

Crazy Wife 2991

[Chapter 2991 The End \(14\)](#)

How could he make Azure not act?

Wu Jing's head was spinning, but she couldn't think of a good way. The leader of the Men in Black, who had received her order, saw that her Lord had made up her mind and could only carry it out.

At this moment, Leng ruoxue had already returned to Demon City. After handing over the group of men in Black to Jiang Ning and the other two, she went back into the bracelet and started cultivating.

Even though her body had almost fully recovered, the spiritual energy in her body was still insufficient. In order to deal with Wu Ling, the spiritual energy in her body had to be abundant. Hence, Leng ruoxue did not want to waste any more time. Just like Wu Ling's premonition, she was also clear that it would not be long before the two of them would truly fight.

Leng ruoxue was absorbing spirit Qi in her bracelet while uncle long and the others were busy preparing for the battle.

First of all, they had to properly arrange for the personnel below the God Emperor rank in Demon City. They didn't wish for any accidents to happen to them while they were preparing for battle. After all, that shameless fellow, Rime, was capable of doing anything.

After some discussion, uncle long and the others decided on a house as the best place to settle them down. After the owner of the house, a certain grass, found out about this, he was very unwilling and unwilling. The main thing was that he did not want a group of strangers to live in his territory. It was so inconvenient!

However, after uncle long told him that this was Xue 'er's idea, the grass immediately agreed with a charming smile.

Uncle long was helpless after the incident. Fortunately, the grass listened to Xue 'er. Otherwise, he really didn't know what to do.

Secondly, in order to prevent the fog ripple from having something to threaten them with, they had to send people to bring over the people from the armament Masters Guild and Alchemist Guild. Of course, the forces that were on good terms with them had to be informed. As for whether they would come or not, that was the other party's business.

After these matters were discussed, everyone split up.

Uncle long, Dongfang Yue, mu li, as well as cangqu's armament Guild headquarters and alchemy Guild headquarters, were responsible for receiving people. Dongfang Lin was responsible for sending messages to the various forces.

When the other forces heard that there would be a big operation, their hearts trembled. They knew what the other party meant without saying it! However, none of them had expected this news to come so suddenly. However, after receiving the news, they quickly took action.

Although Demon City had only given them 100 slots, it was still better than nothing! At the very least, if something were to happen in the future, these 100 people would be enough to pass down the bloodline of their families.

It could be said that the factions that were on good terms with Demon City knew their own limitations. None of them had the thought that the other party had to ensure the safety of their entire family. After all, that was too unrealistic. The other party wasn't their parents, so why should they control their entire family?

It was a favor that the other party was willing to inform them before the operation, not an obligation! Most importantly, they had a good relationship with Demon City, so they considered benefits and Demon city's strength more than anything else. Moreover, the difference in strength between them and Demon City prevented them from having any unrealistic thoughts.

In short, they were very grateful for Demon city's favor. After all, they had been informed before the operation.

As for how to ensure that they would not be affected, that was their own problem!

In less than half a month, uncle long and the others, who had gone to the blacksmith's guild and Alchemist's Guild, returned after completing their tasks. Soon after, the forces that were on good terms with them made full use of the quota given to them by Demon City and brought people to seek refuge.

Before coming to Demon City, the representatives of the various factions had been told to behave themselves. Hence, after settling down in Demon City, they were all extremely obedient. The families of these people had also begun to evacuate in secret!

For a time, the divine realm appeared calm on the surface, but in reality, it was already turbulent in private with many unstable factors.

The Men in Black started with the smallest and most unremarkable factions. By the time the large and medium-sized factions realized that something was wrong, it was already too late!

On a certain day.

Cang Zheng was lying in the garden and basking in the sun out of boredom. Suddenly, he frowned and disappeared from the garden.

When uncle long and the others saw this, their faces were full of question marks. However, senior Cang had always been carefree, so they felt at ease after thinking about it.

After Azure left the garden, he immediately appeared in the God Pagoda. At this moment, the God-protecting tower was being madly attacked by the fog.

Cang appeared outside the tower and asked with a frown, "Little ripple bitch, are you crazy!" It didn't expect that the old woman would come to its door instead of looking for trouble with it. It was really strange!

Just as it thought this, Azure immediately felt that something was wrong. It then saw the smug-looking fog Phoenix stop attacking and disappear.

Realizing that he might have been fooled, Cang da nu wanted to chase after fog Phoenix, but he suddenly found that he was trapped!

It knew nothing about the formation, and after a series of random attacks, the formation had no flaws. At this time, Wu Cheng's proud and arrogant laughter came to its ears, "Hahaha! Cang, don't waste your energy! How could I possibly let you escape after setting it up for so long! You should just stay inside! After I'm done with Leng ruoxue, I'll deal with you!"

"You want to take care of my girl? dream on!" Cang scoffed and then shouted, "Old B * tch, let me out, or you'll definitely regret it!"

"Oh, really? I'd like to see how you're going to make me regret this!" Wu Xiao provoked.

"Old bitch! You asked for this!" Azure was completely enraged. He extended his small claw and a huge red flower appeared in it. It was the blood cherry blossom. At this moment, the flower was almost dried up. The entire Flower Leaf drooped down, and the petals drooped listlessly.

As soon as she saw Azure, blood cherry blossom trembled. At this moment, fog nightmare, who had already returned to the God lord's estate and was using her mind to sense Azure's condition in the spell formation, shouted, "Cang, what do you want to do?"

"Let me out, or I'll tear it apart!" Cang threatened.

"Don't you dare!" "You ...!" Ripple mist was shocked and furious, and she tried to summon the blood cherry blossom. However, no matter what she did, she was unable to contact the blood cherry blossom. It was as if there were thousands of mountains and rivers between her and the blood cherry blossom, and she was unable to reach the end.

'Damn it!' It was obvious that Cang was behind this! Fog was filled with hatred! The anger in his heart rose even more.

Let Cang out? That was impossible! It wasn't easy to trick Cang into her formation. If she let it go just like that, wouldn't all her efforts be in vain? However, her blood cherry blossom clone was in the hands of the other party. For a moment, fog's conflicted heart clenched.

Could it be that he would always be controlled by Cang?

Mist ripple was unwilling to accept this!

Just as Wu Xiao was feeling vexed, Cang, who couldn't wait any longer, had already begun to destroy the flower!

As she felt the pain of the blood cherry blossom, mist Ripple's heart was bleeding!

"Wu ... Lord Cang, please spare me! I didn't do anything wrong!" The blood cherry blossom whose petals were torn by Azure in the array cried and begged.

[Chapter 2992 The End \(15\)](#)

Cang sneered, "you didn't do anything wrong, but you shouldn't be that old woman's clone!" After saying that, Azure's movements became much faster, and bloodcherry Blossom's cries of pain grew louder and louder.

In the blink of an eye, the petals of the blood cherry blossom were all torn off by Azure, leaving only a bare pistil.

A pair of teary blood-red eyes appeared in the center of the flower, looking pitifully at Azure. Unfortunately, Azure was a heartless person. He naturally wouldn't have any soft-hearted thoughts about the blood cherry blossoms.

Seeing that fog didn't compromise, cold one didn't give up and used his sharp claws to destroy the pistil. The blood cherry blossom didn't even have the chance to beg for mercy. In an instant, the pistil exploded and turned into powder that fell to the ground!

"Ah!" "Arghh!" Wu Xuan, who was in the Divine Master's estate, cried out in pain and spat out a few mouthfuls of blood! How detestable! While she was hesitating, Cang, that damn guy, had already made his move!

The mist was so regretful! Although she had long known that Cang was a hot-tempered person, she had never expected that the other party would not be willing to wait for even a moment. If it was in the past, the two of them would at least be able to bargain, but this time, she had miscalculated! His plan had been completely disrupted by Cang!

Originally, Rime had planned to find Leng ruoxue to make the first move after trapping Cang so as not to waste the great opportunity to trap Cang. However, she didn't expect that Cang wouldn't follow the script at all and directly destroyed one of her clones, causing her plan to fail completely!

The last powerful clone was destroyed by Azure. This was a serious blow to fog's strength. However, in this case, she would not let Azure out! He also didn't allow anyone to save Cang!

After making up her mind, Wu Jing decided to continue setting up the spell formation. This time, her target was Demon City.

Her clone was destroyed, causing her to lose a lot of strength. She naturally had to do her best to delay time so that she could make up for her strength as soon as possible!

At this moment, Leng ruoxue and the rest were still unaware that Cang was trapped. Cang was isolated within the array and could not contact anyone.

After half a year, the spiritual energy in Leng ruoxue's body finally became more abundant. She was also fully confident and prepared to fight to the death with the mist ripple.

However, she only heard that Cang had gone missing after the bracelet.

"How did Cang go missing?" Leng ruoxue was astonished.

"Senior Cang left half a year ago and hasn't returned!" Uncle long said carefully.

"It should be in trouble." Leng ruoxue said after some thought.

"No way! "With senior Azure's strength, even fog ice might not be a match for him ..." Uncle long said in disbelief, but he didn't continue.

It wasn't that he didn't want to suspect Wu Xiao, but he felt that that old woman wouldn't be so muddleheaded as to directly fight with senior Cang. That wouldn't do her any good!

"Of course, I won't fight Cang directly, but I can use a formation to trap Cang. If I'm not wrong, Cang should be trapped by her formation." Leng ruoxue said.

"Xue 'er, let's quickly go save senior Cang!" Hearing this, uncle long immediately became a little anxious. In addition, he also felt a little guilty.

Senior Azure had been gone for half a year. At first, he didn't take it seriously, but later on, he noticed that something was wrong. However, at that time, senior Azure had already been missing for nearly half a year.

Regretfully, even though he knew that senior Cang had gone missing, the people he sent out were unable to find him. As such, he didn't know how to explain this to Xue 'er. It was a good thing that Xue 'er did not blame him, or else he would have died of guilt.

"Haha, none of you need to go out!" Suddenly, Wu Ling's voice rang in Leng ruoxue and the rest's ears. Then, they felt an endless pressure engulfing their hearts, causing their bodies and hearts to feel heavy.

"What did you do?" Leng ruoxue said calmly.

"After half a year, the God binding formation I gave you has finally succeeded!" Ripple mist replied with pride.

It was the God binding formation again! Leng ruoxue thought to herself, 'looks like this old woman is using the God binding formation as her trump card. However, that formation is indeed very useful!' He just didn't know to what extent Wu Yan had done this time.

Even though Leng ruoxue had such thoughts in her heart, her expression did not change. She asked, "Azure is also trapped by you?"

"Not bad! Originally, I didn't intend to use the great divine binding array against you people. Unfortunately, that hateful Cang has angered me. So, if you want to blame someone, blame him!" Wu Yan's voice was filled with the smell of gunpowder. After she finished speaking, her voice disappeared.

"Xue 'er, what do we do now?" Uncle long and the others didn't look too good. On one hand, they were worried. On the other hand, they could faintly feel their life force disappearing bit by bit uncontrollably. This should be the power of the God binding formation.

"Let's go check on the others. Those who are weak, enter the space!" Leng ruoxue also felt that the situation was not good. After surveying the area, she helplessly realized that other than the Hierarch experts who could barely withstand the aftereffects of the God binding array, the deities below the Hierarch rank would not be able to withstand it.

Without any hesitation, she immediately moved everyone into the bracelet.

At this moment, the dragons, phoenixes, and white tigers who were cultivating in the bracelet immediately stopped their cultivation when they noticed the abnormality. After understanding the situation, they were all rather terrified.

It wasn't easy for them to get out of the God-binding array, so why were they locked up again?

"Master, isn't Demon City your territory? How did Wu Xuan find a way to set up the great God binding formation here?" Feng Wu asked in confusion. He had once been harmed by the God binding great array, and it could be said that he had a deep hatred for this great array.

"That woman is crazy. She actually set up the God binding array outside the entire Demon City, and the array eye used a trace of her soul. So, the power of the God binding array outside the demon City is even greater than the one you were trapped in." Leng ruoxue explained.

Leng ruoxue had not expected that the fog ripple would do something so crazy. However, she was clear that in order to set up such a large-scale soul binding array, she would have to pay a considerable price. Whether it was the crystal stones or the strand of soul that the fog ripple had given up, they were all one-time consumables that could not be retrieved again.

Apart from trapping them, one of Wu Xuan's purposes for setting up this great formation was probably to obtain life force from them. However, it was obvious that she had miscalculated. With green vessel's heaven-defying space, how could Leng ruoxue let Wu Xuan's plot succeed?

After consoling the frightened beasts for a while, Leng ruoxue brought the evildoer away from the bracelet.

After some thought, she moved uncle long and the others in.

Although Grandpa and brother were not very willing to go in, they also understood that if they stayed by Xue 'er's side at this time, they would not be helping her, but adding to her troubles! In Xue 'er's words, the life force they had lost outside would only benefit Wu Jing.

[Chapter 2993 The End \(16\)](#)

After sending everyone in, only Leng ruoxue and the demon were left in the huge Leng family residence. The demon was very happy. It was the mist ripple that gave him and Xue 'er the chance to be alone! So, if he had the chance, he would definitely 'thank' that woman properly!

Who knew that just as this thought formed in their minds, a little boy would appear beside them with a face that looked like he was asking for a beating. He then pounced into Leng ruoxue's arms.

Instantly, the demon was so angry that he almost choked!

"What are you doing out here? Be careful not to have your life force sucked away by the God binding formation!" The demon threatened.

"Tsk! I know formations, and I can help big sister break the formation! So, I'm here to help!" Qing Jue said calmly, not taking the demon's words seriously at all.

"Help? Did you help?" The demon scoffed at Qing Jue's words.

"Sister, have I ever made things worse?" Qing Jue ignored the demon and asked Leng ruoxue directly.

Ugh! Leng ruoxue was in a difficult position. Green vessel was indeed very helpful, but if she really said that, she was afraid that the demon would be angry.

"You guys continue chatting, I'll go check on the array!" With that, Leng ruoxue threw green vessel into the demon's arms and slipped away.

"You've fallen into my hands, right?" As he watched Xue 'er's back view, the demon lifted Qing Jue into the air and said proudly.

"Tsk! A vile person has achieved success!" Qing Jue said resentfully.

"Whatever you say, you're in my hands now!" The demon laughed in a very lecherous manner. He was quite pleased that Xue 'er was on his side. Meanwhile, green vessel was so angry that he almost went crazy! However, he was a magnanimous person and would not be calculative with a pretty boy!

Then, green vessel turned his face away and ignored the evildoer.

The evil man laughed as he carried green vessel with one hand and chased after Leng ruoxue.

At this moment, Leng ruoxue was standing at the highest point of the mountain peak, looking at the array formation that covered the sky above Demon City. Even she was slightly impressed by Wu Xiao's crazy actions.

The manpower and material resources consumed by such a huge array were unimaginable, but Wu Yan had done it! Similarly, the larger the array, the longer it would take to break it! From the looks of it, ripple mist was trying to stall for time.

Leng ruoxue's head was starting to hurt. She already knew Wu Cheng's intentions and sinister intentions! This mist ripple formation could be said to be killing many birds with one stone!

He was stalling for time!

She was giving her trouble!

He would reduce the strength of her side and collect some life force for himself!

Leng ruoxue was very clear that if she were to dispel this formation, she would run out of spiritual energy again. Once Wu Xuan's strategy of stalling for time succeeded, she would definitely be no match for her and fall right into Wu Xuan's trap. If they didn't release the God-binding array, they would be trapped forever. Slowly, they would end up like the Phoenix race, dragon race, and white Tiger race, waiting for their life force to be exhausted and die. No matter which outcome it was, it wasn't what Leng ruoxue wanted.

To Wu Luan, the loss of breaking the array was not small. However, she was betting that Leng ruoxue would not be able to break the God-binding array that she had set up with her divine soul!

It could be said that this was a battle without smoke. It was impossible to predict who would win or lose. After all, there were too many unexpected things about formations.

But the worst result was that both sides would suffer!

When the demon found Leng ruoxue, he saw her frowning as she sat on a smooth Boulder at the peak of the mountain. She was in a daze as she looked at the looming array in the sky.

After he sat down beside Leng ruoxue, he did not say anything and only pulled Xue 'er into his embrace to accompany her.

After a long time.

Leng ruoxue smiled and said, "demon, from tomorrow onwards, I'm going to start removing this God-binding array!" I would also like to know who's better in terms of formations, me or that wastrel!"

"It's definitely my Xue 'er. " The demon didn't even think and directly said.

Leng ruoxue chuckled when she heard this. The evildoer really trusted her unconditionally! She was very happy!

"Elder sister, although the formation of that old woman, Wu Yan, was taught by the old master, I also believe that elder sister will definitely win!" Qing Jue also flattered. At this moment, he suddenly hated his old master. Why did he teach that woman formations for no reason? He was just giving them trouble!

However, he could only think about it in his heart. After all, the person he was complaining about was the previous master he had acknowledged!

"The two of you have so much confidence in me, it's giving me a lot of pressure!" Leng ruoxue laughed as she teased.

"Xue 'er, pressure is also a form of motivation! Good luck! I will always protect you!" The demon hurriedly said.

"Sister, I can help. I won't make things worse. Please believe me!" Qing Jue expressed his feelings once again.

Leng ruoxue touched Qing Jue's cute little face and nodded. "I know, green vessel is the best!"

With Leng ruoxue's praise, Qing Jue's proud little tail was about to rise up. He even gave the evildoer a threatening look. However, this time, the evildoer did not hold it against Qing Jue.

The next day.

Leng ruoxue and Qing Jue started to break the formation.

On Wu Yan's side, most of the people from the major forces had been captured and all of them were locked up in her domain. Unfortunately, not many people from the eight great divine regions were caught.

After he stopped paying attention to Leng ruoxue's situation, Wu Chen returned to her domain.

Within her domain, many people were tied up by vines and suspended in mid-air. In a blood pool not far away, there were three small blood cherry blossoms that had yet to grow. These were her newly created clones, and they were currently in the most need of nutrients.

Every day, these three palm-sized blood cherry blossoms needed to feed on the blood of a human to satisfy their growth needs. Of all the major forces that had been captured, the one who had been locked up here for the longest time had been locked up for three months. In the past three months, they had seen nearly a hundred people being fed with blood cherry blossoms. Those nauseating and terrifying scenes were still fresh in their minds. Because of the shock, many people's hearts had reached their limits!

The reason why Wu Yan had kept them alive was naturally to scare them! Now, she felt that it was almost time.

Standing by the blood pool, ripple gently raised her beautiful eyes and gave a look to the black-clothed man's subordinates. Immediately, the people from the major forces who were hanging in the air were all put down.

"Have you all thought it through? Whether you want to be loyal to me or become food for my blood Sakura clone, it's up to you!" Ripple's beautiful eyes swept over the pale-faced crowd as she softly spoke.

"Wu Han, as the master of the divine realm, how can you treat us like this?" One of the yin family members criticized with extreme hatred.

"Then how do you want me to treat you? By the way, I haven't caught the patriarchs of the eight divine regions yet! You don't need to make a choice for now. When we capture your family head, we'll let you make a choice together. " Wu Xuan thought for a moment and said.

"You want to capture our family head? dream on!" The yin family head said angrily.

"Are you dreaming? Then I'll show you!" Wu Yan smiled calmly and then changed the topic."I don't understand. Your clan head has already abandoned you, why are you still so loyal to him?"

[Chapter 2994 The End \(17\)](#)

"The master will never give up on us! He will definitely save us!" The yin family member shouted.

"Give up! Your master can't save you! The only one who can save you is Leng ruoxue. However, Leng ruoxue is also trapped by me now. So, if you're smart, you should know what to do, right?" Ripple's beautiful eyes swept over the others as she indifferently said.

No one said anything, mainly because no one wanted to be the first to stand out. The word 'betrayal' was not pleasant to hear, even if it was only for the sake of survival!

"You're both unwilling?" Wu Jing was a little impatient. She threw a vine directly from her hand and the person closest to the blood pool was thrown into it. In just a few seconds, that person's blood was sucked dry and his body dissolved in the bubbling blood.

The timid ones were scared out of their wits. After all, they had once been in the same boat. But in the blink of an eye, their lives had disappeared. No one could accept such a fact!

"Still not willing to make a choice?" Looking at the dumbfounded crowd, ripple mist coldly laughed.

Then, one by one, they were thrown into the blood pool and became food for the three little flowers. Today, the three little flowers had a great time eating, and they were even a little full!

Mist ripple knew when to stop, but for several days in a row, she threw people into the blood pool every day, and soon, a small force disappeared from this world!

In a situation where they couldn't even protect themselves, no one had extra sympathy. In fact, some forces couldn't stand it and surrendered very quickly.

With a leader, more and more forces chose to join rime ice.

Unfortunately, even though they had joined rime ice, the three little flowers, who had already tasted the sweetness of it, did not want to let them go! Wu Xiao also indulged in the behavior of her avatar.

"Why? We've already surrendered, so why are you still treating us like this!" A person who was about to be eaten by the three blood cherry blossoms gathered his courage and asked before he died.

"Because you are too weak! They're only worthy of being food for my clone!" Wu Xuan said cruelly.

Everyone had mixed feelings when they heard this!

With that, ripple mist turned and left.

When he returned to his main hall, a Man in Black was already waiting there.

"Any news?" Wu Xuan asked directly.

"Yes, I am. He's in the ning family's divine realm!" The Man in Black nodded.

"I'll go and capture them myself!" After Wu Xuan finished speaking, he had already disappeared.

The people she wanted to capture were naturally the family heads of the eight great divine domains that the Man in Black couldn't capture. Without them, how could she control the other people in the eight great divine domains?

When she reached the ning family's divine realm, she was discovered as soon as she approached her destination.

In an instant, her figure flashed and blocked the path of the few people who were about to escape.

"Ice Spirit, I didn't expect you to be with them." Seeing her old friend, Wu Xiao said with satisfaction. Although she only wanted to capture six of the patriarchs of the eight divine regions, ice soul was definitely a surprise for her! However, Ice Spirit did not want to see her at all.

Ice Spirit was extremely depressed. They had wanted to return to Demon City, but they had been stopped outside the city. Although he had no idea what had happened to Demon City, he guessed that something must have happened when he saw fog ice.

However, he couldn't understand how something could have happened to Demon City, which was full of talents. This was beyond his expectations.

"I met him by accident." Ice Spirit replied with a calm smile.

"What a coincidence. Now, all of you, come with me!" Wu Xuan said with a smile. There was a trace of pride on his face.

"Why should I go with you? Who Do You Think You Are?" The yin family master said unhappily.

"The clansmen of your clans are in my hands. If you don't come with me, I'll kill them!" Wu Chen threatened.

"If we leave with you, Leng ruoxue will kill us. That's why we don't want to be involved with you!" Yin family head continued.

"Leng ruoxue can't take care of all of you now. She's already been trapped by me!" Rime clenched her teeth in anger. At a time like this, these people would rather care about Leng ruoxue's existence than pay any attention to her, the Divine Master. This was a fact that she could not accept.

"What did you do to Xue 'er?" Ice Spirit asked immediately.

"You want to know? Then come with me!" Ripple said.

"I'll listen to you if you want to tell me, but you want to use this as bait to make me go with you? dream on! I'm not a three-year-old kid, how can I be so easily deceived?" Ice soul was speechless.

"Hmph! Today, you have to leave no matter what!" Riverripple said angrily.

"You want to use force? There are at least seven of us, and you're only yourself. You can't be considered a true Divine Master. Do you think you can fight all seven of us?" Ice Spirit sneered. Originally, they didn't want to fight with Wu Chen, but now it seemed that if they didn't fight, Wu Chen wouldn't let them go!

When he said that he wasn't a true master God, he had completely angered Wu Chen. Thus, without saying anything, Wu Chen attacked ice soul.

When the others saw this, they also attacked the fog ice ...

It was indeed difficult for fog to fight against seven people alone. However, it was almost impossible for ice soul and the others to gain any advantage. After the real battle, ice soul was deeply shocked by fog's current strength. After tens of thousands of years, fog had grown to such a level! It was really unbelievable!

The current rime ice, other than Cang and the Dark Lord who couldn't easily make a move, was probably something only Xue 'er could handle!

After testing out Wu Zhao's strength, Bing po, who was unwilling to fight for too long, sent a message to the others. After a round of fierce attacks, the seven of them split up and teleported in all directions.

When fog ripple saw this, she almost exploded in anger. After using her divine sense to search for a while and finding nothing, she wantonly destroyed everything before leaving resentfully!

As the saying goes, the most dangerous place is also the safest place. After a long time, ice soul and the others returned to the ning family's divine realm.

The first thing the ice Spirit did after entering the ning family's main residence was to open the forbidden area in the back mountain of the ning family and let out Wuhe Ice Phoenix.

The first thing the man and beast did when they came out was to ask about Leng ruoxue's situation. After knowing that she was trapped by the fog ice, they were extremely worried.

"Don't worry, that little girl will be fine. " Ice Spirit sighed and consoled him. In truth, he wasn't confident either, and the ning family's God Realm was probably only temporarily safe. Staying here wasn't a long-term plan.

The eight humans and one beast discussed for a while and decided to hide in the godly mainland. There were restrictions set up by master Yu there, so it was relatively safer than the divine realm. More importantly, even rime ice could only display the strength of a God. This way, they would be much safer.

Right now, the most important thing was for them to not fall into the hands of Wu Chen and become her hostage to threaten Leng ruoxue!

[Chapter 2995 The End \(18\)](#)

At the same time, Leng ruoxue and Qing Jue were doing their best to break the God-binding array that Wu Xuan had set up outside of evil demon City.

A year later. The two of them only managed to crack one-third of the array. In this one year, the two of them had rested many times. The God-binding array had consumed too much divine power, and they had used up quite a number of top-grade crystals. This made Leng ruoxue's heart ache.

However, when it was time to spend money, Leng ruoxue would definitely not be reluctant!

Just like that, after three years, the two of them finally achieved some results. Leng ruoxue and Qing Jue were excited when they saw the formation above Demon City dimming.

After being trapped in the God-binding array for three years, they were completely clueless about the situation outside. However, this did not affect Leng ruoxue's plan. Right now, only the array core was still in operation. As long as they could destroy the array core, they would be able to escape successfully.

After Leng ruoxue specifically instructed the demon, she focused all her energy on dealing with the formation core.

This formation's eye was even more powerful than the one that had imprisoned the three beasts. Leng ruoxue and Qing Jue had to exhaust all the divine power in their bodies and fight with the formation's eye for a while before they were finally able to destroy it.

After the light from the array eye disappeared, Wu Xuan, who was in the God Lord's Manor, vomited blood and fainted.

Leng ruoxue and Qing Jue were not any better off. Both of them fell to the ground weakly. The demon carried Leng ruoxue in his arms and carried Qing Jue, who could not receive any special treatment from him, back to the Leng family's main residence.

With a thought, the three of them had already appeared in the bracelet.

Uncle long and the others immediately surrounded them and asked about their well-being. For the past three years, they had seen how hard Leng ruoxue and Qing Jue had worked, but they were unable to help at all. This made them feel even more depressed, and their hatred for Wu ice increased.

However, now was not the time to complain. After watching Leng ruoxue and Qing Jue enter the purple bamboo house to rest, uncle long and the rest stood guard outside.

The next day, after Leng ruoxue had slightly recovered, she immediately arranged for Shui mo to help Cang. The extremely unwilling evildoer was asked by Leng ruoxue to be a bodyguard.

Although the two of them were depressed, they didn't dare to delay and immediately headed to the God Guardian Tower.

When he reached the God-protecting tower, Shui mo immediately saw the six-pointed star array. It was also a God-binding array, but it was smaller. However, it was very powerful.

However, what made him quite pleased was that when Wu Yan set up this formation, she did not use her own heart's blood and soul. Otherwise, he was afraid that he would not be able to break it with his strength.

A month later, Azure finally regained his freedom!

After being imprisoned for so long, the anger in Cang's heart wasn't ordinary! After thanking Shui mo, Cang disappeared.

"Uh! Senior Cang, where are you in a hurry to go?" Shui mo turned to ask the demon.

"He went to take revenge." The evildoer said. That vengeful guy had been tricked by the ripple mist bitch this time, so it would be strange if he let her go!

"Should we follow them and take a look?" Shui mo was worried.

"No need. Let's go back to Demon City." The demon wasn't worried about Azure, the mist ripple couldn't kill it! I'm afraid I can't care about this guy now.

By the time Azure returned to Demon City, he wouldn't be alone. Other than the seamless gate of the mission Guild, the three reverent-god level experts of the Divine Master's estate had also been abducted by it. Of course, it couldn't be considered kidnapping, the three of them followed Azure back willingly.

When Cang left, he didn't say a word and immediately took action. Many of Wu's Black-robed men were killed by him. When the guards of the God Lord's Manor saw that the situation was bad, except for those who were dead, almost all of them who could escape ran away. In short, the God Lord's Manor was almost empty now.

Seeing this, the three Hierarch could only follow him to Demon City. As for the mission Guild, according to uncle long and the others 'original plan, they were supposed to stay there as spies. After all, they were the people of Fog City on the surface. No matter how vicious that woman was, it was impossible for her to kill her own subordinates. However, this time, more than half of the Imperial City had been destroyed, so there was no need for them to stay there any longer.

When ripple woke up and heard the report from her injured subordinate, she was so angry that she spat out a few mouthfuls of blood and almost fainted again.

She quickly entered her domain and sucked the blood of dozens of people before she felt slightly better.

After coming out of the domain, she continued to ask, "How many people do we still have?"

"Less than ten thousand people." The leader of the Men in Black said honestly.

"Less than ten thousand!" Hearing this number, ripple mist's anger grew.

When she had the most subordinates, she had over a hundred million subordinates. However, in the past few years, she had fought with Leng ruoxue many times, causing the number of her subordinates to decrease rapidly. The loss of some godly venerable rank experts was the most painful for her. On the other hand, most of her subordinates were between the God King and God Emperor ranks. These people were basically cannon fodder when faced with Leng ruoxue's group. However, having cannon fodder was better than having them all killed!

Moreover, those cannon fodders could be used as food to satisfy her hunger at critical moments, but now? She had basically become the commander of the army. Such a tragic fact made her so depressed that she wanted to scratch the wall!

"Go and get more people for me!" Ripple mist angrily ordered. She needed food!

"Yes." The leader of the Men in Black replied. Although he wanted to say that it was not so easy to catch people now, he did not dare to face the anger of his master. He could only carry out the order seriously.

Three months later, the number of missing people in the divine realm had increased rapidly. Compared to the previous time when the various major powers had collectively disappeared, this time, the missing people were basically a few scattered humans. Without exception, they had all become the food of the fog.

During this time, he finally managed to contact uncle Long's ice soul. Ice soul secretly returned to Demon City with Wu, Bing Chan, and the six patriarchs from the eight divine domains.

When uncle long and the others learned from them that all the major powers of the divine realm had been captured by rime ice, they were still shocked even though they had already been mentally prepared.

Wu Chen is crazy! Originally, uncle long and the others thought that the old woman would find trouble with the forces that were close to them, but they didn't expect that Wu Han would cut the grass to catch the rabbit and not let a single one go!

They couldn't understand. Was it necessary to attract hatred like this?

This time, they didn't even need to announce Wu Chen's crimes. That B * tch Wu Chen had pushed herself to the opposite side of all the forces, and this was definitely good news for them.

Not long after, many of the fish that had escaped from the big forces also came to the evil demon City to seek shelter. However, a considerable number of the forces that these people belonged to had once had ideas about the ning family's divine territory. Although the evil demon City did not directly reject them,

they did not receive them well. At most, they did not expel them. Even so, those people were already quite grateful.

Currently, Demon City was definitely the safest place in the divine realm!

A year later, Leng ruoxue had finally fully recovered her powers!

Leng ruoxue came out of the bangle and saw uncle long and the others. She smiled and said, "You've been waiting anxiously!"

[Chapter 2996 The End \(19\)](#)

"Hahaha! Xue 'er, although you were in seclusion, we didn't idle around for the past year! We've basically wiped out all of the Rime bitch's subordinates!" Uncle long said with a smile.

"Yes, we've already destroyed the left and right arms of the mist bitch. But even so, that old woman has not shown her face even once. I wonder if she's pretending to be dead!" Dongfang Yue added.

"She's recuperating. " Leng ruoxue said with certainty. During the previous battle, both of them had suffered great losses. During that time, she had used more than a year to recover her spirit Qi, while that old woman needed blood. Thus, she didn't need to ask to know that many people had gone missing in the divine realm in the past year.

While she was exchanging pleasantries with uncle long and the others, Leng ruoxue used her divine sense to scan the entire Demon City. With a single glance, she actually discovered many unfamiliar faces.

"There seems to be a lot of strangers." Leng ruoxue asked after her observation.

"They're all survivors from the major forces. " Uncle long said honestly.

"Including those?" Leng ruoxue blinked her eyes. The ones she was referring to were naturally the forces that had once set their sights on the ning family's divine territory.

"Yes, I am. However, I made them pay the rent!" Uncle long laughed evilly.

"That's good. I don't want to let them have it easy. " Leng ruoxue laughed coldly. She had no obligation to protect those people!

"I definitely won't let them take advantage of me! Don't worry!" Uncle long promised.

Leng ruoxue smiled in satisfaction. It wasn't that she didn't want to show her gratitude, but she had said that no matter what those people took away, they would have to return it in double. She didn't expect that her words would come true so quickly.

After that, Leng ruoxue said impatiently, ""Let's go to the Imperial City!"

"Good! To the Imperial City!" Everyone was excited. Very quickly, the large group set off in a grand manner.

A few days later, Leng ruoxue and the rest were already standing outside the Imperial City's gates.

At this moment, the Imperial city's walls were only half of its original size. However, the words "Imperial City" still hung high up in the middle of the walls. Leng ruoxue and the others could not help but sigh when they saw the once prosperous Imperial City now in such a state.

Is Wu Ling planning to give up?

It wasn't Leng ruoxue's first time in Yu city, and naturally, it wouldn't be her last time either. However, this time, her feelings were very complicated.

"Senior brother, we can finally avenge master this time!" Leng ruoxue looked at Bing Yao and Qing Yang who were beside her.

The two of them nodded, their eyes burning with passion!

They had been thinking about their Master's Revenge for tens of thousands of years. Today, they could finally take revenge!

With their hearts filled with excitement, the two of them stood side by side with Leng ruoxue. The three of them looked at each other and smiled. Then, the group walked into the Imperial City together.

It could be said that Demon City had sent out all their forces for this battle to the death. Basically, apart from those who had some relationship with Yu, all the cultivators, ORCC, Feng Da, and the others who were in seclusion had come out. The most important thing was to participate. They were not willing to let such a big event slip by. They still wanted to witness the end of the fog era with their own eyes! He had personally witnessed the rise of Leng ruoxue's era!

Walking on the streets of the Imperial City, Leng ruoxue looked at the desolate shops on both sides of the street that had long since been left unattended. She felt even more upset. However, this was only temporary. After rime ice was destroyed, she would definitely work hard to restore the Imperial City to its former prosperity! After all, this place used to belong to master!

They arrived at the Divine Master's residence. Through the open door, Leng ruoxue first saw Wu Xuan, who was dressed in red, sitting in the courtyard. She seemed to be waiting for them. Behind her stood hundreds of men in Black.

"You're here!" Wu Xuan's gentle voice rang out. These words were only meant for Leng ruoxue. The only enemy she had set her mind on was Leng ruoxue!

"Were you waiting for me?" Leng ruoxue asked despite knowing the answer.

"Others don't have the right to make me wait!" Wu Yan said with a charming smile.

"I should feel honored. Should I say that you are in a hurry to die?" Leng ruoxue asked in surprise.

"You're so confident that you can kill me?" Ripple mist pretended to be calm. In reality, she was very frustrated. She could already tell that Leng ruoxue's current strength was only higher than hers. However, she was not willing to admit defeat just like that! As a strong person, she had an incomparable pride!

"Of course, I've never done anything I'm not confident in!" Leng ruoxue said calmly.

"I like confident enemies!" Wu Xuan said with a smile.

"Thank you, I'll do the same!" Leng ruoxue replied.

"If we weren't enemies, we might have become friends!" Wu Xuan said with some regret.

"I'm sorry, but I think the opposite. I don't think we'll be friends even if we're not enemies!" Leng ruoxue said without giving him any face.

"Why? Could it be that I'm not worthy of being your friend with my status?" Riverripple was furious.

"Those of different paths can not conspire together! We're not the same!" Leng ruoxue was very honest.

"Hahaha! What a good 'different paths, different plans'! Do you think you're a good person? You're really hypocritical!" Wu Xuan scoffed at Leng ruoxue's words!

"Although I'm not a good person, I'm still far from you! At least, I won't kill the innocent!" Leng ruoxue retorted seriously.

"I won't kill innocent people! I've only killed those who deserve to be killed!" Wu Xiao quibbled.

"If that's the case, the number of people you said should be killed is really quite a lot. Or have all the major forces offended you? Are they all people who should be killed?" Leng ruoxue was a little curious. It was rare to see this old woman being so shameless!

"They're just my food. Just like you humans need to hunt for beasts for food, I need to eat blood too!" Ripple mist said matter-of-factly.

"Shameless, how can you say such words?" Dongfang Yue couldn't bear to listen any longer and interrupted before Leng ruoxue could react.

"Am I shameless? How much stronger can you humans be than me? How much stronger can the beast race be than me? Everyone was just following the laws of nature and survival of the fittest! So, let's not talk about each other!" Laughed ripple mist.

"Xue 'er, don't talk nonsense with her. Just attack!" Seeing how shameless Wu Ling was, Dongfang Yue couldn't be bothered to waste any more time with her and spoke to Leng ruoxue directly.

Leng ruoxue didn't want to waste any more time. She nodded and said, "Alright!"

Seeing that Leng ruoxue was about to make a move without even saying a few words, ripple mist was furious. With a change of thought, she moved the people locked in her domain out and pointed at those who had been thrown on the ground, "Leng ruoxue, these people are from the eight great divine regions. If you attack, I'll kill them immediately!"

"You're using your own food to threaten me?" Leng ruoxue didn't even look at the haggard person on the ground as she laughed.

"Didn't you hear me clearly? They're from the eight great divine regions!" Wu Xuan reminded.

"So what? Do you think I'll compromise because of them? Stop dreaming!" Leng ruoxue said with a half-smile.

[Chapter 2997 The End \(20\)](#)

Seeing that she could not threaten Leng ruoxue, ripple mist could only change her target. She looked at the family heads of the eight great divine regions and questioned, "Don't you want to save your own people? These people are your descendants!"

However, none of the family heads paid any attention to her. In reality, they did not have any laws and they did not have the ability to make Leng ruoxue stop! Moreover, they were not willing to let go of the fog! According to their thoughts, as long as they got rid of Wu Cheng first, there was still hope for their tribesmen to be saved. They just had to prevent Wu Cheng from making the first move! Hence, they did not dare to cause any trouble for Leng ruoxue at this moment!

After Wu Jing's instigations were fruitless, she was completely enraged. In an instant, several vines flew out from her hand and directly flew towards the people of the eight great divine regions who were lying on the ground. She even said, "It was Leng ruoxue and your family head who didn't want to save you, so don't blame me!"

As soon as she finished speaking, some people had already closed their eyes and waited for death! Some of them were sobbing softly, but the anticipated vines did not even have the chance to touch them before they were burnt to ashes by Leng ruoxue's fire blades!

"Damn it!" Afraid that Leng ruoxue's flames would affect her, Wu Xuan quickly cut off the rattan. As the rattan that fell to the ground turned into ashes, a few drops of red blood dripped down from her sleeve.

"Does it hurt?" Leng ruoxue asked, pretending to be concerned.

"Just a few vines!" Ripple mist said indifferently. In fact, she was in great pain! After all, the fingers were connected to the heart!

"I forgot to tell you that my Natal flame has also advanced after I completed the heaven-defying incantation. It's now the real Hundun divine flame. Therefore, the two moves you used before are probably useless. So, I'd better think of a new way!" Leng ruoxue kindly reminded.

"I don't need you to worry!" Riverripple roared. She had used spatial imprisonment before, so she could no longer use it under the current circumstances. The God equipment that she used to defend against Leng ruoxue's flames was a one-use item. Hence, even though the two of them had yet to truly fight, she was already feeling a headache and a tough nut to crack when it came to Leng ruoxue.

But even so, she didn't intend to admit defeat so easily!

After she finished her sentence, several more vines flew out from her hands. This time, her target was Leng ruoxue. Leng ruoxue was not flustered and held the cold shadow in her hands. In an instant, countless fiery red meteors flew towards the direction of the fog ice from all directions ...

This time, without the protection of the divine weapon, Wu Chen did not dare to go head to head with Leng ruoxue's abnormal flames. Unfortunately, it was too late for her to retract her vine. As long as the sparks touched the vine, it would immediately be burned to ashes!

Following that, the roars of a Dragon and the cries of a Phoenix could be heard from the sky. Leng ruoxue had used her godly power to create two dragons and two phoenixes. These four beasts that

were created from her godly power were extremely lifelike as if they were real. The feathers and scales on their bodies could be clearly seen!

As soon as the four Beastie appeared, they immediately found their target and rushed straight at the fog.

Taking advantage of this opportunity, uncle long and the others swarmed forward and annihilated hundreds of men in Black. They also rescued the pitiful food of fog ice! After this was done, the crowd continued to watch.

"Xuexue, why don't you get two Qilin?" After watching for a while, Bing Yao was not happy to see only the dragon and the phoenix showing off in the sky.

When the crowd heard Bing Yao's words, they didn't know whether to laugh or cry!

Dear, why are you so jealous at this time? This was not a joke!

However, after hearing Bing Yao's words, Leng ruoxue quickly formed two more Qilin. This time, Bing Yao was satisfied.

However, The White Tiger race was not satisfied. The White Tiger King had a look of resentment as he said, "Master, you're biased!"

Leng ruoxue's face darkened. She thought to herself, "Bing Yao is still young. It's understandable that she's jealous, but you're just an old white Tiger. Why are you following her?"

Even though she had such thoughts in her heart, the helpless Leng ruoxue still formed two tigers. This time, the four King divine beasts were all present. In the sky, eight fiery red and burning giant king divine beasts surrounded the fog ice in the middle, baring their teeth and brandishing their claws.

These eight beasts all carried Leng ruoxue's Natal flames and were supported by her divine power. Hence, in terms of strength, they were on par with Leng ruoxue. However, it took a lot of divine power to form these beasts. Hence, Leng ruoxue kept pouring pills into her mouth as she watched the battle between them and the fog Phoenix!

Seeing this scene, Wu Yan was furious!

Shameless! Leng ruoxue was the real shameless one! Originally, Wu Yan had hoped that she could hold on for a long time, best if she could hold on until the other party's divine power was exhausted. At that time, she would laugh at her for overestimating her own ability. But who knew that the other party would actually eat medicinal pills? wasn't this cheating?

The Furious Wu Chen lost his mind and roared, ""Dammit! You're cheating!"

"Cheating? What a joke, do you think this is a competition? This is a life-and-death battle, so dear, don't joke around, okay?" Leng ruoxue was speechless.

After being ridiculed by Leng ruoxue like this, Wu mo lost her focus for a moment. In an instant, half of her arm was bitten off by a fiery red Tiger. At that moment, she was in so much pain that she almost fainted.

"Good job! Bite her! Bite her to death!" The White Tiger King shouted at the top of its lungs.

"Idiot!" Feng Wu couldn't help but roll his eyes at The White Tiger King. However, The White Tiger King didn't care about that. In any case, if the Tiger conjured by its master succeeded, it would also be proud!

A few of the divine-strength beasts seemed to understand The White Tiger King's words. Their attacks became sharper and fiercer. Wu Xuan, who had lost an arm, ate a healing pill and began to Dodge left and right again. Now, she did not dare to attack easily except for defending!

When she saw Leng ruoxue commanding a few divine-strength beasts while she could only flee in a sorry state, Wu Ling's heart was filled with hatred. However, she did not have an abnormal trump card like Leng ruoxue. Furthermore, plant-type beasts were most afraid of fire. It could be said that Leng ruoxue was her nemesis!

This nemesis's strength was above her. As long as Wu Xiao thought of this, she couldn't help but go crazy!

No! I can't go on like this! Otherwise, she would die!

Wu Jing planned to find an opportunity to escape, but she finally found an opportunity. As soon as her body flew into the air, she was slapped down by a furry little paw. With a plop, she fell to the ground!

"You want to run?" Azure smiled. No way! That demonic man and I have already sealed off the sky. You can have fun here!"

Rime glared at Cang with hatred, and the evildoer who had already guarded the other side of the sky waved to her with a smile. Seeing this scene, Rime was so angry that she spat out a few mouthfuls of blood!

These people were really bullies!

Fog was filled with grief and indignation! Since she couldn't escape, she wouldn't let these people humiliate her!

In addition to being ruthless, the fog ice began to counterattack crazily!

Countless vines flew in all directions, passing over the eight beasts and heading straight for uncle long and the others. Uncle long and the others saw this and shouted exaggeratedly, ""Help!" Then, everyone split up and ran towards the direction of Azure and evil.

[Chapter 2998 The End \(21\)](#)

The eight flaming beasts took the opportunity to burn the vines that had missed and continued to play with the fog ice.

After a long time.

Wu Luan had been tortured by the eight beasts until she was exhausted. Her body was covered in wounds, and her arm had been bitten off many times. Her healing pills were almost exhausted. It could be said that Wu Luan was at an absolute disadvantage from the beginning of this battle!

Could this be the advantage of the chaotic body?

Mist ripple was unwilling!

Why didn't she have the chaotic body? She had done so many things and even killed the person she loved the most, yet she had not obtained the chaotic body! She did not manage to obtain the approval of the stupid bracelet and the silly cat, but Leng ruoxue had easily obtained all of this!

Why? Why could Leng ruoxue do it? She had worked so hard for so long, but she could not get what she wanted!

Before she died, ripple mist's eyes were filled with unwillingness. She glared at Leng ruoxue and questioned, "Why? Which part of you is better than me? Why does the heavens care so much about you? Why do you always get what I can't? Tell me the reason!"

"If I don't tell you, will you die with your eyes wide open?" Leng ruoxue asked with a smile.

"I will! Not only will I not die in peace, even if I become an evil ghost in the nine nether underworld, I will not let you go!" Rime howled, so angry that the veins on her forehead were popping out.

At this moment, the demon said lightly, "My nine nether nether prison doesn't welcome you!"

The demon's stab was really ruthless. Wu Yan was distracted at this life-and-death moment, and then one of her legs was bitten off by a Tiger.

Enduring the pain, Wu Yan's eyes were a little unfocused as she said, "How could I have forgotten that you're clinging onto the Mistress of the Dark World!"

"Yup! It's a pity that there's no share for you, so you'd better think about where you can stay!" Leng ruoxue smiled faintly.

"I'm going to accompany Yu!" Mist ripple said softly, as if she had thought of something, her beautiful eyes somewhat dazed.

"Master doesn't want to see you!" Leng ruoxue said coldly.

"No! He will want to see me! I will!" Wu Xuan suddenly roared.

"No, master told me that the thing he regrets the most in his life is raising an ungrateful Wolf!" Leng ruoxue said as she glanced at the mist ripple.

"I'm not an ungrateful person! I'm not! I just want to become stronger too much!" Wu Xuan retorted madly!

"You want to become stronger so you have to kill my master?" Leng ruoxue asked.

"I love him! I love him! Everything I've done is in hopes that he'll stay by my side obediently, but he'd rather die than do so! Why? Why won't he listen to me?" Wu Xuan asked Leng ruoxue agitatedly.

"Because he doesn't love you!" Leng ruoxue said, hitting the nail on the head.

"No! He loves me! He will love me!" Wu Yan said in a self-deceiving manner.

"If thinking this way will make you feel better, then please do as you please!" Leng ruoxue knew that this woman was beyond saving and was in a state of extreme madness. She didn't want to waste any more words with her.

At this moment, as if she had thought of something, she glared at Leng ruoxue with a fierce and crazy look in her eyes and roared, ""It's you! You stole Yu! Give me back Yu!"

With that, she charged towards Leng ruoxue. The cold shadow in Leng ruoxue's hand drew a perfect arc in the air, and the tip of the sword pierced into ripple mist's body. Following that, ripple mist fell limply to the ground, taking her last breath. She had died with her eyes wide open!

The eight flaming beasts saw that the fog had already breathed its last and quickly swarmed forward to destroy the corpse! This time, the miasma really disappeared without a trace.

After Wu Han's death, Leng ruoxue naturally became the new Lord of the firmament and was acknowledged by the laws of heaven and earth. Her God Lord Residence was arranged by Leng ruoxue to be in Demon City, while the original Imperial City still belonged to her master. The surviving forces from the God World also tactfully expressed their loyalty and support to Leng ruoxue!

Leng ruoxue magnanimously forgave some people for their past actions. Then, she brought the evildoer along to fix the rules of heaven and earth!

The regulations of the heaven and earth did not manage to escape in time and could only allow Leng ruoxue to bully them. However, Leng ruoxue did not go too far. After all, they were going to be colleagues in the future and it was only right for them to care for each other!

After being loved by Leng ruoxue, the laws of heaven and earth were no longer hiding. Instead, they openly appeared around Leng ruoxue and the others. This made mu li suffer.

As for the Dragon, Phoenix, and white Tiger, they finally had the time to deal with the traitors of their three races!

Leng ruoxue pulled the evildoer to a secluded place and said with a serious and domineering expression, ""Evildoer, marry me!"

"..." The sudden surprise stunned the demon. After a long time, he finally reacted and asked weakly, ""Shouldn't you be the one marrying me?"

"Who said that? In my territory, you're the one marrying me! I'll ask you one last time, are you going to marry or not?" Leng ruoxue said in an overbearing manner.

"I'll get married!" The demon didn't hesitate at all. He had waited for so long and waited for this day with great difficulty. How could he refuse? that's why it wasn't a problem who married who. The most important thing was the title!

He had finally obtained the status he had been looking forward to for a long time. Sob ... The demon was so touched!

After obtaining the approval of the demon, Leng ruoxue could not wait to share the good news with everyone. When Leng Qingtian and Leng ruohan heard this, they were not surprised at all and said as a matter of fact, ""Xue 'er, you should've given her a status long ago!"

"That's right!" Uncle Long and the others also joined in. "The Dark Lord has waited for a long time."

Hearing their words, Leng Ruoxue immediately felt guilty. She looked at the evildoer with her beautiful eyes, full of regret. The evildoer returned Leng Ruoxue a consoling gaze. His heart was already blooming with joy!

Status, you are getting closer and closer to me!

However, it wasn't easy to get past Cang and Green Vessel.

Although the two of them had been mentally prepared for this day, when it really came, they still felt uncomfortable!

Such a beautiful and fragrant girl, just like that, belonged to a stinky man. It was truly like a fresh flower stuck in cow dung!

Unfortunately, no matter how much they argued, Leng Ruoxue would not change her mind.

In the end, the two of them had to stop for the time being.

With the help of Uncle Long and the others, the wedding preparations were made rather quickly. However, the demon did not see Xue'er in the past few days. According to Xue'er, they had to rush a few sets of formal dresses for the two of them.

Hearing Xue'er's words, the evildoer's heart was filled with anticipation. However, the days without Xue'er were really hard to bear! However, Xue'er said that she wanted to give him a surprise, so he could only wait patiently.

Sitting in the garden listlessly, the demon counted the days with his fingers. In three days, it would be his wedding day. Wu...He was so excited!

[Chapter 2999 The Final Ending \(22\)](#)

However, these three days were also quite difficult to endure. The demon had definitely experienced what it meant to pass a day like a year!

"Hey, evil man! Xue'er is looking for you!" Suddenly, Cang's voice sounded out from nowhere. Then, a small white cat appeared in the air and looked at the demon with a bitter face.

"Where are you?" Although Azure's tone wasn't very good, the demon who was in a good mood wouldn't bother with it!

"In the room!" Cang Xi's words were like gold.

The demon went straight to his room after hearing this.

Xue'er was sitting on a chair, and when she saw him, she quickly said, "Evildoer, I have something to tell you!"

"What did Xue'er want to tell me?" The demon asked with a tender expression.

"What I want to say is, let's cancel the wedding!" Leng Ruoxue suddenly said.

"What did you just say?" The demon thought he had heard wrong. After a moment of shock, he looked at Xue 'er in disbelief.

How could Xue 'er say such words to him?

"I said, cancel our wedding. I don't want to marry you!" Leng ruoxue repeated.

"Don't marry me? It's fine, because I'm the one marrying you. " The evil demon laughed before he rudely grabbed Leng ruoxue's collar and questioned her with a dark expression, ""Who are you? Why did you impersonate Xue 'er?"

"I, I'm Leng ruoxue!" Leng ruoxue said stubbornly.

"No! You're not! I thought you were joking with me, but when you said you didn't want to marry me, I was sure you weren't Xue 'er!" The demon explained. Because Xue 'er wanted him to marry!

"Let, let me go!" Seeing that she had been exposed, the fake Leng ruoxue started to get nervous. However, the demon would not let her off before he figured out her identity.

The fake Leng ruoxue saw the demon's ferocious look and shouted at the top of her lungs, ""Help! Molested!"

Upon hearing this voice, almost everyone ran over.

Seeing this scene, they were speechless. ""What the hell are you two doing! We're busy!"

"She's not Xue 'er!" The demon said helplessly.

"Not Xue 'er? Who was she then? How can she be exactly the same as Xue 'er? even her temperament and aura are the same. How can there be two people in the world that are so similar?" Everyone was amazed. They surrounded the fake Leng ruoxue and discussed for a long time, but they could not see how she was fake.

"Ruohan, is this really not your sister?" After they were done looking at the fake Leng ruoxue, they asked Leng ruohan.

"This ..." Leng ruohan could not be sure anymore.

"Are you still not going to tell the truth? Who are you? How dare you pretend to be my woman, you must be tired of living!" After listening to everyone's discussion, the evildoer questioned again, his dark Starry Eyes were full of warning.

"You, you are all bullies! Wu.....Sister, help!" The fake Leng ruoxue couldn't stand the threat from the evil eyes and started to cry.

"Ruohan, she's calling for sister. Is she calling for Xue 'er?" Dongfang Yue couldn't help but ask.

"I don't know," Leng ruohan was very honest.

"What's wrong?" At this moment, another beautiful woman appeared out of thin air in the room. Seeing another her, she was stunned for a moment, then helplessly shook her head and said, ""Qing Jue, you're so naughty. Why did you change into my appearance?"

"Green vessel? A copy?" Everyone was shocked!

Qing Jue had turned into Xue 'er's appearance. This was really unacceptable!

"Sister! They're bullying me! "Woo ..." The moment Qing Jue saw Leng ruoxue, he immediately broke free from the demon's control and threw himself into Leng ruoxue's arms!

Looking at the two stunning beauties embracing each other as if there was no one else around, everyone felt strange no matter how they thought about it.

The demon was burning with jealousy, he pulled Xue 'er over and hugged her, then complained, ""Xue 'er, Qing Jue has changed into your appearance and said that he wants to cancel the wedding!"

"..." Everyone was shocked again and gave green vessel a look that said 'good luck to you'. They thought to themselves, 'kid, you're so bold!' He actually dared to tease the Mistress of the Dark World like this. He was simply courting death!

Leng ruoxue felt a headache coming on as well. She looked at Qing Jue speechlessly.

Qing Jue silently changed back to his child form and pouted his lips in grievance. "I just wanted to test his loyalty to my sister!"

"Bullshit! You're clearly trying to break us up!" The demon cursed in anger. If it wasn't for Xue 'er, he would definitely teach this soul bastard a good lesson!

However, this little incident that Qing Jue created did not affect the progress of Leng ruoxue and the demon's wedding. Furthermore, Leng ruoxue was clear about Qing Jue's motive and knew that he must have an accomplice. Otherwise, the innocent Qing Jue would not have been able to come up with such a strange idea. Of course, it went without saying that the accomplice was Cang!

Fortunately, things did not get out of hand. The evildoer magnanimously forgave Qing Jue for causing trouble. In fact, if Qing Jue and Cang did not pull any tricks before the wedding, he would be the one who would be really worried!

On the day of the wedding, Leng ruoxue was dressed in a snow-white wedding dress, which made her look extremely beautiful and moving. Evildoer was dressed in a silver-gray, well-ironed western suit, which made the noble Mistress of the Dark World even more handsome and Noble!

Both of them were well-matched in terms of appearance and temperament. The gowns that they were wearing were specially tailored by Leng ruoxue. Hence, the moment they appeared, they instantly attracted everyone's attention.

The wedding venue was filled with fresh flowers, and the wedding banquet was held in the form of a buffet. When Leng ruoxue moved the simplified modern wedding procedures to the divine realm, the two of them concluded the marriage contract under the witness of everyone with an extremely solemn soul loyalty oath.

Although there was no such thing as marriage in the divine realm, a marriage bound by an oath was obviously more legally binding. From then on, the two souls were dependent on each other and would never leave each other!

Their wedding was simple yet Grand!

After the lively wedding banquet that had lasted for three days ended, Uncle Long and the others were planning to make a scene in the nuptial chamber when they realized that the two newly-wedded couple had disappeared ...

Where was he?

Uncle Long and the others were extremely disappointed. Cang and Qing Jue looked at each other and made a decision at the same time.

At this moment, the demon and Leng Ruoxue were in the spatial tunnel, heading towards the unknown.

"Xue'er, we've finally gotten rid of those third wheels. We can finally spend some alone time together!" The demon was quite satisfied with his and Xue'er's escape. This was a world of the two of them!

There was no Green Vessel! There was no Cang! Without those Beastie who competed with him for his favor, he was really happy no matter how he thought about it!

However, Leng Ruoxue wasn't as cocky as the demon. Based on her understanding of Cang and Green Vessel, once they knew that they had gone missing, they would definitely come after them. It was only a matter of time before they found them.

However, the two of them had just gotten married, and Leng Ruoxue was not willing to say anything that would make the demon depressed. Hence, she was very cooperative and said, "Yes, let's go for our honeymoon!"

Then, the two of them stepped out of the space tunnel together ...

Years later, the God World, which was once riddled with holes due to the battle between Wu Cheng and Leng Ruoxue, slowly recovered its former prosperity.

The legends about Leng Ruoxue never stopped. Of course, the most widely spread was not because of her strength or her beauty, but her skills in controlling her husband!

It was rumored that the Mistress of the Dark World would listen to the Divine Master!

It was rumored that the Mistress of the Dark World was the number one filial husband in the history of the divine realm!

There were many more things like that ...

[Chapter 3000 Side Story: Honeymoon](#)

"Honey, you're awake!"

Leng Ruoxue had just opened her beautiful eyes when she saw an extremely handsome face in front of her.

Even though it was not the first time they had shared a bed, but every time she saw the evildoer's beautiful face, she could not help but be mesmerized. This fellow had nothing to worry about now, especially when Cang and the other beasts were not around to cause trouble for him. He was becoming

more and more unscrupulous, thinking of all ways to seduce her. As long as it was a method that could be used, it could be said that the evildoer had used it all.

Just as she thought of this, Leng ruoxue was hugged even tighter by the fiery-hot evildoer.

"Demon, you're hugging me too tightly. Are you trying to strangle me to death?" Leng ruoxue, who felt that she could not let him continue like this, deliberately complained in an unromantic manner.

"Call me hubby! She had to call him hubby in the future! Otherwise, I'll punish you!" Hearing his incorrigible wife call him a demon again, a certain demon man was dissatisfied.

He had told Xue 'er to call him hubby many times, but Xue 'er just couldn't remember. This made him extremely worried. However, as soon as he thought of the punishment he would use, his heart couldn't help but ripple.

Perhaps Xue 'er just liked to be punished by him! Otherwise, how could he explain this little woman's unrepentant behavior? The demon secretly imagined this. When Leng ruoxue saw his evil smile, she knew what he was thinking and quickly changed her words, ""Hubby, you're hugging me too tightly. I can't breathe."

Hearing Xue 'er call him hubby, the evildoer could not help but look at his wife with regret, his face full of regret! How detestable! Why did he have to remind Xue 'er? Wouldn't it be better to just punish him directly?

Regret! He was so regretful that his intestines had turned green!

Leng ruoxue was speechless when she saw his expression. However, her heart ached for the man, so she tactfully coaxed him. After coaxing him for a long time and being forced to sign countless unfair contracts, the demon finally burst with joy.

At this moment, Leng ruoxue suddenly missed Azure and the rest. If Azure and the rest were around, the demon would never have the chance to be arrogant!

What a pity! A single misstep would result in eternal hatred! It was too late to think about all this now!

After recollecting her emotions, Leng ruoxue washed up and pulled the unwilling evildoer out of the room.

At this moment, the two of them were still on their honeymoon. However, for ordinary people, their honeymoon would be a little long, and the location of their honeymoon would be filled with countless uncertainties.

This was because they were currently shuttling through different spaces.

The space where the two of them had landed belonged to a star region with an early stage civilization. The cultivation level there was very low, and there was no Orthodox cultivation system. Many people who had just started to cultivate had special abilities that ordinary people did not have. They had almost no good cultivation methods. Of course, their strength was enough to use in that space. Unfortunately, their special abilities did not allow them to obtain the Supreme position in that star region. At most, he would have an extra bodyguard job.

Speaking of which, Leng ruoxue felt depressed for those people. They were clearly cultivators, yet they could only be bodyguards for those with power and influence. However, they couldn't be blamed for this. Who asked that space to be a highly advanced civilization? there were all sorts of energy laser cannons and other weapons inside. To cultivators who didn't have proper cultivation methods, it was like an insurmountable mountain!

It must be known that all kinds of advanced weapons, as long as there was energy, could be used endlessly. However, the special abilities that cultivators didn't have much energy in were often used up and needed a long time to recover. As a result, special abilities naturally became an existence of little value. In Leng ruoxue's words, it was caused by a lack of spiritual energy!

However, Leng ruoxue had no intention of saving all the cultivators under the heaven's chart. To her, she was merely a traveler in time and space. She was going there for a vacation. As long as no one provoked her, she would not meddle in other people's business!

However, she was quite interested in the various high-tech things there. In her previous life, she had also lived in the era of technology. However, the world she lived in was obviously behind by a lot compared to the space she had been to not long ago.

What made her curious was that if the technology of an elementary civilization in a star field could develop to such an amazing extent, how would the technology of an advanced civilization be like?

The demon knew Xue 'er's thoughts very well. Therefore, at this moment, the two of them were heading to the nearest star field of an advanced civilization.

Their mode of transportation was a spaceship from a low-leveled civilization star field. The captain was the demon's new servant, a despondent ability user in the eyes of the people from the high-tech star field.

Speaking of which, when this person was being hunted down, it was the demon who took the initiative to save him. In the demon's words, the two of them were alone outside, so there were some things that naturally needed to be taken care of. Therefore, they saved this fallen ability user who was being chased.

Stepping out of the room, he went to the dining room. The captain and servant, a middle-aged man, had already prepared a variety of hot meals.

When he saw Leng ruoxue and the demon, the middle-aged man quickly bowed, "Master, Madam, Good Morning!"

The demon nodded his head slightly. Leng ruoxue, on the other hand, had some black lines on her face. It was getting late, right? However, after going through the demon and her short devilish training, Leng ruoxue knew that this middle-aged man called Ji Kai could barely be considered a qualified servant.

Leng ruoxue had forcefully transformed a beginner cultivator who had never touched the sun and spring water into a top-notch chef who had mastered the eight major cuisines of Sichuan, Shandong, Guangdong, and Hunan. From this, it could be seen that their gluttonous nature had completely erupted in this carefree honeymoon!

At the same time, it also confirmed Ji Kai's malleability! But in fact, the poor middle-aged man was completely forced to do so. His owner had said that if he couldn't learn how to cook these dishes, he would be refunded. For Ji Kai, who had finally managed to get close to a powerful man, the consequences were unimaginable.

As the saying goes, with pressure comes motivation. Under such pressure, Ji Kai didn't eat or sleep, and he practiced his cooking skills day and night. Finally, he barely got Leng ruoxue's approval and was allowed to stay. At the same time, he was also trained by the evildoer to be an obedient and well-behaved servant.

Ji Kai was very tactful. Most of the time, he only pretended to be dead in his captain's room. He would only appear in the modified kitchen during mealtime. After he finished cooking for his master, he would immediately disappear. This action of his naturally made the demon very satisfied, so he was much more kind to Ji Kai. After all, it was rare to see such a sensible light bulb!

When he thought of Ji Kai's performance, he couldn't help but think of those hateful people, Cang, who made him gnash his teeth. If only those people could be like Ji Kai! But this could only become his dream!

After he greeted Leng ruoxue and the demon, Ji Kai disappeared from their sight.

The two of them sat down and looked at the table full of dishes. Leng ruoxue felt a slight headache.

Leng ruoxue looked at the evildoer with hidden bitterness and said, "This servant of yours, you're treating us like pigs."

"Is this a lot? Xue 'er, you're too skinny, you need to eat more!" The evil demon laughed as he personally scooped a bowl of green bean porridge and placed it in front of Leng ruoxue.

Looking at the piping hot green bean porridge in front of her, Leng ruoxue asked warily, "My dear husband, what is your unspeakable purpose in trying to fatten me up?"

"Honey, I just wanted you to eat more because you're too thin. Why would I have any ulterior motives? You can't wrong me like this!" Hearing this, the demon immediately felt wronged. In reality, did he dare to say that he wanted Xue 'er to be fatter so that fewer people would think about her? He didn't dare! If he really said that, who knew what Xue 'er would do in a fit of anger! He absolutely couldn't risk his own interests!

"Did I wrong you?" Leng ruoxue squinted her beautiful eyes and said indifferently.

"No, I didn't! My wife is the best, how could she wrong me!" The demon said hurriedly.

"Then tell me the truth!" Leng ruoxue would not be so easily fooled by this demon.

"Fatter ... It feels good." After thinking for a while, the demon said shyly.

"You mean, I don't feel good now?" Raising her eyebrows, Leng ruoxue deliberately picked on him.

"How can that be? I mean, it's better to be fatter! So, honey, don't worry and eat as much as you want!" The evildoer encouraged with a face full of affection.

Unfortunately, Leng ruoxue would not fall for his trick. After all, which woman did not like to be beautiful? which woman would like to be fat? Therefore, she only had a bowl of porridge and a piece of exquisite white jade-like dessert before she said she was full.

Although the demon was disappointed that his wife didn't eat much, he couldn't force Xue 'er to eat!

After having breakfast, the two of them went to the living room and sat by the window to enjoy the scenery outside.

At this time, the starry sky was a sea of blue. From time to time, extremely fast streamlined spaceships would flash in front of their eyes. However, the spaceships they were in were as slow as snails. However, the two of them were quite calm. Who asked them to have so much time!

After flying for a long time, Ji Kai's voice finally reached his ears. "Master, Madam, we have arrived at the advanced civilization's star field."

When he said this, Ji Kai had already walked out of the driver's seat and stood beside the two of them respectfully.

Upon hearing this, the demon only nodded and said, ""Since we're here, let's go in!"

"Master, I don't have enough money!" Ji Kai said with a red face. He was too incompetent as a servant. He had to trouble his master for such a small matter. Of course, the main reason was that he had never been to an advanced civilization's star field before. He did not expect the cost of entering an advanced civilization's star field to be so high, and it was calculated by the head. It could be said that the money he had saved up over the years was not even enough for half a person to enter!

As the saying goes, a hero can't win a penny. Although he knew that he wasn't a hero, he was indeed stumped! At this moment, he was also afraid that his master would blame him for not doing a good job. He couldn't even do such a small thing well!

It had to be said that Ji Kai had been taught well. It was obviously the demon who didn't give him a single cent, but at this moment, he completely took the responsibility of not having money on himself. In his mind, he really shouldn't trouble his master for such a small matter like money!

Hearing Ji Kai mention that he did not have enough money, the demon turned to look at Leng ruoxue and said calmly, ""We don't have any money either!"
