

Crazy Wife 671

Chapter 671: You Are Not a Good Dog (1)

"It's my business if the City Lord blames me. Move aside," the second butler said impatiently. Hmph! He couldn't let his credit be snatched away by the third butler!

"No, I don't know their identities yet, so we can't let them in," the Third Butler and his subordinates blocked the door and said loudly.

"We won't enter since you won't let us in. Let's go!" Leng Ruoxue turned to the freak and the others. Then she said to the second butler, "Second butler, looks like your status in the Wu family doesn't amount to much!"

After speaking, Leng Ruoxue led the freak and the others to prepare to leave. However, she was stopped by the anxious Second Butler after taking two steps...

Leng Ruoxue raised her eyebrows slightly and looked at the Second Butler with slight dissatisfaction. "Second Butler, what's the meaning of this? They don't let us in, and you don't let us go. Could it be that you want us to camp outside the City Lord's Mansion?"

"No... No, I want to invite you in," the second butler said anxiously. What a joke! He waited on the streets for the entire night just to trick this stunning beauty into entering the City Lord's Mansion. How could he let her go! Wouldn't everything he did be in vain then?

"But the Third Butler won't let us in? Forget it, let's not make things difficult for you. We won't disturb you anymore," Leng Ruoxue said very understandingly.

"You can't leave. Don't forget why you're here. If you leave, your innocence won't be washed away," the second butler reminded. What he implied was that if you left, I would blame you for the fall of the city wall.

"Alas! But the third butler is blocking the door like a dog!" Leng Ruoxue said awkwardly.

"It's okay. Don't worry about him. I'm number two in the City Lord's Mansion. He has to listen to me," the second butler said confidently.

"Oh." Leng Ruoxue nodded with relief, thinking, You're quite silly.

Immediately after, Leng Ruoxue heard the two butlers of the City Lord's Mansion arguing.

"Damn it, move aside quickly. I'm bringing them to see the City Lord," the second butler roared at the top of his lungs.

"Not just anyone can enter our City Lord's Mansion. Moreover, I suspect that they were the ones who shattered our door, so..." The Third Butler said calmly, and he stopped mid-sentence. Hmph! Don't think that he didn't know the Second Butler's little thoughts and wanted him to let him go easily without giving him some benefits. No way.

“Third Butler, you’re mistaken! We didn’t deliberately break the door of your City Lord’s Mansion. That’s obviously because your door has been neglected for a long time and the quality is no longer good, so it shattered with a light knock. You can’t blame us! Hey! Second Butler was also there at that time, he knew the situation best,” Leng Ruoxue explained. Well! She couldn’t let this shifty-eyed Third Butler wrong them.

“Yes, that’s indeed the case.” The second butler nodded because he really didn’t see how much strength the two bears used. The door shattered like paper. He was a little skeptical at one point, but there was no evidence that the door was deliberately broken by the two bears. More importantly, his goal was to bring Leng Ruoxue to see the patriarch, so these small things were nothing. The door could be repaired if it was broken. Where could he find this stunning beauty if she escaped!

“In that case, the destruction of the main gate of our City Lord’s Mansion is indeed related to you!” The third butler smiled proudly, his small eyes staring at the second butler intently, his eyes clearly saying ‘I want benefits’.

“It’s not impossible to say so, but this can only be considered an accident!” Leng Ruoxue said with a light smile, her beautiful face without the slightest fear.

“Hmph! I don’t care if it’s an accident or not. I only know that the door to the City Lord’s Mansion is broken, so...” the Third Butler said fiercely, but he only spoke halfway.

“Third Butler, I have something to tell you.” The second butler was very helpless seeing Third Brother being so stubborn. Alas! He was the one responsible for the safety of the mansion! He would also be in the wrong if this matter blew up in front of the City Lord! It seemed like it was impossible for him to monopolize the credit. Boohoo...

The Third Butler hurriedly walked to him after hearing what the Second Butler said. Then the two of them came to the corner and whispered...

After a while, the two butlers, who had already negotiated the conditions, walked to Leng Ruoxue and the others together. Then the third butler said reluctantly, “Hmph! Enter on the account that Second Butler spoke up for you!”

“Third Butler, you’re not a good dog!” Leng Ruoxue said with a light smile. Then she swaggered into the City Lord’s Mansion with the freak and the others.

Not a good dog? What did that mean? The three butlers stood rooted to the ground like fools, unable to understand for a long time.

“Hehe, everyone, I’ll arrange a place for you to stay first!” The second butler smiled charmingly and said ingratiatingly. This was his future benefactor! Therefore, he had to do more pleasing work before she flew to the top.

“Thank you, Second Butler,” Leng Ruoxue said politely.

“No trouble, no trouble!” the second butler said with a smile.

After speaking, he brought Leng Ruoxue and the others to a yard.

Upon reaching the yard, Leng Ruoxue glanced at the words' Peony Garden 'written at the entrance of the yard and walked in directly.

"Everyone, are you satisfied here?" The second butler asked with a smile. This Peony Garden was one of the best courtyards in the City Lord's Mansion. Usually, only esteemed guests were qualified to stay here. However, he believed that the City Lord would not blame him for letting this stunning beauty stay here.

"Not bad," Leng Ruoxue said with satisfaction. Then she raised her beautiful eyes to size up the environment in front of her. Well, the yard was indeed not bad. There were about ten guest rooms, each exquisite and luxurious. The garden of the yard was full of peony flowers, and there were many precious varieties among them. It seemed like the Wu family wanted this peony court to live up to its name!

"Hehe, it's good that everyone is satisfied. I'll take my leave first," the second butler said very politely and then left the place like his butt was on fire.

Lin Yuan asked in puzzlement after seeing the second butler leave, "Miss, didn't he suspect that we collapsed the city wall and brought us to the City Lord for judgment? He actually arranged for us to stay in such a good place?"

Chapter 672: You Are Not a Good Dog (2)

"What else? Do you think he should arrange for us to stay in a cell?" Leng Ruoxue raised her eyebrows and teased.

"Uh! That's not what I mean. I just feel that this Second Butler's mental state is a little abnormal," Lin Yuan said honestly.

"Hehe, he's too smart. How is it abnormal!" Empty said with a light smile. Alas! Why would it be like this if the Second Butler didn't want to obtain benefits from Xue'er!

"Don't think about it. Let's take it easy since we are here!" Leng Ruoxue said calmly and then sat down on a stone bench in the yard.

"Xue'er, we're walking into a trap. We're fish on the chopping board now. We're at the mercy of others!" the freak pretended to be afraid, but there was no trace of fear on his peerless face!

"Yes! But I want to experience the feeling of little fish eating people, hehe!" Leng Ruoxue said with a naughty smile. Well, since she had already entered the house, she couldn't come for nothing!

"Xue'er, when should we take action?" Empty asked curiously.

"Up to you! If your hands are itchy, I have no problem attacking you now!" Leng Ruoxue said nonchalantly. Anyway, they were here to challenge the dojo. There was no difference whether they kicked early or late.

"Xue'er, give me a few of your explosive balls," Empty said with a smile.

“For you. Empty, this is newly refined by me. It’s much stronger than the ones I’ve used before!” Leng Ruoxue explained with a smile. Then she took out five small black balls and handed them to Empty.

“Xue’er, why did this explosive ball shrink?” Empty played with the thumb-sized black ball in his hand and said in puzzlement. The explosive ball he had used in the past was at least the size of a baby’s fist, but it was much smaller now.

“Concentrated is the essence. Don’t look down on the power of this explosive ball just because it’s small!” Leng Ruoxue warned with a smile.

“Is that so? Then I’ll try!” Empty threw a small black ball into the distance.

“Uh! Boss Empty, where did you throw that little ball?” Feng Da asked curiously.

“I don’t know either! I threw it casually,” Empty said irresponsibly.

“Uh! Can I throw one too?” Feng Da said with slight desire.

“Why not? Here, take it and play!” Empty said very generously. With that, he handed the remaining black balls in his hand to Feng Da.

“Hehe!” Feng Da took the ball and threw it far away like Empty.

A moment later, an explosion sounded in the distance, and the entire City Lord’s Mansion was in a mess.

“Haha!” Leng Ruoxue and the others couldn’t help but laugh when they heard the explosion.

“Xue’er, the City Lord’s Mansion should be in chaos!” Empty gloated when he heard the footsteps in the distance.

“Yes, I heard from Qing Jue that Wu Ming’s study was blown up!” Leng Ruoxue said happily. Alas! Why didn’t Wu Ming die from the explosion? That would save them a lot of trouble!

“Really? Did anyone from the Wu family get injured?” Feng Da asked curiously.

“Yes, but it’s not very serious.” Leng Ruoxue nodded.

“Miss, give me a few balls to play with too!” Lin Yuan said eagerly after hearing the explosion.

“Here, distribute them yourselves!” Leng Ruoxue took out a bag and handed it to Lin Yuan.

“Hehe, thank you, Miss!” Lin Yuan took the bag and specially found a corner to distribute the loot with everyone. After distributing the loot, they also threw the ball in their hands far away...

A few minutes later, there were several loud bangs again...

At this moment, the City Lord’s Mansion was in a mess.

In the main yard of the City Lord’s Mansion.

Wu Ming looked at the ruins behind him and was about to explode with anger. Damn it, who did this? He would definitely be cut into pieces if he found this person!

“Head butler, did you find the thief?” Wu Ming sat on a stone chair in the yard and asked with a black face.

“Patriarch, I’ve already sent people to look for him. There’s no news yet,” the head butler said carefully as he looked at his injured arm.

“They’re all trash. How long has it been? We can’t even find a single person,” Wu Ming said angrily.

Wu Ming heard another “bang! bang!” after shouting. He was even angrier now!

“Where is it this time?” Wu Ming said furiously. He was so angry that he was about to vomit blood. His big hand slapped the stone table fiercely, and with a bang, the stone table shattered.

“I’ll go take a look,” the Head butler said hurriedly. Then he escaped from the main yard anxiously. Boohoo... He was afraid that his outcome would be the same as the stone table if he didn’t leave.

After the head butler left, Wu Ming felt that he had nowhere to vent the anger in his heart. He stood up and kept pacing around the yard...

After some time, the head butler finally returned.

“Patriarch, there have been explosions in many courtyards of the Wu family other than Peony Garden,” the head butler said cautiously, breaking out in cold sweat from fright.

“Damn it, who did it?” Wu Ming roared again after hearing this news.

“We didn’t find anyone suspicious.” The head butler braced himself.

“Patriarch, what happened?” Suddenly, a slightly old voice interrupted.

“First Elder, why are you here?” Wu Ming was about to curse, but he forcefully suppressed it after hearing that voice.

“Hmph! How can we not come after such a big commotion?” First Elder said with slight displeasure.

“Patriarch, can you give us a reasonable explanation?” a thin old man beside the First Elder questioned coldly. They were originally in seclusion, but they were awakened by the explosion, so they had to end their seclusion early.

“Erm... I’m not sure now,” Wu Ming said carefully, cold sweat flowing down his back!

“How can you say you are not sure as the patriarch?” The thin old man was angry when he heard that!

Chapter 673: You Are Not a Good Dog (3)

“I’ve already sent people to investigate, but there are no results yet,” Wu Ming explained.

“Oh! Then tell me what’s the situation now?” The thin old man pointed at the head butler.

“Second Elder, many courtyards of our Wu family exploded. Moreover, many people were injured. No one is dead at the moment,” the head butler said hurriedly.

“Haven’t found the enemy yet?” Second Elder asked.

“No, I think they’ve probably run away long ago,” the head butler guessed.

“Run away? Hmph! Our Wu family’s defense is so tight. How can the enemy run away so easily? I think the possibility of a traitor is very high. Call the Third Butler over,” Second Elder ordered with full force.

“Yes,” the senior manager quickly answered and turned to look for the third butler.

Soon, the head butler led the Third Butler to the yard of the main mansion.

“Greetings to the patriarch and the elders.” Cold sweat rolled down the Third Elder’s forehead as he said anxiously. Boohoo... He was responsible for the safety of the Wu family. He couldn’t escape the blame now that such a thing happened! It’s over, he’s dead meat. The patriarch and the elders won’t let him go!

“Third Butler, tell me, did anyone suspicious enter and leave the Wu family today?” Second Elder raised his eyes slightly and asked lightly.

“Reporting to Second Elder, we didn’t find anyone suspicious,” the Third Butler quickly replied.

“Really? Not even a stranger? Huh?” Second Elder narrowed his eyes in disbelief.

“Ah! A few people came to the Wu family, but they were brought back by the second butler, so there’s nothing suspicious,” the third butler hurriedly explained. He also hoped that the stunning beauty would be rich, so he didn’t even report the matter of the door shattering. How could he treat Leng Ruoxue and the others as suspicious people! However, they were really strangers!

“Where are those people?” Second Elder grabbed the Third Butler’s collar and asked loudly.

“Second Butler arranged for them to stay in Peony Garden,” Third Butler reported hurriedly.

“Peony Garden? Who are they? Why did Second Butler arrange for them to stay there?” Second Elder said with a puzzled face. One had to know that only esteemed guests were qualified to stay in Peony Garden. Could it be that the person was from some aristocratic family?

“Who are those people?” Wu Ming asked in surprise. He actually knew nothing about the guests at home. Hmph! These people really didn’t take him seriously.

“Yes... Second Butler and I discovered a stunning beauty, so we specially brought her back to offer her to the patriarch. The patriarch and First Elder had been discussing something just now, so we didn’t have the time to report it,” Third Butler hurriedly explained, and didn’t forget to count his credit.

“You’re really good subordinates! The patriarch will definitely reward you.” The Second Elder looked at Wu Ming with a spurious smile and said mockingly.

“Uh! Damn it, who asked you to do such a thing!” Wu Ming pretended to be angry, and his face flushed red. However, he was not angry, but shy.

“Head Butler, I heard you say that Peony Garden is intact when I came in?” At this moment, First Elder, who had not spoken for a long time, asked.

“Yes, there were explosions in all the courtyards except Peony Garden,” the Head butler said honestly.

“Patriarch, that young lady is really a blessed person!” Third Butler hurriedly flattered when he heard this. Unfortunately, his flattery was not timely. He received several glares as soon as he finished speaking.

“Third Butler, do you have a brain? Don’t you think it’s suspicious that only Peony Garden is intact?” Second Elder asked angrily, exasperated at his failure to live up to expectations. Alas! He had always thought that Third Butler was smart and sharp, but he realized today that Third Butler was also a pig brain!

“Uh! What’s suspicious? That Miss is lucky!” the Third Butler asked foolishly.

“Alas!” The Second Elder sighed heavily and couldn’t be bothered with the Third Butler.

“Patriarch, let’s go see the lucky young lady that the Third Butler mentioned!” First Elder suggested.

“Okay.” Wu Ming nodded in agreement. However, he couldn’t help thinking in his heart, If it was really the stunning beauty that the Third Butler mentioned, would they still be staying in Peony Garden now? They would probably have run away long ago, right?

After speaking, the First Elder turned and walked at the front, while Wu Ming and the other elders followed closely behind. The head butler and the third butler followed behind them step by step.

When First Elder and the others arrived at Peony Garden, they happened to see Leng Ruoxue and the others sitting in the yard.

After seeing the stunning beauty mentioned by the three butlers, Wu Ming’s eyes immediately burst out with a terrifying glow. He didn’t expect the beauty they were talking about to be the Leng Ruoxue he missed so much. Uh! Since Leng Ruoxue was here, why hadn’t his subordinates returned yet? He couldn’t help thinking gloomily.

“Xue’er, looks like we have a guest,” the freak sitting beside Leng Ruoxue said calmly as he looked at the uninvited guest who appeared in front of them.

“Yes! Alas! These guests are really too rude. They actually barged in without knowing to get someone to report. What if they are bathing?” Leng Ruoxue complained.

“Miss, this is the territory of our Wu family. You are the guests,” Second Elder reminded her. His shrewd eyes kept looking at Leng Ruoxue and the others. Moreover, the more he looked, the more questions he had in his heart. This was because other than the few people sitting on the stone bench who were slightly stronger and were Mystic Monarchs, the others were actually elementary mystics. However, why could these people ignore his might? One had to know that he deliberately wanted to show them his strength when he spoke just now.

“So what? This might be the Wu family’s territory, but it’s mine and my subordinates staying here now. Therefore, even if you are the masters, you should inform them when you come in to disturb them. This is the most basic courtesy! Look at you, you’re so old. Don’t tell me you don’t even know this!” Leng Ruoxue said with a face full of disdain. Hmph! Damn old man actually wanted to use the might of a Mystic Sovereign to intimidate them. Unfortunately, he had miscalculated.

“What a sharp-tongued woman.. It seems like I underestimated you,” The Second Elder said with a very calm expression. However, he had long exploded in his heart because no one had dared to speak to him like this since he became the Second Elder of the Wu family!

Chapter 674: You Are Not a Good Dog (4)

“You don’t have to underestimate yourself. I know how to respect my elders,” Leng Ruoxue said with a light smile.

“Hehe, we haven’t seen each other for some time, but Miss Leng is still so energetic,” Wu Ming said with a smile and tried to smooth things over. Well, he couldn’t let Leng Ruoxue anger the Second Elder. Otherwise, the Second Elder would kill this beauty in a fit of anger, and then his plan would all be in vain!

“Have we met before? Why don’t I remember?” Leng Ruoxue said with a face full of question marks. Hmph! She really couldn’t tell that this Wu Ming was still acting familiar. However, she didn’t intend to give this Patriarch Wu a good attitude.

“Miss Leng really likes to joke. We met once at the flower appreciation festival. Moreover, my daughter seems to be a little unhappy with Miss Leng,” Wu Ming said without anger. Leng Ruoxue didn’t give him a good face, but he just happened to like Leng Ruoxue like this. Hehe! Beauty wouldn’t be attractive if she didn’t have a little personality!

“Wu Qian’er? So you’re her father!” Leng Ruoxue said in realization, as if she had just found out.

“Yes.” Wu Ming nodded.

Leng Ruoxue raised her beautiful eyes and sized up Wu Ming. Wu Ming was about 40 years old. His facial features were not very handsome, but he was tall and his strength was passable. He was a Mystic Sovereign, but she really didn’t like Wu Ming’s gaze as if he was looking at prey.

“Miss Leng, are you satisfied with me?” Wu Ming felt Leng Ruoxue’s gaze and teased.

“Not very satisfied. You’re too old and ugly. Did you really give birth to Wu Qian’er?” Leng Ruoxue said honestly and asked doubtfully.

“Pfft! Haha!” Feng Da and the others ignored Wu Ming’s livid face and laughed hysterically just as Leng Ruoxue finished speaking!

“Miss Leng is really honest.” Wu Ming suppressed his anger and said through gritted teeth.

“Yes, yes. Of course. Only honest children have candy to eat!” Leng Ruoxue said with a smile.

“Patriarch, do you know this young lady?” The First Elder, who had been looking at them coldly, spoke again.

“Yes, we met once in Moon Gazing City,” Wu Ming explained.

“Miss Leng, right? You’re a guest. May I know why Miss Leng wants to blow up the other courtyards of our Wu family?” First Elder said expressionlessly, but his words were full of blame.

“Who is this old man? What evidence do you have that I blew it up? Go and ask the guards at the door. Have we ever left Peony Garden?” Leng Ruoxue said calmly, neither angry nor angry.

“I am the Wu family’s First Elder. Guards.” The First Elder introduced himself and then shouted out of the yard.

“What instructions does the First Elder have?” A guard walked in quickly.

“Have you been guarding Peony Garden?” First Elder questioned.

“Yes,” the guard said quickly.

“Did you leave?” First Elder asked again.

“I have never left,” the guard said.

“First Elder, did you hear that? There’s always someone guarding the door. Would they not know if we leave? Therefore, don’t think that we’re wronged just because we’re new here! We’re guests,” Leng Ruoxue said aggrievedly.

Feng Da and the others were impressed when they heard Leng Ruoxue’s words. Hehe, as expected of the young miss! Her ability to lie through her teeth was better than ordinary people! At this moment, they were thinking that they didn’t have to leave at all if they wanted to do something. Moreover, those guards wouldn’t notice even if they left!

“Uh!” Cold sweat broke out on the First Elder’s forehead. He didn’t know what to do. They were obviously the most suspicious person, but he had evidence of their alibi, and the person proving was actually one of their own. Alas! He was a little stuck in the middle now!

“Haha, Miss Leng, don’t take it to heart. First Elder was just joking with you.” Wu Ming smiled and gave First Elder a way out.

“Yes! The Wu family was attacked, so I have to be careful. Please don’t blame me, Miss Leng,” First Elder said adaptably and took his exit.

“It’s right to be careful. I won’t blame First Elder,” Leng Ruoxue said very generously.

“Miss Leng, why didn’t anyone inform me that you came to the Wu family?” Wu Ming suddenly asked. What he implied was, where did the people I sent go? Why didn’t they return with you?

“Didn’t Second Butler inform you? Your Wu family’s efficiency is really too poor.” Leng Ruoxue pouted her pink lips slightly with dissatisfaction.

“Didn’t I send someone to invite Miss Leng a few days ago? Why didn’t they come back with Miss Leng and the others?” Wu Ming had no choice but to make things clear seeing Leng Ruoxue pretending to be stupid.

“I don’t know! I don’t see anyone?” Leng Ruoxue’s beautiful face was very sincere.

“Uh! How is this possible?” Wu Ming said with a face full of disbelief. He had sent more than 50 people? He might believe it if they said they didn’t see him if they only sent one person. However, they didn’t see so many people. Who were they kidding!

"I really didn't see it. Did you see them?" Leng Ruoxue turned to Feng Da and the others.

"No," Feng Da and the others answered in unison.

"Patriarch Wu, look, I'm not the only one who didn't see anyone. My subordinates didn't see anyone either," Leng Ruoxue said incomparably innocently, the word 'wronged' clearly written on her beautiful little face.

"Patriarch Wu! I'm only Miss's subordinate. I shouldn't say this, but I still have to say. Did the people you sent fool around somewhere?" Leng Fengda asked with a face full of curiosity.

"That's impossible!" Wu Ming hurriedly denied. The people he sent were all the elites of the family. How could they ignore his orders and go out to fool around!

"One can never be too careful!" Feng Da Liang said with a whoosh, but he was already laughing in his heart.

"Uh! Miss Leng, why did you come to Martial Immortal City since you didn't see the people I sent?" Wu Ming asked doubtfully. Obviously, he didn't completely believe Leng Ruoxue and the others.

"We were passing by this place. We were going to enter the city, but the quality of your Martial Immortal City's city walls was too poor. It actually collapsed before we entered the city. The Second Butler suspected that we were the culprits, so he brought us to the City Lord's Mansion.. Alas! You have a loyal good subordinate!" Leng Ruoxue looked at Wu Ming with envy after explaining.

Chapter 675: You Are Not a Good Dog (5)

"The city wall collapsed?" Wu Ming and the elders looked at each other in shock. Then anger rose in their hearts. Hmph! No one reported such a big matter. Were those guards dead?

"Patriarch, our... our Wu family's door has also shattered." At this moment, the third butler, who saw that the situation was a little off, hurriedly reported. However, his voice was actually softer than a mosquito because of fear.

"What did you say?" First Elder roared with widened eyes.

"He said that your Wu family's door shattered." Leng Ruoxue kindly said for the Third Butler, who was trembling from fright.

"How is this possible?" Wu Ming and the elders had looks of disbelief. No one knew better than them how sturdy the door of their Wu family was. Moreover, the city walls would not be destroyed with a single touch.

"What's impossible? I heard your Wu family's city walls and doors are old. Alas! This kind of situation will happen after years of neglect," Leng Ruoxue said nonchalantly.

"That's impossible! The walls and doors of our Wu family might not be destroyed even if the Mystic Supremacy comes," the First Elder roared.

“Say, old man! Aren’t you a little too confident! That paper-thin city wall and door of your house will break even if I poke it gently, let alone a Mystic Supremacy,” Feng Da said mockingly with a face full of contempt.

“Paper-thin? Ignorant thing. That door is made of mystic wood, and the city walls are also made of granite. It’s very sturdy.” The First Elder stomped his feet in anger from Feng Da’s words and roared at the top of his lungs without caring about his image.

“Mystic Wood? I’ve never heard of it,” Feng Da said lightly.

“First Elder, calm down. No matter how sturdy the Mystic Wood is, it’s only a rotten piece of wood. Therefore, I suggest you build an iron door with the Millennium Meteoric Iron to guarantee its sturdiness. Not even granite. You have to use obsidian. The bugs can’t bite it,” Leng Ruoxue suggested kindly. However, her suggestion angered the Wu family because the two things she mentioned were very precious refining materials. They were expensive, and even the three major families couldn’t afford to build such a door and city wall.

The First Elder was so angry that he couldn’t say anything after hearing Leng Ruoxue’s words. Only his chest kept heaving violently, which showed how angry he was.

“Where did Second Butler go!” After a while, the First Elder, who had calmed down slightly, roared out of the yard. Alas! He couldn’t do anything to these people, so he remembered the Second Butler who brought them here.

“First Elder, I’m here.” The second butler, who was hiding in a corner outside the yard and eavesdropping, ran in fearfully.

“Where did you go? Did you bring these people here?” The First Elder raised his leg fiercely and kicked the Second Butler, venting all his anger on the unlucky Second Butler.

“It’s... It’s me!” The second butler was kicked down by the First Elder and fell to the ground. A trace of red blood flowed out of the corner of his mouth, which showed how ruthless the First Elder’s kick was.

“Why did you bring them back?” First Elder roared. In fact, what he wanted to say was, did you bring them back to anger me?

“I... I suspect that the incident on the city wall has something to do with them, so I brought them back and asked the patriarch to decide,” the second butler said carefully, feeling nervous.

“Nonsense! If they are really suspicious, you should lock them up in prison, not Peony Garden,” First Elder roared directly.

“So this isn’t a cell? I knew it! How can the Wu family’s cell be so good!” Leng Ruoxue said with a face full of regret.

“I... Patriarch!” The second butler looked at Wu Ming pitifully. Boohoo... He did it for the Patriarch!

“First Elder, calm down.” How could Wu Ming not understand the Second Butler’s meaning? He hurriedly advised and pulled the First Elder to a corner to whisper to him.

After a long while, they returned after muttering.

“Miss Leng, since you’ve come to the City Lord’s Mansion, we can be considered to be fated. Stay here for the time being! As for your suspicion, I’ll give you an explanation after Patriarch and I investigate the matter,” First Elder said with a serious expression.

“Give me an explanation? Alright, since the First Elder said so, I’ll stay here for a day!” Leng Ruoxue said very reluctantly.

One day? The First Elder frowned. How was one day enough! According to the patriarch’s plan, this woman was very useful, so he naturally had to cooperate with the patriarch.

“Miss Leng, I’m afraid we won’t be able to find anything in a day?” First Elder said awkwardly.

“Is your Wu family so inefficient?” Leng Ruoxue asked in realization.

“...” First Elder was depressed. He just wanted to keep Leng Ruoxue, so he found a random excuse.

“This matter is more complicated,” First Elder said after taking a deep breath. He finally realized that he couldn’t say too much to this little girl, or he would definitely be angered to death by her.

“What’s so complicated about it? Didn’t the wall collapse and the door shatter?” Leng Ruoxue said nonchalantly, despising this old fox’s words in her heart.

“Uh! That’s not what I think. We still have to find witnesses! Miss Leng needs witnesses too!” First Elder said matter-of-factly. After speaking politely to Leng Ruoxue and the others, he left Peony Garden with a large group of people.

After Wu Ming, the First Elder, and the others left, Empty looked at Leng Ruoxue and said with a light smile, “Xue’er, looks like they have an agreement.”

“Okay.” Leng Ruoxue nodded. It seemed like the Wu family was really one and the same! None of them were good.

“Miss, what should we do now? When should we take action?” Feng Da said impatiently. Hehe, it was just a small test just now. He wanted to kill the big fish now.

“Go take a look around the yard!” Leng Ruoxue said after some thought. Then she summoned Rise and ordered her to cast an invisibility spell on them.

After that, Feng Da and the others left Peony Garden invisible.

Feng Da and the others walked around the yard, looking around. There was a fire here and an explosive ball there.. It was as if they were strolling in their own backyard. It was so enjoyable!

Chapter 676: The Angered Mystic Supremacy (1)

After Wu Ming left Peony Garden, he immediately brought the First Elder and Second Elder to a relatively intact room and explained the Wu family’s current situation and his plans in detail.

However, an explosion sounded again while they were discussing something.

“What happened?” The First Elder immediately stood up in shock and ordered someone to check.

Soon, the people who went to investigate returned.

“Reporting to the patriarch and the two elders, another explosion occurred in a place and caused a fire,” the guard said gloomily.

“You didn’t find anyone again?” First Elder asked in disbelief.

“There’s no one at all,” the guard said. This was also what made them depressed. After all, the Wu family’s defense was so tight that even a mosquito couldn’t fly in. However, they didn’t see who was causing trouble in the Wu family. Alas!

“Did anyone come out of Peony Garden?” Second Elder asked. He still felt that the person inside was the most suspicious.

“No one came out. Someone has been guarding the door!” the guard said with certainty.

“Patriarch, if this continues, we won’t even have a place to sleep at night,” First Elder reminded.

“First Elder, of course I know that. But we can’t find any enemies at all!” Wu Ming also had a depressed face. Hmph! There were really not many people who dared to cause trouble in the City Lord’s Mansion in Martial Immortal City!

“Patriarch, bad news. Miss went to Peony Garden!” Suddenly, the second butler came to report anxiously.

“What did you say? Does Qian’er know where Leng Ruoxue lives?” Wu Ming said furiously. Qian’er hated Leng Ruoxue to the core, so he had already ordered the Second Butler and the others not to let Qian’er know about this.

“Patriarch, Miss heard that the Peony Garden wasn’t destroyed, so she wanted to move there. I couldn’t stop her,” the second butler said aggrievedly. Boohoo... It was very difficult being a subordinate!

“Didn’t you tell her that someone lives there?” Wu Ming said angrily. He knew his daughter’s temper very well if Qian’er knew who lived there.

“I told you, Miss didn’t listen and even wanted to chase that person away,” the second butler said honestly, a little resentful of his Miss’s willfulness.

“First Elder, Second Elder, I have to take a look. Qian’er and Miss Leng were once unhappy,” Wu Ming said helplessly. Alas! At this juncture, he couldn’t count on Qian’er anymore, so he had to coax Leng Ruoxue!

“Go!” The two elders nodded.

“Okay.” Wu Ming strode to Peony Garden.

In Peony Garden.

Wu Qian’er was standing with her hands on her hips, shouting at Leng Ruoxue and the others like a shrew, “Damn it, get out of the Wu family. The Wu family doesn’t welcome you.”

“Scram? I don’t know how to scram! Why don’t Miss Wu give me a demonstration?” Leng Ruoxue covered her nose and smiled gently.

“You...” Wu Qian’er pointed at Leng Ruoxue, a little angry.

A white light flashed and Leng Ruoxue said lightly, “I hate it when others point at me.”

“Ah!” Wu Qian’er screamed in pain. A finger fell to the ground, and one of her hands was already dripping with blood.

“Qian’er!” Wu Ming happened to hear Wu Qian’er’s scream when he arrived at Peony Garden and hurriedly ran over.

“Father! My finger... You have to avenge me!” Wu Qian’er fainted from the pain after speaking.

“Send Miss back to her room.” Wu Ming turned to the second butler who followed him and ordered.

“Yes,” the second butler answered and then reluctantly left with Wu Qian’er.

“Miss Leng, Qian’er is young and insensible. There’s no need to be so heavy-handed!” Wu Ming said with slight displeasure. Qian’er was the daughter he doted on for so long after all. He was unwilling to let others bully his daughter even though she was crippled now.

“Heavy-handed? Just one finger of hers is already considered light compared to her rudeness to me. If Patriarch Wu came a moment later, I’m afraid Wu Qian’er’s life would not be preserved.” Leng Ruoxue said with a light smile. Hmph! She had never been a soft-hearted person. He had pointed at her nose and scolded her. Wouldn’t she be a joke if she didn’t react at all?

“She’s just young and insensible. She didn’t deliberately offend Miss Leng.” Wu Ming braced himself.

“Patriarch Wu, wouldn’t the world be in chaos if everyone used age as an excuse and didn’t have to bear the responsibility? Moreover, I don’t think I’m as old as your daughter!” Leng Ruoxue reminded.

“Uh!” Wu Ming had a headache after hearing Leng Ruoxue’s words because he now realized that Leng Ruoxue was really too difficult to deal with.

“Patriarch Wu, don’t blame me for being ruthless if you can’t take care of your daughter,” Leng Ruoxue said provocatively.

“Don’t worry, Miss Leng. I’ll send someone to watch her.” Wu Ming suppressed his anger and left Peony Garden angrily after speaking.

“Xue’er, are we letting Wu Qian’er go just like that?” Empty asked curiously after Wu Ming left.

“How is that possible?” Leng Ruoxue rolled her eyes. Empty knew why they came to the Wu family. How could they let the Wu family go?

“But Wu Qian’er should be afraid already. I don’t think she will take the initiative to come knocking on our door,” Empty said with a smile.

“Shall we make a bet?” Leng Ruoxue smiled mysteriously.

“Bet on what?” Empty was interested.

“Don’t you think Wu Qian’er won’t fall into the trap again? I’ll bet that she will come. How about it?” Leng Ruoxue suggested with a smile.

“What’s the stakes?” Empty asked excitedly.

“Ten thousand purple coins!” Leng Ruoxue said after some thought. Hehe, she wouldn’t bet too much against her own people.

“Okay.” Empty nodded. He could afford ten thousand purple coins. Boohoo... He could not afford more.

“Miss, can we bet too?” Feng Da asked with a salivating face.

“Do you have money?” Leng Ruoxue raised her eyebrows and asked with a smile.

“Uh! We don’t have any. Boohoo...” Feng Da was depressed. Their money was given by Miss.. Moreover, it seemed like it was not even ten thousand in total.

Chapter 677: The Angered Mystic Supremacy (2)

“Then what are you betting on? Hurry up and cook. Let’s rest after dinner so that the fish can take the bait,” Leng Ruoxue said with a slightly smug smile.

“Uh! Miss, it’s only noon!” Feng Da reminded speechlessly. They had stayed in the tent for almost a day yesterday, so should they return to their rooms early to sleep today?

“What about noon? Can’t I take an afternoon nap and a night nap together?” Leng Ruoxue asked aggrievedly.

“Okay, okay!” Feng Da said hurriedly. Alas! Who would dare to not let Miss sleep!

“Then quickly go and cook! I’m a little hungry,” Leng Ruoxue ordered.

“Yes!” Feng Da answered. Then he led Lin Yuan and the others to prepare food.

Leng Ruoxue and the others found their own rooms to rest after lunch.

Late at night was the time when the moon was dark and the wind was strong, suitable for investigation.

A black shadow quietly sneaked into the peony garden where Leng Ruoxue and the others were staying. After sneaking into the pitch-black main room and coming to the bed, the black shadow took out an incomparably sharp, cold, and intimidating saber from its ring, and gathered a trace of mystic energy to directly stab at the person on the bed, and stabbed several times with hatred...

The man in black stopped in surprise when the room lit up. When he turned back, he saw everyone standing behind him and looked at the bed in disbelief.

“Miss Wu must be exhausted!” Leng Ruoxue said with concern.

“No... This is impossible? Weren’t you sleeping on the bed?” Wu Qian’er widened her eyes and questioned. She had sent her trusted aide to investigate thoroughly, but Leng Ruoxue appeared behind her now. How could she accept this?

"It's just a pillow sleeping on the bed," Leng Ruoxue reminded.

"What?" Wu Qian'er didn't believe it. She hurriedly lifted the blanket and saw that a pillow had indeed been pierced by her.

"Now you believe me!" Leng Ruoxue sighed softly and said sympathetically.

"How did you know I would come?" No matter how stupid Wu Qian'er was, she knew that she had been discovered long ago. However, she was really unwilling! Her father refused to take revenge for her and said that Leng Ruoxue was useful. However, she didn't believe it at all. Hmph! Don't think she didn't know that her father obviously took a liking to her beauty and wanted to take it for himself. He even lied to her!

"We smelled your smell before we entered Peony Garden," Feng Da reminded with a naughty smile. Alas! You have to cover your smell even if you want to do something bad!

"What smell? I don't have any smell!" Wu Qian'er immediately exploded when she heard Feng Da!

"Of course it's stink! It stinks for hundreds of miles. Of course, you usually can't smell it yourself!" Feng Da explained.

"No, I don't stink. Damn it, I don't stink!" Wu Qian'er roared irrationally. She raised the saber in her hand crazily and stabbed at Leng Ruoxue fiercely. She wanted to kill this woman!

"Swish!" A white light passed through Wu Qian'er's body. With a bang, Wu Qian'er fell to the ground...

Leng Ruoxue looked at the dagger stabbed into the wall, then at everyone and whispered, "I'm just defending myself!"

"Yes! Self-defense!" Everyone hurriedly echoed.

However, the freak pouted with dissatisfaction and looked at Leng Ruoxue with slight complaint.

"Xue'er, you don't need to defend yourself. I'll protect you." He originally wanted to attack, but Xue'er didn't give him the chance. Boohoo...

"Uh! I was wrong. That was just my instinct," Leng Ruoxue said aggrievedly.

"Miss, your dagger." At this moment, Lin Yuan had already pulled out the knife from the wall and returned it to Leng Ruoxue.

"Thank you." Leng Ruoxue released a trace of water mystic energy from her fingertips, washed the dagger, and then stored it in her storage ring.

"Miss, what should we do with Wu Qian'er?" Feng Da asked. Wu Qian'er should be dead. However, he didn't know if Miss wanted to destroy the corpse or hand it to Wu Ming.

"To Wu Ming, of course! Ask the guards at the entrance to the yard to invite Wu Ming over. Tell him there are assassins, but they've been killed," Leng Ruoxue said with a naughty smile.

"Okay!" Feng Da replied and then happily went to inform the guards.

After a while, Wu Ming, who received the report, came to Peony Garden like his butt was on fire. He looked at the man in black lying on the ground, cold sweat breaking out on his body, and his heart turned cold. Alas! It was indeed Qian'er. Why was his daughter disobedient? Great, she was killed now, but he was helpless!

"What? Does Patriarch Wu know this assassin?" Leng Ruoxue sat in a chair, held a cup of tea, and took a sip.

"Uh! No." Wu Ming was very depressed, but he had to deny it at this time.

"Feng Da, take off the veil on his face and let Miss see who this person is?" Leng Ruoxue ordered lightly. She really didn't expect Wu Ming to be ruthless enough to disown his daughter's corpse. Alas! He was really heartless to do this.

"Yes," Feng Da quickly answered and walked directly to Wu Qian'er's side. He was about to do as his young miss said, but was stopped by Wu Ming.

"Wait, Miss Leng. Leave this to me! I'll give Miss Leng an explanation," Wu Ming hurriedly said.

"What explanation does the Wu family head want to give me? I'm a guest of the Wu family since I live here, but your Wu family actually sent people to assassinate me. Fortunately, I'm alert. Otherwise, I would be the one lying on the ground now." Leng Ruoxue's face became stern and she said very displeased.

"This person isn't from the Wu family, but I will give Miss Leng a satisfactory explanation. Miss Leng can be at ease." Wu Ming suppressed the anger in his heart and said. He just needed two more days.

"In that case, give me some time, Patriarch Wu! I can't wait endlessly." Leng Ruoxue raised her beautiful eyes and said coldly.

"I will definitely satisfy Miss Leng in two days," Wu Ming promised.. Then he ordered someone to carry the corpse of the man in black out of Peony Garden.

Chapter 678: The Angered Mystic Supremacy (3)

"Miss, what is Wu Ming doing? Why do you want us to wait for two days?" Feng Da asked in puzzlement after Wu Ming left.

"You'll know when the time comes." Leng Ruoxue smiled evilly and kept them in suspense. Well, Wu Ming was waiting for someone, and she was also waiting for a big fish, so let the Wu family live for two more days for the time being!

Two days passed quickly.

Leng Ruoxue and the others had been living comfortably these two days because no one came to disturb them! However, Wu Ming was not so comfortable. His daughter was dead, but he didn't dare to let others know. He even had to give an explanation to the enemy who killed his daughter. He was so angry that he was about to vomit blood when he thought of this.

Alas! But Leng Ruoxue was useful to him. Otherwise, he would have pinned that woman down and imprisoned her for him to vent...

In the garden of the main courtyard, Wu Ming was looking at the colorful flowers in front of him with a gloomy face, a little lost in thought.

"Patriarch, the people over there have arrived." The head butler walked to Wu Ming's side and whispered. The patriarch had been in a very bad mood these two days, so many servants didn't dare to approach the main mansion, and he, the head butler, couldn't avoid it.

"Please." Wu Ming looked up and hurriedly said. The people over there had finally arrived.

"There's no need to invite us. We're already here." A gloomy voice sounded from behind Wu Ming.

Wu Ming turned around and saw two middle-aged men in black standing behind him. These two people might have ordinary looks, but their strength was unfathomable. They were already standing behind him, but he actually didn't realize it. One had to know that he was a Mystic Sovereign!

"Seniors, you've worked hard." Wu Ming hurriedly cupped his hands and bowed.

"There's no need to be so polite. Where is he? We left after picking him up," a man in black said.

"At Peony Garden. However, there are many people there. Moreover, I can't tell their strength," Wu Ming explained.

"It's okay. We don't care how many people there are," another man in black said arrogantly. Hmph! They were both Mystic Supremacies! Even if the other party was also a Mystic Supremacy, there was only one, so they were not afraid.

"One of Leng Ruoxue's subordinates is an alchemist, so they have a good relationship with the Alchemist Association," Wu Ming reminded them, muttering in his heart. You're not afraid of the Alchemist Association, but he can't not care!

"What's the big deal with the Alchemist Association? You don't have to take it to heart. As long as our Old Ancestor is satisfied, he might destroy the Alchemist Association if he's happy!" the man in black said cockily.

"Uh! Do you mean to bring people away now?" Wu Ming asked carefully.

"Of course. The Old Ancestor is still waiting," the man in black said matter-of-factly. He had never seen the painting that Wu Ming offered, but a beauty that the Old Ancestor valued so much must be a stunning beauty.

"But as far as I know, Leng Ruoxue has a fiery character. I'm afraid she won't leave with the two seniors willingly." Wu Ming revealed his worries. Alas! He could only do so for the Wu family's future even though he was a little reluctant.

"It's okay. We have our ways." The two men in black looked at each other and smiled confidently.

"That's good. I'll bring the two seniors to Peony Garden now!" Wu Ming said ingratiatingly. Hehe, hugging the Sun family's thigh, their Wu family would absolutely be able to suppress the Guan Yue

family in the Boundless Heaven Continent in the future. His mood immediately improved when he thought of this. What was the pain of losing a daughter? How many children would he not have in the future with his age! Moreover, Wu Qian'er was not his only child.

"Okay." The two of them nodded and followed Wu Ming to Peony Garden. However, the two of them didn't enter directly. One of them even took out a withered branch from his ring, lit it with fire, and threw it into Peony Garden...

"Seniors, this is?" Wu Ming asked curiously.

"You shouldn't know. Don't ask too much," a man in black reprimanded with slight dissatisfaction.

"Yes!" Wu Ming immediately became well-behaved and stopped talking after being scolded.

Two men in black strode into the yard after the dry branch burned up. They looked at the people lying on the ground in the yard and went straight for their target. After all, there was only one woman in the yard, which was very easy to recognize.

"She's indeed a rare beauty," the two men in black praised with amazement.

"Hehe, it's good that the two seniors are satisfied," Wu Ming said with a charming smile, his face full of flattery.

"Bullsh * t, what's the use of us being satisfied? This is the woman the Old Ancestor likes." The two of them roared very displeased.

"Yes, it's good that Old Ancestor is satisfied." Wu Ming quickly corrected himself. Well, he didn't expect that the inconspicuous dried branch to be so useful. It was really too magical.

"This is the reward the Old Ancestor gave you." A man in black threw a storage ring over.

"Thank you, Old Ancestor. Thank you, Seniors." Wu Ming took the ring and sent his divine sense in slightly. He said happily after seeing the things inside.

"Our Sun family will not treat you badly as long as you are loyal," the man in black said.

"Yes, Senior. What should we do with the others?" Wu Ming asked again.

"I'll give the others to you," a man in black said generously. They only had this woman as their target, and they were not interested in the others.

With that, a man in black summoned his beast and placed Leng Ruoxue on it. The two of them left Martial Immortal City...

In the sky, Leng Ruoxue slowly opened her beautiful eyes and looked at the man in black not far away. She said calmly, "Where is this place?"

"You're awake?" a man in black said in surprise. This shouldn't be the case. How did this woman wake up so quickly?

"Isn't it obvious?" Leng Ruoxue looked at the man in black like he was an idiot.

“Stay here obediently since you’re awake!” another man in black said.. Hmph! It’s okay even if you’re awake. How can a mere Mystic Monarch turn the situation around?

Chapter 679: The Angered Mystic Supremacy (4)

“But I don’t want to stay here obediently.” Leng Ruoxue smiled evilly, her naughty little hands quickly pulling the feathers of the beast below her butt.

“Ah! Ah!” The black eagle-type Transcendent Divine Beast screamed in pain as its huge body shook non-stop.

“Your beasts can’t fly steadily enough!” Leng Ruoxue said with some dissatisfaction.

“Stop it!” One of the men in black couldn’t bear it anymore and roared. Damn it, this was his beast. He usually treasured it very much, but who knew that in just a short while, several large feathers on his beast’s back had become bald.

“How dare you shout at me!” Leng Ruoxue said with tears in her eyes. Her aggrieved appearance was so pitiful that it made one’s heart ache.

“Forget it, it’s not a big deal,” another man in black said nonchalantly while standing. It was not his beast anyway, so of course his heart didn’t ache. Instead, he felt a little heartache for this beauty.

“That’s right! I like grilled chicken the most, and I’m especially good at plucking feathers,” Leng Ruoxue said proudly. Then a small flame suddenly jumped out of her fair finger.

“W-what do you want?” a man in black asked fearfully as he felt the temperature of the flame.

“Eat grilled chicken!” Leng Ruoxue threw the small flame at the unlucky beast after speaking. Then she let the little peacock out and jumped lightly onto its back.

“Ah! Master, save me!” the poor eagle screamed in pain.

The owner of the beast hurriedly released his water-attribute mystic energy when he heard the cry for help, wanting to help his beast put out the fire. However, not only did his water fail to put out the fire, it even played a supporting role. Damn it, what kind of flame was this! He was a little dumbfounded, and it only took a few minutes before his beast passed away...

“Damn it, you actually killed my contract beast!” Two men in black floated in the air. One of them had a pained face and gritted his teeth. Boohoo... This beast was the highest level among his beasts, but it actually died just like that. He really couldn’t take this lying down!

“Calm down, she’s someone the Old Ancestor likes,” another man in black reminded. His pair of searchlight-like eyes kept looking Leng Ruoxue up and down. Uh! This woman was really unexpected! Moreover, what kind of flame was she? The temperature was so high! She actually killed a level six Transcendent Divine Beast in just a few minutes. It was really too terrifying.

"I know." The man in black glared at Leng Ruoxue fiercely, his face full of unwillingness and hatred. However, he knew that now was not the time to kill Leng Ruoxue. Hmph! He would not let this woman go when the Old Ancestor didn't want her.

"Don't calm down! Hurry up and explode! I'm embarrassed to attack first if you're not angry," Leng Ruoxue said aggrievedly, her beautiful eyes full of accusation.

"Damn it!" The owner of the beast roared uncontrollably and released the might of a Mystic Supremacy. He was now very sure that this woman did it on purpose. Hmph! Since she dared to provoke him, let this woman compensate him for his strength! Of course, he would not kill Leng Ruoxue.

"Is this all a Mystic Supremacy can do?" Leng Ruoxue continued to provoke fearlessly. Hehe, Qing Jue's defense was really good! This Mystic Supremacy level pressure posed no threat to her at all.

"You're courting death!" the beast master roared furiously and then launched an attack directly at Leng Ruoxue...

"Fighting is too barbaric. I don't like fighting." Leng Ruoxue's figure moved slightly and easily dodged the attack. Then, with a thought, she moved Empty, Icy, the freak, and the little old man out of the bracelet to be her helpers. Icy jumped directly into her arms as soon as it emerged.

"Haha! Xue'er, take a rest at the side. Leave these two to me and the little old man," Empty said happily. These were two Mystic Supremacies! They could exercise their bodies.

"Lass! I haven't exercised for a long time," the little old man said eagerly, rubbing his palms together.

"Alas! I shouldn't have let you out." Leng Ruoxue looked at the little old man, who was also floating in the air, and said helplessly. It seemed like she had nothing to do now.

"Hehe! Xue'er, let's just watch the battle honestly." The freak jumped onto the little peacock's back and hugged Leng Ruoxue. In the space just now, Empty and the little old man had said that these two people were theirs. They were in a hurry to snatch them, and even Icy couldn't snatch them.

"Yes, that's the only way." Leng Ruoxue nodded slightly.

At this moment, Empty and the little old man had already begun fighting with the men in black...

"Didn't you say that you're not afraid no matter how many people there are? There are only two of us now. One on one, it's absolutely fair." The green mystic energy in Empty's hand was released as if it was free, causing the men in black fighting him to dodge left and right in a sorry state...

Damn it, why was this person's strength so strong? The man in black who was not fighting couldn't help cursing, but he didn't dare to be distracted in the slightest. However, what made him vomit blood even more was that this person's mystic energy didn't seem to have been exhausted. It was really infuriating to compare oneself to others!

"Didn't you say you wanted to destroy the Alchemist Association? Hmph! Let's see who will destroy who first?" At this moment, the little old man roared very furiously. This person actually dared to have designs on the Alchemist Association. He absolutely couldn't stay. Thinking of this, he also imitated Leng Ruoxue and released several fiery red mystic techniques consecutively to attack the black-clothed person. However, he couldn't release mystic techniques non-stop like Xue'er. After every cast, he

needed to take a pill to replenish the mystic energy he had expended. Fortunately, the girl had many herbs and he was an alchemist. Otherwise, he wouldn't have been able to take such a method of eating!

"Despicable! Too despicable!" The man in black who was fighting with the little old man was so angry that he almost vomited blood when he saw the inconspicuous little old man actually eating pills while fighting with him! Damn, wasn't this bullying! Bullying him because he couldn't bear to part with the pills. Boohoo... He really couldn't bear to, and he didn't have so many pills!

Blades flashed and smoke filled the air on the side of the little old man, while Leng Ruoxue and the freak sat comfortably on the little peacock's back and watched the battle while eating fruits.

Chapter 680: The Angered Mystic Supremacy (5)

"Mystic Supremacy's combat strength is indeed extraordinary," Leng Ruoxue praised. Hehe! Amazing! Truly amazing!

"Master! Let's end this quickly!" Icy nibbled at the red fruit in its hoof, raised its eyes slightly, and said impatiently. Alas! How could it take so long to deal with a Mystic Supremacy if Master was at his peak! Unfortunately! Master's injuries had not healed, and his current strength was only slightly better than ordinary Mystic Supremacies.

"Icy, go eat your fruit. I'm not in a hurry, so why are you in a hurry!" Empty said with some displeasure. Boohoo... He didn't know that his strength was much weaker now, but he actually urged him!

"Do you need my help!" Icy said helplessly.

"No need. Don't snatch it from me!" Empty glared at Icy while releasing his mystic technique.

"Alright then!" Icy lowered its head and continued eating the fruit in its hoof.

A moment later, Empty and the little old man, who had finally had a kick, looked at each other. The two of them launched their strongest attacks at the same time. At this moment, the two men in black were already so tired that they were out of breath and could only be at the mercy of others.

"Bang! Bang! Bang!" With a few loud bangs, the fiery red and green mystic energy's imposing aura hit the two men in black who were unable to retaliate at the same time like a hot knife through butter...

"Pfft!" Two mouthfuls of blood spurted out, and the two men in black fell directly from the sky.

The little old man, Empty, who had completed the mission, clapped his hands gently. Then he jumped onto the little peacock's back, grabbed a fruit, and began eating.

"Little Peacock, let's go down and take a look at the spoils of war! We can't let others take advantage of us," Leng Ruoxue said with a light smile.

"Yes, Miss." The little peacock flapped its wings gently and flew to the ground. It found the two men in black and descended beside them.

"Uh! Forget it. They look pretty poor," Leng Ruoxue said with little interest as she looked at the two people who had fallen into a daze. She casually released a small flame to destroy the two pieces of meat.

“Little Peacock, bring us to the Wu family.” Leng Ruoxue ordered the little Peacock after she was done and moved Feng Da and the others out of the bracelet.

“Okay, Miss,” the little peacock replied and flapped its wings as it flew toward the Wu family.

Martial Immortal City.

In the sky above the City Lord’s Mansion, Leng Ruoxue and the others stood on the little peacock’s back and looked down at every move of the City Lord’s Mansion like they were watching a show.

“Feng Da, knock on the door!” Leng Ruoxue ordered with a faint smile on her beautiful face.

“Okay!” Feng Da gave Lin Yuan and the others a look. Then, everyone summoned their beasts tacitly. Man and beast, Yi Xin, worked together to attack the Wu family’s door...

“Boom!” With a loud sound, the door that the Wu family had just used for two days was dead again. After hearing the sound, almost all the Wu family members moved, including Wu Ming and the elders.

“Leng Ruoxue, why are you back?” Wu Ming looked at Leng Ruoxue and the others in the air and was shocked. Wasn’t Leng Ruoxue taken away by those two seniors? Moreover, her subordinates were all locked in a cell and waiting to be dealt with. Who were these people in front of him? However, what he didn’t expect was why there were so many dragons.

“It seems like Patriarch Wu knows that I left and doesn’t want me to return very much!” Leng Ruoxue said with slight mockery.

“Uh! Miss Leng and the others left without saying goodbye. I was just feeling regretful. Why wouldn’t I want you to come back!” Wu Ming probed. He couldn’t understand now if Leng Ruoxue ran back by herself or if the two seniors allowed her to come back. If it was the former, it meant that something had happened to the two of them. If it was the latter, he didn’t dare to imagine...

“Patriarch Wu, stop lying through your teeth. Didn’t you send me away? Are you very curious now how I returned?” Leng Ruoxue said in realization.

“Uh! Please enlighten me!” Wu Ming said gloomily, cold sweat flowing down his back.

“Do you think those two will let me come back?” Leng Ruoxue asked with a light smile.

“Erm... Erm...” Wu Ming stammered, not knowing how to respond.

“Miss Leng, is there a misunderstanding? We don’t understand what two people you’re talking about,” First Elder said and pretended to be stupid.

“Haha! The Wu family are indeed birds of the same feather! The truth is in front of us, but they still pretend to be stupid,” Leng Ruoxue said speechlessly. Did these people think that they wouldn’t pursue the matter if they pretended to be stupid?

“Miss, don’t waste your breath on them. Just kill them!” Feng Da said impatiently. Hehe, what a good opportunity to practice!

“Kill them directly. The Wu family head won’t die for no reason. Let’s do something good and let the Wu family head set his mind at ease!” Leng Ruoxue said very kindly.

“Hmph! You really overestimate your capabilities. Our Wu family is one of the top families after all. How can we be killed by you little shrimps just because you want to?” Second Elder said very unpleasantly after hearing Leng Ruoxue’s words.

“Haha! Second Elder seems to be very confident in the Wu family! Then let’s see who kills who first! By the way, we’ve already killed the two mystics from the Sun family,” Leng Ruoxue said with a smile.

“What?” Wu Ming said in disbelief, his heart trembling in fear, and he almost fell to the ground.

“Don’t be afraid. Hurry up and call your family’s Mystic Supremacy out so that I can settle it together,” Leng Ruoxue suggested, her beautiful face full of arrogance.

Mystic Supremacy? How could there be a Mystic Supremacy in their family! Boohoo... Wu Ming and the elders’ hearts bled when they heard this...

“Feng Da, attack! Let’s end this quickly!” Leng Ruoxue ordered directly after seeing no reaction from the Wu family. At the same time, she released more than half of her beasts and surrounded the entire City Lord’s Mansion tightly...

“Okay!”

With Leng Ruoxue’s order, Feng Da, the others, and the beasts immediately jumped onto the ground from the little peacock’s back. They casually found an opponent, and only two people, one person, and one beast stronger than them went up together.. In an instant, cold glows emerged from the blades, and colorful mystic energy danced in the air like colorful butterflies, fighting until the sky darkened, ghosts wailed, and wolves howled...
