

Crazy Wife 651

Chapter 651: Rumors Arise (6)

"Okay." Guan Yue Xi described the incident in front of Luo Xian again.

"Now you know!" Guan Yue Long said sympathetically. In fact, this originally had nothing to do with Luo Xing'er, but she insisted on sticking up.

"Yes, what should we do now?" Luo Xian was at a loss. He really didn't want to bring an undeserved calamity to the family because of his ignorant daughter. Alas!

"I don't know either." Guan Yue Long looked at Luo Xian, who was in the same boat as him, very helpless.

"Patriarch, Patriarch Luo, why don't you go to the Alchemist Association personally and probe Miss Leng's intentions while you're at it?" the First Elder suggested. The time limit that girl gave them was almost up. If they couldn't give her a satisfactory answer at that time, their Moon Gazing Family would probably be unable to escape calamity.

"Alas! That's the only way." Guan Yue Long sighed heavily.

"Then let's go now!" Luo Xian said impatiently.

"Okay." Guan Yue Long nodded. Then the two of them went straight to the Alchemist Association, but they were refused entry.

At the entrance of the Alchemist Association, Guan Yue Long and Luo Xian looked at each other helplessly.

"What should we do now?" they asked in unison.

"I don't know," Guan Yue Long said. Alas! Whether they met or not, it would be useless even if he had any ideas! This was like punching cotton, making people very depressed.

"Why don't we go back first and come back tomorrow? Perhaps Miss Leng's anger will subside tomorrow," Luo Xian suggested.

However, wishes were good, but reality was cruel. They were given the cold shoulder for two days in a row. Moreover, rumors suddenly spread all over Moonview City...

Some said that Leng Ruoxue injured someone, while others said that Leng Ruoxue stole someone else's fiancé. All the blame was instantly on Leng Ruoxue, who was concocting pills in the bracelet without knowing anything...

In the main mansion of the Guan Yue family.

In the study, Guan Yue Long paced around like an ant on a hot pan, his handsome face full of worry.

"Patriarch, stop spinning. I'm dizzy," First Elder said, unable to bear watching.

"First Elder, I'm anxious. Miss Leng has been unwilling to see us. I don't know what she's thinking," Guan Yue Long said gloomily. He and Luo Xian had been going to the Alchemist Association for two days in a

row, but they were both denied entrance. Today was the last day of the deadline Leng Ruoxue gave him. However, he didn't think of a good solution, so he wanted to see Miss Leng and discuss with her what she meant. Who knew that she would shut up and not see him.

"Patriarch, I don't want to see you. There's no point in being anxious. Moreover, isn't there still a day today? Why don't you send someone to scout first? When will I be willing to see you? You can go over?" the First Elder suggested. The fate of their Guan Yue family was in Leng Ruoxue's hands, so they couldn't decide whether she would see them or not.

"That's the only way," Guan Yue Long said helplessly. He called the guard over and gave instructions before sitting down weakly in the chair.

"Patriarch, calm down. I believe our Guan Yue family can survive this crisis," the First Elder said confidently. He saw that Leng Ruoxue was not an unreasonable person, so he believed that this matter would definitely be resolved perfectly as long as their Guan Yue family was sincere enough.

"Hopefully so!" Guan Yue Long sighed softly.

"Xi'er has been out for so long. Why isn't he back yet?" Guan Yue Long asked. Rumors had been flying around the city for the past two days. Moreover, they were targeting Leng Ruoxue and the others. Therefore, he sent his son to investigate this matter early in the morning, hoping to use this matter to give Leng Ruoxue a favor. However, it was almost noon, and Xi'er was still not back. This couldn't help making him a little anxious.

"Patriarch, calm down. It's useless even if you're anxious!" First Elder advised. Alas! The patriarch's temper had been getting more and more anxious these few days.

"I know." Guan Yue Long smiled bitterly.

Compared to Guan Yue Long's distress, Leng Ruoxue and the others knew nothing because they had been staying in the bracelet for the past two days.

In the Heaven and Earth Bracelet.

The freak and Empty were still sitting on the stone chair in front of the purple bamboo hut, chatting randomly. However, his eyes were fixed on the activity in the purple bamboo hut. Boohoo... Xue'er had already been in for two days, and he didn't know what she was busy with. However, he didn't dare to enter and disturb her, so he could only wait outside anxiously.

"Freak, don't look anymore. Xue'er will come out," Empty said helplessly. This fellow was about to become a 'wife-seeking' rock. He didn't even focus on chatting with him.

"It's been two days. I wonder what Xue'er is doing inside," the freak said with some dissatisfaction. He originally thought that Xue'er would come out soon, but he didn't expect there to be no movement after so long.

"It's only been two days. What's the rush?" Empty rolled his eyes and said speechlessly. Fortunately, Xue'er didn't go into seclusion. Otherwise, this fellow would definitely become a real rock when Xue'er emerged.

The door of the purple bamboo hut suddenly opened and Leng Ruoxue walked out while the two of them were chatting.

“Xue’er! I missed you so much.” The freak hurriedly rushed forward and hugged Xue’er tightly.

“Freak, I’m sorry. It took too long to concoct pills,” Leng Ruoxue said guiltily. She originally thought it would come out soon, but it actually took two days.

“Xue’er, what pill did you concoct? It actually took so long,” the freak complained with some dissatisfaction.

“Uh! Many types. I haven’t refined pills for a long time, so I accidentally lost track of time,” Leng Ruoxue said shyly.

“Hehe, Xue’er, if you don’t come out, this fellow will become a ‘wife-seeking’ stone,” Empty said with a light smile.

“I’m sorry, Freak. By the way, is there anything important these two days?” Leng Ruoxue asked curiously.

“Probably not. However, I heard from Qing Jue that Guan Yue Long and the patriarch of the Luo family came twice, but they were rejected by the Alchemist Association,” the freak said after some thought..

Chapter 652: I Belong Only To Xue’er (1)

“Oh, looks like Ning De wants to take them down a notch! Has Ning De not been looking for us for the past two days?” Leng Ruoxue asked in puzzlement. That shouldn’t be the case. That Ning De fellow reported almost every day.

“He came once. However, Ling told him that you were refining pills and that Feng Da and the others were cultivating, so he didn’t come again,” the freak explained.

“Big Sister, Ning De also went back to concoct pills,” Qing Jue added in front of Leng Ruoxue and the others.

“Oh, freak, let’s go out,” Leng Ruoxue said after some thought. If she remembered correctly, today should be the last day of the deadline she gave Guan Yue Long.

“Yes.” The freak and Empty nodded.

“Mommy, take me out to play!” At this moment, Little Fire emerged from nowhere and jumped into Leng Ruoxue’s arms coquettishly.

“Alas! Alright then!” Leng Ruoxue looked at Little Fire’s cute appearance and couldn’t bear to refuse.

“Hehe, Little Fire loves Mommy the most,” Huo’er said happily.

Leng Ruoxue gently caressed the soft fur on Little Fire’s body and brought the two of them and the beast out of the bracelet with a thought.

In the yard, Rise, which was basking in the sun, immediately crawled over and coiled around Leng Ruoxue's wrist after sensing her master's aura.

"Rise, you've worked hard." Leng Ruoxue caressed Rise's golden scales.

"Hehe, not at all," Rise said shyly.

"Xue'er, where are we going?" the freak asked curiously.

"Let's go out for a walk! We'll visit the Guan Yue family on the way," Leng Ruoxue said. Guan Yue Long had come twice but hadn't seen her. However, she didn't think Guan Yue Long had thought of a good way.

"Okay." The freak and Empty nodded. The three of them and two beasts left the Alchemist Association. However, they were stopped by a person who looked like a guard just as they walked out of the Alchemist Association.

Leng Ruoxue raised her eyebrows slightly and looked at the person blocking their way. She said lightly, "What do you mean?" Judging from the clothes on this person, it was undoubtedly the Guan Yue family.

"Miss Leng, our patriarch requests an audience," the guard said very respectfully. He was the patriarch's attendant, so he knew a little about Leng Ruoxue's identity, so his attitude was very respectful.

"Oh," Leng Ruoxue answered softly and stopped talking. It seemed that old fellow Guan Yue Long had learned to wait for the rabbit.

The guard was stunned after hearing what Leng Ruoxue said. What did this mean? Was Miss Leng going to see him or not?

"Lead the way!" Leng Ruoxue said with some amusement seeing the cautious appearance of the guard in front of her. In fact, she was going to the Guan Yue family anyway, so she could take advantage of the situation.

"Yes," the guard said happily. Boohoo... He finally didn't disappoint the patriarch.

"Miss Leng, please," the guard said respectfully. Then he led the way while Leng Ruoxue and the others walked slowly behind, watching the commotion as they walked. However, she found that people on the streets were pointing at her and whispering not far away.

"Empty, can you hear what they are saying?" Leng Ruoxue asked in puzzlement. Those people's voices were too soft. It would be a little difficult for her to hear them with her strength. However, looking at their mouths, it seemed to be related to her. Moreover, it was definitely not something good.

"Uh! Xue'er, they said that you snatched someone else's fiancé," Empty said with a black face. With his strength, the whispered discussions of those people could not be hidden from him. He did not really want to tell Xue'er, but since she asked, he had to tell the truth.

"What?" Leng Ruoxue was stunned. Rob someone else's fiancé? Who did she rob? Why didn't she know?

“Nonsense. I’m enough for Xue’er. There’s no need to snatch others.” The freak was furious when he heard that. This person was really too wicked. How dare he frame Xue’er like this. Hmph! This person better not be caught by him. Otherwise, he would definitely suffer a fate worse than death.

“Miss Leng, there have been rumors in the city recently that you stole someone else’s fiancé and even got someone to injure your love rival,” the guard said carefully. He didn’t think it was true, but rumors were terrifying! If there were too many rumors, even if it was fake, it would become true.

“Whose fiancé did I snatch?” Leng Ruoxue asked curiously. There were no other men beside her except for the freak? Could it be Empty?

“Xue’er, don’t look at me like that. I don’t have a fiancée.” Empty knew what was on Xue’er’s mind when he saw her suspicious gaze, so he quickly clarified.

“Could it be Zheng En if it’s not you?” Leng Ruoxue guessed. She hadn’t been in the Boundless Heaven Continent for long and didn’t know many men. The one who interacted the longest was Empty and Zheng En. Apart from this, she really couldn’t think of anyone else.

“It definitely won’t be Zheng En,” Empty said with certainty.

“Could it be Grandpa Du?” Leng Ruoxue said in surprise.

“Xue’er, your imagination is a little too rich! How can it be that old man? Don’t forget, the rumors say that you stole someone else’s fiancé,” Empty said speechlessly. Alas! Even if you wanted to snatch a man, you had to snatch a young and beautiful one. Who would snatch an Old Man Zao!

“But I didn’t snatch it? Ah! Could it be Lan Ming?” Leng Ruoxue continued guessing.

“Miss Leng, you don’t have to guess anymore. Our young master has already gone to investigate this matter,” the guard said helplessly.

“Oh, then thank the Young Master on my behalf,” Leng Ruoxue said politely and then quietly contacted Qing Jue in her heart.

“Big Sister, what’s the matter?” Qing Jue asked in puzzlement. As his Big Sister’s Artifact Spirit, he could feel that his Big Sister was very angry now! Hmph! Which idiot provoked his Big Sister?

“Qing Jue, there have been rumors in Guan Yue City recently that I stole someone else’s fiancé!” Leng Ruoxue said aggrievedly. Boohoo... It was enough that she had a freak. Why did she have to snatch another man! This was Hong Guo’s slander. Hmph! She would definitely not let that person go if she knew who deliberately spread this news.

“Ah! There’s actually such a thing? It’s really too despicable.” Qing Jue was angry when he heard this. He hurriedly enveloped the entire Moon Gazing City with his Spiritual Sense.. This way, the people who spread the rumors would have nowhere to hide. Hmph! Anyone who dared to bully his sister would die!

Chapter 653: I Belong Only To Xue’er (2)

“Big Sister, don’t worry. I’ll find out who that person is.” Qing Jue hurriedly comforted her after doing all this. Hmph! Don’t even think about running away as long as that person was still in the city.

“Qing Jue, you’ve worked hard.” Leng Ruoxue nodded and cut off her connection with Qing Jue.

The few of them continued walking. However, Leng Ruoxue and the others didn’t say anything along the way after knowing the rumors. Instead, they pondered...

“Miss Leng, please wait for a moment. I’ll go and report,” the guard said respectfully. Before they knew it, they had arrived outside Guan Yue Long’s study.

“Okay.” Leng Ruoxue nodded and continued thinking.

The study door was opened in a moment. Guan Yue Long and the First Elder hurriedly welcomed them with smiles on their faces.

“Miss Leng, welcome, hehe!” Guan Yue Long was so happy! He was just worried that she wouldn’t want to see him. He didn’t expect Leng Ruoxue to take the initiative to come. This was great.

“I heard that the Guan Yue family’s patriarch wants to see me. Unfortunately, I’m refining pills and can’t be disturbed,” Leng Ruoxue explained simply.

“Oh, I see.” Guan Yue Long was relieved. He felt much more relaxed knowing that Leng Ruoxue didn’t deliberately disappear.

“May I know why the Yue family’s patriarch is looking for me?” Leng Ruoxue asked the advisor.

“Hehe, Miss Leng, let’s sit inside and talk!” Guan Yue Long said with a smile.

“Alright then!” Leng Ruoxue didn’t stand on ceremony and pulled the freak and Empty straight in. Then she found a random seat and sat down.

Guan Yue Long and the First Elder also sat down, but neither of them spoke first.

“Patriarch Guan Yue, speak frankly! Today is the last day of the deadline. You have to give me a satisfactory answer,” Leng Ruoxue said with a light smile.

“Miss Leng, to be honest, we’ve racked our brains for several days but still haven’t thought of any good ideas. Therefore, we’ve decided to listen to you for everything. No matter what conditions Miss Leng propose, as long as my Guanyue family can do it, we will definitely be satisfied!” Guan Yue Long said with a smile, his expression looking very sincere.

“Really?” Leng Ruoxue asked casually.

“Of course,” Guan Yue Long said with certainty.

“What if I want the entire Guan Yue family?” Leng Ruoxue smiled lightly.

“This... This has to be discussed with the elders,” Guan Yue Long said with a slight headache. Boohoo... In fact, he was mentally prepared. After all, her food would take away one-third of the assets of the Guan Yue family, so it was not strange that Leng Ruoxue would make such a request.

“There’s no need to discuss. I’m just joking with you. I don’t care for such a big burden from the Guan Yue family!” Leng Ruoxue said honestly. She was not in need of money now, so the Guan Yue family was not very useful in her eyes.

“Uh!” Guan Yue Long was depressed. He didn’t expect his family to be treated as a burden and despised. However, thinking about his family, he felt that Leng Ruoxue was right. It was indeed a burden.

“However, you have to do something for me,” Leng Ruoxue said with a smile.

“What is it?” Guan Yue Long asked anxiously. Boohoo... This little fox must have asked him to do something bad.

“I heard there are a lot of rumors about me in Moon Gazing City recently, right?” Leng Ruoxue asked calmly.

“Uh! Yes, I’ve already asked Xi’er to bring people to investigate,” Guan Yuelong said hurriedly. Did Leng Ruoxue ask him to do this? That would be too easy.

“Oh, Patriarch Guan Yue, you chased us out of the Moon Gazing Restaurant because of the Wu family, right?” Leng Ruoxue asked again.

“Uh, probably.” Guan Yue Long braced himself and replied. He didn’t order the matter, but it was indeed because of the Wu family.

“Then chase the Wu family out of Moon Gazing City! As long as you chase the Wu family out of Moon Gazing City and order that no one from the Wu family is allowed to enter from now on, we’ll forget about what happened between us,” Leng Ruoxue said softly.

“Uh! Alright!” Guan Yue Long and the First Elder’s gazes collided, communicated silently, and then answered. Boohoo... He knew that what this little fox wanted him to do wouldn’t be so simple. He didn’t like the Wu family, but he really didn’t want to completely fall out with the Wu family now. However, if he really ordered to prohibit the Wu family from entering the city and chase them out, then the Guan Yue family and the Wu family would really fall out. However, the Gua Yue family would be the unlucky ones if he didn’t do this, so the Wu family had to be sacrificed for the Guan Yue family.

“Then I’ll wait for the good news from Patriarch Guan Yue in the Alchemist Association.” Leng Ruoxue said with a smile. Hehe, Guan Yue Long must have thought at first that she wanted him to help find the person who spread the rumors! Hmph! How could it be so easy! That was just a smokescreen. Otherwise, why would Guan Yue Long agree so readily!

“Okay.” Guan Yue Long nodded.

“Patriarch Guan Yue, we’ll take our leave first. Come to the Alchemist Association if you need alchemy in the future! I’ll get them to give you a 50% discount,” Leng Ruoxue said very generously.

“Uh! Thank you, Miss Leng,” Guan Yue Long said with a smile, thinking, Fortunately, luckily, not only did he not fall out with the Alchemist Association, but he also gave his family a discount. Even though it was only a 95% discount, it would save a lot of money. However, he didn’t expect that the price of the pills in the Alchemist Association would increase before long. Therefore, not only did he not take advantage of it at all, he even spent more money!

“You’re welcome. In fact, apart from you chasing me out of the Moon Gazing Restaurant and your son snatching me away, there’s no deep enmity between us, right? Therefore, let people go wherever they

can! Why make it so irreconcilable!” Leng Ruoxue said with a light smile as if she didn’t care about these things at all.

“Yes!” Guan Yue Long forced a smile. Two drops of cold sweat dripped down his forehead, and he wanted to cry but had no tears. We’ve already paid a third of our assets just because we chased you away and robbed you. Moreover, we’re going to completely fall out with the Wu family. What else do you want? Boohoo... No matter who we provoke in the future, we can’t provoke this little demon. She’s really too terrifying.

“Patriarch Guan Yue, we’re leaving. You don’t have to see us out.” Leng Ruoxue gave the freak and Empty a look after speaking, and the three of them left Guan Yue Long’s study. However, they were stopped again just as they exited the study..

Chapter 654: I Belong Only To Xue’er (3)

Leng Ruoxue looked at the middle-aged man blocking them speechlessly and said with some displeasure, “You’re blocking my way.”

“Miss Leng, I am the patriarch of the Luo family, Luo Xian. I have something to discuss with you,” Luo Xian hurriedly said. Of course, he could see that Leng Ruoxue was a little unhappy. However, he was not confident if he did not make things clear with her!

“What do you want to talk about?” Leng Ruoxue was helpless. She had been a rabbit twice today. Alas! These people were really...

“Miss Leng, I mainly want to apologize to you on behalf of my daughter. She’s young and insensible. Don’t take it to heart with her!” Luo Xian said very friendly.

“Won’t she come if she wants to apologize? Moreover, she doesn’t have anything to apologize to me. It’s only right and proper for her to help her brother and friends. We just have different sides,” Leng Ruoxue said nonchalantly. There were really too many spoiled young ladies. Wouldn’t she be dead tired if she fussed over every one of them?

“Uh!” Luo Xian was depressed. He had been worried for two days, afraid that Leng Ruoxue would bear a grudge against his daughter. However, she didn’t take it seriously at all. Wouldn’t he have been worried for nothing? Boohoo...

“Patriarch Luo, I can let your daughter go this time. However, I can’t guarantee that I will be so magnanimous if there’s a next time,” Leng Ruoxue warned. Hmph! As the saying went, she could ignore the repeated provocations, but don’t blame her for being heartless if she provoked her again and again.

“I know. I’ll send someone to watch her. Thank you, Miss Leng.” Luo Xian was finally at ease. Boohoo... Fortunately, Leng Ruoxue was not unreasonable. Otherwise, he would really have a headache.

“You’re not looking at her, but Bai Fang,” Leng Ruoxue reminded. With that, the three of them and the two beasts left the main mansion of the Guan Yue family.

Ning De immediately reported to them as soon as Leng Ruoxue and the others returned to their residence.

“Old Ning, you’re really fast. Miss just returned and you’re already here,” Feng Da, who had just emerged from the bracelet, couldn’t help teasing.

“Hehe, what have you been doing for the past two days?” Ning De asked curiously. Miss was concocting pills, but he didn’t see Feng Da and the others. Only Miss’s beasts were guarding the yard, not allowing anyone to disturb them.

“We’re cultivating advanced mystic techniques!” Feng Da said proudly. Hehe, they had already learned advanced mystic techniques of the same attribute.

“Oh, Miss, did you go to the Guan Yue family?” Ning De guessed. He knew that Guan Yue Long had been coming for the past two days, but he had already gotten someone to send him away. However, he also heard that the guards of the Guan Yue family had been guarding the door!

“Yes, Guan Yue Long still owes me an explanation. I happened to be free, so I went to ask for it myself,” Leng Ruoxue explained indifferently.

“Miss, the Guan Yue family is very rich. Don’t be soft-hearted!” Ning De reminded with a naughty smile.

“I didn’t ask for money,” Leng Ruoxue said with a light smile. She didn’t lack money now, so she didn’t care so much.

“Ah! Then what do you want?” Ning De was puzzled. He really couldn’t think of any better solution other than putting all the Guan Yue family’s money in his pocket. Could it be that Miss wanted the Guan Yue family to deal with the Wu family?

“I want him to chase the Wu family out of Moon Gazing City!” Leng Ruoxue said simply.

“Miss, the Wu family will definitely not let you go. Why don’t you just let the Guan Yue family destroy the Wu family? As long as you mention it, Guan Yue Long will definitely agree for the family.” Ning De couldn’t help asking. Uh! When did Miss become so kind? It shouldn’t be like this with his understanding!

“There’s no need. They will chase the Wu family out of the city and the two families will fall out. Moreover, I want to keep the Wu family for Feng Da and the others to practice, so they don’t have to do anything.” Leng Ruoxue said with a naughty smile.

“Oh!” Ning De understood. He knew it! Miss shouldn’t be so kind, hehe!

“Miss, when are we going to attack the Wu family?” Feng Da couldn’t help asking eagerly when he heard that there were unlucky people training.

“What’s the rush? There will be times when you perform. Oh right, Ning De, from today onwards, the price of all the pills in the Alchemist Association will increase by 10%,” Leng Ruoxue said to Ning De.

“Uh, why?” Ning De said in puzzlement. The pills on the market now were not cheap. Why did Miss still want to increase the price?

“Because I promised Guan Yue Long to give them a 50% discount if they came to buy pills,” Leng Ruoxue said with a naughty smile.

“Uh! Okay, I’ll inform them later,” Ning De said hurriedly, feeling pity for Guan Yue Long in his heart. Alas! Poor guy, he was fooled by Miss again.

“Ning De, do you know the rumors in the city these few days?” Leng Ruoxue raised her eyebrows slightly and asked indifferently. She guessed that Ning De didn’t know. Otherwise, he would never have hidden it from her.

“What rumor? I’ll get someone to investigate later,” Ning De asked with a puzzled expression. He had also been concocting pills these two days, so he really didn’t know what the news outside was.

“There’s no need. Rumor has it that I stole a certain woman’s fiancé and beat her up,” Leng Ruoxue said with a slight headache. Uh! She thought for a while but couldn’t think of which woman she beat up.

“Ah! There’s such a thing? Miss, who have you beaten up?” Ning De suppressed his smile and asked. How could there be such a rumor? It was too ridiculous.

“Lan Ning’er, Sun Meilin... But I’ve never fought these people myself. They were all beaten by my beasts.” Leng Ruoxue counted with her fingers.

“Uh! Miss, you’re just short of the Leng family not provoking the three great families.” Two drops of cold sweat dripped down Ning De’s forehead as he said speechlessly. Alas! Miss really didn’t have affinity with the opposite sex. The ones who found trouble with her were actually women.

“I never provoke others on my own accord. It’s others who provoke me. I’m very innocent,” Leng Ruoxue said aggrievedly. Boohoo...

“Miss... whose man did you snatch from?” Ning De asked carefully, afraid that he would anger Miss.

“I already have a freak. Why should I snatch other people’s men? Moreover, how can there be anyone beside them who can compare to a freak?” Leng Ruoxue said honestly.. It was troublesome to have more men, so one was enough for her.

Chapter 655: I Belong Only To Xue’er (4)

“That’s right,” the freak agreed. Xue’er’s words couldn’t help making him a little smug.

“Then has he been someone else’s fiancé?” Ning De probed. Boohoo... Heaven took pity on him. He only wanted to help Miss analyze who was the most likely. Really!

“Of course not. I’m Xue’er alone!” The freak patted Ning De’s head furiously and said with a displeased face.

“Oh!” Ning De covered his head and looked at the freak aggrievedly. At this moment, there was a knock on the door outside the yard.

“Young Master Guan Yue, why are you here?” Feng Da, who went to open the door, couldn’t help being a little surprised to see the people outside.

“I have something to tell your young miss,” Guan Yue Xi said anxiously.

“Oh, please come in!” Feng Da said hurriedly.

Guan Yue Xi came directly to Leng Ruoxue after entering the yard and said, “Miss Leng, I found the person who spread the rumors!”

“Who is it?” Leng Ruoxue and the others asked in unison. They were more curious about this person.

“The rumors came from the mouth of a gangster. According to the gangster, someone gave him a large sum of money to spread it. Unfortunately, he didn’t recognize that person,” Guan Yue Xi explained. The gangster was playing in the casino when he brought people to capture the gangster. Moreover, it was said that he was generous and lost a lot.

“Oh, where is that hooligan?” Leng Ruoxue asked.

“Outside. I’ll get someone to watch him. Does Miss Leng want to see him?” Guan Yuexi said very understandingly.

“Yes.” Leng Ruoxue nodded.

“Please wait a moment.” Guan Yue Xi walked a few steps out of the yard and ordered the guards guarding outside. Soon, the hooligan who spread the rumors was brought over.

“Did you say that I stole someone else’s man and injured that woman?” Leng Ruoxue asked coldly as she looked at the trembling hooligan.

“Yes... Yes, Miss, please spare me! Boohoo... I was just blinded by money. Boohoo... Let me go! I have an old man and a young one...” The timid little gangster wailed, trying to attract the sympathy of everyone present. Unfortunately, he found the wrong person. Moreover, he was interrupted by the freak before he could say anything.

“Shut up. I’ll kill you right now if you continue crying,” the freak threatened impatiently. Hmph! How dare he make a man for Xue’er. He would definitely make this person suffer a fate worse than death if he knew who this person was!

Uh! The hooligan immediately stopped crying when he heard that. He didn’t want to die!

“Let me ask you, how much did that person give you?” The freak kicked the hooligan fiercely and questioned.

“Ten thousand purple coins,” the hooligan answered honestly with tears in his eyes.

“Damn it, how dare you wrong my young miss for 10,000 purple coins. I think you’re tired of living.” Feng Da was furious when he heard this and kicked the hooligan again!

“Boohoo...” The hooligan choked, and blood flowed down the corner of his mouth. Boohoo... If he knew that these people were not to be trifled with, he shouldn’t have been so greedy back then!

“You still have the cheek to cry. Damn it!” Feng Da couldn’t help kicking the little hooligan a few more times seeing his cowardly appearance.

“Feng Da, stop kicking! He will die if you continue kicking him,” Leng Ruoxue said lightly. This hooligan was only a Spiritualist with a low status and strength. He could not withstand the few kicks from the freak and Feng Da!

“Boohoo...” The hooligans cried even louder in pain. These people were really too barbaric.

“Let me ask you, what did the person who asked you to spread the news look like?” Leng Ruoxue questioned.

“I don’t remember. I knew she was a woman!” the hooligan answered cautiously.

“Damn it, why did we keep you if you don’t remember?” Feng Dahuo came up again and said fiercely.

“Feng Da, I’ll leave this hooligan to you,” Leng Ruoxue ordered.

“Okay. Miss, don’t worry. We will definitely be responsible for making this guy suffer a fate worse than death!” Feng Da grabbed the hooligan by the collar and locked him up in the woodshed, ready to serve the hooligan after outsiders left.

“Young Master Guan Yue, thank you for catching this hooligan for me.” Leng Ruoxue turned her head and said to Guan Yue Xi.

“You’re welcome. In fact, I couldn’t help much either,” Guan Yue Xi said guiltily. He had only caught the person who spread the rumors. Unfortunately, the mastermind was not found, and the hooligan was clueless.

“This is already very good,” Leng Ruoxue comforted politely.

“Miss Leng, I’ll continue investigating this matter,” Guan Yue Xi said very seriously.

“There’s no need to trouble Young Master Guan Yue. My people will investigate this matter.” Leng Ruoxue refused because she knew that Guan Yue Xi probably wouldn’t be able to find anything even if she investigated. After all, he didn’t have Qing Jue’s ability. Moreover, she felt that there was no need to owe Guan Yue Xi a favor.

“Miss Leng suffered such injustice in Moon Gazing City. As the young master of the Moon Gazing Family, I should seek justice for you. This is my responsibility,” Guan Yue Xi said very stubbornly.

“Up to you then!” Leng Ruoxue was helpless.

“Goodbye.” Guan Yue Xi bowed slightly and then turned to leave.

“Miss, could this be caused by the Wu family?” Feng Da asked curiously.

“No, Wu Qian’er has been injured for a while. If we wanted to spread such rumors, we wouldn’t have waited until now. Moreover, Wu Qian’er is the legitimate daughter of the Wu family. She can’t hide her fiancé from others. I think the other person is the most suspicious.” Leng Ruoxue analyzed.

“Are you talking about Bai Fang?” Empty said understandingly. The rumors spread after Bai Fang was injured, so she was indeed the most suspicious. Moreover, Bai Fang coveted her man. However, this Bai Fang was a little too brainless. As a member of an aristocratic family, it was very easy for others to find

out if she had a fiancé or not. What benefits did she have to spread such a rumor? Did she think that she could break her up with just a few rumors? What a fantasy!

“Okay..” Leng Ruoxue nodded. She really couldn’t think of anyone other than that woman who would do such boring things!

Chapter 656: The Toilet Recommending Itself (1)

For a moment, everyone’s eyes focused on the freak.

“Why are you looking at me? I don’t know that woman,” the freak roared furiously. Boohoo... What were their gazes like!

“Commander Ye, Bai Fang is interested in you!” Feng Da said bluntly. Alas! Even a fool could see the redness in Bai Fang’s eyes.

“What does that have to do with me!” the freak said angrily. Damn, that woman was crazy. Why were they booing along!

“You are a source of trouble,” Leng Ruoxue said calmly.

“Boohoo... Xue’er, why are you saying this about me? It’s not my fault that I’m good-looking.” The freak was aggrieved, very aggrieved!

“Hehe, whose fault is that?” Empty said with a light smile. Fortunately, the person Bai Fang liked was not him. Otherwise, he would be the one worrying now.

“You!” the freak roared in anger.

“Hehe, it’s not my fault! You’re not my child, don’t blame me!” Empty teased fearlessly.

“Alright, stop arguing. We’re only guessing if it’s Bai Fang. Let’s wait for Qing Jue’s result!” Leng Ruoxue didn’t want to wrong others, but she wouldn’t let anyone who wronged her go, be it the mastermind or the accomplice.

“Hehe, Xue’er, I have a good idea. We can immediately know if it’s that woman,” Empty said with a smile. Qing Jue might have been watching the entire Moon Gazing City, but it would be useless if that woman didn’t do anything. The best way was to let that woman take action.

“What idea?” Leng Ruoxue was curious.

“Come closer.” Empty looked at Leng Ruoxue and the freak mysteriously.

“Oh.” Leng Ruoxue and the freak’s eyes met. They looked at each other and then cooperatively moved their ears closer...

“No, I won’t do it!” The freak objected loudly after hearing it. Boohoo... He didn’t want to leave Xue’er!

“I think this idea is good. Be good, freak. Cooperate!” Leng Ruoxue caressed the freak’s head and coaxed.

“Xue’er, can you really bear to do it?” The freak’s bright starry eyes held tears as he asked sadly.

“Freak, be good!” Leng Ruoxue comforted him.

“Boohoo... Alright then!” the freak said reluctantly. His starry eyes glared fiercely at Empty. Boohoo... It was all his rotten idea!

Outside the Alchemist Association.

A handsome and invincible man was chased out of the Alchemist Association.

“Xue’er, Xue’er, don’t chase me away. It’s really not my fault! Boohoo... I don’t know any Miss Bai at all.” The freak knocked on the closed door of the Alchemist Association and roared loudly.

The abnormality in front of the Alchemist Association quickly attracted a large number of passersby to watch. Everyone pointed at the freak...

“Could this person be the rumored male lead? He’s indeed a drop dead gorgeous disaster!” someone who had never seen a freak whispered.

“Yes! Otherwise, they wouldn’t have been snatched away by others. Alas! How pitiful. They’re actually being chased out now,” someone said with great pity.

“Which Miss Bai is he talking about?” someone who didn’t know the truth asked curiously.

“Who else could it be? It must be Miss Bai Fang! However, if I were to choose, I would choose Leng Ruoxue too. Then Miss Bai can’t even compare to a strand of Miss Leng’s hair!” someone said, and this person obviously knew some inside information!

“Oh, oh!”

The pedestrians on the street were discussing spiritedly, but the freak was abnormally angry in his heart. Damn it, these people were really not ordinary gossip! He had already become the male lead of the rumors, but even though he was angry, he had to pretend to be sad and depressed as he walked on the streets in a daze...

As he walked, the sad freak actually came to the outskirts. He casually found a clean big green rock to sit down and then fell into a daze...

“Young Master Ye, why are you here?” A gentle female voice sounded in the freak’s ear after some time.

“Who are you? Do you know me?” The freak raised his head, pretending to be depressed, and said in surprise. Damn, why did this damn woman only come now? He waited until he was about to fall asleep, cursing in his heart with great dissatisfaction.

“I’m Bai Fang? Why don’t you recognize me anymore!” Bai Fang said sadly.

“Should I know you?” The freak’s face was full of question marks, thinking, This woman is really shameless! She actually acted so familiar.

“Young Master Ye, I will be sad if you say that,” Bai Fang said pitifully with tears in her eyes.

“Oh, but I really can’t remember. I’ve seen you before.” The freak sighed softly and said helplessly. However, he couldn’t help cursing in his heart. Damn it, whether you’re sad or not has nothing to do with me. He was already very angry that he was arranged to perform, but he couldn’t show it, which showed how depressed he was.

“Young Master Guan Yue and the others went to your residence that day. Did you forget?” Bai Fang reminded. She was also scratched by that damn cat. She would probably be disfigured if it weren’t for the Hundred Flower Pill in her hand. However, what made her even angrier was that her uncle was actually unwilling to stand up for her to settle the score with Leng! Hmph! Even though her uncle refused to help her, someone would help her!

“Oh, I remember now. There’s also Miss Luo, right?” the freak said in realization.

“Yes.” Bai Fang gritted her teeth and said with raging jealousy. Hmph! He didn’t even remember her, but he still remembered Miss Luo. She was really angry. However, she still had a perfect smile on her face no matter how angry she was.

“Ah! If I remember correctly, you seemed to have been scratched by Xue’er’s cat. How did you recover so quickly?” the freak said with seeming surprise.

“I took the Hundred Flower Pill,” Bai Fang explained. Fortunately, she didn’t give the pill to her uncle. Otherwise, her uncle would definitely not care about her.

“Oh, I see.” The freak nodded.

“Young Master Ye, what are you doing here?” Bai Fang asked again, unwilling to give up because she was a little uncertain. Was this man really chased out by Leng Ruoxue?

Chapter 657: The Toilet Recommending Itself (2)

“Don’t mention it. It’s a long story!” The freak sighed softly, as if there was something difficult to say.

“Did you quarrel with Miss Leng?” Bai Fang probed, her beautiful face full of concern.

“Yes, Xue’er actually accused me of having another woman. Boohoo... I’m so sad. I’ve always been devoted to her. I don’t even have a sow by my side, but she actually suspects me,” the freak complained, his beautiful face full of grievance.

“Young Master Ye, don’t be sad. Miss Leng doesn’t know what’s good for her. Stop thinking about her. There will be a woman who loves you more than her,” Bai Fang comforted, but she was secretly smug. It seemed like the news she received was true. They really fell out. Haha! This was great. This was a rare opportunity for her!

“In fact, you can’t blame her. There have been some rumors in the city recently that she stole someone else’s fiancé and injured someone, so she suspected me.” The freak couldn’t help defending Xue’er.

“Young Master Ye, you’re a good man. Miss Leng treats you so well, but you’re still so considerate of her,” Bai Fang said with envy all over her face. However, she was so jealous that she was about to go

crazy. She really didn't know what was so good about Leng Ruoxue other than being prettier. Why was this man so loyal?

"Because I love her! No woman can compare to her in my heart, but I didn't expect her to suspect me because of a few rumors. Boohoo..." The freak said sadly.

"Young Master Ye, why are you so loyal to her since she doesn't trust you? There are many good women in the world. You will find a woman who loves you more," Bai Fang couldn't help persuading.

"Really? Is there a woman who loves me more than Xue'er?" the freak said with a face full of disbelief.

"Of course," Bai Fang said resolutely and confidently.

"Where is it? Why don't I see it?" The freak looked around and said with some disappointment.

"Young Master Ye, what if I say... I've admired you for a long time?" Bai Fang herself with red cheeks and a shy face. Her little heart was thumping crazily, and she was extremely nervous. She didn't know if the man in front of her would accept her initiative to confess her love. He wouldn't think she was too frivolous, right? She thought uneasily.

"Miss Bai, thank you for your comfort. Don't joke around. We only met once," the freak said gratefully.

"We didn't just meet once. I saw you at the flower appreciation festival," Bai Fang said shyly with her head lowered.

"So what? Don't tell me you fell in love with me just like that?" the freak said with a look of disbelief.

"Young Master Ye, I really like you. In fact, I fell in love with you at first sight," Bai Fang whispered with a red face.

"Miss Bai, I already have a fiancée," the freak reminded.

"I know, I don't mind being small." Bai Fang touched on the sore spot.

"No," the freak refused, his handsome face full of difficulties.

"Why not? Don't you like me? I'm not inferior to Leng Ruoxue," Bai Fang said indignantly. She had finally found a chance to get close to her beloved, so of course she wouldn't give up easily.

"I promised Xue'er that I wouldn't marry a concubine," the freak said honestly.

"It's okay. I can beg her. I believe she will definitely fulfill our wish. Moreover, didn't she chase you out already? Then what right does she have to request you!" Bai Fang said confidently, as if she and the freak were already in love.

"Miss Bai, what exactly do you like about me?" the freak couldn't help asking. Boohoo... Couldn't he change it?

"I like your gentleness and thoughtfulness. When I first saw you, I saw that you were very good to Miss Leng, so I liked you at that time because I also wanted to obtain that gentleness and consideration, wanted you to treat me like that," Bai Fang said with yearning and daydreaming, her limpid eyes lighting up at the freak from time to time.

“Miss Bai, to tell you the truth, I’m actually not a gentle and considerate man. I’m hitting women!” The freak rolled his eyes and couldn’t help but say. Alas! He really didn’t know what this woman was thinking. Did she want to snatch that man away just because other men were good to her? Didn’t she think that that man would treat her the same?

“I believe in my taste. If I become your woman, you will definitely treat me the way you treat Leng Ruoxue,” Bai Fang said very confidently.

“No, I won’t treat any woman like that except for Xue’er,” the freak said uncontrollably. He really didn’t know where this woman’s confidence came from.

“But didn’t she chase you out already? Will you still love her as much as before?” Bai Fang reminded rudely.

“So what? Even if she chased me out, I won’t accept other women casually. I only love her!” the freak said with a faint smile.

“I’ve never thought of replacing her place in your heart. I just want to stay by your side and I’m satisfied,” Bai Fang said aggrievedly. She didn’t believe that this man would refuse such a small request of hers.

“Stay by my side? I’m sorry, I don’t need a maidservant.” The freak pretended to be stupid.

“I don’t want to be your maidservant,” Bai Fang said angrily. Damn it, this man actually pretended to be stupid. She just said that she was willing to be a little girl, but this man actually pretended to be stupid.

“Then what can you be?” The freak continued to pretend to be stupid.

“I said I’m willing to be your little one,” Bai Fang said.

“I told you, that’s impossible,” the freak refused resolutely.

“Are you afraid that Leng Ruoxue will disagree? It’s okay. I’ll beg her,” Bai Fang said very seriously.

“Uh! How do you want to beg her?” The freak was a little speechless. Wasn’t this woman a little too thick-skinned?

“I will beg her to fulfill our wish,” Bai Fang said with great determination. She had done so many things in hopes of achieving her wish!

Chapter 658: The Toilet Recommending Itself (3)

“What do you want from me?” A slightly displeased female voice suddenly interrupted their conversation.

At this moment, Leng Ruoxue walked out from behind a huge tree. She couldn’t help but burn with anger as she looked at the man and woman in front of her!

“Xue’er, don’t misunderstand. There’s nothing between me and her,” the freak hurriedly explained after seeing Leng Ruoxue. However, this became guilt in Bai Fang’s eyes.

“Who said we’re nothing? We were once engaged. How can you abandon us?” Bai Fang steeled her heart and said with certainty. At this point, she could only try her best. Anyway, she would not stop until she achieved her goal.

“So you are the other main character in the rumors?” Leng Ruoxue said with a light smile.

“That’s right. Now the entire Moon Gazing City knows that not only did you snatch my fiancé away, you even injured me, so I’m a victim,” Bai Fang boasted shamelessly without knowing where her confidence came from.

“So you were the one who spread those rumors!” Leng Ruoxue’s words were not a question but a statement.

“So what if I am?” Bai Fang said nonchalantly. She didn’t think Leng Ruoxue would do anything to her. After all, the Bai family had a certain status in the Boundless Heaven Continent. Moreover, there was the Sun family backing their Bai family.

“Do you think you can obtain this man with just a few rumors?” Leng Ruoxue looked at the freak and asked curiously.

“Hmph! Didn’t I successfully break you up?” Bai Fang said with a face full of pride. At this moment, she was too busy being smug, so she didn’t realize that Leng Ruoxue was trying to worm information out of her. Therefore, she was extremely honest.

“Who said you’ve already broken us up? It’s too early for you to be smug. Let me tell you, this man is mine in life and my ghost in death. If he wants to have a change of heart, I would rather kill him than let another woman have it easy, so give up!” Leng Ruoxue said without any emotion. Alas! This self-righteous woman was really not ordinary stupidity!

“No, that’s impossible. Young Master Ye, tell her that you’re willing to marry me.” Bai Fang couldn’t believe it. Had her plan failed prematurely?

“I won’t want anyone but Xue’er,” the freak said coldly. Hmph! He couldn’t be bothered to continue acting. This woman’s self-righteousness was disgusting!

“No... It shouldn’t be like this. You should be willing to marry me. I just want to be a concubine, not snatch you from her. Can’t this do?” Bai Fang’s watery eyes welled up with tears as she said pitifully.

“No, I only want Xue’er,” the freak said emotionlessly, hating this woman to death in his heart.

“Miss Leng, I really like Young Master Ye. Please agree to let me be his concubine! I’ll serve you well and respect you. I promise I won’t compete for favor. I’ll be satisfied as long as I stay by his side and see him every day.” Bai Fang suddenly knelt in front of Leng Ruoxue and pleaded. Two streams of clear tears flowed down her cheeks. She looked really pitiful now!

Leng Ruoxue looked at the woman in front of her speechlessly. To be honest, she had never seen such a thick-skinned woman in her life. The matter was exposed, but this woman could still plead with her bitterly. Hmph! What did she think she was? She would not be protective of the fairer sex.

“I say, are you shameless? Who is rushing to be my concubine? I’ve already refused, but you still won’t give up!” Lü Tao, who couldn’t take it anymore, jumped out from behind the tree and scolded angrily.

“That’s right. There are all sorts of birds in the big forest. How can there be such a shameless woman like you in the world? Can you be any more shameless?” Feng Da and the others also walked out from behind the tree and said with disdain.

Bai Fang looked at the people who suddenly appeared in front of her and was stunned, but she quickly calmed down because she believed that these people would not make things difficult for a weak woman.

“Miss, what should we do with this woman?” Zheng En asked Bai Fang disdainfully.

“Kill him!” Leng Ruoxue said very coldly. She hated being schemed against the most, especially when this woman actually dared to have designs on the freak. It was even more unforgivable.

“Hehe, Miss, leave this woman to me! I’ve just concocted a new poison that hasn’t been tested yet!” Zheng En said with a naughty smile. He had also concocted many strange things under the influence of Leng Ruoxue, so today was a good time to test the effects.

“Yes.” Leng Ruoxue nodded.

Zheng En took out a black pill from his storage ring and grabbed Bai Fang like he was picking up a chicken. He was about to send the pill into her mouth when he was suddenly interrupted.

“Stop! How can you bully a weak woman with so many people?” Luo Xing’er ran to Leng Ruoxue and the others and accused.

“Xing’er, save me!” Bai Fang seemed to have seen her savior.

“Big Sister Fang, I...” Luo Xing’er was in a dilemma. Her father had told her to mind her own business when he brought her here, so...

Leng Ruoxue’s beautiful eyes gently swept over the people who came with Luo Xing’er. Then she turned her gaze to Luo Xing’er and said with a faint smile, “Miss Luo, didn’t your father tell you to mind other people’s business less?”

“Xing’er!” Luo Xian called out with great displeasure. Alas! This daughter was really too worrisome.

“Father!” Luo Xing’er answered softly. Then she glared at Leng Ruoxue and returned to her father’s side reluctantly.

“Miss Leng, I’m sorry to have embarrassed you.” Luo Xian said apologetically.

“Miss Leng, I know that Big Sister Fang was in the wrong this time, but she also loved her too much, so can you pity her and not fuss about it? She just wants to be a concubine, it won’t affect you much. Can’t you agree to her request?” Leng Ruoxue couldn’t help speaking up for Bai Fang’s pitiful Luo Xing’er before she could answer.

“Xing’er, what nonsense are you spouting!” Luo Fei knew that something bad was about to happen when he heard his sister’s words, so he quickly reprimanded her.

“Hehe! Miss Luo and Miss Bai are really sisters! In that case, why don’t you marry the same man so that you won’t be separated in the future?” Leng Ruoxue suggested with a light smile. She was a little speechless about this retarded Luo Xing’er. She really didn’t know what was in her head..

Chapter 659: Bloodline Contract (1)

“How can that be!” Luo Xing’er quickly declined. She liked Big Sister Fang a lot, but she was not willing to share half of her husband with her.

“Are you unwilling? Miss Luo, haven’t you heard of the saying ‘don’t do to others what you don’t want’? You actually want to impose something that you’re unwilling to do on others! It’s too funny!” Leng Ruoxue said with slight sarcasm.

“I... I... That’s because Big Sister Fang likes him.” Luo Xing’er pointed at the freak and quibbled.

“Oh, do I have to share half of my man with her just because she likes it? Who do you think she is? Who do you think you are?” Leng Ruoxue said disdainfully.

“Xing’er, shut up!” Luo Xian roared anxiously when he saw his daughter becoming more and more out of hand.

“Father, I...” Luo Xing’er still wanted to say something, but this time, Luo Xian didn’t want to give her the chance to say anything. A slap landed on Luo Xing’er’s face with a bang.

“Father, you actually hit me!” Luo Xing’er’s eyes welled up with tears as she said in disbelief. A trace of blood seeped out of the corner of her mouth, indicating that Luo Xian’s slap was not light.

“I told you not to spout nonsense and meddle in other people’s affairs!” Luo Xian roared angrily. Alas! This daughter of his was really spoiled by them. She actually couldn’t differentiate right from wrong. She obviously knew what Bai Fang had done, but she still spoke up for that woman. He knew that if he didn’t teach his daughter a lesson now, it would be difficult to say whether this daughter would still be alive when Leng Ruoxue attacked. However, Xing’er wouldn’t understand from her appearance.

“Patriarch Luo is such a good father!” Leng Ruoxue said with slight mockery. Hmph! Did Luo Xian think she would let Luo Xing’er go just like that? What a fantasy!

“I’m sorry, Miss Leng. I didn’t teach my daughter well. Please spare my daughter on my account!” Luo Xian pleaded.

“Father, why are you begging her? I didn’t do anything wrong!” Luo Xing’er cried indignantly. Her father had never hit her since she was young, but not only did he hit her today, he even had to beg that woman. She really didn’t know why.

“Xing’er, shut up!” Luo Fei couldn’t bear it anymore and roared. This sister was really too insensible. Didn’t Father do it for her!

“It seems like Miss Luo doesn’t appreciate it! Coincidentally, I don’t intend to let you go either,” Leng Ruoxue said ruthlessly. To be honest, she really didn’t have the desire to kill this little flower who grew up in a greenhouse because she felt too little of a sense of accomplishment. However, Luo Xing’er

challenged her bottom line again and again. Alas! If she really showed mercy, this brainless young miss would probably think that she was afraid of the Luo family!

“Miss Leng, please show mercy,” Luo Fei pleaded.

“Zheng En, deal with Bai Fang first!” Leng Ruoxue ignored the Luo father and son and ordered Zheng En directly.

“Okay!” Zheng En pinched Bai Fang’s chin and threw the black pill in his hand in. Then he let go of Bai Fang and carefully observed her reaction.

“Ahem!” Bai Fang, who had regained her freedom, coughed violently, wanting to cough out the pill. Unfortunately, the pill melted in her mouth and disappeared long ago.

A few minutes later, Bai Fang suffered severe abdominal pain, and a small portion of her body ulcerated, starting from her face...

“Ah! It hurts!” Bai Fang rolled on the ground in pain and kept shouting. Unfortunately, Leng Ruoxue and the others were not protective of the fairer sex, and Luo Xian, Guan Yue Long, and the others naturally would not speak up for Bai Fang. They did not want to offend Leng Ruoxue for an irrelevant woman. As for Luo Xing’er, she was trembling in fright from Bai Fang’s tragic state and did not dare to say another word.

“Bai Fang, who ordered you to do this?” Leng Ruoxue asked calmly. She didn’t believe that Bai Fang would dare to spread such rumors wantonly without anyone backing her up.

“No... No one ordered me.” Bai Fang’s eyes flashed with panic. She knew that she couldn’t say it even though her stomach hurt. Otherwise, that person would not let her go.

“Aren’t you going to say it? Zheng En, give her another pill,” Leng Ruoxue ordered emotionlessly.

“Uh! Miss, she’ll be dead if you add one more pill,” Zheng En reminded. One pill could torture Bai Fang and she would not die even if she wanted to. However, he was afraid that Bai Fang would benefit from eating two pills!

“Don’t worry! She won’t die from two pills, but the pain will double,” Leng Ruoxue said understandingly. She knew the medicinal purposes of the medicine once Zheng En took it out, which was why she was comfortable with the increase in dosage. Moreover, how could she let Bai Fang die easily!

“Alright!” Zheng En took out another pill, then pinched Bai Fang’s chin, threw the pill in, and immediately let go of his hand in disdain. He even took out a piece of cloth to wipe his hand, as if the illness on Bai Fang’s body was contagious.

“Ah! So painful! So painful!” Bai Fang’s pain was indeed more serious. Moreover, it was only a abdominal pain just now, but now it developed to the pain all over her body, and her body emitted a stink that made everyone present couldn’t help covering their mouths and noses.

“Miss Bai, didn’t anyone tell you not to offend an alchemist no matter who you offend? If an alchemist wants you to suffer a fate worse than death, there will be thousands of ways. The current you probably don’t even have the strength to commit suicide, right? However, if you tell me the truth, I will consider letting you die a faster death.” Leng Ruoxue listed her conditions.

"I... I will speak, let me die peacefully!" Bai Fang, who was twitching and shrinking into a ball on the ground, said painfully.

"Very good. Only those who know the facts can die peacefully." Leng Ruoxue was very satisfied with Bai Fang's cooperation.

"Leng Ruoxue, I'm very jealous of you, but I know that I'm not your match, so I can only pretend to be pitiful in front of you. However, someone told me a method, which is to separate your gang, so I sent someone to do it. However, I didn't expect me to still fail, haha!" Bai Fang laughed painfully. She knew that even if she died, that man would not look at her again. However, she had lost her life for that man.. She really didn't know if what she did was worth it or not.

Chapter 660: Bloodline Contract (2)

"You speak too much nonsense. You just have to tell me who instigated you to do it. As for the others, you can slowly savor them in hell!" Leng Ruoxue said impatiently.

"What told me all this was..." Bai Fang was about to say it when a white light flashed. Immediately after, Bai Fang stopped breathing.

"Miss, she's dead." Zheng En probed Bai Fang's nose and said.

"Okay." Leng Ruoxue nodded. Damn it, someone actually killed Bai Fang in front of so many people, and they didn't even notice. This really depressed her.

"Xue'er, don't be depressed. The one who killed Bai Fang was at least a Mystic Sovereign, and he was good at concealed weapons," Empty said comfortingly. In fact, he was also quite depressed because he felt that he was a little careless. He actually didn't realize that someone was hiding near them.

"I'm fine," Leng Ruoxue said gloomily.

"Miss, what should we do with Luo Xing'er?" Zheng En asked and changed the topic. Uh! He didn't want Miss to make him unhappy because of Bai Fang.

"Didn't you want to test the medicine?" Leng Ruoxue said lightly.

"Yes! The experiment time was too short just now," Zheng En said with some regret. However, it would probably not be easy to let Luo Xing'er test the medicine. She had her father and brother to protect her. Alas! A child with a father and brother was a treasure. A child without anyone to love was a blade of grass! Bai Fang was the best example!

"No, I don't want to. Father, save me!" Luo Xing'er was a little scared silly seeing Bai Fang's tragic state. After seeing Bai Fang die, her mind went blank. She finally returned to her senses and heard these two people saying that they wanted to test her on medicine. She was so scared that she hurriedly shouted. Boohoo... She didn't want to become as painful as Bai Fang, covered in pus and emitting a stink. She didn't want to!

"Miss Leng, please show mercy and let Xing'er go!" Luo Xian continued to plead. He only had one daughter, and she had been spoiled since childhood. Alas!

“Don’t worry. She doesn’t deserve to die, so I won’t kill her. However, my subordinates wanted to test the medicine, so she had to sacrifice herself!” Leng Ruoxue said with a light smile.

Testing medicine, wouldn’t that be worse than death? Luo Xian was even more afraid when he heard this. Boohoo... With Bai Fang’s example, how could he watch helplessly as his daughter tested medicine for others! Therefore, he steeled his heart and knelt in front of Leng Ruoxue with a plop...

“Miss Leng, please let my daughter go! I’ll do anything as long as you let him go,” Luo Xian pleaded bitterly.

Luo Fei hurriedly knelt down when he saw his father kneeling.

“Miss Leng, Xing’er is insensible and offended you. I’m willing to suffer on her behalf. Use me to test the medicine!” Luo Fei said.

“Fei’er, don’t spout nonsense. You are the hope of our Luo family. You can’t... Alas! Father is old. The Luo family will rely on you in the future. Miss Leng, use me to test the medicine! Xing’er is my daughter. It’s the fault of a child not teaching the father. I should suffer on her behalf,” Luo Xian hurriedly said.

“What deep affection between father and son. You love your daughter! Unfortunately, the people you love might not be grateful to you.” Leng Ruoxue looked at the silly Luo Xing’er and said mockingly. Alas! Luo Xing’er had a good father and a good brother. Unfortunately, she didn’t know if Luo Xing’er knew how to cherish.

“What are you doing? Miss didn’t say she wanted to kill Luo Xing’er. Don’t make things difficult for Miss,” Lü Tao said with some dissatisfaction. Hmph! These people were too much. They knew that Miss valued familial love, but they actually did this.

“Miss Leng, Xing’er is my daughter. I...” Luo Xian wanted to explain, but he was interrupted by Leng Ruoxue before he could say anything.

“I told you, I won’t kill her. However, the death penalty can be spared, but the crime of living is unforgivable. If I let her go, with her intelligence, she will definitely think that I’m afraid of your Luo family. Therefore, for her own good, don’t protect her anymore,” Leng Ruoxue said understandingly. In fact, the reason why she didn’t kill Luo Xing’er was not only because she didn’t take her seriously, but also because of Luo Xian and his son. If they were as indiscriminate as Luo Xing’er, they could just kill her, but they were not that kind of people.

“No, we will watch over her. Miss Leng, please let her go!” Luo Xian hurriedly promised.

“Look at her? Can you look at her? If you can look at her, you wouldn’t have brought her here today. If I’m not mistaken, she probably wants to come no matter what, so you had no choice but to follow her!” Leng Ruoxue said understandingly. Hmph! She knew that some uninvited guests would be attracted when Qing Jue teleported everything here to Guan Yue City. However, she didn’t care for her innocence.

Leng Ruoxue’s words left the Luo father and son speechless. They knew very well that it was because of their soft-heartedness that Xing’er had offended this Eldest Miss again. Alas!

“Zheng En, do it!” Leng Ruoxue ordered. She would not learn her lesson until this Miss Luo suffered a little.

“Okay.” Zheng En walked to Luo Xing’er, who was standing foolishly, and took out a pill. He pinched her chin and was about to deliver it to Luo Xing’er’s mouth, but...

“No, no. I swear on my bloodline that I am willing to recognize Leng Ruoxue as my master, to be my slave for life, and never betray her!” Luo Xian wanted to save his daughter, but he found that his body couldn’t move anymore, and Luo Fei was the same. Therefore, in a hurry, he swore a bloodline oath and recognized Leng Ruoxue as his master.

Buzz! A contract law descended from the sky just as Luo Xian finished speaking. A blood contract array enveloped Leng Ruoxue, the Luo father and son. The contract was formally established in a few minutes, and then the contract law slowly disappeared.

Leng Ruoxue widened her eyes and looked at Luo Xian gloomily. This damn old man didn’t cause any trouble with the bloodline contract! It was really infuriating. She had never thought of taking the Luo family in as a servant. Moreover, this bloodline contract was very overbearing because even though the contract was issued by Luo Xian alone, anyone related to Luo Xian, be it the main or side branches, would become her servant, even their descendants. Uh! To put it bluntly, the descendants of the Luo family already had masters before they were born. As for the seniors of the Luo family, they were even worse. They had worked hard for their entire lives and were finally made masters by their descendants. Not only that, their lives were in the hands of their masters.
