

## **Crazy Wife 511**

### **Chapter 511: Suspicion, Scheme (2)**

“Old Master, I heard from Fang’er that the woman is the daughter of the Leng family!” Mrs. Ni whispered.

“Leng family? Which Leng family?” Patriarch Ni was stunned.

“Which other Leng family is there on the Boundless Heaven Continent?” Madam Ni rolled her eyes at her husband.

“Why would the daughter of the Leng family come to Myriad Mountain City?” The patriarch of the Ni family’s face was full of doubts and disbelief. The Leng family was one of the three major families on the Boundless Heaven Continent. The Ice City where the Leng family was located was hundreds of times stronger than the Myriad Mountain City. How could the Leng family let the daughter of their family come to Myriad Mountain City to suffer? One had to know that the standard of living in Myriad Mountain City was completely incomparable to the Ice City. The only advantage was that Myriad Mountain City did not belong to any faction. Uh! Wrong, Myriad Mountain City was now in the hands of the five major factions!

“Why not?” Madam Ni asked in puzzlement.

“The Leng family loves and cares for their girls. They won’t be allowed to suffer in Myriad Mountain City.” Patriarch Ni said after some thought.

“Old Master, that woman must be the daughter of the Leng family,” Madam Ni said with certainty.

“How are you so sure?” Patriarch Ni asked in puzzlement.

“Fang’er told me! He said that the clothes Miss Leng wears and the food she eats are not something ordinary small families can afford. There are some things that he has never seen before,” Madam Ni said happily. If Fang’er could become in-laws with the Leng family, then she would not have to worry for the rest of her life!

“Old Master, why would Fang’er lie?” Madam Ni couldn’t help asking when she saw the patriarch remain silent for a long time.

“Fang’er won’t lie, but that woman is in the Yue family now. This isn’t easy to deal with.” The patriarch of the Ni family’s face was full of difficulties. It would be easy if it was in the other three families, but he couldn’t force his way in the Yue family!

“Old Master, you’ve suffered for so many years. Why are you still so cowardly at this age?!” Madam Ni said angrily.

“What do you know? I was...” The patriarch of the Ni family was about to say something, but he realized that he had misspoken and quickly stopped!

“Old Master...”

Outside the study.

Leng Ruoxue gently tugged at the freak's arm and whispered, "Let's go!"

"Xue'er, they're still talking!" the freak reminded her.

"He won't say anymore. Let Qing Jue monitor him. Let's go back!" Leng Ruoxue said after some thought.

"Aren't the other three going?" the freak couldn't help asking.

"No, it should be about the same situation as here. Let's go back first!" Leng Ruoxue said after some thought.

"Okay." The freak nodded, and the two of them sat on Quill's back. Soon, they returned to the Heartless Garden.

After returning to the Heartless Garden, Leng Ruoxue directly brought the freak into the bracelet. Empty was sitting in the garden waiting for them.

"How was it? Did you obtain anything?" Empty asked with a smile.

"I guess so! There seems to be some secret between the five great factions, but the patriarch of the Ni family refuses to say." Leng Ruoxue found a stone bench and sat down.

"There will definitely be secrets. I think it should be related to the complicated relationship between them," Empty said with a smile.

"No, do you know something?" Leng Ruoxue asked doubtfully.

"I once heard that the ancestors of the five great factions were brothers of the opposite sex. Moreover, they seemed to have left behind some last words before they died. However, only the Patriarchs of the five families know the specifics," Wu Shu said after some thought.

"As far as I know, the conflicts between the five major forces are also very fierce. However, once someone dares to provoke any one of them, the other four families will face a common enemy," Leng Ruoxue said. She originally thought that the fights between the five major forces were for outsiders to see, but she later realized that she was wrong. The fights between the five major forces could sometimes be described as like fire and water, but the other forces could forget about challenging their authority!

"Could it be that in the eyes of the five major factions, even if they don't get along, it's an internal matter? However, if an outsider dares to provoke any of them, then it's not something they can tolerate? Like what Xue'er said, we have to unite against the outsiders?" the freak guessed.

"That's possible." Leng Ruoxue nodded in agreement.

"Xue'er, if that's the case, it will be very difficult to make them fight among themselves. It's fine if it's a small fight, but they won't be stupid enough to hurt their foundation, right?" the freak said worriedly.

"Haha, this will depend on Miss Wuxin's charm!" Leng Ruoxue said with a light smile. Alas! She was really a great beauty! It would probably be difficult to refuse if she were a man, right?

"Damn girl, do you want me to sell my body again?" Empty complained unhappily. Boohoo... He would definitely vomit after seeing those men for a few days!

“You don’t have to sell your appearance. Someone will naturally start a fight for you as long as you sit there weakly!” Leng Ruoxue teased with a light smile. Hehe, Empty was really a disaster!

“Then I have to eat delicious food every day. Otherwise, I will go on strike,” Empty said.

“Damn it, you’re doing this again? Every day?” The freak jumped to his feet, his pitch-black eyes glaring at Empty fiercely.

“What? Do you want to fight? You’re currently not my match.” Empty said with a light smile. That smug look was really asking for a beating!

“Damn it, just you wait. One day, I’ll let you know how powerful I am.” The freak suppressed his anger and said. Hmph! Those who knew the truth were outstanding. He was indeed not this fellow’s match now, but in the future! He would definitely beat this fellow until his teeth were all over the ground!

“Xue’er, he threatened me!” Empty pretended to be pitiful and looked at Leng Ruoxue with tears in his beautiful eyes.

“Serves you right. Who asked you to provoke him? Empty, be good so that I can plead for you in the future, understand?” Leng Ruoxue said with a smile. With that, she pulled the angry freak out of the garden and returned to the purple bamboo hut to rest...

The next morning, Leng Ruoxue and the others left the bracelet early and returned to the residence Yue Qun had arranged for them.

In the room.

“Xue’er, I haven’t had enough sleep!” Empty, who was forced to sit in front of the dressing table by Leng Ruoxue, said with great dissatisfaction.

### **Chapter 512: Suspicion, Scheme (3)**

“Go ahead and sleep. When Yue Qun comes later, I’ll say that Miss is still sleeping. I think he will be more interested in our Miss’ sleeping appearance,” Leng Ruoxue said calmly.

“Uh! I’m scared of you. Make up for me while I sleep,” Empty said helplessly and forced himself to stay awake.

“That’s more like it.” Leng Ruoxue took out the makeup she had prepared beforehand and began to apply it on Empty’s face. In just ten minutes, a drop-dead gorgeous beauty was born!

“Can I continue sleeping now?” Lawless asked sleepily with his eyes closed.

“Go to sleep, but be careful!” Leng Ruoxue reminded.

“Okay.” Empty nodded and then fell asleep on the bed!

Leng Ruoxue shook her head helplessly and lowered the curtain for Empty. Soon after, she heard voices coming from outside the room and walked out.

In the yard, the freak guarding the door stopped Yue Qun, who was about to enter and stopped him very politely. “I’m sorry, Young Master Yue. Miss hasn’t gotten up yet!”

“Why isn’t she up yet? Is she unwell?” Yue Qunjun asked worriedly.

“Miss has always been weak, so she likes to sleep very much. She probably won’t get up until noon,” the freak said very calmly, the disgust in his black eyes flashing quickly.

“It’s okay. I’m Xin’er’s fiancé. I’m just going in to see her,” Yue Qun said, unwilling to give up. He missed Xin’er so much yesterday that he didn’t sleep for the entire night! Coming here early in the morning, he would be unwilling if he couldn’t see his beloved.

“Little Yao, let Young Master Yue in!” Leng Ruoxue, who had been hiding at the side and not making a sound, suppressed her smile.

“No, Miss is still sleeping. I have to be responsible for her reputation,” the freak refused stubbornly.

“I’m your Miss’s fiancé. Can’t I enter?” Yue Qun said angrily, hating the obstruction of the freak.

“You said fiancé. Of course not,” the freak said without giving him any face.

“Good, this is great! What a loyal servant! I’ll send someone to ask for your young miss’s hand in marriage now!” Yue Qun gritted his teeth in hatred and swore in his heart that when he became Xin’er’s husband, the first person he would deal with would be this servant who dared to contradict him!

“My young miss’s betrothal gift must be ten-thousand-year-old wild ginseng. It won’t do if you don’t have it,” the freak reminded loudly as he watched Yue Qun leave angrily.

“Haha, freak, you’re so bad!” Leng Ruoxue walked to the freak’s side and said with a light smile.

“Xue’er, I did it all for you. Boohoo... Now that I’ve offended Yue Qun, he will definitely take revenge on me. You have to protect me!” The freak took the opportunity to act coquettishly, his bright black eyes full of desire and anticipation...

“Don’t worry. He doesn’t have time to take revenge on you now. He has to get some wild ginseng!” Leng Ruoxue said in realization.

“That’s only a matter of time!” The freak’s black eyes released countless careful hearts as he looked at Xue’er lovingly.

“Don’t worry! I’ll protect you,” Leng Ruoxue coaxed helplessly.

“That’s more like it.” The freak nodded with satisfaction and gently pulled Leng Ruoxue into his arms, praying silently in his heart. Xue’er, I hope I can accompany you forever and witness your growth...

Time passed quietly...

When Empty walked out of the room, he saw Leng Ruoxue and the freak hugging each other on a stone chair by the flowerbed. The two of them looked so warm and sweet that Empty could not bear to disturb them. He stood rooted to the ground, unwilling to break the beautiful and peaceful scene in front of him...

Until Leng Ruoxue and the freak finally discovered his existence...

“Miss, why didn’t you let me know when you came out!” Leng Ruoxue teased while looking at the foolishly standing still.

“I just came out,” Empty said awkwardly. He couldn’t help but grumble in his heart. This heartless bad girl actually teased him. Hmph! Would he have done this if he wasn’t afraid that someone would be shy? His feet were about to go numb from standing. Boohoo... If he had known that he would have to stand for so long, he might as well have floated!

“What’s the matter? Did you stand for too long?” Leng Ruoxue said with a naughty smile.

“No, I think I sprained my ankle.” Empty casually found an excuse.

“Oh, then quickly sit down!” Leng Ruoxue didn’t expose him and quickly said. Alas, she only knew today that energy bodies could also sprain their feet. She had learned new knowledge again!

“Okay.” Empty was on the stone chair in the air above Leng Ruoxue and the freak, becoming a big lightbulb!

“Miss, I have good news for you,” the freak suddenly said with a mysterious expression.

“What good news?” Unparalleled Beauty’s face was full of question marks. Hmph! He didn’t believe that this fellow would have any good news!

“Young Master Yue came while you were sleeping. He said he would send someone to propose marriage to you!” the freak said happily.

“Is this considered good news?” Empty asked angrily with a black face.

“Doesn’t it count?” the freak asked, his ugly face full of confusion.

“How is that possible!” Empty roared furiously.

“Alright, stop arguing. Empty, you should think about it this way. As long as Yue Qun obtains the wild ginseng, our plan will be halfway successful, and you will soon be free,” Leng Ruoxue reminded.

“Hmph! Learn well. Xue’er is better at talking than you.” Empty glared at the freak.

“Of course. Xue’er is my woman,” the freak said proudly, his face full of pride.

“Look at how smug you are. Hmph!” Empty turned his head away from the man who almost made him vomit blood from anger!

“Xue’er, I find that... our young miss’s temper is really becoming worse!” the freak said to Leng Ruoxue fearlessly.

“Damn freak, I won’t let you go!” Empty began fighting the freak!

“Xue’er, save me! Someone wants to murder your husband!” The freak dodged the attacks and didn’t forget to ask for help!

Leng Ruoxue looked at the two men chasing around the garden like children and couldn’t help but be speechless!

## Chapter 513: Suspicion, Scheme (4)

The atmosphere in the garden of the Heartless Garden was warm, but the atmosphere in the Yue family's patriarch's study was abnormally depressed and depressed!

In the study.

The Yue family head sat on the main seat with a stern face. He was about 50 years old and looked very similar to Yue Qun. He looked very sanctimonious just from his appearance, but his strength was that of a Mystic Supremacy!

Yue Qun stood in front of the desk, looking at his father anxiously. However, he did not dare to ask what he wanted to know seeing that his father's expression was not good.

"Qun'er, that old man from the Yu family declined." The Yue family's patriarch finally spoke after a long silence.

"Then what should we do? Father, think of a way. I must marry Xin'er!" Yue Qun said anxiously.

"Qun'er, are you sure that woman is really from the Leng family?" the Yue family's patriarch asked doubtfully.

"Yes, definitely. Father, didn't you secretly look at her? And those things I told you, can ordinary families possess them?" Yue Qun said hurriedly.

"But I keep feeling that the background of that woman is suspicious. If she is really the daughter of the Leng family, then we should visit them personally to propose marriage. That will also show our sincerity. After all, how can a woman like her decide on marriage!" the Yue family's patriarch said slowly after some thought.

"Father, when will it be my turn if I go to the Leng family to propose marriage?" Yue Qun said without confidence. Alas! Their Yue family was considered to be trustworthy in Myriad Mountain City, but what was it compared to a superfamily like the Leng family!

"Qun'er, what are you talking about? How can our Yue family be inferior? Myriad Mountain City is our territory. Even the Leng Family would have to play by our rules if they come to the Myriad Mountain City." The Yue family's patriarch said confidently. Hmph! Back then, even the Leng family had to be polite to his grandfather's generation! Unfortunately, he forgot that the current Yue family was no longer the Yue family of the past, and the Leng family might not necessarily give him face!

"Father, going to the Leng family to propose marriage is indeed insurance, but what if the Leng family sends people to investigate my background? Wouldn't my past deeds be exposed?" Yue Qun said worriedly. In fact, he didn't have much confidence in going to the Leng family to propose marriage because he used to...

"Hmph! I've warned you long ago to restrain yourself. Now you know better!" The Yue family's patriarch rebuked angrily, exasperated at his son's failure to live up to expectations. Alas! His son was good in every way, but he had a fatal weakness, which was being perverted! He wanted to bring all the women he liked home!

“Father, that’s all in the past. It won’t happen again. I promise!” Yue Qun raised a hand as if he was swearing an oath!

“What about those women?” the patriarch of the Yue family asked with displeasure. Those women would be in trouble if they really became relatives with the Leng family. Alas! He more or less knew the rules of the Leng family.

“Father, I’ve already dealt with those women. Don’t worry!” Yue Qun promised.

“That’s good. Qun’er, you will be someone who will do big things in the future. The hopes of our Yue family are all pinned on you, so don’t be as ridiculous as before, understand?” the Yue family’s patriarch advised earnestly.

“Okay,” Yue Qun promised. He would not be tempted for the time being unless a woman more beautiful than Xin’er appeared!

“Give this to your Xin’er!” Patriarch Yue took out a porcelain bottle from his sleeve.

“Father, what is this?” Yue Qun was a little surprised. This little bottle looked so familiar!

“Ecstasy!” the Yue family head said softly.

“Father, you mean...” Yue Qun’s eyes widened in disbelief.

“Exactly what you’re thinking. Hmph! I won’t be at ease if I don’t do this! Don’t even think about me getting her some ten-thousand-year-old wild ginseng,” the patriarch of the Yue family said worriedly.

He was not a young man who was blinded by love. He would not fall out with others over a woman of unknown origin. Therefore, he had no choice but to do this. He still had doubts about the woman’s identity, but in fact, he already believed in Leng Wuxin’s identity in his heart. However, out of caution, he felt that it was better to let his son get what he wanted first. This way, when he brought the Ten Thousand Years wild ginseng to the Leng family to propose marriage, the Leng family could not refuse even if they wanted to!

“But I...” Yue Qun was suddenly a little scared!

“Useless thing, where did your boldness when dealing with other women go?” the patriarch of the Yue family scolded with a displeased face.

“Alright! I’ll do it!” Yue Qun gritted his teeth and left the study with the porcelain bottle in his hand...

On the way to the Heartless Garden, Yue Qun was actually very nervous. To be honest, this was a situation he had never experienced before. However, his heart instantly became resolute again when he thought that Xin’er would really belong to him soon!

At the entrance of the Heartless Garden, Yue Qun walked. He raised his head high and asked arrogantly, “Is Xin’er awake?”

“Miss is awake!” the freak said indifferently, ignoring Yue Qun’s rudeness.

“I want to see her. Go and notify her,” Yue Qun ordered.

“Miss invites Young Master Yue in.” At this moment, Leng Ruoxue opened the door, walked out, and bowed slightly.

“Hmph!” Yue Qun glared at the freak and snorted coldly. Then he strode directly into Leng Wuxin’s boudoir.

“Young Master Yue, please have a seat,” Leng Ruoxue said politely on purpose to remind him that she was a guest, even though this was his home.

After Yue Qun entered the room, the maidservant he deliberately left in the Heartless Garden to serve Leng Wuxin immediately brought two cups of tea and some snacks. Leng Ruoxue naturally prepared some food for her young miss and then left the room.

Outside the room, Leng Ruoxue dismissed the Yue family’s maidservant and sat on the bench in the flowerbed with the freak, which happened to be facing Leng Wuxin’s room.

“Xue’er, what should we do now?” the freak asked with a naughty smile.

#### **Chapter 514: Clam and Crane Fight (1)**

“Admire the scenery! The scenery in the Heartless Garden is really good. It’s obvious that Yue Qun spent a lot of effort here.” Leng Ruoxue looked at the scenery in the Heartless Garden with her bright eyes and praised.

“Every master here was once his favorite woman. How can he not be attentive?” the freak said nonchalantly. Hmph! Efforts? In his opinion, he probably didn’t have any good intentions!

“Freak, I think I smell something sour!” Leng Ruoxue teased with a light smile.

“No way!” The freak would never admit that he was a little unhappy to hear Xue’er complimenting another man!

“That’s good. Freak, let me lean on you for a while,” Leng Ruoxue said.

“Feel free to lean on me. There’s no need to stand on ceremony!” the freak said generously.

“I’m just informing you. I’m not being polite.” Leng Ruoxue leaned directly on the freak and closed her eyes. The two of them hugged like this...

In the room, a snow-white, translucent snake slipped out of the door and wrapped itself around Leng Ruoxue’s wrist as an ornament!

“Ah!”

Several hours later, an ear-piercing scream came from Leng Wuxin’s room, waking Leng Ruoxue and the freak who were pretending to be sleeping in each other’s arms. The two of them hurriedly stood up and ran toward the room...

In the room.

As soon as Leng Ruoxue entered the room, she saw disheveled clothes strewn all over the floor through the screen. Leng Wuxin was sitting on the bed crying while surrounded by a blanket. Yue Qun, who was beside her, was naked and seemed to be coaxing her...

“Xin’er, don’t cry. My heart aches so much from your crying. Alas! It’s all my fault. We weren’t able to control our emotions, but if I could control it, this wouldn’t have happened. Blame me if you want to! Don’t be angry enough to damage your body. I’ll be responsible for you. I’ll immediately go to the Leng family to propose marriage after I obtain the Ten Thousand Years Wild Ginseng, okay?” Yue Qun coaxed gently, his voice so gentle that water seemed to drip from it.

However, Leng Wuxin kept crying...

Leng Ruoxue listened at the door for a while and thought to herself, This Yue Qun is really an expert at coaxing women! If Leng Wuxin was a real woman, she would probably have to accept it if she heard this! However, she didn’t dare to delay for too long and ran directly toward the bed! She was stopped by Yue Qun after just two steps!

“Get out. Don’t come near.” Yue Qun ordered domineeringly.

“Miss, what happened?” Leng Ruoxue stood obediently on the other side of the screen and asked worriedly.

“It’s okay. Go out first. This has nothing to do with you.” Yue Qun directly ordered him to leave.

“Yes,” Leng Ruoxue answered and then obediently left the room.

The freak guarding outside the door couldn’t help whispering in surprise when he saw Leng Ruoxue coming out so quickly, “Xue’er, what happened inside?”

“I... I’m not sure either. Miss is crying very sadly, and Young Master Yue is coaxing her!” Leng Ruoxue choked up when she heard footsteps in the distance, her little face full of worry!

“Then why aren’t you serving Miss inside?” The freak’s eyes flashed as he roared furiously.

“Young Master Yue doesn’t allow me to stay inside,” Leng Ruoxue said aggrievedly with tears in her bright eyes.

“What happened?” The Yue family head rushed over when he heard the commotion and asked with a worried face.

“You are...” Leng Ruoxue looked at the middle-aged man doubtfully.

“This is our Yue family’s patriarch. Hurry up and greet him,” the butler-like middle-aged man said hurriedly.

“Oh, so it’s the Yue family’s patriarch. Sorry for being rude.” Leng Ruoxue bowed very politely.

“It’s okay. You don’t blame those who don’t know!” the patriarch of the Yue family said generously. He looked at Leng Ruoxue and the freak while he was at it and praised them in his heart. They were indeed servants raised by a super family. Their mental quality was really different. They might be anxious when

they encountered trouble, but they didn't panic at all. Alas! The difference! Therefore, he believed Leng Wuxin's identity a little more!

"By the way, where's your young miss? What happened just now? The Patriarch immediately brought people here when he heard that something happened in the Heartless Garden," the butler-like middle-aged man asked.

"Yes, is your young miss okay? She is an esteemed guest of our Yue family. Our Yue family can't bear the consequences if anything happens to her!" the Yue family's patriarch said with a worried face.

"I... I'm not sure what happened to Miss. Young Master Yue is coaxing Miss inside the room, not allowing me to come close," Leng Ruoxue said deliberately with some fear.

"Qun'er is inside? Then you don't have to worry. Qun'er will coax your young miss," the Yue family's patriarch comforted, his smug old face almost blooming with laughter.

"But it's been a long time," Leng Ruoxue said worriedly.

"Don't worry. Let Qun'er coax her for a while more. Come, let's sit in the garden!" the Yue family's patriarch said to Leng Ruoxue and the freak very kindly.

"Okay," Leng Ruoxue answered. Then she pulled the freak behind the patriarch of the Yue family and found a random place to sit in the garden.

"Don't be nervous. Let's have a casual chat!" Patriarch Yue said slowly after seeing the two of them sit down.

"May I know what Patriarch Yue wants to talk to us about?" Leng Ruoxue asked curiously.

"Hehe, it's just a casual chat. How long have you been following your young miss?" the Yue family's patriarch asked with seeming concern.

"We've been by Miss's side since we were young. It must have been a long time!" Leng Ruoxue said uncertainly. Hehe, the old fox was probing her!

"Oh, that should have been for a long time," the patriarch of the Yue family said gloomily. Did this ugly girl not understand what he said, or was there something wrong with his ability to express himself?

However, even though he was depressed, he still had to continue asking. Immediately after, he asked some more questions. However, he was completely depressed after asking because he couldn't get any useful information after asking for a long time.

Leng Ruoxue glanced at the Yue family head from the corner of her eye and saw that the old man's face was so depressed that it turned black. She couldn't help laughing secretly in her heart. Hehe, it's not so easy to pry open the mouth of this maidservant.

After a moment of silence, the door to Leng Wuxin's room was opened.

## **Chapter 515: Clam and Crane Fight (2)**

Leng Wuxin and Yue Qun walked out together. They were stunned when they saw the sudden appearance of people in the yard, but they quickly recovered!

“Father, why are you here?” Yue Qun asked in surprise. However, he couldn’t help but grumble in his heart at the same time. Father! Aren’t you a little too fast! I just settled Xin’er and you’re already here!

“I brought people here to take a look because I heard someone screaming in the Heartless Garden. I didn’t expect you to be here,” the patriarch of the Yue family said calmly.

“Father, Xin’er and I can’t control our feelings. We... Xin’er is already mine,” Yue Qun said shyly.

“What? How can this be? How can you treat Miss Leng like this?” the Yue family’s patriarch roared with a face full of anger.

“Uh! You must be Miss Leng! I’m sorry to have wronged you! Alas! I didn’t teach my son well! Miss Leng, don’t worry. I’ll go to the Leng family myself to ask for forgiveness.” He turned his head after shouting at his son and immediately put on a friendly smile as he said to Leng Wuxin. His face changed so quickly that it was speechless.

“Father, Xin’er and I are in love with each other. We love each other sincerely,” Yue Qun said aggrievedly.

“Uncle Yue, Big Brother Qun is right. However, I hope you can go to my house to propose marriage as soon as possible. Moreover, the betrothal gift must be ten-thousand-year-old wild ginseng. Otherwise, my parents won’t marry me to Big Brother Qun,” Leng Wuxin said shyly.

“Okay, okay, no problem. I’ll go prepare now,” the Yue family head said happily and left the Heartless Garden with his men after speaking!

After the patriarch of the Yue family left, Yue Qun couldn’t wait to pull Leng Wuxin into his arms and said happily, “Xin’er, I’m so happy. You finally belong to me.”

“Big Brother Qun, I’m tired and want to rest. Can you go back first?” Leng Wuxin’s beautiful face was full of pleading, and tears flashed in her beautiful eyes.

“Okay then. I’ll go back first. Xin’er, I’ll see you tomorrow,” Yue Qun said reluctantly.

“Okay.” Leng Wuxin nodded slightly and also reluctantly watched Yue Qun leave. However, he immediately vomited as soon as he turned around!

Leng Ruoxue and the freak looked at the vomiting Empty in surprise and thought, Uh! Isn’t this reaction a little too fast!

“Damn it, what kind of gaze is that?” Having vomited enough, he looked up and happened to see their expressions. Immediately, his anger surged!

“Uh! Nothing, nothing. You just had a stomachache!” Leng Ruoxue smiled awkwardly, her face full of understanding.

“Send me in quickly. I want to take a bath!” Empty roared furiously. Damn, he was hugged by a stinky man for so long. No wonder he was so disgusted that he vomited!

“Yes, yes!” Leng Ruoxue nodded. Then, with a thought, the three of them entered the bracelet together!

The first thing he did after entering the bracelet was to immediately return to his room to take a shower and wash away the stink that the stinky man had left on his body.

Leng Ruoxue and the freak sat in the garden as if they were watching a good show.

“Big Sister, I got the news just in time, right!” Qing Jue appeared in front of Leng Ruoxue, looking like he was asking for credit. Hehe, Big Sister had been angry with him for the past two days, so he had to be good.

“Not bad!” Leng Ruoxue said lightly.

“Master, I’m the one performing well, right? Hehe, it’s all thanks to my illusion!” The charm wrapped around Leng Ruoxue’s wrist couldn’t help asking for credit.

“Yes, Confound has done a great deed,” Leng Ruoxue praised generously.

“Big Sister, how can you treat us differently! Boohoo...” Qing Jue said aggrievedly. Tears quickly welled up in his eyes, but they refused to fall!

“Alright, stop pretending to be pitiful. Go to work quickly. The Yue family should be taking action soon in the next two days.” Leng Ruoxue pinched Qing Jue’s soft little face gently and exposed his thoughts.

“Boohoo... Big Sister doesn’t like Qing Jue anymore. Big Sister exploits child labor!” Qing Jue obediently turned and left, but he kept muttering as he walked!

“Stinky Qing Jue! You’re badmouthing me again!” Two drops of cold sweat dripped down Leng Ruoxue’s forehead as she listened to Qing Jue’s nagging.

“Haha, Xue’er, you’re so cute.” The freak smiled happily and stretched out his long arm to pull Leng Ruoxue into his arms.

“Freak, Empty returned to his room for quite some time, right?” Leng Ruoxue asked as she leaned in the freak’s arms.

“Yes, almost half an hour,” the freak guessed.

“How long does he intend to shower? Isn’t he an energy body? He can actually bathe?” Leng Ruoxue was really too curious.

“Of course.” Several black lines rolled down the freak’s forehead. Alas! It was still too early for Xue’er to come into contact with these things!

“What about?” Empty’s voice suddenly interrupted their conversation and sat down opposite them.

Leng Ruoxue looked up at Empty, who looked refreshed after taking a bath, and couldn’t help teasing,

“We were discussing your bath!”

“What’s there to discuss about my bath?” Empty’s beautiful face was full of question marks.

“Empty, won’t you become spoiled if you bathe?” Leng Ruoxue asked curiously.

“What do you mean?” Empty was puzzled. Did he miss something?

“Because you’re an energy body!” Leng Ruoxue said with a face full of surprise.

“Uh! Xue’er, the energy body isn’t made of paper. It can’t be broken.” Two drops of cold sweat dripped down Empty’s forehead as he said helplessly. Alas! Why did this girl always like to let her imagination run wild?

“Haha, that’s good. I was really afraid that you would melt!” Leng Ruoxue said with a light smile.

The three of them were teasing each other when the space in front of them suddenly fluctuated. Qing Jue appeared and said, “Big Sister, the Yue family plans to take action tomorrow night!”

“Got it. Qing Jue, get Cheng Wu and the others to think of a way to tell the other four families about this!” Leng Ruoxue ordered after some thought.

“Okay, Big Sister,” Qing Jue answered and then disappeared into thin air.

“Xue’er, do you intend to capture them all in one fell swoop?” Qing Jue asked curiously after leaving.

### **Chapter 516: Clam and Crane Fight (3)**

“Yes, but I’m afraid it won’t be enough!” Leng Ruoxue said thoughtfully. She was mainly afraid that these five major forces were still thinking about their Old Ancestor’s final words, so they were unwilling to let loose!

“The Yue family is the strongest among the five major factions. Not only do they have a Mystic Supremacy, but they also have the most Mystic Sovereigns. None of the four families will be a match for the Yue family in a one-on-one fight. However, the Yue family will definitely be defeated if they join forces. I wonder if the other four families will be together?” Empty guessed.

“Of course not. Moreover, I don’t want them to be too united. It’s better if they dragged each other down!” Leng Ruoxue said with a light smile. Hehe, the more chaotic the internal affairs of the five major factions, the more beneficial it was for her!

“Yes, it will save us a lot of trouble if they kill each other!” the freak agreed.

“Haha, we will know how far they will fight tomorrow night,” Leng Ruoxue said expectantly.

“Alas! It seems like I’m finally free. There’s no more need to pretend to be a woman,” Empty said with a sigh of relief.

“Not necessarily. The five major factions have deep roots. How can we let them suffer a huge blow just once! Therefore, you have to continue pretending!” Leng Ruoxue said with a naughty smile.

“How much longer do I have to pretend?” Empty asked gloomily with a long face.

“It won’t be too long. Moreover, I guarantee that Yue Qun won’t have time to pester you anymore. You can be at ease this way, right?” Leng Ruoxue said with a smile.

“Yes, that’s more like it.” Empty nodded with satisfaction. In fact, he understood what Xue’er meant. If they disappeared immediately after the five major factions fought, the five major factions would definitely suspect them. At that time, all their efforts these few days would probably be in vain. As the

saying went, acting had to be a complete act! Anyway, he had already disguised himself as a woman, so of course, he didn't care about pretending for a few more days.

"Then let's rest early today and rest up. Let's wait for the show tomorrow night!" Leng Ruoxue stood up and said expectantly.

"Okay," the freak and Empty answered in unison.

With that, Leng Ruoxue and the freak entered the purple bamboo hut to rest, and Empty returned to his room...

Late the next night, the moon was dark and the wind was high. It was the time when people slept the most soundly. At the same time, it was the best time to do bad things. Leng Ruoxue and the others arrived at the patriarch's mansion early and found a good spot on the roof to watch the show!

On the roof.

Leng Ruoxue leaned against the freak. There were several cute little beasts in her arms, and in front of them were all sorts of food and snacks. She drank small tea while enjoying the freak's feeding and teasing her beasts. It was so satisfying!

"Miss, our people are all hidden." The head butler was speechless when he saw everything in front of him. So Miss was really here to watch a show?

"Yes, Head Butler, tell them not to be too restrained. They are invisible, and the other party can't see them, so they can also be like me, just waiting to watch the show." Leng Ruoxue's beautiful eyes swept across the various corners and reminded. She specially asked Rise to cast an invisibility spell on each of them. Why did those people still look like they were facing a formidable enemy? Alas! The ones watching the show this time were all Mystic Sovereigns! Why were they still so timid!

"Uh! I told them," the head butler said helplessly. After all, it concerned their future lives, so none of them could be as relaxed as Miss!

"Oh, Head Butler, find a place to sit down too. Don't block my vision," Leng Ruoxue said lightly. Her grandfather in the bracelet had sent her a voice transmission just now, saying that the Head Butler was blocking them. Alas! These old men really couldn't do anything to them. They said they wanted to enter seclusion, but they wanted to watch a good show. She had no choice but to wake them up! Otherwise, she was really afraid that these old men would band together to settle the score with her!

"Uh, yes," the head butler replied with cold sweat dripping down his forehead. Then he sat down beside Leng Ruoxue and waited for her instructions.

In the bracelet.

"Why aren't the people from the Yue family here yet?" Old Man Zao looked around anxiously. They felt that they had entered seclusion since the lass wanted to carry out the 'honey trap' plan. However, she had promised not to forget them if there was a good show. Fortunately, the lass had a conscience!

"What's the hurry? It's not even dawn yet!" Lin Liang said as he sat on a stone chair, eating fruits in his hand.

"It'll be too late by dawn!" Old Man Zao roared furiously. Boohoo... Was it easy for him to come out of seclusion? He didn't know when he would be able to come out again in the future, yet he waited so long for nothing! How unprofessional!

"Haha, the wild monkey can't sit still anymore, right?" The old man smiled happily, gloating a little.

"Get lost! You're the wild monkey!" Old Man Zao glared at the old man and said fiercely.

"I didn't hug a tree to sleep!" the old man continued provoking fearlessly.

"You..." Old Man Zao was about to roar when he saw the people from the Yue family. His attention was immediately attracted, and he had long forgotten to bicker with the old man!

"The show is about to begin. Everyone, focus!" Qing Jue stood in front of the light curtain he created and took the role of the commentator on the scene.

"It's over! The Yue family has been completely surrounded. The show has officially begun!" Qing Jue said excitedly.

The atmosphere in the bracelet was lively and fiery. Leng Qingtian and the others, as well as the beasts, were all focused on the light curtain, afraid that they would miss any exciting scene. Boohoo... They might not be able to see it live but a live broadcast would do as well! They would also cheer and encourage both sides in the battle!

The excitement of watching the commotion was high, but the protagonists of the battle were not in a good mood. The people from the Yue family, who were surrounded, were depressed to death, and the other four families were not in a good mood because this should be the first true battle between them. All the elites from the five parties were deployed. The previous ones might occasionally have large-scale casualties, but it was only a small fight compared to this one!

#### **Chapter 517: Clam and Crane Fight (4)**

"Yue, you're really too shameless. You actually came to my Yu family to rob me!" The Yu family's patriarch took the lead to launch an attack. Hmph! They had already decided to fall out anyway, so why should he leave any face for Yue!

"He has always been shameless, isn't this normal!" The Ni family head added oil to the fire. Hmph! His son was beaten up badly by Yue Qun, and now he was lying in bed, unable to move! Therefore, he had wanted to take revenge for his son for a long time, and at the same time, vent the wronged anger he had suffered for many years. It just so happened that the Yu family had the same intentions, so they hit it off immediately!

"Why are you wasting your breath on him? Let's start fighting directly!" The patriarch of the Zhao family was impatient. He couldn't help becoming a little anxious seeing that they didn't start fighting for a long time!

"Hmph! Don't blame me for not caring about the past since you want to die." The Yue family head's face darkened as he forced himself to be calm and said coldly. His heart had been searching for someone who might betray him, but he couldn't think of who it was after thinking for a long time because only his

trusted aide knew about their operation today. He was very sure that his trusted aide would never betray him.

“Caring about the paste? Have you ever gone anything for us? Hmph!” the Fang family’s patriarch snorted disdainfully.

“Since you think so, don’t blame me for being heartless!” The Yue family’s patriarch took out his weapon with slight anger and injected mystic energy into it to attack the Fang family’s patriarch directly. Everyone from the Yue family also found their opponents to prepare for a fight when they saw the patriarch taking action...

The patriarch of the Fang family dodged quickly, avoiding the sharp attack. However, he couldn’t help breaking out in cold sweat. Damn, everyone was talking. Why did this lunatic look for him first? He was so angry! At the same time, he didn’t forget to ask for help. “Hurry up and help!”

“Everyone, follow the plan,” the Yu family head ordered after seeing the situation. That old man from the Yue family was a Supremacy. He didn’t know if the four of them could deal with him. However, they had to injure him seriously even if they couldn’t kill him. Otherwise, their plan would be in vain!

The moment the patriarch of the Yu family finished speaking, the four of them joined forces to deal with the patriarch of the Wan family. The subordinates of the four families also separately fought with the people of the Yue family. For a time, saber lights and sword shadows flashed non-stop in the patriarch’s mansion, and colorful mystic energy flew everywhere. The mystic cultivators fell to the ground as if they were relays and lost their lives forever. The five great forces of Ten Thousand Mountain City treated the Yu family’s mansion as their battlefield, and they were carrying out a battle of destiny here...

On the roof.

Leng Ruoxue narrowed her eyes as she watched the battle below and nodded with slight satisfaction. Well, this was more like it! She just didn’t know how many elites would the five major forces lose after this battle? However, the more the better!

“Miss, this... this is too intense!” The head butler was a little dumbfounded as he looked at the intense battle in the yard and murmured.

“Yes, get used to it. In fact, the five major forces have long had a deep grudge. Otherwise, a small ‘honey trap’ would not have such an effect. What they need is just a fuse to blow up the conflict between them, and I happened to give them one,” Leng Ruoxue explained lightly.

“Yes, I understand,” the Head butler said respectfully. He really admired Leng Ruoxue now!

“Without the suppression of the five major factions, the people you took in should be able to fend for themselves in the future!” Leng Ruoxue looked at the butler.

“Yes, definitely. Miss saved them,” the Head butler said quickly.

“There’s no need to flatter me. I’m not doing this for them, but for myself. They are big trouble, and I hate trouble the most!” Leng Ruoxue said without giving them any face. In fact, she just wanted to find a corner for them and help those troubles along the way.

“Uh!” The Head Butler was depressed. Why did others always suck up to the right person but him? This was too unfair. Boohoo...

“Head Butler, the strength of the five major factions was greatly damaged this time, they have been operating in Myriad Mountain City for many years after all, so it’s best for you not to act rashly for the time being!” Leng Ruoxue said after some thought.

“Yes, I understand,” the main butler quickly replied. He would not be anxious. He had survived for so many years. Couldn’t he wait for this little time?

“Okay, let’s go back first. There should be an outcome tomorrow,” Leng Ruoxue said when she saw that the fight in the patriarch’s yard was almost over. There was no point in staying any longer.

“Yes.” The head butler nodded.

Leng Ruoxue stored the other beasts in the bracelet, leaving Quill outside. Quill carried them back to the Heartless Garden.

After returning to the room in the Heartless Garden, Leng Ruoxue brought the freak into the bracelet. Leng Qingtian and the others were already waiting for them!

“Xue’er, you’re here,” Leng Qingtian said happily, his face full of joy. Hehe, his granddaughter’s plan was very successful!

“Grandpa, why are you so excited?” Leng Ruoxue asked in puzzlement. Uh! Did she miss something?

“Haha, lass, we can do whatever we want in Myriad Mountain City from now on,” Old Man Zao said happily, his old face almost blooming with laughter.

“Do whatever we want? The five major factions are deeply rooted and not so easy to uproot.” Leng Ruoxue was not as optimistic as Old Man Zao. How could a one-time internal strife destroy the five major factions so easily! If that was the case, the five major factions would have been replaced long ago. They would not have been able to dominate Myriad Mountain City for so many years.

“Then what should we do? Are we going to give up this good opportunity?” Old Man Zao said with some pity. Many Mystic Sovereigns had died in the five major factions tonight! He felt that they should seize this opportunity!

“It’s still a little early. Wait a while more!” Leng Ruoxue said very cautiously. There were several Mystic Sovereigns among her subordinates, but other than Cheng Wu and a few others who were relatively stronger among the Mystic Sovereigns, the other Mystic Sovereigns were only at the bottom among the same level. They could be said to be of little use if they really fought each other.

“Xue’er is right. We can’t rush this matter.” Leng Qingtian immediately understood his granddaughter’s thoughts after some thought.

### **Chapter 518: The Dust Settles (1)**

“Grandpa, I think you can just enter seclusion peacefully. Leave this to the head butler and the others,” Leng Ruoxue suggested.

“Yes, we are too weak now. It will be difficult for us to do anything. The most important thing now is indeed to improve our strength as soon as possible,” Leng Qingtian agreed.

“Lass, then let’s continue our seclusion!” Old Man Zao said tactfully. Boohoo... He was still a Mystic. He didn’t know when he would be able to break through to become a Great Mystic. Alas! He didn’t dare to think about the Mystic Monarch now. It was too far away from him!

“Okay.” Leng Ruoxue nodded and watched the reluctant old men enter their rooms before turning her gaze to Zero.

“No. Do you think the Yue family will seek help from the Leng family?” Leng Ruoxue asked curiously.

“I wouldn’t ask for help if I were him. Hehe, this is really embarrassing for him. After all, he is also a Mystic Supremacy,” Empty said with a smile. Based on his understanding of the Yue family’s patriarch, that old man should be a cautious and prideful person, so he would never ask for help.

“Okay.” Leng Ruoxue nodded in agreement. She wanted to go with him on this point. However, she had to be careful. It would be a little troublesome if the old man turned his face away and didn’t ask for help from the Leng family! Therefore, she had to be careful!

“Xue’er, don’t worry. That old man will definitely not be able to put down his dignity,” Empty said with certainty.

“Yes, Empty. It’s getting late. Let’s go and rest.” Leng Ruoxue looked at the time and said. Then she entered the purple bamboo hut with the freak...

In the next few days, Myriad Mountain City fell into silence. The commercial flow of Myriad Mountain City was as normal as usual, there was a strong tremor among the upper echelons of the five major factions. Everyone was in danger because only they knew how tragic the battle late at night was. Countless Mystic Monarchs and Mystic Sovereigns were either dead or injured! Nearly two-thirds of the strength of the five major factions had been lost! Now, the five parties had entered a dormant period to recuperate and wait for an opportunity to take action!

At the main residence of the Yue family.

In the Patriarch’s room...

The patriarch of the Yue family lay on the bed with injuries all over his body. His face was very pale at this moment, and his originally handsome face had a worried frown. Moreover, he didn’t say a word, so no one knew what he was thinking!

“Father.” Yue Qun’s voice sounded in the room, and he strode in.

“Qun’er, how’s the investigation going?” The patriarch of the Yue family looked up and asked coldly when he heard his son’s voice. Alas! The loss this time was really too serious. Not only did he obtain nothing, but he also completely fell out with the other four families. Moreover, he didn’t dare to trust anyone easily except for his son now. At least, everyone was very suspicious before he found out who betrayed him!

“Father, I didn’t find out. I’m sorry. I was too useless,” Yue Qun said self-reproachfully.

“Qun’er, how can I blame you? That traitor is too cunning,” the Yue family head said through gritted teeth. Hmph! If he found that person, he would definitely tear that person who dared to betray him into pieces!

“Father, I will continue to send people to monitor everyone. Don’t worry!” Yue Qun promised.

“Yes, Qun’er. Father might be injured badly, but the other four old things are not any better than me. Hmph! Tell everyone to be alert lest they launch a sneak attack,” the Yue family’s patriarch ordered.

“Yes, I will,” Yue Qun said.

“Qun’er, did you invite the alchemist I asked you to invite?” the Yue family’s patriarch asked. His injuries were too serious. It was very difficult for him to recover unless an Alchemy Supremacy specially concocted a heaven-grade pill to treat his injuries!

“Father, I’ve already sent people to look for him. However, they have also reported that the alchemist isn’t at home now,” Yue Qun said gloomily. He had also heard that there was a mysterious and powerful alchemist in Myriad Mountain City. He immediately sent people to invite him after Father was injured, but he didn’t find him.

“Get someone to guard his house. Invite him back immediately if you find his whereabouts. In addition, send someone to the Alchemist Association to invite an Alchemist Supremacy over!” the Yue Family Patriarch ordered. He couldn’t hang himself on a tree! If he couldn’t find this alchemist, then he had to go to the Alchemist Association, even though it would take a lot of time to go there and back.

“Father, I’ve already sent people there,” Yue Qun said.

“Yes, Qun’er, you’re really becoming more thoughtful now,” the Yue family’s patriarch said very happily.

“Father, you are the pillar of our Yue family. How can I let anything happen to you!” Yue Qun said fearfully. Alas! He knew very well that if something happened to his father, their Yue family would be completely finished. He could not support the Yue family with his current strength.

“Qun’er, don’t worry. Father will be fine. Alas! Father is tired. Go out first!” the Yue family’s patriarch ordered and then closed his eyes.

“Father, rest well.” Yue Qun left quietly after speaking.

For the past few days, the entire Yue family, old and young, were on high alert. However, the Heartless Garden was a relaxed and happy scene.

In the garden.

Leng Ruoxue, the freak, and Empty were sitting on a stone bench, drinking tea and eating snacks, especially Empty. He felt so good without that annoying man pestering him...

“Miss, your fiancé is so busy now that he doesn’t have time to visit you. Why aren’t you worried at all?” Leng Ruoxue looked at the slightly smug Empty and teased softly.

“Damn girl, why did you mention him?” Empty gritted his teeth and looked at Leng Ruoxue with displeasure on his beautiful face.

“Xue’er is right. I also think you’re too heartless,” the freak added oil to the fire.

“Do the two of you want to anger me to death? It wasn’t easy for us to have some peace and quiet for a few days. He didn’t come to bother me, but you mentioned him instead,” Empty roared furiously. He could finally tell that these two people were doing it on purpose. They wanted to anger him to death! Hmph! Two baddies!

“Haha, freak, I’m right, right? Empty turned hostile.” Leng Ruoxue said with a light smile. Hehe, she just made a bet with the freak, saying that Empty would definitely turn hostile if he heard anything related to Yue Qun. The freak didn’t believe it. He lost to her now!

## **Chapter 519: The Dust Settles (2)**

“Yes, you won!” the freak said with eyes full of affection, his face not depressed at all from losing!

“Damn it, you actually used me as a bet?” No one listened as their lungs were about to explode. Were these two people too bored recently?

“Yo, are you really angry? I was just joking with you. Don’t tell me you’re so petty?” Leng Ruoxue coaxed helplessly. Alas! Empty’s temper had been getting worse recently. She really didn’t know if his menopause had arrived!

“Hmph! Why don’t you think about how to let them continue fighting if you have the time to bet with me? They have been calm for a few days.” Empty reminded them. The five major forces were heavily injured now, and they would probably not start a conflict for the time being. This way, their plan would have to be delayed again. That was not the outcome he wanted to see!

“Haha, don’t worry. I have my own plans.” Leng Ruoxue smiled mysteriously.

“Uh, what did you do behind my back again?” Empty asked curiously.

“Nothing?” Leng Ruoxue pretended to be stupid.

“Do you know?” Empty turned his head and asked the freak.

“Know what?” The freak pretended to be stupid.

“You... are too disloyal. We are comrades. How can you hide it from me!” Empty said aggrievedly. Tears welled up in his beautiful eyes, and he looked like he was about to cry!

“Uh!” Leng Ruoxue was at a loss for words. Empty was also using this move!

“Xue’er!” Leng Ruohan’s voice suddenly sounded in Leng Ruoxue’s head.

“Big Brother is out of seclusion!” Leng Ruoxue said happily. At the same time, she brought the freak and Empty into the bracelet with a thought.

After entering the bracelet, Leng Ruoxue looked at the stunningly beautiful man standing not far away from her and couldn’t help but throw herself into his arms. She choked up a little and said, “Big Brother, I missed you so much!”

“Xue’er, Elder Brother misses you too.” Leng Ruohan hugged his beloved sister tightly and said excitedly.

Empty stood a few meters away from Leng Ruoxue and her brother, looking at the extremely discordant handsome man and ugly woman hugging each other. He poked the freak with his arm gossipily and said, "Hey, why aren't you jealous? It's really too rare."

"That's Xue'er's elder brother!" The freak glared at Empty fiercely and said with slight displeasure. "Hmph! How could he not be jealous? He just didn't show it!"

"Oh~!" Empty deliberately dragged out his voice and said in realization.

"What are you doing? Come over quickly." Leng Ruoxue turned to look at the freak and Nothing after hugging her brother warmly and urged them.

"Coming," the freak said hurriedly. He took two steps and arrived in front of Leng Ruohan.

"Big Brother, you've finally emerged from seclusion," the freak said happily.

"Yes, I can finally break through to the Spiritual Deity with my own strength," Leng Ruohan said excitedly. The day before they left the Ling Feng Continent, he, Feng Da, and the others decided to enter seclusion because their strength was too low and they would not be of much help to Xue'er when they arrived in the Upper Realm. Therefore, they all unanimously decided that they would definitely not come out of seclusion unless they reached the Spiritual Deity Realm. Today, his wish was finally fulfilled, and he could fight alongside Xue'er again.

"Haha, Big Brother, congratulations!" Leng Ruoxue said happily.

"Alas! Xue'er, I don't know your level at all now. It seems like I'm much behind you again!" Leng Ruohan sighed softly and said helplessly.

"Big Brother, don't worry. The cultivation methods in this world might be slightly different from those on our Ling Feng Continent, but with your aptitude, you can catch up to us quickly," Leng Ruoxue comforted.

"Yes, I will work hard," Leng Ruohan said with great determination. He would stand by his sister's side and fight alongside her in the future, so he naturally would not give up on himself!

"Big Brother, his name is Empty. We met here." Leng Ruoxue pointed at Empty and introduced him to her brother.

"Hello." Leng Ruohan sized up Empty and said very friendly. Since he could enter this place, Xue'er must believe him very much, so Leng Ruohan naturally believed this man because he believed in Xue'er's taste!

"Hello. I've heard a lot about you, but what I'm more curious about is how do you know that she's definitely your younger sister? She looks different from your younger sister, doesn't she?" Empty said in puzzlement. He heard that Leng Ruohan and the others had already entered seclusion before they arrived at the Boundless Heaven Continent. Then he shouldn't know that his younger sister had changed her appearance. But why didn't he suspect that the person in front of him was not his younger sister at all?

"How can I mistake my own sister? I will recognize her at a glance no matter what she becomes," Leng Ruohan said very confidently.

“Uh, impressive,” Elder Brother said with admiration. Alas! No wonder Xue’er kept saying that she had a good brother! He was really envious of the deep relationship between the siblings!

“Take your time chatting. Big Brother, I’ll bring you to a place where you can advance!” Leng Ruoxue suggested. Uh, when would Feng Da and the others come out of seclusion?

“Okay.” Leng Ruohan nodded.

After that, Leng Ruoxue left the bracelet with the freak and summoned Quill and Rise. She got Quill to cast an invisibility spell on them and then got Quill to carry them to the uninhabited deep stream!

After reaching the deep stream, Leng Ruoxue moved her brother out of the bracelet, and then stood quietly by the side with the freak...

After a long while.

The Heaven Earth Laws finally descended into the deep stream, and Leng Ruohan officially advanced to the Spiritual Deity realm. His beasts also advanced individually...

After the advancement, Leng Ruoxue and the others quickly returned to the Heartless Garden...

Half a month later.

Leng Ruoxue and the others had been staying quietly in the Heartless Garden for the past half a month. They drank tea and chatted every day, and they carefully observed every move of the five great factions of Ten Thousand Mountain City through Qing Jue. They watched quietly!

During this period, several intense battles broke out among the five major forces. Among them, the patriarch of the Yu and Zhao families were accidentally killed by the Yue family in chaos. Yue Qun also led the experts of the Yue family and took the opportunity to destroy the leaderless Yu and Zhao families. At this point, the Yu and Zhao families officially disappeared from the five major forces, and the battles between the other three major forces were still going on endlessly...

### **Chapter 520: The Dust Settles (3)**

However, what made Leng Ruoxue the happiest was not the battle situation between the five great factions, but that Feng Da and the others had emerged from seclusion! Moreover, each of them could advance to Spiritual Deity!

After a short gathering, Leng Ruoxue brought them to the uninhabited deep stream to advance. Then she sent her beasts to send her brother, Feng Da, and the others to Windless City where Lan Ming was to transmute spiritual power...

At this moment, more than ten days had passed since Leng Ruohan and the others left the Heartless Garden. However, they had yet to return, so Leng Ruoxue couldn’t help being a little anxious.

In the garden of the Heartless Garden.

“Xue’er, it’s only been more than ten days. Don’t worry, it will probably take a few days for them to convert their spiritual power!” The freak comforted helplessly as he looked at Leng Ruoxue pacing around the garden.

“That’s right. What’s there to worry about? They have such good aptitude, so they will definitely take longer to convert spiritual power than ordinary Spiritual Deities. Moreover, didn’t Icy accompany them too!” Empty comforted.

“I know, but I just can’t help but worry!” Leng Ruoxue said helplessly. Alas! Concern led to confusion. Those people were her relatives, so how could she not be worried?

“I think you should focus your energy on the three major factions now. We’ve stayed here for long enough.” Empty reminded. Fortunately, Yue Qun did not have time to harass him during this period of time. Otherwise, he would definitely be depressed to death!

“I didn’t forget them!” Leng Ruoxue said with a naughty smile.

“Uh! What did you do again?” Empty asked doubtfully. Was she hiding it from him again?

“Hmph! I didn’t do anything!” Leng Ruoxue turned her face to the side and deliberately ignored Empty!

“You didn’t tell me again. Boohoo... You actually teamed up to bully me! You’re so evil!” His handsome face was full of grievance as he complained with a slight sob.

Unfortunately, his pitiful appearance was once again ignored blatantly by Leng Ruoxue and the freak...

The next day.

The news that Yue Qun was killed by the combined forces of the Ni and Fang families shocked the entire Yue family. The patriarch of the Yue family ignored his injured body and led people into the Ni and Fang families in a fit of anger, and an intense war broke out between the two families...

“Empty, we can leave now!” Leng Ruoxue turned to Empty in the Heartless Garden.

“Great, we can finally leave.” A smile appeared on the incomparably handsome face. He really wanted to leave this birdcage!

Leng Ruoxue summoned the little peacock from the bracelet. The three of them sat on its back and left the Heartless Garden, flying directly to the village they were staying in...

In the hut behind the mountain.

Leng Ruoxue sat on the main seat. On each side of her were the Freak and Empty. The head butler and Cheng Wu stood in front of them and reported the results of their work!

“Miss, there are no more five major forces in Ten Thousand Mountain City now,” the Head butler said excitedly. Yesterday, the Yue family had a very tragic battle with the Ni and Fang families, and they took advantage of the chaos to attack. When both sides fought until both sides were injured, the fisherman benefited and became the final winner. Alas! The heads of the five major forces thought they were famous all their lives, but they died in a daze in the end. How tragic!

“Yes, how many people are still attached to the five major forces?” Leng Ruoxue asked after some thought.

“Not many. Only a few small fries are left. The powerhouses above the Mystic Monarch basically died in these few battles,” the main butler explained.

“What do you intend to do with those people?” Leng Ruoxue asked again.

“Please enlighten us, Miss!” The head butler’s and Cheng Wu’s eyes met as they said in unison. They were completely convinced by Leng Ruoxue now.

“If you want to keep them for your own use, get them to establish a loyalty contract. Otherwise, deal with them all!” Leng Ruoxue said without any emotion. She was not a compassionate person, nor would she pity her enemies. Her kindness would only be reserved for her own people!

“Yes,” the head butler and Cheng Wu quickly answered. They knew that their Miss meant to let them decide!

“Miss, the shops in the inner city are now under our control. What are your plans, Miss?” the head butler asked very respectfully.

“Head Butler, I told you that you will be in charge of Myriad Mountain City in the future. You can discuss those things by yourself. Don’t ask me everything!” Leng Ruoxue said very irresponsibly.

Upon hearing Leng Ruoxue’s words, the freak couldn’t help but chuckle. Hehe! It seemed like Xue’er was planning to leave everything to him. Seeing this scene, he couldn’t help thinking of how Xue’er was also so cute and troublesome back in the Ling Feng Continent!

“Uh!” The head butler was stunned and a little dumbfounded when he heard Leng Ruoxue’s words. What did Miss mean? Did she not want to care about them anymore?

“Miss! You can’t leave us alone!” the head butler said sadly and looked at Leng Ruoxue resentfully with the eyes of a wronged little wife.

“Head Butler, you are already an adult and don’t need others to take care of you.” Leng Ruoxue’s forehead was full of black lines as she said speechlessly, What was he planning to rely on her for?

“We do, we really need Miss’s wise guidance,” the head butler said shamelessly.

“That’s right. We need Miss’s wisdom and decisiveness!” Cheng Wu quickly echoed.

“Head Butler, I don’t have the intention to lead you. I only took a liking to your village because I wanted to find a place to stay. In fact, the reason why I helped you was mainly because I found you troublesome. However, we live on the same mountain after all, so I only helped you a little as payment for lodging, that’s all.” Leng Ruoxue declined. Well, she didn’t want to be stuck with this group of people. Otherwise, she would have endless worries in the future!

“Miss, you didn’t pay for lodging. You bought the entire Myriad Mountain City, including us of course!” the head butler said pitifully, so anxious that he was about to cry!

“Is that so! Since I paid too much, convert it into money and return it to me!” Leng Ruoxue frowned and said helplessly.

“Uh! We don’t have money, only those shops and ourselves. Why don’t you take it back, Miss!” the head butler said with a smile.
