

## Crazy Wife 2841

### [Chapter 2841 Boss, I Knew You Wouldn't Die!\(3\)](#)

However, facing Cang's slander, Baobao didn't know how to refute it. Because to the beast race, it really wasn't competent!

Seeing that the baby didn't respond for a long time, Cang, who was extremely bored, patted Huo Yue's shoulder and laughed evilly, "Little Qilin, do you want to know who it is?"

"Yes, yes!" Huo Yue nodded his head like he was pounding garlic. Of course, he wanted to know. He wanted to know more about how he became this little beast's subordinate. He belonged to the ancestor!

"You know about the beast God, right?" Azure asked indifferently.

"I know too well!" Upon hearing this, Huo Yue immediately became excited. One must know that the beast God was the most powerful person in the beast race, and even their ancestors had to listen to him! Not to mention them! Among the beasts, even if you didn't know your own people, you must know the name of the beast God!

This beast God did not refer to the powerful beasts who had cultivated successfully. The full name of the beast God should be the God of all beasts. The meaning of this name was self-evident.

However, the beast God had always been mysterious in the immortal realm and rarely showed up in the beast clan. Therefore, Huo Yue was very surprised. Why did this kitten mention the beast God? As everyone knew, even the beast gods were not spared from the catastrophe of the divine realm tens of thousands of years ago!

"This is the little mouse!" After Huo Yue nodded, Cang pointed at Bao Bao and said.

"..." Huo Yue was a little dumbfounded. His mouth was half-open as he stood in the middle.

Uncle long was also a little dumbfounded. He had known that this little beast's identity was not simple, but he didn't expect it to be so frightening!

As for master ning, he didn't know how to react. One had to know that he had even carried this little fellow before!

The beast God! He had actually hugged a beast God before! That was an existence that he had to look up to!

After a long while.

After uncle long came back to his senses, he didn't know how to get along with the baby. In fact, he was not very familiar with Baobao. This was because not long after he met Xue 'er and the others, this little fellow had been captured by Huan Chen to cultivate in seclusion. Now that he had come out of seclusion, why did he have such a terrifying identity? Was this still beastly?!

However, uncle long still bowed to the baby with great respect and said respectfully, "Greetings, beast God!"

"..." Baby didn't know what to do with uncle Long's respect.

Don't be like this, dear! Let's go back to how we were before, okay? Having just recovered all of its memories and learned of its identity, the baby was already used to acting coquettishly in front of Leng ruoxue and the others, and was used to living a life of being a weak little beast. Hence, it was not used to uncle Long's respect.

"That ... Let's just get along like we used to! You can call me baby. " The baby said after a deep struggle.

"How can we do that? You're the beast God, and as a member of the beast clan, I have to respect you!" Uncle long was determined not to agree with Baobao's words. If there was no problem with the evildoer like before, then as the saying goes, the current official is better than the current official. No matter how famous the evildoer was, he couldn't control him. So even if the evildoer was the master of The Dark World, he was not afraid. But this baby was different! He was his superior, so how could he not respect him?

Now that uncle long knew the baby's identity, he naturally couldn't be too casual with it. At this time, Huo Yue couldn't help but poke uncle long and asked in a low voice, ""Do you really believe that this little beast is the legendary beast God?"

"I believe, I believe senior Cang's words. Do you suspect that senior Cang is lying?" Uncle long blinked his eyes and deliberately raised his voice. When Huo Yue saw this, his face turned pale and he pulled on uncle Long's sleeve, begging, ""Uncle long, don't be so loud!"

Hmph! Following Cang's cold snort, Huo Yue's face turned even paler. Baobao couldn't stand it and said to Cang weakly, ""Please don't bully Beastie! It's wrong to bully the weak!"

Long live the beast God!

Bao Bao's unconfident words of Justice made the fire Swan fall towards it. Then, it looked at Bao Bao gratefully and said loudly, ""Beast God, I admit that you are the beast God!"

"....."

The baby was speechless. It had always been one, so did it need this Qilin to admit it?

Meanwhile, uncle long and the others kept their distance from Huo Yue, who was obviously not in a normal state of mind. They had an expression that said, 'I don't know him'.

When the fire Yue realized that the situation was a little abnormal, uncle long and the others gave him a look as if he was crazy. Suddenly, the fire Yue became depressed.

He didn't know why he would say something so stupid. But would it be useful to take it back now?

The answer was no. Cang patted Huo Yue's head in a good mood and looked at Bao Bao, ""Don't tell me people always say that Beastie's intelligence is low. It's true after seeing it today!"

"....."

All the Beastie beasts present were caught in the crossfire.

Especially uncle long, who was extremely depressed! He even felt that his entire person was unwell. Although he knew that senior Cang was talking about the fire Yue, he was also a Beastie! "Sob ..." Uncle long, who had been innocently implicated, felt even more resentful toward the fire Yue.

Baobao didn't comment on Cang's judgment. Big sister wasn't here, so it didn't dare to argue with Cang, otherwise it would be the one who would be unlucky! It couldn't beat this guy!

Wu ... The baby was silent, aggrieved, and his bright eyes peeked at Cang from time to time. However, Cang pretended not to see it and continued to pat Huo Yue's head with admiration.

Huo Yue was the most worried. He even deeply felt that it was a wrong decision to build a branch in Demon City with his ancestor. There were too many people here that he couldn't afford to offend. Sob ... He felt like he was being bullied all day long!

At this moment, fire Yue heard Cang say to uncle long and the others, "Leave this thief to me! I'll teach him well. "

Don't! Huoyue burst into tears again! At this moment, he really hoped that uncle long would reject Cang's words! He didn't want to fall into Cang's hands!

Unfortunately, uncle long would not let Huo Yue have his way!

Uncle long ignored Huo Yue's pleading eyes and said gratefully, "Then I'll have to trouble senior Azure!"

"It's no trouble at all. I'm free anyway. " After saying that, Azure deliberately turned to look at Baobao and said with a smirk, "Beast deity, you don't mind me teaching your subordinates, do you?"

"If I had an opinion, would you listen?" Baobao pretended to be embarrassed and asked.

"I won't," Cang replied directly.

"Then why are you still asking me?" Baobao couldn't help but roll her eyes.

"I'm just respecting you!" Cang laughed proudly, then patted Bing Yao's head and ordered, "Let's go back!"

When everyone heard these four words, the corners of their mouths couldn't help twitching. Senior he Cang was treating the ice Phoenix as a Mount? Does senior ice soul know about this? Everyone was quite curious.

After saying that, Cang used his chubby little claws to pick up fire Yue's collar and dragged him away under everyone's gaze.

Everyone looked at the huge figure that was gradually walking away. They wanted to know how the fire Yue felt when it was carried away by such a small beast. I really want to interview him!

On the way, many beasts came to watch, which made Huo Yue's face turn red. However, he was unable to resist and could only pray in his heart.

Old ancestor! Come and save me! Sob ... We can't count on that beast God!

After Huo Yue was taken away by Cang, uncle long and the others were confused for a moment. Then, they looked at each other in the garden.

Not long after, Ice Spirit heard about this from the first elder of the Qilin clan and rushed over.

When she saw uncle long and the others, ice soul said remorsefully, ""I'm sorry. I didn't expect this to happen either. It's all my fault for not being strict. Can you let Huo Yue out for my sake?"

"Senior ice soul, fire Yue clan's chief is not in our hands." Uncle long said honestly.

"Uh! Then who has it?" Ice Spirit was puzzled. He had clearly heard from the great elder that fire Yue had taken a map of Demon City, which made uncle long and the others so angry that they wanted to capture fire Yue and lock him up. Was that not the case? The great elder shouldn't have lied to him!

The Qilin great elder didn't lie to him. However, the Grand Elder didn't know everything. The Grand Elder had no idea what had happened in the latter half. When he heard from the clansmen that uncle long was going to capture the clan leader, he went to find the ancestor in a hurry. However, the ancestor was not there at that time. When the ancestor came back, the first elder who had been waiting in the ice soul courtyard told him what had happened, and the two of them came here anxiously.

Now that she knew there was a way out, she immediately turned to the great elder behind her. The great elder looked at uncle long with a confused expression and said with a flattering smile, "Uncle long, we know that it's wrong of us to steal your map, but it's not a big deal. Can you let the patriarch go for the sake of our Qilin clan?"

He obviously didn't believe uncle Long's words.

"Little soul, the little Qilin is in Azure's hands." After waiting for a long time and seeing that Ice Spirit didn't notice her baby, she replied before uncle long.

Little soul?

The baby's voice instantly attracted the two Qilins 'attention. The great elder was surprised. Who was little po calling? Apart from his family's old ancestor, there didn't seem to be anyone present who had the word 'po' in their names.

Could it be that he was calling his own ancestor? Looking at the baby's petite body, the Qilin first elder couldn't help but shake his head.

That was impossible! This little beast couldn't possibly be an old man!

Just as the great elder overturned his conclusion, Ice Spirit, who had been completely stunned by the words "little soul," suddenly came back to his senses. His eyes were filled with tears, and he held the baby's fluffy body tightly in his arms. He sobbed, "Boss! I knew you wouldn't die!"

Boss?

These two words frightened first elder to his core! His eyes were wide open, as if he had seen a ghost!

He ... He didn't hear wrong, did he? The old ancestor actually called this little beast boss!

[Chapter 2842 You Really Have The Guts To Ask For Anything!\(1\)](#)

The Qilin great elder felt like he was about to faint from fear. What kind of rhythm is this! He looked up and down, left and right, but he couldn't see that the little beast in front of him, who wasn't even the size of their palms, was the old ancestor's boss. However, he believed that the old ancestor would definitely not joke about this kind of thing.

But ... This fact was simply too hard to accept.

The first elder of the Qilin clan was a little confused. He looked at the little beast, who was crying in his ancestor's arms, with a face full of questions. Then, he turned to uncle long and asked him with his eyes, "what's going on?"

However, uncle long pretended not to see it.

Aren't you curious? I won't tell you! Uncle long thought with a smirk.

Needless to say, uncle long was venting his anger on him again. Seeing that uncle long was ignoring him, the great elder of the Qilin family had to continue to look at master ning. He didn't know whether master ning had done it intentionally or unintentionally, but he actually turned his head at the same time as he looked at him.

The first elder of the Qilin clan immediately became worried.

This was really bullying the Qilin! They knew that his curiosity was like a kitten scratching at his heart, but no one answered his question!

First elder Qilin was furious! He glared at uncle long and master ning, but the two obviously didn't care and continued to ignore him.

When ice soul was done with the baby, she turned to the great elder and said, "Boss, this little fellow is my Clansman."

"Oh!" Baobao nodded and gave first elder Qilin a kind smile. However, the Qilin great elder still felt as if a cat was scratching his heart. He couldn't help but wail in his heart. Old ancestor, don't just introduce me! Introduce your boss!

However, Ice Spirit obviously did not see through the Qilin great elder's inner thoughts. He did not even plan to introduce the baby's identity. After greeting the crowd, he took the baby away and even forgot about the fire Yue.

Seeing this, the Qilin first elder, who had been left behind, was completely depressed.

Wu ... Old ancestor, how can you leave me behind? He even left him in the middle of uncle long and the others, who were looking at him with unfriendly eyes.

At this moment, the Qilin great elder, who was a little slow to react, had already sensed the unfriendly gazes from uncle long and the others. He shrank back a little and decided to slip away, not having the time to ask about the little beast's identity.

However, as soon as this thought appeared in his mind, he had only taken a step forward when uncle long grabbed him by the collar and pulled him back.

"Uncle long, let go. Let me go. This is too ugly." The first elder of the Qilin clan struggled.

"Yo! Now you know how ugly it is? Why didn't you think of how ugly it was when you stole our map?" Uncle long continued to deal with the Qilin great elder.

"Uncle long, you don't need the map anyway. Why don't you lend it to us?" The first elder of the Qilin clan said with a fawning smile.

"Is that borrowing? Taking without asking is stealing! Besides, if we don't use it, can you steal it in peace?" Uncle Long's anger rose again when he heard the Qilin great elder's words.

The Qilin elder could only smile awkwardly. He really didn't think so much when he borrowed the map.

"Now, let's talk about the problem of your base!" Uncle long continued.

They had been discussing this matter for a long time, but it was delayed by the appearance of the beast God baby. Now that fire Yue had been taken away by senior Azure and ice soul had taken Azure away, the only one in the Qilin clan who had the final say was this old fellow. This time, they couldn't let the Qilin great elder off no matter what. They had to get to the bottom of this today.

Uncle Long's decision was unquestionable, even if you were a Qilin. Therefore, the first elder Qilin had to stay behind and be interrogated by the crowd.

When he found out that the other party was not only angry because they had taken the map without asking, but also because the area of the encampment they wanted was too large, the Qilin great elder patiently explained, ""As you all know, our Qilin's body is very large, and the area is too small to display it! So, you guys have to understand!"

"Understand my ass! Demon City doesn't have that much space for you to waste. " Long shuhuo roared.

"How can you call this a waste? We've decided on this place after much consideration! If it wasn't for the fact that the area of your land of demons is limited, our encampment wouldn't have been so small. " The Qilin Grand Elder was very honest.

When uncle long and the others heard this, they were all furious!

"You bastard!" Although the words of the great elder of the Qilin family and fire Yue were similar, the great elder of the Qilin family was obviously better at drawing hatred. Uncle long and the others obviously didn't expect that he would complain that the area of the residence allocated by his family was small!

"F \* ck! A third of it was gone and you still think it's small? How old do you want? Do you want me to give you the entire Demon City?" After taking a few deep breaths, uncle long suppressed the urge to beat the Qilin up and roared.

"Uh! Would you be willing to give us the entire Demon City?" The first elder of the Qilin clan blinked his eyes and asked with uncertainty.

"I'm willing. Do you want it?" Uncle long, who had been holding it in, asked with a smile.

"If you insist on giving it to us, we can only reluctantly accept it." The first elder of the Qilin clan said with an embarrassed expression.

As soon as he finished speaking, he was punched in the face.

Then, uncle long, who couldn't take it anymore, rushed forward and punched the Qilin great elder ...

Fists as heavy as boulders rained down on the Qilin great elder, knocking him silly.

He had never dreamed that uncle long would attack him without even saying a word. This, this was too much!

Can we still have fun together in the future?

When the great elder came back to his senses, he only felt extreme pain all over his body, as if all the bones in his body were about to fall apart. Before he could fight back, his arms were clamped by the master of the ning family. In this way, it was much more convenient for uncle long to beat the Qilin.

"You, you're bullying me with your numbers. You're really bullying me!" The first elder of the Qilin clan was filled with grief and indignation. His face was blue and purple, and his clothes were crumpled. Then, there was a ripping sound as most of his clothes were torn off and hung loosely on his body.

Even so, uncle long still didn't vent his anger. His rain-like fists finally knocked the Qilin great elder unconscious.

After the first elder of the Qilin family fainted, uncle long kicked him a few more times. He was still angry and shouted, "I'll let you have it! I'll let you have it! You really dare to ask for anything!"

"Uncle long, calm down. We've already taught him a lesson, so let's not argue with him." Seeing that uncle long was still angry, master ning pulled on his arm and tried to persuade him.

Al! This old Qilin's emotional intelligence was really worrying!

"Even if we don't care, it will depend on their performance. Hmph! They really are a bunch of IQs that make one anxious. No wonder Xue 'er was so angry that time. " Uncle long glared at the unconscious first elder of the Qilin clan on the ground and said with hatred.

#### [Chapter 2843 You Really Dare To Ask For Anything!\(2\)](#)

"Hehe! Let's wait for him to wake up and see what he has to say!" Although master ning was also a little angry, he found it more ridiculous. He really didn't know what these Qilin were thinking. How could he have such a weird idea? It seemed like only ice soul and Shui mo were normal in the Qilin race! The other Qilins more or less had that kind of thing.

It didn't take long for the great elder of the Qilin clan to wake up. However, he only opened his eyes slightly with a lingering fear. When he felt that there was someone beside him, he immediately closed his eyes again and pretended to be dead.

In his heart, he was filled with endless sorrow.

Wu ... As the great elder of the Qilin clan, the leader of the four King mythical beasts, he had always thought that he could get whatever he wanted and was respected by countless humans and beasts

wherever he went. However, in Demon City, in front of uncle long and the others, he didn't feel that way at all.

This place was filled with a group of vicious bandits! Demon City could also be called a Bandit's lair! The people here, other than the newly accepted little beasts who still held some respect for them, the others ... Sigh! It's fine if you don't mention it!

The Qilin great elder closed his eyes and pondered seriously, but he couldn't understand why this was happening. What was the problem?

Just as he was deep in thought, he suddenly felt a weight on his butt, as if a foot had stepped on it. Then, uncle Long's voice rang in his ears, ""Since you're awake, stop pretending to be unconscious. Get up!"

Hearing this, the Qilin great elder couldn't help but shiver. Then, he hurriedly rolled and crawled to his feet in a sorry state. After he got up, he forced a smile and tried to open his swollen purple eyes. He looked at uncle long with a fawning yet scared expression.

"Uncle, uncle long ..." The Qilin great elder opened his mouth carefully, but he was secretly looking down on his own cowardice.

Wu...The great Qilin, why was he afraid of a Dragon whale? Such a fact really made him too sad! However, he also knew that uncle Dragon was no ordinary Dragon whale, because uncle Dragon was already a godly venerable rank beast. And for godly venerable rank beasts, the pressure of their innate bloodline was so light that it was negligible. Otherwise, he would not have been so cowardly in front of uncle long!

"Since you know to call me uncle, I'm your elder from now on. So, you must take my words to heart, understand?" Uncle long cut to the chase when he saw the Qilin great elder stammering.

"..." The Qilin great elder was depressed! Calling him 'uncle long' was just a form of respect, and it didn't mean that he had acknowledged him as his uncle! How could the dragonwhale be so ...

The great elder Qilin didn't know what to say. In fact, he was on par with uncle long in terms of seniority, but now, he was being treated as a junior by the others just because they called him uncle long!

F \* ck! He had called him uncle long for a long time, so why was he only calling him junior now? The first elder of the Qilin clan became more and more worried. At this moment, he could not understand how he had suddenly become the other party's junior.

In fact, uncle long had said that on purpose. Since the great elder Qilin had blocked him earlier, he had to fight back! Otherwise, it would ruin the name of Demon City! Right now, uncle Dragon's priority was Demon City!

Then, uncle long patted the Qilin first elder's shoulder and said, ""Of course, we welcome your Qilin race to enter Demon City. However, you must follow our rules! So, all of your previous plans have to be melted down. After this, I will tell you about the arrangements for you!"

"..." The Qilin great elder was dumbfounded. He had to follow the other party's rules? What business did the Qilin clan have?

The Qilin great elder was speechless for a moment, but uncle Dragon took it as a silent agreement. He patted the great elder's shoulder in relief, and uncle Dragon led the way.

Master ning, Dongfang Yue, Dongfang Lin, and the others followed closely behind. Before they left, they all looked at the great elder Qilin deeply before leaving with a sigh.

When the Qilin great elder came back to his senses, he was the only one left in the huge garden.

The next day, the great elder Qilin was summoned by uncle long and the others, and then he quickly went to the meeting hall.

When he entered the meeting hall, he was immediately treated coldly. Uncle long and the others did not give him a smile. After he sat down uneasily, a few thin pieces of paper were quickly placed in front of him.

The Qilin first elder felt a headache as he looked at those pieces of paper.

Your sister! He couldn't read!

He looked at the few pieces of paper as if he was reading a heavenly book. He only recognized a few words on them, and most of them were unfamiliar to him!

Seeing the Qilin great elder's constipated expression, master ning picked up the paper in front of him with an evil smile and said to the Qilin great elder, "I'm sorry, I forgot that you might not be able to read."

"....."

No! He didn't forget, he did it on purpose! The Qilin Grand Elder was in tears.

After that, master ning was kind and started to talk about the contents of the paper.

It was a plan for the Qilin tribe. It listed the rules that the Qilin tribe had to abide by in Demon City, and at the same time, it also marked out the territory of the Qilin tribe.

When the first elder found out that the place uncle long and the others had arranged for the Qilin clan was less than one-third of the place they had chosen, he felt a deep pain in his balls!

How could they, the Qilin, live in such a small place?

One must know that Qilin was full of wildness and loved to transform into their original form to run and roar in the open wilderness. But now, there was only a small space. Let alone transforming into their original form, even if more Qilin came, their buttocks would probably bump into each other!

No! This bit of territory definitely wouldn't do!

The first elder of the Qilin clan immediately protested strongly.

Master ning, who had already guessed his reaction, smiled and said, "It's only this big, take it or leave it!"

"....."

Wu ... This is too much!

The Qilin great elder was heartbroken. It seemed like he couldn't use force! With this thought in mind, he immediately changed his previous attitude and sobbed, ""Our Qilin's body is huge, and this little territory is really not enough! Can't you make an exception?"

"Big body? This is easy! You guys can completely mimic each other, so you won't need to use so many places. " Uncle long continued with a smile.

"W-we don't like mimicry." The Qilin first elder said with a bitter expression. The mimicry really damaged the mighty image of their Qilin clan!

"Then I can only transform into human form!" Uncle long continued to suggest.

"We're used to living as we please. We've always been living in whatever form our clansmen like. " The first elder of the Qilin clan reminded him in a low voice.

"I see! It seems that you really aren't suited to stay in Demon City. " Uncle long, who seemed helpless, said with a face full of regret.

### [Chapter 2844 You Really Have The Guts To Ask For Anything!\(3\)](#)

"Suitable! How could we not be suitable! There's no other place more suitable than us to Garrison in Demon City! Please believe me!" Upon hearing uncle Long's words, the first elder of the Qilin clan was a little dazed. When he came to his senses, he quickly said,"

"Oh, really? Then please tell me, great elder Qilin, how are you two suitable?" Uncle long was curious.

"We're strong, and each of us can do the work of ten humans. We're also powerful. With us around, Demon city's safety will definitely be greatly increased, don't you think so?" The first elder of the Qilin family saw that uncle long was interested and immediately replied.

"That's true. " Uncle long nodded in agreement.

The first elder of the Qilin family was excited to see uncle Long's attitude. This meant that there was a chance! Hehe!

However, he only jumped for a moment before he heard uncle long say, ""But the amount of food each of you can eat is equivalent to ten humans. As time passes, we really can't afford to feed you. Think about it, why don't we forget about it?"

No, kiss!

The Qilin first elder became anxious. He grabbed uncle Long's leg without caring about his image and cried, ""Uncle long, don't abandon us, and don't abandon us! Let's get closer to our ancestor! Wuwu ..."

"I want to help you, but you want a big place and all of you are big eaters. What should we do?" Uncle long said with a troubled expression.

"Wuu ... We don't want a big place anymore, alright? But the territory you've given me is indeed a little too small. How about you give us half of the place you chose earlier? We can also control the amount of food we eat!" First elder Qilin negotiated with uncle long with tears in his eyes.

Hearing this, uncle long and the others looked at each other and smiled.

He should have done this long ago! "You bastard!" They had to put on an act with the other party. In fact, according to their previous discussion, they would at least allow the Qilin great elder to haggle for two-thirds of the area he wanted. They didn't expect that this old fellow was afraid that they would refuse the Qilin clan's settlement and only asked for half of the area they had originally wanted. In this way, they could be considered to have profited.

After both the host and the guest had reached an agreement, the great elder of the Qilin clan was afraid that they would go back on their word, so he requested to sign a contract. Of course, uncle long and the others were more than happy to do so. After everything was done, the first elder of the Qilin clan went to prepare the Qilin clan's branch in high spirits.

Now that the path was clear and he had gotten the permission of uncle long and the others, the great elder of the Qilin family was swift and decisive in his work, and uncle long and the others cooperated with him. The only thing they couldn't cooperate with was to ask for the fire Yue from Cang at the request of the great elder of the Qilin family.

"You bastard!" Who would dare to ask for people before they were tired of playing?

Uncle long didn't dare! Master ning didn't dare! Brother Dongfang Yue wouldn't dare! The Qilin great elder didn't dare to do so!

Just like that, Huo Yue seemed to have been forgotten. No one mentioned him again.

Half a month later.

Under the Qilin clan's hard work, the Qilin clan's encampment was quickly built and put into use.

The time limit that uncle long had given to the small families was up. Before the deadline, only three families had made the wise decision to become Demon city's subsidiary families and sign a loyalty contract with Demon City.

Although the three families didn't meet uncle Long's expectations and caused him to lose the bet with master ning, it was better than nothing! The depressed uncle long could only comfort himself in this way.

The three families that were willing to join Demon City were not large in scale. The largest family among them had less than a hundred members. Meanwhile, such families could be found everywhere in the divine realm, and they were often the most difficult to survive in! In addition, the most important thing was that these three families were relatively innocent!

Due to the three major powers' small scale and weak strength, almost no major power had tried to recruit them. Aside from seeking Demon city's protection, the three major powers had also been forced to do so by their enemies.

Yes! The three clans all had enemies of different degrees. In the immortal realm, it was basically normal to have enemies, but to small clans like them, even one enemy could be considered fatal! If the enemy had some power, he could easily crush them.

It was under such circumstances that they made such a choice.

Although their reasons for joining Demon City weren't simple, uncle Dragon and the others could understand. After all, no one expected these small families to join Demon City due to the city's overbearing aura. That would be unrealistic. Uncle Dragon didn't care what reason they had to become Demon city's subsidiary families, as long as they were loyal! This was the most important thing!

Uncle long and the others also welcomed them. However, when uncle long arranged for a Beastie to show them around the encampment, the three patriarchs were so frightened that their faces turned pale and they came to find uncle long and the others again.

As soon as they saw uncle long, the three family heads immediately knelt down and begged with trembling hands, "Uncle long, please help us move to another location!"

"Give me a reason!" Uncle long squinted his eyes and said unhappily.

"W-we have a Kirin beside us." A family head stammered.

"So what?" Uncle long was confused.

"It's a Kirin!" The clan head said.

Sob ... Being neighbors with a Qilin, isn't this asking for my life? He was so scared that he couldn't speak after being glanced at by a certain Qilin, so how could he dare to build a house next to him? This was simply too terrifying!

"What's wrong with Qilin? They're also our Demon city's resident guests. You'll be neighbors from now on, so you should get along well." Uncle long warned.

"..." They just didn't know how to get along with the Qilin!

The three family heads were in tears. This was too much!

"It's good that you're used to it. You still have a lot of things to do!" Seeing that the three patriarchs didn't say anything, uncle long took it as a silent agreement and asked them to leave.

Helplessly, the three patriarchs could only leave with tears in their eyes.

After they left, master ning glanced at uncle long and couldn't help but ask, "Is it really a good idea to put those weak little guys with Qilin? Don't get sick from the shock!"

"After joining Demon City, it's only a matter of time before we get used to the existence of the four divine beast Kings, so putting them together is the fastest and most direct way. In addition, when they finish building their base, I'll give them special training! All of you have to raise your strength as soon as possible!" Uncle long explained his plan with a slight disdain.

Ugh! Master ning knew that uncle long was bored out of his mind. In fact, he was also bored to death. Therefore, without thinking, he said, "I can also train them together."

"Yes, we'll give them special training together!" Uncle long said, as if it was better to be happy together than to be happy alone.

Just like that, the future of the three small families had been arranged by uncle long and master ning.

After they had built the house with great difficulty and fear, they received the news from uncle long before they could wait for the heat.

They were about to receive special training!

The three families were rather curious, not knowing what kind of special training it would be. When the younger generation heard that there would be special training, they were even more excited. However, when they really came into contact with the so-called special training, the suffering of the three families had truly arrived.

The special training was carried out in the Dreamdust space. Of course, the place was also provided by the Dreamdust space. Ever since the only resident in his space, the illusionary dust space, had left, it had been idle. As a result, Dreamdust, who was also extremely bored, decided to provide his own personal space after learning that uncle Dragon was going to give special training to the new Demon City members.

Ever since Leng ruoxue and the rest had entered the Dreamdust space for the special training, it had been a long time since they had come into contact with new blood. Hence, the Dreamdust space had placed great importance on this special training. The consequences that he paid attention to also meant that the difficulty of some people's special training would more than double.

As such, these people would not be able to leave the Dreamdust space without a few years.

At the same time, Leng ruoxue's closed-door cultivation continued.

Qing Jue, who was very worried about Leng ruoxue, would personally visit the purple bamboo house every once in a while to check on her. He could only be at ease after knowing that his sister was fine.

As for Leng ruoxue, who had already sealed off all her senses, she naturally did not know about Qing Jue's worries. She was still trying her best to absorb the spiritual energy in the space based on her instincts to feed her bottomless body.

On a certain day.

Qing Jue was taking care of his flowers and plants as usual. Suddenly, he clearly felt the spiritual energy in the bracelet go berserk, and he immediately disappeared.

At this moment, outside the purple bamboo house, first elder, Shen nuo, and the others had already gathered.

These few people had been staying in the bracelets, refining pills and weapons. They also took advantage of the abundant spiritual Qi here to cultivate. Unless it was absolutely necessary, they basically didn't step out of their houses now. But today, they were all attracted by the spiritual Qi in the space that had suddenly become violent. When they left their rooms, they realized that the source of the spiritual Qi was actually the purple bamboo house!

The people who knew that Xue 'er was in seclusion couldn't help but worry for her. To be honest, they did not dare to absorb such brutal spiritual energy, but Xue 'er ...

Seeing the spiritual Qi filling the sky and swarming toward the purple bamboo house, the hearts of the few people trembled. This, would this be dangerous?

When they saw Qing Jue appear, a few of them looked at him worriedly. Qing Jue could only comfort him, "It'll be fine, don't worry."

How could he not be worried? That girl was the backbone of everyone! Shen nuo and the rest thought to themselves.

The great elder was so anxious that cold sweat broke out on his forehead, and his face gradually turned pale. He was so nervous that his hands were trembling. Qing Jue did not know how to explain to them the strange phenomenon that his sister had caused.

Could he say that this was child's play and that the more shocking things were yet to come?

No! He didn't dare to say it. If he did, the first elder who had always treated his sister like his own granddaughter would be the first to be provoked ...

### [Chapter 2845 Green Vessel's Wrath \(1\)](#)

Therefore, Qing Jue did not dare to say anything and entered the purple bamboo house under everyone's expectant gazes.

At this moment, Leng ruoxue, who was in the purple bamboo house, was completely unaware of everything that was happening outside and the commotion she had caused. She was only relying on her instincts to absorb the spiritual energy from the outside world. It was as if her bottomless body could not be filled up at all ...

Under the brutal spiritual energy's rampage, Leng ruoxue's current appearance was rather frightening. Blood was constantly seeping out of her pores, wetting her clothes and flowing down to the ground. The bright red blood had almost dyed her a bloody person.

When Qing Jue saw this scene, he was shocked. He couldn't help but think to himself, "my sister's cultivation is getting more and more dangerous. More importantly, it's getting scarier and scarier!" He could still clearly remember that the last time his sister cultivated, she was in a similar situation, but it was not as serious as now. More importantly, that devilish man was present at that time. If anything unusual happened to his sister, that devilish man could help at any time.

But now?

Qing Jue was a little worried. His sister's current condition was extremely bad. Moreover, this was only the first time the spiritual energy was being used ...

At this moment, Qing Jue felt helpless and angry at himself for not being able to help his sister. This fact made him anxious.

Although he didn't want to admit it, he knew that at this moment, the person he needed the most was Cang.

Without hesitation, he contacted Cang.

In the main residence, Cang, who had received the news, immediately went to find uncle long and threw a man in tattered clothes, who looked like a beggar, to the ground in front of uncle long. After that, Cang disappeared without a word.

Uncle long looked at the direction where Cang had disappeared and then at the unconscious man on the ground. It took him a long time to recognize that this man was Huo Yue.

After recognizing the other party as the fire Yue, uncle long couldn't help but sigh. The fire Yue had obviously suffered a lot in its current image!

Soon after, he sent a beast to find the Qilin great elder and pointed to the man who was curled up like a shrimp on the ground. "Senior Cang has returned your clan head. You can take him back!"

"This ... This is my family patriarch?" Looking at the dirty man on the ground, the Qilin first elder clearly didn't believe him.

"It can't be wrong. Senior Azure personally sent it over. It's definitely not fake." Uncle long promised seriously.

"Uh!" The first elder of the Qilin clan didn't know what to say. He picked up the man on the ground and left.

At the same time, green vessel had also moved Cang into the bracelet.

This time, Cang and Qing Jue were surprisingly harmonious when they met. It was obvious that neither of them was in the mood to bicker with the other. However, the first elder and the others were surprised to see Cang hou.

Why is senior Cang here?

Then, they watched as Cang entered the purple bamboo house without a word ...

For some reason, when first elder and the others saw this scene, the uneasiness in their hearts actually deepened a bit. Seeing this, Qing Jue could only use the excuse of not disturbing his sister's seclusion as an excuse to clear the area.

After Cang entered the purple bamboo house, he found a small corner to lie down, and constantly observed Niu's condition.

From the looks of it, Niu could still handle it on her own. The spiritual energy in her body was also slowly dispersing in an orderly manner, so it obviously didn't need to do anything at this time. And what it had to do was to wait for the spiritual energy in Niu's body to gather too much, and when it was unable to effectively disperse it, it would then give her a helping hand from the outside. Right now, it could only wait.

Not long after, the second wave of violent spiritual energy came.

This time, it was even more violent than the last time. The first elder and the others were alarmed again. However, green vessel did not allow them to approach the purple bamboo house again, so they could only watch worriedly from a distance. After Qing Jue told them not to worry, he sneaked into the purple bamboo house and ignored them.

When green vessel entered the purple bamboo house and saw that Cang was actually sleeping, he was so angry that his hair stood on end!

"You bastard!" This d \* MN cat is really too detestable!

She let it in to help her sister, but it was sleeping on its own! And his most beloved sister was enduring the pain alone, enduring the torture of refining her body with spiritual energy! Green vessel was filled with hatred!

Green vessel was so angry that he rushed forward without thinking and grabbed one of Azure's ears to wake it up.

Cang, who had woken up, opened its eyes in a daze and saw that it was being held by a chubby little hand. After it was suspended in the air, it struggled slightly and got rid of green vessel's claws. It then said in a soft voice, "Are you crazy?"

"I'm crazy? I asked you to take care of big sister, but what are you doing? sleeping?" Qing Jue shouted angrily after he cast a barrier on Leng ruoxue.

The little one was about to explode from anger because of Cang's dereliction of duty! However, Azure didn't seem to care, "Wasn't niu fine? She can handle this level of spiritual energy on her own and doesn't need me to do anything at all. More importantly, if I do anything now, it won't be beneficial to Niu's cultivation. You should know this! The spiritual energy has to refine the body step by step, and all the procedures can not be ignored. Otherwise, do you think it's so easy to be a Divine Master?"

Of course, Qing Jue knew that it was not easy to be a Divine Master. To become a Divine Master, it was necessary to go through some hardships. However, his sister was not a Divine Master yet! Not even a reverent-God! In addition, his sister's spiritual Qi refinement was not an ordinary spiritual Qi body refinement. Outsiders might not know the dangers, but he and Azure should know! But Cang's carefree attitude really made green vessel unhappy!

From a long time ago, the two of them had never gotten along. Now, Cang's attitude made green vessel even more displeased. Thus, green vessel did not care why Cang did not do anything. He continued to shout at the top of his voice, clenched his fists, and shouted angrily, "But you still can't sleep! You should open your cat eyes wide and look at this big sister!"

"Is there a need for that?" Cang didn't deny it, but he obviously didn't agree with green vessel's words. He explained, "I've been keeping an eye on Niu. If there's really something wrong with her, I'll naturally take action, so you can be one hundred and twenty percent at ease! You worry so much, no wonder you've always been like a child and can't grow up!"

"You, you bastard! I didn't grow up because I was sealed, not because I have to worry too much!" Originally, Cang's first sentence had put Qing Jue at ease, but the latter sentence ignited Qing Jue's anger again.

"Hehe! No matter what, it's a fact that you can't grow up! Little doll, calm down, with me here, Niu will be fine!" Cang teased Qing Jue with a smirk. After that, he even used his furry little paws to touch Qing Jue's white and tender face, enjoying Qing Jue's soft tofu.

Qing Jue was furious, but he was helpless against Cang's scoundrels. More importantly, he needed this fellow to look after sister Gu, so he had to endure it!

[Chapter 2846 Green Vessel's Wrath \(2\)](#)

Hmph! I'll deal with you in the future! Qing Jue secretly sighed. Of course, the prerequisite was that this guy still dared to come to his territory in the future.

However, green vessel did not trust Cang anymore and stayed in the purple bamboo house with him. When Cang saw him like this, he fell asleep even more peacefully. As for green vessel, he could only sulk alone.

What a mistake! Miscalculated! Qing Jue realized that he had fallen for Cang's trick. With him here, that guy was sleeping even more fearlessly. How hateful!

However, if he was not here, he would not be at ease with his sister. Qing Jue was conflicted. But in the end, his concern for Leng ruoxue prevailed, and green vessel could only let Cang's evil plan succeed.

For the next few months, Leng ruoxue underwent the spiritual Qi's body refinement again and again. As her senses were shut off, Leng ruoxue's own sense of pain was not too great. However, the body could not lie. All her pain had been fully expressed by her body.

From head to toe, there was not an inch of her body that was still intact. Her entire body was covered in blood. The blood was so thick that it had formed a thin cocoon around Leng ruoxue.

And after training her body time and time again, the strength of her body was almost as strong as the Millennium Coldsteel.

More importantly, such a terrifying spiritual energy body refinement had not ended, and he did not know how long it would continue.

Right now, it was still far from the time when Azure thought it could make a move, so it was still sleeping. Qing Jue was not as heartless as Cang. Ever since he had stayed in the purple bamboo house, he had been watching Leng ruoxue closely. Every time Leng ruoxue refined, his heart would be in his throat.

Although he knew that his sister's current state was a necessary process for the heaven-defying art, he still felt bad for her. However, the only thing that comforted him was that his sister had shut off her senses, so she did not feel too much pain when she was refining her body with spiritual energy. However, her body was honest! I hope that when my sister wakes up, she won't be frightened by my appearance!

Leng ruoxue's soul-stirring cultivation continued. At the same time, the special training for the three newly-joined small families was also proceeding in an orderly manner.

In the blink of an eye, another five years had passed.

Leng ruoxue still had not come out of her closed-door cultivation. However, the three small clans were gradually beginning to have people who had passed the special training and come out. The members of the three clans who came out of seclusion all seemed to have been reborn. They were no longer the people who would tremble at the sight of the Qilin five years ago! Now, after the strict training of uncle long and the others, not only had their strength improved rapidly, but they had also become much more courageous.

When the three family heads saw Qilin, they also dared to take the initiative to greet him, but they still didn't dare to be too close to him. However, this was already considered an improvement.

After they came out of seclusion, uncle long immediately drove them out of Demon City and let them go to the God World to adventure and train by themselves.

Even though they weren't mentally prepared to be driven away, their increased strength had also increased their confidence. Therefore, everyone who was driven out of Demon City was eager to do something big. After being influenced by uncle Dragon and the others for a long time, they didn't have a good impression of fog. That woman was no longer the high and mighty master God in their hearts, but an enemy!

If they were enemies, of course they had to be destroyed!

Uncle long and the others couldn't help but twitch their lips when they heard their bold words. Did they really train these people who had the nature of bandits?

Uncle long felt as if the sky was going to fall. They had actually trained a group of weak little white rabbits into man-eating rabbits?

After reminding them and watching the three families leave, uncle long still said to master ning and the others, ""Is it really a good idea to let them out like this?" Why did he feel that those little guys were overconfident?

"Hehe! They've just finished their special training, so they're in high spirits and full of confidence. As such, it's best to let them go out and gain some experience. That way, they'll be able to wear down their spirit and let them know that once they have strength, they'll have to keep a low profile. As people from Demon City, they should know how to play the pig to eat the Tiger. " Master ning laughed evilly.

"Yup! We can't let those little guys grow into greenhouse flowers. More importantly, Demon City doesn't want trash! Thus, if they want to gain a firm foothold in Demon City, they have to prove their strength, and going out to train is the best option. " Dongfang Yue said.

"Since you're all so assured, then I don't have to worry." Uncle long nodded.

"Haha, there's no need to worry about them. I'm more worried about Xue 'er. It's been ten years, why hasn't that girl come out of seclusion?" At this time, master ning started this sad topic again. As soon as he said that, the scene instantly fell silent.

In the end, uncle long said, "I'm going into seclusion!" How could he come out so quickly? Back when I was in the endless ocean, it would take a hundred years to take a nap and open my eyes again. Now, Xue 'er has only been in seclusion for ten years, what's there to make a fuss about?"

How could this be the same?

Master ning and the others were speechless.

Not to mention Xue 'er's talent, just the space. Xue 'er's space could accelerate time, so ten years in the outside world would be countless years in there. In addition, with Xue 'er's level of talent, it was too abnormal for her to not come out of seclusion for ten years.

As such, they could not help but let their thoughts run wild. As they were discussing this matter, Huan Chen suddenly appeared and interrupted, "You guys are overdoing it. The completion of the heaven-defying art is the most difficult and takes the most time. So, there's no need to worry. Of course, if you guys are too free, why don't we go to the Imperial City together?"

"..." Go to Imperial City to kill the ripple mist B \* tch?

Uncle long and the others were a little conflicted about Huan Chen's suggestion. Although he couldn't deny that his suggestion was good, they were all reverent-god level. If the mist ripple slut's strength recovered, they might not be able to kill her. Of course, if the other party's strength had not recovered, it was still possible to cause some trouble.

"To the Imperial City? I'm in. " At this moment, another voice interrupted. Uncle long and the others looked up and saw Ice Spirit.

"Senior ice soul, do you want to join in the fun?" Uncle long was speechless.

"Yes, I've just recovered my strength, so I want to go to rime ice to test my skills and see the gap between us." Ice Spirit nodded.

In the past few years, he had been working hard to recover his strength. With the help of Xue 'er's pills, his strength had even exceeded his peak. Therefore, at this moment, he was full of fighting spirit!

"I'll go too. " Suddenly, a voice came from behind ice soul. Then, a dark golden Ball of fur climbed up her back.

"Beast God, you should stay in Demon City!" Uncle long immediately said.

Although this little fellow's identity was frightening, his strength was really not something to be complimented about. At least in terms of true strength, he could not compare to the few powerful reverent-god level experts present. However, they were extremely talented, and their status was also innate. No beast could be compared to them.

### [Chapter 2847 Green Vessel's Wrath \(3\)](#)

In addition, although Baobao had recovered its memory and strength, it was still quite young. Therefore, as time passed, uncle long and the others could no longer treat it as the legendary beast God.

When the baby heard this, he looked at uncle long with tears in his eyes and said, ""Wuu ... Are you guys despising me? I can control beasts! I can definitely help. "

"..." Baby! This wasn't a matter of controlling the beast, the key was whether there were any beasts around fog for you to control! If not, what are you going to do?

Everyone was silent. Seeing this, Baobao looked at ice soul and said, ""Little soul, I want to go."

"Mm, I'll go! Let's all go together. " Ice Spirit couldn't stand her baby's innocent eyes and surrendered immediately.

This boss who had been Reborn! In his heart, she was equivalent to an Ice Phoenix. He also felt as if he had a son, because the boss that he had lost and found with great difficulty had actually learned to act coquettishly. This really took Qilin's life.

The baby was happy to see Ice Spirit compromise. Then, it pounced into Ice Spirit's arms and acted coquettishly, leaving Ice Spirit helpless.

What else could uncle long say after ice Spirit agreed?

"Since you want to go to the Imperial City, who will stay behind this time?" Uncle long asked another key question.

"I definitely don't want to stay." Dongfang Yue immediately expressed his opinion. "You bastard!" He had been left behind several times, and this time, he was not willing to be left behind no matter what.

"Why do we need to stay behind?" Huan Chen asked in confusion.

"If we don 't, what if the enemy attacks?" Uncle long said matter-of-factly.

"Isn't our only enemy the ripple mist bitch? "And we're going to the Imperial City now ..." Huan Chen reminded.

"Doesn't she still have a clone?" Uncle long also reminded him.

Huan Chen fell silent upon hearing this.

In the end, the crowd discussed and raised their hands to vote. The unlucky master ning was left behind.

The depressed master ning watched uncle long and the others leave, feeling sad.

And reverent-God's speed was fast! The few of them took turns to teleport, and they arrived at the Imperial City in less than half a day.

The guard at the entrance of the Imperial City had seen Bing po before, so when he saw them, he immediately ran into the city as if he had seen a ghost. He kept shouting, "There's an enemy! There was an enemy! That Qilin is here again. Everyone, be on your guard!"

"Has Leng ruoxue arrived yet?" Someone in the city asked, and his voice could be heard.

Everyone was silent and turned to look at Ice Spirit.

Ice Spirit was embarrassed by their stares and explained, ""It's not my fault. The little girl is too powerful. They're not afraid of me."

But would anyone believe this?

Ice Spirit shook his head and sighed. Then, he and the others swaggered into the Imperial City. The guards didn't dare to stop them, let alone collect their fees.

"You bastard!" He was almost scared to death! How could he still be in the mood to collect fees?

He strode to the main gate of the Divine Master's estate. The two doors immediately opened and Xuan Yi and the other two reverent-god level cultivators walked out.

When he saw uncle long and the others, Xuan Yi asked with a helpless smile, ""Why have you all come here?"

After asking such nonsense, even Xuan Yi despised himself a little. Was there a need to ask? These few people were probably here to cause trouble out of boredom.

And wasn't this formation a little too frightening? Four reverent-god level experts and a white-robed man whose strength he couldn't even see through, what were they up to?

One should know that the divine lord's estate only had three reverent-gods, but the other party had sent four at once. This was definitely not a sign of friendship!

Xuan Yi was well aware of this, but he had no choice but to put on an act.

Al! The life of a spy was not easy!

"Nothing big, I'm just here to cause trouble." Uncle long laughed evilly. After he had enough eye contact with Xuanyi, he said.

Your sister! This old whale actually dared to say that? Hearing this, Xuan Yi's mind was in a mess. Demon City was so arrogant now that they didn't need to be more subtle about causing trouble at the divine lord's estate?

The answer now was obviously yes.

As for the people from the divine lord's estate, they were all upset when they heard uncle Long's arrogant words.

Since when could the high and mighty Divine master's estate allow others to cause trouble as they pleased?

"Is that ripple mist bitch here?" Seeing that the other party was silent, uncle long continued to smile very lewdly.

"The God Lord isn't here." Ignoring the word "B \* tch," Xuan Yi said helplessly.

"It's good that he's not here. We can finally move freely. " Uncle long said, satisfied.

"....."

The people in the God Lord's Manor were depressed again. The Divine Master isn't here, so you can do whatever you want, right?

In fact, uncle long and the others were happy to hear that the ripple mist bitch wasn't here, because this meant that she was still healing! However, it was not good news for Ice Spirit. The main reason he came to Yu city was to find that B \* tch, Wu Cheng! If he wasn't here, who would he call?

Ice Spirit was obviously not interested in the three reverent-god level cultivators. That was why he was sad. An ice-cold aura floated around them and gradually spread to the three of them.

Feeling the sudden chill, Xuan Yi and the other two looked at Ice Spirit helplessly. When Ice Spirit saw that she had attracted the attention of the three, she said, "I'll give you two choices. Either the three of you come at me together, or call out the ripple witch and let me fight her!"

"..." Please choose the third option!

The three of them were in tears. This Qilin former clan leader was clearly a battle maniac, and he even wanted the three of them to attack together! To be honest, there were not many reverent-gods in the divine realm who were willing to fight with the ice Spirit. Because that would be a completely one-sided beating! But now, the other party had their eyes on the three of them. What could they do?

The three of them looked at each other and communicated with their eyes. Then, they turned to the guards beside them and said, "Go and inform the God Lord that senior ice soul has arrived."

As the saying goes, 'better a fellow Daoist than a poor one'! The current situation was clearly already out of their control. It was better to invite the Divine Master out!

After Wu Yan heard this news, she quickly stopped healing and walked out of the secret room.

Seeing Wu Chen again after several years, ice soul found that her complexion was much better than before. It seemed that after so many years of healing, her injuries had almost recovered!

This fact made him quite unhappy.

If Wu Chen's injuries were completely healed, it also meant that he would have time to find trouble with them! This can't do! Xue 'er still hasn't come out of seclusion! He absolutely couldn't let Wu Xuan heal first!

After thinking about it, Ice Spirit deliberately shouted at Wu Xiao, "Ripple mist B \* tch, you haven't appeared in the immortal realm for so long, I thought you were already dead!"

"Hmph! Icesoul, is there any point in arguing?" The red-robed Wu Chen said with a smile.

"Of course it's meaningful. I'll be very happy if I can anger you to death." Ice Spirit replied with a smile.

"I'm afraid you won't be able to do as you wish. I heard that you're here to pick a fight with me?" Wu Xuan asked in a calm manner.

"Not bad." Ice Spirit nodded.

"You think you're my match? What about Leng ruoxue? Tell her to get out here!" Riverripple said angrily.

Then, she started to look around Ice Spirit. Seeing all the familiar faces, Wu Yan was so angry that she was about to explode.

Wait a minute! Why was this guy here?

After seeing the long-lost Dreamdust, she could no longer control her anger. She pointed at Dreamdust and asked, "You ... Why are you here?"

What she wanted to ask was why Huan Chen was with ice soul and the others. When did they get together?

However, Huan Chen acted as if he didn't understand what she was saying. He elegantly smiled and said, "I can't be here? This is also my home!"

"Damn it, don't play dumb. I'm asking you, how did you end up with these people!" Wu Xuan's flames of anger burned wildly. Her red clothes fluttered without any wind, and the flames spewing out of her eyes simply wanted to drown Huan Chen.

"What do you mean?" Huan Chen asked in confusion.

"If you're with them now, that's called fooling around!" Ripple mist angrily replied.

"Is she with you?" Huan Chen asked again.

"That's the wisest choice you can make! Dreamdust! I order you to return to my side!" Rime howled with jealousy, her beautiful face contorted in anger.

Yes! She was jealous! He was so jealous that he was about to go crazy! Why? Why did Leng ruoxue have everything that she could not get despite all her efforts?

What kind of charm did that little girl have that she could actually make these experts, whom she was quite envious of, work for her? She was the Divine Master! She was the master of the divine realm, alright? Why did that wretched girl have to be a hundred times better than her in front of these old fellows? And he was not welcomed by them?

Since ancient times, his existence had been like a thorn in the flesh of these people! They looked down on him, and even if he became a God Lord, they wouldn't even think highly of him. She had also thought of subduing them, but these hateful guys didn't even put her in their eyes.

Now that the stinky girl had appeared, she had immediately come to his door! These people's extreme attitudes towards her and Leng ruoxue made Wu Xiao so jealous that she was about to go crazy.

One had to know that among the people in front of her, other than the Dragon whale from tens of thousands of years ago, which was slightly weaker, Dongfang Yue, Dongfang Lin, Huan Chen, and Bing po were all people she wanted to subdue! However, she had thought of all sorts of ways, even using both soft and hard tactics, but she had not been able to make these people admit defeat. Now, these people were all standing on the opposite side of her and had become her enemies. How could this not make her vexed and angry?

Hmph! If he had known this would happen, he would have killed them all!

### [Chapter 2848 You're Also Alive?\(1\)](#)

Wu Han regretted this! He didn't kill them back then, but now, they were all taken advantage of by that damned brat Leng ruoxue! However, it was too late for regrets now.

And even if fog was filled with regret, it could not change this fact.

At this moment, ice soul, who was watching Huan Chen and Wu Chen's interaction, looked at the two and said with a look of realization, "So the relationship between the two of you is not shallow!"

Ice Spirit's words were very subtle, but everyone present understood what he meant. Thus, uncle Dragon and the others cooperated and looked at Huan Chen and Wu Chen with ambiguous eyes. They looked at Huan Chen until he was scared.

Following that, everyone heard Mirage dust fire roar, "You bastard! Who has a close relationship with this old bitch? I have nothing to do with her!"

Huan Chen's words could not be said to not be poisonous. It was fine to call her a slut, but he added the word "old" in front of it. As a result, everyone naturally laughed very happily, but Wu Chen's beautiful face became even more distorted and instantly turned green.

However, no one cared if Wu Ling was angry or not. After all, everyone was here to anger her! It would be best if she could anger her to death, but even if she didn't, she would still cause trouble for the other party.

"You, you guys ... I won't let you guys off." Seeing that uncle long and the others were laughing wildly, Wu Xiao, who was so angry from embarrassment, was almost speechless. After a long time, she finally managed to say something. Hearing her words, everyone laughed even more heartily.

"Ripple you B \* tch," uncle long said with a smile. "Even if you let us go, we don't intend to let you go!"

"That's right!" Ice Spirit liked it.

Seeing Ice Spirit speak again, Wu Ling suddenly laughed and said, "Ice Spirit, I know you hate me for throwing your son away, but it's been so long. Even if you hate me to the core, I'm afraid your short-lived son won't be back."

The mist ripple red fruit drew hatred, but Ice Spirit wasn't angry at all. She calmly replied, "Wuchen, I always thought that you were very smart! Only today do I know that you're also an idiot! You can't be thinking that I'll be angry if you provoke me like this, right? I'm really sorry, I'm afraid I'll have to disappoint you! Besides, I want to kill you not just to avenge my son. You should understand this, right?"

"You bastard! Who are you calling a short-lived ghost? You're the short-lived one, your whole family is short-lived!" As soon as Bing po finished speaking, Bing Yao came out from behind her father and cursed, leaving no chance for Wu Chan to provoke her.

Hearing her son's voice, Bing po patted Bing Jie's head to comfort her.

When she suddenly saw a small Kylin, of course, she was surprised. When she heard the small Kylin scold her, she was also a little angry. However, when she saw that the small Kylin looked very similar to Ice Spirit, she had a bad feeling.

Could it be ... No, that's impossible! Back then, when she had abandoned that little Qilin, she had clearly cut off the little Qilin's life force, so it was absolutely impossible for that little Qilin to be alive.

With this thought in mind, Wu Han had a clear idea of what was going on. She looked at the small ice-blue Qilin, which was glaring at her, with a sympathetic expression and incited, "Little guy, it doesn't feel good to be someone else's substitute, does it? Ai! I really do pity you! Although you're an ice Qilin, you

don't have the bloodline of an Ice Spirit! If he finds his son one day, what will you do? You will be abandoned by the ice Spirit!"

When Wu Ling said this, her expression of sympathy for Bing Yao grew more and more solemn. Bing Yao was baffled, while uncle long and the others could not help but feel their foreheads fill with black lines.

This woman's IQ was really worrying!

How can you sow discord like this? You're not even sure if they're father and son! If not, wouldn't you be making a huge mistake by saying that?

"Father, what is this old slut saying?" After thinking for a while, Bing Yao didn't understand what Wu Han meant, so she had to ask her father for help.

"She's farting!" Ice Spirit said in disdain. In his heart, he couldn't help but think, was his relationship with Bing Yao something that others could just provoke? It was truly laughable.

However, Wu Yan didn't think so. She felt that the ice Spirit didn't dare to answer the little Kylin's question directly. There must be something wrong with their relationship. Therefore, she wasn't angry at all after hearing Ice Spirit's words. Instead, she put on a kind expression as if she didn't want to scare a child. "Little Qilin, this old Qilin lost his son tens of thousands of years ago. Naturally, he's treating you as a substitute for his son. When he finds his son, you'll be abandoned by him!"

"Bullshit! I'm not a substitute, I'm the little Qilin that you threw away tens of thousands of years ago!" As soon as ripple mist finished explaining, Bing Yao angrily said.

"You're his son? Hehe! Don't joke around, how is that possible! Little Kylin, Ice Spirit is lying to you! His son is long dead. " Wu Luan didn't believe Bing Yao's words at all and continued to provoke her.

At this moment, Ice Spirit smiled helplessly and asked, ""Do you mean that I'll mistake my son for someone else? Don't you know that Beastie has a natural reaction to its own bloodline?"

Ripple of fog was stunned by Ice Spirit's confidence. She smiled confidently and said, "It can't be your son. When I threw your son into the lower world, I had already killed him. How can this little Qilin be it?"

His life force was cut off!

These words echoed in ice soul's mind. In an instant, ice soul was furious!

F \* ck! His son's life force had actually been cut off! This was a fact that he only found out today! He had always thought that his son's slow growth was due to him not being nurtured by the Qilin race. However, it seemed like it was not just because of that! It seemed that the main reason why his son had been unable to reach adulthood was that his life force had been cut off!

Ice Spirit couldn't just let it go after knowing what happened. She asked again, "Did you really end my son's life back then?"

"Of course, how could it be wrong to make it myself? Therefore, you should stop deceiving this little Qilin. It's absolutely impossible for it to be your son. " Wu Xiao laughed complacently. She felt a sense of accomplishment for being able to stimulate the ice Spirit.

"Father, am I really not your son?" Bing Yao asked helplessly. He finally understood what the B \* tch was saying. When she threw it at him, she had cut off his way out. If it was really the son of Ice Spirit, it shouldn't be alive. But it was clearly alive, so who was it?

In an instant, Bing Yao was a little confused. Even though it felt close to the ice Spirit, it could not be sure if it was the ice Spirit's son. It was in a dilemma.

Bing PO's heart ached when he saw Bing Yao's reaction. He took Bing Yao into his arms and said, "Of course you're father's son. Don't tell me you doubt that father can't recognize his own son? Bing Yao, you're still young. When you've grown up, you'll be able to clearly sense the bloodline connection between us!"

#### [Chapter 2849 You're Also Alive?\(2\)](#)

"Lie! You're lying to this cute little Qilin!" Ice soul was trying to comfort her child, while fog was trying to make her presence known. Ice soul's anger reached a new level.

F \* ck! I'll deal with you after I've coaxed my son! Ice Spirit cursed in her heart and continued to coax her son.

Bing Yao did not pay any attention to Wu Ling. She just buried her head in her father's arms, quietly feeling the special, indescribable bloodline connection between the two of them.

After a while, Bing Yao raised her head from Bing PO's arms. After looking at her father, she turned her angry eyes to Wu Ling and said fiercely, "Old B \* tch rime ice, don't even think about sowing discord between us father and son. To tell you the truth, I came from the lower realm. I'm the little Qilin that you threw into the lower realm back then!"

When Bing Yao said these words, he felt some regret in his heart! How could it be affected by this old B \* tch and let its thoughts run wild? If the ice Spirit wasn't its father, would it be so good to it? Would it listen to it? Would he have no principles and play along with it?

Thinking of this, Bing Yao's heart felt warm, and Wu Ling's words no longer affected it.

However, after hearing Bing Yao's words, ripple mist was clearly quite surprised and disbelieving, "This is impossible! It was impossible for that little Qilin to be alive! Moreover, you said that you came from the lower realm, haha! Do you think I'll believe you? With your strength, are you able to come up to the divine realm?"

"Why can't I come up? Even if I can't come up, someone will bring me up. " Seeing that Wu Jie was talking about his strength, Bing Yao was even more confident.

That's right! With its strength, it was almost impossible in the divine realm. But even if it does come up, what can you do to me? Bing Yao laughed evilly as he thought.

"Who brought you up here?" Upon hearing this, Wu Yan immediately asked.

"Little xuexue brought me up here!" Bing Yao told him honestly.

"Who is little xuexue?" Wu Xuan didn't react for a moment.

"Little xuexue is the little xuexue you hate so much!" Bing Yao said in a tongue-twister-like manner.

Little Xue Xue? Could it be Leng ruoxue?

Wu Jing thought for a while before coming to a realization. But then, her anger rose instantly. That damned Leng ruoxue! It's fine that I'm going against her, but now I've even kidnapped a Qilin!

Wait a minute! Could the words of this little Qilin be trusted? The suspicious Wu Ling didn't really believe Bing Yao's words. After thinking, she said, "Do you think I'll believe you? Hmph! Back then, that little Qilin simply couldn't have survived, so don't lie to me!"

Wu Xiao would never believe it!

Bing Yao heard the other's words and felt helpless.

Why did no one believe him when he told the truth? Did he have to force it to lie? Thinking up to this point, Bing Yao could only helplessly say, "If you think that you'll feel better if I lie to you, fine! I was lying to you! Back then, I was already dead, and I was killed by you!"

A helpless expression appeared on Bing Yao's cute little face as she spoke, instantly causing uncle long and the others to burst into laughter. On the other hand, Wu Ling's face turned ashen and she was extremely angry.

If she couldn't even tell that she was being laughed at by a little Qilin, then her IQ was really too low.

However, before she could get angry, a dark golden furball climbed up from Ice Spirit's back. It stared at Wu mo with hatred for a while and said, "Bitch! Back then, I was also killed by you, but I'm still alive!"

"You ... You're also alive?" Seeing the furball, Wu ice was stunned again. Then, anger rose to her head again.

F \* ck! All of them had actually come back to life? Wu Xiao was filled with hatred! Are these guys really unkillable? No! She would never believe it!

Ripple wanted to retort, but Baobao beat her to it, ""Are you also going to say that I'm a fake?"

"Right! Because there's no way you're still alive!" Wu Yan said with certainty. In the past, this little save-life had always been against her, so she had not shown any mercy when she killed him. She had even destroyed his soul. But now, the living little save-life was in front of her, so how could she believe her eyes?

Liar! It was all a lie! She would never believe that this little save-life could reincarnate! This was because those who were killed by her, be it humans or beasts, would not have any chance of reincarnation!

But how could he explain the facts in front of him?

Wu Jing was uncertain for a moment, but then she became firm in her confidence. She looked at Bao Bao as if he was a counterfeit and said, "I don't care who you are. If you want to impersonate the beast God, you're courting death!"

Beast God?

As soon as these two words came out of Wu Xiao's mouth, except for uncle long and the others, who were quite calm because they already knew the truth, the people from the God lord's estate were all shocked and speechless.

Although they had never seen a beast God before, the legendary beast God was no small character. They had naturally heard of the great name of the beast God. Now that they heard that Wu Jing thought this little furball was a fake beast God, they were shocked and couldn't help but turn their eyes to the baby.

Was this how the beast God was?

It's a little furball?

Wasn't this image a little too disappointing?

It was undeniable that the baby's round body was quite cute, and many women might not be able to resist the urge to hug it when they saw it. However, as a beast God, this image was really too degrading!

Shouldn't the legendary beast God be as mighty and majestic as the Qilin? How could he be so tiny and cute? How could anyone link the beast deity and furball together?!

Reputation and image did not match at all! Everyone in the Divine Master's estate was quite disappointed. Some people even looked at the baby with suspicion that 'you're a fake'.

Seeing this, the baby sighed helplessly and then listless.

Al! There was no Beastie at the scene, so there was no place for it to use its skills! And to fight with humans ... No matter how one looked at it, it would be at a disadvantage.

Seeing that the baby was listless, Wu Jing's previous anger and depression were replaced by a happy and proud smile, and she sneered, "Hmph! A fake is a fake! Look at you, you good-for-nothing!"

"You bastard! You're the good-for-nothing! Your whole family is a good-for-nothing!" Being insulted by the enemy, no matter how good-tempered Baobao was, it was also angry!

F \* ck! If the baby doesn't show his power, do you think I'm a sick baby?

The angry baby jumped out of ice soul's arms and roared into the sky. Uncle Dragon and ice soul's expressions changed!

Even Wu Xiao's expression turned ugly. Because she was too familiar with this roar. She had heard it several tens of thousands of years ago. However, she absolutely did not believe that this hairy ball in front of her, which looked exactly like the beast God, had the ability to summon beasts like the beast God!

### [Chapter 2850 You're Also Alive?\(3\)](#)

As for the other people present, when they saw the little furball roar in anger, they were all confused. Was this a roar to scare people when he couldn't win?

With such a thought, everyone on rime ICE's side couldn't help but laugh.

Hearing the laughter, uncle long and ice Spirit couldn't help but look at those people. At the same time, they were worried that they might not have the chance to attack again today.

The beast God's wrath was unstoppable!

After the baby finished shouting angrily, it seemed to have lost all its strength and fell from the sky. Ice Spirit saw this and quickly reached out to catch the baby. The baby smiled, then closed his eyes and fainted.

Seeing that the baby had fainted, the people who were laughing wildly earlier laughed even louder.

"Are you done laughing?" Ice soul said as she held her son in one hand and her baby in the other.

They were really a bunch of dogs who didn't know death! You guys will suffer later! Ice Spirit didn't pity them at all, because they asked for it!

However, his words didn't stop the other party's laughter. Instead, it made them laugh even more wildly.

"All of you, shut up!" At this time, Wu Xiao also roared, and their laughter came to an abrupt stop.

The people from the God lord's estate were confused about why the God Lord was helping the other side. However, when they saw the God Lord's serious face, they didn't dare to make a sound.

Not long after, everyone present heard a sound coming from the distance. At first, it was just a buzzing sound, but as the object that made the sound approached, the sound became louder and louder, and it seemed that other sounds were mixed in with the buzzing sound.

However, the distance was still a little far, so no one could tell what the sound was.

Not long after, the sky suddenly turned gloomy. A mass of black clouds floated over from the distance at a speed visible to the naked eye. From time to time, the black clouds would flash with a few golden lights. Such a strange phenomenon shocked the people of the God lord's estate to the point that they were speechless.

W-what was this?

The black cloud glowed with golden light and made a sound?

It was only when the black cloud approached that they saw its true appearance.

Oh my God! This wasn't a black cloud. It was clearly a troop made up of thousands of insects.

In this group, there were bees, flies, mosquitoes, and so on! The insects that everyone was familiar with were still considered ordinary. There were even more that no one present knew!

The smallest of these bugs was the size of an adult's fist! The biggest one was almost as big as a millstone! And there was more than one of such a big bug. Obviously, the biggest bug was the leader of this team.

As they floated in the sky above the divine lord's estate, the strange phenomenon they caused attracted the interest of many people living in the Imperial City. However, when they saw that the incident

happened behind the divine lord's estate, most of them did not dare to touch the head of the divine lord's estate even if they wanted to watch the fun.

However, a person's curiosity was truly endless! There were also some extraordinarily bold people who thought that no one knew about them, hiding in some corner and broadcasting the scene here.

At the same time, the people of the God lord's estate were also guessing what these bugs were doing here.

A group walk? This definitely wasn't!

Then what were they doing here? And he even put out such a huge momentum, was he trying to scare someone to death?

Although the strength of the Zergs in front of him was not very high, there were so many of them! When they saw that the sky was densely packed with enemies, the people of the God lord's estate felt their scalps tingle.

At this moment, the leading bee with a golden body said, ""Who is bullying our beast God? "You bastard!" You really don't want to live anymore!"

Bullying the beast deity?

Hearing the big bee's words, the people of the Divine Master's estate finally reacted. When they said they were bullying the beast God, were they referring to bullying that little fluffball?

Could it be that the little furball was really a beast deity? But didn't the Divine Master say that the other party was a fake?

This ... Who should they listen to?

The people of the God lord's estate were at a loss. They couldn't help but look at their boss.

Wu Jing was very calm and said with a smile, ""Are you sure it's a beast God? Don't be fooled by a liar!"

"You bastard! You're the liar! "Your whole family is a big liar ..." The Golden Bee immediately cursed when it heard that someone dared to slander its boss. It didn't care if the person was a master God or not.

This big bee was quite talented at scolding people. After scolding for a few minutes, it actually did not repeat the same thing! The faces of the people from the Divine Master's estate turned black.

"You bastard!" Who would feel good after being scolded by a bug?

As a result of the discomfort, someone took the lead and shouted at the Golden Bee, ""Even if that little furball is a beast God, what does it have to do with you insects? are you all beasts?"

As soon as he said that, the people from the God Lord's mansion burst into thunderous laughter.

"They're not beasts, so we're finally!" Suddenly, a slightly aged voice interrupted.

Everyone looked up at the same time, only to find that they had been surrounded by snakes. The one who spoke was the most senior snake among the snakes.

Countless other venomous snakes stuck out their long tongues and glared at them. Their cold eyes emitted a cold chill. And those who were targeted by these poisonous snakes felt as if they had fallen into an ice cave, making them feel cold all over.

They couldn't help but shiver, but no one dared to say anything against these poisonous snakes. More importantly, these snakes were very colorful, and they couldn't even name many of them. Or it could be said that these venomous snakes weren't from the snake Clan that often moved around in the divine realm and were known to people.

"I really didn't expect that the fake little reserved life could actually command you!" Seeing these venomous snakes, Wu Ling couldn't describe the feeling in her heart. This was because she knew all of these venomous snakes and had fought with them in the past. However, after she killed the beast God, these venomous snakes immediately disappeared from the divine realm. Moreover, in front of these venomous snakes, she still called the baby 'fake little Baisheng'.

Hearing this, the old Viper who had spoken earlier grinned and said, ""You're the little reserved life! You're the fake one! You ungrateful bastard!"

"You!" Wu Yan was so angry that her anger rose again, but that old poisonous snake didn't care at all. He shouted to his disciples and Grand-disciples, "Children, bite these traitors of the God lord's estate to death! Especially this B \* tch in red! Everyone, bite as much as you can. After you're done, remember to quickly escape! Don't get caught by her!"

The old venomous snake's pre-battle encouragement immediately made all the snake children and descendants excited. However, when uncle long and the others heard this encouragement, they didn't know whether to be speechless or to praise this old venomous snake's wise move!

Running after biting was definitely a great suggestion! Furthermore, he would definitely anger the enemy to death!

Sure enough, when uncle long and the others turned their eyes to the mist ripple bitch, her face turned red, green, and black, almost like a palette.

In the next moment! A commotion broke out in front of the Divine Master's estate!

After the encouragement from the old Viper, countless Vipers rushed towards their previously selected targets without any delay. Instantly, the scene turned into a mess. Screams and the sound of footsteps rose one after another, lingering in the ears.

Uncle long and the others took a big step back to watch the show.

For a time, everyone in the God lord's estate suffered a collective disaster, even the three reverent-gods were not spared! Especially Xuan Yi, he felt so aggrieved! He was clearly a spy! However, these venomous snakes did not distinguish between friend and foe and even bit him! However, she had no choice but to bite him. He would be exposed!

With this thought in mind, Xuan Yi had no choice but to close his eyes and pass out the moment he was bitten by a poisonous snake.

At this moment, many people had been bitten by the venomous snakes, causing the God lord's estate's fighting strength to drop. In reality, they couldn't be blamed for this, and it had nothing to do with strength. The main reason was that there were too many venomous snakes, and it was hard to guard against them. You could defend against one, but not a group. Therefore, it was almost impossible to not be bitten. Once bitten, the consequences were self-evident.

In addition, at this time, the fog ice had already been surrounded by the snakes ...

At the same time, Leng ruoxue had also reached a crucial moment in her cultivation.

After cultivating for such a long time and going through the Spirit Qi body refinement time and time again, not only had Leng ruoxue's body's strength reached an unimaginable level, but the spirit Qi within her body was also nearing saturation. And this moment was the most important moment for her!

Knowing that Leng ruoxue was at the final stage, Cang and Qing Jue were so nervous that they did not dare to blink. At this moment, the spiritual energy in the bangle was all flowing towards the purple bamboo house.

In an instant, Leng ruoxue's body was filled with spirit Qi. She was dyed red by her blood, and her face, which was almost unrecognizable, gradually revealed a pained expression. This made Qing Jue's heart ache.

"It's your turn now, hurry up!" Qing Jue turned to Cang.

"I know!" Azure nodded with a solemn expression.

At present, the spiritual energy in Niu's body was so dense that it had almost solidified, so she really needed someone to help her with external help. Otherwise, if Niu absorbed and fused it at her own speed, not only would the pain be doubled, but her life might also be in danger.

Thus, both Azure and green vessel did not dare to take any risks.

The next second, Azure decisively attacked.

The majestic divine power flowed into Leng ruoxue's body through its toes.

The moment the divine energy entered her body, it immediately worked with Leng ruoxue's physical and divine energy to deal with the Restless spiritual energy.

Absorption, fusion, and conversion!

The two Shen powers worked together flawlessly. More and more Ling energy was tamed and Cang stopped the transfer of Shen power.

After a long time.

Leng ruoxue, who had finally finished absorbing and converting all the spiritual energy in her body, opened her beautiful eyes that were as bright as autumn water ...
