

Crazy Wife 701

Chapter 701: I Want That Bracelet (1)

“Thank you, Big Brother Guard.” Leng Ruoxue thanked him and paid the entrance fee before leading everyone into the Shadow City.

Shadow City was not big. It was even smaller than Windless City, the first city they had been to. Furthermore, there were not many pedestrians on the streets. However, there were many shops on both sides of the street, and all kinds of items could be said to be present.

Leng Ruoxue and the others originally planned to walk around the city, but in less than two hours, they had already walked all over the city.

“Miss, Shadow City is really small.” Lü Tao couldn’t help but sigh.

“En, even though the Shadow City is small, it has everything. The things sold in those shops might not even be able to be bought in some big cities.” Leng Ruoxue said knowingly. It seemed that their 300,000 yuan entrance fee was not for nothing! At least, she was very satisfied with the things sold in this city.

“Haha, lass, this Shadow City is known as ‘only you can’t think of it, there’s nothing you can’t buy!’ Besides, there are many things here that can’t be seen in public,” the little old man said in a low voice.

“Cannot be seen in public? Thieves?” Leng Ruoxue was shocked. Could this be the legendary black market?

“Yes, yes.” The little old man nodded.

“Who is the owner of the Shadow City?” Leng Ruoxue asked curiously. This person was really smart. However, he was probably not weak. Otherwise, he would not dare to sell stolen goods. After all, the profits from such a transaction were huge. However, it was easy to offend the big families. Therefore, if the owner of the Shadow City did not have a certain power, he would not dare to open a black market that specialized in collecting stolen goods!

“I don’t know. Shadow City has already stood towering in the Boundless Heaven Continent for thousands of years. No one knows who Master is,” the little old man shook his head and said.

“Oh!” Leng Ruoxue did not expect the owner of Shadow City to be so mysterious.

“Xue’er, although no one has seen the owner of this Shadow City before, even the three super families would treat the people of Shadow League with respect.” Empty smiled and explained.

“Shadow League?” Leng Ruoxue’s face was full of question marks. This sounded like an organization?

“Xue’er, the Shadow League is the manager of the Shadow City. The Shadow League was established by the owner of the Shadow City. If you want to sell some shady things, you just have to find a shop. Furthermore, all the shops here belong to the Shadow League. Therefore, no one knows that you sold those things. After all, the reputation of the Shadow League is still guaranteed,” the little old man reminded.

“Uh! I really have some things that can’t be seen in the light,” Leng Ruoxue said rather awkwardly. Thinking back to when she first came to the Vast Heaven Continent, she also robbed quite a bit of others.

“Then let’s find a random shop and sell the items!” the little old man suggested.

“En.” Leng Ruoxue nodded, then led everyone into the nearest shop.

This was a pharmacy. At this moment, there was only one attendant in the shop. When he saw the group of people, he hurriedly went forward to greet them.

“Hello guests, may I know what medicinal ingredients you would like to purchase? We have the most complete set of medicinal ingredients here.” The waiter had a face full of smiles as he spoke in an extremely polite manner. He did not neglect Leng Ruoxue and the others because they were wearing ordinary clothes.

“What medicinal herbs do you have here?” Leng Ruoxue asked with a light smile. Sigh! This Shadow City is really full of talents! The guards guarding the city and the attendants of the shops are all Mystic Emperors. How could the various clans endure this!

“I don’t dare to say that the medicinal herbs in our store can satisfy Miss’s needs 100%, but I can guarantee that the medicinal herbs that Miss wants can be bought with me at least 90%,” the waiter said confidently.

“Oh, Grandpa Du, what other herbs do you need?” Leng Ruoxue turned to the little old man and asked.

“Xue’er, let’s take whatever medicinal herbs he has!” The little old man thought for a moment and said. There were a total of four alchemists among them, and the demand for medicinal herbs was quite large, especially ordinary medicinal herbs. Therefore, if they could buy more, they naturally had to buy more.

“Alright, pack all the medicinal herbs here for me!” After Leng Ruoxue heard the little old man’s words, she turned to the waiter and said.

“Uh! Miss, the herbs in our shop will be slightly more expensive than those outside. If you take all of them, you will need a lot of money.” The waiter kindly reminded her. He had been managing the shop for so long, but he had never met such a generous customer! Although there were many people from various large families who came here to buy herbs.

“It doesn’t matter, as long as it’s worth it,” Leng Ruoxue said calmly. If it was in another city, she wouldn’t have the intention to buy so many herbs at once. However, she didn’t have so many worries here. After all, Shadow City was different from other cities.

“Don’t worry, Miss will definitely not regret it. Everyone, please follow me.” The waiter guaranteed before bringing Leng Ruoxue and the others to the storeroom.

The storeroom was located in the backyard of the medicine shop. It was a very inconspicuous small room. Other than an iron cabinet, there was nothing else inside.

“Miss, all the herbs in our store are here. Take a look first. If there are no problems, as long as you pay, these herbs will be yours.” The waiter took out a few storage rings from the cabinet and handed one of them to Leng Ruoxue for inspection.

Leng Ruoxue took the ring and sent her divine sense into it. After that, she nodded in satisfaction and said, "En, not bad. I want it all."

"Here are some relatively expensive herbs. Naturally, the price is higher too." The waiter handed over another ring.

Leng Ruoxue took the ring and confirmed it before handing it to the little old man. After the little old man looked at it, he nodded in satisfaction.

"How much do these herbs cost?" Leng Ruoxue asked.

"1.58 billion purple coins, but 1.5 billion will do." The waiter laughed. Hehe, now that he had made a big deal, he was in a good mood. After all, his medicine shop hadn't opened for a long time, boohoo...

"En, I'll stay in this city for a few days. If I haven't left yet and you guys have new medicinal herbs, remember to inform me," Leng Ruoxue instructed. She handed over a common silver card of the Boundless Heaven Continent to the attendant, which happened to have 1..5 billion in it.

Chapter 702: I Want That Bracelet (2)

After receiving the silver card, the waiter confirmed the amount on it. Then, he handed Leng Ruoxue a black card and said happily, "Definitely, definitely. Miss, this is the VIP card of our Shadow League. With this card, everyone can stay in Shadow City for free and enjoy priority."

"Thank you!" Leng Ruoxue received the silver card and kept it in her bracelet. Then, she said to the waiter, "I heard you guys also accept things here?"

"Uh! Yes, but it has to be something valuable." The waiter nodded his head in doubt. He thought to himself, "Could it be that this lady wants to sell something? I can't believe it! Such a beautiful lady actually has something shady. How rare!"

"Can you take a look at these things?" Leng Ruoxue took out a storage ring from her bracelet and handed it to the waiter.

"Miss, I can't make the decision on these things. Please wait for a moment, I'll go get the housekeeper." The waiter took the ring and looked at it before saying to Leng Ruoxue with a troubled expression.

"Okay." Leng Ruoxue nodded and followed the waiter to the living room. After finding a seat, the waiter went to look for the housekeeper.

However, after waiting for more than half an hour, the waiter still hadn't returned.

"Miss, could this attendant have run away?" Seeing that the guard left and did not return, Feng Da could not help but tease.

"This is someone else's territory, what's there to run about?" Leng Ruoxue laughed. Hehe! If she wasn't wrong, the housekeeper was probably raising money! After all, the things she wanted to sell were worth a lot of money.

“Haha, I’m sorry for making everyone wait.” Just as Leng Ruoxue finished speaking, an extremely forthright voice rang out by their ears. Shortly after, a robust middle-aged man walked in with large strides.

The middle-aged man had a resolute appearance. He was burly and possessed an extraordinary presence. With a single glance, one could tell that he was someone who had occupied a high position for a long time.

Leng Ruoxue lifted her beautiful eyes and sized up this middle-aged man. However, she could not see his cultivation level. However, according to her guess, this person’s strength should be above Xuan Emperor.

“It’s fine.” Leng Ruoxue and the others stood up from their seats and lightly nodded their heads.

“Haha! Everyone, please take a seat,” the middle-aged man said enthusiastically.

“I’m Yu Tian, the butler of Shadow City.” The middle-aged man introduced himself.

“My surname is Leng. Housekeeper Yu, I have some things I want to take care of.” Leng Ruoxue went straight to the point.

“Yes, I’ve heard about it. However, I have to be frank. The price of our items in the Shadow City is not high. Therefore, if you think it’s not worth it, you can choose not to sell it to us,” Yu Tian said honestly with a sincere expression.

“I know. But, if I don’t sell it to you guys, I’m afraid that no one in the Vast Heaven Continent would dare to buy these things either,” Leng Ruoxue said knowingly.

“Haha! Young Lady Leng is right,” Yu Tian said happily. He admired the straightforwardness of this stunning beauty in front of him. After all, their Shadow City’s business had always adhered to the principle of mutual consent. Unless they were in a good mood and were willing to give a discount, they wouldn’t accept bargaining.

“Then please take a look at these things first, Butler Yu!” Leng Ruoxue handed the ring she left outside to Yu Tian.

“Alright.” Yu Tian received the ring and sent his divine senses inside. However, even though he was mentally prepared, he was still frightened by the things inside. After all, there were quite a few things inside that were enough to make the various great clans go crazy, and those things couldn’t be bought with money.

“Young Lady Leng, the items inside are quite valuable. Are you really willing to buy them?” After Yu Tian finished looking through them, he asked with uncertainty.

“Of course, the things inside might be priceless to others, but to me, they are useless.” Leng Ruoxue said indifferently. If it wasn’t for the fact that those things were useless and took up space, she wouldn’t have wanted to sell them.

“Since Young Lady Leng says so, then I am relieved. Young Lady Leng, I will bid twenty billion purple coins for the items inside. What do you think?” Yu Tian probed. They were most afraid of the seller regretting their decision after buying the items as if they had taken advantage of them. However, Leng

Ruoxue's reaction had improved his impression of Leng Ruoxue by quite a bit. It had also caused him to change the offer of fifteen billion purple coins to twenty billion.

"En, sure." Leng Ruoxue nodded. This price was already higher than she had expected, so she had nothing to be dissatisfied with.

"Then let's trade! There are 20 billion in here, please confirm it, Miss Leng." After Butler Yu said that, he handed Leng Ruoxue a silver card.

After Leng Ruoxue accepted the silver card and confirmed it, their transaction was officially over.

"Haha, Young Lady Leng, if you still have anything to sell, remember to look for me. Our Shadow League is definitely honest and priced fairly." Yu Tian put away the ring and then said to Leng Ruoxue.

"Okay, if there's anything good, I will definitely think of Butler Yu," Leng Ruoxue promised.

"Young Lady Leng, do you have anything else you want to buy? Our Shadow City has a ruler!" Yu Tian asked very amicably.

"Yes, there are still some." Leng Ruoxue nodded.

"Haha! If Young Lady Leng wants to buy anything else, just tell me. I'll send someone to get it so that Young Lady Leng doesn't have to look for it herself." Yu Tian said considerately.

"Then I'll have to thank Butler Yu first. Actually, I still want to buy some materials for refining weapons. Also, do you have any Mystic skills for sale?" Leng Ruoxue asked after thinking for a while.

"There are definitely equipment refinement materials, but it's a combat technique! I wonder what attribute Young Miss Leng wants?" Yu Tian couldn't help but ask. However, he was extremely surprised in his heart. He never expected that Young Miss Leng would actually want to buy equipment refinement materials. Could it be that there was a Tool Master amongst these people?

"I need all sorts of Earth Rank and Heaven Rank techniques," said Leng Ruoxue. Presently, she only possessed the wind attribute Earth Rank and Heaven Rank techniques that Yu Lin had given her. Besides that, she didn't have any other attribute techniques. Boohoo..... They were almost all Mystic Monarch now, but she hadn't gathered all the techniques yet! Moreover, it wasn't that she didn't want to buy them, it was mainly because they weren't for sale.

Chapter 703: I Want That Bracelet (3)

"Miss Leng, you've really asked the right person. We do indeed have Earth Rank and Heaven Rank techniques of various attributes. However, the price is very high as well," said Yu Tian very honestly.

"The price doesn't matter." Leng Ruoxue said disapprovingly. The higher the level of a mystic technique, the fewer people would sell it. Therefore, it was not easy to buy the entire set.

"Haha, since that's the case, then I'll give you a discount. All the attribute techniques added together will be worth ten billion purple coins." Yu Tian thought for a moment and said.

"Lass, I don't think you need to buy fire-element ones," the little old man suddenly said.

“En, you don’t need to buy anything with the wind and water attributes,” Empty said.

“Uh!” Yu Tian looked at the two who spoke and felt bewildered. Who were these two people? Why couldn’t he sense their cultivation? Furthermore, the more he looked at the little old man, the more familiar he felt. However, he couldn’t remember where he had seen him before.

“Housekeeper Yu, your wind, water, and fire are three types of Earth Rank and Heaven Rank techniques. If we don’t have them, I’ll buy them too,” Leng Ruoxue said with a light smile. Other mystic cultivators might only be able to cultivate one or two Heaven Rank techniques, but she didn’t have such restrictions.

“That’s good. I’ll send someone to bring it over and let Young Lady Leng take a look first,” said Yu Tian. After that, he instructed the attendant of the medicinal shop to prepare it.

When the waiter went to retrieve the items, Butler Yu accompanied Leng Ruoxue and the rest as they chatted leisurely. In fact, he originally wanted to find out the truth about these people in front of him. However, after chatting for nearly an hour, not only did he not manage to get anything out of them, he even explained everything to the eight generations of his ancestors. Boohoo... He was so depressed! Luckily, he did not know who the owner of the Shadow League was. Otherwise, he was afraid that even his parents would have to confess everything.

Just as Yu Tian was feeling extremely depressed, the waiter finally returned with two similarly dressed attendants behind him.

“Butler Yu, Miss Leng, I’ve brought her here,” the waiter hurriedly said. He stole a glance at Butler Yu’s expression and could not help but feel uneasy in his heart. What’s wrong with Butler Yu? Wasn’t he very happy just now? Could it be that he thought that he was too slow to come back? However, this could not be blamed on him!

“Young Lady Leng, please take a look!” Yu Tian said somewhat gloomily. After which, he indicated for the other two to bring the items over.

Leng Ruoxue inspected the things that the attendant passed over, and then she glanced at the combat techniques before buying everything at the price of 12 billion violet gold coins. Because the wind, fire, and water techniques that Butler Yu sent over just happened to be different from the little old man Wu He’s.

After a pleasant shopping session, Leng Ruoxue and the others left the pharmacy. Accompanied by a waiter, they went to the largest guest shop in Shadow City, the ‘Shadow Pavilion’.

After another round of shopping, Leng Ruoxue and the others had been upgraded to high-class VIPs in the Shadow City. Hence, their food and accommodations in the ‘Shadow Pavilion’ were all free.

In the guest room.

Feng Da had a bitter expression as he looked at the cheerful Leng Ruoxue and couldn’t help but ask, “Miss, you spent so much money, why are you still so happy?”

“Why else would I cry? I sold those junk for 20 billion, but I only spent 13.5 billion to buy these things. All in all, we are still unhappy, so of course I’m happy!” Leng Ruoxue said with a smile.

“Xue’er, do you think those things are trash? However, many aristocratic families view them as treasures. Oh, if the Shadow League sells them, they will be able to earn twice as much!” The little old man reminded.

“It doesn’t matter! Since they took a certain risk, it’s only right for them to earn some money.” Leng Ruoxue said with understanding. Sigh! Those things couldn’t be exposed, otherwise she would have long thrown them into the auction house.

“Haha, lass! You’re really open-minded.” The little old man nodded his head in satisfaction. He liked this lass’ carefree character.

“Grandpa Du, let’s go down and eat something later! Try this restaurant’s specialty dishes,” Leng Ruoxue said with curiosity. On the way here, the waiter had been talking about how delicious the food here was, which piqued her curiosity.

“Don’t wait any longer. Let’s go down now! I’m already hungry,” the little old man said hurriedly.

“Okay.” Leng Ruoxue nodded. After speaking, everyone headed to the dining hall on the first floor.

As soon as they entered the dining room, the waiter hurried over to welcome them. Then, he brought them to the table and went to prepare food for them.

“Huh? That’s weird. Why didn’t he ask us what we wanted to eat before leaving?” Feng Da, who had just sat down, asked in puzzlement. He was about to order some dishes when the waiter unexpectedly ignored him.

“Anyway, we don’t have to spend money. We can eat whatever we give!” said Peach disapprovingly. In fact, she felt that the waiter was afraid that they would ask for too much. If the food they ordered was too good, their restaurant would be poor, so he did not dare to ask them.

“Are you going to eat it even if I give you pig food?” Feng Da said speechlessly.

“Tsk, why would such a big restaurant give customers pig food?” Peach’s face was full of question marks.

“It’s hard to say. The entrance fee is ten thousand purple coins, and all the shops in the city are black.” Feng Da said angrily. He was still thinking about the ten billion purple coins that the young miss had spent! Wu... when the young miss spent it, she didn’t even frown, but he felt his heart ache.

“Uh! If it doesn’t taste good, then let’s not eat it!” After hearing Feng Da’s words, Peach was also a little scared. Uh! This Shadow City was indeed evil!

“Haha! Xue’er, your subordinates are quite imaginative.” Wu, who was not far away from Feng Da, couldn’t help but laugh at the conversation between the two.

“Eh! That’s right!” Leng Ruoxue said awkwardly, her forehead dripping with cold sweat. Sigh! These two fellows have so much to eat and so much to talk about. How could they possibly let guests eat pig food here! After all, they were distinguished guests!

Fortunately, there were no waiters in the restaurant at the moment. Otherwise, when they heard the discussion of Feng Da and the others, they would definitely be angered to the point of vomiting blood.

Wu... These people were high-ranking VIPs! Not to mention eating pig food, they wouldn't even dare to slight them!

A moment later, the waiter brought a group of people in with dishes.

Chapter 704: I Want That Bracelet (4)

After all the dishes were served, the waiter came to the table where Leng Ruoxue and the others were seated. He respectfully bowed and said, "Miss Leng, these are the signature dishes of our Shadow Pavilion. Please enjoy."

After speaking, the waiter retreated to the side to avoid disturbing Leng Ruoxue and the others.

Leng Ruoxue looked at the dishes on the table. There were a variety of dishes, and they looked quite tempting. However, she wondered what the taste was like. She held up a piece of soft and tender meat and put it into her mouth. Mmm! The meat melted in her mouth and the fragrance was strong. It was quite delicious.

Leng Ruoxue ate a few mouthfuls of each dish on the table before putting down her chopsticks.

"Xue'er, are you full?" Seeing that Xue'er only ate a few mouthfuls and no longer moved her chopsticks, he could not help asking with concern. Uh, although the dishes here could not compare to their own, they were already considered pretty good in the Boundless Heaven Continent.

"En, you guys eat!" Leng Ruoxue nodded, then lowered her head and looked at the little red snake on her wrist.

Little Flame was jealous these two days. Because Xiaohuo didn't need it as much as before, the little fella couldn't stand this difference and decided to wrap it around her wrist and play dead. Hehe, but it was quite pretty.

"Brother Lan, I want that bracelet." Suddenly, a slightly familiar voice rang in Leng Ruoxue and the others' ears.

Leng Ruoxue raised her head curiously and looked at the source of the voice. After that, she couldn't help but sigh softly. Sigh! I wonder if this is considered as enemies meeting on a narrow road! The woman who spoke was the one they met at the city gate. Moreover, the Brother Lan that the woman was talking about was actually someone they were familiar with. Because that Brother Lan was none other than the young master of the Lan family, Lan Lie!

However, Lan Lie shouldn't be able to recognize them. She just didn't know if Lan Lie would recognize Grandpa Du. Leng Ruoxue glanced at the little old man. To be honest, she didn't want to acknowledge Lan Lie, so she could only pray that Lan Lie's memory wasn't good.

"Min'er, don't be willful. That's someone else's thing, how can you take it!" Lan Lie's voice rang in Leng Ruoxue's ears.

"Brother Lan, you dote on me the most. Help me buy it!" The girl named Min'er tugged at Lan Lie's arm and acted coquettishly.

"If I buy it for you, will you return to Blue Cloud City immediately?" Lan Lie frowned slightly, the impatience on his face disappearing in a flash.

"Okay." Min'er nodded obediently. However, she couldn't help but think in her heart, I'll agree to it first. After I get the bracelet, I'll decide whether to leave or not.

Seeing that Min'er had agreed, Lan Lie walked directly to Leng Ruoxue and said with some embarrassment, "Can you sell that bracelet to me? I can pay you a hefty sum."

"Bracelet?" Leng Ruoxue was a bit confused. She only wore the 'Heaven and Earth Bracelet' on her wrist. However, from the way the woman was looking at her, it wasn't the Heaven and Earth Bracelet. So, she was really curious, which bracelet did this woman like?

"I want that red snake-shaped bracelet." Before Lan Lie could reply, Min'er spoke up impatiently. Then, she looked at Leng Ruoxue provocatively.

"Snake-shaped bracelet? Are you sure?" Leng Ruoxue asked somewhat speechlessly. She really had good taste, actually liking Little Flame. But, how could Little Flame be bought so easily?

"Xue'er, since this miss likes your snake-shaped bracelet, then sell it to her!" Wuqing said with a smile, but she couldn't help but secretly laugh in her heart. Haha, what kind of eyes does this person have! He actually thinks Xiaohuo is a bracelet, but that little fellow isn't easy to get along with.

"This..." Leng Ruoxue was helpless. Uh! Little Flame couldn't be sold. Even if she wanted to sell it, Little Flame wouldn't be willing either.

"How much is it? Name your price! I want this bracelet for sure," Min'er said arrogantly. Hmph! She was determined to get this bracelet.

"It doesn't seem like you're the one paying!" Leng Ruoxue glanced at Lan Lie beside her and said with slight sympathy. Although she didn't know what relationship this woman had with Lan Lie, she could tell from Lan Lie's expression that he was unwilling. Sigh! Poor Lan Lie!

"Brother Lan, tell this woman that you'll buy it for me no matter how much it costs," Min'er said coquettishly as she tugged on Lan Lie's arm.

"Uh! Miss, please name a price!" said Lan Lie gloomily. He only wanted to get rid of this pestering fly as soon as possible, so he really did not care about the price.

"One hundred billion purple coins!" Leng Ruoxue demanded.

"What? Are you robbing me? How can this lousy bracelet be so expensive?" Min'er roared in anger.

"Why? Can't you afford it?" Leng Ruoxue asked with a faint smile.

"If you can't afford it, then don't force yourself to buy it! What a disgrace," Feng Miao added oil to the fire, but her eyes were full of sympathy as she looked at Min'er.

She was not the only one. Feng Da and the others' eyes were filled with sympathy.

"You ugly freak! You don't have the right to speak here!" Min'er immediately shouted angrily.

“Min’er, is it? I realized that not only is there something wrong with your eyes, but your aesthetic sense is also very problematic! As long as you’re not blind, you can probably tell that I’m prettier than you, but in your eyes, I’m actually ugly. This is really too laughable.” Feng Miao was speechless. Sigh! She was someone who didn’t care about her looks, yet she had no choice but to take this woman seriously, which showed how much influence this woman had.

“Nonsense. It’s obviously me who’s prettier than you. Brother Lan, tell me, am I prettier than all of them?” Min’er tugged at Lan Lie’s arm, asking him to be her judge.

The ‘them’ that Min’er spoke of naturally included all the women present.

“Yes, yes,” Lan Lie replied impatiently. However, the narcissistic Min’er naturally could not tell.

“Hmph! Did you guys hear that?!” Min’er said smugly. Then, she clenched her fists, showing off to Leng Ruoxue and the others!

Her words made Leng Ruoxue and the others speechless.

“Miss Min’er, didn’t you want to buy this bracelet?” Leng Ruoxue couldn’t stand this narcissistic woman and quickly changed the topic to the bracelet.

Chapter 705: I Want That Bracelet (5)

“That’s right! Name a price!” Min’er hurriedly said. Hmph! She definitely had to get her hands on this bracelet. Who asked her to like it at first glance!

“I said 100 billion!” Leng Ruoxue reminded.

“Brother Lan!” Min’er looked at Lan Lie with a pleading gaze. Hearing this price, she knew that Brother Lan would not buy it for her.

“Miss, we sincerely want to buy it. Give us a real price!” Lan Lie said bluntly.

“I’m also selling it with sincerity! It’s a fixed price. If you can afford it, then take it. Otherwise, don’t have any ideas about my ‘bracelet’,” Leng Ruoxue said coldly.

“Min’er, that bracelet is too expensive. Let’s not buy it!” Lan Lie saw that the beautiful woman in front of him could not get through to him, so he could only persuade Min’er. Although he really wanted to send Min’er away, he could not take out 100 billion to buy her a bracelet! Not to mention that he could not take out so much money, even if he could, he would not be such a spendthrift.

“Big Brother Lan, you promised to buy it for me,” Min’er said with tears in her eyes, feeling extremely wronged.

“That bracelet is too expensive. I won’t be able to afford it even if I sell myself.” Lan Lie’s patience had finally run out. After saying that, he went straight upstairs to his room without looking back.

“You... Just you wait. If you provoke our Lan Family, you’ll suffer.” Min’er saw that Lan Lie had gone upstairs and left behind a threatening sentence before chasing after him.

“Sigh! Miss, we’ve been threatened again.” Feng Da sighed helplessly.

“En, hurry up and eat! After eating, rest early,” Leng Ruoxue said disapprovingly. It wasn’t like she hadn’t provoked the Lan family before, why would she be afraid of a woman’s threat!

This small episode did not affect Leng Ruoxue and the others’ mood. After eating, everyone returned to their rooms to rest.

Late at night.

Leng Ruoxue and the freak were sleeping soundly on the bed.

All of a sudden, the door to their room opened and a ghostly-looking man in black sneaked in. The man in black sneaked up to their bed and stared at the blood red bracelet on Leng Ruoxue’s wrist. Then, he reached out his hand and was about to remove the bracelet...

“Ah!” Following that, a scream came from the man in black’s mouth. The man in black quickly shook his hand and ran out of Leng Ruoxue and the demon’s room in a sorry state...

“What’s wrong? What happened?” At this time, Feng Da and the others heard the scream and rushed into their room!

“Miss, what’s wrong? Wake up!” Lutao went up and pushed her Miss, but Leng Ruoxue did not react. Seeing this situation, she couldn’t help but feel anxious.

“Lutao, don’t be anxious. I have already asked Lin Yuan to look for the shopkeeper.” Feng Da quickly consoled her. His face was also anxious.

Not long after, the shopkeeper who was woken up followed behind Lin Yuan and ran all the way to Leng Ruoxue and the demon’s room.

“What happened?” The shopkeeper looked at the two unconscious people on the bed and understood.

“Shopkeeper, my young miss is in trouble, Boohoo...” Once Lü Tao saw the shopkeeper, she immediately started sobbing.

“Shopkeeper, isn’t the safety of your inn a little too poor? Why did such a thing happen? Could it be that someone in your Shadow City is tempted by money?” Feng Da roared in anger.

“Uh! I can use the reputation of the ‘Shadow Pavilion’ to guarantee that there will never be such a person in our Shadow City.” The shopkeeper quickly guaranteed. At the same time, he was a little puzzled. Who was it that did this? It was really too despicable. Wasn’t this ruining the reputation of their Shadow City? Hmph! If he knew who this person was, he would definitely mobilize the entire Shadow League to hunt him down!

“Shopkeeper, if this old man didn’t smell wrongly, there’s clearly the smell of knockout powder in this room. Furthermore, it’s the ‘forgotten soul’ that’s most harmful to the human body. Uh... my poor girl and kid! How did they encounter such an unlucky thing?” At this moment, the little old man said faintly.

“Uh! Don’t worry, old man. We’ll definitely catch the culprit and give you an explanation.” The shopkeeper’s forehead was covered in cold sweat as he promised. Woo... These people gave him a lot of pressure! However, he had to report this matter to the butler as soon as possible.

“My granddaughter and grandson-in-law! Shopkeeper, could it be that they’ve been unconscious all this time? Boohoo... They’re still so young! Damn little thief, it’s best if I don’t catch him. Otherwise, I’ll definitely chop him into pieces.” Leng Qingtian also cried with snot and tears.

“Everyone, don’t worry. This happened in our Shadow City. Our Shadow League will definitely give everyone a satisfactory explanation.” The shopkeeper hurriedly guaranteed.

“Shopkeeper, of course we believe in your guarantee. However, the most important thing now is to wake up my younger sister and brother-in-law. Otherwise, the longer they are unconscious, the more harmful it will be to their bodies. It might even affect their future cultivation. You have to know that they are all geniuses!” Leng Ruohan said with a face full of regret. His handsome face seemed to be saying, “How did this happen?”

“The Thousand Year Snow Ginseng is needed to save the girl, but we don’t have it!” The little old man said with a bitter face. Then, he turned to look at the shopkeeper and said with some embarrassment, “Shopkeeper, can you help us think of a way? We are willing to spend a large sum of money to buy it.”

“This... I’ll try!” The shopkeeper didn’t dare to say that he didn’t, otherwise, he believed that he definitely wouldn’t be able to leave this place. Moreover, this happened in their ‘Shadow Pavilion’, so he really couldn’t just leave it be.

After the manager finished speaking, he bid farewell to everyone and left Leng Ruoxue and the freak’s room.

“Who could have done this?” After the shopkeeper left, everyone found a random place to sit down. Then, everyone began to discuss with question marks on their faces.

“Little Flame, did you see that person’s face?” Feng Da asked carefully.

“No, but I bit him, so if anyone in this city planted snake venom, that black-clothed person just now would be that person,” Little Flame said coldly, its mood extremely unpleasant!

Chapter 706: I’m Not A Snake, I’m A Family Heirloom (1)

“Will he die?” Feng Da asked again.

“Do you want him to die?” Little Flame asked with a mischievous smile.

“Of course not. We want him to suffer a fate worse than death!” Peach Lu said hatefully. Hmph! He dared to hurt her young miss. He was really seeking death!

“As you wish. That person won’t die, but he’ll also live a very painful life.” Fiery shook its little head and said with a bit of pride.

“Good job, Fiery!” Feng Da praised. At the same time, he stretched out his hand, wanting to touch Fiery’s head. However, he suddenly remembered how terrifying Fiery was, so he retracted his hand.

Coward! Little Flame cursed in its heart with slight disdain. Hmph! It won’t bite people randomly, so why are these people so afraid of it! Women are better; it’s never afraid of it!

“Uh!” Being looked down upon by a small snake made Feng Da extremely depressed. Wu... why was this snake also bullying people!

“Ah! Yes!” Suddenly, a scream was heard. The painful scream seemed to be mixed with moans...

“What’s that sound? It’s so scary!” said Lü Tao nervously.

“Lü Tao, children are not suitable!” Feng Da quickly covered Peach’s ears.

“You’re the child!” Peach slapped Feng Da’s hand away and said angrily, “Hmph! Do you really think I’m a child who doesn’t know anything? I’m not that white!”

“Hehe! Let’s go and take a look!” Lin Yuan smirked and said excitedly.

“I suggest you guys better not go. Otherwise, you’ll definitely regret it!” Fiery warned.

“Uh! Why?” Lin Yuan was confused.

“It’s a secret. In any case, don’t go out,” Little Flame said mysteriously.

“But women can go out and watch the show!” Little Flame added.

“Uh!” Everyone became even more puzzled. Why could women go and watch the show, but men couldn’t? Could it be that Little Flame also favored women over men?

“I’m doing this for your own good. Trust me!” Little Flame said with a face like a charlatan.

“Ah! Help!” At this moment, a cry for help sounded in the room. It was obviously a man’s voice.

Urgh! Instantly, cold sweat dripped down Feng Da and the others’ foreheads. They were so frightened that their hearts trembled, and their thoughts started to run wild. Could it be...

“I’ll go out and take a look.” Feng Miao said with a face full of curiosity, then left the room directly.

However, not even a moment later, Feng Miao returned with a pale face.

“Little Miaomiao, what’s wrong? Why do you look so pale?” everyone asked curiously, their faces full of question marks.

“Uh! Men, don’t leave the room! It’s too dangerous!” Feng Miao warned, but her expression was a little unnatural.

“Heh heh! Am I right?!” Fiery laughed mischievously, his face full of pride.

“That’s right. None of you should go out. Otherwise, your innocence will be lost.” Feng Miao nodded repeatedly. Mother! This was too unbelievable!

Uh! This time, Feng Da and the others all understood. Could it be that the poison was acting up? But what kind of poison was Fiery? It was actually so powerful that it could make people lose their minds.

“Dong dong dong dong! Dong dong dong!” At this moment, there was another hurried knock on the door. Feng Miao, who was closest to the door, reluctantly went to open the door under everyone’s gaze. However, she couldn’t help but feel nervous in her heart. This night was really busy!

Feng Miao opened the door and saw the pale-faced shopkeeper and Steward Yu, who was pretending to be calm, standing outside the door. She moved aside to let them in.

“Shopkeeper, why is your expression so unsightly?” Leng Qingtian clearly knew what the consultant was saying. Oh, since such a thing had happened in the inn, the shopkeeper must be extremely depressed!

“I was anxious. I was worried about Young Lady Leng!” The shopkeeper wiped the cold sweat off his forehead and said with lingering fear. Boohoo... He could not say that he was almost... This was too embarrassing. Even the Mystic Sovereign could not withstand it. Who would believe this if news got out!

“How is Young Lady Leng? I brought a thousand year old Snow Ginseng. Are there any alchemists among you?” Yu Tian’s gaze swept back and forth between Feng Da and the others as he asked.

“Yes, I am,” Zheng En said under the little old man’s signal.

“This is a thousand-year-old Snow Ginseng.” Yu Tian took out a rectangular cold jade box from the ring with some heartache and handed it to Feng Dadao. He really didn’t expect that there was actually an alchemist among them. He originally thought that only Miss Leng was one! However, if he knew that Leng Ruoxue and the others had a total of four alchemists, he would definitely be shocked. After all, there weren’t many alchemists in the Vast Heaven Continent. Especially alchemists above the Alchemy Grandmaster level, they were as rare and precious as phoenix feathers and qilin horns.

Zheng En received the jade box and carefully opened it. Instantly, a gust of cold air blew towards him. Following that, what entered his eyes was a snow white and fat Snow Ginseng. This Snow Ginseng was slightly bigger than an adult’s palm. Its roots were complete and its head had a faint outline of facial features. As an alchemist, he could tell with one look that this Snow Ginseng was definitely more than a thousand years old.

“Good ginseng!” exclaimed the little old man. Hehe, who would have thought that the Shadow League really had some good stuff! This snow ginseng was the best he had ever seen.

“This Snow Ginseng is a treasure of our Shadow League. It was originally not for sale, but something happened to Miss Leng in the territory of our Shadow City, so...” Yu Tian only spoke halfway before he looked at the Snow Ginseng in Zheng En’s hand with a pained and reluctant expression as if he was about to be separated from his sweetheart.

“Hehe, Butler Yu, you don’t have to be reluctant. We won’t let you suffer a loss,” the little old man promised sincerely.

“En, everyone, name a price!” Yu Tian thought for a while and said. Although they were responsible for such an incident in the Shadow City, if such a precious Snow Ginseng was given to him for free, he definitely wouldn’t feel good about it. Therefore, he had to accept some money. Otherwise, he would definitely be depressed to death.

“Steward Yu, I know that this thousand-year-old Snow Ginseng can’t be bought with money, so I don’t plan on asking for a price. If you trust me, this old man, I’ll get my girl to give you a medicinal herb of equal value after I save my girl.. What do you think?” The little old man thought for a moment and said. To every alchemist who valued medicine as much as their life, a Snow Ginseng was a good thing, and it was even more so for a senior alchemist like him!

Chapter 707: I’m Not A Snake, I’m A Family Heirloom (2)

“A medicinal ingredient of equivalent value?” Yu Tian was stunned. Originally, when he heard the little old man say that he wasn’t going to offer a price, he was a little angry. However, later on, when he heard that they were going to use medicinal ingredients of equivalent value to exchange for it, he couldn’t help but be curious. He really wanted to know what kind of medicinal ingredients these people would use to exchange for it.

“Hehe, I guarantee that Butler Yu will be satisfied with our medicinal herbs,” the little old man promised mysteriously. After all, any medicinal herb that his lass took out would probably be worth more than this snow ginseng. It was just that they did not have the snow ginseng with them.

“Alright.” Yu Tian nodded. They’d traded a few times, so he still believed in the credibility of these people.

“Hehe, everyone, I have a presumptuous request.” Yu Tian continued.

“Eh?” Everyone looked at Yu Tian with question marks all over their faces. They didn’t understand what he was up to!

“Can you let us watch while you concoct the pill?” Yu Tian asked, somewhat embarrassed. After all, they were outsiders.

“Sure.” Zheng En nodded his head without hesitation. He was not so particular when refining pills.

“Thank you. May I know what kind of medicinal pill this Grandmaster wishes to refine?” Yu Tian asked curiously. Medicinal pills that could be used for Snow Ginseng were at least Earth Grade. Therefore, he really wanted to know if this young man in front of him had the strength of an Alchemist Grandmaster.

“The Snow Ginseng Pill, of course,” Zheng En said matter-of-factly. The Snow Ginseng Pill was a Heaven Grade medicinal pill. This was his first time refining it. He did not know what the success rate would be.

“Ah!” Yu Tian was greatly shocked. Although he had never seen the Snow Ginseng Elixir before, he was very clear about the rank of the elixir. Therefore, he really couldn’t imagine that this man who looked to be in his thirties was actually an Alchemy Revered Master. How could he not be surprised?

“Hehe, Steward Yu, calm down. This is my first time refining a Heaven Grade medicinal pill. It’s hard to say whether I’ll succeed or not!” Zheng En scratched his head with his hand and said somewhat embarrassedly.

“Uh!” Yu Tian was unable to remain calm. His forehead was even dripping with cold sweat. Using snow ginseng to refine a Heaven Grade medicinal pill for the first time? This was too extravagant!

Yu Tian was in a frenzy at the side while Zheng En calmly took out his own cauldron. After lighting the fire and preheating it, he placed the medicinal herbs into the cauldron in order. When all the medicinal herbs in the cauldron melted into liquid, he cut off a few ginseng roots and threw them into the cauldron. Then, he removed the impurities and purified them. Finally, he tempered them and condensed the pills. After all the steps were completed, he waited...

Not long after, when the unique fragrance of the Snow Ginseng Pill wafted out from the furnace, everyone knew that the pill had been successfully refined.

Under everyone's expectant gazes, Zheng En opened the pill furnace. Looking at the snow white medicinal pill lying in the middle of the pill furnace, he was elated. Hehe, he didn't expect to succeed on his first attempt at refining Heaven Grade medicinal pills. Even though there were only ten, he was already very happy.

"Congratulations, sir." When Yu Tian saw that the elixir had been successfully refined, his gaze towards Zheng En immediately became fiery, and he made up his mind to befriend them. After all, being able to become friends with an Alchemy Revered Master would bring about many benefits.

"Hehe, I was just lucky." Zheng En said somewhat embarrassedly.

"You are too modest. Being able to refine a Heaven Grade medicinal pill is not due to luck." Yu Tian was somewhat speechless as he spoke. If luck was really so useful, then how could there be so few Alchemist Honorable Masters?

"Hehe!" Zheng En laughed foolishly, not knowing what to say.

"Silly boy, why aren't you giving the medicinal pills to the girl and the boy?" The little old man patted his silly disciple's head and lightly reprimanded.

"Oh, oh!" Zheng En hurriedly said. Then, he took out two pills from the pill furnace and put them into Leng Ruoxue and the demon's mouths respectively.

A moment later, they opened their eyes. When they saw the people in the room, their faces were filled with confusion.

"Why aren't you guys sleeping in the middle of the night? What are you doing in my room?" Leng Ruoxue asked with a face full of question marks.

"Miss, something happened to you." Peach looked at her mistress with tears in her eyes.

"Uh! What happened to us?" Leng Ruoxue and the demon asked in unison.

"You guys were drugged," Peach explained with tears in her eyes.

"Ah! Who would have the guts to do such a thing in the Shadow City? Isn't the security in the Shadow City very good? Could it be that our ten thousand purple coins entrance fee was paid for in vain? Can't even guarantee our basic safety?" Leng Ruoxue asked like a cannonball, her beautiful face full of disappointment.

"Eh! Young Lady Leng, after such a thing happened, I am truly sorry. We will definitely give Young Lady Leng an explanation." Yu Tian, who was extremely embarrassed, guaranteed.

“Eh, Butler Yu is here too!” Leng Ruoxue said as if she had just seen someone.

“Yes.” Yu Tian nodded speechlessly.

“Lass! Thanks to the housekeeper, She, who gave us the Snow Ginseng, we were able to wake you up. You have to return a good herb to her later!” The little old man reminded her and even secretly winked at Leng Ruoxue.

“En, thank you, Butler Yu,” Leng Ruoxue said gratefully.

“There’s no need to stand on ceremony. Young Lady Leng, did you lose anything valuable?” asked Yu Tian. He had been busy watching the concoction process earlier and didn’t have the chance to ask for the details.

“My Miss lost a bracelet,” said Lü Tao.

“Bracelet? What kind of bracelet?” Yu Tian asked with a face full of curiosity. What kind of thief would use ‘Forget Soul’ for a bracelet? One had to know that this was the most damaging knockout powder. Not only would the person who planted the poison remain unconscious, even if he woke up, his cultivation would also be damaged. It might even affect his future cultivation. Therefore, this ‘Forget Soul’ was absolutely considered a forbidden medicine in the Vast Heaven Continent.

“A red, transparent snake-shaped bracelet. It’s worth 100 billion.” Lü Tao glanced at Little Flame and said calmly.

“Uh!” Yu Tian couldn’t help but wipe off the cold sweat on his forehead. He thought to himself: How could there be such an expensive bracelet in this world?

“Steward Yu, that bracelet is my family’s young miss’s family heirloom! She lost it just like that, sigh!” Lutaohuo sighed heavily and said with a bitter face.. However, when she mentioned the family heirloom, Xiaohuo actually raised its little head with a proud expression.

Chapter 708: I’m Not A Snake, I’m A Family Heirloom (3)

“That... we will do our best to help Young Lady Leng find the lost item. It is getting late. We will take our leave first.” After Yu Tian finished speaking, he pulled the shopkeeper and fled as if his buttocks were on fire. Boohoo... if he continued, the Old Ancestor would probably come out to settle the score with them.

“Why did he run away? I haven’t finished speaking!” Lü Tao looked at Yu Tian’s back and complained.

“I’ve already become a family heirloom. How could he still dare to stay here?!” Little Flame said with understanding. Uh, family heirlooms were very valuable.

“You’re just a small snake.” Leng Ruoxue placed Little Flame in her palm and gently tapped its little head.

“I’m not a snake. I’m a family heirloom,” Little Flame said very stubbornly. A family heirloom was much more important than a small snake, so it wanted to be a family heirloom.

“Little Flame, you are not lost, so you can’t be a family heirloom,” reminded Lü Tao with some amusement.

“Then I’m also a family heirloom. Humph! I’ll bite whoever dares to say that I’m not!” Little Flame glared with its crystal-like eyes and threatened.

“Eh!” Everyone was speechless. Little Flame actually threatened them. Boohoo... This was really too much.

“You’re a family heirloom, definitely!” Feng Miao was the first to surrender. She had witnessed the tragedy outside with her own eyes, so she absolutely supported this little fellow. From now on, she would not go against anything that this little fellow said!

“En, you’re still the smart one!” Little Flame nodded with satisfaction. Then, its fiery red crystal eyes lightly swept over everyone.

“You are a family heirloom!” Everyone said in unison, extremely spineless.

Hearing everyone’s words, Little Flame was satisfied. Then, it formed a circle in Leng Ruoxue’s palm and happily slept.

“Girl, you won’t blame me for taking the liberty to use other herbs to exchange for that snow ginseng, right?” After a while, the little old man asked. Even though he knew that the girl wouldn’t hide it from him and blame him, he still felt a little uncertain since he hadn’t heard her say it herself.

“Hehe, no way! We don’t have any snow ginseng,” Leng Ruoxue chuckled. Sigh! Grandpa Du was thinking too much. She knew what happened back then, how could she blame him!

“Hehe! Lass! This time, the Lan family will be implicated by that woman,” the little old man said with a wicked smile. Doing such a thing in the Shadow League’s territory was really courting death! Now, even the Lan family might not be able to protect her.

“If she didn’t use ‘Forgotten Soul’, I wouldn’t have dragged the Shadow League into this.” Leng Ruoxue saw that there were no outsiders and that she wasn’t acting anymore, so she told the truth. In fact, when the woman had just taken action, she had already discovered it. Originally, she only wanted Little Flame to bite her to punish her, but who knew that the knockout drug that the woman used was actually the ‘Forgotten soul’ that made people want to die? Therefore, she was a little angry at the time, so she decided to beat her at her own game and blow things up. And the need to use snow ginseng to solve ‘Forgotten Soul’ was definitely unexpected for the Shadow League to have a thousand-year-old snow ginseng. Otherwise, she would probably still be ‘unconscious’ for some time!

“Lass, even though I don’t know what relationship that woman has with the Lan Clan, she shouldn’t be a member of the Lan Clan. Do you think the Shadow League will vent their anger on the Lan Clan?” The little old man asked worriedly. Uh! He had some ties with that old geezer from the Lan Clan, so he naturally didn’t want to see any harm come to the Lan Clan.

“Even though the Shadow League is mysterious and unfathomable, they shouldn’t fall out with the Lan Clan over such a small matter. However, after such a thing happened in the Shadow City, the Shadow League’s face must be recovered. So, it’s inevitable for the Lan Clan to lose some money.” Leng Ruoxue analyzed after thinking for a while. Her relationship with Lan Ming wasn’t bad, so she naturally didn’t

want to make things difficult for the Lan Clan. Moreover, it was hard to say whether the old man from the Lan Clan recognized this woman or not! Moreover, with her understanding of that old man, that cunning old man would definitely not acknowledge this debt.

“Yes, but it won’t be easy to get money from the Lan family.” The little old man nodded in agreement.

“Hehe, Grandpa Du, we don’t have to worry about this. It’s getting late, everyone should rest early!” Leng Ruoxue smiled and said. Sigh! Because of a woman who doesn’t know the immensity of heaven and earth, they actually went through so much trouble. This was really too much. Aunt couldn’t tolerate it. However, she blamed this on Lan Lie.

“Miss, we want to sleep in the space.” Feng Dao and the others exchanged glances and then said in unison.

“Haha, alright!” Leng Ruoxue chuckled. With a thought, she brought everyone into the space.

Two days later.

Leng Ruoxue and the others finally left the bracelet.

For the past two days, they had been staying in the space. During this time, only Feng Miao followed Leng Ruoxue’s instructions and went to deliver the medicinal herbs to the housekeeper. The others didn’t leave the room at all. At the same time, Feng Miao also informed the manager not to disturb them unless it was something important.

When Leng Ruoxue and her group walked down the stairs and arrived at the hall on the first floor, the shopkeeper quickly came up to them and bowed slightly before asking, “Would everyone like to eat something?”

“Sure! Shopkeeper, did anything fun happen in the Shadow City in the past two days?” Leng Ruoxue asked curiously while looking at the shopkeeper with a smile.

“Uh!” Cold sweat broke out on the shopkeeper’s forehead as he hesitated whether he should say it or not.

“Shopkeeper, has the whereabouts of the thief who stole our lady’s things been found?” Lü Tao asked with anticipation.

“Uh! I’m not too sure about this. It’s Butler Yu who’s in charge.” The shopkeeper pushed the blame onto Yu Tian.

“Oh! After we’re done eating, let’s go look for Butler Yu! It’s been two days, there should be some progress!” Leng Ruoxue said lightly. Actually, she knew clearly that Butler Yu was in a dilemma! After all, this matter involved the Lan family.

“I’ll go prepare food for everyone.” After the shopkeeper said that, he left the place as if he was running for his life.

Leng Ruoxue and the others simply ate some food. After that, they majestically went to find Yu Tian.

When they arrived at the entrance of Butler Yu's residence, Leng Ruoxue gave Feng Da a look. Feng Da walked up and knocked on the door a few times...

Creak! The door opened and a guard walked out. When he saw Leng Ruoxue and the others, he politely asked, "Who are you looking for?"

Chapter 709: I'm Not A Snake, I'm A Family Heirloom (4)

"My Miss's surname is Leng. We're looking for Butler Yu," Feng Da replied.

"Oh! Please wait a moment," the guard said before closing the door to report to Butler Yu.

A few minutes later, Butler Yu came out personally.

"Young Lady Leng, your body has just recovered. How did you come out? Haha, if you want to see me, you just need to send someone to inform me and I will personally go see you." Yu Tian's face was full of smiles as he spoke with great enthusiasm.

"Butler Yu is very busy every day, unlike me who has nothing to do, of course I have to personally visit!" Leng Ruoxue said politely.

"Haha, quickly come in." Yu Tian smiled awkwardly. His heart was beating like a drum. Uh! From her tone, could it be that Young Lady Leng was blaming him? Boohoo... he was wronged!

"Okay." Leng Ruoxue nodded, then everyone followed the housekeeper into the courtyard.

After bringing Leng Ruoxue and the others to the living room, Yu Tian instructed the waiter to prepare tea and snacks before sitting down to chat with them.

"Housekeeper Yu, have you found the thief?" Leng Ruoxue asked bluntly when she saw that Yu Tian was looking left and right.

"Uh! This... Recently, someone in Shadow City has been poisoned. However, we aren't too sure either." Yu Tian said very implicitly.

"Butler Yu, to be honest, the symptoms of the snake poison aren't too obvious for the person who was bitten by my Xiaohuo. However, the person who is poisoned has an extremely strong physiological requirement. Before long, they will die from exhaustion. Moreover, this kind of poison can be transmitted through certain actions. So, it's best if you find this person as soon as possible. Otherwise, the consequences will be unimaginable." Leng Ruoxue calmly explained. She didn't even ask who the person who was poisoned was. After that, she drank a mouthful of tea and looked at Yu Tian with her beautiful eyes that had a smile that wasn't a smile. She believed that Housekeeper Yu knew what she said was true.

After speaking, Leng Ruoxue stood up and left.

After sending Leng Ruoxue off, Yu Tian sat alone on a chair and pondered for a long time. Suddenly, he called out to the void, "Shadow!"

"Milord, what instructions do you have?" A black ghost-like figure instantly appeared before Yu Tian.

“Shadow, how trustworthy do you think Young Lady Leng’s words are?” Yu Tian asked his confidant very seriously.

“Sir, two of our men have already been poisoned, and they are still unconscious,” the shadow reminded. The two who had been poisoned had been bitten. Furthermore, their Shadow League’s alchemists had tried all sorts of methods but were still unable to cure the poison.

“You mean to hand that woman over?” Yu Tian hesitated. If it wasn’t because that woman was the younger cousin of the Lan Clan’s Young Master, he wouldn’t have to be in such a difficult situation. He definitely wanted to be on good terms with Young Lady Leng, but the Lan Clan wasn’t willing to provoke them. Although the Shadow League wasn’t afraid of the Lan Clan, if he could sell a favor to the Lan Clan, it would be beneficial to the Shadow League as well. Sigh! Could it be that there wasn’t a way to achieve the best of both worlds? For the past two days, he had a headache over this matter.

“Sir, if I am not wrong, Miss Leng and the rest must know who the thief is. Therefore, it is unlikely that they will be able to make a comeback,” the shadow said carefully.

“Sigh! What you said makes sense!” Yu Tian nodded, his brows furrowing deeper and deeper.

“Lord, you better remind the other lords about this. I feel that Miss Leng is even more difficult to deal with than the Lan Clan.” The shadow said softly.

“Of course I know that Young Lady Leng isn’t someone to be trifled with. However, they have to listen to me!” Yu Tian said in a somewhat depressed manner. At the same time, he recalled the fire lotus that Feng Miao sent over. Sigh! Using snow ginseng to exchange for the fire lotus was still them taking advantage of him. After all, even though snow ginseng was precious, it wasn’t as widely used as the fire lotus.

The shadow fell silent...

After Leng Ruoxue and the others left Yu Tian’s residence, they returned to the ‘Shadow Pavilion’.

In the room.

Feng Da could not help but ask, “Miss, what does Butler Yu mean?”

“The Shadow League’s face is nothing more than this.” Leng Ruoxue mocked. It seemed she had overestimated the Shadow League!

“Lass, the relationships between the aristocratic families have always been very deep, so it’s normal for the Shadow League to hesitate. After all, the Lan family’s strength is obvious, and in their eyes, we can’t be compared to the Lan family at all,” the little old man said knowingly, consoling Leng Ruoxue.

“I know.” Leng Ruoxue nodded. Although she was a little depressed, she also knew that in the eyes of the Shadow League, she couldn’t compare to a super aristocratic family. Oh! Since ancient times, only the strong had the right to speak!

“Miss, didn’t Butler Yu promise to give us an explanation? Is he trying to fool us?” Peach Lu asked in confusion.

“Haha, of course he’ll give us an explanation. However, I’m afraid that it won’t satisfy us.” Leng Ruoxue said in understanding. After making a trip to the housekeeper’s office, she was even more clear about the Shadow League’s intentions. It looked like it was as she had expected, the Shadow League was currently in a difficult position.

“Miss, what should we do now?” Lü Tao could not help but ask. Were they working for nothing?

“Wait! In any case, I’m not the one who was poisoned, I’m not in a hurry!” Leng Ruoxue laughed lightly. Hmph! No matter what relationship that woman has with the Lan Family, since that woman dared to have designs on her, then don’t even think about living well. The Lan Family can’t protect Min’er either!

“Hehe! Then let’s wait!” said Lü Tao with an evil smile. However, she had not heard any screams for the past two days. Could it be that the woman had already left Shadow City?

“Yes.” Everyone nodded.

“Miss, when are we leaving this place?” Feng Miao suddenly asked.

“After this matter is settled, we’ll leave. Oh! What’s the matter?” Leng Ruoxue said with understanding.

“No... no.” Feng Miao hurriedly said.

“Oh! If you have nothing to do during the day, you can enter the space to cultivate!” Leng Ruoxue thought for a while and said. The Shadow City was too small and there was really nothing to visit. After all, everyone who came here was here for the transaction.

“En.” Feng Da and the others nodded.. Just as they were about to enter the space, they heard a knock on the door.

Chapter 710: I’m Not A Snake, I’m A Family Heirloom (5)

Feng Da turned around to open the door, only to discover that it was Butler Yu and an unfamiliar middle-aged man standing outside.

“Butler Yu, we just came back from your place. We haven’t even warmed up our butts. Why are you here?” Feng Da chuckled.

“I have something to discuss with Young Lady Leng. I forgot to mention it earlier.” Yu Tian said somewhat embarrassedly.

“Oh, then please come in!” Vonetta moved aside and let them into the room.

“Butler Yu, what’s the matter?” Leng Ruoxue asked directly without even inviting Yu Tian to sit down.

“Are you Sir Du Min?” Suddenly, the middle-aged man who had been standing next to Yu Tian fixed his gaze on the small old man and spoke with an excited expression.

“Oh! It’s been a long time since someone called me by that name,” the little old man said indifferently.

“Mr. Du Min, I really didn’t expect to see you here. I’m so happy.” The middle-aged man was extremely excited.

“Sir... Sir Du Min?” Yu Tian also stuttered a little. No wonder he felt that this little old man was somewhat familiar. To think that this unremarkable old man was actually the god-like person in the hearts of all alchemists. Uh! Although he wasn’t an alchemist, he was still very clear about Du Min’s position in the alchemy world and even in the entire Vast Heaven Continent. Uh.. If he had long seen that this little old man was Sir Du Min, he probably wouldn’t have hesitated either. He didn’t know if it was still too late?

“What are you talking about? Just call me Old Man.” The little old man said disapprovingly.

“Butler Yu, what are you here for?” Leng Ruoxue couldn’t help but ask again. She didn’t want to attend a fan meeting with her idol.

“Young Lady Leng, it’s like this. Didn’t I tell you that someone in the city was indeed poisoned? However, there isn’t sufficient evidence. Moreover, two people in our Shadow League were poisoned and were bitten by someone. So, I’m here to ask for the snake poison. If it can cure my subordinate’s poison, then we can basically confirm the thief.” Yu Tian pondered for a moment before speaking in an extremely reserved manner.

“Oh, is that so? It seems that Steward Yu doesn’t have any sincerity! Someone, send the guest out.” Leng Ruoxue instructed expressionlessly. Hmph! At this time, Yu Tian was still playing mind games with her. To think she had such a good impression of him!

“Young Lady Leng...” Yu Tian wanted to explain, but Leng Ruoxue didn’t give him a chance. She turned around and entered the inner room.

“Butler Yu, this way please!” Feng Da extended an arm and made an inviting gesture.

Yu Tian gave the middle-aged man a look. The middle-aged man opened his mouth with some difficulty and said, “Sir Du Min...” However, just as he said a few words, he was interrupted by the little old man.

“Sigh! This old man is getting on in years. I don’t care anymore. Our lass has the final say.” The little old man pretended to sigh helplessly. Then, he shrugged his shoulders, indicating that he was helpless.

Seeing this, Yu Tian and the middle-aged man had no choice but to leave with their tails between their legs...

After leaving, the middle-aged man could not help but mutter as he walked, “Butler Yu, why didn’t you tell them that the thief was found? I have to tell you, if they can’t get the snake venom, they will lose their lives.”

“I know, they are my subordinates. I am also anxious! However, this matter is not something that I can decide alone. I have to go back and discuss it with the others.” Yu Tian said with a troubled expression. Sigh! If he could say it directly, how could he not?

“Then you have to be quick. They won’t be able to last much longer,” the middle-aged man reminded her. At the same time, he was complaining in his heart. Sigh! If it weren’t for that damn woman, he wouldn’t have had the chance to get close to his idol!

“Got it!” Yu Tian replied in an extremely depressed manner. After that, the two of them directly returned to the Shadow Alliance’s encampment.

The next day, Yu Tian and the middle-aged man came to visit again. They said a lot of good things and told Leng Ruoxue the truth. They even automatically signed numerous unequal treaties before coaxing Leng Ruoxue to take out two antidotes.

As he looked at the antidote in his hand, Yu Tian's tears fell like rain, and he was extremely excited. Wuuu... what a rare antidote! For the sake of these two antidotes, he had cursed all those conservative and stubborn old things last night!

"Butler Yu, why aren't you going back quickly and giving these two antidotes to your subordinates?" Leng Ruoxue reminded. Since Yu Tian was willing to lower his head for his subordinates, he could be considered to be a loyal person. Thus, she was magnanimous and didn't bother about Yu Tian's previous actions. After all, from his perspective, he didn't do anything wrong.

"Oh! Oh!" Yu Tian hurriedly nodded, and then he vanished with a swish.

Even though Yu Tian took the antidote and left, the middle-aged man didn't leave. He even stayed next door to them. Furthermore, as long as he had time, he would stick by the little old man's side. His diligence left even Zheng En, his disciple, in the dust!

Another day passed.

Leng Ruoxue and the others had just finished their lunch in the space when Qing Jue informed them that someone was knocking on the door. She quickly moved everyone out of the space.

"Old Li, what's wrong with you?" Feng Da, who went to open the door, saw the middle-aged man standing outside the door and teased him in a good mood.

"Uh! I have something to inform you guys," the middle-aged man called Old Li said as he panted, his face filled with anxiety.

"What's wrong?" Leng Ruoxue asked curiously.

"I just received news that someone from the Lan family is here," Old Li said after calming down a little.

When Leng Ruoxue heard Old Li's words, she frowned slightly. She thought to herself, "Has the Lan family finally shown themselves? I wonder who it is? But, it doesn't matter."

"Where is the Lan family?" The little old man asked curiously, his face full of anticipation.

"Uh! They went to Butler Yu's place," Old Li said speechlessly. It seemed like those people had heard that Butler Yu had the antidote, so they went to look for him. Sigh! He really did not know how this news was leaked.

"Then let's go too!" Leng Ruoxue smiled. Of course, they were there to watch the show.

"Alright!" Everyone nodded excitedly, and then the group of them left the inn in a formidable array and headed straight for Yu Tian's residence.
