

Crazy Wife 2941

[Chapter 2941 The Twins \(6\)](#)

At the same time, Azure couldn't be bothered with rime ice. In any case, he had come here today to prove to Wei Yi that he and the others weren't in cahoots with rime ice. Now that his goal had been achieved, there was no reason for him to continue being entangled with rime ice.

"Little Lianlian bitch, I'm here today to prove one thing."

"What is it?" As for Azure's unpredictable behavior, fog was already too tired to complain, but she still cooperated and asked. Otherwise, this d * MN cat might come up with some evil tricks again!

"We're not on the same side! Didn't I just say it?" Azure smiled smugly, then turned to ask Guardian wing, ""Little guy, Do You Believe Me Now?"

"I believe you!" Wei Yi was speechless. How could he not believe it? How angry was Wu Jing? However, he could only secretly stomp his feet, but there was nothing he could do about this rabbit that could change its color. In front of these two, he considered himself a disadvantageous group, and it was enough for him to be remembered by fog alone, so he did not want to be remembered by this rabbit no matter what.

That would definitely be a nightmare!

"It's good that you believe me! Little Lianlian slut, today's matter is over, we will take our leave!" After saying that, Azure waved goodbye to ripple mist and disappeared with the guard wing, causing ripple mist's face to darken.

Was she being treated like a hot pot?

Wu Xiao was really angry and angry that Cang came here just to torment her, but she knew Cang too well and knew that it was absolutely not worth getting angry with him, but she was still angry! The Furious Wu Yan glared at the guards who were already trembling like Willows in the wind with a dark face before disappointedly disappearing.

After Wu Yan had left for a long time, the leader of the guards asked in a daze, ""Your Excellency Xuan Yi, isn't that rabbit called Tian? Why does the Divine Master call it Cang?"

Hearing this, Xuan Yi only looked deeply at the head guard and felt an inexplicable worry in his heart. He was quite anxious about the intelligence of the guard leader.

Then, without even answering the guard leader's question, Xuan Yi also disappeared in a flash.

When Xia Yi and the other man saw this, they shook their heads helplessly and left.

The guard leader was still confused as he watched the important figures leave one by one. Unfortunately, even the ordinary guards were unwilling to pay attention to him. It was better not to talk about such a sensitive topic!

After Cang left the city with Guardian wing, he saw Guardian wing looking at him hesitantly. He immediately shouted, ""If you have something to say, then say it!"

Senior, can we not be so rough?

Wei Yi secretly sighed, then made up his mind and said, "Senior, I want to go back to the armament Guild headquarters to take a look."

"Why are we going there?" Cang raised his eyebrows and asked.

"Ask them to move as soon as possible. I'm afraid that Wu Xuan will find trouble with them." Wei Yi said honestly.

"If that old woman really wants to find trouble with the armament Guild headquarters, with your strength, what's the use of going back? I won't stop you if you want to die, but you have to hand over the three phoenixes first!" Azure reminded.

"....."

Wei Yimo, senior, you're too unsympathetic.

Seeing through Wei Yi's thoughts, Azure said with a disapproving expression, "Sympathy is not worth much!"

"..." Bad guy! Peeking at his thoughts!

"Do you really need me to peek at your thoughts? I really don't know how you've been hiding for so many years. That little bitch, Rime, has never found you. You're really too stupid!" Azure continued.

This time, Wei Yi didn't dare to let his thoughts run wild. If he knew what he was thinking, how could he live?

"Senior, give me some face and don't strike me down!" Taking a deep breath, the depressed Wei Yi begged.

"Alright! I won't agitate you since you look so pitiful. However, it's really useless for you to go to the armament Guild headquarters at this time. If that old woman, Wu Yan, wants to destroy the armament Guild headquarters, you'll just be a meat bun hitting a dog even if you go. Or is it that you've been hiding from that B * tch for so many years just to be a meat bun in the end?" Azure blinked his Black Diamond Eyes and asked with a smirk.

Could she not call him a meat bun? He was a reverent-God after all! Please respect the strong! Hearing Azure say this about him, Wei Yi couldn't help but feel angry again. However, just as he thought this, he immediately put away all his thoughts and didn't dare to let his imagination run wild, otherwise ...

"That old hag welcomes God-tier meat buns the most! Your blood will definitely be her best food!" As expected, Azure continued to attack.

"Senior, can you help me?" Wei Yi, who wanted to cry but had no tears, knew that the strength of the rabbit in front of him was unfathomable, so he asked for help.

"How do you want me to help you? Little meat bun?" Azure blinked innocently.

He was not called bun-hit-dog.

Wei Yi silently cried, but still said: "I know that senior's strength is powerful and you're not afraid of the miasma, so I would like to ask senior to protect the armament Guild headquarters."

"You want to hug my thigh?" Azure asked.

"Yes, yes." Wei Yi hurriedly nodded. He knew that Cang was strong, so if he didn't hug him now, when would he?

"Not everyone can hug my thigh!" Seeing this, Azure said proudly.

"Senior, let the craftsmen's Guild hold onto your thigh. In the future, if you want to refine a divine artifact, you can do it! You don't need to spend any money, and all the craftsmen are at your command. How cost-effective is this! Don't you agree?" Wei Yi hurriedly spoke of the benefits, but Cang frowned as he listened.

Your sister! It was an Artifact Spirit, and the God-protecting Pagoda was an innate chaotic level divine artifact. Did it need other divine artifacts? So in its eyes, the craftsmen's Guild was really of little value, but a certain person was not aware of it and thought that the craftsmen's Guild was so high and mighty!

"I don't need to forge!" Azure said in disdain.

It was a tool! A top-grade divine artifact!

"Senior, although you're a beast, with a weapon, you won't have to use your claws to scratch people. It's easier this way. " Wei Yi spared no effort to continue to tempt him, and at the same time, he became stubborn, making Azure agree no matter what.

"I'm not afraid of wasting my claws. " Azure felt that he had suffered a loss.

"Senior ..." Jian Cang's words didn't work. Wei Yi could only put down his pride and drag out his voice to beg.

Sure enough, Azure was frightened by Wei Yi's voice. He uncomfortably shook his fur, then slapped Wei Yi's head with his paw and roared, ""Speak properly, or I'll hand you over to the mist bitch!"

Wei Yi, who had been beaten until his eyes were filled with stars, looked pitifully at Cang, feeling extremely wronged! At this moment, he no longer had the wild and cool demeanor he had when he met Leng ruoxue and the others. He only wanted to hug their thighs and seek protection!

Seeing him like this, Cang almost went crazy and wanted to melt it down to make more. However, after thinking about it, it was not bad to get Niu a Weapon Master Guild to play with, it was better than letting it fall into the hands of the rippling fog bitch, so in the next second, it agreed.

Seeing that Azure had finally agreed, Wei Yi was moved to tears. Wu.....It really wasn't easy, he had wasted his time acting coquettishly and acting cute, hard work paid off!

"Senior, thank you!" Wei Yi said excitedly.

[Chapter 2942 The Twins \(7\)](#)

"Don't thank me too early. I'm telling you, what's mine is Niu 's. So, even though I'm protecting your armament Guild headquarters, it still belongs to Niu! In the future, all of you have to listen to her!" Azure warned.

"Understood!" Wei Yi nodded. Suddenly, he felt envious, jealous, and hateful towards Leng ruoxue. How blissful would it be to have such a big thigh to hug? That's right, that little girl said that she was master Yu's disciple, could it be true?

Filled with doubt, guard wing looked at Azure, his face filled with questions.

"Niu is indeed the disciple of dummy Yu." Seeing the situation, Cang said truthfully.

"It seems like I'm the one with the heart of a vile person!" Wei Yi said, somewhat embarrassed.

"It's good that you know. However, we're all magnanimous and won't hold it against you!" Azure said magnanimously.

As he spoke, he teleported with The Guardian wing. It only put down Guardian wing when it arrived at the blacksmith Guild headquarters.

This also made Wei Yi let out a long sigh of relief. Otherwise, if the weapon craftsmen saw him being carried like this, it would damage his image!

After entering the craftsmen's Guild headquarters, the first thing Wei Yi did was to look for the Guild Master. However, he was informed by the waiter that the Guild Master was in seclusion.

"Tell your guild leader to come out quickly, or I'll smash the armament Guild headquarters." Hearing this, Azure immediately roared.

"Senior, calm down! You can't smash this place!" Hearing Cang's words, Wei Yi was afraid. Was this person addicted to smashing other people's houses? Why do you always like to cause trouble?

"Aren't you in closed-door cultivation? I just want to get that President out. " Azure said innocently.

"I have an idea, there's no need to trouble senior." Said Wei Yi, trying to please him.

"Then you do it, this Lord's patience is limited!" Cang waved his little paw and found a place to sit down.

Wei Yi wiped the cold sweat from his forehead and showed a token to the servant. Unfortunately, the servant did not recognize the token.

"I'm The Guardian wing,"he could only say helplessly.

"What's wrong with The Guardian wing?" The waiter asked in confusion.

"Don't you know that the first guild Master of the craftsmen Guild was called Guardian wing?" Wei Yi asked, almost making the waiter go crazy.

"So what? Does it have anything to do with you? Don't think that just because you have the same name as our founding president, you have special privileges in the armament Guild headquarters. Remember, this is the armament Guild headquarters!" The waiter said proudly.

"....."

Wei Yi was dumbfounded. Azure couldn't help but cover his mouth with his little paws and laugh.

Glancing at Cang's reserved smile, Wei Yi was depressed.

"Senior, if you want to laugh, laugh! There's no need to be embarrassed." Wei Yi sighed.

"Hehe! Didn't I tell you to smash it!" Azure laughed evilly, clearly rejoicing in his misfortune.

"Daring to smash the armament Guild headquarters, you're quite bold?" Seeing this man and beast acting as if he didn't exist, the waiter's anger surged to his head.

"I've even smashed the divine lord's estate, what's the armament Guild?" Azure said disapprovingly.

"What big words!" At this moment, an angry voice interrupted.

"And who are you?"

"I'm an honorary elder of the armament Guild headquarters. You can call me elder Ying!" The one who spoke was a middle aged man who was currently walking down the stairs. He was not very strong, only a Godking. However, to be able to become an honorary elder of the craftsmen's Guild, Wei Yi was clear that this person definitely had talent in forging.

Afraid that Cang Zhen would smash the blacksmith Guild headquarters in a fit of anger, Wei Yi went up and grabbed his collar, ordering, ""Tell the armament Guild headquarters" manager to come out, I have important matters to attend to!"

"You're ordering me?" Elder Ying blinked her eyes and asked in disbelief.

"Hurry up, or you'll have to bear the consequences!" Wei Yi threatened, and released a trace of pressure.

Instantly, elder Ying's little face turned pale and she scrambled up the stairs. The waiter was also so scared that his little body kept trembling. In fact, he also wanted to run, but his legs were weak.

"Who dares to come to the craftsmen's Guild headquarters and cause trouble?" Not long after, a group of weapon craftsmen ran down from upstairs with all kinds of weapons in their hands.

"I want to see the president!" Seeing this, guard wing repeated.

"Uh! The president is in seclusion. May I know who you are?" When the leader saw Guardian wing in person, he immediately changed his attitude. This person gave him the feeling that he was very strong. As a non-combat Guild, he really didn't want to make an enemy out of a stranger.

"What about the Vice President?" Wei Yi asked again.

"Little guy, the two vice presidents here are with my girl!" Cang laughed before the other party could reply.

"....."

Wei Yi mo, so he had come here for nothing?

"Who's your girl? Our vice-leader is in Demon City?" The leader of the group asked in surprise. Could it be that something had happened to the two vice presidents? But why didn't they receive any news at all?

"My girl is Leng ruoxue." Azure said arrogantly with a proud face.

"Argh! So it was miss Leng's Beastie! It was a misunderstanding! We didn't know your identity, please don't take it to heart!" Seeing Cang mention Leng ruoxue's name, the leader's attitude immediately took a 180-degree turn. He treated Cang even better than before.

Seeing this, green proudly gave Wei Yi a provocative look, his black eyes red as he wrote: 'look, my girl's name is better than yours, right?'

Facing Cang's smugness, Wei Yi could only feel depressed, because he couldn't deny that the girl's name was better than his. Because even if he said the two words "Wei Yi," people would think that they had the same name!

"I don't blame you! Who's the one in charge of the armament Guild headquarters now?" Azure asked, showing his magnanimity.

"That's me. I'm the fifth elder of the armament Guild headquarters. " That person took the initiative to say.

"Don't you know him?" Pointing at Wei Yi, Azure asked with a smirk.

Hearing this, the fifth elder carefully sized up the guard division, but in the end, he still shook his head,"He looks familiar, but I can't remember where I've seen him before."

"He's The Guardian wing, the first president of the craftsmen's Guild!" Cang solved the mystery!

"What?" Hearing this, the fifth elder's face paled. He continued to stare at The Guardian wing in disbelief. To be honest, he had only heard of the name of The Guardian wing and had never seen it in person. However, he had seen the image of the founding president once, and the man in front of him gave him a sense of deja vu. But he couldn't just randomly call himself the president! Even though he believed that Leng ruoxue's Beastie would not lie to them, he still had to verify it!

"May I ask if your Excellency has any proof?" The fifth elder asked after he had examined her.

Hearing this, Azure couldn't help but laugh madly. He pointed at Wei Yi and said,"Little guy, they want evidence just like you! Really, if you're not family, you'll join the same family!"

Wei Yi's face darkened, but he still took out the token from before and showed it to the fifth elder.

Seeing the token, the fifth elder was instantly excited! This was the personal token of the first president!

[Chapter 2943 The Twins \(8\)](#)

"President!" After confirming, the fifth elder's eyes were filled with tears as he choked.

"You admit it just like that? Aren't you going to confirm it?" Cang reminded.

Senior, what do you mean? Was he afraid that the world would not be in chaos? Wei Yi looked at Cang with a face full of hidden bitterness.

"There's no need to confirm. He's definitely our guild leader." The fifth elder said with certainty. He believed that Leng ruoxue's Beastie would not lie to him! After all, his relationship with the armament Guild headquarters was not ordinary!

"Fifth elder, I have an important matter to discuss with your current president. Please ask him to come out of seclusion!" Guard wing, whose identity had finally been confirmed, said cautiously.

"Alright! President, please wait a moment. " The fifth elder said respectfully.

Finished speaking, the fifth elder personally went to handle this matter, while Wei Yi and Azure were also invited into the VIP room.

Sitting on the chair in the VIP room, Wei Yi looked at Cang with a puzzled expression.

"What's wrong?" Cold asked as he felt guard wing's gaze.

"Why didn't they suspect anything when you said you were Leng ruoxue's Beastie?" Regarding this question, Wei Yi had been thinking for a while, but he couldn't figure it out.

"Character! Do you understand?" Azure said smugly, then sprawled on the table.

"....."

These words caused Wei Yi to feel a sense of melancholy.

"President!" Suddenly, a whirlwind rushed in from the outside and headed straight for The Guardian wing.

Guard wing, who wasn't prepared at all, was thrown to the ground.

"Dammit, get up!" Wei Yi's face darkened as he angrily glared at the person on top of him.

"Guild leader, I'm so excited!" A certain man said with an embarrassed expression. He was the armament Guild's current president, Xue Qi.

"I have something important to discuss with you." Wei Yi nodded his head in understanding and said straightforwardly.

"Please speak, President." Xue Qi said, a little like a Lackey.

Although it was not the time to reminisce, Wei Yi still explained the cause and effect of his disappearance to Xue Qi and several elders who had followed him. He also emphasized that Wu ice might attack the craftsmen's Guild.

When Xue Qi and the other elders heard this, they were at a loss.

Without Wei Yi even mentioning Cang, Xue Qi and the other elders all turned their eyes to Cang. In the entire God World, Leng ruoxue was the only one who dared to go against Wu Cheng!

"In the future, the craftsmen's Guild will be under my protection." Seeing this, cold waved his claws and said very arrogantly.

"Thank you, this beast race senior. Thank you, miss Leng!" Xue Qi and the others quickly expressed their thanks. Wei Yi was depressed that they were acting like lackeys.

From the looks of it, other than him who did not know Leng ruoxue, everyone else knew her! More importantly, that little girl's position in the divine realm seemed to be quite high!

Originally, he had thought that he would have to spend a lot of effort to convince the always proud armament Guild headquarters to be willing to rely on the protection of others! Unexpectedly, it was completely different from what he had imagined in advance. Without even letting him speak any nonsense, this group of people from the armament Guild headquarters had spontaneously found a thigh to hug! Such a fact made him, the founding president of the armament Guild headquarters, feel no sense of accomplishment!

But now that things had come to this, everyone was happy! He could finally be at ease.

Unfortunately, he didn't feel at ease for long. In order to show his protection, Cang directly injected his divine power into his voice and shouted at the top of his voice, "Ripple mist B * tch, the armament Guild headquarters is mine now. I dare you to touch it!"

These powerful words instantly spread throughout the entire divine realm. Immediately, cold sweat appeared on the foreheads of Wei Yi and the others.

Was this a provocation?

However, in a short period of time, they probably wouldn't know whether this was a provocation or not. After hearing Cang's words, fog ice chose to ignore it.

Right now, healing was the most important thing. She didn't have time for the weaponsmiths quarter. In her eyes, the Wei Yi would be in her pocket sooner or later, so she wasn't in a hurry.

After Azure had taken Guardian wing to settle the issue of ownership of the weapon masters Guild, he had brought Guardian wing around the divine realm before returning to the abandoned land. Although guard wing had protested countless times that Azure shouldn't take him away, it was a pity that he was completely ignored.

Seeing Wei Yi return home, Leng ruoxue and the others quickly looked him up and down. When they saw that he was completely unharmed, they instantly felt relieved. After all, he was the great elder's master in name, and the great elder would feel heartache if he was hurt.

This time, there was no need for Leng ruoxue and the others to waste their breath. Wei Yi directly said, "I've hidden the three phoenixes. "

"You ..." Leng ruoxue didn't know what Azure had done to change Wei Yi's attitude, but the difference was too great. She couldn't believe it.

"Senior Cang is my thigh now." Wei Yi saw Leng ruoxue's face full of question marks and took the initiative to explain to her.

"..." Leng ruoxue and the others were silent. Did this mean that Wei Yi was clinging onto Shang Cang's thigh? No wonder he was so obedient!

"Girl, don't be too touched!" Hearing this, Cang's face was begging for a caress.

Leng ruoxue did as it wished and touched Cang's fur. Cang closed its eyes in happiness and lay in Leng ruoxue's arms.

Seeing this rabbit acting so coquettishly, Wei Yi couldn't help but twitch the corner of his mouth. This, this was the rabbit that had kidnapped him? Why was he so gentle towards Leng ruoxue, but so simple and rough towards her?

In fact, Wei Yi was too embarrassed to tell everyone that after Cang took him away, he beat him up before taking him to the immortal realm. Of course, they also went to the Imperial City. When they arrived, a certain rabbit showed his divine might and directly collapsed the walls of the Imperial City. As expected, they also saw fog ice in the Imperial City.

He had personally witnessed the scolding battle between Leng ruoxue's rabbit and fog Phoenix. He had also witnessed how fog Phoenix was so infuriated by a certain rabbit that her blood vessels almost burst!

In the rabbit's words, didn't you want evidence? I'll bring you directly to the ripple mist! After finding trouble with rime ice, I'll let you see my girl's reputation in the divine realm!

As expected, Wei Yi's vision started to change and he gave in!

This rabbit was too terrifying. He couldn't afford to offend it! More importantly, the armament Guild headquarters still needed their protection!

Sob ... Thinking about what had happened these past few days, those were all tears!

"Now, are you willing to tell me where the three phoenixes are?" Leng ruoxue could feel that Wei Yi had been through a lot these past few days, so she couldn't help but ask in a gentle voice.

"En!" Wei Yi nodded his head vigorously. Could he not tell? He had already seen the evidence, and he had also hugged a certain rabbit's thigh. If he didn't say anything, that rabbit would probably go crazy! At that time, wouldn't he be the unlucky one?

After that, Wei Yi brought Leng ruoxue and the others to the backyard and opened one of the doors. He then said, ""Come in with me!"

Upon entering the room, Leng ruoxue and the rest realized that it was an extremely ordinary room. Other than an old bed, there was no other furniture in the room. Naturally, there were no signs of the three phoenixes.

However, Leng ruoxue and the rest did not say much. They only followed Wei Yi with calm expressions. Seeing this, the more guard wing felt that his previous suspicion had been unnecessary.

[Chapter 2944 The Twins \(9\)](#)

In reality, he didn't want that to happen either. However, it had been too long since he had moved around the divine world, and fog ice had been searching for his whereabouts all this time. Thus, he had to be on guard.

After opening a wall and revealing a secret passage, he brought Leng ruoxue and the rest in.

After walking for an unknown amount of time, Leng ruoxue and the rest finally saw a ray of light. They then realized that this secret tunnel led to a mountain because they were already in an unknown mountain.

In the next second, they were surrounded by hundreds of armed men in gray.

"Our own people!" Wei Yi took out a token and showed it to the other.

Seeing this, the other party immediately put away his weapon and looked at guard wing with a respectful expression. He hesitated and said, "You're the boss?"

"What, you don't even recognize me?" Wei Yi sighed helplessly.

"N-no, it's not that. It's just that your face is different!" A gray-robed man said carefully.

"I've been detoxified," Wei Yi explained.

When the grey-clothed people heard this, they immediately cheered and crowded around the guard division as they walked to the front. Leng ruoxue and the rest pretended to be invisible and followed behind them silently. Knowing that they had been brought here by The Guardian wing, the gray-clothed men were very polite to them after confirming their identities.

The mountain path was rather rugged. Leng ruoxue and the rest followed behind Wei Yi and the rest for a long time before they reached the peak.

At the top of the mountain, there was a spacious three-story building built against the mountain. Leng ruoxue could tell with a single glance that it was also a house.

"Little girl, this is my base camp. I've placed the three phoenixes here." After entering the courtyard, Wei Yi turned around and said to Leng ruoxue.

"Master, you're back!" At the same time, a young man quickly came to Wei Yi's side and shouted with excitement.

"This is my disciple, Meng Xiao!" Wei Yi introduced.

"The previous president of the craftsmen's Guild?" Leng ruoxue said.

"Eh? You recognize me?" Meng Xiao asked in surprise.

"I don't recognize you." Leng ruoxue replied honestly.

"Uh!" Meng Xiao was depressed. She couldn't recognize him, but she could still tell his identity?

"I recognize the first elder and the two vice presidents of the craftsmen's Guild." Leng ruoxue smiled.

"I see." Meng Xiao understood.

At this moment, Leng ruoxue moved the head elder of the craftsmen's Guild out. Liu Yue and Mo Yan were with him.

As soon as Mo Yan came out, he was also not used to it. All these years, he had been staying in Xue 'er's space with his disciple, almost never leaving the house, so he had no idea how he had been moved out. However, before he could ask the question in his heart, he saw Wei Yi and Meng Xiao standing not far away from the corner of his eye. He immediately became excited.

"President!" Mo Yan shouted, and then excitedly pounced on the two. He was more familiar with Meng Xiao, but he was not as unfamiliar with Wei Yi as the others in the craftsmen's Guild. After all, Wei Yi was a god-like figure in the hearts of the craftsmen of this generation.

Mo Yan excitedly threw himself in front of Meng Xiao and Wei Yi, choking with sobs. At this moment, Liu Yue and the great elder also walked over, and the few of them hugged each other and cried.

Seeing this, Leng ruoxue and the others automatically made way for them while they hid in another corner of the courtyard.

"Little girl, do you still remember me?" Suddenly, a slightly flirtatious voice rang in Leng ruoxue's ears.

Leng ruoxue turned around and saw that the person who spoke was a young man. The man's clothes were unusually bright, like a Peacock fighting for beauty.

Upon seeing this person, Leng ruoxue frowned before looking at the demon.

"You are Xiao Fan from black fog cliff?" The demon revealed the man's identity.

Xiao Fan was excited when he saw that he had been recognized. He immediately ran to the demon and said, ""Not bad, you still remember me! You're not like a certain heartless person who had long forgotten about me!"

Hearing this, Leng ruoxue and the rest had goosebumps all over their bodies. However, his words had successfully attracted the attention of uncle long and the rest towards Leng ruoxue.

Needless to say, the heartless person this person was referring to was definitely Xue 'er.

As for Leng ruoxue, after the cold chill, she acted as if she had not heard Xiao fan's words and said calmly, ""Your boss can't leave now. Take us to see the three phoenixes!"

"Little girl, it's fine if you pretend not to know me, but you still want me to run errands for you?" Xiao Fan pointed at Leng ruoxue and said.

"Do you want me to find it myself? Oh! If I were to look for it myself, I can't guarantee what this place would look like!" Leng ruoxue threatened.

"I'm scared of you, okay? I'll Take You There. " Sighing, Xiao Fan said in a sullen tone.

"Then stop talking nonsense!" Leng ruoxue urged, forcing Xiao Fan to swallow back his unspoken complaints.

Xiao Fan, who had resigned himself to his fate, led the way in front, but his heart was beating fast. This little girl's aura was much stronger than when they met her in the Haotian continent. At that time, Leng ruoxue was just a little kid in their eyes, but now ...

He was full of tears!

After leading Leng ruoxue and the others to the backyard, Xiao Fan pointed to a courtyard and said, "It's there, you guys go!"

Leng ruoxue nodded and brought the demon and the rest to the courtyard.

There were only two rooms in the small courtyard. Leng ruoxue pushed open one of the rooms, and it just so happened that her two old phoenixes were living inside.

At this moment, the two old phoenixes were lying side by side on the bed, unconscious. Leng ruoxue examined their injuries and discovered that they were only in a deep sleep due to their injuries. Their lives were not in danger, so she was relieved.

Not long after he took out two Supreme-grade healing pills and fed them to the two old phoenixes, the two old phoenixes slowly woke up.

As soon as they woke up, Feng Huo and Feng Miao were both a little confused. After being stunned for a while, the two of them touched each other and said in unison, "Have we recovered from our injuries?"

The moment the two of them woke up, their consciousness was still at the moment when they were injured. Now that they saw that the two of them had no injuries at all, they were quite surprised. Who had saved them?

The two of them looked at each other, their eyes still filled with confusion. They were obviously slow to react, so they did not realize that they were being watched.

"What a good gay friend!" Uncle Long's sigh woke up the two of them from their daze.

"Argh! W-Who are you?" Feng Huo and Feng Miao raised their heads and saw that there were a few more people in the room, and they were immediately shocked.

"You don't even recognize your master?" Uncle Long pointed at Leng ruoxue and asked.

"M-master?" Feng Huo asked carefully. He could sense that his master was very close to him, but was this ugly woman in front of him really his master?

The Phoenix Fire didn't dare to recognize it!

It would be so embarrassing if he recognized the wrong master!

"Old fire!" Sighing softly, Leng ruoxue looked at old fire's silly expression and could only speak on her own.

[Chapter 2945 The Twins \(10\)](#)

Hearing that the voice belonged to the owner, old fire became excited.

"Master! Wu ... Old fire thought that he would never see you again! But why did you change again? Is he disfigured?" Feng Huo couldn't help but guess.

"I've changed my appearance!" Leng ruoxue gritted her teeth. Could this old Phoenix not be so out of line? When they first met, he was still normal!

"Oh! Master, why do you change your appearance every time?" Feng Huo asked with great curiosity.

"....."

Was this important? Leng ruoxue couldn't understand why old fire would be so concerned about this. Ice Spirit's reaction was more direct. He had already slapped old fire's head, causing old fire to grimace in pain.

"Who are you? What right do you have to hit me?" The Phoenix Flame was furious.

"I'm ice Spirit! I'm beating you up on behalf of Feng Wu!" Ice Spirit roared.

"Ice Spirit? Which Ice Spirit?" Feng Huo couldn't help but ask. He only knew of one Ice Spirit, and that was the Qilin clan leader. This person couldn't be him, right?

"Qilin clan's ice soul!" Ice Spirit said honestly.

When Feng Huo and Feng Miao heard this, they were instantly dumbfounded.

The ice soul of the Yi, Qilin clan? Wasn't that the Qilin clan's patriarch?

"Master, he really is?" The Phoenix Flame couldn't believe it and turned to ask its master. He believed his master more.

Leng ruoxue nodded.

The Phoenix Fire was at a loss.

"Senior, senior ice soul!" Feng Huo said in a low voice. He was so scared that he didn't dare to raise his head.

"Okay, don't be so out of line!" Ice Spirit reminded.

"I know." "Yes," Feng Huo replied, then looked at Leng ruoxue with a wronged expression. Master! How did you manage to bring this dangerous item? With him around, how are we Beastie supposed to live?

The ice Spirit was undoubtedly giving Feng Huo and Feng Miao a lot of pressure. After all, the ice Spirit was not only powerful, but also had a high status in the beast clan. In front of the ice Spirit, who was the most senior beast in the beast clan, the two of them were like children. They were at a loss when facing the ice Spirit.

Besides, they didn't know why the ice Spirit was with its master. Most of the rumors in the divinity said that senior ice soul was in closed-door cultivation, and some said that he was injured and unconscious. But now it seemed that senior ice soul was in good condition. At least, he was much stronger than the king of their Phoenix Clan.

"Isn't there another Phoenix?" Ice Spirit reminded.

"Argh! Little six!" With Ice Spirit's reminder, the two of them suddenly realized that they had forgotten about the sixth elder. They quickly stood up and ran outside.

Leng ruoxue and the rest sat calmly. Very quickly, Feng Huo and Feng Miao turned back. Feng Huo even said with tears in his eyes, ""Master, where is little six? Wuwu ..."

"Idiot!" Ice Spirit cursed, then stood up and walked out.

Leng ruoxue shook her head in disappointment and walked out. The demon and the rest followed him one by one.

Seeing this, Feng Huo and Feng Miao were even more confused. However, they still followed Leng ruoxue and the rest with determination.

Following him to the next room, the two of them saw the unconscious sixth elder lying on the bed. With a swoosh, they rushed to the bed and wailed, ""Little six, you died a terrible death!"

"....."

Black lines slid down the foreheads of Leng ruoxue and the others.

It seemed that going offline was also contagious.

Seeing Feng Huo and Feng Miao lying on the bed of the sixth elder of the Feng clan, crying their hearts out, Leng ruoxue was a little flustered. In the end, she could no longer bear it and shouted, ""Why are you crying? Who said she's dead!"

"Uh! He didn't die? Then why is there no aura at all?" Feng Huo asked in a daze.

"Her injuries are more serious than yours, and she's in a deep sleep! However, if you continue to cry, she might really lose her life. " Leng ruoxue gritted her teeth.

"Master, please save her." When Feng Miao heard this, she immediately pleaded nervously.

"Get out of my way!" Leng ruoxue was going crazy.

"Yes!" The two of them moved in an orderly manner and immediately made room for the bed.

Leng ruoxue also took out a pill and fed it to sixth elder. However, the sixth elder's injuries were more severe than Feng Huo and Feng Miao 's, so he didn't wake up as quickly as they did.

Feng Huo and Feng Luan watched the sixth elder eat the pill without blinking. After a while, the sixth elder finally opened his eyes, and the two of them let out a long sigh of relief.

"Little six, we're safe." After the sixth elder woke up, Feng Huo and Feng Miao said in unison, afraid that she would be worried.

"Did Qing 'er manage to escape?" The sixth elder, whose body was still very weak, asked. This question obviously stunned Feng Huo and Feng Miao. They didn't know!

"Qing 'er is already in Demon City," Leng ruoxue replied for the two of them.

"Little six, you can rest assured. Qing 'er is in Demon City!" Hearing their Master's words, Feng Huo and Feng Miao finally relaxed. Although they also loved Qing 'er, they couldn't compare to the sixth elder. Therefore, they really didn't dare to imagine how sad little six would be if something happened to Qing' er. But now, everyone was fine.

"Old fire, who are they?" The sixth elder couldn't help but ask when he saw the stranger in front of him.

"She's my master!" Phoenix Flame said excitedly.

"Leng ruoxue?" The sixth elder said hesitantly.

"It's me. " Leng ruoxue nodded.

"Miss Leng, thank you for saving us." The sixth elder said gratefully.

"I just found you. I wasn't the one who helped you before." Leng ruoxue replied honestly.

The three old phoenixes looked at each other when they heard this.

"The one who saved you was the previous president of the armament Guild. However, you should rest first! Even if I want to thank them, there's no rush. " Leng ruoxue smiled as she saw through their thoughts.

The three of them felt much more at ease after hearing this.

After resting for two days, the three of them personally expressed their gratitude to The Guardian wing.

At this time, Wei Yi and the others had finished reminiscing, and everyone was somewhat excited. After Xiao Fan found out about Leng ruoxue's past, he would appear in front of her from time to time in order to get to know her. It was a pity that Leng ruoxue continued to ignore him.

Xiao Fan, who refused to give up, was stopped by the demon when he went to look for Leng ruoxue again.

"What do you want?" The demon dragged Xiao Fan to a corner and questioned him.

"Old friends, we're catching up! Don't be so unfriendly!" Xiao Fan saw the demon's unfriendly expression and quickly lowered his head.

"Who's your old friend?" The demon raised his eyebrows and said in disdain. He had not forgotten that when he had first thought of black fog cliff, this group of people had given him and the others a difficult problem. Although it was a mission, if it was not for Xue 'er's ability in alchemy and the fact that she had managed to refine a high-grade divine antidote, they would have probably been handed over there.

"Don't be like this!" Xiao Fan was helpless. Why was it so difficult for him to cozy up to someone? To be honest, he never thought that Leng ruoxue would be able to grow to such an extent in less than a hundred years. After hearing about Leng ruoxue from the first elder and the rest, his respect for her was like a torrential River that flowed endlessly. He did not hesitate to hug her thigh. Unfortunately, she would not let him hug her thigh!

[Chapter 2946 The Twins \(11\)](#)

This won't do! Xiao fan's will was firm, and he would not admit defeat easily.

"Then what do you want?" The demon laughed evilly.

"I want to hug your thigh." Xiao Fan said directly.

"Aren't you two already hugging?" The demon reminded him. Oh right, he seemed to be hugging that d
* MN cat!

"That was carried by the city Lord, I want to carry him alone." Xiao Fan laughed.

"So you want to replace Wei Yi?" The demon purposely explained to Xiao Fan.

"Don't wrong me! I just feel that we're old friends, and we should take care of each other!" Xiao Fan looked at the demon and said.

"That sounds reasonable." The demon nodded.

"That makes sense, right?" Xiao Fan was pleased.

"Yes, but so what? You'd better stay away from Xue 'er, if you continue to pester her, don't blame me for being impolite. " The demon threatened. After saying this, he turned around and left, leaving the dumbfounded Xiao Fan standing there.

Xiao Fan never dreamed that this guy would suddenly turn hostile!

"You were threatened, right? You deserve it!" At this time, a woman walked to Xiao fan's side and gloated.

"What do you know! I'm definitely going to cling onto Leng ruoxue's thigh. " Xiao Fan said, not willing to admit defeat.

"Yes, I support you. I didn't expect her to grow so fast in just a few years!" The woman looked at Xiao Fan and couldn't hide her surprise.

The woman was Bai Xi.

Back in the Haotian continent, they had been ordered to find all kinds of herbs to refine antidotes. At that time, Leng ruoxue was just a little fellow with a good cultivation base, and she had even refined high-level antidotes for them. But now, Leng ruoxue had become an existence that they looked up to. She could no longer look at Leng ruoxue the way she used to, nor was she as heartless as Xiao Fan, who wanted to get close to her.

Al! It was infuriating to compare people!

Their improvement was limited, but Leng ruoxue had long surpassed them by several streets.

Sighing, she looked at Xiao Fan, who was still trying to cling onto Leng ruoxue, and then she left.

At the same time, Wei Yi, who was in the living room, was also talking to Leng ruoxue about what had happened back then.

Wei Yi sighed. Never in his wildest dreams would he have thought that he and Leng ruoxue would have such a connection. The antidote pill that year was refined for him. However, the antidote pill was not of much help to him. Even so, he still had to thank Leng ruoxue.

When Leng ruoxue heard this, she also felt that they were too full of themselves.

"By the way, what's the use of the token they gave me?" Leng ruoxue suddenly remembered that she still had an unused token in her bracelet storage. She could not help but ask curiously.

"Hehe! Take that token. If we are fated to meet again, I can make you a Supreme-grade divine weapon for free. " Wei Yi explained, a little embarrassed.

"You mean I have to come to the city of abandoned ruins or find you for the token to work?" Leng ruoxue blinked her eyes and asked.

"Yes, I am!" Wei Yi said, somewhat embarrassed.

Hearing the other party's affirmative answer, Leng ruoxue gave Wei Yi a disdainful look. This guy, what he gave was simply an empty check! Who would come to the city of abandoned ruins? It was even more difficult to find where they lived than to go to the city of abandoned ruins.

Fortunately, she had long forgotten about the token she had accidentally obtained that year, otherwise she would have been depressed to death.

"That ... If there's a chance to see it, it's worth it." Wei Yi, who was despised by Leng ruoxue to the point of being unable to show his face, argued in a low voice.

"Alright then!" Leng ruoxue nodded. She didn't want to be caught up in this matter and took the initiative to change the topic, "What's your next plan? Do you want to leave this place?"

"No, don't you own this place now? We'll be safer here. " Wei Yi shook his head. He was already used to living here and didn't want to easily change places.

"Even though this place belongs to me now, it may not be safe! After all, this is Wu Yan's territory. If she finds out that this place has changed owners, I'm afraid there will be trouble. So, are you really not considering leaving here?" Leng ruoxue tried to entice him.

"Don't scare me. I've been living in seclusion here for many years to avoid her. I'm already used to life here. " Wei Yi still gave the same reason.

"Could it be that you feel that the more dangerous the place, the safer it is?" Leng ruoxue asked.

"How did you know?" Wei Yi was surprised that Leng ruoxue had guessed correctly.

"Isn't it obvious? By the way, I'm planning to craft an acquired Chaos Divine artifact. Are you interested in watching?" Leng ruoxue threw out another bait. The reason why she spared no effort in trying to abduct Wei Yi was because this guy had once received master's true inheritance in the field of forging. According to Cang's gossip, he still had master's forging experience. Such a talent, of course she couldn't let him go.

With him around, he might even be able to give her some inspiration!

"Houtian Chaos Divine artifact?" Hearing this, Wei Yi's eyes lit up.

When Leng ruoxue saw him, she knew that he must have heard of it. She nodded and said, "Are you interested in participating? Even though you'll probably only be able to watch. "

"We must watch!" Wei Yi's eyes were shining, clearly very interested.

"Then you'll have to leave this place with me," Leng ruoxue replied honestly.

"Can't you refine it here?" Wei Yi said, somewhat conflicted.

"Demon City is my real home. I miss home." Leng ruoxue said pitifully. In order to successfully abduct him, she had to pretend to be pitiful.

"Uh! What do you plan to do here?" Wei Yi could not help but ask.

"This place! We can only leave it for now. " Leng ruoxue said after some thought. After all, she still needed this place. However, she wouldn't use this place as a base. After all, the environment here was too bad.

"Alright! I'll go back with you, but I'll have to bring everyone here. " Wei Yi requested. This was the power he had accumulated over the years. Although it was not very strong, it was these people who had accompanied him during his most difficult times, so no matter when or where, he would not leave these people and leave by himself.

"Sure, there are plenty of places in Demon City." Leng ruoxue agreed.

After that, the two of them discussed some details, and then Wei Yi left to inform his subordinates to move.

Leng ruoxue had also returned to her room.

Not long after, Feng Huo and Feng Miao found Leng ruoxue. The two of them looked at each other hesitatingly, neither of them willing to speak first.

Seeing their reaction, Leng ruoxue could only ask directly, "What's wrong? Do you have something to say to me?"

"Master, are we leaving this place?" Feng Huo carefully asked.

"Yes." Leng ruoxue nodded.

"Then, then the Phoenix King ..." Feng Huo only said two words and couldn't continue. He really wasn't suitable to ask this kind of thing!

[Chapter 2947 Twin \(12\)](#)

"You want to know when the Phoenix King will save you? The sixth elder sent you here to ask, right?" Leng ruoxue asked with a faint smile. She only found the two old phoenixes' coyness funny. As her Beastie, he naturally could not hide his thoughts from her.

"Master, don't blame little six. She's just too worried about Feng Wu, so she asked us to ask her. She didn't mean to rush you, so don't worry!" Feng Miao was afraid that her master would be angry, so she quickly explained on behalf of the sixth elder.

"I understand. But, sixth elder, how can you be so sure that I can save the Phoenix King?" Leng ruoxue was a little confused. Where did the old Phoenix get its confidence from?

"Master! In the entire divine realm, if even you are unable to save the Phoenix King, then no one would be able to save the Phoenix King. " Feng Huo laughed and said.

Hearing his words, Leng ruoxue was speechless. So their confidence in her came from their flattery! However, the matters of the Phoenix King, The White Tiger King, and the Dragon Emperor really had to be brought forward on the agenda. He just didn't know if his current strength was enough to unseal the fog ice.

When she thought of this, she felt sorry for the mother parasol tree. After all, when she left the Phoenix tribe with the mother parasol tree, she had said that she would try to save the Phoenix King within ten years. However, she did not expect to use so much time for cultivation. Fortunately, after the mother parasol tree entered the bracelet, its strength recovered quickly and at the same time, it also bought a lot of time for the Phoenix King. Otherwise, she was afraid that she would really feel sorry for the mother parasol tree and the Phoenix battle.

"Take me to the place where the Phoenix King was sealed! I'll take a look at the situation before making a decision. " Leng ruoxue said after some thought.

"Master, we know that place. We'll take you there." Phoenix Fire hurriedly said when he heard this.

Leng ruoxue nodded her head and informed the evildoer of evil and the rest. They decided to go with her.

When he walked to the gate, he met Wei Yi again. When he asked, he also said that he wanted to go. Left with no choice, Leng ruoxue could only bring along a large group of people.

Under the guidance of Feng Huo, Feng Miao, and the sixth elder, they found the place where the Phoenix King was sealed with great familiarity.

There was also a tall mountain there. After entering the cave, they soon arrived underground.

The underground area was pitch black. Leng ruoxue lit up a small flame, illuminating the entire secret passage.

"Master, we've searched for a long time before we found this place." Feng Huo answered Leng ruoxue's questions as they walked.

"There's no one guarding this place?" Leng ruoxue asked.

"No, I didn't! That old woman is probably too confident in her formation, so she didn't send anyone to guard this place. This is a good opportunity for us. " Phoenix Flame said excitedly.

"Don't be too happy yet. I believe that as long as someone dispels the formation or touches it, the mist will know. With her speed, she can definitely reach here in an instant. " Hearing Phoenix fire's words, guard wing couldn't help but pour cold water on his head.

As a Weapon Master, he was naturally well-versed in array formations. According to what he knew, Wu Xuan might not be proficient in alchemy and weapon refinement, but her attainments in array formations were unparalleled except for Sir Yu. This was also the main reason why he had to follow them. He was afraid that Leng ruoxue and the others would activate the array formation without knowing the truth and alarm Wu Xuan. At that time, no one could escape easily.

Of course, that was unless senior Cang was willing to help.

However, since he already knew Cang Cang's identity, he didn't have any hope of Cang Cang taking action. After all, as one of the older guys who had lived for a longer time in the divine realm, he knew more about certain things than others.

"Then, then what should we do?" Hearing Wei Yi's words, Phoenix Flame was somewhat at a loss. At the same time, she was also somewhat glad that they had not touched that formation. Otherwise, if it was really like what Wei Yi said, wouldn't the three of them be seeking their own deaths?

"We'll take one step at a time!" Wei Yi sighed.

"Hmm, let's wait and see!" Leng ruoxue chimed in.

The group continued to move forward.

After walking for an unknown amount of time, they finally came to a relatively wide area. In front of them, there was a formation with a six-pointed star pattern that was spinning at a constant speed.

They walked to the front of the formation. Other than Leng ruoxue and Wei Yi, who were carefully observing the formation's operation pattern, the others could only stare with wide eyes at the commotion.

The demon and the others were all formation-blind!

"Xue 'er, do you see the red mark in the center of the formation? I'm guessing that it's definitely connected to the mist ripple. " Wei Yi pointed at a part of the formation.

Leng ruoxue nodded. She could tell that this was the most advanced God-binding array. The God-binding array was the most advanced array, but the one before her was made from the heart's blood of the mist ripple array. It was even more powerful. Compared to the God-binding array she had broken through in the Haotian continent, the one that was imprisoning the Phoenix King was a hundred times more difficult!

And this kind of divine binding array was set up by the ripple mist bitch with all her strength. Therefore, unless one's strength was equal to that of the ripple mist, it would be very difficult to break this array.

At least, she was powerless now!

Just as the guard wing had said, the slightest touch of this formation would alarm the rime ice.

After explaining to the three old phoenixes, Leng ruoxue and her group went to the place where The White Tiger King and Dragon Emperor were sealed. When they arrived, Leng ruoxue helplessly realized that the situation was far more complicated than she had imagined.

Because these three God-binding arrays actually resonated with each other, if someone wanted to undo one of the arrays, then the other two would have to do their best to assist and resist. In short, undoing one God-binding array was actually equivalent to undoing three arrays. In this case, the amount of mental energy consumed would be relatively higher.

Leng ruoxue was furious, but she was also impressed by Wu Ling's clever thinking. She really didn't know how that flower could have such a complicated mind. They actually thought of a cooperative God-binding array?

Compared to the three races that were sealed, the dark night race was much more fortunate.

However, Leng ruoxue was also clear that Wu Jing must have thought that no one in the Haotian continent could undo the God-binding formation, which was why she didn't make it so complicated. In addition, it was also because setting up such a God-binding array would definitely take a lot of effort. But no matter what, what Rime ice had done had incited Leng ruoxue's fighting spirit. At the same time, Leng ruoxue had decided to cause some trouble for Rime ripples.

Wasn't she unable to undo the God binding array now? Then she would make sure that Wu Xuan would not be able to control this formation either!

Actions spoke louder than words. When Leng ruoxue revealed her intention to set up an array here, Uncle Long and the others were stunned.

"Xue 'er, what kind of formation do you want to set up?" Uncle Long asked curiously.

"A defensive formation! I'm going to turn the three sealed lands and the city of abandoned ruins into iron walls so that she can't enter even if she wants to!" Leng ruoxue said through gritted teeth.

"Uh!" Uncle Long didn't know what to say. He knew six things about formations, but he didn't know one! Therefore, he could not help Xue 'er.

"That's a good idea. If Wu Chen knew about it, he would definitely go crazy." Wei Yi heard this and agreed.

"Wei Yi, you assist me!" Leng ruoxue requested. Then, she took out Shui mo, who had been studying formations in the bracelet.

[Chapter 2948 Twin \(13\)](#)

"Where is this place?" Shui mo couldn't help but ask after he came out and saw the dark place.

"The land where the Three Kings are sealed. Shui mo, I'm going to set up a defensive formation here. You and Wei Yi, come and help me!" Leng ruoxue said seriously.

"No problem," he said. The two of them nodded at the same time. Then, they saw Leng ruoxue take out countless top-grade crystals of various colors.

Shui mo was fine as he was used to Leng ruoxue's wealth. Wei Yi, on the other hand, couldn't help but widen his eyes and look at Leng ruoxue in disbelief.

Don't tell him that they were going to use top-grade crystals to set up the formation? Although the higher the grade of the crystal, the more powerful the formation, but using so many top grade crystals, wasn't it a bit too wasteful? In his view, high-grade Jingshi was enough!

However, Leng ruoxue had clearly made up her mind to use top-grade crystals. She continued to toss out crystals. In the end, Wei Yi was numb from watching. When he turned around and saw the calm faces of uncle long and the others, he realized that he had seen too little of the world!

Sob ... Tycoon, please be my mistress!

He was really too rich! Wei Yi deeply felt that, compared to Leng ruoxue, he had wasted his time all these years!

In the end, the extremely indignant Wei Yi hugged the pile of premium crystal ores and drooled all over the ground. Then, he started to help Leng ruoxue.

The defense division's formation skills could not be compared to Shui mo 's, so they could only act as their assistants. The main force in setting up the formation was naturally Leng ruoxue and Shui mo.

The formation they were going to set up this time was quite large and they were going to use a lot of Jingshi. Moreover, all of them were top-grade Jingshi. Wei Yi's flesh hurt as he watched the top-grade Jingshi disappear into the formation. However, those Jingshi were not his, so the pain was in vain!

It took about half a month to set up the three formations.

Once she was done with the three formations, Leng ruoxue turned her attention to the city of abandoned ruins.

The area of the city of desolation was larger, so it required more top-grade crystals. However, Leng ruoxue did not care. After all, the city of desolation now belonged to her, so it was necessary to protect it. Lou fan was excited when he saw that Leng ruoxue was going to set up an array in the city of abandoned ruins.

Originally, he was worried that his former superior would come to find trouble with him! But now, with the defensive formation, the safety factor had doubled!

This time, it took nearly ten days to set up the defense formation for the city of abandoned ruins.

After the formation was set up, no one was happier than Lou fan.

However, as soon as the formation was activated, Wu Chen, who was far away in Yu city, immediately felt that something was wrong. This was because her connection with her clone had been cut off.

After a few more contacts, Wu Yan decisively left the Imperial City and went to the city of abandoned ruins to find out what was going on.

One should know that fog Phoenix originally had three clones. Leng ruoxue had already killed two of them. This one in the city of abandoned ruins was definitely her last one. Of course, this one referred to

her stronger clones. To put it bluntly, it was a clone that had matured. Therefore, he could not afford to lose any more.

As for the two clones that she had split out later, they were still too weak and could not be counted on at all. As such, this clone was even more important. As for Leng ruoxue, she would never have thought that even without touching the formation that sealed the Three Kings, she would still attract the attention of that despicable person from the ripple mist!

Wu Jing's speed was extremely fast. Before Leng ruoxue and the rest could notice, she had already arrived at the city gate of the city of abandoned ruins.

Looking at the array that covered the sky of the city of abandoned ruins, ripple of fog was furious!

F * ck! Who was it? Who had set up an array on her territory? At this moment, Wu Xuan did not even connect the formation to Leng ruoxue. Instead, she started to attack the defensive formation above the city of abandoned ruins in a very rough manner.

She was burning with anger and really wanted to know who dared to mess with her, a Divine Master! Snatching food from her mouth was definitely an act of courting death!

The moment she launched her attack, Leng ruoxue and the others in the city Lord's mansion had already known.

After seeing the fog through the light screen, Leng ruoxue and the rest looked at each other in shock. Uncle long even said what everyone was thinking, ""Why is this old woman here?"

"Blood cherry blossom!" Leng ruoxue said with certainty. At the same time, she felt a little regretful. How could she have forgotten about the spy? If it wasn't for the fear of alerting Wu Jing, she would have destroyed the flower directly. But now, she had still alerted the snake.

When they heard that it was the blood cherry Blossom's doing, everyone immediately became furious and rushed into the secret chamber. Then, they glared at the blood cherry blossom, who was on the verge of collapse from being tortured by the rabbits in the room, with fire-spitting eyes.

The shriveled blood cherry blossom, whose flowers and leaves had drooped down, suddenly saw so many people pouring into her residence. She first trembled, then choked with sobs and pleaded, ""Take these rabbits away! Wu...I won't suck blood anymore, I'll be a vegetarian, okay?"

"You were the one who informed the ripple mist bitch?" Leng ruoxue asked directly.

"The Divine Master is here?" Bloodcherry blossom asked cautiously upon hearing this.

"She's here. However, if you're the one who informed her to come and save you, I'm afraid she'll be disappointed. Because before she can save you, I will definitely destroy you first. " Leng ruoxue replied honestly.

Hearing Leng ruoxue's words, Xue Chenghua shuddered and hurriedly said, ""I didn't inform the God Lord! Really, please believe me! I didn't tell him! Wu...I'm very obedient, please don't accuse me, okay?"

The blood cherry blossom wanted to cry but had no tears. Although it had done many bad things, it had become extremely obedient under the threat of these rabbits. Now, its only dream was to hope that

these rabbits would disappear before its eyes. What Divine Master! Those were all fleeting clouds! Distant water can't quench present thirst, it's more reliable to save yourself! But now, it had clearly done nothing, yet it was being wronged. Sob ... This was not how a prisoner of war should be treated!

I really want to protest!

The blood cherry Blossom's heart was filled with worry, and its flower head drooped down even more. Seeing how aggrieved it was, Leng ruoxue felt a little sympathy for it and believed its words. After all, it had been so many days since Wu Chen had rushed over. It might not have been the blood cherry blossom that had informed him. But if it wasn't him, then who was the one who told on him?

In the city Lord's mansion, from Lou fan to the ordinary guards, they were all bound by Cang's contract. Naturally, they couldn't tell on him. It was even more impossible for uncle long and the others. Unless there were still some spies of that slut in the city.

"Girl, it shouldn't be the one who said it. It doesn't dare!" At this moment, Azure finally spoke some words of Justice, causing blood cherry blossom to be extremely touched. In fact, she even felt that this rabbit didn't seem as terrifying as before. Wu ... At least it was a good rabbit with a Bright Heart and clear eyes!

"It should be because of the defensive formation. The bloodcherry blossom is in contact with rime ice every day. After we finished setting up the defensive formation, the connection between the two of them was probably cut off. This naturally raised the suspicions of that bitch, and she was drawn here as well. " Thinking about it, Cang guessed.

It had to be said that it was true. Even though this blood cherry blossom clone had been reporting to ripple mist daily, ever since this place had been occupied by Leng ruoxue and the others, and it had been threatened by a group of rabbits, its daily report had become a mere decoration. In addition, with Cang's covetous eyes, it did not dare to ask for help from the Divine Master. It was afraid that it would be like what Leng ruoxue had said, dying before the Divine Master could even arrive. If that was the case, it would be better to continue on like this. At least it would be able to keep its life.

[Chapter 2949 Twin \(14\)](#)

It was because of this that it had not reported the situation in the city of abandoned relics truthfully for so many days. As a result, the fog lost control of this place completely. However, the defense formation had aroused the fog's suspicion. When she arrived here, she had already noticed that some changes had occurred in this place that were out of her control, which made her completely angry.

"Yes, yes. My connection with the Divine Master has indeed been cut off!" Hearing Cang's words, blood cherry nodded her head repeatedly.

"Why didn't you say so earlier? Did you do it on purpose?" Leng ruoxue squinted her beautiful eyes and continued to question him.

"No! It wasn't! I just tried and found out that I couldn't contact the Divine Master. I didn't hide it on purpose. Please believe me!" Bloodcherry blossom said in an aggrieved and sullen voice.

When Leng ruoxue heard this, she looked deeply at the blood cherry blossom for a while before warning, "I'll believe you for now. Remember, your life is in our hands. We can decide your life and

death at any time, and you won't be able to wait for the ripple mist bitch to save you. So don't play any tricks!"

"I don't dare! I don't dare! I'm very obedient! I promise!" The blood cherry blossom said in an extremely spineless manner. Now that it knew of Leng ruoxue's identity, it was absolutely obedient in front of her. This was because it knew that its two sisters had died at Leng ruoxue's hands. As such, how would it dare to play any more tricks! It wasn't like he was tired of living.

"Remember your words!" After giving her warning, Leng ruoxue led the demon and the others out of the secret chamber. Once they left, Xue Chenghua finally heaved a sigh of relief.

It was a pity that it didn't sweat. Otherwise, it would have wiped it away madly. Sob ... Its life was really hanging by a thread just now! It had almost lost its life.

However, even though Leng ruoxue and the rest had already left, there was still a rabbit that was instructed by Cang to threaten, ""Little flower, my boss said that if you don't listen, we'll eat you!"

As the rabbit spoke, it revealed its shiny, sharp front teeth, causing Xue cherryblossoms to shiver in fear. She hurriedly promised, ""I promise to be obedient!"

"That's more like it!" The rabbit that had been warned said as it touched the blood cherry blossom petals with satisfaction.

At this moment, Leng ruoxue and the rest had returned to the living room and were admiring Wu Cheng's violent actions through the light screen. At the same time, they were testing out the defensive formation's ability to withstand a beating.

At this moment, Wu Chen was obviously a little crazy!

One after another, divine power smashed onto the defensive array as if it was free, but the defensive array did not move at all. It could not even crack open a gap!

Leng ruoxue was satisfied.

The fog became more and more crazy! More divine power rained down on the defensive formation. At this moment, the defensive formation that had been unresponsive all this time suddenly burst out with a brilliant light. Then, a majestic divine power poured out of the defensive formation and hit Wu Chen. This divine power was the one that she had thrown out before. Now, it was returned to her without any waste!

Wu Luan, who had never thought that the defensive formation in front of her would counterattack, took the hit. Immediately, blood spurted out of her mouth and fell to the ground ...

Wiping the blood from the corner of his mouth, Wu Yan's anger surged up. He stared at the fire-breathing Shuang in the defensive array, wishing he could burn a hole in the defensive array in front of him!

In the next second, ripple of mist disappeared.

At the same time, a burst of cheers erupted in the living room of the city Lord's mansion.

"This defensive formation is so powerful. It seemed to be silent, but it gave the fog ice a fatal blow in the end!" Ice soul was speechless.

"The more powerful you are, the more severe the injuries you'll suffer when you attack this defensive formation." Leng ruoxue answered with a smile.

"....."

'Poor ripple witch!'

Everyone present silently lit a candle for her, their sympathy for her was like a torrential River.

Wu ICE's actions had also verified the effectiveness of the defensive formation. For a moment, Leng ruoxue and the rest were extremely satisfied with this.

However, Wu Ling was not just depressed. After returning to her Hall, she sat on her throne with her injuries and thought hard. In the end, no matter how she thought about it, she felt that the defensive array of the city of abandoned ruins was set up by Leng ruoxue. This fact also made her furious!

More importantly, if it was really Leng ruoxue who did it, then they would be in deep trouble! The abandoned city might seem remote, but it was very important to her because it was one of the places where she grew her food. At the same time, it helped her earn a large amount of wealth every day. If Leng ruoxue took over the city, it would affect her greatly. This was also the last thing she wanted to see.

However, even though she wanted to deny that Leng ruoxue was in the city of abandoned ruins, she could not convince herself. One must know that in the entire firmament, other than Leng ruoxue and her gang, no one else had the ability or the guts to oppose her! Moreover, it was enough to have Leng ruoxue, who was giving her a headache. She really did not want to cause any more trouble. If that was the case, she would have no way to deceive herself!

Leng ruoxue! Damn it, why do you have to go against me?

The anger in Wu Yan's heart roared. Her unstable state of mind directly aggravated her injuries. After summoning her trusted aide and giving her some instructions, the depressed ripple of fog went into seclusion to recuperate.

After Leng ruoxue and the rest stayed in the city of abandoned ruins for a few more days, they decided to return home.

Before returning home, Leng ruoxue was still worried about the blood cherry blossom. She felt that this fellow was like a time bomb. If one day it went crazy and started sucking blood again, the people in the city Lord's residence would be in for a bad time. The city Lord's mansion was now her property, so she was naturally unwilling to see any losses here.

After she told everyone about her worries, everyone fell silent for a while. Then, uncle long said, ""It's better to just kill him, why leave this scourge alive?"

He didn't have a good impression of the blood cherry blossom at all, and he wouldn't forget how many outrageous things the previous two blood cherry blossoms had done. Therefore, he was definitely in

favor of uprooting the weeds and eliminating the roots. In any case, rime ice already knew about the abnormality here, so there was no need to keep the flower in case it alerted the enemy.

"Girl, bring it back to Demon City! I'll handle it!" Azure said with a smile.

"Alright!" Leng ruoxue was more than happy that Azure was willing to take over. Just like that, the fate of the blood cherry blossom was decided.

When the blood cherry blossom learned that it was going to be taken away, it became flustered and kept begging for it to stay in the city of abandoned ruins. Unfortunately, no one accepted its suggestion. The blood cherry blossom seemed to know that it was not far from death if it left this place, and it was so listless that it could no longer raise its spirits.

On the way back to Demon City, Azure teleported with a large group of people. In less than a month, they had returned to Demon City.

When they arrived at the foot of the demon city's Mountain, Cang immediately refused to be the coachman. The White Tiger great elder and the other beasts who had been guarding the foot of the mountain were in disbelief when they saw Leng ruoxue's group of people. They finally confirmed it again and again, and finally proved that their eyes were not playing tricks on them. Their master had really returned!

"Master!" The White Tiger first elder choked with emotion and wanted to pounce on him, but Cang kicked him away when he saw this.

After rolling a few times in the air, The White Tiger first elder landed safely. He looked at Leng ruoxue with an aggrieved expression. 'Sob ... I only wanted to show my affection to my master. Why do I have to treat such a cute little animal like this?'

It was said that their master was especially tolerant towards cute beasts, so this large group of white tigers had always maintained their Tiger bodies in order to have the opportunity to lie and act cute in front of their master. But now, this opportunity had been taken away by a rabbit. It was really too cruel!

However, the Totoro, Kitty, and rabbit were the three types of beasts that could not be provoked the most in the immortal realm now. Thus, even if he was abused, The White Tiger first elder did not dare to say anything!

The first elder of The White Tiger clan looked at Leng ruoxue with! Wronged expression and prayed in his heart! Look at me! I'm such a tough White Tiger!

The White Tiger first elder, who was very confident in his cute appearance, imitated the soft and weak little beast and continued to call out softly, ""Master, you're back!"

Leng ruoxue shuddered. After shaking off all the goosebumps on the ground, she said with a serious expression, ""Great Elder White Tiger, you're really not suited to act childish. Besides, I'm not your master!"

After saying this, Leng ruoxue walked around the White tigers blocking her way and went up the mountain.

Uncle long and the others, who were holding back their laughter, glanced at The White Tiger first elder with sympathy and left as well.

Only the guard wing took a few more glances at The White Tiger great elder, then shook his head and sighed. "The morals of the world are getting worse by the day! Why has The White Tiger race declined to such a state?"

With that, he left as well, leaving behind The White Tiger first elder, who had an awkward expression and was in a mess.

At this moment, mu li had already seen through the light screen that Leng ruoxue and the rest had returned safely. He personally came out to welcome them.

"Welcome home!" Mu li said with a smile as he stood at the entrance of the Leng family's main residence.

"Thank you. Is everything alright?" Leng ruoxue asked with a smile.

"It's alright. " Mu li said with a guilty conscience.

"Girl, he's lying to you!" He sharply sensed that something was wrong with mu li and directly exposed him.

Hearing this, mu li couldn't help but roll her eyes. She looked at Leng ruoxue innocently and didn't say anything.

"What happened?" Leng ruoxue asked indifferently. She obviously trusted Cang's judgment more.

"If you have something to say, then say it!" The demon also roared.

"It's the ning family. Master ning didn't want me to tell you!" Mu li said helplessly. This wasn't what he wanted to say. He could only blame this rabbit for being too sharp and cunning!

"What's wrong with the ning family? Did someone make Godfather angry again?" Leng ruoxue guessed.

"No, I'm not. The ning family has been captured by a group of black-clothed people, who should be the people of the ripple mist bitch. The other party has requested to use you to exchange for the ning family. " Seeing that he could no longer hide it, mu li naturally told her everything he knew. This was also the main reason why master ning had asked him to hide it from Leng ruoxue. Master ning had said that if Xue 'er knew about it, she would definitely take a risk for him. Hence, he could not let Leng ruoxue know.

"You want me to exchange? Oh! The Rime bitch is doing such a tasteless thing?" Leng ruoxue truly felt that she had overestimated that old hag in the past. This was probably the real face of that wretched woman from the ripple mist.

"That old hag has never had class." Ice soul pouted.

"That's right!" Uncle long nodded in agreement. He and ice Spirit agreed on this point.

"Xue 'er, what do you plan to do?" Dongfang Yue asked worriedly. He was in a dilemma. On one hand, he didn't want Leng ruoxue to send a sheep into the Tiger's mouth. On the other hand, he was worried

about the ning family. Of course, he was only worried about the ning family because of master ning. The most important thing was that master ning was Xue 'er's Godfather and had always loved Xue' er. Now that the ning family was in trouble, it would be unreasonable for him to stop Xue 'er from helping, but if he really let Xue' er go, he would be worried that he would fall into the trap of fog.

For a moment, he was so conflicted that he wanted to bang his head against the wall.

"Of course we're going to save them!" Leng ruoxue confirmed. She then turned to mu li and asked,""Where is the ning family being held?"

"Master ning, Dongfang Lin, and the others have already gone to a Valley not far from the Imperial City. I just don't know what the situation is like now." Mu li reported truthfully.

"They all went? Then why are you still hiding it from me?" Leng ruoxue was speechless.

"We didn't expect you to return so quickly. Oh right, the dragons, phoenixes and white tigers who were guarding the foot of the mountain also sent their beasts to help." Mu li continued to report.

"No wonder I didn't see Qing 'er at the foot of the mountain. Did that Little Phoenix go too?" Leng ruoxue could not help but ask.

"Yes, I am!" Mu li nodded.

"I'll go find them!" Leng ruoxue replied without hesitation.

When the group of people who had followed Leng ruoxue back heard this, they immediately wanted to follow her.

Leng ruoxue had just taken two steps when she stopped. She looked at Wei Yi and the rest and said,""You guys stay here!"

"On what basis? Little Xue 'er, I'm a reverent-God after all, you can't look down on me like this!" Hearing this, Wei Yi immediately protested.

"Their combat power is too low. They'll only be throwing meat buns at dogs if they go!" Leng ruoxue said in disdain.

Wei Yi and the others were in tears. He was so direct and didn't consider their feelings at all. Was this really a good thing?

"Mu Li, I'll leave little bun-hit-dog and the others to you. Most of them are blacksmiths. Arrange a base for them." Leng ruoxue ignored the resentful gazes of Wei Yi and the others and turned to instruct mu li.

"Wait! I want to go with you. Let someone else arrange it for them!" Mu li requested.

"Are you sure?" Leng ruoxue squinted her beautiful eyes and asked indifferently.

"Uh! I'll stay behind to protect them!" Mu li said fearfully,"Wu ... You can't threaten me like this! Bad guy! After not seeing her for a few days, he realized that Leng ruoxue was getting worse and worse!

Mu li stayed behind, feeling aggrieved. She watched Leng ruoxue and the rest leave in a carefree manner. Her heart was filled with envy, jealousy, and hatred!

Why? Why? He's always the one left behind to look after the house? Why was he always left behind? Was it really a good idea for a powerful Ming Zun realm expert like him to be treated as a house-guarding beast instead of being used on the edge of a blade?

He felt that the ice Spirit was more suitable for the house suppression beast. However, it was obvious that Leng ruoxue did not think that way.

You sang turned around and looked at Wei Yi. Mu li asked indifferently, "You're called little meat bun?"

"Your sister! You're the one who's called little meat bun, your whole family is little meat bun!" Hearing this nickname, Wei Yi jumped and roared like a lit explosive. He was crying in his heart. Ever since Cang called him little bun, Leng ruoxue and the others had heard it. Now, those bad guys would call him little bun whenever they bullied him. Every time he heard this name, he wanted to go crazy. However, it was obvious that in front of Leng ruoxue and the others, he was a vulnerable group who didn't care about his identity as a weapon refiner. Wu.....He was begging for some kind person to help him!

"Our nether Empress doesn't call you that? You dare to deny it?" Mu Li's eyes widened as he asked in disbelief.
