

## **Crazy Wife 2931**

### [Chapter 2931 Clue \(2\)](#)

Once this news was released, everyone in the city was excited.

That's great, I'm finally alive. This was definitely good news for them. After a few days of silence, the city of the abandoned ruins became lively again.

The arena tournament started again and the rules were changed. This time, Leng ruoxue and the others did not participate.

Everyone entered a short period of adjustment.

On this day, the burly man, who had been invited by the city Lord's mansion and had not returned for several days, came to the city Lord's mansion sneakily and asked to see uncle long.

The guard invited them in. When he saw the burly man in the living room, he carefully observed the surroundings. Seeing that there was no one from the city Lord's mansion watching, he asked in a low voice, ""Brother! How did you get caught in the city Lord's mansion?"

He had only found out about this the day before yesterday, and had hesitated for a long time. In the end, he had mustered up the courage to visit. Before he came, he had also imagined that uncle long and the others might have been interrogated by torture. But after seeing uncle long and the others today, he suddenly realized that they seemed to be living quite a comfortable life. They were all white and fat. They didn't look like they were being tortured! However, he didn't think it was right to say that they were warmly received by the city Lord's mansion!

"Who said we were caught? we were invited here." Uncle long raised his eyebrows.

"Uh! Brother! Don't hide it from me, my boss said that the city Lord hates you to death, so how could he invite you here? so you have to be careful, the city Lord is very narrow-minded, be careful of his revenge!" The burly man said with a worried expression.

"Thank you for your concern, but he won't have the chance to take revenge." Uncle long said with a smile.

"Why?" Blinking his eyes, the burly man didn't understand.

"The city Lord you mentioned is already dead!" Uncle long said with a smile.

"....."

The burly man's expression changed drastically upon hearing this. How, how was this possible? How did the city Lord die? Why didn't they receive the news? No, this can't be true.

"Brother, don't tease me. I'm not a three-year-old child. How can I believe this?" After a moment of silence, the burly man said.

"I'm not teasing you. Your previous master is really dead. Otherwise, do you think we could be so carefree in the city Lord's mansion?" Uncle long said indifferently.

"Then, then who is the current city Master?" The burly man asked as he swallowed his saliva in shock.

"It's me!" A voice came from outside, but the burly man did not see the person who spoke.

"Dammit! Where are you looking at? Lower your head!" After Azure entered, he impatiently shouted.

The burly man was very obedient. He looked down and saw nothing but a rabbit! What did she want him to look at?

"Idiot!" Seeing that the burly man was still at a loss, Cang said in disdain.

He was being scolded! He was actually scolded by a rabbit! The burly man was confused. Since when were the rabbits in the city of abandoned ruins so tough? This didn't make sense!

The burly man was secretly worried. At this time, Cang said, "I am the city Lord!"

"You ..." These four words petrified the burly man. When did this happen? The position of the city Lord had actually fallen on the head of a rabbit. Where was the reverent-god of the city Lord's mansion? Did they all die?

Sob ... Could it be that they had to listen to this rabbit in the future?

After he came back to his senses, he looked at the snow-white Rabbit in front of him and felt a little helpless.

"Go and gather all the major forces!" Seeing that the burly man was still in a daze, Azure directly ordered.

"You ... You want me to gather them?" The burly man pointed at himself and said in disbelief.

"What else?" Azure asked.

"Then, then what should I say?" The burly man's ability to accept things was unusually strong. Although the fact that he had to listen to a rabbit in the future made him very depressed, he felt that it didn't matter who he listened to. Since this rabbit could become the Lord of a city, it must have its own extraordinary qualities! He just didn't know where he had passed! However, he believed that as long as he asked his brothers later, he would definitely know!

The burly man's thoughts were very beautiful, and there were a few older brothers present, so he was very cooperative with Yi Cang's words and put on an appearance of humbly seeking advice.

"Just say that the city Lord has invited you. However, you are not allowed to reveal my identity!" Azure said directly.

"Alright, I got it." The burly man replied. Then, he turned around and left without chatting with uncle long and the others.

"Does senior Cang intend to subdue the forces here?" Uncle long asked with a faint smile after the burly man left.

"I'm not subduing them, I'm meeting them." Azure said with a smile. The various forces here were originally attached to the city Lord's mansion. Now that the city Lord's mansion had changed hands, they

had to be informed. Since the errand boy had come to the door, it would save them the trouble of the city Lord's guards passing on the message.

Cang understood the principle of making the best use of everything. Although the burly man looked a little silly, he was reliable. After informing the various forces, he returned to his own force to inform the boss.

A few hours later, the representatives of the forces in the city of desolation who had received the notice arrived one after another. Lou fan was in charge of receiving them.

With a reverent-God personally coming forward, the representatives of the various forces were simply a little terrified. This reception standard was really too high!

However, Lou fan remained calm. Most importantly, after the new master had arrived, his hidden desire to see the world in chaos had suddenly emerged. Therefore, he really wanted to see the reactions of the representatives when they saw the new master. They had already predicted what might happen. So, how could he not be there to watch?

However, his appearance made the representatives quite nervous. In the past, they were not so nervous when they saw the city Lord. However, when they saw Lou fan, they felt very uneasy. Lou fan was too low-key in the city Lord's mansion and ignored everything. It could be said that among the four reverent-gods in the city Lord's mansion, they had seen Lou fan the least.

Now that they suddenly saw Sir Lou fan smiling at them, they were really not used to it.

Especially the burly man, he already knew that the city Lord had changed, and the previous city Lord had died. When he first found out about this, he didn't understand why a rabbit had become the city Lord. Now, he was even more confused.

At that time, he had thought that all the Hierarch in the city Lord's mansion had died. Now that he had seen the legendary Lou fan, he felt a deep pain in his ass.

Why is Sir Lou fan still alive, but the city Lord is a rabbit? All this time, the rabbit had only been food in everyone's impression. Now, the food had become the city Lord, and they had to listen to the food in the future. No matter how they thought about it, this was unbelievable ...

In a while, when the major forces learned of this news, one could imagine how shocked they were!

The burly man simply couldn't imagine that terrifying scene. Wu...The scene would be too beautiful, and he didn't dare to look at it directly!

Just as the burly man had expected, when Cang Yi appeared, all the representatives were stunned. However, Lou fan hadn't introduced Cang at that time, so the representatives thought that the city Lord's mansion was treating them to rabbit meat!

### [Chapter 2932 Clue \(3\)](#)

Immediately, someone with a quick mouth laughed and teased, ""Sir Lou fan, does the city Lord want to treat us to rabbit meat? How do I eat it? Was it roasted or boiled? Oh! I personally prefer barbecued food!"

Lou fan fell silent. He also knew that his master's image would cause people to misunderstand, but what he did not expect was that he was still sitting here, and someone dared to humiliate his master. Did they think he was dead? As for the burly man, he was so scared that his little heart was trembling.

Hey! That rabbit wasn't meant to be eaten, it was the new city Lord!

However, the two evil-minded people did not say anything about this. The burly man even silently moved his chair to the door to avoid being caught in the crossfire later!

"You want to eat me?" At this time, Cang jumped onto the table in front of the person who spoke, and his bright black eyes looked straight at him.

"Aren't rabbits supposed to be eaten?" The man was stunned for a moment before he said matter-of-factly. Obviously, he didn't expect the rabbit in front of him to actually be able to speak. It should be known that rabbits were the lowest level of beasts, and not many could speak.

"Yes, but in my eyes, you're also for eating." Cang said as he grinned.

"What did you just say?" When the person who spoke heard Cang's words, he slammed the table in anger and stood up, glaring at Cang.

Cang was neither angry nor annoyed. He floated in the air and looked at the other person. Then, his small claws smacked the other person's bright big head. In an instant, five claw marks appeared on the person's head, and blood instantly flowed out! After being clawed, the man was dumbfounded.

"Don't you know that trouble comes from the mouth? This is just a small punishment for you. If you dare to eat rabbits again, I'll let the rabbits eat you too!" Cang threatened.

After that, it turned its gaze to the other people present and said with a faint smile, "I'm the new city Lord of the city of desolation. Be good, or you'll regret it!"

Shocking! It was extremely shocking!

Cang's words petrified most of the people. Their eyes were wide open and their mouths were half open, unable to return to their senses for a long time.

"This is impossible!" After a long time, someone shouted and turned to Lou fan for confirmation. Lou fan turned his head.

His master had told him to speak less!

"Nothing is impossible. In the future, I'll be in charge here. You guys have to be obedient!" Azure said unhappily.

He was really bold! There was actually someone who dared to question its words, Hmph! He could not be forgiven! Azure was furious.

"You want us to listen to a rabbit? Keep dreaming!" The protesters continued to shout, clearly disagreeing with Cang's words.

"If you don't listen, you will die!" Azure said impolitely.

When the person who spoke heard this, he actually laughed wildly.

A rabbit told him to die if he didn't listen! This was really too interesting! But then, he could no longer laugh.

A white light flashed, and the man stopped breathing.

The people present didn't even see what the white light was, and he was already dead!

"Who else wants to die? Report your name!" Cang's bright black eyes looked around at everyone present. When everyone was looked at by this gaze, especially when someone had died just now, they were all so scared that they didn't dare to make a sound.

Did this rabbit kill someone in front of them? Everyone looked at Cang, their hearts filled with shock.

"What's wrong? no one signed up?" Seeing that no one said anything, Cang asked again.

"My master is asking you a question! Why aren't you answering?" Seeing that they were in a deadlock, Lou fan interrupted.

"....."

M-master, what does that mean?

Lou fan's words made the representatives of the various forces even more horrified. They had never thought that Lou fan would say such words. Was he trying to scare them to death? Master, are you referring to that rabbit? The crowd wasn't sure, but when they saw Lou fan's serious expression, they didn't know what to do ...

What was going on? You exchanged a rabbit for city Lord Ji? To be honest, if Lou fan became the city Lord, they could still accept it. But how could they accept a rabbit?

As soon as they thought about how they would be led by a rabbit in the future, the people present felt a deep pain in their balls. However, this rabbit's strength seemed to be unfathomable, so for a moment, they didn't know how to deal with it.

However, whether it was Cang or Lou fan, they had only gathered them to inform them and not to ask for their opinions. Therefore, it didn't matter whether they agreed or not. If they couldn't accept it, they could only die!

No one present dared to show any signs of disobedience to the message released by the man and beast. After learning that the former city Lord was dead, they tactfully expressed their willingness to be loyal to him as before and left with their tails between their legs.

After they left, the various factions started to secretly plot against the new city lord's estate. After all, they didn't want to work for a rabbit in the future.

The representatives discussed for a long time and finally came up with a perfect plan. One night a week later, they quietly surrounded the city Lord's mansion and planned to launch a sneak attack.

The representatives had already bribed a few guards of the city Lord's mansion, so when they arrived late at night, the gate of the city Lord's mansion was opened for them. After sneaking into the city Lord's

mansion under the cover of the night, they were just about to split up when the courtyard suddenly turned bright as day. The dazzling light almost blinded their dog eyes.

All the forces were shocked. What was going on? He had been discovered?

Just as they were feeling uneasy, Leng ruoxue and the rest walked out from a room.

When she saw them, Leng ruoxue smiled faintly and pretended to be confused, ""What's going on? Are you visiting me in the middle of the night?"

None of the major factions said a word. They only looked at Leng ruoxue and her group with a vexed expression.

"What, are you all mute?" Leng ruoxue asked again, clearly provoking him!

"F \* ck! You're the mute one, your whole family is mute!" It was unknown who it was, but someone shouted angrily.

Leng ruoxue squinted her beautiful eyes in displeasure. However, before she could make a move, a ray of white light flew towards the direction of the sound. Following that, a blood-curdling scream was heard as a person fell to the ground.

"Niu, kill!" Bai Guang, also known as Cang, said as he landed in Leng ruoxue's arms.

"Let the guards of the city Lord's mansion take action! We'll just be the audience. " Leng ruoxue said calmly.

"Yes, they are too weak. They should practice." Cang nodded in agreement and gave Lou fan a look. Lou fan understood. In an instant, guards appeared out of nowhere and surrounded the various forces.

In terms of numbers, the various forces clearly had the advantage. However, in terms of aura, they could not compare to the guards of the city Lord's mansion who had been undergoing devilish training for the past few days.

Moreover, the other party had an extremely powerful reverent-god level expert, while the strongest person on the other side was a divine Emperor. Such a difference in strength made them, who had planned to launch a surprise attack, feel deeply depressed. More importantly, the other party had disrupted all of their plans and caused them to be in a mess.

Then, the two sides started to fight.

The guards of the city Lord's mansion, who had been tortured for several days, all went to find the people of the major forces like vicious wolves. They vented their grievances that had been suppressed for several days on these people who had come to die. As for the various forces, who had not expected that the city Lord's mansion's combat power and aura would increase by a large margin, they were now in a complete tragedy.

Not long after, more than half of the people on the various forces 'side had fallen, while the other half had also suffered injuries of varying degrees. The final result was a crushing defeat for the Allied forces!

After they became captives, Leng ruoxue and the others did not intend to kill them. Instead, they gave them a chance to make a contribution.

This opportunity was naturally to find someone. Leng ruoxue needed them to provide clues. When the various factions heard that they would not have to die if they could provide information on the three phoenixes, they immediately expressed that they would work hard to complete the mission.

At the same time, Leng ruoxue also ordered the city Lord to post a reward notice. In an instant, the entire city of abandoned ruins was in action.

Half a month later, in the living room of the city Lord's mansion.

Uncle long looked at the calm Leng ruoxue and couldn't help but ask, ""Xue 'er, it's been half a month and there's no clue at all. Could they have already left?"

"I don't think so!" Leng ruoxue guessed.

"Then, will our big actions reach the ears of the ripple mist bitch?" Uncle long was a little worried.

"It's possible! However, I'm not afraid to let her know. " Leng ruoxue said confidently. She didn't think that ripple would come all the way to the abandoned city just for three phoenixes. That woman was so confident that she didn't care about the three phoenixes at all.

Hearing Xue 'er's words, what else could uncle long say? Suddenly, Leng ruoxue stood up and said to the demon, uncle long and the rest, ""Green vessel said that there's a lead."

Hearing this, the few of them were overjoyed and quickly left the city Lord's mansion with Xue 'er, heading towards the location of the clue.

The more they walked, the more they felt that something was amiss.

"Xue 'er, our house is just ahead!" Uncle long was speechless.

"I know, but Qing Jue said that the aura of the Phoenix Clan was leaked not far from where we used to live." Leng ruoxue replied honestly.

All this time, she had asked Qing Jue to pay close attention to the situation in the city of forsaken ruins. Before this, Qing Jue's focus was on the city Lord's mansion. After knowing that the previous city Lord had not caught Feng Miao and the other two, she had asked Qing Jue to expand the scope of his attention. However, she did not know where Feng Miao and the other two were hiding. Qing Jue and Cang had searched for them but could not find any clues. This time, if Qing Jue had not discovered a trace of the Phoenix clan's aura, they would not have found it.

However, according to Qing Jue, the aura disappeared as quickly as it came, so he could not determine its exact location. However, there was no doubt that the three old phoenixes were still in the city of forsaken ruins.

Just like that, Leng ruoxue and the rest walked in circles around the entrance of the house ...

### [Chapter 2933 Don't Look Down On Me, Alright?\(1\)](#)

After searching for a long time, everyone found nothing.

However, Leng ruoxue did not give up. Hence, after a discussion, they decided to stay here temporarily. After the news reached the city Lord's mansion, Lou fan immediately rushed over and looked at Leng ruoxue and the others with a bitter expression. However, his resentful expression was ignored by everyone present.

Lou fan was very worried. He could only leave resentfully, looking back three times with every step he took.

After living in the suburbs, Leng ruoxue and the rest seemed to have nothing to do every day. However, all of them were using their divine senses to check for suspicious people.

At present, there were fewer people living in the suburbs than when they had first arrived. It was said that those who had less people had moved to the city, and they had only moved away in a hurry after the rumor of the man-eating flower had spread. After all, this place was too remote. If something really happened, he was afraid that he would not be able to find anyone to save him.

When Leng ruoxue found out that this was the reason for the sharp drop in the number of people here, she had mixed feelings. She couldn't understand. The suburbs were dangerous, but would it be safe to move to the city? Don't forget, the man-eating flower was in the city Lord's mansion. In her opinion, moving to the city would be more convenient for the man-eating flower to eat. Later, after a burly man who tried to please them explained, she finally understood that the people who had moved to the city had joined various forces in order to seek shelter.

Those people felt that they would be safe once they joined the city of abandoned ruins, but Leng ruoxue could not help but complain. If Cang had not destroyed the city Lord and the blood cherry blossom tree had not fallen under their control, all the people in the city of abandoned ruins would have become the blood cherry blossom tree's backup food. Those forces would have been nothing more than granaries.

However, there were benefits to those people leaving. Their departure had reduced the difficulty of their investigation. Currently, there were more than thirty households living here. After a few days of patient observation, Leng ruoxue and the rest had already eliminated thirty-two households that were not suspicious. There were still five households that were the main targets of their observation and were under close surveillance.

Very quickly, the information of these five families was placed in front of Leng ruoxue and the rest.

Among these five families, there was the man who had struck up a conversation with uncle long and the others. The members of the other families were also very simple. They did not have many family members. Hence, after discussing with uncle long and the others, Leng ruoxue decided to get in touch with these families.

After splitting up, Leng ruoxue and the rest went their separate ways.

She and the demon were in the same team, and their target was the family of three.

As neighbors, it was proper for them to visit each other. However, when the family of three saw Leng ruoxue and the demon, they were obviously a little uneasy.

In the city of abandoned ruins, neighbors rarely visited each other. Therefore, they were nervous when Leng ruoxue and the demon came to visit.

Leng ruoxue only needed a single glance to know the strength of this family of three. The male master was at the peak of the God King stage while the female master should have just advanced to the God King stage not long ago. As for their only son, he was currently only a God.

After sitting down, Leng ruoxue went straight to the point, ""We're here to ask about some things. "

"W-what's the situation?" The man asked cautiously. He knew that the man and woman had only been in the city of forsaken ruins for a short time, but the woman was very famous. He believed that if they really wanted to find out more, they could ask anyone in the city and someone would be willing to tell them. So, he could not understand why the woman would look for him.

"I heard that three phoenixes came to the city of abandoned ruins a while ago. Do you know where they are?" Leng ruoxue asked with a smile.

"Phoenix? Why would such a noble beast come to the city of abandoned ruins?" The male owner had obviously never heard of this and asked with a suspicious look.

"You guys haven't heard of it?" Leng ruoxue continued to ask, feeling a little disappointed.

"No, I haven't. There won't be any high level beasts here, trust me!" Seeing that Leng ruoxue was only asking about this, the male owner's mood relaxed quite a bit.

Hearing this, Leng ruoxue was even more disappointed because she knew that this man was speaking the truth. When the other party answered the question, his eyes did not flash. Although there was doubt, he did not feel guilty. On the other hand, the mother and son were only at a loss.

On top of that, when Leng ruoxue was asking them questions, Qing Jue had also taken the opportunity to read the family's memories. He confirmed that they had never heard of the three phoenixes. With that, the family of three was cleared of all suspicion.

After Leng ruoxue and the demon left this house, they headed straight to the next one. Of course, the purpose of going to the next house was naturally to let green vessel read the other party's memory.

They went to three families in a row. After Qing Jue confirmed it, these three families no longer had any suspicion of being in contact with Feng Miao, and their scope of investigation became smaller and smaller.

There were still two families that had not been verified by Qing Jue. One of them was a pair of siblings, and the other was the man who had hit on uncle long.

They first went to the house of the brother and sister.

After knocking on the door, a woman opened the door angrily and asked, ""Who?"

"We have a friend at your house. We want to find him. Can we go in?" Leng ruoxue asked with a smile.

"You guys are together?" The woman asked unhappily. However, before Leng ruoxue could reply, she left Leng ruoxue and the others behind and turned to leave. Seeing this, Leng ruoxue and the others exchanged glances before following her in.

Although they did not understand why this woman's attitude was so bad, it was only when they were face to face that it would be convenient for green vessel to read each other's memories. Therefore, even if they were treated coldly, they had to thicken their skin and follow.

Walking into the living room, the atmosphere was not very good. Mingge sat on the chair with a dark face, and the other man was also glaring at her with a red face. No one knew what had happened between them.

As soon as she saw Leng ruoxue and the others, Ming GE pounced over as if she had seen her Savior. She hugged the demon's arm and cried, ""Wuwu ... Boss, help!"

"What's wrong?" The demon frowned and unceremoniously pulled his arm away. He even patted his sleeve in disgust, as if it was stained with something dirty.

Seeing this, Mingge's heart was filled with sorrow. He felt that he had been hurt.

Fortunately, the demon did not know what he was thinking. Otherwise, he would have wanted to hurt him even more.

"Did someone bully you?" Leng ruoxue asked.

"There are!" Ming GE nodded her head vigorously and looked at Leng ruoxue with a gratified expression.

"Damn it, who bullied you? You took advantage of my sister, don't you want to take responsibility?" When he heard that Mingge was being bullied, the other man in the hall immediately shouted in dissatisfaction.

His words caused Leng ruoxue and the others to widen their eyes in surprise. They looked at the woman who was standing beside the man with a shy expression on her face. They really wanted to ask, who was this?

The woman's face was red, and her eyes were watery. She looked like a completely different person from when she was angry just now. However, Leng ruoxue and the others still couldn't imagine how Ming GE could take advantage of her.

#### [Chapter 2934 Don't Look Down On Me, Alright?\(2\)](#)

It should be known that the woman was tall and strong, and there was no feminine charm on her body. As the city Lord of the nine nether nether nether nether prison, what kind of woman had Ming GE not seen? So, they couldn't imagine how Ming GE could possibly take advantage of that woman. Could it be that he had seen too many beautiful women and wanted to change his taste? But wasn't this change of taste a little too much?

The crowd couldn't accept it for a moment, and they all turned to look at Ming Song with strange expressions.

Mingge didn't even need to guess to know what these bad guys were thinking, so he quickly explained, ""I didn't take advantage of her. I just accidentally touched her hand, and the siblings forced me to take responsibility."

As he said this, Mingge was so depressed that he almost vomited blood. And these people even doubted his innocence. Boo...What a sad bird!

"....."

He had to take responsibility just because they touched?

This matter ...

Leng ruoxue and the rest were especially speechless when they heard this. Was your sister's hand very precious? Why do I have to take responsibility for accidentally touching it?

"What's wrong with making you take responsibility? I'm looking up to you by asking you to take responsibility!" The man shouted at Mingge.

"Please don't look down on me, okay?" Ming GE was depressed to death, but this man thought that the reason he could marry his sister was because of his cultivation in his previous life. What the hell is this!

"No! You have to give us an explanation for this. " The man shouted loudly.

"What kind of explanation do you want? How do you want him to take responsibility?" Leng ruoxue pointed at Ming GE as she asked the man.

This pair of siblings looked very similar. The elder brother was also a strong guy, but his temper was not very good. Meanwhile, Leng ruoxue had also learned some things from Qing Jue. At the same time, she eliminated the possibility that he knew the whereabouts of the three phoenixes. However, Ming GE's matter was a little troublesome.

It was obvious that the woman wanted to cling to Ming GE, even if Ming GE had not done anything at all. The so-called touch was just a deliberate touch when the woman handed Ming GE the tea. His purpose, of course, was to make Ming GE take responsibility. The reason was simple. The little sister, who had been ignored all this time, had taken a fancy to Ming GE. As an elder brother, he naturally had to cooperate fully.

The brother and sister were used to being barbaric and could be considered as tyrants in the outskirts of the city of abandoned ruins. Therefore, if they wanted to settle this matter, they had to be tougher. Otherwise, they were afraid that there would be no end to the argument. Leng ruoxue didn't want to waste her time on unimportant people or things.

"It's impossible for Ming GE to marry your sister!"Leng ruoxue said.

"Why not? Which part of my sister isn't good enough for him?" When the man heard this, his anger grew even more.

"It's not a matter of whether he's worthy or not. Mingge doesn't like him at all. Do you want the tyrant to force himself on him? What good would that do to your sister?" Leng ruoxue said helplessly. She could tell that this was a rather stubborn man. He was also a persistent man who had always wanted to marry his sister off.

"I don't care. He took advantage of my sister, so he has to take responsibility." The man said unreasonably.

"You have to take responsibility after touching me. What kind of logic is this?" Leng ruoxue was truly speechless. Just how afraid was he that her younger sister would not be able to get married?

"Don't you know that men and women shouldn't touch each other?" The man reminded.

"Alright! But as far as I know, it was your sister who touched Ming GE. What about that?" Leng ruoxue asked.

"From what you know? You weren't there at the time, so how could you know?" When the man heard Leng ruoxue's words, he snorted.

"You mean, Ming GE has no witnesses?" Leng ruoxue blinked her eyes and asked again.

"Not bad!" The man nodded proudly.

"What if I say that I can read minds? I know everything about you and your sister, including what you're thinking now. " Leng ruoxue said calmly.

"This is impossible!" The man didn't believe it at all.

"What you're thinking now is that no matter what, you must get your sister married. You can't let go of Ming GE, this rich son-in-law. If we don't agree, then you're planning to make this matter known to everyone so that the public can condemn us, right?" Leng ruoxue smiled faintly.

"You, you ..." The man was shocked by Leng ruoxue's words. He pointed at Leng ruoxue, unable to complete his sentence.

"Your sister is thinking that we can't let go of this opportunity. We must hold on to Ming GE." Leng ruoxue glanced at the man who was at a loss for words, then looked at his sister.

Hearing this, the younger sister's expression changed slightly. She then looked at Leng ruoxue unhappily and roared, "What are you talking about? He should be the one taking responsibility!"

"Alright, I don't have time to waste on you siblings. I only have one thing to say, don't covet people you can't afford to offend. You must know your own limits!" Leng ruoxue sneered. She really had no more patience. Originally, she had wanted to talk things out and make the siblings give up on this idea, but now that she saw that her younger sister was still so stubborn, she deeply felt that she had to cut the Gordian knot and end the battle as soon as possible!

After she finished speaking, Leng ruoxue gave the evil demon and the rest a look. They understood and walked out.

The moment the woman saw this, she immediately stood in front of Leng ruoxue and the rest and shouted at the top of her voice, "Don't leave!"

"Move!" He shouted. Leng ruoxue said unhappily.

"I won't! Unless he's willing to marry me!" The woman insisted.

"I won't marry you!" Mingge said directly without even looking at the woman.

"You ... You ..." The woman was greatly shocked. Ming GE had never said such harsh words to her before. At that time, she had thought that Ming GE was interested in her, but who knew ...

The woman felt her heart break. Was it easy for her to fall for someone? Why did he do this to her?

"What about me? Get out of my way, don't block our way. " In fact, although he wasn't very gentle to women, he rarely said such words directly. Otherwise, he wouldn't have tried to reason with her. But now, he was really forced to lose his patience. This woman, not only couldn't read other people's expressions, she was also extremely thick-skinned.

"You want us to take action?" After Ming GE finished speaking, Leng ruoxue turned to look at the man and said,"

The man revealed a constipated expression and was a little undecided.

Seeing this, Leng ruoxue smiled indifferently, "if you provoke us, that good brother of yours won't be able to help you. You might even bring trouble to him."

"You guys can leave!" The man helplessly said as he heavily exhaled. He knew who Leng ruoxue was talking about and the strength of Leng ruoxue and the others. Otherwise, he wouldn't have used this opportunity to cling onto them. But it was obvious that these people were not people that the two of them could afford to offend. He could only blame himself for being blinded by greed and almost getting himself killed.

Thinking of this, the man broke out in a cold sweat.

"Brother, you can't let them go!" The woman hurriedly said.

"Shut up!" The man roared angrily, and the woman immediately didn't dare to make a sound. If even her brother didn't want to help her, she wouldn't dare to pester him anymore.

### [Chapter 2935 Don't Look Down On Me, Alright?\(3\)](#)

Seeing that the siblings were finally tactful, Leng ruoxue and the rest did not make things difficult for them. They walked around the dumbfounded woman and left.

As they walked out of the siblings 'house, Ming GE kept grumbling to Leng ruoxue and the others about his grievances, which made everyone happy.

Soon, they arrived at the house of the last man. Uncle long was in charge of that man, and at that moment, uncle long was fighting with him.

It wasn't that the man was smart or quick-witted, but he was obviously a bit difficult to deal with. He didn't answer uncle Long's questions directly, which wasted a lot of uncle Long's time. He didn't get any useful information. The only thing uncle long knew was that the man had never seen or heard of a Phoenix.

However, uncle long had already received Xue 'er's voice transmission and knew that the other four Xue' er's had confirmed that they were no longer suspicious. As such, the man in front of him was the most suspicious person. At this moment, uncle long was casually chatting with him.

When Leng ruoxue and the rest arrived, they sat in the living room of the man's house and stared at each other. When they had just entered, the man had already told Leng ruoxue that he had not even seen a single Phoenix Feather before.

After sitting for a while, Leng ruoxue received a message from green vessel, ""Sister, I can't read this man's memory."

"Why can't I read it?" Leng ruoxue asked in confusion.

"I suspect that he has a divine weapon that can block my mind reading." Qing Jue guessed.

"There's such a divine weapon?" Leng ruoxue was a little surprised. This was the first time she had heard of such a divine weapon.

"Yes. In the past, the old master liked to make some messy things, so he once made a divine artifact that could block people from reading their minds. However, that divine artifact was very useless. Other than preventing people from reading their minds, it had no other use. Back then, the old master also made it for fun. After he finished, he seemed to have given it away. As for who he gave it to, I can't remember clearly." Qing Jue said honestly.

"What do we do now?" Leng ruoxue was out of ideas. Initially, he thought that Qing Jue would be able to help if the man refused to cooperate. Now, Qing Jue had no other way. Moreover, the man's mouth was shut more tightly than the clamshell. Was there any way to pry his mouth open?

Leng ruoxue glanced at the man and saw that he was calm and composed. She knew that this man was not an ordinary person to deal with.

"There's no other way. Unless we reveal our identity, the premise is that they must be interested in or afraid of our identity. Otherwise, we can forget about it." Qing Jue said helplessly.

Leng ruoxue felt even more helpless. Revealing her identity was the last resort. She wasn't so narcissistic that she thought that once she said her name, people would immediately tell her what she wanted to know. But now, she really didn't know what to do. Why don't we just wait here? Let's see who can outlast who?

Leng ruoxue, who couldn't think of any good ideas, decided to stay here rather calmly. Of course, this wasn't the best plan. It was a more shameless way of doing things.

The man could tell as well. At first, he was quite calm, but as time went on, especially when it was late at night and the neighbors in front of him still didn't have any intention of leaving, he felt a little annoyed!

"It's getting late," After thinking for a long time, the man reminded.

"Yes." Leng ruoxue nodded her head to show that she understood. However, none of them had any intention of leaving. They continued to sit there like old monks in meditation.

"Xue 'er, I'm hungry." Uncle long said pitifully.

When she heard uncle long say that he was hungry, Leng ruoxue quickly took out a pile of food from her bracelet. Then, the few of them gathered together and started eating as if there was no one else around.

When the man saw this scene, he was a little confused.

What the hell is this? She was sitting in his living room and eating in front of him. Why didn't she treat him, the host? The dishes that the little girl had brought out were so fragrant that he was so envious that his appetite was about to burst out. However, she had completely ignored him as if he did not exist.

This fact made the man deeply depressed.

"I say, you guys are just going to eat and drink in front of me?" The man couldn't take it anymore and asked angrily.

"You want to eat?" Leng ruoxue blinked her beautiful eyes as she asked.

"Yes, I do." The man was very honest.

"Tell me where the three phoenixes are and I'll treat you to some." Leng ruoxue stated her conditions.

"I really don't know." The man said helplessly. He felt depressed in his heart. Can you not be like this? This was bullying!

"Since you don't want to cooperate, I have no other choice." Leng ruoxue's face was filled with regret. Then, she ignored the man's existence and turned around to eat.

Everyone finished eating the food in front of the man and burped. They continued to stare at each other.

Seeing them like this, the man really wanted to scratch the wall. How could they bully people like this! This was his home! The man glared at Leng ruoxue and her group of people. However, Leng ruoxue and her group had long been trained to be thick-skinned, so why would they care?

Leng ruoxue and the rest had decided to fight to the death with the man. Let's see who can last longer.

Several days later, the man was on the verge of a mental breakdown.

These people's skin was already so thick that it was unimaginable. He had even opened his mouth to drive them away, but they refused to leave! The man was quite helpless about this outcome!

What to do? They couldn't be driven away! He could not beat him! And these people always ate delicious food in front of him that he had never seen before, making him drool all over the ground, but they never invited him to eat!

A bunch of bastards!

The man who had been provoked to the point of stomping his feet was so hateful that he wanted to bite them a few times. They were really too hateful! The man admitted that he had lived for so long, but he had never seen such a rascal!

"What do you want?" After three days, the man finally asked listlessly.

"We just want to know where the three phoenixes are." Leng ruoxue said with a smile.

"Don't tell me you don't know. If you still say that, then we can only continue to stay here and stare at you." Leng ruoxue added.

"You guys ... You've really gone too far!" "If you don't want to leave, then I'll leave," the man roared. I'm afraid of you guys!"

"We'll follow you wherever you go!" Leng ruoxue continued to be a scoundrel.

Hearing this, the man was furious.

"I really admire your thick skin." The man sighed and said sincerely.

"Thank you for the compliment." Leng ruoxue nodded, then looked at the man with a serious expression. She asked curiously, "You look like this now, is it because you were poisoned?"

"How did you know?" The man was shocked. Although he looked a little old, even an Alchemist couldn't tell that he had been poisoned. Now, this woman had seen through it with a single sentence. How did she know?

"I guessed it. Your face is old, but your body is still tall and straight. You look young and healthy. I guess you forced the poison to your face. Are you afraid of being recognized?" Leng ruoxue continued to guess.

"This is none of your business." The man said indifferently.

"Actually, what I wanted to say is, if you're willing, I can help you detoxify." Leng ruoxue said honestly.

"I told you, I don't know where the Phoenix is." The man looked at Leng ruoxue and said.

"It's just an antidote. If you really don't want to tell me the whereabouts of the three phoenixes, I won't force you." Leng ruoxue explained when she saw that the man had misunderstood her.

"Why?" The man didn't understand. Before, he had indeed thought that this was the other party's condition, but he didn't expect that the woman in front of him would actually be willing to detoxify him unconditionally. Was this possible? More importantly, his poison wasn't that easy to cure.

"We've been sharing a room for a few days. It's only right for me to help you. Just treat it as paying for your accommodation." Leng ruoxue smiled.

However, the man clearly did not believe Leng ruoxue's words so easily. He kept looking at Leng ruoxue suspiciously.

"This is an antidote pill, eat it!" To show her sincerity, Leng ruoxue took out a blue pill and handed it over.

"Normal antidotes can't cure my poison," the man replied honestly.

"This isn't an ordinary antidote. What, you don't dare to eat it? Are you afraid that I'll poison you too?" Leng ruoxue provoked him on purpose.

"I'm not afraid!" The man knew that she was trying to goad him into action, but he didn't want to be looked down upon by a woman. So, he reached out to take the pill and swallowed it.

Not long after, the man clearly felt a burning pain in his stomach. In the end, he couldn't stand the pain anymore. He directly covered his stomach and rolled from the chair to the ground. He was in so much pain that he started rolling.

The man was very tough. Although he was in pain, he clenched his teeth without making a sound. Sweat slid down his forehead, and soon, his face was as pale as paper, and his eyes were unfocused ...

"Xue 'er, he ..." Uncle long, who had a good impression of the man, was worried.

"It's fine, uncle long. Please help me bring him back to his room!" Leng ruoxue gave uncle long a comforting look.

Hearing this, uncle long quickly carried the man back to his room. Leng ruoxue and the rest were still waiting in the living room.

After a few hours, the man finally ended his painful torture and walked out of the room. At this time, his face no longer had the old look he had before. Although he could not be considered handsome, he was quite elegant. However, after a few hours of torture, he looked a little weak.

"What kind of antidote is this? Why does it hurt so much?" The man could not help but ask Leng ruoxue the moment they came out.

"That's right, because what I gave you wasn't an antidote pill, but poison!" Leng ruoxue laughed evilly.

"You ..." Upon hearing this, the man's face turned even paler. He glared at Leng ruoxue in disbelief. The hatred in his heart! He knew that this woman was up to no good! Now, he had been tricked again! However, he didn't know what kind of poison he had been poisoned with, because he couldn't feel any discomfort in his body at all, except that he was a little weak.

### [Chapter 2936 The Twins \(1\)](#)

However, no one would be in a good mood when they heard that they were poisoned again.

The man glared at Leng ruoxue for a long time with complicated feelings. He did not say anything. After a moment, Leng ruoxue smiled and said, ""Don't worry, your poison has already been detoxified. Don't you feel that your body is in great condition now? Of course, if you insist on thinking that you've been poisoned by another type of poison, I have no objections!"

"You ..." Leng ruoxue's infuriating words left the man speechless. He continued to glare at Leng ruoxue. After a long time, he finally said, ""I'm really not poisoned?"

"If I say no, would you believe me?" Leng ruoxue blinked her eyes and asked with a smirk.

Can you not believe me?

The man was furious! Having lived for so many years, he had seen all kinds of people, but this was the first time he had seen someone as infuriating as the woman in front of him.

At this moment, Dongfang Yue stood up and shook his head helplessly. ""Xue 'er, don't scare him. We're old friends."

Hearing Dongfang Yue's words, Leng ruoxue couldn't help but raise her brows. The man also looked at Dongfang Yue in surprise and asked, "Old friend? Do we know each other?"

When the man asked this, he was still sizing up Dongfang Yue. He couldn't tell that this ordinary-looking, even somewhat ugly, fellow was someone he knew.

"Guardian wing, I'm Dongfang Yue." Dongfang Yue sighed.

"Dongfang Yue? The missing Dongfang Yue?" The man, also known as Wei Yi, turned pale with fright and sized him up even more seriously.

"You're the one who's missing!" Dongfang was getting angrier.

"Uh! Do you have any proof that you're Dongfang Yue?" Wei Yi ignored Dongfang Yue's rage and continued to ask. The suspicion on his face only increased.

"Do you need evidence?" Dongfang Yue was speechless. Could it be that someone would dare to impersonate him? Or did this guy meet a fake Dongfang Yue?

"Of course I do. Because the Dongfang Yue I know doesn't look like you at all. Besides, your temperament is very different from the Dongfang Yue I know, so I have enough reason to suspect that you're lying to me unless you have evidence." Wei Yi looked at Dongfang Yue with a face full of vigilance. At the same time, he felt a little regretful. If he had known that he would be recognized, he would have dressed up properly. He had been too careless!

He had never thought that after so many years, there would still be people who remembered his existence. Could it be that they were on someone's side? If that was the case, then they would be in big trouble!

Wei Yi had a headache. What should he do in this situation? Self-defense or counterattack?

Looking at Leng ruoxue, Wei Yi's heart was at a loss. Although the other party had given him poison, it had indeed cured him of the poison. As for whether there would be any residual effects, he couldn't determine at the moment. Naturally, he couldn't decide what attitude he should have towards these people in front of him.

Especially when someone among them recognized him. Although that person called himself Dongfang Yue, it was clearly not an easy task to persuade him.

Leng ruoxue could tell what the other party was thinking. She smiled faintly and said, "He is indeed Dongfang Yue. As for why he is different from the people you know, it's simple. He has changed his appearance."

"Really? Then remove your disguise and let me see." Hearing this, Wei Yi requested.

"Alright. However, you'll have to wait for more than a month." Leng ruoxue replied honestly.

"Why? You guys aren't thinking of buying time, are you?" Hearing Leng ruoxue's words, Wei Yi's suspicions deepened, and he looked at Leng ruoxue and the others with a face of disbelief.

"Of course not. There's a time limit to the disguise pill we took, and we still need to have topeng to recover our original looks. " Leng ruoxue explained.

"You guys? You've all changed your appearances?" Wei Yi caught the sensitive words in Leng ruoxue's words and asked.

"Yes, I am!" Leng ruoxue nodded.

"No wonder. However, don't you have an antidote for that face-changing pill?" Wei Yi continued to be suspicious.

"There is. However, this disguise pill is a bit special. Even if you have the antidote, you can only take it after three months, or else the antidote won't work. " Leng ruoxue said honestly.

Who knew that when she said this, the distrust on Wei Yi's face would deepen.

"Xue 'er, don't talk nonsense with this old brat. Turn up the elder!" Uncle long couldn't help but interrupt.

"Uh!" Leng ruoxue was speechless. What did he mean by elder da? Uncle long!

First elder wasn't woof woof!

However, she still obediently moved the great elder, who was refining in the bracelet, out.

The armament Guild's chief elder, who had suddenly been moved to another place, appeared with a blank expression. He held a piece of black ore in his hand and studied it. After a moment of confusion, the chief elder said dumbly,""Where's my furnace? Girl, why didn't you say anything before you moved me out?"

"I'm asking you to come out and be a witness. " Leng ruoxue wiped away the cold sweat on her forehead and hurriedly said.

"What kind of certificate? I'm busy!" The head elder of the armament Guild headquarters was a little displeased. Other people had a temper when they woke up, but he had a temper when refining armaments. Especially when he was interrupted while refining armaments, his temper was definitely on a nightmare level.

"Little liuliu?"

At this moment, the chief elder of the craftsmen's Guild headquarters heard a soft call in disbelief. At the same time, Leng ruoxue and the rest were sweating profusely because of these three words! Obviously, the other party was calling him the head elder of the craftsmen's Guild because he was the only one with the surname Liu among the people present.

Hearing this long-lost pet name, the great elder of the craftsmen's Guild suddenly burst into tears. He slowly turned his head in disbelief. Then, he pounced on the guard wing and hugged him as he wailed,""Wuu ... Guild leader! I thought I would never see you again in this life!"

"....."

Hearing the great elder address the other party as President, Leng ruoxue finally understood why Uncle long had asked her to promote him as an elder. As expected, the great elder was more useful. Even without their nonsense, Wei Yi had already taken the initiative to recognize her.

Now, the great elder was hugging Wei Yi and crying while Wei Yi was coaxing him with a gentle expression. This scene, no matter how Leng ruoxue looked at it, made her feel like they were in love!

After an unknown period of time, Wei Yi, who could feel the burning gazes of the few people present, coaxed the great elder until he was almost done. He then looked at Leng ruoxue and the rest in anger and shouted, "Have you seen enough?"

"Don't worry about us, you guys continue!" Leng ruoxue put on an understanding expression.

Continue, my ass!

Leng ruoxue's words made Wei Yi go a little crazy. Which house did this brat come from? Why is he so annoying?

"Xue 'er, stop fooling around. This is our armament Guild's Guild Master. He's the first!" Seeing Xue 'er make fun of the guard division, which he regarded as his master, the great elder wiped his tears and hurriedly said.

"The founding president of the craftsmen's Guild?" Leng ruoxue blinked her eyes and re-examined Wei Yi. I really couldn't tell! The city of desolation was actually a place with crouching tigers and hidden dragons.

### [Chapter 2937 The Twins \(2\)](#)

"That's right. Little girl, what's your relationship with little liuliu?" Wei Yi nodded and then asked.

"President, can you not call me that in front of this junior? Let's just call him little liuliu in private. " The great elder, who was slow to react, requested.

"Why?" Wei Yi blinked his eyes. He clearly didn't think there was anything wrong with the name "little Liu Liu."

Ugh! The head elder was very depressed. Could he say that the name 'little liuliu' was an insult to his dignity as the head elder of the craftsmen's headquarters? Did he dare to say it? If he said it, with the president's bad taste, not only would he not change it, but he would also become worse!

Al! The great elder sighed. From a certain point of view, he had a nameless master and was the same type of person as Xue 'er and the others!

"Great elder is embarrassed." Leng ruoxue considerably answered first elder's doubts when she saw that he was having a hard time explaining. This time, she made first elder's face turn red.

But at the same time, Leng ruoxue had once again attracted the attention of the guard wing.

"Oh! Little liuliu makes me feel very close to him, and it also reminds me of little liuliu when he was young. He was so cute when he was young, and I've known him since he was still a little boy. " Wei Yi seemed to be reminiscing. As a result, the great elder wished he could find a hole to hide in.

Oh ... President! Could she not mention his childhood?

However, it was clear that the people present were all very interested in the great elder's childhood. Their eyes were fixed on Wei Yi, hoping that he would reveal more.

However, Wei Yi also knew when to stop, and didn't really expose the great elder as they had hoped. Then, he asked again, "Little girl, you still haven't told me what your relationship with the great elder is."

"The great elder is a good friend of my Godfather!"

"Xue 'er is my sugar daddy!"

The two of them said in unison ...

The two of them gave completely different answers, which completely confused Wei Yi. Then, he looked at the great elder in disappointment and said, "Little liuliu, you've fallen!"

"....."

The great elder was silent. Xue 'er was indeed his financial backer now! To provide him with all sorts of ores ...

Leng ruoxue took the initiative to change the topic as she glanced at the silent first elder, "Lord Wei Yi, can you tell me the whereabouts of the three phoenixes?"

"I don't know." Wei Yi still said.

Hearing this answer, Leng ruoxue was so depressed that she wanted to scratch the wall. She had already called him an elder, but why was the other party's mouth still shut as tightly as a clamshell?

"President, if you know, please tell Xue 'er!" Seeing this, the first elder said.

"I don't know." Wei Yi still said the same thing.

"Wei Yi, those three phoenixes are Xue 'er's Beastie." Dongfang Yue said.

"What evidence do you have?" Wei Yi asked indifferently.

You want evidence again?

Leng ruoxue was going crazy! Why did this person need evidence for everything?

"Your Excellency Wei Yi, I am Leng ruoxue." Seeing that the first elder was no longer useful, Leng ruoxue had no choice but to reveal her family name.

"I've never heard of it." Wei Yi's expression was as calm as ever.

"....."

Alright! She wasn't a top-grade crystal, so she couldn't let everyone know about her.

After taking a few deep breaths, Leng ruoxue continued, "My master is master Yu!"

"Evidence!" "Guardian wing" again.

Leng ruoxue was completely driven mad. Other than asking her to produce evidence, couldn't this fellow say anything else?

"The great elder can prove it!" After being speechless for a while, Leng ruoxue suppressed the urge to beat him up and gritted her teeth.

"Guild Master, Xue 'er is really master Yu's disciple." The first elder quickly said.

Unfortunately, Wei Yi didn't even believe his words. He just looked at them quietly.

The great elder was helpless. He knew that the president's stubbornness had come up. It didn't matter who said it!

In the end, they looked at each other and uncle long asked helplessly, "What do we have to do for you to believe us?"

"It's simple. Show me the evidence." Wei Yi said casually.

"Even your own disciple can 't?" Uncle long asked, speechless.

"We haven't seen each other for too long." The guard division's excitement from seeing the great elder had disappeared, and it was now abnormally rational.

"Guild leader, we're not working for that wretched person. You'll know once you leave the city of forsaken desolation." The great elder, who understood The Guardian wing very well, said after some thought.

"I won't leave this place now." Wei Yi was a bit stubborn.

"What exactly do you want?" Leng ruoxue was infuriated and roared.

"I only want evidence!" The Guardian wing won't turn back until it hits a wall.

"Girl, leave this guy to me!" At this moment, Cang, who had been napping in Leng ruoxue's arms, opened his eyes and said. It had had enough. This person was really good at that!

After speaking, Azure directly swept away Guardian wing.

"Will the Guild leader be alright?" After Cang and Wei Yi disappeared, the great elder said nervously. He was afraid that senior Cang would hurt Wei Yi in a fit of anger!

"It'll be fine," Leng ruoxue gave the Grand Elder a consoling look, then asked him about the situation of The Guardian wing.

The great elder spilled everything that Leng ruoxue wanted to know. He also found out from Leng ruoxue that The Guardian wing had been poisoned. In an instant, he became more and more nervous.

"Xue 'er, you have to help the president! He's a good person, but he's a little stubborn sometimes. " First elder pleaded.

"Don't worry! His poison has been cured. " Leng ruoxue replied honestly.

When first elder heard this, he immediately felt relieved. Then, he requested Leng ruoxue to send him back to the bracelet.

After Wei Yi was grabbed by the collar by a rabbit, the only feeling he had was depression, extreme depression. Not only was this rabbit strong, but it was also very fast. In the blink of an eye, guard wing didn't know where he was.

Feeling the strong wind whistling past his ears, Wei Yi adapted to it for a long time before he endured the pain on his face from the wind blades and asked, "Where is this place? Where are you taking me?"

He had never dreamed that a rabbit would have such strength. One had to know that he was a reverent-God! Although his strength was relatively weak among reverent-god level cultivators, he was still much stronger than a rabbit! However, this rabbit today had greatly stimulated him!

This rabbit was really too intrepid! He had started to teleport while carrying him without even panting. How could the Hierarch bear this?

If uncle long and the others weren't here, they would have comforted him. "You'll be fine once you get used to it!"

However, on the way here, not to mention getting used to it, Wei Yi simply didn't dare to look directly at the intrepid rabbit that was carrying him.

"Didn't you want evidence? I'll Take You There!" Azure coldly glanced at Wei Yi and spoke truthfully.

"So, we've already left the city of abandoned ruins?" Wei Yi was shocked. How much time had passed! He left the city! Moreover, he didn't even know how to get out of the city!

This didn't make sense!

### [Chapter 2938 The Twins \(3\)](#)

"Correct! I'm going to take you to the Imperial City now!" Azure said indifferently.

"Imperial City? I'm not going there!" Hearing this, Wei Yi immediately refused. The mist was trying to catch him! He was not willing to walk right into a trap!

But since Cangdu had said so, would it be useful to refuse?

"Brat, this is not up to you!" Azure said emotionlessly.

Hmph! From the moment you asked Niu for evidence, you were destined to take a trip to the Imperial City today! Although it wasn't wrong for Wei Yi to be more cautious, it was wrong that the person he was careful of was Leng ruoxue. This had triggered Cang's forbidden lamella, so Wei Yi was destined to be at Cang's mercy!

Don't want to? Are you dreaming?

"Y-you're kidnapping me!" Seeing how overbearing Azure was, guard wing couldn't help but shout.

"You're right. I'm kidnapped. What can you do to me?" He then found a quiet place and threw the guard wing in his hand to the ground.

Wei Yi didn't know what was going on. He thought that the rabbit had finally put him down obediently. Who knew that the next second, a white light flashed in front of his eyes, and then he felt a sharp pain in his body. He looked down and saw that there was a claw mark on his chest. Blood was still seeping out of the five small grooves.

He was injured! Tens of thousands of years had passed. Other than being tortured by poison, the first time he was injured was by a rabbit!

This reality greatly hurt Wei Yi's self-esteem! However, before he could react, a white light flashed in front of him in a dazzling manner. A more intense pain spread from his internal organs.

"Argh! It hurts! Stop scratching!" Wei Yi covered his face and begged for mercy. This rabbit was really too wicked. After scratching its body, it specifically scratched its face!

His face, which had been restored to its original appearance with great difficulty, was burning at this moment. It was even a hundred times more painful than his body. This was the rhythm of disfigurement!

Wu.....Wei Yi was in tears, he was definitely going to be bullied by a rabbit today! He wanted to fight back, but this rabbit's aura was firmly suppressing him, causing him to be forced to endure it passively.

"Hmph! This is just to teach you a lesson for doubting my girl!" Azure sneered and stopped clawing. This guy didn't make any major mistakes, so just giving him a small lesson would do. The reason why he didn't do this in front of Niu was because he was afraid that Niu would be put in a difficult position! Who asked this guy to have a relationship with the great elder of the craftsmen's Guild headquarters!

It had to say, nepotism! How annoying!

After blue stopped, Wei Yi saw that he was finally safe. He carefully looked at Blue's expression and then took out a healing pill.

After a while, the injuries on her body finally didn't hurt as much. However, his healing pills were only ordinary, so they only relieved the pain. His face and body were still covered in wounds.

When Azure saw this, he immediately took out a Supreme-grade healing pill and said to Wei Yi with a look of disdain, "Look at your poor appearance. You don't even have a decent healing pill. How do you survive?"

She was being despised, Wu...This rabbit was really not likable! However, with the lesson learned, guard wing naturally wouldn't easily provoke Cang.

He silently took the pill and swallowed it. The injuries on his body and face were immediately healed. Other than the claw marks on his clothes, there was no other evidence that he had suffered inhuman abuse.

From the looks of it, he was indeed worse than a rabbit!

What kind of world is this! Why was it that even a rabbit was richer than him? One had to know that he was a blacksmith! He was one of the most top-notch God-grade artifact Masters in the divine realm, but a certain rabbit had defeated him with a single healing medicinal pill.

Yousang looked up at the sky at a 45-degree angle. Wei Yi wanted to pretend that the rabbit in front of him didn't exist, but that was obviously impossible.

After taking care of guard wing, Azure continued to teleport with him.

In less than two days, they arrived at Yu city.

At the entrance of the Imperial City, Wei Yi hurriedly lowered his head, afraid that he would be recognized. "Useless thing, you only have this little courage?"

"I have a grudge against the Divine Master. I'll be finished if she finds out." Wei Yi said gloomily.

"I'm here, what are you afraid of?" Cang's face was filled with disapproval.

He raised his head with difficulty and glanced at Cang, but he was being held by Cang's collar. He could only see the fluffy white fur on Cang's body. No matter how strong you were, you were still a rabbit!

However, it didn't take long for this rabbit to open his eyes.

Changing its color, Cang swaggered to the city gate with guard wing. This was the first time the guards of the city had seen a human being carried by a Beastie, so they laughed out loud without even asking. Their wild and unbridled laughter made Wei Yi want to find a hole to hide in.

His reputation! All gone!

However, he had disappeared for too long, and it seemed that these people had long forgotten who he was!

Good, good! With this thought, Wei Yi's heart relaxed.

"Are you done laughing?" Azure asked indifferently.

"Hahaha! This is so interesting. Little rabbit, are you this person's master?" One of the guards asked.

Although they were called rabbits, Totoro, and cats! It had already been marked in their city. However, the rabbit in front of them was not white but gray, so the guard did not realize that this rabbit was equally dangerous. According to their thinking, white was white, and gray was gray. No one could change their colors as they wished!

But Cang could! It could change into whatever it wanted, which led to these people's tragic ending. However, at this moment, they did not realize it at all and even laughed even more intensely.

"He's not my master, he's my captive!" Azure replied calmly.

Hearing this, Wei Yi successfully revived himself. It was too embarrassing! He had become a captive! He wasn't captured by the mist, but he became a rabbit! Fortunately, these people did not know him.

However, it was annoying enough that they could not stop laughing. However, with that rabbit around, the guard wing decided to be magnanimous and not argue with those guards. Otherwise, it would be too disgraceful!

"Captive? Hahaha! How useless must this person be to be taken as a captive by a rabbit!" Someone asked while laughing.

"He's not trash!" It was a pity that Cang Dao's words were not convincing.

Hearing this, the guards laughed even louder.

After a long time, a guard who laughed so hard that tears came out of his eyes asked, "Little rabbit, are you guys planning to enter the city?"

"Nonsense, if we don't enter the city, who would come here!" "I'm sorry," Cang Wuji said calmly as he glanced at the other party like a fool.

"You ..." The guard choked and was so angry that he almost choked. Then, he shouted, "You can enter after paying the entrance fee!"

"City entrance fee? This Lord never pays a fee when entering the city!" Cang waved his claws and said domineeringly. Of course, the main reason was that he had no money!

"If you don't pay the entrance fee, you're forbidden from entering!" The guard roared.

"This is not up to you! I advise you to let me in if you know what's good for you. I won't make things difficult for you. I just want to go in and find someone, but if you insist on collecting the city fee from me, then I can only ..." Azure deliberately left out half of his words.

The guard was fooled and asked with a glare, "Can only what?"

"You want to know?" Azure smiled evilly.

The guard nodded dumbly.

"Watch carefully." Azure warned, and then a small claw slightly raised, and a faint divine power light blade flew out, smashing on the city wall.

As the light blade was too small, even thinner than a strand of hair, the city wall was still intact after it hit the wall. The guard was amused by this scene.

"Hahaha! Do you think you're that rabbit Leng ruoxue? He wanted to smash the city wall with this little strength! Hmph! "You overestimate yourself ..." The guard scolded in disdain and ridicule, but before he could finish, he heard a crack in his ear! Kachaa! Immediately after that, the section of the city wall behind him fell straight down and crashed toward him.

The guard was immediately dumbfounded. When he reacted and wanted to run, the collapsed city wall just happened to hit his thigh. At this time, Cang ruthlessly kicked the other party. This time, the guard was firmly pressed by the city wall. He didn't even have the time to cry out in pain before the unlucky guard fainted.

Seeing this scene, Wei Yi couldn't help but cover his face. This scene was too beautiful, and he didn't dare to look at it directly.

At the same time, the city gate was in chaos!

Someone suddenly shouted, "alert!" Warning! The Rabbit Tribe is attacking!"

Just as someone shouted, the city wall that had not collapsed just now seemed to respond to his scream and collapsed like dominoes.

"What a good thing you've done!" Seeing this, Wei Yi did not hesitate to blame the other party! As the saying goes, those who watch the show are not afraid of things blowing up. Since he had no choice but to come here, he could only go with the flow.

After seeing the rabbit's fearsome attributes, he decisively gave up and hugged Cang's thigh.

This rabbit was amazing!

"No! It's not my fault!" The guard who had been wronged by the guard wing wanted to cry but had no tears. This really had nothing to do with him! This city wall ... This city wall was clearly collapsed by that rabbit, so how could it be counted as him?

Wu ... The guard felt that the sky was going to rain red. Who would help him clear his name?

"How is it none of your business? before you shouted, the city wall was still fine, but after you shouted, the city wall collapsed. There's no way you can get away with it, we have so many eyes on you! Don't you guys agree?" After the guard wing criticized a certain guard, they formed an alliance with the other foolish guards.

Hearing guard Wing's Words, the guards instantly came back to their senses and looked at the unlucky guard with distrust, their faces full of doubt.

If someone had to be the scapegoat for this matter, other than that rabbit, it would be this person!

All the guards made the same decision and abandoned their companions. As the one who had been abandoned, the guard was so angry that he almost vomited blood.

After choking on his words and emphasizing that it had nothing to do with him, the guard passed out in anger.

Wei Yi took a look and was greatly surprised. He didn't expect himself to have such an ability. If he had known this would happen, he would have used this Qi mist flame back then! At that moment, he regretted not realizing that he had this ability earlier. I wonder if it's too late to pick up this specialty now?

He couldn't make up his mind, but Cang gave him an encouraging look. Suddenly, Wei Yi was excited.

As a newly developed skill besides refining, the guard division was very excited. Just as they were about to find a few people to practice with, a group of guards suddenly ran out of the city. The leader of the group had the back of a Tiger and the waist of a bear. As soon as he appeared, he asked in a loud voice, ""The Rabbit Tribe is here? Where is he?"

"If you're talking about me, I'm here!" Azure waved his meaty paws and looked at the person who spoke.

"Only you?" Didn't they say that the Rabbit Tribe was attacking? The leader of the guards was obviously a little disappointed. He had thought that there would be a rabbit-slaughtering competition, but who

knew that there was only one rabbit in front of him? this rabbit was not even the size of his palm, how could they fight it?

"F \* ck! Who said that the Rabbit Tribe had attacked?" After asking Cang, the guard leader turned to the guards guarding the city and roared.

When the city guard heard this, he immediately took a large step back in tacit understanding. This way, he just happened to expose the guard who said that the Rabbit Tribe had attacked.

"F \* ck! You were the one who shouted?" The leader of the guards gave the other party a Hard knock on the head, and then said angrily, ""There's only one rabbit, and you call it an attack by the Rabbit Tribe? What's with your eyes? Do you have to make such a fuss?"

"Boss, it collapsed the city wall ..." One of the guards reminded him while holding his head that was in pain.

At this time, the captain of the guards who had rushed over suddenly realized that the city wall had indeed become a pile of ruins. No wonder he felt that something was missing when he came! He finally found the problem.

Wei Yi deeply admired the guard leader's obvious belatedness, and cleverly pretended to be invisible. If it was a high-end dispute, it was obviously not something that a small figure like him could solve.

As expected, when the guard leader heard the Guard's words, he turned to glare at Cang and asked, "You're the one who collapsed the city wall? What's your relationship with the other white Rabbit?"

"We're twins!" Azure said with a smile.

"Twins!" The guard leader was conflicted by this answer. He knew how strong that rabbit was, so this one ... Was probably not something he could deal with at his level.

"Go and inform the three Xuan Yi Sirs! The younger twin brother of the rabbit is here. " The leader of the guards made a decisive decision.

Then, a guard quickly left like the wind.

"Who told you I'm your little brother?" At this time, Azure looked at the guard leader with dissatisfaction.

"Are you the older brother?" The guard leader was dumbfounded. He didn't know that this rabbit would care so much about seniority.

"It's a must!" Azure said matter of factly.

Hearing Cang's words, Guardian wing laughed in his heart! If he didn't know that the rabbit had changed its color, he would have believed its words. But now, Jian Cang had played the guard leader like a fool, and he felt very satisfied!

Not long after, the extremely unwilling Xuan Yi and the other two also slowly walked out of the city.

Looking at the collapsed city wall, the three of them were very calm, because they were used to it. If the walls of the Imperial City didn't collapse every few days, they wouldn't be able to adapt to it.

However, what Xuan Yi didn't understand was, when did Cang, that fake rabbit, have a twin brother? Why didn't he hear about it? Could it be that there were two Guardian Tower spirits?

At the city gate, Xuan Yi, as the representative of the three reverent-god level cultivators, asked first, "May I ask who you are?"

"I am the heavens!" Azure gave him face as he smiled.

"Good day, Sir Tian." The corners of Xuan Yi's mouth twitched. One was Azure and the other was heaven. Wasn't it azure heaven when they were put together? It was just that he didn't know when another Earth would appear, and they would make a pair!

### [Chapter 2940 The Twins \(5\)](#)

The heavens and the earth! How domineering!

Pulling back his wandering thoughts, Xuan Yi coughed twice and asked in all seriousness, "May I know what business you have in the Imperial City?"

"Do you still need to ask? Of course, I'm here to cause trouble!" Azure said calmly.

Alright! He had asked an idiotic question. Xuan Yi was a little annoyed. He knew that without Xue 'er, no one could make senior Cang speak properly!

"What do we do now?" Seeing this, Xia Yi could not help but ask in a low voice.

"What else can we do? Of course, I'll report this to the Divine Master." Xuan Yi said with a smile.

"Uh! Alright!" Xia Yi sincerely prayed that when the Divine Master saw this rabbit, he would be able to remain calm and not explode with anger.

Xia Yi called over a guard and gave him some instructions. The guard ran away as if he had received a special pardon.

"The three of you are not bad." Seeing them so tactful, Cang was simply too satisfied. As for Wei Yi, he looked at the scene in front of him and felt extremely confused. What was going on?

"Bastard! What are you doing here?" At this moment, an angry roar sounded in everyone's ears. When guard wing heard this sound, he knew that it was the mist ripple. Immediately, he lowered his head even more, afraid that he would be recognized.

A gust of wind blew, and Wu Xiao, who was dressed in black, appeared.

Azure looked at Wu Xiao with a smile and said, "Little Lianlian bitch, why did you change to black? Could it be that he knew that he looked too ugly in red?"

"You shut up!" The mist was furious.

"Stop roaring! Please don't roar! You haven't recovered from your injuries yet! If the blood vessels burst, how much blood would we have to suck to make up for it?" Cold quickly comforted.

"You're here again. What do you want?" Hearing this, Wu Luan gritted her teeth and asked. The veins on her forehead were throbbing. She was already at the limit of her patience. However, she knew that the

current her wasn't suitable to be entangled with Cang. She just wanted to quickly get rid of this annoying fellow.

"I've brought a little kid here to visit and see if you're still alive!" Cold truth said.

"Don't worry, I'm alive and well!" Rivermist replied angrily.

"That's good, you have to take care of your body, my Niu still has to personally deal with you! So, you can't die early, understand?" Azure said with concern. However, its concern was really driving him crazy.

When Wei Yi heard the conversation between the man and the Beast, he was so shocked that he didn't know what to say. It was obvious that these two were very familiar, even close to the point of being familiar. However, from their words, he could hear a feeling of love and death. What kind of rhythm was this?

It had been too long since guard wing had been in the God Realm. He clearly felt that he couldn't keep up with the situation. This was really too worrying.

"By the way, please tell this kid that we're not on the same side!" Just as Wei Yi was feeling sad, Cang said and lifted Wei Yi's chin, making him face fog.

Immediately, Wei Yi burst into tears.

Wu Yan's eyes flickered and she shouted, ""The Guardian wing? You're finally willing to appear!"

"You've got the wrong person!" Wei Yi said in a low voice. At the same time, he couldn't help but glare at Cang! Wu ... Why didn't she let him continue being an ostrich?

"What, you're as timid as a mouse, you don't even dare to admit your identity?" Ripple mist laughed at Wei Yi's words.

Wei Yi didn't say a word. Living was the most important thing. What could he do if he didn't admit his identity? It's not like I'll lose a piece of meat!

"Wei Yi, hand over the forging experience that Yu gave you!" Seeing that Wei Yi didn't speak, Wu Yan said.

"What forging insights? I don't know!" Wei Yi played dumb.

"So you're saying that you don't want to protect the armament Masters Guild?" Wu Chen threatened. If it wasn't for the sake of using the craftsmen's Guild as bait, how could she possibly allow those craftsmen to show off in front of her! Now that they had met The Guardian wing, the craftsmen's Guild was naturally not of much use anymore.

However, the threatened guard wing didn't say anything. In fact, he was having a strong mental struggle. To him, whether it was the craftsmen's Guild or the smithing experience given to him by Lord Yu, they were both extremely important. Otherwise, he wouldn't have been afraid of being forced to leave the craftsmen's Guild and hide away by fog. Now that he had reappeared and fog ripple had brought up the past, these two things that the other party had threatened him with were both his weaknesses!

"Little guy, don't be afraid. With me around, this old woman can't threaten you." Feeling guard wing's struggle, blue patted his shoulder and supported him, at the same time blocking the fog's pressure.

"Cang, don't meddle in my business!" This is a matter between me and him!"

"This little guy is under my protection, so his matters are my matters!" Azure smiled faintly, clearly wanting to meddle in this matter to the end. Hearing this, Wei Yi felt Cang's kindness and naturally continued to hug his thigh.

He could see that the two of them really loved each other and wanted to kill each other. As for Rime, she couldn't do anything to this rabbit. However, at this time, he still didn't remember Cang's identity. Or it could be said that he didn't connect the rabbit in front of him with the spirit of the God-protecting tower at all.

As for fog, because of Cang's words, she was furious, ""Cang, it's fine that you're going against me for Leng ruoxue, but now you're still going against me for the sake of The Guardian wing?"

"Yes! Going against you is my greatest hobby!" Azure smiled evilly.

Riverripple was so angry that she couldn't say anything for a long time.

After laughing enough, Cang said, "little Lianlian bitch!" I finally know why this little fellow doesn't dare to come to Yu city. Isn't it because he has that idiot Yu's artifact refining insights in his hands! You don't even know how to refine artifacts, yet you're fighting over this with a little fellow? You're a temporary God Lord appointed by the laws of the world! Can we not do such a tasteless thing? Besides, so what if you collect that Idiot's things for yourself? That idiot Yu has already fallen, why do you have to see the object and think of him, deceiving yourself and others? That idiot Yu doesn't want to see you, and he doesn't want his things to be in your hands. So, I advise you to hand over the things that idiot Yu left behind! This way, you won't have to look at those things every day and feel sad!"

Hearing Cang's words! Ripple mist was so angry that she was about to explode. She was really just saying whatever she didn't want to hear, and her mouth was smelly and poisonous!

What did he mean by snatching from a little fellow? Yu's tool refinement insights should have been hers, alright?

What did he mean by a temporary Divine Master? She was definitely a true Divine Master! Yu had fallen, so the God World should be taken over by her, the person closest to her!

She wasn't a person without class! He was not deceiving himself! Yu had pampered her when he was alive, so how could he not want to see her after he died?

Fog retorted in her heart, her eyes spitting fire as she glared at Azure and Wei Yi. In reality, she wanted to shout out these retorts, but she knew that no matter what she said, Azure, that annoying fellow, would have thousands of reasons for her. She really didn't want to waste any more time with Azure. At the same time, she also knew that if cold one was determined to protect guard wing, she really couldn't snatch him from that d \* MN cat. All she could do was ignore him!
