

Crazy Wife 2911

[Chapter 2911 I Want To Rob Him \(3\)](#)

Leng ruoxue smiled faintly. "Mu Li, I admire your spirit. However, you haven't even found out who this person is and you're already so sure that I have a wild man. This is very unfair to me!"

"The evidence is right here, and you still dare to deny it? Leng ruoxue, my master is so good to you! You're devoted to him, but how did you treat him? Not only did you have an affair behind his back, you even brought your wild man home! Hmph! It's fine if I didn't know, but since I've seen it, I can't just let this matter go! I want to represent the Lord to duel with you, wild man, or I die! Either he dies! Do you dare to accept?" The more mu li thought about it, the angrier he became. The more he thought about it, the more he felt that his poor master was not worth it. In his heart, there was already a scene of his master being heartbroken and heartbroken after learning about this.

These words made Leng ruoxue's face darken even more. Looking at mu li, Leng ruoxue couldn't help but sigh. As expected of a city Lord! The level of this upvoting was high! A duel? Wouldn't rest until one of them died? What the hell is this!

Leng ruoxue would never have thought that the first thing she would do after returning would be to face mu Li's madness. Should she say that mu Li's reaction was so slow that he couldn't even recognize her master, or should she say that the demon's disguise was too successful? Of course, the disguise pill that the demon had taken was refined by her! Thinking about it this way, it seemed that she still had the greatest 'credit'!

"Don't go crazy, it's embarrassing. " Seeing mu Li's words becoming more and more outrageous, Xue'er's face was filled with helplessness. The demon quickly reprimanded him in case this idiot said something even more outrageous. At that time, if Xue'er wanted to take revenge on him, he would not plead for him!

In the face of a dispute between his dear wife and his subordinates, the evildoer decisively chose to put his beauty over his subordinates.

"You ..." Mu li saw that the man beside Leng ruoxue had spoken and was about to shout back at her. However, she suddenly realized that this man's voice sounded like her master's.

"Leng ruoxue, is this wild man my master's substitute?" he asked after some thought.

"Why do you say that?" Leng ruoxue blinked her eyes and asked in confusion. When the evildoer heard the word 'substitute', his face turned dark, as if a storm was about to come.

Being treated as a substitute by an idiot still made the evildoer quite unhappy!

"His voice is too similar to my master's." Mu li dispelled her doubts and said, "Leng ruoxue, even if you miss my master, there's no need to find a substitute, right?" If you do this, what will you do to my master?"

He's your Lord. Leng ruoxue couldn't help but complain in her heart. However, she would never say such words out loud. Glancing at the evildoer, Leng ruoxue indicated, "your subordinates can settle it themselves!"

The demon nodded helplessly and looked at mu li, ""Idiot! How could I have such a stupid subordinate like you!"

"Uh! What did you just say?" Mu li felt that he was hallucinating and asked in a daze.

"I said, why do I have such a stupid subordinate like you!" The demon gritted his teeth and roared.

"Argh! M-master? Are you the Lord?" Mu li blinked her eyes and asked in disbelief.

"Nonsense! You can't even recognize me?" The demon was speechless and didn't know what to say. Fortunately, there was a contract between the two of them. Didn't this guy sense it?

In fact, mu li really didn't feel it. The moment he saw Leng ruoxue, he saw her in the arms of an ugly man. He was so angry that he ran away. How could he have thought that the wild man beside Leng ruoxue was his master?

"Are you really the Lord?" Mu li felt the connection between him and the demon, and then exclaimed, ""My Lord, what, what happened to your face?"

"I've changed my appearance," Sighing, the evildoer replied honestly.

"Wuu ... Master, why did you change your appearance out of the blue!" You even caused me to misunderstand. Mu li knew that he was in the wrong, so his voice became softer and softer. In the end, he lowered his head.

Wu...I made a mistake! He actually did such a stupid thing, he really shouldn't have done it! Mu li felt so embarrassed. He really wished there was a hole in the ground for him to crawl into.

At this moment, seeing that the truth of the matter had been revealed to the world, Bing Yao, who had been shocked by mu Li's anger, finally dared to jump into Leng ruoxue's arms. She sobbed, ""Little xuexue, save your father!"

"What happened to your father?" Leng ruoxue asked in shock after hearing Bing Yao's words.

"Bing po, uncle long, Dongfang Yue, and Ming GE are all trapped in the city of abandoned ruins." Seeing that Bing Yao had successfully distracted Leng ruoxue's attention, mu li hurriedly continued the conversation and gave Bing Yao a few likes in his heart. Good child, I didn't dote on you for nothing! She knew to help him out!

"The city of the abandoned? What is this place?" Leng ruoxue asked curiously.

"You don't know this place either?" Mu li was astonished. Wasn't Leng ruoxue from the God World?

"It sounds familiar, but I can't remember where I've heard it." Leng ruoxue said honestly.

"Uh!" Mu li was silent for a moment, then continued, ""The city of the abandoned ruins is a place that takes in trash. Your two beasts must have been caught by the city Lord. The four of them went to find out about the situation, but they didn't know that they were not allowed to leave. Oh! It's not that you're not allowed to leave, but you have to pay an expensive exit fee. "

Mu li deeply felt that this should be the main reason why the four people gave up on the arena.

"How much do I have to pay?" Leng ruoxue asked. In her heart, she was calculating. Did uncle long and the others run out of money? It looked like she and the evildoer had to go and pick her up.

"Ten million top-grade crystals per person." Mu li didn't dare to hide anything.

"How much?" Leng ruoxue thought that she must have heard wrong. It definitely wasn't 10 million Supreme-grade crystal stones. But after mu li repeated it again, she was sure that her hearing was normal.

"Uncle long ... Did they stay willingly?" After confirming, Leng ruoxue said with certainty.

"Uh! How do you know?" Mu Li's eyes widened as she looked at Leng ruoxue with a fawning expression.

"Uncle long and the others definitely won't be willing to spend so much money." Leng ruoxue said matter-of-factly.

"That ... In addition to money, they also need to defeat all the Rings before they can leave. That's why they decided to stay there for the time being." Mu li explained.

"Oh! By the way, who are the two Beastie that I caught?" Knowing that uncle long and the rest would be fine, Leng ruoxue then asked about the two Beastie's situation with a peace of mind. At the same time, she was a little puzzled. Her own Beastie had basically chosen to go into closed-door cultivation, so why would there be one loitering outside?

"Feng Miao, Feng Huo, and the sixth elder of the Phoenix Clan." Mu li obediently reported.

"It's them?" When Leng ruoxue heard these three people, she immediately recalled where the city of abandoned ruins was. Once, Feng Miao had sent her a voice transmission, saying that the three of them were heading to the city of abandoned ruins to go undercover there. At the same time, they were going to find out the locations of the Three Kings so that it would be easier to rescue them. When she found out, she had told them to be careful, but she did not expect something to happen.

"Is the city of abandoned ruins that powerful? Even three Hierarch-level beasts were caught?" Leng ruoxue could not figure it out. Logically speaking, Feng Miao and the other two should be extremely careful! Could it be that someone had discovered his identity as a spy?

Seeing that Leng ruoxue's thoughts were running wild, mu li hurriedly reported the cause of the incident. After hearing this, Leng ruoxue remained silent.

"Evildoer, let's go to the city of abandoned ruins! Don't tell Qing 'er that I've returned. " Leng ruoxue looked at the demon and said. The last sentence was directed at mu li.

"Little xuexue, I'll go too." Bing Yao saw that Leng ruoxue was about to leave and quickly said.

"Yes, mu Li, you continue to look after the house." With that, Leng ruoxue gave the demon a look and the two of them disappeared once again.

Watching the two of them leave, mu li heaved a sigh of relief. Finally, it was safe! He hoped that when Leng ruoxue returned, she would forget about the mishap he had caused!

"Xue 'er is back? Where is it?" At this moment, Dongfang Lin, who had sensed Leng ruoxue's aura, rushed over. However, he only saw mu li in the garden.

"She and the Lord went to the city of abandoned ruins." Mu li said honestly.

"So fast? However, with Xue 'er gone, big brother and the others will be able to return safely. " Dongfang Lin said in relief.

"Master is here too?" Ming ze's voice also sounded.

"Yes." Mu li nodded, then went back to her room with a guilty look.

At the same time, Leng ruoxue and the demon had already walked far away.

With the teleportation abilities of genius and Azure, the team only took a month to reach the desert where ice soul and the others had been.

Cang didn't say anything and released his pressure, scaring the small animals in the desert so much that they didn't dare to come out. Furthermore, the earth dragons in the desert had been almost wiped out by uncle long and Dongfang Yue. Hence, Leng ruoxue and the demon managed to cross the desert without any hindrances.

When they arrived at the city of abandoned ruins, they paid the entrance fee that made Leng ruoxue's heart ache. Then, the two people and one beast headed straight to the place where they had agreed to meet with uncle long and the other three.

Along the way, Leng ruoxue had also changed her appearance. She had changed back into the image of a cute little rabbit. Uncle long and the other three knew about this, so they set their sights on the rabbit.

When they finally saw a tsundere White Rabbit, the four of them immediately went up to it.

"Xue 'er?" Uncle long said in a low voice.

"Uncle long?" Leng ruoxue asked carefully.

It was as if the two of them had met in secret. When Leng ruoxue saw this scene, she could not help but laugh to herself.

However, when uncle long saw Leng ruoxue, he felt a sense of closeness! Wu ... Xue 'er really came at the right time. Otherwise, they would have been trapped here for a long time!

"Xue 'er, you've succeeded in forging a houtian Chaos Divine artifact?" Uncle long did not expect Xue 'er to return to the divine realm so quickly, so he asked with great curiosity.

"No, I didn 't!" Leng ruoxue replied gloomily.

"Argh! Then, why did you come back?" Uncle long didn't understand. What if he didn't have enough materials by the time he returned?

"I came back to relax." Leng ruoxue replied honestly.

"Oh! That was true. After working so hard for so long, it's time to rest. " Uncle long nodded in agreement. More importantly, Xue 'er had returned at the right time. She was their Savior!

"Uncle long, I want to Rob him." Leng ruoxue nodded and lowered her voice.

[Chapter 2912 Depressing Win Rate \(1\)](#)

Rob him?

Who was this 'he'? Could it be that someone had provoked Xue 'er? Uncle long looked at Leng ruoxue, who seemed to be a little indignant, and started to imagine.

"I want to Rob the city Lord of the city of abandoned ruins!" Seeing uncle Long's confused expression, Leng ruoxue decided to be Frank.

"....."

Hearing this, uncle long and the other three fell silent. They suddenly felt sympathy for the city Lord. Fine, Xue 'er had just arrived here, and she was already thinking about that guy. However, since Xue 'er was here, shouldn't she first discuss with them what to do next? What if the first thing he did was to Rob a city Lord? Was there anyone more miserable than a certain city Lord?

After taking a deep breath, uncle long had a helpless look on his face as he discussed with Leng ruoxue, ""Xue 'er, can you put aside the robbery for now?"

"Why?" Leng ruoxue blinked her eyes in confusion.

"Let's get down to business first! Since you're back, we naturally have to rescue those three old phoenixes first, then find a way to return without having to pay the city fee or fight in the arena. " Uncle long reminded him seriously.

"We can Rob them while we look for them! As for the way to return, do we still need to think about it?" Leng ruoxue smiled indifferently. Then, she grabbed a small golden snake and curled it into a ball to play with.

Ugh! Uncle Long's mouth twitched as he looked at the familiar golden snake that was trying its best to cooperate with Xue 'er. Did this little guy have to be so cooperative? To be honest, he couldn't stand it anymore. It was too embarrassing.

However, seeing this little snake, uncle Long's heart calmed down.

That's right! With this little fellow here, they could definitely leave without alerting the enemy!

After its master was done playing with it, the little golden snake automatically disguised itself as a shiny golden bracelet and wrapped itself around Leng ruoxue's wrist.

Seeing this, Leng ruoxue's mouth twitched. This color was really too extravagant!

Calmly, Leng ruoxue pulled down her sleeves and said to uncle long, ""Let's go home!"

"Yes." Uncle long nodded, and the four of them brought Xue 'er and the demon back to their residence.

At the door, a certain burly man was standing guard for them again.

Seeing that uncle long and the others had returned, the burly man rushed over and shouted, ""Brothers, you're back? I really missed you!"

"..." Upon hearing this, uncle long and the other three's faces turned red. Leng ruoxue and the demon widened their eyes in surprise as if they had heard some kind of fantasy. Cang, who had been pretending to sleep, opened his eyes in disbelief when he heard this and exclaimed, "Where did this fool come from?"

"You're the idiot! Your whole family is an idiot!" When the burly man heard this, he immediately roared in anger. Your sister! Being scolded by a rabbit, even if uncle could tolerate it, aunt could not.

When they heard erhuo arguing with Azure, uncle long and the other three were so scared that their hearts started to tremble. Oh my God! He had offended the vengeful senior Cang, and this fellow was going to suffer.

However, to the surprise of uncle long and the others, Cang didn't get angry after being scolded. Instead, he looked at the burly man with interest and nodded, "You, not bad!"

The burly man was stunned. He didn't understand what the rabbit in front of him meant, but being praised by a rabbit didn't seem to be something to be happy about, right? He was a little depressed.

After a moment of silence, the burly man pointed at Cang who was in Leng ruoxue's arms and asked, "Brother, did you prepare food for me because you knew I was coming today?"

"....."

Who would dare to eat this food? This was a man-eating rabbit! It's good enough that you're not eaten by food! Hearing the burly man's words, uncle long and the other three secretly sighed in their hearts.

At this moment, they heard the burly man continue to guess, ""Are these two servants you bought? I told you to find a few people to serve me, and you finally listened to me! But why did she buy a man? Can't sleep? "Ah!" Could it be that you Big Brothers have a strong taste?"

Heavy-mouthed your sister!

Hearing the burly man's nonsense, uncle long and the other three were so angry that they almost vomited blood! Your sister! What do you mean you can't sleep? Who's sleeping? At the thought of this, uncle long grabbed the burly man and growled, ""Do you still want to live? If you want to live, then shut your mouth!"

"Uncle, let him speak! You have quite a rich imagination. " At this moment, Leng ruoxue spoke with a half-smile.

"Xue 'er, his mind is a little muddled, let's not lower ourselves to his level!" Uncle long said with a helpless smile, but his little heart was nervous. If they angered the Mistress of the Dark World because of this, they would also suffer the consequences!

Sob ... Uncle long was so sad. He wanted to kick this idiot away! How could he have seen that Xue 'er and the Mistress of the Dark World were servants? It's fine to say servants, but you can't sleep with them? Wasn't he looking for death?

Uncle long gave him a warning look, and only then did the burly man shut his mouth in grievance.

However, his curious gaze would still drift towards Leng ruoxue from time to time. This ugly woman just called brother long 'uncle'. Could she be his niece? However, the two of them did not look alike at all! He thought this in his heart, but he obediently didn't say anything.

However, even if he didn't say anything, it didn't mean that Azure wouldn't take the initiative to find him.

Being treated as food by a certain fool, Cang felt quite novel. He jumped out of Leng ruoxue's arms and reached out a furry little paw, pointing at the burly man, "Do you really want to eat me?"

"Uh! Weren't rabbits supposed to be eaten? Rabbit meat is delicious!" Although the burly man didn't want to answer, the delicious food was in front of him. He couldn't control himself and even swallowed his saliva.

"You're right. " Azure supported his chin with a small paw and nodded in agreement.

When the burly man heard this, he immediately became happy and grabbed one of Cang's little paws, "You agree with me? So, you're willing to be eaten by me?"

"I don't want to." Azure shook his head.

"Why? Rabbits are meant to be eaten. " The burly man was quite disappointed. The delicious food was right in front of him, but he couldn't eat it. This was really too cruel.

"Because in my eyes, you are also food." Azure replied calmly.

"Arggh! Are you a man-eating rabbit?" With that said, the large man looked at Cang with a wary expression and quickly retracted his hand, hiding behind uncle long.

Uncle long, who was being used as a shield, was speechless and didn't know what to say. Why did the conversation between the human and the rabbit sound so strange? Can't you be more normal?

Uncle long was surprised. Not only was Cang not angry at the burly man's words, but he was also teasing him. Was this normal? Was this normal? This was definitely not the rabbit's character! Could it be that he had been switched out in the land of chaos? Thinking of this possibility, uncle long couldn't help but glance at Azure from the corner of his eyes.

[Chapter 2913 A Depressing Win Rate \(2\)](#)

He looks normal?

Cang ignored uncle Long's probing eyes and looked straight at the burly man. He hooked his claws at him and said, "Come here!"

"No! I'm not going over! You're a man-eating rabbit, you'll eat me!" Seeing this, the burly man clutched uncle Long's clothes tightly with both hands, as if he was not afraid of death. Of course, the effect would be better if he did not have tears in his eyes.

Seeing him like this, Leng ruoxue couldn't help but throw an item over to him and say, "Bite!"

This tool was none other than a small blue handkerchief with flower patterns. After the burly man received it, he obediently bit on one corner of it. In addition to his teary eyes, Leng ruoxue was satisfied.

What a good child! This little appearance was really too cute! Leng ruoxue gave him a like and magnanimously forgave him for his rudeness.

When uncle long and the others saw the burly man's appearance, they felt as if a black cloud of crows had flown over their heads ...

This appearance was really too stimulating, didn't it?

The few men, whose mouths were twitching, couldn't stand the fool in front of them anymore. They opened the door and walked in, wanting to be out of sight, out of mind.

The burly man who was left behind saw that the situation was not good and wanted to follow them in, but he was blocked by Cang.

"W-what are you doing?" The burly man bit on his small handkerchief, his eyes glistening with tears as he looked at Cang.

"Calm down! You're quite interesting and can even entertain us. I won't eat you first. " Azure said with a smile.

Upon hearing this, the burly man was at a loss. How should he react? Should he thank the other party for showing mercy?

However, his mouth was obviously faster than his brain. Before he could think about it, he had already said thank you. After saying that, the burly man himself was stunned.

F * ck! He really wanted to slap himself. Why was his mouth so annoying? However, Cang was very happy as he listened. He then allowed Leng ruoxue to carry him into the courtyard.

Seeing that he was the only one left, the burly man thought about it and finally decided not to go in. The man-eating rabbit inside looked dangerous, so it was better to hide. Otherwise, if the man-eating rabbit went crazy and ate him, he would have no place to cry.

After making the decision, the burly man immediately turned around and left.

Leng ruoxue entered the courtyard and ran straight to the living room. She handed the ice coffin to Bing po before sitting down. Then, she looked at uncle long and the others with a curious expression and teased,""Uncle long, I didn't expect you to become relatives so soon after you came here."

"What relative! There's something wrong with his brain. " Uncle long was so angry that he blew his beard and glared.

"Is there a problem? I think he's quite normal! Oh! I like that little guy. " Azure's small mouth grinned as she interrupted.

"....."

Uncle long and the others were silent. After a long time, uncle long said honestly,""His force has a close relationship with the city Lord's mansion."

"What?" Upon hearing this, Leng ruoxue raised her head and looked at uncle long.

Only then did uncle long tell Leng ruoxue about the information they had gathered during this period of time.

Leng ruoxue didn't know how to react after hearing this. There wasn't much useful information from uncle long. Most of them were from different forces. However, they were here to save people and didn't want to interact with the forces here. They wouldn't settle down here either. As such, the information was of little value. Uncle long also knew that the information they had found out was not of much practical value, so he immediately felt a little embarrassed.

The four of them were really not cut out to be spies!

"You've never been to the city Lord's mansion?" Leng ruoxue asked after some thought.

"No, we were afraid of alerting the enemy because senior ice soul said that there should be a clone of the ripple mist bitch here. Other than your flame, we can't kill that flower!" Uncle long said gloomily.

"Since that's the case, let's go to the city Lord's mansion tonight!" Leng ruoxue suggested.

"Yes." Uncle long and the others nodded. Then, they saw Leng ruoxue release a little silver mouse.

The little silver mouse nodded to its master and then ran out like a wisp of smoke.

A few hours later, the little silver mouse came back, panting and covered in sweat.

"You must be tired." Leng ruoxue cupped the little silver mouse in her hands and said with a pained expression.

"No, I met a bad woman on my way back who wanted to catch me. I almost lost my master!" The little silver mouse sobbed with teary eyes.

"You little fool, why didn't you send a message to master?" Leng ruoxue gently tapped the little silver mouse's head and reminded it.

"I ... I forgot. I was only thinking about escaping." The little silver mouse said, somewhat embarrassed.

"Next time, be more careful. If you can't beat an enemy, you must find the master, remember?" Leng ruoxue lectured.

"Yes, yes. If I can't win, I'll run. If I can't run, I'll look for my master." The little silver mouse promised. It was obvious that it had changed Leng ruoxue's way of teaching.

Leng ruoxue smiled helplessly before asking, ""Any news?"

"Master, I've asked my friends about it. It's said that the city Lord's mansion is heavily guarded, but the city Lord is quite lecherous and likes beautiful men the most. Therefore, if he wanted to enter openly, he could only cater to their interests. Otherwise, we'll have to sneak in. " The little silver mouse reported.

"Do you like handsome men?" Leng ruoxue mumbled to herself as her beautiful eyes scanned uncle long and the others. Instantly, uncle long and the other three were so scared that their hearts started to tremble again.

Xue 'er ... Why was she looking at them? They weren't handsome men now, so they shouldn't be forced to sacrifice their looks! They would definitely resist to the end!

"Xue 'er, aren't we going to go in the middle of the night?" Uncle long, who caused Leng ruoxue's heart to tremble with fear, asked carefully.

"Yes, we're going tonight. It might not be the case in the future." Leng ruoxue laughed evilly.

"Uh! I'm going to go there again in the future!" Uncle long was speechless. Did this mean that he still had plans for them?

"Of course." Leng ruoxue said with certainty.

Uncle long and the others didn't know what to say.

"Tonight, we'll see what the city Lord likes. After that, we'll try to arrange a handsome man for her." Leng ruoxue continued, ignoring uncle long and the rest's gloomy expressions.

"....."

Uncle long and the rest did not know what Leng ruoxue was up to. Was it really a good idea to scare them like this?

Very soon, the time for the moon to be dark and the wind to be high had arrived.

Uncle long and the other three, who were supposed to be excited, followed behind Leng ruoxue and the demon with a heavy heart. They left their residence stealthily.

Once they found the city Lord's residence, Leng ruoxue and the others swaggered in.

The interior of the city Lord's residence in the city of desolation was rather luxurious. It was comparable to the divine Lord's residence in the Imperial City. This further strengthened Leng ruoxue's desire to Rob the other party. Such a rich nouveau riche and an enemy. Wasn't he left for her to Rob?

[Chapter 2914 A Depressing Win Rate \(3\)](#)

If she didn't Rob the other party, Leng ruoxue would feel sorry for the city Lord!

Under the lead of the little silver mouse, who had already scouted out the city Lord's mansion's territory, Leng ruoxue and the others strolled around the city Lord's mansion as if it was their own backyard.

When she found the city Lord's main courtyard, Leng ruoxue walked in without a second thought.

Leng ruoxue and the others heard something from the corner of a room that was lit up.

The person in the room was a man. At this moment, he was sitting by the bed with a worried expression. In front of him was a man dressed as a guard, who was trying to persuade him.

Leng ruoxue and the rest listened carefully for a while before they finally understood the truth. It turned out that the guard was persuading the man to submit to the city Lord.

Such an outcome made Leng ruoxue and the others speechless.

Did the guards still care about this?

At this moment, a vigorous roar came from outside the courtyard, "The city Lord has arrived!"

When they heard that the city Lord was here, Leng ruoxue and the rest moved to the side to avoid blocking the city Lord's path. However, when they saw the city Lord walking in the middle of the crowd, they were all confused.

Your sister! Why is the city Lord a man? And it was a man who looked quite strong and burly! Such a reality seriously refreshed the perception of Leng ruoxue and the others. They were also somewhat unable to accept this overly avant-garde rhythm. It was obvious that their thinking was outdated.

Leng ruoxue watched as the city Lord entered his room. Just as she was hesitating whether she should leave this place, she heard a blood-curdling screech from within the room ...

Leng ruoxue and the others looked at each other, then turned their gazes towards the room. At this moment, the man who had been sitting on the bed had become a corpse. The corpse was dry and shriveled, as if it had been sucked dry.

As for the city Lord, he was using a handkerchief to wipe the blood from the corner of his mouth as if there was no one else around, looking as if he had not had enough.

Upon seeing this, Leng ruoxue felt that something was amiss no matter how she thought about it. She was certain that this city Lord was definitely human, but his actions were somewhat similar to the blood cherry blossoms. This was really too abnormal! How did this happen?

Leng ruoxue, who couldn't figure it out, suddenly didn't want to stay here any longer. She gave uncle long and the others a look, and they left quietly just like they had come.

After leaving the main courtyard, Leng ruoxue and the rest returned to their residence.

In the living room, uncle long couldn't help but ask, "Xue 'er, how did we get back so quickly?"

"Don't you feel that there's something wrong with the city Lord? Some of his actions are very similar to the blood cherry blossoms." Leng ruoxue replied honestly.

"You mean to suck blood?" Uncle long asked.

"Yes, but he's clearly a human." Leng ruoxue said with certainty.

"Could it be that he has practiced some kind of evil technique, so he is also sucking blood?" Mingge warned.

"That's impossible. There's no such cultivation technique in the divine realm." Azure opened his eyes slightly.

"Then is it possible that he's the blood cherry blossom, but he used some special method to hide the aura of the blood cherry blossom on his body, making others mistakenly think that he's a human?" Ming GE said, raising her head to look at Leng ruoxue.

"That's not impossible! In short, that city Lord is quite suspicious. If possible, we really can't beat the grass and alert the snake." Leng ruoxue nodded.

"Xue 'er, what do we do now? Are we still going to the city Lord's mansion?" Uncle long asked after hearing Leng ruoxue's words.

"I won't go for now. I'll get Qing Jue to keep an eye on that place. Oh right, is there an arena here? I'll go have some fun tomorrow. " Leng ruoxue said with a smile.

"Uh!" Uncle long and the others didn't expect Leng ruoxue to be interested in fighting in the arena. However, since Xue 'er wanted to go, they had to accompany her.

"Xue 'er, that's the arena of life and death. People will die there." At this moment, Dongfang Yue reminded him.

"Oh, really? I just heard that the bounty there is very generous and you can even bet on it, so I want to go and make a fortune. " Leng ruoxue said honestly.

Her blatant motive made uncle long and the others feel ashamed.

Look at Xue 'er, she didn't forget to earn money in the enemy's territory! Compared to Xue 'er, they were really too unmotivated!

With this thought in mind, uncle long and the others instantly decided that they would also go to the arena tomorrow and make money! Because they didn't have the intention of going home, they didn't feel any pressure at all.

The next day.

Leng ruoxue and the rest had left early in the morning.

However, they didn't go directly to the arena. Instead, they went to find the burly man and planned to let him lead them in.

When the burly man heard that uncle long and the others wanted to go to the arena, he thought that they wanted to bring his niece to watch the battle. He immediately agreed to it. Then, he carefully glanced at the snow-white Rabbit in Leng ruoxue's arms. His heart trembled, and he led the way in front with fear.

After bringing them to their destination, Leng ruoxue immediately instructed the burly man to bring them to the registration point. The burly man was immediately stunned.

"Aren't you here to watch the match? Why are you going to the registration point?" Swallowing his saliva, the burly man couldn't help but ask.

"Who said we're here to watch? I want to fight in the arena!" Leng ruoxue rolled her eyes at the other party before speaking.

"Uh! Although you're a little ugly, you're still a woman! Wouldn't it be bad if you were injured?" The burly man sized up Leng ruoxue. The 'where' he was referring to was Leng ruoxue's face. He deeply felt that the woman in front of him was already so ugly that she let the audience down. If she was disfigured again, how could she get married in the future?

"Isn't it a life and death Ring? If you're killed, who would care where you're hurt!" Leng ruoxue was speechless. She couldn't understand how this fool's brain worked. Why was he thinking so differently from the others?

"It's good to die, it's all over, and I don't have to suffer. But what if he didn't die? what if he was half-dead? More importantly, the arena here was quite brutal. Every day, everyone had to fight at least a hundred matches. The winner had to accept challenges from others until no one challenged him. Only then could he rest today. Otherwise, they could only continue fighting. You're a woman, it's better for you to get married and have children. This really isn't a place for women. " The burly man persuaded earnestly.

"Like this? I'm even more interested now that you've finished. " Leng ruoxue said stubbornly.

"Why are you so stubborn?" The burly man was a little annoyed when he saw this.

"I'm short of money!" Leng ruoxue spat out these three words softly. Then, she looked as if she was waiting for the other party to lead the way and did not say anything else.

The burly man was almost choked by these three words. He could only speechlessly widen his eyes and stare at Leng ruoxue, as if he was trying to see if she was joking.

But no matter how he looked at it, he felt that the other party was serious.

Sighing, the burly man said kindly, ""How much money do you need? I can lend you some."

Hearing this, Leng ruoxue looked at the burly man in surprise. What's up with this guy? I heard that he didn't get along very well with uncle long and the others. Why are you doing good things now?

"I never borrow money from others." After sizing up the burly man for a while, Leng ruoxue replied only after she almost made the other party's hair stand on end.

"You, you must fight?" The burly man was helpless. After seeing Leng ruoxue nod, he said with a serious expression, ""Life and death don't matter in the arena. Don't regret it!"

"Don't worry, I'll never do anything that I'll regret!" Leng ruoxue promised.

"In that case, I'll take you to register!" Seeing that uncle long and the others didn't object, and the other party was insistent, the burly man had to compromise.

When he arrived at the registration location, he saw that not only Leng ruoxue had signed up, but uncle long and the others had also signed up. The burly man, who had always reacted slower than others, finally noticed that something was wrong.

Was he going to fight in the arena and leave?

Thinking that this might be the reason, the burly man suddenly became worried and released a cold aura. However, his temperature was within the range of being ignored by everyone.

After they had registered, Leng ruoxue asked the burly man to bring them to the place to place their bets.

After they had registered, their names and abilities were sent to the betting area simultaneously. When they arrived, the betting area already had their win rates. Uncle long and the others had a win rate of one to one, while Leng ruoxue and the evildoer's win rate was one to one hundred million. This was definitely the highest win rate, but it also proved that the organizer didn't think highly of Leng ruoxue and the demon. As for uncle long and the others, they didn't make any profit.

Seeing this rate, uncle long was the first to question the staff, ""Why is our winning rate only one to one, while theirs is one to one hundred million?"

"You bastard!" This was blatant discrimination! They were really bullying him!

Uncle long was furious, and the consequences would be severe!

Seeing uncle Long's anger, the staff member asked with a smile, ""We've tested this win rate before, so there's no problem at all. Moreover, the chances of winning are inversely proportional to one's strength, so you don't have to mind. "

Don't mind my ass! Uncle long was even more depressed after hearing what he said.

Tested? When did you test it? Why didn't he know about it? During the registration, they were only arranged to enter a dark room, and they came out in less than two minutes. Don't tell him that that was the so-called test!

Thinking of this, uncle long continued to question, ""How did you test it? How could you so easily determine our strength?"

"Didn't you enter a room together? There's special equipment there, so we can see your strength at a glance. Don't worry, this can't be fake!" Sure enough, the staff member confirmed uncle Long's guess and comforted him.

"Oh, really? Then tell me, what is our strength?" Uncle long asked, not giving up.

"The four of you are all divine emperors, while these two are only deities." The staff member said confidently.

This is not fake? Uncle long couldn't help but complain. At the same time, he felt a little regretful. If he had known this would happen, he would have learned from Xue 'er and the others and lowered his strength. But now, he couldn't earn any money!

Uncle long felt so sad just thinking about it!

The countless crystals seemed to have grown wings and disappeared before his eyes ...

[Chapter 2915 Do You Want To Admit Defeat?\(1\)](#)

Looking at Leng ruoxue with hidden bitterness, uncle long revealed an aggrieved expression. Leng ruoxue looked on and could not help but burst out laughing, ""Uncle, you can place a bet on me!"

Right? After Leng ruoxue's reminder, uncle long suddenly came to his senses. Why was he so silly? Although it was a pity that he could not bet on himself, he could bet on Xue 'er! However, they still felt that they had lost quite a bit of money. However, it was better than nothing!

Uncle Long's self-comforting words made him feel a little better. Then, he pointed at Leng ruoxue and told the staff, "I want to place a bet on my niece."

To outsiders, the four of them had always referred to Leng ruoxue as their niece. Now, this niece of his was called Apple. When he thought of the name that Xue 'er had given him, uncle long felt a little confused. The name 'evildoer' was still 'evildoer'. However, with his current face, uncle long really didn't know what to say.

"Sure. How much do you want to bet?" The staff member asked with a smile.

"I want to bet one billion top-grade crystals!" Uncle long said without thinking.

"How much?" The staff member thought he had heard wrong and could not help but ask again.

"1 billion top-grade crystals. Don't you understand?" Uncle long said loudly with an inscrutable and arrogant expression.

"Uh! Do you have that much money?" After the staff member confirmed it, he asked with a trembling heart.

"Can't you guys do it on credit? If I win, you can deduct 1 billion from my capital. If I lose, you can deduct it from my reward for fighting in the ring." Uncle long said with a calm face. Anyway, he was planning to get something for nothing. He had no money!

"This, this ..." The staff member almost passed out when he heard uncle Long's matter-of-fact words. How could this person be so thick-skinned? Although they could buy on credit, no one would buy so much at once. If he really lost, how long would it take? As for whether the other party would win or not, the staff member did not even think about it. He was just a small deity. He was afraid that he would be killed before he could even get out of the ring. Therefore, he did not have to worry about any losses on his side.

"What the hell is this! Just tell me if it's okay or not." Uncle long lost his patience when he saw the staff member's cowardice.

"I can't make that decision, but I want to remind you that if you lose the bet, it will take a long time to return the money." Perhaps for a lifetime. The staff added in his heart. However, he did not dare to say it out loud when he saw uncle Long's unfriendly expression.

"What, are you afraid I'll go back on my word?" Uncle long smiled when he heard the staff.

"No, I just wanted to remind you." The staff member said carefully.

"Thank you. But I know what I'm doing, so you don't have to worry about me. Money! It's just a worldly possession. If I really lose, what's wrong with a lifetime? I'm not a short-lived person!" Uncle long said with confidence.

After the staff member heard this, he couldn't help but think, "if money is really a mere worldly possession, why did you place so much bet?" Ever since the city of abandoned ruins had wagers, no one had ever dared to bet so much, even if it was on credit!

"Since you've already decided, please wait a moment. I'll go get the head butler." The staff member said to Uncle Long after complaining to himself.

After a while, a short and fat middle-aged man came over with the staff.

The middle-aged man sized up Uncle Long and asked calmly, "You're the one who's going to bet one billion?"

"Yes, I am!" Uncle Long nodded with a smile. As long as he thought of the Jingshi that was about to fly into his pocket, he would feel happy.

"Do you understand the risks involved?" The middle-aged man asked.

"What, you guys will go back on your word?" Uncle Long's face paled with shock.

When the middle-aged man heard this, he choked. I'm afraid you'll go back on your word or be beaten to death, okay?

"Of course we won't go back on our word." After taking a few deep breaths, the middle-aged man decided not to stoop to the level of the idiot in front of him.

"That's good. I don't have anything to worry about." Uncle Long said, relieved.

These words made the middle-aged man depressed again.

The middle-aged man realized that the man in front of him seemed to have a different way of thinking. Otherwise, why couldn't she understand what he was trying to say? But looking at the other party's expression, it didn't seem like he did it on purpose. As such, the middle-aged man was a little conflicted.

After staring at Uncle Long for a long time, the middle-aged man wanted to tell Uncle Long the rules of the competition again. Uncle Long indicated that he had remembered them and urged, "Can I place my bet now? Don't waste my time, I'm in a hurry to make money!"

"....."

The middle-aged man expressed that he had never seen someone so eager to die! However, he had also heard of the other party's strength, and this kind of person was exactly what they needed the most.

"You can place your bet now." The middle-aged man looked at the strength of the contestant called Apple and nodded.

"If only you were like this earlier, you still said so much nonsense!" Uncle Long glanced at the middle-aged man and said with a little dissatisfaction.

When the middle-aged man heard that, he was so angry that he almost vomited blood again. He could not help but curse in his heart. F * ck! What kind of person was this! It was bad enough that she didn't put him, the head butler, in her eyes at all, but now she even complained that he was talking nonsense? Hmph! If it wasn't for the fact that the other party was about to fight and might lose his life, he would have made sure to teach this guy a lesson!

However, even though he was angry, the middle-aged man still personally handled the betting procedures for Uncle Long.

In order to be formal, the contract between the two parties was also a formal contract recognized by the contract rules. Once one party broke the contract, they would be severely punished by the contract rules.

Seeing this contract, uncle long smiled in his heart.

After settling uncle Long's betting procedures, the head butler didn't want to see him anymore and immediately turned to leave.

After settling uncle long, the staff continued to receive the rest of them.

"I also want to bet 1 billion top-grade crystals on credit!" Ice Spirit said directly when she saw the staff looking at them.

..." F * ck! Another billion? He still had to ask the head butler to come forward!

The poor staff member said goodbye to Ice Spirit with a bitter face and went to get the Butler.

The head butler, who had just left, almost went crazy when he saw that someone was looking for him again. Are you done?

However, since someone was willing to work for them for free, the head butler felt that there was no reason for him to refuse, so he continued to personally handle the betting matters for Ice Spirit.

After completing the procedures for the ice Spirit, the Butler walked away angrily.

Then, the staff carefully turned to look at Dongfang Yue. Seeing this, Dongfang Yue smiled and said,""Give me one billion top-grade crystals too!"

"....."

Your sister! It was still one billion! This time, the staff members were going crazy. When the chief butler heard this news, his face turned green with anger.

[Chapter 2916 Do You Want To Admit Defeat?\(2\)](#)

He deeply felt that he had been played. Otherwise, why would he suddenly get a billion? Can't you let me catch my breath? Was he trying to tire him to death? However, he was a bastard who didn't want to earn money! Therefore, even though he was very angry, the head butler still ran over to help Dongfang Yue with the procedures.

After dealing with Dongfang Yue, only Leng ruoxue, the demon, Ming GE, and the burly man had not placed their bets. The middle-aged man looked at the four of them and asked,""Do you guys want to bet one billion too?"

"I haven't decided yet." Leng ruoxue smiled faintly.

"Me too," The demon also said.

"I also need to consider." Mingge replied, playing along.

"I ... Have to consider it even more." The burly man looked at the middle-aged man and said with a smile.

"Take your time to think about it!" Gritting his teeth, the middle-aged man turned around and left in a Huff.

After the middle-aged man left, the burly man looked worriedly at the people in front of him and sighed, ""So much money, how long will it take you guys to return it!"

"At most, I'll spend a lifetime! Besides, why do you think we can lose?" Uncle long said unhappily.

"Brother! The entire arena is controlled by the city Lord's mansion. Do you think they'll let you win after betting so much?" Avoiding the staff, the burly man whispered in his ear.

"The contract has already been signed. Do they dare to renege on their debt?" Uncle long blinked his eyes and asked in confusion.

"They won't dare to renege on their debt, but they can make it so that your niece can't leave the arena." The burly man looked at Leng ruoxue, who had a blank expression on her face, and was extremely worried!

Although he didn't think of himself as a good person, he had always wanted to be on good terms with uncle long and the others. In their short interaction, he had even regarded them as his confidants. Now, his niece wanted to fight in the ring, but it wouldn't be an easy fight! However, the other party clearly didn't realize the danger. He didn't even know what to say.

Moreover, he couldn't make his words too clear. Otherwise, the people of the city Lord's mansion wouldn't let him off.

"Calm down. I have confidence in my niece. Do you want to bet too?" Uncle long patted the burly man's shoulder and asked.

"Then ... I'll play a bit too!" The burly man said, giving him face.

"Come, go and call your Chief Steward. He also needs to pay one billion top-grade crystal stones!" Uncle long pointed at the burly man and said to the staff with a smirk.

In an instant, the burly man felt his legs go soft. Sob ... Brother! Don't be like this! He didn't plan to bet one billion! In fact, he could only place a ten Yuan bet at most. However, when he saw uncle Long's serious expression, he didn't dare to refuse.

The staff member turned around gloomily. After a while, the Butler ran over again, panting.

As soon as he saw them, a middle-aged man shouted angrily, ""Can you guys stop tormenting people like this? Can't you place all your bets at once?"

"Head butler, of course we have to think carefully about such a large amount. How can we decide so quickly? In fact, we don't feel good about tormenting you like this. Why don't you just wait here and help us with the procedures immediately after we've decided? This way, you won't have to break your legs from running, right?" Uncle long looked at the middle-aged man, who was stomping his feet in anger, and said, "my suggestion is good."

The middle-aged man was so angry at uncle Long's sophistry that he almost fainted. He couldn't deny that what uncle long said made sense, but as the chief Steward of the city Lord's mansion, how could he

wait for them to make a decision like an ordinary staff member? That would be too damaging to his dignity. Therefore, he still couldn't agree to such a thing.

The middle-aged man was filled with anger. After he finished the procedures for the burly man, he glared at him and then left.

"Wuu ... The head butler is glaring at me!" After the other party left, the burly man said with a sad face.

"What are you afraid of? It's not like you'll lose a piece of meat if you stare! You have to be like a man, you have to stand up, do you understand?" Uncle long patted the burly man's shoulder with such force that he almost vomited blood.

At this time, Mingge said with a faint smile, "I've already decided. I'm going to place a bet. "

The staff members had been provoked in a short period of time. He could tell that these people were definitely doing this on purpose! He was deliberately tormenting him and the head butler! But he couldn't ignore the customer's request. So, without even asking Ming GE how much money he wanted to bet, he went to find the Butler.

"Are you guys done?" This time, the head butler also flew into a rage and roared.

"What's wrong? can't I bet?" Mingge blinked her eyes innocently and said in a wronged tone.

"Yes! Hurry up and get off!" The head butler almost bit his teeth into pieces as he urged.

"One billion, you know what I mean!" Mingge laughed in a very lecherous manner.

He understood! How could he not understand?

After angrily settling the procedures for Ming GE, the head butler was no longer in a hurry to leave. He glared at Leng ruoxue and the demon. "I'll give you five minutes. Hurry up and place your bets!"

Knowing that this was the old man's limit, Leng ruoxue and the demon looked at each other with evil smiles. Then, Leng ruoxue helplessly said, "Since you're in such a hurry, then place your bets on us! Just like them, each of you will get one billion top-grade crystals!"

The head butler nodded and quickly went through the procedures before turning around and leaving with a relieved expression. The staff member heaved a sigh of relief. However, at this moment, uncle long waved at the staff member and said with a smile, "You can bet on multiple people, right?"

"Yes, I am!" The staff member looked at the other party with a vigilant look and nodded.

"Then I'll bet another one billion on my niece-in-law." Uncle long said calmly.

He was calm, but the staff could not. Fortunately, Ice Spirit and the others didn't continue to play with each other this time. They expressed that they would do the same.

The staff member had no choice but to bite the bullet and go to the head butler for the nth time.

After the chief butler arrived, he was unable to vent his anger on uncle long and the others. After settling the procedures for the other party with a depressed look, the head butler said ruthlessly, "This is the last time, you're not allowed to place any more bets!"

"Well, I'm not betting anymore. May I know how long the betting period is?" Uncle long nodded understandingly before asking. In other words, he was asking how long it would take for them to get the money!

"The betting period is one month. Of course, you can also choose to transfer the bet automatically. This way, there will be no time limit, and you can withdraw the money you won at any time after a month." The head butler explained.

"This is a good idea. Let's transfer the money automatically!" Uncle long nodded, and everyone else agreed. In fact, the head butler naturally hoped that they would do the same. This way, these people would naturally suffer. Hmph! He would definitely get his retribution for tormenting him again and again!

[Chapter 2917 Do You Want To Admit Defeat?\(3\)](#)

After finally settling things with uncle long and the others, the head butler left with an expression that said he didn't want to see them ever again.

"Apple! Let's go to the arena and take a look!" Seeing that there was nothing much to do, uncle long decided to take everyone to the arena.

"Yes." Leng ruoxue nodded her head and obediently followed behind uncle long with the demon.

Since their arena would only officially begin tomorrow, they could only be spectators today. The place they went to was the private room of the force the burly man belonged to.

After entering the private room, Leng ruoxue watched the competition in high spirits, while the burly man looked up at the sky at a 45-degree angle with a face full of worry.

A billion! A debt of one billion top-grade crystals, how long would it take to pay it back? It looked like he would have to live frugally in the future, or else he would have to live on air!

He glanced at uncle long with hidden bitterness. He didn't dare to complain at all and could only worry in his heart. He then turned his gaze to Leng ruoxue. He could not understand how this woman called Apple could be so calm. Didn't she know that the people who died in the arena today could be her fate in the future?

Of course, Leng ruoxue didn't know that the burly man was cursing her out of worry. Furthermore, after a few matches, she had more or less understood the rules of the arena.

In fact, it wasn't necessary to kill someone in the ring, but the premise was that the other party had to admit defeat before the battle. Otherwise, it would be a fight to the death! From this, it could be seen that the purpose of this was to give everyone the chance to choose their opponent. However, Leng ruoxue did not think that the city Lord of the city of abandoned ruins would be so kind.

And after a few matches, she didn't find anyone taking the initiative to admit defeat. After asking the burly man, Leng ruoxue, she found out that the city lord's estate had given them a generous reward. That was why the challengers were unwilling to admit defeat and held onto a trace of hope. This was a typical case of someone who valued money over their lives!

After knowing that they could still admit defeat in the ring, uncle long and the other three couldn't help but feel a little regretful. They also blamed themselves for not understanding the rules clearly in advance. In addition, the burly man had deliberately misled them, causing them to think that no one could survive in the ring. That was why they didn't dare to participate. After all, they didn't want to kill each other. Later, when Xue 'er came, they didn't feel that the rules of the arena were so cruel anymore. Anyway, with Xue' er around, she would definitely not let anything happen to them. Now, since they could admit defeat, they were even less afraid of the other party's underhanded means.

Hehe! With Xue 'er around, it would not be easy for the other party to plot against them.

The next day.

Leng ruoxue and the rest finally had a chance to go on stage.

The opponents for the first round would be decided by drawing lots, and they would go on stage in order.

Leng ruoxue's first opponent was actually a God King. It was said that this Godking was quite powerful and had vicious methods. In the many matches that had already taken place, she had yet to lose. As a result, when she drew this person, even the staff in charge of the stage felt some sympathy for her.

Ignoring her opponent's sympathetic gaze, Leng ruoxue calmly waited for her turn.

"Xue 'er, my opponent is a divine Emperor." At this moment, the demon walked over and said.

"Really? Did the staff sympathize with you?" Leng ruoxue laughed and teased.

"No, I didn 't!" The demon said calmly.

"But I've heard that there are very few women in the arena, so you're definitely a rare animal!" The demon continued.

"It seems so. However, I'll let all the men here know that women are not to be trifled with!" Leng ruoxue was full of confidence.

"I support you! But what if we become opponents? If one side admits defeat, we won't be able to get any money. " The demon whispered worriedly.

"Don't worry, we won't meet. " Leng ruoxue guaranteed. If it wasn't for this, she wouldn't have encouraged uncle long and the others to come and fight.

Most importantly, she didn't just want to earn money by fighting in the arena. Other than that, she had another purpose. Of course, she didn't tell the demon and the others about this for the time being.

"That's good. Let's do our best!" The demon laughed.

"Yes, demon. It's my turn. Wait for my good news." Leng ruoxue gave the evildoer a hug and walked up the tall stage with elegant steps.

A tall man was already waiting in the ring. When the man saw Leng ruoxue, he first gave her a disdainful look, then used an arrogant expression to say, ""Why is a woman out here fighting instead of staying at home and giving birth?"

"Why don't men stay at home and give birth? why are they out here fighting?" Leng ruoxue couldn't help but ask curiously.

"Damn it, what did you say?" The tall man roared.

Along with his roar, many people in the audience also jeered, "Let's teach this woman a lesson! Let's teach her a lesson!"

Turning around to look at the jeering crowd, Leng ruoxue smiled calmly. "I said, you should stay at home and give birth, not come out to fight! Do you understand now?"

"Woman, you're really looking for death!" When the tall man heard this, his anger surged up. He glared at Leng ruoxue with his eyes that were spitting fire as if he was looking at a dead person.

However, Leng ruoxue did not care about the other party's fierce gaze. She only said indifferently, "Don't worry about whether I'm looking for death or not. I'm asking you, you're going to admit defeat!"

Admit defeat, your sister!

The word 'admit defeat' was an absolute humiliation to the tall man! Especially when this humiliation was given to him by a woman. How could he accept this?

Therefore, in the next moment, he didn't care if the other party was a woman or not and directly attacked.

A swift and fierce attack was directed towards Leng ruoxue's head. However, Leng ruoxue calmly dodged the attack with a leap. As she dodged the attack, she kicked out. With a bang, the tall man was sent flying by her kick. He smashed onto the stage's railing, then slid to the ground and fainted.

This scene instantly silenced the entire audience. Many of the audience members still maintained their previous postures, their mouths half-open, and some even forgot to put down their arms.

Shocking! It was absolutely shocking!

After a long while, the audience finally came back to their senses and reacted to what they had just seen.

Is this fake? It was not scientific! How could this be?

Such a tall and big Godking was actually sent flying by a puny God. How was this possible?

Faced with the audience's disbelief, Leng ruoxue was unbelievably calm. She glanced at the judge, who was also petrified, and asked, "Judge, what do you think?"

The judge, who had regained his senses, listened to Leng ruoxue's question in a daze. He did not know how to react.

"Judge?" Seeing that the other party was not replying, Leng ruoxue could only continue asking.

"Uh! The match continues!" After thinking for a while, the judge said. He couldn't be blamed for not reacting in time. It was just that this was the first time such a thing had happened in the ring, so he was somewhat at a loss.

"He's already unconscious, how can we continue? Or did the judges support my unfair victory?" Leng ruoxue asked indifferently.

As soon as she said this, the audience had a good impression of her. They didn't know who started it, but they shouted, "I can't win without honor! The Apple is mighty!"

"..." The familiar voice made Leng ruoxue's face darken.

At the same time, the evildoer who had not gone on stage yet and had gone to the private room to watch the competition glanced at the burly man who was unwilling to be left out and joined in the jeering. Instantly, the burly man was so scared that he obediently shut his mouth.

Sobs ... Why are these people so imposing? Even a deity's gaze made him tremble in fear. Although this fact made him lose a lot of face, he was really afraid!

"Judge, should we respect the opinions of the audience?" At this moment, Leng ruoxue, who was on the stage, suggested to the judge who was obviously not in his best condition.

"Uh!" The judge had been at a loss. This was the first time something like this had happened ...

Leng ruoxue saw that the judge couldn't make up her mind at the moment and helplessly took out a chair from her bracelet. Then, she laid down on it under the watchful eyes of the crowd.

F * ck! It can even be done like this?

The audience was once again stunned and their world view was completely refreshed. However, it was clear that this was not Leng ruoxue's first time doing this. Hence, her entire set of movements was rather smooth and natural.

The judge was even more dumbfounded. Wasn't he in the arena? Why did he lie down?

"Our match hasn't even officially started and he's already fainted. I'm really disappointed." Leng ruoxue looked at the judge and seemed to be very dissatisfied. Then, she took out a big red apple and ate it indifferently.

For a moment, everyone in the audience, including the judge, had the illusion that the other party was not here to fight, but to watch the match!

Look at how he's living his life, he's more carefree than the audience!

"Apple, Apple!" Seeing that the situation was not good, the judge stuttered.

"What, you want to eat too?" Raising the Apple in her hand, Leng ruoxue looked at the other party with a face full of vigilance. It was as if the other party could snatch it away at any moment.

The judge was helpless and sighed. "They're still in the middle of a competition!"

Can't you be more mindful of your image!

The referee truly felt that if everyone in the competition was like the Apple in front of him, the referee would be furious.

"I know, but my opponent has fainted." Leng ruoxue said innocently.

"How about I change your opponent?" Even though the judge wanted Leng ruoxue to take advantage of her, she was obviously unwilling. As a fair judge, he naturally couldn't instigate Leng ruoxue to do so in public. Otherwise, if she incurred the wrath of the public, he would have to bear the consequences!

"Then what about him?" Leng ruoxue pointed at the tall man who had fainted and asked.

"Wait for him to wake up before you guys fight!" The judge said through gritted teeth.

"Alright then! You have to be quick, your sister's time is precious!" Leng ruoxue said with a smile.

The judge suppressed his anger and ordered his men to carry away the unconscious tall man. He then immediately changed Leng ruoxue's opponent.

Upon seeing her new opponent, Leng ruoxue's first words were, ""Do you want to admit defeat?"

[Chapter 2918 The Domineering Leng Ruoxue \(1\)](#)

Leng ruoxue's second opponent was also a burly man with a burly figure and a fiery temper. He was also a God King. Originally, he didn't want to fight with a woman. Now that he came up, this reckless woman in front of him said this, he was really angry. So, without thinking, he shouted, ""Woman, I should be the one saying that!"

"Oh, really? You should know that the previous one, who had a similar build to you, had already been kicked unconscious by me. Could it be that you want to enjoy the same treatment as him?" Leng ruoxue smiled and said calmly.

However, when a certain man heard this, he became even more furious! What did the other party mean by this? Curse him?

Leng ruoxue felt aggrieved when she saw the other party glaring at her with hatred. She immediately said, ""I'm doing this for your own good,"

"I don't need it! Come on! Stop wasting time!" The burly man shouted impatiently, then instantly attacked again.

Leng ruoxue blinked her eyes helplessly. Suddenly, a whip appeared in her hand. Although she didn't like this kind of weapon, it seemed to be quite useful in the arena.

After her opponent's attack, Leng ruoxue swung her whip and instantly dispersed her opponent's attack. Such a change caused the intrepid man to be petrified!

How ... How could this be possible? A certain man looked at Leng ruoxue in a daze. He really couldn't figure out how this little deity in front of him had done it. Could it be that the whip was a high-grade divine artifact? With this thought in mind, the man's eyes glowed with greed. He looked at Leng ruoxue as if she was his prey.

According to the rules of the competition, if they defeated their opponent, then the opponent's spoils of war would all belong to them! Hence, at this moment, Leng ruoxue had become a gold mine in his eyes. His gaze towards Leng ruoxue had become much more fervent.

When Leng ruoxue saw this, she knew that this man had the intention to kill her. However, she did not want to continue teasing her opponent. Hence, she lashed out at the intrepid man with her whip. As for the man, he could only keep dodging and did not have the chance to attack Leng ruoxue.

The whips were thrown out, and none of them missed. They all hit the man's body, making him so angry that his whole body trembled and he almost vomited blood and died. What made him even more crazy was that the whips seemed to have eyes. No matter where he dodged, the whips would follow him. But what about himself? He was getting more and more embarrassed!

Blood continued to ooze out of the wounds on his body and dripped onto the ground of the arena. After that, the blood flowed down through the small cracks in the arena.

Seeing this, Leng ruoxue narrowed her eyes and whipped even harder.

As for the audience, they had no idea how to react to the scene before them.

It wasn't a one-sided match, but the man didn't have a chance to attack. He could only Dodge awkwardly. As for the woman, she strolled around leisurely and at ease! Seeing how relaxed she was, the people present couldn't help but be envious of her!

It was unknown how long had passed, but Leng ruoxue and her opponent remained in this stalemate. She didn't want to kill him, but she didn't give the man a chance to attack either. When she got tired from swinging the whip, she would even sit on the lounge chair and continue swinging it.

Seeing her like this, the audience was speechless. The opponent was so excited that he almost went crazy! However, no matter how furious his opponent was, he didn't have a chance to attack.

The referee didn't know what to do in such a state.

After thinking for a long time, the judge finally said, "Apple!"

"What, you want to eat again?" Upon hearing this, Leng ruoxue took out another red apple and held it in her hand as she looked at the judge. However, the whip in her hand did not slow down at all and was still working hard.

Hearing this, the judge's mouth twitched and he said helplessly, "Miss Apple, can you be serious? We're in the middle of a competition, how can you just sit there?"

"The judge means that I should be lying down? Also, you'd better tell me clearly, how am I not serious? Hmph! If you don't explain it clearly, I'm not done with you!" After Leng ruoxue said those harsh words, she lashed the whip in her hand at the judge. The judge was so frightened that his face turned pale and he forgot to react. The whip landed on his body.

The judge was in pain, and he couldn't help but curse in his heart. This crazy woman!

The audience was shocked. They thought to themselves, "this woman is really bold. She even dares to hit the judge!"

Leng ruoxue's opponent, on the other hand, was dumbfounded. When he saw that the judge had also taken a whip, for some reason, he suddenly felt balanced in his heart. He even came to an important conclusion-the woman in front of him was definitely someone who treated everyone equally!

Naturally, Leng ruoxue was not clear about her opponent's evaluation. After she had lashed the judge once, she seemed to have changed her target and lashed out a few more times.

"Apple, he's your opponent! Why are you hitting me?" the judge shouted angrily.

I'm hitting you. Leng ruoxue thought to herself. However, she put on an innocent look and said, "You said I'm frivolous. This has seriously affected my reputation. So, you must be punished!"

"I, I'm the judge, you can't hit me!" The judge was so angry that his heart was twitching, and he continued to shout at the top of his voice.

"He should be taught a lesson for doing something wrong. Who cares who he is?" Leng ruoxue said nonchalantly, her hands not stopping in the slightest.

As for Leng ruoxue's opponent, seeing how she was neither servile nor overbearing, treating the judge's threat like dirt, he simply wanted to give her a thumbs up.

What a brave woman! One should know that she was the only one on the stage who dared to publicly whip the adjudicator. Even though the others would have the same thoughts at times, they would not dare to do so. Thus, Leng ruoxue had become the idol of her opponents.

"Um, can I admit defeat now?" The man suddenly said. However, it was as if Leng ruoxue didn't hear her opponent's words. The whip in her hand continued to lash at the judge's body, causing him to scream non-stop. After a short while, the judge and Leng ruoxue's opponent were in the same sorry state.

At this moment, Leng ruoxue finally stopped and looked at the judge innocently, "My opponent has admitted defeat again!"

"Now ..." The pitiful judge had just uttered two words when he swallowed the words 'can not admit defeat' under the threat of Leng ruoxue's indifferent gaze. He believed that as long as he finished speaking, this woman's whip would definitely land on his body again. He was obviously quite frightened and did not dare to resist Leng ruoxue's powerful aura. This reality made him rather depressed.

In the arena, he was absolutely worthy of his position and was respected by many contestants. However, in front of this Apple, his treatment fell to the bottom, which made him quite uncomfortable!

"What's wrong?" Leng ruoxue raised the whip in her hand with a faint smile as she asked indifferently.

"You can admit defeat." Under Leng ruoxue's intense gaze, the judge unwillingly uttered these two words.

"You can leave now." Leng ruoxue nodded her head in satisfaction as she spoke to her opponent.

The opponent nodded and walked down the ring with a hint of depression. Today's incident was definitely the first time in his life, and he might not encounter it again in the future.

[Chapter 2919 The Domineering Leng Ruoxue \(2\)](#)

"I, I'll find you another opponent." After Leng ruoxue's opponent left, the judge said this with a face full of fear. Then, without waiting for Leng ruoxue to nod her head in agreement, he had already slipped away.

Seeing the judge running away in a sorry state, the audience felt a mix of emotions. The way they looked at Leng ruoxue was also filled with deep confusion and intense inquiry.

At this moment, there was only Leng ruoxue left on the stage. She ignored everyone's gazes and laid back on the recliner again. When the audience saw her like this, although the corners of their mouths still twitched uncontrollably, they were obviously much calmer than before.

At the same time, the burly man in the private room also stared at the ring in a daze and muttered, "P-Apple is so powerful!"

Whether it was the opponent or the judge, they were almost on the verge of collapse from her torture. And for the contestants who walked down the stage alive, other than the winner, the other side was also intact. This was definitely a record-breaking record. What he didn't know was that from now on, as long as Leng ruoxue was still in the arena, this record would continue to be maintained.

When uncle long heard this, he could only sigh helplessly. "It looks like we won't have a chance to play today."

"How do you know?" The demon asked with a faint smile.

"Uh! With Apple around, we won't even have a chance to play!" Uncle long said gloomily. However, just as he finished speaking, someone came to inform him that it was his turn next.

Uncle long was surprised and expressed that this was impossible! He had yet to exchange blows with his opponent! How could he be allowed to enter the ring now! If he went up now, wouldn't he be fighting with Xue 'er? He wasn't that stupid.

"I'm not going!" Uncle long clearly expressed his opinion.

The staff member in charge of passing on the message heard this, and the corners of his mouth twitched. He couldn't help but ask, "Why?"

"What do you mean why? It's not my turn yet, so of course I can't just go up like this. Besides, you're asking me, a divine Emperor, to fight a deity. Aren't you trying to embarrass me? Besides, shouldn't they draw lots to decide who would play against Apple? I'm not in the same group as Apple, so why should I listen to you? Hmph! Tell your boss to stop thinking about me, I will definitely not go on stage." Uncle Long's attitude was very firm.

"Don't tell me, don't tell me you want to be disqualified!" The staff member's eyes were wide open as he shouted in disbelief.

"Are you threatening me? I'm telling you, I'm not someone who's scared!" Uncle long said fiercely and released a trace of his pressure. Immediately, the legs of the staff member who passed the message went soft and he almost knelt on the ground.

Of course, uncle long was only trying to scare the staff member. He quickly retracted his aura. The staff member, on the other hand, was so scared that he ran away before he could even catch his breath.

"Uncle long, you're the one who doesn't fight in the arena!" After the staff left, Ming Song couldn't help but tease him.

Uncle long glared at Ming GE and said, ""Now that Apple is in the ring, why should I go? I'm not going to fight her!"

"Right! Right! We can't kill each other. " The burly man agreed, but then he was a little worried."But is it really good to offend the city Lord's mansion like this?"

"This isn't offending, this is the character of the strong. Don't worry, the city Lord will not blame us for such a small matter!" Uncle long patted the burly man's shoulder and promised.

"I hope so!" The burly man was still worried, but he didn't show it.

At this moment, Leng ruoxue had been waiting on the stage for a long time. Not only did no one come up, even the judge was nowhere to be seen. She was the only one in the huge arena, and she felt really lonely.

After an unknown period of time, Leng ruoxue finally received her verdict. There was another young man with him.

When the young man saw Leng ruoxue, he smiled and nodded as a form of greeting.

Leng ruoxue nodded her head as well. She then raised the whip in her hand and asked, ""Do you want to admit defeat?"

"Yes, I admit defeat!" The young man nodded. Admitting defeat was the wisest move! He didn't want to be forced to admit defeat like the previous two. In this day and age, people still had to know their own limits!

"A wise choice. Referee, please change your player!" Leng ruoxue turned to look at the judge with a smile.

The judge was a little angry. F * ck! He had finally chosen an opponent for Apple, but who knew that this kid would admit defeat before even saying a few words. This fact made the referee so depressed that he did not know what to say!

However, admitting defeat was allowed by the rules, so he couldn't disagree. However, he still gave the young man a warning look and reminded him, ""After you admit defeat, you can't go on stage for a week. You'd better think it through!"

"I've thought it through," The young man nodded. Compared to losing face, not competing for a week was nothing. With that, he walked straight down the ring.

With her opponent gone, Leng ruoxue could only continue to seek help from the judge.

The judge was a little mad. In fact, the reason why he was gone for so long was mainly to discuss with his boss how to arrange an opponent for Apple. They wanted uncle Apple to fight and the uncle and nephew to kill each other, but the uncle refused. It was obviously against the rules to force the opponent to fight, so they didn't dare to make it public. They could only pretend that nothing had happened.

In addition, the competition was divided into five groups. Logically, each group should have a chance to go on stage. However, because of Leng ruoxue, the young lady's competition had been completely disrupted. If this continued, the competition of the other groups would be in a mess as well.

The judge was very sad. However, the woman in front of him was obviously stubborn, so the referee had no confidence in convincing her to give up the game.

As expected, Leng ruoxue, who was clear about the judge's thoughts, smiled faintly and urged, "Judge, hurry up! I've placed a huge bet on myself, so I must win! Hurry and arrange an opponent for me. I've been waiting so long that I'm about to fall asleep. "

The judge stared at Leng ruoxue for a long time. In the end, he could only helplessly go and make arrangements for the manpower.

The following opponents went up the stage one by one. However, for some reason, all of them admitted defeat without exception. This made the live audience feel incredulous.

How did this happen? Such a thing had never happened before!

At this moment, the demon and the others in the private room also received the notice to draw again.

After looking at each other, evildoer and the rest went to draw lots obediently.

When they drew lots, they didn't even ask why. As for the results of the drawing, they naturally avoided Leng ruoxue.

After a day of competition, Leng ruoxue was definitely the most relaxed arena defender. Of course, she was also quite satisfied with the result of winning without a fight.

At night, as they sat in the living room, uncle long looked at the calm Leng ruoxue and could not help but ask, "Xue 'er, what's going on today? why did all those people admit defeat?"

[Chapter 2920 The Domineering Leng Ruoxue \(3\)](#)

"I've asked Azure to warn them," Leng ruoxue replied calmly.

"Uh! Why?" Uncle long and the others were puzzled and looked at Leng ruoxue.

"There's something strange about that arena, it's sucking blood! That's why I want to starve it for a few days. " Leng ruoxue laughed evilly.

"Sucking blood?" Uncle long and the others were shocked. This was too unexpected.

"Yes! That arena was set up for the thing below, and I naturally don't want to let that thing succeed. " Leng ruoxue revealed.

"What's that thing below? Is it the same as the city Lord?" Uncle long asked again.

"If I'm not wrong, our old friend, the blood cherry blossom, should be waiting to eat us down there with its mouth wide open!" Leng ruoxue replied honestly.

"Uh!" Uncle long and the rest trusted Xue 'er's judgment. After all, Cang and green vessel probably knew about this as well.

"Xue 'er, what should we do next?" Dongfang Yue asked after a long silence.

"Just wait. When the blood cherry blossoms die of hunger, I'll have achieved my goal." Leng ruoxue said with a smile.

"That fellow feeds on blood. If there's no blood supply, I'm afraid it will go crazy." Uncle long laughed when he heard Xue 'er's plan.

"Isn't that great?" Leng ruoxue said matter-of-factly, and the few of them laughed in understanding.

However, what Leng ruoxue didn't expect was that after not consuming a large amount of blood for a day, the blood cherry blossom would go crazy.

In an underground secret room of the city Lord's mansion, the city Lord stood in front of a giant red flower with a face full of fear and trepidation. He looked at the other party carefully and fawningly, "My Lord, calm down! Calm down!"

"I haven't eaten anything for almost a day, and I'm starving! How am I supposed to calm down? Or are you planning to treat yourself as food for me to eat?" The brutal blood cherry blossom flame roared as it swayed its huge petals.

"My Lord, I am your most loyal subordinate! If you eat me, who will find food for you!" Hearing this, the city Lord's face paled in fright and he hurriedly said.

"Hmph! You still have the face to say that you'll find me food? I've been hungry the whole day. You piece of trash, are you trying to starve me to death? I'm telling you, if you don't want to serve me well, just say it. I will report to the Divine Master and ask him to remove you from your position!" Bloodcherry said viciously.

"My Lord, I'm innocent! I've been trying my best to find food for you, how can you doubt my loyalty? What happened today was just an accident. Please believe me, it will never happen again!" The city Lord promised.

"Since you've said so, I'll give you another chance." Seeing that she had scared him enough, the blood cherry blossom said magnanimously, then asked, "What happened today? Why was there only a little bit of food falling from the arena? It's not even enough to fill the gaps between my teeth. "

"There was an accident. When a woman called Apple was guarding the ring, her opponents all admitted defeat, so there was no food." The city Lord said honestly.

"Is that woman very strong?" Hearing this, bloodcherry blossom could not help but ask.

"He's not strong. He's just a small deity. " The city Lord immediately replied.

"Then why did my food all admit defeat?" The blood cherry blossom roared. As she said this, she became angry and agitated again.

"They don't want to fight with women." The city Lord said carefully. This was the reason given to him by everyone who had admitted defeat.

"What kind of bullsh * t reason is this? Do you discriminate against women?" The blood cherry was furious, and she ordered,""Go and capture those who have admitted defeat. I want to eat them!"

"Milord, we can't do this! That would be too eye-catching. " The city Lord stopped him. Although people died every day in the city of abandoned ruins, it would be too conspicuous if too many people died at once and all of them disappeared without a trace. As the city Lord, the last thing he wanted to see was to anger the masses, which was not conducive to his rule.

"No? I'm hungry now, what do you think I should do?" Bloodcherry blossom was going crazy. Couldn't she just let the flower live? It needed nutrients! So much nutrition!

"One! I can only send one person to you at most. " The city Lord said after thinking for a while. He didn't want to offend the blood cherry blossom too much. If the other party tried to make things difficult for him in front of the Divine Master, it would be enough to make him suffer.

"How can one be enough? Do you know how hungry I am?" Bloodcherry blossom was clearly dissatisfied with the other party's perfunctory reply.

"My Lord! We have to continue developing! If you eat all the people, there will be no one left in the city of abandoned ruins. You will be even more hungry then. " The city Lord warned.

"But you can't make me eat only one person, unless the other party is a reverent-God!" The blood cherry blossom said hatefully.

Reverent-God? Were reverent-god level cultivators that delicious? More importantly, reverent-god level cultivators were not easy to catch.

"My Lord, I can't catch the Supreme divinity. Why don't you have some snacks first? I'll send people to kill the apples tomorrow, and you'll have food again. " The city Lord suggested after some thought.

"You're really trash! By the way, are there still no news of the three phoenixes?" The blood cherry blossom said in disdain, and continued to ask.

"Not yet," The city Lord said honestly.

"They were so seriously injured, but they still managed to escape. Tell me! What use do you have?" The bloodcherry blossom roared angrily.

When the city Lord heard this, he felt extremely aggrieved. He couldn't help but complain in his heart. Back then, when we were dealing with those three phoenixes, didn't you also take action? He still didn't catch her, so why was she blaming him now? The grinding hasn't even ended and you want to kill the donkey already?

Although he was dissatisfied, the city Lord did not dare to voice his complaints. He said,""My Lord, I've sent someone to find food for you." After saying that, the city Lord left gloomily.

However, what made him even more depressed was that the guards in the residence had been busy for the whole night, and they had not caught a single person when it was close to dawn. Not only that, but the guards were all seriously injured.

The wounds on his body were all claw marks.

Looking at the wound, which was obviously caused by a Beastie, the city Lord was a little confused. Since when did such a powerful beast come to the city of abandoned ruins? why did he not know about it? Looking at the wounded guards who were on their last breath, he didn't know how to tell the blood cherry blossoms the bad news.

After thinking for a moment, he didn't dare to meet the blood cherry blossom.

After being starved for an entire day, the blood cherry blossom became even more brutal.

After daybreak, Leng ruoxue and the rest finished their breakfast and headed straight for the arena.

After entering the arena, Leng ruoxue was surprised to find that the person who had admitted defeat yesterday was also present today.

Didn't they say that if they admitted defeat, they could only continue to participate in the competition a week later? Did the rules change?

The rules had indeed been changed, and Leng ruoxue's match time had also been pushed back. This had caused Leng ruoxue, who was supposed to continue being the guard this morning, to be given an unknown time when she would be able to go on stage. Perhaps ... Her chance to go on stage had already been taken away.

At the thought of this, Leng ruoxue immediately raised a protest and requested to continue defending the ring.

When the staff member heard this, he felt his head throb. They knew that this Apple would not be easy to deal with! Wasn't this openly going against the city Lord's mansion?

However, Leng ruoxue clearly didn't care about that. If she couldn't go on stage, how could she starve the blood cherry blossoms?

"Miss Apple, this is the city Lord's mansion's arrangement. Please follow the rules." Helplessly, the staff members carried them out of the city Lord's mansion.

"The rules? Hadn't the rules been set long ago? What reason did he have to change the rules at the last minute? Was this fair to the arena Lord? I want to protest! Your city Lord's mansion doesn't put us in your eyes at all. Seeing that I'm about to win, you change the rules at will and infringe on my rights and interests! I'm going to file a complaint to the Divine Master's estate. You're disgracing the participants by doing this! Don't you guys agree?" Leng ruoxue's entire body was emitting an icy cold aura as she berated him. After she was done berating him, she looked at the other participants with a look of hatred.

Although the other participants shared the same thoughts as Leng ruoxue, they did not have the guts to criticize the city Lord's mansion in public like Leng ruoxue did. After all, it would be very difficult for them to live in the city of forsaken land after offending the city Lord's mansion. Furthermore, there was no need for them to go against the city Lord's mansion for a woman! Hence, when Leng ruoxue looked at them, they all lowered their heads in unison.

Leng ruoxue only laughed coldly when she saw this.

No wonder these people were kept as food. With their cowardice, they were destined to become food! At this moment, Leng ruoxue didn't pity them at all.

At the same time, uncle long and the others, who had received Xue 'er's signal, expressed their strong protest. Knowing that they were together, the staff member wanted to cry but had no tears.

Not only that, Leng ruoxue even pushed aside the staff members in front of her and stepped onto the stage calmly.

She was going to continue to guard the ring today. She wanted to see who could get her down!

At this moment, other than the judge, there were no other participants on the stage. Even though the judge was not the same as yesterday, he could not help but shiver when he saw Leng ruoxue, who was emitting a cold aura.

Sobs ... Is this woman really just a God? Why did he feel that the other party's aura was even stronger than that of a reverent-God?

Judge, you've found out the truth!

As she stood on the stage, Leng ruoxue's beautiful eyes surveyed her surroundings. She smiled faintly and said, "Today, I'm still the arena Lord. Anyone who wants to challenge me can come up!"

"Miss Apple, come down. You can't do this! This is against the rules!" Seeing this, the staff member was so anxious that he was about to cry.

"The rules? Hmph! Are you talking about the old rules, or the rules that were changed because of me? To tell you the truth, without my permission, no one can change the rules. If there's really a need to change it, it can only be me!" Leng ruoxue glanced at the staff member who was jumping up and down in anxiety as she spoke loudly in a domineering manner.

The staff member had never seen a contestant so disobedient, so overbearing, so troublesome, so he was a little dumbfounded. The live audience was also petrified. Oh my God! What was this situation?
