

Crazy Wife 2791

[Chapter 2791 Ice Spirit's Decision \(1\)](#)

Wasn't this ... Wasn't this the patriarch of the Qilin race? He didn't do anything! This clan leader wasn't here to teach him a lesson, right? In an instant, LAN lie's imagination ran wild. He couldn't help but feel his heart tremble.

So, so terrifying! At this moment, the Qilin clan leader's imposing manner that was not angry but still powerful was quite frightening! LAN lie didn't think he had done anything wrong, but he couldn't help but feel fear when facing a powerful man like the Qilin clan leader.

As for Bing Yao, she had never thought that she would see the Qilin clan leader here. She had said those words earlier, so it seemed like she couldn't escape this time.

However, for some reason, it suddenly felt relieved. "I'm a man of my word," Bing Yao said in a low voice. "I'll do anything you want!"

"Remember your words." Bing po smiled faintly. Then, he picked up Bing Jie with one hand and LAN lie by the collar with the other. He left the bottom of the cliff with the confused man and beast.

Seeing the ice Spirit's unusual gentleness to Bing Yao! LAN lie felt very indignant! Why was it that other people had to carry the ice Phoenix, while he had to be carried like luggage? This posture was really too ugly! LAN lie wanted to protest, but he didn't dare to!

Wu ... He admitted it, who asked him to be the Qilin clan leader! To treat a human like him, who was obviously an eyesore, this was already quite good. LAN lie tried to comfort himself.

Soon, the ice Spirit brought the man and the Beast up from the bottom of the cliff.

After being rescued, LAN lie smiled at ice soul and said, "Thank you for saving my life, Qilin clan leader!"

"You recognize me?" Hearing this, Ice Spirit raised her eyebrows and said in disbelief. He had followed Bing Jie all the way and found that this human little guy was also following his child. He naturally paid more attention to LAN lie. After seeing that this little guy had no ill intentions toward Bing Jie, he was relieved.

But now! Ice Spirit could not help but examine LAN lie.

LAN lie, on the other hand, was a little depressed after hearing Ice Spirit's words. According to LAN lie's thinking, you're the leader of the Qilin clan, so it's hard not to know you. However, he did not expect Ice Spirit to ask, "do you know me?" Shouldn't I recognize him?

After a while, LAN lie said with unusual respect, "I've met senior a few times, but senior doesn't seem to remember any of them!"

"Oh! If that's the case, you should also be a friend of that little girl Leng ruoxue!" Ice Spirit nodded. He thought that he was very low-key and had only shown his face in that girl's house. This little fellow in front of him recognized him, so he naturally had some relationship with Leng ruoxue.

"Yup! I met her on the Haotian continent, and we're good friends. " Afraid that Ice Spirit would still doubt his words, LAN lie quickly explained.

"I see!" Ice Spirit nodded and continued, ""However, your strength can't be compared to that little girl's!"

"..." LAN lie burst into tears. Was that guy even human?

"She's a pervert!" Gritting his teeth, LAN lie said with grief and indignation.

"Hahaha! You're quite an interesting little fellow!" Upon hearing LAN lie's words, Bing po burst out laughing. It seemed like Leng ruoxue's friends knew her well!

LAN lie was! Little embarrassed by the praise from the Qilin clan leader! This made Ice Spirit laugh wildly.

After a while, Bing po turned to Bing Yao and stared at her.

Bing Yao was a little annoyed by his gaze and couldn't help but roar, "Why are you looking at me? I've never seen him before!"

How detestable! Don't look at it! Bing Yao was so depressed that he wanted to bite someone!

"What do you think I'll ask for?" Ice Spirit asked with a smile after a moment of silence.

"Do you want me to recognize you as my father? I'll just admit it!" Bing Yao said with a long face. It was a Beastie that kept its promises. Since it had said it would do it! It knew very well that this was what its cheap father wanted the most, so it could only agree.

However, after agreeing, Bing Yao realized that it was not as difficult as he had imagined. It was as if everything had come to pass naturally.

However, Ice Spirit shook his head. "That is what I wish for the most. However, I don't want to use this opportunity to threaten you. I hope that you can call me 'father' sincerely and not out of some promise!"

"I ... I'm being sincere." Bing Yao said in a small voice.

"Oh, really? Ask your heart. " Ice Spirit reminded.

Bing Yao didn't say anything. She lowered her head as if she was thinking about something.

LAN lie's mouth was half open when he heard the conversation between the two Qilins. He was completely unable to react! Did he hear some inside story or gossip?

They were father and son? Why didn't he look like one at all? More importantly, this fact was too unexpected! Bing Yi, who also came from the Haotian continent like him, had nothing to do with the chief of the Qilin clan in the divine realm.

LAN lie couldn't figure it out, but he was afraid that Ice Spirit would get angry if she saw his curiosity. So, he suppressed the fire of gossip burning in his heart and pretended to be invisible.

After that, LAN lie felt his collar being lifted up. Then, it was as if he was on a roller coaster, jolting up and down.

It turned out that the Qilin clan leader was flying while holding onto his collar.

But the speed was not something to be complimented. Could it not be so fast? LAN lie felt like he was about to throw up, but when he saw the Qilin clan leader's dark face, he did not dare to voice his thoughts.

When they arrived at the Leng family's main residence, LAN lie was thrown down again. Then, ice soul disappeared with Bing Yao.

LAN lie was standing alone at the entrance. He didn't expect to be left behind like this. He stood there for a long time in a daze. It was only when uncle long saw him and patted him on the shoulder that LAN lie suddenly came to his senses.

"Little guy, why are you standing here like an idiot?" Uncle long asked curiously.

"Hello, uncle long," LAN lie greeted him with great enthusiasm. This was an important person in front of Xue 'er, so he had to be very respectful! Then, he explained to uncle long the reason why he was standing there in a daze.

When he heard that LAN lie had been left here by Ice Spirit, uncle long patted his shoulder to comfort him. "Little fellow, you're not scared, are you?"

"It 's, it's alright." LAN lie replied carefully. He had a feeling that uncle long was looking at him strangely, as if he was full of sympathy!

"You bastard!" What was going on? Why did she sympathize with him!

"That's good. " Hearing this, uncle long was relieved.

With that, uncle long turned around and left, leaving LAN lie, who was confused.

LAN lie was even more confused! He realized that the people around Xue 'er were all so strange. Could this be the so-called "only those who are close to ink are black"?

[Chapter 2792 Ice Spirit's Decision \(2\)](#)

LAN lie stood alone at the door, his mind running wild for a long time before he finally thought of leaving.

At this moment, Bing Yao had already been brought back to Leng ruoxue's residence by Ice Spirit.

Even though he really wanted Bing Yao to live with him, now was clearly not a good time. Thus, after passing Bing Yao to Leng ruoxue, Bing po turned around and left with a heart full of jealousy.

After ice Spirit left, Bing Yao remained silent. Even though Leng ruoxue wanted to ask what happened between the two of them, she could not bring herself to do so when she saw Bing Yao's current state.

Fortunately, Bing Yao came clean not long after.

When Leng ruoxue heard this, she carefully probed, ""Bing Yao, what are your plans?"

"I don't know, little xuexue. My heart is in a mess. I thought that guy would take the opportunity to ask me to acknowledge him, but he didn't." Bing Yao said unhappily.

"Are you very disappointed?" Leng ruoxue asked with a smile.

"Little xuexue, what do you mean?" Bing Yao didn't quite understand Leng ruoxue's words.

"I mean, you thought Ice Spirit would use this opportunity to make you acknowledge him, but he didn't. Are you disappointed? Or rather, you're hoping that he would make such a request?" Seeing that Bing Yao did not understand, Leng ruoxue could only be more direct.

"I ... How is that possible?" Leng ruoxue's words made Bing Yao's eyes widen in disbelief. Did it really think that way?

"Bing Yao, there's nothing impossible about this. In fact, I think you want to acknowledge him, but you can't convince yourself. If he can seize the opportunity to make this request, you saying you will acknowledge him is enough to prove that you actually want to acknowledge him!" Leng ruoxue helped to analyze the situation. Then, she stroked the soft fur of the ice Phoenix and continued, "Bing Yi, I can understand what you're thinking. It's only human nature. After all, he did feel guilty towards you back then. No one will blame you even if you don't acknowledge him. However, if you have the slightest desire to acknowledge him but are too embarrassed to say it, I think this is a good opportunity. You should think about it carefully!"

With that, Leng ruoxue did not say another word. Instead, she silently accompanied Bing Yao by the side.

Bing Yao also started to think seriously.

It couldn't deny that it was indeed a little conflicted. He had been wavering between admitting it or not. He wanted to admit it, but he seemed to be a little unwilling. At the same time, she wanted to acknowledge this cheap father of hers. In the end, Bing Yao was so worried that she had a big head!

"Little xuexue, I'm going out for a while." Bing Yao said to Leng ruoxue after a long while.

With that, it did not wait for Leng ruoxue's response and ran out.

Leng ruoxue smiled as she watched Bing Yao's back. Without a doubt, Bing Yao must have gone to find Bing po to dispel her doubts.

It had to be said that Leng ruoxue was right.

The Ice Dragon was extremely depressed and conflicted by its own thoughts. After leaving Leng ruoxue's place, it went straight to the ice Spirit's residence. When it arrived, it saw the ice Spirit looking up at the sky alone. Immediately, it felt a little uncomfortable.

This was because this cheap daddy gave it a very desolate feeling and was somewhat out of place with the surrounding atmosphere, which made it feel very bad.

At this moment, ice soul also noticed Bing Yao. She said in surprise, "Bing Yao, why are you here?"

Ice soul was surprised. Bing Yao rarely came to him. Every time she came to him, it was because she was being bullied ...

Could it be that someone was bullying Bing Yao?

Ice Spirit's face turned gloomy at the thought of this. Hmph! He must be tired of living to bully his son!

Ice Spirit's imagination was powerful! When Bing Yao saw Ice Spirit's face suddenly turn black, she thought that Ice Spirit didn't welcome her. So, she immediately said arrogantly, "What? can't I come?"

Hearing Bing Yao's strange tone, Bing po was dumbfounded for a moment. He didn't mean it that way.

"Bingyi, I didn't say you couldn't come. Don't misunderstand." Ice Spirit immediately explained.

"Did someone bully you?" Ice Spirit asked.

"No one is bullying me. I just want to ask if you really won't use the condition I agreed to to ask me to acknowledge you?" Bing Yao asked directly.

"Bing Yao, I've said it before. I won't raise such a condition. I don't want you to feel uncomfortable in your heart. I also hope that you will be willing to call me" father "and not because of some damn promise!" Ice Spirit questioned.

He didn't expect that Bing Yao would be troubled by this question. For a moment, he didn't know whether to laugh or cry. However, looking at Bing Yao's serious expression, he knew that Bing Yao was really troubled by this thought.

Bing Yao, on the other hand, became silent again because of Bing PO's words.

Ice Spirit was worried.

After an unknown period of time, Bing Yao finally spoke again, "Little xuexue asked me if I wanted to acknowledge you."

"Then what do you think?" Ice Spirit was so nervous that her heart was in her throat.

"I don't know, maybe!" Bing Yao said honestly.

"Bing Yao, don't force yourself, really!" Bing po said when he saw Bing Yao's uncertainty. However, he was still very happy to hear Bing Yao's words. At least, Bing Yao didn't dislike his existence. That was enough for him.

"I'm not forcing you. I really want to acknowledge you as my father, but I ..." Bing Yao couldn't continue. This was also the reason why he was so conflicted. After all, although he said that he didn't hate this cheap father, he still felt a little strange subconsciously. So, he found that he couldn't say the words of acknowledging his father.

Maybe it was just like what little snowy said. It needed a reason or an excuse to acknowledge its father. In this way, it could deceive itself and say that it had to do this because of the promise!

This thought made Bing Yao feel that he was being unreasonable. However, he couldn't control his thoughts, so he was more and more conflicted.

"I understand! I understand!" Seeing Bing Yao's reaction, Bing po comforted her.

Just as he said this, Bing Yao immediately threw herself into his arms and started crying. Bing po was dumbfounded. What, what was going on?

However, the ice Spirit still hugged the ice Phoenix tightly and comforted it by patting its back.

After a long time, Bing Yao finally stopped crying, but she choked, "I ... I've decided. I want to acknowledge you as my father!"

It didn't want to be pretentious anymore, because it suddenly realized that it was extremely reluctant to part with its cheap father's warm embrace. This feeling was completely different from the feeling that its master gave it, so it didn't want to waste any more time. It knew that it wanted a father!

[Chapter 2793 Ice Spirit's Decision \(3\)](#)

But Ice Spirit was completely dumbfounded.

He didn't hear wrong? Did Bing Yao say that she wanted to acknowledge him as her father? For a moment, Ice Spirit was confused and uncertain.

After a long time, Ice Spirit asked carefully, "'Bing Yao, what did you just say?"

"I said I want to acknowledge you as my father, damn it! What kind of reaction is that?" Bing Yao was already angry at the ice Spirit's lack of reaction, but when he saw that the ice Spirit didn't hear him clearly, he was even more furious!

It had to know how much courage it had to muster to say those words, but this despicable cheap father wanted it to repeat them! It was really too infuriating!

"I'm sorry. I didn't expect to hear this so suddenly. I was overjoyed and didn't know what to do." Ice Spirit explained when he heard Bing Yao's displeasure.

When Bing Yao heard this, he was quite satisfied. In fact, it was also very nervous. It looked at Ice Spirit shyly and said, "'Father."

"Bing Yao, you, you call me father again." Bing Yao's voice was soft, but Bing po could still hear it clearly. However, he couldn't believe that this surprise came so suddenly, so he wasn't sure.

When Bing Yao heard this request, he was instantly enraged. You weren't paying attention again? How much courage did it take for it to call him 'father'? But now, he had to ...

The Furious Bing Yao was about to explode, but when she saw the anticipation in Bing PO's eyes, her heart softened and she obediently called out, "Father!"

With the experience from last time, Bing Yao called him father much more smoothly this time. This was the first time in tens of thousands of years that Bing po had heard the word "father." He was moved to tears.

Ice soul, who had dreamed of becoming a father, had finally gotten what she wanted today! His son, the son that he had lost for tens of thousands of years, had finally returned to his arms! Ice Spirit was so happy that words couldn't describe it.

At the same time, the ice Phoenix was also very excited as it was the first time it called someone "dad." This feeling was very novel to it. So after calling someone "dad" twice, it continued to call them "dad." The ice Spirit was very happy to hear this. Bing Yao was also very happy!

After taking this step, Bing Yao discovered that acknowledging this father wasn't as difficult as it had thought before!

The more he called him 'father', the more smoothly he said it. The father and son hugged each other even more tightly.

After the two of them were close enough, he finally remembered to tell Leng ruoxue this good news. However, when they saw Leng ruoxue, the depressed father and son suddenly realized that Leng ruoxue had an expression of 'it's a matter of course' on her face, as if their reunion was already within her expectations.

"Little girl, can't you show some surprise and joy?" Ice Spirit couldn't help but ask.

"Exactly, exactly! Little xuexue, can you not look like you knew this would happen? You should know that we are the first ones to let you know about this! You have to cooperate, right?" Bing Yao also agreed.

"Alright! I'll cooperate." Leng ruoxue nodded helplessly. Then, she put on a surprised and incredulous expression and said to the two of them, "This is really good news. Congratulations on your reunion as father and son!"

The moment Leng ruoxue finished speaking, she saw the father and son in front of her lower their heads at the same time. After looking at each other, they sighed at the same time.

Seeing this, Leng ruoxue was depressed.

"Hey! Aren't you guys going a little too far? You asked me to cooperate, but you're not satisfied with me. What are you trying to do?" Leng ruoxue was furious!

"Little xuexue, we asked you to cooperate, but your cooperation is quite insincere. You don't even look happy! Al! Little xuexue, your acting skills need to be improved!" Bing Yao said helplessly.

"Yeah, I don't think it's sincere either." As for her son's words, ice soul, who had made up her mind to be a filial father, naturally supported him 100%.

"Alright! Now, you're all on the same side, aren't you? You've even learned to anger me!" Leng ruoxue was speechless. Did he have to be so realistic? One had to know that Bing Yao had been acting coquettishly in her arms just now!

"Hehe!" Ice soul, who was content with having a child, could only giggle foolishly after hearing Leng ruoxue's words. Bing Yao leaped into Leng ruoxue's arms and tried her best to act coquettishly. She even coaxed, "Little xuexue, don't be angry! We're just joking with you!"

"I know, I'm not really angry! However, the reunion of you father and son is indeed a big event. I've decided to give you guys a good celebration!" Leng ruoxue said after some thought.

"There's no need to celebrate, right? Just give me something good to eat!" Bing Yao requested after hearing this.

"Little gluttonous cat, you're acting as if I'm short of your food. This is a big event for your Qilin clan, so you must celebrate!" Leng ruoxue smiled helplessly.

"Yes, Xue 'er is right. We should celebrate and let all the people know that I have found The Little Prince of our Qilin race!" Bing po agreed with Leng ruoxue's words. He wanted everyone to know that Bing Yao was his son! His only son!

Hearing this, Leng ruoxue turned to look at Ice Spirit and asked, ""How do you plan to introduce Bing Yao?"

"He's my son?" Ice Spirit said in a daze.

"I mean, how do you plan to tell the clan that the ice Phoenix has a master?" Leng ruoxue explained more clearly.

"This ... I haven't decided yet." Ice Spirit hesitated.

Seeing her father like this, Bing Yao knew that the matter of her acknowledging a human as her master had put her in a difficult position. However, Bing Yao didn't regret her choice at all. Her feelings for her master couldn't change just because she had acknowledged a father.

Thinking of this, Bing Yao said without a care, "I'll just tell them directly. I don't plan to return to the Qilin clan anyway,"

"Bing Yao ..." Bing po was sad. Didn't Bing Yao acknowledge him? Why did he say that?

"Father, acknowledging you and returning to the Qilin clan are two completely different things in my eyes. I can acknowledge you, but I don't want to return to the Qilin clan. For so many years, I've gotten used to living a slow life. You want me to suddenly return to the Qilin clan to live with so many Qilin, I have no choice. In comparison, I'm much more comfortable with humans. After all, I've been living with humans since I was young and I've already gotten used to their way of life. So I really don't want to go back, please understand, father!" Bing Yao explained.

Bing po was disappointed but he agreed with Bing Yao. Because he knew very well that Bing Yi had made this decision not only because it was as it had said, but also because it didn't want his identity to make things difficult for him, its father!

Al! What a sensible child!

He really let it down! The more she thought about it, the more she felt guilty towards Bing Yao. At the same time, he made an important decision in his heart.

After leaving Leng ruoxue's place, Bing po went to find Shui mo.

Shui mo was very surprised to see Ice Spirit at this time. However, he could tell that Ice Spirit had something important to discuss with him, so he didn't tease his brother.

Ice Spirit didn't beat around the bush and said to Shui mo, ""Shui mo, Bing Yao has accepted me."

"Really? Then congratulations, big brother, for getting your wish!" Shui mo was very happy for ice soul. At the same time, he was glad that he didn't have to face ice soul with a sad face anymore!

"But, Bing Yao's identity is a bit ..." Ice Spirit stopped halfway. He hadn't told any of his clansmen that the ice Phoenix had a human master, so he didn't know how Shui mo would react if he told him. This also caused him to stop halfway through his sentence.

Shui mo didn't know how to read minds, but he could tell that Bing po was hiding something. He said, ""What's so difficult about his identity?"

"You also know that when the ice Phoenix was stolen by the fog Phoenix, it wasn't born yet. Later, the fog Phoenix threw the ice Phoenix to the lower realm, and it's unknown whether it's alive or dead." Ice Spirit stopped and looked at Shui mo.

Shui mo knew that his brother had not finished his sentence, so he waited patiently for him to continue.

Ice Spirit sighed and continued, ""Originally, after being thrown away by fog, it would be very difficult for the ice Phoenix to survive. However, a human saved it, so the ice Phoenix acknowledged that human as its master."

"The ice Phoenix has a master?" Shui mo asked with uncertainty.

"Yes, I am!" Ice Spirit nodded.

"What kind of person is he?" Shui mo asked again. The Little Prince of the Qilin clan had a human master. This was a big deal, so he didn't know what to do at the moment!

"I haven't seen him either. I heard that he's Xue 'er's friend. He's currently in seclusion." Ice Spirit said honestly.

"Then can you have the ice Phoenix break the contract with its master?" Shui mo continued to ask.

"It's not possible. Bing Jie and its master have a very deep relationship. Besides, I can't do that. After all, Bing Jie has helped him. If it wasn't for him, I'm afraid I wouldn't have been able to see Bing Jie. " Ice Spirit said honestly.

"Then, does big brother want me to tell my clansmen?" Shui mo asked.

"No." Ice Spirit denied.

"Then what does big brother mean by that?" Shui mo didn't understand. It was hard to guess what big brother was thinking.

"I want to live with Ice Phoenix, I want to be with it," Ice Spirit said.

"Big brother, do you want to leave the Qilin clan?" Shui mo asked in shock.

"I'm not leaving. It's just that I won't be returning to the Qilin clan for now. I want to accompany Bing Jie. Of course, if something happens to the Qilin clan, I'll still be the first to return. " Ice Spirit explained.

"I see!" Shui mo understood and said, "big brother, I know you feel guilty towards Bing Yao and I will support any decision you make, but I'm afraid the elders won't agree."

"They will agree. It's not like I'm going to leave the Qilin clan. I'm just not going back for the time being. After all, they have managed the Qilin clan very well without me for so many years! So, even without me, they will still act as usual and will not disappoint me!" Ice Spirit said confidently.

[Chapter 2794 Rejection \(1\)](#)

Facing Ice Spirit's optimism, Shui Mo's mind was not as simple as he thought. He knew how important the ice Spirit was to the Qilin clan.

Yes, when the ice Spirit was still asleep, the Qilin clan was still thriving under the management of Huo Yue and the others. But that was because the ice Spirit was their driving force!

It was precisely because they held the thought of avenging their clan leader that the clansmen were unprecedentedly United. Now that their clan leader had awoken, the clansmen all thought that the important moment for the Qilin clan to regain its glory and reappear in front of the people of the divine world was coming. Who knew that their clan leader wanted to leave the Qilin clan? even if it was only temporary, the clansmen would probably not be able to accept it in their hearts!

He told ice soul about Gu Fei, but ice soul didn't care at all. Ice soul even said, ""Didn't I say that? It's just that the Qilin clan is still the same as before, and it's still managed by Huo Yue and the others. Of course, if brother mo wants to take over the Qilin clan, I'll welcome you. I can pass the position of clan leader to you now. "

Ice Spirit was very serious, but cold sweat appeared on Shui Mo's forehead.

Was this the main point? Did he mean that? He was a little impressed by his big brother's powerful imagination.

"Brother, I don't want the position of clan leader," Shui mo said with a sigh."I just want to remind you that the clansmen will not be happy about your departure."

"I know, I really want to give you the position of clan leader. I'm absolutely serious. You also know that I'll spend most of my time with Bing Yao, so I really don't want to take the position of the clan leader. The clan leader should be given to another capable Qilin. I want to step down! Plus, I don't think the people will mind my departure too much. After all, I'm not really going to leave the Qilin clan alone. If anything happens to the Qilin clan, I'll be the first to help, so brother mo, please help your big brother!" Ice Spirit begged with a slightly flattering smile.

"Big brother, this isn't a matter of whether I agree or not. I've also said that you're too important to our clansmen. They've been waiting for you to wake up for tens of thousands of years. Now that you've finally woken up, no clansmen will accept you leaving them behind." Shui mo warned again.

"I'm not leaving. I'm just stepping back and not living in the Qilin clan anymore. This won't affect the Qilin clan much!" Ice Spirit also questioned.

"Besides, you're not living in the Qilin race right now! Didn't the clan still let it go!" Ice Spirit added.

Hearing this, Shui mo became even more depressed and couldn't help but Mutter in his heart, brother! How can our status be the same in the Qilin clan? You're much more important than me!

"Big brother, to tell you the truth, when I was staying at Leng ruoxue's house, my clansmen kept urging me to return to the clan. In the end, they used the excuse of inviting Leng ruoxue to the clan as a guest to trick me into returning too. They're all the same to me, let alone you, big brother! I can guarantee that once you leave the clan and live here, the treatment you receive will be even better than mine!" Shui mo said.

Ice Spirit started to think after hearing what Shui mo said.

"Brother mo, if they really do that, you have to help me." Ice Spirit requested.

"Big brother, I also want to see you and Bing Jie reunite. Don't worry, as long as I can help, I will definitely help. However, you really don't want me to help you convince the clan to accept the fact that Bing Jie has a master? I think our clansmen should be able to understand." Shui mo asked. He still hoped that his big brother could stay in the clan. After all, his big brother was the backbone of everyone!

"Brother mo, I appreciate your kind intentions, but there's really no need to make things so difficult for the clansmen. Also, Bing Yao has been living outside for so many years, so I'm afraid it won't be able to adapt to the life in the clan. I don't want its life to change too much just because it has recognized me as its father. I've already let it down, so I don't want it to suffer any more grievances because of me. I hope brother mo can understand." Ice Spirit said sincerely.

Shui mo understood. His big brother was just afraid that some clansmen would look down on Bing Yao in private. In fact, he knew that even the ice Phoenix felt uncomfortable for a moment after having a human master. However, he immediately felt relieved. After all, the ice Phoenix's situation was different. It was already good enough that it could keep its life in that situation back then. Why would it care so much?

In addition, he believed that the majority of the Qilin clan would understand this. However, even in a United clan, there would still be a small group of clansmen who weren't that understanding. Thus, he knew that his big brother living outside with Bing Jie was definitely the best choice for Bing Jie. However, in the hearts of the Qilin clan's clansmen, this was a disaster!

However, Shui mo knew that his big brother had made up his mind when he saw ice soul's serious expression. He was only telling him in private in case he was unprepared.

"Big brother, since you've already decided, I will support you. So don't worry, if there are clansmen who don't understand, I will help you convince them." Shui mo promised.

"Thank you, brother mo, but about the clan leader ..." Ice soul wanted to give up the clan leader but was interrupted by Shui mo.

"Big brother, I'm not interested in being the clan leader. You know that I only like good food and formations. Now that I'm staying at this little girl's place, I already have good food and formations. I'm very satisfied with my current life. So, I really don't need to be the clan leader." Shui mo quickly emphasized when he heard that his brother was still thinking about this.

"Al! Alright then! However, if none of us return to the clan, I'm afraid the Grand Elder and the others will go crazy!" Ice Spirit said helplessly.

"Big brother, you can't force me to return to the clan just because you want to be free and unfettered outside! This is really disloyal, so on this point, we have to help each other. Anyway, it's just as you said, we're not abandoning the Qilin clan, we're just not living in the clan." Shui mo formed an alliance.

"You're right." Ice Spirit nodded. He had said the same thing before!

Just like that, ice soul and Shui mo finished their discussion and decided to stay with Leng ruoxue. As for the clan, it would still be managed by fire Yue and the great elder.

However, they had not decided when to tell Huo Yue and the great elder about this. At this moment, they were on the same side.

Two days later, the banquet Leng ruoxue had mentioned to celebrate ice soul and his son's reunion was finally ready and officially started.

After two days of meticulous preparation, Leng ruoxue's side had racked their brains. This was also what she had requested. Who asked Bing Yao to be her friend and Bing po to be their ally?

[Chapter 2795 Rejection \(2\)](#)

The banquet mainly consisted of Bing Yi's favorite food. There were also some small programs that the Beasties had prepared at the last minute. Of course, Leng ruoxue didn't plan for the entire banquet to last for too long. Thus, the entire banquet would probably not last more than three hours.

At first, when they heard that there was a celebration, uncle long and the others wanted to suggest drinking some wine. However, after the experience of getting drunk the last time, Leng ruoxue was against everyone wanting to drink. Since she didn't agree, naturally, no one dared to make such a request.

However, since it was a banquet, Leng ruoxue would naturally not let everyone not touch a single drop of wine. However, there was a limit to the amount of wine. To these people who could drink a lot, that amount was clearly not enough to fill the gaps between their teeth. However, Leng ruoxue had already shown them mercy. Hence, uncle long and the rest were helpless.

After the banquet officially started, the delicacies that Leng ruoxue ordered the servants to prepare were too much for the Qilin clan's eyes.

Were the beautiful and exquisite things on the table really food? Looking at the food that had been meticulously prepared, none of the Qilin's could bear to eat it. It was truly too beautiful, and they really wanted to keep it as a memento.

However, the aroma of this beautiful food was particularly alluring, so some Qilins couldn't help but secretly take a piece of the side dish to taste.

After tasting it, a certain Qilin was shocked!

It's really too delicious! Sob ... Why did he feel a sense of satisfaction that he had never felt before?

A certain Kirin, who was already so happy that he wanted to jump around after tasting the side dish, couldn't take it anymore and was the first to eat.

Seeing him like this, the other Qilins were originally looking down on his eating style. However, seeing that the food on the table was slowly decreasing, the Qilins couldn't bear it anymore! Even though Leng ruoxue's food was not bad, it was the first time they had such exquisite food.

Once they started eating, these Qilin's couldn't control their mouths.

Bing po, Shui mo, and the first elder of the Qilin clan felt ashamed when they saw the Qilin clan's disgraceful manner.

However, you can't blame the Qilin, right? Usually, the food prepared by Leng ruoxue was already so delicious that people were unwilling to leave. Now, these Qilin's were specially prepared and had not seen much of the world in terms of food. Naturally, they were easily tricked.

This was also what Leng ruoxue was happy to see. As the saying goes, "one's mouth is short when eating others." Since he had eaten her food, he had to treat Bing Yao better in the future!

Leng ruoxue's motive was very obvious. She had meticulously prepared these foods in order to bribe these Qilin. After all, these were the elites of the Qilin clan. They had the most authority in the clan! With them on Bing Jie's side, he believed that the Qilin clan wouldn't dare to say anything about the fact that Bing Jie had a human master.

It had to be said that as Bing Yao's friend, Leng ruoxue had thought of everything for him. This was what she had decided to do for him even after Bing Yao had clearly expressed that she did not want to return to the clan. She had treated the food like cannonballs coated in sugar because she had accurately calculated the gluttonous nature of these Qilin. As such, she had naturally hit them in one shot. Therefore, in the eyes of Ice Spirit and the other two, the Qilin's embarrassing actions were exactly what she wanted.

Leng ruoxue looked at the Qilin's who were stuffing themselves with food in satisfaction. She cleared her throat and said loudly, "You can eat, but don't rest your ears. Your chief has something to announce."

After speaking, Leng ruoxue gave ice soul a look. When the Qilin heard this, they all raised their heads in unison. However, they did not stop eating. Most of the Qilin's mouths were full, and even their hands were full of food. They were afraid that if they were a step slower, the delicious food in front of them would be gone.

Leng ruoxue was naturally satisfied with their reaction.

As for Ice Spirit, he helplessly looked at his embarrassing clansmen and sighed. "I'm sure you're all very curious about why there's a banquet today, right? Actually, this banquet is to celebrate my reunion with Bing Jie and his son. "

Bing po didn't beat around the bush and directly revealed his and Bing Qi's identity. The reason why he didn't mention this in advance was to give these Qi Lin's a surprise.

However, it seemed that his words had frightened these Qilins too much.

Because as soon as he finished speaking, all the Qilins, except the first elder, were stunned. They maintained their eating posture and froze.

Ugh! What should he do? Ice Spirit had no idea. If he had known that he would scare these clansmen, he would have told the great elder to reveal his relationship with Bing Yi. Now, it was all good. The Qilin clansmen were all dumbfounded.

What should he do next?

He turned to Leng ruoxue for help, but who knew that Leng ruoxue would be so disloyal to him and give him a look that said "good luck to you." Instantly, ice soul became depressed.

Then, he looked at the first elder of the Qilin clan.

Helplessly, the Qilin great elder could only lightly cough a few times, wanting to use this to wake up the petrified clansmen.

His words were indeed effective. The Qilin clan members instantly came to their senses and looked at their clan leader in disbelief. After that, it was unknown who was the one who took the lead, but the Qilin clan members suddenly burst out with a thunderous roar, "clan leader has found The Little Prince!"

"That's great! They were celebrating! We must celebrate this big event!"

All the Qilin's were abnormally excited. This was absolutely great news to them! Seeing how excited they were, it was undeniable that their ice spirits were infected. He could feel that his clansmen were supportive of him finding Bing Yao and acknowledging her.

"Miss Leng, give us some wine! How can we do this without wine?" At this moment, an overly excited and bold Qilin requested of Leng ruoxue.

Upon hearing this, long Shuzhang and the others couldn't help but shrink their necks to reduce their presence, because things like wine were absolutely taboo to Xue 'er now!

As expected, after listening to the Qilin's words, Leng ruoxue smiled faintly and pointed to a wine jar on the table that was only the size of an adult's fist. "You want to drink? Isn't there one on the table?"

"Uh! How can this be enough?" Looking at the small and exquisite wine jar, and then glancing at the even smaller wine cup in front of him, the Qilin became depressed.

"Not enough?" Leng ruoxue blinked her beautiful eyes as she asked.

"It's definitely not enough." The Qilin said very honestly.

"That's all I have!" Leng ruoxue said calmly.

There was no way she could say it so naturally! A certain Kirin was obviously even more depressed. No more, how can you still say it so righteously? As the host, he should not have not prepared enough wine!

With this thought in mind, a certain Qilin stood up from his seat with a face full of anger. His action immediately attracted everyone's attention. The great elder of the Qilin clan stared at the fool in front of him without blinking. He was ready to take him down as soon as this guy made a move. They could not allow him to get drunk and act like a maniac in Leng ruoxue's territory. Otherwise, if that human girl were to fly into a rage, even the clan leader would not be able to save this foolish clan member!

[Chapter 2796 Rejection \(3\)](#)

With Huo Yue as a warning, the great elder of the Qilin clan was afraid that his clansmen would start a conflict with Leng ruoxue.

Just when all the Qilin thought that this impulsive Qilin would make things difficult for Leng ruoxue, a certain Qilin merely smiled and said, "Since you don't have any more wine, I'll go buy some."

Ugh! Upon hearing this, the Qilin's were all speechless. Can you not be so useless? They had thought that there would be a big fight over alcohol! Who knew that the Thunder was loud, but the rain was light! This is really disappointing!

When he saw the Qilin's obviously disappointed expressions, a certain Qilin was extremely depressed! "You bastard!" Did he look like such an impulsive person? These bad guys who wished for the world to be in chaos! He would not let them succeed!

This Qilin wasn't stupid. Of course, it knew that Leng ruoxue couldn't be provoked. Hence, it had never thought of starting a conflict with Leng ruoxue. It had stood up only to buy wine, but who knew that it would cause a misunderstanding.

In reality, not only were the Qilin elites disappointed in him, even the Qilin great elder, who had intended to be the peacemaker, felt extremely displeased at the tactfulness of this Clansman. This was not to say that he was looking forward to a conflict between his clansmen and Leng ruoxue. It was just that after the fire Yue incident caused them to be like Qilin with their tails between their legs in front of Leng ruoxue, he still had a faint hope that a Clansman who dared to go against Leng ruoxue's evil forces would appear in the clan!

Although this would bring trouble to the clan after the event, it had to be said that it would be very enjoyable.

To put it bluntly, the sullen and contradictory great elder Qilin also had the characteristic of wishing for the world to be in chaos. Unfortunately, he was destined to be disappointed this time.

As for Leng ruoxue, when she heard the words of a certain Qilin who was eager to drink in celebration, her smile became even more indifferent. She said, "You want to buy wine? Sure, but you have to beat me first!"

With that, Leng ruoxue stood up and even took on a battle stance.

F * ck! Was this for real? When a certain Kirin saw this, he was speechless and didn't know what to say. However, when he saw Leng ruoxue's serious expression, he deeply felt that she was not joking.

Of course, Leng ruoxue was not joking.

Uncle long and the others also covered their faces when they saw this. They knew that alcohol was Xue 'er's taboo, because Xue' er had said the same thing to them yesterday. And of course, they couldn't fight with Xue 'er. If they forced this little girl into a corner and she revealed her life flame, they would all be helpless!

Uncle Dragon looked at a certain Qilin with sympathy. He was looking forward to how the Qilin would respond.

"I ... I don't fight with women." After a long silence, the depressed Qilin finally spoke.

"Beat me, and you can go buy wine." Leng ruoxue reminded him with a smile.

So what? If he won against a woman whose strength was below his, he would be laughed at by others. This was what humans said about winning without honor! This Qilin still had some moral integrity, but he had only treated Leng ruoxue as an ordinary human woman. Therefore, he had never thought about whether he could defeat her or not.

Furthermore, even though the wine was a great temptation to him, it was not enough for him to contribute his reputation. Hence, Leng ruoxue's words caused him to feel conflicted and a faint sense of sorrow.

"I'm not fighting, I won't drink anymore, okay?" A certain Kirin wanted to cry but had no tears. Wuu ... What the hell is this! This was the first time he had encountered such a thing!

Seeing that he had backed off, Leng ruoxue's face was filled with disappointment. Then, she cautiously reminded him, ""You're the one who didn't drink it, don't regret it!"

"I won't regret it." A certain Kirin said in a low voice.

Then, he sat down quietly.

At this moment, Leng ruoxue's beautiful eyes turned to the other Qilins. She smiled and said, ""Anyone else who wants to drink, go ahead and buy. But the condition is that you have to beat me!"

After she said that, her beautiful eyes swept across the Qilin's body, causing them to lower their heads immediately, afraid that Leng ruoxue would target them.

As the elites of their race, they were naturally not as impulsive as normal Qilins and could not control their own actions. In addition, they had heard some news about Leng ruoxue from Bing Yun, so no one was willing to have any conflict with Leng ruoxue.

For a moment, the banquet hall fell silent.

All the Qilin's were eating in silence, and none of them dared to speak.

After an unknown period of time, suddenly, a cry of disbelief was heard.

"What did you say, chief?" The one who spoke was the Qilin first elder. His voice immediately broke the silence in the room and attracted all the Qilin's attention. They all raised their heads and looked in their direction.

Leng ruoxue was also curious about what ice soul had said to the Qilin Grand Elder. Why did the old man look like he was in pain from being abandoned?

For a moment, everyone's attention was drawn to the ice Spirit.

As for Ice Spirit, she was so depressed that she wanted to bang her head against the wall!

He was so regretful! Why did he choose this time to reveal his thoughts of stepping down to the second line to the great elder? Originally, the two of them had a good chat in private. They didn't know why he

suddenly revealed his future plans. The great elder was shocked, and the corresponding consequence was that today's matter was probably going to be exposed in advance!

Al! He really didn't want to let his clansmen know of his thoughts when everyone was so happy! He didn't know if his clansmen could bear it.

However, he probably couldn't care about whether his clansmen could bear it or not, because the first elder of the Qilin clan had already died in battle when he heard this terrible news.

At this moment, everyone's eyes were focused on him.

Then, the Qilin elder kneeled on the ground and cried. He hugged Ice Spirit's leg and cried, "Clan leader, you can't do this! How could you abandon us?"

Upon hearing this, all the Qilin's panicked, and their expressions changed drastically!

The clan leader was going to abandon them? What was the meaning of this? Did the clan leader not want them anymore? This, how could this be? One had to know that the tribe leader was the backbone of the Qilin clan. If the tribe leader abandoned the Qilin clan and left, what would they do?

For many years, the great clan leader had always been their spiritual sustenance. Therefore, they could lose their lives, but they absolutely could not lose their clan leader.

At the thought of this, all the Qilin's knelt on the ground and started bawling, "Clan leader, you can't abandon us! We can't live without you!"

Leng ruoxue looked at the chaotic scene before her and turned to look at Bing po in surprise. So Bing po and the first elder of the Qilin clan were talking about leaving the Qilin clan? Was it for Bing Yao?

"Quiet down, listen to your chief." Thinking of this possibility, Leng ruoxue took the initiative to comfort the Qilin's that were losing control.

After giving Leng ruoxue a grateful look, ice soul's gaze shifted to the rest of the clan. She said loudly, "You've misunderstood. I'm not abandoning you. "

Upon hearing this, the Qilin's immediately held back their tears and listened attentively to the clan leader's words.

When Leng ruoxue saw the Qilin's ability to control their tears, she prostrated herself on the ground in admiration of them. This was also work! As a result, she had no choice but to treat these Qilin token eyes who were flexible.

He wondered how long they had been practicing this move. How could it be so natural? Leng ruoxue mumbled to herself out of curiosity. At this moment, Bing po began to explain.

"Listen to me, I'm not going to abandon you. I just want to step back and give the position of the clan leader to a young man. In the future, I won't ask about the trifles of the Qilin clan. After all, I'm a member of the Qilin clan. I won't just stand by and watch the Qilin clan fall into a difficult situation. So, you can all be at ease. How can I possibly abandon you all?" Ice Spirit explained patiently, but the Qilin's disciples were too shocked to say anything.

They couldn't understand why the clan leader would have such an idea.

"Chief, do you want the young prince to succeed the throne?" After hearing this, Huo Yue couldn't help but ask. Because he was a little far from the great elder and the clan leader, he didn't hear what the two of them had said.

"Bing Jie won't inherit the chief position. My chosen successor is you. In fact, I should have officially passed the position of the clan chief to you tens of thousands of years ago, but you were still too young at that time, so I didn't feel at ease. However, after training for so many years, you've managed the Qilin clan very well, so I can be truly at ease now that I'm handing the clan over to you. I hope that our Qilin clan will be able to reach a higher level under the leadership of you and the great elder. Are you confident?" Ice Spirit explained clearly as he was afraid that the fire Yue would misunderstand.

However, the fire Yue could not be happy after hearing ice soul's words. He wasn't afraid of someone snatching his position! In his heart, he had always thought that the Qilin clan belonged to the clan leader and that only the clan leader had the right to lead the Qilin clan. Now that the clan leader had cast his hands away, he had thought that it was for The Little Prince. Who knew that the clan leader actually wanted to pass the position of the clan leader to him?

Could he refuse?

"Patriarch, I don't want to be the patriarch. In the hearts of all of us Qilin, you're the only patriarch of the Qilin clan. Of course, if you want the young prince to inherit your position, we have no objections. But I really can't!" Huo Yue refused with a sincere face.

[Chapter 2797 Whoever's Crying, Feed It To The Wolves!\(1\)](#)

These were also his heartfelt words. Huo Yue had been worshiping the chief since he was a child. He even idolized Ice Spirit. Therefore, he had always thought that he, as the acting chief, had to manage the Qilin clan well for the chief. When the chief woke up, he would return the Qilin clan to the chief. This idea had been his biggest motivation for many years, and he had indeed done that. However, he did not expect that the current Chief would not want to manage the Qilin clan anymore! What should he do?

If the patriarch wanted The Little Prince to succeed the throne, he could accept it out of love for the house. But now it was obvious that the patriarch wanted to officially pass the position to him.

No! He didn't want to!

At that moment, fire Yue's will was unusually firm. Ice soul did not expect fire Yue to say that. Hence, he was in a dilemma.

"I've already made up my mind!" In the end, Ice Spirit could only say helplessly.

"Clan leader, why is this so?" First elder Qilin asked with a pained expression.

"First elder, Huo Yue, and you guys, can you not be so stubborn? It's not like I'm going to leave the Qilin clan completely. I just want to spend more time with Bing Chan, so I don't plan to manage the Qilin clan's Affairs anymore. Can't you all understand?" Ice Spirit asked, pretending to be angry as she glanced at the Qilins.

"Clan leader, of course we understand you, and we're also happy that you've reunited with The Little Prince and his son, but this doesn't affect you from continuing to be our clan leader! There won't be any conflicts!" The first elder of the Qilin clan couldn't help but remind him.

"Yeah, yeah! Clan leader, there's no conflict!" The other Qilins agreed.

"Al! I'll tell you everything else later. Everyone, eat first! Don't let down this little girl's good intentions. " Seeing her clansmen like this, Ice Spirit could only put this matter aside for now. Otherwise, today's celebration banquet would probably become a meeting among their clansmen.

Upon hearing the clan leader's words, the Qilin clan's members fell silent for a moment. They couldn't help but think to themselves, "could there be something else going on here?" Why is it so complicated?

However, since the clan leader had spoken, they were also afraid that Leng ruoxue would feel that they had let her down. Hence, all of them remained silent and obediently ate their food.

However, after knowing that the clan leader wanted to step down, no matter how delicious the food in front of them was, they felt like they were chewing on wax. They could not taste anything.

Leng ruoxue was at a loss for words when she saw how painfully they were eating. She could only cancel the small program that she had arranged earlier and end the celebration party hastily.

After that, Leng ruoxue took the initiative to arrange a meeting room for them. If there was anything, they could settle it there.

All the Qilin's were quite satisfied with Leng ruoxue's understanding. After giving her a grateful look, all the Qilin's could not wait to enter the meeting room.

Watching the backs of the Qilins, uncle long couldn't help but tease, ""Do you think the Qilins will kill themselves if they know that senior ice soul wants to retreat?"

One had to know that this matter was rather unexpected and shocking to them, let alone to the Qilin's who were involved! He also knew what Ice Spirit meant to the Qilin race, so it wasn't difficult to guess what kind of blow Ice Spirit's abdication would cause to the Qilin race.

And the facts had also proven that the impact on the Qilin's were indeed not small, so much so that during the second half of the banquet, the Qilin's who were originally quite interested in the delicious food, all couldn't swallow anymore.

However, everyone looked at uncle long with a strange expression as soon as he asked this question. It was as if they were very confused by his eagerness to try. After all, he dared to talk about the Qilin clan's Affairs so openly. Was he trying to draw hatred?

Who knew that Leng ruoxue would answer uncle Long's question with a straight face?

"It's not impossible. First, he would cry. Second, he would throw a tantrum. Third, he would hang himself. I think he will appear today. " Leng ruoxue's extremely serious tone made it clear to everyone that she was not joking.

Instantly, everyone fell silent.

Would it really be like this? Everyone was curious and stood outside the meeting room, hoping to get the latest information as soon as possible. As for their gossip, not only did Leng ruoxue support them, she even planned to lead them to eavesdrop on them.

After knowing Leng ruoxue's plan, uncle long and the rest trembled. Was this really a good idea?

"Xue 'er, isn't this a little bad?" Dongfang Yue asked uneasily. He had never done such a thing in his life! Although this did not mean that he was afraid of Ice Spirit, eavesdropping was not something he should do openly, and it was not in line with his usual behavior.

"What? don't you want to know the result?" Leng ruoxue blinked her beautiful eyes and asked calmly.

The result ... Of course they wanted to know, but this eavesdropping corner was not good! Dongfang Yue and the others were in a dilemma.

Looking at their expressions, Leng ruoxue knew what these guys were struggling with. It was nothing more than a very strong curiosity, but due to morality, she did not want to do such a thing! Usually, Leng ruoxue would only describe such a person with one word-hypocritical!

But now ...

"Hypocrite! If you want to hear it, then go listen, what's the big deal!" A voice suddenly rang out. He then said what Leng ruoxue wanted to say but did not.

Of course, only Azure would dare to say such a thing.

When she saw uncle long and the rest's depressed expressions, Leng ruoxue couldn't help but laugh in her heart. It seemed that Cang had to come forward! Azure's words were really powerful! Leng ruoxue happily picked up Cang and touched the soft fur on its body as a reward.

However, Cang, who used to like being touched by Leng ruoxue, seemed to be somewhat dissatisfied with her. It said angrily, ""Girl, you were quite hypocritical just now. You clearly wanted to say the same thing about them as I did, so why did you give them face? You can just say it directly!"

Ugh! They were not outsiders, but uncle long and the others! One of them was her Godfather. How could she directly say that they were hypocritical? In that case, wouldn't Godfather and uncle long be depressed to death?

Leng ruoxue had always treated them as her elders. Naturally, she would not do this. Unfortunately, Cang, who had always done whatever he wanted, had no way to understand the complex emotions of humans.

Everyone was depressed for a while, but in the end, they couldn't help but laugh.

It wasn't that they liked to be scolded, but they felt that so many of them, including Xue 'er, had been mercilessly scolded by Cang. This experience was definitely extraordinary!

After laughing at each other, everyone quickly calmed down and went to eavesdrop on ice soul's conversation as Cang said.

Just as Azure had said, why be so hypocritical? If you want to hear it, then listen! In any case, even if the Qilin clan found out, they wouldn't dare to truly fall out with them.

After that, everyone felt even more at ease.

Soon, there were cries in the conference room. At first, there was only one cry, but slowly, there were more and more cries. Some were wailing, and some were sobbing.

[Chapter 2798 Who's Crying? Feed It To The Wolves!\(2\)](#)

When uncle long and the others heard this, they looked at each other again. They were all confused. Why was she crying?

Meanwhile, in the room, Ice Spirit was having a headache as she faced the crying Qilin. He had said everything he needed to say, including the fact that the ice Phoenix had a human master, but who knew that after these clansmen heard it, they didn't give any advice and instead directly cried.

What was the meaning of this? Why don't you guys just give me a straightforward answer? Crying can solve the problem?

Gradually, Ice Spirit became impatient with the crying!

In the past, he hated it when people cried, and now this crying made him even more upset!

"Stop crying! Do you think it's nice for a man to cry like a woman?" Ice Spirit roared.

His voice was so loud that all the Qilin's were stunned. They couldn't help but stare at their clan leader with wide eyes.

Sobs ... Is the clan leader angry?

When the Qilin clan heard this, they wanted to cry again. However, when they saw that their clan leader seemed to be a little angry, they didn't dare to cry out loud. They could only cry silently and occasionally choke up.

Seeing them like this, Ice Spirit was even more furious.

At this time, a familiar voice of dissatisfaction came into the meeting room.

"Who said all women should cry? Are you discriminating against women?" The one who spoke was naturally Leng ruoxue. Then, she pushed open the door of the meeting room and walked in. Behind her were uncle long and the others, who looked embarrassed.

It was already wrong of them to eavesdrop on others. Now that they came in so brazenly, wasn't it obvious that they were trying to tell others that they were eavesdropping? But Xue 'er had already come in. If they continued to pretend that they didn't know anything, they would all look down on themselves.

They lowered their heads and looked for a place to sit down. Uncle long and the others didn't dare to look at the Qilin's expressions. In fact, they wished that these Qilin didn't show their existence, but that was obviously impossible.

None of the Qilin's had expected that an outsider would suddenly barge in when they were in the middle of a discussion. Although this outsider had provided them with a place to stay, it was clearly not the conduct of a person with moral integrity to enter someone else's meeting without permission!

With this thought in mind, the Qilin's started to look down on Leng ruoxue and the others. However, facing Leng ruoxue, the Qilin's were helpless. Even if they looked down on her, they didn't dare to say it out loud in front of her. After all, this was her territory.

Silently swallowing down the dissatisfaction in their hearts, the Qilin's had no choice but to accept the other party's existence. They really did as Uncle Long and the others wished, directly treating them as invisible people.

As for the culprit, Ice Spirit, who had caused Leng ruoxue to barge in, he was currently in a state of deep depression and conflict.

Looking at Leng ruoxue, who did not realize that her actions were inappropriate, Ice Soul felt even more helpless.

One had to know that in all his years of living, this was the first time he had seen someone so self-righteously eavesdropping on someone else's wall, even interrupting and barging in. This was too ...

Anyway, Ice Spirit didn't know what to say. More importantly, the little girl seemed to be dissatisfied with him. He could not understand why.

In reality, Leng ruoxue was like this because she felt that Ice Spirit was taking too long to resolve this matter. She couldn't bear it anymore. Even though this was the Qilin clan's matter and she shouldn't interfere, this was her territory.

More importantly, she was already on the verge of going crazy from the Qilin's cries! Originally, when she heard the Qilin's cries, she simply returned to her own residence, thinking that out of sight, out of mind. Who knew that the crying spread too wide. Even if she hid in her room, she couldn't stop the crying from reaching her ears. In the end, in a fit of anger, she came back to the conference room in a rage.

When she was outside, she heard what Ice Spirit said, so she responded and decided to join their meeting. Who cares if they agree or not! Quickly settling this matter is the way to go. If you want to waste time, go back to your Qilin race!

After sitting down, Leng ruoxue's beautiful eyes first swept over the silent and sobbing Qilin, then looked at Ice Soul. Finally, she said, "Whoever is crying, I'll throw him out to feed the wolves!"

"....."

To feed the wolves? Leng ruoxue's threat made the Qilin clan speechless. What Wolf in this world would dare to eat them? The Qilin's were a little curious.

Moreover, they weren't the only ones who were speechless. Even Uncle Long and the others felt that Xue 'er had been driven mad by these indecisive Qilin beasts. Otherwise, why would she say such shocking words?

Would any Qilin be afraid of such a threat?

As expected, after hearing Leng ruoxue's threat, one of the Qilin with a fiery temper did not mock her like the other Qilin. Instead, it pointed at Leng ruoxue and raged, ""You want to feed us to the wolves? Why don't you come? I'd like to see what kind of Wolf would dare to eat me. "

One could not blame this Qilin for being so confident. It was simply because the Qilin race had a transcendent status among the beast races in the divine realm. Even if they were sent to the mouth of a Wolf, it was likely that the wolf would not dare to eat them.

After listening to this Qilin's words, Leng ruoxue sighed helplessly and placed Cang on the ground.

In the next moment, everyone heard a Wolf's howl. Then, they watched as the snow-white kitten on the ground transformed into a mighty and majestic white Wolf, standing in front of everyone with an awe-inspiring aura.

Those deep and cold Wolf Eyes made everyone present tremble with fear!

This was the wolf that Leng ruoxue wanted to feed them to? Isn't this a cat? Instantly, the Qilin's were all speechless and didn't know what to say. Can you not play like this? It was clearly a cat. Even if it had turned into a Wolf, it was not a real Wolf! It was even more impossible for him to eat them.

For a moment, the Qilin's didn't know how to react. This included the fiery Qilin that was quarreling with Leng ruoxue. At this moment, everyone was in a daze. The mouths of uncle long and the others twitched. This ... This Wolf was Azure!

No wonder he dared to eat the Kirin! In the entire God World, only Cang would have such courage! When everyone thought of this, they looked at Leng ruoxue with a thoughtful gaze.

That lass Xue 'er was really getting worse and worse, she actually turned Cang Huan into a Wolf! Hehe! Great, the Qilin's were all dumbfounded, right?

The Qilin's were dumbfounded, while Azure, who had scared them, was a little depressed. It didn't think that Niu would actually give it such a task, and even make it turn into a Wolf! In fact, even if it didn't turn into a Wolf, it could still eat the Qilin if it wanted to!

With a slightly malicious thought, Cang's gaze swept across the Qilin's body a few times, and finally locked onto the bird that stood out.

In an instant, Cang's claw swiped towards the Qilin that was trying to 'bully 'Leng ruoxue. The unlucky Qilin didn't even have the time to resist before it was smacked to the ground by Cang's huge claw.

At this moment, the Qilin was in human form. After being slapped down, it fell to the ground in an extremely indecent posture. Then, da Cang sat it on its butt. The unlucky Qilin only struggled a few times before it fainted.

[Chapter 2799 Whoever's Crying, Feed It To The Wolves!\(3\)](#)

He didn't know if it was because Cang had used too much strength or because he was too angry, but in short, his tragic experience made uncle long and the others feel sympathy.

Following that, all the Qilins looked at the scene in front of them in horror. How could this be?

Was the wolf that the kitten had turned into so powerful? The Qilin's were all puzzled. Regarding Blue's identity, other than the Qilin clan leader, almost no one knew. Hence, when faced with Blue's power, the Qilin clan members who had never placed blue in their eyes and even treated it as Leng ruoxue's little pet, were all petrified.

Azure's formidable strength had dealt a huge blow to their strong and confident hearts as Qilin 's, causing them to become uncertain.

Seeing that things were getting out of hand, Ice Spirit sighed and pleaded, ""Senior Cang, I hope you can be magnanimous and let my Clansman go!"

"Let him go? Hmph! Those who bully my girl will all die!" Azure said with an undeniable expression.

Not only was Ice Spirit speechless, even Leng ruoxue's face turned red. However, Cang was trying to protect her, so Leng ruoxue naturally wouldn't step out to clarify that the Qilin didn't bully her! Since Azure had decided, that unlucky Qilin had been bullied! Leng ruoxue thought to herself as she enjoyed Cang's protection. She even ignored the gaze that ice soul threw at her, asking her to speak up for her.

When Ice Spirit saw that Leng ruoxue was ignoring him, he was so depressed that he wanted to bang his head against the wall.

"Senior Cang ..." Ice Spirit opened his mouth but didn't know what to say. Based on his understanding of Cang, Cang was not an easy person to get along with. Now, it was clear that Cang would not give him any face. Therefore, he did not know what to do.

This time, after finally confirming that their chief had called the wolf senior, the Qilins were even more frightened.

Oh my God! The clan leader actually called him senior? This ... This was truly unbelievable. One had to know that their clan head's seniority in the divine realm was not low, and to be able to be called senior by him, what level of old Gu did they have to know?

Immediately, Azure's identity became the focus of all the Qilin's speculations. However, no matter how they racked their brains, they couldn't figure out who Azure was. But against the powerful Azure, the Qilin's were all on high alert. With the previous example, they didn't dare to take the initiative to provoke this Wolf.

They already believed that this Wolf could definitely devour them.

Seeing the Kirin become obedient, Azure was very satisfied.

Then, it turned to Leng ruoxue and asked, ""Girl, what should we do with this Qilin? do you need me to swallow it?"

When Cang said this, he deliberately made an eager expression, which made all the Qilins depressed. However, they didn't dare to say anything and could only timidly lower their heads, trying to reduce their presence.

"I think you can wake him up and see what his attitude is before making a decision." After hearing Cang's words, Leng ruoxue said with a smile.

Her words made Ice Spirit, who had been on tenterhooks, heave a sigh of relief. He was so afraid that Leng ruoxue would say, "you can swallow it!" In a fit of anger!

However, after heaving a sigh of relief, he was conflicted again. Because the truth was clear, Cang listened to Leng ruoxue, and Leng ruoxue ignored his pleading gaze, which made him very worried.

That little girl was not on good terms with him! With this thought in mind, Bing PO's resentful gaze followed Leng ruoxue. However, Leng ruoxue did not even spare him a glance. At this time, the unlucky Qilin was also awakened by Cang, who was very obedient to Leng ruoxue.

Azure's actions weren't gentle at all, but rather rough. This was because the Qilin was awakened by Azure's slaps.

After waking up, the unlucky Qilin was momentarily dazed. However, he immediately felt the weight on his body, which made him extremely uncomfortable.

He moved a little, but his body weight was still as steady as Mount Tai!

At this moment, the unlucky Qilin raised its head and struggled to look at the heavy object on its body.

"You, you get up!" The unlucky Qilin said weakly. He felt pain all over his body, which made him very uncomfortable.

"Hmph! If I get up just because you want me to, how embarrassing would that be?" Hearing this, Cang said coldly.

"Wuu ... Then what do you want?" The unlucky Kirin, who couldn't break free, asked with tears in his eyes.

"Didn't you want to see what kind of wolves would dare to eat you? How about I let you take a look?" Azure said indifferently, deliberately opening his mouth.

An unlucky Kirin saw this and shivered before continuing to sob, "No, don't. I was wrong. I shouldn't have said such things! Can you be magnanimous and forgive me?"

He was really scared. The wolf sitting on him was obviously stronger than him. He couldn't handle it! More importantly, he wasn't stupid. Seeing that his clansmen didn't plead on his behalf, he knew that no one could do anything about this Wolf! Since that was the case, it would be fine if he gave in.

"Senior Cang, he already knows his mistake. Please forgive him!" Ice Spirit said.

Wu...Clan leader, help! The unlucky Qilin screamed silently in his heart. He couldn't help but think to himself, 'the clan leader is still the best!' A child with a patriarch was a treasure! However, why did the chief call this Wolf senior?

He was unconscious before, so he didn't know that Ice Spirit had already pleaded for him. The other Qilins didn't say anything because they couldn't do anything. After all, the clan leader called them seniors, so they didn't have the right to speak! More importantly, even if they did plead for mercy, they were afraid that the other party would directly ignore them. Who asked them to not have such a heavy weight!

The word 'weight' was extremely important no matter when and where! They didn't have that kind of status, so they naturally didn't have the right to speak with the high-end big shots.

"It's not impossible for me to forgive him, but let him make his stance clear first!" Cang said directly.

Hearing Jean's statement, the unlucky Qilin was stunned. He thought to himself, "didn't he already state that he was wrong?" Why did he still have to make his stand?

Seeing the question marks on the unlucky Kirin's face, Azure explained, "I'm asking you to state whether you agree to let your family head step down!" "You bastard!" These people would take too much time to do things, so Azure decided to use a quick plan. Of course, this was also the reason why Leng ruoxue had IT Act.

Ugh! The unlucky Kirin didn't expect that Azure wanted him to say this and immediately felt conflicted. This matter ... Was it important whether he agreed or not?

"Hurry up and tell me. If I'm satisfied, I'll let you go." Seeing that the Kirin didn't speak for a long time, blue impatiently urged.

Let it go only after it's satisfied? Then what kind of answer would satisfy it? Thinking of this, the unlucky Qilin was even more conflicted.

At this moment, he really didn't know if he should agree or not, so he could only probe, "That ... I want to know, is my stance very important?"

"It's not important!" Cang said coldly and then added, "But you have to say it."

"..." What's the difference between this and not saying?

The unlucky Qilin silently cursed, then made up his mind and said, "I, I agree to the clan leader's retreat. The clan leader has worked hard for the clan for many years, it's time for you to rest!"

After thinking for a long time, the unlucky Qilin felt that this should be what the threatening senior Wolf wanted to hear the most. After all, they had been discussing this matter before, and they were all against it at that time. It was only after that that Leng ruoxue barged in and he became the first unlucky person to bear the brunt of it!

Sure enough, after he finished speaking, Azure patted the unlucky Qilin's head with its huge claws in satisfaction and said, "Since you're so considerate of your clan leader, I won't make things difficult for you anymore. You can get up now."

After saying that, Azure stood up from a certain unlucky Kirin.

After being pardoned, the unlucky Qilin was so excited that tears welled up in his eyes, and he even showed an expression of "I knew it." However, his expression of having guessed Cang's thoughts caused almost all the Qilin present to glare at him!

Traitor! The traitor of the Qilin race!

The angry Qilin didn't have a good expression towards the unlucky Qilin who betrayed them. Just think about it, they were still very sympathetic towards him, but now, each of them wanted to rush forward and bite him ruthlessly.

The unlucky Qilin also felt the countless angry gazes on his body, which made him involuntarily shrink back behind Azure. Wu ... He didn't want to do this either! He was forced to do so. But now, it was clear that no one would understand his difficulties.

However, Azure was quite interested in the Qilin's interaction and said with a smirk, "What, you don't agree with his idea? Oh! Whoever disapproves can stand out now, or you won't have the chance later!"

What did that mean?

All the Qilins were puzzled!

"Now it's your turn to declare your position!"

F*ck! What did it have to do with them? They didn't even argue with Leng ruoxue? For a moment, Cang's words aroused the anger of the crowd. However, due to Cang's unknown identity as a senior, the Qilin's were very smart and didn't reveal it immediately. However, their eyes were so angry that they were spitting fire, revealing the thoughts in their hearts.

Cang didn't care and continued, "Those who agree to let your family patriarch step down, stand behind me. Those who don't, I'll beat you up until you agree. So, don't hesitate, just say it!"

After saying that, Azure rubbed his fists and made his battle preparations.

At this moment, a certain unlucky Qilin suddenly felt balanced in his heart and didn't feel that he was very unlucky. His clansmen, on the other hand, were deeply depressed.

This was a blatant threat!

Did he want to use violence to force them to agree? At this moment, even Ice Soul felt that Cang's method was simple and crude, but it was also the most effective and direct method!

[Chapter 2800 The Woman Who Orders People Around \(1\)](#)

All of a sudden, Ice Spirit was looking forward to it. Of course, he would never use such a method to force the Qilin's. However, he couldn't stop Azure's thoughts! Besides, Cang was trying to help him. Ice Spirit thought it was better for him to keep quiet. He knew that if Cang wanted to help him, he wouldn't really hurt the Qilin. At most, he would just cause them some physical pain. It was nothing to the Qilin's tough skin. He would just treat it as a way to train their will!

With that thought in mind, Ice Soul shamelessly and calmly sat on the sidelines. Don't blame him for not doing anything! He could only use this method to force the stubborn Qilin's to agree. Therefore, from a certain perspective, he was very grateful and helped them. More importantly, Ice Spirit knew that he only helped because of Xue'er. Otherwise, he wouldn't know who he was! As such, he was even more grateful to Cang!

The intelligent Ice Spirit appreciated Azure's kindness, but the Qilin's that had suddenly turned from a spectator into the main character were not so comfortable in their hearts.

How detestable! It was really too detestable! They had clearly not done anything, nor had they made any noise at Leng ruoxue, so what right did they have to suddenly point the cannons at them? They were innocent, okay? Moreover, whether the Qilin clan agreed to the patriarch's retreat to the second line was an internal matter of the Qilin clan! How could a cat that could turn into a Wolf have the right to point fingers?

So what if you can turn into a Wolf?

They felt extremely indignant, especially when they saw Cang's expression that was waiting to beat them up. They felt deeply depressed. However, the Qilin's were smart enough not to argue with each other. Instead, they all looked at Huo Yue and the Qilin great elder expectantly.

These two could be said to be the absolute main force against the clan leader's retreat to the second line. It was better for them to step forward than for a small Qilin like him to step up. As the Qilin thought of this, their eyes became more and more fiery.

On the other hand, Huo Yue and the first elder of the Qilin clan were deeply depressed. The two of them had lived for so long, but they were not stupid. For the clan leader to address him as senior, he was definitely an old and ancient figure who had not appeared in the world. He was not someone that they, the small-limbed Qilin, could contend with. Now, he had the attitude of wanting to interfere in the Qilin's family matters, and he didn't want it to meddle in other people's business?

This was purely to attract hatred! Not to mention that their words were useless to the other party, even the clan leader's words would not work. Moreover, looking at the clan leader's silent appearance, it was obvious that he would not interfere! This made the two old Qilins even more conflicted.

Clan leader, how can you just stand by and do nothing?

The two of them were speechless and extremely worried!

After a moment of thought, the two of them pulled their thoughts back to Cang. It was impossible to not let them manage. They would manage it by force, but if they agreed to let them interfere with the internal affairs of the Qilin clan, they would feel very unbalanced in their hearts.

For a moment, the two Qilins' hearts were in a mess.

No matter how they thought about it, the two of them didn't feel good!

At this moment, Leng ruoxue, who could see through their internal conflict, smiled and said, "Everyone, the Qilin clan's patriarch's retreat has nothing to do with me, so I shouldn't have asked about it. However, you've made too many complicated decisions. You've even threatened me with crying, making a scene, and hanging yourself. I can't just not ask about this. I don't want any lives to be lost here! So, I hope you can understand my feelings!"

Understand, your head! They wouldn't really seek death! After listening to Leng ruoxue's words, the Qilin silently cursed.

Leng ruoxue naturally did not care about how they felt. After a pause, she continued, "As the master of Demon City, how can I watch as a Beastie seeks death in my home? Of course, if you don't want me to

interfere, then please leave and return to your own territory. My hands definitely won't stretch that far, so please rest assured!"

"Besides, it's normal for the old to replace the new in any family or organization. Why is it that only your Qilin clan is so conflicted when you encounter such a thing? Do you want to rely on senior ice soul's protection forever and not make any progress?"

"I don't think so? When senior ice soul was unconscious for tens of thousands of years, the Qilin clan didn't collapse without him! On the contrary, the Qilin race was unusually United. So now, senior ice soul still wants to continue the normal operations of the Qilin clan while he was unconscious. Why are you all so desperate as if you're about to be abandoned? Isn't this too pretentious?"

"You have to know that the world will still spin without anyone, even the Qilin race! The Qilin clan didn't have senior ice soul as the clan leader, but there would be another outstanding clan leader! Isn't this a good opportunity for you all to show off your abilities? Besides, it's not like senior ice soul doesn't care about the Qilin clan at all. He also said that if something happens to the Qilin clan, he will still support you. Isn't that enough?" Leng ruoxue went on and on, not caring about how ugly the Qilin's expression was. After she was done, she turned her beautiful eyes to Huo Yue, who was on the verge of tears.

"Fire Yue, although you're sometimes stupid, I don't think you'll grow up to be like senior ice soul, the great Qilin clan leader that everyone in the divinity respects. However, this has nothing to do with me. I don't care if you want to be the clan leader or not. But in my family, you only have two choices. You can either reject or accept!" Leng ruoxue's attitude was unyielding.

"I, I won't accept it!" Huo Yue's face turned red with anger when he heard this.

"Very good! I like your straightforward attitude. " Leng ruoxue complimented it, then turned to look at Azure and said, ""Cang, the fire Yue has already expressed its attitude. Now it's your turn!"

"No problem!" Cang smiled as he walked closer to the fire Yue.

"W-what do you want to do?" Huo Yue looked at the huge snow-white Wolf that was slowly approaching. His body, which was trembling non-stop due to Leng ruoxue's anger, shook even more violently!

This was really going too far!

Huo Yue was extremely indignant. He was so angry that he didn't know how to react.

When Cang heard Huo Yue's words, his smile became even more evil, ""I just want to beat you up until you accept it!"

"Even if you beat me to death, I won't accept it!" Huo Yue suddenly said firmly.

"Oh, really? I hope you have a backbone as you think. " Azure said with anticipation. Then, he took out a handful of colorful pills and used his claws to pry open Huo Yue's mouth, throwing the pills in his claws in.

The elixir melted in his mouth and Huo Yue didn't even have time to spit it out. The liquid elixir flowed down his throat and into his stomach.

Coughing violently, Huo Yue glared at Cang and said, "Damn it, what did you make me eat?"
