

Crazy Wife 661

Chapter 661: Bloodline Contract (3)

“Master, please let Xing’er go!” Luo Xian said helplessly. Boohoo... He knew that he was a little impulsive, but he had no choice! Could he watch helplessly as his daughter was tortured? He still had lingering fears about Bai Fang’s tragic state!

“Old Man, are you stupid?! You’ve already become my young miss’s servant. How Miss wants to deal with your precious daughter now can be done with a word! Moreover, you don’t even have the right to object,” Feng Da reminded with a chuckle.

“Uh!” Luo Xian was a little dumbfounded. Yes! How could he have forgotten about this matter? Boohoo... He originally thought that this Eldest Miss would not make things difficult for Xing’er since his entire family had become Leng Ruoxue’s people. However, he had forgotten the master-servant relationship between them. Did he make a fool of himself! Boohoo...

“Master, let Xing’er go and let me try that medicine!” Luo Fei pleaded helplessly. Alas! They didn’t even have the mood to resist in front of Leng Ruoxue now because they would die without a burial ground with a single thought from Leng Ruoxue. She didn’t even have to do anything.

“Alright, I won’t give her that medicine since you’ve become my servants now. However, I’ll give her another one,” Leng Ruoxue said after some thought.

“Master!” Luo Xian and Luo Fei stared at Leng Ruoxue with pleading eyes.

“Zheng En, give this to Luo Xing’er.” Leng Ruoxue took out a pill and handed it to Zheng En.

“Yes.” Zheng En took the pill, ignored the pitiful gazes of the Luo father and son, and threw the pill directly into Luo Xing’er’s mouth. Hmph! Don’t offend an alchemist no matter who you offend, or your end will be tragic!

“Master, what medicine did you give Xing’er?” Luo Xian asked carefully. Boohoo... At this point, he knew that it was useless to beg. However, it was also fine to let his daughter suffer less! It could be seen that his request was becoming lower and lower.

“Medicine that can make her lose her voice,” Leng Ruoxue said lightly.

“Oh!” Fortunately, Luo Xian was relieved. He just couldn’t talk. It was okay, as long as he didn’t have to suffer.

“Uh!” Luo Xing’er quickly lost her voice after taking the medicine. She opened her mouth to speak but couldn’t say anything. Moreover, she heard Leng Ruoxue’s words, but she didn’t dare to be disrespectful to her in the slightest. Moreover, she had a trace of instinctive fear for Leng Ruoxue.

Leng Ruoxue looked at the terrified Luo Xing’er and said indifferently to Luo Xian and his son, “Leave with Luo Xing’er! Remember, you are now my servants. I can take your lives at any time, so go back and teach her a good lesson. Don’t blame me for being heartless if she dares to be indiscriminate again.”

Hehe, if Luo Xing’er dared to provoke her again, even if she killed Luo Xing’er, the father and son of the Luo family would not dare to say anything, much less bear a grudge against her. This was the benefit of

the bloodline contract. Uh! She suddenly felt some pity for Luo Xian now. He swore an oath and handed the lives of his entire family to her. Although she was a little unwilling to accept it, Luo Xian must be even more depressed than her at this moment!

However, Leng Ruoxue did not expect Luo Xian to know about bloodline contracts because, as far as she knew, this kind of contract had been lost for a long time. At least, no one on the Ling Feng Continent knew about it. Could it be that the level of space here was higher than on the Ling Feng Continent? She pondered.

“Master, don’t worry. I will definitely teach her a lesson,” Luo Xian hurriedly promised. Boohoo... impulse kills! Just as Leng Ruoxue thought, he was so depressed that he wanted to bang his head against the wall. Unfortunately, the lives of their entire family belonged to Master now. They couldn’t die even if they wanted to unless Master killed them.

“Yes, if there’s a next time, it’s death!” Leng Ruoxue reminded.

“I promise there won’t be a next time,” Luo Xian said. After speaking, he didn’t leave directly but led his children to stand very respectfully behind Leng Ruoxue.

At this moment, Leng Ruoxue looked at Bai Fang’s corpse and was about to burn it when Feng Zhan’s voice suddenly sounded in her heart.

“Master, leave such a small matter to me. You don’t have to do it yourself,” Feng Zhan said after watching the commotion in the bracelet for a long time.

“Okay.” Leng Ruoxue nodded and let Feng Zhan out.

After Feng Zhan emerged, he affectionately rubbed his little head against Leng Ruoxue’s beautiful face. Then he spat a small flame on Bai Fang’s body. It only took a few seconds to burn Bai Fang to ashes.

The father and son of the Luo family looked at the small and cute little red bird, and their foreheads were full of cold sweat. They were even more surprised. Heavens! What kind of fire was this! The temperature was actually so high. They could still feel the hot temperature even though they were not very close. This little bird that was not even the size of a palm was really too strong.

“Luo family, you might be my master’s servants, but listen up! Whoever from your Luo family dares to be disrespectful to my master will end up like that annoying woman. Hmph! I won’t show mercy!” Feng Zhan flew in front of Luo Xian and the others and threatened.

“You too. If anyone wants to test the temperature of this king’s flame, don’t hesitate to bring it on.” Feng Zhan said to Guan Yuelong and the others, his words still full of threat.

“Uh! How can we be enemies with Miss Leng!” Guan Yuelong wiped the cold sweat off his forehead and thought to himself, This little bird is really too terrifying. He decided that if any blind person in the Guan Yue family annoyed Miss Leng, he would definitely be the first to deal with it. He couldn’t let this little bird find an excuse to burn their main mansion!

“Hmph! At least you’re sensible. I’ll tell you the truth. Our master has a lot of beasts that specialize in scratching and biting people. I, on the other hand, am in charge of setting off the fire drops. Therefore, you have to be careful. My master can’t be provoked,” Feng Zhan continued.

“Uh! We understand,” the First Elder of the Guan Yue family said hurriedly. Boohoo... This girl’s beast was also so difficult to deal with.

“Very good. Hehe, Master, am I right?” Feng Zhan nodded with satisfaction and then flew to Leng Ruoxue’s shoulder to curry favor..

Chapter 662: Bloodline Contract (4)

“Okay.” Leng Ruoxue coaxed helplessly, thinking, Feng Zhan! We have to keep a low profile and not be smug.

“Xue’er, the matter has been resolved. Let’s go back!” the freak suggested. Boohoo... His innocence had finally been found. Damn it, if Bai Fang hadn’t been killed, he would definitely make the woman who dared to have any ideas about him suffer a fate worse than death. However, even if she was dead, she would still not have an easy life.

“Okay.” Leng Ruoxue nodded and everyone returned to their residence.

After returning to her residence, Leng Ruoxue realized that the Luo father and sons had also returned. She asked curiously, “What are you doing here?”

“Miss, we are your servants now! Who should we follow if not you?” Luo Xian said aggrievedly. Boohoo... He could tell that his master didn’t like them. However, raw rice had already been cooked. They couldn’t deny it even if they wanted to!

“You don’t have to follow me. Go back to your Luo family. I’ll send someone to contact you if there’s anything you need to do.” Two drops of cold sweat dripped down Leng Ruoxue’s forehead as she said speechlessly.

“Oh, alright then!” Luo Xian replied. Then he led his children away.

“Miss, there are also some old farts in the Luo family. I’m afraid a round of beating will be unavoidable after Luo Xian returns to the Luo family.” Ning De gloated. Hehe, this matter was really too dramatic. None of them expected Luo Xian to actually do this for his daughter. This was very rare in the families. Presumably, Miss did not intend to kill Luo Xing’er because of Luo Xian’s love for her daughter!

“Yes, I won’t kill Luo Xing’er even if he doesn’t release the bloodline contract. However, physical pain is unavoidable,” Leng Ruoxue said. She had never experienced fatherly love in both her previous life and this life, so she was more or less touched that Luo Xian loved his daughter. Moreover, she had also said that she would not kill Luo Xing’er. However, she didn’t expect Luo Xian to love his daughter so much that he couldn’t bear to let her suffer physical pain. Alas! Hopefully, Luo Xing’er could understand the hearts of her father and brother and truly grow up

“Miss, I think that Luo Xian is scared silly,” Feng Da interrupted.

“Feng Da, you will understand the heart of a parent when you have a child,” Leng Ruoxue said.

“Yes, it’s really rare for such familial affection to exist in an aristocratic family,” Ning De said. Luo Xing’er might be a little out of line, but her father and brother were sensible people.

“Yes, or I wouldn’t have let Luo Xing’er go. By the way, Ning De, we plan to leave Moon Gazing City tomorrow,” Leng Ruoxue said indifferently.

“Leave? Then what should I do?” Ning De quickly put on a long face and pretended to be pitiful when he heard that.

“Of course you should continue being your president!” Leng Ruoxue pretended to be stupid.

“Old Ning! We’ll visit you when we have time. Be good and don’t cry!” Feng Da teased with a naughty smile.

“Miss, can I go training with you?” Ning De asked bravely because he knew that he might not have a chance in the future if he didn’t dare to ask.

“No, you have to continue being your president,” Leng Ruoxue refused. If Ning De was not the president, she might have brought him along with her based on his performance during this period. However, his identity was not there, so she could not take him away.

“Oh, Miss, you’re leaving tomorrow. Rest early today!” Ning De said gloomily. Then he bowed to Leng Ruoxue and left.

“Everyone, rest early. We’ll leave early tomorrow morning.” Leng Ruoxue said to Feng Da and the others after Ning De left. Then, with a thought, she brought everyone into the bracelet...

The next morning.

Leng Ruoxue and the others saw the alchemists of the Alchemist Association blocking their way collectively as soon as they emerged from the yard.

“Miss Leng, the president asked us to send you off. He said he had something to do and didn’t want to come,” an alchemist said.

“Oh, thank you. We’re leaving.” Leng Ruoxue nodded. She knew that Ning De probably didn’t dare to come because he was afraid of being too sad.

Leng Ruoxue and the others left Moon Gazing City after bidding farewell to the people from the Alchemist Association. They admired the scenery by the side of the road as they walked. However, they were stopped by a group of men in black not long after...

“Miss Leng Ruoxue?” the leader of the men in black said coldly.

“No, you’ve got the wrong person,” Leng Ruoxue denied. She didn’t know what these people were for, but she couldn’t be bothered to deal with them!

“Hehe, Miss Leng really likes to joke!” The leader of the men in black laughed gloomily, the displeasure in his eyes flashing for a moment.

“I never joke with people I don’t know,” Leng Ruoxue said lightly.

“Miss Leng, don’t pretend to be stupid. Why would we stop you if we don’t know you?” the leader of the men in black said proudly.

“Then why are you asking me who I am?” Leng Ruoxue raised her eyebrows slightly and said with displeasure. These men in black really had too much nonsense. It would be better to tell them the reason directly.

“We have to confirm it out of courtesy! Miss Leng, our patriarch invites you to be a guest,” the leader of the men in black said without anger and made his intentions clear.

“No, I don’t know your patriarch,” Leng Ruoxue refused bluntly. Then she looked up at the men in black in front of her with her beautiful eyes. There were about 50 people in this group of men in black, and their overall strength was not bad. The person in the lead was a Mystic Sovereign, and the others were also at the Mystic Monarch level. However, these people looked at her as if they were looking at prey, which she disliked very much.

“Hmph! Our Wu family’s patriarch invited you as a guest. Don’t you know what’s good for you!” Before the leader of the men in black could say anything, a man in black roared first impatiently.

“So what if I don’t know what’s good for me? I don’t know any Patriarch of the Wu family. Do I have to go just because he invited me? What kind of logic is that?” Leng Ruoxue smiled lightly, her beautiful face full of disdain.

“Our patriarch invited you because he thinks highly of you, so you have to go no matter what,” the man in black continued with an arrogant expression on his face.

Chapter 663: To Die In The Dark (1)

“What if I don’t go?” Leng Ruoxue asked calmly.

“Miss Leng, we invited you nicely. Don’t blame us for being nasty if you’re unwilling to go. The patriarch said that we have to kidnap you even if we have to.” The leader of the men in black said with a light smile.

“Oh, if I understand it correctly, are you planning to force me if I don’t go?” Leng Ruoxue asked uncertainly.

“Miss Leng, the patriarch has ordered us to invite you no matter what,” the leader of the men in black said honestly.

“I see.” The man in black didn’t say it explicitly, but Leng Ruoxue already understood what he meant. She either took the initiative to go or tied her up. However, she knew that she had another choice. She just didn’t want to go. Hmph! Why should she obediently deliver herself to the door when the Wu family head invited her? Even if she wanted to visit, it had to be when she wanted to go! No one could force her when she didn’t want to go.

“Since Miss Leng already knows, don’t make things difficult for us. Hehe, we don’t want to hurt Miss Leng, so...” The leader of the men in black advised kindly, but he was interrupted by Leng Ruoxue before he could finish.

“No!” Leng Ruoxue refused very bluntly.

“Boss, this woman is obviously refusing a toast and taking a forfeit. Why are you still so polite to her?” a man in black said impatiently. Hmph! No one had dared to not give their Wu family face in the Boundless Heaven Continent!

“Miss Leng...” The leader of the men in black didn’t give up and seemed to want to continue persuading her. However, he was interrupted by Leng Ruoxue before he could say anything.

“I said I won’t go,” Leng Ruoxue said emotionlessly. She had never liked being forced since she was young, so she was very uninterested in the Wu family’s method of inviting people.

“Miss Leng, don’t blame me for not caring for the fairer sex since you don’t give me face.” The leader of the men in black narrowed his eyes and said coldly.

“What? Do you want to snatch it in broad daylight?” Leng Ruoxue smiled lightly. That beautiful smile dazzled the eyes of the group of men in black, making them dizzy. They were all stunned.

“Miss Leng, we didn’t want to do this either. However, you refused to go, and we have to complete the task the patriarch gave us, so we can only let Miss Leng down,” the leader of the men in black explained very coldly after coming back to his senses.

“Guards, take Miss Leng away and kill the others.” The leader of the men in black ordered his subordinates confidently after speaking to Leng Ruoxue.

“Yes.” The subordinates in black had been waiting for their leader’s instructions and hurriedly answered.

“Miss, they want to kill us. Boohoo...” Lü Tao grabbed Leng Ruoxue’s sleeve and said with tears in her beautiful eyes. The word ‘scared’ was still written on her beautiful face.

“Yes.” Leng Ruoxue nodded. She heard it.

“Girl, don’t be scared. We have always been protective of the fairer sex. We won’t kill you. We’ll kill those men if we want to,” a man in black hurriedly comforted her with lecherous eyes.

“Who cares about your protective feelings for the fairer sex! Hmph!” Lü Tao felt that she had been teased and said very displeased.

“You don’t want it? I’ll make you beg me for it later! Haha!” The man in black laughed hysterically and looked Lü Tao up and down obscenely. Well, he didn’t have a chance with that stunning beauty. However, he wouldn’t lend her if he could eat her. He was daydreaming.

“Pa! Pa! Pa!” Feng Da went forward and slapped the man in black several times. Damn, how dare you tease my woman. Do you think I’m dead?

The man in black was a little stunned by the sudden slap and did not recover for a long time. However, when he recovered and wanted to take revenge, Feng Da had already returned to his team, and he did not see who hit him at all just now.

“Miss Leng, even if you don’t think for yourself, you have to think for your subordinates! If you don’t go, their end will only be death,” the leader of the men in black advised again.

“Do you think you can snatch me away? Kill them?” Leng Ruoxue said speechlessly. Where did these people get their confidence from? Could it be that they were treated as easy prey because they hid their strength?

“Hmph! There are so many of us. You can only surrender, so it’s better to be sensible,” the leader of the men in black said confidently.

“We won’t be captured. Kill if you want to and snatch if you want!” Leng Ruoxue didn’t want to talk nonsense with them anymore and said directly.

“Hmph! Miss Leng, I’m persuading you nicely, but you don’t know how to grasp the opportunity. Don’t blame me. Brothers, attack!” the leader of the men in black ordered directly.

As soon as he gave the order, many men in black surrounded Leng Ruoxue and the others.

“Little Black Shirt, did so many of you come?” Feng Da said with a face full of pity. Alas! There were too few people. They each couldn’t get two. It was really a pity.

“Damn it, don’t call us Little Black Shirt!” the leader of the men in black said very displeased. They were the elites of the Wu family, and now they were actually called Little Black Shirt. This was too embarrassing.

“But I can’t call you Blackie! My young miss’s dog is already called Blackie,” Feng Dagu explained as if it was difficult.

“You... What are you waiting for? Hurry up and attack!” The leader of the men in black was angry. Damn, this despicable man actually compared them to dogs. It was really infuriating.

“Cheer up! It’s better than nothing even though there are fewer people!” Leng Ruoxue comforted them. Alas! She knew that they despised the other party for having too few people seeing how uninterested Feng Da and the others were.

“Then listen to Miss. It’s barely passable!” Feng Da said with dissatisfaction, muttering from time to time.

“Okay, play slowly. I’ll take a break!” Leng Ruoxue pulled the freak and ignored the existence of the men in black. She found a clean place to sit down and planned to watch from the side.

Seeing this, Old Man Wu He also sat down beside them.

Chapter 664: To Die In The Dark (2)

“Xue’er, there are so many of them. Are we going to do nothing?” Empty asked impatiently.

“Of course, you’re not allowed to attack! Otherwise, my subordinates won’t have any practice,” Leng Ruoxue reminded. Among these people, other than the leader of the men in black, the others were all on par with her elder brother, Feng Da, and the others, so it was most suitable to use them for practice.

“Oh!” Empty answered gloomily. Boohoo... It had been a long time since he beat someone up. He also wanted to exercise!

“Let’s go to the Wu family after we deal with these people. I’ll leave those old farts of the Wu family to you then,” Leng Ruoxue said very generously.

“Really? You said it yourself. Don’t go back on your word!” Empty said hurriedly. Hehe, he had to settle this matter first lest someone snatch it from him!

“Of course, the freak and I won’t snatch it from you,” Leng Ruoxue promised.

“Lass, didn’t you not want to go to the Wu family?” the little old man said doubtfully. Uh! From what the girl said, could it be that she wanted to take the initiative to deliver herself to him?

“Hehe, of course I don’t want to go since they invited me. I have to go willingly if I want to,” Leng Ruoxue said with a naughty smile.

“Tch, I think you’re obviously asking me to practice with these people on purpose!” Empty said understandingly. He had long seen through Xue’er’s little thoughts.

“Haha, you’re really getting to know me better,” Leng Ruoxue said with a slightly smug smile. Alright! She admitted that she deliberately wanted to anger these people, but not wanting to be forced to go was also one of the reasons!

While Leng Ruoxue and the others were chatting, Leng Ruohan and the others were already fighting with the group of men in black. Compared to the high fighting spirit of Feng Da and the others, the men in black were extraordinarily depressed because they never dreamed that these people who seemed to only have the strength of an elementary mystic would transform into Mystic Monarchs instantly. Moreover, their individual combat strength was above theirs.

“Freak, should we find that leader to practice?” Leng Ruoxue looked at the leader of the men in black who had been standing there without moving. Alas! This leader of the men in black was too confident in the strength of his subordinates. Therefore, he couldn’t help being a little dumbfounded when he saw the strength of his elder brother and the others at first glance.

“Okay!” the freak answered with a naughty smile. Hehe, his hands were a little itchy seeing the saber flashes, sword shadows, and mystic energy flying not far away.

Leng Ruoxue and the freak’s gazes collided, and they smiled at each other. Then the two of them stood up in unison and walked toward the leader of the men in black.

“What do you want?” The leader of the men in black looked at Leng Ruoxue and the freak cautiously. At this moment, he looked like a good woman who had encountered a lecher. He knew that he had kicked an iron plate this time seeing that more than half of his subordinates had died in just a few minutes. The two people in front of him were obviously not to be trifled with, but he was actually careless just now. Boohoo...

“Don’t be afraid. We won’t use force on you!” Leng Ruoxue said with some amusement. This leader wasn’t like this just now! Alas! He was still a Mystic Sovereign! How disappointing.

“Yes, there’s no need to be afraid. We are only Mystic Monarchs, but you are a Mystic Sovereign! We are the ones who are afraid!” the freak comforted with a stunning smile on his face.

“You... Stay away from me!” The leader of the men in black didn’t believe them at all. Boohoo... These people were liars. Their subordinates were obviously Mystic Monarchs, but they actually pretended to be elementary mystics. It was too much!

“No!” Leng Ruoxue refused and pulled the freak closer.

“You really don’t have to be afraid. We’re really just Mystic Monarchs,” the freak said speechlessly. Alas! Wasn’t this man too useless? Where did the courage to threaten them go?

“Who will believe you! You obviously hid your strength too! I won’t be fooled,” the leader of the men in black said very stubbornly.

“Alas! To be honest, no one believes it. Freak, let’s cut the crap with him and attack directly!” Leng Ruoxue said impatiently.

“Alright!” The freak nodded helplessly. Alas! It seemed like he could only use force.

“Do you want to attack in groups? This isn’t fair to me!” the leader of the men in black hurriedly roared.

“How can there be so much fairness in the world! Moreover, the two of us can’t be considered as group attacks at all. In terms of group attacks, it’s you too!” Leng Ruoxue said with slight mockery.

“Where are your beasts? Don’t tell me you don’t have any beasts,” the freak reminded. What he implied was that he could release beasts to help him fight!

“Wait for me,” the leader of the men in black said and summoned all his beasts. They flew in the sky and ran on the ground.

The beasts of the leader of the men in black returned to their original forms as soon as they were released. They glared at Leng Ruoxue and the freak covetously.

Leng Ruoxue looked at the huge beasts in front of her. Hehe, there were actually seven. Among them, the weakest was a level five Legendary Beast, and the strongest was a level two Transcendent Divine Beast. It seemed that this leader of the men in black had some capabilities! Otherwise, it was impossible to contract so many beasts.

“Do you need my help?” Empty walked over and said with a light smile. Hehe, there were so many beasts. Xue’er should give him two no matter what!

“There’s no need. Just watch from the side,” Leng Ruoxue said with a light smile.

“Xue’er, give me that level two Transcendent Divine Beast! I’ll practice too,” Empty pleaded shamelessly.

“No, I can share the ugliest among these beasts with you,” Leng Ruoxue said after some thought.

The ugliest few? The beasts of the leader of the men in black looked at each other, not knowing who they were talking about because none of them would admit that they were the ugliest.

“Xue’er, that doesn’t match my image!” Empty looked at the few beasts and said with slight dissatisfaction.

“Forget it if you don’t want it,” Leng Ruoxue said nonchalantly.

“Yes! I want it!” Empty said hurriedly. Boohoo... Xue’er was too evil. He couldn’t help but grumble in his heart, but his hand movement directly attacked the ugliest lizard.

The huge, slightly cumbersome lizard saw that this man was the first to find it and was extremely depressed.. Boohoo... Why was this? Could it be that it was the ugliest! Even though it never thought so.

Chapter 665: To Die In The Dark (3)

“Freak, let’s begin too!” Leng Ruoxue summoned Feng Zhan and said to the freak.

“Master, leave those two flying in the sky to me!” Feng Zhan said excitedly.

“Okay,” Leng Ruoxue answered. Then her gaze collided with the freak’s. The two of them communicated silently and attacked the leader of the men in black at the same time...

For a moment, two streams of light, one red and one black, suffused with silver light, were released from Leng Ruoxue and the freak’s hands like two intertwining beautiful galaxies, and they entangled the man in black...

Leng Ruoxue liked to use fire-attribute skills, and the freak naturally used the dark-attribute. This was the first time they used it on their enemies since they advanced to Mystic Monarch and cultivated advanced mystic techniques. They had also used advanced mystic techniques when they sparred with Cheng Wu and the others previously, but they had not used their full strength, so they were naturally not very clear about the power of their mystic techniques. Hehe, today was just the right time to test it on this man in black.

The mystic technique Leng Ruoxue used was called ‘Fire Brilliance’, a single-body advanced fire-attribute mystic technique. She liked it very much when she learned this mystic technique for the first time because this mystic technique was very beautiful. The mystic technique released would carry dazzling silver light, and its power was relatively shocking. However, this was the first time she released 100% mystic power, so she was naturally very looking forward to the power created by this mystic technique.

The freak’s dark-attribute mystic technique was called ‘Dark Light’, which was also an advanced offensive mystic technique with a corrosive effect. To be precise, dark-attribute mystic energy had additional functions, so most mystics didn’t like to fight mystics with the dark-attribute because it was really too much of a loss.

“Damn it, it’s actually the dark attribute!” the leader of the men in black said gloomily. After really fighting and seeing the mystic techniques they used, he already knew Leng Ruoxue and the freak’s strength, and he knew that they were not lying to him because the two people in front of him were really only Mystic Monarchs. However, weren’t they a little too abnormal! These two people were absolutely the strongest Mystic Monarchs he had ever encountered. Moreover, the man with the very freakish appearance was actually of the dark attribute. Boohoo... Every Mystic hoped to possess darkness-attribute mystic energy, but they didn’t want to meet an enemy with the dark attribute. However, he just happened to encounter one.

Alas! The leader of the men in black felt that he was really unlucky. One had to know that there were very few mystics with the darkness attribute. He didn't expect to meet them today. Moreover, even though he blocked the two attacks just now, his clothes were still corroded by the darkness-attribute mystic power to form a hole, and white smoke was coming out...

"Freak, this old man is very powerful! He actually dodged it," Leng Ruoxue said gloomily. Boohoo... She used 100% of her mystic energy! She actually didn't injure this man in black.

"Yes, I like powerful ones. You can beat them up without any qualms. To put it simply, you can take the beating!" the freak said with a naughty smile. At the same time, a black mystic energy thinner than a strand of hair was quietly released from his fingertips.

"But this old man's defense is very strong, and his strength is above ours. We will have some teeth when we eat," Leng Ruoxue reminded.

"No, let's eat slowly," the freak said nonchalantly.

"Damn it, have you said enough? It's my turn now!" the leader of the men in black roared furiously. These two juniors really didn't take him seriously. Of course, they actually discussed him in front of him and even called him an old man. It was really infuriating.

"Old Man, attack if you want to! This isn't a competition. There's no need to inform us!" Leng Ruoxue said without gratitude.

"Damn it!" The man in black roared, and a ray of light blue mystic power gathered in his hand. However, before he could cast his mystic technique, he was hit by a fiery red mystic technique shining with silver light. His body was slashed with several wounds, and his clothes were torn into pieces.

"You actually launched a sneak attack!" the leader of the men in black roared angrily, and a trace of red blood seeped out of the corner of his mouth.

"How can this be called a sneak attack? We're fighting! Don't tell me I have to wait for you to gather your mystic energy to attack me before I attack? Even a fool can't be fooled like this!" Leng Ruoxue said with a slightly mocking smile.

"Miss, you can do it! Kill this little leader in black!" Suddenly, Feng Da's hooting sounded in Leng Ruoxue's ears.

It turned out that Leng Ruohan and the others had already eliminated the more than 50 men in black. At this moment, they were surrounding them to watch the commotion! Empty had dealt with three beasts. Currently, its eyes were on the fourth beast, and the two beasts flying in the sky were confronting Feng Zhan, staring at each other!

"Yes, freak. It seems like we have to work hard." Leng Ruoxue nodded and then said to the freak.

"Xue'er, I'm going to use my specialty!" the freak said with a naughty smile. At this moment, the black mystic energy he had just released had already floated to the side of the leader of the men in black. However, the leader of the men in black did not notice at all and only glared fiercely at the two of them.

“Yes, me too!” Leng Ruoxue instantly cast several Blazing Flames after speaking. In an instant, red light filled the sky and fire danced, dying half the sky a dazzling red. Moreover, the temperature in the air rapidly rose, so hot that Leng Ruohan and the others retreated a distance.

“It’s so hot, Xue’er!” Empty complained and quickly dealt with the fourth beast he had targeted, leaving the troublesome place.

“Wow, wow, Master, it’s so comfortable! I like it!” Feng Zhan was overjoyed as he felt the scorching temperature. Hehe, it loved fire the most, so such a temperature was its favorite!

Feng Zhan liked it, but the two beasts that stared at him didn’t like it at all. Moreover, they were afraid that they would be grilled if they stayed any longer. However, they were sadly entangled by Feng Zhan and couldn’t escape at all. Boohoo...

“Alas! I better send you on your way early! See how kind I am,” Feng Zhan said narcissistically.. Then he spat out a mouthful of Southern Spirit Flame. In an instant, the flames devoured the two beasts that had yet to attack...

Chapter 666: To Die In The Dark (4)

“Ah! Master, save us!” The two beasts couldn’t help asking for help before they were devoured by the flames.

However, how could the leader of the men in black care about his beasts now! He had long been scared silly by Leng Ruoxue’s instantaneous mystic technique...

“No... This is impossible. How can you instantly use a mystic technique?” The man in black’s face was full of disbelief. In his memory, no one could instantly use a mystic technique at all because every time he used a mystic technique, he needed the support and nurturing of countless mystic powers. Just like what he did just now, if his mystic power was insufficient, he would be unable to release a mystic technique at all. The higher the level of a mystic technique, the more mystic power it naturally required. Therefore, even a Mystic Supremacy could not immediately cast it a second time after releasing a heaven-level mystic technique.

“Why can’t I instantly cast mystic techniques?” Leng Ruoxue asked with a face full of question marks.

“Because no one can instantly use mystic techniques at all!” the leader of the men in black said gloomily. At the same time he spoke, he set up an earthen-yellow curtain wall in front of him.

“Tch, others can’t, but it doesn’t mean I can’t either. I have a lot of mystic energy, so I can send it as many times as I want,” Leng Ruoxue said angrily and counted in her heart. Three, two, one. She had just counted when she heard a bang. The ‘Fire Blaze’ she instantly released broke through the curtain wall and attacked the leader of the men in black...

The leader of the men in black was caught off guard. Perhaps he was too confident in his defense, so when he vomited blood and fell to the ground, his widened eyes were still full of disbelief. It was the Undying Eye!

“It’s finally resolved.” Leng Ruoxue clapped with satisfaction.

“Xue’er, I haven’t used my specialty yet. Why did you kill him!” the freak said resentfully. Boohoo... Xue’er was bullying!

“Uh! I didn’t do it on purpose. I didn’t expect him to be so weak,” Leng Ruoxue said guiltily.

“He’s only a Mystic Sovereign. How sturdy can you count on his body!” the freak complained, his face full of grievance.

“Are you two going to let me live? The Mystic Monarch killed the Mystic Sovereign, and you actually despise my weak body. You’re too much,” Empty couldn’t bear it anymore and said. These two perverts! If he was the leader of the men in black, he would be angered to death by them!

“Uh!” Leng Ruoxue and the freak were stunned. Are we really too much?

“Master, I’ve already cleaned up the battlefield. Shall we go to the Wu family?” At this moment, Feng Zhan flew to Leng Ruoxue’s shoulder and said ingratiatingly.

Leng Ruoxue looked up gently at her surroundings when she heard Feng Zhan’s words. Sure enough, she saw signs that had just been burned, and flames were burning in some places. Uh! Feng Zhan was really fast. Feng Zhan had cleaned up the battlefield before she could say anything...

“Yes, well done.” Leng Ruoxue caressed Feng Zhan’s soft feathers with a smile in her eyes and praised.

“Hehe!” Feng Zhan laughed foolishly.

“Feng Zhan, you’re pretty fast!” Feng Da and the others praised.

“Of course. This is my forte,” Feng Zhan said cockily.

“Haha! Miss, shall we go to the Wu family?” Feng Da said eagerly. Hehe, the Wu family should have more people than this!

“Okay.” Leng Ruoxue nodded. Then she moved the little peacock out of the bracelet and beckoned everyone to sit on it.

After everyone was seated, the little peacock flapped its wings and flew toward the Martial Immortal where the Wu family was...

Three days later.

Near noon, everyone arrived at Martial Immortal City happily.

Outside the city gate.

Leng Ruoxue, who was sitting on the little peacock, looked at the tall and mighty city walls of Martial Immortal City and hesitated about how to enter.

“Miss, shall we go in?” the little peacock asked cautiously.

“Yes, I’m thinking whether we should keep a low profile or keep a high profile,” Leng Ruoxue said with a light smile.

“Miss, of course we have to be more high-profile. Being low-key will make people think we’re easy to bully,” Feng Da said with a naughty smile.

“Xue’er, I agree with being more high-profile. Anyway, we’re here to cause trouble, there’s no need to keep a low profile,” Empty agreed.

“Okay, let’s start with the city walls of Martial Immortal City! Hehe, let’s see if the city walls are sturdy enough,” Leng Ruoxue said nonchalantly, as if her suggestion was similar to eating and sleeping.

“Hehe, okay.” Feng Da and the others rubbed their palms excitedly.

“Little Peacock, find a less crowded place to land!” Leng Ruoxue ordered.

“Yes, Miss,” the little peacock replied. Then it flew to an uninhabited corner of the city gate and descended.

Leng Ruoxue moved Big Hairy and Er Mao out of the bracelet and said to the two beasts, “Big Hairy, Er Mao, let me try if this city wall is sturdy.”

“Okay!” Hairy # 2 was excited! This was their favorite thing to do.

After speaking, Hairy Ball transformed back into its original form. Then two giant bears more than ten meters tall approached the city wall and slapped down with its huge bear paw...

A crack appeared on the city wall after the slap, but the city wall did not collapse.

Fur was a little depressed at first sight. Well, it seemed that they used too little strength. At this point, they increased their strength and slapped down from the sky...

After that, a third of the cracked city wall collapsed with a bang. The two beasts were overjoyed at the sight and hurriedly replenished their strength. “Pa! Pa! Pa!” The originally intact city wall turned into a gorgeous ruin in the blink of an eye.

“Ah! What happened?” The guards guarding the city were scared stiff and quickly became alert. The guards who escaped death and were almost buried in the city wall also began to search for the enemy...

“Who are you? Did you push the city walls of Martial Immortal City?” The guards searched and couldn’t help asking when they found Leng Ruoxue and the others standing in the corner, as well as the two huge bears.

“No, look at which one of us seems to be so strong!” Leng Ruoxue denied resolutely.. Hehe, she would not admit anything without evidence.

Chapter 667: Go And Knock On The Door For Me (1)

“Then why are you standing here?” a guard asked doubtfully. Hmph! These people’s traces were really too suspicious.

“We just arrived at Martial Immortal City and were about to enter the city, but who knew that your city walls were so weak. Alas! It seems like the security in this city isn’t much better,” Leng Ruoxue said with great disappointment.

“Who said so? Our Martial Immortal City is famous for its good security,” a guard argued indignantly.

“Your city walls have collapsed, yet you still dare to say that the security in your city is good?” Leng Ruoxue raised her eyebrows slightly and said doubtfully.

“Uh! These are two separate matters,” the guard said uncomfortably.

“Did you find anyone suspicious?” At this moment, another voice interrupted. Then a middle-aged man appeared in front of them.

“Second Butler, we haven’t found anyone suspicious,” the guard quickly reported.

“Oh, then who are they?” The Second Butler sized up the freak and the others. However, his face couldn’t help revealing a stunned expression when his gaze landed on Leng Ruoxue.

“Second Butler, they want to enter the city, but the city wall collapsed before they could enter,” the guard said hurriedly. Obviously, he believed Leng Ruoxue’s words.

“Enter the city? Hmph! I think they are very suspicious, and those two bears are even more suspicious.” The second butler’s green eyes glared and said fiercely. However, he was thinking in his heart that this woman was really too beautiful. The patriarch would definitely reward him heavily if he gave her to the patriarch. Hehe! He was daydreaming.

“Second butler, is it? Are you trying to frame us without evidence?” the freak asked calmly.

“Hmph! As the second butler of the City Lord’s Mansion, why would I do such a thing?” the second butler pretended to be displeased.

“Hehe, why not? I heard that the Second Butler of the City Lord’s Mansion has always been underhanded. Alas! Your City Lord will definitely not let you go if he finds out,” Leng Ruoxue said fearfully with a gorgeous smile on her beautiful face.

“Nonsense. I have always been loyal to the City Lord. Hmph! Guards, capture these people who dare to slander this butler and await punishment.” The second butler roared angrily, but the guards were a little hesitant and didn’t attack.

Leng Ruoxue and the others also looked like they were watching a good show.

“What are you waiting for? Catch them quickly,” the second butler ordered with might.

“Second Butler, they want to enter the city.” A guard rolled his eyes and reminded. Alas! Who would dare to come to their Martial Immortal City in the future if they knew that the City Lord’s Mansion actually captured people entering the city casually, !

“Hmph! They are suspicious people. I suspect that they were the ones who caused the collapse of the city walls of our Martial Immortal City!” the second butler said with certainty. In fact, he was right

because Leng Ruoxue was the one who got the two hairy beasts to do it. However, Leng Ruoxue would not admit to such doings without evidence.

“Second Butler, our city walls are very sturdy. How can they make them collapse!” a guard argued with a face full of disbelief. It was not that he did not believe Second Butler, but he was too confident in the city walls of Martial Immortal City. After all, the city walls had thousands of years of history and had always been very sturdy. There were no cracks on the city walls even during the most chaotic times in the past. Therefore, he felt that the possibility of human destruction was not high. Uh! The possibility of natural collapse was very high after a long time. However, he did not dare to voice these doubts in front of the Second Butler.

“How is it impossible? Our city wall has been here for many years, so it’s easy to be destroyed by them.” The second butler glared at the green bean eyes and roared loudly, cursing this guard in his heart. Damn it, don’t drag me down if you don’t cooperate with me! He had decided to offer this stunning beauty in front of him to the City Lord.

“Seems like this Second Butler wants to push the blame of the city walls being weak onto us. Alas! I didn’t expect the Wu family to actually fall to the point where they can’t even repair the city walls. It’s really too disappointing!” Leng Ruoxue said with a face full of regret.

“Nonsense. This city wall was destroyed by you yet you dare to quibble with me. Hmph! Do you have the guts to go to the City Lord’s Mansion with me and ask the City Lord to adjudicate?” the second butler said provocatively, feeling even more smug in his heart. Hehe, he was really too smart. He would be a great contribution if he could trick this woman to the City Lord’s Mansion! He believed that the City Lord would definitely reward him!

“Why should we go to the City Lord’s Mansion with you?” Leng Ruoxue pretended to be puzzled.

“That’s right! How embarrassing would it be for us to go just like that?” Lü Tao echoed.

“What? Are you afraid?” The second butler’s lecherous green eyes kept circling Lü Tao. Hehe! This beauty was not bad either, he would keep her for himself.

“What a joke. What are we afraid of?” Feng Da said nonchalantly with a face full of contempt.

“Since you’re not afraid, come with me to the City Lord’s Mansion and ask the City Lord to adjudicate! I naturally have nothing to say if the City Lord thinks you’re not guilty,” the Second Butler said in a seemingly fair manner.

“Alas! Alright then! We’ll go with you to prove our innocence!” Leng Ruoxue seemed to be very helpless. Hehe, if someone was willing to lead the way for them, why didn’t they go!

“At least you know your place,” the second butler said proudly. Then he ordered a guard to lead the way and half escorted Leng Ruoxue and the others into the city.

Leng Ruoxue and the others walked on the streets of Martial Immortal City and chatted as if no one was around.

“Xue’er, this Martial Immortal City can’t compare to the Moon Gazing City!” Leng Ruohan couldn’t help but sigh. The two sides of the streets of the Martial Immortal City were bustling and shops were

standing, but he felt that something was missing. Moreover, the gazes of the pedestrians on the streets seemed to be full of sympathy. Uh! What was going on? He was puzzled.

“Yes, the Wu family is inferior to the Guan Yue family in strength. It’s normal that this Martial Immortal City isn’t as luxurious as the Guan Yue City,” Leng Ruoxue deliberately said loudly.

“Nonsense. Our Martial Immortal City is also one of the best in the Boundless Heaven Continent.. How can it be inferior to Moon Gazing City?” The Second Butler was displeased when he heard this and hurriedly explained.

Chapter 668: Go And Knock On The Door For Me (2)

“One of the best? Then where do you put Blue Cloud City, Proud Cold City, Sun Zhou City, and Carefree City?” Leng Ruoxue asked curiously.

“Uh! I’m talking about the best families in our Martial Immortal City.” The second butler wiped the cold sweat off his forehead and explained. He was a little arrogant, but not enough to compare the Martial Immortal City with the four cities.

“Second Butler really knows how to take advantage of the situation!” Feng Da said with a face full of mockery.

“I’m telling the truth!” the second butler emphasized.

“Second Butler, how far are we from your City Lord’s Mansion! I can’t walk anymore.” Leng Ruoxue deliberately provoked him. Hehe, how could they let this Second Butler bring them to the City Lord’s Mansion so easily! Moreover, this Second Butler was not up to any good.

“We’ll be there after taking a turn,” the second butler said helplessly. Alas! Could this woman be made out of paper! It wasn’t far, but she was actually tired. Even the young miss of their Wu family wasn’t as delicate as her!

“We still have to take a turn! No, I’m tired and can’t walk anymore.” Leng Ruoxue stopped and decided not to walk for the time being. Then she took out a recliner from the bracelet and lay down directly. The freak, Leng Ruohan, and Empty did the same.

Lü Tao quickly took out a huge sun-shrouded tent and fixed it on the ground to block the sunlight for them. Cui Zhu took out a small table that was half the height of a person and placed snacks on it. Feng Da and the others quickly formed a circle to block their Miss, the freak, and the others from being watched. Then they took out a small chair from their storage ring and sat down. The two hairy beasts sat directly on the ground and guarded the tent on each side like two guardian deities.

Everyone’s smooth movements made the second butler dumbfounded and his face full of disbelief. Uh! What was going on? He was a little dumbfounded!

“Second Butler, my young miss is taking an afternoon nap. Why don’t you go back first and pick us up here in the afternoon?” Feng Da looked at the sky and said.

"A... afternoon nap? Here?" The second butler was a little slow to react. This was the first time he had seen someone sleeping on the streets in the morning. Moreover, the streets were still crowded now, and he even felt many strange gazes.

"Yes, yes. Miss is sleepy. She won't leave until she has had enough sleep. Hehe, Second Butler, our young miss has two hobbies. One is to eat, and the other is to sleep. So, please don't take it to heart!" Feng Da said with a smile. He felt great seeing the second butler's face that was like the gray under the pot!

"But we're on the streets. How can we sleep here? We're about to reach the City Lord's Mansion. You can sleep there!" The second butler advised kindly. Boohoo... Don't sleep here! He didn't want to accompany them in the sun. However, he was afraid that they would run away if he left. After all, he only arranged for one guard to follow him, so he was quite conflicted. Should he leave or not?

"Second Butler, if our Miss wants to sleep, no one can stop her. I think you shouldn't accompany us here. We don't know when Miss will wake up!" Feng Da advised kindly.

"It's okay. I have nothing to do anyway. Uh! You're unfamiliar with the place. No one will dare to bully you with me here." The second butler thought about it and then made up his mind to risk his life to accompany the emperor. Hmph! He didn't believe that this woman could sleep for long!

"Second Butler, don't blame me for not reminding you. Miss is very good at sleeping." Feng Da said with a light smile. Hehe, the sun won't kill you!

"Hehe, it's okay. I can wait," the second butler said stubbornly.

Feng Da and the others ignored him seeing how stubborn the second butler was. Anyway, he could wait if he wanted to. They were not the ones who were tired. Hehe, they had food and water, so they could treat this place as the wilderness. It was not a big deal. However, they did not believe that the second butler could wait for too long.

Three hours passed unknowingly.

Feng Da and the others set up their tents and took an afternoon nap not long after they were full, leaving the second butler and a guard standing foolishly under the sun waiting...

"Second Butler, how long do we have to wait?" the guard, who was parched and dizzy from the sun, asked impatiently.

"It should be soon!" The second butler looked up at the scorching and dazzling sun hanging high in the sky and said uncertainly. Damn! Who were these people? All of them went to take an afternoon nap. They actually left the two fools outside to guard them. Boohoo... This was too much of a bully! He was full of regret now!

"Second Butler, it's been three hours," the guard reminded. Boohoo... It would be night soon if they continued sleeping.

"I know. I order you to wake them up now!" the second butler said after some thought. Hmph! He had to send someone to wake them up since they refused to wake up themselves.

"Yes!" The guard braced himself and then carefully walked into a tent.

“Ah!” Not long after the guard entered, he heard a scream coming from the tent, startling the second butler and the pedestrians on the street outside.

“What’s the matter? What happened?” The second butler outside the tent asked anxiously. Uh! The scream just now was really too tragic, making his heart nervous and scared.

“Second Butler, there’s a monster inside. I was bitten.” The guard raised his bloody hand in front of the Second Butler with tears in his eyes and said with lingering fear. Boohoo... Was this considered a work injury?

“What monster?” the second butler asked curiously. Damn, was this guard scared silly? How could there be monsters in the world?

“I didn’t see clearly. It was too dark inside. However, the monster’s teeth are so sharp. My hand would have been gone if I hadn’t reacted quickly,” the guard said with a face full of fear. The cold sweat flowing out of his back wet his clothes.

“Go and treat your wounds! Call some more people along the way,” the second butler said helplessly. He didn’t believe in any monsters.. He reckoned that they were bitten by these people’s contract beasts.

Chapter 669: Go And Knock On The Door For Me (3)

“Yes.” The guard immediately disappeared without a trace as if he had been pardoned.

After the guard left, the second butler frowned and pondered on how to wake these people up. He thought for a long time and also tried to shout loudly. However, these people did not react at all. Moreover, he did not dare to go in to call for people because he was afraid that he would be bitten like the guard!

A quarter of an hour later, the guard who had treated his wounds rushed over with a team.

“Second Butler, I’m back,” the guard reported.

“Okay, enter the tents and wake them up separately!” the second butler hurriedly ordered.

“Yes!” the guards answered. However, they were abnormally careful when they entered the tent because they had learned from the guard’s mistakes. After all, they didn’t want to be bitten!

“Ah!”...

However, in the blink of an eye, the tragic cries of the guards sounded one after another as soon as they entered the tent. Immediately after, they saw the guards fleeing from the tent with injuries on their faces...

“Second Butler, it’s really too terrifying,” a guard reported with a pale face and cold sweat on his forehead.

“Uh! Did you see the monster too?” the second butler asked hurriedly.

"I... I only saw two green eyes, and then I was bitten," the guard said hurriedly. Boohoo... Could it be a wolf with green eyes? He couldn't help letting his imagination run wild. Fortunately, he was only thinking in his heart. Otherwise, if those proud beasts knew that they were actually treated as wolves, they would probably be bitten even more miserably!

"That should be their contract beasts," the second butler said with certainty. Alas! What should they do? They wanted to go in and wake those people up, but they had beasts guarding them and didn't allow them to come close at all. Could they only wait foolishly outside? He was a little unwilling to wait like a fool, but he couldn't bear to give this opportunity to make a big contribution.

"Second Butler, what should we do now?" the guard asked.

"Just wait!" The second butler frowned slightly and said helplessly. In the end, his greed overcame his unwillingness, so they only waited outside the tent like watching dogs.

After a long time.

In the bracelet.

Leng Ruoxue, the freak, Leng Ruohan, and Empty sat on stone chairs in front of the purple bamboo hut, chatting and observing the commotion outside.

"Xue'er, how long do you intend to sleep for?" Empty raised his eyebrows and asked with a naughty smile. Alas! He wanted to laugh seeing the second butler's conflicted appearance. Xue'er really knew how to prank people.

"Well, it depends on my mood." Leng Ruoxue said with a light smile. Hehe, Second Butler and the others must think that she was still sleeping! In fact, she had already entered the bracelet to watch the show.

"Alas! Poor Second Butler and the Wu family's guards!" Empty sighed and expressed deep sympathy for their encounter.

"What's so pitiful about them? They will see God sooner or later anyway," Leng Ruoxue said nonchalantly. Those people were already dead in her heart, so she would not pity them at all.

"Xue'er, even God won't be willing to see them," the freak said with a smile. Hehe, he knew who the God Xue'er was referring to, so he was very sure that God didn't want to see those people from the Wu family at all.

"Uh! Aren't they very pitiful then?" Leng Ruoxue said sympathetically.

"There must be something hateful about pitiful people." Qing Jue appeared in front of Leng Ruoxue and the others. After entering the Martial Immortal City, he had taken on the heavy responsibility of monitoring the Martial Immortal City. He had some progress now.

"Qing Jue, why are you here?" Leng Ruoxue couldn't help but hug the pink and cute toddler gently.

"Big Sister, make a guess." Qing Jue kept her in suspense.

"Could it be that something happened in the Wu family?" Leng Ruoxue guessed as she caressed Qing Jue's pink little face and began to take advantage of it.

“Yes, yes. Big Sister, the Wu family’s patriarch has already thought of your a place for you,” Qing Jue said with a smile, his beautiful face full of mystery.

“Where does he want of me?” Leng Ruoxue asked curiously. Hehe, that old man from the Wu family really dared to have designs on her? She originally thought that the old man only wanted to avenge his daughter!

“The Sun family!” Qing Jue said softly and then looked at Leng Ruoxue with smiling eyes.

“The Sun family again?” Leng Ruoxue was a little speechless. Alas! When she just came to the Boundless Heaven Continent, that Windless City’s City Lord planned to give her to a certain person of the Sun family, causing her to disguise herself for a long time. She didn’t expect the Wu family to actually have designs on her too. However, she was no longer a little rookie who had just entered the Boundless Heaven Continent now. The Wu family who dared to have designs on her was also destined to meet a tragic end.

“Yes, yes. From what Wu Ming said, there’s an old fart in the Sun family who loves beauty, and that person’s status in the Sun family is higher than that of the patriarch, so he planned to use you to curry favor with that old fart from the Sun family. Originally! He didn’t have this plan. However, it seems that the Wu family’s situation is a little bad now, and his relationship with the Guan Yue family has been broken, so he urgently needs the Sun family’s help,” Qing Jue explained.

“Haha, Qing Jue, I didn’t expect you to obtain so much information just after we arrived in Martial Immortal City. Amazing!” Empty said ingratiatingly. Well, Qing Jue was the little butler of this space, so he couldn’t offend this little thing no matter who he provoked.

“We were lucky!” Qing Jue said shyly. Hehe, he wouldn’t have known so much if he hadn’t happened to meet Wu Ming discussing these filthy designs with his trusted butler.

“Qing Jue, tell Feng Da and the others to leave the tent tomorrow morning. Freak, let’s rest too! Let the second butler guard the night for us.” Leng Ruoxue said with a naughty smile. Hehe, let’s start repairing the second butler!

“Okay!” Qing Jue left Leng Ruoxue’s arms and immediately went to do what his sister ordered.

Leng Ruoxue and the freak returned to the purple bamboo hut hand in hand. Only Empty and Leng Ruohan were still sitting on the stone chair and drinking tea...

The next day, Leng Ruoxue and the others walked out of the tent after having their meals near noon.

The second butler and the guards, who had been guarding outside the tent, were overjoyed to see them finally coming out.. They were just short of jumping up and cheering.

Chapter 670: Go And Knock On The Door For Me (4)

“The weather is good. We can take an afternoon nap again,” Feng Da said lightly as he looked at the wind, sun, and blue sky.

“Plop!” Some of the guards couldn’t take the blow and fell directly to the ground. The others were almost vomiting blood from anger even though they didn’t fall. Boohoo... What kind of people were they? Why did they only know how to sleep?

“Second Butler, you’ve worked hard. We slept but we got you to protect us outside. Hehe, luckily we didn’t sleep for too long,” Leng Ruoxue said with a smile, her beautiful face full of gratitude.

“Hehe, this is what we should do. After all, you are guests of our Martial Immortal City!” The second butler suppressed his anger and said with a salivating smile. However, he couldn’t help cursing in his heart. Damn, did you not sleep for long? It had been an entire day and night! Moreover, what made him depressed was that he obviously sent people to watch them. Why did it become protecting them through their mouths. It was really infuriating.

“Second Butler, bring us to the City Lord’s Mansion!” Leng Ruoxue said calmly.

“Okay, please follow me.” The second butler temporarily put down the unhappiness in his heart. Then he ordered someone to lead the way and led Leng Ruoxue and the others straight to the City Lord’s Mansion.

After making a turn, everyone arrived at the City Lord’s Mansion.

Leng Ruoxue nodded with satisfaction as she looked at the words City Lord’s Mansion hanging outside a gorgeous and grand mansion. She said to the Second Butler, “Second Butler is really not lying to me. We really arrived at the City Lord’s Mansion after taking a turn.”

“Hehe, of course!” The second butler smiled proudly.

“Big Hairy, Little Hairy, go and knock on the door for me!” Leng Ruoxue looked at the Two hairy beasts, who was following beside her, and ordered.

“Yes, Miss,” The two hairy beasts said very respectfully. Then they waved their huge bear paw, secretly gathered some mystic energy, and knocked on the door very politely...

“Knock! Knock! Knock!” A moment later, there was a loud crash as the door of the City Lord’s Mansion shattered, and even the wall collapsed...

“Uh! It’s not my fault. The door to your City Lord’s Mansion is too weak.” The two hairy beasts looked at their huge palm and said aggrievedly, looking like they were about to cry.

“...”

The Second Butler and the guards were dumbfounded when they saw this situation. They recovered after a while. Then the Second Butler scolded, “You two stupid bears, who asked you to knock on the door? Damn it!”

The second butler wanted to stop Leng Ruoxue when she asked the two bears to knock on the door. However, the door was shattered by the two bears before he could say anything, so he was quite depressed! Boohoo...

“I asked them to knock. What’s the matter? We’re the guests. We’re already at the door, but you’re still walking slowly behind. You don’t have any sincerity at all. Therefore I can only get my beasts to knock on

the door. Hmph! The quality of your door is too poor. Could it be that it's made of paper?" Leng Ruoxue's beautiful face was full of displeasure.

"Uh! Erm... Our door isn't made of paper. They used too much strength!" The second butler said with a wronged face. Boohoo... This woman was so fierce! It made his little heart tremble!

"We didn't use much strength. Boohoo..." The two hairy beasts were very, very aggrieved. They only added a little mystic power when they knocked on the door. They really didn't use much strength!

"Second Butler, did you hear that? My beasts didn't use any strength at all. Alas! It seems like your Wu family is down and out now. You can't even afford a good door. Do you want me to sponsor you?" Leng Ruoxue said very generously with a face full of sympathy.

"Uh!" The second butler's forehead was full of cold sweat, and he didn't know how to respond to this. In fact, he wanted to say, "Please sponsor me!" But he didn't have the guts! Because that would really confirm the fact that the Wu family had already fallen from grace!

"Who has the guts to say that our Wu family has fallen! They really don't want to live anymore!" The second butler didn't say anything despite being in a dilemma. However, the person who came running out after hearing the knock wasn't so polite. That someone roared furiously after hearing Leng Ruoxue's words!

"Isn't it?" Leng Ruoxue looked at the leading middle-aged man who ran out of the door doubtfully.

"Of course not. Damn it, where's our door!" the middle-aged man said arrogantly. Then he realized that the doorway seemed a little empty and his vision was much wider. The door had disappeared.

"On the ground!" Leng Ruoxue kindly pointed at the broken door on the ground.

"Damn it, who has the guts to smash our Wu family's door! Do you want to die?" The middle-aged man was so angry that his face and neck were red as he roared.

"I don't know," Leng Ruoxue said lightly. They didn't smash it!

"Who are you? Why are you outside our Wu family's door?" the middle-aged man questioned doubtfully, his eyes carrying a hint of amazement!

"Second Butler, who is this person? Why doesn't he respect you?" Leng Ruoxue smiled evilly and provoked.

"Third Butler, they are the people I brought back." The second butler was already a little angry when he was ignored. Now that Leng Ruoxue provoked him, he was even more angry, so he also roared.

"Second Butler, so you're here! Haha, I'm sorry, I didn't see you!" the middle-aged man called Third Butler said apologetically.

"Second Butler, looks like you are indeed a little small and inconspicuous!" Leng Ruoxue mocked.

"Hmph! Third Butler, they are people I invited. Move aside quickly!" The second butler half ordered as he looked at the Third Butler blocking the door. At this moment, his heart was already burning with

anger, and he was so angry that he was about to explode. Damn Third Butler, he would deal with him when there's a chance.

“Second Butler, who are they? How can you bring people of unknown origin to the City Lord's Mansion? The City Lord will blame us if he finds out..” The third butler's small eyes rolled around Leng Ruoxue and the others, not knowing what sort of evil plans were running through his head.
