

## Crazy Wife 591

### Chapter 591: The Case Caused By A Dessert (5)

"Of course it makes sense. By the way, Xue'er, where are we going?" the freak asked very proudly.

"Let's go back to the inn! Let's eat something in the hall and then go back to our rooms to rest!" Leng Ruoxue said after some thought. The food in the space was incomparably delicious, but she still wanted to try the local delicacies everywhere.

"Okay, okay. I'm hungry." Icy nodded in agreement.

"You're a foodie." Leng Ruoxue was a little helpless. Why didn't Icy eat or sleep?

"Hehe, food is everything to the people! Sleeping is for cultivation!" Icy said matter-of-factly, not feeling that there was anything wrong with liking to eat and sleep!

"Xue'er, let's go quickly!" Wayless really didn't dare to stay on the streets anymore.

"Yes, haha!" Leng Ruoxue smiled and nodded. Then the three of them and the beast returned to the Moon Gazing Restaurant.

"Why are you back so soon? Moon Gazing City is very lively." The shopkeeper couldn't help asking curiously when he saw Leng Ruoxue and the others entering the inn as soon as he looked up.

"Uh, it's a little too lively. It's not suitable for us. We prefer to keep a low profile." Two large drops of cold sweat dripped down Leng Ruoxue's forehead. Alas! They wouldn't have gone out if they knew that the citizens of Daoist Temple and Moon City were so crazy.

"Haha, the Flower Conference is about to be held. The mood of the citizens is at its peak now!" The shopkeeper couldn't help saying understandingly when he saw the unnatural expressions of the three of them. Alas! With their appearance, they would definitely be surrounded and watched when they went out! He forgot to remind them just now!

"Yes, Shopkeeper. We want to eat something. Come up if there's anything delicious," Leng Ruoxue said bluntly. Then the three of them and the beast found a window seat and sat down.

"Okay, please wait a moment," the shopkeeper said hurriedly. Then he called a waiter and ordered softly!

A few minutes later, the dishes were served one by one.

"These are our signature dishes. Please enjoy!" The shopkeeper said politely and left.

Icy jumped onto the dining table impatiently as soon as the shopkeeper left. It picked up a big chicken leg and began munching on it.

Leng Ruoxue took a few bites of each dish and stopped eating. The freak and Empty were the same.

"Doesn't the food suit your tastes?" The shopkeeper couldn't help asking in puzzlement when he saw Leng Ruoxue and the others casually eating a few mouthfuls of food.

“No, we’re not too hungry!” Leng Ruoxue said helplessly. Alas! It seemed that in the shopkeeper’s eyes, the three of them were not satisfied with the dishes of Moon Gazing Restaurant other than Icy!

“Oh!” The shopkeeper answered gloomily. Alas! It seemed like no one was hungry except for the puppy, which was starving and eating happily!

At this moment, the waiter served another plate of exquisite snacks and placed them in front of Leng Ruoxue and the others.

“These snacks taste good. You can try them,” the shopkeeper said and looked at Leng Ruoxue and the others expectantly.

“Okay!” Leng Ruoxue braced herself and took a small piece of white dessert into her mouth under the shopkeeper’s hopeful gaze...

“Miss, how is it?” the shopkeeper couldn’t help asking.

“Very good,” Leng Ruoxue praised. The dishes from the Moon Gazing Restaurant might seem ordinary to her, but the snacks were really good. They were full of milk fragrance and melted in her mouth, neither sweet nor greasy.

“Haha, as long as Miss likes it,” the shopkeeper said happily.

“Shopkeeper Meng, didn’t you say that there are no more fragrant milk cakes? Why does she have them?” Before Leng Ruoxue could say anything, they heard an unruly female voice in their ears.

Leng Ruoxue looked in the direction of the voice and saw a woman in red standing at the staircase. She was very beautiful, but the angry expression on her exquisite and beautiful face ruined this beauty.

Alas! They were looking for trouble again. Leng Ruoxue couldn’t help but sigh. She couldn’t understand why they would encounter trouble every time they ate in the hall of the inn.

“No, this is the last plate. It was specially reserved for Miss Leng,” the shopkeeper said honestly. He couldn’t help frowning slightly and hiding the disgust in his heart.

“Miss Leng? What Miss Leng? Hmph! Don’t think you can be related to the Leng family just because your surname is Leng.” The woman in red roared at Leng Ruoxue with contempt, but the jealousy in her eyes revealed her thoughts.

“Did I say that I’m related to the Leng family? The Leng family is the Leng family, and I’m me,” Leng Ruoxue said with some displeasure. It was very unbecoming of her to bicker with such a crazy woman. However, that woman actually involved the Leng family. How ridiculous. The last thing she wanted was to be related to the Leng family.

“Hmph! I don’t think you have anything to do with the Leng family,” the woman in red said very proudly. Then she glared fiercely at the shopkeeper and roared furiously, “Do you know who I am? You can stay if you want to. Why should she?”

“Miss Wu Qian’er, Miss Leng is the noble shop of our inn. She lives in a luxurious suite,” the shopkeeper said indifferently without even looking up.

“Luxurious suite? I don’t believe it. Can she afford to stay in it?” Wu Qian’er didn’t believe the shopkeeper. In her opinion, the shopkeeper was obviously making excuses for the woman who snatched her milky fragrance cake! In her eyes, Leng Ruoxue couldn’t afford to stay in such an expensive guest room because she couldn’t bear to!

“I can’t do anything if Miss Wu doesn’t believe me,” the shopkeeper said nonchalantly. Hmph! Did Wu Qian’er really think that the position of the future young master and wife of the Guan Yue family was fixed on the board? One had to know that anything could change at any time.

“Damn it, what’s with your attitude?” Wu Qian’er said very angrily, and she couldn’t help cursing in her heart. Hmph! He was just a shopkeeper, but he actually dared to treat her like this. When she became the young madam of the Guan Yue family, the first person she would deal with would be him!

“Miss Wu, of course I’m treating you like a guest,” the shopkeeper said nonchalantly.

“You... Do you know who I am? How dare you treat me as a guest!” Wu Qian’er asked again angrily.

### **Chapter 592: The Case Caused By A Dessert (6)**

“Miss Wu, you are the daughter of the Wu family and a guest of the Moon Gazing Restaurant. I know very well,” the shopkeeper explained.

“You...” Wu Qian’er was so angry that she couldn’t say anything. Hmph! She was the future young master’s wife of the Guan Yue family. This damn shopkeeper actually pretended to be stupid! She was really angry!

“Damn it, those are my snacks. You’re not allowed to eat them.” Wu Qian’er took a deep breath and composed herself. She was about to defend her future status and argue with the shopkeeper when she realized that Leng Ruoxue had placed another piece of fragrant milk cake in her mouth. Moreover, it was in front of her. This was obviously a provocation to her! Therefore, she was immediately angry!

“Miss Wu, are you talking to me?” Leng Ruoxue looked at Wu Qian’er with a spurious smile. There was no emotion on her beautiful face. Alas! Why did this woman have to provoke her?

“Who else can it be but you? Those are my snacks. You’re not allowed to eat them!” Wu Qian’er roared in anger and embarrassment. Then she pounced at Leng Ruoxue!

“Get lost!” The freak looked at the woman pouncing at Xue’er with great disdain and kicked her away without any pity for the fairer sex. Hmph! Anyone who dared to bully Xue’er, regardless of gender, would be eliminated!

Wu Qian’er, who was not mentally prepared at all, rolled a few rounds in the hall after being kicked by the freak. Then, she rolled out of the inn’s door in front of everyone...

“Amazing!” Empty praised. He originally wanted to attack, but this freak beat him to it. Alas! Why did this unlucky woman have to touch this wife-protecting maniac’s weakness!

“Uh!” Leng Ruoxue was stunned when she saw Wu Qian’er rolling out of the inn in an extremely disheveled manner with her face covered in dirt. Then she couldn’t help muttering in her heart, Is this a bloody case caused by a snack? The freak’s kick wasn’t light! In fact, she didn’t take that woman seriously at all, but she was still very happy with the freak’s protection!

The shopkeeper, who was very close to them, naturally saw the freak's kick clearly. He rubbed his eyes, not believing the fact that he saw it with his own eyes. Wu Qian'er actually really rolled out of the inn. This man was really too amazing, his idol!

The few people who were eating in the hall watched as the daughter of the Wu family rolled out of the inn like a ball. Their mouths were open in surprise, and their faces were full of disbelief...

"Uh! Erm... Everyone, she is the daughter of the Wu family!" The shopkeeper wiped the cold sweat off his forehead and reminded cautiously.

"We know. Didn't you say it already?" Leng Ruoxue said with a light smile. Hehe, so what if she was the daughter of the Wu family? She wasn't even afraid of the Lan family, let alone the Wu family!

"The Wu family won't let the matter rest," the shopkeeper said helplessly. Alas! The Wu family had always been overbearing and domineering. If these people didn't have any backing, they would probably end up badly. In fact, he had a good impression of these people, so he didn't want them to become prisoners of the Wu family!

"Shopkeeper, is the Wu family you're talking about very powerful?" Leng Ruoxue asked in puzzlement. She had heard the most from the three major super families and the several major headquarters on the Boundless Heaven Continent. As for the Wu family and the like, they were rarely mentioned!

"The Wu family might not be comparable to our Guan Yue family, but it can also be considered a top family on the Boundless Heaven Continent," the shopkeeper explained speechlessly. Alas! So you don't know the Wu family's situation at all! Is this considered being unafraid of those who don't know?

"What's there to be afraid of if you can't even compare to the Guan Yue family?" Leng Ruoxue said nonchalantly. She might not have any backing, but she was not even afraid of a super alligator like the Lan family, so why would she be afraid of a mere Wu family.

"Miss, you should be careful anyway. The Wu family is very despicable," the shopkeeper reminded kindly. Alas! This matter had something to do with him, so he really didn't want anything to happen to these people.

"Yes, we will be careful," Leng Ruoxue said very respectfully. She knew that this shopkeeper was doing this for their own good. This matter was triggered by a piece of dessert, but it was also an unexpected calamity!

"Miss, take care. I'll take my leave first," the shopkeeper said. He turned and left after speaking. Alas! He still had to send someone upstairs to inform the Wu family about Miss Wu's condition. Who should he send? He thought about it but couldn't find a suitable person. It seemed like he had to go upstairs himself.

However, before he could do anything, the Wu family had already come downstairs to look for him.

"Shopkeeper, have you seen my young miss?" A young woman who looked like a maidservant walked to the shopkeeper, bowed, and asked softly.

"Didn't see her? Did Miss Wu go downstairs?" The shopkeeper lied through his teeth. Uh! He hadn't thought of what to say yet!

“Yes! Miss said she wants to take a look downstairs,” the maidservant said shyly.

“Hehe, I’m sorry. I was busy just now and didn’t notice if Miss Wu went downstairs. Why don’t you ask the other waiters!” the shopkeeper suggested with a very natural smile on his face. No one would suspect that he was lying through his teeth.

The maidservant’s gaze turned to the waiters in the hall. However, before she could ask, the waiters took the initiative to confess. “We didn’t see Miss Wu either.”

“Oh, then where did Miss go?” the maidservant murmured without suspicion. Then she walked out of the inn...

Leng Ruoxue couldn’t help looking at the shopkeeper and the waiters in amusement when she saw this scene. She thought to herself, Alas! How unpopular was this Miss Wu? No one was willing to tell the truth!

“Little Snowy, I’m full.” Icy lay on the table with its four legs facing the sky after eating. Its little stomach was bulging. Oh, it was so full, it needed someone to carry it!

“Let’s go back to our room!” Leng Ruoxue resigned herself to fate and picked up Icy, which was too full to walk, and said to the freak and Wayless.

“Okay.” The two stunningly beautiful men nodded, and then the three of them and the beast walked up the stairs and returned to their rooms as if no one was around.

Leng Ruoxue immediately brought them into the bracelet after entering the room.

“Miss, you’re back.” Zheng En, who was guarding the medicinal field, hurriedly greeted Leng Ruoxue when he saw her. Then his eyes focused on a pink flower bud in the medicinal field. Uh, this herb was about to bloom! He didn’t know the name of this herb, but he was still very expectant.

### **Chapter 593: Being Kicked Out (1)**

“Yes, Zheng En. Where’s Grandpa Du?” Leng Ruoxue couldn’t help asking curiously when she didn’t see the little old man.

“Master is guarding that fire lotus. I heard from Blackie and Little Black that the fire lotus is about to bloom too,” Zheng En said. He had seen the ten-thousand-year-old fire lotus before, so he was not very interested in that fire lotus. Therefore, he had been guarding here.

“Zheng En, you don’t have to guard here. Blackie and Qing Jue will deal with it themselves if the herbs mature,” Leng Ruoxue reminded. Alas! How tiring would it be for them to guard here like this!

“Miss, this is our greatest interest!” Zheng En said happily. Boohoo... He really wanted to build a house in the medicinal field so that he could see these cute herbs every day when he opened his eyes.

“Don’t be too tired. Remember to rest.” Leng Ruoxue didn’t know what to say. Alas! What a medicine maniac!

“Hehe, don’t worry, Miss. We will take note,” Zheng En promised.

“Okay.” Leng Ruoxue nodded and left the medicinal field.

In front of the purple bamboo hut, the freak and Wu Zheng were sitting on stone chairs waiting for Xue'er.

"Xue'er, why are you back so soon? Aren't Zheng En and the little old man there?" Empty asked curiously. Xue'er went to see the two of them as soon as she returned. However, she returned so quickly!

"They're still here. Alas! They're alchemists, how can they not be here?" Leng Ruoxue said helplessly and sat down beside the freak. Were alchemists all like that? Uh! It seemed like she was not a qualified alchemist. At least, she was not as obsessed as them when she saw those precious herbs!

"Xue'er, I wonder how the Wu family plans to deal with us?" Empty's incomparably handsome face was full of anticipation.

"Have you been too free recently? Do you want to exercise?" Leng Ruoxue said speechlessly. Alas! Did you have to look forward to it like this?

"Hehe, how do you know? I've indeed been a little bored recently," Empty said honestly.

"Little Snowy, leave the Wu family to me. I promise to destroy them all." Icy, which was in Leng Ruoxue's arms, raised its eyes slightly and interrupted. Boohoo... Little Snowy didn't give it a chance to attack in the recent activities. It was also depressed!

"Empty, Little Icy, don't interfere!" Two drops of cold sweat hung on Leng Ruoxue's forehead as she warned.

"Little Snowy, how can you do this!" Icy looked at Leng Ruoxue with displeasure. Boohoo... It had gained weight several times recently because it didn't have the chance to exercise. However, Little Snowy actually wanted to deprive it of the chance to move its legs. It was too cruel!

"Xue'er, you can't do this!" Empty said pitifully. Boohoo... Xue'er was really too much of a bully!

"Please don't be like this. The Wu family might not deal with us. You're thinking too much." Leng Ruoxue looked at their expressions and quickly comforted them. In fact, she had other plans.

"Who wants to deal with us?" Leng Ruohan's voice sounded from behind them. The three of them turned their heads and saw Leng Ruohan and the others looking at them curiously!

"Big Brother, Big Brother Feng, didn't you want to cultivate? Why did you come out?" Leng Ruoxue asked in puzzlement.

"Let's take a walk and relax. Xue'er, does anyone want to deal with us?" Leng Ruohan asked curiously.

"Uh, I don't know either." Leng Ruoxue told everyone succinctly what they had encountered on the street and in the inn.

"Miss, what's the background of the Wu family?" Feng Da asked curiously.

"I'm not too sure. I heard from the shopkeeper that the Wu family is also considered a top family on the Boundless Heaven Continent!" Leng Ruoxue explained.

"Oh, Miss, what is the flower appreciation event?" Feng Da continued asking curiously.

“To admire famous flowers and beauties,” Leng Ruoxue said with some disgust. In her previous life, she was not interested in beauty pageants. She didn’t expect to still encounter activities similar to beauty pageants in the other world!

“Isn’t there a beauty ranking list on the Boundless Heaven Continent too? Why is there a flower viewing convention?” Feng Moran asked in puzzlement.

“I don’t know.” Leng Ruoxue didn’t know much either. Moreover, she was not interested in such things.

“By the way, I told the shopkeeper that I’m already married. Remember to answer the same if anyone asks you,” Leng Ruoxue reminded.

“Yes, Miss.” Feng Da and the others quickly answered.

“Miss, can we see if the flower appreciation festival is leaving?” Lin Yuan asked carefully.

“Do you all want to see it?” Leng Ruoxue asked everyone.

“Yes.” Feng Da and the others nodded.

“Then go take a look. However, the flower appreciation festival seems to be starting in three days, so stay in the space and cultivate properly for the next few days!” Leng Ruoxue said after some thought. Alas! It seemed like they had been bored to death recently. Such an activity could actually arouse their interest!

“Yes, Miss. We will definitely cultivate diligently and strive to advance to Great Mystic as soon as possible!” Feng Da and the others promised.

“Yes, eh! Grandpa is out of seclusion.” Leng Ruoxue suddenly felt her grandfather’s aura and said in surprise.

“Grandpa is out of seclusion?” Leng Ruohan was also overjoyed. Boohoo... He hadn’t seen Grandpa for a long time. He missed Grandpa so much!

“Hehe, you stinky brats have also emerged from seclusion? Eh, you’re actually all elementary mystics!” Leng Qingtian had already arrived behind them when his voice sounded. He was looking at his grandchildren and the others with a face full of surprise. Alas! It was good to be young. Their cultivation speed was so fast!

“Grandpa!” Leng Ruohan threw himself into Leng Qingtian’s arms excitedly and hugged his grandfather tightly.

“Stinky brat, you are a man. How can you do this!” Leng Qingtian said uncomfortably. Uh! His grandson rarely threw himself into his arms since he became sensible. He didn’t expect to feel the long-awaited feeling again! It was really not easy! Boohoo... He was so excited that he was about to cry!

“Grandpa!” Leng Ruohan glared at his grandfather with some dissatisfaction after being teased.

“Haha! Little Han is shy!” Leng Qingtian said happily. Alas! It was really a great blessing in life to have grandchildren gathered and to be on their knees!

## **Chapter 594: Being Kicked Out (2)**

“Grandpa, congratulations on breaking through!” Leng Ruoxue also walked to her grandfather and said happily.

“Xue’er, your brother gave me a hug. Why didn’t you give me one?” Leng Qingtian said unpleasantly. Boohoo... Did his cute granddaughter despise him?

“Grandpa, it’s because I haven’t seen you for a long time,” Leng Ruoxue said helplessly and gave Leng Qingtian a big hug. Alas! Grandpa actually threw a tantrum.

“That’s more like it.” Leng Qingtian was so beautiful after being hugged by his granddaughter!

“Xue’er, are those old things out yet?” Leng Qingtian continued asking after being satisfied.

“They haven’t come out yet. Grandpa was the first to come out,” Leng Ruoxue said.

“Hehe, they’re so slow!” Leng Qingtian said proudly.

“Grandpa, I’ll bring you to a place to advance first!” Leng Ruoxue said speechlessly. Alas! Grandpa was really becoming more and more like a child. He actually compared such things.

“Just go to the place where you advanced last time!” Leng Qingtian suggested.

“Grandpa, we are no longer in Myriad Mountain City,” Leng Ruoxue explained.

“Uh! Where are we then?” Leng Qingtian’s face was full of question marks. He hadn’t been in seclusion for long, right? Why did he leave Myriad Mountain City so quickly?

“This is Moon Gazing City,” Leng Ruoxue said.

“Oh, Xue’er, then bring Grandpa to a place to advance! Alas! Grandpa’s cultivation level is much lower than yours now!” Leng Qingtian pretended to be sad. He felt that his granddaughter’s strength was even more unfathomable after coming out of seclusion this time, and her aura was even stronger!

“Grandpa, you will be like me after you advance,” Leng Ruoxue quickly comforted.

“Xue’er, what’s your current cultivation level?” Leng Qingtian’s face was full of curiosity. He should ask since he couldn’t tell!

“Mystic Monarch!”

“What? A Mystic Monarch? How did you cultivate so quickly?” Leng Qingtian was so surprised that his mouth couldn’t close. This was too unbelievable. He had only been in seclusion for a while, but his granddaughter had actually become a Mystic Monarch. What kind of abnormal cultivation speed was this! It was too shocking! At this moment, he had long forgotten about obtaining the Silver Snow Fish.

“Haha, Grandpa, you know how to do it too,” Leng Ruoxue said mysteriously.

“Uh, I still have a long time,” Leng Qingtian said gloomily. Boohoo... He originally thought that he could have the same cultivation level as his granddaughter after exiting seclusion. However, he realized that he was falling behind again after exiting seclusion. This was a huge blow to him!

“It won’t take long.” Leng Ruoxue smiled evilly. Hehe, looks like Grandpa has forgotten about the existence of the Silver Snow Pill. I’ll take it as a surprise for him later!

"I hope so!" Leng Qingtian was a little down, but he still forced a smile.

Leng Ruoxue looked at her grandfather's expression and knew that he was complaining again. However, she planned to give her grandfather a surprise, so she naturally wouldn't tell him about the existence of the Silver Snow Pill now.

Leng Xue brought the freak out of the bracelet and left the inn. She found an uninhabited corner, summoned the little peacock and Leng, and got Leng Ling to cast an invisibility spell on them before sitting on the little peacock and leaving Moon Gazing City.

The little peacock flew for about an hour and found an uninhabited mountain in the northernmost part of Moon Gazing City and descended.

"Master, this should be the most desolate mountain near Moon Gazing City!" the little peacock said softly.

"Yes, this will do," Leng Ruoxue said and moved her grandfather out of the bracelet.

After coming out, Leng Qingtian looked at his surroundings, found an open space, and sat cross-legged. Then he let out his beasts...

After a long while, the Heaven Earth Laws advanced as scheduled...

About half an hour later, Leng Qingtian completed his advancement and officially became a Great Mystic. Immediately after, heaven and earth laws descended, and his beasts advanced individually...

After a while, the Heaven Earth Laws slowly dissipated, and the advancement was temporarily over.

"Grandpa, eat this!" Leng Ruoxue, who had been waiting by the side, brought a silver snow pill to Leng Qingtian when she saw that her grandfather had already adjusted his breathing.

"Okay." Leng Qingtian took the pill from his granddaughter and threw it directly into his mouth without thinking. Then he closed his eyes to regulate his breathing. However, he felt that something was amiss after a while because the spiritual energy in the pill was really too abundant. Moreover, he even felt the precursor to advance...

"Xue'er, what did you feed me?" Leng Qingtian couldn't help asking and carefully controlled the rampaging spiritual energy in his body...

"Silver Snow Pill," Leng Ruoxue said with a light smile.

"Ah! Bad girl, why didn't you tell me earlier?" Leng Qingtian roared angrily. He had already remembered the effects of the Silver Snow Pill. Boohoo... He was about to advance again without any mental preparation...

The Heaven Earth Laws descended on this desolate mountain again just as Leng Qingtian finished complaining...

His beasts naturally obtained benefits and advanced again after Leng Qingtian advanced to Mystic Queen...

After all the Heaven Earth Laws dissipated, Leng Qingtian and his beasts finished adjusting their breaths and looked at each other excitedly!

“Master, I’m also a transcendent divine beast,” Thunder Night said excitedly.

“Okay.” Leng Qingtian caressed Thunder Night’s head and nodded happily. Thunder Night had followed him for the longest time, and their relationship was the deepest.

“Grandpa, congratulations on becoming a Mystic Monarch!” Leng Ruoxue walked to her grandfather and said with a smile.

“Stinky girl, why didn’t you tell me earlier? I wasn’t prepared at all,” Leng Qingtian said with dissatisfaction, his handsome face full of bitterness.

“Hehe, Grandpa, I just wanted to give you a surprise!” Leng Ruoxue hugged her grandfather’s arm coquettishly.

“Hmph! You’re a bad girl. How dare those stinky brats hide from me. I won’t let them go!” Leng Qingtian said fiercely.

“Grandpa, we all wanted to give you a surprise! How can you blame us!” Leng Ruoxue pouted her pink lips slightly and said aggrievedly.

### **Chapter 595: Being Kicked Out (3)**

“Uh! This surprise is too big! You have to give me time to digest it!” Leng Qingtian’s tone softened. He was very happy to advance to Mystic Monarch. It was not impossible to forgive these children even though they hid it from him!

“Grandpa, your cultivation level is the same as mine now!” Leng Ruoxue reminded.

“Yes.” Leng Qingtian nodded.

“Grandpa, let’s go back. I asked them to prepare a silver snow fish banquet. Hehe, you haven’t eaten it yet!” Leng Ruoxue said ingratiatingly, hoping to divert Grandpa’s attention!

“Stinky girl, Grandpa can’t blame you, but don’t even think about running away from those stinky brats!” Leng Qingtian said. He couldn’t bear to hit and scold his precious granddaughter, but he didn’t have so many qualms about those stinky brats. Hehe!

“Miss, we did it for you! You can’t leave us alone!” Feng Da and the others hurriedly sent Leng Ruoxue a voice transmission after hearing Leng Qingtian’s words in the bracelet.

“Uh! Why don’t you let Grandpa be humble?” Leng Ruoxue suggested. It was not that she was disloyal, but her grandfather was the one who was angry. She had to let Feng Da and the others down!

“Miss, we will cry if you don’t save us!” Lin Yuan threatened after some thought.

“Then cry slowly! Grandpa might be soft-hearted!” Leng Ruoxue reminded with a smile.

“Boohoo... Miss is too evil!” Feng Da and the others immediately sat on the ground and wailed without caring about their image when they heard Leng Ruoxue’s words!

Leng Qingtian, who was sent back into the bracelet by Leng Ruoxue, saw Feng Da and the other men crying miserably! They were a little unable to do it, and Feng Da and the others escaped disaster because of this!

Feng Da and the others finally heaved a sigh of relief when they saw that Leng Qingtian no longer pursued the matter of whether they knew the truth or not. Phew, it was still the crying meat trap that worked! Miss was really smart!

“Xue’er, are Feng Da and the others okay?” the freak couldn’t help asking. His grandfather said he wanted to teach them a lesson, but he couldn’t help being a little curious seeing Xue’er snickering.

“It’s okay. Grandpa’s heart softened when he saw them crying. Hehe, actually, Grandpa wouldn’t really teach them a lesson. He just said it happily!” Leng Ruoxue said in realization.

“Cry? That’s a good idea.” The freak nodded in agreement.

“Haha, yes! Freak, let’s go back. I just asked Feng Da and the others to prepare the Silver Snow Fish Banquet,” Leng Ruoxue said and ordered Ling to remove the invisibility spell on them. After all, they came out of the inn openly.

“Okay.” The freak nodded and sat on the little peacock’s back with Xue’er, returning to the Moon Gazing Restaurant.

The shopkeeper welcomed them anxiously as soon as they returned to the Moon Gazing Restaurant.

“Miss Leng, you’re finally back. Alas!” The shopkeeper sighed and looked at Leng Ruoxue awkwardly.

“Shopkeeper, what’s the matter?” Leng Ruoxue asked in puzzlement. Uh! Looking at the shopkeeper, could it be that there was something difficult to say?

“Miss Leng, I’m really sorry. The Guan Yue family has decided to ask you to leave the Moon Gazing Restaurant immediately after a discussion!” the shopkeeper said with a troubled expression. Alas! He was really helpless about the family’s decision. However, he was only a shopkeeper. He had no choice but to obey the family’s orders. Moreover, he might be transferred out of this place soon!

“Leave the Moon Gazing House? Shopkeeper, you have to give an explanation for kicking the guests out, right?” Leng Ruoxue said coldly, the cold light in her beautiful eyes flashing for a moment. The Moon Gazing Family? Good, very good. They had to pay the price since they dared to provoke her!

“Miss Leng, I’m very sorry. This is the family’s decision. I’m helpless too,” the shopkeeper said gloomily. Alas! He really didn’t know what agreement the Wu family and the family had reached. The elders in the family were actually willing to stand up for the Wu family.

“Shopkeeper, I know this has nothing to do with you. I just want an explanation. We lived here and didn’t owe the inn a single cent. What right do you have to chase us out?” Leng Ruoxue said with a somewhat unfriendly tone. Hmph! Last time, Lan Ning’er rejected them outside Blue Cloud City. She didn’t expect them to be chased out of the inn by the Guan Yue family again this time. Why were they so unlucky? Trouble would always find them!

“The family wanted to give the Wu family an explanation. Wu Qian’er was seriously injured, so the family had no choice but to make this decision.” The shopkeeper said after some thought. Alas! He didn’t want to become enemies with Leng Ruoxue and the others because of this matter, so he pushed the blame onto the Wu family.

“Shopkeeper, do you think I’m a three-year-old child? The Wu family’s strength is far inferior to the Guan Yue family’s. You said it yourself. I didn’t expect the Guan Yue family to actually have to give an explanation to the Wu family. It’s really too unbelievable!” Leng Ruoxue’s beautiful face was full of mockery. Hmph! It was most likely that the Guan Yue family had some shameful deal with the Wu family! Otherwise, it wouldn’t be like this!

“The Wu family and the Guan Yue family are old friends, so we have to give them an explanation,” the shopkeeper said awkwardly.

“What about my explanation? This originally had nothing to do with the Guan Yue family, but the Guan Yue family insisted on getting involved. Hmph! Go back and tell your patriarch not to regret it!” Leng Ruoxue dragged the freak directly upstairs after leaving some warning words.

After returning to her room, Leng Ruoxue moved her brother and the others out of the bracelet.

“Xue’er, what should we do now?” Leng Ruohan asked worriedly. Alas! He was really afraid that Xue’er would be angry because of such a small matter. The Wu family and the Guanyue family were really too despicable. They actually dared to bully his precious sister.

“What can we do? We left the inn, of course,” Leng Ruoxue said with a light smile, her beautiful face unreadable!

“Miss, are we leaving just like that? Aren’t we too cowardly?” Feng Da said in disbelief. Uh! When did Miss become so easygoing?

“We’ve already been kicked out. If we don’t leave now, we might be chased out later,” Leng Ruoxue said helplessly.

“In that case, let’s leave quickly.. Otherwise, it will be too embarrassing if we are really chased out,” Empty said with a light smile, his incomparably handsome face without any worry!

#### **Chapter 596: Being Kicked Out (4)**

“Yes, you have to be alert after leaving this place. I’m afraid the Wu family will deal with you,” Leng Ruoxue reminded. It would probably not be easy for the Wu family to deal with her and the freak because their strengths could not be measured by levels now. However, Feng Da and the others were a little weak. They would not have the strength to fight against true powerhouses even if they had dragons as helpers, so the Wu family might very well target them.

“Miss, don’t worry. We know our limits,” Feng Da said hurriedly.

“Okay, let’s go then!” Leng Ruoxue said to everyone and moved the icy out of the bracelet to hug it.

When Leng Ruoxue and the others walked to the hall on the first floor, the shopkeeper walked to them with an apologetic face. His lips moved as if he wanted to say something...

However, Leng Ruoxue and the others didn't give him any chance to walk past him and out of the inn.

At the entrance of the Moon Gazing Restaurant.

Leng Ruoxue gently caressed Icy's soft fur and said lightly, "Icy, are you having a cold again?"

"Hehe, Little Snowy, how did you know!" Icy opened its ice blue beautiful eyes and pretended to be surprised. Moreover, it sneezed several times in order to match Leng Ruoxue's words to prove that it really had a cold. Hmph! Bullying Little Snowy was bullying it! Such a person definitely couldn't be let go!

"Poor Little Icy!" Leng Ruoxue caressed Icy's head, her beautiful face full of heartache.

"Little Icy, you're so pitiful. How did you catch a cold?" Leng Ruohan, who didn't understand, said sympathetically.

Feng Da and the others also showed their concern at the right time and surrounded Icy to show their concern because they were still unclear about the power of Little Icy's sneeze, nor were they aware that Little Icy had a selective cold!

Zheng En, who knew the truth, was at a loss for words. He was full of sympathy for the Guan Yue family. Alas! Poor Guan Yue family. Why did you have to help the Wu family bully Miss out of all the people you could provoke? Great, you've caused trouble for yourself now! Alas! He now knew why Miss was willing to leave the inn happily. She was waiting here. He knew it! How could Miss not teach the Guan Yue family a lesson!

"Miss, let's leave quickly!" Zheng En couldn't help reminding. Hu, he didn't know when Little Icy's sneeze would be effective, but it was best to wait for it to be effective after they left. Hehe, this was the most perfect.

"Okay." Leng Ruoxue nodded, and everyone left the Moon Gazing Restaurant...

A few minutes after Leng Ruoxue and the others left the Moon Gazing Restaurant, the Moon Gazing Restaurant collapsed as Zheng En had imagined. At first, a crack appeared in the building, and then the Moon Gazing Restaurant shook violently. A few seconds later, it completely collapsed...

"Damn it, what happened?" A guest who escaped death from Moon Gazing Restaurant couldn't help shouting. He couldn't help breaking out in cold sweat as he looked at the collapsed Moon Gazing Restaurant. Damn! It was too terrifying. He was almost injured. Fortunately, his reaction speed was fast enough. However, not all guests had such good luck. Many guests were injured when they ran out of the inn even though they escaped in time...

"That's right, Shopkeeper. You have to give us an explanation. Your Moon Gazing Restaurant is the best inn in Moon Gazing City. Why is the quality so poor?" another person questioned with a displeased face. He was also a lucky person who was not injured, but his partner was injured.

"Don't worry, we will give everyone an explanation," the shopkeeper comforted. He immediately sent people to report after checking the injured. Alas! In fact, he didn't know what was going on either! However, luckily, everyone's injuries were not serious. This was really the greatest blessing of misfortune!

"That's good!" The two questioned were relieved and then returned to their companions.

In the main mansion of the Guan Yue family.

In the hall.

The waiter who came to report turned pale and looked at the patriarch sitting on the main seat with a trembling body. His little heart was thumping in fear, and his legs were a little weak. Boohoo... He had already reported everything that happened. Patriarch and the elders, give a reaction!

“Do you mean the Moon Gazing House collapsed?” An elder of the Moon Gazing Family asked in disbelief after a long silence. They were all a little dumbfounded after hearing this news just now. Didn’t they just react!

“Yes,” the waiter whispered with cold sweat all over his body. Boohoo... Why are the patriarch and elders still so distracted after such a big thing happened! Did I say all that just now for nothing? He couldn’t help complaining in his heart.

“Nonsense! How can the Moon Gazing Restaurant collapse? The quality of the Moon Gazing Restaurant is also one of the best in the Boundless Heaven Continent,” the elder couldn’t help roaring. He didn’t believe the waiter’s words at all because in his heart, it was impossible for the Moon Gazing Restaurant to collapse because of the quality problem.

“Fifth Elder, it really collapsed. All the guests in the shop are sleeping on the streets now. Many people are injured, but luckily, no one died,” the waiter said carefully.

“First Elder, send someone to take a look. You have to deal with them appropriately and calm them down. The flower appreciation meeting is about to begin. Don’t let them have any dissatisfaction,” the patriarch, who hadn’t said a word, suddenly ordered.

“Yes, Patriarch. Don’t worry. I’ll handle this matter myself.” First Elder stood up and promised. Then he turned and left the hall...

At this moment, Leng Ruoxue and the others were already on another street adjacent to the Moon Gazing Restaurant.

Leng Ruoxue caressed Icy’s soft and satin-like fur and murmured, “It should be about time, right?”

“Hehe!” Icy smiled proudly. The human and beast’s eyes collided, producing sparks of understanding, but it smiled without saying anything!

“Miss, we’ve been kicked out of the house, and the inns in Moon Gazing City are full. Should we find a place to camp?” Feng Da couldn’t help asking. Alas! He realized that Miss was actually so easy going after coming out from seclusion for a period of time. She really left if she wanted to. She had to ask for compensation no matter what! Thinking of this, he felt a little depressed since he didn’t know the truth.

### **Chapter 597: Collapse, Staying In The Alchemist Association (1)**

“Why camping? Let’s go to the Alchemist Association and see if Zheng En’s announcement has been issued.” Leng Ruoxue said with a light smile. In fact, she didn’t intend to go to the Alchemist Association at all if this hadn’t happened. However, she had no choice but to go now. After all, the inn in Moon Gazing City was full, and there were so many of them. They needed a temporary residence no matter what!

“Okay.” Feng Da and the others nodded. Then they walked in the direction of the Alchemist Association according to the markings on the map.

After walking another two streets, Leng Ruoxue and the others arrived at the entrance of the Alchemist Association.

The Alchemist Association of Moon Gazing City might not be comparable to the headquarters of Carefree City, but just by looking at its tall and imposing appearance, it shouldn't be much worse inside. After all, alchemists were very rich!

“Go in!” Leng Ruoxue said to everyone. Then she was the first to push open the door of the Alchemist Association and enter, the others following closely behind her.

“Hello, everyone. Do you need to buy pills or do you want to participate in the test?” The staff on the first floor of the Alchemist Association hurriedly walked forward and asked after seeing Leng Ruoxue and the others.

“We want to see the president.” Leng Ruoxue took out a token and showed it to the staff.

“Please wait a moment.” The staff couldn't help widening his eyes in disbelief after seeing the token Leng Ruoxue took out. He hurriedly said without delay and turned to go upstairs to inform the president.

“Miss, what brand is this? It's so useful?” Feng Da looked at the token in Leng Ruoxue's hand and couldn't help asking with shining eyes.

“I don't know,” Leng Ruoxue said calmly. Well, she really didn't know! Ren Li gave this token to her, saying that it might be useful in the future. She thought about it and found it reasonable, so she kept it.

“That badge is the identification of the president of the headquarters,” the little old man said faintly. Ren Li might not be the president of the headquarters anymore, but he had given the badge representing the president's identity to the girl. Well, he had good taste. Moreover, the Alchemist Association had always recognized cards but not people. Hehe!

“What?” Leng Ruoxue was stunned, and then anger surged in her heart. Damn Ren Li, how dare he plot against her!

“Lass! At this point, you should resign yourself to fate, hehe!” the little old man said happily.

“Accept your fate? How is that possible? Isn't Ren Li causing trouble for me?” Leng Ruoxue said angrily.

“Uh! What do you mean?” the little old man asked in puzzlement.

“Hmph! If those elders knew that this hot token was in my hands, no matter who among them became the president, they would not live up to their reputation. Wouldn't they come and find trouble with me!” Leng Ruoxue said furiously. If she had known that this lousy token was so troublesome, she wouldn't have wanted it at all back then.

“Lass, if this badge was in the hands of others, the new president would also be allowed to cause trouble, but they wouldn't dare to do so in your hands!” the little old man teased with a smile. Hehe, those elders were like mice seeing a cat when they saw Xue'er. They couldn't even hide in time, so how

could they dare to come knocking on their door to cause trouble! They knew what happened to Sun Wei.

“Are you Miss Leng? I’m Ning De, the president of the Moon Gazing City’s Alchemist Association.” A short, fat middle-aged man strode down the stairs while the two were chatting. He hurriedly walked to them with a smile on his face when he saw the people standing in the hall.

“I am. Do you know me?” Leng Ruoxue asked curiously. Uh! She was sure that she had never seen this president, but how did he know her?

“Yes, hello, Your Excellency Du Min.” Ning De nodded and then bowed very politely to Du Min. Du Min was a legendary figure in the alchemist world and the god in the hearts of all alchemists, so he was very excited to see Du Min in person!

“Okay.” The little old man nodded slightly as a form of greeting.

“How do you know me?” Leng Ruoxue looked at Ning De and asked in puzzlement.

“Hehe, everyone, follow me upstairs first! It’s not too suitable to stand in the hall and chat.” Ning De suppressed the excitement in his heart and pretended to be calm.

“Okay.” Leng Ruoxue nodded. She really wanted to know how this president knew her. Uh! For some reason, she had a bad feeling.

“This way please,” Ning De said respectfully.

Everyone nodded and then followed Ning De to the second floor.

“Hehe, everyone, this is my office. Come in and have a seat!” Ning De said very warmly. His idol had arrived at his guild, and he was extraordinarily excited!

Leng Ruoxue and the others found a random seat and sat down after entering Ning De’s office.

“President Ning, can you tell me now?” Leng Ruoxue asked after sitting down.

“Miss Leng, it’s like this. We received an announcement from the headquarters a few days ago. The announcement said that you have the badge of the headquarters’ president in your hand, and we have to treat you with the same respect as the president and not slight you.” Ning De explained with a smile.

“Can I take a look at the announcement?” Leng Ruoxue asked, not knowing what the old fellows from the Alchemist Association said.

“Okay.” Ning De took out the announcement from the headquarters and handed it to Leng Ruoxue.

After Leng Ruoxue took the announcement, she opened it and took a few glances before feeling a little depressed. In addition to explaining Zheng En’s matter, this announcement also said something about her, especially the last sentence to remind everyone from the various guilds to not provoke her!

“Lass, let me see.” The little old man looked at the expression on Leng Ruoxue’s face doubtfully. Uh! Lass’s reaction was so strange!

“Okay.” Leng Ruoxue handed the notice to the little old man gloomily. She couldn’t help thinking, Am I really that scary?

The little old man took the notice and looked at it carefully. After reading it, he sighed with emotion and said, “These elders are quite sensible.”

“Uh!” Two drops of cold sweat dripped down Ning De’s forehead. He really didn’t know how to answer His Excellency Du Min!

“Ning De, hasn’t the headquarters chosen a president yet?” the little old man asked to confirm.

### **Chapter 598: Collapse, Staying In The Alchemist Association (2)**

“No. The headquarters is now jointly managed by several elders until the future president has the time to manage it.” Ning De looked at Leng Ruoxue cautiously. In fact, he knew a lot about these things, but he didn’t dare to say anything in front of a certain someone.

“Haha, I’m afraid your future president won’t be free. Tell those elders to keep them in check!” the little old man said with a loud laugh. It seemed like those old things had different opinions and were unwilling to let the other party be the president. Coincidentally, the token representing the president was in the girl’s hand, so they stopped. After all, he had a deep understanding of their fear of Xue’er!

“Erm...” Ning De was a little speechless. How could he not agree?

“President Ning, we were chased out of the Moon Gazing House. Arrange a place for us to stay!” Leng Ruoxue was so depressed that she didn’t want to talk about this matter anymore. She directly changed the topic and said to Ning De.

“Huh?” Ning De was stunned. Did he hear it right? The Guan Yue family had always respected alchemists. How could they chase them out? Could it be that their brains were damaged? One had to know that just His Excellency Du Min alone could not be hired with money. Moreover, there was also their Alchemist Association’s future president!

“Are you surprised?” Leng Ruoxue looked at Ning De’s expression and asked teasingly.

“Uh! It’s a little unbelievable,” Ning De said honestly. It seemed like the Guan Yue family’s head was indeed damaged. Didn’t they know that they could offend anyone but alchemists?

“President Ning, help us arrange a place to stay first. As for what happened, let my subordinates tell you!” Leng Ruoxue said with a naughty smile. Hehe, this was also a test for Ning De!

“Okay, please wait a moment,” Ning De said quickly and stood up to leave the room.

Ning De returned a moment later.

“Miss Leng, Your Excellency Du Min, the rooms have been arranged. Please follow me.” Ning De led the way and led Leng Ruoxue and the others to a yard in the backyard.

“Miss Leng, this is the place.” Ning De said after bringing Leng Ruoxue and the others into the yard.

“President Ning, thank you. I’m very satisfied with the house,” Leng Ruoxue said very politely as she looked at the spacious and clean yard.

The yard was not big, but the environment was not bad. There were flowers, grass, and green trees. It was small but complete.

“Miss Leng, there are only five rooms here, and they can’t accommodate so many of you, so I arranged for the others to stay in another yard,” President Ning explained.

“There’s no need. They can squeeze in,” Leng Ruoxue said lightly.

“Uh! Our guild has a lot of empty rooms, so...” Ning De wanted to say that there was no need to squeeze, but he was interrupted by Leng Ruoxue before he could say anything.

“President Ning, we offended the Wu family. If they are too far away from me, I’m afraid the Wu family will find them, so it’s safer to squeeze in,” Leng Ruoxue explained.

“Oh!” Ning De nodded, but he couldn’t help muttering in his heart why it was related to the Wu family again.

“Feng Da, tell President Ning what happened so that he won’t worry. I’ll rest first,” Leng Ruoxue ordered. Then she pulled the freak into a random room...

“Uh! Miss Leng!” Ning De couldn’t help shouting. Why were they going to rest now? It wasn’t dark yet!

“President Ning, come, sit down and listen to me tell you slowly.” Feng Dala brought Ning De to a stone bench and sat down. Then he began to embellish the treatment they received after coming to Moon Gazing City...

About an hour later, Feng Da finally finished speaking.

After hearing Feng Da’s words, Ning De slammed his hand on the table and stood up angrily, shouting indignantly, “Hmph! The Wu family is too much. The Guan Yue family is too unprincipled. How can they collude with the Wu family!”

“President Ning, you really have a sense of justice. If everyone in the Boundless Heaven Continent could be like you, then there wouldn’t be any cases of wrongdoing. In fact, Miss Wu’s serious injuries have nothing to do with us at all. Our Commander Ye only kicked her. How much can she be injured by a kick? Don’t you think so?” Feng Da first patted Ning De’s flattery and then asked.

“Yes, that’s right. Hmph! Previously, the Wu family came to purchase pills. Fortunately, the association didn’t have them, and it required time to concoct them. Moreover, they lacked a very precious main ingredient. Otherwise, wouldn’t the Wu family benefit!” Ning De said angrily, but then he sighed in relief. Hu, luckily, there was no such pill. Otherwise, if he saved Miss Leng’s enemy, wouldn’t he be going against Miss Leng? Thinking of this, he couldn’t help but break out in cold sweat. Uh! He had heard of Leng Ruoxue’s vengeful nature. Otherwise, the high and mighty elders of the headquarters would not be so careful! They would also not order them to serve her carefully.

“Yes, President Ning, you are a righteous person. You can’t help a tyrant!” Feng Da reminded very kindly. Hehe, who asked the Wu family and the Guan Yue family to gang up and bully them. Miss Wu would have to suffer for a few more days without healing pills!

“Yes, everyone, don’t worry. I know what to do.” Ning De looked at everyone in the yard and promised. He stood up and left after speaking.

“Hehe, Captain, you’re so naughty!” Lin Yuan said with a light smile.

“How am I bad?” Feng Da glared and said fiercely. Boohoo... Who was he doing this for? He actually said he was bad. He was really asking for a beating!

“Stop arguing. Hurry up and set up the tent. Do you want to sleep outside at night?” Zheng En reminded them. His tent was already set up. He might not sleep inside at night, but he had to pretend!

“Okay,” Feng Da and the others answered and hurriedly started fighting.

There was strength in numbers. After more than ten minutes, the yard was full of tents, leaving only a small road for people to walk from the room to the door.

In the room.

Leng Ruoxue and the freak sat in the chairs. After hearing what Feng Da said to Ning De just now, and seeing them neatly set up the tent, they couldn’t help nodding with satisfaction.

### **Chapter 599: Collapse, Staying In The Alchemist Association (3)**

“Xue’er, why is that young lady of the Wu family seriously injured?” the freak asked in puzzlement. He knew very well how much strength his kick had. Wu Qian’er would definitely be injured, but it shouldn’t be so serious!

“I don’t know. Could it be that that woman has other enemies?” Leng Ruoxue guessed.

“Yes, it’s possible. Hmph! If I knew who framed me and made me take the blame for him, I definitely wouldn’t let him go!” the freak said through gritted teeth. He didn’t care about Wu Qian’er’s life or death, but he was a little regretful now. He was too careless back then, to the point that he was taking the blame for others now. Boohoo... If he had known that this would happen, he might as well have been more ruthless back then! That would also live up to its name!

“Haha, freak, you’re very depressed now, right?” Leng Ruoxue said in realization.

“Yes, it’s quite depressing,” the freak said honestly. Boohoo... He was framed!

“Hehe, what’s there to be depressed about? In fact, no matter how heavy your kick was, the Wu family won’t let us go,” Leng Ruoxue said understandingly. Even if the freak didn’t kick Wu Qian’er out of the inn, Wu Qian’er would still find trouble with them. This was unavoidable!

“Xue’er, I’m depressed because I was framed. You have to console me.” The freak’s bright black eyes looked at Leng Ruoxue longingly, his starry eyes full of anticipation!

“Okay. Call them in. Let’s go eat the Silver Snow Fish dinner,” Leng Ruoxue said with a light smile.

“Uh! That’s it?” The freak looked at Leng Ruoxue with great dissatisfaction.

“What else?” Leng Ruoxue looked at the freak innocently.

“At least a kiss!” The freak pouted, his handsome face full of anticipation.

“Don’t play the limiting role in front of me. I’m a pure and innocent child!” At this moment, Icy, which had been lying in Leng Ruoxue’s arms, opened its ice-blue beautiful eyes helplessly, reminding them of its existence. Boohoo... Don’t ignore it!

“Sleep with you!” The freak glared at Icy and said irritably. Boohoo... How could he have forgotten about this little light bulb!

“Haha, freak, quickly go and call them!” Leng Ruoxue looked at the freak who was a little angry from embarrassment and said with a happy smile.

“Okay,” the freak answered reluctantly and left the room.

“Little Snowy, you will spoil me.” Icy looked at Leng Ruoxue aggrievedly after the freak left.

“Of course not. It’s bad enough that you don’t need us to teach you.” Leng Ruoxue raised Icy in front of her and teased.

“Little Snowy, how can you wrong me!” Icy protested. Tears welled up in its beautiful ice blue eyes and rolled around.

“Damn Icy, you’re pretending to be pitiful in front of Xue’er again.” The freak who returned after calling everyone saw Icy’s pitiful appearance and exposed it rudely. Boohoo... Why did everyone or beasts around Xue’er learn this move now!

“How am I?” Icy glared at the freak and roared with displeasure.

“Alright, stop arguing. Let’s go eat the silver snow fish!” Leng Ruoxue sighed helplessly. Then with a thought, everyone was brought into the bracelet by her.

“Xue’er.” Leng Qingtian, who had been circling around uneasily in the space, hurriedly came forward when he saw his precious granddaughter.

“Grandpa, we’re in the Alchemist Association!” Leng Ruoxue hurriedly explained when she saw her grandfather.

“Uh, I know. Xue’er, what happened?” Leng Qingtian asked in puzzlement. He had just come out of seclusion. He knew that his granddaughter and the others had been chased out of the inn, but he was not very clear about the origin of the matter.

“Grandpa, don’t worry. The Wu family isn’t our match.” Leng Ruoxue calmly told her grandfather what happened.

“I see!” Leng Qingtian didn’t know whether to laugh or cry after hearing what his granddaughter said. Alas! He didn’t expect the cause of the matter to be a snack. This was too unbelievable.

“Grandpa, let’s go and eat the silver snow fish.” Leng Ruoxue held her grandfather’s arm coquettishly. To her, all this was nothing. Moreover, she would let the Guan Yue family and the Wu family know that provoking her would result in consequences.

“Okay.” Leng Qingtian nodded. He was never worried about his granddaughter’s strength. Instead, he felt some pity for the two families who provoked his precious granddaughter. Alas! Tell me, why did you have to provoke his granddaughter!

Leng Ruoxue and the others were in an incomparably good mood as they ate the delicious and delicious silver snow fish in the space. However, some people in Moon Gazing City were not as happy as them!

In the main mansion of the Guan Yue family.

The Wu family was temporarily staying in the guest room of Fallen Plum Garden.

“Patriarch, Miss fainted from the pain again.” In Wu Qian’er’s room, the maidservant said worriedly to a fierce-looking middle-aged man.

“Guards!” the middle-aged man roared as his two subordinates, who had been waiting outside the door, pushed the door open and walked in.

“Patriarch, what instructions do you have?” the two subordinates asked respectfully.

“Is Second Butler back yet?” The Wu family’s patriarch, who had a fierce look on his face, asked furiously. He had sent Second Butler to buy Snake Teng Flower, but he hadn’t returned for several hours. It was really infuriating.

“Reporting to Patriarch, Second Butler hasn’t returned yet. However, I heard that there are no soaring snakes in all the shops in Moon Gazing City, so I guess Second Butler went to the neighboring town to purchase them,” a subordinate said.

“Oh, inform me immediately when the Second Butler returns. By the way, did anything happen in the inn?” the Wu family’s patriarch asked again. Hmph! Qian’er was his most outstanding daughter, but now, his precious daughter was lying on the bed like a cripple. How could he take this lying down? He would definitely not let those people go.

“As far as I know, Shopkeeper Meng has already chased them out of the inn,” another subordinate said. He had just learned this news, but he didn’t know if he should tell the patriarch about the collapse of the Moon Gazing Restaurant.

“Okay, get someone to keep an eye on them. Oh right, send this to the Sixth Elder and tell him that I’m very satisfied with his performance.” The Wu family’s patriarch took out a silver card from his ring and handed it to one of his subordinates.

### **Chapter 600: Where Do You Want To Take Me? (1)**

“Yes.” A subordinate immediately left the room after receiving the silver card.

“Get Second Butler to bring the Snake Soaring Flower to the Alchemist Association immediately when he returns,” the Wu family’s patriarch ordered another subordinate.

“Yes!” the other subordinate answered, bowed, and left the room.

After his subordinates left the room, the Wu family’s patriarch looked at his unconscious daughter lying on the bed, and the anger in his heart gradually rose. Hmph! He would definitely not let those people

go. According to his investigation, Leng Ruoxue and the man named Freak were the top two in the Mystic Association Competition not long ago. However, a mere elementary mystic actually dared to go against their Wu family. He really didn't know how the word death was written!

Qian'er was his most outstanding daughter. He still hoped that this daughter could become the young madam of the Guan Yue family. However, looking at Qian'er's current state, how could she still participate in the flower appreciation festival! No, he had to treat his daughter's injuries before the flower appreciation festival. Hmph! If Qian'er could obtain first place in the flower appreciation festival, let's see what that old thing Guan Yuelong had to say!

At this moment, someone was also depressed in an inconspicuous room in Fragrance Village.

Luo Fei sat in a corner and looked at his good friend who was thinking to himself. He couldn't help but sigh with emotion in his heart. Uh! She was just a woman he had only met once. Did she have to look so dead? In fact, he had never seen Leng Ruoxue, so he naturally didn't find a woman rare.

"You don't understand. I harmed her." Guan Yuexi looked at his friend's expression and said self-reproachfully. Boohoo... He got the shopkeeper to specially leave those snacks for Leng Ruoxue, but he didn't expect them to be in trouble. Thinking of this, he was really depressed!

"What does this have to do with you! Wu Qian'er is obviously finding trouble for no reason," Luo Fei said, unable to bear watching.

"That's also related to me!" Guan Yuexi was still blaming herself.

"Okay, even if it has something to do with you, they have been chased out of the Moon Gazing Restaurant. What do you intend to do?" Luo Fei asked very curiously.

"I've already sent people to look for them. I have a yard in the outskirts of the city and intend to let them stay there for the time being." Guan Yuexi told her friend her plan.

"I just don't know if they will appreciate it. I think they probably hate your Guan Yue family to death now," Luo Fei said understandingly. He would also hate the owner of the inn to death if he was chased out.

"Alas! This was all ordered by the Sixth Elder. I only found out later," Guan Yuexi said helplessly. Leng Ruoxue and the others had already left the inn by the time he knew about this. After that, he hurriedly arranged for people to find their whereabouts, not knowing if they could be found.

"Sixth Elder is quite bold! He actually dares to chase guests out of the shop. Doesn't he know that this will have a bad effect on your Guan Yue family?" Luo Fei said in puzzlement.

"I heard that it was because Wu Qian'er was injured in the inn that the elders ordered the Sixth Elder to deal with this matter, so he gave such an order." Guan Yue Xi told his friend simply what he knew.

"But isn't it inappropriate to chase the guests out?" Luo Fei couldn't help asking.

"Yes, but this matter involves the Wu family, so even if the Sixth Elder has any objections, he can only turn a blind eye to it," Guan Yuexi explained. He knew the thoughts of those old foxes in the family very well. Didn't they think that Wu Qian'er had a very high chance of becoming the young madam of the Guan Yue family? Therefore, they tacitly approved of the Sixth Elder's behavior. Alas!

"Xi, I really pity you." Luo Fei's clear eyes were full of pity. Alas! Young masters of noble families like them had times when they were helpless! In fact, he really didn't want to be a young master if possible. He yearned for a free and adventurous life.

"Master!" A cold voice sounded from outside the door while the two of them were chatting.

"Zero, come in!" Guan Yue Xi said softly.

A man in black who was tightly wrapped from head to toe pushed the door open and entered after Guan Yuexi spoke.

"Zero, did you find them?" Guan Yuexi asked anxiously. Alas! She didn't know if those people would accept his good intentions.

"Found it," Zero replied quickly.

"Have you arranged everything?" Guan Yuexi asked hurriedly.

"Master, I didn't have the chance to approach them. They lived in the Alchemist Association," Zero explained.

"Alchemist Association? Oh, it's been tough on you. Zero, go and rest first!" Guan Yuexi was stunned and then said to Zero.

"Yes, I have another matter to report. The Moon Observatory collapsed." Zero left the room after speaking. This news exploded like a bomb, stunning the two men in the room...

"Fei, what did Zero say just now?" Guan Yue Xi asked foolishly after a while.

"Uh! He just said that the Moon Gazing Tower collapsed," Luo Fei said uncertainly.

"How is this possible?" Guan Yue Xi said in disbelief.

"Zero probably won't lie to us," Luo Fei said honestly.

"I know." Guan Yue Xi was depressed again. Alas! Leng Ruoxue and the others actually stayed in the Alchemist Association, and the Moon Gazing Restaurant collapsed. How... How could this be?

"Xi, that woman named Leng Ruoxue is quite capable. She can actually stay in the Alchemist Association. Could she be an alchemist?" Luo Fei guessed. One had to know that not just anyone could stay in the Alchemist Association.

"I don't know either. I'll go home and see the situation first." Guan Yue Xi stood up. He didn't have to worry about them since Leng Ruoxue and the others already had a place to stay.

"I'll go back with you!" Luo Fei said and stood up.

"Okay!" Guan Yue Xi nodded, and then the two of them left the room...

In the Alchemist Association.

In the president's office, Ning De looked at the second butler of the Wu family standing respectfully in front of him without a word, thinking about how to send this person away. Since he already knew the

grudge between Miss Leng and the Wu family, he didn't dare to let anyone refine the Snake Corral Pill for their Wu family without Leng Ruoxue's permission!
