

## **Crazy Wife 2921**

### [Chapter 2921 The Outside World Is Too Dangerous \(1\)](#)

No one present had expected Leng ruoxue to be like this. This was simply too shocking, so much so that they were unable to return to their senses for a long time.

However, when they came back to their senses, the staff member was in tears, while the live audience could not help but treat Leng ruoxue as their idol. This woman before them was definitely the first to dare to bully the arena staff in such a manner!

At this moment, Leng ruoxue took out the reclining chair as usual and laid down leisurely. She looked so relaxed that it made people envious.

However, how should he deal with this matter? The woman in the ring was obviously not a good person!

At the thought of this, the staff member had a headache and did not know what to do. Helplessly, he could only report this matter to his immediate superior.

When the boss heard the staff member's words, he was silent for a long time before saying, "Go to the city Lord's mansion and report this to the city Lord."

"Yes." The staff member turned around and left, leaving Leng ruoxue on the stage to be ignored.

After an unknown period of time, the staff member slowly appeared.

With a cold smile, Leng ruoxue said unhappily, ""Are we still fighting today? Hurry up and start, don't delay me from making money!"

Isn't it too easy to earn that money? He didn't even make a move and he already got his appearance fee! The staff member said, ""Miss Apple, please wait a moment. We'll start immediately!"

"Your work efficiency is so low. I'll give you some training when I have time." Leng ruoxue was still unhappy.

Hearing that Leng ruoxue wanted to train her, the staff member's mouth twitched. It's already good enough that you can keep your life later, and you want to train us?

The staff obviously did not think well of Leng ruoxue, but Leng ruoxue did not care. She waved the long whip in her hand again. When the staff saw this, he hurriedly said with his heart palpitating, ""The match is about to begin!"

With that, he jumped off the ring.

Sob ... The woman on the stage is a Tiger, a really scary bird! He really didn't want to stay in the ring for even a second longer, or else the one who would lose his little life would probably be him.

The judge, who was already trembling and had weak legs, finally stopped being so afraid and ran down the stage. Now, only Leng ruoxue was left on the stage.

Fortunately, Leng ruoxue did not have to wait long before a middle-aged man came up to her.

This middle-aged man was obviously not one of the participants that Leng ruoxue had seen before. More importantly, the man in front of her had the strength of a divine Emperor. At the thought of this, Leng ruoxue could not help but smile. It seemed like the other party was prepared to kill her!

Very good! Leng ruoxue was satisfied with the other party's vicious aura. However, she still felt that she should be polite before resorting to force, so she still asked, ""You, do you want to admit defeat?"

"Admit defeat? Hehe! I won't admit defeat, I'm here to kill you!" The middle-aged man laughed gloomily and shouted.

"I see! Then let's start!" Leng ruoxue said with a smile. Then, she stood up and floated in mid-air, before directly lashing out with her long whip!

The long whip flickered with sparks as it went straight for the middle-aged man. On the other hand, the middle-aged man unhurriedly got into his formation. It was obvious that he did not care about Leng ruoxue. When the long whip reached his side, he simply grabbed it. Just as he was about to say something in a pleased manner, he suddenly felt a pain in his arm. A small flame had started burning on his arm. In the next second, the audience watched as the middle-aged man on the stage disappeared from their sight.

W-where is he?

The audience didn't expect the middle-aged man to run away without a fight. F \* ck! What the hell is this? He was really a good-for-nothing! Instantly, disdainful voices rose and fell from the crowd. Only Leng ruoxue knew that the middle-aged man was dead. To put it more accurately, it was evaporated by her little flame. Of course, she did this without anyone knowing, and no one would find out.

After the middle-aged man disappeared, the staff member was very puzzled and immediately sent people to look for him. However, after searching the entire arena, they could not find the middle-aged man's whereabouts. Helplessly, they could only report this matter to the city Lord.

After the city Lord found out, his brows furrowed so tightly that they could squash a fly.

He couldn't figure out where a living person had gone to. He wasn't in the arena, and he didn't return to the city Lord's mansion either. He just disappeared into thin air. This was really too inconceivable.

After thinking about it for a long time, the city Lord still couldn't figure out what was going on, until the staff reminded him that Apple had been waiting in the ring for a long time and kept clamoring for them to quickly find someone to challenge!

The city Lord was angry and depressed, but he still sent out another expert to fight.

The previous one was also an expert raised by their city lord's estate. Although he wasn't the strongest, the city Lord felt that dealing with a small deity would be a piece of cake. Who knew that that person would disappoint him too much and make him lose face! At this moment, he had already decided that he would punish that person severely when he returned!

Unfortunately, what he didn't know was that not only that person, but all the people he had sent would probably not be coming back.

At the same time, Leng ruoxue, who was sitting on the stage with a cold face, was releasing a frosty aura. It was obvious that she was in a bad mood! The audience also knew why she was like this, so they were so nervous that they didn't even dare to breathe.

After a long time.

"Where are they?" Leng ruoxue shouted. Are they all dead? Come out and catch your breath!"

"Little ancestor, what's wrong with you again?" The staff member asked unwillingly.

"I have no opponents again! The previous one is missing!" Leng ruoxue said, pretending to be innocent.

"Uh! We're currently looking for one for you, so please be patient!" The staff tried to persuade her carefully, afraid that Leng ruoxue would flip out.

But it was a pity that not only was Leng ruoxue unable to persuade him, she became even angrier and threatened, "I'll give you another five minutes. If I don't see anyone playing, I'll smash this place! Hmph! A battle? There's not even a single challenger!"

Upon hearing this, the staff members were in a mess! Little ancestor? It's not that we can't find anyone to challenge you, but the competitors are all unwilling to fight you. If we admit defeat as soon as we step onto the stage, we won't be able to harm you at all, and we're even wasting our time ...

"Hmph! What a big tone!" At this moment, a mocking voice was heard. The staff member looked at it and quickly retreated and hid.

The person who spoke was a young man who looked to be in his early twenties. However, from his eyes that seemed to have experienced the vicissitudes of life, Leng ruoxue knew that this person was definitely not young.

Following that, the young man walked up to the arena and sized Leng ruoxue up. "Woman, do you want to die?"

"You're the one who's looking for death," Leng ruoxue smiled faintly. Another cannon fodder of the city Lord's mansion! He had a rotten smell on him, which was really annoying.

The moment Leng ruoxue had such a thought, a voice rang out in her head, "Purify him! Purify him!" . Instantly, she began to sweat like a waterfall.

Needless to say, the one that was so brave must be her life flame that had been restless recently. However, she also had such thoughts.

### [Chapter 2922 The Outside World Is Too Dangerous \(2\)](#)

"Woman, you will regret saying such words." Leng ruoxue's provocation made the young man feel humiliated. Hence, he spat out some harsh words.

Hearing the other party's words, Leng ruoxue smiled radiantly and said, "You're not the first one to say that to me, and you won't be the last one either. But the result is that they're all dead, while I'm still alive and kicking!"

"Hmph! Don't be too pleased with yourself, today is the day you die!" When the young man saw how stubborn Leng ruoxue was, he was so angry that he almost couldn't speak.

"I hope it will be as you wish." Leng ruoxue laughed as she lashed out with her long whip.

The long whip that was burning with an insignificant flame happily pounced towards the young man. However, the young man did not catch the whip with his bare hands like the middle-aged man before. Instead, he dodged the whip nimbly, but a flame still managed to reach the man's clothes ...

When the young man saw this, he hurriedly tried to extinguish the fire. Leng ruoxue did not take advantage of the situation and merely stood by the side and watched. Who knew that the originally small flame would grow bigger and bigger? In the end, under everyone's gazes, the young man also disappeared.

This ... Did he run away to put out the fire? How unprofessional. The battle had just started, why did he run away again?

The audience automatically imagined this and was deeply dissatisfied.

The two matches had just begun, and the challengers all ran off on their own, leaving the ring master on the stage. This was the first time something like this had happened in history. Instantly, Leng ruoxue became the target of sympathy for many in the audience. They deeply felt that Leng ruoxue really had it hard. After waiting for so long and finally finding an opponent, this was the result.

Of course, Leng ruoxue had no idea what they were thinking. Otherwise, she would definitely be depressed. When the city Lord received the report again, he was so angry that his face turned green.

F \* ck! Why were they all like this?

The city Lord was furious, and the consequences were severe! He had already decided that when those two returned, he would definitely punish them severely! Who asked them to retreat without a fight! This was simply disgracing the city Lord's mansion! However, even though he was angry, today's battle had not ended yet, so he still had to send people. This time, he sent two people.

He thought that he could kill Apple in one fell swoop, but who knew that he would be the one missing again! Losing four subordinates at once, the city Lord couldn't help but become suspicious.

This matter ... Was simply too strange! That shouldn't be the case! Although his four subordinates were only at the divine Emperor level, it was still easy to kill a deity. Why did they go missing? The city Lord could not figure it out. However, at this moment, he did not realize that everything was Leng ruoxue's doing. This was because the Leng ruoxue in his eyes was simply too weak! It was so low that he couldn't bear to look at it.

However, it was a fact that they had gone missing. Of course, it was also possible that the four of them had fled to avoid punishment. To be honest, as the Lord of a city, and the four men were the elites in his hands, he really didn't want the latter result. He would rather his four subordinates go missing!

However, he had no clue at all, so he couldn't make an immediate judgment. The only thing he was clear about was that if he couldn't kill Apple today, the ancestor below would probably be furious again.

Because half a day had passed, that person didn't smell any blood at all. He didn't need to think to know that it wasn't peaceful down there.

But he couldn't care so much, and he couldn't be blamed for this.

Al! Sighing, the city Lord could only bitterly continue to send people. The main task today was to kill that Apple!

The city Lord's idea was wonderful, but the result was disappointing. The people he had sent after that had also disappeared, and none of them had returned.

Such a fact simply made the city Lord fly into a rage!

As for Leng ruoxue, after she was done with today's battle, she returned to her residence with the demon.

Uncle long, who didn't have the chance to fight today, sat in the living room and looked at Leng ruoxue with a bitter expression. ""Xue 'er, you're in the limelight today." We've been deprived of our chance to play again.

"Did I?" Blinking her eyes, Leng ruoxue was very calm.

"Of course there is. We've been spectators for the whole day. " Uncle long sighed.

Hearing the jealousy in uncle Long's tone, Leng ruoxue couldn't help but laugh."Uncle long, I'm doing this for your own good! That thing down there is not easy to deal with. Once I force it out, you'll have the chance to fight. "

"Then what about your man? We've already placed a bet!" Uncle long could not help but ask.

"Hehe! Calm down, you'll still have a chance to appear!" Leng ruoxue was very confident. However, at this moment, the city Lord's residence was not peaceful at all.

The city Lord, who had been hiding from the blood cherry blossom, was unable to avoid it. He was directly dragged into the ground by the enraged blood cherry blossom.

The only thing the city Lord could do in the face of the enraged blood cherry blossom was to placate it. However, the blood cherry blossom was simply too hungry. No matter how the city Lord tried to placate it, it would only shout, ""I want to eat! I want to eat!"

"Sir, please wait. I've already sent my subordinates to capture him for you." The city Lord continued to placate her, but bloodcherry blossom clearly didn't believe him. She immediately roared, ""I don't need you, I'll catch it myself!"

With that, the blood cherry blossom shrunk to the size of a palm and floated out of the secret chamber. Seeing this, the city Lord quickly stopped it and said, ""My Lord, you can't leave this place!"

He had a terrible headache. If the blood cherry blossom left this place, it wouldn't take long for it to dry up. More importantly, the blood cherry Blossom's strength would be greatly reduced once it left this secret chamber. Therefore, for its safety, the city Lord absolutely couldn't let it leave! Otherwise, if something really happened, he wouldn't be able to bear the responsibility.

However, the blood cherry blossom was famished and couldn't care less. Right now, there were only two words in its heart: eat! Eat!

Then, ignoring the city Lord's advice and furiously injuring the city Lord, the blood cherry walked out of the underground secret chamber without a care for anything else.

The danger had indeed increased after coming out, but the blood Sakura believed that no one in the city of abandoned ruins would want to kill it. The most important thing now was to eat!

Humans are iron, rice is steel. One less meal would make one famished. In fact, flowers were the same! He also needed to eat!

On the way out of the secret chamber, they encountered many guards of the city Lord's Manor. The blood cherry blossom immediately drooled all over the ground. However, rabbits did not eat the grass near their nests, so it knew that these guards could not be treated as food for it.

Suppressing her hunger, the blood cherry blossom floated out of the city Lord's mansion.

Although it saw many people on the street, the blood cherry blossom was still intelligent. It knew that it had to be careful and secretive when doing bad things and not attract attention in public. Thus, it could only carefully observe those who were alone and plan to wait for the opportunity to devour them in one fell swoop. However, after observing for a long time, it realized that the people were all in groups, leaving it with no way to attack. Immediately, the blood cherry blossom went crazy.

How detestable! How detestable! These humans were too detestable! Was he going to force it to hunt small animals outside the city?

In fact, it liked human blood the most and was not interested in animals. However, it was obviously unrealistic to catch people to suck their blood, so after thinking about it, it could only move unwillingly to the suburbs.

### [Chapter 2923 The Outside World Is Too Dangerous \(3\)](#)

As the place it went to became more and more remote, the sky became completely dark. However, along the way, the blood cherry blossom did not encounter a single beast, much less a person!

The blood cherry Blossom's mood was getting worse and worse, and she was deeply worried. It had such a noble status, so how did it end up needing him to come out and find food?

Hmph! It's all because the city Lord is too useless! Otherwise, it would not have needed to do it by itself. The other party should have taken the initiative to offer it food. Now, it had to rely on itself even though it was hungry. This was something that the blood cherry blossom, who had always lived like a Prince, could not accept.

Eh! There seemed to be a rabbit there?

With the help of the moonlight, the begrudging blood cherry blossom suddenly discovered a snow-white Rabbit lying on the grass not far away ... Eating grass?

As she moved over bit by bit, the blood cherry blossom drooled all over the ground again. This rabbit was really too fat! It wanted to eat! It wanted to eat!

The rabbit in front of it was the safest food it had encountered since leaving the city Lord's mansion! It was alone, unremarkable, and the most ordinary of beasts. Furthermore, they were in the wilderness. If it ate a rabbit here, no one would notice anything unusual. Thinking of this, bloodcherry blossom became excited.

When it slowly moved to the fat rabbit's side, the fat Rabbit suddenly turned its head and looked at the little red flower that was floating over in a silly way.

It was no wonder people said rabbits were stupid. It was indeed so! Not only did he not have any sense of danger, but he was also staring at it without blinking.

Hehe! Be good, xiaotu! Quickly come into sister's arms! Don't run! Don't run!

Two tiny tentacles stretched out from the blood cherry Blossom's pistil and wrapped around the fat rabbit's body as fast as lightning. The fat Rabbit did not struggle at all and obediently allowed itself to be tied up, but its eyes were filled with curiosity as it stared at the blood cherry blossom.

Oh! As expected, he was a fool! Bloodcherry blossom looked at the fat rabbit's state and thought to herself, 'but it doesn't matter if it's a little stupid. It's just food, after all.'

At the thought of this, the famished blood cherry blossom no longer hesitated. It immediately stabbed the sharp spikes on its tentacles into the fat rabbit's body.

But at the same time, it heard a crack ...

F \* ck! The spike actually broke!

Then, she felt pain in her tentacles. Xue cherryblossoms was depressed!

How did this happen? Pulling aside the fur on the fat rabbit's body, the blood cherry blossom took a closer look. It was no different from ordinary rabbit skin! Why was it so hard?

The blood cherry blossom, unwilling to give up, grew two more sharp thorns and stabbed down, but with another crack, the thorns broke again. This time, it was even more painful than the last time.

The fat Rabbit didn't seem to realize the danger it was in. It only stared at the blood cherry blossom with its innocent black eyes.

The blood cherry blossom was furious. She violently shook the fat rabbit's body and roared, ""Dammit! What the hell are you? Are you still a rabbit? How could he have such a tough skin! Can't you let me eat?"

The fat Rabbit blinked its black eyes innocently.

"Motherf \* cker! You're still pretending to be innocent?" The blood cherry blossom was so angry that she was about to go crazy.

The fat Rabbit seemed to be quite curious about it. It stared at the blood cherry blossom for a long time without saying a word. Then it reached out with a small paw and touched the bright red petals of the blood cherry blossom. After touching them, it gently pulled with its paw. With a snap, a petal was torn off.

The blood Sakura was dumbfounded and even forgot to react. However, the intense pain from the broken petal jolted it back to its senses. Following that, it let out an earth-shattering scream. The fat rabbit's claw held the petal, still looking innocent.

"You, you ... I'm going to kill you!" The blood cherry blossom flower, which had a petal torn off, endured the intense pain and roared.

Hearing this, the fat Rabbit only glanced at the blood cherry blossom indifferently. Then, it held the petal in its claw and calmly brought it to its mouth and began to chew ...

The blood cherry blossom couldn't believe it. The two eyes on the pistil were so wide that they were about to pop out. When it saw the fat Rabbit in its grasp calmly swallow one of its petals, it was so shocked that it turned into stone.

It was only when another excruciating pain came that the blood cherry blossom came back to its senses. Immediately after, it saw another petal caught in the claws of the Dead Rabbit. It had only taken a glance before the fat Rabbit began eating it again.

"Ahhhhhhhhhhhhhhhhhhhh!" Pain, anger, fear, confusion, depression, and other emotions simultaneously enveloped the blood Sakura. Earth-shaking, heaven-shaking, and heaven-shaking screams rang out continuously. However, the fat Rabbit seemed to be unconcerned, pulling the petals of the blood Sakura and stuffing them into its mouth again and again.

The intense pain continued to transmit to its senses, causing the blood cherry blossom to be in so much pain that it wished it was dead. Wuwu ... What kind of monster had it encountered! A flower-eating rabbit? He even dared to eat its petals, wasn't he afraid of being poisoned to death?

At this moment, the blood cherry blossom was filled with intense fear. It had originally wanted to eat the rabbit, but it had actually been bitten by its food. Who could accept such an outcome?

And from now on, small animals like rabbits had become the creatures it feared the most!

Don't eat rabbits anymore! Wuuu ...

The blood cherry blossom endured the excruciating pain and let go of its tentacles, wanting to throw the fat Rabbit away. However, the fat rabbit's movements were quite Swift. Before it was thrown away, its claws flew out and tore off a few more petals.

" Screaming, the blood cherry blossom fled!

The outside world was too dangerous. It was better not to come out!

One time, the blood cherry blossom came out to hunt for food on its own, and it was scared half to death. It had to be known that ever since it had been raised by the main body, it had always been pampered. It didn't have to worry about anything, only focusing on drinking blood to strengthen itself. But now, a mere food had created a serious psychological barrier in its heart. The blood cherry blossom even felt that it would never love again! Wuuu ...

After it ran back to the city Lord's mansion, panting heavily, it immediately hid in the underground secret room to recuperate. It did not dare to let anyone know about such an embarrassing matter.

Moreover, after a few petals were swallowed, its strength was seriously affected. More importantly, it realized that it was afraid of food. Boohoo ... It was disgusted with food!

However, the city Lord didn't know what had happened to the blood cherry blossom, and he had gone to great lengths to get a bunch of rabbits and put them in front of the blood cherry blossom for it to eat.

Who knew that when the blood cherry blossom saw the rabbit, its reaction would be so intense, and it trembled as it asked the city Lord to take the rabbit away. Hearing this, the city Lord was puzzled.

Didn't this flower starve for two days? Why was he so resistant to food?

"Sir, we can't catch him now." The city Lord said helplessly. At night, he sent people out again. The guards were also covered in injuries, but the Beastie that injured the guards was not caught.

"Trash! Get out, get out! Without my permission, you're not allowed to come in and disturb me!" Xue cherryblossoms was unwilling to listen to the city Lord's explanation, and she shouted in excitement.

The city Lord had no choice but to leave.

In the next few days, the arena was held as scheduled. Leng ruoxue continued to stand on the stage as the arena Lord with a domineering air. Meanwhile, the people that the city Lord had sent to deal with Leng ruoxue continued to disappear one after another.

After a few days, the city Lord clearly felt that the situation was serious. If only one or two of them had escaped, it would still make sense. But all of them had escaped. That was not realistic! However, he couldn't point out any suspicious points because everyone could clearly see that Leng ruoxue didn't do anything. It could be said that the disappearance of the people he had sent was rather strange.

Fortunately, Lord blood cherry blossom hadn't complained about being hungry in the past few days, and had refused to see him several times. As such, he was able to calmly ignore her. Meanwhile, the anorexic blood cherry blossom started to wither.

A week later, Leng ruoxue was still active in the arena. Her days were free and easy. It had been almost half a month since she had entered the arena. She felt that as long as she stayed for another half a month, not only would she be able to win a high stake, but blood cherryblossoms might also starve to death. However, the city Lord's mansion seemed to have quieted down these two days because the number of people sent by a certain city Lord was getting fewer and fewer. Sometimes, she only had one opponent for the whole day, and the rest of the time, she would be alone in the ring in a daze.

After nearly half a month of stimulation, the staff was obviously used to such things. They no longer panicked and calmly ignored her. This point made Leng ruoxue rather depressed. However, there were still a lot of people in the audience, and many of them came because they wanted to know who would be able to get her off the ring.

On this day, Leng ruoxue went up to the arena as usual. The first thing she did was to take out a recliner and some snacks, then lie on it. Even though the crowd was used to this, they still couldn't help but sigh every time they saw this. It was so enjoyable to watch the other side fight.

At this moment, a powerful pressure suddenly appeared out of thin air. The weak audience was so shocked that their faces turned pale and blood flowed from the corners of their mouths. Meanwhile, the

evildoer and the others who were watching the battle in the private room smiled. They knew that the city Lord's mansion was finally going to make a big move.

He had really made them wait for a long time. However, the city Lord's mansion had finally sent out a heavyweight! It was unlike before, when they had only sent a few deity emperors to their deaths, and in the end, their strength had dropped to that of a deity King. It's not bad this time. They knew to send out a reverent-God.

The appearance of the reverent-God made the evildoer and the others a little excited, but the burly man who had been with them the whole time was a little worried. ""This person is so strong!"

"Of course he's strong, he's a reverent-God!" Uncle long said indifferently.

"Argh! Reverent-god level! The reverent-god of the city Lord's mansion was mysterious and powerful. This was bad, Apple was in trouble! Hurry up and make her admit defeat! Otherwise, she'll be dead. " The burly man's face was filled with worry, but his words made the demon and the others quite unhappy.

Uncle long directly gave the burly man a Hard knock on the head and then roared, ""Your sister! You're the one who's going to be unlucky and die! Open your eyes wide and see clearly, no matter who is unlucky or who dies, it will not be my Apple's turn!"

#### [Chapter 2924 The Rabbit Is Not To Be Trifled With \(1\)](#)

The burly man felt wronged after being yelled at by uncle long. Although his words were not pleasant to hear, they were true! He recognized the man in the ring. He was one of the four reverent-gods in the city Lord's mansion. Although he was the weakest one, he was still a giant compared to Apple, a small god. Unfortunately, his good intentions had been misunderstood. In fact, he only wanted to say, let Apple admit defeat!

However, in the current situation, no one would take his suggestion. After he said that, uncle long and the others glared at him fiercely, so he didn't dare to say what he was thinking. However, it didn't feel good to have something he couldn't say.

The burly man was very worried, but Leng ruoxue, who was on the stage, was rather calm.

She looked at the arrogant Hierarch indifferently and asked with a smile, ""Do you want to admit defeat?"

"....."

A-admit defeat? The Hierarch was stunned. He had heard that this was what the woman in front of him always said, but he didn't expect that this woman would ask him the same question when she saw him. This was really preposterous. However, he automatically assumed that the other party had asked this because she didn't know his strength.

"Do you know who I am?" a certain Divine Master asked after some thought.

"My opponent," Leng ruoxue revealed a faint smile.

"Then do you know my strength?" A certain Hierarch asked when he noticed that Leng ruoxue's answer did not satisfy him.

"Does your strength matter to me?" Leng ruoxue asked instead of answering.

These words instantly made the proud and confident supreme divinity depressed. F \* ck! What did this woman mean? Shouldn't he first understand his opponent's strength before fighting? At this moment, he deeply doubted Apple's intelligence. He felt that she was either ignorant and fearless or stupid.

"I'm a reverent-God, and you, a puny God, want me to admit defeat?" A certain supreme divinity took a deep breath and shouted at Leng ruoxue with a displeased expression.

Leng ruoxue was still smiling, and she said in a seemingly speechless manner, ""Do you think that you're proud that your strength is comparable to me, a small divine warrior? If I were you, I wouldn't reveal my identity in public and fight a God as a reverent God. You have the nerve to say it, but I'm too embarrassed to listen!"

"You ..." Leng ruoxue's mocking words made a Supreme God's face turn red. He couldn't form a complete sentence for a long time. The audience was also in a heated discussion. No one had expected a Supreme God to challenge Apple.

Reverent-God? Where did it come from? I've never heard of any force having an idle Supreme God? It seemed that there was one in the city Lord's mansion, but the reverent-god of the city Lord's mansion had always liked to be mysterious and rarely appeared in public, so they were not sure if this person was from the city Lord's mansion.

If it wasn't, it would be fine. If it was, then it would be too embarrassing.

Although the people of the city of desolation were mostly evil, they were not fools. They could tell that the Hierarch had come with ill intentions. Coupled with his identity and the fact that this place belonged to the city Lord's mansion, they easily came to the conclusion that the city Lord's mansion wanted to kill Leng ruoxue.

However, Leng ruoxue was still as calm as the clouds and as light as the wind. It was as if she was detached from the world. They had no choice but to submit to each other. However, they would not sympathize with Leng ruoxue. They only felt that she was in for a bad time.

Al! It was such a pity! In the past half a month, this woman had brought them a lot of fun and had constantly refreshed their world views. Hence, if Leng ruoxue was really killed by the reverent-God before them, they would still be a little reluctant!

At this moment, they heard Leng ruoxue ask again, ""Hey, Hierarch, are you going to admit defeat?"

Instantly, the audience was in a mess! They had lost count of the number of times they had lost count. When they heard this, the audience felt that this woman was really too bold. It was reasonable for her to ask this question when she didn't know the other party's strength. Now that she knew the other party was a reverent-God, she still asked this question. Wasn't she just drawing hatred? Shouldn't you be the one to admit defeat at this time?

However, it was obvious that Leng ruoxue would never admit defeat. As for the divine reverent, he was petrified and remained silent for a long time.

It was undeniable that a certain supreme divinity had lived for so many years, but he had never met someone like Leng ruoxue. He had never encountered such a thing. Hence, he did not know how to react for a moment.

When he finally regained his senses, he saw that Leng ruoxue was only smiling at him. She continued to ask, "Your Excellency, do you admit defeat?"

"You don't want to admit it?" A certain Hierarch said through gritted teeth. If he could, he would have torn Leng ruoxue to pieces to vent his anger. This woman was too detestable.

He knew that he was no match for the woman in front of him, so he didn't waste any more time and directly attacked.

As soon as the reverent-God made his move, the audience held their breaths. They did not even dare to breathe loudly. Countless sympathetic gazes involuntarily drifted towards Leng ruoxue.

Leng ruoxue, who was on the stage, only smiled when she saw her opponent make a move. She then circled around the stage and dodged, occasionally returning a whip.

A certain supreme divinity was completely enraged after failing to hit the target several times in a row. He roared, "Apple, you're dead today!"

"Al! Remember what I've said before? those who have said this to me are all dead. " Leng ruoxue laughed helplessly. Taking advantage of the gap, she lashed out with her whip again.

At this moment, the reverent-God who was in a state of anger was obviously triggered by her words. As a result, his reaction was half a beat slower, and he was just in time to be swept by Leng ruoxue's whip. Instantly, he felt a burning pain in his heart. Unfortunately, before he could say anything, he disappeared under the watchful eyes of the crowd.

Ugh! He ran away again?

The audience was already used to such a situation. The burly man in the private room was also dumbfounded. "Where are they? He ran away?"

"I guess his mother asked him to go home for dinner!" Uncle long replied calmly.

Such an answer made the burly man a little confused. Because he knew that the reverent-God no longer had a mother ...

At the same time, Leng ruoxue, who was on the stage, roared in anger, "Judge, is this the person you've been looking for? All of you are running away and not admitting defeat before you run. What are you trying to do?"

"Uh!" The judge who was being questioned was sweating profusely. He didn't know how to answer. Then, he rolled his eyes and pretended to faint.

Leng ruoxue was extremely angry. She rudely kicked the timid and useless judge off the stage.

The stage was not low, and the judge was not prepared at all. He was kicked off and fell directly to the ground, smashing a deep pit in the ground.

Leng ruoxue's impressive feat of beating up the judge had once again opened the eyes of the audience. This was the first time they had seen a participant beating up a judge. It was too brutal!

At that moment, the audience looked at Leng ruoxue with caution.

#### [Chapter 2925 The Rabbit Is Not To Be Trifled With \(2\)](#)

The staff member didn't dare to step forward, or he would definitely be the next one to be beaten up! This time, he went straight to the city Lord's mansion to report the matter without his superior's instructions.

When the city Master heard that even the reverent-God had gone missing, he was shocked.

What ... What was going on? He knew that the situation was serious, but he didn't know what the problem was. He couldn't understand why his subordinates had all disappeared after the fight with the little divine called Apple.

He had lost a divine Emperor, but he had lost a reverent-God, which made his heart ache. It should be known that there were only four reverent-gods in the city Lord's mansion, including him. The four of them were also the Divine Master's Secret forces and existed as a surprise force. Now that one of them had suddenly been lost, he really did not know how to explain it to the Divine Master.

Even so, he did not suspect Leng ruoxue. Firstly, her strength was too low to kill a reverent-god level cultivator. Secondly, they were in a public place with so many eyes watching. It was impossible for her to use any mysterious methods. Otherwise, they would definitely be discovered.

Apple wasn't suspicious, but he lost his people. Even if this had nothing to do with Apple, he had to get rid of Apple.

That woman must be a jinx. Otherwise, why would his subordinates all disappear after fighting her?

At the thought of this, the city Master had no choice but to send another reverent-God to fight, and repeatedly urged that Apple must be killed.

When Leng ruoxue saw that another godly venerable rank expert had come to challenge her, she was in a great mood. She had heard that there were four reverent-god level experts in the city Lord's mansion. It seemed like she could eliminate two of them today. These were all the hidden powers of the despicable people of the ripple mist, and the other party would not use them easily. Thus, Leng ruoxue naturally did not want to leave them for the ripple mist.

At the start of the match, was Leng ruoxue admitting defeat again?

Instantly, this newly entered reverent-God was also angered. Although he had heard about this woman's eccentric habits before he came and had been mentally prepared, he still couldn't help but be furious when he heard her words.

"I'm a reverent-God!" The new Hierarch flame roared.

"Oh! Your Excellency, do you admit defeat?" Leng ruoxue nodded and asked again.

"You're looking for death!" This reverent God's temper was obviously worse than the previous one. Under Leng ruoxue's repeated provocation, he was soon enraged. He did not waste any more time and immediately used his most vicious attack.

Due to the Hierarch's cultivation technique, he carried a deadly poison on his body. However, he could control the poison and would not use it unless he was facing a strong enemy. Now, out of rage, he had actually used the poison on Leng ruoxue, hoping to kill her in one strike.

His poison was extremely brutal. Once it touched a person's body, it would immediately corrode the person's body and rapidly spread throughout the entire body. Just as he was confidently waiting for Leng ruoxue to turn into a pile of white bones, Leng ruoxue was still standing in front of him, completely unscathed. She was looking at him with a smile.

How was this possible?

In his shock, his face was filled with disbelief. At this moment, Leng ruoxue's whip also lashed out and directly hit the reverent-God who was in a daze. The small flame on the whip silently ignited and in the blink of an eye, the reverent-God who had suffered a blow disappeared again without any reason.

After the second Hierarch disappeared, Leng ruoxue's expression became even more innocent. She then called out to the staff, ""Men! What kind of opponent did you pick! He ran away again!"

This time, the staff members were even more afraid to appear. As for Leng ruoxue, after she vented her anger by smashing the stage pole into pieces, she felt a little tired and laid back down on the deck chair.

The audience was numb.

Until very late at night, Leng ruoxue was still alone on the stage. After calling for help to no avail, she could only take out her tent, set it up on the spacious ring, and then went in again. Obviously, she was going to sleep here today.

This scene left the audience speechless.

"This ... This is where you're going to stay?" The burly man in the private room looked at the ring in a daze, not knowing how to react.

"I have no choice! There's no staff here, so Apple wouldn't dare to go out on their own. " Uncle long said.

Ugh! Uncle Long's words were so natural that the burly man was at a loss for words.

At this moment, his feelings were rather complicated.

After Leng ruoxue entered the tent, she immediately moved into the bracelet.

After Qing Jue saw her, he smiled and teased her, ""Sister, you're really planning to stay here today!"

"What else can we do? The staff won't show up, so if I go down myself, it'll give them an excuse to kick me out. I'm not that stupid!" Leng ruoxue replied honestly.

"Hehe! Sister, the city Lord's mansion won't be sending anyone here today, so you can stay here in peace." Qing Jue laughed.

"Yes, green vessel, is Cang around?" Leng ruoxue nodded as she asked. It seemed like she had not seen Cang for a few days.

"He's not here. I don't know where that guy went. Is there something big sister wants to see it for?" Qing Jue asked.

"It's nothing. I just want to know what it's been doing recently!" Leng ruoxue smiled.

"Sister, that guy must have been causing trouble for the city Lord's mansion!" Qing Jue pouted his little mouth and said with slight displeasure. If he could, he wanted to do that too! But now he couldn't leave the bracelet at all.

"If that's the case, isn't the city Lord's mansion in a terrible fix now?" Leng ruoxue laughed evilly.

"Hehe! His sister had guessed right. The city Lord is about to go crazy because of the disappearance of the experts from the city Lord's mansion." Qing Jue gloated.

"Then how about we add some more trouble to him?" Leng ruoxue suggested after blinking her eyes.

"Alright! What does big sister want to do?" Qing Jue asked with a smile.

"There is news that there are man-eating flowers in the city of abandoned ruins. The missing strong men may have been eaten by the man-eating flowers." Leng ruoxue said after some thought.

"Okay, leave it to me!" Qing Jue nodded and promised to complete the task.

After giving her idea, Leng ruoxue walked into the purple bamboo house. Not long after, the evil demon and the others also entered the bracelet. There was green vessel outside to monitor the situation, so they did not have to worry about anything.

Even after hearing that Leng ruoxue had set up a tent, the staff still did not appear. At this moment, all of the arena's staff had been summoned to the city Lord's mansion to receive the city Lord's thunderous wrath.

Two reverent-god level experts had disappeared in one day. The city Lord's heart ached just thinking about it. More importantly, he had no idea how those people had disappeared! This was what he was most worried about!

Looking at the city Lord pacing back and forth in the living room, his subordinates, who were waiting to be reprimanded, did not dare to make a sound. At this time, the city Lord suddenly raised his head and asked, "What's that woman doing? Have you left the arena?"

"Not yet!" The person in charge of the arena carefully replied.

"Don't bother with her. When she can't stand it anymore and gets off the ring, it'll be her loss!" The city Lord ordered.

"Yes." The person in charge of the arena quickly responded. He didn't dare to say that the other party didn't plan to leave the arena and had already set up camp on the arena. That woman was very smart and thought quite far ahead.

### [Chapter 2926 The Rabbit Is Not To Be Trifled With \(3\)](#)

As he gave the order, the mayor's mind turned to the missing person again, but after thinking hard for a whole night, he still couldn't figure out the reason.

The next day.

The news of man-eating flowers eating people in the city of desolation came one after another, and there were many versions. Some versions even pointed the finger at the city Lord's mansion, saying that the man-eating flowers were raised by the city Lord.

As soon as the explosive news came out, the people of the city of desolation, who wanted to see the world in chaos, gathered at the city Lord's mansion to protest and demand an explanation. Some people even said that there had been people who went missing in their homes, and they suspected that it was also the doing of the man-eating flower.

When the city Lord heard this news, he was so angry that his face turned green.

F \* ck! This was the city of doubts, wasn't it normal for a few people to go missing? After all, the city of abandoned ruins was not an ordinary city. There were murders happening every day, but no one thought of the man-eating flower! Now, he didn't know where the rumor had come from that the man-eating flower was in his city Lord's mansion. As a result, the families who had died before all came to protest against him! Of course, it was said to be a protest, but in reality, it was just to get some benefits.

How detestable! This was clearly someone trying to loot a burning house. The city Lord was furious. He had never thought that under his rule, there would be someone who would dare to ask him for money. Wasn't this courting death?

After giving a few instructions to his subordinates, the city Lord turned around and went to the underground secret room.

Although he was very angry with the rumors outside, there was indeed a man-eating flower in his residence. More importantly, the flower hadn't come to him for food after so long, which was abnormal in itself.

With a trace of suspicion, the moment he entered the secret room, the city Lord directly asked, "My Lord, are you related to the disappearance of the experts in the city Lord's mansion?"

"What?" The extremely weak Xue cherryblossoms weakly glanced at the city Lord, confused by his words.

Al! He was hungry! I'm really hungry! However, it could not eat anything!

"Did you eat the experts of the city Lord's mansion?" Seeing that bloodcherry blossom did not understand, the city Lord could only ask again.

"I didn't eat it!" The blood cherry blossom did not know why the city Lord was asking this, but it still honestly replied. At the same time, it felt a trace of anger; was this fellow questioning it? What right did he have to question it?

"Then why did they go missing?" The city Lord continued to ask, unwilling to give up.

"How would I know?" The blood Sakura flame roared. It had not eaten for many days, and had not gone out either. How would it know how the person the city Lord spoke of had disappeared?

"There's a rumor outside that there's a man-eating flower that eats people. " Seeing that the blood cherry blossom seemed to be a little angry, the city Lord could only explain.

"You suspect that I did it?" The blood cherry blossom was enraged.

"Other than you, Sir, the city of abandoned ruins does not have this kind of thing." Although he didn't want to suspect the blood cherry blossom, it was indeed the most suspicious. Furthermore, it hadn't asked him for food in the past few days, so the city Lord couldn't help but wonder if the flower had gone to find food by itself, and had already eaten all of his subordinates.

After all, the stronger the expert, the more suited the blood Sakura's appetite. And those who had gone missing were all experts.

"I didn't do it! I haven't eaten for days!" Seeing that the city Lord was clearly trying to frame it, the blood cherry blossom was so angry that its petals began to shake violently.

"My Lord, we've known each other for so long. I know your appetite very well. In fact, it's nothing if you really did it, but I have to give the Divine Master an explanation." The city Lord seemed to be helpless, but the meaning of his words was to admit it! Just admit it! As long as you admit it, the God Lord won't blame me.

However, how could the blood cherry blossom be willing to take the blame for this? its dull petals shook violently as it roared in anger, "Open your dog eyes and look clearly. I've lost so much weight, how would I have the mood to eat your people!"

Ugh! Hearing the blood cherry Blossom's words, the city Lord unconsciously raised his head to look at the blood cherry blossom. With a single glance, he was given a huge fright.

Oh my God! Was this flower with withered petals really Lord blood cherry? That didn't seem possible. It had only been half a month. How did it become like this?

The city Lord was secretly shocked. He didn't understand how Xue cherryblossoms had turned him into this. Furthermore, when he had entered, he hadn't raised his head to look carefully. Now that he had seen it, he was so scared that his heart almost stopped beating.

"My Lord, what's wrong?" The city Lord asked carefully, but in his heart he was thinking, is he sick or hungry? It was fine if he was sick, at least it was none of his business, but if he was hungry, it would be his fault. The Divine Master would not let him off if he knew!

"I'm hungry. " As expected, the words that the city Lord least wanted to hear came from bloodcherry Blossom's mouth.

The city Lord was shocked again. He had to admit that he hadn't taken good care of the blood cherry blossoms in the past half a month, but he didn't want to! The Apple had not been cleaned up, so there was naturally no one who could give food to the blood cherry blossoms. Now, with the man-eating flower incident, the city Lord's mansion had suddenly become the target of public criticism. He did not dare to look for food for the blood cherry blossoms with great fanfare. Otherwise, wouldn't all his years of effort be in vain?

"My Lord, there are still some rabbits in the residence." After thinking for a moment, the city Lord said.

"Rabbit? 啊啊啊啊啊啊! I'm not eating rabbits, tell them to get lost! Get as far away as you can, and don't appear in front of me!" The moment Xue cherryblossoms heard the word 'rabbit', she howled madly as if she had been cursed. It was clear that the rabbit had left a deep trauma in her heart.

But the city Lord didn't understand what was going on!

He was somewhat dissatisfied with the blood cherry Blossom's uncooperative attitude. She was already so hungry, yet she was still so picky. After thinking for a moment, the city Lord advised, ""My Lord, rabbit blood is still blood, please make do with it! He really couldn't find her now. Moreover, there are rumors about the man-eating flower outside. If I go to arrest someone for you at this time, I'm afraid that this crime will be confirmed. "

"I don't want to eat people either." Bloodcherry blossom said weakly.

Hearing what it said, the city Lord was truly afraid.

You're not eating? What was he trying to do?

"My Lord, your health is important. If you don't eat or drink like this, the Divine Master will blame me if he finds out." The city Lord said in fear.

"It's me who doesn't want to eat. What does it have to do with you?" Bloodcherry said listlessly.

At this moment, the city Lord truly believed that the blood cherry blossom was sick.

After patiently asking around, he finally found out that the blood cherry blossom had been frightened by the food when it had gone out alone to hunt. And that food was a rabbit.

Not expecting this to be the reason, the city Lord's mouth twitched violently.

This matter was truly too inconceivable. The mighty blood cherry blossom had been frightened by a rabbit. This was truly too damaging to the dignity of a Divine Master. However, the city Lord still immediately expressed that he would capture all the rabbits in the city to avenge the blood cherry blossom.

After figuring out the reason, the city Lord naturally had no reason to suspect that the blood cherry blossom had eaten the people from the city Lord's Manor. Of course, that was unless the blood cherry blossom was lying to him. However, this result gave him a headache. Since it wasn't the blood cherry Blossom's doing, the missing person couldn't have disappeared from the face of the earth, right?

It had to be said that the city Lord was right, because those people had indeed evaporated! It was a pity that this truth would forever remain an unsolved mystery in the city of abandoned ruins. Naturally, Leng ruoxue would not take the initiative to reveal it.

After that, the city Lord left the underground secret room and found the guards, ordering them to catch rabbits.

Hearing this order, the captain of the guards asked in surprise, ""City Lord, what about the people gathered outside?"

"You still haven't driven them away?" The city Lord said unhappily.

"I drove them away, but they came back not long after. Should I arrest them all?" The captain of the guards asked helplessly.

Catch him? The city Lord had thought of this before, but when he thought of the rumors outside, and how he couldn't immediately feed the blood cherry blossoms if he really caught them, he had a headache. He couldn't possibly stay at home and occupy space, right?

"Don't worry about them, go and catch me some rabbits! Get all the rabbits in the city!" The city Lord said cautiously. He felt that first resolving the blood cherry Blossom's mental barrier was more important than anything else.

As such, be it Leng ruoxue or those who were causing trouble outside, they were all ignored by city Lord Hong Guo.

Because of the rumors of cannibalism, the number of people who went to the arena to watch the competition had decreased significantly. The staff was nowhere to be seen, leaving Leng ruoxue alone in the arena to wait for others to challenge her.

However, Leng ruoxue was surprisingly calm. It didn't matter where she stayed. No matter where or when she was, she would not let herself suffer. She would still eat, drink, and sleep well every day.

After a week of hard work, all the rabbits in the city of desolation were finally caught by the guards of the city Lord's mansion.

The city Lord put all the rabbits in a huge cage and took the cage to the underground secret room. After entering, he placed the cage in front of the blood cherry blossom and said, ""Sir, I've caught all the rabbits in the city. Take a look and see which one it is!"

"No! Quickly take them away, I, I don't want to see rabbits!" When bloodcherry blossom saw the cage full of rabbits, she was so scared that she almost fainted.

"My Lord, don't be afraid. It's just a weak rabbit. You see, I can kill one with one slap!" The city Lord encouraged. After saying that, he even took out a rabbit to demonstrate to the blood cherry blossom, and then slapped the rabbit's head ...

There was a "pa" sound. The rabbit's head did not shatter, but the city Lord's hand actually broke. The pain caused him to scream loudly. That deafening scream caused the blood cherry blossom petals to tremble in fear. Wuu ... It was too terrifying!

"I told you, rabbits are not to be trifled with!" Xue cherryblossoms trembled as she sobbed softly. Thanks to the city Lord, the shadow in its heart grew stronger.

"This is impossible! It's not scientific either!" After taking a healing pill to heal his hand, the city Lord roared in disbelief, and then he struck down with his palm again ...

This time, the palm was directly shattered into pieces.

"Ahhhhhhhhhhhhhhhhhh!" Looking at his missing palm, the city Lord roared madly. How could this be? how could this be?!

The city Lord was about to go crazy, especially when he saw the innocent look in the rabbit's eyes. The anger in his heart was rushing to his head ...

### [Chapter 2927 I Want A Refund \(1\)](#)

Your sister! You're still pretending to be innocent? You're still pretending to be innocent?

The Furious city Lord was so angry that he almost vomited blood. Never in his dreams did he think that this rabbit's head would be so hard! What was going on? Who could tell him?

Compared to the rabbit's head, his hand was like an egg hitting a stone. The rabbit's head did not break, but his hand did.

Bewildered, he took another healing pill. Although the wound on his wrist had stopped bleeding, his hand would not regrow so quickly. More importantly, he could not wait for his hand to regrow, so he simply used his arm to hit the rabbit's head again ...

A few loud bangs were accompanied by screams, and then the city Lord saw his own arm leave his body.

"Ahhhhhhhhhhhhhhhhhhhh! How could it be like this?" The intense pain caused the city Lord to go even crazier, and the rabbit in his hand once again stretched out its little paw to touch the city Lord's face, as if to comfort him. However, the city Lord was so frightened by the rabbit's actions that he hurriedly let go of the rabbit.

F \* ck! Was this still a rabbit? How could there be such a rabbit in the world? The Supreme divinity's body was like paper compared to the rabbit's head. Did he still want the Supreme divinity to live?

The castellan, who was about to go crazy from the scene in front of him, looked at the rabbit who had an innocent expression and was slowly prancing in front of him. His little heart suddenly beat wildly, and he couldn't help but step back. He even shouted, "Stop! You're not allowed to move! He's just standing there!"

Hearing this, the rabbit continued to use its innocent little eyes to look at the city Lord in confusion, and a trace of grievance appeared on its face. Then, it grinned and said in dissatisfaction, "Do you despise me?"

"Yes! I don't like you, so don't come near me!" The city Lord looked at the calm and composed rabbit, and his heart actually felt fear for no reason. However, the rabbit had obviously become thick-skinned, and it said with a smile, ""You said not to get close, so I won't get close? Who Do You Think You Are?"

"I ... I am the city Lord of the desolate city!" This was the first time the city Lord had seen a rabbit that called itself a Lord, especially when this rabbit spoke so eloquently. This was also rare. This was because rabbits had always belonged to the food family. Those who could speak were definitely the Kings among rabbits.

However, even if it was a King-level rabbit, it was still a rabbit. That was why the city Lord, who was a reverent-god level expert, could not accept that a reverent-god level expert had actually lost to a rabbit. This fact was simply a great humiliation to him!

"The city Lord is nothing!" The rabbit clearly did not care about the city Lord's identity.

As for the city Lord, who thought of himself as a noble, he felt depressed like never before. In all his years of life, no one other than God Lord mist ripple and blood cherry blossom had ever made him feel so aggrieved. He could now truly feel it.

After taking the medicine to stop the pain, the one-armed city Lord completely forgot about his fear of the rabbit. He was so agitated that he roared, "I'll let you know how powerful I am!"

"Hehe! How do you want to prove it?" The rabbit was quite curious, so it opened the cage and let all the rabbits out.

As soon as the rabbits came out, they surrounded the city Lord as if they had received some order.

Upon seeing this scene, the city Lord was in a state of confusion.

He had never thought that one day, he would be besieged by a group of rabbits. This was really too inconceivable.

However, the rabbits who were ready to beat him up still looked fearless and glared at him fiercely. This made the Hierarch feel that his self-esteem had been seriously hurt.

F \* ck! Why did it feel so bad to be despised by a rabbit?

The next second, before he could think further, the rabbits all rushed towards him.

A group of rabbits rammed into him together, and the force was so great that he didn't dare to imagine it. At this time, the rabbit with a rather hard head was also shot out like a small Cannonball. With a bang, the city Lord was knocked to the ground.

The rabbits took the opportunity to occupy the territory on the city Lord's body, and then used their small claws to scratch each other's body ...

Whoosh! The cloth was cut by sharp claws. The city Lord instantly felt a chill. He wanted to get up, but that damned rabbit actually sat on his face and pointed its furry butt at him. This made the city Lord quite mad.

After a while, the city Lord's body began to show signs of spring, and at the same time, he felt as if he had been drenched in water.

It turned out that some rabbit had started it, but the rabbits that had occupied their own territory on his body had all raised their hind legs and circled the ground to pee.

And rabbit, who was sitting on the city Lord's face, even deliberately showed his eyes for him to admire this scene. Instantly, he almost fainted from anger.

With his only hand, he tried to pull the rabbit sitting on his face away, but the rabbit refused to cooperate. It even slapped the city Lord's face with its paw, and instantly, the city Lord's face was covered in blood.

Gritting his teeth and enduring the pain, the city Lord did not understand what was going on. Why was he in such a miserable state today? Who could tell him!

It was one thing for the indignant city Lord to be suppressed by a group of rabbits, but the hateful thing was that he was firmly suppressed several times when he thought about it. This broke his pride as a reverent-god level cultivator.

At this moment, a certain rabbit said to the blood cherry with a smile, "Little flower, you like to eat reverent-god level food the most, right? I'll let you eat this, okay?"

"I ... Can I refuse?" Although the blood cherry blossom loved to treat humans as food, it also knew what could be eaten and what could not. And the city Lord in front of it was obviously in the inedible category. Otherwise, who would prepare food for it in the future? It couldn't possibly hate food for the rest of its life, right?

Unfortunately, its refusal angered a certain overbearing rabbit. The rabbit snorted coldly and threatened, "If you don't eat him, I'll eat you!"

"Wuu ... No!" This blood cherry blossom had been pampered since it was born and had always been taken care of in every possible way. Therefore, it had never seen a Rascal like the rabbit in front of it. When it heard that the other party was forcing it to eat the city Lord, or eat it, it was already trembling in fear.

"You don't want it? Do you think that's possible? I'll give you two choices, either you eat him, or I eat you!" A certain rabbit said impatiently.

In order to have some fun, it had been hiding alone for a long time. How could it be so easily rejected by the blood cherry blossom? In short, only one of them could live!

"I, I'll eat it, okay?" The blood cherry blossom wanted to cry, but no tears came out. She was roaring madly in her heart. I'm innocent!

"Your, Your Excellency! You can't!" Hearing this, the city Lord's heart almost stopped beating in fear, but the rabbit was determined not to give him a chance to speak. It slapped the city Lord's face with its paw again and warned, "You bastard! Who allowed you to speak? Shut up!"

Shut up? In your dreams! He was about to be eaten!

### [Chapter 2928 I Want A Refund \(2\)](#)

He struggled to get up, but it was as if he was frozen in place, unable to move at all. He didn't know what was going on, but his heart was already burning with more and more fear.

Wu...Who could answer his questions! Why did it turn out like this? The city Lord kept howling in his heart and asked, ""There's water inside?"

The city Lord's speech was already a little incoherent. He had been slapped in the face by a certain rabbit several times. The moment he opened his mouth, his teeth chose to betray, and they fell out with blood.

"I'm your ancestor!" The rabbit roared domineeringly and slapped the city Lord with its claws again. The city Lord was instantly in so much pain that he was overwhelmed with ecstasy, did he not?

He specialized in hitting people's faces!

After that, the rabbit patted its paws and picked up the city Lord's tottering collar, throwing him towards the blood cherry blossom with a whoosh. At the same time, it roared, ""Catch it!"

The blood cherry blossom had long been scared silly, but it did not dare to disobey the rabbit's words. It hurriedly extended two feelers and tied up the city Lord.

Seeing this, the city Lord begged with tears in his eyes, "don't eat me! We're partners!

Although the blood cherry blossom could tell what the city Lord was thinking, it was powerless! If it didn't eat this fellow, it would be the one to die! Sob ... How come even a rabbit from the immortal realm is so powerful now? Do you still want to live well?

I won't love you anymore! There's no way to play happily anymore! The blood cherry blossom cried bitterly to itself, and then, ignoring the city Lord's pleading gaze, it very disloyal stabbed its feelers into the city Lord's body ...

The taste of blood was extremely delicious, but the blood cherry blossom was in no mood to taste it at all. It even felt that its anorexia was getting worse! One had to know that taking the initiative to eat and being forced to eat were absolutely different, okay? When forced to eat, even the most delicious food would become tasteless in the mouth!

However, under the rabbit's calm gaze, it did not dare to disobey its words. Otherwise, it felt that its life would be in danger. Its intuition had always been accurate!

At this moment, after the blood cherry blossom began to eat, a certain rabbit suddenly cried out, ""Men! The city Lord has been eaten!"

"..." The blood cherry blossom, who had just sucked half of her blood, was stunned when she heard this.

F \* ck! What was he trying to do? Didn't you force me to eat it? Did he have to be so shameless?

Bloodcherry blossom was about to go crazy! However, under the malicious gaze of a certain rabbit, it did not dare to do anything. It could only stare at the other party stupidly and maintain its blood-sucking posture without moving.

When the city Lord, who was on his last breath, heard a certain rabbit's cry, he was so angry that his eyes rolled back and he fainted.

As the footsteps sounded, the blood cherry blossom became rather uneasy. The tied-up city Lord became useless. He couldn't eat if he didn't throw him away, and he didn't dare to throw him away.

In the end, under Azure's warning glare, the blood cherry blossom couldn't help but speed up its absorption.

When the people outside rushed into the underground secret room, the city Lord had already become a shriveled corpse.

Looking at the huge bright red flower in front of them, with a human-shaped dried corpse tied to the flower's antenna, the guards who rushed in all had red eyes. Did this flower eat the city Lord?

The guards did not know the identity of the blood cherry blossom, so when they saw that the city Lord had been eaten by this man-eating flower, they immediately flew into a rage. Then, a middle-aged man ran in. Seeing this scene, he tried his best to calm the guards down and turned his eyes to the blood cherry blossom.

The middle-aged man knew the identity of the flower. However, he had never thought that the flower would eat the city Lord. What was going on?

An inquisitive gaze swept across the blood cherry Blossom's body, but the blood cherry blossom did not dare to say a word. It felt wronged! He felt really wronged! The feeling of being wronged and framed by others in all ways was really unpleasant! However, the evidence was right in front of them. Would anyone believe it if it said that it was forced?

In addition, under the rabbit's warning gaze, it didn't dare to defend itself.

"My Lord, what is going on?" The middle-aged man asked after a long time.

He was the only reverent-God in the city Lord's mansion. The city Lord had been eaten, and the whereabouts of the other two were unknown. He was the only one left, so he immediately became vigilant. This was the rhythm of something big! He just didn't know who the troublemaker was! And why would Lady Blood cherry suddenly go crazy? If no one could answer his questions, then all of this would probably become an unsolved mystery.

Glancing at the rabbit, the blood cherry blossom didn't dare to make a sound.

"What else could it be? your city Lord was eaten by this little flower!" B.rabbit, who was playing with his claws, said indifferently.

The middle-aged man was surprised to hear that it was a rabbit who had spoken. When did the rabbit become so bold, not even afraid in front of the reverent-God?

He deliberately released a bit of pressure to test it, but the rabbits in front of him were not affected, which made him a little at a loss.

This didn't make sense!

A certain rabbit snorted coldly, and the middle-aged man immediately felt an infinite chill and danger!

There was something strange about this rabbit, and it was quite powerful! The middle-aged man immediately came to a conclusion and tactfully withdrew his pressure, not daring to meet the rabbit in front of him head on.

However, the narrow-minded rabbit would not be so easy to talk to after being threatened. Therefore, it also released a trace of pressure, which instantly crushed everyone present!

The guards all vomited blood, while the middle-aged man's face turned pale!

Even the blood cherry blossoms began to tremble even more violently when they felt the pressure! Wu ... It knew that this rabbit was not to be trifled with! When did the rabbits of the immortal realm become so powerful? this was really a blow to the flower's self-esteem!

The blood Sakura was rather depressed, not knowing what to do. But it didn't dare to say a word.

Azure was quite satisfied with the blood cherry Blossom's tactfulness. He then turned to the middle-aged man and said, "Submit or die!"

The middle-aged man was in tears. This was a blatant threat! Yet, the one who threatened him was an unfathomable rabbit. How could he bear this!

Ever since he was born, he had never heard of anyone being threatened by a rabbit. Furthermore, weren't rabbits supposed to be weak food? Why was this rabbit so strong?

The middle-aged man could not understand even in his dreams. All of this was too surreal.

However, all powerhouses at his level knew their own limits and knew which choice was best for them. Therefore, not long after the rabbit asked him to make a choice, the middle-aged man immediately expressed his willingness to submit!

Although submitting to a rabbit was indeed damaging to a reverent God's dignity, what was dignity compared to life? The most important thing was to stay alive! In addition, he could also see that the rabbit in front of him was most likely the mastermind behind all this! Now that the city Lord was dead, what was there for him to struggle for? Could it be that he had also been fed blood cherry blossoms like the city Lord?

### [Chapter 2929 I Want A Refund \(3\)](#)

A certain rabbit was very satisfied with the middle-aged man's intelligence and tactfulness. "Send someone to invite Apple to the city Lord's mansion," he ordered.

"Apple?" The middle-aged man frowned. This name was very familiar!

Although he couldn't remember where he had heard it before, he quickly gave the order.

At this moment, Leng ruoxue, who was sitting on the arena in boredom, only asked indifferently when she heard that the city Lord's mansion had invited her, ""I'm guarding the arena and was invited by your city Lord's mansion. If someone challenges me, what will happen?"

Hearing this, the guard was a little confused.

Oh, my great aunt! The city Lord's mansion has changed, and you still want to fight? You're really persistent.

The guard could not understand Leng ruoxue's feelings. Leng ruoxue did not want to be tricked off the arena like this. One had to know that she was still thinking about the high stakes that the city Lord's residence had placed! Moreover, there was still a week before she could get the money. She was not willing to waste all her previous efforts! Since the guard could not give her a satisfactory answer, she would not be so foolish as to leave.

The helpless guard could only return to the city Lord's mansion by himself.

When the middle-aged man saw that the guards did not invite anyone and heard the reason, he was also in a mess. However, he finally remembered who Apple was!

As a last resort, he could only personally go and invite people.

When they arrived at the arena, before the middle-aged man could introduce himself, he heard Leng ruoxue say, "If you want to invite me to the city Lord's mansion, let's end today's battle first!"

Hearing this, the middle-aged man's mouth twitched. He thought to himself, what a battle maniac!

In reality, he was overthinking things. Leng ruoxue was not a battle maniac. The other party wanted him to announce the end of today's battle so that he would not be absent when someone else challenged him.

Of course, there might not be any challengers, but the city Lord's mansion definitely wouldn't dare to invite her with good intentions, so she had to be on guard.

"Miss Apple ..." After thinking for a while, the middle-aged man still didn't know how to persuade the battle maniac in front of him. More importantly, he didn't know the relationship between the woman and the rabbit. If he accidentally offended someone and angered the rabbit, it would be his fault.

"What?" Leng ruoxue blinked her eyes and waited for him to continue.

"I'm here on senior rabbit's orders to invite you all. " The middle-aged man hesitated for a moment before he answered truthfully.

"Senior rabbit? When did the city Lord's mansion change to a rabbit?" Leng ruoxue asked with a curious smile.

Not long ago!

The middle-aged man was silent for a moment, and a trace of worry appeared on his face.

"Miss Apple, please come with me!" The middle-aged man said after a long time.

"It's no problem to walk there, but you have to finish today's game first, or I won't go. " Leng ruoxue still had the same request.

"Why?" the middle-aged man asked, puzzled. No one is challenging you now!"

"It's precisely because no one wants to challenge me that the competition has to end. Otherwise, if someone challenges me when I'm not around, I'll lose if I don't accept the challenge! I've made so many bets, so I'm not going to be a spendthrift!" Leng ruoxue said with an expression that said "don't even think about tricking me. "

Seeing that Leng ruoxue clearly didn't trust him, the middle-aged man's mouth twitched. However, he finally understood. The other party was unwilling to leave because she was afraid that someone would take the opportunity to challenge her while she was away. Furthermore, she had placed a bet on herself and was afraid that she wouldn't be able to collect the money ...

What a money-grubber! However, he suddenly remembered that everyone in this group had bet a billion!

One billion!

Oh my God! How could he have forgotten about this? No wonder the other party was unwilling to leave the ring. Was he waiting for a month to withdraw the money? There were only a few days left until the one-month deadline!

At the thought of this, the middle-aged man decisively ended the match. Right now, the city Lord's mansion was in the hands of a certain rabbit, and the woman in front of him had been invited by senior rabbit, so he would invite her back no matter what. He only hoped that senior rabbit wouldn't go crazy after hearing that the other party might become the city Lord's mansion's biggest creditor!

However, his thoughts were obviously unnecessary. After inviting Apple and the rest back to the city Lord's mansion, the brutal rabbit immediately turned into a cute little pet and pounced on Leng ruoxue, shouting, "Girl, I missed you so much!"

"..." The middle-aged man didn't know how to react.

Senior rabbit called her Apple Girl, and was so intimate with her. What was going on? However, he was smart enough not to ask the question in his heart. He just quietly stood to the side and acted as a mural!

At this moment, uncle long and Dongfang Yue walked over and smiled at the middle-aged man. "Sorry for the disturbance, why don't I see the city Lord?"

"He's already dead," Lowering his eyes, the middle-aged man said indifferently.

"....."

D-dead? How did he die? They haven't even made a move yet?

Uncle long and Dongfang Yue truly thought that Cang had only come here to bully the servants and was treated as a distinguished guest under the crushing pressure of his super strength. They didn't expect that the city Lord had died and he was now the master of the city!

The two of them were a little confused and embarrassed, not knowing what to say.

Then, the middle-aged man continued, "The city Lord's mansion is now in the hands of senior rabbit. I've already chosen to submit to it!"

A wise man is a wise man. If he didn't want to die, he had to surrender! This was the rule that the strong were respected, and everyone had to abide by it!

"You've made a wise choice!" After a moment of silence, uncle long patted the other party's shoulder and said. He couldn't help but think to himself, 'senior Cang's claws are really fast. He didn't even inform us beforehand, causing us to be completely unprepared and take over the city Lord's mansion!'

No! If that was the case, who could they ask for the bet from? Uncle long could sense the severity of the situation, and he looked at the middle-aged man with an unfriendly gaze.

The middle-aged man's heart trembled when he saw uncle Long's malicious gaze.

What was going on? He was very obedient. He didn't say anything that no one would hear, and he didn't do anything that he shouldn't have done. In fact, he was the most low-key among the four reverent-god level experts in the city Lord's mansion! So, he really couldn't figure out what had happened.

Looking at a certain someone's gaze, it seemed that the matter was quite serious.

The middle-aged man was a little uneasy. Even though he was a reverent-God, reverent-gods also cherished their lives the most.

"Before the fight, we made a bet that each of us would get one billion top-grade crystals. Now, may I ask, how should we calculate this sum of money?" Uncle long saw the confusion on the other party's face, so he had to ask directly.

Hearing this, the middle-aged man went crazy.

"You bastard!" Just how much of a money-grubber were these people? Apple had refused to follow him to the city Lord's mansion because of the bet, and now this middle-aged man was also asking about the bet.

How? What else could he do? The city Lord's mansion is already yours, and they've also been trained by senior rabbit to be obedient, yet you still want them to bleed?

Swallowing his saliva, the middle-aged man carefully reminded, ""The city Lord's mansion is already in your pocket."

"So what? We're still at a loss. We have one billion each, and the ratio is one to one hundred million. How much is that? Does your city Lord's mansion have that much wealth?" Uncle long said with a look of disdain.

The middle-aged man was speechless.

They were clearly being despised! How did this happen? He really couldn't understand what uncle long and the others were thinking. What kind of trouble was this? However, he did not know how to react, so he could only remain silent.

At this moment, Cang also started to talk to Leng ruoxue about the city Lord's mansion.

After Leng ruoxue heard this, she frowned and asked, ""This person isn't being controlled by that killjoy?"

"No, I didn't! He has already submitted to me and is my man!" Azure smiled evilly.

"What about the guards?" Leng ruoxue asked again. She didn't think that Cang would actually do such a big thing behind her back. Before this, she was still thinking about whether to clean up the city Lord's mansion and snatch it for herself! Now, she didn't need to think about it. Cang had already made the decision for her.

"I've also completed the contract." Azure said with a smile.

"What about the blood cherry blossoms?" Leng ruoxue continued to ask.

If she killed the blood cherry blossom now, it would definitely alert the fog, so she was a little hesitant.

"Keep it for now, I will release a trace of divine sense to keep an eye on it! Hehe! It's so scared of rabbits now, it definitely won't dare to cause trouble!" Azure said confidently.

"That's good." Leng ruoxue was relieved. Cang was a reliable person, and it was the best choice to keep the city Lord's mansion in his arms without alerting the fog ripple bitch.

However, the middle-aged man who was being discussed as the main character was not in a good mood at all when he heard the conversation between the man and the Beast.

Two of you! When discussing how to deal with others, can't you do it behind the back of the person involved? He really couldn't accept the other party's direct way of speaking. However, the reverent-God had a strong mind. He quickly calmed down and became familiar with uncle long and the others.

The next day.

Leng ruoxue still wanted to fight in the arena.

When Lou fan, the middle-aged man, heard this, he was so speechless that he almost went crazy.

Didn't he say yesterday that everything in the city Lord's mansion would belong to them? He even handed over the city lord's estate's many years of collection. Why were these people still thinking about the bet? So what if you win? It's all your money!

After that, Leng ruoxue also came to her senses and returned to her room with a gloomy expression.

How could he not be depressed? So much money just flew away with little wings.

Feeling that he had done something wrong, Cang was a little embarrassed. In fact, if the city Lord had not captured it, it would not have thought of occupying the city Lord's mansion. But now, it was too late to say anything. It was impossible for the city Lord to be resurrected, but could the city Lord's mansion ... Be retreated?

Thinking of this, Cang went to Lou fan and said, "I want to return the goods!"

"Return, return what goods?" Lou fan was stunned. He didn't quite understand Cang's words.

"I want to withdraw from the city lord's estate. This way, the city lord's estate can compensate my family's NIU!" Azure said matter-of-factly.

"..." Lou fan tried his best to open his eyes wide. He couldn't believe what he had just heard!

Was he hearing things? Was he hallucinating? Otherwise, why would he feel that this matter was so unreliable? Was this even allowed?

### [Chapter 2930 Clue \(1\)](#)

Swallowing, Lou fan said with some difficulty, "Master, everyone in the city Lord's mansion has already submitted to you, so why should we still care about the bet? With the arena, we'll definitely be rolling in money in the future, so a little bet really doesn't mean much. We'll be able to earn it back very quickly. " Please don't abandon us because of the bet!

Lou fan tried to persuade him, but he was wailing in his heart. It's already like this, and you're still regretting it? But he had never heard of such a thing! Faced with the fact that he had to return the goods, he was quite depressed, so depressed that he was about to fall into depression.

When Cang heard his words, he couldn't help but frown and think. His silent appearance made Lou fan quite uneasy.

After a long time, Cang looked up at Lou fan and said, "What you said makes sense!"

It made too much sense! Hearing Cang's words, Lou fan's heart was filled with mixed feelings. He was touched, he was at ease, and he heaved a huge sigh of relief.

"But it'll take a long time to make money, right?" Thinking about it, Cang said.

Hearing this, Lou fan's heart sank. "Master, can we not be so anxious?" he thought. It was better to make money in a long-term way, so he never felt that it was slow to make money. After thinking for a while, he asked, "Master, will there be no city of abandoned ruins in the future?"

Last night, he had already found out about Leng ruoxue's identity. Hence, he was naturally worried about the future of the city of desolation. He had lived here for so long and had deep feelings for this place. Hence, he really did not want to see the city of desolation disappear from the God World.

"Eh? Why do you say that?" Azure blinked and asked in confusion. As the saying goes, there is a reason for its existence. Since the city of abandoned ruins has existed for so many years, there is absolutely no reason to cancel it!

"My feeling." Lou fan said carefully.

"Oh! As long as the city of abandoned ruins did not disappear, it would always exist. Don't worry! Of course, you must also be wary of the killjoy bitch. " Azure said indifferently.

"..." What's the point of being desperate? it's really possible! Lou fan believed that if the B \* tch, Rime ... Knew about this, she would definitely fly into a rage and the city of abandoned ruins might not be able to survive. Regarding this matter, he was also somewhat helpless. After all, the combat power of the fog ripple slut was not something he could match. Therefore, even if he wanted to protect the city of forsaken desolation from being targeted, it was quite difficult.

Lou fan looked at the rabbit in front of him. It was its new master. Lou fan knew that the rabbit was crucial to whether the city of the abandoned ruins would not disappear from the divine world.

"Master, the city of abandoned ruins is very profitable." After a long silence, Lou fan gave him a friendly reminder. He could tell that his master's family was a money-grubber, and he hoped that this would move his master and protect the city of abandoned ruins!

Sure enough, Cang's eyes couldn't help but light up when he heard this and he asked with great interest, "Very profitable? How much do you earn?"

"The most profitable business in the city of abandoned ruins is the challenge Tournament. So, as long as we vigorously develop this aspect, there will be no limit to the amount of money we can make!" Lou fan introduced.

"Are you sure? However, the city of abandoned ruins is too closed and there aren't many customers. I'm afraid that the profit is limited?" When Azure heard this, he thought for a moment.

"I can earn a lot. Especially in terms of wagers, the winning rate is very low. " Lou fan said with a smile.

"I see!" Azure frowned and thought for a while before continuing, "Then I'll take you in temporarily! If this place doesn't make any more money, I'll throw it away. "

"....."

Cang's matter-of-fact words made Lou fan want to run away in tears. Master, can you not be so realistic? The answer was no. If it wasn't realistic, then it wouldn't be Azure.

After taking a few deep breaths, Lou fan changed the topic and said, "Master, there are rumors that there are man-eating flowers in the city Lord's mansion. We must suppress this matter as soon as possible. Otherwise, the consequences will be unimaginable."

"There is indeed one!" Azure blinked and said honestly.

There was, but he couldn't say it! Otherwise, the prestige of the city Lord's mansion would definitely decline. Lou fan thought to himself.

But clearly, Cang Cai didn't care about the prestige of the city Lord's mansion! Because everyone here knew that the city of forsaken ruins belonged to that bitch, ripple mist! Therefore, if he wanted to ruin her reputation, it would be her reputation. It had nothing to do with him.

Immediately, Azure waved his claws and ordered, "Pass down the order that there are indeed man-eating flowers in the residence."

"..." Lou fan was shocked. Master! What the hell was this? If this continued, would the city Lord's mansion still be able to survive? Are we still going to earn money?

"Master, it's just speculation outside. Without evidence, they wouldn't dare to make a move. But once it's confirmed, the consequences will be unimaginable. So, please think twice!" Lou fan said worriedly after a long time.

"I've thought about it. I'll tell the public that the man-eating flower is a clone of rime ice, and its food is blood, so it has to eat a few people every day. In addition, I'll say that it's their honor to sacrifice themselves for the Divine Master!" Azure said with a smile.

Was he going to turn against the divine Lord's Manor? Lou fan was shocked. Did he not want to make money?

"Master, aren't you going to earn money?" Lou fan could not help but ask.

"I'm earning! However, we have to first settle the man-eating flower rumor. " Azure said matter-of-factly.

"But if that's the case, I'm afraid the city of abandoned ruins will be in chaos." Lou fan reminded him.

"What are you afraid of? I've been in the city of abandoned ruins for a few days, so I know the situation here very well. You just have to follow my instructions. I'll take responsibility for anything. " Cang said.

"Yes!" Lou fan nodded. Since his master had said so, he had no reason to hesitate.

Then, Lou fan turned around and left to handle this matter.

Not long after, the news that there was indeed a man-eating flower in the city Lord's mansion and that it was an incarnation of Wu Yan spread throughout the city of desolation. For a time, the people in the city of desolation were in a state of panic. They did not dare to loiter on the streets, afraid that they would be the next to become food. However, the chaos that Lou fan had expected did not come. On the contrary, the people in the city had calmed down.

Lou fan was extremely surprised by this fact.

How did this happen?

Azure was very satisfied with this result. Everyone had the instinct to avoid risks. If the legendary man-eating flower didn't have such a strong background, the people here might not be so afraid. But now, the result was that everyone who knew the identity of the man-eating flower was all honest! In fact, so what if they were dishonest? Was he really going against the city Lord's mansion? What if the city Lord's mansion released man-eating flowers and ate them all ...

Al! He couldn't afford to offend a man-eating flower with a background! Moreover, the city of desolation was closed. It would not be easy for them to leave. Furthermore, if they really went out, they would not have a good life in the divine world. When their enemies came to seek revenge, they would probably die even faster. In that case, it was better to stay in the city of desolation! At least, if the man-eating flower wanted to eat them, it was definitely not something that could be done in a short time.

With this thought in mind, the people in the city of abandoned ruins were calm. And their performance made Cang quite satisfied. After that, the city Lord's Manor announced to the public that they would not let the man-eating flowers eat people in the future, and asked them to live here without worry.
