

## Crazy Wife 2961

### [Chapter 2961 The Ninth Weapon Tribulation \(4\)](#)

However, after hearing Cao Ling's words, Yao Nan naturally had to respond. He said, "Since Ling 'er likes this cat, I'll give it to you."

The conversation between the two of them made it seem as though Cang was already in their hands. This made everyone, including Leng ruoxue, speechless. However, Leng ruoxue remained silent, mainly because she couldn't be bothered to respond to this.

"Xue 'er, give me this cat! You know why I want it. " After showing off his love for Cao Ling, he continued to look at Leng ruoxue affectionately.

"Please don't call me Xue 'er." Leng ruoxue felt like puking and continued to correct him.

"Then what should I call you?" Yao Nan asked dumbly.

"Please call me miss Leng." Leng ruoxue reminded.

"How can we do that? It's outsiders who call her miss Leng, I can't call her that. " Yao Nan firmly opposed.

Hearing this, Leng ruoxue felt that the number of alpacas running wildly in her heart had increased by quite a bit. The crowd could not help but start to ridicule again. Xiansen, do you think you're his wife? In fact, I'm afraid you're not even as good as an outsider! So, can we not be so delusional? The onlookers couldn't stand it anymore.

Many of the people present were seeing Yao Nan for the first time, so they were very surprised. One had to know that those who dared to take advantage of Leng ruoxue in such a blatant manner, other than Yao Nan, who was still alive and kicking, the others were probably already dead. It was precisely because of this that they were extremely impressed by Yao Nan's guts!

He had heard that Yao Nan had been in closed-door cultivation all this time. Had he lost his mind?

The crowd glanced at Yao Nan emotionlessly and lowered their presence once more. They had a feeling that today's fight was inevitable. However, they did not know why Leng ruoxue had yet to make a move.

"Please call me miss Leng or Madam ye." After a while, Leng ruoxue gritted her teeth. She felt that it was a waste of her brain cells to talk to Yao Nan, but if she didn't correct him, he would probably pass away.

"Madam ye?" Yao Nan said loudly, as if he had just heard something sensational.

"You want my cat?" Leng ruoxue directly took the other party's question as a form of address and continued to ask.

"Yes, leave it to me. I want to teach it a good lesson!" Yao Nan nodded his head like a puppet. He couldn't let such a dangerous beast stay with the woman he liked. After he was done teaching it a lesson, he would give it to Ling 'er.

"Alright, here you go." Leng ruoxue threw Cang over to Yao Nan and didn't care anymore.

Seeing her like this, the servants present were deeply puzzled. However, they didn't say anything and continued to pretend to be invisible. After being grabbed by Yao Nan, Cang's eyes were filled with tears as he looked at Yao Nan pitifully and pleaded, "Don't kill me. I didn't mean to scratch you. "

"Don't worry, I won't kill you! Ling 'er still wants you! After I get my revenge, I'll give you to her!" Yao Nan laughed proudly.

"I know I'm wrong. Can you not teach me a lesson?" Azure asked, choking with emotion.

"No! I've lived for so long and I've never been scratched by a cat before, so I won't let you off!" Yao Nan roared in anger. He had lost a lot of face today, so he had to show off in front of everyone. At the same time, he had to show Leng ruoxue his domineering side.

Unfortunately, he had forgotten that he was dealing with an extremely weak-looking kitten. How could he be so domineering? Besides, he didn't think that even if he took revenge on a cat, what could he do?

"Alright! I know it's all my fault, and I'm in no position to stop you, but can we change to a place with no one else? I'll be shy in front of so many people. " Azure continued to beg pitifully, but the words that came out of his mouth made everyone's hearts tremble.

At that moment, everyone was thinking in unison, what is this cat trying to do?

"Yo! You actually know how to be shy?" Hearing this, Yao Nan laughed again while Cang ze became more and more embarrassed.

Leng ruoxue did not dare to look directly at this strange scene.

"Anyone would be shy. Let's go somewhere else, okay?" Azure said with a shy smile.

"Not good! I'm going to take care of you in public!" Yao Nan roared. How could he show off his might in a place with no one around? How could he make Leng ruoxue admire his dominance?

"I see! Then don't you regret it!" Cang was helpless and could only follow Yao Nan's lead.

"Hmph! What do I have to regret?" Yao Nan laughed maniacally as he took out a rope and tied Cang up like a dumpling. He held the other end of the rope in his hand and swung it around in the air.

"Silly cat! Let's see if you still dare to scratch me in the future!" Yao Nan shouted as he flung the whip.

Cang closed his eyes and ignored Yao Nan. He acted as if he was playing on the swing.

Seeing this, Yao Nan became angry and his hands moved even faster. Cang, on the other hand, seemed to enjoy it even more. After a long time, Yao Nan realized that something was wrong and his movements also slowed down.

'Damn it!' He was punishing the cat, but the cat was enjoying it? What the hell is this?

Yao Nan was furious. Cang ze opened his eyes in dissatisfaction and asked, "Why did you stop? Increase your speed!"

"You ..." Yao Nan trembled in anger. He raised his hand and was about to throw the rope away when Cang saw this and grabbed onto Yao Nan's clothes, pinning him to the ground.

"Dammit! Get the hell out of here!" Yao nanhuo roared. He could already feel the other party's sharp claws piercing into his flesh ...

"I don't want it, you said you wanted mine! You can't abandon him after you've abused him!" Blue said he couldn't die, so in order to stabilize his center of gravity, his claws hooked down a little more.

"Ah!" Yao Nan cried out in pain.

Everyone was shocked by the shriek. In their eyes, the cat was just scratching Yao Nan's clothes. Was there a need to shriek so loudly? Where did Yao Nannan's domineering aura go?

At this moment, Leng ruoxue patted her clothes and stood up. She smiled and said, ""Let's end today's meeting here! Go back and think about what territory you want. You have to give me an answer. "

After saying this, she pulled the demon and the others away.

When the crowd saw Leng ruoxue's sudden reaction, they couldn't react in time. By the time they regained their senses and wanted to say something, she had already left.

What ... What was going on?

She was the one who called for a meeting! She was also the one who told them to make an immediate decision! Now, she was the one who left again! What kind of trouble is this?

Even though everyone was suspicious, they did not dare to think that Leng ruoxue was playing with them. They could only say that a woman's heart was like a needle in the ocean. No one could guess what a woman was thinking!

After that, the other factions quickly left. In the large meeting room, only Yao Nan, Cao Ling, and Cang were left.

#### [Chapter 2962 The Ninth Weapon Tribulation \(5\)](#)

After Leng ruoxue and the others left the meeting hall, they returned to their residence. Not long after, the Cheng clan head caught up to them and stayed in Leng ruoxue's residence. He looked at Leng ruoxue in confusion and did not say anything.

Leng ruoxue felt her hair stand on end under the Cheng clan head's gaze. She asked helplessly, ""Clan head Cheng, is there something you need?"

"Xue 'er, can you tell me about it? What are you thinking? When you asked me to inform the various forces for a meeting, I thought you would go on a killing spree. Who knew that the Thunder would be loud and the rain would be light? what was this? Al! I'm so disappointed!" The Cheng family head couldn't bear it anymore and poured out all the doubts in his heart.

Hearing this, Leng ruoxue's face darkened. Just how much did this old man wish for the world to be in chaos?

"Cheng family head, before I wanted to let the forces make a decision immediately and then leave, but now I changed my mind. The main reason is that blue said it hasn't played enough, so he asked me to

give it a few more days. When it's done, we can discuss this matter." Leng ruoxue explained with a faint smile.

"Then you really don't want the ning family's territory?" The Cheng family head asked again.

"I don't want to." Leng ruoxue nodded.

"Little girl, have you forgotten the old man's advice before we came?" The Cheng family head couldn't help but remind him.

"I didn't forget." Leng ruoxue replied honestly.

"And you still dare to not take it?" The Cheng family's head was speechless. Was this girl mentally prepared to suffer the anger of old man ning? Originally, it was already infuriating enough that the territory was going to be divided. The only goddaughter who had hope of fighting for it didn't help. Could this old man of the ning family take this blow?

"I wanted to ask for some, but I changed my mind!" Leng ruoxue said with a smile.

"Why did you change your mind?" The Cheng family head didn't understand.

"I just think that whatever these people have taken from the ning family, they will definitely return it back in double in the future, so I'll just rent these lands to them for interest. Do you think I still need to fight with them for it?" Leng ruoxue laughed evilly.

"Uh!" Hearing Leng ruoxue's words, the Cheng family's head immediately came to a realization. How could this girl let old man ning suffer a loss? so this was her plan? No wonder she wasn't worried at all. But in this case, shouldn't he change his original plan of helping the ning family get some territory?

"Little girl, hearing you say that, I also think that this idea is not bad." The Cheng family's head was full of praise, and then asked, "Is there still space in Demon City?"

"What do you want to do?" Leng ruoxue asked warily.

"Hehe, nothing! I just want to stay at your place for a while. " The Cheng family head said with a charming smile.

"There's no more space!" Leng ruoxue said directly.

"Uh! Little girl, don't be like this!" Seeing how Leng ruoxue rejected him so directly, the Cheng family head was rather depressed. However, he also knew that this girl must have discovered his little thoughts. But he had no other choice! For those who were close to old man ning, who didn't know that the divine realm wasn't peaceful? Who would not know that Demon City was the safest place in the current divine realm?

"Then what do you want me to do? I don't have any place to help you raise a bunch of worms in the Cheng family. " Leng ruoxue's words couldn't be any clearer. She had never had a good impression of some people in the Cheng family. However, the Cheng clan head was also extremely thick-skinned, and he said with a charming smile, "I don't need you to help me take care of them. I just need to rent a small place for me. Sob ... The divine realm is not peaceful! Little girl, you don't want to see all of my descendants die at my age, do you?"

Upon hearing this, Cheng Xuan, who was sitting on the side like a wallflower, broke out in cold sweat. Even he felt that the old ancestor was really too shameless at this moment. Although the divine realm was not as safe as before, it was not to the extent that he had said, right? Moreover, who would curse their descendants to die just to stay in Demon City?

Of course, he really didn't care if the Cheng family members were all dead. In fact, he really hoped that some of the Cheng family members were dead. However, as one of the Cheng family's descendants, Cheng Xuan felt strange when he heard his ancestor say such words in front of him.

Please forgive him for not being able to accept this!

"I can only give you a place that can accommodate a hundred people." Seeing that the Cheng clan head had already put it this way, Leng ruoxue did not refute him too much this time.

Seeing that his goal had been achieved, the Cheng family head hurriedly nodded and said, "It's enough, it's enough!" In reality, this had already exceeded his expectations. After all, he thought that with Leng ruoxue's cold temperament, it would be good enough if she could give him a small courtyard. He never thought that she would arrange for a hundred people to go over. He was already satisfied.

After sitting for a while, the Cheng family head took Cheng Xuan and left.

After the Cheng family's grandfather and grandson left, uncle long smiled faintly. "This old man is quite cunning. I'm afraid that's his main purpose in coming to Demon City this time!"

"That's normal. The Cheng family head has always had a good relationship with Godfather, so he must know more than others. It's understandable for him to have such thoughts. More importantly, for the sake of Godfather, I can't turn away all the Cheng family members. He knows this, so he doesn't ask for much." Leng ruoxue said.

In fact, before she came, her Godfather had implicitly mentioned this matter to her and guessed that there must be something important for the Cheng family's master to visit this time. However, at that time, her Godfather did not ask her to agree to the Cheng family's master's request, but she knew that her Godfather definitely did not want her old friend's family to be completely annihilated. And once she chose to fight with Wu Chen, anything was possible!

In addition, a place with a hundred people was nothing to her. At the same time, it was really not much for a top power like the Cheng family, but it was enough for the Cheng family to preserve their strength! After all, she couldn't accept all the Cheng family members like she accepted the ning family.

In this way, she could also have an explanation to her Godfather.

After the Cheng clan head brought Cheng Xuan back to his residence, he sat on a chair in his room and fell into deep thought. Cheng Xuan, who was at the side, did not dare to disturb the old ancestor at all and stood obediently by his side.

After a long time.

"Xuan 'er, you decide on the list of 100 people!" Clan master Cheng said slowly.

"Old ancestor?" Cheng Xuan was shocked and looked at the old ancestor in disbelief. Why did the old ancestor have a solemn expression as if he was leaving behind his last words? what was he supposed to do?

"Make a good choice. In the future, these Cheng family members will be your left and right arms!" The Cheng family head said as he looked at his most beloved descendant.

"Old ancestor, the matter isn't that serious yet, is it? "There's a need to ..." Cheng Xuan couldn't continue. He had always believed in his ancestor's sensitivity, but he really didn't want such a thing to happen.

"Xuan 'er, although things haven't reached that stage yet, it's never wrong to take early precautions. In the future, I mean in the future, if such a day really comes, you must follow Xue 'er's lead! Do you understand?" The Cheng family's head warned with a worried expression.

In fact, he didn't feel that he was nervous. From the ning family's capture, he had already seen a trace of abnormality. After having a deep conversation with the ning family's old man, he felt even more that he should make early preparations to avoid being blinded by the dark.

#### [Chapter 2963 The Ninth Weapon Tribulation \(6\)](#)

Al! He was just a coward. In short, it was not bad to take precautions against such things. At least, when death was near, the Cheng family's bloodline would still continue. And the heir he had chosen had a good relationship with that little girl Xue 'er. With that, he would be at ease even if he were to fall.

"After this matter is over, you'll stay in Demon City. Don't return to the Cheng family!" The head of the Cheng family continued.

After hearing the old ancestor's words, Cheng Xuan could only nod in shock, but he definitely did not feel good. The old ancestor's expression clearly showed that he had sensed danger, but the old ancestor did not allow him to participate. This feeling was really terrible.

"Give me the list of names you've chosen later, and go back to your room now! I want to be alone for a while!" After the Cheng family head finished his warning, he began to drive them away.

Cheng Xuan had no choice but to leave.

That night, the representatives of the forces living in the ning family's main residence all heard a tragic scream. The scream was a little familiar, but none of them dared to act rashly.

The next morning, other than Leng ruoxue and the rest who were not affected at all, many people who did not sleep well had dark circles under their eyes and were extremely dispirited.

However, Leng ruoxue naturally did not know about this. She only knew that Cang hadn't had enough fun, so she had to stay here for a few more days. However, in the past few days, neither Yao Nan nor Cao Ling had the chance to disturb her. She was quite satisfied with this result.

Unfortunately, Leng ruoxue's thoughts were too optimistic. She also felt that both Yao Nan and Cao Ling should be able to last longer under Cang's demonic claws. Who knew that in less than three days, the two of them would come looking for her.

Everyone sat in the living room and looked at the man and woman, whose faces and bodies were covered in claw marks. They were speechless and didn't know what to say.

Senior Cang's bad taste is getting more and more serious! These two people's bodies were covered in so many marks that it was simply dizzying!

More importantly, some of the claw marks on Yao Nan and Cao Ling's bodies were bleeding. Everyone was rather puzzled. Why didn't these two people know to take a healing pill? Was it really a good idea to scare them so brazenly?

"Woo ... Miss Leng, please quickly bring your cat back!" Before the crowd could even think of what to say, Yao Nan had already started wailing and begging. He had almost choked on his sobs several times, causing the crowd to offer him some tears of sympathy.

"It's your cat!" Leng ruoxue reminded.

"..." Yao Nan was dumbfounded. How was he going to break this?

"That's obviously yours!" At this moment, Cao Ling couldn't help but shout. Her small body was trembling uncontrollably. She was obviously frightened.

"Of course it was mine at the beginning. Didn't you guys take it away?" Leng ruoxue said it as a matter of course.

"Yes, I took it back then, so I'll return it to you now." Yao Nan said immediately.

"You want it and you want to return it, what do you take me for? What do you think my cat is?" Hearing this, Leng ruoxue couldn't help but sneer. How could there be such a beautiful thing in this world? Do you really think that the divine realm revolves around you? And now, she was going to tell this couple that there was no way!

"Wuu ... I know I'm wrong!" Yao Nan's intestines turned green with regret. This wasn't a cat! He clearly wanted an ancestor.

Thinking of the pain he had suffered in the past two days, Yao Nan didn't want to continue living in this world. Besides, it wasn't like he didn't try to fight back. However, the fact that a divine Lord couldn't even defeat a cat was something that no one would believe! However, this was the truth. This time, he had lost a lot of face.

"My cat seemed to have said the same thing before, but you didn't give it a chance. So, I won't give you a chance now. Be good, go and bond with my cat! You two will definitely get along well. " Leng ruoxue advised with a smile.

"Don't! We can't get along, really! Please take it back! I can't take it even if I'm here!" Yao Nan begged, but Leng ruoxue was unmoved.

The demon laughed and pointed at Cao Ling, ""You could have given that d \* MN cat to this woman! She's been coveting that cat. "

"That's right. " Uncle long and the others also nodded.

Hearing this, Yao Nan immediately turned to look at Cao Ling. Cao Ling trembled in fear and waved her hands, "No, brother Nan, I don't want it anymore!" Haven't you been tormented enough for the past two days? How could she still dare to have any ideas about that cat?

"If one of you didn't want it, then why did you eat it? I'm telling you, you have to have that cat no matter what!" Leng ruoxue looked at Yao Nan and Cao Ling as she spoke in a cold voice.

When the demon and the others heard this, they all laughed very happily. Yao Nan, on the other hand, wished he could just faint. In the end, Leng ruoxue saw that they were annoyed and directly asked uncle long to throw them out.

Unfortunately, just as the two of them fell to the ground, Cang's little claws were already on their heads. Then, Cang grinned. "Where did you guys go? I've been looking for you guys for a long time. "

Hearing this sound, the two of them directly fainted and wished they could never wake up again!

However, while the wish was beautiful, reality was cruel. The two of them eventually woke up from the pain, and without anyone knowing, Cang forced Yao Nan to take him to the Yao family.

Even though Yao Nan had no other choice, he still agreed to it. In his mind, once the cat reached the Yao family, it would be a lost cause.

After Yao Nan made some arrangements, he pulled Cao Ling and brought Cang to the Yao family.

When Leng ruoxue found out about this news, she could only feel endless sympathy for the Yao family. If the old man of the Yao family knew about this, he would be so depressed!

With Yao Nan's departure, the Yao family's Affairs here were handed over to an elder. Leng ruoxue did not hesitate to inform all the major factions to hold a meeting immediately!

After they sat down in the meeting hall, the head of the Cheng clan was the first to rush over. Naturally, he sat beside Leng ruoxue. After all the influential people had arrived, the Cheng clan's clan head looked around before he looked at Leng ruoxue with a gossipy expression and asked, "Where are Yao Nan and Cao Ling? She wouldn't be dead, would she?"

"No, they took Cang back to the Yao family." When Leng ruoxue heard this, her forehead was full of black lines. At the same time, she could not help but Mutter, "clan head Cheng, how much do you wish for these two to die!"

"Oh!" The Cheng family's head pretended to be calm and nodded, but in his heart, he was laughing so hard that he couldn't keep up.

It's good to go back to the Yao family! Now, the Yao family was guaranteed to be very lively, but it was unknown how depressed the old man of the Yao family, who was rumored to have been in seclusion, would be when he came out and saw the Yao family's miserable state. He was suddenly filled with anticipation.

He was looking forward to it, but he didn't want to hear their conversation. However, the Yao family elder, who had heard it clearly, was quite dissatisfied with this and couldn't bear it anymore. He shouted in public, "Patriarch Cheng, I respect you as a powerhouse of this generation. How can you do this?"

## [Chapter 2964 The Ninth Weapon Tribulation \(7\)](#)

"How am I?" The head of the Cheng family innocently blinked his eyes and asked with a puzzled expression.

"How could you curse our Grand Elder to die!" A certain elder roared with righteous indignation.

"Did I? I'm just guessing, so please don't accuse me wrongly! Otherwise, I'll Sue you!" The Cheng family head said angrily, but in his heart, he was thinking, this Yao family elder's reflex arc is really long. He must have said that a while ago?

In fact, the reason why this Yao family elder's reaction was a little slow was mainly because he was hesitating whether he should go against the Cheng family head because of this matter. After all, the Cheng family head's status was quite extraordinary. After thinking for a long time, he felt that although the Supreme elder wasn't present, he couldn't lose the Yao family's face. Thus, he bravely went to find the Cheng family head.

However, the Cheng family head naturally wouldn't stoop to the level of a little fellow. Hence, after scaring the other party, he turned to Leng ruoxue and said, "'Xue 'er, can we start the meeting now?"

Leng ruoxue smiled and nodded. She then turned to the crowd and asked, "'Now, tell me the territory you want!"

All the forces present looked at each other and were unhappy with Leng ruoxue's overbearing attitude. It had only been a few days! Just let them decide? Was this really bullying?

Seeing them like this, Leng ruoxue gave an understanding smile and said, "'What, you still haven't decided?"

Everyone nodded.

"If that's the case, then I won't care about this matter anymore. I'll let the CAO and Yao families decide." Seeing them like this, Leng ruoxue's smile became even more affable. Her sudden decision to not care about the matter also caused everyone to be stunned on the spot.

It could be said that the crowd was not prepared for this at all. Logically speaking, among the various factions, Demon City, where Leng ruoxue was from, was definitely the most powerful. However, it was clear that she had the intention to withdraw, but this caused everyone to be at a loss. What was the meaning of this?

Was there a conspiracy?

"Miss Leng, are you really not going to care anymore?" Some representatives didn't believe him and asked boldly after they recovered from their shock.

"I don't care, you guys can do whatever you want!" Leng ruoxue said calmly.

"You really don't want any of the ning family's Divine Domain?" The elder of the Yao family couldn't help but ask.

"Didn't I say no! "This used to be Godfather's territory, but now, this place has only left me with some bad memories ..." Leng ruoxue deliberately cut in half and put on a sorrowful expression. Instantly, most of the people believed her.

That's right! The entire ning family had been annihilated. It was said that they had died in a rather miserable manner. It was no wonder that Leng ruoxue had no interest in this place. To her, this place was filled with painful memories! Everyone's imagination was running wild as they filled in the gaps. It could be said that Leng ruoxue's reaction had allowed them to let down their guard. At the same time, it had also caused even more factions to stir.

After that, Leng ruoxue and the rest bade their farewells and left the ning family's divine realm, leaving behind the Cheng family's grandfather and grandson to continue watching the ning family.

After leaving the ning family's divine territory, Leng ruoxue and the rest returned to the City of Evil demons. The legendary ning family member was with them.

They had found master ning in the CAO family's residence. After arriving in Demon City, he would naturally hand the matter over to his Godfather.

However, master ning definitely didn't expect Xue 'er and the others to come back so quickly. After seeing them, his eyes widened, and his face was full of surprise.

"Xue 'er, why are you back so quickly?" Leng ruoxue and the rest had just entered the garden, and before they could find a place to sit down, master ning's question reached their ears.

"Yes, we finished our business, so we came back first." Leng ruoxue laughed.

"Then which bastard has divided up the ning family's territory?" Master ning asked angrily.

"I don't know," Leng ruoxue said, feeling a little embarrassed.

"You, you don't know? Xue 'er, didn't you just come back from there?" Master ning was confused.

"We just came back from there, but we didn't participate in this matter." Leng ruoxue said honestly.

Master ning was dumbfounded. If they didn't participate, wouldn't they have gone for nothing?

"Old man ning, Xue 'er said that with us there, those forces will definitely not be able to relax, so in order not to disturb the elegance of those little guys, we came back first." Uncle long added with an evil smile.

"Uh!" Master ning didn't know what to say. This wasn't what he had expected!

"Godfather, don't worry! Where is the Cheng family's head? he'll let us know if there's any sign of trouble. " Seeing that her Godfather seemed to have suffered a blow, Leng ruoxue quickly consoled him.

"Xue 'er, when you left, didn't you say ..." Master ning only finished half of his sentence before he looked at Leng ruoxue with hidden bitterness.

"Godfather, The ning family's divine realm is of no use in my hands!" Leng ruoxue replied honestly.

"..." Master ning was speechless.

At this moment, in order to coax her Godfather, Leng ruoxue personally dragged master ning out and threw him on the ground.

"Who is he?" Master ning said to the stranger in front of him.

"I'm from the ning family. " Leng ruoxue laughed.

"But I don't know him." Master ning looked at it carefully for a long time before finally confirming it. It seemed that this person didn't recognize him either! Because that ning family member looked at him with an unfamiliar expression.

"It's right that you don't know her. This is someone the CAO family invited to put on a show to fool everyone. " Leng ruoxue exposed the other party's true identity.

"Uh! Why are there so many things happening these days?" Master ning was speechless. He understood what Xue 'er meant. This guy was the product of the CAO family's greed, a fake ning family member.

"I've been living in peace for too long, so I want to make a scene!" Leng ruoxue was very clear about this.

Master ning deeply agreed, and then looked at the crowd and couldn't help but ask, ""Where's senior Cang? Didn't he come back with you?"

"I gave it away!" Leng ruoxue said calmly.

"..." Hearing this, master ning couldn't help but wipe the cold sweat on his forehead. Was it good to give senior Cang away? Senior Cang actually agreed?

Although Xue 'er said this, how could master ning not understand that without senior Cang's permission, he would not be able to give it out. I just don't know who's so unlucky as to accept senior Cang! That would definitely be more terrifying than the end of the world!

Without knowing who this person was, master ning already sympathized with him. After knowing that this fearless fellow was the Grand Elder of the Yao family, master ning's sympathy for the Yao family immediately surged like a river, and could not be stopped.

At this moment, it didn't seem to matter who would divide the ning family's God Realm. After that, the more master ning thought about it, the happier he became. He laughed wildly on the ground without any care for his image, and even hit the ground while laughing ...

Upon seeing this scene, everyone turned their heads in unison. They really wanted to say that they didn't recognize this crazy old man. As for a certain fake ning family member, his heart trembled.

I'm finished! I'm finished! This old man had gone crazy! He didn't know if she would kill him in a fit of anger. Sob ... He was scared.

#### [Chapter 2965 The Ninth Weapon Tribulation \(8\)](#)

At the same time, Yao Nan had brought Cao Ling and Cang to the Yao family.

The moment Yao Nan entered the house, he was welcomed warmly by the Yao family members. The elders Council came forward to welcome them. The newly appointed elders of the Yao family asked impatiently, "Grand Elder, how's the situation?"

They knew that Yao Nan was going to the ning family's God Realm, and they didn't think it was wrong to take the ning family's territory. After all, the nings were gone, weren't they? A place without an owner would naturally be occupied by the capable. More importantly, their Yao family had been tormented too badly by Leng ruoxue previously. That was why they had the guts to snatch the food from Leng ruoxue's mouth. Of course, this didn't exclude the fact that Yao Nan, the Grand Elder, had given them endless confidence.

It was because of Yao Nan that they felt that most of the ning family's divine realm would be in the Yao family's possession. After their master came out of seclusion, they could also report their achievements to him. Just thinking about it made them excited!

"I don't know yet, but it shouldn't be a big problem." Yao Nan said after some thought.

All the elders fell into a temporary daze after hearing Yao Nan's words. What did he mean?

"When I came back, this matter wasn't settled yet." Yao Nan saw the confusion on the elders' faces and explained. At the same time, he was glad that the cat hadn't gone crazy over the past two days and that his injuries had mostly recovered. Otherwise, he wouldn't have been able to explain himself.

"Oh!" The elders nodded. They were too embarrassed to ask why Yao Nan had returned before the matter was resolved, so they just watched the tired Yao Nan return to his residence.

Not long after, an earth-shattering scream rang out from Yao Nan's residence and reverberated throughout the entire Yao family ...

Hearing this terrible scream, the Yao family members were tortured, and the entire family in the main residence felt terrible. They didn't understand what was going on, but after hearing the screams, no one dared to step into Yao Nan's residence. As such, they had no idea what had happened.

At this moment, there were only Cao Ling and him in Yao Nan's residence. What kind of waiter was this? They had all been sent away when he returned, so no one would come to save him.

When Cang tortured Yao Nan and Cao Ling to the point where they were no longer human and covered in wounds, it stopped and began to wander around the Yao family's main residence.

On a certain day.

The Yao family elders were having a routine meeting and Cang barged in without any notice.

Seeing it, the Yao family elders were all stunned.

However, there were still elders who recognized that this cat that ignored everyone was the one that the Supreme elder had brought back a few days ago.

They naturally did not dare to offend the Grand elder's new favorite.

At this moment, Azure elegantly waved his paw to greet the old men present. "I'm hungry. "

He barged into their meeting hall when he was hungry? The elders secretly sighed, but they still politely ordered people to get food for Cang.

Looking at the table full of fish, Cang was furious!

"F \* ck! I don't like to eat fish!" Azure fire roared. If he wanted to eat, he would eat what Niu made!

Ugh! A cat that doesn't eat fish, What is this?

But before anyone could ask what Cang liked, the Furious Cang flipped the table. There was a clattering sound and when they looked at the ground, all the fish on the table had been fed to the ground.

An elder couldn't help but roar, "damn!" You eat all these fish! Otherwise, I'll teach you a lesson!"

"I'm not eating!" Cang only had two words to offer.

When that person heard this, he became even angrier and went forward to grab Cang. Cang nimbly dodged, and while the elder was unprepared, he used his claws to kick the unfortunate elder. With a plop, the elder fell to the ground, his body and face covered with fish and juice.

"So you're the one who likes to eat fish!" Cang suddenly understood.

"Damn it, you little bastard! "I won't let you off!" The elder was burning with anger as he pounced towards Azure.

It was naturally impossible for him to catch cold, and its small body was unusually flexible. In a few moves, the angry elder was tortured by cold until he was gasping for breath. This wasn't enough. Following that, Azure continued to provoke the elder into chasing him up and down. Not long after, the elders present only heard a cracking sound. Instantly, all the elders were shocked. At this time, Azure nimbly ran out of the meeting hall.

The elder wanted to continue chasing, but he had just taken two steps when the roof beam of the meeting hall came crashing down, hitting his waist. Instantly, a scream sounded ...

Seeing this, the elders were even more shocked. At this time, they had already realized that something was wrong. An elder who was closest to the unlucky elder picked up the unconscious man who had been hit by the beam and wanted to run out. However, everyone's movements were half a beat too slow. Before they could run out, the entire meeting hall had collapsed and the elders were buried in the ruins.

Cang, who was already outside, revealed a smirk when he saw this. At this moment, a cry of surprise rang out in the courtyard, ""Not good, the meeting hall has collapsed!"

What followed was the sound of panicked footsteps. By the time the guards of the Yao clan arrived, Cang had long slipped away.

Just as the guards were rescuing the Council, misfortunes never came alone. The elder Council collapsed! As a last resort, the guards sent out a portion of their people to support the elder Council.

Fortunately, there weren't many people in the elder's house at the moment, so it wasn't too troublesome to rescue them. However, while they were cleaning up the assembly hall and the elder's

house, bad news kept coming from all over the Yao family's main residence, which made them feel that something was wrong!

The guards were busy and exhausted like dead dogs. Meanwhile, Cang was looking around, giving orders to the guards from time to time. In less than an hour, the miserable guards had been tormented to the point that they were even more miserable than drowning dogs.

In the end, the extremely busy guards finally couldn't move anymore. They laid on the ground and no matter how Ren Cang provoked them, they wouldn't get up even if they died.

After teasing him for a while, Cang lost interest and returned to Yao Nan's residence with graceful steps. At this moment, Yao Nan, who had been panting heavily, immediately pretended to faint when he saw Cang.

Looking at Yao Nan with disdain, Cang chuckled and said, "Stop pretending. I've had enough fun today. I won't play with you guys anymore."

With that, Cang lay on the bed and fell asleep.

Yao Nan looked at this scene for a long time. After making sure that Cang was asleep, he crawled to the door and opened it a little. He turned back to look at Cang and saw that he was snoring happily. He became braver and opened the door as wide as he could before running out.

However, after two steps, he suddenly found that his legs were suspended in the air. When he turned around to look, he was so frightened that his gall bladder almost burst.

"You, weren't you asleep?" Yao Nan asked nervously, his face pale.

#### [Chapter 2966 The Ninth Weapon Tribulation \(9\)](#)

"I can't look at you when I'm asleep? Little Nannan, you're too dishonest, you're making things difficult for me! Why can't you be more honest like this woman?" Cang pointed at the unconscious Cao Ling and looked at Yao Nan in disappointment.

Yao Nan wanted to cry but had no tears. How could he learn from this? If Ling 'er had not fainted, how could she be so well-behaved? That was why he was the most honest idiot. He should not have woken up!

"Ai! How should I punish you?" Cang continued to talk to himself, completely ignoring Yao Nan's pale face.

"Please spare me this time! Wu...I won't dare to do it again!" When Yao Nan heard that he was going to be punished, he was so scared that tears started streaming down his face.

"Really?" Azure asked doubtfully.

"Yes, yes, I won't dare to do it again!" Yao Nan was almost scared out of his wits. He didn't even dare to think that he would be lucky! He would be punished if he was caught. Even if Azure told him to run, he didn't dare to run, afraid that Azure was playing with him!

So this person! It's better to have self-awareness and not be too full of yourself! After Cang's training, Yao Nan deeply understood this point. At the same time, he had learned to be obedient and no longer dared to have any ideas about Leng ruoxue. With such a Beastie protecting him, any man who dared to have designs on Leng ruoxue was not a man! Call him a male God! The beasts that were protecting Leng ruoxue were not ordinary beasts either. They were beast gods!

Once scratched by a cat, he would be afraid of Beastie for ten years, ah no, for the rest of his life! This time, Yao Nan had definitely learned his lesson. Seeing that he could change, Cang magnanimously gave him another chance.

After that, Cang lay back on the bed and fell asleep.

This time, regardless of whether he was snoring or not, Yao Nan didn't dare to run away with unrealistic hopes. At this moment, he still didn't know what the Yao family was facing. Otherwise, he would definitely regret bringing Cang back to the Yao family. Unfortunately, there was no medicine for regret!

After a night, the elders who were trapped in the ruins of the meeting hall were rescued by the guards who had rested for a while. Although they did not die, they were all injured to varying degrees. The most serious injury was the unlucky elder who had chased Cang before. After they were rescued, they were placed in the open space in the courtyard.

Seeing that no one would care about them after they were placed here, some of the elders roared, "F\*ck! Are you all blind? You don't even know how to send us back to our rooms?"

The guards looked at the angry elders with strange expressions and said carefully, "Elders, I would like to send you back to your rooms, but you have to have a room!"

"What do you mean?" An elder asked as he sensed something was wrong.

"Other than the Grand elder's courtyard, all the courtyards in the Yao family's main residence have collapsed into ruins!" A guard replied honestly. They didn't say it before because they were afraid that the elders wouldn't be able to take such a huge shock and would have a heart attack. But now, it was what the elders wanted to know! Therefore, if anything happened, they couldn't be blamed for their innocents.

"..." As expected, as soon as he said this, all the elders collectively fell into a daze.

After a long while, an elder finally recovered and shouted with disbelief, "This is impossible!"

Hearing this, the guard didn't explain any further. He directly carried the elder on his back and circled around the Yao family's main residence. After returning, the elder was still in a daze.

"How is it? Did they really all collapse?" Someone nudged the dumbfounded elder and asked anxiously.

"It collapsed! It all collapsed! Even the forbidden area in the back mountain has collapsed!" After a long time, the dumbfounded elder finally responded.

When the elders heard this, they didn't care about their injuries and limped towards the back of the mountain. When they arrived and saw the ruins, they couldn't help but cry out, "Ancestor! You can't let anything happen to you!"

"Don't worry, he'll be fine!" At this time, a slightly familiar voice rang in their ears. All the elders suddenly looked up and saw a snow-white kitten the size of a palm, stepping on a few pink clouds and floating in the air.

Seeing this cat, the elders didn't know how to react. They didn't blame the collapse of the Yao family on this cat. It was obvious that this cat would never have the guts to come to the Yao family and cause trouble. Moreover, it was brought back by the Supreme elder. As the saying goes, you have to look at the owner before you beat a cat! He had to give the Grand Elder some face!

At the thought of the Grand Elder, the elders stopped wailing and limped back to Yao Nan's residence.

When they arrived at Yao Nan's courtyard, Cang blocked the way of the elders and asked angrily, "What are you guys doing?"

"Little kitty, get out of the way! We want to see the Grand Elder!" An elder said with a straight face.

"Little Nannan said that he doesn't want to see you guys." Cang said this on his own, thinking that this guy would not dare to resist.

"Something big has happened to the Yao family, how could the Grand Elder not see us?" The elder's anger shot to the top of his head.

"What's the big deal? It's just a house that collapsed, it'll be fine if we just rebuild it. Besides, didn't the Yao family have a courtyard in the suburbs? That place didn't collapse, so you can live there!" Cang shanliang suggested.

Unfortunately, a certain someone didn't appreciate it. The elder's neck was red as he roared, "Little cat, are you going to move or not?"

"I won't! If you want to see little Nannan, you'll have to step over my dead body! If you can't cross it, you'll be the ones to die!" Cang BA roared.

Immediately, the weaker ones "small bodies started to tremble.

In the past, Leng ruoxue had caused the Yao family indelible damage. Hence, some of the Yao family elders present were afraid of being yelled at like that. After some discussion, they decided not to stoop to the level of a cat. In the next moment, they had already left Yao Nan's courtyard and retreated to the side courtyard in the suburbs as Cang had wished.

When they arrived at the courtyard, the elders had an emergency meeting.

It was necessary to rebuild the main residence, but what about the funds?

The elders looked at each other, their eyes filled with innocence.

Yes! No funding! He was stretched to the elbow! Even a clever housewife can not cook without rice!

Just as all the elders were so worried that their hair was about to turn white, a sharp scream suddenly entered their ears.

"Argh! There's a rat!"

What followed was the sound of panicked footsteps.

Hearing this, the elders hurriedly walked out of the room and were instantly dumbfounded.

F \* ck! Tens of thousands of black rats, the size of black calves, were gathered in every corner of the courtyard. Their fur was smooth and shiny, and their two rows of sharp teeth sent chills down everyone's spine.

These rats were simply unorganized and undisciplined. They would bite wherever they caught, and their speed was so fast that it was impossible to guard against. As a matter of fact, without even looking, a corner of the house was missing, and it was creaking as if it was about to collapse!

The elders had a bad feeling and tried to stop him. However, there were too many rats. They could guard against this but not the others.

### [Chapter 2967 The Ninth Weapon Tribulation \(10\)](#)

In less than an hour, the courtyard had become a meal for the rats. Previously, the sudden collapse of the Yao family's main house had already caused various degrees of injuries to many of the members. Now that the rat attack had appeared, it was like adding snow to the snow for the Yao family, and many of them were even more seriously injured.

When the rats saw that there was nothing left to gnaw on in the Yao family's courtyard, the Rat King whistled and led away with his little brothers!

After seeing this orderly scene, the Yao family elders were so angry that their noses almost became crooked!

F \* ck! Why was he so unorganized and undisciplined when he was gnawing at the Yao family's courtyard? Now that they were retreating, they all left?

It was really infuriating!

Now that the rats had retreated, they had no place to vent their anger.

"Elders, what should we do now?" After a long time, the captain of the guards gathered his courage and asked. The atmosphere was so oppressive that they didn't even dare to breathe.

"What do we do? What do you think we should do? Go and set up the tent! Idiot! Do you even need to ask?" One of the elders who was bitten by the rat shouted angrily.

When the guard Captain heard this, he quickly lowered his head and bitterly led his guards to set up the tent.

The next day, the depressed elders of the Yao family received the news that the entire Yao family's divine territory was also suffering from a rat disaster!

For a moment, the Yao family elders couldn't help but panic. But fortunately, they didn't forget to form a group to exterminate the rats! Unfortunately, by the time they were split into groups and arrived at their destination, the rats had already run away and moved to another place.

As for the Yao family, they had been lagging behind in terms of news, and they were constantly busy dealing with the tails left behind by the rats ...

After staying in the Yao family's dilapidated main residence for a few more days, Cang had had enough fun and planned to go home.

Of course, he would not forget to bring his lovers, Yao Nan and Cao Ling, with him!

In the past few days, Cang had been working hard to sow discord between the two lovers, and it was very effective, so he was quite satisfied.

When Yao Nan, who was being carried out of the courtyard, saw the ruins in front of him, he was completely dumbfounded.

"W-what's going on? Is it an enemy attack?" Yao Nan's face paled.

"It's not an enemy attack, don't worry! It's mainly because the quality of your house is too poor, and it hasn't been maintained for years, so it collapsed. Don't worry, the Yao family members are still alive and have already moved to another courtyard. " Cang shanliang comforted.

"Oh!" Hearing Cang's words, Yao Nan relaxed. However, he was still a little unhappy. No one had told him that such a big thing had happened to the Yao family! He really didn't put him, the Grand Elder, in his eyes.

Not only that, he completely believed Azure's words, but he had no choice!

Seeing that Yao Nan had calmed down, Cang grinned and teleported back to Demon City with the two piles of trash in his hands.

"Niu!" As soon as they entered the house, Cang shouted and threw Yao Nan and Cao Ling to the ground.

"Azure has returned!" Hearing Cang's voice, Leng ruoxue quickly came out from her bracelet. The next second, a fluffy white ball flew into her arms.

After being close to Cang for a while, Leng ruoxue's beautiful eyes turned to Yao Nan and Cao Ling. She asked in confusion, "Why did you bring them back?"

"Bring him back for further training! Hehe!" Azure smiled evilly, clearly in a good mood.

However, Leng ruoxue didn't really want to see a fellow who had designs on her man and Beastie. She looked at Cang with a look of disdain and said, ""Take them away, don't let me see them."

"I see! Then I can only lock them up in the prison. " Thinking about it, Cang Cai said.

Hearing this, Yao Nan immediately begged for mercy, ""Don 't! Uncle cat, I will serve you well. Please don't put me in a cell, I will be scared!"

"Girl, he said he'll be scared!" Cang's face was filled with sympathy for Yao Nan.

"You decide for yourself!" Leng ruoxue was helpless. She had never expected that Yao Nan would throw away his pride just to survive. This was too disappointing!

Just like that, Yao Nan and Cao Ling settled down in Demon City.

The two of them were extremely obedient. Not only did they not dare to cause any trouble, they even treated uncle long and the others like their ancestors! From time to time, they would entertain everyone. With their hard work, the two of them had a much better time in Demon City.

However, this was the first time Yao Nan had seen master ning, and he couldn't utter a single word.

At that time, he had thought that he had seen a ghost, but later he found out that it was the living Master of the ning family. Immediately, Yao Nan hated the CAO family! If it wasn't for the CAO family's instigation, saying that there was no one left in the ning family, he wouldn't have had any ideas about the ning family. Now that he had seen master ning, what else did he not understand? He had clearly been tricked!

But even though he knew that he had been tricked, he did not dare to say anything and could only admit that he was unlucky!

Although Yao Nan was a little silly at times, he was definitely not stupid. Otherwise, he wouldn't have become the most beloved descendant of the Yao family and become the Supreme elder of the Yao family. On the contrary, he was very smart. Other than being a little lecherous, he was pretty tactful. It was just that he had been fooled by the CAO family this time, thinking that the ning family had really been annihilated. And the Leng ruoxue he had heard from the CAO family was just a little girl who relied on the ning family's master to support her.

Think about it, that little girl's backing was already dead, so how could a little girl turn the world upside down? However, it was because he had underestimated his enemy and was smitten by Leng ruoxue's beauty that he thought that she was like most women in this world who needed to rely on men to survive. As a result, he had met with a tragedy!

Sob ... If he had known that the beast by the other party's side was so terrifying, he would not have dared to target Leng ruoxue and the ning family! But it was too late to say anything now.

This was truly a mistake that would cause eternal hatred! Yao Nan was filled with regret. At this moment, he no longer saw Cao Ling as a beautiful woman. His heart was filled with hatred!

As a result, Cao Ling's days were even worse.

A few more days passed.

The Cheng family head had returned with Cheng Xuan.

It was clear that the two of them had successfully completed their mission. After reporting the performance of each major faction to Leng ruoxue and the others, the Cheng family head put on an expression that was asking for praise, waiting for Leng ruoxue to praise him.

Leng ruoxue glanced at the Cheng clan's clan head and turned her head away on purpose.

"Xue 'er, Xue' er, I've completed my mission!" Seeing that Leng ruoxue was playing dumb, the Cheng family head ran to her and reminded her.

"Yes." Nodding her head calmly, Leng ruoxue maintained her nonchalant expression.

"Are there any rewards?" The Cheng family head asked directly.

"No, I didn't!" Leng ruoxue said with certainty.

Immediately, the Cheng family head's old face drooped.

At this time, master ning, who couldn't stand it anymore, stepped forward and kicked master Cheng's butt, and scolded him with a smile, "Didn't Xue 'er give you a hundred spots? What kind of reward did he want! Besides, you didn't even get a piece of the ning family's territory, and you still have the nerve to ask for a reward?"

#### [Chapter 2968 The Ninth Weapon Tribulation \(11\)](#)

"Too many forces are going. How can I have the nerve to fight for territory with some little guys?" The Cheng family's head said, aggrieved.

"So you came back empty-handed? At least senior Cang brought a gift? Xue 'er was the same. You didn't take anything, how could you? Don't you feel ashamed?" Master ning said with a look of disdain.

"Didn't I bring back a lot of information? Isn't that enough?" The Cheng family head reminded.

"Since that information is a gift, then you are even less qualified to ask for a reward." Master ning used Huang Shiren's tone.

"Alright! I knew you would knock on the door! Ai! Just take it as running an errand!" The Cheng family head sighed helplessly.

As they listened to the two old men's meaningless conversation, Leng ruoxue and the rest were the ones who felt helpless!

On the other side.

After an elder of the Yao family who had gained a huge advantage returned to his hometown in high spirits, he discovered that the entire Yao family's divine realm looked as if it had been robbed by bandits. It was in tatters. Instantly, the elder's beautiful face paled and he hurriedly brought the people around him back.

When he got home, he was completely dumbfounded.

The Yao family ... How did the Yao family become like this?

"Dammit! Who did this?" The elder furiously roared towards the sky. At this moment, the Yao family's mansion was no longer in ruins. The entire place had been razed to the ground. Other than a thick layer of soil, which indicated that the Yao family had once existed, there was no sign of the Yao family's mansion at all!

More importantly, where did the Yao family go?

"Ancestor! Wu.....Ancestor!" The Yao family elder, who was out of his wits, sat on the ground and wailed.

This scene was really too tragic!

Just as he was crying bitterly, the ground suddenly shook. Then, the ground in front of the elder caved in, giving him a shock.

"Elder qu, don't cry anymore. You're making the ground collapse." At this time, a guard who was not very good at talking quickly went up to persuade him.

"Get lost! F \* ck! Why am I the one who collapsed from crying!" Elder qu angrily rebuked. Instantly, the guard didn't dare to speak. He couldn't help but think in his heart, 'the moment you cry, the ground will collapse. If it's not you, then who is it?'

"What's going on?" At the same time, a roar came from underground.

When elder qu heard this, he hurriedly jumped down along with the collapse.

"Old ancestor, you've come out of seclusion?" Elder Qu's emotions surged when he saw the Yao family head, as if he had found his backbone. But now, the Yao family head's appearance wasn't too good. Not only was his face covered in dirt, but there was also a piece of wood on his body.

"What is this? Is it an earthquake?" The Yao family head asked. In addition, it wasn't that he wanted to lock himself up, but that he was forced to wake up after being hit by a piece of wood.

In fact, when Cang destroyed the Yao family's main residence, he had used his divine power to protect the place where the Yao family's head was in seclusion, not allowing him to be affected in any way. However, without the protection of Cang's divine power, the collapse of the ground just happened to hit him, so he was in a tragedy.

Hearing the old ancestor's question, elder qu was bewildered and asked, ""Ancestor, I don't know!"

"How could you not know?" The Yao family head was furious.

"I just came back from outside!" Elder qu was on the verge of tears.

"Since you don't know, then call someone who knows over. I want to ask him!" Hearing elder Qu's words, the Yao family head instructed.

"Master, the Yao family has all disappeared." Elder qu replied carefully, afraid that the old ancestor would be enraged. As such, he did not dare to risk his life and say that the Yao clan might have all fallen.

"Disappeared? Where did he go?" The Yao family head asked.

"Ancestor, I didn't see a single Yao family member when I came back." Elder qu didn't dare to hide the truth.

The Yao family head was still skeptical about these words. Then, he stood up and jumped up from the collapsed area.

When he reached the ground, he was dumbfounded.

How did this happen? Where did the Yao family go?

Who did this?

The Yao family head was furious, his face and neck red with anger. Then, he searched with his divine sense and finally found traces of the Yao family.

"Follow me!" The Yao family head said to elder qu.

The message teleported to the corner of the Yao family's landing point. The head of the Yao family shouted, "What happened to the Yao family? who did it?"

Hearing the voice of their ancestor, everyone in the Yao family was suddenly excited. However, their answers to the Yao family head were not quite the same. Some said they didn't know, while some said it was the rat clan!

Hearing all these answers, the head of the Yao family angrily cursed, "Who did this? You tell me!" He pointed at an elder and called out his name.

"Forefather, this matter is really hard to say. Our Yao family's main residence collapsed without any warning. As for the other places, it was indeed the doing of the hamster tribe. " The elder who was called out carefully replied.

"It collapsed without any warning? This is impossible!" The Yao family head didn't believe this. Otherwise, he would have lived all these years in vain.

"Ancestor, our main residence has been here for many years." At this time, an elder who was ranked at the bottom said in a low voice. The implication was just as Azure had said, it had been in disrepair for a long time!

However! As soon as he finished speaking! He was immediately sent flying by a kick from the Yao family head. Even if you're broken, the main residence can't be broken! This is definitely man-made!"

Hearing master ning's words, the Yao family didn't dare to say anything.

"Who is it? Has anyone suspicious appeared in the Yao family's God domain recently?" After thinking for a moment, the Yao family head continued to ask.

"There are no suspicious people, but a cat came to our house recently. After it arrived, something happened to our Yao family!" With the Yao family head's reminder, one of the elders immediately knew what was good for him and revealed Cang.

"A cat? Where did this cat come from?" The Yao family head asked. This was also a clue!

"The Grand Elder brought them back." The elder replied.

"Nan 'er? He's out of seclusion?" The Yao family head asked.

"Yes, I am." An elder nodded.

Hearing this, the Yao family head didn't raise any suspicions. He only thought that Yao Nan had taken in a pet. After all, if it was any other beast, it might be the main culprit, but it was definitely not a cat. After all, in the divine realm, a cat was even weaker than a mouse!

Thinking of the rats, the Yao family head LED the Yao family members to seek revenge from the rat clan in an aggressive manner. Who knew that after searching for several days and almost turning the entire

divine realm upside down, they couldn't even find the shadow of the hamster tribe. Instantly, the Yao family members were somewhat discouraged.

In particular, they still had to sleep on the streets every night, which made elder qu, who had been living in luxury, quite unaccustomed to it. After much consideration, elder qu finally mustered up his courage and suggested that old Grand Madame go to the ning family's divine realm to stay for a short while.

After hearing elder Qu's suggestion, the Yao family head laughed before shouting, ""You're going to live in the ning family's God domain? do you think the ning family's God domain belongs to my Yao family?"

"It does belong to the Yao family now! At least half of it belongs to the Yao family. " Elder qu muttered softly.

### [Chapter 2969 The Ninth Weapon Tribulation \(12\)](#)

"What did you just say? Can you explain it to me?" The Yao family head grabbed elder qu by his collar and asked loudly.

"The ning family ... The ning family has been exterminated by the Divine Master. The ning family's divine realm has become a land without an owner. Therefore, our major forces have divided it up!" Elder qu stammered as he carefully reported.

"Old man ning is dead? This is impossible!" The Yao family head did not believe elder Qu's words at all. At this time, the other elders also interrupted to confirm that something had indeed happened to the ning family.

However, the Yao family head still didn't believe him and asked again, ""What about Leng ruoxue? She's also dead?"

"Leng ruoxue is still alive!" Elder qu hurriedly replied.

"She's still alive, so how could old man ning be dead? Furthermore, didn't Leng ruoxue say anything when you guys divided up the ning family's God Realm?" The Yao family head continued to ask.

"No, she said that it's her sad place. She didn't want to see it to avoid thinking of her." Elder qu repeated Leng ruoxue's words.

"Idiot! Idiot! You've been tricked! Leng ruoxue is using retreat to advance, trying to provoke you guys! You, you guys! Why did he have to provoke that She-Devil? Isn't it enough to just obediently guard the Yao clan?" When the Yao family head heard this, he roared in exasperation. How could he have such a stupid descendant!

One had to know that he had never won a single time when he fought Leng ruoxue. Was this not enough to warn the clan? Why did he have to provoke Leng ruoxue?

"Is that woman really that cunning?" Elder qu was in slight disbelief. It was not that he did not believe the old Grand Madame's words, but he had always looked down on women. He even felt that the ning family's master must have played a big role in Leng ruoxue's previous actions of causing the Yao family to be in such a miserable state. Otherwise, he would not have supported the Grand Elder to hit them when they were down. It was because of this that he was skeptical of the old ancestor's words.

"That little girl isn't just cunning. She's terrifying!" The Yao family head said with lingering fear. He didn't know what to do now. If he wasn't afraid of provoking Leng ruoxue, he wouldn't have gone into closed-door cultivation for so long. But now, he still provoked her.

The depressed Yao family head immediately inquired about the ins and outs of the matter, and after hearing it, he was even more remorseful.

I'm finished! I'm finished! This time, he was entangled with Leng ruoxue.

Furthermore, after he found out from elder qu that the cat was originally Leng ruoxue's pet and was forcefully taken by the Grand Elder, he even felt like killing himself!

This aggro-pulling was really strong!

Was Beastie by Leng ruoxue's side that easy to get? Now, he could be sure that the Yao family's incident was definitely related to that cat.

This way, he wouldn't have to seek revenge from the hamster clan. Leng ruoxue must have been the one who instructed him to do so.

The pitiful Leng ruoxue had to take the blame for Cang. However, as Cang's master, there was no difference in pushing Cang's actions onto Leng ruoxue.

After figuring out the cause and effect, master Yao led a few important elders to Demon City.

As soon as they arrived at the outskirts of Demon City, Azure had already appeared in front of the Yao family head with a smile.

"Ancestor, this is the cat!" Elder qu immediately pointed at Cang and shouted.

"Little old man, you still recognize me!" Cang Xiao said to elder qu.

"May I know who you are?" The Yao family head was very polite. He couldn't tell the cat's strength!

"I'm Cang! Long time no see, little fellow. " Cang raised his little paw and greeted patriarch Yao.

Upon hearing the other party say Cang, the Yao family head's expression instantly turned ugly. He couldn't help but curse in his heart. So it was senior Cang who even dared to smash the divine lord's estate! Then it didn't matter if his house was smashed! At this moment, he was even more certain of the suspect. However, since it was Cang Zhui who did it, he didn't dare to say anything. After all, the Yao family had brought this upon themselves. His only hope now was to get Yao Nan back.

Of course, the prerequisite was that Leng ruoxue and the others had to let bygones be bygones!

The more he thought about it, the more aggrieved he felt. The Yao family had clearly suffered losses, so why did he still have to give in to Leng ruoxue and the others? He was even afraid that they would hold a grudge against him. What was this?

However, the Yao family was currently a vulnerable group, so he had no choice but to lower his stance.

Although he felt aggrieved, after his expression changed for a moment, the Yao family head raised his smile and said, "So it's senior Cang! It has indeed been a long time. "

"I heard that you've been in closed-door cultivation?" Azure asked kindly, as if he was truly concerned about a junior.

"Yes." The Yao family head nodded.

"Then why did you suddenly come out of seclusion? Although you're already a reverent-God, you still have to cultivate your mental state! So, I really shouldn't have come out of seclusion so early!" Azure said in a disappointed tone.

The Yao family head was silent. Would he say that he had been woken up by a piece of wood? Would he? would he?

After recollecting his emotions, the Yao family head smiled and said, "I didn't want to come out of seclusion so soon, but I heard from my clansmen that there was a misunderstanding with Demon City. So, I immediately brought them here to apologize!"

After saying this, he immediately turned to elder qu and the others and said, "Hurry up and apologize to senior Cang!"

"I'm sorry!" The few elders said in unison. When Cang heard this, he couldn't help but widen his eyes, his face blank, "Did they do anything to let me down?"

"Uh!" The Yao family head knew that the other party was playing dumb, but he didn't know how to respond.

"Isn't senior Cang a Totoro?" elder qu asked.

"That's what I used to look like. I can change into whatever I want." Azure smiled evilly.

Upon hearing this, everyone, including the Yao family head, was depressed. The meaning of his words was clearly to warn them not to appear in front of Leng ruoxue and the others! Otherwise, who would know which beast was senior Cang's transformation?

"Senior, can you invite us up for a seat?" After half a minute of silence, the Yao family head spoke again.

"Of course you can, but I'm not sure how popular you guys are." Azure hesitated.

"Senior Azure, we promise not to cause any trouble." The Yao family head promised.

"Yes, yes, we'll definitely be good!" Elder qu and the others also expressed their opinions.

"I see! Then everyone, come home with me!" Cang said in satisfaction. He then teleported and brought the Yao clansmen to the top of the mountain.

When he arrived at the Leng family's main house, master Yao saw master ning's figure in the garden. His heart suddenly turned cold. He thought to himself, "sure enough, he was right. This old man is still alive and kicking!" Al! He was at a loss for what to do with the things his descendants had done.

As soon as elder qu saw master ning, he was dumbfounded. He pointed at master ning and asked, "You ... Are you a human or a ghost?"

"Your sister! You're the ghost! Even if you become a ghost, I'll still live well. " The master of the ning family roared, and then looked at Cang Dao with a bitter face."Senior Azure, why did you bring these people up?"

### [Chapter 2970 The Ninth Weapon Tribulation \(13\)](#)

"They're here to apologize, but I don't think they've done anything wrong to me, so I'm thinking if they've done something wrong to you, so I brought them here. If there's anything you need to settle here, I'll be your judge. " Azure said with great interest.

Hearing this, master ning understood. Senior Cang! So you just wanted to watch the fun! However, looking at old man Yao's devout expression, it was probably not a good show to watch.

Master ning knew why master Yao had come in person, but he would never take the initiative. If there was anything to say, old man Yao had to speak first.

The two of them had known each other for many years and understood each other quite well. Seeing that master ning did not say anything, master Yao knew that he had to take the initiative. The Yao family was indeed in the wrong in this matter. In addition, he was extremely unwilling to provoke Leng ruoxue, so he placed himself in a very proper position.

After clearing his throat a few times, the Yao family head said in embarrassment,""Old man ning, I know that my descendants are in the wrong. They shouldn't have taken advantage of me. I've brought the decision-makers of this incident here and asked them to apologize to you. Give them another chance. Let's just forget about this, okay?"

"Also, don't worry. The ning family's God domain will still be the ning family 's. We, the Yao family, guarantee that we won't occupy it," Seeing that master ning was silent, master Yao had to add.

"It doesn't matter! You've already taken it anyway, so don't shoot after the fact!" Master ning didn't give him any face.

After hearing this, the anger in the Yao family head's heart surged. At this moment, he really wanted to strangle his idiotic descendants to death. They were really a bunch of troublesome things! Why didn't they learn from the other six families in the eight divine regions?

One should know that the yin family of the eight great divine regions didn't even attend the meeting that the CAO family had called for. They had made their stand clear when they received the invitation. The family head wasn't present, so they couldn't make the decision. As for the clans that had come, they were like the cunning old man from the Cheng family. They didn't want the ning family's territory at all. Only elder qu from the Yao family had foolishly taken away more than half of the territory. Now, he had to lower his head and apologize, and he had even provoked Demon City.

More importantly, the current situation was quite unfavorable to the Yao family, because old man ning didn't accept their apology at all!

"Old man ning, we've known each other for so many years, can't you give me some face?" The Yao family head pleaded.

"I gave you face, but your Yao family won't give me face? I don't know where your in-law found a member of the ning family, but he insisted that I was dead and that the ning family had been annihilated. He gathered all the forces to divide up the ning family's divine realm. Tell me, how do you want me to give face to your Yao family?" The master of the ning family complained.

"Calm down, I will definitely give you an explanation for this matter. In fact, our Yao family has also been deceived by the CAO family, so even if you don't cause trouble for the CAO family, I won't let them off. Please believe me!" The Yao family head said with a good temper.

"Trust you? Don't tell me you want to silence me?" Master ning looked at master Yao suspiciously.

"How is that possible? I've already asked clearly about this matter. The Yao family was indeed deceived by the CAO family, I swear on my character. " Seeing that master ning didn't believe him, master Yao couldn't help but be a little anxious.

"You want to swear an oath on your character? How much is your personality worth? Do you even have a personality?" Master ning was still disdainful.

"Old man ning, what do I have to do for you to believe me?" The head of the Yao family was furious, but he asked patiently.

"I can't believe it. Take your descendants back! The ning family's territory you want to leave is also yours. Take care, I won't see you out!" Master ning directly asked him to leave.

"Old man ning, don't be like this!" Seeing that the other party was really going to drive him away, the Yao family head hurriedly stopped him.

"Your sister! This is my home, I can do whatever I want!" Master ning said unhappily.

"Godfather, give me some face. Let's see how the Yao family head is going to show his sincerity." At this moment, Leng ruoxue heard that the Yao family head had arrived and rushed over to join in the fun. Coincidentally, she saw that her Godfather was about to chase him away, so she hurriedly pleaded for mercy.

"Miss Leng, you've come at the right time. I'm very sincere in visiting you this time, so please give me a chance." Seeing that the real master had arrived, the Yao family head immediately heaved a sigh of relief.

"I can give you a chance, but how does the Yao family head want to perform?" Leng ruoxue asked with a faint smile. Although she was a little angry at the Yao family for adding insult to injury, she clearly didn't want to push the Yao family too far. Therefore, as long as the other party could satisfy her, she naturally wouldn't hold it against the Yao family.

After Leng ruoxue appeared and pleaded for mercy on behalf of master Yao, master ning was so angry that he returned to his room.

"Old man ning is really angry with me." Seeing this, the Yao family head couldn't help but smile bitterly.

"If it was the Yao family head, he would also be angry." Leng ruoxue said calmly.

"That's for sure. However, my Yao family has been cheated by the CAO family this time, so I will never let them off." The Yao family head said with hatred.

"As far as I know, the CAO family and you are in-laws." Leng ruoxue reminded.

"Then we can't let them go. Not only did the CAO family deceive us, but they also used the Yao family's name to swindle people, ruining our reputation. So, I will never forgive them!" The Yao family head said angrily.

When Leng ruoxue heard this, she couldn't help but think, 'does your Yao family still have a reputation? However, with Cang and Qing Jue around, she naturally knew that they were telling the truth. Otherwise, she wouldn't have pleaded for mercy on behalf of the Yao family head. However, would those who didn't know really not blame him?

If the Yao family wasn't so greedy, how could this have happened? It should be known that other than the Yao family, the other six divine domains had also sent people there, but they didn't care about this at all and were just there for show. Only the Yao family had been greedy for the ning family's Divine Domain.

However, this time, the Yao family head was rather sincere. He apologized non-stop and not only returned the ning family's territory in the God Realm, he even took the initiative to offer a lot of compensation. Of course, he did not dare to mention the rat problem in the Yao family's God Realm to Leng ruoxue. As such, Leng ruoxue naturally could not be bothered to make a fuss about it.

After receiving Leng ruoxue's forgiveness, the Yao family head finally heaved a sigh of relief.

That was really close! He believed that if he didn't personally make this trip, the Yao family and Demon City would probably fight to the death! Fortunately, there was still time.

The Yao family head heaved a sigh of relief and brought up Yao Nan's matter, saying that he wanted to bring him back to the Yao family.

When Leng ruoxue heard this, she pointed at Cang and said, ""Yao Nan is Cang 's, I can't make the decision."

"Uh!" The Yao family head was stunned. How could it be senior Cang 's?

"I can let him go with you." Seeing that the topic had changed to him, Azure took the initiative.

"Thank you, senior Azure." The Yao family head didn't expect senior Cang to be so easy to talk to, and his heart immediately settled.
