

Crazy Wife 2851

[Chapter 2851 Leng Ruoxue, You And I Are Irreconcilable \(1\)](#)

When they saw that Leng ruoxue had woken up, green vessel and Cang immediately rushed into her arms and acted coquettishly. When they felt that there was an obstacle beside them, the man and the Beast started to trample on each other. Neither of them was willing to show weakness and wanted to push the other out of Leng ruoxue's arms so that they could have Leng ruoxue's arms for themselves.

Leng ruoxue saw the two little fellows squirming around in her arms and could only helplessly hug the two of them together. She sighed and said, "Alright, you two, stop messing around. Be good."

Al! Both the palm and the back of her hand were meat. Her heart ached for anyone! More importantly, she had not seen familiar people for a long time. After seeing the two little fellows, she felt particularly close.

It was great to see them the moment he opened his eyes.

After Leng ruoxue finished speaking, green vessel and Azure immediately quieted down. However, they were still staring at each other restlessly. Fortunately, they did not touch each other.

Seeing this, Leng ruoxue could only lie to herself and be satisfied.

Then, the three of them started chatting. Of course, it was mostly Leng ruoxue who was asking them about the situation. When she found out that she had been in closed-door cultivation for ten years, Leng ruoxue was stunned.

It had actually been ... That long?

Oh my God!

Wouldn't Godfather and the others be worried to death? At the thought of this, Leng ruoxue stood up anxiously, wanting to leave the purple bamboo house.

"Sister, wait." Just as Leng ruoxue took a step forward, Qing Jue immediately reacted and stopped her.

"What?" Leng ruoxue looked at Baby Su in confusion and said, "Qing Jue, it's taking too long. I'm afraid that Godfather and the others will be anxious."

"Sister, even if you're afraid that they'll be anxious, you should at least take a bath and change your clothes! If you go out like this, you'll definitely scare them." Qing Jue could not help but remind her.

Hearing Qing Jue's words, Leng ruoxue looked at her own clothes suspiciously. With one look, she was shocked.

This ... This dirty person is her?

At this moment, the blood on Leng ruoxue's clothes had already congealed into dark red blood clots that covered her entire body. The skin on her hands and arms that were exposed had wrinkled, as if a layer of calluses had covered them ... And this was only the part that she could see. She believed that the parts that she couldn't see weren't any better.

He really couldn't show his face to anyone in this ghostly appearance.

After placing the two little fellows down, Leng ruoxue turned around to wash up.

After a short while, Leng ruoxue, who was refreshed and had changed into a set of clean clothes, walked out again.

"Alright, you can go out now." Leng ruoxue smiled.

After leaving the purple bamboo house, Leng ruoxue immediately saw the first elder and the others who were prohibited from approaching the purple bamboo house by green vessel. She quickly walked over.

After exchanging some pleasantries with them, the great elder asked curiously, "Xue 'er, are you able to advance to reverent-god level?"

"I can't do it now. Although I have enough divine power, I'm still lacking in other aspects. However, I definitely have the strength of a reverent-God now." Leng ruoxue said after a moment of gloominess.

"Argh! After cultivating for so long, you still can't make a breakthrough?" The first elder felt a little regretful, but any cultivation was extremely dangerous, so he was still very happy to see Xue 'er come out unscathed.

"Yes, my 'heaven defying art' not only requires a large amount of divine power, but also alchemy, weapon forging, and other aspects. I have enough divine power now, and I only lack other aspects. So, I just need to specialize in other aspects in the future." Leng ruoxue explained.

In addition, the most difficult part of the heaven-defying art was the divine power, which required a huge amount of energy. Now that she had solved the most difficult one, she didn't need to go into seclusion for the rest as long as she had the materials. Therefore, she could go back to her previous self, deal with things while refining pills and weapons. However, this time, she would focus her energy on alchemy, weapon refining, and other aspects.

"Since that's the case, we'll do our best to supervise you in the future and try to help you advance as soon as possible." Hearing Leng ruoxue's words, first elder laughed and joked.

In fact, this little girl didn't need anyone to supervise her. When she was serious, they couldn't catch up with her even if they worked together!

"Alright!" Leng ruoxue smiled and nodded. She then brought first elder and the rest out of the bracelet.

However, once she was out of the bracelet, Leng ruoxue was surprised to find that there was no one in the courtyard.

What was going on?

Where did everyone go?

She turned to look at the great elder, who knew that the great elder was also looking at her with a confused expression and said, "Little girl, I don't know where they are."

"Does Azure know?" Leng ruoxue asked as she looked at Cang.

"I don't know. I only care if there's an enemy ambush. I don't care about the guy who's still alive and kicking." Azure arrogantly pouted.

"Uh!" While Leng ruoxue was speechless, she could not help but feel worried. She had asked Qing Jue in private just now, but he had answered that she had not paid much attention to it.

This ...

In the end, Leng ruoxue and the rest finally found master ning's figure in a corner of an empty garden.

The master of the ning family, who was discovered by them, was holding a jar of wine in his hands, and his little face was red from drinking. His eyes were blurred, and he seemed to not see them when he saw them. "A bunch of heartless things. They actually left me alone and ran out to play!"

Hearing this, Leng ruoxue and the others exchanged glances and understood. So uncle long and the others went out to play in a group! No wonder he didn't see anyone.

But where did they go?

Leng ruoxue wanted to know where uncle long and the others were. After helping her drunk Godfather up, she asked patiently, "Godfather, where did uncle long and the others go?"

"Godfather? Who are you calling? I'm not Godfather, I'm master ning! Moreover, I only have one goddaughter. Who are you?" Master ning's eyes widened as he studied Leng ruoxue for a long time before he asked,

"....."

He was so drunk that he couldn't even recognize her.

First elder and the others were speechless. However, Leng ruoxue still patiently said, "I'm your goddaughter. "

"Liar! My goddaughter isn't like you. " Master ning didn't believe him.

"What does your goddaughter look like?" Hearing the old man's words, first elder could not help but ask.

"My goddaughter is very pretty, not as ugly as you! So, you can't lie to me. " Master ning pointed at the great elder with a look of disdain. Obviously, he had taken the great elder as his goddaughter who was about to acknowledge her father.

"Your sister! You're the ugly one! Your whole family is ugly!" Hearing master ning's words, the first elder was so angry that he immediately roared. Then, he grabbed master ning's collar and said fiercely, "Old thing, look carefully. I'm not your goddaughter!"

With a 'pfft', when Shen nuo and the others heard this, they could no longer hold back their laughter.

[Chapter 2852 Leng Ruoxue, You And I Are Irreconcilable \(2\)](#)

These two people were so cute. How could they have such a conversation?

For a moment, everyone laughed so hard that they couldn't even straighten their backs. Seeing everyone laughing so happily, the great elder's face instantly flushed red, and he directly grabbed master ning's collar, dragged him to the corner, and gave him a loving education.

"Your sister! Who told you to randomly acknowledge a goddaughter! Open your bull eyes and see who I am!" The great elder lectured as he roared.

Master ning was like a little wife who had been bullied, and he choked back a sob. "Waah ... You're a demon, a demon that bullies people!"

The banging sounds from not far away and the conversation between the two of them made Leng ruoxue extremely speechless. It seemed that after getting drunk, her Godfather's intelligence had dropped to a certain level. He had even forgotten to fight back! Al! What was this good?

Leng ruoxue was a little worried. He couldn't just watch as the great elder beat his Godfather up, right? Even though the great elder would not really kill him! However, getting hit would still hurt. However, before Leng ruoxue could go over to stop him, loud laughter by her ears had already attracted her attention.

Looking at Liu Feng, who was laughing so hard that he was panting heavily, Leng ruoxue glanced at him coldly and said, "Laugh all you want! As long as you're not afraid that Godfather will take revenge on you when he wakes up. "

The laughter was forced to stop, and Liu Feng's face instantly turned dark.

"You bastard!" How could he have forgotten about this possibility!

Wu ... Master ning was beaten up by the old man, so he would definitely blame it on them! What should he do?

"Xue 'er, you have to help me!" Liu Feng was a little scared and quickly asked Leng ruoxue for help.

"He's my Godfather!" Leng ruoxue reminded.

"I'm also your good friend! You can't favor one over the other!" Scoundrel Liu Feng said, but he felt a little indignant in his heart. The one who hit them was obviously that old man, why did he have to blame it on the innocent? The heavens were really unfair.

"Good luck." Leng ruoxue smiled and walked towards the corner.

After rescuing his Godfather from the great elder, Leng ruoxue helped him into the room and gave him a hangover pill.

After a while, master ning finally woke up.

When he woke up, the first thing he felt was pain all over. He lowered his head and saw that his body was covered in dirt, grass, and flower petals.

Was he being beaten up?

"You bastard! Who beat me up?" Master ning shouted at the top of his voice, scaring Liu Feng and the others into retreating, and putting on an appearance that it had nothing to do with him. However, the

great elder wasn't afraid of master ning's anger. He even patted his shoulder and said calmly, "No one beat you up. You fell on your own. We were the ones who brought you into the room."

"Uh! Is that so?" Raising his head to look at the great elder, master ning still had some doubts, but he still believed the great elder's words, and then asked, "What are you doing here, you old thing? When did you come out?"

"I've been out for a while. " The great elder said generously and threw a disdainful look at Liu Feng and the others.

Hearing this, master ning was silent for a while, and then said with a worried face, "Since you're already out, when will Xue 'er be able to come out?"

"....."

Leng ruoxue was silent. She could not help but wail in her heart. I'm standing right next to you!

Unfortunately, master ning, who was lost in his own thoughts, did not notice Leng ruoxue's presence at all. He was really too sad. His goddaughter was in seclusion, and he had been abandoned by uncle long and the others. Sob ... Was there anyone in this world who had a worse life than him?

After a long time.

Seeing that master ning had not noticed Leng ruoxue's presence, first elder pointed to the side and said, "Xue 'er came out, did you not see her?"

"You're out? Where is he?" When master ning heard this, he immediately looked like he had been injected with chicken blood. He looked up and found Leng ruoxue, who had a helpless expression on her face.

"Godfather." Leng ruoxue called out softly.

"Bad girl, you still know how to come out? "Wuwu ... She actually abandoned Godfather for so long ..." Master ning started to complain non-stop after he hugged Leng ruoxue the moment he saw her.

First, he blamed Leng ruoxue for being in closed-door cultivation for too long. Then, he complained to her and told her about the shameful behavior of uncle long and the others who had abandoned him.

When Leng ruoxue heard her Godfather's words, she could not help but feel a little embarrassed. She's in closed-door cultivation, alright? How could he just come out! Besides, uncle long and the others didn't abandon him, did they? How did it become such a serious crime in Godfather's mouth?

However, she finally knew the whereabouts of uncle long and the others.

After that, Leng ruoxue started to comfort her Godfather, who had instantly become a bitter husband. After she finally managed to coax him, she decided to head to Yu city.

Hearing this, master ning didn't want to be left behind and insisted on going.

Leng ruoxue had no choice but to let Cang Liu stay at home and bring master ning along. Of course, the first elder and the others who claimed to be from the support group were also following them to the Imperial City.

She teleported all the way. Leng ruoxue's speed scared master ning and the rest. When they arrived at the Imperial City, they still felt like they were in a dream.

At this time, the Divine Master's estate was getting more and more lively. Originally, there were only the snakes attacking, but after joining the insect's group, it became more and more lively. These bugs and the venomous snakes worked together in perfect harmony. One of them entangled the people from the God Lord's Manor on the ground, while the other launched a fierce bombardment from the air.

In an instant! The people of the God Lord's Manor fell in droves.

Most of them were poisoned. Whether it was snake venom or bee venom, all of them were twitching and foaming at the mouth without exception. In addition, their bodies were red and swollen, and they were itching uncontrollably!

Not long after, the only one who was unharmed on the God Lord's Manor's side was Wu Chen. Of course, she was not completely unscathed. However, because she was also poisonous, the poisonous snakes and insects present had a relatively small effect on her. However, no one would be in a good mood after being entangled by a group of slippery and disgusting venomous snakes and bugs.

Seeing more and more poisonous snakes and insects wrap around the fog and about to wrap her whole body, uncle long, who was watching from the side, couldn't help but poke ice soul and ask, ""Senior ice soul, are we just going to watch?"

"What else? Do you think we'll have a chance to make a move?" Ice Spirit said gloomily as she glanced at the scene.

"Uh! I really don't have any. " Uncle long turned around and looked at Wu Chen, who was surrounded by insects.

This woman really attracted too many bugs!

"Then let's just watch the show! Don't let boss work hard for nothing. " Ice Spirit said helplessly.

Hearing this, uncle long didn't have any good ideas other than nodding. At this moment, Wu Xuan was almost driven mad by anger.

Bastard! These hateful guys were simply looking for death. They actually all stuck to her body, biting, scratching, and entangled her tightly, leaving her with no time to fight back. How long had it been since he had felt so aggrieved?

[Chapter 2853 Leng Ruoxue, You And I Are Irreconcilable \(3\)](#)

The mist was furious.

The hatred in his heart towards Leng ruoxue was like a torrential River, unending. She, who was at her wit's end with the bugs, couldn't help but roar, ""Leng ruoxue, you stinky brat! I won't let you off!"

"Ripple mist, you bitch! It's not like our Xue 'er is the one commanding these snakes and bugs, why are you scolding her? This is where you're wrong. Even if you're helpless, you can't implicate the innocent, right?" Uncle long replied with a smile when he heard the angry words of the mist ripple. At the same

time, he was also sighing in his heart. Since he didn't have the chance to fight against fog, he could only attack this B * tch with words.

And uncle Long's strategy was indeed successful! Wu Xuan was so angry at uncle Long's words that she wanted to cut him into pieces, but she was tightly entangled by the poisonous snakes and insects and couldn't do anything at all!

How detestable! How detestable! These people, these animals all deserve to die!

The anger in Ripple's heart surged, and she continued to roar, "Nothing to do with her? She was innocent? Isn't that little beast her beast?" She was the most innocent one, okay?

"Little bastard, who are you talking about?" Suddenly, a chuckling voice interrupted.

As soon as Wu Jing heard this, she immediately roared out reflexively, "I'm talking about you, you little bastard!"

After shouting, she realized that something was wrong.

Was she scolding him? For a moment, Wu Han was so angry that her IQ was frighteningly low, and she couldn't quite get over it. However, the cheerful laughter continued to enter her ears.

Instantly, she was even more furious!

F * ck! Why did this voice sound so familiar?

Through the gap left behind by the insect, Wu Xuan saw Leng ruoxue leading a group of people and walking towards her.

As expected, it was that stinky girl!

Wu Xuan's aggro had a target now. Among these people, Leng ruoxue was undoubtedly the most prominent and the most eye-catching.

At this moment, uncle long and the others also saw Leng ruoxue. They were pleasantly surprised and excitedly went forward. Everyone started to exchange pleasantries in front of Wu Xuan.

When she heard the crowd's words of concern for Leng ruoxue, ripple mist was about to explode from anger.

F * ck! He was really looking for death! At this time, the other party was actually making small talk. He really didn't take her seriously.

The Furious fog Phoenix tried her best to find a chance.

In an instant! A thin vine flew towards Leng ruoxue.

Even though Leng ruoxue was chatting with uncle long and the others, she had been secretly observing fog ripple from the corner of her eyes. Thus, she had noticed it the moment fog ripple moved.

When the vine was within reach, Leng ruoxue reached out with her bare hands and pulled the vine into her grasp. The vine struggled violently in an attempt to escape from Leng ruoxue's control.

However, Leng ruoxue was tugging on it so tightly that Wu Chen could not get rid of her. Seeing this, Wu Chen became anxious.

"Damned girl! Quickly let go of me!" Wu Xuan roared, his voice resounded through the sky.

"Let go of you so that you can continue to attack me? Are you the idiot here, or am I the idiot here?" Leng ruoxue asked with a faint smile. Then, he curiously observed the vine.

This vine was quite thin, and there was also a small suction cup at the top. It was covered with sharp teeth, and it exuded a chilling aura.

"This thing of yours is really ugly!" Leng ruoxue observed for a while and said with a look of disdain.

"Ugly in what way? You're the ugly one!" Hearing that her rattan was ugly, Wu Jing was unhappy! In her opinion, she was beautiful from head to toe and there was nothing ugly about her. Therefore, she would never allow anyone to say that she was ugly!

How could she be ugly!

"Look at its mouth. It has so many sharp and thin teeth. It doesn't fit at all!" Leng ruoxue didn't think much of Wu ICE's words and continued to point at the vines.

"What do you know? This is beautiful!" Riverripple roared.

"Alright! I know that you plants have a different aesthetic sense. " Seeing the other party quibbling, Leng ruoxue could only reply with a helpless expression.

"Plant? I'm a God Lord, not a plant. " Leng ruoxue's words caused Wu Chen to explode with anger once again.

This time, Leng ruoxue felt even more helpless. She could not help but ask, ""You're disgusted by your plant identity, so you keep changing your blood, right? It's a pity that you can't become a human even if you change all your blood. He couldn't even be considered a beast, so why did he have to be neither human nor ghost? How good would it be if you were just an honest plant! Why do you have to be a human!"

"You, you shut up! Shut up! Otherwise, I'll kill you!" After hearing these words, Wu Yan's madness directly escalated. She had always felt that her identity was a hindrance to her love life, so even if she was a plant, she was not very willing to let others mention it, especially when the person mentioned was her most hated enemy, which was even more unacceptable to her.

Leng ruoxue also seemed to be very easy-going and could not help but remind him, ""Alright! I'll shut up, but just because I don't say it doesn't mean that others won't say it!"

"Yes, that's right! We will all say that you are a plant that no one wants! Actually, it's not embarrassing to be a plant. You're the one who's embarrassing. It has nothing to do with your identity as a plant. " As soon as Leng ruoxue finished speaking, uncle long immediately followed up on the topic. The two of them cooperated flawlessly.

These words successfully angered ripple even more.

Then, everyone heard Ripple's hoarse roar, ""You all deserve to die! I won't let you off, I'll kill you all!"

"Yes! However, it seems that you will have to wait until you get rid of these poisonous snakes and insects!" Leng ruoxue reminded her with a smile, afraid that she would forget.

After some thought, Leng ruoxue added, ""But we won't wait for you, so we'll take our leave first."

Leng ruoxue decided to retreat with her men.

Although she really wanted to fight with rime ice and see how much stronger she was compared to the Rime bitch, it was obvious that she was not in her best condition at the moment, and she did not want to fight with a lunatic. So, she would try again when she had the chance! In any case, the divine power in her body was abnormally abundant now, so it was easy for her to teleport anywhere she wanted to.

At this moment, Leng ruoxue truly felt that she was a nouveau riche. After all, other than Wu Yan, no one should have as much divine power as her.

Thinking of this, Leng ruoxue was even more determined to return home. She had more important things to do than finding trouble with rime ice, so she was not willing to waste her time on this wretched rime ice Queen.

However, when Wu Jing heard that Leng ruoxue wanted to leave, she immediately shouted, ""Stinky girl, you're not allowed to leave! You're not allowed to leave! Let's fight for three hundred rounds!"

"I'm sorry, I'm very busy, I don't have time to fight with you! But don't worry, when I have time, I'll naturally come and find you. " Leng ruoxue rejected. She then turned to uncle long and the rest, ""Uncle long, let's call it a day! Let's go back first!"

[Chapter 2854 The Missing Three Beast Tribes \(1\)](#)

Hearing that they were really going back, master ning couldn't help but say weakly, "I've just arrived, and my butt hasn't even warmed up yet!"

"We've been here for a long time, but we haven't had the chance to warm up either. So, I agree to go back." Uncle long said helplessly.

Hearing this, master ning suddenly sympathized with uncle long and the others.

He had thought that the other party would have a chance to fight a hot-blooded battle, but who knew that they had not made a move yet? In an instant, the trauma in his heart was completely healed. Then, he ran to uncle long and said honestly, ""What a pity. You guys are just like me, who was left behind in Demon City. Then who was the hero that defeated the people from the Divine Master's residence?"

Master ning was very curious about this hero. He had stolen the limelight from uncle long and the others, which indirectly avenged him for being abandoned.

Cool! Great!

Master ning laughed three times in his heart.

Facing master ning's gloating, uncle long pointed at the treasure in ice soul's arms and said, ""The hero you're talking about has fainted due to mental exhaustion."

Looking in the direction of uncle long, master ning understood.

Leng ruoxue also looked over curiously. She also saw the dark golden Ball of fur in ice soul's arms, but she did not recognize who this little fellow was!

"What is it?" Leng ruoxue asked.

"Your baby." Uncle long replied calmly.

"Baby?" Leng ruoxue was speechless. Could she say that her own baby was not like this? He counted the big furry tail of the little Beastie! There were a total of twelve of them, each one fluffy and beautiful, making one unable to let go of them.

"It's your baby," Seeing that Leng ruoxue was still a little suspicious, uncle long asked for confirmation.

"Did the baby level up?" Leng ruoxue continued to be puzzled. Why did she have to have so many more tails after she leveled up? Can't you grow taller?

"Yes, I am!" Uncle long nodded.

Leng ruoxue had no choice but to believe it.

Then, she took the unconscious baby from Ice Spirit's hands. However, she heard the baby snoring and was speechless.

Didn't they say that the baby had overdrawn his mental power and fainted? Why was he still snoring? However, now was not the time to figure this out. He gave a look to uncle long and the rest, and Leng ruoxue and the rest retreated.

Of course, before she left, Leng ruoxue did not forget to cut off the vine in her hand. She also greeted the venomous snakes and bugs that were entangling the ripple mist slut, "We'll retreat first. You can also retreat. "

"Received!" Old venomous snake, who knew that the lady in front of him had a close relationship with the beast God, replied in a friendly manner. After Leng ruoxue and the rest disappeared, he also sent out a signal to prepare for a retreat.

In an instant, the countless venomous snakes and insects that were originally densely packed disappeared together with a speed faster than when they came ...

At this time, the fog ice, which had been bound and unable to use its full power, could finally move.

But now that he could move, was it useful?

Leng ruoxue and the rest had left. The venomous snakes and bugs had left as well. Even if she wanted to vent her anger, she could not find anyone else!

At this moment, the pain from her body reminded her that she had been hurt by Leng ruoxue!

He bent down and picked up the half-wriggling rattan on the ground. He was so angry that his whole body seemed to be on fire. He shouted towards the sky, "Leng ruoxue, you and I are irreconcilable!"

This voice contained a trace of Wu Xuan's divine power, so it spread far and wide ...

Leng ruoxue and the others who had already teleported away naturally heard the wailing of the ripple mist slut. However, no one took it to heart. As they walked, uncle long couldn't help but tease, ""Xue 'er, the ripple mist bitch said that she wants to be irreconcilable with you."

"Uncle long, don't worry. You're definitely on her list of irreconcilable enemies. So, I'm not afraid with you as my companions." Leng ruoxue replied with a smile.

"But I'm scared!" Uncle long said, feigning fear.

Everyone burst into laughter at uncle Long's rare joke.

"It's okay, I'll protect you." Leng ruoxue had enough of laughing and cooperated.

"Yes, I knew that Xue 'er is the kindest." Uncle long nodded his head in satisfaction. Then, he looked at Leng ruoxue with a puzzled expression and asked, ""Xue 'er, you've come out of seclusion, but why didn't you advance?"

"I'm still lacking in other aspects, especially beast taming ..." Leng ruoxue replied helplessly. Beastie! What should I do with you? The top priority was to get more beasts.

All this while, what she lacked the most was also beasts. Of course, what she lacked was beasts that could make her use the beast taming technique. Those that automatically recognized their Masters did not count.

"The higher the level of the beast, wouldn't it also be of help to the level of the beast taming technique?" Uncle long asked after some thought.

"Yes." Leng ruoxue nodded.

"That's easy! We haven't even taken care of the Dragon, Phoenix and white Tiger races yet! I think it's better to do it now than today, let's go now!" Uncle long suggested excitedly. He didn't have enough fun at Imperial City, so he really wanted to find someone to cause trouble for.

"These three clans ..." Leng ruoxue was a little hesitant. Although she had already planned to take action against these three races, she had originally planned to leave The White Tiger race and the Phoenix race for Feng Zhan and Bai Xu. Therefore, she had never really made a move against these two races. As for the Dragon race, she could give it a try.

"I'll have to clean it up sooner or later," Uncle long nodded calmly.

"We're going to deal with The White Tiger race as well?" Master ning couldn't help but ask. Since the current White Tiger King was captured, The White Tiger great elder had been trying to maintain a good relationship with Demon City. If he knew that such a day would come, would The White Tiger great elder regret?

"Of course! Business was business, and tidying up was tidying up. These were two different things that could not be mixed together. Furthermore, the current White Tiger race is no longer the same as before. If we take care of them, the previous White Tiger King will definitely be grateful to us." Uncle long said matter-of-factly.

"Are you sure?" Master ning blinked and asked lightly. Then, he turned to Ice Spirit as if he wanted to hear the opinion of the leader of the Four Divine Beasts.

Although the four beast Kings were not as harmonious as before, they were still on the same side at this critical moment. Therefore, Ice Spirit's opinion was very important.

With master ning taking the lead, everyone's eyes collectively shifted.

"Why are you all looking at me?" Ice Spirit asked, not knowing whether to laugh or cry. I'm not even from The White Tiger race. "

They had no choice but to look at you. If you were to protect them, it would really be difficult for them to make a move! Everyone secretly sighed as they looked at the ice Spirit even more intently.

"If you want to pack up, go ahead. There's no need to ask for my opinion. I won't interfere in the matters of The White Tiger race." Ice Spirit sighed helplessly.

"With senior's words, we can be at ease." Uncle long said with a smile.

Ice Spirit was speechless. Even his boss called Xue 'er his big sister, so what was the big deal in dealing with a traitor subordinate of the beast deity? Besides, he didn't kill them. He just tamed them. That's why the ice Spirit didn't care about this.

[Chapter 2855 The Missing Three Beast Tribes \(2\)](#)

Besides, Ice Spirit had always been a person who prioritized the big picture. He could tell that the little girl needed to tame many beasts for her cultivation. How could he not cooperate?

Knowing that Ice Spirit didn't mind, uncle long and the rest had no more worries. They even incited Leng ruoxue impatiently, ""Xue 'er, let's quickly go and take down the Dragon race, Phoenix race, and white Tiger race!"

..." Why the hurry? She still wanted to go home and have a good chat with uncle Dragon and the others to understand more about Demon City! However, seeing how uncle long and the others looked as if they wanted the world to be in chaos, Leng ruoxue was too embarrassed to reject them.

Just as she was about to nod in agreement, a buzzing sound entered everyone's ears.

Everyone immediately stopped and turned around, just in time to see a piece of golden colored cloud flying in their direction at an extremely fast speed.

What ... What was going on?

Everyone was confused.

After a short while, the large Golden Bee brought a group of smaller golden bees and flew in front of Leng ruoxue and the others. Then, the large bee looked at Leng ruoxue with a bashful expression and did not say a word.

As a matter of fact, the Golden Bee was feeling very uneasy. The reason why it chased after them was agreed upon by the bugs. However, many bugs did not like humans, and humans hated bugs as well. However, they wanted to serve the beast God. After a serious discussion, the bugs decided to send the

Golden Bee clan, which was more likable and would not be hated by humans, to serve the beast God. In this way, they would have the opportunity to help the beast God if he needed anything. There was no need to trouble the beast God to summon them with mental power.

However, when it was in front of Leng ruoxue, the leader of the Golden bees suddenly felt a sense of homesickness. It didn't know if the humans would welcome them or if the beast deity would need them. After all, they were of low status ...

Leng ruoxue looked at the very human-like expression of the bee in front of her. The veins on her forehead were throbbing. What was the rhythm of this sudden shyness of the bee?

If you have something to say, say it!

"Is there something?" After waiting for a long time, Leng ruoxue could only take the initiative to ask when she saw that the big bee was already playing with its claws uneasily, but it was not saying anything.

"W-where are you guys going?" After hesitating for a long time, the Golden Bee asked softly, her cheeks blushing.

"We ..." Leng ruoxue was about to say that she wanted to go to the dragon clan, but after some thought, she said, "If you have something to say, then say it!"

Towards friendly Beastie, Leng ruoxue had always been very friendly. This was also the main reason why her beast taming skill had always been at the lowest level.

"We want to stay by the beast deity's side." Hearing Leng ruoxue's words, the Golden Bee took in a deep breath and gathered its courage.

"This ..." Leng ruoxue was stunned. Shouldn't she be asking Baby Su about this? Although she had already found out about her baby's identity from her Godfather, she was still a little unaccustomed to it. She didn't know why the big bee had come to find her.

Leng ruoxue could not figure it out, but the leader of the Golden bees was clear. If they asked the beast God, they might be rejected. But if they asked this human lady, if she agreed, the beast God would not reject them. They knew that this lady was the sister that the beast God had mentioned.

To be called big sister by the beast deity, one could only imagine her status! Therefore, the intelligent bees decided to cling onto Leng ruoxue, the strong and powerful one. That way, the beast deity would not chase them away. It could be seen that they had a very good plan.

However, Leng ruoxue was in a difficult position. She, who had always respected beasts, really did not want to make any decisions for her baby. However, at this time, uncle long and the others kept winking at her, wanting her to accept these bees. These little guys were all very difficult secret weapons! More importantly, the honey they produced was quite delicious.

Helpless, Leng ruoxue could only nod in agreement.

Seeing that Leng ruoxue had agreed, the big Golden Bee immediately started buzzing. The other bees quickly followed suit in high spirits, causing Leng ruoxue to be speechless.

"Take us in too!" Suddenly, a slightly aged voice appeared in the ears of Leng ruoxue and the others.

Leng ruoxue and the rest lowered their heads to take a look. They did not know when, but those colorful venomous snakes had also appeared. As for their ability to remain undetectable, everyone admired them, but more than that, they were speechless.

These venomous snakes always appeared in a way that caught people off guard! To the enemy, they were definitely the most fatal opponents. Of course, he had to take in such Beastie! He had to accept it! Hence, this time, without Leng ruoxue's approval, uncle long made the decision, ""Welcome to the team!"

"Thank you! That ... We still have some brothers and sisters, can you accept them as well?" At this time, the old venomous snake, who was the leader, asked with an embarrassed look.

"Is it also a snake?" Uncle Dragon swallowed his saliva and asked carefully. "With so many venomous snakes, will the little ones in Demon City be scared?" He was suddenly a little worried.

"No!" Old venomous snake quickly denied.

"If that's the case, then we welcome them to join us. However, we have a deep hatred for the ripple witch, so you'd better be prepared." Uncle long couldn't help but remind him.

"Don't worry, we have a grudge against her too. " Old venomous snake expressed his opinion when he heard uncle Long's words.

"If that's the case, all the more we should join forces!" Uncle long said, satisfied.

"Yes." Old venomous snake also nodded in satisfaction, and then said, ""Let these little ones follow you. I'll go back and inform the other beasts."

"Alright, but we won't be going home for now. After you've gathered the other beasts, you can bring them to Demon City." Uncle long said.

Hearing uncle long say that he wasn't going home, old snake couldn't help but ask curiously, ""You're not going home? Where do you plan to go?"

"Go and take care of the Dragon, Phoenix, and white Tiger race!" Uncle long said honestly.

When old venomous snake heard this, he immediately said, ""Then I'll go with you to join in the fun! I've long found the four King level divine beasts to be an eyesore, Hmph! She's just a little pretty! All of them act like it's a big deal!"

Old venomous snake's words were full of contempt, but it made uncle long and the others break out in cold sweat. There were four King level divine beasts among them! And it was the leader of the group. However, to everyone's disbelief, Ice Spirit was rather calm, as if the old Viper was talking about someone else.

Seeing this, uncle long and the others immediately had a deep respect for Ice Spirit. Look at him, this was a true powerful magical beast! He definitely wouldn't assume that it was him just because of a few words from someone else!

As a human, as a beast, you should be as cold as ice!

In fact, ice soul was well aware that he was not one of the four King divine beasts that the old snake disliked because he had a good relationship with the old snake. However, the relationship between the old snake and the other three Kings of the three clans that were currently sealed was quite stiff. As long as there was a chance, they would definitely hit each other when they were down and would not wait to step the other into the dust. As a result, the old venomous snake naturally loathed the clansmen of those three fellows.

[Chapter 2856 The Missing Three Beasts Tribe \(3\)](#)

At this time, old snake also saw through everyone's thoughts. He hooked Ice Spirit's arm with his tail and said, "Don't misunderstand, everyone. I'm very close to ice soul. We're good friends. Of the Four Divine Beasts, the only one I have a good impression of is the Qilin clan. As it turns out, my eyes are very accurate, Hmph! The clansmen of the other three clans aren't good people either. Otherwise, they wouldn't have betrayed us!"

In the past, if it wasn't for the betrayal of the three races that caught them off guard, their great beast God wouldn't have fallen, and they wouldn't have been forced to hide! But now, the beast God had been reborn, and they could see the light of day again!

So at this moment, old venomous snake was quite excited. When Leng ruoxue heard that the old venomous snake in front of her claimed that he was good friends with Ice Spirit, she could not help but sigh. This old venomous snake really knew how to keep up with the times! He seemed to be able to accept new things.

Just like that, old venomous snake brought his sons and grandsons to join Leng ruoxue's group. Together, they followed Leng ruoxue and the others in a grandiose manner as they advanced towards the territories of the Dragon, Phoenix, and white Tiger clans.

The first place they went to was the Phoenix Clan. This was because this place was the closest to the Phoenix clan's territory. However, when they arrived at the Phoenix Clan, Leng ruoxue and the others realized that there were only two to three members of the Phoenix Clan in the clan. It was a pitiful number. As such, everyone suddenly lost interest.

After that, he turned around and headed to The White Tiger race. At first, Leng ruoxue was still hesitating whether she should come here right now. After all, the relationship between The White Tiger race's Grand Elder and them had been pretty good ever since The White Tiger King incident. However, when she arrived at The White Tiger race, there were only a few white tigers left to guard The White Tiger race. The rest, including The White Tiger race's Grand Elder, were actually not present.

This ... Was really too strange.

Leng ruoxue and the rest were confused. They expressed their doubts about the two beastmen running away from home on such a large scale.

Although these three races had previously besieged Demon City, they hadn't even attacked the ordinary clansmen yet! This was especially true for The White Tiger race. It could be said that due to the efforts of The White Tiger's great elder, their relationship with Demon City had always been considered good, and

nothing major had happened since. If the Phoenix race could be explained to be hiding from them, then there was no need for The White Tiger race to hide from them either!

Leaving The White Tiger race resentfully, Leng ruoxue and the rest were extremely disappointed. After that, they rushed to the dragon clan. When he arrived at the dragon clan, the entire dragon clan was empty. Looking at the overgrown weeds in the dragon clan's territory, everyone was speechless.

Previously, when he was at the Phoenix and white Tiger race, he heard from the phoenixes and white tigers that were guarding the place that their clansmen had all gone out to train. What about the Dragon race? Not a single Dragon was left behind. Wasn't he afraid that his territory would be taken over by other beasties? Of course, there definitely wouldn't be many beasts that would dare to openly occupy the territories of the four great king divine beasts, but this didn't mean that there weren't any. And even if a Dragon was left behind, it would be enough to serve the purpose of deterring the other beasts.

It was clear that this disappearance was really unusual!

Leng ruoxue would never believe that in order to go out and gain experience, he would hide from her, afraid of her revenge, and even give up his territory.

She turned to Ice Spirit and asked, ""Senior Ice Spirit, is it possible that they're afraid of my revenge, so they've all gone into hiding and abandoned their territory?"

"How is this possible? This territory was fought hard for by us in the past. Even if our clansmen lose their lives, we can't just hand over the territory to someone else. " Ice Spirit said with certainty.

A piece of territory was extremely important to Beastie. This was because the territory was not only related to the development of a race, but also played a key role in the growth of the younger members of the race. At the same time, it was also a symbol of the powerful beast race. And the Beast race without a territory was naturally not powerful! More importantly, the territories of the four King divine beast clans were all very suitable for their own clansmen to live in. As such, it was even more impossible for them to give it to other beasts.

"But the weeds in the dragon clan's territory are already so tall. Clearly, they've left for a long time." Leng ruoxue glanced at the weeds on the ground.

"They ... Something must have happened to them." At this moment, old venomous snake, who had just returned from his trip, interrupted Leng ruoxue's words.

"An accident?" Leng ruoxue and the others were astonished.

Hearing this, uncle long tried to recall in detail. He had never heard of any human or beast going missing in the divine realm. How did this happen?

"Are you sure?" Ice Spirit asked seriously.

"You still don't believe in my sense of smell! I've discovered an aura here that doesn't belong to those stinky Dragons. It should be that of humans. " Old venomous snake said with confidence.

"We've been here before. " Hearing old venomous snake's words, Leng ruoxue couldn't help but remind him.

"It's not yours. I know your aura. " Old venomous snake said with certainty.

"Xue 'er, believe in its words! Its sense of smell is invincible!" Ice Spirit sighed.

"Alright then!" Since Ice Spirit had already said so, Leng ruoxue could only believe her. However, her curious eyes could not help but turn to look at old venomous snake. Invincible sense of smell? Was he more powerful than a dog?

"Boss's sister, please believe in my judgment. Back then, I was in charge of reconnaissance!" Seeing that Leng ruoxue was still a little suspicious, old venomous snake couldn't help but be filled with confidence. His face even revealed an expression of reminiscence.

"I believe you are. Also, you can call me Xue 'er." Leng ruoxue smiled faintly.

"I'm very happy that boss's sister believes me, but I can't call you Xue 'er. " Old venomous snake said with a serious expression. In its eyes, it was just a subordinate, and its boss's sister was obviously older than its boss. How could it call her by her name? More importantly, he felt that subordinates should act like subordinates. Calling his superior's sister by her name was completely disrespectful to his boss. And the old Viper, who had always valued hierarchy, would never allow himself to make such a mistake!

Leng ruoxue felt a little helpless when she heard its words. She didn't expect this old snake to be so stubborn. In addition, she was also a little worried. If he didn't call her Xue 'er, then what should he call her? One had to know that the people around her who were slightly closer to her would directly call her by her name. Since this old snake was baby's subordinate, they would definitely be familiar with each other in the future. He couldn't possibly call her miss Leng, right?

Leng ruoxue was in a difficult position. Old venomous snake didn't know what to call her, but it was definitely not appropriate to keep calling her big sister.

"Why don't we call her miss Leng for the time being?" Uncle long could only interrupt when he saw The Man and the Snake staring at each other without saying anything.

"Yes." When old venomous snake heard this, he immediately nodded in agreement. Leng ruoxue could only nod in agreement when she saw that the other party had agreed.

With the form of address confirmed, old venomous snake continued with his own judgment, ""The reason why I'm so sure that something has happened to them is because I discovered this."

With that, old venomous snake produced a black belt out of nowhere.

Looking at the Black Belt, Leng ruoxue felt a sense of deja vu. However, she could not recall where she had seen it before.

[Chapter 2857 The Missing Three Beasts Tribe \(4\)](#)

"Xue 'er, do you find this belt familiar?" Seeing Leng ruoxue's pensive look, uncle long could not help but ask.

"Yeah, but I just can't remember where I've seen it before." Leng ruoxue said, feeling a little depressed.

"Miss Leng, take a closer look and see if you can find anything." When old venomous snake heard this, he quickly passed the belt to Leng ruoxue.

Taking the belt, Leng ruoxue observed it carefully. This belt was too ordinary. There was nothing special about it, and there was no trace of the identity of the person on it.

After a while, Leng ruoxue shook her head helplessly.

Seeing that she still couldn't remember, everyone could only follow her and think hard.

"Who do you guys think is the most likely to act against the Dragon race, Phoenix race, and white Tiger race?" After thinking for a long time, uncle long asked.

"Right now, these three tribes have no leaders and their beast hearts are scattered, so there are many people who want to take advantage of them. However, not many had the ability to deal with them. The most suspicious ones were the eight great divine regions. In addition, this might not be done by one family, but by a few." Dongfang Lin analyzed after some thought.

As soon as Dongfang Lin's words fell, everyone and all the beasts present couldn't help but turn their eyes to master ning. Their suspicious and probing gazes made master ning explode.

"Why are you all looking at me? I didn't lay my hands on the Dragon race, Phoenix race, or white Tiger race!" Master ning shouted angrily.

"Calm down! We didn't say that you did it. You were with us the whole time, so we know very well whether you did it or not." Smiling, uncle long quickly comforted him.

"Since you know that I've been with you all this time, why are you still looking at me like this?" After hearing this, master ning was depressed to the extreme. How could they bully people like this!

"We just want to know if there's anyone from the ning family doing this behind your back." Uncle long asked carefully.

"I won't! Without my permission, they would never dare to do such a thing. I can guarantee it." Master ning immediately made a solemn vow.

"Could that be the Yao clan?" Uncle long was still suspicious.

"The old man of the Yao family has rarely appeared in public in the past ten years, so it's hard to say." Master ning thought carefully and said.

"It's also possible that a few of them are working together." Dongfang Lin repeated.

"If that's the case, isn't the murderer a little hard to guess?" Uncle long said helplessly.

"Don't guess anymore, just send someone to investigate!" Leng ruoxue suggested.

"Xue 'er, we don't have anyone to send at the moment." Uncle long told Leng ruoxue the truth uneasily.

"..." Leng ruoxue was silent. Where was he?

Al! Didn't she say that she wanted to go home and have a deep chat? It was obvious that there was something she didn't know.

"Xue 'er, we're the only people you can send at the moment." Dongfang Lin added when he saw that Leng ruoxue seemed to be at a loss.

"I see! Then why don't I do it myself and you all go home to wait for me?" Leng ruoxue said after some thought. These people's seniority was higher than hers, so she'd better stay at home!

"I don't want to go back!" After hearing Leng ruoxue's words, everyone spoke in unison.

"..." What kind of rhythm is this?

Leng ruoxue was even more helpless.

"Xue 'er, now that something has happened to our target Beastie, how can we just go back like this! I feel that we should immediately head to the Phoenix and white Tiger tribes and have a good heart-to-heart talk with their only remaining offsprings to see if there are any suspicious people around. Hmph! You dare to snatch food from our Xue 'er's mouth, you really don't want to live!" Seeing that Leng ruoxue had been frightened, uncle long put on a gentle smile and explained.

His words made everyone nod their heads. Leng ruoxue, on the other hand, was helpless.

It seemed that uncle long and the others had taken those beasts as their own! However, uncle Long's words weren't without reason. They should indeed go and have a heart-to-heart talk with the remaining phoenixes and white tigers. At the same time, they also had to protect the few remaining magical beasts, so that they could find out the true culprit who had abducted the Dragon, Phoenix, and white Tiger race.

"There's also us. We can all help. Previously, we didn't search the Phoenix and white Tiger race carefully. Now, we have to return and look for more suspicious clues. " The old venomous snake also said. He truly felt that the opportunity for his clan to make a contribution had come. If he could find out the whereabouts of those beastmen who had eyes on their heads from their hands, his clan would be able to hold their heads high in front of those three beastmen in the future!

Hehe! As long as he thought that his clan might become the Saviors of those three clans, old venomous snake's mood instantly brightened. It was even better than beating up those three clans!

"Since that's the case, let's return to the Phoenix and white Tiger race then!" Leng ruoxue saw that everyone had agreed, so she naturally had no reason to reject.

However, if they were to return, it would definitely be a disaster for the Phoenix and white Tiger that stayed behind.

They arrived at the Phoenix Clan first.

Seeing Leng ruoxue and the rest return, the few phoenixes that were left behind felt so depressed that they wanted to bang their heads against the wall. Sob ... Why did these fiends return? Did they still want to live?

Initially, they were already on tenterhooks about the arrival of Leng ruoxue and the rest. They had finally managed to send those fiends away safely, and after a few days of peace, those fiends had actually returned.

And this time, Leng ruoxue didn't waste any words. She immediately captured a few phoenixes and brought everyone to The White Tiger race.

Actually, the White tigers of The White Tiger race weren't as afraid of their arrival as the phoenixes. However, they wouldn't welcome them either. After all, no one could forget that their King was still in Leng ruoxue's hands! The relationship between their White Tiger race and Leng ruoxue was also so fragile that it couldn't withstand a single blow. They had to be on guard against Leng ruoxue falling out with them. Hence, Leng ruoxue could definitely be considered the most unwelcomed guest of The White Tiger race. However, they had no choice but to welcome her with a smile.

Such a fact also meant that the White tigers would never have any confidence when facing Leng ruoxue and the others.

[Chapter 2858 The Ning Family?\(1\)](#)

Seeing Leng ruoxue and the rest turn around, the few white tigers left to guard the place could only smile stiffly and say in a depressed tone, "It, it's coming!"

"They're here. " Leng ruoxue replied with a smile. However, the more she thought about it, the more she felt that this conversation was very strange. It sounded a little familiar, didn't it?

After Leng ruoxue's reply, the few white tigers were speechless for a long time. They didn't know how to continue. In fact, the White tigers really wanted to ask, why did you come back? But no one dared to say this. Especially after seeing that the other party had captured a few phoenixes, no one dared to ask. Just like that, The White Tiger, Leng ruoxue, and the others stared at each other.

After a long while, one of the White tigers suddenly remembered that Leng ruoxue and the rest were still standing there. He quickly said, "Then, then please take a seat!"

Leng ruoxue and the others were silent.

Uncle long took a deep breath and asked, "You want us to sit on the ground?"

"Argh! It wasn't! It wasn't! Please come to the living room. " The White Tiger's heart was in his throat when he heard this. He was afraid that the other party would pick a fight with him because of his inappropriate language.

When they respectfully invited Leng ruoxue and the others into the living room and saw that the other party did not take the opportunity to cause a scene, the White tigers finally felt at ease.

After that, they went to prepare food for Leng ruoxue and the rest in a panic. Seeing how they were so busy but were clueless and dazed, Leng ruoxue quickly stopped them and said, "Don't be busy, sit down, I have something to ask you!"

Leng ruoxue's voice was a little loud. When the White tigers heard her, they were so frightened that their hearts trembled. Then, they sat down stiffly beside them.

Seeing that the White tigers were sitting far away, Leng ruoxue raised her eyebrows and asked indifferently, "What, do you think I'm going to eat you? All of you, sit here!"

When they saw Leng ruoxue pointing to the empty seats beside them for them to sit, the White tigers stood up unwillingly with a sad face. Then, they walked with heavy steps, slowly, slowly towards Leng ruoxue.

"You bastard! You guys should move quickly, we don't have that much time to waste on you." The cowardice of these white tigers instantly infuriated uncle long. This roar of his was really effective. The few white tigers immediately quivered and ran to Leng ruoxue's side. They sat down in the seats that were specially reserved for them.

"Tell me about your clansmen who ran away from home. What time did they leave? did they say goodbye to their clansmen before leaving? In addition, have any strangers come here?" Seeing that The White Tiger had sat down, Leng ruoxue asked a few questions in a row.

The White tigers could not help but look at each other. There were so many questions, which one should they answer first?

Seeing through their thoughts, uncle long roared, "Answer me one by one. Answer seriously, or you'll have to bear the consequences."

Upon hearing this, the White tigers immediately sat up straight like obedient babies. Then, The White Tiger, who was the most powerful among them, spoke first, "I don't know when they left, because they usually leave at night, so no clansmen saw them. As for the greeting, I don't think they did."

After this White Tiger finished speaking, the other white Tiger continued, "No strangers have come to the clan in the past few years."

After answering seriously, the few white tigers looked at Leng ruoxue and the others uneasily like primary school students. They wondered if the other party would be satisfied with their answer. Sob ... It felt so difficult to answer!

"Are you sure no strangers have been here?" Leng ruoxue's suspicions deepened when she heard the White tigers say that their clansmen had chosen to leave at night, but no one had seen them. Was there a need to be so mysterious when facing his own family?

"No, I didn't! Our White Tiger race doesn't welcome strangers." A White Tiger replied. In reality, he wanted to say that he did not welcome humans. However, when he thought of the identities of Leng ruoxue and the others, he forcefully changed the word 'human' to 'stranger'.

"So, you didn't know when the clansmen left? Since you're not sure, how can you be sure that they've gone out to gain experience?" Leng ruoxue asked again to confirm.

"Uh! They left a letter to the clan before they left, so we knew about it." A certain White Tiger said carefully.

Leng ruoxue and the rest could not help but laugh when they heard that The White Tiger had left a letter before it left.

Uncle long couldn't help but laugh out loud before saying, "I only found out today that your White Tiger race likes to write letters!"

What a joke! The beasts hated things related to words the most because most of them could not read. They were once laughed at by humans for their lack of literacy, so from then on, the beasts hated words.

Of course, this was not absolute. There were still some beasts who could read, but most of them hated words. When Leng ruoxue and the rest heard that every Beastie that had left home had left a letter to inform them of their whereabouts, their first reaction was that it was impossible!

When the White tigers heard this, they blushed and said, "These few years, under the great elder's education, every White Tiger has started to learn to read, so it's not a problem for them to trust us with simple words."

"If that's the case, then I'll have to trouble you to show us the letters left behind by the White tigers!" Leng ruoxue suggested after hearing this.

"Alright, please wait a moment." A White Tiger stood up and walked out.

Not long after, he returned with a thick stack of paper in his hand.

After passing the paper to Leng ruoxue, The White Tiger returned to its original position.

After Leng ruoxue flipped through it briefly, she passed the thick stack of papers to uncle long and the others.

After everyone had finished looking around, Leng ruoxue asked, "What are your thoughts?"

"The White Tiger race's handwriting is not bad. The words are neat and imposing. It just doesn't look like it was written by someone who only learned how to write for a few years." Master ning was the first to express his opinion after a glance.

"Why do I feel that these words are somewhat similar? It's as if they were all written by the same person." Uncle long scratched his head in confusion.

Hearing him say this, master ning and the others lowered their heads and looked carefully again. With one look, they really saw many problems.

"These words were indeed written by a single person. Although the other party had deliberately changed the style, it is impossible to change the habits of many years." Dongfang Lin said with certainty after a careful observation.

"Did you hear that? This word was written by a person, not your family's handwriting." Leng ruoxue turned to the few white tigers beside her and said after hearing Dongfang Lin's words.

"This, this is impossible!" He exclaimed. The White tigers were dumbfounded when they heard this.

"Something might have happened to your family." Seeing this, Leng ruoxue could only make her words more clear.

But in this case, the White tigers found it even more impossible to believe her. Not only did they not believe her, they even looked at Leng ruoxue with suspicion. However, no one had the guts to question Leng ruoxue.

Leng ruoxue understood when she saw their expressions. After that, she pointed to the few phoenixes sitting on the ground and said, "You can ask them. The situation of their Phoenix race is the same as your White Tiger race."

[Chapter 2859 The Ning Family?\(2\)](#)

"Uh! Does your Phoenix-kind also have a Clansman who is going out to train?" One of the White tigers asked.

"Yes, he also left a letter before he left." One of the phoenixes said honestly. After listening for such a long time, he finally realized that something was amiss. After all this fuss, Leng ruoxue had returned because she suspected that her clansmen's training was abnormal?

If that was the case, why didn't he say it clearly at the beginning? why did he have to capture all of them and take them away? Sob ... The phoenixes were so sad.

"Uh! It looks like our two races are thinking the same thing." The White Tiger said dumbly.

Want to be together, your sister!

The Phoenix who replied was not as stupid as The White Tiger. Immediately, he turned to look at Leng ruoxue and said, "Something must have happened to the Phoenix-kind,"

"At least you're not too stupid." Leng ruoxue looked at the Phoenix with admiration. She then turned to look at the silly White Tiger with a headache and said, "Did you hear that? She's more clear-headed than you, you idiot!"

Leng ruoxue's tone was filled with resentment. If there was such a stupid subordinate among her subordinates, she would definitely be angered to death!

Fortunately! Fortunately, this White Tiger wasn't hers yet. But in the future ... Thinking about the future, Leng ruoxue's gaze towards a certain White Tiger became sharp again.

As for The White Tiger that was being glared at, it looked at Leng ruoxue with an aggrieved expression, as if it was a little wife that had been bullied.

Leng ruoxue could only sigh. After taking a few deep breaths, she suppressed her anger and said, "Now that your clansmen are all in trouble, leaving only a few of you behind, what do you think? tell me."

"We don't know! "Woo ..." The few white tigers were on the verge of a mental breakdown after hearing this bad news. They were at a loss for what to do and looked at Leng ruoxue with teary eyes. Their clear blue eyes were red as though they were saying, 'please protect me!'

"Miss Leng, you can make the decision," the Phoenix Clan replied. "We'll listen to you."

Al! He definitely had to listen! A beast under the eaves had no choice but to lower its head!

"I can't be bothered with your business!" The moment the Phoenix finished speaking, Leng ruoxue's face was filled with disdain.

Ugh! Not care? No matter why they were captured? He thought that since the other party had captured them, he would naturally help them. But now ...

Sob ... How could these people not care? How could he leave her in the lurch?

It had to be said that at this moment, whether it was the Phoenix or The White Tiger, both of them felt fear towards the disappearance of their clansmen. In fact, at this moment, they could not help but place their hopes on their original enemy, Leng ruoxue. However, now that she had said that she would not care, their burning anticipation was instantly crushed into an ice cave.

Don't ignore it, dear! If you don't do anything, they might be captured by the bad guys!
Wuwu...Whoever dared to capture Phoenix and white Tiger must have extraordinary strength!

Thinking of this, they couldn't help turning their eyes to master ning. They guessed that the person who dared to capture the Phoenix and The White Tiger was probably from the eight great divine regions.

It had to be said that the two sides were thinking the same thing. The reason why they did not suspect Leng ruoxue was because they felt that with Leng ruoxue's abilities, she would not have to go through so much trouble to capture a White Tiger or Phoenix.

He secretly caught someone and left a message. How much effort did he have to put into this? Leng ruoxue would definitely not bother to do such a sneaky thing. More importantly, even if the other party had done it, they would not have forged a message. It was really unnecessary.

Without any suspicion, The White Tiger and Phoenix who were present ruled out Leng ruoxue as a suspect. This was something that Leng ruoxue had never thought of. She even felt that it would be normal for the other party to suspect her. After all, they did not get along well.

Master ning, who had been targeted by them, was a little angry.

"Why are you all looking at me? I didn't do that!" Master ning roared in anger.

"We ... We didn't say that you did it. We just feel that, in the entire firmament, only the people from the eight great divine domains, aside from Demon City, are capable of snatching away the Phoenix and The White Tiger without anyone knowing." A certain Phoenix explained in fear.

"..." Master ning was speechless. It seemed like that was the case. Uncle long and the others couldn't help but laugh.

It seemed that they had the same idea.

After clearing her throat, Leng ruoxue spoke again, "I can guarantee that this matter has nothing to do with Godfather. As for who you suspect, just go and find the person involved. I hope that I'll have the opportunity to see all of you alive in the divine realm in the future. "

With that, Leng ruoxue stood up and prepared to leave. As soon as she stood up, uncle long and the others naturally followed suit. The phoenixes and white tigers were dumbfounded.

Wu ... He really didn't care?

No! They definitely could not allow Leng ruoxue and the others to leave just like that. If they left, there would be even fewer people who could help them.

Actions speak louder than words!

In the next second, a few white tigers and phoenixes pounced towards Leng ruoxue in unison. They knelt on the ground and hugged Leng ruoxue and the rest's legs tightly as they cried, "Wuu ... You can't just leave like this! If you guys leave, what are we going to do?"

"What do you do have to do with us? don't forget, we are also enemies." Leng ruoxue's face darkened before she spoke in a tone that left no room for discussion.

"Yup! We don't have the obligation to help you, and you're not even related to us. " Uncle long agreed. He couldn't help but laugh in his heart. Xue 'er's tactic of playing hard to get was good! In this case, wouldn't these phoenixes and white tigers be easy to capture?

"Then we'll become your beasts. Is that okay?" One of the phoenixes asked carefully. Don't say that he didn't have a backbone. When things came to a head, he might even lose his life. Could a backbone be eaten? Staying alive was the most important thing!

Hearing that a certain Phoenix had the intention to defect, Leng ruoxue smiled faintly and said, "I'm sorry, but the thing I don't need the most right now is a beast. However, I do lack some servants. Are you willing to do that?"

"I'm willing! I'm willing!" The Phoenix who spoke did not dare to make a decision on behalf of the others. However, to him, it did not matter whether he was a Beastie or a servant, as long as he could keep his little life. He did not wish to be like his clan members and disappear without a trace. More importantly, everyone in the immortal realm knew that Leng ruoxue treated beasts well. Hence, being her servant was better than letting others take advantage of her, right?

It had to be said that this Phoenix had thought it through quite thoroughly and was very tactful. It was also very sincere and did not reveal the slightest bit of reluctance.

Seeing his expression, Leng ruoxue smiled faintly. "Since you've decided, I'll give you a chance!"

"Thank you, master, for taking me in!" A certain Phoenix said in a fawning manner when she saw that her wish had been fulfilled.

"Master, I'm willing too! Master, please take me in. " When the other phoenixes and white tigers saw this, they didn't care about their face anymore and fought to be the first to speak.

[Chapter 2860 The Ning Family?\(3\)](#)

Seeing this Grand scene, master ning and the others couldn't help but Twitch their lips.

This was too ... That?

Don't you have any shame?

However, Leng ruoxue was satisfied that they had walked right into her trap. This was the result of playing hard to get. Hence, she did not reject them.

After explaining to the other party that she wanted to use the beast taming technique, Leng ruoxue then signed the equality contract with them.

The White tigers and phoenixes were extremely touched. He had thought that his master would sign a master-servant contract with him, but he didn't expect it to be an equal contract. Sob ... Where else could he find such a kind master? At this moment, the Beastie's hearts were completely subdued by Leng ruoxue.

Initially, Leng ruoxue was hesitating whether she should sign a master-servant contract before the contract was formed. After all, to ordinary beast tamers, it was necessary to sign a master-servant contract for tamed beasts. Only then would the loyalty of the beasts be high. However, she did not have such concerns at all. More importantly, she had always been tolerant of her beasts. There were very few beasts in her family who had signed a master-servant contract, and the few beasts in front of her had never offended her. Therefore, she really could not bear to use the master-servant contract to control their freedom.

After much consideration, Leng ruoxue finally decided to sign an equality contract! However, she did not expect that a contract of equals would be able to completely subdue the hearts of these beasts. This could be considered an unexpected surprise!

After becoming Leng ruoxue, the White tigers and the Phoenix felt much more at ease. Then, out of curiosity, one of the White tigers could not help but ask, "Master! Have you been to the dragon clan? What's the situation there?"

"I've been there. Their entire clan doesn't have any Dragons." Leng ruoxue said calmly.

"Ah!" These words instantly scared the phoenixes and white tigers so much that their faces turned pale. At the same time, they were secretly rejoicing in their hearts. It was a good thing that they had acknowledged Leng ruoxue as their master. Otherwise, they might be the next ones to be captured.

"Master, what should we do now?" A Phoenix asked after a long time.

"Investigate the suspicious people and find us a secret place. We will be staying there temporarily. As for you, you will be live targets for now! If the other party wants to make a move, you'll be the first choice." Leng ruoxue made the arrangements.

Although they knew that their master's arrangement was very reasonable, as long as they thought that they would be living targets for the enemy, the White tigers and phoenixes could not be happy. However, this was something that couldn't be helped. The other party was going to make a move against the Phoenix and white Tiger race. It was clearly unrealistic to make them the target! In order to ensure their safety, Leng ruoxue had even specially instructed old venomous snake to place a few of his sons and grandsons by their side for protection. This way, their safety would naturally be greatly increased.

After that, Leng ruoxue and the rest settled down in a mountain stream within The White Tiger race.

During this period of time, Leng ruoxue had heard from uncle long and the others that there was new blood in Demon City. However, these new blood were either in closed-door cultivation or out for training. Hence, in the huge Demon City, they were the only idle people.

But fortunately, with the Golden Bee clan, old venomous snake, and his children and descendants around, they finally had some people to run errands for them.

Other than the venomous snakes that followed The White Tiger and Phoenix, the rest of the snake's offsprings were sent out by the old venomous snake. The Golden Bee clan also scattered to cooperate with the venomous snakes to investigate the situation and monitor suspicious people in the eight great divine regions.

Time passed.

Soon, two months had passed. There was no trace of the enemy, but Baobao, who had been sleeping for a long time, finally woke up.

The moment Baby Su opened his eyes, he saw Leng ruoxue and immediately threw himself into her arms. He said passionately, "Sister, I missed you so much!"

"Sister also misses the baby." Leng ruoxue said dotingly.

"Sister, baby doesn't want to be away from you for so long." The baby said in a spoiled manner.

"Silly girl, baby has never left big sister. Baby's temporary departure is all for cultivation." Leng ruoxue reminded.

"Yes, I don't need to cultivate anymore. Sister, how's my new image? Is she pretty?" In order to let Leng ruoxue see his current appearance, baby jumped out of Leng ruoxue's arms reluctantly and posed a few times for his beloved sister to see.

Initially, it had wanted to show off, but who knew that it would accidentally trip over its long, furry tail. With a loud plop, it fell on its back. This made Leng ruoxue laugh out loud.

Seeing that she had pleased her sister, Baby Su was happy in her heart. However, she couldn't help but put on an aggrieved expression. Her eyes were filled with tears as she looked pitifully at Leng ruoxue, who was smiling so widely that she had lost her image.

"Sister ..." The baby sobbed.

When Leng ruoxue saw this, she immediately pulled the baby into her arms to comfort him. However, she could not hide the smile on her face.

"Big sister, you're smiling so happily!" Baobao could only laugh at herself. "Baobao has done a great job!"

"Yes." Leng ruoxue smiled and nodded.

Just as Leng ruoxue was about to praise Baby Su, a small Golden Bee flew over and stopped beside the two of them.

When the Golden Bee saw that its baby was awake, it hurriedly saluted, "Greetings, greetings, Lord beast deity."

"Yes, what's the matter?" The baby's previous tsundere attitude was replaced by a stern expression.

"Your Excellency, miss Leng, the king asked me to inform you that there are enemies!" The little Golden Bee replied in a trembling voice.

"What enemy information?" The baby, who had just woken up, had a confused expression on his fluffy and cute little face.

"Have you found the person who captured the three beasts?" Leng ruoxue asked.

"Not yet, I caught a Man in Black. That person was sneakily loitering around The White Tiger race's territory and we discovered him." The Golden Bee reported.

"Uh!" Leng ruoxue was speechless. This couldn't be considered as an enemy's relationship, right? What if they were just passing by? However, she would rather catch the wrong person than let him go. So, after hearing the Golden Bee's report, she carried the baby to the living room because the person was being interrogated by uncle long and the others.

On the way, Leng ruoxue also explained to Baby Su. After finding out that the Dragon race, Phoenix race, and white Tiger race had all gone missing, Baobao was completely enraged!

"You bastard!" It had not dealt with those guys yet. How could they let others capture them? Wasn't this clearly snatching people from the hands of the beast God! Such an evil act must not be tolerated!

The baby, who was being carried by Leng ruoxue, followed her into the living room in a valiant and spirited manner. Seeing that the baby had woken up, everyone was very happy, because this meant that their strength had increased a lot.

However, the few people sitting here still used up most of their mental strength on the baby, just to add a few words of criticism to the fog ripple, while the baby felt warm and accepted everyone's criticism with an open mind.

After that, everyone turned their attention to the Man in Black who was kneeling on the ground.

Seeing that the other party was dressed in black in broad daylight, Leng ruoxue was speechless. This person didn't look like someone who was good at this, but that didn't mean that he wasn't suspicious at all. Moreover, no matter how she looked at him, she felt that the person in front of her looked familiar, but she could not remember where she had seen him before.

More importantly, when the person in front of her saw her, his eyes were obviously avoiding her, as if he did not expect to see her here.

"You recognize me?" Leng ruoxue squinted her eyes as she sat down.

"Young lady Leng is very famous in the divine realm. I'm afraid there aren't many people who don't recognize her, right?" The Man in Black replied carefully after he calmed down.

"You think I'm asking you that?" Leng ruoxue glanced at the black-robed man.

"Forgive me for being slow-witted, but I don't understand what miss Leng is saying!" The Man in Black pretended to be stupid.

"You don't understand? You're ... A member of the ning family?" Leng ruoxue suddenly asked. Even though there was a hint of doubt in her words, her expression was very certain.

"No, I'm not!" The black-robed man denied frantically.

When uncle long and the others heard Xue 'er say that the other party was from the ning family, they were all shocked, especially master ning, whose eyes were about to pop out.

Then, master ning rushed to the Man in Black, grabbed him by the collar, and asked, ""You're from the ning family? What's your name? Which room is she from?"

"I ... I'm not a member of the ning family ..." The Man in Black was so frightened by master ning's sudden action that his face turned as pale as a sheet. However, he still denied Leng ruoxue's words.

Seeing that the other party refused to admit it, master ning turned to Leng ruoxue and said, "Xue 'er, I don't think he's from the ning family. The ning family wouldn't act like this when they see me."

"Godfather, Qing Jue has read his heart." With a faint smile, Leng RUO told him the truth.

This time, master ning didn't say anything, and turned his head to glare at the Man in Black in front of him.

However, the black-robed man clearly did not understand the meaning behind Leng ruoxue's words. He stubbornly stuck his neck out and continued to argue, ""I'm not a member of the ning family. Miss Leng, please don't give me an identity. "

"What, do you think that your identity as a member of the ning family has embarrassed you? Or do you think you're not qualified to be called a member of the ning family?" Hearing this, Leng ruoxue continued to ask with a smile.

"None of them! I'm not a member of the ning family anyway!" The Man in Black roared at the top of his lungs as Leng ruoxue pressed on.

At this moment, he had already thrown all his fear to the back of his mind. The only thing he wanted to do was to deny it!

He didn't believe that as long as he refused to admit it, the other party would still be able to pin the ning family's identity on him. Leng ruoxue was not bothered by his stubbornness. She smiled and said, ""What, you think you've embarrassed the ning family? If you knew this would happen, why did you do that?" 1
