Chapter 621: Food That Can Talk (5)

However, after following Miss for so long, Miss treated them really well and often gave them delicious things. Therefore, if Miss really wanted to eat them, they were also willing to be eaten by Miss. After all, Miss had long been the master in their hearts! This was absolutely the thoughts of the pythons!

“Sixth Elder, did you hear that!” Leng Ruoxue ignored the python’s pitiful gaze and said directly to the Sixth Elder.

“I don’t believe it!” the Sixth Elder roared in disbelief. In fact, he wasn’t the only one who couldn’t accept it. Many people from the Guan Yue family also couldn’t accept it. However, their thoughts were different from the Sixth Elder’s. They just felt that this fact was too unbelievable.

“Sixth Elder doesn’t believe you!” Leng Ruoxue looked at the pythons with a spurious smile.

“Damn it, how dare you doubt my words! Are you tired of living?” The black python roared furiously. Hmph! How dare you not believe me? Do you think I would lie about something like this? I can be as obedient as a kitten in front of my young miss and the others, but there’s no need for me to swallow my anger in front of this damn old man! Moreover, this damn old man provoked my young miss, so it’s even more unforgivable!

“Big Brother, kill him!” a blue water python suggested. It rolled up the Sixth Elder with its thick tail, and its cold blue eyes stared at the Sixth Elder like it was staring at its prey!

“Ah! Help!” The Sixth Elder was enrolled in the semi high school. All the blood in his body rushed to his head. He couldn’t help screaming loudly as he looked at the pythons with fierce eyes below him. Boohoo... He wanted to faint now, but he was very energetic. Moreover, he didn’t feel anything except fear at this moment!

“Tch, coward, what a useless thing. If you can be an elder at your level, then I can be the patriarch!” the blue water python said with contempt.

“First Elder, save me!” The Sixth Elder pleaded again. Boohoo... He was really scared!

However, the First Elder didn’t even raise his head as if he didn’t hear it. He only looked down at his new shoes. Hmph! Save you? You can count on yourself. I can’t save you! How could he dare to snatch someone from the python’s tail!

“Big Brother, do we do it?” The water python asked after the Sixth Elder asked for help.

“Kill!” the black python ordered coldly. Hmph! It was a level-seven Transcendent Divine Beast with strength equivalent to a Mystic Supremacy. That damn old man actually dared to doubt its words. He had really lived enough!

“Okay!” The water python was about to attack when it was interrupted!

“Keep your men!” Guan Yue Long, who had squeezed into the yard with great difficulty, said loudly. He also glared fiercely at the Sixth Elder, who wanted to faint but couldn’t. Moreover, he was so scared that he peed his pants while foaming at the mouth.

“Who is it?” the water python roared in displeasure.

“Uh! I’m the patriarch of the Guan Yue family, Guan Yue Long. Please show mercy and spare his life,” Guan Yue Long pleaded. He hated the incompetent Sixth Elder to the core, but the Sixth Elder was a member of the Guan Yue family after all. It would be a great humiliation for their Guan Yue family if they were killed by a snake in front of him! Therefore, this kind of thing absolutely couldn’t happen under his nose.

“Oh, so you’re the boss of this coward! Hmph! This coward actually dares to question our Big Brother’s words. Tell me what to do!” the water python questioned unforgivingly.

“Erm...” Guan Yue Long was at a loss for words. What could he do? Helpless, he couldn’t help turning his gaze to Ning De, hoping that Ning De could put in a few good words for him.

However, the words’ helplessness’ were written in Ning De’s eyes. In fact, he was quite curious about these pythons because he just heard them calling themselves food. Uh! Miss actually raised powerful pythons as food. It was really too awesome!

Guan Yue Long knew that he couldn’t say anything when he saw Ning De’s expression. Therefore, his gaze couldn’t help searching the yard. His eyes couldn’t help lighting up when his eyes moved to the three people sitting by the stone table because the three people in front of him were really too outstanding. The man was incomparably handsome, and the woman was drop dead gorgeous. They were all of heaven’s charm! The man and woman leaning against each other were Mystic Monarchs, and the other man’s strength was unfathomable to the point that even he couldn’t tell.

He sighed softly and carefully passed through the huge python group that occupied the entire yard to arrive in front of Leng Ruoxue and the others. He bowed slightly and said, “Miss Leng, I’ve neglected you. I’m really sorry for making you suffer.”

“Family Head Guan Yue, is it? I’m not the one being wronged now, but my food! How dare you question the words of a level-seven Transcendent Divine Beast. Your family’s Sixth Elder is quite bold!” Leng Ruoxue said coldly.

“Erm... I’m willing to apologize to Miss Leng and your food on behalf of the Guan Yue family. I hope Miss Leng will spare the Sixth Elder’s life,” Guan Yuelong requested very kindly. However, he couldn’t help but grumble in his heart. How could anyone treat a level-seven Transcendent Divine Beast as food? It would be strange if anyone believed it!

“Patriarch Guan Yue, the Guan Yue family is a top family. There’s really no need for a powerless little girl like me to bow and scrape. I can’t bear it!” Leng Ruoxue’s beautiful face was full of fright.

“Uh! This matter was originally our Guan Yue Family’s fault. Therefore, you can completely bear it.” Two drops of cold sweat couldn’t help hanging on Guan Yuelong’s forehead. He thought to himself, Who dared to say that the future president of the Alchemist Association was a powerless little girl? He was the first to be anxious with that person. Boohoo... In the Boundless Heaven Continent, the only ones

who could be compared with the three major super families were probably only the four major guilds. Even though the Guan Yue Family was a top-notch family, they were not even a fart in front of the four major guilds!

“Patriarch Guan Yue, some things can’t be treated as if nothing happened with an apology,” Leng Ruoxue reminded kindly, seeing that Guan Yue Long’s attitude was still considered sincere.

“Uh! Miss, feel free to request anything?” Guan Yue Long said very humbly. He knew that it was probably impossible to resolve this matter peacefully after hearing Leng Ruoxue’s words. Alas! He only hoped that this woman’s request would not be too ridiculous now. After all, he was unwilling to fall out with the Mystic Association..

Chapter 622: This Is Our Food Expenses (1)

“Requirement? What does Patriarch Guan Yue mean? Do you think I want to take advantage of you?” Leng Ruoxue raised her eyebrows slightly and said very displeased.

“Uh! No, no, that’s not what I mean. What I mean is that our Guan Yue family has let Miss suffer. I’m willing to compensate Miss on behalf of the Guan Yue family,” Guan Yue Long hurriedly explained. Boohoo... He didn’t understand. He didn’t say anything either! Why did he anger Leng Ruoxue?

“Miss, the meat is grilled.” At this moment, Feng Da deliberately walked to Leng Ruoxue and the others with a few pieces of grilled meat and handed them the meat.

“Thank you!” Leng Ruoxue took the delicious and greasy meat, put it in her mouth, and took a small bite. A unique fragrance of meat drifted into Guan Yuelong’s nose along the breeze...

It smells so good. Guan Yuelong couldn’t help taking a deep breath and muttering in his heart, Boohoo... Eating it in front of me is obviously deliberately craving me! It’s too much!

“Patriarch Guan Yue, would you like some?” Leng Ruoxue looked at the few pieces of grilled meat left on the table and asked politely.

However, before Guan Yuelong could answer, Empty said, “Xue’er, Patriarch Guan Yuelong is experienced and knowledgeable. What good things have he not eaten before? Why would he want a few pieces of grilled meat!”

“Yes, that’s true!” Leng Ruoxue said understandingly and stopped giving in. However, she couldn’t help laughing secretly in her heart when she saw the constipated expression on Guan Yuelong’s face. Haha!

Boohoo... Guan Yue Long was so angry seeing the two of them echoing each other! He was really angry, angry that they seduced him but didn’t let him eat them! Evil people!

“Miss, I’m very sincere. What’s your opinion?” Guan Yue Long turned his gaze away from the alluring food and asked again.

“Patriarch Guan Yue, you should coax my food first. I’ve raised them for so long. If their mood affects the quality of the meat, then there’s nothing to talk about.” Leng Ruoxue didn’t directly answer Guan Yue Long but didn’t refuse his suggestion.

“Uh! Alright then!” Guan Yue Long couldn’t help saying gloomily. Boohoo... Not only could he not eat those ‘food’, he actually had to coax them. What was this!

“Then go quickly. We’ll have a chance to talk after coaxing them. Otherwise, I won’t let anyone who dares to bully me off!” Leng Ruoxue half urged and half warned.

“Alright, please wait a moment, Miss.” Guan Yue Long smiled bitterly and came to the highest level black python and said, “May I know your name?”

“How can anyone tell me my name?” The black python raised its head high and said arrogantly, its cold eyes not even looking at Guan Yue Long.

“Uh! Then how should I address you?” Two drops of cold sweat dripped down Guan Yuelong’s forehead. This python seems to be very angry! Look at this attitude, it’s not friendly at all!

“Up to you!” the black python said coldly, its expression still cool.

“Then I’ll call you Brother Black! Brother Black, can you not let your brother let go of the Sixth Elder?” Guan Yue Long probed. Alas! The Sixth Elder was already foaming from being hung. Wouldn’t he vomit blood if this continued?

“Who do you think you are? Let me tell you, I won’t let the Sixth Elder drip. I think he likes to swing like this! Don’t worry, I’ll let my brothers take turns to play with him. He promised not to be lonely with us!” the black python promised.

“Uh!” Guan Yue Long was helpless. Why was this black python so stubborn? He looked at the Sixth Elder and couldn’t help but sigh. Alas! Forget it, it was fine as long as the Sixth Elder didn’t die. He shouldn’t care about the others.

“Don’t worry, I won’t kill him. We don’t eat raw meat now.” The black python saw through Guan Yue Long’s thoughts and comforted him. Hehe, they wouldn’t attack before Miss said anything. They just wanted to scare them just now!

“Oh, thank you. Brother Black, I apologize to you on behalf of the Sixth Elder. You’re a magnanimous person, so don’t be angry with him, okay?” Guan Yuelong coaxed very nicely.

“Oh no, he’s just a Mystic Sovereign. How dare he doubt my words! He deserves to die!”The black python said without giving him any face.

“Then what will make you not angry?” Guan Yue Long asked implicitly. Boohoo... He almost said ‘what are the conditions’ again just now. However, he didn’t dare to say that anymore with Leng Ruoxue’s example.

“Let me think!” The black python frowned and began thinking.

“Okay, take your time thinking about it!” Guan Yue Long hurriedly said happily when he heard that there was a door. Then he stood to the side and didn’t disturb the black python.

The First Elder quietly walked to Guan Yue Long’s side with slight suspicion. He was about to say something when Guan Yue Long stopped him with a look, indicating that it was not the time to speak.

After receiving the patriarch's hint, the First Elder also stood to the side tactfully, not disturbing the black python's contemplation. However, he had many questions in his heart because the patriarch's attitude toward the young girl was really too strange. Moreover, the patriarch didn't even ask about their identities but was so polite to them, which couldn't help making him very curious!

The black python not far away was frowning in thought. However, it couldn't think of anything after thinking for a long time. Moreover, it was a little tired from thinking. It lay on the ground and closed its eyes...

A few hours later.

The black python still didn't open its eyes. Not only that, but the sound of snoring came from its body. This couldn't help but make Guan Yue Long and the First Elder's faces blacken, and they couldn't help but grumble in their hearts in unison. They had been standing there foolishly for several hours, but not only did the black python not give them any answer, it even fell asleep! Boohoo... They were so depressed! How could there be such a top-grade snake?

What they didn't know was that the beasts beside Leng Ruoxue were all smart even if they didn't have a contract. How could they let them succeed so easily!

Moreover, Guan Yue Long found that no one on Leng Ruoxue's side was waiting at all except for him, the First Elder, and the clansmen of the Guan Yue family who were waiting eagerly. They were doing what they should be doing. As for Ning De, he had long found a sunny place to bask in the sun because he had eaten too much grilled meat. He didn't intend to pay attention to the trivial matter between them at all.. Anyway, he had already said what he wanted to say. As for the outcome later, it was not up to him to decide, so he naturally didn't have to participate!

Chapter 623: This Is Our Food Expenses (2)

"Patriarch, can't we continue waiting like this?" The First Elder, whose legs were a little sore from standing, couldn't help transmitting his voice. He was tired and hungry now! Moreover, he was really jealous of Feng Da and the others to death seeing so much grilled meat that they could see but couldn't eat. However, those were their things. They didn't intend to share them with them, so they couldn't snatch them by force!

"What else can we do if we don't wait? I don't want to provoke these people! Alas!" Guan Yue Long said very gloomily and couldn't help but sigh. The clansmen who had been surrounding the door had already dispersed automatically. However, they had no choice but to wait here for their answer. Alas! Being the patriarch was not something a person could do.

"Patriarch, who are these people?" The First Elder couldn't help asking curiously. Speaking of which, he had already endured for several hours, but the patriarch didn't allow him to speak!

"Alas! I'm afraid it's easy to invite a god but difficult to send a god away!" Guan Yuelong told the First Elder about Leng Ruoxue's identity and requested him to keep it a secret. In fact, he was very clear that Leng Ruoxue would probably not let the Guan Yue family off easily. Alas! Their Guan Yue family had really kicked an iron plate this time! He didn't have any other requests now, but he hoped that the Guan

Yue family's outcome would not be too tragic after this incident. He was satisfied. After all, there were few people sending charcoal in the snow these days, but there were many people adding insult to injury. If others knew that the Guan Yue family had offended the Alchemist Association, then the Guan Yue family would probably be really finished! And this matter was provoked by that unfilial son, so it was really difficult for him, the patriarch, to bear the blame!

"Patriarch, if this matter isn't handled properly, it will really have a huge impact on the family," the First Elder reminded. Alas! He finally knew why the patriarch was so submissive now. Guan Yue Lai really brought a disaster to the family!

At this moment, they still didn't know that this matter was not caused by Guan Yuelai but the head of the Sixth Elder who was hanging and swaying!

"Yes, I know. First Elder, I didn't discipline this matter well. I'll take the initiative to resign from the position of the patriarch and pass the patriarch to Xi'er after this matter is over!" Guan Yue Long said very cautiously.

"Patriarch, this isn't your fault. You don't have to do this," First Elder comforted.

The black python was finally willing to wake up while the two of them were communicating via voice transmission. It looked up at everyone present with hazy eyes, then fixed its gaze on Guan Yue Long and said, "I thought about it very seriously. Your Sixth Elder actually dared to question a level-seven Transcendent Divine Beast. His suspicion has seriously hurt my heart, so compensate me with some mental damage compensation."

"Mental damage compensation?" Guan Yue Long was stunned and his face was full of disbelief. Uh! Did it want money? However, he couldn't understand why a snake wanted money. It didn't know how to spend it.

"Yes? Why can't you bear to part with it?" The black python raised its head and looked directly at Guan Yue Long with its cold eyes. Hehe, it might not be Miss's beast, but it knew very well that Miss wanted to raise too many people or beasts, so it wanted some money to be the living expenses of these pythons. After all, Miss said that they would be given full authority to handle this matter, and they were not interested in anything other than money.

"No, no. I just don't know how much mental damage compensation you want?" Guan Yue Long hurriedly asked. Alas! He was willing to pay a little if he could use money to settle this python!

"No need, just ten billion purple coins will do." The black python said after some thought.

"Ten billion!" Guan Yue Long almost lost his balance and fell to the ground when he heard what the black python said. Damn! This python really opened its mouth wide! Ten billion was a third of the assets of the Guan Yue family! Could it be that their Guan Yue family would lose a third of their assets just for this python's injured little heart? Thinking of this, his heart ached!

"Patriarch, what should we do?" The First Elder looked at the patriarch whose face had turned the color of pig liver and couldn't help asking via voice transmission.

"First Elder, I've let down the ancestors of the family!" Guan Yuelong replied with a slight sob. Boohoo... A snake was going to take a third of the family's assets. How much would its master have to pay?

“Patriarch, what’s the point of saying these now? Why don’t you ask it? Can’t we give Sixth Elder to them to play with less money?” First Elder suggested. In his opinion, Sixth Elder was not as important as the assets of the Guan Yue family.

“First Elder, this isn’t too good, right? The Sixth Elder is a member of our Guan Yue family after all. If we hand him over, where will the dignity of our Guan Yue family be? What will the other families think of us in the future?” Guan Yuelong didn’t agree with the First Elder’s words. He didn’t really want to save the Sixth Elder, but he couldn’t leave him alone for the sake of the family’s reputation!

“Could it be that we really have to take out ten billion to end this matter?” The First Elder asked very reluctantly. Although many shops in the Guan Yue family were very profitable, ten billion was not a small sum. Moreover, no family could easily take out ten billion except for the three major families, so their Guan Yue family actually did not have that much cash!

“First Elder, do you have any good ideas?” Guan Yue Long said expectantly. Alas! Apart from Xi’er, the First Elder was the person he trusted the most. However, Xi’er was not here now, so the only person he could discuss with was the First Elder.

“Patriarch, should we look for that young lady again?” The First Elder frowned and thought for a while. However, his mind was in a mess now, and he couldn’t think of any good ideas at all, so he could only suggest to start with Leng Ruoxue.

“It’s useless. First Elder, did you forget her words? We only have the qualifications to negotiate with her after coaxing her food. Alas!” Guan Yuelong said very helplessly.

“Alas!” The First Elder also sighed in his heart.

“Your Excellency Black Python, we don’t want the Sixth Elder anymore. Can you ask for less money? Our Guan Yue family really can’t take out so much money.” The First Elder looked at the Black Python pitifully, trying to obtain its sympathy. Alas! Since the patriarch couldn’t be this evil person, then let him do it.

“Okay, I’ll charge you a million less!” the black python said shyly. It looked at the Sixth Elder, who was still hanging in the air and had fainted from the sun, and pondered in its heart. This old fellow isn’t worth a million, right? It couldn’t help but regret it when it thought of this.. Boohoo... Why was it so kind? It actually agreed just because the old man looked pitiful.

Chapter 624: This Is Our Food Expenses (3)

“Uh!” The First Elder was stunned and fell silent because he really didn’t expect that their Guan Yue family’s Sixth Elder was actually only worth a million in the eyes of that black python!

In fact, he was wrong. The Sixth Elder was worthless in the black python’s eyes. It only agreed because it saw that the First Elder was already so old and opened its mouth to retort, so it didn’t refuse with good intentions.

“Guan Yue, is there a problem?” The black python couldn’t help asking when it saw Guan Yue Long not speaking for a long time.

“No, no problem,” Guan Yue Long said with a black line hanging on his forehead. Boohoo... Could he say that there was a big problem? He only wanted to solve this matter quickly now, so he could only admit that he was unlucky. Therefore, he ignored even the black python calling him Guan Yuelong.

“Oh, I agreed to let your Guan Yue family use the Sixth Elder to repay the debt, so you can pay one million less,” the black python reminded kindly, as if it was afraid that they would forget.

“Uh! We don’t need the Sixth Elder to repay the debt,” Guan Yuelong said hurriedly. Alas! The Guan Yue family had already paid ten billion. Would they still care about a mere one million?

“Guan Yue brat, actually, this old man is really useless. You have to give him food. You’ve really lost too much.” The black python sighed, but it couldn’t help being smug in its heart. Hehe, it was smart, right? It really admired itself too much. Moreover, it wanted some money because it knew that the Guan Yue family would definitely not let the Sixth Elder go, so killing the Sixth Elder or not made no difference to it!

“Uh! Can you invite your young miss out?” Guan Yue Long said speechlessly and changed the topic. He didn’t want to talk about the Sixth Elder now.

“No, you haven’t paid yet!” The black python refused immediately. They had to pay according to the Miss’s rules. Before they saw the money, they couldn’t let her go or let him see the Miss.

“Erm... we don’t have that much money on hand, so you have to give us a few days. Find that young lady first. I want to talk to her,” Guan Yue Long said nicely. Boohoo... After the black python fell asleep, the young lady also entered the house to take an afternoon nap. As a big man, he couldn’t go directly into the house to look for her through these covetous pythons, right?

“Hand over the money and the person at the same time. Otherwise, don’t even think about seeing Miss again,” the black python said stubbornly.

“Our family really doesn’t have that much money now,” Guan Yue Long said anxiously, looking like he was about to cry. Boohoo... Who would put so much money at home for no reason! Of course, money had to flow!

“It’s fine if you don’t have money or something! I don’t mind as long as it’s worth ten billion,” the black python said very nicely and gave them a good idea.

“First Elder, please take my token to the warehouse!” Guan Yue Long said speechlessly after hearing the black python’s words. Alas! Beasts were smarter than humans these days. Would their family still be worried about not becoming strong if there were a few more shrewd clansmen like the black python in the Guan Yue family?

“Yes.” The First Elder was also very helpless. He took the token handed to him by Guan Yue Long and turned to leave the yard.

Seeing that its goal had been achieved, the black python ignored Guan Yuelong and lay directly on the ground. Guan Yue Long also found a random place to sit down. For a time, no one from either side spoke, and the atmosphere instantly became depressed.

About an hour later, the anxious First Elder returned to the yard. He hurriedly handed the ring in his hand to Guan Yue Long after seeing him. Then he wiped the cold sweat off his forehead, his heart aching!

“Brother Black, the money is ready.” Guan Yue Long looked at the things in the ring through his divine sense and then said to the black python.

“Yes, don’t lie to me. I might not know how to count, but my young miss won’t let you go if she knows that you dare to lie to me,” the black python warned and then rolled up the ring in Guan Yue Long’s hand with its tail.

“Your Excellency Black Python, don’t worry. The value of the things inside is only much higher,” the First Elder said hurriedly. Alas! In order to not cause trouble for the family, he chose the best items to take apart from money. Moreover, the value estimated was lower than the market price, so he was very confident that the other party would definitely be satisfied with the things in the ring.

“That’s good, Miss!” The black python nodded with satisfaction and then shouted at the top of its lungs. Its loud voice not only woke Leng Ruoxue up, but also Feng Da and the others, who had run to the corner to sleep.

“What’s the matter? What happened?” Feng Da and the others hurriedly got up, ran to the black python, and asked worriedly.

“It’s okay, hehe! Miss, this is our food allowance.” The black python transformed into a little black snake, crawled onto Leng Ruoxue’s wrist, and handed the ring hanging on its tail to her. It shook its head very happily. Boohoo... They ate too well every day. They didn’t need to do anything except cultivate, so they all gained weight. Hehe, it was finally able to contribute to Miss today. It was so happy!

“At least you have a conscience.” Leng Ruoxue raised her eyebrows slightly and caressed the little black snake’s head. She really didn’t raise them for nothing. They actually knew how to earn money.

“Hehe!” The black python smiled shyly. In fact, it really didn’t do anything.

Leng Ruoxue removed the ring hanging on the tip of the black python’s tail and checked what was inside with her divine sense. She was very satisfied with the First Elder’s performance. It seemed that this old man was sensible and didn’t use some trash to fool them. In that case, she naturally wouldn’t kill the Guan Yue family. After all, she was not a violent and bloodthirsty person.

Alas! Look at how sensible and protective this’ food ‘of hers was! One had to know that there were too many ingrates who were not familiar with her now. However, if even a’ food ‘could be raised to such an extent, why couldn’t some humans? Guan Yue Long and the First Elder praised in their hearts. They were sincerely envious, jealous, and hateful towards Leng Ruoxue for possessing such a sensible Gu family’s’ ‘food’!

“Patriarch Guan Yue, since you’ve coaxed my food, let’s talk about what happened between us now!” Leng Ruoxue looked up at Guan Yue Long, who was looking at her expectantly..

Chapter 625: This Is Our Food Expenses (4)

“Miss Leng, I’m very sorry for my son’s actions,” Guan Yue Long hurriedly said. Alas! One of his’ food ‘cost ten billion. He really didn’t know how to compensate this Eldest Miss.

“Patriarch Guan Yue, we are not fools, so don’t talk about a fool,” Leng Ruoxue said calmly. She didn’t care about that fool Guan Yuelai at all. Moreover, she came willingly.

“Uh! Then what does Miss Leng want to talk to me about?” Guan Yue Long said uneasily. Alas! When he saw these people today, he knew that his good-for-nothing unfilial son didn’t have the ability to snatch them back at all. They obviously came knocking on his door deliberately. However, he couldn’t explain it. Since Leng Ruoxue had made it clear, he naturally had no concerns. Otherwise, he was really afraid of angering her. After all, that unfilial son really had the motive to snatch, so he couldn’t blame her at all.

“Let’s talk about how you chased the guests out of the inn!” Leng Ruoxue said lightly.

“Uh! When did this happen?” Guan Yue Long asked in puzzlement. He had been keeping an eye on the preparations for the flower viewing convention recently. Moreover, something had happened to the Moon Gazing Restaurant, so he really didn’t know about this matter.

“A few days ago, I heard that you had to chase us out of the inn in order to give the Wu family an explanation. Fortunately, we left early. Otherwise, we might have been injured!” Leng Ruoxue touched on the sore spot and said with a faint smile.

“Give an explanation to the Wu family? Why should we give an explanation to the Wu family?” Guan Yue Long immediately exploded when he heard the word Wu family!

“You have to ask yourselves. I’m also puzzled. The Guan Yue family is stronger than the Wu family in terms of status and position on the Boundless Heaven Continent. However, they actually have to look at the Wu family’s expression. I really can’t understand! Can Patriarch Guan Yue give me a satisfactory explanation?” Leng Ruoxue said very indifferently. She had stayed in the Guan Yue family for two days and was very clear that Guan Yuelong would explode if he heard the Wu family. Therefore, there was no need for her to sow discord at all, hehe!

“That’s impossible. I absolutely won’t give that dead thing any explanation.” Guan Yue Long denied resolutely because he really didn’t do it, and no one had told him!

“Patriarch, the Moon Gazing Restaurant has indeed invited a few guests.” The First Elder gently tugged at Guan Yue Long’s sleeve and whispered. The Sixth Elder, who was incompetent and good at causing trouble, hated it to the core. He originally thought that it was Young Master Lai who provoked the matter and had some complaints about the Ninth Young Master who led the wolf into the house. However, he now understood that the source of the trouble was the Sixth Elder!

“When did this happen?” Guan Yue Long questioned with a cold face and was very displeased.

“It was when Wu Qian’er was injured. You didn’t let me intervene, so I handed the matter to the Sixth Elder to handle. However, I didn’t expect him to actually chase the guest who injured Wu Qian’er out of the Moon Gazing Restaurant!” First Elder explained in a whisper, but his words couldn’t hide from Leng Ruoxue and the others at all.

“Why didn’t you tell me about this?” Guan Yue Long said through gritted teeth. He also looked at the Sixth Elder, who was still hanging, and the resentment in his heart couldn’t subside.

"I was afraid that the Patriarch would be angry. In addition, when I found out, the guests had already been driven out. Later, something happened to the Moon Gazing Restaurant. I was busy dealing with the matters there, so I forgot about this matter. Alas! It's all my fault for being careless. If I knew that these ancestors were the ones who were chased out, I would have invited them back even if I had to flip the entire Moon Gazing City!" The First Elder said with a face full of regret. Boohoo... He was also responsible for this matter.

"What's the point of saying all this now? Let's think about how to deal with the aftermath! Alas!" Guan Yue Long sighed. Was this considered a disaster that came in pairs? Especially since this matter involved the Wu family, he couldn't let it go, and the anger in his heart became even greater!

"Have you discussed it?" Leng Ruoxue smiled lightly and looked at the First Elder and Guan Yue Long, who had been whispering.

"Uh! May I know what Miss plans are for this matter?" Guan Yue Long said very politely. Boohoo... He didn't dare to be rude. He knew that if this matter was not handled well, it would absolutely be a great calamity for the Guan Yue family!

"When I left the Moon Gazing Restaurant, I asked the shopkeeper to tell the Guan Yue patriarch not to regret it, so do it yourself. I don't care if you want to be my enemy!" Leng Ruoxue said nonchalantly.

"Uh!" Two drops of cold sweat dripped down Guan Yue Long's forehead. Boohoo... threatening him again. He didn't receive the message from the shopkeeper! He couldn't help being a little angry at this point. He was the patriarch of the Guan Yue family, but the people below actually hid so many things from him. How ridiculous!

"Miss, the patriarch and I didn't receive the message from the inn's shopkeeper. If we knew, we definitely wouldn't allow this to happen." The First Elder wiped the cold sweat off his forehead and explained.

"This isn't a reason, so you should think about how to give me an explanation! Tomorrow is the flower viewing convention of Moon Gazing City. I know you will take this very seriously, so I won't ask you to do anything during this period. The time I give you is three days after the flower viewing convention. You have to give me an answer," Leng Ruoxue said very understandingly.

"Thank you for your understanding, Miss," Guan Yue Long said gratefully and seemed to be relieved. In fact, he was really afraid that this Eldest Miss would not let it go. He was even more afraid that the news that their Guan Yue family had offended the Alchemist Association would spread. That way, their family's status in the Boundless Heaven Continent would plummet! As the patriarch, this was the last thing he wanted to see.

"Ning De, let's go!" Leng Ruoxue called out to the corner.

"Coming." Ning De, whose belly was full from the grilled meat, walked to Leng Ruoxue with some difficulty and said respectfully.

"You must be very full now!" Leng Ruoxue said speechlessly. She took out a pill and handed it to Ning De.

“Hehe!” Ning De took the pill and directly put it in his mouth, immediately feeling much more comfortable in his stomach.

“Let’s go. Hurry up and throw away the trash on your tail.” Leng Ruoxue looked at the pythons and said to the water python. It turned out that the unlucky Sixth Elder was still hanging and swaying on the water python’s tail.. Alas! The Guan Yue family had already paid but didn’t know how to return their trash.

Chapter 626: Attending The Flower Appreciation Festival With Different Thoughts (1)

“Yes, I’ll return him to you. This old man stinks to death.” The water python hurriedly threw the stinky old man hanging on its tail in front of Guan Yue Long with a look of disdain when it heard Leng Ruoxue’s words.

“Uh!” Guan Yue Long looked at the Sixth Elder who had been thrown in front of him and hesitated about whether he should take back this trash. In fact, he wanted to destroy this trash that occupied a lot of space more now.

“Patriarch, lock the Sixth Elder in the cell first!” The First Elder, who saw through Guan Yue Long’s thoughts, said hurriedly. Alas! He knew that the Sixth Elder was dead for sure this time. However, he didn’t pity the Sixth Elder because he had really harmed the family badly this time.

“Yes.” Guan Yue Long nodded.

“Sorry for being rude!” The First Elder said to Leng Ruoxue and the others. Then he walked forward, picked up the Sixth Elder’s collar, and brought him out of the yard like he was carrying a sack, throwing him into the cell.

“Patriarch Guan Yue, we’ll take our leave.” Leng Ruoxue stored the pythons in the bracelet and said to Guan Yuelong.

“Okay, I’ll send you off,” Guan Yue Long said very warmly.

“There’s no need. If Patriarch Guan Yue sends us out personally, we won’t have any peace in the future,” Leng Ruoxue teased.

“Uh! Alright then!” Guan Yue Long said helplessly. Boohoo... It’s because you like peace and quiet that you harmed us. Alas! How could this have happened if we knew their identities beforehand! However, the Wu family should be in a worse state than them, right? His mood instantly brightened up when he thought of this. One had to know that Wu Ming would not be as flexible as him. He knew very well that the Wu family would not let this Eldest Miss go, so he seemed to have foreseen the tragic state of the Wu family. Haha! Happy!

“Let’s go!” Leng Ruoxue looked at everyone and said. With that, she swaggered and left the Guanyue family clan smoothly.

Walking on the streets of Moonview City, Ning De wanted to say something but stopped himself.

“Old Ning! Say whatever you want to say. Don’t be so coy like a woman,” Feng Da couldn’t help but say.

“Haha!” Leng Ruoxue and the others couldn’t help but laugh when they heard Feng Da’s words, making Ning De instantly blush, wanting to find a hole to burrow into.

“What do you want to say?” Leng Ruoxue asked very kindly, neutralizing Ning De’s embarrassment.

“Miss, are those pythons really your ‘food’?” Ning De asked curiously. Uh! Could the python meat he ate be one of those pythons?

“Yes, I guess so!” Leng Ruoxue said honestly. Those snakes were caught together with Icy. However, she had some feelings for them after raising them for so long, so she really didn’t want to eat them. She often scared them, hehe!

“Miss, those are Legendary Beasts, many of them are Transcendent Divine Beasts. It’s a pity to eat them,” Ning De said on behalf of those giant pythons.

“Is that so? If I remember correctly, you ate the most just now,” Leng Ruoxue teased with a spurious smile.

“Uh! That’s because it’s already grilled! I’m afraid of wasting them!” Ning De wiped the cold sweat off his forehead and defended himself. Boohoo... Miss was too evil. She must have done it on purpose!

“Makes sense. Being thrifty is a virtue.” Leng Ruoxue nodded in agreement.

“Miss, what do you intend to do with the Guan Yue family?” Ning De hurriedly changed the topic, afraid that Miss would mention the python meat he had just eaten.

“Toss around!” Leng Ruoxue spat out two words softly and stopped talking.

“Uh!” Ning De was speechless. He lowered his head and walked while thinking, Can’t Miss say a few more words? Boohoo... He was really curious!

“Ning De, the Alchemist Association has arrived. Where are you going?” Leng Ruoxue reminded Ning De, who had been walking with his head lowered.

“Ah! We’re here so soon!” Ning De said awkwardly. Boohoo... It was embarrassing again. He actually got distracted.

“Hehe!” Feng Da and the others let out low laughter.

“Miss, let’s go in!” Ning De said shyly with a red face.

“Okay!” Leng Ruoxue nodded slightly, and then everyone walked directly into the Alchemist Association.

After entering the guild, Leng Ruoxue and the others returned to their temporary yard.

In the yard.

The little old man was sitting on a stone bench with several alchemists surrounding him. They seemed to be asking him questions, and he was answering them very patiently.

“Eh! Lass, you’re back!” the little old man asked in surprise when he unintentionally saw Leng Ruoxue and the others.

“Uh! Grandpa Du, what do you mean? Could it be that you are unhappy that we’re back early?” Leng Ruoxue said aggrievedly.

“Hehe, with my understanding of you, I thought you would stay in the Guan Yue family until the end of the flower appreciation festival!” the little old man said with a naughty smile.

“Master, luckily you didn’t go out with us that day. Otherwise, you would have been snatched away like us!” Zheng En said with a smile, his handsome face seemed to be full of regret.

“Yes! Fortunately, I didn’t go out with you that day. Otherwise, the Guan Yue family probably wouldn’t be able to compensate for the loss of kidnapping me even if they went bankrupt!” the little old man teased happily. Alas! He only knew how lonely he was these two days that the girl and the others were not by his side. If he wasn’t afraid of ruining the girl’s plan, he would have probably killed his way to the Guan Yue family and walked into their trap.

“Haha, Grandpa Du, Guan Yue Long has already compensated ten billion for my ‘food’,” Leng Ruoxue said with a smile, her beautiful face full of satisfaction.

“Uh! What’s going on?” The little old man’s face was full of curiosity. He knew that the clansmen of the Guan Yue family had not eaten for the past few days. Could it be that they had to spend a lot of money so quickly? Ten billion! That was not a small sum, almost equivalent to the entire wealth of a medium-sized family.

“Haha! Master, I’ll tell you.” Zheng En pulled the little old man and began to tell him what had happened. They looked like they were sleeping, but they didn’t miss out on what they should hear and see!

“Haha!” The little old man couldn’t help but laugh loudly after hearing this. The alchemists who were also listening by the side were all dumbfounded, their foreheads covered in cold sweat.. Moreover, they secretly decided in their hearts that no matter who they provoked in this world, they couldn’t provoke these people because they were really too terrifying!

Chapter 627: Attending The Flower Appreciation Festival With Different Thoughts (2)

“Grandpa Du, the flower appreciation festival is tomorrow. Let’s go take a look!” Leng Ruoxue suggested.

“Okay, hehe. I wonder how the Wu family will react when they see you,” the little old man said with anticipation. Well, following the girl and the others would definitely not be boring!

“Definitely not in a good mood, especially when Wu Qian’er sees me,” Leng Ruoxue said understandingly.

“Lass, let’s try our best to keep a low profile tomorrow! If they don’t take the initiative to provoke us, then we’ll stay put!” the little old man said with a chuckle. He was not looking forward to what was about to happen tomorrow! That was because he knew that the Wu family would definitely not be able to control their anger when they saw them, so they didn’t need to find trouble at all!

“Yes, being low-key has always been my style. If anyone wants me to not be low-key, then I can only be high-profile for him to see!” Leng Ruoxue’s beautiful face was full of indifference.

“Miss, do you need me to prepare anything?” Ning De quickly said after hearing Leng Ruoxue’s words because he knew the character of the Wu family and knew that they would not be at ease.

“What you need to prepare is to pretend not to know me tomorrow,” Leng Ruoxue said after some thought. Hehe! It was more interesting to pretend to be a pig to eat a tiger.

“Why?” Ning De asked in puzzlement with a long face.

“Is there a need to ask! What if the Wu family knows about our relationship? What if they retreat? Therefore, we have to not recognize you!” Feng Da explained with a smile.

“The Wu family won’t,” Ning De muttered softly. The eyes of the Wu family were at the top of their heads. They would not take the Alchemist Association seriously unless they needed their help.

“It’s settled. I’m going to sleep. Help yourselves!” Leng Ruoxue said bluntly. Then she pulled the freak into the room.

“Miss!” Ning De called out aggrievedly. Boohoo... Why does Miss always sleep!

“Stop shouting. Miss hates it when others disturb her sleep.” Feng Da hugged Ning De’s shoulder and reminded him. Hehe, actually, Miss didn’t go to sleep. Miss went into the space to cultivate.

“Oh, I’ll take my leave then,” Ning De said gloomily and left the yard.

The alchemists tactfully followed closely after seeing President Ning leave. Feng Da and the others entered the room seeing that there were no outsiders...

The next morning.

Leng Ruoxue and the others walked out of the room after leaving the bracelet.

“Miss, should we look for Old Ning?” Feng Da asked when he saw that it was almost time, but Ning De actually hadn’t arrived yet.

“There’s no need to look. He’s already here.” A knock sounded on the door just as Leng Ruoxue finished speaking. Feng Da hurriedly opened the door after hearing it.

“Miss, I’m sorry. I had insomnia yesterday and slept late,” Ning De explained, his cheeks burning.

“It’s okay. Your mission today is to bring us into the venue of the flower appreciation festival. After that, you have nothing to do,” Leng Ruoxue ordered.

“Yes.” Ning De was a little unwilling, but he had no other choice. Boohoo... It was his identity that harmed him!

“Let’s go!” Leng Ruoxue ordered, and everyone left the Alchemist Association valiantly.

The venue of the Flower appreciation festival was arranged in a square in Moon Gazing City. At this moment, the periphery of the square had been encircled by the Moon Gazing Family and a shed had been set up. It could accommodate thousands of people and had a VIP seat and ordinary audience seats.

“Miss, the venue of the flower appreciation meeting is up ahead.” Ning De suddenly said to Leng Ruoxue after walking for a while.

“Yes.” Leng Ruoxue nodded. In fact, she had already seen it because there were all sorts of colorful flowers everywhere she looked. They were fighting for beauty and were actually blooming.

“Miss, there’s still some time before the flower appreciation festival. Shall we go in now?” Ning De asked. There were not many people outside the venue now because the flower appreciation festival had yet to begin.

“Of course we’re going in,” Leng Ruoxue said. She came so early because she wanted to enter early! These beautiful flowers would not be the ones being watched when there were more people later.

“Okay.” Ning De brought Leng Ruoxue and the others around to the left. The flower viewing convention was divided into three entrances, one on the left and one on the right, and the largest was in the middle. That was also the main entrance with the most people, and the people on both sides were relatively fewer. He knew that Miss wanted to keep a low profile, so he naturally wouldn’t bring Miss and the others in through the main entrance.

“Ning De, are so many flowers provided by the families?” Leng Ruoxue looked at the flowers that were almost one-third full in the venue and couldn’t help asking curiously after entering the inner hall. She really didn’t expect there to be so many families raising famous flowers to admire. These flowers were not ordinary flowers that were planted just to beautify the yard, but genuine famous flowers and herbs. Some were very precious and could be used for medicine.

“Yes, famous flowers and famous herbs are very popular among the top families of the Boundless Heaven Continent. The Flower Viewing Conference in Moon Gazing City just happened to give them a chance to showcase their taste. Therefore, the major families won’t make things that they can’t show embarrassing. After all, this also concerns the face of the various families. Therefore, the flowers and plants in the Flower Viewing Conference are considered rare treasures,” Ning De explained.

“There are also women other than these flowers and plants, right?” Leng Ruoxue said in realization.

“Uh! Yes, this is also part of the flower appreciation festival,” Ning De said.

“Miss Leng, President Ning, you’re here.” A voice suddenly interrupted Leng Ruoxue and Ning De’s conversation.

“Isn’t this the First Elder of the Guan Yue family? You’re early!” Leng Ruoxue said with a light smile. At this moment, no guests or audience had entered the venue except for the guards, servants, and maids arranged by the Guan Yue family!

“Uh! We’re specially here to welcome Miss Leng and President Ning,” First Elder said ingratiatingly. In fact, they didn’t know if this Eldest Miss would come to cause trouble. However, the patriarch still asked him and Fifth Elder to come and wait early to avoid neglecting this Eldest Miss that they couldn’t afford to offend.

“First Elder, don’t worry. I’m here to participate in the flower viewing convention. I won’t cause trouble for no reason if no one takes the initiative to provoke me,” Leng Ruoxue said understandingly. Alas! It seemed that the Guan Yue family really valued this flower viewing convention! They actually looked like they were facing a formidable enemy seeing her..

Chapter 628: Attending The Flower Appreciation Festival With Different Thoughts (3)

“Uh! Miss Leng, the patriarch specially sent us here to wait for you because he was afraid of neglecting you,” the eldest quickly explained. Boohoo... Why was this little girl so shrewd at such a young age! In fact, the patriarch really had this purpose in sending them to wait.

“Oh, arrange an inconspicuous spot for us since the First Elder is here! I want to keep a low profile,” Leng Ruoxue said rudely.

“Okay, Miss Leng, the VIP seats...” First Elder was about to say something when he was interrupted by Leng Ruoxue.

“We don’t want the VIP seats. We just want ordinary seats,” Leng Ruoxue said.

“Okay, this way please,” First Elder answered helplessly. Then he led Leng Ruoxue and the others to an inconspicuous spot with Fifth Elder.

“Miss Leng, is this place okay?” First Elder asked anxiously when they arrived because this place was really too inconspicuous and relatively remote. However, their vision was excellent, and they could just see the middle of the stage.

“Yes, thank you. I’m very satisfied.” Leng Ruoxue motioned for everyone to sit down after speaking.

“Old Ning, your seat is in the VIP seats!” Feng Da reminded kindly after seeing Ning De sit down with him. Alas! If Old Ning were to sit here too, there would probably be no more fun.

“Miss, I would like to sit with you!” Ning De looked at Leng Ruoxue aggrievedly with tears in his eyes.

The First Elder and Fifth Elder beside him were all terrified when they saw Ning De’s expression. Heavens! Was this person really the President Ning they knew? Why did he look like a puppy abandoned by its master now!

“Be good. Go to the VIP seats and sit,” Leng Ruoxue said helplessly. Alas! How did Ning De learn to pretend to be pitiful? It had only been a few days!

“Alright then!” Boohoo... He had to sacrifice himself for Miss’s plan. Ning De stood up reluctantly and walked back to the VIP seats every three steps.

“Fifth Elder, stay here and accompany Miss Leng and the others!” First Elder said to Fifth Elder.

“Yes,” the Fifth Elder answered hurriedly.

“Miss Leng, you can instruct Fifth Elder at any time if there’s anything.” First Elder turned his head to Leng Ruoxue.

“Okay.” Leng Ruoxue nodded. It would be a waste not to use it since the Guan Yue family was willing to send her an errand!

First Elder bowed slightly to Leng Ruoxue and the others and left after speaking.

“Miss Leng, please don’t stand on ceremony if you have any instructions,” Fifth Elder said very respectfully.

“Don’t worry, I won’t stand on ceremony. Fifth Elder, eat this first!” Leng Ruoxue took out a pill and handed it to Fifth Elder. Hmph! Was it possible to find someone to watch her?

“Uh!” The Fifth Elder took the pill, hesitated, and then resolutely ate the unknown pill. Boohoo... He went all out for the sake of the family.

“Don’t be scared. It’s not poison. I just don’t want you to be recognized.” Leng Ruoxue teased happily as she looked at the Fifth Elder’s expression that said he was ready to die.

“What pill is that?” Fifth Elder couldn’t help asking curiously.

“Appearance Changing Pill! Fifth Elder, sit down. You will block my vision if you stand!” Leng Ruoxue said lightly.

“Oh!” The Fifth Elder hurriedly sat down in the empty seat beside them after hearing Leng Ruoxue’s words.

The audience in the venue increased as the time for the conference approached.

“Miss Leng, our flower viewing convention will last for a week. During this period, apart from seeing many precious flowers and plants, the highlight will be the talents competition of the daughters of the major families. The daughters of the families who won the championship will obtain the grand prize!” After a while of silence, the Fifth Elder took on the task of explaining and explaining to Leng Ruoxue and the others.

“Talent performance? What are they?” Feng Da couldn’t help asking curiously.

“Hehe, of course it’s the specialty of the daughters of the various families. I’m not sure what it is exactly now. However, the daughters of the various families will learn various skills from a young age so that they can prepare for marriage in the future. No man will want a daughter without any skills,” the Fifth Elder said.

“Oh! Miss, looks like no man will want you by the standards of the Boundless Heaven Continent!” Feng Da teased with a light smile.

“Who said so? I want it!” The freak glared at Feng Da and said with displeasure. Hmph! Who dared to say that no one wanted Xue’er? He was anxious with whoever! Did they think he didn’t exist?

“Hmph! Do I need to rely on my talents to attract men?” Leng Ruoxue said disdainfully. Only women who were not very talented in cultivation would be used by the family as a tool for marriage. The sad thing was that those women were actually happy about it. Alas! This was really the sorrow of women!

“Hehe, Miss Leng is of course an exception,” the Fifth Elder hurriedly echoed, thinking to himself that ordinary men couldn’t afford to have such a strong woman. Moreover, he didn’t think that any man would dare to let the future president of the Alchemist Association perform for everyone in public. Alas! Wasn’t that courting death!

“Hehe, of course not,” Feng Da said hurriedly.

“Xue’er, the conference has begun,” Empty reminded her and then looked at the stage.

In the middle of the stage.

After the host went on stage, he gave an opening speech before the patriarch went on stage to give his speech.

Guan Yue Long strode onto the stage that was nearly two meters tall. His gaze first scanned the audience, and then paused on Leng Ruoxue and the others when he looked at them. He nodded slightly without leaving a trace and began to speak.

“Fifth Elder, are all the VIPs you invited here?” Leng Ruoxue looked at the VIP seats and found that there were still a few empty seats, which seemed to be the seats of the Wu family. Hmph! The Wu family was really extraordinary arrogant. The flower appreciation festival had already begun, but they hadn’t arrived yet.

“Uh! The Wu family isn’t here yet.” Fifth Elder also glanced at the VIP seats and said.

“Does the Wu family want to forfeit?” Leng Ruoxue deliberately guessed.

“The Wu family won’t forfeit. Miss Leng, they’re already here,” the Fifth Elder reminded. When he was speaking just now, he happened to see the Wu family members walking into the VIP seats from the corner of his eye. Alas! The Wu family always used this method to show that they were different. In fact, it was really unnecessary! Because this didn’t mean that the Wu family was superior to others! To reverse it, it was precisely because they deliberately did so that the Wu family’s social relations among the various families were not good..

Chapter 629: Attending The Flower Appreciation Festival With Different Thoughts (4)

“Where’s Wu Qian’er?” Leng Ruoxue looked at the Wu family’s lineup and found that Wu Qian’er was not among them. This would not do! Wu Qian’er had to come even if no one from the Wu family came!

“She should be backstage. The talent performance of the daughters of the various families will begin after the patriarch finishes his speech. Wu Qian’er is the first to go on stage!” the Fifth Elder explained. Alas! Poor Wu Qian’er. Good luck! He couldn’t help gloating and praying.

“Oh!” Leng Ruoxue nodded. It was good that he was here.

At this moment, Guan Yue Long had already ended his speech and announced the official start of the first round of the competition.

Wu Qian’er was the first young lady to go on stage. After Guan Yue Long finished speaking, she, who was already prepared, strode elegantly and arrogantly onto the stage like a proud phoenix.

“Tch, look at her proud appearance. What’s there to be smug about?” a young lady from an aristocratic family said disdainfully when she saw Wu Qian’er go on stage.

“Sister Xing’er, Miss Wu does have the right to be arrogant,” a young woman in white who looked very pure and beautiful said very impartially.

“Big Sister Fang, there’s no need for her to be so smug! Does she really think that the champion will definitely belong to her? Hmph! How can the champion be hers with Big Sister Fang around!” the woman called Xing’er said indignantly, her cute and beautiful face fuming.

“Sister Xing’er, don’t spout nonsense. How can I compare to Miss Wu? You will make things difficult for me by saying this,” Bai Fang said with a troubled face.

“Alright, I won’t say it. However, Big Sister Fang, no matter who wins in the end, you are the true champion in my heart,” Xing’er said with certainty. They had a good relationship even though Bai Fang was not the first daughter. Moreover, she liked the elegant, beautiful, and outstanding Bai Fang very much.

The daughters backstage had different thoughts. Wu Qian’er, who was on the stage, began her first performance...

After Wu Qian’er stood on the stage, she first very politely gave a few opening remarks and said some pompous words, and then began her performance today.

Her talent performance was the zither. The waiter had already prepared the zither when she spoke. After a few short words, she sat in front of the zither table and began to play today’s song, Phoenix Seeking Phoenix...

In the corner of the audience.

“It seems like Wu Qian’er wants to marry out quickly!” Leng Ruoxue teased as she listened to the melodious and pleasant zither music coming from the stage. Well, Wu Qian’er’s zither playing was really good. She must have practiced a lot. However, with her unruly character, the Guan Yue family probably wouldn’t want her no matter how good she was at playing the zither.

“Ahem!” The Fifth Elder coughed awkwardly when he heard Leng Ruoxue’s words because he really didn’t know how to respond to this. Uh! Miss Leng was right. Wu Qian’er really wanted to marry off quickly.

“Fifth Elder, are you sick?” Leng Ruoxue pretended to be stupid, her beautiful watery eyes innocent!

“Yes, my throat is a little uncomfortable,” the Fifth Elder said shyly. Alas! None of the daughters who came to participate in the flower appreciation convention this year were easy to deal with. Hopefully, nothing bad happened.

“I have medicine for you.” Leng Ruoxue handed him a pill very kindly and then looked at the Fifth Elder expectantly.

“Uh!” The Fifth Elder looked at the pill in Leng Ruoxue’s hand and was depressed! Boohoo... She wanted to give him medicine again. He was just saying it casually, but he couldn’t not want it. Therefore, he could only bite the bullet and take it and put it in his mouth.

“Fifth Elder, it’s not poison. Why are you eating so painfully?” Leng Ruoxue couldn’t help teasing after seeing Fifth Elder’s expression.

“Uh!” The Fifth Elder’s face was red because he really didn’t know how to answer. He couldn’t say that he was afraid of poison, nor could he say that he didn’t like to take medicine. Boohoo... It was a dilemma!

“Miss, don’t give away such good pills casually!” Feng Da glanced at the Fifth Elder and complained seemingly petty.

"I didn't give it away casually! Fifth Elder isn't a casual person," Leng Ruoxue answered aggrievedly.

"Miss, our pills can be sold for a lot of money. Even people who are not casual have to take money, understand?" Feng Da said very seriously.

"Okay, take more money for others next time. I won't take the money this time for Fifth Elder's sake," Leng Ruoxue said after some thought.

"Alright, there won't be a next time!" Feng Da pretended to be satisfied and nodded.

The Fifth Elder, who was beside them, felt even more depressed when he heard the two of them talking in unison. Did they think that he didn't pay? However, the first time was an appearance changing pill, and the second time was unknown medicine. Both times were not what he wanted to eat. Would he not be a fool if he paid? Boohoo... A group of baddies!

In the audience, Leng Ruoxue and Feng Da were teasing the Fifth Elder. The VIP seats were also extraordinarily lively. After the patriarchs of the major families greeted each other, they sat down in their seats and prepared to enjoy the performance.

The patriarchs of the various families were all full of smiles. However, there was one person sitting listlessly in his seat with the words 'Do not approach strangers, please don't disturb' written on his face. Most of the patriarchs were tactful when they saw this situation, but there were also those who were ignorant...

"President Ning, I've heard a lot about you. I'm the patriarch of the Fang family. Nice to meet you." The middle-aged man who claimed to be the patriarch of the Fang family walked in front of Ning De and said very politely.

"Go away, don't bother me!" Ning De said without giving him any face. Normally, he might give some face to deal with these so-called patriarchs, but he really didn't have the mood now. Boohoo... He was depressed and annoyed at everyone, so even Guan Yuelong tactfully didn't dare to disturb him!

"Uh!" The patriarch of the Fang family, who had walked over to try to worm his way into being friends, blushed and stood awkwardly on the spot. He couldn't leave or stay, but even if he was angry, he didn't dare to vent it on Ning De, so he could only bear with it.

"Hehe, Patriarch Fang, I have something to tell you." First Elder looked helplessly at the depressed Ning De and hurriedly mediated..

Chapter 630: The Furious Wu Qian'er (1)

"Oh, First Elder, what's the matter?" the Fang family's patriarch hurriedly asked and descended the ladder handed to him by the First Elder. Otherwise, he really didn't know what to do.

"Patriarch Fang, come over and you'll know," the First Elder said with a smile. Then he whispered a few words in the Fang family's patriarch's ear, who walked in front of him, and the Fang family's patriarch returned to his seat obediently.

“Hehe, Brother Wu, your daughter played this ‘Phoenix Seeking Phoenix’ really well! I hope your daughter’s wish will come true and find a good husband as soon as possible!” At this moment, a patriarch started flattering Wu Ming again.

“Hehe, that’s too much. As the saying goes, there’s always someone better. Qian’er’s tune might be passable, but which of the daughters who came to participate in the competition this year aren’t talented people? Therefore, I really don’t dare to be arrogant!” Wu Ming said with slight modesty, but the smugness on his face couldn’t be concealed.

“Patriarch Wu is too modest. With Miss Wu’s talent, winning the championship is a matter of course,” another patriarch echoed.

“Yes! Hehe, actually, we can’t just congratulate the Wu family head, we have to congratulate the Guan Yue family head too!” A patriarch of a middle-class family brought up the topic. Moreover, he didn’t realize that his words had already displeased someone.

“What does it have to do with me?” Guan Yue Long said irritably with a black face.

“Uh! If Miss Wu wins the championship, she will be the young madam of your Guan Yue family, so of course we have to congratulate you, Patriarch Guan Yue,” the patriarch explained. However, after speaking, he realized that most of the patriarchs were looking at him as if they were watching a good show. No one wanted to echo him at all. What was going on?

This was the first time he was qualified to participate in the Flower appreciation festival this year, so he was not aware of the entanglement between Guan Yue Long and Wu Ming. Otherwise, he would not have said such words at all. However, he was rejected by the Guan Yue Long family from then on because he thought he wanted to curry favor with the two families. The only Flower appreciation festival did not achieve his desired goal because no family was willing to befriend him after angering him. After all, basically all the top families followed Guan Yue Long’s lead.

“Are you so sure that Wu Qian’er will win the championship?” Guan Yue Long narrowed his eyes and said lightly.

“Of course. Many patriarchs think highly of the Wu family’s young miss,” the patriarch said matter-of-factly. He had privately chatted with some patriarchs before the flower viewing convention began. Most of the patriarchs supported Wu Qian’er, so he was so sure that Wu Yi would definitely win the championship.

“I don’t think so!” Guan Yue Long rolled his eyes at Wu Ming and said without giving him any face.

“Uh!” The patriarch was a little dumbfounded. What was going on? He could sense that something was amiss even if he was slow. Moreover, he happened to see the gloating expressions of many patriarchs, and his heart turned cold. Boohoo... Did he say something wrong again?

Everyone didn’t dare to speak because Guan Yue Long was a little angry, so the atmosphere instantly became depressed.

After a while, finally, a patriarch couldn’t stand the oppressive atmosphere and said bravely, “Why isn’t Young Master Guan Yue here?”

“Xi’er has something more important to do and hasn’t rushed back yet,” Guan Yue Long said lightly. Alas! In fact, he knew very well that Xi’er had run out because he didn’t want to participate in the flower appreciation festival. It was a little unreasonable not to participate in the flower appreciation festival as the young master of the Guan Yue family, but he could still find a suitable excuse for his son.

“What is more important than the flower appreciation festival?” a patriarch said in disbelief, his face full of disapproval.

“Xi’er went to the Alchemist Association to obtain the reward for the champion of this year’s Flower appreciation festival. He’ll be back in a few days,” Guan Yuelong explained calmly. Hmph! You can’t say anything about this reason, right? The prize for the champion of the Flower Viewing Convention is a Heaven Grade pill named the Hundred Flower Pill. The Hundred Flower Pill has the effect of beautifying and beautifying. No woman can refuse it at all. However, ordinary women can’t afford the Hundred Flower Pill because refining the Hundred Flower Pill requires more than a hundred famous flowers and herbs as the main ingredient. Not only does it take time and effort, but only alchemists can refine it. Therefore, the cost of one Hundred Flower Pill is extremely high, and one Hundred Flower Pill on the market can be sold for a sky-high price.

“Oh, no wonder!” The patriarch nodded in understanding.

“May I know if Young Master Yue from the Daoist Temple can rush back before the Flower appreciation festival ends?” Wu Ming asked casually.

“Of course you can,” Guan Yue Long said confidently. Hmph! Xi’er promised him that he would return before the flower viewing convention ended.

“But why did I hear that Young Master Guan Yue only left home for three to four days? It took nearly a month to travel from Guan Yue City to Carefree City. Can Young Master Guan Yue really make it back in time?” Wu Ming said with a spurious smile.

“Patriarch Wu, could it be that you burned your head because you fell into the toilet? My Xi’er has obviously been away for almost a month. How is it three or four days like you said! You remembered it wrong,” Guan Yu Long lied through his teeth, and even revealed the embarrassing matter of Wu Ming falling into the toilet in public...

“You...” Wu Ming was so angry that he couldn’t say anything. Damn Guan Yuelong, how dare he say this matter. Hmph! He wouldn’t let this old thing go. He would definitely have the chance to get rid of Guan Yue Long when his precious daughter became the young madam of the Guan Yue family, so he could only bear with it now.

“Wow! Seems like the rumors are true!” The patriarchs couldn’t help whispering when they heard Guan Yue Long’s words. There had been rumors on the streets these two days that the Wu family’s patriarch had fallen into the toilet. However, they had always thought that someone was being malicious. However, after hearing Guan Yue Long’s words today, they were sure that it was true! Immediately, the patriarchs looked at Wu Ming with a hint of gloating and pity.

Wu Ming’s face became as colorful as a color palette when he saw the strange gazes of the patriarchs. However, he couldn’t flare up on the spot, so he could only swallow his anger.. If he really became angry because of Guan Yue Long’s words, then it would probably become even more true!
