### Chapter 451: The Little Old Man's Identity (4)

"Oh! Lan family brat, if there's nothing else, we'll go back first," the little old man said with a slight nod.

"Your Excellency Du Min, I didn't know your identity previously, and it was really rude of me to let you stay in an inn," the Lan family's first elder said awkwardly. In fact, what he wanted to say was that he wanted His Excellency Du Min to stay in the Lan family estate, but he didn't know how to say it!

"It doesn't matter! I'm just a countryside old man. It doesn't matter where I stay," the little old man said nonchalantly.

"Your Excellency Du Min, why don't you move to our Lan family estate? Otherwise, my father will blame us if he finds out that we neglected you," the first elder said after some thought.

"Don't be afraid. I won't complain about you. By the way, is Lan Tao home?" the little old man asked curiously while looking at Icy.

"Uh! The patriarch went out to do something," the first elder said.

"When did he leave?" the little old man asked.

"Yesterday," the first elder said. His elder brother had gone out yesterday, but he had yet to return. He didn't know where he went, and he didn't even tell them. *?This is too much.* He couldn't help cursing in his heart.

"What? My father isn't back yet?" Lan Ming couldn't help asking loudly.

"Not yet! Uh! Ming'er, have you seen the patriarch?" the first elder asked doubtfully. *?Ming'er's reaction is really too strange!*

"No, how could I have seen my father!" Lan Ming stammered, but he was worried. *?Where was Father blown to by Icy's sneeze?*

"Little Lan Lan, let's pack up and go back to the inn!" Leng Ruoxue suddenly said, deliberately changing the topic.

"Oh, okay," Lan Ming answered. He understood what Leng Ruoxue meant, so he didn't dare to show it even though he was a little worried. *?Boohoo...?* This concerned the old man's face!

Leng Ruoxue and the others packed up, left the venue, and returned to the inn.

After entering the room, Leng Ruoxue realized that Ren Li and Sun Wei were actually following her, so she said with some displeasure, "You're in the wrong room!"

"You ugly monster, we're here to see my grandmaster. Move aside!" Sun Wei roared with some displeasure, his eyes revealing a vicious expression.

"Ugly monster? I'll show you what an ugly monster is today!" Leng Ruoxue summoned her cute little beasts...

"Darling, you know what to do!" Leng Ruoxue smiled evilly at her beasts.

“Beloved Master, don’t worry. Leave this thing to us.” Darling jumped into Leng Ruoxue’s arms and rubbed against her coquettishly.

“Okay, teach him a good lesson.” Leng Ruoxue caressed Darling’s fluffy fur and smiled lightly.

“Yes, Beloved Master. Brothers, let’s go defeat the bad guy who bullied Master!” roared the small and exquisite Darling, and a few beasts pounced...

In a moment, Sun Wei was hiding in a sorry state, wanting to avoid the attacks of the small beasts. But he couldn’t dodge no matter what. In a short while, his body was full of injuries. Moreover, his hair was disheveled, his face was full of scratches, and his clothes were tattered, half-covering over his body, in danger of exposing his naked body at any time!

“Come on, come on!” Old Zao cheered loudly.

“Darling, scratch him! Use all your strength!” Lin Liang echoed, his expression very excited. Hehe, it had been a long time since there was such an intense scene!

Standing at the side, Ren Li watched as the little beasts punched, kicked, and scratched his disciple. However, he was helpless. It was not that he didn’t want to save his disciple, but under the sharp glare of his master, he couldn’t bring himself to ask the beasts to show mercy. *Alas! Perhaps Sun Wei should be taught a lesson!* He had never thought that such small beasts would have such strong attack power!

“Master, save me! Master, save me!” Sun Wei, who was dizzy from the beating, finally found an opportunity and hurriedly shouted.

But how could the little beasts be willing to give him a chance to seek help? Darling disappeared with a whoosh and returned in the blink of an eye. Moreover, in his paw was a ball of cloth emitting a strange smell...

Darling smiled evilly and stuffed the ball of cloth into Sun Wei’s mouth. Then he turned to all the beasts and said, “Brothers, continue beating him up. Beat him until even his father can’t recognize him!”

“Okay!” All the beasts nodded again and again, their excitement beyond words!

“Darling! Where did you get that cloth?” Old Zao asked curiously while looking at Sun Wei, who had been beaten until he had a pig’s head.

“Hehe, it’s a secret!” Darling kept him in suspense.

At this moment, a furious roar sounded from outside the door. “Damn, someone stole my underwear. Why is the security in your inn so poor!”

Hearing this, Leng Ruoxue and the others in the room were at a loss for words. They couldn’t help grumbling in their heads, *Darling, you’re so cruel!*

After some time, the beasts were tired from beating, and Sun Wei was completely unconscious. Ren Li finally heaved a sigh of relief. Fortunately, at least his disciple was still alive. Uh! These little beasts’ claws were too ruthless!

But things wouldn’t end as easily as he imagined!

Darling, resting on the table, looked at everyone in the room with a naughty smile. Then he raised his voice and roared, "The thief who stole underwear is here!"

Uh! Leng Ruoxue and the others were sweating profusely when they heard Darling's words! They thought, *"Darling! Sun Wei has already been beaten up so badly that even his father can't recognize him, and you still want to accuse him of stealing underwear! He's really... too pitiful!"* They actually felt some pity for Sun Wei now!

After Darling finished speaking, a dozen people ran in immediately. One of the burly men said anxiously, "Where? Where?"

"The one lying on the ground!" Darling pointed his little paw at the unconscious Sun Wei.

### **Chapter 452: Compensation For Mental Trauma (1)**

"Damn it! How dare you steal my underwear! Are you tired of living!" the burly man roared furiously. He had long cursed the thief who stole his underwear to death in his heart! *"Damn it! I only have this pair of underwear, and you actually stole it!"*

"Big Brother, we can't let this pig head go!" another person said. *"Hmph!"* How dare he steal their boss's underwear! He really didn't know life from death!

"Okay, teach him a severe lesson." The burly man was enraged. He had been using the toilet! But his underwear has been snatched away as soon as he stood up. He didn't even see clearly who or what snatched his underwear. He only felt a gust of wind blow past his lower body, and his lower body turned cold!

Hearing the burly man's words, the dozen or so people who barged into Leng Ruoxue and the others' room gave the unconscious Sun Wei a good beating. After beating him up enough, the burly man took out the cloth in Sun Wei's mouth, bowed to Leng Ruoxue and the others, and said apologetically, "Thank you for your help in catching the thief who stole my underwear. I have nothing to repay you with. If you need my help in the future, just tell me!"

After he finished speaking, the person behind him hurriedly handed a black token to Leng Ruoxue.

Leng Ruoxue wiped the cold sweat off her forehead and said guiltily, "Uh! It's only right to help if you see injustice on the road. There's no need to be so polite!"

"This isn't an ordinary favor. You don't know the significance of this underwear to my big brother!" said the person who handed Leng Ruoxue the token.

"..." Leng Ruoxue was speechless. *"What is the significance of underwear?"*

"Let me tell you! Our big brother is good in every way, but he doesn't like to change his underwear. He only has this one..." The person was about to continue when his mouth was blocked by the burly man.

"I'm sorry, my brother is a little out of line. In fact, I often wash my underwear," the burly man couldn't help explaining.

"Oh!" Leng Ruoxue answered softly, not knowing what to say. In her opinion, this burly man was obviously a little too stingy!

“Hehe, farewell. You are welcome to come to my home as guests!” The burly man scratched his head and smiled foolishly.

“Okay. I’ll definitely go if there’s a chance,” Leng Ruoxue said politely.

After these people left, Leng Ruoxue kicked the unconscious Sun Wei on the ground. *?Uh! He’s still alive!*

“Now that my disciple has been taught a lesson, can everyone forgive him?” Ren Li, who had been standing at the side, took the opportunity to say. Alas! He hoped that this opportunity could resolve the conflict between them!

Unfortunately, his wish was beautiful, but reality was cruel!

“That’s impossible,” Leng Ruoxue said lightly, but she was sneering in her heart. *?Hmph! This old man’s imagination is pretty good. How can it be so easy!?* But with Sun Wei’s current appearance, it seemed like he was temporarily unable to confess about the matter from that time!

“You’re just fighting because of your personal feelings. Now that you’ve already made him so miserable, what conflict can’t be resolved!” Ren Li didn’t understand. Was there such a great enmity between them? In his opinion, his disciple was already miserable enough, so the anger of these people should be appeased!

“A dispute over personal feelings? To think you could think of that!” Leng Ruoxue said with slight mockery. This old man thought of things a little too simply! No wonder he hadn’t been able to see the truth back then and had been used by others.

“Could it be that you hate him so much because of what happened fifteen years ago?” Ren Li guessed after some thought. Even though he had somewhat forgotten it, he still remembered the incident involving his disciple back then.

“You’re wrong. We don’t hate him. Is he worthy?” Leng Ruoxue said with a light smile.

“Then why did you...” Ren Li was a little puzzled. Why couldn’t everyone get along peacefully if they didn’t hate Sun Wei!

“The matter from fifteen years ago must be resolved, so you’d better not meddle in it!” Leng Ruoxue reminded and also warned!

“He is my disciple! I can’t leave him alone!” Ren Li said stubbornly. Even though Sun Wei had a lot of shortcomings, he was still his disciple after all.

“Fine then! Don’t call me Master anymore!” the little old man said, suppressing his anger.

“Master! Sun Wei is your grand-disciple after all. You...” Ren Li was about to continue, but he was interrupted by the little old man!

“I don’t acknowledge him. If you insist on standing up for him, you don’t have to call me Master anymore,” the little old man said heartlessly.

“Master, don’t make things difficult for Senior Brother anymore.” Zheng En couldn’t help pleading. Alas! He really didn’t want his master to disregard the master-disciple relationship of many years he had with his senior brother!

“Silly boy, don’t worry about this matter,” the little old man said with a displeased glare.

“Yes.” Zheng En shut his mouth obediently. He was helpless against his master’s stubbornness!

“Master, Sun Wei is seriously injured now. Let’s talk about the grudges when he wakes up!” Ren Li suggested. Alas! It seemed like his master had already made up his mind, and no one could change his master’s decision!

“Okay, quickly take this thing and leave this place. I hate seeing him,” the little old man said with some disgust. He had always been protective of his loved ones, so he really didn’t have a good impression of Sun Wei!

“Master, I’ll take my leave first.” Ren Li sighed helplessly.

With that, he left the room of Leng Ruoxue and the others with the mangled Sun Wei in one hand.

After Ren Li left, Leng Ruoxue turned her gaze to Darling, who was sitting on the table with his legs crossed and eating spirit fruits. She said speechlessly, “Darling, why do you steal everything!”

“Beloved Master, Darling doesn’t steal everything! Boohoo... Your Darling never steals anything. I just borrowed them for a while.” Darling jumped into Leng Ruoxue’s arms and rubbed against her. His fluffy little face was full of grievance, and there were faint tears in his beautiful silver eyes.

“Alright, stop pretending to be pitiful. I’m not blaming you. It’s just that you’re not allowed to borrow other people’s underwear in the future. Ugh! Unhygienic!” Leng Ruoxue reminded. Alas! It would have been fine if it hadn’t been worn, but he had pulled it off of that man’s body! It was so bad for him to think of this!

### **Chapter 453: Compensation For Mental Trauma (2)**

“Yes, yes.” Darling nodded repeatedly and obediently.

Old Zao walked to Leng Ruoxue and said happily, “Hehe, Darling! You’re really too evil. But I like it.”

“Hehe!” Darling smirked cockily, his beautiful silver eyes spinning non-stop. Who knew what he was thinking!

“Master, I’m going out for a while!” Rise said after some thought and then slipped out directly.

“Uh! Rise, where are you going?” Leng Ruoxue couldn’t help asking.

“Hehe, Lass, don’t worry. I’ll follow and take a look,” Old Zao said excitedly. These beasts of hers were each more scheming than the other, so how could he miss such liveliness!

“I’ll take a look too,” Lin Liang said curiously.

“I’ll go too.” Feng Jing and the Feng family’s first elder joined in the fun.

“Uh! Go ahead!” Leng Ruoxue said helplessly. *Alas! Why are these people so curious!*

In the blink of an eye, only Freak and she were left in the room. The others, including the beasts, all went out to join in the fun!

“Xue’er, there’s only the two of us!” Freak looked at Leng Ruoxue and smiled seductively.

“Yes, that’s right!” Leng Ruoxue pretended to be stupid.

“Xue’er, what should we do?” Freak said alluringly, his bright starry eyes glowing at Leng Ruoxue!

“Sleep. I’m sleepy.” Leng Ruoxue yawned lazily.

“Xue’er!” Freak stared at Leng Ruoxue aggrievedly, his face full of dissatisfaction.

Leng Ruoxue also stared at Freak. The two of them stared at each other until Leng Qingtian and the others returned.

“Xue’er, what are you two doing?” Leng Qingtian asked curiously.

“Uh! We’re competing to see who can stare longer.” Leng Ruoxue found a random reason awkwardly.

“Grandpa, you came back so quickly!” Leng Ruoxue continued, changing the subject.

“Yes!” Leng Qingtian said happily with a mysterious smile on his face.

“Grandpa, what did you do?” Leng Ruoxue asked curiously. *?Judging from the evil smiles on their faces, they definitely didn’t do anything good!*

“Hehe, Lass, we only spread the news that Sun Wei stole underwear!” Old Zao said with a smile.

“Uh! Well done!” Leng Ruoxue wiped the cold sweat off her forehead. *?Grandpa! Why did you become bad too! Back then, you were such an upright person!*

“Master, many people in the city know this news now. Tomorrow, it will probably spread throughout Blue Cloud City!” Rise said excitedly. *?Hehe, doing bad things is addictive!*

“Only people from Blue Cloud City know?” Leng Ruoxue said thoughtfully.

“What? Lass, isn’t it enough that everyone in Blue Cloud City knows?” Old Zao widened his eyes in disbelief. Alas! It seemed like this small fuss of theirs wasn’t enough for her! She was the real ruthless person!

“Of course not!” Leng Ruoxue said with a naughty smile.

“Uh, Little Snowy, don’t tell me you want everyone on the entire Boundless Heaven Continent to know!” Lan Ming said in disbelief.

“Yes.” Leng Ruoxue nodded.

“Little Snowy, I have a way to let everyone on the Boundless Heaven Continent know!” Icy, who was sleeping in Leng Ruoxue’s arms, opened his eyes.

“What are you going to do?” Leng Ruoxue asked.

“Hehe, watch me.” Icy smiled evilly. Although he always had his eyes closed, he knew what had happened just now.

“Huh?” Leng Ruoxue looked at Icy doubtfully, not knowing what he wanted to do.

Icy cleared his throat and then roared out the window, “Sun Wei from the Alchemist Association Headquarters stole someone’s underwear!”

The sound was so loud that it traveled far and wide, and it even echoed!

“Are you sure the entire continent can hear you?” Leng Ruoxue wiped the cold sweat off her forehead speechlessly. *?Is this Icy’s so-called way?*

“Of course. This is my secret technique. It’s called Thousand Miles Sound Transmission. It won’t be a problem to spread it across the entire continent,” Icy said with a face full of pride.

“Uh, Little Icy, you’re amazing,” Old Zao praised with two drops of cold sweat dripping down his forehead.

“Hehe, it’s just child’s play.” Icy’s little face was full of cockiness, and then he closed his eyes to sleep!

“Uh! It’s getting late. Everyone, rest early!” Leng Ruoxue said helplessly to everyone.

Everyone nodded and then returned to their rooms to rest.

The next morning, Leng Ruoxue and the others welcomed an unexpected guest before they woke up!

Leng Ruoxue and Freak were the first to come to the living room. When she saw the old man waiting for them in the living room, she couldn’t help saying, “Patriarch Lan, it’s still early! Can’t you come later?”

“No,” Lan Tao said irritably.

“Then what do you want?” Leng Ruoxue asked speechlessly. She more or less understood this old man’s character now.

“You have to be responsible for me,” Lan Tao said aggrievedly. *?Boohoo... I really lost all my face this time.*

“Uh! What happened to you? Did you encounter a robber?” Leng Ruoxue asked in puzzlement while looking at Lan Tao, who was covered in dust and had tattered clothes and messy hair.

“Hmph! It’s all that puppy’s fault,” Lan Tao said furiously. *?Boohoo... That dog is really too much of a bully!*

“You only have yourself to blame! You said you wanted to snatch him. Little Icy was just defending himself!” Leng Ruoxue didn’t pity him at all. Moreover, seeing Lan Tao in such a sorry state, she was already laughing in her heart!

“What defending himself! Do you know where his sneeze sent me?” Lan Tao said through gritted teeth. *?Boohoo...?* He was really pitiful! It took him two days to return to Blue Cloud City!

Leng Ruoxue glanced at Lan Tao and said without sympathy, “Uh! How would I know if you didn’t tell me!”

“He...” Lan Tao was about to say something when he was interrupted.

### **Chapter 454: Compensation For Mental Trauma (3)**

“Father, how did you become like this?” asked Lan Ming, who just rushed to the living room, when he saw his father’s tragic state.

Leng Qingtian and the others followed closely behind. They were all stunned when they saw Lan Tao. Then they turned their heads in unison and covered their mouths to laugh.

“You heartless baddies!” Boohoo... Lan Tao felt wronged! Fortunately, he didn’t go home first. Otherwise, his dignified image would have been ruined!

“Father, don’t worry. No one in the Lan family knows that you disappeared.” Lan Ming comforted him. What he implied was that no one in the Lan family knew that he had embarrassed himself! *Alas! Little Snowy is a seer! If the Lan family saw Father like this, he would definitely have beaten me to death!*

“Oh! That’s good!” Lan Tao was relieved, but he felt that something was amiss no matter how he thought about it!

“Father, come with me to change your clothes first!” Lan Ming said helplessly.

“Yeah. Bring me to change quickly. I want to bathe!” Lan Tao said impatiently.

After Lan Tao left the living room with Lan Ming, Old Zao looked at everyone present and couldn’t help asking curiously, “Guess where he fell?”

“I smelled seawater on him. He probably fell into the sea,” Lin Liang guessed.

“Sea? There aren’t many seas on the Boundless Heaven Continent. Moreover, they are all thousands of miles away. Uh! Seems like that puppy’s sneeze is quite powerful!” the little old man praised.

“Little Icy has already shown mercy.” Leng Ruoxue didn’t pity that old man from the Lan family at all. It wasn’t so easy to have designs on Icy.

“Hehe, Little Icy is really amazing!” Old Zao said excitedly. Icy’s status in his heart had already risen to an unprecedented height!

While Leng Ruoxue and the others were chatting, Lan Tao had already bathed, changed his clothes, and came to the living room with Lan Ming.

Lan Tao sat down on a chair, looked at Leng Ruoxue and the others, cleared his throat, and said, “How do you intend to compensate me?”

“How about letting Little Icy sneeze a few more times?” Leng Ruoxue said calmly with a light smile.

“Hehe, Lass, that’s a good idea!” Old Zao echoed.

“I think that’s a good idea too!” the little old man also said. Alas! Lan Tao really didn’t learn his lesson! Could Leng Ruoxue and the others be at his disposal?

“No, I don’t want this compensation!” Lan Tao hurriedly said. He was a little afraid of the puppy and didn’t dare to look down on him anymore.

“But I think this is the best idea. Where do you want to go? I’ll get Little Icy to send you there!” Leng Ruoxue said understandingly.

“Uh! No, no need. I have something to do. Goodbye!” Lan Tao stood up as if someone was chasing after him and disappeared without a trace!

“Patriarch Lan is pretty fast!” Leng Ruoxue said with a smile.

“Hehe, I think he’s scared!” Old Zao gloated.

“There’s still hope if he’s fearful. I’m going to sleep for a while,” Leng Ruoxue said and left the living room with Freak.

It was already afternoon when Leng Ruoxue woke up naturally. She washed up simply and went to the dining hall with Freak.

They found a window seat and sat down.

The waiter quickly served the dishes.

Just after taking two bites, she heard someone shout, “Fifth Miss is here!”

In the blink of an eye, only Leng Ruoxue and Freak were left in the dining hall.

Leng Ruoxue frowned slightly when she heard the shout and saw everyone scattering like birds and beasts. She was a little displeased. Didn’t the first elder of the Lan family say that he would restrain her? Why was she out again!

“You two ugly monsters, who allowed you to eat here? Get lost! Don’t affect my appetite!” Lan Ning’er’s voice sounded in their ears at this moment!

“You’re the one who should scram. You’ve already affected our appetite, Miss Lan.” Leng Ruoxue glanced at Lan Ning’er coldly.

“What did you say? How dare you say that to me!” Lan Ning’er roared furiously. Hmph! She had been locked up by the first elder for more than ten days because of these ugly monsters. She had to take revenge for this. Otherwise, how could she swallow this anger!

“I told you to scram. Don’t affect our appetite. Don’t you understand?” Leng Ruoxue said sympathetically.

“Hmph! Do you know that this is our Lan family’s territory? How dare you tell me to scram. You’re really tired of living!” Lan Ning’er threatened.

Leng Ruoxue glanced at Lan Ning’er and didn’t waste her breath on her. She summoned her beasts and said, “I’ll leave it to you.”

“Hehe, Little Sister Ruoxue, don’t worry! Leave this ugly monster to me,” Feng Ling’er said. She was bored to death in the space and was just looking for someone to relieve her boredom when someone came knocking on her door!

Leng Ruoxue wiped the cold sweat off her forehead. *Why did this violent woman come out? Moreover, why are most of the beasts that emerged actually female? Uh! What's going on? I obviously called Darling!*

"Big Sister, I released them," Qing Jue said helplessly via voice transmission from the bracelet.

"Oh!" Leng Ruoxue answered softly. *I knew it! My memory shouldn't be bad!*

"Beloved Master, leave this ugly monster to that violent bird!" Darling said fearfully. After dealing with that man yesterday, they were taught a lesson by this little bird when they returned. She said that they had forgotten about her whenever they had something good.

"Uh! Big Sister Ling'er, you can do it!" Leng Ruoxue wiped the cold sweat off her forehead and cheered. Alas! It seemed like Feng Ling'er was really too bored. She even wanted to make a move on such a small character!

"Of course!" Feng Ling'er said with a smug smile. Then she spat out a stream of flames that coiled around Lan Ning'er's body.

"Ah! I'm on fire! Hurry up and save me!" Lan Ning'er saw that her body was on fire and was so scared that she peed on the spot...

#### **Chapter 455: Compensation For Mental Trauma (4)**

Her subordinates felt the temperature of the flames and saw the beasts glaring at them like they were prey not far away. They were so scared that they didn't dare to move at all!

"Miss Leng, please show mercy. She is the fifth young lady of the Lan family after all." The inn manager braced himself and appeared in front of Leng Ruoxue to plead. He didn't like this fifth young lady at all, but he couldn't let her die in the inn.

"Manager, don't worry! My beasts know their limits. Moreover, your Lan family's first elder promised me that I could deal with any Lan family member who provoked me!" Leng Ruoxue gave the manager a reassuring look and comforted him.

"Uh! Alright then!" The manager was speechless and simply left the inn. *Out of sight, out of mind!*

At this moment, Feng Ling'er felt that it was about time. She retracted her Southern Spirit Flame, grabbed a teapot on the dining table with her little claw, and poured the water inside onto Lan Ning'er...

Lan Ning'er's pitch-black body, which had been burned by the fire, immediately revealed its original appearance after being watered. She was naked from head to toe, and even her hair had been burned away...

"Hehe, Little Sister Ruoxue, Big Sister did a good deed and trimmed the excess hair on her body. Don't blame Big Sister!" Feng Ling'er said guiltily as though she was being too nosy!

"Uh! It's only right to do good deeds. But her subordinates probably won't be able to bring her back to the Lan family estate. You should do your good deed to the end and send her back!" Leng Ruoxue said after some thought.

“Okay! Leave this to Big Sister.” Feng Ling’er got a rope out of nowhere and tied Lan Ning’er up. Then she tied one end of the rope to her claw and flew around the inn...

“Little Sister Ruoxue, this thing is actually heavier than a pig. But I can still carry it,” Feng Ling’er said with some dissatisfaction.

“That’s good.” Leng Ruoxue nodded.

“Sisters, let’s do something good and send this trash from the Lan family back!” Feng Ling’er said to the fire phoenixes and silver wolves who came out with her.

“Okay, we’ll listen to Big Sister Ling’er,” the female beasts said excitedly. Usually, they would watch Darling and the other beasts show their might. Today, they finally had a chance to perform!

“Haha! Little Sister Ruoxue, we’re going!” Then Feng Ling’er left the inn with Lan Ning’er in tow...

The other beasts did the same and tied Lan Ning’er’s subordinates into dumplings with ropes. Then they dragged them and left closely behind Feng Ling’er...

“Beloved Master, they are all tigresses. We can’t provoke them,” Darling couldn’t help saying fearfully when he saw the female beasts leaving.

“Haha!” Leng Ruoxue caressed Darling’s fur and smiled gently.

“Xue’er, aren’t we going to watch the commotion?” Freak asked curiously.

“No, the Lan family will deliver themselves to our door later,” Leng Ruoxue said understandingly. *Hmph!* If she guessed correctly, this had to be Lan Tao’s doing!

“Then let’s continue eating!” Freak nodded.

“Okay! Let’s eat quickly! The Lan family will be coming to settle the score later!” Leng Ruoxue said expectantly.

After dinner, Leng Ruoxue and Freak returned to their room and waited for the Lan family to come...

At the same time, in the Lan family estate...

In Lan Tao’s study, Lan Tao and Lan Hong were staring at each other. The third elder of the Lan family was sitting calmly in a chair, holding a cup of tea and drinking it as if no one was around.

“Why did you let Lan Ning’er out!” First Elder Lan Hong roared with some displeasure after staring for a while.

“She’s been locked up for more than ten days. This punishment should be enough!” Lan Tao said nonchalantly.

“Hmph! I think you just want to see the world burn! You will definitely regret it!” the first elder gloated. How could Leng Ruoxue and the others be so easy to deal with? A single Lan Ning’er would probably never return! But he didn’t care. Anyway, he didn’t like Lan Ning’er much! He didn’t care about Lan Ning’er’s life or death at all!

“Lan Ning’er is from the Lan family after all. Leng Ruoxue won’t dare to do anything to her,” Lan Tao said nonchalantly.

“Are you sure?” Lan Hong wasn’t angry anymore. Instead, he chuckled. He didn’t think that Leng Ruoxue wouldn’t dare to do anything to Lan Ning’er. After all, His Excellency Du Min was on their side! Uh! However, his eldest brother should know that His Excellency Du Min was with Leng Ruoxue and the others, right?

“Of course!” Lan Tao was very confident. No one would dare not to give the Lan family face on the Boundless Heaven Continent! But he would very quickly find out that he had miscalculated!

“Then I wish you good luck!” Lan Hong was speechless. His eldest brother was sometimes like a child. He wouldn’t turn back unless he hit a wall!

“By the way, why was Sun Wei injured?” Lan Tao asked in puzzlement. He hadn’t been home for two days. Why did Sun Wei get injured? Fortunately, he wasn’t injured in their Lan family estate. Otherwise, they really wouldn’t know how to deal with it! His Excellency Du Min was famous for being protective of his loved ones.

“I heard that he was injured because he stole someone’s underwear.” Lan Hong suppressed his smile. Yesterday, everyone in Blue Cloud City had heard that voice. After that, President Ren returned to the Lan family estate with the bloody and bruised Sun Wei. Today, the news of Sun Wei being injured spread across the entire continent like bamboo shoots after rain.

“Uh! Sun Wei is a Master Alchemist, but he actually stole underwear. It’s really too embarrassing.” Lan Tao sighed repeatedly.

“Pfft!” The third elder spat out the tea in his mouth and coughed non-stop after hearing what the patriarch said...

“Third Elder, you’re already so old. Why are you still spraying tea! You’re really too careless.” Lan Tao shook his head, his face full of helplessness.

The third elder wiped the cold sweat off his forehead, his heart racing. *Isn’t that because your thoughts are too foolish??* Anyone who wasn’t a fool could guess that Sun Wei must have offended someone. Otherwise, how could he be so miserable! *Hehe! Serves him right for bullying my grandson!*

“Lan family, come out quickly to collect your trash!” Suddenly, a roar resounded through the entire Lan family estate!

“Uh! Trash? What trash? How could our Lan family have something like that!” the third elder said nonchalantly when he heard the roar.

“That’s right. Our Lan family is full of treasures. How could we have trash!” Lan Tao said angrily. But he didn’t take it too seriously! Such a small matter wasn’t worth him, the patriarch, stepping in. The elders would handle it.

“Yes, our Lan family only has a few pieces of trash!” the first elder said meaningfully.

“What did you say? Those people are also your nephew and granddaughter!” Lan Tao roared. Of course, he knew who Lan Hong was talking about, but he didn’t like Lan Hong saying it in a gloating tone. It was really too annoying.

“Big Brother, are you really sure that they’re the descendants of our Lan family?” Lan Hong asked uncertainly. He had always felt that the Lan family’s genetic inheritance was good! Why did it go bad when it came to Lan Fei?

“Erm... Probably!” Lan Tao said uncertainly. They didn’t crawl out of his stomach, so how would he know!

“Uh!” Lan Hong was speechless. *Big Brother, can you not be so silly!? But speaking of which, other than Tian’er and Ming’er, I really don’t find the characteristics of our Lan family in Big Brother’s other sons.*

“Patriarch, bad news. Some beasts are here to cause trouble!” A guard of the Lan family came to report anxiously.

“There are actually beasts that dare to cause trouble in our Lan family’s home? How bold!” First Elder Lan Hong said eagerly. *Hehe, this old bag of bones of mine hasn’t exercised for a long time. I just happen to have a chance today!*

“Let’s go out and take a look!” the third elder said with interest.

“Let’s go!” Lan Tao was the first to stand up. The three extremely bored old men looked at each other and walked out of the study together.

After arriving at the main courtyard, the three of them looked up at the several huge fiery red birds flying in the sky, their bodies burning with raging flames, and were a little dumbfounded. *Damn, this is...*

“Patriarch, these firebirds are really too much. They actually dare to cause trouble in our Lan family’s home. We can’t let them go!” The second elder, who was covered in dirt, walked to the side of the three of them and said with hatred. Damn it. He had lived for so long, but today, he was actually embarrassed by these few birds.

“Eh? Second Elder, what happened to you? Where’s your hair and beard?” The third elder held back his smile and pretended to be stupid. *Haha, the second elder’s current appearance is really too funny.* He would have rolled on the ground if he didn’t have to consider the face of the elders.

At this moment, the second elder’s hair, beard, and eyebrows were all gone. His clothes were pitch-black, hanging on his body like a rag with smoke coming out!

“Second Elder, how did you end up in such a miserable state!” the first elder said speechlessly. In fact, he was laughing in his heart.

“It’s all because of those damn firebirds. They captured the fifth young lady and even came to our Lan family to cause trouble. I ended up in such a sorry state in order to protect our Lan family’s reputation,” the second elder said with a bitter face. What he implied was, ‘I did all this for the Lan family. You can’t laugh at me’.

“Firebirds, your head! Do you know what kind of beasts they are?” Lan Tao roared as he slapped the second elder’s bald head furiously.

“Aren’t they just a few firebirds! Hmph! They actually dare to pretend to be fire phoenixes. However, firebirds are firebirds. It’s impossible to become a fire phoenix even if they look alike!” the second elder said with a face full of disdain.

“Open your dog eyes wide and look carefully! They are genuine fire phoenixes!” Lan Tao roared furiously. They would have killed them if they were firebirds, but these were obviously female fire phoenixes of the Fire Phoenix clan! Even though their Lan family was a super family, he didn’t dare to kill them. Otherwise, if the Fire Phoenix clan knew about it, it would mean endless trouble!

“Patriarch! Are you sure?” the second elder asked in disbelief. At the same time, he was a little scared. But he also couldn’t help wondering why their flames were so weak if these birds were really fire phoenixes. They only burned his hair and beard!

“Open your eyes wide and see clearly. The flames on firebirds don’t have a seven-colored light!” Lan Tao reminded. Although firebirds resembled fire phoenixes, and both had flames on their bodies, these two flames were incomparable. They were not on the same level at all.

“They are really fire phoenixes!” The third elder raised his head and observed carefully after hearing what the patriarch said. With a look, he found that it was indeed as the patriarch said. They were fire phoenixes! Moreover, there was a silver wolf on each of their backs, and there seemed to be something tied to their claws. But they flew too high, so only a small black dot could be seen!

Lan Tao looked at the sky and said very politely, “May I know your names?”

“Feng Ling’er!” Feng Ling’er said with displeasure. Hmph! They sent these people back to the Lan family out of goodwill, but who knew that the Lan family was actually unreasonable and attacked them without a word. It was really infuriating!

“Miss Feng, may I know why you came to our Lan family?” Lan Tao asked, fully displaying the dignity of the patriarch!

“I’m here to deliver trash to you. This is garbage from your family.” Feng Ling’er waved the rope in her claws.

“Trash? What trash?” Lan Tao asked in puzzlement.

Feng Ling’er gave another fire phoenix a look, and with a plop, a piece of trash fell from the sky!

“Isn’t this the fifth young lady’s guard? His body is so sturdy!” The third elder praised as he looked at the guard who was still breathing despite falling from the sky.

“Uh!” The first elder was speechless after hearing the third elder’s conclusion.

“Miss Feng, please tell me why you’re here!” Lan Tao had a sudden realization after seeing the guard! But he didn’t expect Leng Ruoxue to be related to the Phoenix clan. This really surprised him!

“I originally sent this trash back to your Lan family out of goodwill. Unfortunately, not only did your Lan family not appreciate my kindness, but they actually dared to attack us.. Hmph! I’m angry, so I won’t

give these people to you! If you want them back, redeem them with money! One hundred million purple gold coins per person, and one billion for this female!” Feng Ling’er roared furiously. Hmph! Did they really think a fire phoenix was a bird if it didn’t show its might!

#### **Chapter 457: Compensation For Mental Trauma (6)**

“Big Sister Ling’er, they bullied us so much. Are we going to only get such little compensation?” a fire phoenix said with some dissatisfaction.

“Uh! It’s a little too little. What else do you want?” Feng Ling’er asked.

“I want herbs, lots of herbs!”

“I want a lot of ores and materials!”

“And all sorts of good treasures!”

The few beasts began talking at once. Moreover, a black line would appear on Lan Tao’s forehead with every word they said!

The second elder almost vomited blood from anger when he heard what the fire phoenixes said and couldn’t help roaring, “You... You’re clearly robbing us!”

“You’re mistaken! We were originally doing a good deed, but you got someone to attack us. We’ve sustained mental trauma, so you have to compensate us for it. This is all your fault!” Feng Ling’er said resentfully.

Lan Tao glared at the second elder and then negotiated with Feng Ling’er. “Erm, you want too many things. Can you ask for less?”

“Is it a lot? Your Lan family is one of the three Great Families. Don’t you have at least this bit of money?” Feng Ling’er asked in disbelief.

“Big Sister Ling’er, I think this Lan family is just for show. They probably can’t take out so much money. Why don’t we take pity on them and charge them less for our mental trauma! Just treat it as us stepping on a dead rat outside and admitting our bad luck!” a silver wolf said very kindly, but her words infuriated the Lan family below.

“I see! But...” Feng Ling’er was a little hesitant and unwilling.

With no one guarding the door, Lan Fei ran out of his room and heard the silver wolf’s words as soon as he arrived at the main courtyard. He roared at the top of his lungs in anger, “Who said that our Lan family is poor? Our Lan family has a lot of money, you furred beasts!”

“Boohoo... Big Sister Ling’er, he called me a beast!” The silver wolf immediately wailed with tears in her eyes!

“Uh! Don’t cry! Don’t cry! He’s the beast! He’s a bastard!” Feng Ling’er comforted while scolding!

“Big Sister Ling’er, my fragile little heart has been seriously injured. I demand compensation for mental trauma!” the silver wolf said pitifully with tears in her eyes.

"No problem. Big Sister will get it for you!" Feng Ling'er said very loyally.

"Bastard, you made my sister cry. You have to compensate her!" Feng Ling'er roared.

"You damn bird, you are..." Lan Fei was about to scold back. But after saying a few words, he was knocked unconscious by Lan Tao!

"Old man, since you knocked out that bastard, you will compensate on his behalf," Feng Ling'er roared angrily.

"Okay, I'll pay," Lan Tao said angrily. He also glared at the Lan family members who wanted to laugh but didn't dare to, feeling incomparably depressed.

"Old man, that bastard hurt my sister's fragile heart, so compensate us with a billion purple gold coins, and we won't care anymore!" Feng Ling'er said generously.

"You're clearly robbing up!" The second elder couldn't help speaking again. He hated these birds in his heart! These birds were actually robbing the Lan family, but they were helpless against them. This fact was really depressing!

"Tch, so what if we're robbing you? Moreover, this isn't robbery. This is called compensation, understand? You're uncultured. Go back and study before coming out! Save yourself from being a disgrace!" Feng Ling'er said disdainfully.

"You... you..." The second elder was so angry that he couldn't breathe. He kicked his legs and fainted directly!

"Alas! Your mental fortitude is really too poor. You have to train!" Feng Ling'er said with some pity.

"Come, carry the second elder away," Lan Tao ordered speechlessly.

"For the compensation you want, money is fine, but we don't have so many items!" Lan Tao said to Feng Ling'er. His greatest wish now was to quickly send these plague gods away. Otherwise, he couldn't guarantee that he wouldn't kill them if they stayed for a while!

"Really?" Feng Ling'er asked doubtfully.

"Of course." Lan Tao's expression was very sincere.

"Alright! Not a single cent less. As for the things, just compensate us with as much as you have." Feng Ling'er relented and agreed!

"Okay, give me some time. I need to collect the money," Lan Tao said.

"No problem. I'll give you three days. Send the money to the inn three days later! In addition, I'll take these people back first." Feng Ling'er led the group and flew out of the Lan family estate after speaking.

"Patriarch, are you really going to compensate them for mental trauma? They're just birds," an elder couldn't help asking. Alas! Their Lan family was actually being bullied. They were really too cowardly.

"They are fire phoenixes. Do you have any other way?" Lan Tao asked instead of answering.

"I... I don't!" the elder whispered, not daring to speak anymore!

“Listen up. No one is allowed to provoke those fire phoenixes in the future. We can settle it with money this time, but it might not necessarily be so next time!” Lan Tao warned everyone.

“Yes!” the Lan family members present replied in unison.

“Patriarch, I’m going to the inn to see Leng Ruoxue,” the first elder said.

“Okay!” Lan Tao nodded in agreement.

After speaking, the first elder left the Lan family estate with the third elder and went straight to the inn...

“Come out!” Lan Tao roared into the corner after the first elder and third elder left. *Hmph! Damn brat, how dare you run out by yourself.*

“Haha!” Lan Lie laughed wildly as he emerged from the darkness. Of course, Leng Wudi and Sun Teng were with him!

“Damn brat, what are you laughing about?” Lan Tao roared furiously. He was really displeased to see his grandson’s smug laughter!

“I’m laughing because you have a bastard son! Haha! Then won’t you be an old bastard?” Lan Lie smiled tactlessly. Hehe, he was so happy! This old man actually ordered people to lock him up, causing him not to see Little Icy for several days. *Boohoo...*

“Damn brat, if I’m an old bastard, then you’re an old bastard’s grandson!” Lan Tao retaliated, unwilling to be outdone. *Hmph! This stinky brat wants to fight with me? You’re still too inexperienced!*

#### **Chapter 458: Repaying the Debt With My Body (1)**

The Lan family members who had yet to leave found an excuse to leave after hearing the conversation between the grandfather and grandson so as not to be implicated and become their punching bags!

“Hmph! I’m not a bastard grandson.” Lan Lie refused to admit it.

“Brat, if I say you are you, then you are!” Lan Tao said domineeringly.

“Old man, you’ve knocked out your bastard son, and your bastard granddaughter is in the hands of those fire phoenixes, so don’t acknowledge relatives wrongly!” Lan Lie said without giving him any face. Hehe, he really admired Leng Ruoxue now! Why were her beasts so powerful!

“Damn brat, what did you say?” Lan Tao roared with widened eyes.

“Haha, I’m going to see Little Icy!” Lan Lie immediately summoned his beast and quickly flew out of the Lan family estate. Hmph! He had escaped with much difficulty and didn’t have time to bicker with this old man!

Seeing Lan Lie flying away, Leng Wudi and Sun Teng also summoned their beast pets and left the Lan family estate under Lan Tao’s angry gaze.

At this moment, the first elder and the third elder were on the way to the inn where Leng Ruoxue and the others were staying.

“First Elder, what should we say to Leng Ruoxue when we get there?” the third elder couldn’t help asking. He really hadn’t expected that there were fire phoenixes with Leng Ruoxue.

“I don’t know either!” The first elder was a little troubled. Alas! The second elder offended those fire phoenixes, and they requested compensation, so it was probably impossible not to bleed money.

“Then why are we going?!” the third elder asked in puzzlement.

“To bond with her!” The first elder thought of a good reason. Everyone around Leng Ruoxue had dragons as their pet beast, and she had fire phoenixes. Alas! What powerful combat strength this was! Therefore, they had to take it seriously and reconsider Leng Ruoxue’s value!

At the residence of Leng Ruoxue and the others...

Feng Ling’er and the other beasts had returned to the inn.

“Little Sister Ruoxue!” Feng Ling’er casually threw Lan Ning’er onto the ground, transformed into a small bird, and landed on Leng Ruoxue’s shoulder.

“Big Sister Ling’er, you’ve worked hard,” Leng Ruoxue comforted. She knew that Feng Ling’er had suffered a lot when she went to the Lan family, so she was very displeased!

“Not at all. It’s just that the Lan family doesn’t know what’s good for them. They actually attacked us. However, that damn old man isn’t any better. I burned all his hair and beard!” Feng Ling’er said proudly.

“Haha, Lass, your pet beasts are really amazing. The Lan family is going to bleed a lot this time,” the old man, who had gone to the Lan family estate to watch the commotion, said excitedly as soon as he returned to the inn.

“Hehe, Lass, we’re going to make a fortune again,” Old Zao said happily. They had been in the inn just now, but they had rushed to the Lan family estate immediately after seeing the fire phoenixes transform into their true forms. They hadn’t expected to see such a spectacular scene!

“What’s the reaction of the Lan family?” Leng Ruoxue asked. She didn’t believe that the Lan family would obediently send money to her door. She had stayed in the inn just now and didn’t go to the Lan family to watch the commotion. But she knew what the beasts had done because of her contracts with them. The only thing she didn’t know was the reaction of the Lan family.

“Lan Tao has already agreed. He shouldn’t go back on his word,” Old Zao said after some thought.

“If I’m not mistaken, the first elder should be on the way here,” Leng Ruoxue said in understanding.

“Haha, Little Snowy, you’re right!” Lan Lie’s voice sounded in everyone’s ears.

“Why are you here?” Leng Ruoxue asked lightly with a slight frown. She hadn’t seen Lan Lie for a few days, and she had thought that he wouldn’t come again!

“Boohoo... Little Snowy, you despise me!” Lan Lie’s eyes welled up with tears as he pretended to be pitiful!

“Yes! Did you just know?” Leng Ruoxue said with a light smile.

“Boohoo... Little Snowy, I’m here to give you information. How can you do this to me!” Lan Lie said pitifully, looking extremely aggrieved.

“You’re from the Lan family. Are you so impatient to betray them?” Leng Ruoxue said speechlessly. The way this pair of Lan family grandfather and grandchild interacted was really different!

“Hehe, how do you know?” Lan Lie said shyly. His greatest wish in life was to see the old man suffer!

“I guessed,” Leng Ruoxue said.

“Hehe, Little Snowy, let me see Little Icy!” Lan Lie pleaded. This was his main purpose for coming here.

“Little Icy is sleeping on the bed! But don’t wake him up. He hasn’t been in a good mood these two days,” Leng Ruoxue reminded helplessly.

“Yes, I know. I’ll just watch from the side,” Lan Lie promised. Then he crept to the bed, sat down, and stared at Icy, who was sleeping soundly on the bed.

Seeing Lan Lie’s affectionate appearance, Leng Ruoxue thought, *Uh! Lan Lie doesn’t really have any improper thoughts about Little Icy, does he? Hopefully not! Otherwise, Little Icy will bite him to death!*

While Leng Ruoxue was letting her imagination run wild, the first elder and the third elder arrived. The two of them greeted everyone in the room and then turned their gazes to Leng Ruoxue.

Leng Ruoxue looked at the two old men who entered the room and asked bluntly, “May I know why First Elder and Third Elder are here?”

“Uh! Lass, a few fire phoenixes and silver wolves just went to our Lan family. They are your pet beasts, right?” The first elder glanced at Lan Ning’er, who had been casually thrown to the ground with only a rag covering her body, and the corner of his mouth twitched.

“Yes, Lan Ning’er came to find trouble with me and was taught a lesson by my beasts. I saw that they didn’t have the ability to return to the Lan family estate by themselves, so I got Big Sister Ling’er to visit you and planned to send them back to you. However, it seems like they had a conflict with someone from your Lan family,” Leng Ruoxue said coldly.

“Uh, this is all a misunderstanding,” the first elder said helplessly.

“I don’t know if it’s a misunderstanding. However, they originally wanted to do a good deed, but I didn’t expect such a thing to happen. My beasts are very sad. They even told me just now that their fragile hearts have been hurt!” Leng Ruoxue said with slight dissatisfaction, her face full of blame for the Lan family!

## **Chapter 459: Repaying the Debt With My Body (2)**

“Erm... Erm...” The First Elder was speechless.

“Haha, little girl, we can be considered acquaintances. Can you not fuss about it on our account?” The Third Elder braced himself and said.

“Elders, I remember telling you to restrain some people from your Lan family and not let them out. Otherwise, they will be at my disposal. You also promised me that you wouldn’t protect them, right?” Leng Ruoxue didn’t answer the Third Elder’s question but asked directly.

“Uh! Yes, but we didn’t cover for them! Weren’t they already at your disposal?” The Third Elder quibbled shamelessly.

“But what I want to know is, why did Lan Ning’er come to find trouble with me? I heard that she has already been locked up by the First Elder?” Leng Ruoxue looked at the First Elder doubtfully and asked.

“She... She ran out by herself.” The Third Elder wiped the cold sweat off his forehead and pushed all the blame onto Lan Ning’er. Alas! He couldn’t say that Big Brother let Lan Ning’er out in order to teach Leng Ruoxue a lesson, right?

“Little Snowy, Third Grandpa is lying to you. That damn old man deliberately let Lan Ning’er out to cause you trouble,” Lan Lie suddenly said, exposing the Third Elder’s lie.

“Oh!” Leng Ruoxue looked at the Third Elder with a spurious smile and said indifferently.

“You stinky brat, are you a traitor!” The Third Elder was so angry! He ignored everything else and chased after Lan Lie in the room!

“I’m telling the truth! Didn’t you teach me that good children shouldn’t lie!” Lan Lie fled aggrievedly, covering his head and hiding everywhere. Finally, he ran behind the little old man to seek protection.

“Uh, Senior, don’t protect him. I want to teach this traitor a lesson,” the Third Elder said very respectfully. He already knew the little old man’s identity, so he naturally didn’t dare to be rude in front of the little old man.

“Teach him a lesson? I think he’s right! He’s a child! Honesty is a virtue. You have to teach him a lesson only if he’s not honest!” the little old man said meaningfully.

“Uh!” Two drops of cold sweat dripped down the Third Elder’s forehead. His heart was racing as he thought, Could the dishonest child be referring to me? Boohoo... He was also forced into a corner! This was all a mess caused by the Patriarch finding trouble for no reason!

“Third Grandpa, you can’t run away if you did something wrong! Don’t hide it for that old man!” Lan Lie was being even bolder since someone was backing him up.

“Stinky brat, that’s your biological grandfather!” The Third Elder couldn’t help roaring.

“Hmph! I call him Old Man in front of him!” Lan Lie said nonchalantly.

“Alright, go back to your Lan family if you want to argue or fight. Now, First Elder, Third Elder, you have to give me an explanation,” Leng Ruoxue said coldly. She was unwilling to become the sacrificial lamb for the battle between the Lan family’s grandfather and granddaughter, so she would not let go of the benefits that should be gained.

Uh! The First Elder and Third Elder were stunned. Did they hear it right? Leng Ruoxue actually wanted an explanation from them? What explanation?

“Little girl, what explanation do you want us to give you?” The First Elder asked foolishly. Was he really old? Why couldn’t he understand what this little girl was saying?

“Shouldn’t you give me an explanation for breaking your promise? I thought that the Lan family had always valued integrity the most. Isn’t that so?” Leng Ruoxue looked at the two Lan family elders doubtfully and said slowly.

“Of course, but... this isn’t a breach of trust, right?” First Elder wiped the cold sweat off his forehead and quibbled.

“Oh, then I’m afraid it depends on the person. Anyway, in my opinion, if you didn’t do what you promised me, you would be breaking your promise to me. Of course, I don’t care if you don’t think so,” Leng Ruoxue said nonchalantly, her face full of understanding of the two of them.

“Uh, little girl, what do you want then?” The Third Elder said speechlessly. He realized today that this little girl was really too difficult to deal with. No wonder she dared to pry into the corner of their Lan family and dared to teach the Lan family a lesson.

“There is a rule in my hometown. If one party breaks the agreement, the other party has to pay for the breach of contract,” Leng Ruoxue said with a smile, her expression so sincere.

“Breach of contract?” The two shrewd old men finally understood. This was asking for more money! This little girl’s beast had already taken a lot of money from the Lan family. Why didn’t this girl intend to let the two of them go? It was too despicable. This little girl was really a vampire!

“Yes, you need to pay for your breach of contract,” Leng Ruoxue said calmly.

“We don’t have money,” the two old men said in unison, deciding to collectively cheat.

“No money? It’s okay. You can work to repay my debts if you don’t have money.” Leng Ruoxue said with a light smile.

“Uh! Work to repay debts?” The two old men were dumbfounded. What did she mean by working to repay their debts? Did she mean working for this little girl?

“Working as the name implies that you will work for me in the future until you pay off the debts you owe me. Moreover, I won’t be paying for your accommodation nor food!” Leng Ruoxue knew that these two old men definitely didn’t know what work was, so she explained it to them directly.

“Uh! How long do we have to work for you?” The First Elder couldn’t help asking. He finally understood that Leng Ruoxue wanted them to be her subordinates.

“That will depend on your working ability. If your abilities are too poor I’m afraid you will have to work for life,” Leng Ruoxue said very understandingly. These two old men were from the Lan family and were esteemed elders. They would definitely not do manual work.

“A lifetime? How much do we owe you in total?” The Third Elder then remembered that he had not asked the most important question. They still did not know how much money they owed Leng Ruoxue. He would not want to work for others if it was not much!

“Two billion purple coins!” Leng Ruoxue stretched out two fingers.

“What? You’re robbing us openly! Why would we owe you so much money?” The First Elder roared angrily.

“It’s all because of your high status! Ordinary people don’t have to pay so much if they break the contract, but you’re different. With your status, I even gave you a discount! One billion each, a total of two billion!” Leng Ruoxue explained.

### **Chapter 460: Repaying the Debt With My Body (3)**

“If you don’t have money to pay, then work to pay off your debts. Of course, if you don’t want to pay back your money and don’t want to work, an ordinary citizen like me can’t do anything to you. However, your reputation will be completely destroyed!” Leng Ruoxue continued to remind them, blocking their way out.

“Eldest Grandpa, Third Grandpa, you pay her the money!” Lan Lie couldn’t help but remind them. Hehe, Leng Ruoxue was really ruthless. These two old men were famous for their stinginess in the Lan family. Getting them to take out two billion purple coins was harder than taking their lives!

“Stinky brat, where would we get so much money!” The Third Elder roared angrily.

“You can ask that old man for it! Anyway, these things started because of him,” Lan Lie said gloatingly, his tone as if the Lan family’s money had nothing to do with him.

“Stinky brat, are you from the Lan family or not!” The First Elder couldn’t help but scold him with a smile. How could this brat help outsiders!

“Of course I’m from the Lan family. However, I’m from the righteous Lan family. I’m on the side of justice,” Lan Lie boasted shamelessly. In fact, he wanted to see the old man embarrassed. That was why he was on Leng Ruoxue’s side, hehe!

“Stinky brat, just you wait. I’ll deal with you when we get home!” The First Elder said angrily.

“Alas! Lass, the fee for the breach of contract you want is too much. Can you reduce it!” Third Elder sighed heavily and negotiated.

“Sure! However, the amount of money for the breach of contract is determined by your identity and status. You can pay less if you think your identity and status are not worth so much money,” Leng Ruoxue said indifferently.

The First Elder and the Third Elder were speechless again because they realized that they couldn’t out-talk Leng Ruoxue at all. Moreover, she had said everything. If they requested to reduce the penalty fee, they would be degrading themselves. Therefore, they could only blame their bad luck!

“Moreover, I’ve said it before. If you want to renege on your debt, I can’t do anything to you either. At most, I’ll let the people of the Boundless Heaven Continent know that the two Lan family’s esteemed elders don’t repay their debts!” Leng Ruoxue said without fear.

“Lass, aren’t you afraid that we will kill you to silence you?” The First Elder threatened.

“No. Before you kill me, the news of you not paying your debts and silencing me will spread first,” Leng Ruoxue said nonchalantly. Hehe, she knew that these two old men would not casually kill people. Moreover, she had so many secret means, what was there to be afraid of.

The two old men completely wilted at Leng Ruoxue’s words. Alas! They knew that this little girl was not afraid of them at all, and they were not evil and bloodthirsty people. Moreover, this matter was indeed their fault, so they really couldn’t do anything to these people. However, they were unwilling to be robbed of two billion purple coins just like that!

“Lass, we really don’t have money. Why don’t we work for you!” The two old men looked at each other and made their final decision.

“Okay! Then let’s officially start work now! However, you have to start from the lowest level,” Leng Ruoxue said after some thought.

“No problem,” the two old men answered readily.

“Grandpa, these two elders of the Lan family will be our servants from now on. Tell them if anyone needs anything. There’s no need to be polite,” Leng Ruoxue said to everyone present.

“Hehe, okay! I happen to be lacking an attendant by my side!” Old Man Zao said happily.

“Yes, I need one too,” Lin Liang said.

“I... I want a medicine boy. I don’t know if they are up to the task,” Zheng En said with some frustration. He looked up and down at the First Elder and the Third Elder, as if he was thinking about which of them was more suitable.

“Silly boy, how are they qualified to be medicine boys! They don’t even differentiate between grass and medicine. If they spoil those precious herbs, I think they will have to pay with their next life as well,” the little old man said very cooperatively.

“Master is right. They should still be servants!” Zheng En nodded in realization.

Everyone’s words made the First Elder and Third Elder break out in cold sweat. They muttered in their hearts, were they that bad? They could only be servants instead of anything else?

“Erm... little girl, how much is our monthly pay?” Third Elder asked with a few black lines hanging on his forehead.

“Grandpa Du, what’s the price for servants on the Boundless Heaven Continent?” Leng Ruoxue turned to look at the little old man and asked.

“That’s hard to say! For a super family like the Lan family, the monthly pay given to servants is very high because they have a big family and business. An ordinary servant probably has ten purple coins a month. For a small family! One purple coin is the limit,” the little old man said very cautiously after thinking.

“Oh, I see! Then we can’t even be considered a small family. Just 500 amethyst dollars a month then!” Leng Ruoxue said after some thought.

“Five... Five hundred?” The Third Elder’s eyes widened in disbelief. Did he hear it wrong? Did this little girl say five hundred? And in amethyst coins? The mighty Third Elder of the Lan family working for her was only worth five hundred amethyst coins?

“Lass, we are the elders of the Lan family. Is this all we are worth?” the First Elder asked in disbelief. He had never thought that he would be so cheap at this age. Boohoo...

“So what if you’re an elder of the Lan family? You’re here to work for me, not to enjoy life. Moreover, you’ve lived like royalty since you were young. Do you know how to work? Do you know how to serve others?” Leng Ruoxue asked in return.

“Erm...” The First Elder was speechless. They really didn’t know how to serve others.

“Little girl! I admit that we don’t know how to do these things, but you can arrange some other work for us! We can still be your bodyguards or something,” Third Elder said.

“I don’t need a bodyguard. I have Little Icy. None of you can compare to it,” Leng Ruoxue said honestly.

“Uh! Lass, I’m a mighty Mystic Sovereign, how can I be inferior to a puppy!” The Third Elder couldn’t help asking. Boohoo... His self-esteem was hurt.
