unconscious, not dead. What did he mean by "alive again"? These words were really too unbearable.

However, these words came from Cang's mouth. No matter how unhappy Ice Spirit was, he wouldn't provoke Cang for no reason. After all, the consequences of provoking Cang were terrifying.

"Thank you for your concern, senior Cang." Ice Spirit had no choice but to say politely.

Then, Ice Spirit turned to Leng ruoxue and asked, ""Little girl, what's the matter?"

"Yes, I want to know where the reincarnation pill is!" Leng ruoxue said directly.

"They didn't tell you?" Ice Spirit asked in surprise.

"No, I haven't seen them since senior finished healing." Leng ruoxue said honestly.

"After they healed my injuries, one of the reincarnation pills told me that they would take the other one away for a while. I thought they would tell you, so I didn't mention it to you. Plus, you never asked about their whereabouts, so I thought you knew!" Ice Spirit was speechless.

"I don't know. Things came one after another during that time, and I didn't have time to ask." Leng ruoxue said rather awkwardly. As a result, she had really forgotten about it.

"Then you can rest assured now. After they healed my injuries, although they are a little weak, it is not a big problem. I think they will come back to find you." Ice Spirit consoled.

He knew that during that period of time, it was his matters that had bothered Leng ruoxue, so he felt rather embarrassed.

"Yes." Leng ruoxue nodded and continued, "Senior, there's one more thing. Your Qilin clan still hasn't paid me the reward!"

"..." Ice Spirit was silent. How could he take this?

"I'll inform the clan and have them send you your reward as soon as possible." Ice Spirit replied after a long time.

"Then I'll have to trouble senior! I won't disturb you anymore, please continue!" Leng ruoxue beamed with satisfaction.

With that, she completed her mission and left Ice Spirit's residence with Azure.

Watching Leng ruoxue's back view, ice soul felt helpless. Then, he sent an order back to his clan.

In less than a week, Huo Yue and elder Qilin arrived happily with their rewards. A large group of Qilin came with them, including Feng Ye.

When Feng Ye first saw Leng ruoxue, he was a little embarrassed. But very quickly, he returned to his normal self and hugged Leng ruoxue's leg, wailing.

"Wu ... Xue 'er, how could you abandon me and leave the Qilin clan alone!" Feng Ye felt wronged. They were from the same country, okay? Why did the church keep him? This fact really made him sad.

"We didn't leave you behind. It's you who didn't show up, okay?" Leng ruoxue naughtily pushed the blame to Feng Ye. When Feng Ye heard this, he became even more embarrassed.

It was because Leng ruoxue was right. It was indeed him who had not appeared. This was mainly because he felt that he had made a huge mistake and was too ashamed to face anyone, so he went into hiding. However, by the time he thickened his skin and wanted to look for Leng ruoxue and the others, he found out that they had already left.

Instantly, he felt a sense of desolation as if he had been abandoned, and he was sad for a long time.

It was only when the clan leader sent back an order for the acting clan leader to deliver Leng ruoxue's reward that he thickened his skin and followed along.

This time, he had no intention of leaving!

In any case, he was Leng ruoxue's servant, so she would definitely not chase him away!

At this moment, Feng Ye felt more confident than he had ever felt before. When he heard that Leng ruoxue had not abandoned him, he felt even more blissful. However, Huo Yue and the first elder of the Qilin clan were quite uneasy. They both lowered their heads and didn't mention anything about the reward.

According to the strategy that the two of them had discussed beforehand, they had to stay with the clan leader no matter what. Hence, as long as Leng ruoxue did not take the initiative to ask them for compensation, the two of them planned to keep their eyes closed. This was because the two of them were afraid that if they took the initiative to give Leng ruoxue her compensation, that girl would not give them any face and chase them away! If Leng ruoxue mentioned it, the two of them would try their best to delay it. If they really could not delay it any longer, they would give it to her! In short, everything was based on the premise that they could stay, and they had to adapt to the situation!

Seeing their reactions, Leng ruoxue could guess what they were thinking.

After snickering, Leng ruoxue asked on purpose, "Did you bring the reward?"

"Uh! I haven't gathered all of them. " Huo Yue and the Qilin great elder looked at each other and said in unison.

"Since you haven't gathered all of them, what are you doing here?" Leng ruoxue asked in confusion.

"..." This question was really difficult to answer.

The two of them felt like they were riding a Tiger and couldn't stop. Why was this girl so difficult to deal with? Could it be that she couldn't be like an ordinary human and Revere the Qilin clan? At this moment, the two of them truly hoped that Leng ruoxue would be no different from an ordinary human.

But obviously, they were deceiving themselves!

Then, the two old Qilins heard Leng ruoxue mumbling to herself, "Originally, since you're here, I was planning to invite you to stay here for a while, but now that you haven't collected your pay, I think you'd better go home and get it! You have to know that I'm going to collect interest after a long time!"

When the two old Qilins heard this, they immediately smiled bitterly. They had really shot themselves in the foot! This girl didn't play her cards according to the rules. What should they do now? Tell her that the reward had been gathered? Wouldn't they be slapping their own faces?

After hesitating for a moment, the relatively calm first elder Qilin said, "There's no need to go back. Before we came, we already told the clan that they would immediately send the money here!"

"I see! Then you can stay here temporarily and wait! I hope I won't have to wait too long. " Leng ruoxue didn't make things difficult for them this time, and was very understanding.

In reality, according to Leng ruoxue's thoughts, since these old Qilins were already here, they would definitely not leave. She couldn't really chase them away. After all, the two parties were allies now.

When Huo Yue and the great elder Qilin saw that Leng ruoxue was so easy to talk to, they were so touched that tears welled up in their eyes. It was really not easy to stay!

When they moved into the residence that Leng ruoxue had arranged for them, Huo Yue and the great elder of the Qilin clan felt as if they were in a dream. It was so unreal.

Leng ruoxue's fickleness had caught them off guard!

After a while, the two of them discussed and decided to send the reward to Leng ruoxue the next day. Even though doing so would be a slap to their faces-after all, they had already said that they had not gathered enough remuneration-they believed that Leng ruoxue was no fool. How could she not understand their little scheme? Therefore, in order to show their sincerity, they didn't delay it for a few more days. In short, everyone had a tacit understanding.

One had to know that the reward should have been given long ago. However, the entire Qilin clan was so immersed in the excitement of the clan leader's awakening that they had completely forgotten about this matter. Now that she had taken the initiative to mention it, how could they drag it on?

The next day, Leng ruoxue received her reward. Without even looking at it, she handed it over to uncle long to handle. Then, she turned to the two uneasy old Qilin and said, "The two of you can rest assured, I think your family head won't be leaving this place for a while!"

"Yes." Huo Yue and the great elder Qilin nodded vigorously. Although they did not understand what Leng ruoxue meant, as long as she was willing to let them stay, why did they care so much?

Just like that, a large group of Qilins settled down in Demon City temporarily.

#### [Chapter 2785 Heart-To-Heart Talk Between Father And Son \(1\)](#)

After the Qilin's arrival, Demon City instantly became much more lively. This was because these Qilin's were all like Granny Liu who had just entered the Grand View Garden. They were curious about everything. Feng Ye, who had lived here for a while and was quite familiar with the place, naturally became their guide.

Every day, Feng Ye brought the idle Qilin brothers to wander around the city. In the beginning, everyone and the beasts expressed a strong welcome to their arrival. After all, Qilin was really too rare to see. However, as time passed, everyone and the beasts were a little overwhelmed.

If these Qilins just wanted to look, it would be fine. However, the other party held the spirit of shamelessly asking. When they saw people they didn't know, they would all get to the bottom of it and make people understand. Otherwise, they would keep pestering the other party.

If this happened once or twice, the others would still be patient. However, as the number of times increased, the humans and beasts in Demon City would all start to hide when they saw them!

"You bastard!" The students were too eager to learn, which made the teachers feel depressed. This was because the Qilin's questions were simply strange. Not only were they unimaginable, they were also completely unable to answer!

Of course, for the sake of their pride, they couldn't say it out loud. Their hiding caused the Qilin's to surround and intercept them. In the end, everyone couldn't take it anymore and could only report it to uncle long.

Uncle long felt conflicted when he heard the complaints. No wonder he rarely saw Qilin at home recently. So they had all run to the city to humbly seek guidance? Logically speaking, this was supposed to be a good thing, but once he was too modest, it was really quite unbearable.

Especially the beasts of the endless ocean. They were already afraid of the Qilin, and the bloodline pressure of the Qilin's inborn bloodline also gave them a lot of pressure. But those Qilin's didn't seem to be aware of it, and they kept pestering them with questions all day long. Which beast could stand it? Just the fear was enough to drive everyone crazy!

However, it wasn't appropriate for uncle long to tell this to Ice Spirit. After all, he was a little ...

Al! This was the instinct of a beast!

It seemed that this matter had to be handled by Xue 'er. After some thought, uncle long decided to look for Leng ruoxue.

When they arrived at Leng ruoxue's residence, she happened to be sunbathing in the courtyard. When she saw uncle long, she was rather surprised.

Wasn't uncle long very busy recently? How did he have the time to find me?

"Uncle long, what's the matter?" Leng ruoxue looked at uncle Long's worried face and couldn't help but ask.

Uncle long nodded and told Leng ruoxue about the situation. When he finished, Leng ruoxue couldn't help but laugh.

"Bad girl, you're still laughing? The beastmen in the city are so annoying!" Uncle long said helplessly.

"Uncle long, what should I say? I've said it before, we have to find something for the Qilin to do, but you couldn't bring yourself to order them around. Look at what happened now, they've caused trouble for everyone, right?" Leng ruoxue laughed evilly.

"Xue 'er, you don't understand Beastie's pain!" Uncle long sighed. Only after becoming a divine Supreme-level beast would the pressure from those beasts with a higher bloodline level not affect them as much. However, before becoming a divine Supreme-level beast, the bloodline was enough to crush all other powers!

Al! This was all due to the inequality in one's bloodline, it was inborn! The pitiful beastmen were also helpless!

"I understand. I'll find Ice Spirit and personally arrange some work for them. That should be fine, right?" Leng ruoxue asked with sympathy.

"Well, as long as they don't have the chance to wander around!" Uncle long didn't ask for much. He just hoped that the Qilin wouldn't appear around those weak and pitiful beasts. Otherwise, they would scare those timid beasts to death!

"Don't worry, I won't let them have the chance to wander around. " Leng ruoxue promised and went to look for Ice Spirit.

When they arrived at Ice Spirit's residence, Leng ruoxue saw him looking up at the sky at a 45-degree angle with a sorrowful expression before she even entered the courtyard. Bing Yao was sleeping soundly on the stone table in the courtyard. The warm sunlight shone on Bing Yi's body, making it look like it was sparkling. The little fellow was so happy that it even started snoring!

What was going on? Didn't Ice Spirit look so happy just now?

Filled with curiosity, Leng ruoxue walked into the courtyard.

Ice Spirit only glanced at her and continued to ignore her.

Leng ruoxue was a little depressed. She found a place to sit down and stared at Ice Spirit without blinking.

After being stared at by Leng ruoxue for a long time, Bing po finally could not take it anymore and said helplessly, "Little girl, stop looking at me."

"What, are you shy?" Leng ruoxue said with a smile when she saw Ice Spirit's hair standing on end.

"Uh!" It seemed a little, but he was more uneasy. This little girl was too dangerous, and nothing good would come out of her coming to him!

Thinking of this, Ice Spirit became alert.

Leng ruoxue felt depressed when she saw Ice Spirit's cautious expression. She wasn't a monster, okay? Did he have to be so guarded against her?

"Senior, I've come to find you for something," Since the matter had already reached this point, Leng ruoxue could only go straight to the point.

"Speak!" Ice Spirit's answer was short and powerful.

"Your Qilin family has been loitering around Demon City. They've been causing trouble for my family's weaker beastmen." Leng ruoxue said honestly.

"And then?" Ice Spirit could tell that Leng ruoxue had more to say, so he was not in a hurry to answer.

"I hope senior can restrain their behavior." Leng ruoxue requested.

"I don't have the time." Ice Spirit said irresponsibly.

"Then I'll restrain them!" Leng ruoxue was prepared for Ice Spirit to say this, so she did not hold back.

"How do you want me to restrain you?" Ice Spirit asked curiously.

"Arrange some work for them, damn it! You eat my food, live in my place, and even harass my orcs here, causing Demon city's orcs to almost fall into depression!" Leng ruoxue said hatefully.

"Uh! Is it that serious?" Ice Spirit had never left the courtyard, so she wasn't sure what was going on outside. After hearing Leng ruoxue's words, she felt that she was exaggerating.

Depression? Is this a joke?

"There are! The Qilin has already seriously affected the lives of the Beasties, causing them to be unable to eat well, unable to sleep well, and all the Beasties have lost quite a bit of weight, to the point that their beastly forms are almost unrecognizable!" Leng ruoxue said in an exaggerated manner.

"If that's the case, then you should arrange some work for the Qilin 's! They're staying here with you now, so it's only natural for them to listen to your arrangements. If anyone disobeys, you have the right to chase them away, no need to give me face!" Ice Spirit said after thinking for a while.

I was waiting for you to say this!

When Leng ruoxue heard this, she immediately expressed that she understood!

Then, the two of them stared at each other.

### [Chapter 2786 Heart-To-Heart Talk Between Father And Son \(2\)](#)

Ice Spirit had thought that Leng ruoxue would leave once the matter was settled. Who knew that she had no intention of leaving at all? now, he was not sure why Leng ruoxue had come to find him.

It was too hard to guess what this little girl was thinking, so ice soul decided not to waste her brain cells and asked.

"Is there anything else?" Ice soul couldn't help but ask, feeling extremely uneasy.

"Come, we should have a good talk!" Leng ruoxue said with the expression of an understanding elder sister.

"I'm not free!" Ice Spirit refused without thinking. Leng ruoxue, on the other hand, choked on her words.

She wanted to cry. She had wanted to be Ice Spirit's intimate sister for a long time. She had been waiting for him to take the initiative to come and confess to her. Who knew that this guy was not aware of it at all? now it seemed that she had to take the initiative.

After settling the matter with Bing po, she planned to go into seclusion. Before that, she had to settle the matter with Bing Yao, or she would be worried about Bing Yao.

However, Ice Spirit was not cooperative at all!

Is there something? What do you want? You're so bored that you're looking at the sky!

After giving Ice Spirit a disdainful look, Leng ruoxue said in a domineering tone, ""Even if there's something, you have to put it down. We have to have a good talk!"

"..." Serious?

Looking at Leng ruoxue's serious expression, ice soul was very worried. He did not want to talk to Leng ruoxue! This was because he was very clear about what the other party wanted to talk to him about. However, he wasn't prepared to let Bing Yao know about it. If he told Leng ruoxue, he felt that it would be the same as telling Bing Yao!

"Can we not talk?" The ice Spirit made a last-ditch struggle, hoping to buy itself some time. The longer the better.

Undeniably, he was an ostrich!

Leng ruoxue only shook her head and smiled without saying a word.

Ice Spirit could only smile bitterly. "Let's talk then!"

Leng ruoxue gave Ice Spirit a knowing look before she smiled and said, "Then explain!"

"You should have already guessed it, right?" Ice Spirit wasn't a fool. Even though Leng ruoxue didn't ask anything during this period of time, her expression of knowing the truth revealed everything. There were even times when the dragonwhale and the others would look at him and Bing Yao with deep confusion and helplessness. This had also made him even more worried, which was why he only asked this question now.

Leng ruoxue continued to smile and did not say anything.

"Just as you thought, the ice Phoenix is indeed my son. I also didn't expect that after so many years, it still hasn't reached adulthood. This is all my fault!" Infinite ice soul reproached himself.

"Why don't you acknowledge it?" Leng ruoxue finally asked. In fact, she had already guessed the reason, but she still wanted to hear it from Ice Spirit.

"You also know that I've let it down for what happened back then. Now that it's like this, you can say that I'm very responsible, so I really can't tell it that I'm its biological father and that I'm the one who caused it to be like this." Ice Spirit said bitterly.

"Do you think you can hide this forever? You should know that paper can't hide fire. Bing Yi will find out about this sooner or later, and I think it's better for you to tell him yourself than for him to find out by himself. After all, I don't think you want him to hear the truth from others, right?" Leng ruoxue reminded him.

"I understand what you mean, but I really can't bring myself to say it." Ice Spirit said like an ostrich.

Sometimes, the more you care about something, the more you're afraid of losing it. He didn't want Bing Yi to know the truth about her background and didn't want to see his heartless father anymore. So, he would rather Bing Yi knew nothing about it. Even if she still called him uncle, at least he could see Bing Yi every day!

"I think ... You don't need to say anything!" Leng ruoxue suddenly said without rhyme or reason.

Ice soul heaved a sigh of relief when he heard her words. However, he soon felt that something was wrong. He raised his head and looked at Leng ruoxue. He then followed her gaze and looked to the side.

Ice Spirit's eyes widened.

"B-Bing Yao, when did you wake up?" Bing PO's heart beat faster as she asked the question. She stared at Bing Yao uneasily.

Bing Yao's icy-blue eyes were also staring at Bing po in disbelief. Tears slowly welled up in her eyes as she asked with a choked voice, "Are you my father?"

"I am." Ice Spirit replied calmly. Bing Yao had unintentionally discovered this matter. Bing po calmed down and looked at Leng ruoxue with a complicated expression.

He believed that this little girl must have discovered that Bing Yao had woken up long ago, but she didn't tell him. Sob ... This is great, I've been caught!

Bing PO's expression was as if it was the end of the world. He looked at Bing Yao's teary eyes. When he saw the tears flowing down Bing Yao's fluffy face, he wanted to hug Bing Yao and comfort her. However, Bing Yao took a big step back and rejected his hug. She then jumped into Leng ruoxue's arms to seek comfort.

At this moment, Ice Spirit was burning with jealousy!

Bing Yao was his son! Now that it knew about its past, it was just as it had worried about, unwilling to let it hug it!

Waah ... The old Qilin, Ice Spirit, had tears streaming down her face as she glared at Leng ruoxue, who had snatched her son away, with fire spewing out of her eyes.

Leng ruoxue was extremely calm in the face of Bing PO's anger. She then gently stroked Bing Pi's soft fur, comforting the pitiful little girl who was obviously hurt.

"Senior, I've known Bing Yao for a longer time than you, and I was the one who saved it when it was injured! Otherwise, I'm afraid you won't be able to see it now. " Leng ruoxue explained indifferently.

"Bing Yao was injured before?" Ice Spirit asked worriedly. She was no longer jealous when she heard the word "injured."

"Yup! When I first saw it, it was sleeping just like you! I was the one who saved it. " Leng ruoxue added.

"Who did this?" Knowing that her son had recovered, Ice Spirit naturally cared about the culprit!

"I don't know," Leng ruoxue looked at Bing Yao and said irresponsibly.

"Bing Yao, who did this?" Seeing that he couldn't get anything from Leng ruoxue, Bing po could only ask Bing Yao.

However, Bing Yao didn't give ice soul any face and said angrily, "None of your business!"

"Bing Yao ..." His words broke Bing PO's heart. "Hmph ... My son won't let me take care of him. Is there anything more hurtful than this?" he thought.

"Hmph! Since you abandoned me back then, don't even think about acknowledging me again!" Bing Yao continued, as if the blow to Bing po wasn't enough.

Upon hearing this, Ice Spirit could not help but take two steps back. His face turned pale. Had he completely lost his Ice Phoenix? Bing Yao didn't even call him "strange uncle" anymore. Wuu ...

Ice Spirit suddenly felt that his world had turned dark. At this moment, he even felt that he might as well not wake up! In that case, his heart would not hurt so much.

### [Chapter 2787 Heart-To-Heart Talk Between Father And Son \(3\)](#)

However, it was too late to say anything now! Bing Yao wouldn't recognize him even if he was here!

The heartbroken ice soul's originally clear eyes had become dull after the blow. In just a moment, his face was frighteningly pale. Then, ice soul, who felt a suffocating feeling in his chest, clearly felt a warm current surging up his throat ...

Leng ruoxue saw that Bing po had been dealt a heavy blow and Bing Yao was extremely hostile towards her. She had no choice but to leave with Bing Yao for the time being. Once they left, Bing po spat out a mouthful of blood and fell limply beside the stone table.

For a long time, ice soul just sat there in a daze.

"Chief, what's wrong?" After an unknown period of time, the Qilin great elder came to find his clan leader. He happened to see the clan leader covered in blood and falling to the ground in an extremely sorry state. At that moment, he was almost scared to death!

However, the ice Spirit didn't respond to his concern. The Qilin first elder was so depressed that he almost hit his head against a wall!

What was wrong with the clan leader? He did not believe that anyone in Demon City could harm the clan leader! But how could he explain the clan leader's current appearance? No! He had to look for Leng ruoxue to think of a solution. After all, this was her territory.

When the great elder of the Qilin clan found Leng ruoxue with burning anxiety and informed her of this matter, Leng ruoxue was stunned. She didn't expect that the powerful-looking Ice Spirit couldn't even withstand this much. This was ...

She worriedly looked at Bing Yao who was also silent. Leng ruoxue called Cang over and asked him to help look after Bing Yao for the time being. Then, she followed the Qilin great elder to check on ice Spirit.

When they arrived at Ice Spirit's residence, Leng ruoxue immediately gave him a healing pill. Then, she asked the great elder of the Qilin clan to help him into his room. At first, the Qilin clan's great elder wanted to guard his clan head. However, he was forcefully dragged out of the room by Leng ruoxue.

What this father and son needed the most now was to be alone. All unrelated people were to leave!

However, the Qilin first elder did not know what had happened, nor did he understand Leng RUO's painstaking efforts. So, after being pulled out of the room, this first elder, who had a good personality, was completely furious!

"Young lady Leng, what's wrong with our clan leader? Your Demon City must give me an explanation, or else my Qilin clan will not be finished!" The Qilin great elder roared.

"You really want an explanation? What if I say that this is your clan head's private matter, and I can't disclose it before he says anything?" Leng ruoxue asked calmly, her attitude saying that she would tell him if he wanted to know. This made great elder Qilin even more uncertain!

"Is it really a private matter of the clan leader? You weren't attacked?" The Qilin Grand Elder asked uncertainly.

When Leng ruoxue heard this, she laughed instead of getting angry.

"Who do you think can attack him here? If they were really attacked, why didn't you guys hear anything?" Leng ruoxue was speechless.

Ugh! The Grand Elder was a little embarrassed. Although he had already expected that the clan leader would not have been attacked, he still felt uneasy without knowing the truth! Now that Leng ruoxue was using the clan head's private matter as an excuse to not tell him, it would not be good if he insisted on knowing.

After some thought, the Qilin great elder compromised and asked Leng ruoxue to guarantee that the clan leader would be fine. Only then would he be at ease.

After dealing with the troublesome great elder Qilin, Leng ruoxue hurriedly returned to her residence. When blue one saw that she had returned, he immediately disappeared to accompany the blood lotus flower in his cultivation.

As for Leng ruoxue, she first looked at the silent Bing Yao before sitting down beside it silently.

For the next few days, Bing Yao refused to speak. Leng ruoxue did not think of any way to make it happy either. She only quietly accompanied Bing Yao as if she was invisible.

"Little xuexue, should I forgive him and acknowledge him?" After an unknown period of time, Bing Yao's voice finally entered Leng ruoxue's ears.

After Leng ruoxue heard this, she stroked the soft fur of the ice Phoenix and smiled, "Just ask your own heart."

"Why did he abandon me? Since you've abandoned me back then, why are you still pretending to find me?" When she thought of this, Bing Yao was still a little resentful.

"It's a bit complicated, so let him tell you himself! However, what I want to tell you is that even a vicious Tiger will not eat its Cubs. He is your biological father, and he would not have done that if he had not been forced to. However, I don't ask you to understand his actions, I just hope that you don't hate him. After all, it's not easy for him either. For tens of thousands of years, he has been seriously injured and in a coma. The moment he woke up, he wanted to know your whereabouts. So, he loves you!" Leng ruoxue replied honestly.

As a matter of fact, if she was in Bing Yi's position, she wouldn't easily forgive her parents who had abandoned her. However, Bing po did that not because he didn't love Bing Yi. He had chosen to give up some of his personal things for the sake of justice. A person like this would be a good leader, but he would never be a good husband or father. Therefore, as his relatives, they were often the most wronged.

However, as a bystander, could she blame Ice Spirit for this? The answer was no! Not only that, but in some ways, she admired Ice Spirit's courage. After all, not everyone could be as unyielding as him! Because of this, she really hoped that this father and son could sit down and have a good talk.

The one who had caused the incident back then was actually Wu Ling. Both father and son were innocent. Of course, Bing Jie was the most innocent one. No matter how much Bing po suffered, Leng ruoxue would never stand on his side. After all, Bing Jie and Leng ruoxue had a deeper relationship!

With that thought in mind, Leng ruoxue spoke again, "Bing Yao, talk to him!" Even though you weren't born at that time, as the person involved, you have the right to know the truth. "

"Okay, I'll listen to little xuexue." Bing Yao nodded. It also wanted to know why it was abandoned.

Seeing that Bing Yao had agreed, Leng ruoxue immediately nodded to Bing po, who had been standing guard outside the courtyard. Seeing this, Bing po immediately walked in with large strides.

He had heard the entire conversation between Leng ruoxue and Bing Yao. He also knew that this was an opportunity Leng ruoxue had given him. Hence, he was naturally unwilling to give it up.

Leng ruoxue considerably gave the place to the father and son before turning around and leaving.

Bing Yao raised her head and looked at Bing po in disbelief. How did this old man become so Haggard after not seeing him for a few days?

Ice Spirit's face was full of worry. His eyes were bloodshot, and his clothes were crumpled. He looked like a homeless man. It was a sharp contrast to his previous self-assured and arrogant demeanor.

"I, I want to know the truth!" Bing Yao coldly said after feeling a slight pain in her heart.

"Yes, I will tell you everything." Ice Spirit nodded and continued, ""Tens of thousands of years ago, the divine realm was originally thriving. Although there was not much harmony between the various races, at least they did not interfere with each other. However, one day, a person's ambition destroyed all of this! She caused the entire God World to be plunged into misery and suffering, causing the various races to kill each other. In the beginning, our Qilin clan was the calmest one, but not long after, the flames of war also spread to our side ..."

"Who's that bad guy?" Bing Yao suddenly interrupted.

"Rime, the current God Lord. All the disasters that happened back then were caused by her, and our family's separation was all because of her! At that time, Wu Yan had basically already subdued the other three king divine beast clans. As for our Qilin clan, she had never shown any signs of approaching us. Later on, she thought of a plan to lure me out of the clan and then brought people to sneak into the clan to steal you. " Ice Spirit stopped and waited for Bing Yao to ask.

"And then? I was stolen?" Bing Yao asked as expected.

"Yes, you were stolen. When I realized that I had been tricked and rushed back to the clan, it was already too late! I've let you down. I didn't fulfill my responsibility as a father and protect you well!" Ice Spirit said sadly.

"So you're saying that you didn't abandon me intentionally?" Bing Yao asked carefully.

Although it had only had its master by its side since it was born, that did not mean that it did not want to know who its parents were. However, when it was in the Haotian continent, it was the only Qilin in that world, so it couldn't find its roots even if it wanted to.

Now that it had come to the immortal realm and accidentally found out that it had a father, but had been abandoned by its father, one could imagine the shock it had suffered. However, after learning

some of the truth, it realized that things didn't seem to be what it had imagined, so it was a little confused again.

She wasn't abandoned on purpose, and the culprit was someone else. Was that right?

Father didn't want to abandon him. Father loved it, didn't he?

Bing Yao raised her head and looked at Bing po expectantly, hoping that he could answer her question.

Facing Bing Yao's hopeful eyes, Bing po hesitated for a long time before he took a deep breath and answered honestly, "I didn't mean to lose you at that time. But later, that bitch, Wu Yan, used you to threaten me and wanted me to lead the Qilin clan to pledge loyalty to her. I, I refused!"

Bing po used a lot of strength to force out the truth. He looked at Bing Yao uneasily.

But Bing Yao was unusually silent after hearing this, which made Bing po even more nervous.

Ice Spirit's heart was beating like a drum, and she stood there helplessly like a prisoner waiting to be interrogated. His eyes were glued to Bing Yao's body without even blinking. He wished he could see Bing Yao's reaction at the first moment.

However, Bing Yao was still sitting there in silence.

"Bing Yao ..." Bing po called. The longer they stayed, the more uneasy he felt.

"That scoundrel flew into a rage out of humiliation because of your rejection, so he threw me down to the lower realm, right?" After a long time, Bing Yao finally gave a response.

#### [Chapter 2788 Any Condition?\(1\)](#)

"Yes, because of my rejection, that bitch, Wu Yan, was so embarrassed that she threw you down to the lower realm. Bingyi, you should hate me. I'm sorry, I didn't protect you. " Ice Spirit took a deep breath and said guiltily.

Then, she looked at Bing Yao nervously, but Bing Yao didn't say anything.

At this moment, it did not know what to do. After knowing the truth, its heart was in a mess, like a ball of hemp, tangled together.

Should it be hated? Its own father had given up on it in order not to be controlled by that bad guy. It should hate him, right? However, as a proud Qilin, it could somewhat understand the choice its father had made back then.

The noble Qilin should not be controlled by others!

Hmph! Rime ice, right? If it had the chance to see that bad guy in the future, it would definitely bite her! Who asked her to use herself to threaten others!

At this moment, Bing Yao didn't know whether she should forgive her father or not. Instead, she hated Wu Yao!

After thinking about this, Bing Yao couldn't help but ask, "What about my mother? She ..."

Bing Yao didn't dare to ask if his mother was Dead or Alive, because the Father in front of him had never mentioned anything about his mother from the beginning to the end. But now, he had to ask.

"In order to protect you, it was killed by the fog! Many of our clansmen also died at the hands of Wu Cheng!" After a long silence, Ice Spirit said.

"Dead? Mother is dead! "There are also many clansmen ..." Bing Yao's large blue eyes were filled with tears as she sobbed.

"Is it all to protect me?" Bing Yao continued to ask.

"Yes! In order to protect you, our clansmen have either died or been injured, so I really can't let them suffer any more injuries because of you. Bing Yao, I didn't want to give up on you, but I had no choice back then! As the Qilin clan leader, I can't let my clan suffer an even greater blow because of my personal matters. So, I can only let you down!" Ice Spirit was also sobbing.

"You did nothing wrong. I'm a sinner of the Qilin race!" After hearing this, Bing Yao suddenly said.

"No! You're not! I'm too useless as a father, I can't even protect my own wife and child! I've let you down. Even if you hate me even more after knowing all this, I won't blame you. " Bing po couldn't bear to see Bing Yao blame himself. After all, it had nothing to do with Bing Yao. It was his fault as a father! How could he make Bing Yao feel guilty?

"I don't blame you, and I don't hate you!" Bing Yao raised her head and said with a worried expression.

"Bing Yao ..." Bing po was happy to hear that. But from Bing Yao's expression, he knew that the little guy didn't forgive him. It just didn't blame him, but it didn't want to acknowledge him as its father.

"I want to be alone!" Bing Yao said.

"Alright then! If there's anything else you can't figure out, you can come and ask me at any time. I'll tell you everything. " Afraid that Bing Yao would go to a dead end, Bing po quickly added.

As for Bing Yao, she only nodded slightly and didn't say anything else. She lowered her head and continued to lie down. Ice Spirit sighed and left.

He had told her most of what he needed to say. Now, he could only wait for Bing Yao to figure it out.

Once he was out of the courtyard, he saw Leng ruoxue who had been standing guard at the entrance. He nodded at her and said, ""Little girl, I've said what I needed to say. I'll have to trouble you to take care of Bing Yao. If it wants to see me, please send someone to inform me!"

Then, Ice Spirit left helplessly.

As she watched Ice Spirit's back view, Leng ruoxue thought to herself, 'so they haven't made up yet?'

After that, she walked into the courtyard and saw that the ice Phoenix had returned to its normal state. It was lying alone on the stone table, and the surrounding air was stained with its sadness, making it seem particularly bleak and desolate!

Walking forward, Leng ruoxue gently stroked the soft fur on the ice Phoenix's body, wanting to give it silent comfort. At this moment, Bing Yao also raised her head and pounced into Leng ruoxue's arms with tears in her eyes. She hugged Leng ruoxue's neck tightly and refused to let go!

The ice Phoenix's hooves were hugging Leng ruoxue tightly, and Leng ruoxue could feel the moisture on her neck.

Sighing, Leng ruoxue could only pat its back lightly.

For the next few days, Bing Yao stayed in Leng ruoxue's arms and refused to leave. When Cang saw this scene, other than snorting coldly, he didn't forcefully pull the annoying and eyesore little Qilin out of Leng ruoxue's arms. Who asked this little Qilin to be sad at this moment?

The fact that Bing Yao was sad and sought Leng ruoxue's comfort was definitely a big blow to Bing po. However, he was powerless to do anything about it, so he could only sneak a few glances from time to time before hiding back in his own residence to drink with jealousy!

Later on, it was the Qilin great elder who felt that something was wrong, as if something they didn't know had happened! However, the rather smart first elder Qilin didn't let his thoughts run wild. Instead, he went to find his family patriarch.

This time, Bing po didn't hide anything and told him Bing Yao's identity. When first elder heard this, his eyes immediately widened and he said in disbelief, "Clan leader, you should be happy that you found The Little Prince! Why are you still frowning?"

"Of course I want to be happy, but Bing Yao doesn't want to acknowledge me. Do you think I should be happy?" Ice Spirit replied helplessly.

"Uh! Blood is thicker than water. How could The Little Prince not recognize you? Clan leader, is there a misunderstanding? Or does The Little Prince still not know his identity?" The Qilin great elder guessed.

"I've already told it the truth, and there was no misunderstanding. It also said that it doesn't blame me, but it still refuses to acknowledge me." Ice Spirit said helplessly.

"Little Prince, it knows what happened back then?" First elder immediately asked.

"I know, and I also know that I was the one who gave up on it back then." Ice Spirit said honestly.

"Clan leader! How could you say this? No wonder The Little Prince refused to acknowledge you after hearing this. If it were me, I wouldn't acknowledge you either!" When first elder heard this, he immediately became worried.

The clan leader was too honest. He had not acknowledged his son yet, so how could he explain everything? According to his thoughts, the most important thing was to let The Little Prince return to the Qilin clan first! As for the rest, we'll talk about it later!

However, Bing GUI wouldn't do what the first elder thought. He hoped that he and his son didn't have any grudges. Otherwise, if Bing Yao heard about this from someone else, the consequences would be even worse!

"It should not recognize me! After all, I haven't fulfilled my responsibility as a father for tens of thousands of years. What right do I have to make it acknowledge me now?" Ice Spirit said calmly.

"Uh!" The Qilin great elder didn't know what to say after hearing the patriarch's words.

After that, he bade farewell and left. He pondered for a long time before he went to look for Leng ruoxue on his own.

### [Chapter 2789 Any Condition?\(2\)](#)

However, when he arrived at Leng ruoxue's residence and saw her, most of his attention was focused on Bing Yao.

Like! He really looked like the clan leader! The Qilin great elder pondered to himself. In fact, when this little Qilin first came to the Qilin clan, he had already felt that something was wrong. After all, the clan leader treated it too specially. However, he didn't think too much about it at that time. Now, everything was clear!

This little fellow was their Little Prince!

But why was The Little Prince being carried by a human all day?

Seeing that Bing Yao was still in Leng ruoxue's arms, first elder was a little jealous. He changed his mind and said to Leng ruoxue, ""Miss Leng, can I take a look at The Little Prince?"

"Haven't you already seen it?" Leng ruoxue blinked her beautiful eyes and said innocently.

"Uh! I just want to take a good look!" The great elder said helplessly, but he was thinking in his heart, "I'm in your arms, can this even be considered looking?" He still wanted to have a good relationship with The Little Prince!

When Leng ruoxue heard the Qilin Grand elder's words, she did not immediately reply to him. She only patted Bing Chan's back and asked softly, ""Bing Yao, the great elder Qilin wants to take a good look at you. Will you let him?"

"I won't! No one was allowed to see! I'm not a monkey in the zoo! What's there to see!" Upon hearing Leng ruoxue's words, Bing Yao, who had her head lowered, spoke with a burning rage.

Don't be like this, alright?

Upon hearing this, the first elder of the Qilin clan was extremely worried! How could he ask this? See, you've made The Little Prince angry, right?

However, before the great elder of the Qilin clan could correct Leng ruoxue, Leng ruoxue had changed the topic.

This was because Leng ruoxue then turned to first elder Qilin and said with a smile, ""Great elder, you've come at the right time. I have something to discuss with you."

"Uh! What's the matter?" The great elder of the Qilin clan had been led astray by Leng ruoxue. At this moment, he had even forgotten the purpose of his visit. He only looked at Leng ruoxue with a face full of vigilance, afraid that she would make some excessive requests.

"Don't you Qilin clansmen have too much free time recently?" Leng ruoxue said with a faint smile. Then, without waiting for first elder's reply, she continued, "I plan to arrange some work for them. Otherwise, I'll be eaten up by them in the long run. So, let them work while they're in Demon City to cover the cost of their food and lodging! What do you think, great elder?"

What do you think? Could he refuse? The Qilin great elder couldn't help but Mutter to himself. He believed that as long as he refused, this little girl in front of him would definitely immediately tell him, "then please do as you please!" I really can't afford to support you! Therefore, the great elder Qilin, who had no intention of leaving, would never let Leng ruoxue have her way. Hence, he tactfully nodded his head and said, "I have no objections. Miss Leng, whatever you want them to do, just arrange it!"

"Then I won't be polite!" Leng ruoxue said nonchalantly.

You were originally prepared to be polite, so what? The great elder of the Qilin clan looked at Leng ruoxue with disdain and started to complain again! Then, afraid that Leng ruoxue would make another request, the Qilin Grand Elder was so frightened that he immediately turned around and left.

It was only after he left the courtyard that he suddenly recalled that he had not completed his main task and had instead allowed Leng ruoxue to take advantage of him?

"You bastard!" When would he stop being led by the nose by that little girl? The first elder of the Qilin clan was very worried!

However, it was too late for him to come to sorrowful Mulberry now!

Afraid that a long delay would bring more trouble, Leng ruoxue quickly informed uncle long that she had obtained the approval of ice soul and the Qilin first elder. She could now arrange work for the Qilin clan! As for the acting clan leader of the fire Yue, he was automatically ignored by Leng ruoxue!

When uncle long heard this, he immediately reported the lack of manpower to Leng ruoxue. Leng ruoxue would then make the arrangements, and uncle long would carry them out!

Soon, the Kirin, who was as curious as Granny Liu, finally had something to do! Of course, Leng ruoxue's action of arranging work for them had once caused some of the Qilins to be dissatisfied. This was because a considerable number of Qilins felt that they were just guests, so how could they arrange work for them? They were not from Demon City!

After Leng ruoxue found out what they were thinking, she only asked uncle long to tell them that those who did not want to work could leave Demon City immediately. After that, all the Qilins became well-behaved. Of course, they weren't being honest just because of Leng ruoxue's words. The moment Leng ruoxue said that, many of the Qilins immediately went to look for their Grand Elder, hoping that the Grand Elder would make the decision for them. However, the Grand Elder could only regretfully tell them that this matter had been approved by their clan leader.

In other words, you have to do it even if you agree or disagree! He had no choice!

When the unwilling Qilin's heard this, they didn't dare to get angry anymore. They could only obediently let uncle long arrange it.

After settling the Qilin clan's work, Leng ruoxue looked at Bing Yao, who was still in a low state, and her mood became heavy again.

Originally, she had awakened the Ice Dragon in hopes that it would be happy, but now it had become so sad. This was obviously not what she wanted to see.

Leng ruoxue, who felt that she should have a deep conversation with Bing Yao, immediately put her thoughts into action after making this decision.

After placing Bing Yao, who had been hugging her tightly and refusing to let go, on a chair, Leng ruoxue faced her.

"Bing Yao, let's talk!" Leng ruoxue said directly.

"I don't want to talk." Bing Yao said in a soft voice as she closed her eyes.

"Bing Yao, do you plan to continue like this? Tell me, what are you really thinking?" Leng ruoxue didn't allow Bing Yao to be a coward, so she held his little head and made him look at her.

"I don't know, my heart is in a mess." Bing Yao said, somewhat at a loss.

"Do you still hate him for not choosing you back then?" Leng ruoxue went straight to the core of the problem.

"No, I don't hate him anymore! If it were me, for the sake of my pride as a Qilin, I'm afraid I would also make the same choice. However, from my own point of view, I couldn't accept his choice so quickly. I need some time." Bing Yao said honestly.

"I can understand. Bing Yi, tell me, have you ever thought about your parents all these years?" Leng ruoxue could empathize with Bing Yao's feelings. After all, humans were like that. Without experiencing it personally, one would never be able to understand the pain of helplessness. Once one had experienced it, it was not easy to forget it.

"I've thought about it occasionally. In fact, many beasts have never seen their parents when they were born. On the Haotian continent, many beasts grew up with their Masters, and they have never even seen what their parents look like. Therefore, beasts like us don't need parents as much as those who grew up in our own tribe. Even so, I couldn't help but think of my parents and why I'm the only Qilin on the Haotian continent. Now I know, I was stolen!" Bing Yao said sadly.

"Originally, I should be very happy to know that I was stolen and not abandoned by my parents, but when I think of my father ... I can't be happy! "Because from a certain perspective, I have indeed been abandoned. So, I can't get past this barrier. I have no choice ..." Bing Yao continued after sighing.

### [Chapter 2790 Any Condition?\(3\)](#)

"Bing Yi, I can understand what you're saying. In fact, the ice Soul Clan leader chose to give up on you because he wanted the Qilin in his clan to live with dignity. He's worthy of respect, but he did you wrong! It's only right that you don't forgive me. No one will blame you, so I really hope that you can still be a Happy Ice Phoenix like before. Let all these unhappy things pass!" Leng ruoxue consoled.

"Can I really go over?" Bing Yao said with uncertainty.

"As long as you want to!" Leng ruoxue said with certainty.

"Little xuexue, I also want to be as carefree as before, but why can't I be happy now?" Bing Yao was confused again.

"Let it go or forgive. Bing Yao, you only have these two choices now. So, don't make things difficult for yourself and be yourself! If you can't forgive him, then just ignore him and treat him as a passerby or a stranger. Don't let him affect your life!" Leng ruoxue replied calmly.

"What if I can't do it?" Bing Yao tilted her head as she asked Leng ruoxue.

"Then we can only forgive him and let the past be in the past! It's been tens of thousands of years, and ice Spirit really does love you. Otherwise, she wouldn't want to know where you are the moment she woke up." Leng ruoxue reminded.

"Little xuexue, my heart is in a mess. Let me think about it!" Bing Yao said in pain.

"En, quickly sort out all of this and let me see the ice Phoenix from the past!" Leng ruoxue caressed Bing Yao's little head as she spoke in a pained tone.

After Leng ruoxue had said everything she needed to say, she did not disturb Bing Yao anymore. She did not keep Bing Yao Company like she did a few days ago because she knew that Bing Yao needed some time alone at this moment.

For the next few days, Leng ruoxue deliberately did not go to see Bing Yi, and Bing Yi did not appear in front of her. It was only later that she found out that Bing Yi had actually left home alone. This made her feel worried and blamed herself.

When uncle long realized Leng ruoxue's worry, he chuckled and told her that ice soul had been secretly following Bing Yao!

Hearing this, Leng ruoxue finally felt at ease. With the ice Spirit, he believed that Bing Yao would not encounter any danger.

Bing Yao, who had run away from home, had not actually gone far. It knew that it wasn't very powerful, so it had never left Demon city's sphere of influence. Since most of the humans and beasts in Demon City knew it, it was like a fish in water in the city.

However, it obviously didn't want to attract anyone's attention, so it went to places with fewer people.

The place it was currently at was a cliff.

Standing on a large rock on the cliff, Bing Yao looked around aimlessly. Then, his eyes slid down the cliff to the edge of the cliff.

The ice Phoenix came down from the rock and walked towards the cliff step by step. Then, its four hooves rose in the air and it jumped straight down the cliff ...

"Little Bingbing! Don 't!" The moment Bing Yao jumped down, a blue figure quickly pounced in Bing Yao's direction and extended its arm to catch Bing Yao in time.

"Xiao lan lan, what are you doing? Let me go!" Seeing that she was being hugged, Bing Yao was a little angry!

"Not letting go! Little Bingbing, don't take things too hard!" LAN lie said worriedly as he hugged Bing Yao tightly.

"You bastard! You're the one who can't accept it, your whole family can't accept it!" Bing Yao was furious. Who had ever heard of cultivators dying from falling off a cliff? It just wanted to feel its speed being at a disadvantage, but not only was someone causing trouble, they actually thought it was taking things too hard! Did it look like it couldn't get over it?

The more she thought about it, the angrier Bing Yao became. She struggled in LAN lie's arms.

It was already dangerous for LAN lie to hold onto Bing Yao because one of his legs was already in the air. Now that Bing Yao was struggling, LAN lie lost his balance and fell down the cliff with Bing Yao in his arms.

This time, LAN lie was so depressed that he wanted to bang his head against the wall, while Bing Yao got what he wanted!

The wind whistled by his ears, causing LAN lie's tender cheeks to hurt. He had to try his best to maintain his balance so that he and Bing Yao would not fall too badly. Bing Yao, however, did not care about that. As the wind whistled past his ears, Bing Yao excitedly patted his hooves!

"Hurry up! Faster!" Bing Yao urged LAN lie. It was obvious that he wasn't happy with the speed of LAN lie's descent.

"Little Bingbing, can you stop? We're going to fall to our deaths!" LAN lie was speechless. How could little Bingbing still be so happy after falling from such a deep cliff? He really couldn't understand.

However, Bing Yao didn't care so much, and only said with a face of disdain, "You should be the one falling to your death. As the great Qilin, how can I fall to my death? Besides, if it wasn't for you, I would have felt the speed of the wind!"

"..." Bing Yao's words hurt LAN lie.

After a long time, LAN lie whispered, ""I'm just concerned about you! I'm afraid you ..."

"Stop! I really didn't want to commit suicide!" Before LAN lie could finish, Bing Jie interrupted him.

Then, Bing Yao sighed again. When would this guy be as understanding as little xuexue? AI! He was really stupid!

However, it was undeniable that LAN lie's actions had lifted its heavy mood.

At this moment, a pained cry suddenly rang out in Bing Yao's ear. He looked down and saw that they had already reached the bottom of the cliff. LAN lie was currently sitting on his butt in an extremely ugly position.

"Little, little Bingbing, you've gotten fatter! It's so heavy!" LAN lie nudged Bing Yi's butt, speechless.

Bing Yao really knew how to sit, and he just happened to sit on his face.

Wu ... Although he liked Bing Yao very much, he didn't like her to the point that he was willing to let her sit on his face! This fact made LAN lie very worried.

Bing Yao, who was about to laugh at LAN lie's misfortune, immediately exploded when he heard LAN lie say he was fat. "You're the one who's gained weight, your whole family has gained weight!"

"You bastard!" No one was allowed to say it was fat. If they said it was fat, little xuexue would not hold it!

"..." LAN lie was speechless. Why did it have such a big reaction when he said it was fat?

After a moment of silence, LAN lie reminded her, "little Bingbing, it doesn't matter if you're fat or not. I think you should get off me first and we can discuss how to get up!"

"Why do we have to go up? I think the view down here is quite good, so I've decided to stay here for a while." Bing Yao said seriously as he looked around. He then stood up from LAN lie's body.

"Uh! What's good about the scenery here?" Hearing this, LAN lie glanced around casually, depressed. The bottom of the cliff was bare and barren. What scenery was there to see? Moreover, as far as he knew, Demon City had been destroyed by a person called rime ice, so the bottom of the cliff was even more chaotic. There were broken stones everywhere, and there was nothing to see.

However, Bing Yao clearly didn't think so and decided to stay here for a while. However, the truth was that the distance between the bottom of the cliff and the top was too high. It couldn't go up! Therefore, he could only stay here with this fool and wait for help!

Wu.....This was a mistake! The cliff didn't look deep, and the surrounding mountains were man-made, but who knew that it would be deceived by the facts it saw with its eyes!

However, he couldn't let that idiot LAN lie know that he had been tricked. Otherwise, he would definitely laugh at him! What made Bing Yao even angrier was that the little fool, LAN lie, actually wanted the two of them to go up themselves!

With their strength, it would be strange if they could go up!

At this moment, Bing Yao truly hated that her strength was too low! It must be known that since little xuexue left the Haotian continent, its strength had not improved much. Of course, this was also largely due to its master's injuries that had not yet recovered, but its own neglect in cultivation was also the main reason, so now it was stuck on a cliff!

Oh my God! Who would save it? She didn't want it to be with an idiot anymore. Seeing LAN lie running around her like an ant on a hot pan, Bing Yao really wanted to kick him far away. This guy was really in the way! However, they were still comrades in the trenches, so Bing Yao had shown mercy.

However, LAN lie was not aware of any of this. As he was walking around, he suddenly heard a strange sound. He was so frightened that he quickly hugged Bing Yao tightly. He said with a trembling voice, "Little Bingbing, there 's, there's a ghost!"

With a bang, Bing Yao's hoof landed on LAN lie's head. With a face full of disappointment, he roared, "Ghost your head! It was the wind, the sound of the wind! Look at how cowardly you are! You've lost all men's face!"

"Uh! Was it the wind? Are you sure?" LAN lie still didn't believe it.

"I'm sure!" Bing Yao spat out the word through gritted teeth. Seeing how confident it was, LAN lie relaxed a little. He patted his chest and said, "It's good that it's the wind. It's so scary!"

Hearing this, Bing Yao couldn't bear it anymore and rolled his eyes. Then, he raised his head and roared, "Heavens! If anyone can save me at this time, I'm willing to agree to any conditions! As long as I can do it!"

It really couldn't stand this disgraceful LAN lie anymore! However, it was obvious that no one would come to save it, because no one knew it was here.

Just as it was thinking this, a low voice sounded in its ear, ""Really? Any condition?"

Bing Jie and LAN lie were both stunned when they heard the voice. There was really someone there? But when they looked up at the direction of the voice at the same time, neither man nor beast could speak.

LAN lie was completely dumbfounded ...
