

## Crazy Wife 2951

### [Chapter 2951 Twin \(16\)](#)

"Uh! Who is the nether Empress you speak of?" Wei Yi blinked his eyes and asked in confusion. He didn't know any nether Empress!

"It's Leng ruoxue!" Mu li said.

"....."

Who could tell him what the nether Empress was? Was there such a position in the divine realm?

Wei Yi was very confused, and mu li was too lazy to explain to him. He stretched out his arm and put it on Wei Yi's shoulder, "Little bun-hit-dog, let's go! I'll go arrange a place for you to stay!"

"Dammit! Can you stop calling me little bun!" Wei Yi was completely driven mad. He glared at mu li as if he wanted to swallow him.

"Is big meat bun okay?" Mu li sighed helplessly.

"You bastard!" Damn it, damn it! Could he not live without the words 'meat bun'?

Facing Wei Yi's gloominess, Xiao Fan and the others who had been following him were silent. However, their trembling shoulders revealed their happy mood. Seeing them like this, Wei Yi was so angry that he almost vomited blood.

Glaring at mu Li, Wei Yi turned around and entered the Leng family's main house.

"Baozi, where are you going?" Mu li quickly asked.

"Aren't you going to arrange our accommodation?" Wei Yi gritted his teeth and decided to ignore the two words "bun-hit-dog."

"I'm arranging a base for you, not a residence! You guys have to build your own houses!" Mu li explained.

"Understood!" Wei Yi nodded and then motioned for mu li to lead the way.

After bullying Wei Yi, mu li was in a good mood. He happily brought Wei Yi to the edge of the Qilin clan's base. Right now, only the Qilin clan and a few new clans from Demon City were living there. Wei Yi and the others were arranged to live on the other side of the Qilin clan, becoming close neighbors with the Qilin clan. However, the depressed guard wing didn't know that his neighbor would be a Kirin.

There was almost no need to build new houses for the guards. As artifact Masters, what did they have the most? With various tools, their houses were soon erected on Demon city's land.

"Bun-hit-dog and the others are so efficient!" Seeing this scene, mu li exclaimed in admiration.

Could he not use the word 'waiting'? As one of the 'waiting' members, Xiao Fan expressed his opinion. Originally, only his boss was called meat bun. Now that the word 'waiting' was added, they became the meat bun clan. And it was the meat bun clan that couldn't resist.

Unfortunately, no one cared about what he thought. As the representative of bun-hit-dog's family, they had been 'waiting' for a long time.

"Eh? Do you have new neighbors?" At this moment, a curious voice was heard. Then, a tall man walked out of the house next to theirs. The man had a friendly smile on his face and was nibbling on a carrot as thick as an arm. This image was so beautiful that people didn't dare to look at him directly.

"Yes, I am. You two have to get along well in the future! You're not allowed to bully bun-hit-dog's family!" Mu li said with a serious face.

"I won't! He wouldn't! I will take good care of bun-hit-dog's family!" The man promised with a smile.

Bun-hit-dog's family! You can't get rid of it? Xiao Fan and the others were all worried. They had been waiting for someone just a moment ago, but now their family had completely changed. This was really too hurtful. On the contrary, Wei Yi was calmer. He extended his hand to the man in a friendly manner and introduced himself, "Hello, I'm The Guardian wing!"

"Hello, meat bun, I'm Huo Yue, the Qilin clan leader!" After taking a bite of the carrot, Huo Yue also extended his hand courteously.

At first, Wei Yi had a lot of opinions about being called meat bun even though he had already introduced himself. However, when he heard the words "Qilin clan leader" at the end, he was instantly horrified!

What? He didn't hear wrong? Q-Qilin clan leader? Was it these few words?

Turning around, Wei Yi couldn't care about anything else and directly pulled Xiao Fan over and asked softly, "Did this person just say that his name is Huo Yue, the Qilin clan's patriarch?"

"Y-yes!" Xiao Fan trembled as he replied. He really wanted to faint! Did you? How could the Qilin clan chief be here? Can't I live here happily?

After confirming, Wei Yi's face turned pale and he was speechless.

What's with the feeling of wanting to move?

Seeing through Wei Yi's thoughts, mu li smiled and said, "Your strength! That's why I arranged for you guys to be beside the Qilin race in the hope that they can protect you. Calm down! You'll get used to it!"

What if I can't get used to it?

Wei Yi looked at mu li pitifully. Kiss! I agree to you calling me meat bun, okay? Don't play me like this! Sob ... I strongly request to move! Which normal person would dare to be neighbors with the Qilin race? He was scared to death!

"Slowly get used to it! You'll encounter anything here, you have to be strong!" Seeing through guard wing's thoughts, mu li patted him on the shoulder and encouraged him. After saying this, he turned and left.

Wei Yi and the others, who were left behind, stared at fire Yue for a long time. Fire Yue's eyes were sore. In the end, he begged for mercy, "Stop staring, I can't keep staring at you, I admit defeat!"

"You bastard!" They weren't in the middle of a competition, alright? They were just nervous! He was nervous!

"Don't be afraid! Our Qilin clan doesn't eat humans!" Sensing Wei Yi's unspoken words, Huo Yue said honestly. In order not to give the new neighbor too much stimulation, he chose to go back to his room.

"Boss, what do we do now? Even though the Kirin said they don't eat people, I'm still scared." Xiao Fan said nervously after Huo Yue left.

"What can we do? Cold mix! We've already boarded a pirate ship!" Wei Yi wanted to cry but had no tears.

"Are we going to be a meat bun family for the rest of our lives?" Xiao Fan was not willing to accept this. This nickname was really not nice. Those who didn't know would definitely know how much they loved meat buns!

"You think I want to? It's all because we're too weak that we're being despised! All of you had better work hard and start cultivating properly from today!" When Wei Yi heard this, he was enraged. He was a reverent God! Reverent-god level! He was actually despised! Was there any justice left in this world?

However, it was undeniable that as a reverent-God, his combat power was not strong. Who asked him to specialize in refining? Facing Leng ruoxue, who had extraordinary strength and knew how to refine pills and weapons, Wei Yi felt that he was too weak.

A sense of melancholy welled up in his heart. How was he going to get out of this feeling of inferiority?

After that, Wei Yi went back into his room, depressed. If Leng ruoxue didn't call him, he probably wouldn't step out of his room.

At the same time, Leng ruoxue and the rest had already reached the edge of the valley that mu li had mentioned.

When they reached the outer area, everyone sized up the environment.

The valley in front of them was not large. There was only a mountain peak that was about tens of meters tall in the entire Valley. And in the divine realm, this kind of mountain peak could only be considered a small mountain. The depressing thing was that this Valley was very small, and the trees were not very lush. As a result, as long as they entered, they could be discovered by the enemy.

Of course, the enemy had to be on that mountain.

However, after Leng ruoxue and the others' observation, other than the mountain peak, there was basically no other suitable place to place the hostages. From this, they came to the conclusion that the target was obvious.

### [Chapter 2952 Twin \(17\)](#)

After making Ling Wei and the others invisible, Leng ruoxue and the others stepped into the only path to enter and exit the valley.

Following the path, they walked all the way to the foot of the mountain. There, they just happened to see master ning and the others who were walking in circles.

Godfather and the others ... Seemed to have lost their way.

"Godfather!" Leng ruoxue called out and revealed herself. The rest of the people also revealed themselves.

Hearing the familiar voice, master ning turned around abruptly. His expression changed slightly, but he quickly regained his composure. He walked towards Leng ruoxue with a smile and asked, "Xue 'er, why are you here?"

"And why is Godfather here?" Leng ruoxue asked instead of answering.

"Hehe! We're here for a walk, I heard the scenery here is pretty good. " Master ning wrung his fingers uneasily and lowered his head.

"Oh! Qing 'er, you're also here for a stroll?" Leng ruoxue continued to ask as she looked at the little Phoenix who was at a loss.

"Y-yes, you're Leng ruoxue?" Qing 'er didn't dare to recognize them because Leng ruoxue and the others had changed their appearances to save them. Of course, she didn't recognize the three old phoenixes that were the sixth elder.

Leng ruoxue nodded.

Once Qing 'er confirmed it, she immediately grabbed Leng ruoxue's hand nervously and said, "Leng ruoxue, something has happened to our grand ancestor!"

Finally seeing Leng ruoxue, Qing 'er's heart relaxed. However, tears still fell from her eyes. Seeing this, Leng ruoxue patted her hand and said, "They're fine now!"

"Really?" Qing 'er couldn't believe it. When did this happen? why didn't she know about it?

"Qing 'er!" At this time, the sixth elder called out, and then pulled Qing 'er to the side to have a heart-to-heart talk.

With that, master ning became Leng ruoxue's main target.

"Xue 'er, you guys are so fast!" Seeing that Leng ruoxue was only staring at him without saying a word, master ning became nervous in an instant. At this time, even if he wanted to lie to himself, he did not dare to continue lying to himself that Xue 'er had come here by accident.

"Xue 'er, you know everything?" Master ning made up his mind and asked in a low voice.

"I understand. I just don't know if Godfather is still trying to fool me," Leng ruoxue nodded and replied calmly.

"Xue 'er, I didn't!" Master ning was very guilty. He just wanted to get away with it, but more importantly, he didn't want Xue 'er to take risks here!

"No?" Leng ruoxue squinted her beautiful eyes and said with a faint smile.

"Alright! I was wrong!" Seeing that Xue 'er was about to get angry, master ning quickly admitted his mistake, but then he hid his resentment with a resentful face,""That damned mu li, he actually betrayed me!"

"Mu li didn't betray you. We saw that he was hiding something from us and forced them to say it." Leng ruoxue replied honestly.

"I see! Xue 'er, I really didn't want you to come here! Because this could very well be a trap. " Master ning said carefully while looking at Leng ruoxue's expression. He was relieved to see that she was not angry.

"If I didn't come, would the other party let me go?" Leng ruoxue sighed.

"It doesn't matter if we let him go or not. I'm planning to Rob him anyway." Master ning said honestly.

"..." Leng ruoxue was speechless. Her Godfather's Bandit nature was getting more and more intense.

"Godfather, if Rime really wants to use me to exchange for people, I will definitely use the ning family. After all, they were all taken hostage by the Rime bitch because of me." Leng ruoxue revealed her decision.

Immediately, everyone opposed it, especially master ning, who opposed it the most fiercely.

"Xue 'er, you can't do this. If you do this, Won't You Be falling into the enemy's trap? I've already decided that if I really can't get her, I'll just give up!" Master ning said decisively.

Hearing this, everyone fell silent.

Ice Spirit patted master ning's shoulder and comforted him,""Don't worry! We have so many people, we can definitely save the ning family safely. Moreover, Wu Ling is injured now, so she may not be willing to fight us head-on!"

He had experienced the pain of making a choice, so he understood master ning very well and his choice. After all, he had been like this before. Although this choice was not very fair to the ning family, for the safety of the entire divine world, if it really came to that, there was no other way. Of course, he didn't think that they couldn't save the ning family with so many people. With master ning's words, he decided that, just based on master ning's protective heart for Xue 'er, he would save the ning family's little guys no matter what.

"Wu Chen is injured again?" Master ning couldn't help asking.

"Yes, but this time, she suffered a backlash from her own strength. It has nothing to do with us." Ice Spirit said with a smile. He even felt pity for Wu Jie. She was really unlucky. Even drinking cold water would get stuck in her teeth!

"Godfather, The ripple mist bitch kidnapped the ning family this time. It's very likely that she was provoked by this injury." Leng ruoxue added.

"What?" Master ning was confused. She kidnapped her own descendant after being provoked? Divine Master? He was really too lacking in class to actually vent his anger on some little fellows!

Normally speaking, the stronger the expert, the more they would treasure their reputation. Thus, as long as it wasn't a mortal enemy or a clan-extermination enmity, the expert wouldn't usually vent his anger on the ordinary clansmen of the other party. Just like Xue 'er and the others, they had always targeted Wu Chen alone. They had never kidnapped the guards of Yu city or the people of the Divine Master's estate as hostages! Of course, it would be a different story if those minor characters were to send themselves to their deaths! But at the very least, the strong would never take the initiative to bully the weak unless the two sides were hostile to each other to the extent of not resting until one of them was dead!

And now, Wu Chen was clearly being pushed to the limit.

As such, the ning family had become the first target of Wu Yan's attack. Who asked them to have the closest relationship with Leng ruoxue?

Leng ruoxue faced her Godfather's thirst for knowledge and briefly told him about what had happened in the city of abandoned ruins. Master ning sighed after hearing it.

All of a sudden, he began to understand the ripple mist bitch. If it was anyone else who failed to attack the city and suffered a backlash from their own Shen power, they would probably not be happy! However, no matter how unhappy you are, you can't vent your anger on someone else's descendant, right?

Sympathy was sympathy, but master ning also made up his mind. Except for fog, he couldn't let anyone go!

Master ning's momentum instantly soared! Leng ruoxue was relieved to see her Godfather full of fighting spirit.

"Godfather, let's go up the mountain!" After that, Leng ruoxue smiled.

"Xue 'er, there seems to be a maze formation on this mountain. We've been searching for a long time, but we still can't find the way up." Hearing this, master ning immediately spat at Leng ruoxue.

"A bewildering formation? Let's go in and take a look. " Leng ruoxue asked with interest.

When they reached the top of the mountain, Leng ruoxue carried Cang and evildoer and walked at the front.

There was indeed a bewildering array set up on this mountain. However, for someone like her who had mastered the array, breaking a small bewildering array was simply like playing around.

### [Chapter 2953 Twin \(18\)](#)

Half a day later, they had already reached the top of the mountain.

On the top of the mountain, there was a spacious house. A few Men in Black were standing guard outside the courtyard. When they saw Leng ruoxue and her group suddenly appear, the few Men in Black were stunned for a moment before they reacted and loudly questioned, ""Which scoundrel is it? state your name!"

When they heard this, Leng ruoxue and the others didn't make a sound. At this moment, a little silver mouse the size of a palm came out from her sleeve. The little silver mouse took advantage of the Tiger's might, baring its fangs and brandishing its claws as it roared, "You bastard! You're the rat, your entire family is a rat!"

"..." When Leng ruoxue and the rest heard this, they broke out in cold sweat.

What was this little fellow blowing up at? They, who were called rats, had not even gotten angry yet? Moreover, seeing a silver rat calling the other party's entire family a bunch of rats, this kind of scene really looked very cute no matter how one looked at it!

The few Men in Black were also dumbfounded.

The whole family of rats? And these words came from the mouth of a rat?

After coming to his senses, the Man in Black was furious.

"F \* ck! You're a rat, okay? Your whole family is full of rats!" The Man in Black was so angry that his face and neck turned red as he shouted.

"Are you blind? I'm so pretty and cute, how can I be a mouse? I'm the king of silver rats with the noblest status! Ignorant humans, quickly retreat!" The silver Rat King said furiously. F \* ck! The noble silver rat was called a rat by a human without posture. This was the greatest humiliation to it!

The silver Rat King was furious, and the consequences were severe! And the serious consequence was that it decisively complained to its dear master, ""Master, these country bumpkins who have never seen the world call me a mouse!"

"Don't lower yourself to the level of a dead person. " Leng ruoxue gently stroked the silver Rat King's little head as she consoled it. She couldn't help but chuckle in her heart. This little thing was really too cute!

"Yes, I won't hold a grudge against a dead person! I'm a noble silver rat, so I have to pay attention to my status. " The silver Rat King said smugly.

As for the few Men in Black who were listening to the conversation between Leng ruoxue and the silver Rat King, they were so angry that they wanted to vomit blood.

Who was the dead man?

It was obvious that it was them!

"You ignorant humans and rats!" The Men in Black were furious again. "You are the dead and the dead rats!"

"Your sister! You dare to call us dead people! Little black eggs, I will destroy you in the name of justice!" The silver Rat King waved its little claws and roared. It then turned to look at its master and said, "Master, you guys go! I'll cheer you guys on!"

"....."

After hearing the silver Rat King's arrangement, uncle long and the others were speechless. This little guy had actually managed to command them, and they had become the silver Rat King's thugs! Why did it feel so awkward?

Leng ruoxue, on the other hand, only patted the silver Rat King's Head in a pampering manner. Then, she obediently released a few wind blades. The moment the wind blades were released, they immediately flew towards the black-robed men like meteors. Their speed was so fast that it was impossible to guard against them.

Bang! Bang! After a few muffled sounds, the Man in Black, who had no time to react, fell to the ground and died with his eyes wide open!

"Mighty master!" Seeing this, the silver Rat King clapped its little hands and cheered.

She then stroked the silver Rat King's fluffy little head and said to the people around her, "Let's go in!"

"Yes." Uncle long and the others nodded, but Qing 'er couldn't help but ask, "We're going in like this? What if there's a trap?"

"Azure has already searched with his divine senses. There is only one godly venerable rank expert and more than ten godly sovereigns ..." Leng ruoxue explained. At the same time, she turned to look at the experts on her side and felt that they were bullying her.

"Only this many people?" Uncle long couldn't believe it. What the hell was that old woman, Wu ice, doing? In fact, this was what most of the people present were thinking. Especially after knowing that there were only two or three kittens in the house, they had to admit that they were a little disappointed.

It could be said that rime ICE's forces were quite mysterious, so they originally thought that they could get a glimpse of the other party's truth. But now that they knew that there were only a few people inside, their disappointment was obvious.

So, the fog had gone through all this trouble just to play with them?

It had to be said that everyone knew the truth.

The reason Wu Xuan captured the ning family was really to cause trouble for Leng ruoxue and the rest. She just wanted Leng ruoxue to know that as long as she was willing, she could completely treat the people close to her enemy as fools and play with them. At this moment, she had no intention of completely falling out with Leng ruoxue, so she naturally did not do anything to the ning family. However, she believed that the experience this time would definitely make those around Leng ruoxue extremely depressed!

With that, her goal was achieved!

"There's only this much," Leng ruoxue said with certainty.

Everyone was silent.

"Don't fight with me for him!" After a long while, uncle long was the first to shout and ran into the house.

Dongfang Yue and the rest who were a step behind him followed closely behind. In the blink of an eye, only Leng ruoxue, the demon, Cang and master ning were left outside the house. Even the overexcited silver Rat King had run inside to watch the show.

"Um ... Are we still going in?" Leng ruoxue was a little confused. Everyone was so fast!

"Xue 'er, I think we've been played." Master ning bit down with hatred. Before coming, he had imagined several outcomes, but he didn't expect that the other party would only send so few people to guard his own clansmen, and that fog didn't even show up. Was she looking down on him?

"Yes, I am!" Leng ruoxue was also depressed. Previously, she had also thought that Rime was serious. Who knew that Rime bitch would actually play such a trick on them? how was she supposed to continue playing with this? One had to know that before she came, she was full of pride and even wanted to test the enemy with her own body! Now, all the preparations had been in vain!

At the same time, uncle long and the others had already run into the house. They took care of the Men in Black in the courtyard and house without any effort, and instantly rescued many trapped ning family members.

"Xue 'er, that reverent-God has run away. The others have been cleaned up, and the ning family has been rescued." Uncle long walked out from inside and reported to Leng ruoxue.

"Is the ning family alright?" Leng ruoxue asked with concern.

"I don't know. They're all unconscious." Uncle long said honestly.

"Let's go in and take a look!" After Leng ruoxue finished speaking, she brought the evildoer and the rest into the courtyard.

At this moment, the ning family had already been carried into the room. Leng ruoxue went in to check, then said to her Godfather, ""Godfather, they've all been poisoned. It's no wonder that rime ice only sent so few people to guard this place."

"Is this poison very troublesome?" Master ning couldn't help but ask.

"It might be troublesome for others, but it's easy for me. Don't worry! They'll be fine after we give them the antidote!" Leng ruoxue consoled.

"That's good!" Hearing Xue 'er's words, master ning was relieved.

After that, Leng ruoxue distributed the antidote to uncle long and the others, asking them to help the ning family take it.

### [Chapter 2954 Twin \(19\)](#)

Not long after, the ning family, led by the second elder, woke up.

As soon as he saw master ning, the second elder immediately shouted, ""Forefather, have you been captured as well? Wu...What should we do!"

"....."

Second elder, can we not be so out of line? Hearing this, Leng ruoxue couldn't help but sigh. She then said, "Second elder, we weren't captured. We're here to save you. However, can you please explain how you were poisoned so easily when the other party only had one reverent-god level cultivator?"

Leng ruoxue couldn't understand, while master ning's face was filled with disappointment. A reverent-God had wiped out the entire ning family. If such a thing were to spread, wouldn't he become a laughingstock in the divine world?

"The well water in the residence was poisoned, so we were poisoned." The second elder lowered his head and explained in embarrassment.

"It's indeed a well-tested method!" Leng ruoxue nodded. Whatever the well water poison was, the success rate would always be the highest!

"Miss Leng, you can't just let this matter go like this!" Choking with sobs, the second elder turned to Leng ruoxue for help. He did not dare to look at the family head's furious expression, so he had to get back at her no matter what. Otherwise, how could they face others in the future?

"Then what do you want to do?" Leng ruoxue blinked her eyes and asked.

"Give him a taste of his own medicine! Didn't they poison the ning family's well? Let's go to the divine lord's estate to poison them!" The second elder said ruthlessly.

"Very good! I support you, go! Take care, I won't send you off!" Leng ruoxue waved goodbye to second elder and second elder was dumbfounded.

He ... He didn't want to go personally!

Looking at the second elder's dazed expression, uncle long and the others couldn't help but sneer. Hearing this laughter, the second elder's old face instantly turned red.

"Miss Leng, can you stop playing with me? I don't have that ability, I just want to ask for your help. " The second elder's voice became softer and softer, and his head hung lower and lower.

"I won't help. If you want revenge, go by yourself." Leng ruoxue rejected him directly.

Instantly, the second elder wanted to cry.

Wuu ... Why is it like this? Dear, please help me!

The second elder's face was sullen as he looked at Leng ruoxue pitifully.

Leng ruoxue smiled and said in all seriousness, "I'm serious. However, I can help you make yourselves invisible. "

The second elder's eyes lit up. Invisibility works too? In this way, he didn't have to be afraid of being discovered by the people of fog ice.

At the same time, the second elder immediately understood. So, this was what Leng ruoxue meant when she said she wanted him to take revenge himself? Wu ... Miss Leng was really too kind. She actually protected his face and dignity so much. This simply made him extremely touched.

The excited second elder immediately requested to take revenge. Leng ruoxue was also very supportive of this. She told the members of the Leng family that Ling Wei wanted to go to to hide while they waited for their victorious return.

After the ning family's poisoning team left in high spirits, master ning looked at Leng ruoxue and said emotionally, ""Xue 'er, thank you."

"Godfather, there's no need to be so polite between us. Besides, second elder and the others were indeed implicated because of me. I should help them and let them vent their anger." Leng ruoxue laughed.

Hearing this, master ning nodded and stopped being polite to Leng ruoxue.

The next day.

The second elder and the others returned with smiles on their faces.

After successfully poisoning the well water of the God lord's estate, they were no longer depressed and were all refreshed.

Seeing the ning family's people, led by the second elder, who were obviously showing off, master ning's face turned sour and he shouted, ""From today onwards, all of you will be undergoing special training. You are only allowed to come out when you are qualified!"

After saying this, master ning directly threw the worrying ning family to Huan Chen to train. Out of safety considerations, he simply moved the ning family's base to the demon City, and the ning family's God Realm became an empty shell.

Not long after, a piece of shocking news spread out from the immortal realm. The ning family, one of the eight great divine domains of the divine realm, had been attacked! Master ning was seriously injured! The attack was directed at the God Lord's mansion. For a time, the entire God World was in an uproar!

No one in the divine world had expected that the Divine Master's estate would suddenly attack the ning family. However, when they thought about the relationship between master ning and Leng ruoxue, some people felt that it would happen sooner or later. It was just that it had happened so suddenly that no one was mentally prepared.

The ning family's God Realm that was emptied out was also treated as a land without an owner by some people. However, those ambitious forces didn't dare to act rashly without knowing the extent of the ning family's casualties. After all, a thin camel was still bigger than a horse. Although the ning family had been attacked by the divine lord's estate, there was no news of the death of the ning family's master. The divine lord's estate didn't say anything either. Therefore, some people who wanted to take the ning family's divine realm for themselves didn't dare to act directly. However, they didn't dare to attack the ning family's God Realm directly, but the forces around the ning family's God Realm had been subdued many times.

When he heard the news, master ning's face turned green with anger.

"Detestable! This bunch of bastards! It was really like a tiger falling into the sun and being bullied by dogs! I'm not dead yet! You dare to have designs on the ning family's divine realm?" In the living room, master ning went berserk.

Hearing his words, uncle long smiled and comforted him, ""Humans have always been this shameless. It's perfectly normal for them to be like this. Calm down!"

What did he mean by getting shot while lying down? Hearing uncle Long's words, all the humans in the room fell silent. Apart from uncle Dragon and ice Spirit, everyone else in the living room seemed to be human. However, there were also humans who were in a dilemma, such as mu li. He was in a dilemma over whether he was considered a human.

Mu li, who couldn't be sure of her own species, decided to ignore uncle Long's words. Of course, after uncle long said that, he also realized that he had attracted hatred, so he quickly corrected, ""Don't misunderstand, I'm talking about the people outside. The ones outside are the shameless bad guys!"

"Uncle long, we understand." Leng ruoxue consoled.

"That's good. " Uncle long was relieved.

At this moment, Leng ruoxue turned to look at her Godfather, who was stomping his feet, and asked, ""Godfather, what do you plan to do about the rumors outside?"

"What can I do? Right now, everyone outside is saying that I'm seriously injured. If I were to appear in front of everyone in the divine realm alive and well, how disappointed would some people be? Let them do it! Let's see if they can make me fall in the end!" The master of the ning family shouted.

Hearing her Godfather's angry words, Leng ruoxue held back her laughter and said, ""Actually, it's good to let them run around blindly. I want to see how the major forces will react to this rumor. Of course, this will also determine what kind of attitude we will have towards them in the future."

In fact, they were the ones who had spread the rumor, but they had only said that the ning family had been attacked by the divine lord's estate. As for things like Godfather being injured, it became more and more outrageous after being imagined by the powerful people of the immortal realm, and there were all kinds of versions!

### [Chapter 2955 The Twins \(20\)](#)

Some even said that the mist had turned her love to hate the ning family, so she wanted to kill them. After all, she had done this kind of thing before, so it wouldn't be strange if she did it again! However, what made Leng ruoxue speechless was that the rumored male lead had actually become her own Godfather.

The poor Godfather had received the sympathy of countless people. Of course, there were also many people who supported Wu Jing, saying that she dared to love and hate. If she couldn't get it, she would destroy it completely and not let others benefit! She even said that she was the model of a real woman!

When Leng ruoxue heard all this, she only felt that the wind was blowing wildly. What the hell is this? It should be known that the original purpose of releasing the news was to make all the major forces in the divine world feel disgusted with the God lord's estate. Now, things had turned out this way, which was

absolutely beyond everyone's expectations. At the same time, it was not something they could control. As for how things would develop in the future, it was completely out of their expectations. Leng ruoxue felt that the only thing she could do was to calm her Godfather down.

"Mm, let's do as Xue 'er says! I'll just watch and not speak!" Master ning agreed.

After appeasing her Godfather, Leng ruoxue and the rest no longer bothered themselves with the matter. She finally put the crafting of the acquired Chaos Divine weapon back on her agenda.

But after only half a month, master ning went crazy again. The cause was the rumor.

According to the rumors, the master of the ning family had passed away due to his serious injuries. There was even a certain ning family member who was unwilling to reveal his name who came out to cry and beg the major forces of the divine world to uphold justice for the ning family. In an instant, the rumors that had been fading away started to spread again.

This time, the news was even more widespread than last time, and even the three-year-old knew that master ning had died! After that, some of the major forces who wanted to take advantage of the situation finally began to move.

However, due to Leng ruoxue's terror, most of the forces were still in a state of observing.

After that, some impatient forces sent out remonstrations to all the major forces. They invited all the forces to the ning family's main city in the divine territory to discuss the division of the ning family's territory. After all, the force that sent out this remonstrations was not stupid. The ning family's piece of cake was too big for them to swallow. More importantly, even though master ning had fallen, there was still Leng ruoxue, the big crocodile. Could she just watch the ning family's territory belong to someone else? And among all the factions, Leng ruoxue's Demon City was undoubtedly the strongest! But money moved people's hearts! The ning family's divine realm was too tempting, be it in terms of geographical location or resources. Hence, no matter how powerful Leng ruoxue was, they would not allow her to monopolize everything!

Due to the above reasons, a certain bold organization sent out an invitation, and Demon City, where Leng ruoxue was from, naturally received it.

Sitting in the living room, Leng ruoxue looked at her Godfather, who was so angry that his face had turned black and he had nothing to say. She did not know how to comfort him. Things were out of control, and it was obvious that someone was taking the opportunity to cause trouble. But who had the guts to do so? Could it be Wu Han's instructions? Immediately, Leng ruoxue denied such a guess. The ripple mist slut shouldn't be so brainless.

"Godfather, I want to participate." Leng ruoxue thought for a moment before she spoke carefully.

"Go! Go! All of you, go and take back more territory!" Master ning said helplessly.

"I don't want the territory. I just want to see how they've come to an agreement. I believe it will be very interesting. " Leng ruoxue replied honestly. What territory! It was good that there was enough, it was useless to have more.

"Xue 'er, that's my territory! It's the scale that I've worked hard for many years to reach, how can you despise it? Sob ... I'm so sad! It's already pitiful enough that I've been rumored to have fallen, and now my goddaughter isn't even willing to help me fight for territory. " Master ning said, sobbing.

Leng ruoxue was speechless when she saw how shameless her Godfather was.

Cang, who was lying in Leng ruoxue's arms, laughed evilly, ""Ning family's boy, I've also heard about the death of that old woman, Wu Yan. Now you two, the unfortunate mandarin ducks, can be considered to have a companion!"

"....."

Your sister! Who would want to be that old woman's companion! However, it was Cang who spoke, so master ning didn't dare to complain no matter how angry he was, and could only let him tease him.

At this moment, someone came to report that the Cheng family head had arrived.

"Godfather, clan master Cheng is here to ..." Leng ruoxue had only spoken half of her sentence when she heard clan master Cheng's hearty laughter.

"Xue 'er! I heard that your Godfather has died? Hahaha! How could that guy die so early? He even died at the hands of his beloved. This is too unbelievable!" As he spoke, the Cheng family's head had already stepped into the living room, accompanied by the Cheng family's young master, Cheng Xuan. At this moment, Cheng Xuan's face was filled with helplessness. He looked at Leng ruoxue apologetically.

"You bastard! Who did you say died at the hands of the person you love?" As soon as master Cheng's words fell, master ning, who had been calm, became furious again. He vented all the depression that Cang had given him. Hmph! He didn't dare to do anything to Cang, but he didn't dare to deal with old man Cheng?

Just like that, the two old men, who were definitely not young, started fighting in the large living room.

The Cheng family head laughed as he ran, not afraid of death. ""What, did you come back to life? Hehe, I just said that you died in the hands of the person you like!"

"Your sister! You're looking for death!" Master ning was angry, but he still knew what to do. He knew that he couldn't really fight with old man Cheng in the living room, or they would be the ones suffering the loss. And master Cheng seemed to know this too, so he knew his limits when teasing master ning.

Seeing them chasing each other like children, the people present were a little speechless. How old are you to still play this kind of game?

"Xue 'er, I'm sorry. We came as soon as we heard the news of master ning's death ..." Cheng Xuan tried to explain.

However, before he could finish his sentence, Leng ruoxue interrupted him with a look of understanding, ""I know, I'm here to gloat."

"Uh!" Cheng Xuan instantly felt that it was better for him to keep his mouth shut.

Just like that, no one said anything. They just calmly looked at the two old men chasing each other around the living room. When they were tired of the chase, the two of them automatically stopped.

He had just sat down to drink some water and take a breath when the Cheng family head impatiently said, ""I'm here for the ning family's divine realm,"

"Master Cheng, are you interested in the ning family's divine realm?" Leng ruoxue asked indifferently.

"Of course there is!" Looking at master ning, master Cheng continued with a smirk, ""Little girl Xue 'er, you don't know, but among our eight great divine domains, the ning family's Divine Domain has the best geographical location. It's by the mountains and the sea, the environment is beautiful, it's really a rare tourist spot! Such a good place, which force wouldn't want a share! Anyway, now that the old man is dead, the other people in the ning family will definitely not be able to keep such a good place, so it's only a matter of time before it's divided!"

"That's true. " Leng ruoxue nodded in agreement and added, ""Originally, I wasn't interested in the ning family's divine realm, but after hearing what you said, I feel that if I don't take action, it's really a loss. So, in order to let Godfather rest in peace, I, as his daughter, will have to work harder!"

#### [Chapter 2956 The Twins \(21\)](#)

"You're right to think this way! This way, old man ning will be at ease in the netherworld!" The Cheng family's head said with a look of relief.

As the crowd listened to them echoing each other, cold sweat broke out on their foreheads.

By the way, in front of master ning, you're buried and you know what's going on in the underworld, is it really good? At this moment, master ning was unexpectedly calm. Even Cheng Xuan was so scared that he didn't dare to look at him, but master ning wasn't angry at all. Or was he already extremely angry?

"Xue 'er, just bring me the location closest to Demon City." From time to time, master ning would even interrupt.

Instantly, everyone was horrified. This was definitely the rhythm of being angered to the point of madness!

Two days later.

With a trace of uneasiness, under master ning's resentful gaze, Leng ruoxue brought evildoer, Cang, uncle long, Dongfang Yue, mu li, who insisted on following her, and two members of the Cheng family to the ning family's divine realm.

At this moment, the ning family's divine realm had almost fallen into a disorderly and chaotic state because they were a group of Dragons without a leader. Originally, most of the shops in the major cities were owned by the ning family. Now that the ning family had collectively moved and was undergoing special training, there was naturally no one to manage the shops. There were even many shops that had changed owners. Of course, it was stolen.

"Al! It's a pity. " Walking on the streets of a certain city in the ning family's Divine Domain, the Cheng family's head felt heartache as he looked at the various shops that were already in a state of complete ruin. All of this was money!

However, Leng ruoxue wasn't as sad as the Cheng clan's clan head. She knew that her Godfather had already packed all the valuable items that he could. What was left behind were just some fixed assets. Unless someone sabotaged them, they would never be lost.

As for now, this was only temporary. Leng ruoxue was clear that after rime ice was destroyed, the ning family would return.

The group walked and looked around, and soon arrived at the ning family's main city.

After being invited into the ning family's main residence, Leng ruoxue was rather surprised to see the other party acting as if he was the master of the house. They hadn't even allocated their territories yet, and they already thought of themselves as the master?

As guests, Leng ruoxue and the others were exceptionally cooperative with the other party's arrangements. This made the other party extremely satisfied. At the same time, he also gave the other party the impression that Leng ruoxue was nothing much.

"Little girl, do you know the background of this force?" After settling down in the guest courtyard, Leng ruoxue and the rest had just gathered in the living room when clan master Cheng asked in a low voice with a mysterious expression.

"I don't know," Leng ruoxue was very honest. To her, no power could compare to the power of Fog City. Hence, she had no intention of knowing who the other party was. No matter who it was, in her eyes, they were just clowns.

"It's related to the Yao family!" The Cheng family head said.

"The Yao family? The Yao family head has come out again?" Leng ruoxue was very surprised. It was said that ever since that old man's scheme against her failed, he went into seclusion. Why was he so active again? Did he really think that his Godfather had died?

"I don't know if the Yao family's old man played a role in this. However, the force that invited us here is surnamed Cao. It was originally a middle-class force and was in-laws with the Yao family. It was only because it had latched onto the Yao family's thigh that it developed rapidly. Now, it can barely squeeze into the top force. The CAO family has been quite active recently." The Cheng family head said with a smile.

"I see." Leng ruoxue expressed that she understood. However, the Cheng family's head continued to happily share the gossip of the CAO family with everyone, leaving everyone dumbfounded.

One had to admit that the CAO family was very powerful! It wasn't that they were strong, but that their spirit was strong and their perseverance was commendable! To put it bluntly, the CAO family's skin was unimaginably thick. According to the Cheng family head's description, the CAO family had a daughter who was quite beautiful. Thus, the CAO family ordered this daughter of the CAO family to hook up with various major forces everywhere. For a time, all the forces that the CAO family's daughter visited were in chaos, and there was a crazy tide of jealousy everywhere.

In the end, the CAO family's daughter was fancied by a Grand Elder of the Yao family, and she was successfully married into the other party's eighteenth concubine.

After saying this, the Cheng family head continued to expose, ""Xue 'er, I heard that this daughter of the CAO family looks a little like you. She's also known as little Leng ruoxue!"

"....."

Everyone was silent. Leng ruoxue felt as if ten thousand alpacas had whizzed past her heart. Why did she feel like beating someone up so much?

"Calm down, I know you don't feel good about it, but we can't stop them from using this gimmick! Don't you agree?" Master Cheng's smile was rippling. It was obvious that he was not gloating over master ning's death enough, and now he was teasing Leng ruoxue.

"Patriarch Cheng, do you have a grudge against the CAO family?" Taking in a deep breath, Leng ruoxue forced herself to calm down. 'Don't fall for the Cheng clan head's trick. This fellow has learned to be bad.'

"No, I didn 't! No! Although there were idiots in my family who were seduced, they asked for it. They can't blame anyone!" The Cheng family's head said indifferently, but in his heart, he was gnashing his teeth in hatred. If it wasn't for the Yao family's old fart blocking him, he would have already killed that little B \* tch from the CAO family!

Your sister! They had bullied the Cheng family, and they thought that the Cheng family was a pushover? However, even though the Cheng clan's clan head was furious, he knew that with the Yao clan's protection, it was impossible for him to kill the daughter of the CAO clan openly. After all, he was not Leng ruoxue, and he could not let the Yao clan be afraid of him. That was why he had taken the opportunity to say those words.

Leng ruoxue immediately understood. So this old man had said so much to kill with a borrowed knife? However, she didn't think of herself as a demoness who would kill without blinking. If that woman didn't provoke her, she wouldn't do anything.

After making his intentions clear to the Cheng clan head, the Cheng clan head's smile became even more wretched. ""Xue 'er, based on my understanding of that adulterous couple, they will definitely take the initiative to provoke you! So, I'm just waiting for you to help me vent my anger. "

"....."

Alright! Leng ruoxue admitted. Although he was suspected of being used, this old man was so open and honest that it was impossible to hate him.

Leng ruoxue was a little depressed.

After waiting for a few days, all the invited major forces had finally arrived.

During the first full-member meeting, Leng ruoxue could clearly feel two pairs of eyes staring at her. One of them was extremely intense, while the other turned into countless daggers that were glaring at her.

He looked in the direction of her gaze.

A young man and woman were sitting diagonally above her. The man looked to be in his early twenties. When he saw Leng ruoxue looking over, he even threw her a flirtatious look. The woman had a beautiful

face and a cold temperament. At first glance, she looked very high-end and classy. Of course, the premise was that she did not sit on the man's lap in public as if no one was around.

"Xue 'er, they're the couple I was talking about." The Cheng clan's clan head, who was sitting beside Leng ruoxue, reminded her mischievously.

"You said he looks like my woman?" Leng ruoxue asked in surprise.

### [Chapter 2957 The Twins \(22\)](#)

"Yes, I am." The Cheng family head nodded.

Leng ruoxue was speechless. Which part of this woman resembled her? There was clearly something wrong with the Cheng family head's eyes! However, regardless of whether there was something wrong with the Cheng family head's eyes, that woman's hostility towards her was obvious.

However, the current Leng ruoxue didn't have the mood to deal with these women who were jealous of others. Hence, she directly ignored this woman.

During the first meeting, all the major factions were basically trying to build relationships and find allies. Leng ruoxue and the others were not interested in this, and not many factions dared to take the initiative to get close to them. Hence, they only stayed for a while before they chose to return to their rooms.

After they left, the major forces truly opened up and became more active.

Before she left, Leng ruoxue had already made it clear that they would only come and find her after they had finished discussing how to split the loot. Otherwise, they were not to bother her.

However, the next day, the CAO family sent someone to invite Leng ruoxue over, saying that Madam Yao wanted to meet her.

When she heard the words 'Madam Yao', Leng ruoxue was at a loss for a while. She didn't know any Madam Yao, nor did she know who wanted to see her. However, she wasn't free.

After sending the waiter away, Leng ruoxue thought that she could finally have some peace and quiet. Who knew that in less than half an hour, a beauty would take the initiative to come to her door.

"Miss Leng is really arrogant!" The woman who spoke was the young lady of the CAO family. At this moment, her beautiful face was full of displeasure, and her tone was somewhat aggressive.

"Who are you?" Leng ruoxue raised her brows slightly and asked impatiently.

"I'm Cao Ling." The woman said, suppressing her anger.

"Oh! What's the matter?" Leng ruoxue's tone was calm, and she was frowning. Looking at the woman in front of her, she felt a wave of frustration in her heart. It seemed like old man Cheng was right.

"It's not a big deal. It's just that everyone is saying that I look like you, so I wanted to meet Miss Leng. I originally wanted to invite you to my place, but since you're not willing, I can only come here." Cao Ling explained helplessly.

"You're bored?" Leng ruoxue was even more speechless when she heard this. What was this woman's brain made of? If she took the initiative to come to the door to be abused, she would have to have the time and be willing! But now, she was obviously unwilling.

"Miss Leng, how can you say such things? Even though you are a publicly acknowledged expert, I am also the Yao family's Madam. If you look down on me like this, aren't you not giving the Yao family face?" Sensing Leng ruoxue's impatience, Cao Ling couldn't hold it in any longer. With tears in her eyes, she scolded her angrily.

"So what if we don't give the Yao family face?" Leng ruoxue could not help but sneer. This woman really wanted to make a big splash on her head?

"You will regret this!" Cao Ling said hatefully.

"Are you threatening me? Didn't the Yao family tell you that even your family head wouldn't dare to threaten me like this?" Leng ruoxue said calmly.

"The family head was just too lazy to lower himself to your level. Otherwise, how could you have jumped to where you are today?" Cao Ling arrogantly shouted.

"En, I'll remember your words. When I have the chance, I'll personally ask the Yao family head if he really can't be bothered to lower himself to my level. Now, you, get lost immediately!" Leng ruoxue had lost her patience from the torture. She released her pressure and chased the guest away.

Cao Ling's face turned pale instantly. She glared at Leng ruoxue with hatred before turning around and running away.

"Hehe! Little Xue 'er, have you experienced that woman's best?" The Cheng family head, who had been eavesdropping outside, said after Cao Ling left.

"Cheng family head, please help me inform the various forces that I'm having a meeting now!" Leng ruoxue couldn't take it anymore after being provoked by this woman. Right now, she just wanted to quickly finish watching this so that she could return to Demon City.

The Cheng family head gladly did as he was told. After informing the representatives of the various forces, they collectively went to the conference hall.

When all the factions had arrived, Leng ruoxue went straight to the point, "Everyone, since the CAO family invited us here, let's not disappoint them and waste everyone's time. Now, let's talk about the ning family's position in the God domain that you've set your eyes on. Whether we can get it or not, it'll all depend on our martial strength. How about it?"

None of the representatives of the various major forces present had expected Leng ruoxue to say such a thing, much less to think that she would be so anxious. Initially, everyone wanted to have a good discussion before making a decision. But now, Leng ruoxue clearly wanted them to make a decision immediately!

By force? It would be too unfair to them if they were to rely on force. After all, no one could defeat Demon City! For a moment, the various factions were unhappy with Leng ruoxue's suggestion of using her martial strength. However, no one dared to stand out and oppose her.

"Miss Leng, may I ask if master ning has really fallen?" At this time, a representative couldn't help but ask.

He had wanted to ask this question yesterday, but he didn't dare to.

"Don't you think it's a little too late to ask this now? Didn't you come here because you heard that my Godfather had died and wanted to take advantage of the opportunity to get a share of the loot? So, stop talking nonsense and make a decision quickly. There must be a result today!" Leng ruoxue's voice was cold.

As soon as she said this, the forces who had many questions did not dare to speak.

"Miss Leng, why are you in such a hurry? I think we need to think about this carefully. " Seeing that the atmosphere had become stagnant, a man from the Yao family said with a faint smile.

"Who are you?" Leng ruoxue shot a cold glance at him and asked.

"I'm the Grand Elder of the Yao family. You can call me brother Nan. " Yao Nan looked at Leng ruoxue with deep affection.

"I'm sorry, but I already have a brother. I don't need to acknowledge those messy brothers. " Leng ruoxue said, not giving him any face.

Hearing this, Yao Nan's anger flared up. Many of the representatives present were so scared that they didn't even dare to breathe. This ... This was the rhythm of a battle!

What a dangerous feeling!

Many people couldn't help but distance themselves from the two dangerous individuals, Leng ruoxue and Yao Nan.

However, Yao Nan quickly suppressed his anger and smiled. ""I like women with personality!"

"What does it have to do with me?" Leng ruoxue cursed calmly.

Yao Nan was taken aback for a moment before revealing what he thought was a devilish smile. He nodded and said, "You're indeed a little wild cat!"

"The cat is here!" Placing the cat in her arms on the table, Leng ruoxue pointed at Azure.

After turning back into his cat form, Azure meowed twice before turning his fiery eyes to Yao Nan. In his heart, Yao Nan was already a dead man! Damn it, he dared to tease his girl, he was looking for death!

Looking at the little cat that was threatening him with its claws, Yao Nan was a little confused. At this moment, evildoer reached out and grabbed Cang's tail, causing Cang to cry out in pain. It reflexively pounced and landed right on Yao Nan's face. Cang ruthlessly clawed at it and landed safely on the ground.

"Argh! My face!" Yao Nan's reaction was obviously slower by half a beat. He covered his face and screamed.

Along with Yao Nan's scream, Cang ze calmly walked back to Leng ruoxue's side.

"Girl, this damn demon is pulling my tail." After returning, Cang immediately complained.

When everyone saw this, they couldn't help but be speechless. This cat had scratched Yao Nan, so why were they being wronged? Oh right, its tail had been grabbed.

However, no matter how painful it was, it couldn't be compared to Yao Nan's disfigurement. Although disfigurement was almost non-existent to gods, it still hurt! However, Leng ruoxue and the rest obviously didn't care about Yao Nan's life or death. The Cheng clan's clan head, who only cared about watching the show, couldn't wait for the Yao clan to be as unlucky as possible.

Leng ruoxue's heart ached as she helped Cang rub his tail. Then, she looked at the crowd and said sternly, "Now, tell me what you want!"

"May I know what miss Leng wants?" After hearing Leng ruoxue's words, one of the men gathered his courage and asked. He knew that they would not be able to escape this calamity today.

"I don't want anywhere!" Leng ruoxue said honestly. It was a pity that no one was willing to believe her. They even thought that Leng ruoxue was threatening them in disguise. In an instant, the entire place fell silent again.

"I don't want anywhere. What are you doing here?" Suddenly, an angry female voice was heard. Everyone looked up and saw Cao Ling standing in the meeting room.

"I'm here to watch the fun, is there a problem?" Leng ruoxue asked back with a smile.

#### [Chapter 2958 The Ninth Weapon Tribulation \(1\)](#)

"Of course there's a problem. What do you think this place is? There's nothing exciting for you to see here!" When Cao Ling heard Leng ruoxue's words, she was so angry that her entire body was trembling.

Never in her dreams would she have thought that Leng ruoxue would be so shameless. Did she treat this place as her own home? You still want to watch the fun? Hmph! She didn't believe that with so many forces present, they would really tolerate a woman watching them so brazenly.

In reality, the reason why she thought this way was because she had never felt that Leng ruoxue was as strong as the rumors made her out to be!

She was just a woman. If she didn't have a powerful Godfather, how could she be feared by others?

Furthermore, now that Leng ruoxue's Godfather had passed away, the ning family no longer existed. It was said that this woman had a great enmity with the Divine Master's estate. Hence, from Cao Ling's point of view, Leng ruoxue's future was going to be difficult!

In order to show her kindness, she even gave Leng ruoxue a look of extreme sympathy, as if Leng ruoxue was a N-generation rich man who had fallen from grace. In short, the current her was very sympathetic to Leng ruoxue. She felt that the other party's strength was just an arrow at the end of its flight, while her own clan was currently rising. One could imagine how much sense of accomplishment and superiority Cao Ling had in front of Leng ruoxue.

Not only that, she also hated Leng ruoxue. Previously, she had used Leng ruoxue's name to add some glory to herself. But now, she felt that she no longer needed to use the reputation of a woman from a fallen family clan. With that, the real Leng ruoxue had naturally become a thorn in her side!

Previously, she had gone to look for Leng ruoxue for a chat only because she wanted Leng ruoxue to show off her sense of superiority. Who would have thought that Leng ruoxue would not give her any face and even chase her out? This reality made her exceptionally angry. One had to know that this was her home now, and a guest actually dared to chase away the host. This was really disrespecting the host.

Now, that woman had called for a meeting without permission. People from all the major forces had come, but no one had informed her. This was one of the reasons why she was angry. Cao Ling felt that she was not valued.

After they arrived, Cao Ling was even angrier. She had been standing there for a while, but no one had noticed her. This was preposterous! Are these people blind?

The Furious Cao Ling wanted to find someone to back her up after saying those words. However, when she turned around, she saw Yao Nan on the ground, his hands covering his face in pain. Blood was seeping out from his fingers. She was so scared that her face turned pale!

"My dear! What's wrong with you?" Then, a shrill scream was heard. Cao Ling rushed towards Yao Nan and helped him up. She then shouted at the crowd, "Are you all blind? Can't you see that the Grand Elder is injured?"

When everyone heard this, they sat as steady as Mount Tai. There were even quite a few people who thought in their hearts, that's your family's Grand Elder, not their family! More importantly, the one who had injured Yao Nan was Leng ruoxue's cat. As such, they had to consider saving him.

What if Leng ruoxue was unhappy because of their help and she ordered the cat to scratch them again? Thinking of the cat's shiny claws, everyone couldn't help but shiver.

The Yao family couldn't afford to offend them, but Leng ruoxue was even more so! In a situation where they were all Tigers, a tigress was obviously more threatening.

Everyone sat still and did not dare to move. They would steal glances at Leng ruoxue from time to time. As for Leng ruoxue, under the gazes of countless people, she was as calm as ever. She even leisurely combed Cang's hair.

Cang was lying comfortably on Leng ruoxue's legs, his sharp eyes occasionally scanning the crowd in the hall. Instantly, those people were so scared that they sat up straight and didn't even dare to breathe loudly.

They weren't like Cao Ling, a woman with no vision and knowledge. They were very clear that Leng ruoxue's current status in the divinity was not only because she had a backer. This woman was very powerful herself! As for the factions present, they basically didn't have any grudges with Leng ruoxue. It could also be said that they had never really offended her. Otherwise, they would definitely not be sitting here. This was because all the forces that had offended her had basically disappeared.

Thinking of this, many forces regretted coming to the CAO family. Although the ning family's divine realm was indeed tempting, one had to be alive to enjoy it!

After waiting for a long time, Cao Ling saw that no one came forward to help. The anger in her heart rushed to her head. She was so angry that she was about to explode. These people, these people really did not know how to take the opportunity to show off. Why did they not know how to help?

Cao Ling was furious. She even decided that if these forces needed her help in the future, she would definitely not put in a good word for them!

After making up her mind, Cao Ling no longer looked at the forces with anger in her eyes. Instead, there was a plain sympathy.

Yes! Sympathy! Now, she was confident of her extraordinary status, so she always liked to look down at others to show her superiority. Of course, this sense of superiority was only in her own imagination. Everyone present knew what her identity was, so although they showed respect to her on the surface, they actually looked down on her in their hearts.

She's just a concubine, does she really think she's a Queen?

Although they thought this way, no one knew what Cao Ling was thinking. Otherwise, they would not have sat still under Cao Ling's gaze.

However, Leng ruoxue understood Cao Ling's thoughts because Cang had already told her everything. After she heard it, she couldn't help but burst out laughing.

This woman was too outrageous!

Leng ruoxue's laughter also made Cao Ling very unhappy. After that, Cao Ling turned her attention back to Leng ruoxue and shouted, "Leng ruoxue, do you have any sympathy at all? brother Nan is already injured to this extent?"

"I really don't have any sympathy. So, what does your brother Nan's injury have to do with me? You can't possibly want me to mourn for him with you, right? Don't worry, on the day he really dies, I'll go to his grave and burn incense for the Yao family's sake." Leng ruoxue said calmly.

"W-what did you just say?" After hearing Leng ruoxue's words and seeing how she was so relaxed, Cao Ling was even more furious. Was he cursing brother Nan to die early? This was preposterous!

"What? you don't understand what I'm saying? I just said that when your brother Nan is really dead, I will go to his grave to burn incense. Do you understand now?" Leng ruoxue looked at Cao Ling sympathetically and repeated her words.

"How audacious! You actually cursed brother Nan to die! Do you know who brother Nan is?" This time, Cao Ling finally exploded.

Hearing this, Leng ruoxue smiled calmly and said, "This is considered cursing? Alright! Then I'll curse him! Also, I don't care who your brother Nan is. I don't want to know!"

"You, you ..." After Leng ruoxue finished her sentence, Cao Ling was so angry that she could not speak. As for Cang and evildoer, he couldn't help but laugh wildly.

At this moment, Cao Ling turned her gaze to the man and the Beast. At first glance, she was shocked! Of course, the only thing that amazed her was his evilness. As for Cang, he was so cute that any woman would want to have him.

### [Chapter 2959 The Ninth Weapon Tribulation \(2\)](#)

Cao Ling stared at the man and the Beast without blinking. Her heart was full of doubts. Why did she only just discover this beautiful man and cute little beast? She felt that she could not forgive her own carelessness.

The truth was that evildoer and Cang had both lowered their presence. Cao Ling's eyes were on Yao Nan and Leng ruoxue, so she naturally ignored the existence of the man and beast.

But now! The man and the Beast laughed out loud. Not only did they attract Cao Ling's attention, but they also attracted everyone's attention. Actually, when they heard Leng ruoxue and Cao Ling's meaningless conversation, they also wanted to laugh. However, they did not have the guts to do so! After all, whether it was offending Leng ruoxue or the Yao family behind Cao Ling, they didn't want either of them. As such, they could only pretend to be invisible.

"You evil man, this woman has taken a fancy to you." Suddenly, the smiling Azure said with a gloating expression.

"The person she likes is you." The demon said very calmly.

When they heard this conversation, everyone suddenly felt that they had heard a big secret that they shouldn't have! They didn't know if they would be killed, so all of them were so scared that their faces turned pale.

Your sister! To think of having an affair in front of her man and even snatching Leng ruoxue's man and Beastie, just how bold was this woman? No wonder Cao Ling didn't give Yao Nan any healing pills. She had other thoughts?

Everyone silently looked at Yao Nan, who had fainted from the pain, and they all sympathized with him.

Al! An ignorant man is the happiest! He didn't even know that he was being cuckolded. However, the crowd didn't understand. Wasn't it just a cat scratching their face? Why did he faint? Wasn't this Supreme elder of the Yao family a little too weak?

At this moment, the weak Yao family Grand Elder received everyone's sympathy, and so did evildoer and Cang. One had to know that if one was entangled by the daughter of the CAO family, even if they didn't die, they would be skinned! This was a common understanding among the major forces.

Perhaps their gloating expressions were too obvious, but Cang coldly snorted impatiently. Then, he turned his dark eyes to Cao Ling and asked, "Do you want to have me?"

"....."

Everyone was silent. Wasn't this too direct?

Leng ruoxue was speechless.

The demon leaned close to Leng ruoxue's ear and whispered in a volume that everyone could hear,""Xue 'er, I'm still the most loyal! Look at this stinky cat, it has decided to betray you. Hurry up and give him to that woman!"

"....."

Everyone was silent again. Sir, do you have to sound so excited? It was as if he had gotten rid of a burden?

It had to be said that everyone knew the truth. Evildoer was dragging Cang down openly. However, Cang did not care. He just glanced at evildoer and turned his gaze back to Cao Ling.

At this moment, Cao Ling could tell that the man and the Beast were not on good terms. She took the initiative to talk to them."If you're willing to follow me, I can naturally accept you."

Listen, it's receiving!

For the third time, everyone mourned for Cao Ling's art of speaking. This woman was beyond saving!

Subconsciously, everyone chose to stay away from the woman's sphere of influence, so that they wouldn't be affected if they started fighting. They would never be willing to become innocent cannon fodder.

"Thank you, but I don't need you to accept me." Cang politely refused.

"You, what do you mean?" Cao Ling, who felt that she had been played, shouted angrily.

"I don't mean anything!" Cang innocently blinked his eyes and replied carefully.

"Then why are you asking me if I want you?" Cao linghuo roared.

"What, I can't even ask?" Cang was even more aggrieved, tears welling up in his eyes as if they were about to fall at any moment. Instantly, everyone was shocked.

F \* ck! Did it have to be so scary? In their eyes, Cang didn't look as domineering as he did when he was scratching people. Right now, it was as weak and helpless as a little beast that had been frightened by an evil person ...

This was why everyone was even more afraid. According to the information they had received, the beasts that Leng ruoxue should never provoke were rabbits, cats, and Totoro.

"No!" Cao Ling was very sure that she had been played.

"I've already asked. " Cang Qi reminded him and grinned.

"So, you must belong to me!" Cao Ling roared domineeringly.

"Are you trying to Rob me?" Cang asked fearfully. Then, he snuggled even deeper into Leng ruoxue's arms as if he had received a huge shock.

Hearing this, Cao Ling was stunned. Then, she nodded her head vigorously."Right! Since you're not satisfied with your master, then quickly come into my arms!"

Hearing Cao Ling's words, everyone could not help but complain.

He didn't say that he was dissatisfied with his master! I'm just asking you if you want it, and you can't even do that? At that moment, everyone had a deep understanding of Cao Ling's dominance. At the same time, they also knew who she was relying on!

But at this moment, Cao Ling's backer was still lying on the ground unconscious! Is it really good for you to go out like this?

"I didn't say that I'm not satisfied with my current master, I'm just asking if you want me," Azure said, feeling wronged.

"I said, don't ask!" Cao Ling saw that Cang had no intention of surrendering, and her anger rose.

"Wuu ... Master, save me! I really just wanted to ask her, I didn't want to betray my master!" Seeing that Cao Ling was so overbearing, Cang directly asked for help. In order to show that it was really a little beast that was persecuted, it even dripped gold beans, which was a luxury.

When Leng ruoxue saw this, she was even more annoyed. She couldn't help but think in her heart, Cang, do you have to play so big? If he didn't like it, he could have just killed it, why put on such a show?

Even though Leng ruoxue didn't quite understand what Cang wanted to do, she still cooperated and said unhappily, "I know. I will handle this matter!"

After she finished speaking, Leng ruoxue turned her beautiful eyes to Cao Ling. She said calmly and unhappily, "Miss Cao, what do you mean by openly snatching my Beastie? Could it be that the CAO and Yao families have taught you this?"

"Leng ruoxue, I'm doing this for your little Beastie's own good. It clearly doesn't want to stay by your side anymore, or it wouldn't be interested in me." Seeing that Leng ruoxue seemed to be angry, Cao Ling was in a good mood and continued to sow discord.

"Miss Cao, you said that my little Beastie is interested in you. Is it because it asked you that question?" Leng ruoxue asked, pretending to be confused.

"Of course!" Cao Ling nodded and felt proud.

"Can I say that you're overthinking things?" Leng ruoxue was rather direct.

That's right! The crowd couldn't help but give Leng ruoxue a thumbs up.

Cao Ling didn't think that she was overthinking things. It was the little beast that had expressed its intention to leave Leng ruoxue, so how could she say that she was overthinking things?

### [Chapter 2960 The Ninth Weapon Tribulation \(3\)](#)

"You don't understand your Beastie's mind. It obviously doesn't like you anymore. " Cao Ling argued.

"Miss Cao, I'd like to know how your brain works." Leng ruoxue sighed and said helplessly.

Cao Ling did not understand and could not help but ask, "Leng ruoxue, what do you mean by this?"

"I'm calling you a weirdo! Your brother Nan has already fainted, but you didn't say that you were going to give him a healing pill. Instead, you are here to snatch little Beastie from me. I really don't know what you are thinking. Isn't this Grand Elder of the Yao family your backer? If he dies, what will you do? What about your Cao family? Can it still be so glorious?" At this moment, Leng ruoxue couldn't bear to see Cao Ling's actions. Otherwise, she wouldn't have reminded her that there was an unconscious Yao Nan on the ground waiting to be rescued!

Of course, it wasn't that she was kind-hearted, but the Yao family was clearly very important and had a very high status among the various powers. Thus, without Yao Nan's participation, the show wouldn't be as lively.

When Cao Ling heard Leng ruoxue's words, she finally remembered Yao Nan's existence. She glared at Leng ruoxue before slowly and painfully taking out a healing pill and stuffing it into Yao Nan's mouth.

Upon seeing this, Leng ruoxue felt a little sympathy for Yao Nan. He had heard from the Cheng family head that the Grand Elder of the Yao family doted on Cao Ling so much. Why was Cao Ling so reluctant to give away a healing elixir? Wasn't that just an ordinary healing pill? The food that her Beastie did not want to eat was obviously a rare thing to Cao Ling.

It had to be said that Leng ruoxue was right!

Healing medicinal pills were such a high-end item. Perhaps only she could treat it with a normal heart. After all, for most people, healing medicinal pills were absolutely something that could only be encountered by luck. Even if it was just an ordinary one, the price was also not cheap. Therefore, generally speaking, if it was a small injury, not many people would be willing to take a healing medicinal pill.

At that moment, Yao Nan's injuries were not that serious in Cao Ling's eyes. After all, he did not lose any arms or legs. He would recover after some rest. However, she was a prideful person, especially in front of so many people. She couldn't possibly abandon Yao Nan just because she couldn't bear to part with a healing pill, right?

Not to mention the fact that she hadn't found a more powerful man to rely on, even if she did, it wouldn't be a day for her to abandon Yao Nan. Therefore, she knew that she couldn't afford to offend Yao Nan. After all, she couldn't afford to offend the Yao family. In this world, other than the Divine Master's estate, only the ning family was more powerful than the Yao family. But now, the ning family had been completely annihilated, so she naturally had no chance to seduce the ning family. As for the Divine Master's residence! She couldn't afford to offend him.

After weighing the pros and cons, she couldn't help but calm down. However, when she inadvertently glanced at the demon's eyes, they were filled with infinite grievances and endless flirtatious expressions. Of course, he was also filled with regret.

This man was clearly a pretty boy who relied on women. Therefore, she deeply felt that it was absolutely impossible to find a devilish man as a backer. Perhaps, that devilish man would still have to rely on her to support him? As such, she felt even more strongly that she couldn't afford to offend Yao Nan, who was a rare and doting backer.

The demon who received this signal instantly understood the woman's thoughts. He suddenly felt like thousands of F \*\* K horses were running wildly in his heart.

This feeling of wanting to kill someone, how could he get rid of it?

The demon was extremely angry. He felt that he had been humiliated!

However, when he saw that Leng ruoxue did not make any move, he could only endure the feeling of nausea and look at Leng ruoxue with a face full of hidden bitterness. His watery eyes were like red fruits that were written: 'Xue' er, your man is being coveted!'

Leng ruoxue gave the evildoer a consoling look, telling him to calm down.

At this moment, Yao Nan, who had taken a healing pill, finally woke up.

Standing up unsteadily, Yao Nan removed his hand from his face and the crowd immediately saw the claw marks on his face. Instantly, the urge to laugh was stuck in their throats, and they couldn't help but shiver.

However, Yao Nan didn't seem to be aware of it. He only glared at Cang, who was pretending to be innocent, and wanted to tear this d \* mned cat into pieces.

"Argh! "Brother Nan, you ..." Cao Ling also noticed the claw marks on Yao Nan's face and exclaimed. However, her words were not clear, so Yao Nan did not receive any strange signals.

He saw Cao Ling lowering her head as if she was frightened. He hugged Cao Ling and comforted her,""Ling 'er, don't be afraid. I'm fine now!"

Cao Ling wanted to say,"I'm not worried about you. I'm just worried about your face." After being Yao Nan's woman for a while, she knew how much Yao Nan cared about his pretty face. Now ...

Afraid of Yao Nan's anger, Cao Ling didn't even dare to tell him. According to past experience, whoever said that would be unlucky! Therefore, she could only remain silent. And if she didn't say anything, no one else would. Therefore, Yao Nan was completely kept in the dark.

After consoling Cao Ling, Yao Nan turned to Leng ruoxue with a bright smile on his face."Sister Xue 'er, hand over the cat!"

"Please don't call me little sister Xue 'er!" Leng ruoxue was the first to correct him. At the same time, she felt disgusted. Meanwhile, Cao Ling glared at Leng ruoxue with a face full of jealousy. She had already cursed Leng ruoxue to death in her heart. Damn it, she actually dared to snatch her man. She really didn't want to live!

Cao Ling was filled with hatred! Even though she didn't care much about Yao Nan, she still enjoyed his pampering. Therefore, she would never allow another woman to snatch him away from her before she had the intention to let go! This was definitely a huge taboo for her! Because of this, her hatred towards Leng ruoxue had increased.

As for Leng ruoxue, her heart was filled with anger at how much hatred Yao Nan had caused her. In fact, she was the most innocent one, okay? The two of you, can you not have such blatant ideas about her

and the demon? However, she had to continue watching the show, so she didn't intend to fall out with him immediately.

"Alright! Xue 'er, hand over the cat!" Yao Nan calmly changed his words. He even felt that Leng ruoxue was to his liking. He liked women with such character.

"Brother chennan, you are so kind. You knew that I wanted this cat and you helped me to get it. I love you so much." Cao Ling suddenly interjected. She had already sensed Yao Nan's interest in Leng ruoxue, which was why she didn't mind showing off her intimacy with Yao Nan in front of the crowd. It was all for Leng ruoxue to see.

Who knew that Leng ruoxue didn't care at all? everyone felt that it was melodramatic.

There was the rhythm of a battle earlier! What were they trying to do now? Furthermore, all they saw was Cao Ling running around blindly by herself. Leng ruoxue did not feel anything at all.
