

## Crazy Wife 2981

### [Chapter 2981 The End \(4\)](#)

After taking a few deep breaths of fresh air, Leng ruoxue turned around calmly.

When she did not find any traces of Qing Jue, she guessed that Qing Jue must have gone to guard his place.

When he arrived at the land that had also expanded several times, he saw that Qing Jue had already begun to cultivate the land diligently. The newly vacated land was scattered with vegetable seeds and Medicinal Herb Seeds. The little black dog, who had been Qing Jue's follower, was jumping around excitedly.

Seeing these two, Leng ruoxue's head was filled with black lines. She could not help but carry green vessel and ask, "Qing Jue, have you recovered your strength?"

"Yes." Qing Jue nodded and struggled to leave Leng ruoxue's embrace. However, Leng ruoxue hugged him tightly and asked, "What new ability do you have now?"

"Copy!" Qing Jue replied straightforwardly and continued to try to get rid of Leng ruoxue.

"Copy? What do you mean by that?" Leng ruoxue didn't understand, so she naturally didn't plan on letting him off.

"What I mean is, I know everything that sister knows! I can also copy what others know!" Qing Jue explained simply, and then said, "Sister, let me down, I want to farm!"

Leng ruoxue could not help but wipe the cold sweat off her forehead and put green vessel down.

Although she still did not fully understand what Qing Jue was saying, she still chose to leave when she saw that Qing Jue was obviously not in the mood to talk to her.

Outside, the demon and the others had been waiting.

Seeing that Leng ruoxue had come out, uncle long asked impatiently, "Xue 'er, what new ability did green vessel gain after the seal was broken?"

"He said copy!" Leng ruoxue replied.

"Is this ability useful?" Everyone was quite surprised.

"It should be useful, right?" Leng ruoxue wasn't sure. However, since this was an ability that could only be obtained after breaking the last seal, it shouldn't be useless!

"Hehe! Girl, don't worry! This ability of his is very useful!" When Cang heard Leng ruoxue's words, he spoke with a face full of hatred.

As soon as he said this, everyone's eyes were instantly attracted, and all of them had an expression of seeking answers.

"You know?" Even though Leng ruoxue knew that it was a wise decision, her face was still filled with hope.

"This ability ... Is so annoying!" Azure said through gritted teeth. After hearing the word 'copy', it remembered that the idiot green vessel had such an ability that it hated the most. However, seeing that Niu did not know much about it, it still explained to her, "This ability can copy everything we have, whether it's our own skills or anything else. It can completely copy everything. Fortunately, he can only copy 80% of what we have. Otherwise, we'd be depressed to death!"

Of course, the 80% it mentioned was only in terms of strength, and the rest was not included! Moreover, Cang didn't explain it too clearly. After all, there were some things that they wouldn't understand even if they were explained.

"However, if Niu wants to unseal the Phoenix Clan, White Tiger clan, and dragon clan, then that Idiot's ability just happens to be useful." Azure said.

"You mean, let him help me break the formation?" Leng ruoxue asked with uncertainty.

"Yes. He was born from the primordial chaos. Although he is very weak, he is still an innate chaotic divine artifact and the heart of the divine realm. Thus, with his help, the Rime bitch's formation will be nothing. However, the formation has to be broken in three places at the same time, so we're still missing one person!" As Cang spoke, he suddenly became worried.

"Can't Shui mo do it?"

"What is the heart of the divine realm?" Leng ruoxue, uncle long, and the rest asked in unison.

"Shui Mo's strength is still lacking. I'm afraid he won't have enough spiritual Qi." Azure thought for a moment before explaining, "It's the heart of the divine realm! Without him, the operation of the divine realm will become a problem. Of course, I'm referring to the situation where that idiot Qing Jue is dead. Generally speaking, as long as he's not dead, there won't be any problems with the divine realm. If there's no problem with the divine realm, then there naturally won't be any problems with all the spaces. "

"Oh!" Everyone understood. Shui mo, who was sitting in the corner, burst into tears when he heard Cang say that his strength was still lacking. He was a reverent-God! Don't be so harsh, okay? However, he didn't dare to refute Azure's words. So, since the other party said that his strength was weak, then so be it! In any case, compared to Azure, his strength was indeed very weak! Thinking about this, Shui mo was furious.

"Your sister! Who are you calling weak? Who's the idiot?" At this time, an angry voice rang in everyone's ears, and then a little doll appeared out of thin air. When Shui mo heard this voice, he felt very kind. Although he knew that this child was not speaking up for him, he felt that he had a little partner now!

"Stupid cat, you dare to speak ill of me while I'm not here! Do you think I'm dead?" Qing Jue jumped in front of Cang and waved his little fist.

"I'll just take it that you're dead, what do you think? Your reflex arc is pretty long, I've already said it for a while before you jumped out!" Cang said with a look of disdain, his eyes seemed to say, "you're just a noob! It took so long for him to jump out! If you're not a noob, then who is?"

"Your sister! I'm farming! I don't have time to deal with you!" Qing Jue Huo shouted.

When she heard Qing Jue confidently say that he was farming, Leng ruoxue felt as if lightning was striking her. Qing Jue! I'm a high-end Artifact Spirit, can you not always talk about farming? No matter how she heard it, she still felt uncomfortable!

Uncle long and the others were also in a mess. Originally, it was already lively enough with Cang going against the Mistress of the Dark World. Now, there was another green vessel. This was the rhythm of the world falling into chaos! Their days in the future would probably be in deep waters and suffering!

It had to be said that uncle long and the others had found out the truth. After green vessel had recovered its full strength and could leave the bracelet, the outside world had indeed been lively for a while. Green vessel, who had not had the chance to leave the bracelet for a long time, had also fully carried out the spirit of exploration and studied the divine world thoroughly. However, while he was happy, many people in the immortal realm were not.

At this moment, although uncle long and the rest had expected this, they did not expect green vessel to be so destructive. After all, in everyone's eyes, green vessel was still a little kid.

"Since you're farming, why did you come out now?" Azure smiled and continued to provoke him.

"I'm happy, it's none of your business!" Qing Jue glared at Cang viciously before he transformed into an obedient little doll and threw himself into Leng ruoxue's arms. He suggested, ""Sister, count me in to solve the formation. As for the other candidate, let this damn cat do it!"

"Your sister! I don't know how to dispel the formation!" Exploding hair Cang roared.

"It's alright, you can get this little Qilin to help you. " Azure pointed at Shui mo, who was pretending to be transparent.

Hearing Qing Jue call him little Kylin, Shui mo was filled with grief and indignation again. They were all bullying him! After all, he was an ancestor of the Qilin race. In the mouth of a cat and a little baby, he was just a little guy. How could he live?

### [Chapter 2982 The End \(5\)](#)

How do I break the feeling of knocking my head against the wall? Moreover, while he was depressed, he also received many sympathetic gazes, which made him quite speechless!

He didn't need anyone's sympathy! He really didn't need it! Wuuu ...

"Azure, I'll leave it to you." After hearing Qing Jue's suggestion, Leng ruoxue was afraid that Cang would object, so she quickly added.

"Girl, don't blame me if something happens!" Azure said with a cautious expression.

"Uh! I don't blame you. " Leng ruoxue wiped away her sweat and thought, 'with Shui mo watching, nothing big will happen.'

However, when the others heard his words, they were so frightened that their faces changed. These words ... Why did they sound so uncertain?

"Qing Jue, you're out?" At this moment, an excited voice rang out. Then, a little Qilin ran over excitedly.

"Bing Yao, why are you still a small ball?" Qing Jue looked at Bing Yi and asked in confusion.

"You haven't grown up either!" Bing Yao said weakly.

"Uh! I'm the spirit of the artifact. " Qing Jue was a little embarrassed. Could he say that his sister would not hug him anymore when he grew up? Could he say it? That was why he didn't want to grow up. He wanted to be like this forever!

"I'm Beastie. " Bing Yao said dumbly.

"..." Qing Jue was silent. He did not mean it that way!

"Bing Yao, I'll show you someone," Qing Jue said after sighing.

"What?" Bing Yao blinked and looked at Qing Jue in confusion.

With a thought, green vessel moved a young man out of the bracelet.

"Master! I've missed you so much. " As soon as Bing Yao saw the young man, she immediately pounced toward him.

"Bing Yao, I also missed you." Wu hugged Bing Yao's small body tightly and said softly.

"Wu, you've finally recovered." Leng ruoxue felt at ease when she saw Wu's condition. A few years ago, she had already refined a pill for Wu that could help him. After that, Wu had been in seclusion. Now that he had come out of seclusion, he was naturally happy for him.

"Xue 'er, thank you." Wu Yi said gratefully.

"Don't mention it, we're all family. " Leng ruoxue laughed.

"Right! We're on the same side!" Wu happy said.

"Detestable! Let go of my son!" Suddenly, an angry voice rang out again, giving everyone a big fright. Without looking back, everyone knew that it was Ice Spirit.

As expected, Bing po quickly rushed over and grabbed the ice Phoenix from Wu's arms. He held it tightly in his arms, as if he was afraid that Wu would snatch his son away from him.

When Wu saw this, she was dumbfounded and looked at Leng ruoxue in confusion.

What was going on? Did something happen when he wasn't around? Why was there someone snatching the Beastie from him the moment he came out? Wait a minute! Did this man just say to let go of his son? His son was ... Bing Yao?

Seeing Wu's bewilderment, Leng ruoxue smiled and introduced him to them,""Don't fight. One of you is the ice Phoenix's father, and the other is its master. You're all on the same side!"

"How can Bing Yao have a father?" After hearing Leng ruoxue's words, Wu asked in a daze.

When everyone heard this, they were so scared that their little hearts trembled. Although most people didn't know Wu, even master ning and the great elder who knew him had a bad feeling about Wu's words! This was definitely the rhythm of drawing hatred!

Sure enough, ice soul's face darkened and he suddenly shouted, ""Why doesn't Bing Yao have a father? Don't tell me you didn't jump out of a rock?"

"Uh! I didn't mean it that way. I mean, I thought that Bing Yi was an orphan. " Knowing that he had said the wrong thing, Wu hurriedly explained. At the same time, he felt depressed. Could it be that after being in seclusion for a long time, his IQ had dropped sharply? Otherwise, how could he say such low-IQ words?

It was a sad and unkind place.

After hearing Wu's explanation, Bing PO's anger dissipated. After all, it was not wrong for her to think so. More importantly, Bing Yao's master was his son's Savior, so he was only grateful.

Ice Spirit thought for a while and said, "Little guy, my son and I will follow you from now on."

Take in the small and give the big?

Unblinking blinked in disbelief.

Since it was Bing Yao's father, it must be an adult Qilin. Did he earn big? This was definitely a pie in the sky! Of course, Wu wouldn't be stupid enough to reject such a good deal! However, he was so shocked that he didn't manage to react for a moment.

"Kid, quickly agree! Senior ice soul is the forefather of the Qilin clan. You'll have someone to back you up in the future. " Seeing that nothing was still in a daze, master ning urged anxiously.

"Senior Ice Spirit, please take care of me." After master ning's reminder, he immediately said.

"Don't worry. I'll take care of you for the sake of my son. " Ice Spirit nodded.

Ice Spirit had heard a lot about this kid from his son, so he had a good impression of him. Therefore, he was not worried about his son following him. Of course, he had to follow his son as well. After all, his son was still weak, and his master was not that strong!

"Little fellow, isn't it time for you to advance?" Ice Spirit reminded Wuji when she felt Wuji was full of spiritual Qi.

"Argh! I almost forgot. Xue 'er, where is the most suitable place to advance!" Wu Hui looked at Leng ruofa and asked nervously.

"I'll bring you there. " Leng ruoxue said helplessly when she saw how nervous Wu was.

He brought Wu to the place where she had broken through previously. Leng ruoxue and the others stood at the side and watched. After that, the laws of heaven and earth descended.

"Why does this kid look so silly?" Ice Spirit couldn't help but ask as she looked at Wu, who was breaking through.

"He's just too nervous. After all, it's his first time meeting the parents!" Leng ruoxue laughed evilly.

"I'm not a ferocious beast!" Ice Spirit said unhappily.

When they heard this, Leng ruoxue and the others looked deeply at Bing po. They all thought in unison, "senior, are you even scarier than a flood or a ferocious beast?" Unfortunately, the person involved didn't think so at all.

After a long time, he finally completed his rank-up and continued to advance several levels, directly advancing to the divine Emperor realm.

Looking at his strength, Ice Spirit felt that it was not satisfactory, but he was satisfied with it. After all, it wasn't easy to advance to reverent-god level. As Ice Spirit continued to judge Wu with her fastidious eyes, Wu gradually calmed down.

After a while, Leng ruoxue specially held a small celebration party for Wu and formally introduced him to the crowd.

The next day, Wu Xiang bade farewell to Leng ruoxue and planned to take a walk around the divine world. If Wu had such thoughts, Leng ruoxue would not stop her. She knew that for her son, Ice Spirit would follow her. With Ice Spirit as her backing, no matter where Wu went, there would be no problem. If anything were to happen, it would be someone else who would be in trouble.

After sending off a few people, Leng ruoxue decided to head to the city of abandoned ruins again. Previously, due to her insufficient strength, she was unable to break the seals on The White Tiger, dragon and phoenix race. This time around, she must definitely rescue the beastmen from these three races.

#### [Chapter 2983 The End \(6\)](#)

The moment they heard that Leng ruoxue was going to save the beastmen of the three tribes, Feng Zhan and the rest were instantly excited. Even the mother parasol tree, who had not appeared for a long time, looked at Leng ruoxue affectionately, like a little girl who had just experienced love.

Leng ruoxue was so frightened by the mother parasol tree's fervent gaze that her heart trembled. After preparing the materials that she would need, she left Demon City with the demon, uncle Dragon, and the rest.

Lou fan was overjoyed when he arrived at the city of abandoned ruins. He was especially friendly when he saw everyone. After finding out that Leng ruoxue and the rest had specially come to dispel the array, he immediately brought them to the location of the seal.

Leng ruoxue and Qing Jue were each in charge of a formation, while Cang and Shui mo were in charge of another. When Lou fan saw the configuration, he was so shocked that his jaw almost fell off.

He could understand why Leng ruoxue and his master had occupied one area each, but how could a little kid occupy one of the sealed areas? Could it be that this little kid also knew how to dispel the formation?

Oh my God! When did the little kids of the divine realm become so powerful?

Seeing that Lou fan was looking at him with surprise, surprise, and amazement, Qing Jue was a little angry. "What are you looking at? I don't see any children?"

It was really worrying!

He didn't want to be surrounded by people like a rare animal. Lou fan looked away and said carefully, "It's not that I haven't seen it before, but I've never seen someone as young as you take on such a great responsibility. "

"Hmph! I've lived for hundreds of billions of years, how am I small?" Qing Jue said angrily.

Ugh! Lou fan was roaring in his heart. Did the divine world have hundreds of billions of years?

It didn't seem like it!

However, the people around Leng ruoxue were not simple people, so Lou fan was smart enough not to say these words. However, how could Qing Jue not understand what he was thinking? he said with a look of disdain, "Little guy, I'll tell you the truth! There's already this Grandpa before the divine realm!"

One could imagine how crazy Lou fan was to be called a little guy by a little boy.

Forget it, I won't argue with a little kid, or else I'll be laughed at. Lou fan consoled himself.

At this moment, Qing Jue shouted again, "your sister!" I'm the one who shouldn't argue with you!"

This time, Lou fan was completely horrified!

Wu ... He knew that Leng ruoxue would not have an ordinary child by her side. Look, this little fellow actually knew what he was thinking? Did he want to die?

Lou fan was worried. No one would believe that a divine Lord was frightened by a baby.

Uncle long, who had witnessed this scene, patted Lou fan's shoulder sympathetically and comforted him. "Lou fan! Calm down, Qing Jue is not a child in the ordinary sense. "

"Yes, I can tell." Lou fan said in tears. Children from ordinary families would not be so devilish.

Now, Lou fan was suddenly glad that he had surrendered. If not, when Leng ruoxue and Wu Jing fought, they would only become cannon fodder. This time, he was surprised to find that Leng ruoxue's strength had become even more unfathomable. Or rather, it could be said that Leng ruoxue's strength had returned to its original state and was undetectable by others. In addition, there was an irresistible affinity with her that made people involuntarily want to get close to her. However, the other party was his master's master, so he was afraid to get close to her!

While Lou fan was thinking to himself, green vessel had already received Leng ruoxue's message. The three of them started to break the formation at the same time and kept in contact.

This God binding great array had to be carried out simultaneously, especially when they reached the eye of the array. They had to pay more attention to the time progress between the three arrays. If there was a slight mistake, not only would all their previous efforts be in vain, but it would also alarm the fog ice.

Even if the fog was alarmed, she would not be able to break in for a while with the defense formation outside the city of abandoned ruins. However, her appearance would always make people feel uncomfortable, so it was better for her not to appear.

Be it green vessel or Cang, they were connected to Leng ruoxue's mind. Hence, it was much more convenient for the three of them to work together to break the formation.

With green vessel's ability to copy, green vessel was basically at the same time as Leng ruoxue. However, nothing major happened to Cang, but small accidents happened frequently. Shui mo, who was guiding by the side, was so scared that he broke out in cold sweat and almost fainted a few times.

Azure was very calm, comforting Shui mo not to be afraid and telling him how to solve the formation after thinking it through. Shui mo wanted to bang his head against the wall again. How could he not be afraid? Cang almost placed the Jingshi in the wrong place several times, scaring him so much that his heart almost stopped, but Cang was as if nothing had happened, extremely indifferent!

Cang had even told him that it was fine and that he could just undo it again!

Dear, almost one-sixth of the solution had been removed ...

It would only be a waste of manpower, material resources, and financial resources to start all over again! After his research, he found out that this God-binding array was definitely an array that could burn crystal stones. This was because a God-binding array required a large amount of top-grade crystal stones, whether it was to set up an array or to break it!

When the fog ripple formation was first set up, it used seemingly gentle water attribute top-grade crystals. If they were to break the formation, they would need earth attribute top-grade crystals to achieve the effect of mutual promotion and restraint. The number of top-grade earth attribute crystals they had was limited. It could be said that if they were to start all over again, they would not have enough crystals. Therefore, Shui Mo's heart was in his throat with every step.

Especially when he saw Cang's nonchalant look, Shui mo was really annoyed!

Unfortunately, he was not strong enough! Wu ... Otherwise, he wouldn't be willing to see Cang scare him here! At this moment, he deeply understood the true meaning of the saying 'it's better to rely on yourself than on others'!

Shui mo was nervous and Azure had no choice but to get serious. In fact, he really didn't think there was a need to be so nervous. Wasn't it just solving an array? So what if he failed? It did not have the thought of saving the dragon clan, White Tiger clan, and Phoenix Clan. It could be said that in the entire firmament, other than Leng ruoxue, there were not many things that could make it care!

However, for Leng ruoxue's sake, it felt that it was better to be serious. Otherwise, Niu would be angry!

With the thought of making Niu happy, Cang suddenly became more careful. Seeing this, Shui mo was quite pleased.

Cang's interest was piqued when he saw that two of the six-pointed star's corners had dimmed. According to Shui Mo's explanation, the six-pointed star had six corners. They had to destroy the six corners first before they could destroy the eye of the formation together. Only then could they truly dispel the God-binding formation. The eye of the God-binding formation was still flashing red, which meant that the formation was still operating normally.

After an unknown period of time, the four corners of the hexagram had been removed. However, as each corner of the array dimmed, the time required to remove each corner grew longer. By the time they removed the fifth corner, it had taken them about five days. At this moment, Leng ruoxue, Qing Jue, and Cang, who were responsible for removing the array, were already feeling a little tired!

Under normal circumstances, the difficulty of breaking through was at least three times that of setting up a formation. However, the God binding formation that Wu Xuan had set up was a top-notch formation. It was also a combination of three formations. Hence, the difficulty was nine times higher. Even though Leng ruoxue had already perfected her 'heaven defying art', she still felt a strain on her! Green vessel and Azure were the same.

### [Chapter 2984 The End \(7\)](#)

After resting for a while and taking a few healing pills, the three of them continued to dismantle the formation.

After removing the last horn, the formation eye in the center of the formation seemed to have realized something and started to flicker. Leng ruoxue felt that something was amiss and immediately turned to the demon, ""Demon, you go to the city Lord's mansion and take charge!"

"Alright!" The demon nodded and left Leng ruoxue's side reluctantly.

At the same time, Wu Xiao, who was cultivating in the secret chamber of the divine Lord's Palace in Imperial City, suddenly opened her beautiful eyes. Then, her eyes turned cold and she disappeared from the secret chamber.

By the time she arrived at the city of abandoned ruins, Leng ruoxue and the other two had already broken through the last corner of the six-pointed star God-binding array. Meanwhile, the eye of the array in the center of the array suddenly became violent.

The formation's eye was set up by Wu Lian with her heart's blood and was naturally connected to her mind. Thus, she was aware of the situation within the formation. What she didn't expect was that Leng ruoxue would be able to break the God binding formation to such an extent in such a short period of time. This caused her to be secretly shocked, but more than that, she was going crazy!

However, as she stood outside the city gate of the city of abandoned ruins, her beautiful eyes glared at the defense formation in the sky. She felt a headache! The pain of the formation's backlash was still fresh in her mind, so she did not dare to act rashly.

At this time, in addition to the evildoers in the city Lord's mansion, uncle long and the others had also rushed back to the city Lord's mansion. They couldn't help but feel a little worried when they saw Wu Xuan's frantic appearance through the light screen.

If the other party wanted to force his way in, he didn't know if the formation could defend against it.

However, they stared nervously at the light screen for a long time, but didn't see any movement from Wu Xuan. This made uncle long and the others deeply suspicious.

"Why isn't she doing anything? What are you waiting for?" Lou fan asked in surprise. He didn't think that Wu Han would have a more powerful helper, but the other party just stood outside without moving, which was enough to make him upset.

"She's considering the pros and cons!" The demon said.

"If I were her, I wouldn't care about the matters here anymore. After all, even if the Phoenix, Dragon and white Tiger race were to be rescued, they wouldn't be a threat to her at all. Her only enemy is Xue 'er!" The demon added.

Everyone nodded and hoped so. After all, they were not ready to make a move yet.

In reality, Wu Xuan's thoughts were similar to the demon 's. She was very clear that since Leng ruoxue had already broken through most of the God binding great array, no matter how she tried to salvage it, it would be useless. Besides, she would have to pay a painful price if she wanted to enter the city of forsaken ruins to stop Leng ruoxue's actions. Now, she was not sure of Leng ruoxue's strength, so she did not dare to act rashly.

But if she didn't go in, what would happen to her clone?

When she thought about how her clone had most likely fallen into Leng ruoxue's hands, she immediately went crazy! Through the light screen, the demon and the others saw that Wu Xiao was calm and composed for a moment and then stomped her feet in anger the next moment. They immediately concluded that this woman was crazy!

Of course, Wu Jing wasn't really crazy, but she was also quite angry! However, she knew that her clone was still alive. It was just that her strength had not fully recovered. Otherwise, she could have directly summoned her clone back. However, she had no choice at this moment because she had tried before, but it was a pity that someone had blocked her.

Without even guessing, fog could imagine that the one who did this was either Leng ruoxue or Cang! Of course, Azure's face was bigger.

Thinking of this, Wu Chen, who had given up on the city of desolation, returned to the Divine Master's estate gloomily. She summoned her confidant and gave her some instructions. Then, she continued her closed-door cultivation.

Uncle long and the others didn't dare to let their guard down when they saw Wu Xuan leaving. The main reason was that none of them had expected Wu Xuan to give up attacking the city so easily. This was not like her!

"It's fine now! I'm going to find Xue 'er. " The demon was calmer than any of them. After saying that, he went to the place where Leng ruoxue was breaking the array to accompany her.

As they silently watched Leng ruoxue fight to the death with the array core, the surrounding evildoers and beasts did not even dare to breathe loudly, afraid that they would disturb her. On the other side, other than green vessel who was still rather relaxed, Cang was already in a mess.

Seeing Cang like this, Shui mo didn't dare to say anything. He could only remind her from time to time. This was the most critical moment. He didn't dare to disturb Cang hou when he taught her how to break the formation core, but his heart was in his throat. This was even more exciting than breaking the formation himself.

After fighting with the formation eye for a long time and feeling that it was about time, Cang did not make any more big movements and focused on waiting for Leng ruoxue's orders. At the same time, he

kept stuffing spiritual energy recovery pills into his mouth. At the same time, green vessel was also waiting for Leng ruoxue's orders.

Compared to these two old men who had lived for so many years, Leng ruoxue's Foundation was too shallow. She had just completed the great circle of the heaven-defying art, and the spiritual energy in her body had not fully recovered. After using up a lot of it to break the array, she felt that her spiritual energy was running out.

After taking a few spiritual energy recovery pills, the spiritual energy in Leng ruoxue's body increased by a little. Feeling depressed, she ate a few more bottles without hesitation.

Lou fan was so scared that his face turned pale.

Were they eating medicinal pills? After living for so long, this was the first time he had seen someone eat medicinal pills in such a way!

However, Leng ruoxue completely ignored the surprised gazes in front of her. After swallowing a few bottles of elixirs, she did some calculations and felt that the spiritual Qi should be enough to break the array eye.

He sent a signal to green vessel and Azure, and the three of them attacked the blood-red formation core together! The formation's eye had already realized that it didn't have long to live, so it carried out a tenacious resistance!

Under the array's resistance, it had indeed created quite a bit of trouble for Leng ruoxue and the other two. Fortunately, the three of them were people with strong willpower and belonged to the type of people who would become more courageous the more they were defeated. Hence, the array's stubborn resistance had instead aroused their fighting spirit. In the end, in this battle of courage and determination, the array's eye was finally defeated.

As the last bit of light from the hexagram dimmed, the entire God binding formation finally disappeared before everyone's eyes. Leng ruoxue, Qing Jue, and Cang were so tired that they laid on the ground.

The three of them were listless like frosted eggplants.

When the demon saw Leng ruoxue's state, he immediately hugged her in his arms with heartache. Uncle long also carried green vessel, but no one dared to touch green.

Lying on the cold ground, Cang felt extremely miserable. Come and hug it! It had no strength left!

Even in his dreams, Cang had never thought that breaking the formation could make him so tired. This really made him sad. What made him even sadder was that the people around him were only looking at him with a pair of innocent eyes, but no one cared about him!

Thinking of his pitiful situation, Cang burst into tears.

At this moment, the original formation suddenly collapsed. Everyone was instantly shocked and silently gasped. Senior Cang was getting more and more powerful, he could make the ground collapse just by crying.

[Chapter 2985 The End \(8\)](#)

In fact, their thoughts made Azure feel very wronged. This had nothing to do with him, okay? It was obvious that after the array was broken, the secret chamber that was suppressed by the array could no longer be suppressed. So, don't blame it for every bad thing, okay?

While Azure was feeling depressed, a few white tigers burrowed out from the ground.

The White tigers 'originally snow-white fur had turned black and gray, and some places were even bald. Their bodies were very weak, and they were trembling as they walked. However, when they felt the pressure on their heads disappear, they did not dare to delay and ran out.

Seeing Shui mo and the others, a dirty white Tiger asked, ""It was you guys who saved our White Tiger clan?"

"You're The White Tiger King?" Shui Mo's eyes widened as he looked at The White Tiger in disbelief. In his memory, The White Tiger King was the most narcissistic and vain one. Now that it had become like this, could it take it?

However, Shui mo was overthinking.

Even if The White Tiger King was vain, it still depended on the time and place! After being locked up and suppressed for countless years, no matter how much she loved beauty, she probably didn't have the mood to do so. After being locked up for countless days and nights, the only thought it had was to survive!

Just as the high priest of the Phoenix tribe had said, they would leave this place sooner or later. Therefore, their primary goal was to stay alive.

Although it had never liked to listen to that fraud's words, it could not deny that what that fraud said was right. Today, their White Tiger clan finally saw the light of day again!

Although it was still dark outside the underground secret room, the air was fresh! How long had it been since they had breathed in fresh air!

After taking a few deep breaths of fresh air, The White Tiger King said with a look of admiration, ""I can't believe that there are still people who recognize me after being locked up for so long!"

Hearing this, Shui mo really wanted to say that he didn't know him! But now, it was obvious that this old white Tiger didn't recognize him!

"I'm Shui mo!" Shui mo introduced himself with a sigh.

"Argh! You're little Shui mo? Hehe, I won't be able to recognize you even if you turn into a human. " The White Tiger King laughed pervertedly. Shui Mo's forehead was covered in sweat.

He didn't know this guy, definitely not!

Shui mo felt so embarrassed! Why would he run to the place where The White Tiger race was locked up in a fit of hot-headedness? He must have opened his eyes in the wrong way today, otherwise he wouldn't have made such a choice.

Shui mo was filled with regret!

However, The White Tiger King didn't seem to notice Shui Mo's conflicted thoughts. Instead, it took a step forward and stretched out its huge claw, wanting to touch Shui mo and take a good look at him! However, just as its claws were about to touch Shui mo, a deafening shriek was heard, "Argh! My tail!"

Then, Shui mo saw a flash of white light and it pounced on The White Tiger patriarch. In the blink of an eye, all the fur on The White Tiger King's body was plucked out. There were also countless claw marks on its body, and blood was flowing out. On the other hand, The White Tiger King was howling in pain. However, it was currently being suppressed by the Azure and could not move at all!

Although the two beasts were a little weak, the Azure bloodline's level was above The White Tiger King's. Thus, with a single wave of its pressure, The White Tiger King could only let the other party bully it and did not dare to act rashly.

The White Tiger King was extremely worried. What kind of beast was it? It didn't see clearly at all and was beaten down. Sob ... It had just escaped from the sea of suffering, how could it fall into the demonic claws of a certain beast so quickly? How could he let The White Tiger King live?

The other white tigers saw that their King was being attacked and were about to step forward, but they saw Cang raise a small paw and gently blow at the gray fur that was still stuck between the claws. He glanced at them again, and the White tigers instantly didn't dare to move.

One must know that although The White Tiger clan had been suppressed for a long time and their strength had been greatly reduced, the pressure was still there. But now, they were completely suppressed by a cat. Even if it was a White Tiger with a strong will, it would not be able to withstand such a serious blow, right?

This really hurt The White Tiger clan's pride too much!

The few white tigers present were all figures of The White Tiger race's ancestors. Now that they had been suppressed in a single move, it was simply an unprecedented scene. Furthermore, it didn't seem like they had done anything! How did the king get attacked? That's right, the king stepped on this kitten's tail!

"Senior, can you please let King go? It didn't do it on purpose. " A rather tactful White Tiger pleaded and winked at Shui mo. It was obvious that Shui mo recognized this cat, but Shui mo replied with a helpless expression.

After offending senior Cang, other than Leng ruoxue, no one else would be able to ask for this favor! He was starting to pity The White Tiger King! I just wanted to touch him, but I accidentally stepped on senior Cang's tail. Sigh! He really didn't know what to say! It could only be said that The White Tiger King was really unlucky!

When Azure heard the other white Tiger's plea, he only snorted coldly and arrogantly used The White Tiger on top of him as a meat cushion, lying on top of it with ease.

Seeing this, the White tigers could only look at their King with pity and depression.

The White Tiger King wanted to cry. It couldn't understand why this was happening.

At the same time, Leng ruoxue's side was bustling with activity, earning many people's tears.

Her place happened to be the place where the Phoenix Clan was imprisoned, and the majority of her beasts were phoenixes. Therefore, after breaking the seal and rescuing all the phoenixes who had been suppressed, the phoenixes hugged each other and held their heads in pain. When they had cried enough, they suddenly remembered that they had not thanked their Savior yet!

The entire Feng clan, led by Feng Wu, felt extremely ashamed. They quickly went to Leng ruoxue and knelt down in unison. "Thank you, master, for saving my life. We were a little slow just now, please forgive us!"

"It's okay, I understand!" Why would Leng ruoxue pick a fight with them? she was still weak!

Looking at the Phoenix that was speaking, Leng ruoxue guessed that it should be the Phoenix King. This Phoenix King was indeed much stronger than the one in the immortal realm. At least, they were not on the same level in terms of temperament. However, after being suppressed for so long, this Phoenix King's strength was already so low that it was unbearable to look at.

Just as Leng ruoxue was thinking about how to quickly restore these phoenixes' powers, she felt the rules of the contract descend. The phoenixes that were rescued had taken the initiative to recognize their master!

Leng ruoxue did not expect them to be so forthright, but she immediately felt at ease. The mother parasol tree often contacted the Phoenix King, so it was only natural that she knew about her situation.

As for green vessel's side, as compared to the bustling scene at Leng ruoxue's side, Cang's side was speechless, and his side was relatively quiet.

After the dragon clan was rescued, they were at a loss for how to react when they saw that the one who saved them was actually a little baby. Moreover, the dragon clan had some cold-blooded characteristics. Therefore, all the humans and beasts present were silent and looked at each other with big eyes.

Qing Jue didn't like to speak either. He just lay in uncle Long's arms and closed his eyes without saying a word.

### [Chapter 2986 The End \(9\)](#)

He was too tired!

While they were acknowledging their relatives and glaring at each other, Wu Xuan, who was far away in the secret chamber of the God lord's estate, spat out another mouthful of blood. He was once again devoured by the array!

She knew that Leng ruoxue and the rest had already released the God binding array and rescued the Dragon, Phoenix and white Tiger race! Although she hated it! But she was powerless to stop it now! He didn't care about the three clans!

At this moment, she could clearly sense a sense of danger. She felt that if she did not recover her powers as soon as possible, she would not be able to gain an advantage in the confrontation with Leng ruoxue!

This was something she absolutely could not tolerate!

Wu Xuan smashed the few decorations in the secret room into pieces in a frenzy. Then, she spat out a few more mouthfuls of blood before she calmed down.

After calming down for a long time, she decided to continue healing!

"Men! Bring my food in!" Wu Xuan loudly ordered. In less than a minute, a few Men in Black escorted dozens of men and women into the secret room.

Looking at the food brought in, Wu Yan was not very satisfied. In fact, what she wanted to eat the most was the strong, but the strong were extremely precious, so she could not bear to eat them. Therefore, she could only eat these humans who did not taste very good!

He extended a vine and wrapped it around one of the men, then stabbed the sharp thorn into the man's body. In an instant, the man's originally plump body shriveled up. This scene frightened the other men and women who were brought in, and the less courageous ones even fainted.

"A bunch of useless trash! It's your honor to be my food!" Ripple's beautiful eyes swept across the area, looking at the ants present.

"W-Who are you?" The one who spoke was actually a woman. Although her expression was also very ugly, she still mustered up the courage to ask.

"I am God Lord fogripple," Ripple laughed as she replied.

"No! This was impossible! Lady Wu Xuan is the Lord of the divine realm, how could she be so vicious!" The woman's face was filled with disbelief!

"The Lord of the divine realm? That's right, if it was any other time, I wouldn't have laid my hands on the two of you. If you want to blame someone, then blame Leng ruoxue. Who asked her to cause me to be injured and even pose a great threat to me? if I don't eat you, how can I recover my strength!" Wu Xuan said as if it was a matter of course.

The woman had heard of Leng ruoxue's name before, but she did not agree with Wu Xuan's words. She did not expect that a Divine Master would be so shameless. This was truly too shocking! And it was so disappointing!

After hearing Wu Xuan's words, the woman immediately closed her mouth and no longer spoke. She deeply felt that there was no reason to reason with a lunatic!

Seeing that the other party didn't speak and even showed her a disdainful look, fog ripple couldn't help but burn with anger. Next, she stretched out the vine towards the woman, who closed her eyes and waited silently. Who knew that fog ripple would suddenly change direction and target the person next to the woman.

"Since you're not afraid of death, I'll let you die last!" Wu Xuan laughed wildly. When the woman heard this, she wanted to call her a lunatic, but she gave up after thinking about it. She deeply felt that if she really scolded him, she was afraid that it would only make this lunatic, Wu Yan, more and more proud.

However, as the number of strangers around her slowly decreased, no matter how strong the woman's will was, she finally couldn't take it and collapsed!

"Quickly eat me! Quickly eat me!" A Dao that a woman couldn't stand. This was really too torturous! She really regretted it. Why did she have to provoke this lunatic!

"As you wish!" Wu Xuan laughed complacently and extended the rattan towards the woman.

Then, she ordered her subordinates, "there are too few people. They're not even enough to fill the gaps between my teeth. Continue to arrest people for me!"

"Yes!" The subordinate of the Man in Black immediately responded and turned to leave.

On the other side, after Leng ruoxue had recovered a little, she brought the group and the phoenixes to look for green vessel and Cang.

When he arrived at Qing Jue's place, he saw Qing Jue and the rest staring at the old Dragons. The atmosphere was rather strange.

"What's the situation?" Leng ruoxue asked directly.

"Sister, these old Dragons don't believe that I saved them, so they're competing with me to see whose eyes are bigger! However, I don't have the energy to compete with them. I'm so tired and I want to sleep." Qing Jue complained.

"Yes, I want to sleep too!" Leng ruoxue gently touched Qing Jue's head.

"Old Phoenix, you guys are out too?" Suddenly, Leng ruoxue and the others heard a surprised voice.

Then, they saw Feng Wu's roar, ""Your sister! Who are you calling old Phoenix? I'm much younger than you, you stinky Dragon!"

Hearing this, Leng ruoxue and the others, who had always thought that Feng Wu was an elegant and Noble man, were all dumbfounded. This, this was Feng Wu?

"Image! Pay attention to your image! Don't be like a Shrew, okay?" The Dragon reminded.

"You're the Shrew, your whole family are shrews!" Feng Wu hadn't even reacted to the Dragon's words when Feng Zhan gave up!

"Who are you? You dare to scold me?" A certain Dragon's face was filled with disbelief, as if he had heard something he shouldn't have said.

Feng Wu, on the other hand, smiled in satisfaction and said, ""Old dragon, this is my son!" After saying this, she turned around and touched the feathers on Feng Zhan's body. She praised, ""Good son, well scolded!"

"S-son?" The Dragon stammered. As far as he knew, his rival only had five daughters and one son. Didn't he die?

Seeing through the Dragon's thoughts, the Phoenix King rolled her eyes at him and said, ""How can my bloodline die so easily? haven't you heard of the Nirvana of the Phoenix?"

Of course, Feng Zhan wasn't a Phoenix that had gone through Nirvana.

Although it was still an egg at that time, and it was extremely dangerous to be exiled, she believed that no matter how difficult the environment was, her son would definitely be able to survive! As it turned out, its son did not disappoint it. Not only did he successfully find a master, but he had also advanced to the venerate Emperor level!

Its son had already become its greatest pride!

"Uh!" When the Dragon heard this, he had to admit that the Phoenix tribe was indeed more fortunate than the Dragon Tribe!

After watching them bicker for a while, Leng ruoxue then led the rest of the group to look for Cang.

However, when they arrived at Cang's place, Leng ruoxue, the beasts, and the others were all speechless.

Putting aside how miserable The White Tiger clan was, just looking at how they were currently being oppressed by Azure, it was definitely enough to kill the other two clans in seconds.

"Old white cat, you're being bullied by a little cat! Tsk, tsk, what a tragedy!" A certain Dragon saw a small white cat lying on The White Tiger King's body, forming a sharp contrast with The White Tiger King's dirty appearance, and couldn't help but laugh and make fun of it.

"Old earthworm, you're still alive?" The White Tiger King's eyelids twitched as he spoke.

At this moment, it was already quite calm because it was indeed no match for this cat. At the same time, he also sighed. He hadn't appeared in the immortal realm for too long. It was really like a tiger falling into the sun and being bullied by a cat!

### [Chapter 2987 The End \(10\)](#)

"Of course I'm still alive. I'm sorry to disappoint you!" A certain Dragon said with a smile. Then, he walked in front of Azure and praised, "Little kitty, you did well. You deserve praise!"

Hearing this, Azure raised his head and glanced at the Dragon, then spat out a word. "Get lost!"

The Dragon was dumbfounded. It was being told to get lost by a cat? This really hurt the Dragon's pride.

Shui mo couldn't help but chuckle at the sight of the stunned Dragon.

"Human, what are you laughing at!" The Dragon said rudely.

"Blind Dragon, you're the human!" Shui Mo's face darkened.

"Uh! So it's not a human!" The Dragon was not too stupid and quickly reacted. However, why did Shui mo feel so awkward when he heard the other party say that he was not human?

Shui mo shut his mouth.

"He's really blind, he can't even tell it's a Qilin." Cang Yun smiled.

"Qilin? I've never heard of any Qilin being caught by that old woman, Wu Cheng!" The Dragon said in surprise. In fact, it couldn't be blamed for its poor eyesight. Normally, unless it was a familiar companion, it was really difficult for them to see through the identity of other beasts in human form.

Shui mo was obviously stronger than the Dragon, so it was not hard to understand that the Dragon did not expect Shui mo to be a beast.

However, at this moment! Azure didn't like this stupid Dragon, so he wanted to find trouble with it. Now that he heard its words, Azure directly said, ""Do you think the Qilin clan is as stupid as you three clans? Not only was he tricked by the ripple of fog, but he was also captured! And now you've caused us to waste our divine power to save you, Hmph! In the future, even if you sell your three clans to us, it won't be enough to compensate for our losses!"

Cang's tone was not good at all, and he had offended the three races. However, The White Tiger King had been bullied by Cang ever since he was freed. Therefore, he didn't dare to refute Cang's bold words. Feng Wu only felt a little embarrassed, but he also felt that Cang was right, they were indeed stupid! In addition, it had also guessed that this little white cat must have a deep relationship with its owner, so it was also very observant.

Only a certain Dragon was immediately angered by Azure's words and pointed at Azure fire, shouting, "I don't even know when the cat race became so bold! Since you're not afraid of me, then do you dare to fight me one-on-one?"

Hearing that a certain Dragon was going to fight it one-on-one, Leng ruoxue and the rest mourned for it for three seconds out of sympathy. This was definitely the rhythm of seeking death!

"You want to fight me one-on-one? Acknowledging my girl as your master?" Cang Qing lifted his eyelids and asked calmly.

"Uh! I haven 't!" The Dragon replied in a daze. It had only just seen Leng ruoxue and was brought here. It had not even thought about recognizing her as its master! Speaking of which, in terms of judgment and self-awareness, the Dragon race was definitely not comparable to the Phoenix race and The White Tiger race. As for the Qilin race, they would not be able to catch up even if they tried to flatter them.

The Dragon race was known for being good-for-nothing, eating a lot, having a lot of strength, but no brains at all. Of course, the Dragon race would never admit to such comments from the outside world. But now, it was clearly proving that the Dragon race indeed lived up to its reputation!

"Then I'm relieved!" Azure nodded.

"Don't worry about what?" A certain Dragon didn't understand, but Leng ruoxue and the rest understood in a second. When Cang said don't worry, he meant that they could beat him up to their heart's content!

Azure didn't explain further and directly scratched the Dragon's thick skin. In the beginning, the Dragon didn't take it seriously. It thought that it was just a kitten, how sharp could its claws be? With this thought in mind, it didn't even try to Dodge and just wanted to take the hit with its thick skin.

However, with one swipe of his claw, Cang cut through the Dragon's thick skin. The sharp claws pierced into the dragon's flesh, causing the Dragon to cry out in pain. At this moment, it deeply realized that it had underestimated the strength of this kitten.

In addition to the Dragon, the other members of the dragon and phoenix races who had been rescued were also shocked. In comparison, The White Tiger race, who had already witnessed the fearsomeness of the Azure sea, were much calmer.

The White Tiger King was especially happy to have a beast to keep IT company!

Hehe! This old earthworm has finally tasted the power of that terrifying kitten! He deserved it!

While The White Tiger King was gloating in his heart, the Dragon that was attacked by the Azure Dragon was in an extremely miserable state! It really regretted provoking this cat. He had wanted to fight with the other party one-on-one, thinking that he could show off the might of the Dragon Emperor. Who knew that he would be taken care of by a cat!

This time, he had lost a lot of face!

The Dragon cried out in pain and was secretly worried. It jumped up and down to avoid Cang's attacks, but Cang was extremely agile. No matter how the Dragon dodged, it could only scratch the other party. This fact made the Dragon feel depressed.

In fact, it would have been fine if they were evenly matched, but the key was that the battle was one-sided. The Dragon could only be scratched passively without any chance to fight back. How could it not be depressed?

It wasn't until a certain Dragon's body was covered in wounds and a terrible sight that Cang stopped with satisfaction. A certain Dragon, who was greatly stimulated, sadly burrowed into a corner and drew circles, wanting to curse that there would be no fish to eat in the blue!

"You bastard! I don't eat fish!" Aware of a certain Dragon's thoughts, Azure fire roared, "if I want to eat, I'll only eat what Niu makes!"

"Does he like to eat rats?" After hearing this, the Dragon asked seriously.

"I like to eat Dragons!" Azure said through gritted teeth.

Upon hearing this, all the long Quans present were so frightened that their faces turned pale! They immediately hid far away to avoid being targeted by Cang!

Seeing this scene, Leng ruoxue was helpless. She hugged Cang and coaxed, "Alright, Azure, don't scare them."

"Hmph! For Niu's sake, I'll let you off for now! I'll remember this! I'll be your boss in the future!" Cang said fiercely. He had to first confirm his position so that these guys wouldn't be confused about the situation!

"I'm the one!" At this moment, a weak voice was heard and a small head popped out of Shui Mo's arms.

"And you are?" Cang coldly glanced at him and the little black head was so scared that it went back into Shui Mo's arms.

Shui mo smiled helplessly, the beast deity was like a mouse seeing a cat when he saw senior Cang, he didn't know what to say.

"Baby, so you're here with Shui mo! I thought you left with Ice Spirit!" Leng ruoxue exclaimed in surprise when she saw the little black beast. She didn't know why her baby was always avoiding it. It was really not easy to see her!

What Leng ruoxue didn't know was that Baobao wasn't hiding from her, but under Cang's threat, Baobao didn't dare to appear in front of her easily!

When she saw Leng ruoxue, Baby SU's aggrieved eyes immediately welled up with tears. She looked at Leng ruoxue pitifully and called out softly, "Sister, I missed you so much."

### [Chapter 2988 The End \(11\)](#)

"Sister also misses the baby." Leng ruoxue laughed as she reached out to hug baby. However, baby saw Cang glaring at him from Leng ruoxue's arms, so he could only purse his lips and avoid her!

Wuu ... Can't I enjoy my sister's warm embrace anymore?

Baby Su was unusually sad, but Leng ruoxue didn't understand why. She thought that Baby Su didn't like her anymore, and her heart started to hurt as well!

The atmosphere suddenly froze. The low pressure from Leng ruoxue's body caused the beasts around her to feel a great deal of pressure. At this time, Feng Wu, who had been wanting to speak, gathered up her courage and said excitedly, "Boss, I finally get to see you!"

"Little Wu!" The baby called out softly and returned to Shui Mo's arms.

Seeing it like this, Feng Wu was very surprised. It looked at Cang in its master's arms and stretched out its wings to take the baby into its arms.

"Boss, Wu ..." A certain Dragon also looked at the baby while crying bitterly. The two beasts communicated silently with their eyes, and everything was conveyed without words.

Now, the Dragon could feel the fear of its boss. This cat was definitely not a normal cat! Which cat wouldn't be afraid when it saw the king of the four King divine beasts?

Besides, their boss was a beast God, but their boss's natural suppression of the beast race had no effect on the cat. What did this mean?

It meant that the cat was no ordinary Beastie! In any case, it would be very, very difficult to make it believe that the cat's bloodline was above boss '!

It had to be said that at this moment, the Dragon knew the truth! Unfortunately, it realized it too late, and it only realized it after being beaten up by Cang. If it had thought of this earlier, it might not have been beaten up!

As for now, the beating would definitely be in vain! However, seeing that its boss was as obedient as a little mouse in front of that cat, it instantly decided to stay far away from this cat in the future!

After the three teams had gathered, in order to make it easier for Leng ruoxue and the other two, as well as the beasts from the three clans who had been suppressed for many years, to recuperate, they

temporarily stayed in the city Lord's residence in the city of wasteland. Other than reuniting with their clansmen, a certain Dragon also took this time to secretly ask uncle long about Cang's identity.

Seeing that the Dragon had pulled him to a corner just to find out Cang's identity, uncle long stared at the Dragon for a long time. When he was about to see its fur, uncle long said calmly, "Senior Cang is the spirit of the God-protecting Pagoda, so you'd better be obedient. Otherwise, senior Cang won't care if you're the Dragon Emperor or not and will beat you up without hesitation!"

"The spirit of the God-protecting tower? Is it the one I know?" The Dragon asked carefully.

"Could there be a second God-protecting Pagoda in this world?" Uncle long blinked and laughed to himself. It seemed that this old dragon was quite frightened by senior Cang!

"Uh! Probably not! It's really that?" The Dragon still couldn't believe this fact and asked with certainty.

"Yes! Otherwise, why would the beast God baby not even dare to make a sound in front of senior Cang? isn't that enough proof?" Uncle long asked with a smile.

"That's enough to prove it. " A certain kind of gloominess said. He really felt that he had been deceived. It turned out that the cat was not a real cat. Wu...Why did he pretend to be a weak little beast to deceive the public? He even tricked me into fighting the cat one-on-one. In the end, I'm covered in wounds and I don't even have a chance to fight back!

How embarrassing! It was too embarrassing!

The Dragon's regret increased even more, and his heart couldn't be any angrier.

"Since you believe me, do you want me to tell you how to protect yourself in front of senior Cang in the future?" Uncle long coaxed.

"Use! Hurry up and tell me!" The Dragon quickly said.

"First, be good! Second, don't go against senior Cang's wishes. Third, which is also the most important one, you must listen to Xue 'er!" Uncle long counted his fingers as he spoke.

"Why do you listen to Xue 'er?" The Dragon was puzzled. Even if it had recognized a master, it felt that it should have Dragon rights. What's more, it had not recognized a master yet!

"Because Xue 'er is senior Cang's master! Senior Cang is the most obedient to Xue 'er!" Uncle long said with a smile.

"Argh! Really?" The Dragon was shocked. Back then, even master Yu failed to make The Guardian Tower spirit recognize him as its master. He didn't expect Leng ruoxue to actually do it.

"How could I lie to you about that? by the way, you still don't know that Xue 'er is master Yu's disciple, right?" Uncle long threw out another bombshell, which directly made a certain Dragon dizzy and shake its head repeatedly. It didn't know! I just heard!

"So, quickly recognize me as your master! With Xue 'er as your backing, senior Cang will definitely show you mercy when he beats you up. " Uncle long suggested with a smile.

"....."

Of course, it would recognize its master, but if that was the purpose of recognizing its master, why did the Dragon feel that the reason for recognizing its master was particularly awkward? Shouldn't it be because Leng ruoxue had saved their clan that they recognized her as their master? It could accept the reason that the other party was master Yu's disciple, but this ... It was somewhat unable to accept it! But it couldn't deny that this reason was very attractive to it!

The main thing was that it could also tell that the cat didn't like it!

Seeing that the Dragon was still hesitating, uncle long patted him on the shoulder and said, "Think about it carefully. There's no time to lose. You know, senior Cang has a very bad temper. Who knows when he'll flip out again."

After saying this, uncle long left gracefully, leaving a certain Dragon in a daze.

After a while, the Dragon came back to its senses and quickly told its people what it had heard. Then, it went to find the Phoenix King and The White Tiger King.

When it saw the two beast Kings, it quickly told them what uncle long had told it. After Feng Wu heard this, she smiled and said, "Our Phoenix Clan has already recognized a master!"

"What? When did this happen? how come we didn't know about it?" A certain Dragon and The White Tiger King were both enraged upon hearing this.

Feng Wu was actually acting alone, and this really hurt their hearts! Sob ... They were allies! How could they be treated like this?

Back then, when they had just been locked up, they could still communicate with each other. At that time, the old psychic of the Phoenix Clan had clearly told them that they would definitely be rescued and that the person who saved them would be their future master.

At that time, the two beast Kings did not take his words too seriously. They only thought that he was comforting them. After all, fog ice was so powerful that it could even kill a Divine Master. Who else was more powerful than a Divine Master? However, after they were rescued, they were a little dumbfounded. Because the ones who saved their two races were a little baby and a cat, the matter of recognizing their Masters was delayed.

After a certain Dragon found out that the little boy and Leng ruoxue were together, he had the intention of acknowledging Leng ruoxue as his master. However, at that time, Leng ruoxue was in a hurry to go to another place, so the acknowledgment process was delayed.

As for The White Tiger King, it was beaten up by Cang before it could even speak to Shui mo. Therefore, its mind was in a mess at that time and it didn't even think about it. Now that Feng Wu said that it had already recognized its master, the two beast Kings were dumbfounded.

### [Chapter 2989 The End \(12\)](#)

A feeling of being abandoned slowly rose from the bottom of their hearts. The two beast Kings felt that their fragile glass hearts had been completely hurt.

His resentful eyes followed Feng Wu's gaze, making Feng Wu feel uncomfortable.

After clearing his throat, Feng Wu said in a depressed manner, ""Why are you guys looking at me like that? When master recuperates, you can recognize him as your master!"

In fact, it didn't want to get rid of these two guys when it recognized him as its master, but it just happened to be a coincidence, and these two guys obviously didn't have such a good opportunity.

However, it did not feel guilty at all. Who asked these two guys to be so blind, just coming out and going against cold first! Who could he blame?

We can only wait for master to rest!

The two beast Kings were helpless and could only wait calmly. At the same time, he could also get to know more about the people around his future master. However, after understanding the identity and strength of the people around Leng ruoxue, they sadly realized that they were noobs when they were around their master!

The Dragon did not expect that the little boy it saw back then was actually a cosmic bangle. Although green vessel's appearance was not quite the same as the one it had seen many years ago, it believed that no one would dare to pretend to be that bangle. Otherwise, it would have been captured by the rime ice old woman long ago!

As for the identity of the demonic man who had been protecting their future master, they had also found out that he was the Mistress of the Dark World! Wu ... The Lord of the netherworld prison who was as famous as Lord Yu, but more cold-blooded, heartless, ruthless, and brutal than Lord Yu!

Sob...This identity is so scary!

However, was the person they saw really the Mistress of the Dark World? Why was it different from the rumors?

Didn't they say that the Dark Lord was cold-blooded? Who was that guy who was smiling like an idiot in front of his future master?

Didn't they say that the Mistress of the Dark World was heartless and ruthless? But how could that person be heartless at all?

Was it brutal? Of course, this was mainly reflected in the fact that as long as they had the slightest intention of getting close to their future master, that person would immediately give them a warning look!

All in all, the Mistress of the Dark World was seriously inconsistent with the one in the rumors!

The Dark Lord! Who ate your integrity? Don't take over the future master all by yourself!

The demon's Food Protection caused the two old beasts, who wanted to get close to Leng ruoxue and please their future master, to be deeply worried.

After trying a few times, the two old beasts had no choice but to give up!

It seemed that he could only wait for his master to recover first.

While Leng ruoxue, Qing Jue, and Cang were trying their best to recover, the beasts from the three clans who had been imprisoned for a long time were also trying their best to recover. However, it was not something that could be done in a short period of time. After all, they had been imprisoned for so many years, and the beasts from the three clans had suffered great losses. Hence, it would take a long time.

Originally, if green vessel was willing to move them into the bracelet, it would definitely be of great help to their recovery. However, green vessel was too arrogant and resented them for causing him to return to the poverty line right after he recovered his strength. Therefore, he was angry and directly refused to accept them!

If she wanted to get into the bracelet, she would have to wait until they recovered!

Just like that, Leng ruoxue and the rest stayed in the city Lord's residence in the city of abandoned ruins for a few months.

After the three of them had recovered, Qing Jue was merciful and moved the three beasts into the bracelet.

Of course, before they were moved into the bracelet, the orcs from the Dragon race and The White Tiger race, who had finally gotten a chance to get close to their future masters, unhesitatingly acknowledged them as their Masters. At the same time, they had to be wary of the secret mistress's attack!

After settling the matters in the city of abandoned ruins, Leng ruoxue and the rest returned home.

To their surprise, before they could return to Demon City, they received a message from Leng ruohan and the others, saying that they were about to be robbed!

Upon hearing that someone dared to raid Demon City, the team immediately rushed toward their destination joyfully.

At this moment, Leng ruohan and the others were stopped in the middle of a road less than 10000 meters away from Demon City. Although this road was not the only way to Demon City, there were usually a lot of people on it. However, there were only a few of them on the wide road, so it seemed rather deserted.

Looking at the Man in Black opposite him, Cheng Wu raised his brows. He purposely put on a fearful expression and asked, ""Are you guys trying to Rob me?"

"That's right!" The leader of the Men in Black nodded. However, they didn't Rob him of his wealth or his body. They robbed him of his people!

"We have no money!" Cheng Wu said as he clutched his storage ring nervously.

The corner of the leader's mouth twitched a few times, and his heart was in turmoil! If you don't have money, why are you holding onto your storage ring? Wasn't this clearly showing that he had nothing to hide?

"We don't Rob!" The Man in Black gritted his teeth and explained.

However, Cheng Wu was even more worried after hearing that. He howled and scared the Men in Black.

"What are you howling for? For whom are you howling?" The leader of the Men in Black said.

"Wu ... Are you guys trying to rape me?" Cheng Wu clutched at his shirt and was so scared that his entire body was trembling and his face was pale!

"We don't rape! Even if he wanted to rape someone, he wouldn't rape you!" The leader of the Men in Black was a little mad when he heard Wan Wu's words. On the other hand, Leng ruohan, Leng Qingtian, and the others who were at the side were laughing in their hearts when they heard this!

"That's hard to say!" Cheng Wu had a look of disbelief.

"Don't worry! I definitely won't rape her!" The leader of the black-robed men was so angry that he shouted.

"You're really not going to Rob?" Cheng Wu asked cautiously.

"I won 't!" The leader of the Men in Black guaranteed.

"Since that's the case, we'll be leaving. You don't have to send us off!" After he finished speaking, Cheng Wu gave Leng ruohan and the others a look. Everyone had the same thought and decided to leave.

"Wait! Who allowed you to leave? Didn't you hear me say I'm going to Rob you?" When the leader of the black-robed men saw that the other party was really leaving, he was immediately dumbfounded. After he came to his senses, he immediately blocked Cheng Wu and the others and roared.

"You guys are not robbing us of money or sex, so there's nothing to Rob. If we don't leave, are we going to stay and chat with you?" Cheng Wu said matter-of-factly.

"We're going to kidnap him!" The leader of the Men in Black roared again after hearing Cheng Wu's words.

"You don't even want to rape her, and you want to rape her?" Cheng Wu was unable to understand.

"Right!" The leader of the Men in Black nodded.

"Give me a reason!" Cheng Wu said with a "I won't leave with you if you don't give me a reason."

"No reason!" The leader of the Men in Black roared and couldn't help but curse in his heart. Did the Divine Master's estate need a reason to arrest someone? If it wasn't for his Lord's increasing need for human blood, they wouldn't have wanted to wait for a rabbit on the road. But the rabbit in front of them was obviously not easy to manipulate!

Of course, the leader of the Men in Black did not dare to reveal his identity. Otherwise, the Divine Master's estate would become The Public Enemy of the divine realm! However, just because he didn't say anything, it didn't mean that Cheng Wu and the others didn't recognize their standard. Other than that old woman, Wu Yan, no one else could train such a stupid subordinate of the Man in Black.

### [Chapter 2990 The End \(13\)](#)

"You have no reason to think that we will leave with you. Are you trying to kidnap a silly boy?" Cheng Wu's expression immediately changed when he heard that.

"Hmph! Brat, you have to leave, no matter what!" The leader of the Men in Black saw that the other party was disobedient and could only threaten him. In his eyes, these few people were so weak that it would be as easy as stepping on a few ants to kill them. Therefore, he did not take Leng ruohan and the others seriously at all. He would never have thought that they had hidden their strength and were pretending to be weak to eat the Tiger!

"Yo! Did he become angry out of embarrassment and threaten her? Young master, old master, someone is trying to Rob us, what should we do?" After Feng Da finished speaking to the Man in Black, he turned around to seek Leng ruohan and Leng Qingtian's opinion.

Who knew that Leng ruohan didn't even raise her head. Leng Qingtian also looked up at the sky with a nonchalant expression. Seeing them like this, Cheng Wu didn't say anything either, and the atmosphere became cold.

Seeing this, the leader of the Men in Black was furious. He turned around and shouted, "Capture these ants!"

The Men in Black immediately took action.

One of the men in Black was sent flying the moment he got close to Cheng Wu.

"It's so lively!" At this moment, a melodious female voice entered the ears of everyone present. All the black-clothed people turned their heads in unison, and then all of them were like stone statues, stiff and motionless.

The Men in Black were wailing in their hearts. Oh ... They were finished! I'm finished! How did he meet this demon?

There was no one in black who did not recognize Leng ruoxue. Furthermore, in their hearts, Leng ruoxue's scariness was comparable to their master. No! He's even more terrifying than his Lord! At the very least, his Lord would not easily take their lives, but Leng ruoxue would!

The Man in Black, who had never expected to meet Leng ruoxue here, was so depressed that his heart broke.

"Miss, they want to Rob us. They want to Rob people!" The moment Cheng Wu saw Leng ruoxue, he immediately complained.

"You dare to Rob my people? does that fogriple bitch want to start a war right now?" Leng ruoxue turned to ask the Leader of the Men in Black.

"You, your people? They're your people?" When the leader of the Men in Black heard Leng ruoxue's words, he finally reacted and asked in disbelief. Then, he specially added, "Young lady Leng, you've got the wrong person. We're not God Lord fogriple's men,"

The leader of the Men in Black was filled with regret! How did it end up in Leng ruoxue's hands? He was really unlucky! At the same time, he began to regret his decision to kidnap her on this road. He knew that Demon City was very close to here, yet he still harbored hopes of getting away with it. Great, now he had run into the 10000-year Dark Iron plate!

"That's right. Let me introduce them to you. They are my grandfather, brother, and subordinates. As for whether you admit to being a member of rime ice or not, that's not important to me!" Leng ruoxue said with a smile.

"That's right, Xue 'er, just directly crack it!" Uncle long nodded in agreement.

When the Men in Black heard this, their faces turned pale with fear.

Leng ruoxue even smiled in an extremely friendly manner. ""Don't worry, I won't kill you so easily. However, don't think that I'll let you go. By the way, do you want to test my medicine or die from torture? choose one!"

"Is there a third choice?" The leader of the Men in Black asked carefully.

"What do you think?" Leng ruoxue asked instead of answering.

The Man in Black was silent. He was extremely unwilling in his heart. Was he going to just surrender like this?

From the corner of his eye, he swept his gaze across Leng ruoxue's group. He saw uncle long rubbing his palms together, Dongfang Yue with a faint smile, the snow-white cat with its sharp claws, a cute little boy who was also staring at him with an unfriendly expression, and the countless beasts who were eager to try ...

On his side, more than half of the dozens of Men in Black were like frost-beaten eggplants, shriveled up like dehydrated vegetables. Let's not talk about combat power, just the difference in numbers alone made the leader of the Men in Black not know how to continue this fight with the other party!

Wu...This is too much of a bully!

"I ... I choose to test the medicine!" The leader of the Men in Black surrendered helplessly when he saw the difference in strength between the two sides. In his opinion, at least he wouldn't die from the test. It was better than dying from torture!

Unfortunately, he was wrong! He only wanted to live. How could he know that testing medicine was the real thing that made life worse than death!

However, Leng ruoxue was rather satisfied with his choice. A wise man knows how to practice, and surrendering was the right choice. It just so happened that a while ago, Liuyue, Shen nuo, and Jiang Ning had been complaining to her that there was no one to test the medicine on, and as a result, Wu Yan had just sent them over.

"Young miss is getting more and more domineering. With just one move, these guys surrendered!" After deciding on the Man in Black's fate, Cheng Wu immediately flattered him.

When Leng ruoxue heard this, she felt a little speechless. She thought to herself, 'this isn't my credit, it's the advantage of numbers that helped me!'

After easily settling the small dispute, Leng ruoxue and the rest brought the Men in Black who had surrendered and returned to Demon City in a grandiose manner.

This news was quickly reported to Wu Yan.

After knowing that her subordinate had been caught by Leng ruoxue, ripple mist was furious. She glared at the leader of the Men in Black who was in charge of this matter and shouted, ""How did you arrange their work? You know that it's so close to Demon City, yet you still dare to let them catch you there?"

"Master, that road leads to several major cities. The flow of people is very large, so it's the best place to catch people. This time, they were unlucky to have bumped into Leng ruoxue and the others." The leader explained.

However, Wu Jing didn't care about that. What she needed the most now was blood, a large amount of blood. She knew that Leng ruoxue was becoming more and more of a threat to her, and she didn't have much time left. Hence, she was in a hurry to recover her strength.

"Don't capture them on the road. Just capture the people from the major families!" After thinking for a while, Wu Xiao ordered.

The leader of the Men in Black heard this and quickly tried to stop him. ""Master, if we do this, we will cause public anger!"

What was it that they had not dared to make any big moves all this time? Isn't it to maintain the positive image of his Lord? If they really captured the people from the big families, then they really couldn't hide anything!

"Those who submit to me will prosper, and those who resist me will perish. Now, it's time for those crafty major forces to make a choice!" Fog ripple laughed coldly. Now that things had come to this, there was no way she would leave those forces to Leng ruoxue. That was why she wanted her subordinates to capture all of them. Those who submitted to her would naturally be able to live, and those who resisted would become her food. This was a win-win solution, so why not?

Wu Xuan was very satisfied with her own idea. This was a time when she needed people. Although the reverent-god level cultivators under her were getting fewer and fewer, if she had the help of the other major forces, she believed that her chances of winning the life-and-death battle with Leng ruoxue would be much higher!

However, she knew that the biggest variable on Leng ruoxue's side was Cang and the Mistress of the Dark World. However, what she was most worried about was Azure. After all, Azure belonged to the divine realm. If Azure didn't care and insisted on attacking, even the laws of the world wouldn't be able to restrain it. She wasn't afraid of the Mistress of the Dark World. After all, the Mistress of the Dark World belonged to the nine nether nether prison. She believed that the other party wouldn't risk the collapse of the space and stick his nose into other people's business! Otherwise, she would have a bigger headache.
