

Crazy Wife 51

Chapter 51: Savage Fox (2)

"It's you? That cripple isn't here anymore. What are you doing here? Not just anyone can come to this place," Fu Mingzhu said with jealousy. She didn't want to see this woman again for the rest of her life.

"Cripple? Are you talking about yourself?" Leng Ruoxue mocked, her eyes ice-cold.

"I'm talking about Leng Ruohan, our former genius senior brother. Everyone in all of Eastern Lagoon knows that he's already a cripple," Fu Mingzhu said disdainfully.

"If you dare to say another word about him, I won't let you go," Leng Ruoxue warned coldly. She wouldn't allow anyone to say that about her brother.

"Everyone in the Eastern Lagoon Empire knows that Leng Ruohan overestimated his capabilities and provoked flame rhinoceroses. Not only did he cause many students of the Heavenly Phoenix Academy to be injured, but he also made himself a cripple. Hmph, this is all retribution. To think that I used to like him quite a bit. I didn't expect him to be so stupid. Fortunately, that's in the past. No one will like that cripple now," Fu Mingzhu continued to mock disapprovingly. This was Leng Ruohan's retribution for not liking her. She was the number one beauty in Eastern Lagoon, but he had never given her a good attitude. She certainly wouldn't want to marry him now that he was a cripple. Only a peerless genius was worthy of her.

Bam!?Leng Ruoxue didn't say anything unnecessary. She directly raised her hand and slapped Fu Mingzhu's beautiful face. She didn't hold back at all. Half of Fu Mingzhu's face swelled up, and red liquid flowed out of the corner of her mouth.

"Y-you bitch! How dare you hit me!" Fu Mingzhu was stunned.

Smack!?Leng Ruoxue slapped Fu Mingzhu on the other side of the face, which swelled up immediately.

Leng Ruoxue looked at her masterpiece with satisfaction. "Not bad. Pretty symmetrical."

Feng Aoran, who had been standing on the side, was surprised. Then he looked away as if he hadn't seen anything.

"Beloved Master, don't tire yourself out. Let your Darling help you teach her a lesson!" Darling's voice sounded in Leng Ruoxue's mind.

"Okay." Leng Ruoxue let Darling out.

As soon as Darling came out, he immediately jumped into Leng Ruoxue's arms and rubbed against her coquettishly. Then he turned his cold silver eyes to Fu Mingzhu.

"What an ugly woman!" Darling said disdainfully. He was a gentlemanly noble fox who didn't like to fight. But he was afraid that his beloved master would be tired, so he would take on the difficult task of becoming a savage fox.

Darling's small body quickly jumped in front of Fu Mingzhu, who had been struck into a daze. He stretched out his sharp little claws and scratched her swollen face a few times quickly.

"Aaahhhh!" An ear-piercing shriek instantly reverberated through the entire academy.

Fu Mingzhu's shriek annoyed Darling, so he threw a large water ball at her, followed by some lightning. Fu Mingzhu immediately fainted from the interaction of water and lightning.

What a smart fox. Feng Aoran was stunned, and a drop of sweat rolled down his forehead.

After finishing, Darling ran to the nearby pond to wash his little paws. Then he quickly jumped into the warm arms of his lovely master. His entire movements were as smooth and natural as flowing water.

Leng Ruoxue was stunned. She looked at Fu Mingzhu, whose face was covered in blood. *Darling is so cruel. Well done, nonetheless.*

Feng Aoran stared at everything in front of him with his mouth agape. *Th-those movements were a little too fast.* In fact, everything happened in the blink of an eye, so he didn't even have the time to react.

Seeing that Fu Mingzhu had fainted, Feng Aoran grabbed Leng Ruoxue's hand. "Quick, let's go."

"Why should I leave?" Leng Ruoxue wasn't afraid of the Fu family. Fu Mingzhu was the biggest suspect in harming her brother. She would just treat it as collecting some interest first. Anyway, she didn't plan to let any of them go.

"The Fu family is not to be trifled with," Feng Aoran reminded.

"I know." She had heard her grandfather talk about the Fu family's overbearingness.

"Then why aren't you leaving?" Feng Aoran said anxiously. He heard footsteps. Fu Mingzhu's scream just now definitely attracted attention.

"Let me tell you, if you don't leave now, you won't be able to leave when people come later. The Fu family won't let you go, and your little pet beast will also die," Feng Aoran explained anxiously. He didn't want such a drop-dead beauty to be ruined by the Fu family. The Fu family had too many methods of torturing people.

"What's your name?" Leng Ruoxue suddenly asked. She heard Fu Mingzhu calling him Senior Brother Feng.

"Feng Aoran." This train of thought was a little too jumpy, but he still answered honestly.

"Do you know Feng Moran?" Leng Ruoxue asked after some thought.

"He's my elder brother. Do you know him? Where is he now? Is he okay?" Feng Aoran asked several questions in a row.

"Which one do you want me to answer first?" Leng Ruoxue was slightly amused. "He's good."

"That's good. Elder Brother has left home for more than a decade without any news. We even thought that he was already..." Feng Aoran said worriedly.

“What’s going on?” A female teacher of the academy rushed over after hearing the scream. She recognized Fu Mingzhu lying on the ground.

Leng Ruoxue and Feng Aoran looked at each other and ignored the female teacher.

“Feng Aoran, what’s going on? And who are you? Why haven’t I seen you before? You aren’t a student of our academy.” The female teacher couldn’t help but speak angrily when she saw no one paying attention to her.

“It’s not up to you to decide whether I’m a student here or not. You can ask the principal where I’m from,” Leng Ruoxue said indifferently.

“How can you talk to a teacher like this?” the female teacher said indignantly.

“What’s going?” Two male teachers arrived.

“Fu Mingzhu was injured. They were the only two people here when I came.” The female teacher in her thirties pointed at Feng Aoran and Leng Ruoxue.

“I did it,” Leng Ruoxue said directly, ignoring the look Feng Aoran was giving her.
