### **Chapter 481: Kind Bandit (1)**

“Second-in-charge, no... I didn’t blow the whistle.” The leader of the bandits felt wronged! Boohoo... It was that little fox which blew it, why was he the one taking the blame!

“The whistle is still in your hand. Didn’t you blow it? Could it be me?” the man known as the Second-in-charge roared furiously.

“No, you didn’t blow it! But I didn’t blow it either. Boohoo...” The bandit leader wanted to explain, but the more he explained, the more confused he became. No one even knew what he was talking about in the end!

“Was it a ghost? Tell me, was it your captain who blew it!” The Second in charge glared at the people behind the bandit leader!

“Yes... Yes...” The lackeys all stammered in fright after being glared at by the Second Manager. They couldn’t say anything except ‘yes’. Their reactions also confirmed that the unlucky bandit leader was definitely going to take the blame!

“Hmph! Your subordinates admitted it, yet you still dare to deny it. I’ll deal with you later,” Second-in-charge said fiercely.

“Second-in-charge, I really didn’t brag. Boohoo...” The leader of the bandits felt wronged! Why did they frame him!

“Hmph! You still dare to be stubborn? Drag him away!” Second-in-charge noted and roared with displeasure.

“Second-in-charge, it really wasn’t me. It was that little fox who boasted. Boohoo... They framed me!” The bandit leader suddenly thought of confessing the true culprit in a moment of desperation.

After hearing what the leader of the bandits said, Second-in-charge turned his gaze to Leng Ruoxue and the others, and his eyes especially took a few more glances at the small and cute fox. Darling naturally cooperated very well to show its timidity, grievance, and so on.

“You useless thing, you dare to do but don’t dare to admit it, and actually framed a fox! Hmph! You really disgraced our village!” After seeing it, the Second-in-charge was even angrier, kicking the head of the bandits far away with a kick, and he was even more disdainful in his heart. A mighty man actually framed such a timid fox, how could he be considered a man!

“Second-in-charge, boohoo...” The leader of the bandits, who was kicked into the air, cried aggrievedly... Unfortunately, he was ignored by everyone!

“Hand over all the valuable things on you!” the Second-in-charge said to Leng Ruoxue and the others with some dissatisfaction after ignoring the leader of the bandits. In his opinion, these people were not fat sheep at all because Leng Ruoxue and the others in his eyes looked malnourished. There was no benefit at all to rob such people!

“We don’t have anything valuable,” Leng Ruoxue said while suppressing her laughter. Haha, how could this nest of bandits be so funny? She originally thought that only the leader of the bandits was a little silly, but she didn’t expect this Second-in-charge to also be so silly!

“No? That won’t do. You have to at least give me something. We can’t work for nothing, or else we will be laughed at if word gets out.” the Second-in-charge took a step back and said.

“We really don’t have anything!” Leng Ruoxue said with a light smile. Haha, this was a bandit who cared about face! She didn’t expect to meet such a nest of top-grade bandits on her first day in Myriad Mountain City!

“No, leave your clothes if you don’t have money! We can’t return empty-handed anyway,” the Second-in-charge said with some difficulty after thinking.

“Uh! Do you want these tattered clothes?” Old Man Zao looked at the tattered clothes on his body that hadn’t been mended in time and said awkwardly. In fact, his clothes were accidentally torn just now. However, he didn’t change new clothes because they were in the mountains. However, he didn’t expect these bandits to be so poor that they wouldn’t even let go of the tattered clothes. Alas! They were living too miserably!

“Isn’t it still wearable after mending? It’s better than nothing!” The Second-in-charge said nonchalantly.

“You’ve had a miserable life!” Leng Ruoxue said with incomparable pity. Alas! She had never seen a robber who wanted to rob even tattered clothes!

“Alas! What choice! There are many people on our mountain! Our boss is also a person who is soft-hearted!” The Second-in-charge complained in snot and tears as if he had met a bosom buddy!

“Uh! What kind of soft-heartedness?” Old Man Zao was very curious and couldn’t help asking. Would a bandit be soft-hearted? Then why was he still a bandit!

“Basically, our big boss couldn’t bear to rob anyone like you, so he was often deceived, and the brothers on the mountain often went hungry because of his soft-heartedness. Boohoo... Actually, we are really very pitiful!” The Second-in-charge said with a long face.

“Then get someone else to be the leader!” Old Man Zao suggested.

“No, the brothers in the mountains only admire him!” Second-in-charge refused resolutely.

“Hehe, looks like that big boss of yours is quite popular!” Old Man Zao said with a chuckle. To be honest, this was the first time he had seen bandits who were in such a miserable state in his long life!

“Of course,” Second-in-charge said self-righteously.

“Erm... Second-in-charge, right? I want to challenge your Big Boss. Please inform him to accept the challenge!” Leng Ruoxue said after listening for a while.

“Uh! Did I hear it wrong? You’re only an elementary mystic, but you actually want to challenge our big boss? Let me tell you, our big boss is a Mystic Sovereign!” The Second-in-charge couldn’t help reminding. In his opinion, Leng Ruoxue really overestimated her capabilities. Their big boss could send her flying with a finger!

“Thank you for your concern, but I didn’t say I would do it myself!” Leng Ruoxue said helplessly. This robber was too much of a henpecked husband!

“Oh, no matter who fights, if you lose, you have to leave everything on you,” Second-in-charge said after thinking.

“No problem. But if your big boss loses, this mountain will be my territory from now on!” Leng Ruoxue was naturally not stupid enough to not fight for her own benefits. Moreover, the reason she led these bandits down the mountain was for this mountain!

“According to the rules of our Myriad Mountain City, everything will naturally belong to you if you win!” Second-in-charge said very readily. Hehe, no one had challenged them for a long time. This kind of opportunity now was even harder to encounter than robbing! Their Boss was too strong!

### **Chapter 482: Kind Bandit (2)**

“Okay, then quickly get your big boss to descend the mountain to accept the challenge!” Leng Ruoxue said confidently.

“Wait here.” The Second-in-charge took out a whistle and started blowing!

A moment later, a black shadow quickly appeared in front of everyone.

“Second Brother, what’s the matter? Are you in trouble?” a middle-aged man asked anxiously. His second brother would never summon him unless he was in trouble. Therefore, his first reaction after hearing the whistle was that something had happened!

“Big Brother, I’m alright. Someone just wants to challenge you!” The Second-in-charge wiped the cold sweat off his forehead and said helplessly. Alas! Big Brother was just a little too nervous. He was a Mystic Monarch after all. Why was Big Brother always so worried!

“Challenge me? Who?” The leader’s gaze was the first to land on the middle-aged man standing behind Leng Ruoxue and the others, and he carefully sized him up!

“It’s not him!” Leng Ruoxue said helplessly. Alas! They were really ignored!

“Who is that? Don’t tell me it’s you!” the big boss said with a face full of disbelief. In his opinion, the strongest among these people was the full-bearded man! The others were not qualified to be his opponents at all!

“I’m just an elementary mystic. Do you think it will be me?” Leng Ruoxue couldn’t help rolling her eyes and said speechlessly. In fact, she really wanted to fight this man if there were no outsiders around to see how big the difference between her and the Mystic Emperor was. However, now was not the time to show off. She would have a chance to fight in the future after subduing these bandits!

“Uh! Who then?” The big boss was confused. Were they playing with him?

“My beast! My beast will fight!” A palm-sized white kitten appeared in front of everyone after Leng Ruoxue finished speaking.

“Uh! Don’t tell me it’s this little white cat that wants to fight me?” The big boss was a little confused. Boohoo... He didn’t want others to say that he bullied little animals!

“Open your bull’s eyes wide and look clearly. How am I like a cat?” White Dawn roared furiously. Damn, this bandit’s eyesight was a little too poor! He actually regarded such an elegant and noble white tiger as a cat!

The big boss looked up, down, left, right. Finally, he was absolutely sure that this was a cat!

“Uh! Erm... you look like a cat no matter how I look at you. You are a kitty!” the big boss said very honestly.

“F\*ck, what kind of gaze is that? I’m obviously a tiger, okay?” White Dawn roared furiously, baring its fangs and brandishing its claws.

“Tiger?” Now, not only the big boss, almost all the bandits looked at White Dawn doubtfully, as if they were thinking, This cat... doesn’t look like a tiger at all!

Leng Ruoxue and the others were at a loss for words. White Dawn! Your transmogrification is that of a cat!

“F\*ck, I can’t take it anymore!” White Dawn roared, and its body suddenly enlarged. In the blink of an eye, the palm-sized kitten transformed into a majestic huge white tiger! It floated in the air!

“Ah! It really became a tiger!” The bandits were surprised. They had never seen a cat that could become a tiger! This was too magical! In fact, in the knowledge of ordinary people, even transmogrified beasts usually had their original appearance, so they never thought that there would be beasts that were different from their original forms. This was beyond their understanding!

White Dawn almost fell from the sky after hearing what the bandits said. Damn! What did they mean by becoming a tiger? It was a tiger! These ignorant bandits!

“Uh! Leader, could it be a Legendary Beast from that mountain?” A bandit pointed at the mountain next to them and asked cautiously while staring at White Dawn cautiously.

“You are...” The big boss also looked at White Dawn doubtfully. He was very puzzled in his heart. They had been neighbors for many years with the white tiger on the neighboring mountain. Moreover, they had never crossed each other’s territory. What did this white tiger eat today? However, what he didn’t expect was that the white tiger in the mountain actually had a master!

“Stop letting your imagination run wild. I have nothing to do with the white tiger in the mountain,” White Dawn said with slight dissatisfaction. Hmph! It was the white tiger with the purest bloodline. How could those ordinary white tigers be compared to it!

“Oh!” The big boss understood. So they had misunderstood!

“Hey, let’s start fighting quickly. I still have to go back to sleep after fighting!” White Dawn said impatiently. It would definitely not be able to resist slapping these offline bandits to death if it stayed for a while.

“Okay, you attack first!” The big boss said very elegantly. Uh! He had always maintained the spirit of caring for small animals.

“Then I won’t be polite. Melting Slash!” After speaking, White Dawn directly launched his strongest attack. A water blade with a terrifying cold light pounced directly at the big boss...

It was now a level four Transcendent Divine Beasts, and its strength was equivalent to that of a Mystic Sovereign. Therefore, it could be considered to be on par with this big boss. Therefore, its fighting spirit was especially high for this battle. After all, it had yet to fight a true Mystic Emperor after advancing to level four Transcendent Divine Beasts! Of course, that stinky Qilin was not included!

After seeing the sharp water blade, the big boss unhurriedly used his most powerful earth-attribute defensive mystic technique to block the attack of ‘Melting Slash’. However, he was also shocked into a cold sweat because he did not expect this white tiger to be so strong at all. He originally thought that their strength should be equally matched, but he realized that this white tiger’s strength was above his after the fight began!

“Wait, no more. I admit defeat!” After only a few rounds, the big boss admitted defeat!

“Big Brother, you haven’t lost yet. Why did you admit defeat?!” Second-in-charge shouted in puzzlement. Boohoo... Big Brother can’t lose! Otherwise, they wouldn’t even have a place to stay in the future!

“I lost. Its strength is above mine.” The big boss would not lie. Therefore, since the big boss said so, the bandits under him had no choice but to accept this fact!

“Big Brother, what should we do from now on?” The Second-in-charge couldn’t help asking.

### **Chapter 483: Kind Bandit (3)**

“Yes! Boss, what should we do with our brothers in the future?” The bandits couldn’t help asking with tears in their eyes.

“Erm... can you take in my brothers? I know that my request is a little too much, but I really hope that you can agree to this small request of mine.” The big boss could see that these people did not seem to wantonly kill the innocent, so he thickened his face and pleaded, Alas! Since he had lost, he naturally had to follow the rules of Myriad Mountain City. It did not matter where he was alone, but he could not drag these subordinates and their families along!

“If you want to stay, I can consider taking them in,” Leng Ruoxue said. She had the idea of subduing these bandits, but they seemed to be a big problem, and what she was most afraid of was trouble. Therefore, since the Big Boss could not bear to part with them, it was better to let the Big Boss take over. After all, she wanted to subdue the Big Boss the most. Moreover, she did not think that they would stay in Myriad City forever. This could only be their temporary foothold. After they left, this place needed someone to manage, and the most suitable person was the Big Boss.

“Big Brother, it’s great that you can stay,” The Second-in-charge said happily. In fact, according to the rules of Myriad Mountain City, the losing party had to give up their territory and leave. If they wanted to

take back their territory, they had to challenge the other party again and win. Therefore, Second-in-charge didn't expect that not only did they not have to leave, but Big Brother could also actually stay! This was really unexpected!

"Can I really stay? Aren't you afraid that I will find an opportunity to take revenge on you?" The big boss probed in disbelief. In his opinion, letting his opponent stay was not a wise move. Therefore, no matter how kind he was, he would definitely not do such a thing. Therefore, he could not understand.

"You can try if you have the ability," Leng Ruoxue said with a light smile. The confidence in her words was impossible to ignore.

"Uh! I understand. From now on, you will be our Leader." Upon hearing Leng Ruoxue's words, the Boss immediately made the wisest decision. He might be very kind and easy to be soft-hearted, but he was not stupid. He knew that since the woman in front of him was so confident, she must have other secret means. Moreover, a loss was a loss. He was not a sore loser, so he naturally did not have so many tricks up his sleeves. As for why he asked this question! It was mainly because he did not understand!

"Those who know the truth are the best! Also, don't call me Leader. From now on, you will be the head butler here." Leng Ruoxue nodded with satisfaction and said calmly.

"Uh! Then what should I call you?" The Head butler was puzzled.

"My subordinates call me Miss. Call me that too! They are my family." Leng Ruoxue pointed at Leng Qingtian and the others.

"Yes, Miss. Greetings to the masters," the Head butler quickly entered his role and said very respectfully.

"Miss, nice to meet you, masters." The bandits also bowed and greeted Leng Ruoxue and the others. They had always followed the Big Boss' lead. The Big Boss had already become his subordinate, let alone them!

"Alright, there's no need to be so polite. Bring us to the mountain to take a look now!" Leng Ruoxue said.

"Yes, Miss. Masters, this way please." The Head butler made an inviting gesture.

"You..." Leng Ruoxue turned her gaze to the bearded middle-aged man and asked hesitantly before going up the mountain.

"Since you already have a foothold, it shouldn't be a problem to let me stay for a night, right?" the bearded middle-aged man asked with a smile.

"Of course not," Leng Ruoxue said generously. She didn't know this man's identity, but this man had helped them before. It would be a little too unfeeling to chase him away immediately after they had a place to stay.

"Thank you." The middle-aged man smiled.

"You're welcome." Leng Ruoxue and the others followed the bandits up the mountain.

Upon reaching the mountain, Leng Ruoxue realized that these bandits were actually poorer than she imagined. Moreover, there were actually many old people and children on the mountain, as well as some young women. Their gazes were full of curiosity as they sized them up!

“Uh! Miss, they are the families of some bandits,” the Head butler explained shyly. Alas! Hopefully, Miss wouldn’t be scared seeing these people.

“Oh,” Leng Ruoxue answered lightly.

“Miss, actually, we robbed most of these people,” the Second Butler said proudly.

“Robbed?” Leng Ruoxue looked at the original Second-in-charge and asked in puzzlement. What did this mean?

“Hehe, it’s like this. When we robbed them, Big Brother found them pitiful, so he robbed them along the way. This way, they can also be considered to have a place to stay so that they don’t have to travel around,” the second butler explained.

After hearing what the Second Butler said, Leng Ruoxue and the others had several black lines on their foreheads. They thought to themselves, There are actually such bandits in the world. It’s really unheard of!

Leng Ruoxue couldn’t help feeling a little regretful after seeing the actual situation on the mountain because these bandits were more troublesome than she imagined. They raised so many people who did nothing, so it was no wonder that these bandits often went hungry...

After the main butler walked into the hall, Leng Ruoxue sat on the main seat without saying a word. The bandits standing in the middle of the hall naturally didn’t even dare to breathe...

Leng Ruoxue sat on the main seat and thought for a long time. Then her gaze lingered on the bandits in the middle of the hall...

The bandits in the hall, including the head butler and the second butler, couldn’t guess what Leng Ruoxue was thinking, but they were all a little uneasy, as if their fate was about to change, which made them feel very uneasy.

#### **Chapter 484: Leng Ruoxue’s Decision (1)**

“Head Butler, I don’t think I know your name yet?” Leng Ruoxue asked with some amusement as she looked at the uncomfortable bandits in the hall.

“Miss, my name is Wang Long. I’m 55 years old, unmarried, don’t have any bad habits, height...” The head butler heard Leng Ruoxue asking for his name and wanted to tell her all his ancestors. However, he was stopped by Leng Ruoxue.

“Stop! I’m not asking for your hand in marriage. You don’t have to explain it so clearly,” Leng Ruoxue said helplessly with several black lines hanging on her forehead.

“Uh! I thought Miss wanted to know more!” Wang Long said unpleasantly. He glared at the bandits, who were covering their mouths and laughing secretly, and felt a little depressed. Boohoo... He was embarrassed again!

"I just want to know your name. Second Butler, what about you?" Leng Ruoxue continued asking.

"Miss, my name is Wang Ren. My surname is Wang, but we are not related by blood. This is purely a coincidence!" the second butler said with a smile.

"Got it." Leng Ruoxue was a little speechless. She finally realized why these bandits were so stupid. Alas! Could these bandits be smart with two such disconnected masters?

"Head Butler, arrange a quieter residence for us. We don't like to be disturbed!" Leng Ruoxue ordered again.

"Miss, the back mountain is the quietest. However, no one has lived there for a long time, so..." the Head butler said with a troubled expression. He didn't dare to continue speaking halfway!

"Is it abandoned?" Leng Ruoxue asked in realization.

"Yes, it has been abandoned for a long time," the Head butler said honestly. Beasts would always cause trouble in the back mountain, so as time passed, the back mountain became uninhabited.

"It's okay. There are so many of you. Cleaning up will be quick," Leng Ruoxue said nonchalantly.

"Okay then!" the Head butler replied. He really didn't want Leng Ruoxue and the others to live on the barren back mountain, but since Miss wanted to stay, he, as her subordinate, couldn't refuse!

"Miss, it's a little late today. Why don't you stay here for the night? I'll bring them to clean up tomorrow morning, and then you can move in?" The Head butler carefully sought Leng Ruoxue's opinion after some thought!

"Okay, okay." Leng Ruoxue nodded in agreement.

"Hehe, Miss, Old Masters, please follow me." The Head butler bowed respectfully.

Leng Ruoxue and the others followed the Head butler to his residence. After making arrangements for them, the Head butler tactfully left.

In Leng Ruoxue's room.

Leng Qingtian and the others arrived at the same time after the Head butler left.

"Xue'er, these bandits are a big burden!" Leng Qingtian said helplessly. He had a rough understanding of the situation here even though he had only been here for less than an hour.

"Lass, are you planning to raise these people for nothing?" Old Man Zao couldn't help asking.

"I'm not a savior. I'm not related to them at all. Why should I raise them for nothing?" Leng Ruoxue said speechlessly. It wasn't easy for her to get some money! She didn't even have enough for her own people! How could she care about others? Moreover, she hated people who had hands and feet but wanted to reap benefits without working. Therefore, it was impossible for those people to count on her to raise them! However, she could think of a way to earn money for them, so they could rely on themselves. After all, robbery was not easy now!

“Lass, didn’t you already subdue them?” Old Man Zao asked in puzzlement. In his opinion, subduing should mean they are family, right? Why did the girl’s meaning seem different from what he imagined?

“I’m talking about taking them in. This place is so big, and our own people can’t use so many places. Moreover, they have nowhere to go, so we took them in and continued staying here,” Leng Ruoxue explained. Those bandits were all mystics and their strength was not bad. Moreover, while possessing such strength would not mean to say that they could do whatever they wanted on the Boundless Heaven Continent, but it was absolutely not something to be underestimated. However, she was not too satisfied with those people because she could not see the characteristics of being a powerhouse or wanting to become a powerhouse in those bandits!

“Oh, that’s good.” Old Man Zao was relieved. To be honest, those people were still not worthy of his attention even if they were stronger than him.

“Ruoxue, what do you intend to do with these people?” Lin Liang couldn’t help asking.

“I’ll ask the Head butler in detail about the situation in Myriad Mountain City tomorrow before making a decision!” Leng Ruoxue said after some thought. The little old man had only told them the general situation in Myriad Mountain City before he left, so she had to ask the butler about the exact situation.

“Okay, everyone should rest early today!” Leng Qingtian said. He was the first to leave Leng Ruoxue’s room after speaking, and the others followed closely behind.

After Leng Qingtian and the others left, Leng Ruoxue brought the freak into the bracelet.

“Hehe, Xue’er, those bandits are really not suitable for you.” Empty appeared in front of Leng Ruoxue and the freak with a light smile.

“Yes!” Leng Ruoxue was also a little regretful. Those bandits were not her cup of tea, but since she had already taken them in, she couldn’t chase them out anymore!

“Xue’er, I can tell you some things if you want to know about the situation in Myriad Mountain City,” Empty said with a smile.

“Tell me about it.” Leng Ruoxue’s curiosity was piqued.

“Myriad Mountain City is very mysterious. No one knows how this city formed by mountains appeared, but it has its own rules. For thousands of years, countless families wanted to monopolize Myriad Mountain City, but they were unsuccessful. Therefore, there are many forces in Myriad Mountain City, and it is very chaotic. For example, the bandits in this mountain might not be weak, but their forces can only be considered to be the undercurrent in Myriad Mountain City.”

“Every year, there will be powerhouses or mystics coming to Myriad Mountain City to settle down. Some of them are here for opportunities in Myriad Mountain City, while others are here to seek refuge because they offended some influential families. The terrain here is very complicated, so it’s not easy for those influential families to find a person in Myriad Mountain City even if they stretched their tentacles,” Empty explained.

## **Chapter 485: Leng Ruoxue’s Decision (2)**

“All the businesses in Myriad Mountain City are monopolized by the five major forces. Does that mean that the other forces have to rely on the five major forces to survive?” Leng Ruoxue asked after some thought.

“Probably. These five forces have probably been operating in Myriad Mountain City for many years, and their forces have long been deeply rooted, so they can stand tall in Myriad Mountain City for many years without falling. Hehe, girl, don’t tell me you want to replace them?” Empty raised his eyebrows slightly and asked calmly.

“I do have this idea, but I don’t know if those bandits have the courage.” Leng Ruoxue said with a light smile.

“They definitely didn’t. Otherwise, they wouldn’t have been living a carefree life,” the freak said in realization. In his opinion, it was not easy to make those bandits change their minds. Alas! What a waste of their aptitude!

“I’ll talk to the two butlers tomorrow. Don’t blame me for not doing anything if they still want to be like before,” Leng Ruoxue said coldly.

“It’s good to talk to them. Hopefully, they know how to take advantage of opportunities,” Empty agreed with a faint smile on his incomparably handsome face.

“Okay, we’ll rest first,” Leng Ruoxue said. Then she pulled the freak into the purple bamboo hut.

The next day.

Early in the morning, the two butlers led the bandits to the back mountain to help Leng Ruoxue and the others pack up.

It took nearly a day to finally tidy up a few decent houses.

After cleaning, the Head butler led Leng Ruoxue and the others straight to the back mountain. After leading them around, the Head butler asked anxiously, “Miss, are you satisfied?”

“It’s passable!” Leng Ruoxue looked at the bareback mountain, the few straw huts on the mountain, and then at the butler’s expectant gaze, and reluctantly said, Alas! This back mountain was really not an ordinary desolate place! The houses were actually built with straw, could they be sturdy?

“Miss, time is too tight, so we can only make do for now. However, don’t worry, I’ve already asked my subordinates to look for wood,” the Head butler promised.

“It’s okay. This house will do!” Leng Ruoxue said nonchalantly. They wouldn’t really stay in this room anyway.

“Miss, stay here for the time being. I’ll send someone to deliver the food,” the head butler said.

“You don’t have to worry about our food. However, I have something to tell you.” Leng Ruoxue looked at the two butlers and said.

“Uh! Miss, please say it,” the Head butler said respectfully. However, his heart was racing because he really didn’t know what Leng Ruoxue wanted to say to him. He was not confident!

“Head Butler, tell me about the situation in this village. I want to hear the truth other than what I saw.” Leng Ruoxue pulled the freak to a clean place to sit down and then said to the Head Butler.

“Erm... Erm...” The Head butler stammered for a long time, not knowing what to say.

“Miss, let me fill you in!” the second butler said.

“Okay.” Leng Ruoxue nodded slightly.

“There are a total of more than 1500 people in our entire village. We basically rely on robbery and hunting to survive, so...” The second butler couldn’t continue because this was really too embarrassing. A mighty mystic actually went hungry. It would definitely cause people to laugh to death if news of this got out!

“Is filling your stomachs a problem?” Leng Ruoxue said without any surprise. It would be strange otherwise with so many people guarding a mountain doing nothing!

“Uh! We will occasionally starve for one or two meals,” the second butler said softly.

“Only occasionally?” Leng Ruoxue looked up gently and asked lightly.

“No, we often go hungry.” The second butler wiped the cold sweat off his forehead and said honestly. Boohoo... The Miss gave him a lot of pressure. Why was that? The Miss was obviously not as strong as him.

“I don’t know why you came to Myriad Mountain City to settle down, but I can tell you that it’s really a failure for a Mystic at your level to be in such a situation,” Leng Ruoxue said honestly. Mystics’ status in the Boundless Heaven Continent was very noble. With their strength, they would receive good treatment no matter which family they joined. However, they often don’t have enough food!

“We were originally doing well, but later on, there were more and more people in the village, so...” The second butler wanted to defend himself, but he couldn’t finish his sentence.

“Are there more and more people idling around? Don’t tell me that those old people, children, and young women don’t have to work. They just have to wait for food every day?” Leng Ruoxue guessed.

“Of course they don’t have to work. Raising a family is a man’s business!” the Second Butler said matter-of-factly. He and his elder brother had the same idea on this point.

“Are their bodies so weak that they can’t do anything?” Leng Ruoxue said speechlessly. There were not many mystic cultivators among those people, but they were all spiritualists, including the children. There were also many Spiritual Deities. One had to know that the Spiritual Deity was already the strongest on the Ling Feng Continent. Why were they so weak that it became a problem to feed themselves!

“No, but they are family!” the second butler couldn’t help explaining.

“Families don’t need to feed themselves?” Leng Ruoxue was a little surprised. Well, was there something wrong with her understanding?

“It’s a man’s duty to raise a family,” the Second Butler said softly, obviously lacking in confidence.

“Is that so? Listen carefully. Since I’m in charge here now, let me tell you. From today onwards, I won’t raise them for nothing. If you want to live a good life, you have to rely on yourself.” Leng Ruoxue was a little angry and said impatiently. She really had to give it to these men’s way of thinking. They obviously couldn’t support their families, but they still liked to puff themselves up at their own cost.

“Miss, you can’t do that!” the Head butler said hurriedly.

“It is very difficult for the other forces to survive in Myriad Mountain City except for the five major forces. They are not allowed to do business in Myriad Mountain City unless they attach themselves to a particular force and become its vassal. We can’t even earn a lot of money by selling the prey we caught to the shops owned by the five major forces.” The Head Butler continued to explain. Alas! People who did not know the true situation in Myriad Mountain City would not know how difficult it was to survive on their own in Myriad Mountain City!

### **Chapter 486: Leng Ruoxue’s Decision (3)**

“In that case, are there still factions in your situation?” Leng Ruoxue said in disbelief. These mystics were too easy to bully!

“Yes. In fact, many mystics hoped to create a career when they first came here. However, they didn’t expect it to be so difficult to survive here,” the Head butler said with a sigh. He was also full of ambition when he first came, but time had long worn down his edges. His greatest wish now was for his brothers to live well, and he was satisfied.

“Did you have such thoughts too?” Leng Ruoxue probed.

“Yes,” the Head butler nodded and said honestly.

“What if I give you a chance?” Leng Ruoxue said with a light smile.

“Uh! I don’t understand what you mean, Miss?” the head butler asked foolishly.

“If I’m not mistaken, your greatest wish now is for your subordinates to live well, right?” Leng Ruoxue said understandingly.

“Yes.” The head butler nodded.

“If you want them to live well, then you can only become one of the five major factions or an existence that surpasses the five major factions. Do you have the guts?” Leng Ruoxue asked with a light smile.

“Of course I know that, but it’s impossible. No one from the five major factions can replace them,” the main butler said in surprise, his face full of disbelief.

“Remember, there is no one in this world that can’t be replaced. No one has been able to shake the five great factions until now. It can only mean that the person who wants to replace them is not strong enough. Now, I can give you a chance like this. Whether you can grasp it or not will depend on whether you have the guts,” Leng Ruoxue said calmly.

“Miss!” The Head butler was about to speak but was interrupted by Leng Ruoxue.

“You don’t have to say anything now. I’ll only give you a day to consider. Come find me here if you’ve thought it through! However, I won’t force you if you still want to maintain the current situation. However, I won’t raise your subordinates for nothing.” Leng Ruoxue leaned on the freak and closed her eyes without saying anything after speaking.

“Yes, Miss. I will consider it carefully.” The head butler left with the second butler.

“Xue’er, do you think they will agree?” the freak asked curiously after the two butlers left.

“Yes.” Leng Ruoxue opened her eyes slightly and said with certainty.

“Why?” The freak was a little puzzled. Those people might be strong, but they were in a state of disunity, accustomed to being casual. It would probably not be easy to get them to do something earth-shattering!

“Freak, tell me, if survival is a problem here, why are there so many experts who want to live here? With their strength, they will receive good treatment no matter which family they go to,” Leng Ruoxue asked.

“Xue’er, it seems like the little old man lives quite well here, so this can only mean that survival here isn’t a problem. The real problem is themselves,” the freak said after some thought.

“That’s right. Therefore, they can still be saved if they can recognize their problems. Otherwise, just starve to death! Don’t forget, I said I wouldn’t care about them.” Leng Ruoxue said with a light smile.

“Xue’er, I’m afraid it’s very difficult for them to be on par with the five major factions with their current strength. However, they don’t know our trump cards. If they retreat, then...” The freak deliberately said half of what he wanted to say.

“That can only mean that they don’t have the luck. However, that butler might look silly but he’s actually very smart. That’s why I’m so sure he will agree,” Leng Ruoxue explained.

“I hope so.” The freak raised his eyebrows.

“Freak, I’m sleepy.” Leng Ruoxue closed her eyes again.

The freak shook his head helplessly, then picked Leng Ruoxue up and walked directly into the room.

The next day, the Head butler and the second butler reported at dawn.

In Leng Ruoxue’s room.

“Miss, we have already thought about it. We are willing to risk our lives for the future, but Miss, do you really have a way to help us?” the head butler asked impatiently as soon as they entered the room.

“What you need to do is to trust me. That’s enough,” Leng Ruoxue said lightly.

“Yes,” the head butler replied. He had thought about it for a long time yesterday and discussed it with his brothers before finally making a decision.

“The first thing you need to do is to capture the surrounding mountains within three days!” Leng Ruoxue gave the first order.

“Miss, this... this is very difficult!” the head butler said hurriedly, almost breaking out in cold sweat from fright.

“What’s the difficulty? Aren’t they just a few Legendary Beasts?” Leng Ruoxue said nonchalantly.

“Miss, they are not Legendary Beasts but Transcendent Divine Beasts. There are a total of five mountains in our area, and the masters of the other four are Transcendent Divine Beasts. Therefore, it will be very difficult to deal with them,” the main butler explained as he wiped the cold sweat off his forehead.

“Are they level nine Transcendent Divine Beasts?” Leng Ruoxue asked curiously.

“Uh! No, those Transcendent Divine Beasts should be equivalent to Mystic Sovereign, so I’m not completely confident in dealing with them,” the head butler said speechlessly. Alas! How could level nine Transcendent Divine Beasts be encountered so easily!

“Then what are you afraid of? There shouldn’t be a problem if I get White Dawn to go with you, right?” Leng Ruoxue asked.

“That white tiger? Uh! There definitely won’t be a problem.” The head butler was relieved when he heard that there were helpers. It would definitely be no problem to deal with those few Transcendent Divine Beasts if he had that white tiger.

“Then set off now!” Leng Ruoxue summoned her beasts and said.

“Uh, Miss, they...” The main butler looked at the dozen or so small and cute beasts in front of him and asked dumbfoundedly. What did Miss mean? He was confused!

“Big fool, we’ll go and cheer you on!” Darling said with a smile while lying in Leng Ruoxue’s arms. Hehe, actually, they strongly requested to watch the commotion.

#### **Chapter 487: Leng Ruoxue’s Decision (4)**

“Uh! There’s also a cheerleading group!” The head butler was a little depressed. He would still have to protect their safety if he brought these cute little animals to the fight!

“Head Butler, don’t worry about them. They will take care of themselves.” Leng Ruoxue saw through the Head Butler’s thoughts and comforted him. Her beasts were not flower vases that could only be decorations.

“Yes, I understand,” the Head butler replied. However, he still decided to protect these cute little fellows, except for the white tiger that liked to transform into a cat.

“Lass! You can’t forget us! We want to go too.” At this moment, Old Man Zao and the others walked in and looked at Leng Ruoxue resentfully.

“Go if you want to!” Leng Ruoxue said helplessly. Alas! These old men really wanted to see the world burn!

“Miss, they want to go too?” The head butler said with a bitter face. Boohoo... He found himself even more depressed. It was not enough to take care of these little beasts. Now, there were also these old men. They were all Miss’s family! He had no way to explain to Miss if anything happened to them!

“Head Butler, don’t worry. We won’t trouble you. We can take care of ourselves,” Old Man Zao quickly comforted. Alas! It seemed like they were being treated as trouble. He really didn’t know who was the real big trouble!

“Yes, Head Butler, you don’t have to worry about them,” Leng Ruoxue said with a smile.

“Uh! I understand,” the head butler said. However, he couldn’t help but grumble in his heart, saying that I don’t have to care. How can I not care if we really encounter any danger!

“Can we set off now? Head butler, you only have three days! Hurry up!” Old Man Zao urged. He seemed even more anxious than the person involved.

“Miss, we’re leaving then.” The Head butler braced himself and said helplessly.

“Okay.” Leng Ruoxue suppressed her smile and nodded.

Then, the head butler and the second butler led the cheer group formed by the little beasts and the old men and set off in a mighty manner...

Their first destination was the mountain closest to their village. The owner of this mountain happened to be a white tiger.

At the foot of the mountain.

Everyone and the beast stopped.

“Little kitty! The owner of this mountain is your kind. Hurry up and call it out for me to admire!” Feng Zhan flew in front of White Dawn provocatively and said with a smile.

“Damn bird, stay away from me. I don’t want to see you now,” White Dawn said frantically. It was already very depressed to be sent out by its master to do such a small thing, but now it had to be laughed at by this stinky bird. It was really infuriating, no, it was infuriating!

“Uh! Stop arguing. Let’s go up the mountain to look!” The Head butler came out to smooth things over. Transcendent Divine Beasts were different from humans. There were no guards on the mountain peak occupied by Transcendent Divine Beasts. Therefore, if humans accidentally barged in, their lives would not be in danger as long as they did not alarm the Transcendent Divine Beasts.

“There’s no need to worry about that. We just need to let this little kitty howl. Hehe!” Feng Zhan said with a naughty smile. As the saying went, two tigers couldn’t share one mountain. If that white tiger in the mountain knew that its kind was provoking it at the foot of the mountain, it would definitely jump out without hesitation!

“Hmph! It would be embarrassing if I have to howl just because you want me to howl!” White Dawn said arrogantly with a twist of its little face.

“You won’t howl, right? Hehe!” Feng Zhan spat out a ball of fire without hesitation and burned White Dawn butt...

“Ouch!” White Dawn, which was not mentally prepared, screamed in pain. Immediately, the roar of a tiger reverberated through the entire mountain stream...

Cold sweat immediately rolled down the Head butler’s forehead when he saw this scene. ‘No way! How can this be? That little red bird is really too bold. It actually dared to burn the tiger’s butt. Uh! Everyone knows that the tiger’s butt can’t be touched, but what about burning the tiger’s butt?’

However, before the Head butler could continue letting his imagination run wild, he heard a furious roar from the mountain. “Which junior dares to cause trouble in This King’s territory?”

Immediately after, a white shadow as fast as lightning appeared in front of everyone and the beasts...

“Which junior dares to cause trouble in this king’s territory?” the huge white tiger roared again after appearing.

Unfortunately, it was completely ignored by everyone and the beasts because almost everyone and the beasts’ gazes were focused on White Dawn and Feng Zhan now. Moreover, every single one of them or the beasts had excited expressions in their eyes...

“You damn bird, how dare you burn my butt! You’re really tired of living!” White Dawn endured the pain and roared angrily.

“Hehe, I’m helping you howl!” Feng Zhan said nonchalantly. This little kitty might be stronger than him, but she was really not afraid of it. Moreover, provoking it was also one of her pleasures, hehe!

“Who wants your help? You bastard, I won’t let you go!” White Dawn glared fiercely at Feng Zhan and roared furiously. Hmph! I’ll pluck its feathers if this damn bird isn’t my master’s beast!

“Wow, are they going to start fighting? Get a small stool and watch the commotion!” After Old Man Zao said that, he really took out a small stool and a small table from his ring. Then he placed dried fruits and snacks on it, waiting for the show to begin!

Lin Liang, the others, and the beasts also mimicked Old Man Zao. Those with stools took stools, and those without sat on the table...

The Head butler and second butler wiped the cold sweat off their foreheads when they saw this scene. Their thoughts were ‘You’re really brave!’ That white tiger is staring at us covetously from the side, and you’re watching the commotion instead. However, they didn’t dare to be as casual as Old Man Zao and the others. Instead, they were a little distracted as they looked at White Dawn and the white tiger that had arrived a while ago from the corner of their eyes!

“Which junior dares to cause trouble in this king’s territory?” The white tiger was stunned when it saw that no one bothered with it for a long time. Then it roared again!

“Shut up!” Feng Zhan and White Dawn, who were glaring at each other, roared in unison.

“Uh!” The white tiger was a little dumbfounded. What was going on? They actually dared to ask it to shut up. How dare they! Hmph! Weren’t they just a bird and a kitten? They actually dared to order it, the tiger king! How ridiculous!

### **Chapter 488: The Pitiful Peacock (1)**

“Damn bird, if Master didn’t forbid us from fighting, I would teach you a lesson now!” White Dawn said gloomily after staring for a while.

“Damn cat, do you have the capability to deal with me?” Feng Zhan provoked without fear of death. Hehe, it knew that this little cat didn’t dare to do anything to it. It dared to bully this little cat without any qualms because it had its master as its backer!

“Damn bird, just you wait. I’ll ask my master for a duel with you when we get back!” White Dawn said while suppressing his anger.

“Okay, okay. I’ll wait,” Feng Zhan said with a smile. She would die for infuriating the cat!

“Alas! I was excited about nothing. Seems like we won’t be able to see a fight anymore,” Old Man Zao couldn’t help but say with some disappointment when he saw this situation. He originally thought that he would be able to see an exciting battle between tigers and phoenixes! To his surprise, these two little fellows didn’t dare to fight at all. Alas! This lass had really good upbringing!

“Hehe, they are afraid that our cute master will be angry!” Darling said understandingly. In fact, it was also afraid that its master would be angry. Boohoo... Once its cute master was angry, she would ignore it!

“Yes, yes. That girl is a little scary when she’s angry,” Old Man Zao said with lingering fear.

“Damn it, which junior dares to cause trouble in this king’s territory?” At this moment, the white tiger, which had returned to its senses, spoke again. It felt very depressed and its self-esteem had been seriously injured because it had never been treated like air by anyone or beast after living for so long. This was its first time!

The Head butler and the second butler were very sympathetic. They looked at the white tiger that had been ignored for a long time, and their pity for it was like a raging river, flowing endlessly! Uh! It was indeed the most pitiful challenger!

“F\*ck, no one will think you’re a mute even if you don’t speak!” White Dawn roared furiously. It was so angry that it almost forgot about the existence of this thing if this white tiger didn’t speak.

“Damn it, how dare you interrupt our exchange! Are you courting death!” Feng Zhan also roared. She was also very displeased with this white tiger who didn’t know how to discern the situation!

As they spoke, White Dawn and Feng Zhan pounced at the white tiger in tacit understanding. Damn, they were not allowed to fight among themselves, so beating up outsiders should be fine! Therefore, that unlucky white tiger became their punching bag!

“Come on! Haha, beat it up!” Old Man Zao cheered excitedly. He might not be able to see the tigers and phoenixes fighting, but he could still accept a group fight!

Feng Zhan and White Dawn were on the ground, one in the sky, one throwing a punch, and the other shooting flames. They attacked from top to bottom, beating the white tiger until it had nowhere to hide...

“Wow, Big Brother, this little red bird is so abnormal too!” The second butler whispered sympathetically after seeing the tragic state of the huge white tiger. Two little beasts in their transmogrification state beat up a white tiger that was still in its original form until it couldn’t be found anymore. How abnormal were these two little beasts! He knew that the cat was a white tiger, but he didn’t know what that little bird was!

“Uh! Yes!” Cold sweat broke out on the Head butler’s forehead. Boohoo... These two beasts were really terrifying. Fortunately, they didn’t beat him up. He did not have the strong body of the white tiger.

After a long while, the huge white tiger lay on the ground, on the verge of death. Its two front claws hugged its big head tightly, and it kept saying, “I admit defeat, I admit defeat.”

However, Feng Zhan and White Dawn ignored it. They only stopped after they had vented and were tired of beating it up. That white tiger barely managed to survive!

“Aiyaya, so pitiful. Why did you beat it up so badly!” Old Man Zao gloated as he walked to the white tiger’s side and patted its huge body.

“Ouch!” Old Man Zao’s slap might not be very heavy, but it was fatal for the white tiger which was seriously injured internally and externally!

“Boohoo... You’re so fierce to me!” Old Man Zao looked at the white tiger aggrievedly and complained.

“I... I didn’t. You’re hurting me!” The white tiger was so angry that it almost vomited blood. However, it had no choice but to explain in the face of a strong enemy who could take its life. Boohoo... They were on the same side! So many people and beasts bullying one of it was really too evil!

“Oh, does it hurt a lot?” Old Man Zao asked the obvious but he still deliberately patted it to verify if what the white tiger said was true.

“It hurts, it hurts so much! Stop slapping me!” the white tiger whispered weakly. Boohoo... Its heart was bleeding.

“Wouldn’t it be better if you admitted defeat earlier so that you can suffer less physical pain?” Old Man Zao said nonchalantly while standing.

“Boohoo... I’ve already admitted defeat, but they still beat me up!” The white tiger’s bell-like tiger eyes were full of tears as it complained aggrievedly.

“I mean, how good would it be if you just admitted defeat as soon as you emerged? But what about you? You’re still being smug and saying things like ‘Which junior dares to cause trouble in This King’s territory?’ Haha! You call yourself This King in front of them. It would be strange if you didn’t get beaten up!” Old Man Zao laughed hysterically.

“Boohoo...” The white tiger choked, thinking to itself, I’m also the king of the mountains! What’s wrong with calling myself this king? Boohoo... Its biggest mistake was that it didn’t consult the stars today and encountered two malefic stars!

“Alright, don’t be aggrieved. Our girl’s beasts are famous for being perverted. It’s not wrong for you to lose to them,” Old Man Zao comforted it kindly. However, his words angered Leng Ruoxue’s beasts!

“Damn old man, who are you calling a pervert!” White Dawn, who was still fuming, questioned furiously.

“Uh! A slip of the tongue, a slip of the tongue. I mean impressive!” Old Man Zao quickly corrected himself and looked at White Dawn fearfully. Boohoo... He didn’t have a body as tough as that white tiger to resist a beating!

“Hey, you’re my little brother from now on. You have to be obedient, understand?” White Dawn rolled his eyes at Old Man Zao and pointed at the huge, scarred white tiger with his little paw as he ordered.

“Yes, Boss!” the white tiger said very obediently. Boohoo, would it dare to disobey?

“Eat this.” White Dawn threw a pill to the white tiger.

The white tiger opened its mouth and swallowed the small pill. Then it said in astonishment, “Eh! My injuries are actually all healed.”

## **Chapter 489: The Pitiful Peacock (2)**

“Head Butler, let’s continue!” White Dawn ignored the white tiger’s fussing and looked at the head butler.

“Uh, okay.” The Head butler was speechless. This was too easy. The two beasts were done without him even needing to do anything!

“Boss, where are we going?” the injured white tiger asked curiously.

“Go and continue expanding our territory! Do you see those three mountains? My master said he wants to turn them all into our territory.” White Dawn lay on the white tiger’s head and said condescendingly.

“Oh, that’s easy. Hehe, Boss, those two bears are my good friends. They will naturally give up their territory obediently as long as I tell them to.” The white tiger said confidently.

“Are you confident?” White Dawn asked softly, wondering if he should fight the two bears again. However, the defense of the big stupid bears was very abnormal.

“Yes, They are indebted to me, so they will definitely listen to me as long as I say it,” the white tiger explained.

“Alright, I’ll leave it to you.” White Dawn patted the white tiger’s head with its little paw.

“No problem.” The white tiger agreed very quickly. Hehe, he didn’t expect to have the chance to render meritorious service immediately after acknowledging a boss.

Everyone and the beasts came to the foot of the two neighboring mountains together. This was the territory of the two bears that were Transcendent Divine Beasts. They chose the mountains next to each other because they were biological brothers.

After reaching the foot of the mountain, the white tiger immediately shouted at the top of its lungs, “Big Hairy, Little Hairy, welcome your guests.”

Leng Qingtian and the others couldn't help but be at a loss for words when they heard the white tiger's words. However, before they could let their imagination run wild, they heard a loud "Dong! Dong! Dong!" sound coming from the mountains like the earth was shaking. Then two earth-yellow giant bears more than ten meters tall ran out of the two mountains...

"Big White, why are you here?" one of the giant bears asked honestly.

"Of course I came to find you for something!" the white tiger said.

"What is it? Tell us quickly so we can go back to sleep," another bear said.

"It's like this. My boss's master has his eyes on your territory, so can you give it up?" the white tiger asked nicely.

"Give up? Then where are we going?" The giant bear that spoke first couldn't help asking. It was not angry at the white tiger's words, but it was very distressed because if it gave up the territory it occupied, then the brothers would have nowhere to go!

"You can be together with me! Admit my boss as your boss," the white tiger said after some thought.

"Your boss? Who is it?" The two bears lowered their heads curiously and looked down at the white tiger.

"I'm its boss," White Dawn said lazily.

"Uh!" The two giant bears were stunned and then looked at the white tiger in disbelief. "Big White! You've fallen. How can you recognize a cat as your boss?"

"F\*ck, open your bear eyes wide and see clearly. How can I be a cat!" White Dawn roared furiously. It was really depressed. It was fine if humans treated him like a cat, but now even beasts treated it like a cat. Could it be that they couldn't feel the might of his bloodline!

"I observed carefully. You are a cat no matter how I look at you." The two bears looked at White Dawn carefully and said with certainty.

"Haha! Haha!" Feng Zhan roared with exaggerated laughter and kept pointing its little wings at White Dawn as if it wanted to say something!

"Damn it, you're courting death!" White Dawn was angry. Moreover, its archenemy was laughing at it from the side, so its anger instantly multiplied!

"Boss, Boss! Calm down! They didn't do it on purpose!" the white tiger hurriedly pleaded, and its heart was racing. In fact, when it first saw Big Brother, it also thought that Big Brother was a kitty. At that time, it was very puzzled because it clearly heard an unfamiliar tiger roar. Later on, after it was beaten up by Big Brother and the little red bird, it suddenly realized that Boohoo... It was because it was too inexperienced. These two were not beasts it could offend!

"Hmph! I won't take issue with these two big stupid bears on your account this time. I won't let them off easily if there's a next time!" White Dawn said indifferently as it gently raised its eyelids.

“Thank you, Boss!” The white tiger was very happy. Hehe, it didn’t expect the Boss to give it so much face.

“Big Hairy, Little Hairy, don’t spout nonsense. My boss is very powerful.” The white tiger quickly said to its two friends after thanking White Dawn. Phew! That was close!

“Really?” The two bears were skeptical, not realizing that they almost lost their lives just now!

“Don’t you even believe my words? Do you think I will lie to you?” the white tiger roared, almost on fire from anxiety in its heart!

“Hey hey, calm down. Come, I’ll let you eat this!” Old Man Zao advised with a smile. He took out two pieces of corn and stuffed them into the two giant bears’ palms!

“What is this?” Big Hairy and Little Hairy’s huge bear faces were full of question marks as they asked in puzzlement.

“This is your favorite food, corn?” Old Man Zao said hurriedly. Back in the Ling Feng Continent, he seemed to have heard from the girl that bears liked to eat corn the most. Why didn’t these two seem to know each other?

In fact, the two bears really didn’t know it because they had never seen it, let alone eaten it. However, the unique fragrance of the corn kept tempting their taste buds. After a while, Big Hairy and Little Hairy said, “It smells pretty good.”

“Of course it’s good. This is one of my favorite foods. Try it quickly and see if it tastes the same as what you’ve eaten before,” Old Man Zao said expectantly, his shrewd little eyes staring intently at the two bears.

Big Hairy and Little Hairy hesitated, not knowing whether they should eat it or not. However, the smell was really tempting...

The two butlers were a little speechless at Old Man Zao’s behavior. Could this old man be thinking of seducing the two bears with those two stalks of corn? How was that possible! Neither of them believed that the two stalks of corn would be so attractive. However, they knew after a while that they were wrong. They were too ignorant. There were really beasts in this world who would give up their territory for two stalks of corn!

### **Chapter 490: The Pitiful Peacock (3)**

In the end, the two hairy bears couldn’t resist the temptation of the fragrance of the corn. They ate the corn in their paws and became a captive of the corn...

“Erm... If we give up our territory and follow you in the future, can you give us a piece of corn every day?” After a long while, the two bears hesitantly stated their conditions and strongly requested to follow Old Man Zao.

“No problem. Corn! You can eat as much as you want,” Old Man Zao said happily. Hehe, these two lackeys were not bad. He could use them as cushions when he was tired!

“Then we’re willing to give you our territory.” They finally relented and bowed down for corn! Moreover, they became Old Man Zao’s free fighter.

“Big Hairy, Little Hairy, you guys really hurt my heart.” The white tiger was depressed and complained shamelessly. Boohoo... It even boasted in front of its boss that as long as it showed up, They would definitely give up their territory. Unfortunately, it said so much that its mouth was dry. It was actually not as useful as the two corn that Old Man Zao took out. Boohoo... It hurt its self-esteem!

“Big White, didn’t we agree?” They were puzzled. Didn’t Big White bring these people here for their territory? What was there to be sad about now that they had agreed? It was really incomprehensible!

“You didn’t agree because of me,” the white tiger said, very displeased.

“Uh! It has something to do with you too!” They coaxed and sighed in their hearts together!

“Hehe, Great White, of course you contributed. If you didn’t bring us here, we would have started fighting directly,” Old Man Zao coaxed tactfully.

“In that case, my contribution is quite big, haha!” The white tiger was a little smug.

“Oh?” White Dawn narrowed his eyes and hummed with slight displeasure.

“Uh! Boss, we can go to the next mountain!” the white tiger said hurriedly, its little heart trembling.

“Head Butler, are we still continuing today?” White Dawn asked softly. His master had given him three days, and now he was only short of the last mountain.

“Let’s continue!” The Head butler wiped the cold sweat off his forehead. They hadn’t even arrived for half a day, but they had already taken over three mountains. Alas! How efficient!

“Then let’s go!” White Dawn said.

The last mountain was a little far away. Everyone and the beasts walked for about an hour and circled around before they finally arrived at the foot of the mountain.

“Bears! What kind of beast is the owner of this mountain?” Old Man Zao asked curiously. The mountain in front of him was the smallest among the five surrounding mountains, so he guessed that the owner of this mountain probably wouldn’t be a beast that was too big.

“It seems to be a bird.” Big Hairy looked at Feng Zhan and said with uncertainty. It was not very familiar with the beasts in the mountain.

“Damn bird, did you hear that? They are your kind.” White Dawn raised its eyes provocatively.

“Hmph! Who said that birds are my kind? Stupid cat with no common sense!” Feng Zhan retorted. The two beasts were ready to start fighting again!

However, this time, it disappointed those who wanted to watch the commotion because Feng Zhan and White Dawn ignored each other after saying that.

“We have to think of a way to lure the owner of this place out,” the Head butler suddenly said. However, his words quickly received the looks of disdain from everyone and the beasts because everyone and the beasts knew that what he said was useless!

“Head Butler, I’ll leave this mission to you.” Old Man Zao patted the head butler on the shoulder as though he was entrusting him with an important task.

“Uh, alright then!” the main butler said helplessly. He took a few steps closer to the foot of the mountain, then released all his aura, and released a stream of mystic energy halfway up the mountain...

His provocative behavior quickly worked. In the blink of an eye, a beautiful bird covered in five-colored light jumped out of the mountain. Everyone looked carefully and realized that it was a peacock. This peacock was about two meters tall, had exquisite feathers, and was abnormally beautiful. Its glass-like eyes were staring coldly at the butler.

“You and I have always respected our boundaries. Instead of staying in your bandit’s lair, you actually came to provoke me. You really deserve to die!” the peacock said with abnormal anger, its glass-like eyes seeming to spit fire!

“You recognize me?” the Head butler said foolishly. He thought these beasts only liked to sleep. He didn’t expect this peacock to recognize him!

“Hmph! You are the stupidest and most foolish bandit I have ever seen. Which beast in these mountains doesn’t know you!” the peacock said nonchalantly.

“Uh!” The Head butler was depressed. He didn’t expect himself to be so famous!

“Haha! Head Butler, I didn’t expect you to be so famous!” Old Man Zao laughed hysterically.

The others and beasts also grinned happily, but they were not as exaggerated as Old Man Zao.

“Haha! Old Man Feng, your beast has a partner now.” After laughing enough, Old Man Zao patted the Feng family’s First Elder’s shoulder affectionately.

“Okay, Sparrow Feather, come out!” First Elder Feng nodded and then summoned his beast. Peacock-type beasts were very rare.

“Hehe, Sparrow Feather! Your master found you a wife!” Old Man Zao looked at Sparrow Feather that was about the same size as the peacock and smiled evilly. He actually began to make them a couple out of boredom!

“Damn old man, damn it! Tell me again, who is the wife?” The peacock roared furiously when it heard Old Man Zao’s words! It was originally quite happy to see its own kind, but Old Man Zao’s words drove it crazy!

“You! You’re a female! You have to be gentler. Otherwise, our Sparrow Feather won’t like you,” Old Man Zao said earnestly without any doubts.

“Uh!” Sparrow Feather was speechless!

“Damn it, I’m a male, you’re the wife!” The incomparably beautiful peacock was so angry that its entire body was on fire. However, its good upbringing still made it resist the urge to tear this stinky old man apart!
