

Crazy Wife 2811

[Chapter 2811 I Won't Take It, Alright?\(3\)](#)

Especially after hearing about this, the elders who originally had some respect for vice Alliance master Hong immediately glared at him and caused trouble.

"Vice Alliance leader Hong, you have to give us an explanation." An elder said angrily.

"What explanation do you want to hear from me? We can't even be sure of the truth of this matter! Do you want me to explain? Don't just make things up based on hearsay. You're just going with whatever he says, alright? You guys watched jiaoyue grow up. Don't you know what kind of child she is?" Deputy Alliance master Hong pretended to be angry when he was questioned.

"Vice Alliance leader Hong, are you going to say that I'm talking nonsense?" After hearing his words, the other vice Alliance master beside him asked in a slightly displeased manner.

"Deputy Alliance leader Yan, you've misunderstood. How could I say that you're talking nonsense? Didn't you also hear it from others?" Vice Alliance master Hong said.

"Yes, Deputy Alliance master Yan. Deputy Alliance master Hong isn't talking about you. He's talking about me!" Hearing this, mu duo smiled and said.

"I'm not talking about you, Alliance master mu. However, I have a few questions that I need you to explain to us." Vice Alliance leader Hong quickly said.

"Please ask." Mu duo said very boldly.

"As far as I know, this matter was reported by cui Hua, right?" Vice Alliance leader Hong asked.

"That's right." Mu duo nodded.

"If that's the case, then I want to know, if jiaoyue really did offend Leng ruoxue as cuihua said, why is it that only my jiaoyue and Hong village were detained, while your cuihua is safe and sound? Didn't they go to Demon City together?" Vice Alliance leader Hong's face was filled with a cold smile. His question had obviously led some of the elders' thoughts astray, making them doubt the truth of the matter.

However, mu duo calmly asked, "Do you want cui Hua to be detained with Jiao Yue and Hong village?"

"Uh! Why would I think that way!" Vice Alliance leader Hong immediately denied it.

"It's best if you don't." Mu duo smiled and said, "it's just as you said. We watched Jiao Yue grow up. So, I'm not surprised that she would say something like that!" Everyone, think carefully, hasn't Jiao Yue always been arrogant and despotic in our League? She even bullied our family's cuihua a lot, sometimes in front of me, her grandfather. And our Mu family was magnanimous enough not to argue with the Hong family, this is something everyone knows, right? But now, jiaoyue is bullying Leng ruoxue. Do you think she will let jiaoyue go like our Mu family?"

After mu duo finished asking, he stopped to see the reaction of everyone present. When he saw that most of the elders nodded in agreement, he continued, "As everyone knows, Leng ruoxue is someone who can clearly distinguish between gratitude and grudges and will definitely take revenge! It was

jiaoyue and Hong village who offended her, and it had nothing to do with my cuihua, so she naturally wouldn't make things difficult for her. And in order to return to the Alliance to report, cui Hua can't stay in Demon City to accompany Jiao Yue and Hong village!"

"Of course, if you want to blame cuihua for being disloyal just because she didn't go through the same trouble, then I have nothing to say. In short, I understand my granddaughter. She wouldn't make up some boring lies to frame jiaoyue and Hong village. However, there's no proof for this, so I've decided to take you to Demon City to figure out this matter and solve it. You don't have any objections, right?" After mu duo finished speaking, he raised his eyes and swept them over the crowd. Seeing that no one spoke, he took it that the other party had tacitly agreed.

At this moment, vice Alliance master Hong, who was shocked by mu duo's words, finally reacted and stopped him. "Alliance master, how could you make such a decision? Leng ruoxue is just a silly little girl, how could she be worthy of such a large number of people?"

"Do you have a better idea?" After hearing Deputy Alliance master Hong's words, mu duo asked in return with a sincere expression.

"Uh!" Vice Alliance master Hong was a bit listless. If he had a good plan, he would have gone to Demon City to rescue Jiao Yue and Hong village. Why would he still be sitting here?

"Since there isn't, then we have no choice but to make a trip down personally. Also, please remember that Leng ruoxue is no ordinary little girl! She's master Yu's disciple!" Mu duo cautiously reminded.

Just like that, under mu duo's gentle and strong influence, almost all the members of the dark family Alliance were mobilized and headed towards Demon City in a grandiose manner.

This time, Madam Miao naturally followed along.

While the dark family Alliance was on their way to Demon City, Leng ruoxue had already received the report from the silver rats. They said that an unknown force was heading in their direction, and they even asked if they should attack them!

When Leng ruoxue and the others heard the question of whether to snipe, they were all speechless. No one could understand why the silver rats, who had always been mild-tempered and timid, would suddenly become so violent.

However, it was obvious that the violence of the silver rats was not without traces! In fact, ever since Jiao Yue had announced that she wanted to take them under her wing, the silver rats had become somewhat abnormal. Aside from working even harder every day to report all kinds of news, any stranger who stepped into Demon city's territory would be regarded as an enemy by the silver rats, who were on guard against a great enemy.

In the words of the silver Rat King, damn it! If you want to take them in, you'll never be able to return!

However, very few people had set foot in Demon city's vicinity in the past few days, so all the silver rats were holding back their anger! Now that they finally had a stranger, of course, they would not let him go.

When she saw the silver rats looking at her expectantly, Leng ruoxue was instantly overwhelmed with cuteness. Then, she could not bear to refuse the requests of the silver rats, so she only said "do as you see fit" and then the silver Rat King left with a group of subordinates, cheering and jubilantly.

"Xue 'er, those strangers are most likely from the Dark Clan Alliance." Uncle long couldn't help but remind them after the silver rats left.

"Yes, it's possible. However, who they are has nothing to do with me. I just want these little guys to be happy." Leng ruoxue laughed evilly.

Al! Uncle long sighed helplessly. What else could he say to a master who had no principles for his pet? The only thing he could do was to pray that the people of the Dark family Alliance wouldn't be tortured too badly. Otherwise, he would be cursed again when he saw his old friends.

Uncle Long's idea was good, but he was still shocked when he saw the people from the dark family Alliance a few days later.

Because the other party's situation was too horrible to look at!

Not to mention his injuries, and the tattered clothes on his body, but why did these people in front of him look like they had seen their family?

Uncle long couldn't figure it out no matter how much he thought about it. Meanwhile, the people of the Dark family Alliance led by mu duo burst into tears when they saw uncle long and the others. They didn't even say anything.

Instantly, Leng ruoxue's group fell silent.

Poor thing! Why did he end up like this?

Most of these people were not seriously injured, but their injuries were all on their faces. The claw marks were so obvious that it was hard not to notice them. What's more, the scars on some people's faces were like a landscape painting. If he took a closer look, the injuries on these guys could definitely be pieced together to form a map.

As they looked at the familiar map, Leng ruoxue and the rest suddenly understood. Wasn't this the map of the God World? He really didn't know who had come up with such a creative idea.

At this moment, someone couldn't hold back and laughed out loud. With someone taking the lead, the crowd couldn't hold back their laughter.

Hearing the other party's carefree laughter, mu duo and the others felt their faces burning!

Sob ... They were so embarrassed that they had lost all their face! However, they truly did not understand why Demon city's beasts had suddenly gone crazy and attacked them in unison.

It was said that the beasts here had already submitted to Leng ruoxue, right?

Thinking of this, Deputy Alliance master Hong immediately questioned, ""Leng ruoxue, you were the one who ordered those Beastie to go crazy, right?"

"What did I order them to do?" Hearing this, Leng ruoxue raised her brows and asked, feeling speechless.

"You let those reserved creatures attack us!" Deputy Alliance leader Hong roared. Originally, he was already somewhat repulsed by coming here. Now that he was forced to come and was treated like this, how could he bear it?

"What a joke! Did I know you were here?" Leng ruoxue laughed coldly.

"That's right, you didn't even inform us before you came. Moreover, our Demon city's beasts have always been docile and don't hurt people. Who knows if you guys angered them, so they attacked you?" Dongfang Lin chimed in with a smile, but his handsome face was still filled with confusion.

"Miss Leng, we really didn't anger those Beastie." Mu duo explained when he heard the other party say this.

"Then how could they attack you?" Leng ruoxue was still confused.

"I can tell you this." Suddenly, an angry voice sounded in everyone's ears. Then, an ice-blue puppy-like Beastie appeared in the air.

On the head of this little dog, there was a snowy white kitten that looked like Lai Yangyang. The kitten yawned and glanced at mu duo and the others indifferently before turning its face away.

Seeing this combination, mu duo was a little puzzled at first, but then his eyes widened and he looked at the ice-blue puppy in disbelief.

Isn't this a Qilin Cub? How did it appear in Demon City? According to what mu duo knew, the Qilin clan had always been very strict with the protection of their young and would not allow their young to wander outside. So how could he explain this one?

Mu duo recognized Bing Yi's identity as a Qilin, but it was a pity that not everyone had eyes as sharp as his. At least, vice Alliance master Hong didn't recognize him. Not only did he not recognize him, but he also glared at Bing Yi with a face full of anger and roared, "You detestable little qiansheng, I must kill you and eat your meat today!"

He still had a deep memory of this dog because most of the injuries on his body were caused by the dog in front of him. If he didn't kill this dog, it would be hard to dispel the hatred in his heart!

[Chapter 2812 What Should They Do?\(1\)](#)

Kill them ... And eat them!

Hearing this, mu duo was drenched in cold sweat and his face turned pale with fear!

At this moment, he suddenly had the same feeling as cui Hua, which was that he regretted bringing Deputy Alliance master Hong here. This guy was too good at drawing hatred! He actually wanted to eat the Qilin Cub!

F * ck! Was that even edible? If you dare to eat them, they will dare to exterminate your entire family tomorrow! Mu duo cursed in his heart in anger. He really wished he had never known that idiot!

However, this was obviously impossible. Hence, his only hope was that Leng ruoxue and the rest would not implicate the innocent.

But what he didn't know was that Jiao Yue had also said the same thing, so the former Qilin clan leader, Bing po, had been suppressing his anger for a long time! And obviously, Jiao Yue was not enough to vent the hatred in his heart.

It could also be said that ice soul was waiting for the unlucky guy to come to her!

However, when Bing Yao heard that someone was going to eat him, he didn't get angry. Instead, he grinned and provoked, "You want to eat me? Come on! If you don't eat me, you'll be the one I raised! Your whole family is!"

"Detestable! Little qiansheng, I won't let you off!" Hearing that, vice Alliance leader Hong was immediately infuriated. He wanted to charge forward and beat Bing Yao up, but Bing Yao didn't Dodge at all. Instead, she floated in the air calmly.

Seeing this, mu duo hurriedly stopped vice Alliance master Hong, who had already lost his mind in anger. However, vice Alliance master Hong didn't know that the other party was doing this for his own good. He actually shouted at mu duo, "Mu duo, you useless fellow. Our dark family Alliance is being bullied. It's fine if you don't help, but you actually want to stop me? Let me tell you, you might be afraid of Leng ruoxue, but I'm not. Today, I'm going to teach this little qiansheng a good lesson!"

The extremely furious vice Alliance master Hong was not even willing to maintain the respect he had for mu duo on the surface. When mu duo saw that his good intentions were taken for granted, he immediately let go of his hand. Forget it, the other party can do whatever they want! He couldn't be bothered.

In fact, if it wasn't for the fact that he was afraid of angering the Qilin clan behind this little Qilin and causing the entire dark family Alliance to be angry, he wouldn't even care about what the other party did! And now, she didn't appreciate his good intentions. Since that was the case, why should he be a good person in vain?

After mu duo released his hand, vice Alliance master Hong was stunned at first, then he became even more furious. He couldn't help but curse in his heart. F * ck! He really didn't care! In fact, he just wanted to provoke mu duo. Who would have thought that he really didn't intend to intervene! What should he do now?

Vice Alliance master Hong, who was a little dumbfounded and in a difficult position, was unwilling to admit that he had no way to deal with Leng ruoxue and the others without mu duo. Hence, he threw caution to the wind and glared at mu duo. Then, he shouted at the people of the Dark Clan Alliance, "Everyone, as a member of the dark Association, we have always taken revenge. Therefore, we can't let an outsider bully us. Everyone, follow me! Let's show them our power!"

After being incited by vice Alliance master Hong like this, there were really a few brainless fools who wanted to join in the jeering. Seeing this, mu duo made a prompt decision and said, "Whoever dares to act rashly will no longer be a member of our dark family Alliance!"

As soon as he said that, the Restless people in the dark family Alliance calmed down immediately. No longer a member of the dark family Alliance meant that they would no longer be protected by the Alliance. This was a fatal blow to any family that had as many enemies as the stars in the sky. With that, no one dared to cause a scene with vice Alliance master Hong anymore.

Seeing this, vice Alliance master Hong immediately said anxiously, ""Don't listen to him. He doesn't dare to drive you out. You should know that our family's ancestor is still alive! It's not mu duo's turn to call the shots in the Alliance of the dark families!"

Once again, he incited such a move, and some people really wavered. However, those who were wavering weren't stupid. They didn't blindly listen to vice Alliance leader Hong. Instead, they began to observe.

At this time, another vice Alliance master also said, ""Elders of the Yan clan, listen up. You are not allowed to blindly interfere with vice Alliance master Hong's Affairs. Otherwise, don't blame me for turning my back on you!"

Although the Vice Alliance leader's words were directed at the elders of the Yan clan, there was no lack of warning in his words. He wanted to let all the elders know that he shared the same opinion as the alliance leader!

With his statement, some of the wavering people were even more conflicted. Should they fight or not?

"You guys, are you all that afraid of Leng ruoxue? You've disgraced our dark family Alliance!" Seeing Deputy Alliance master Yan and mu duo standing together, Deputy Alliance master Hong gritted his teeth in hatred and angrily rebuked.

However, neither of them paid any attention to Deputy Alliance leader Hong's words. They looked up at the sky, obviously treating his accusation as air.

Leng ruoxue, who had been innocently shot, saw that the atmosphere was a little stiff. She smiled and asked, ""Do you want to fight me, or do you want to teach Bing Yao a lesson?"

"Uh! Of course, it's to teach this little reserved life a lesson!" Deputy Alliance master Hong was stunned for a moment before he said.

"If that's the case, why do you keep mentioning me? If you continue like this, I'll take it as a provocation!" As Leng ruoxue spoke, she suddenly put on a straight face and said to vice Alliance leader Hong in a serious manner.

"..." Vice Alliance master Hong did not know what to say. He wanted to test Leng ruoxue's limits too!

Recently, the outside world had been talking about Leng ruoxue like she was a God, so he had long wanted to meet her. He didn't believe that a woman could really have such great abilities!

In his opinion, she was a woman! It's better to give birth at home and not come out in public! If all women were so strong, what was the point of having men?

It had to be said that vice Alliance master Hong was a standard male chauvinist. Therefore, he looked down on women who were fiercer than men.

At the thought of this, for some reason, Deputy Alliance master Hong spoke out his true thoughts.

"I won't provoke a woman. In my opinion, women should only stay at home and give birth to children!" Vice Alliance leader Hong said arrogantly.

"Give birth to a child?" Leng ruoxue's beautiful eyes sized up the middle-aged man with a smile that was not a smile. She then asked, "If it's really as you said, that women should only stay at home to give birth, then why did you let Jiao Yue out?"

She had already heard about this person's relationship with Jiao Yue from Cang, so she wanted to hear his opinion. Vice Alliance master Hong didn't expect the other party to ask such a question, and he was at a loss for words.

"Jiao Yue is no ordinary woman!" After holding it in for a long time, vice Alliance master Hong finally said this.

Hearing this, Leng ruoxue couldn't help but laugh. With a mocking expression, she said, "She's quite unusual, because she wants to eat ice cream just like you!"

"You're indeed my granddaughter, thinking the same thing as me. It's better to keep this little reserve to eat meat, in case it causes trouble everywhere!" Vice Alliance leader Hong said proudly.

[Chapter 2813 What Should They Do?\(2\)](#)

He was proud, but mu duo and Deputy Chief Yan, who had already received mu duo's voice transmission, had ashen faces. This, this was the rhythm of courting death! And it was the dead kind! All He was beyond saving! So, they had better stay away from this idiot!

At the same time, the two of them quietly put some distance between them and vice Alliance master Hong and stood to the side without making a sound. During this time, when they saw Leng ruoxue's gaze, the two of them even smiled at each other in an attempt to please her.

"Did I cause trouble?" Hearing the other slandering her, Bing Yao unhappily ran to Leng RUO and asked.

"No, I didn't!" Leng ruoxue said as she stroked Bing Yao's fur.

"But he and that stupid woman both want to eat me." The Ice Dragon felt wronged. Since it didn't take the initiative to cause trouble, why did someone want to provoke it? Did he really think that it was easy to bully?

"Let him eat! If he doesn't eat you, then you eat him!" Leng ruoxue kindly suggested.

"Good idea!" Bing Yao said happily. Then, he sized up vice Alliance master Hong as if he was looking at his prey, even giving a few comments from time to time. For example, a certain part was too thin, a certain part was not well proportioned, and so on.

Vice Alliance master Hong was infuriated by Bing Yao's criticism. In his rage, he charged towards Bing Yao and Leng ruoxue without thinking ...

However, even though they didn't know who vice Alliance leader Hong's target was, the man and beast weren't afraid of anyone. Just as vice Alliance leader Hong was about to approach, Bing Yao shouted at the top of her lungs, "Father! Someone is going to eat your son! Quickly come and save me!"

Leng ruoxue's mind was in a mess when she heard this.

It's really different now that you have someone backing you! She was envious and jealous! But who should she call for?

"Uncle long, Godfather, help!" After some thought, Leng ruoxue also pretended to shout loudly.

Hearing this, uncle long and master ning were both speechless, but neither of them moved. Seeing this, Leng ruoxue could only continue to plead, "Dongfang Yue, Dongfang Lin, help!"

When the two brothers from the Dongfang family heard Leng ruoxue's cry for help, they shot her a look of disdain in unison. Then, they similarly ignored her.

At that moment, Leng ruoxue was filled with sorrow!

How could these unloyal guys leave him to die?

Just as Leng ruoxue was complaining and hiding her grievances, a blue figure descended from the sky like a celestial being and hugged Bing Yao. Then, an unparalleled pressure attacked Deputy Alliance master Hong, forcing him to take dozens of steps back. He even spat out a mouthful of blood.

"You dare to eat my son? you're really looking for death!" Ice soul said angrily.

"W-Who are you?" "What's going on?" vice Alliance master Hong asked in disbelief.

This person was so strong! He was definitely not someone he could deal with! For a moment, vice Alliance master Hong deeply regretted his actions. Why did he act so rashly? This was great, he had kicked a big iron plate.

"Are you deaf? Didn't I just say that you dared to eat my son? are you looking for death?" Ice Spirit glanced at vice Alliance master Hong indifferently as if he was looking at a dead man.

"This ... This little dog is your son?" Vice Alliance master Hong didn't expect the puppy's father to be so powerful. This didn't make sense!

Vice Alliance master Hong couldn't understand it no matter how hard he thought, but mu duo and vice Alliance master Yan knew that Bing Yao wasn't a dog!

Al! Mu duo sighed again and again. He knew it! How could the Qilin clan allow the little Qilin to live outside? so it had a father to accompany it!

At this moment, several more figures appeared, and the man in the lead roared angrily, "F * ck! Who dares to bully my Little Prince?"

Little Prince? Who was it?

Mu duo and the others were all stunned, but very quickly, mu duo, who knew Bing Jie's identity, immediately reacted.

Your sister! This Qilin was actually a Prince of the Qilin race! Then its father was the Qilin clan leader ...

Thinking of this, mu duo's face turned even paler.

However, since the matter had already been stirred up, it was not realistic for him to say that he did not know Deputy Alliance master Hong. More importantly, if he said that he did not know that idiot, it would be a wonder if they would believe him!

After thinking for a while, mu duo bowed to ice soul and said, "Senior, vice Alliance leader Hong has offended you. I hope you won't vent your anger on the dark family Alliance."

"You ... Are you ordering me?" Ice Spirit narrowed his eyes and asked in a cold voice. He understood what the other party meant, but he had to pretend to be confused.

Obviously, mu duo was frightened by Ice Spirit's words. After his heart trembled, mu duo quickly said, "Senior, how could I dare to order you? However, vice Alliance master Hong's actions are personal and we, the dark family Alliance, do not approve of it. So, I hope that senior can forgive the people of the Dark family Alliance. After all, they are innocent!"

"I don't care if they're innocent or not, but if they want to eat my son, I won't be polite!" Ice Spirit said unhappily.

"You bastard!" He had finally found his son, and he didn't even dote on him enough, yet someone still wanted to eat him? If he really let these people go, what prestige would he have in the future?

Seeing that Ice Spirit was not so easy to talk to, mu duo was quite conflicted. Al! The two of them were not on the same level, and he felt rather powerless!

The depressed mu duo suddenly thought of Leng ruoxue and turned his pleading gaze to her. It was a pity that Leng ruoxue was currently in a state of sorrow. Even if she had seen the other party's cry for help, it was hard to say if she would care.

But now, she was obviously not in the mood for that.

Al! It's good to have a backer! Leng ruoxue sighed. Her resentful eyes would drift from time to time to uncle long and the rest. At this moment, she missed the evildoer. If the evildoer was here, he wouldn't be like uncle long and Godfather who didn't give her face!

Faced with Leng ruoxue's silent accusation, uncle long and the others felt as if there was a dagger on their backs!

Ugh! Do you have to do this! I just didn't play along with you! He was actually looking at them with hidden bitterness, making them feel as if they had done something evil!

Dongfang Yue, who was the first to lose his patience, felt that it was time for him to do something. Therefore, he directly rushed to the front of vice Alliance master Hong, grabbed him by the collar, and roared, "You bastard! You dare to bully our Xue 'er, you little brat, are you tired of living?" The most important thing was that he had caused them to be looked at so resentfully. This was an unforgivable crime!

Then, Dongfang Yue's fists rained down on vice Alliance master Hong.

Everyone was stunned by Dongfang Yue's sudden madness. Bing po said helplessly, "Dongfang Yue, you've stolen my limelight."

"I'll return it to you later. " Dongfang Yue forced a smile before turning to Leng ruoxue in a fawning manner. "Xue 'er, I've avenged you. Are you feeling better now?"

"I'm feeling better," Leng ruoxue said helplessly. It seemed like her resentment had successfully forced the normal Dongfang Yue to become abnormal!

"That's good. " Dongfang Yue was relieved. Then, he stuffed the dumbfounded vice Alliance master Hong into ice soul's hands and said, "I'll return it to you. You can deal with it slowly!"

[Chapter 2814 What Should They Do?\(3\)](#)

"Since that's the case, I won't be polite." Ice Spirit said with a smile.

"You're welcome. Among these people, whoever you like, just take it. We have no objections. " Dongfang Yue pointed at mu duo and the rest maliciously and said to ice soul as if there was no one else around.

Listening to the two of them seemingly distributing who they belonged to, mu duo and the others were extremely depressed.

That ... You guys may not have any objections, but they do! He had quite a lot of opinions!

"Miss Leng, we are here to solve the problem." After some thought, mu duo spoke to Leng ruoxue.

"Are you sure?" Leng ruoxue blinked her beautiful eyes, clearly not believing his words.

Mu duo was depressed. He thought in his heart, what's there to be uncertain about!

"I thought you came in a group to eat ice Chi!" Leng ruoxue laughed evilly. It was obvious that she had touched a sore spot. Her words had successfully angered ice soul, the old Qilin who had been promoted to a father of twenty-four filial piety.

Feeling the incomparably heavy pressure beside him, mu duo really wanted to cry.

Miss Leng, can you not be like this?

They were here to solve the problem, not to eat the Kirin!

One had to know that even if he was given a hundred guts, he would not dare to eat a Qilin!

Unfortunately, Leng ruoxue did not want to give him a chance to explain. She only said to ice soul, "Senior, you can take away those who want to eat ice Chi! Leave the rest to me. "

"Alright!" Ice Spirit replied happily. The two of them had finished splitting the loot.

As for the people of the Dark family Alliance, they didn't know what to think. In the end, no one knew how Ice Spirit picked, but he actually picked all the people from the Hong family.

The rest of the people stared at Leng ruoxue and the others, but at the same time, they were rejoicing in their hearts. It was a good thing he didn't go crazy with vice Alliance master Hong! Otherwise, they would have been one of the people who had been taken away.

That was close! That was really close!

Although only mu duo and Deputy Alliance master Yan knew about Bing Jie and his son's identity, it didn't affect their fear of Bing po. On the contrary, they weren't that afraid of Leng ruoxue.

This was also largely due to Leng ruoxue not displaying her true strength, and the fact that Leng ruoxue didn't seem to mind at all. The people who were left behind heaved a sigh of relief and made an inviting gesture with a smile. Following that, the remaining members of the Dark Clan Alliance were all led to the living room.

As soon as they sat down, they heard a shrill scream. Immediately, the faces of the dark association's members turned pale, and their timid bodies began to tremble.

This ... This voice belonged to vice Alliance master Hong! Why was he screaming so miserably? They didn't even dare to imagine what kind of treatment vice Alliance master Hong had received, and no one dared to stand up for him.

Leng ruoxue observed the sudden change in the expressions of the people from the dark Alliance. She smiled evilly and comforted them, "Everyone, don't be nervous. It'll be fine! As long as you don't have any ideas about Bing Yao, I will ensure your safety. Of course, the premise is that you don't provoke me. Otherwise, no one can protect you. In addition, the sound insulation here is not very good, so please be understanding and bear with it!"

Endure? Can you endure it? They couldn't pretend not to hear the screams even if they wanted to! Furthermore, they understood Leng ruoxue's words. She was warning them to behave themselves and not to resist!

In reality, even if Leng ruoxue didn't say so, the members of the dark Association who had witnessed Ice Spirit's strength didn't have the slightest intention of going against her. Right now, they only wanted to leave this place as soon as possible.

Sob ... This place was too scary. They wanted to go home!

Originally, they had come here personally for Jiao Yue and Hong village, but now that vice Alliance master Hong had fallen into their trap again due to a moment of impulse, it was obvious that they had no intention of returning her to them. More importantly, they didn't dare to ask Leng ruoxue for her. Otherwise, if they angered her, they might not be able to leave Demon City alive.

With this thought in mind, an elder stood up immediately. He didn't care about the presence of mu duo and Deputy Alliance master Yan and said directly, "Miss Leng, we're here for jiaoyue and Hong village, but now that vice Alliance master Hong is gone, I don't think we need to stand up for them anymore. Let the Hong family solve their own problems. Our Alliance won't participate in this. So, may we leave now?"

He didn't want to stay here any longer!

"Leave? Wasn't the purpose of your Alliance to help each other? Now that vice Alliance leader Hong's family is in trouble, you want to stay out of it? is that okay?" Hearing this, Leng ruoxue asked with a faint smile.

"Uh! Although the aim of our dark family Alliance is for the families to help each other, there's a premise. We have to be reasonable! It's obvious that vice Alliance leader Hong and the others are at fault in this matter, so we can't help them. " After thinking for a moment, the elder said in a righteous manner. His words resonated with all the elders present.

Seeing the elders of the Dark Clan Alliance nodding their heads, Leng ruoxue smiled and asked, ""If I'm not mistaken, the meaning of your dark family Alliance is that there's someone to blame, and there's someone to blame for the debt. Whoever offends us, we'll look for them, right?"

"That's right!" The elder nodded with all his might.

"I understand." Leng ruoxue understood. She then looked at uncle long and the rest and asked, ""Uncle long, Godfather, what do you think?"

"You wish! If the dark family Alliance wants to stay out of this, they'll have to see if we agree. After all, Princess jiaoyue and the others represent the dark family Alliance. If it wasn't for your dark family Alliance's name, we wouldn't have let them in!" Hearing Leng ruoxue's question, master ning was enraged.

Then, he glanced at mu duo and added, ""By the way, I'll tell you guys something. Back then, Princess jiaoyue said that after she took over Demon City, she wanted me and uncle long to guard the gate for her!"

"....."

Mu duo and the others were silent.

No one knew uncle long, but who didn't know master ning?

You actually want the head of the ning family, the leader of the eight divine regions, to guard your door? is your door guard that precious? These words, no one present dared to even think about it, but Jiao Yue had actually said it!

Damn it! Who gave you the guts?

For a moment, the silent dark family Alliance members were all furious. In fact, they didn't know the details of master ning's words. Now that they heard it with their own ears, they were shocked.

"This, this ..." Mu duo stammered for a long time and still couldn't say a complete sentence. The cold sweat in his heart was even more dripping down. It seemed that this matter was not going to be resolved peacefully.

"Don't say that. Your jiaoyue also said that senior ice soul and the others should serve her well. If they serve her well, she will be rewarded!" Uncle long also laughed evilly.

Jiaoyue ... Wasn't from their family, okay?

Mu duo, who couldn't say anything, felt wronged and the expression on his face dimmed a little.

Today, he was afraid that he would be in deep trouble.

Mu duo, who was particularly uneasy, no longer wanted to defend himself. He felt that no matter what he said, he would not be able to appease the other party's anger. In that case, why should he make a meaningless struggle?

Mu duo, who had given up on resisting, immediately became listless. He lowered his head in dejection and didn't say a word. The people of the Dark Alliance were at a loss when they saw this.

Wuwu...What should they do?

The members of the dark Alliance, led by mu duo, were all at a loss. At this time, painful howls continued to enter their ears, scaring them even more.

Leng ruoxue knew that it was not a good idea to continue like this.

Her! Leng ruoxue couldn't stand people looking like they were on the verge of death. She didn't feel any sense of accomplishment when dealing with such an opponent. Thus, in her frustration, Leng ruoxue waved her hand and said to mu duo and the rest in disdain, as if she was chasing away flies, "All of you can leave! I'll send someone to pay for our emotional damage later. "

Hearing the heavenly Amnesty, the people from the dark family Alliance were so excited that they did not even bother to ask Leng ruoxue about the mental damage compensation. They ran out of the room without any hesitation ...

Until they returned to the dark family Alliance, mu duo and the others still felt that everything was particularly unreal. That ... Could it be that they had a dream before?

When they saw the list of compensation that Leng ruoxue had sent their Beastie to deliver to them, mu duo and the rest suddenly realized that they were not dreaming. All of this was real! The dark family Alliance was also going to pay a huge price for the Hong family.

Sob ... Looking at the mental damage compensation on the list, mu duo and Deputy Alliance master Yan were extremely sad.

Mu duo felt even more remorseful.

Originally, he had agreed with Deputy Alliance master Hong's suggestion to let jiaoyue and Hong cun accompany cuihua to Demon City. He had also intended to use Leng ruoxue to get rid of the Hong family. But now, he felt that he had shot himself in the foot by acting on his own initiative. Because he had also paid the price for it.

This price was enough to make his heart ache.

"Alliance master, what should we do now?" Vice Alliance leader Yan asked, slightly flustered.

"What else can we do? compensate!" Mu duo helplessly sighed.

"But some of the elders in the Alliance won't agree." Deputy Alliance master Yan reminded.

"Is this up to them?" Mu duo raised his eyebrows and said.

"Uh! We can't let them do as they please. " Vice Alliance leader Yan said dejectedly.

After that, the two of them passed down their opinions, and as expected, it caused a commotion among the elders.

Immediately, an elder went to find mu duo and Deputy Alliance master Yan, clearly expressing that their families wouldn't compensate a single cent for the Hong family's matter. They would go to whoever caused this trouble and wouldn't implicate the innocent!

[Chapter 2815 I Have A Father \(1\)](#)

The clear attitude of some of the elders made mu duo quite worried.

In fact, he also wanted to say this to the Hong family, but he was the alliance leader. If these words were to be spread, the Hong family would definitely make up stories about him! In addition, it was also possible that some families that were close to the Hong family would feel that he was not being honest as the Alliance master.

One must know that when he told Leng ruoxue that what vice Alliance master Hong did was his own doing and had nothing to do with the dark family Alliance, it had already made some elders unhappy. Therefore, he must not say this again.

But if he didn't say it, he wouldn't be able to explain it to the family that was strongly against the Alliance paying for vice Alliance master Hong's actions! What was this good?

Mu duo was extremely conflicted in his heart. As mu duo's loyal subordinate, although Deputy Alliance master Yan was well aware of mu duo's dilemma, he didn't know how to help the Alliance master get out of her current predicament.

At this moment, the two biggest leaders of the dark family Alliance became silent.

The two of them locked themselves in the room, deep in thought.

Suddenly, there was the sound of hurried footsteps outside the door, and then someone shouted, ""Alliance master, vice Alliance master, bad news!"

"What's wrong?" Upon hearing this, the two of them immediately opened the door and looked at the guard who was panting heavily at the door.

"The elders are fighting with the Hong family!" Before he could stand still, the guard, who was sweating profusely, hurriedly said.

"They started fighting?" The two of them looked at each other and then calmed down.

It's good to fight! The two of them were worried about how to explain this to the Hong family! Now that there was an elder fighting with the Hong family, it saved them the trouble of talking!

More importantly, the two of them were not in a hurry to go out and settle the dispute. Instead, they pulled the guard over and asked about his well-being, which scared the guard so much that he was at a loss.

In the end, the two of them consoled the guard and told him to go back to his room to rest. Then, with a bang, they closed the door in front of the guard.

The guard looked at this scene in a daze for a long time before he turned around and left.

In the room.

Deputy Alliance master Yan looked at mu duo, who was much calmer than him, and the admiration in his heart was like a surging River, endless! He even felt that she was worthy of being the Alliance master! He was even calmer in such a situation.

"Alliance master, when are we going out to settle the Hong family and the elders' matter?" Deputy Alliance master Yan was not as calm as mu duo, so he asked curiously.

"What's the hurry? let them fight to their heart's content first." Mu duo laughed evilly.

"Then what if someone is too heavy-handed and can't clean up after the death?" Vice Alliance leader Yan said worriedly.

"We can't rule out that possibility, but even so, we have to stay calm." Mu duo touched his chin and said after thinking for a while.

"Uh!" Vice Alliance leader Yan was depressed. How could he remain calm when he knew that this was a possibility? However, the truth was that this Alliance master mu duo was indeed unnaturally calm.

When the two of them felt that it was about time and went out to settle the conflict, Deputy Alliance master Yan was surprised to find that the matter was not as serious as he had thought. Or it could be said that the Hong family's combat power was too weak, and they were subdued by the family of the elders in a few moves.

Faced with the possibility of a one-sided battle, Deputy Alliance leader Yan didn't know what to do. It was definitely impossible to side with the Hong family, but it didn't seem right to side with the elders either. After some thought, he decided to wait and see!

In any case, he thought that he was not the Alliance master and did not need to rush to stand out. However, it was not so easy for mu duo to be a bystander.

However, it was a good thing that mu duo didn't intend to back down. Therefore, after seeing the scene in front of him, he immediately pulled a long face and angrily said, "Can someone explain to me what's going on?"

"Alliance master, it's all because of them. They insisted that our Hong family bear Leng ruoxue's psychological damage alone. They're really bullying us!" A very embarrassed elder of the Hong family saw mu duo ask like this and immediately pointed to the other elders who were also bruised and swollen and complained.

"This should be your Hong family's compensation. This matter was caused by your Hong family. Why should we take the blame for you?" Faced with the Hong family's elder's accusation, the accused party retorted, unwilling to be outdone.

"How can this be considered as taking the blame? Aren't we an Alliance? When one family is in trouble, shouldn't the eight sides send help?" A certain elder of the Hong family said matter-of-factly.

"Bah! Who said it should be? When we formed the Alliance, we agreed that we would do things our own way and help each other if there was a problem. But the premise of this problem is that we can't take the initiative to cause trouble! Otherwise, if someone were to rely on the dark family Alliance to make powerful enemies everywhere, wouldn't all of us be implicated?" Elder Fang explained. Most of the elders present nodded in agreement.

However, the elder of the Hong family was clearly not happy when he heard this. However, he didn't dare to offend these fiendish elders. After all, the Hong family had offended Leng ruoxue, and several members of the Hong family had fallen into her hands. He was still waiting for the Alliance to come out and save them! Therefore, in the face of these accusations, he didn't dare to be too harsh with his words except to argue a little.

Then, he turned his head and looked at mu duo. Tears quickly welled up in his eyes and he said in a choked voice, "Alliance master, you have to find a way to save vice Alliance master Hong!"

"How?" Mu duo asked indifferently.

"Uh!" The elder of the Hong family was at a loss for words. He didn't expect mu duo to ask this question at all. He naively thought that after hearing his question, mu duo should have patted his chest and promised that he would definitely bring the person back safely. But now, how was he supposed to answer this question?

"Yup! First elder Hong, how do we save him?" An elder asked, gloating.

The first elder of the Hong family was extremely embarrassed. After thinking for a while, he said, "This matter shall be decided by the Alliance master."

"I decide? Are you sure?" Mu duo asked with a smile.

"Of course, you're the leader of the dark family Alliance. It's best for you to make the decision." The first elder of the Hong family hurriedly said.

"If that's the case, I might as well tell you that I'm afraid we can't save vice Alliance master Hong. The young master of your Hong family can succeed to the throne." Mu duo suggested with a sincere expression.

However, his words made the first elder of the Hong family furious. At this moment, he couldn't care less about his status as the leader of the muduo Alliance. He roared, "Mu duo, how can you say that? I know that you don't like our family head, but no matter how much you don't like him, we're still in the Alliance! If you didn't say you would save him, how could you curse him? Y-you've really gone too far! I'll definitely report this to the ancestor. I believe that the ancestor will definitely take care of the patriarch!"

"As you wish!" When mu duo heard that the other party was going to complain to his ancestor, he didn't stop him at all. It just so happened that he also had something to say to his ancestor!

Seeing mu duo's uncaring expression, the head elder of the Hong family left in anger.

[Chapter 2816 I Have A Father \(2\)](#)

After he left, Deputy Alliance leader Yan and a portion of the elders looked at mu duo worriedly. If the Yan clan's old ancestor came out of seclusion, this matter would probably become even more lively.

Everyone knew that the old man from the Yan family was the most protective and unreasonable. The Alliance master was probably not his match!

"Why are you guys looking at me? Is the Yan clan the only clan with an ancestor?" Mu duo was rendered speechless by the worry on their faces, so he could only joke with a smile.

That's right! Deputy Alliance leader Yan and the elders were enlightened! They also had an ancestor at home! Why was he so frightened by the Hong family's first elder's words?

However, it was also fortunate that mu duo had reminded them. Otherwise, they really wouldn't have thought of disturbing their own ancestor. But now, if the Hong family's ancestor came out of seclusion, the other ancestors would definitely have to inform them. Otherwise, they would be too passive.

With this thought in mind, the people led by mu duo all moved.

At this moment, Leng ruoxue and the rest were still unaware that the dark family Alliance was about to make a big move because of the Hong family's capture!

Half a month later.

Leng ruoxue and the others received another report from the silver rats that an unknown faction was heading towards Demon City in an aggressive manner.

This time, the silver rats didn't ask to be sniped. Instead, they had a depressed and resentful expression on their faces.

Out of curiosity, Leng ruoxue could not help but ask for the reason.

When she learned that the silver rats did not ask to be sniped because the person who came this time was a little strong, she smiled.

Why are these little things so cute?

After learning that this was the reason, Leng ruoxue consoled the silver rats who had glass hearts. Then, she brought uncle long and the others to wait for the unknown faction to arrive.

Even though it was said to be an unknown faction, Leng ruoxue knew that it must be the people from the Dark Clan Alliance. This time, the other party probably came with ill intentions.

It had to be said that Leng ruoxue was right.

This time, the dark family Alliance had really come with ill intentions. In order to show off their strength, they had wanted to give Leng ruoxue a taste of their power outside of Demon city's defensive forest.

The one who took the lead to show off his horse's might was the Hong family's greatest ancestor. He led the Hong family members and lined up at the entrance of the forest. Then, with his order, countless divine powers were released from the hands of the Hong family members ...

Seeing this scene, the Yan family's ancestor, who was watching from the side, nudged the MU family's ancestor beside him with a worried look. "Old man mu, will this be okay?"

"It'd be a wonder if he's fine!" The ancestor of the MU family said calmly.

"Should we stop them?" The Yan clan's ancestor asked with uncertainty. To be honest, he didn't want to stop them. Who asked their Yan family and the Hong family to be enemies? he couldn't wait to see old man Hong suffer!

"Can you stop it?" The ancestor of the MU family said helplessly.

After he came out of seclusion, he heard mu duo talk about what had happened recently. At that time, he only had one feeling, and that was that the Hong family was courting death! And this time, no one would be able to help the Hong family. In addition, he had also heard mu duo talk about Leng ruoxue. Compared to watching the Hong family make a fool of themselves, he was obviously more interested in Leng ruoxue.

"Alright! Let's just watch the fun. " After hearing the MU clan's ancestor say this, the Yan clan's ancestor didn't care anymore and found a place to sit down.

After an unknown amount of time, the Hong family's attack did not seem to have any effect at all. The forest was still undamaged, and not even a single leaf fell from the trees. Such a scene made the old ancestor of the Hong family a little anxious.

"Musheng, Yan Ting, hurry up and help!" The old ancestor of the Hong family roared at the two of them, but the two of them only returned him a faint smile. It was obvious that neither of them had any intention of helping the other.

"You guys, come quickly!" Seeing that the two of them were not moving, the old ancestor of the Hong family continued to roar.

"Flood! Don't waste your energy, there's clearly a formation here, no matter how much Shen power you use it will be of no use!" Yan Ting helplessly reminded.

"Yes, yes, the formations here are very advanced. I'm afraid even if we use all of our Shen power, we will not be able to do anything." Mu Sheng said.

"Dammit! Why didn't you guys say so earlier?" The old ancestor of the Hong family roared.

"Tsk! Did you even give us a chance to speak?" Yan Ting rolled his eyes at the old ancestor of the Hong family.

"..." Alright! He had to admit that he was a little anxious.

"What do we do now?" The old ancestor of the Hong family thought that he was able to adapt to circumstances. Therefore, after shouting at the other party, he could also put down his face and ask for the other party's opinion.

"Cold mix!" Mu duo replied.

"No! We have to go in quickly. If we delay any longer, the children will suffer more. " The old ancestor of the Hong family said anxiously.

In the face of the Hong family's ancestor's eagerness, neither Mu Sheng nor Yan Ting had the heart to tell him that it had been so long. Those children in his family had probably suffered all the hardships they should have. Therefore, it shouldn't be too much of a delay.

"Mu duo, haven't you been here before? Please lead the way!" With a light sigh, Mu Sheng turned around and instructed mu duo. Everyone had the heart to love their son! Although he didn't really like the old man from the Hong family, he couldn't deny the love he had for his own child, and this made him feel the same.

Muduo nodded and led the way into the protection forest outside Demon City.

At the same time, Leng ruoxue and the rest could see the other party's every move through the screen in the courtyard.

"Xue 'er, they're here." Master ning said with an evil smile.

"Al! I haven't seen these old friends for a long time. " Uncle long sighed.

"Uncle long, do you know them?" Leng ruoxue asked in surprise. It seemed like some of the people who had come this time were old Gu's acquaintances!

"I know a few." Uncle long said with a smile.

"Then I'll have them come in quickly!" Leng ruoxue asked with anticipation.

"Yes." Uncle long nodded. He knew that without Xue 'er's help, those people would have been lost in the forest.

Not long after, mu duo and the others, who were already in a sorry state, were led by the silver rats to the Leng family's main residence.

When he saw Leng ruoxue, mu duo immediately burst into tears.

This forest was too much of a bully. He had clearly walked this path before, but this time, he was still lost. He felt so embarrassed.

When Leng ruoxue saw mu duo, she smiled and asked, ""Alliance master mu, have you brought the emotional damages?"

"....."

Never in his dreams would mu duo have thought that this would be the first thing Leng ruoxue would say when she saw him. This made him at a loss.

Normally speaking, shouldn't they exchange pleasantries first and be polite? Who would directly ask about money?

"You didn't bring it?" Seeing that the other party was in a daze, Leng ruoxue blinked her eyes and made a guess. "What are you doing here if you didn't bring the money?" she asked in dissatisfaction.

"..." Such obvious disgust! Could it be that they couldn't come to Demon City without money?

[Chapter 2817 I Have A Father \(3\)](#)

Although mu duo really wanted to ask Leng ruoxue this question, when he saw how she acted as if it was a matter of course, he felt that it was better for him not to find that uneasiness. Because even if he asked, it would only make him look bad!

Mu duo instantly fell silent. The old ancestor of the Hong family, who was already holding back his anger, was especially dissatisfied when he heard Leng ruoxue's words. "Little girl, your Demon City has captured our people, so why are you asking us for compensation for emotional damage? I'm telling you, we won't pay you any compensation for emotional damage. On the contrary, you have to hand over the Hong family members you've captured. Otherwise, I won't let you off today!"

"And who are you?" Leng ruoxue pretended to be confused when she saw the old man who suddenly spoke.

"Little girl, he's called Hong Shui, the ancestor of the Hong family." When Yan Ting heard Leng ruoxue's words, he rushed to reply.

"Get lost! You're the flood! I'm Hong sui!" The old ancestor of the Hong clan shouted at Yan Ting. Immediately, Yan Ting shrunk his neck and took a step back without saying anything.

"I don't care if you're the flood or Hong sui. I just want to know, how are you going to deal with us?" Leng ruoxue laughed.

"..." Hong sui was stunned. Why is it not over? He had never thought about it. In reality, he was only trying to scare Leng ruoxue. He had thought that a little girl would be scared and obediently hand over the Hong family. Who knew that it was different from what he had imagined? not only was she not afraid, she even asked him what he wanted to do?

Hong sui, who had never thought of how to answer, frowned.

At this moment, he heard Leng ruoxue continue, "I only want money, not my life!" Of course, if you don't want to end things with us, we'll keep you company until the end!"

"....."

This ... This was the rhythm of a fight!

Mu Sheng and the others thought at the same time.

After that, they heard Leng ruoxue's words as they wished, "You guys also want to have a fight with me?"

"....."

It wasn't!

Feeling Leng ruoxue's open attitude, everyone took a few steps back in worry. They wanted to put some distance between them and Hong sui so that this little girl wouldn't misunderstand.

However, they retreated a little too late. Leng ruoxue stood in the middle and said in a magnanimous tone, "Come on! Whoever goes first, I'll take them on!"

"....."

Could he not be like this? Mu Sheng and the rest thought to themselves. In reality, other than the aggressive Hong family members, no one else had come to fight Leng ruoxue! They were more of onlookers, but now, Leng ruoxue had clearly included them in her plans. This was really unpleasant!

At this moment, Leng ruoxue saw that no one had any reaction, so she could only call out the names personally.

"You go first!" Beckoning with her finger, Leng ruoxue stared at an old man. As far as she knew, this old man was the first elder of the Hong family, so she had used him as an example.

When the first elder of the Hong family heard Leng ruoxue's words, he said indignantly, "What an ignorant little girl. Today, I'll let you know how powerful I am!"

As soon as he finished speaking, the first elder of the Hong family turned into a shooting star and flew out in an unknown direction before he could even get into a fighting stance.

It was Leng ruoxue's kick!

Seeing this, the members of the Dark Clan Alliance were terrified!

This ... This was truly too terrifying! One should know that the first elder of the Hong family was not weak. At least on the surface, he was stronger than Leng ruoxue. Even so, he was still sent flying by a kick from Leng ruoxue! And it was before anyone could react.

After he suddenly came to his senses, Hong sui was so angry that he was about to explode!

What a bold little girl! In front of him, he actually dared to attack the Hong family. He was really tired of living!

In that instant, Hong sui attacked Leng ruoxue without thinking!

On the other hand, Leng ruoxue dodged it unhurriedly. She smiled provocatively and said, "You're not done with me? Come on!"

"Little xuexue, can you let me have this person?" At this moment, Bing Yao's voice rang in Leng ruoxue's ears. Following that, a tiny icy blue figure landed in Leng ruoxue's arms.

At this moment, there was an even more petite, snow-white cat on top of the ice Phoenix's head.

Seeing Bing Yi's appearance, mu duo's mouth twitched uncomfortably. Then, he quietly sent a message to remind his ancestor.

After hearing this, Mu Sheng couldn't wait to look at Bing Yao.

"Little Bingbing, can you beat him?" At this moment, Leng ruoxue looked at Bing Yao and asked worriedly.

"So what if I can't win? I have a father!" Bing Yao said proudly.

When Leng ruoxue heard Bing Yao announce this good news so proudly, her forehead was filled with black lines. This was an era of competing for a father! Indeed, no one could afford to offend Bing Yao, who had a strong backing!

Leng ruoxue looked at Hong sui sympathetically, then let go of the ice Armor and quietly withdrew from the battle.

When Hong sui saw that Leng ruoxue had left just like that, the anger in his heart instantly rose by a few more degrees. He raised his voice and shouted at Leng ruoxue, "Damned girl, you're scared, so you let out little reserved life?"

Leng ruoxue was speechless, and her sympathy for Hong sui increased.

As for Hong sui, he was confused by Leng ruoxue's gaze. More importantly, the other party's gaze made him extremely uncomfortable.

However, Leng ruoxue didn't want to explain too much. Anyway, Hong sui would realize how serious of a mistake he had made in a while!

But now, Hong sui obviously didn't realize it. Seeing that Leng ruoxue was ignoring him, Hong sui's gaze could only turn back to Bing Yao as he roared fiercely, "Little qiansheng, since your master let you out, I'll let you know my power."

"You're the little save-life! Your whole family is! Also, little xuexue is not my master!" Bing Yao indifferently replied.

"Detestable!" Hearing that the little dog in front of him actually dared to scold him, Hong sui's anger rose again. Then, he raised his hand and was ready to teach Bing Yao a lesson.

Who knew that Bing Yao would remain calm and unflustered, and repeat the same process as before, shouting in a clear and melodious voice, "Father! Someone is going to kill your son again! Help me! Come out now, or you won't be able to see your cute son again!"

This familiar scene made mu duo and the other members of the dark Alliance who had seen it before feel speechless. More importantly, they knew what was going to happen next, so they couldn't bear to look at this scene.

As expected, the ice Spirit fell from the sky as Bing Yao said.

Ice soul held the baby egg in his arms, squinted his blue eyes and questioned, "You're the one who wanted to kill my son?"

Upon hearing this, Hong sui was stunned.

He didn't expect the other party's father to come out as soon as he was called! Moreover, this father's strength seemed to be above his ...

Hong sui was a little conflicted. What should he do now?

"Are you deaf or mute?" Ice Spirit asked again impatiently when the man did not answer. He could accompany his son to play the game of competing for a father, but he had no interest in being silly with others.

"Father, don't worry. He's not deaf or mute!" Bing Yao laughed evilly as he reported.

Hearing this, Hong sui became even more depressed.

If he still couldn't tell that this little dog was playing with him, he would have lived all these years in vain.

"So you're looking down on me?" Ice Spirit continued to cooperate with Ice Phoenix.

"....."

Hong sui was completely speechless. He hadn't even said anything yet, alright?

"Father, he must be looking down on you. Furthermore, from what I know, he's here to avenge the members of the Hong family who were captured. He's not done with us!" Bing Yao continued to provoke.

"The Hong family? Revenge? Are you still not done?" Ice Spirit asked indifferently. Then, he suddenly raised his Qi and said, "Come on! I'm not done with you!"

"Father, I suggest that we strike first. Otherwise, if he finds out that the Hong family was captured by you, we will be in deep trouble. So, we have to act quickly before he finds out." Bing Yao laughed evilly.

After hearing this, whether it was Leng ruoxue's side or the dark family Alliance's side, they were all speechless and didn't know what to say. Then, everyone's sympathetic gazes focused on Hong sui.

He was clearly teasing the silly boy!

When Hong sui heard Bing Yao's words, he immediately narrowed his eyes in anger and questioned, ""The Hong family was captured by you and your father?"

"Not bad!" Ice Spirit nodded.

Bing Yao, on the other hand, exclaimed in surprise, "Father! What should we do now that he has discovered us?"

Glancing at Bing Yao, Leng ruoxue wiped the cold sweat from her forehead and thought to herself, 'Bing Yao, I overdid it!'

However, Bing Yao clearly didn't care if the act had gone too far. Instead, she displayed a look of panic, which made Leng ruoxue even more speechless. However, Bing Yi's filial father felt that his child was cute no matter how he looked at him.

Touching the ice Phoenix's fur, ice soul consoled, ""Don't be afraid, father is here!"

Alright! Father is here!

For people who didn't know how to pamper their children, there was no reason at all.

At this moment, Hong sui, who saw that he was being ignored, couldn't help but jump out to make his presence known. He shouted, ""You're so bold, you actually dare to capture our Hong family! Hurry up and hand over the Hong family, and I can spare your lives!"

"He's dead!" Glancing at Hong sui indifferently, ice soul coolly spat out two words.

"Dead? What's dead?" Hong sui asked in a daze, not quite understanding.

"So stupid, of course my father is saying that the person who was caught in your Hong family is already dead!" Bing Yao explained on behalf of her father, who was a man of few words.

"The Hong family is dead?" Upon hearing this, Hong sui's anger could no longer be suppressed. However, he did not completely lose his mind in his anger. Then, he turned to Mu Sheng and the others and shouted, ""Demon City has killed the people of the Dark Alliance, and we will not rest until they are dead! Everyone, attack! Exterminate them!"

[Chapter 2818 Who's Bullying Who \(1\)](#)

Hong sui's words were rather imposing, but the people of the Dark Clan Alliance did not dare to act rashly upon hearing them. One should know that the aura and pressure that Ice Spirit gave them was not something that Hong sui could stir up. More importantly, Mu Sheng, the head of the Dark Clan Alliance, did not make a move, so these small fries naturally did not dare to act on their own.

Seeing that no one responded to his words, Hong sui's anger instantly began to rise again. Then, he angrily shouted, ""My words don't work anymore? You guys hurry up and destroy Demon City to avenge our dark family Alliance!"

But who knew that after he shouted, no one dared to step forward. Everyone thought in unison that the hatred of the Hong family's ancestor was not just big! Was Demon City that easy to destroy?

The people present who were rather familiar with Demon city's strength looked at Hong sui with extremely complicated feelings. They could not help but think to themselves, 'although the ancestor of the Hong family was also a famous expert many years ago, the many years of closed-door cultivation has clearly turned him silly. As a result, he is completely unable to understand the current situation in the divine realm. Otherwise, he would not have said such words.'

As the saying goes, the waves behind push the waves before. The current God World was no longer the God World that he was active in. Leng ruoxue, the turbulent wave behind, had completely smacked Hong sui, the wave in front, to death on the beach.

You want to destroy them? In your dreams! None of the people present were fools, so they naturally wouldn't go crazy with Hong sui. More importantly, this had nothing to do with their respective families, so no one would be so loyal as to offend Demon City for the Hong family, who was courting death.

Of course, everyone was well aware that Hong sui was most likely deceived by his own descendants. Otherwise, he would not be so impulsive as to want to destroy Demon City.

Destroy! If you can destroy it, do it! But please don't implicate them!

A few families who were not on good terms with the Hong family gloated in their hearts. They could not wait for Hong sui to clash with Leng ruoxue and the rest! In this way, he could get rid of this thorn in his side through the hands of others.

From this, it could be seen that even though the Hong family was a part of the dark family Alliance, they were not well-liked.

"Musheng, Yan Ting, are you just going to watch my Hong family get bullied?" Seeing that the crowd still did not move, Hong sui angrily shouted at Mu Sheng and Yan Ting.

Mu Sheng was helpless. As the founder of the dark family Alliance, he couldn't just sit by and watch, but this ...

Was it really the Hong family that was being bullied? I don't think so?

As for Yan Ting, he simply turned his head and ignored Hong sui's words. The two of them didn't see eye to eye with each other, so it was only natural for him to hit them when they were down! And he didn't have any sense of belonging to the Hong family, and even had the idea of helping an outsider.

Hong sui also knew that he could not count on Yan Ting among the two, but Mu Sheng could not ignore him. Therefore, he placed his main target on Mu Sheng and took the initiative to play the emotional card." "Musheng, we've been working together for so many years, and you've watched those children grow up. Do you really have the heart to see them being bullied by outsiders? If word of this gets out, how will our dark family Alliance stand in the divine realm?"

"..." What a huge hat! Was this considered a summary?

Mu Sheng didn't speak, only looking at Hong sui quietly.

Upon seeing this, Hong sui became anxious. Just as he was about to say something, he suddenly heard a mocking voice." "Hong family's kid, we have to find out who's the one who's bullying who!"

Uncle long strode out of the cubicle behind the living room. Originally, he didn't intend to show himself now. He wanted to wait for the dust to settle and senior ice soul to vent his hatred before coming out. Who knew that Hong sui's words were really too much for him to bear.

Look at how he said it, as if his own family's younger generation was the victim. In fact, if there was a victim, it should be their side, right? As for the Hong family, it could only be said that they were not strong enough and had kicked an iron plate, which was why they were unlucky.

"You ..." When Hong sui heard this familiar voice, he looked in the direction of the voice. When he saw uncle long, his eyes widened, and his face was filled with disbelief.

"What about me? Are you pretending not to know me?" Uncle long laughed.

"What are you doing here?" Hong sui could not help but ask.

"This is my home, of course I have to be here!" Uncle long said indifferently. Then, he used his eyes to greet Mu Sheng and the other people he was familiar with. After that, he focused on dealing with Hong sui.

Hong sui did not expect to hear uncle long say that. His eyes instantly widened, and he asked with a face of disbelief, "Shouldn't you be in the endless sea?"

"It was originally! But now, I've settled down in Demon City. Haven't you heard that the endless sea has merged with Demon City and is now under Demon city's jurisdiction?" Uncle long asked in disbelief.

This news was not considered a secret in the immortal realm. Any clan should know about it, but this old fellow actually did not hear of it. It could be seen how outdated this information channel was!

"..." Hong sui was undoubtedly shocked by uncle Long's words. This was no longer just a matter of the lack of information channels. He suddenly thought that with uncle long, who was more protective of his own and more powerful than him, he could forget about successfully avenging his revenge today.

From Hong sui's point of view, uncle long and the unknown man before him were his greatest opponents on the side of Demon City. Especially in this situation where he could not support it alone, it would be very difficult for him to avenge his junior!

Hong sui was instantly worried. He turned his head and looked at Mu Sheng and Yan Ting with hidden bitterness. If these two people had helped, he would still have some confidence in his heart. But now, with the appearance of uncle long, he knew that the idea of getting the help of those two people would probably be fruitless.

Just for uncle Dragon's sake, Mu Sheng would not attack Demon City! Hong sui was very clear about this, and this fact made him extremely resentful!

F * ck! They were clearly on the same side, but now, he could only swallow all his hatred into his stomach. This feeling of having no way to take revenge was quite uncomfortable.

"Uncle Dragon, it seems you plan on protecting Demon city's people?" Unwilling to give up, Hong sui still wanted to personally confirm it with uncle long.

However, uncle long only smiled faintly and said, "The people of Demon City don't need my protection."

What? Hong sui was shocked. He didn't hear wrongly, right? What did this old whale mean?

"What, you don't understand? Hong sui, Hong sui! You didn't even figure anything out and you dare to come and cause trouble. I have to say, your IQ is really worrying!" Uncle long sighed and looked at Hong sui helplessly.

Hong sui's face turned red from uncle Long's exasperated tone. Then, he shouted at the top of his voice, "Who said I didn't figure it out? Your Demon City captured our Hong family, yet you're still demanding for all sorts of compensation. Now, this father and son have killed a junior of our Hong family. How can I not take revenge for this deep hatred?"

[Chapter 2819 Who's Bullying Who \(2\)](#)

"I can!" At this moment, Ice Spirit, who had been invisible for a while, spoke calmly.

"Hmph! You're tactful!" Upon hearing Ice Spirit's words, Hong sui gave her a satisfied look and said, "So, I'm going to kill you and your father to avenge my descendants!"

"Come on! I'll be waiting!" Ice Spirit replied with a smile.

"Father! I'm so scared, will we be okay?" Suddenly, Bing Yao interrupted.

"With father here, he will definitely be the one to die!" Bing po touched the fur on Bing Yao's head to comfort his son.

When Hong sui heard this, his anger rose up again.

Immediately after, Hong sui, who had been provoked to the point of losing his mind, rushed toward the father and son without thinking. The divine power in his hands quickly gathered, and in a split second, a green ball of divine power was thrown out of Hong sui's hands and flew directly toward the ice soul father and son.

Uncle long broke out in cold sweat at the sight.

You won't die if you don't seek death! This time, Hong sui was definitely beyond saving.

On the other hand, Mu Sheng was unable to stop him in time and could only watch helplessly as Hong sui faced the adult Qilin.

Of course, at this moment, he still wasn't too sure of the ice Spirit's identity. Otherwise, even if he didn't like Hong sui, he would still try his best to stop him from being foolish.

Unfortunately, it was too late.

After Hong sui's divine power Ball was thrown out, Ice Spirit did not panic. Then, a Qilin formed from ice divine power rushed into the sky! After soaring in the air for a few rounds, the ice Qilin directly swooped down towards Hong sui's divine power Ball ...

With a loud explosion, Hong sui's ball of divine power shattered, while the ice Qilin continued to soar in the sky unscathed.

The backlash from the divine power caused Hong sui to take a few large steps back and spit out a few mouthfuls of blood. His face was as white as paper. He looked at Bing po as if he had seen a ghost. Then, he couldn't help but ask, ""W-Who are you?"

This person was too strong!

One had to know that the ball of divine power he had released just now was close to his full strength, but the other party not only easily caught it, but also caused him to suffer a backlash, while he himself was not even injured. Such a difference in strength caused Hong sui to be shocked beyond words.

"My father is an Ice Spirit!" After hearing Hong sui's words, Bing Yao said with a proud expression.

Ice Spirit?

Hong sui savored the name and wanted to remember it forever. However, he was suddenly stunned.

Ice Spirit! Ice Spirit! No wonder he felt that the name was familiar. Wasn't the leader of the Qilin clan called Bing po? However, he would never believe that the handsome young man in front of him was ice soul. After all, according to what he knew, ice soul had been severely injured in the past. Without a good

healing elixir, the ice Spirit would not be able to stand in front of him in one piece even after tens of thousands of years.

At least in terms of strength, Ice Spirit would definitely decline! But now, he didn't feel like ice Spirit's power had decreased at all. He thought that the person might be the Qilin clan leader, but he didn't want to believe it.

At this time, Mu Sheng stepped forward and bowed to ice soul. She asked, "Senior, are you the Qilin clan chief?"

"No." Ice Spirit denied.

When Mu Sheng heard this, she was stunned. Could he have made a mistake?

However, Ice Spirit laughed evilly and said, "The news of your dark family Alliance is so outdated. Didn't you hear that the Qilin clan chief has been replaced?"

"..." Mu Sheng was embarrassed. Cold sweat was dripping from his body. Hearing the other party's words, he knew that the other party must be the patriarch of the Qilin clan. However, as far as he knew, the Qilin clan's patriarch had always been very serious. Why was he joking now?

Mu Sheng explained helplessly, "We haven't received the news yet because we've been in seclusion."

"Oh! Then you should know by now. Speak! What do you plan to do to us? Kill me and then roast my son for meat?" Ice Spirit asked. She did not even consider Mu Sheng's pale and trembling body.

The question of Ice Spirit made Mu Sheng afraid and worried.

Sob ... Senior, can you not play like this?

Who would dare to kill you or roast your son? It's not like he was tired of living! No, there was indeed someone who was tired of living before, but this really had nothing to do with him! Most of the people of the Dark Clan were innocent!

"Senior, we don't have such thoughts." After a long silence, Mu Sheng could not help but ask.

"You don't have any? Did I make a mistake? But that Jiao Yue and your vice Alliance leader Hong both said that they want to eat my son!" Ice Spirit asked.

How was he supposed to answer? Mu Sheng didn't know what to do with ice soul's question. He couldn't help but look at uncle long, who returned him a smile and said, "Jiaoyue also said that master ning and I should guard the door for her! He even planned to have some of the prettiest men in Demon City serve him well! Of course, that was after your dark family Alliance had taken us in. "

Uncle Long's words made ice soul's expression turn even uglier. He nodded and said, "Yes, she also let me serve her."

"....."

F * ck! This hatred was really strong!

Although he had already heard a part of what uncle long and ice soul had told him, it was a completely different feeling to hear it from uncle long and ice soul.

When he heard mu duo's words, he was so angry that he wanted to expel the Hong family from the dark family Alliance. However, after hearing what uncle long and ice Spirit said, he had the urge to faint.

Because this matter was already so serious that even if the Hong family was expelled, it wouldn't be able to be resolved perfectly! It was obvious that Ice Spirit's anger would not subside any time soon.

In addition to the fact that Hong sui had just deepened his original hatred, he was not confident that uncle long would speak up for the Dark Clan Alliance on his account.

"I wonder how senior would like to resolve this matter?" After thinking for a long time, Mu Sheng decided not to use a roundabout tactic, but to ask a direct question.

"You guys have to be the one asking! Anyway, I will always remember that someone wanted to roast my son and eat him! F * ck, I only have one son, and someone wants to eat him! Do you think this matter can be resolved?" When Ice Spirit said this, he was angry again.

"..." This matter definitely can't be settled peacefully! Wasn't this obvious?

After a moment of worry, Mu Sheng's attitude was very good as she continued, ""Senior, if you have any ideas, please let us know. The dark family Alliance will definitely satisfy you!"

"Do you think that I want to make a condition?" Ice Spirit raised her eyebrows and asked.

His words left Mu Sheng at a loss.

This senior was indeed as difficult to serve as the rumors said! Mu Sheng didn't know what to say anymore. Wu...What should he do?

[Chapter 2820 Who's Bullying Who \(3\)](#)

"Senior, my ancestor doesn't mean that you want to make conditions with us. What he means is that he is willing to pay you for the emotional damage. After all, this matter was caused by our dark family Alliance. We can't escape the blame!" Seeing that the old ancestor was at a loss for words, mu duo quickly added.

"That's right, that's what I meant. " Giving mu duo a look of admiration, Mu Sheng quickly nodded and said.

"This little fellow sure knows how to talk." Ice Spirit looked at mu duo before turning to Leng ruoxue and asked,"Xue 'er, I'll take over the entire Hong family. As for the emotional damages, I'll leave them to you. You're the best at this!"

After she finished speaking, Ice Spirit left with Hong sui and the rest of the Hong family members, leaving an embarrassed Leng ruoxue to stare at her.

What did he mean by she was the best? Could she say that she was not at all?

However, it was obvious that the Dark Clan Alliance had placed their hopes on her. They only hoped that she would quickly state the conditions to resolve this matter so that they would not be so worried about the ice soul.

It was a pity that Leng ruoxue was at a loss of what to do.

All the members of the Hong family were taken away by Ice Spirit. Although it was unknown if they were still alive, it was obvious that Ice Spirit didn't care about the dark family Alliance at all! If the other party was dissatisfied because of this, the negotiation might fall apart!

With a probing attitude, Leng ruoxue smiled faintly and asked, ""What do you think about Hong sui and the others?"

"We don't have any opinions. As long as senior ice soul is happy," Mu Sheng quickly said.

"....."

This was really disloyal! Leng ruoxue was suspicious of whether they could work together with such an Alliance of dark clans!

At the thought of this, Leng ruoxue's attitude suddenly turned cold. She spoke in a business-like manner, ""In that case, I'll leave the Hong family to senior ice soul. We'll leave their lives to fate!"

"No problem," Mu Sheng nodded. He didn't dare to have any problems! After all, the Hong family was only one family, while the dark family Alliance had dozens of families. He had to consider the interests of most families. In addition, the Hong family had always been arrogant, and they weren't very popular in the Alliance. Therefore, he had no qualms about abandoning the Hong family. However, he didn't expect that his decision to abandon the Hong family so easily would cause Leng ruoxue to be dissatisfied with the dark Alliance.

However, if he had known, he would have still chosen to do so!

"What about emotional damage?" Leng ruoxue asked again.

"As long as we can afford it, everything is fine." Mu Sheng said generously.

"In that case, let's pay the mental damage fee first!" Leng ruoxue said with a smile.

Last time? Not paying together?

Mu Sheng's face was filled with question marks.

Seeing that he did not understand, Leng ruoxue patiently explained, ""Last time, Jiao Yue and Hong village from your Alliance came and made some arrangements for us. They have already caused great harm to our people, physically and mentally. We have also asked for compensation, so you have to pay the previous payment first, and then we will talk about this!"

..."You even brought this?"

At this moment, Mu Sheng had to admit that Leng ruoxue was just like what senior ice soul had said. She was very good at this!

Look at him, he could even find a reason to ask for compensation for mental damage twice. What kind of IQ did he have! AI! Why didn't the Dark Clan Alliance have such a talent? It was no wonder Demon City had developed so quickly.

Mu Sheng sighed and gave mu duo a look. The latter took a step forward and placed a storage ring on the table beside Leng ruoxue.

Leng ruoxue picked up the ring and glanced at it. Then, she looked at mu duo with a smile that was not a smile and said, "Alliance master muduo is too dishonest. He clearly brought money, but he still doesn't admit it!"

F * ck! He didn't deny it, okay? He didn't have the time to say it!

However, without giving mu duo a chance to speak, Leng ruoxue continued, "Since the money from last time has been settled, let's discuss the compensation this time!"

In fact, there was no need to discuss it. Everyone in the dark family Alliance, from Mu Sheng to the ordinary elders, knew about Bing PO's identity. How would they dare to bargain with Leng ruoxue and the others? They couldn't wait for this matter to end so that the ice Spirit wouldn't cause them trouble again. Hence, at this moment, they had no objections to any of Leng ruoxue's conditions. They raised both their hands and feet in agreement.

At the same time, the entire dark Association was prepared to pay a huge price. This time, they were absolutely willing to pay! He only hoped that it would calm Ice Spirit's anger. After all, it was a great humiliation for any powerful cultivator to eat someone else's son and ask for their father's service! In addition, Ice Spirit was not the only powerhouse in Demon City! This was even more of a no-no delay!

Leng ruoxue was speechless when she saw how helpless everyone was. However, she could more or less understand their thoughts. After all, both Ice Spirit and Demon City were not to be trifled with.

But when she thought of uncle long, Leng ruoxue still gave Mu Sheng some face and did not ask for too much. However, the amount of compensation from the two times was still enough to make the Dark Clan Alliance's heart ache.

The pain was gone, but the matter was finally resolved. The dark family Alliance could finally let go of their worries.

After the incident, uncle long naturally had to chat with his old friends. Leng ruoxue personally went to see Ice Spirit and reported the incident to him.

Who knew that ice soul did not care about Leng ruoxue's conditions at all. Instead, she generously said to Leng ruoxue, "All the compensation will be considered as living expenses for the father and son in Demon City!"

Leng ruoxue could only nod her head after hearing Bing PO's words. Then, she could not help but ask, "Senior, how do you plan to deal with the Hong family?" She knew that Jiao Yue and the others weren't killed at all. Ice Spirit was completely lying to Hong sui.

"When I'm done venting my hatred, I'll send them to hell!" Ice Spirit replied without thinking.

"I also want to go to hell!" Hearing this, Leng ruoxue couldn't help but ask.

"....."

Bing Pomo, this girl's way of thinking is really different.

"Senior, can you break open the void?" Leng ruoxue thought about this possibility and asked again.

Although she was often in seclusion, she had always been thinking about this question. She had even asked uncle long, but uncle long and the others had told her that to break open the void, she would need a lot of divine power. In addition, she also needed to know the other party's accurate coordinates.

In fact, with the reverent-god level cultivators from netherworld prison, the coordinates were not important. What was important was divine power, and the amount of divine power needed to break the void was beyond ordinary people's imagination. Even a powerful reverent God like uncle long didn't dare to try it. If he failed, the backlash would be quite serious.

Ice soul was silent for a while and then said, "If I was at my peak, I could still try. But now, I definitely can't!"

Al! Leng ruoxue sighed. It seemed like she could only work hard on her cultivation. After all, she couldn't let others be in danger because of her own matters.

The depressed Leng ruoxue then returned to her room listlessly. As for Ice Spirit, he could not make head or tail of Leng ruoxue's sudden change. However, he was not nosy enough to ask. After all, who did not have their own secrets?

After Leng ruoxue returned to her room, she learned from her painful experience and sent someone to inform uncle long and the others that she was going into seclusion. This time, even if the Emperor came, she wouldn't receive him.

Naturally, uncle long had no objections to Leng ruoxue's effort in cultivation. However, Mu Sheng, who was present at the scene, felt depressed.

From the looks of it, he knew that Leng ruoxue did not care about the dark family Alliance at all. However, he could not blame her for this. After all, it was the idiots from the dark family Alliance who messed up the matter!

After thinking this through, Mu Sheng immediately adjusted her emotions and said to uncle long with a smile, "Old man long, Leng ruoxue is in closed-door cultivation now. Our cooperation ..."

Although Mu Sheng had only finished half of her sentence, uncle long had already understood what she was thinking. He sighed helplessly and said, "Old man mu, although I really want to help you, I'm embarrassed to ask for your help after what the dark family Alliance has done in the past!"

"Look at you, why did you have to create an Alliance! This is great, your level has been completely pulled down, sigh!" Uncle long kept sighing as he spoke, which made Mu Sheng feel depressed.

Then, Mu Sheng also complained dejectedly, "If I didn't make the Alliance, my days wouldn't have been easy! I originally thought that with the Alliance, the families would be able to help each other, but now it seems that I've thought too highly of some people. "

"That's right. People like Hong sui are like mud that can't hold up a wall." Uncle long said with a look of disdain. In the past, he had looked down on Hong sui in every possible way, and it was even more so now.

"What's the point of saying all this now? Do you have any way to restore my position in the hearts of the other people in Demon City?" Mu Sheng begged, depressed.

"Difficult! It was difficult! Dongfang Yue, Dongfang Lin, and ice Spirit are all our seniors, but now they've been humiliated because of the Hong family. I'm afraid they won't forgive you so easily. Also, that girl Xue 'er has always been protective and vengeful. It won't be easy to get past her!" Uncle long thought for a while and said helplessly.

"But didn't our dark family Alliance already compensate you unconditionally for your mental damage?" Hearing uncle Long's words, Mu Sheng could not help but ask.

"You think that's all? That's just not because I'm angry about your compensation, nothing else!" Uncle long glanced at Mu Sheng and reminded her.
