

## Crazy Wife 741

### Chapter 741: Supreme Siblings (1)

“Pfft!” The dagger stabbed into the dragon’s body, and dragon blood flowed out along the blade. Cheng Wu saw this and immediately pulled out the saber and placed the small jade bottle in his hand on the wound to generously accept the dragon blood. The others did the same

After awhile.

“Ouch!” The three unconscious dragons, whose bodies had been stabbed into a beehive, finally woke up from the pain! When the three dragons opened their eyes and saw the situation in front of them, they were so angry that they almost fainted again. Boohoo.... Their bodies were tied up like dumplings,

and there were many small wounds on their bodies. Moreover, blood was flowing out non-stop. What was even more despicable was that these humans who didn’t know life from death actually used the bottle in their hands to take the blood that was flowing out! It was really unbearable. Dragons couldn’t

bear it. As noble dragons, when had they been humiliated like this by humans!

However, they were helpless now. They couldn’t do anything to these humans at all and could only let them do whatever they wanted. Boohoo... They wouldn’t die, right? They might not have a high status in the clan, but their will to live was still very strong! Therefore, they didn’t want to die! However,

according to the blood flow, they would probably die from excessive blood loss even if these humans didn’t kill them!

“Don’t be scared. I won’t kill you!” Leng Ruoxue comforted them with a smile after sensing the fear of the three dragons. The words ‘I’m a good person’ were written on her beautiful face.

“Boohoo...” A relatively timid dragon cried when it heard Leng Ruoxue’s words. Boohoo... This woman was a demon. Didn’t she not kill them for the precious dragon blood on their bodies?

They didn’t now if crying was contagious. After one dragon cried, the other two actually cried bitterly. Boohoo... They also understood that it wouldn’t be so good to live!

“Eh? I already said I won’t kill you. Why are you still crying? How dare you follow me like this with your little guts?” Leng Ruoxue said speechlessly. Alas! She really didn’t know why these cowardly dragons were following her. However, they were a little too timid!

“You... You won’t kill us, but you will torture us!” a dragon whispered bravely.

No, I’ll just take some blood from time to time,” Leng Ruoxue threatened with a smile.

“Kill us!” One of the dragons couldn’t take it anymore. Boohoo... Taking dragon blood alive was more uncomfortable than killing them directly. Moreover, according to this human woman, she wanted to take some blood from time to time. It was really too despicable. The three dragons didn’t dare to be angry but didn’t dare to say anything. Boohoo... Just give them a quick death!

“Haven’t you heard of a saying, ‘Better to die than to live’? You can’t be so spineless as a dragon! Isn’t it just some blood! You can still be reborn if it’s gone, but if your lives are gone, you won’t be able to live anymore!” Leng Ruoxue advised patiently seeing that a dragon was suicidal.

“Human, you better let us go. Otherwise, the dragon race won’t let you go.” At this moment, another dragon reminded as if it was returning to its death, Well, it could also be considered a threat!

“Is that so? Why won’t the dragons let me go?” Leng Ruoxue’s face was full of curiosity. Hehe, she had wiped out the entire Phoenix Clan, so she naturally didn’t care about the dragons!

“No one on the Boundless Heaven Continent dares to offend the dragon race. Anyone who provokes the might of the dragon race is no longer in this world,” The dragon continued.

“Is that so? In fact, it’s not impossible for me to let you go. As long as you tell me why you’re following us, I’ll let you go.” Leng Ruoxue began to state her conditions. Anyway, she had almost obtained the dragon blood from the three dragons, so let them go. After all, the dragons were too gluttonous. She didn’t want to raise a few idle people just to obtain some blood! That would really be too much of a loss. Moreover, she could go to the dragons at any time if she needed dragon blood! Hehe!

“Re-really?” The dragon asked doubtfully, its pitch-black eyes full of disbelief.

“Of course it’s true. I won’t lie to beasts. Moreover, you have to spend money to raise me. It’s not worth it!” Leng Ruoxue said honestly.

“Erm... In fact, we don’t know why we’re following you. This is an order from the top. We’re just running errands. Boohoo.... Let us go!” the dragon pleaded with a bitter face.

Leng Ruoxue was a little depressed after hearing what the dragon said. These dragons didn’t know why they were following them after all this time.

“However, several teams of dragons were arranged to look for you. We were only responsible for monitoring outside the Phoenix Clan,” the dragon continued.

“Are you sure the order you received was to monitor my tracks?” Leng Ruoxue asked uncertainly. Well, could these dragons have mistaken someone?

“Are you Leng Ruoxue?” the dragon asked curiously. It was not sure if these people were their target, but it knew that they were from the Phoenix Clan and were humans, so it followed them.

“Your mission is to follow Leng Ruoxue,” Leng Ruoxue asked instead of answering. Well, it seemed that their target was really her, but she had no dealings with the dragons of this world. Why were they following her?

“Okay.” The dragon nodded.

“Who ordered this?” Leng Ruoxue asked again.

“Of course it’s the upper echelons of the dragon race. However, our status in the dragon race is too low, so we don’t know who ordered it,” the dragon said very honestly. Boohoo.... Let them go seeing that it answered every question! It kept praying in its heart.

“The upper echelons of the dragon race?” Leng Ruoxue frowned in thought.

“Xue’er, when did you offend the dragon race?” the little old man asked speechlessly. Alas! This girl’s ability to cause trouble was really too great. Moreover, she specialized in provoking people who were not to be trifled with.

“I don’t know? I’ve never seen the dragons of the Boundless Heaven Continent,” Leng Ruoxue said aggrievedly.

“Master, the dragon race is about two days away from here. The Five Heavenly Dragon race should be here by the latest if we wait for them here,” Feng Wu said after some thought.

“Oh, then let’s wait!” Leng Ruoxue’s curiosity had been piqued. She didn’t understand if she left this place.. Otherwise, the dragons would still have to look for her all over the world! Hehe! See how understanding she was!

## **Chapter 742: Supreme Siblings (2)**

Upon hearing this, the three dragons understood even without Leng Ruoxue saying it. It seemed like they had collided with their target. Boohoo... Their luck was really not ordinary good! However, it was very bad to be caught and bled!

In this way, Leng Ruoxue and the others stayed here for the time being. Five days passed quickly, but the dragons still didn’t come.

“Little dragon! Aren’t your dragon race’s efficiency a little too poor! It’s already the sixth day today, why isn’t it here yet? If it’s not here today, I won’t wait anymore!” Leng Ruoxue said while leaning in the freak’s arms with a grilled golden rabbit leg in her hand. She looked at the three dragons in the tent and ate.

The three dragons that they had thrown into the tent opened their aggrieved eyes and looked at the grilled meat in Leng Ruoxue’s hand with incomparable pity. They were so hungry that their saliva was about to drip down. Boohoo... These humans were really too despicable. It was fine if they didn’t give them anything to eat, but they actually ate such fragrant grilled meat in front of them. They obviously wanted to glutton them to death! At this moment, they only had food in their eyes. As for Leng Ruoxue’s words! They automatically ignored them.

“What fragrant meat! Big Brother, let’s camp here too!” A clear female voice sounded in everyone’s ears.

Leng Ruoxue raised her beautiful eyes slightly and sized up the group of people walking toward them from the road. She was a little displeased in her heart. Hmph! These people really didn’t know the rules. Didn’t they see that there were already people here? They actually came here. One had to know that such behavior was very rude in a world where the strong were respected.

However... This group of people was quite strong. Apart from the woman who spoke just now who was slightly weaker and was only a Great Mystic, the remaining dozen people were above Mystic Monarch. Moreover, there were actually three Mystic Supremacies in their group. Well, Leng Ruoxue already had an idea in her heart seeing such a lineup, but she didn't know which super family they belonged to. After these people arrived near Leng Ruoxue and the others, they directly set up tents opposite them without even greeting them.

"I'm sorry. My young miss likes this place. Sorry for disturbing you." A middle-aged man who looked like a leader walked over and said apologetically after setting up the tent.

However, Leng Ruoxue and the others ignored him, which couldn't help making him very embarrassed.

"Young man, do you know what is first come, first served?" the bored little old man couldn't help asking.

"Uh! I'm really sorry. My young miss wants to camp here, so..." The middle-aged man's face was full of embarrassment, and he stopped mid-sentence. What he didn't say was that his young miss liked this place, and it was already very polite of us not to chase you away.

"Butler Liu, they came first. You can't chase them away!" At this moment, the young lady's voice sounded again.

Leng Ruoxue raised her eyes speechlessly when she heard this and looked at the woman who spoke. Well, one shouldn't judge a book by its cover! This woman looked pretty and cute, but why did she say so.

"Miss, don't worry. I won't do such a thing," Butler Liu hurriedly promised.

"Old man, stay here with ease! However, don't disturb my young master and young miss. Otherwise, you will definitely regret it." Steward Liu turned his head to the little old man and said with a threatening tone. He turned and returned to his camp after speaking.

"Damn! Which family does this top-grade belong to?" Feng Da couldn't help but grumble. Damn, if it wasn't for Miss's gaze telling them to calm down, he would definitely go up and slap that man a few times!

"The Leng family." The little old man looked at Leng Ruoxue and said with a spurious smile, his old face full of anticipation for a good show.

"Uh! What a coincidence!" Feng Da was a little speechless. This world was really too small! However, this was not a big city. Why did the Leng family come here? He couldn't understand!

"Miss, I don't think these Leng family members are normal. Let's stay away from them!" Lu Tao whispered. She hated evil and had a bad impression of these people, so she naturally didn't want her excellent young miss to have anything to do with them.

"Lu Tao! Wishes are good, but reality is cruel. Even if we want to stay away, I'm afraid they will take the initiative to lean forward," Leng Ruoxue said speechlessly because she had already seen the Leng family's young lady stand up and walk toward them as she spoke.

“Alas!” Lu Tao sighed softly. What should come couldn’t be avoided! She also saw the woman walk over.

“Hello, I’m Leng Ruxuan! Your grilled meat smells so good. I want to buy some. Don’t worry, I won’t treat you badly,” Leng Ruxuan said very politely after walking to Leng Ruoxue and the others. However, for some reason, everyone felt uncomfortable hearing her words.

“I’m sorry, we won’t sell these meats. We don’t have enough for ourselves!” Feng Da said reluctantly after receiving Leng Ruoxue’s gaze.

“I’ll pay a hundred purple coins. Sell me a piece!” Leng Ruxuan said proudly, thinking in her heart. Well! A hundred purple coins for a piece of meat should scare them! Their clothes were so ordinary, and there were so many people, their lives would definitely not be easy, so she specially set a price that she thought was very high!

“I said I’m not selling!” Feng Da said impatiently. Damn, they wanted to buy their special grilled meat for a hundred purple coins. Did they think they were beggars? They didn’t lack a hundred purple coins.

Feng Da couldn’t read Leng Ruxuan’s mind, so he naturally couldn’t hear her thoughts. Otherwise, he would definitely be angered to death because she really treated them as poor paupers. Moreover, she gave them 100 purple coins because she was sure that they lacked money!

“That’s a hundred purple coins! I don’t know how many pieces of grilled meat I can buy. I only want one piece!” Leng Ruxuan’s eyes widened in disbelief. She didn’t expect someone to refuse her request. No one had dared to treat her like this since she was young! This couldn’t help making her proud heart a little unbearable.

## **Chapter 742: Supreme Siblings (2)**

She didn’t expect someone to refuse her request. No one had dared to treat her like this since she was young! This couldn’t help making her proud heart a little unbearable.

### **Chapter 743: Supreme Siblings (3)**

“We don’t lack those one hundred purple coins!” Feng Da roared and couldn’t help rolling his eyes. Alas! Was this the Leng family’s young miss? She really had poor judgment.

“Then I’ll pay 150?” Leng Ruxuan said after some thought.

“No, we won’t sell even if you offer 1.5 million!” Feng Da’s tolerance had already reached its limit, and he directly roared at the top of his lungs.

“Boohoo... How can you shout at me!” Leng Ruxuan sobbed aggrievedly. Two streams of clear tears flowed down her beautiful face.

Seeing this scene, not only was Feng Da dumbfounded, even Leng Ruoxue and the others were a little dumbfounded. Uh! This woman rained quite quickly. Moreover, looking at the expression on her face, it was as if they had bullied her.

“Damn it, how dare you bully my sister.” Sure enough, her brother immediately came to her door after hearing Leng Ruxuan’s cry.

“Me? I didn’t!” Feng Da looked at the young man staring at him angrily and pointed at himself speechlessly. When did he bully his sister? Boohoo... Even if he looked very honest and easy to bully, he couldn’t be wronged like this! Boohoo... Dou’e! I understand you!

“Hmph! You didn’t bully my sister. Why is she crying so sadly?” The young man questioned.

“[ really didn’t bully her. I just told her that we won’t sell our grilled meat for money!” Feng Da explained helplessly. Boohoo... He couldn’t be bothered to explain if the person in front of him wasn’t from the Leng family!

“Why not? My sister is willing to buy your grilled meat because she thinks highly of you. Not only can’t you take money, but you should also take the initiative to deliver yourself to her door, understand?” The young man said matter-of-factly.

“Un! I don’t know. Why is that?” Feng Da asked foolishly. He realized that his ability to understand seemed to be problematic today because he actually couldn’t understand this man’s words.

“Brat, do you know who we are?” The young man was a little angry because he felt that this man was pretending to be stupid.

“I don’t know. Who you are has nothing to do with me!” Feng Da said nonchalantly. Hmph! So what if they were from the Leng family? They had already given them face once just now. Could it be that they would always accommodate you! Even if they were willing, their young miss would probably not be willing to let them suffer. Moreover, their young miss didn’t want to acknowledge them.

“We are from the Leng family, the Leng family, one of the three major families!” The young man gritted his teeth and glared at Feng Da.

“Oh! Even if you are one of the super families, you can’t forcefully buy other people’s things! If news of this spreads, the Leng family will lose all their face,” Feng Da reminded. He had heard the little old man say that the Leng family had very strict requirements for the juniors in the family!

“We will pay,” the young man said with a black face.

“That’s not for sale. If you want to eat meat, there’s a small forest not far away. There are many low-level beasts like rabbits and wild boars there. You can hunt them yourself!” Feng Da reminded kindly.

"Just want to buy a piece to try." At this moment, Leng Ruxuan stopped crying and said pitifully. Boohoo... At home, she could have whatever she wanted whenever she cried. Why didn't it work here? She couldn't understand.

"Miss Leng, I said I'm not selling. Go ahead if you want to eat. Don't tell me you can't even hit a few rabbits with so many of you!" Feng Da rolled his eyes and said irritably. Well, for some reason, he could still explain a little when facing her elder brother. However, he didn't have the slightest patience with this seemingly weak and delicate young lady from the Leng family. Moreover, he was even more annoyed seeing her beautiful eyes brimming with tears and tears because it was too fake!

"But I want to eat it now," Leng Ruxuan said. What she implied was that it was a waste of time to fight now, and she didn't want to wait.

"Feng Da was completely convinced. In fact, he really wanted to say, 'Eat your sister!'" Boohoo... He was very sure that he would have attacked long ago if the person in front of him was not from the Leng family.

"I can sell you this piece of meat, but it will be very expensive!" Lu Tao pointed at the fist-sized grilled meat in her hand.

"It's okay i

after all!

it's more expensive as long as you're willing to sell," Leng Ruxuan said nonchalantly. In fact, she didn't know why she wanted to eat their grilled meat so much. Well! Perhaps it was because they were unwilling to sell! Therefore, she had to buy it even more! She was from the noble Leng family

"One hundred thousand purple coins, no bargaining," Li Tao said after some thought. She was still a little regretful after bidding, Wasn't her price too cheap? After all, the other party was a wealthy Leng family!

"What? You're killing me! How dare you ask for a hundred thousand purple coins for such a small piece of meat?" The young man's eyes widened in disbelief.

"I'm a good child. I don't kill people," Li Tao said with a chuckle. She also added in her heart, Well! I don't kill people!

"You want a hundred thousand for such a small amount of grilled meat, isn't it considered slaughtering?" The young man was a little speechless. This should be the most expensive grilled meat he had ever seen.

"To tell you the truth! You will definitely feel that it's worth a lot after buying this piece of grilled meat. This piece of grilled meat of mine took more than a thousand seasonings and marinated for a night before it was grilled. It took time and effort, so you will definitely regret it if you can't eat it!

However, forget it if you don't have that much money." Lu Tao doubted their lack of money after promoting it and angered this pair of Leng siblings!

"Who said we don't have money!" The siblings roared in unison. Hmph! Didn't they know that the Leng family had the most money!

“Oh! Hand over the money and the goods at the same time!” Li Tao stretched one hand out in front of the siblings, and the other raised the delicious grilled meat that was still covered in oil.

“For you, here are 100,000 purple coins!” The young man reluctantly took out a transparent white card from his ring and handed it to Lu Tao under his sister’s gaze.

Lu Tao took the card, glanced at the number inside, and then handed the card to Leng Ruoxue and the grilled meat in her hand to the young man.

The siblings walked gloomily back to their camp with a piece of grilled meat worth 100,000 purple coins in each hand. However, their eyes lit up when they tasted the grilled meat, but no one dared to buy it anymore. After all, such a small piece of meat had cost them almost a year’s pocket money..

Boohoo... Their hearts were bleeding!

#### **Chapter 744: Supreme Siblings (4)**

“Miss, this pair of siblings might be a little extreme, but they are quite particular. I thought they would snatch it by force!” Lu Tao whispered after watching the siblings walk back to their camp.

“They snatched it for a piece of grilled meat. The Mystic Supremacies in their team won’t let them go even if we don’t do anything,” Leng Ruoxue said understandingly. The three Mystic Supremacies didn’t look at them when the Leng siblings walked over just now, but she knew that their divine senses had been observing this place!

“Ah! Why? Aren’t those two the young masters and young ladies of the Leng family?” Li Tao asked in puzzlement, her beautiful face full of question marks.

“Family honor! The Leng family’s upbringing is very strict, so on the surface, the juniors of the Leng family don’t dare to snatch things by force with their status. However, it’s difficult to say in private,” Leng Ruoxue explained lightly.

“Miss, will they hate us?” Li Tao said worriedly. Boohoo... She was afraid that she would cause trouble for Miss.

“What? Scared?” Leng Ruoxue raised her eyebrows and said with some amusement.

“No... I’m not afraid! We didn’t force you!” Li Tao said resolutely after some thought.

“So what if they hate us? If they dare to cause trouble for us, we can just crack them directly!” the freak said nonchalantly.

“Uh!” Two drops of cold sweat dripped down Leng Ruoxue’s forehead. Alas! The freak was becoming more and more violent. However, there was indeed nothing to be afraid of in the Leng family.

Leng Ruoxue and the others tidied up simply after eating. Then everyone walked into the tents of the three little dragons.

After entering the tent, Cheng Wu and the others looked at the three dragons lying on the ground and asked, "Miss, what should we do with these three dragons?"

"Oh! Take some more blood and then kill him!" Leng Ruoxue smiled evilly to scare him.

Just as Leng Ruoxue finished speaking, she saw the fear and tears in the eyes of the three little dragons as she wished. This couldn't help boosting her mood. Well! Why did she like to tease these dragons more and more these two days?

"Boohoo... Don't kill us. The blood on our bodies hasn't grown yet!" a dragon said with tears in its eyes.

"But your dragon race's efficiency is really too slow. You haven't arrived yet, so I can't raise you for nothing, right?" Leng Ruoxue's beautiful face was full of helplessness.

"You don't have to spend money. We'll pay the child support fee, okay?" another dragon said with tears in its eyes. Boohoo... This demon hadn't given them a meal at all for six days. He actually despised them! Was there any justice in this world!

"Child support fee? Do you have money?" Leng Ruoxue's beautiful eyes glittered. Well, it seemed like dragons liked shiny things the most. However, would there be good things in their poor appearance?

"Money? We don't have money, but we can use something to pay for it." With that, the dragon poured out the treasure it had stored for many years from the storage space in its body.

"These are your collections?" Leng Ruoxue looked at the gold, silver artifacts, and shiny crystals lying on the ground by the silly dragon and was a little speechless. Well, the things this dragon collected were really too tacky! They were either gold or silver, and there were also some gems of all colors that were useless to her!

"Yes, I've been collecting these for many years!" the dragon said gloomily. Boohoo... Looking at this little demon's expression, it was obviously dissatisfied! However, all its things were here. What should it do? Its blood, its life!

"How are you going to pay for the child support?" Leng Ruoxue turned to the other two dragons with slight disappointment.

The other two dragons hurriedly poured out their collections and let their little demons choose. Boohoo... It didn't matter if they took these things away as long as they didn't kill them!

Leng Ruoxue looked at the trash in front of her with a slight headache and couldn't help but sigh. Alas! These dragons' taste was really too poor. These things could neither concoct pills nor refine artifacts. They were really useless to her.

"are these okay?" The three dragons looked at each other and asked carefully.

"Do you want to hear the truth?" Leng Ruoxue asked with a light smile.

"Yes!" The three dragons nodded, but then shook their heads violently.

"Do you want to hear it or not?" Leng Ruoxue teased.

“Yes!”

“No!”

The three dragons said in different voices, their opinions a little different. After speaking, they lowered their heads dejectedly. Boohoo

“Haha!” Leng Ruoxue and the others laughed happily seeing the pitiful appearance of the three dragons.

Bad people! Bad people! A group of bad people! The three dragons were very depressed. Boohoo... They could finally tell that this little demon just wanted to see them make a fool of themselves. It was really too inhumane. This was a sadistic animal!

“Miss, the dragons should be here,” Feng Wu, who was abnormally sensitive, reminded her softly. She had already sensed the dragons even though they were about a thousand meters away.

“Okay, let’s go out! Little stupid dragons, I won’t make things difficult for you since your clansmen are here. Well, I’ll collect your child support fees from your clansmen!” Leng Ruoxue said very seriously. Well! She was a good child and would never make things too difficult for these small fries!

With that, Leng Ruoxue left the tent with everyone, planning to wait outside for the dragons to arrive.

After exiting the tent, they found a random place to sit down and even looked up at the sky from time to time.

A moment later, a group of dragons flew over from the north of the sky. The leader of the dragons was huge, covered in golden scales that were golden and bright enough to be a mirror. This dragon was a level eight Transcendent Divine Beast, and the clansmen that came with it were almost level eight and nine Transcendent Divine Beasts. There were nearly a hundred dragons in this group.

Leng Ruoxue looked at the dragons approaching them and thought to herself, The strength of the dragons should be about the same as the Phoenix Clan, but the dragons were two times that of the Phoenix Clan. Well! It seemed that the dragons could still give birth!

The dragons had already descended in front of them while she was letting her imagination run wild.

### **Chapter 745: You Infringed On The Rights (1)**

After the lead Golden Giant Dragon descended, its huge dragon eyes kept looking around, calculating in its heart, Why are the Leng family here? Could Leng Ruoxue really be related to the Leng family?

Well, it would be a little troublesome if that was the case. One had to know that their emperor had warned the dragon race not to provoke the people of the three major super families more than once. Therefore, it couldn’t help being a little conflicted when it saw the Leng family present.

“May I know who you are from the dragon race?” a Mystic Supremacy in the Leng family team asked. Alas! Why did they meet the dragon race here? One had to know that the territory of the Phoenix Clan was not far away. It was said that the dragon race and the Phoenix Clan had no intimate dealings.

Could it be that someone in the family was foolish and offended the dragon race, so they came to denounce them? Well! These dragons were obviously here to seek revenge!

Thinking of this, his heart sank, and he became more and more worried. If the dragons were really here to seek revenge, just the dozen of them would probably not be enough to fill the gaps between their teeth! Alas! How was this good!

“Long Hui, the Fifth Elder of the dragon race,” the golden dragon said arrogantly. Then its golden red dragon eyes kept looking at the Leng family and Leng Ruoxue. Well! It was easy to recognize the Leng family’s clan emblem on their bodies, but not on some others. Moreover, it could smell the aura of the Phoenix race on those people, so it was very easy to confirm that the other party was its target.

“Hello, Fifth Elder. I’m the Leng family’s Guardian, Yin Liang! May I know why Fifth Elder is here?” Yin Liang asked curiously.

“Guardian Yin, are you together?” Long Hui pointed at Leng Ruoxue and the Leng family.

“Uh!” Yin Liang was thinking about how to answer this question, but someone rushed to answer.

“Of course not. We are the noble Leng family. How can we be together with people of unknown identity!” Leng Ruxuan interrupted. She even glanced at Leng Ruoxue and the others provocatively.

Long Hui was overjoyed when he heard that they were not together! After all, he was unwilling to provoke the Leng family if possible.

“Miss Xuan, you talk too much!” Yin Liang said with some displeasure. In his opinion, Leng Ruxuan’s behavior just now was really embarrassing for the Leng family. He secretly glanced at Leng Ruoxue and the others while he was at it but found that their expressions were still as usual. Alas! The

difference! Among the younger generation of the Leng family, only the young master, Leng Wudi, could do it. There was no other decent one. However, this was also beneficial. At least the young master’s status was very stable.

“I’m just telling the truth,” Leng Ruxuan whispered aggrievedly.

“Guardian Yin, I’m here to look for them. Please leave immediately since you’re not together!” Long Hui pointed at Leng Ruoxue and the others and reminded them.

“Grandpa Yin, let’s go quickly! This place is too dangerous!” Leng Ruxuan said hurriedly. She was very afraid of these dragons, but she knew that as a member of the Leng family, the dragons would not touch her as long as she didn’t anger the dragons! However, she was under a lot of pressure staying by these huge beasts! Therefore, she really wanted to grow a pair of wings and fly far away from here now!

“shut up!” Yin Liang said resentfully. Hmph! How could the Leng family be so cowardly!

“Grandpa Yin, let’s leave quickly!” Leng Ruxuan pleaded again. Boohoo.... She didn’t want to be implicated by others. Those dragons were obviously not to be trifled with. Moreover, the dragon might on their bodies made it difficult for her to breathe.

“Miss Xuan, you’re the one who wants to camp here,” Yin Liang reminded her.

"I know, but I don't want to stay here anymore. Let's leave this place quickly," Leng Ruxuan said anxiously. She was really afraid that she would become the punching bag of those dragons if she stayed any longer!

"Guardian Yin, listen to this young lady. You should leave quickly! I have some scores to settle with them, so you should avoid them," Long Hui reminded very kindly. Blades had no eyes. It didn't want to accidentally injure the Leng family, so the best way was to let them leave by themselves.

"Grandpa Yin, let's go quickly. What are you waiting for? Hurry up and pack up," Leng Ruxuan ordered directly.

"Miss Xuan!" Yin Liang was a little displeased with Leng Ruxuan's presumption.

"Guardian Yin, don't forget that I am the young lady of the Leng family. You are just a Guardian of the Leng family. The purpose of your trip is to protect us siblings. If anything happens to us, you will be held responsible." Leng Ruxuan raised her status as the young lady of the Leng family.

Her parents had reminded them repeatedly to listen to the three Guardians and not to contradict them before they came, and the siblings had been very respectful to these three along the way. However, it concerned their safety now! Therefore, she couldn't let them do whatever they wanted! Hmph! She wanted them to know that she was the daughter of the Leng family now, and the others, including the three Guardians, were only servants of the Leng family!

"Let's do as Miss Xuan says!" Yin Liang said furiously. Then he flicked his sleeves and left while the other two Mystic Supremacies followed closely behind.

"Everyone, follow quickly," Leng Ruxuan hurriedly shouted to the others when she saw Yin Liang and the others leave first. Then she pulled her elder brother along.

After sending the Leng family away, Long Hui's gaze turned to Leng Ruoxue and the others and asked, "Are you Leng Ruoxue?"

"Would you believe me if I said no?" Leng Ruoxue asked instead of answering.

"No," Long Hui said confidently.

"Then why are you asking!" Leng Ruoxue said impatiently.

"Hmph! In that case, die!" Long Hui was angry, and the consequences were serious.

"Wait, I don't want to be a fool. You have to tell us why before you kill us, right?" Leng Ruoxue's beautiful face was full of question marks.

"Because you killed Feng Yun, and I'm here to avenge her," Long Hui said with hatred.

"Feng Yun? Could you be her adulterer?" Feng Da laughed fearlessly..

**Chapter 746: You Infringed On The Rights (2)**

“shut up! I’m not an adulterer!” Long Hui glared at Feng Da through gritted teeth. Damn, how did I look like an adulterer? I like Feng Yun!

“Feng Xian is your child?” Feng Wu suddenly asked.

“That’s right!” Long Hui said with a face full of hatred. Damn humans, they killed its wife and children. Hmph! It had to avenge them.

“Long Hui, don’t you know that dragons and phoenixes can’t marry each other?” Feng Wu said with displeasure. In order to maintain the purity of their bloodline, the members of the Phoenix Clan had never married outsiders, especially dragons!

“Hmph! So what? We even have a child,” Long Hui said provocatively. It would have reunited with the Feng Yun family long ago if it weren’t for the broken rules of the Phoenix Clan! Therefore, it hated the people of the Phoenix Clana little.

“You...” Feng Wu was so angry that she couldn’t say anything. Hmph! Dragons were so shameless!

“Fifth Elder of the dragon race, attack since you’re here for revenge!” Leng Ruoxue didn’t want to talk nonsense with them after knowing the answer she wanted and urged bluntly.

“Hmph! Leng Ruoxue, die! None of you can run away today!” Long Hui said confidently.

“Yes, that’s what I want to say too. I’ll let your family reunite,” Leng Ruoxue promised. Well, she couldn’t stop them since they wanted to take revenge. However, she also didn’t want to die, so there could only be one winner among them!

“Go, kill these humans!” Long Hui was furious when he heard Leng Ruoxue’s words! Then he ordered his subordinates directly.

“Yes, Fifth Elder,” the dragons answered loudly. The deafening voice sounded in Leng Ruoxue and the others’ ears, making their eardrums hurt.

“Tch, so what if you have a loud voice? We’ll still beat you up badly. You dragons! I’m afraid you won’t be able to return!” Feng Da teased with a chuckle.

“Miss, should we still contract these dragons?” Cheng Wu asked with shining eyes. Well, he already had a phoenix. How awesome would it be if he had another dragon as a contract beast! He thought happily.

“Anything, Sell them if you’re not interested. Well, with the strength of these dragons, they should be able to sell for a good price.” Leng Ruoxue’s beautiful eyes kept looking up and down at the dragons as she spoke, as if she was measuring their true value.

“Damn it, you’re dead meat!” A certain dragon was provoked by Leng Ruoxue’s gaze and roared uncontrollably.

“Do it! Remember! Don’t waste the dragon blood and dragon scales. I’m useful!” Leng Ruoxue reminded her before the fight began.

“Okay!” Cheng Wu and the others answered. Then they collectively flashed their beasts with a swish. The appearance of many Phoenixes dazzled the huge dragon eyes of the dragons. At the same time, it did not stop them from being dumbfounded.

Uh! What’s going on? These Phoenixes look so familiar! The dragons were puzzled.

“Damn it, how dare you betray Yun’er!” Long Hui was furious as he looked at the Phoenixes that appeared in front of him! Because these Phoenixes were Feng Yun’s trusted subordinates! It had a close relationship with Feng Yun, so it was very clear about her subordinates. Hmph! These traitors. Yun’er was

dead, but they had no backbone to rely on the enemy. It was really too despicable.

Unfortunately, Long Hui’s words didn’t receive any response. In fact, the phoenixes were also aggrieved! After all, they didn’t recognize him as their master willingly, but now that the entire Phoenix Clan had become his, and they had signed a ‘master-slave contract’ with these humans, they naturally had to stand on their master’s side!

“Fifth Elder Long, this is called recognizing facts,” Leng Ruoxue provoked with a light smile.

“What are you waiting for? Hurry up and attack!” Long Hui was so angry that he was about to vomit blood as he roared at his subordinates.

“Fifth Elder isn’t calm anymore!” Cheng Wu said understandingly. Then he gave Feng Da and the others a look and attacked first.

The two sides quickly engaged in a chaotic battle

Cheng Wu and the others were agile and kept shuttling between the dragons, so they quickly confused the huge dragons! Well, those dragons were too big, so it was really too easy to attack them.

“Howl!”

“Ouch! Who poked my butt!”

“Damn it, you despicable humans!”

Screams and curses sounded at the same time. Cheng Wu and the others played with these immobile dragons with just a small dagger. At this moment, the dragons really hated their huge bodies. Boohoo... They should have shrunk a little if they knew. They originally returned to their largest state mainly to give these humans a psychological threat, but who knew that they actually hindered their movement now. Moreover, they would immediately collide with their companions’ butts as long as they turned around

In contrast to the depressed dragons, Cheng Wu and the others were in a very happy mood. Moreover, they hadn’t even used their mystic techniques yet. They only stabbed these dragons from time to time, let out some blood, and went for scales. Hehe! There was no need to mention how satisfying this

fight was!

“Damn it, what are you doing!” Long Hui, who was watching the battle by the side, almost vomited blood when he saw the situation in front of him, Alas! Weren’t these dragons usually quite powerful? Moreover, they could be considered the elites of the clan. Why were they so faulty today! He felt that he

had lost all his face!

“Fifth Elder, this place is too small. We always crash!” a dragon that had just been stabbed said aggrievedly. Boohoo... They were really depressed to death! This was the first time they fought so cowardly after living for so long!

“Can’t you fly? Growing wings is just for fun!” Long Hui scolded, and the golden dragon scales were so angry that their color changed a little.

The dragons were even more depressed when they heard Long Hui’s words. Boohoo... Did they think they didn’t want to fly? These humans were bleeding and removing scales for them while the Phoenixes were staring at them from above!

“ant”

With several screams, dragon scales that were larger than a washbasin fell to the ground like paper... At this moment, Leng Ruoxue also moved her beasts out of the bracelet.

### **Chapter 747: You Infringed On The Rights (3)**

The transmogrified beasts immediately went straight for the dragon scales as soon as they emerged. Immediately, they saw palm-sized little beasts dragging dragon scales that were dozens of times larger than their bodies, shuttling back and forth between the battlefield and Leng Ruoxue

“Hehe, lass! They cooperated well!” The little old man smiled happily with his eyes curved when he saw this situation, Well! So many dragon scales could refine a lot of equipment!

“Yes, who will be the fifth elder of the dragon race belong to?” Leng Ruoxue looked at the angry Long Hui and asked with a light smile.

“Of course it’s mine! A dragon’s skin is so thick and isn’t suitable for girls! Therefore, you just have to rest by the side. Leave that old dragon to me!” Empty said matter-of-factly. Well! A dragon’s skin was rough and thick, so it should be more resistant to beatings!

“Alright!” Leng Ruoxue said helplessly. Alas! Seeing that Empty was so excited, the battle this time probably had nothing to do with her and the freak. However, such an opportunity should still appear in the future, so she was not very anxious.

“Tm going.” Empty heard Xue’er’s words and ran to Long Hui without delay, afraid that she would regret it. Then he looked at it provocatively and said, “I hope you can take a beating!”

With that, he directly punched at Long Hui, his fist containing light blue mystic energy.

“Uh! When did Empty use his fist?” Leng Ruoxue looked at the freak with a face full of question marks.

"I don't know!" the freak replied with a face full of innocence. Boohoo... Damn Empty, he actually infringed on rights. His fist was his specialty! However, the power of his fist was incomparable. After all, he used darkness-attribute mystic energy, and the non-attribute was water-attribute. Even though water-attribute mystic energy could also attack, the effect was much worse than the dark-attribute.

While the two of them were chatting, Empty had already beaten Long Hui up badly on the battlefield. Moreover, he kept muttering, "Hmph! A lecherous dragon who doesn't learn to find a female dragon actually seduced a phoenix. Dragon slag! I'll beat you to death!"

"Yes, beat it to death!" Feng Wu, who had been watching the commotion, shouted in unison. Then she couldn't help joining the battle. However, she went to scrape Long Hui's scales. Moreover, more than half of the scales on Long Hui's body disappeared in the blink of an eye, and blood kept seeping out of his wounds

"Ouch!" Long Hui screamed in pain, but it still couldn't stop the scales from abandoning it. It was simply heartbreaking!

"Feng Miao, is your mother so violent too?" Leng Ruoxue, who was not far away, was a little dumbfounded. Well, she had always thought that this was a phoenix with an elegant temperament. She didn't expect her to be so violent!

"No, my mother rarely gets so excited. Uh! I think she slept for too long, that's why she wants to exercise!" Cold sweat dripped down Feng Miao's forehead, and she thought, Mother! Your image as a virtuous lady is all ruined today!

"Oh! Should I summon those old phoenixes and let them exercise too?" Leng Ruoxue murmured to herself.

"Miss, if the ancestors all come out, then these dragons won't have a way out," Feng Miao said with a face full of black lines. Those ancestors! They were all battle maniacs, so it was better not to let them out for no reason lest they cause trouble. She couldn't help muttering in her heart. However, she didn't dare to say this. Otherwise, if those ancestors who had lived for countless years knew, they would definitely pluck all her hair and cook her up!

"That's true!" Leng Ruoxue nodded and gave up on this idea. Then she turned her gaze to the battlefield.

"Bang! Bang! Bang!" After a few loud bangs, the dragons reacted like dominoes and overlapped on the ground one after another. Moreover, every dragon was covered in wounds, and more than half of their scales had fallen.

Empty, who was beating Long Hui up, turned back to look at the situation behind him when he heard the sound. Then he beat Long Hui up fiercely a few times, and Long Hui, who had no power to fight back, collapsed weakly on the ground

"That's it? How useless!" Empty kicked Long Hui and said with slight dissatisfaction. Alas! It was really too disappointing.

Long Hui, who was lying on the ground with no intact skin and no strength at all, vomited a mouthful of blood in anger after hearing Empty's words. Then he fainted with his eyes wide open!

"You infringed!" The freak said very seriously to Wayless, who had returned to their side but obviously hadn't had enough.

"Uh!" Empty was stunned and speechless.

"What a waste! What a waste!" the little old man said with a face full of pity as he looked at the dragon blood that spurted onto the ground.

"It's okay. We've already collected a lot of dragon blood today," Leng Ruoxue said nonchalantly. Well! We've profited this time!

"Lass, what should we do with these dragons?" The little old man looked at the dragons on the ground with a headache and thought, These dragons are taking up some space!

"You must have contracted!" Leng Ruoxue said and then directly domesticated the dragons lying on the ground. Of course, Long Hui was an exception! She could let these small fries go, but she would not let their heads go!

After training Leng Ruoxue, Leng Qingtian and the others each found a relatively pleasing dragon and signed a 'master-slave contract'. After the contract was completed, they each stored them in the beast space. After the dragons on the ground disappeared, their vision became spacious again.

As for the unconscious Long Hui, since Leng Ruoxue had decided not to keep it, it naturally became the snacks of the pythons again. This time, it could be considered a family reunion.

After settling all this, Leng Ruoxue left with everyone

Leng Ruoxue and the others were sitting on the little peacock's back on the way to the dragon race.

"Miss, I heard that the dragon race is very rich!" Feng Da said with a smile. Well, since the dragon race came knocking on their door, of course they couldn't refuse!

"Feng Da, dragons love shiny things the most, but those things are not very useful to us," Leng Ruoxue said very disappointed. In her opinion, the taste of dragons was really too poor. It was fine even if you collected some crystal cores of Transcendent Divine Beasts! At least they contained spiritual

energy, but only those good-looking but useless gems. However, those gems might be able to be sold for a price if they were sold.. After all, not liking them did not mean that other women did not like them either!

## **Chapter 748: Black Mist Cliff (1)**

"That's true!" Feng Da scratched his head shyly.

"Master, dragons of the dragon race can definitely sell for a good price on the Boundless Heaven Continent," Lin Yuan reminded.

“Tch! Of course! However, we don’t lack money now, so it’s not too late to sell when we can’t take the blame.” Feng Da patted Lin Yuan’s head gently.

Everyone chatted and laughed along the way. The dragon race was their destination. Hmph! The dragon race came knocking on their door. Wouldn’t they be wasting the dragon race’s good intentions if they didn’t accept it?

“Miss, we can’t fly forward anymore,” the little peacock suddenly said while flying.

“What’s wrong in front? Why is there so much fog?” Leng Ruoxue frowned in puzzlement. Moreover, the fog was grayish-black and poisonous gas filled the air.

“Master, we should be at Black Mist Cliff,” Feng Wu said after some thought. Black Mist Cliff was a necessary route to the dragon race, so they had to pass through this place if they wanted to reach the dragon race. Otherwise, they could only return the way they came.

“Black Mist Cliff?” Leng Ruoxue carefully searched for information about this Black Mist Cliff in her mind.

Black Mist Cliff could also be considered a strange place on the Boundless Heaven Continent. Below the cliff was a bottomless abyss, and the sky ten thousand meters above the cliff was even suffused with poisonous fog. If one wanted to go north from this Black Mist Cliff, they had to pay a high price.

Otherwise, no one could think of going there.

It was said that this Black Mist Cliff was the territory of the Black Mist Stronghold. The people of the Black Mist Stronghold were not afraid of these poisonous fog, They would allow others to pass through this place as long as they satisfied their conditions. Otherwise, they could only return home.

The origin of this Black Mist Stronghold was very mysterious. No one even remembered when they occupied this place. However, whenever someone wanted to pass through this place, the people from the Black Mist Stronghold would appear and propose conditions. They would send you there safely as long as you could do it.

“Miss, looks like we have to land,” Feng Wu whispered.

“Okay.” Leng Ruoxue nodded. Since they were passing by this place, they should do as the Romans do! No antidote pill could be used here! A special herb was needed to dispel the poisonous fog here, and this herb could only grow under the Black Mist Cliff.

The little peacock hurriedly descended upon hearing this. Then it panted heavily. Boohoo... The poisonous fog was so powerful that it found it difficult to breathe from so far away.

“Miss, what should we do now?” Feng Da said with a slight headache.

“Find the people from the Black Mist Stronghold to bring us there,” Leng Ruoxue said after some thought. She didn’t know what the price would be, but she didn’t want to take the risk before she had absolute confidence in bringing everyone there safely. Moreover, this was a place that had to be passed to

go to the north of the Boundless Heaven Continent. Presumably, the people from the Black Mist Stronghold wouldn't propose any too excessive conditions. Otherwise, this Black Mist Stronghold would probably have become the public enemy of the continent long ago. If that was the case, they would probably be unable to be carefree even with these poisonous fog protecting them!

"Where are the people from Black Mist Stronghold?" Everyone jumped down from the little peacock's back, their shrewd eyes searching everywhere. The little old man was calm and looked like he had nothing to do. Well, it was time to test their vision.

Leng Ruoxue looked up at the faintly discernible plaque in the gray-black fog not far away and smiled gently. Then she walked to the bottom of the plaque and stretched her hand in. Finally, she found a button on the left wall and pressed it.

"There's no need to look. I've already contacted them," Leng Ruoxue said with a light smile.

"Uh!" Feng Da and the others were stunned, thinking, Miss is so fast!

A group of people walked out of the thick fog not long after Feng Da and the others returned to their senses. There were about ten people in this group, and each of them was above Mystic Sovereign. Moreover, their auras were restrained, and their expressions were calm. It would really be difficult to notice their low profile if they didn't often hide their strength!

"We want to pass through here," Leng Ruoxue said bluntly after seeing this group.

"Yes, as long as you can fulfill our conditions," the man leading the group said with a very friendly attitude. Even though these people's strength were all Great Mystic on the surface, it was suspicious to have so many Great Mystics gathered together. Moreover, there were crouching tigers and hidden dragons on the Boundless Heaven Continent. Therefore, they would also treat them politely even if the other party was only a small Mystic. After all, who knew if they were pretending to be pigs to eat tigers! There were many people who liked to hide their strength in this world!

"What conditions?" Leng Ruoxue asked curiously.

"There are two ways to pass through Black Mist Cliff. The first is to pay, and the other is to complete our mission," the leader said with a smile.

"It will be ten million purple coins per person. If you choose to take on missions, you only need to complete three of our missions, before you will all be able to pass through here safely," the leader added.

"Ten million? You're robbing money!" Feng Da's forehead was full of black lines. He couldn't help shouting. If each person was paid ten million, the money that Miss had worked hard to save would be reduced by more than a billion in an instant! This Black Mist Stronghold was really too evil. He originally thought that the Shadow City was already dark enough, but compared to this Black Mist Stronghold, it was basically a small house seeing a big house!

“Isn’t there another choice!” the leader said without anger. In fact, he didn’t care about Feng Da’s reaction at all. He had seen many people after guarding Black Mist Stronghold for so many years! There were many people with more intense reactions than Feng Da, so Feng Da’s reaction was really nothing.

“Tell me about your mission too!” Leng Ruoxue said after some thought. For some reason, she had a feeling that the Black Mist Stronghold collecting money was just a cover for them to complete their mission.

“Miss, our missions are all here. You can choose two from them to complete, and the last is the designated mission. If you complete all three missions, not only will you be able to pass Black Mist Cliff safely, you will also become guests of our Black Mist Stronghold in the future,” the leader explained.

Then he took out a beast hide scroll from his ring and handed it to Leng Ruoxue..

### **Chapter 749: Black Mist Cliff (2)**

“Oh!” Leng Ruoxue took the hide scroll, opened it, and looked at it. Then she handed the hide scroll to the little old man.

The little old man took the hide scroll curiously and browsed through it. After reading, he couldn’t help widening his eyes because the difficulty of the mission on it was really abnormally high!

“Master, what mission?” Zheng En asked curiously.

“Take a look for yourself!” The little old man handed the beast hide scroll to his disciple and began to think. In fact, he knew the rules of the Black Mist Stronghold. However, he hadn’t come here often. Moreover, if he wanted to pass through this place, he would basically have to pay directly. The others who wanted to pass through this place to the north should be similar to him.

After all, everyone who could afford to go to the north was not short of money. Therefore, there was naturally no need to waste precious time. Therefore, he really didn’t know that the mission of Black Mist Stronghold was actually so stringent. Alas! How many people could complete such a mission! It seemed like paying would save a lot of trouble! However, they seemed to have more people. This would cost a lot of money! Thinking of this, his heart ached a little.

Zheng En took the mission and looked at it, but his eyebrows were locked tightly, making Feng Da and the others’ hearts turn cold, and they were even a little at a loss.

“You can discuss whether to pay or do the mission,” the leader said with a friendly smile.

“Okay, please wait a moment.” Leng Ruoxue communicated via voice transmission.

“Lass, you have to think carefully! It might be a little too much, but it’s not difficult. This mission is really too dangerous,” the little old man reminded helplessly. In fact, he knew that Xue’er had long decided that the discussion was only for outsiders to see.

“Grandpa Du, don’t worry. I know what I’m doing, In fact, I want to go to the bottom of the cliff to take a look even without this mission. This thick fog is really strange,” Leng Ruoxue comforted with a voice transmission. She was originally thinking of ways to go to the bottom of the cliff openly! After all,

if she wanted to cure the poison in the thick fog, she had to use a herb here. That herb grew at the bottom of the cliff and happened to be a type of mission, so this mission was the most suitable for her.

“It’s good that you know.” The little old man sighed helplessly.

“Okay.” Leng Ruoxue directly said to the man leading the group after communicating with everyone, “We don’t have money to do missions.”

“Okay.” The leading man smiled. In fact, he was very happy! Hehe, it had been thousands of years. It was really not easy to meet someone who was willing to do missions!

“There are two missions to choose from here, right?” Leng Ruoxue pointed at the hide scroll.

“Okay.” The leader nodded.

“Then I choose these two.” Leng Ruoxue pointed at the last two missions on the hide scroll.

“Are you sure?” The leading man looked at the mission and then looked at Leng Ruoxue with slight surprise. He thought to himself, This young girl really impressed him! Because not only were the two missions she chose not the easiest among the dozens of missions, they were the two with the highest difficulty. In order to complete these two missions, strength, guts, and luck were indispensable!

“Yes, but I want to know what protection can you provide me if I go down to the bottom of the cliff?” Leng Ruoxue asked curiously. Well! If she could go to the bottom of the cliff, the thick fog would be nothing to them, so she felt that these people had to provide them with some antidote pills and the like!

Otherwise, they would probably faint from the poison before they could continue waiting.

“Haha, if you choose other missions, you will definitely have to rely on yourself to complete them. However, these two missions! We will provide you with a few antidote pills, but you have to complete the mission in 24 hours. Otherwise, the antidote pills will be ineffective,” the leader said with a smile, but he couldn’t help but sigh in his heart. Well, this girl was really smart. It seemed that not all beautiful women were brainless.

“Okay. When do we begin the mission?” Leng Ruoxue asked.

“Tomorrow morning! You can stay here for the night today and discuss which few people will go down to the bottom of the cliff. After all, we can only provide five antidote pills,” the leader reminded.

“Okay.” Leng Ruoxue nodded.

“Erm... Do we need to spend money to stay here?” Feng Da couldn’t help asking. Well, these people were too evil! Therefore, it was better to ask clearly.

“Haha! Don’t worry. Since you’ve chosen to do the mission, our Black Mist Stronghold won’t take a single cent from you! Don’t be afraid!” the leading man comforted.

“OR, BBSREF! SAIS.

“Then follow me into the village!” The leading man made an inviting gesture and was about to bring Leng Ruoxue and the others in when he was interrupted by an displeasing voice.

“Wait! We want to enter the village too!” A delicate shout suddenly sounded in Leng Ruoxue and the others’ ears.

“Do you want to stay too?” the leader asked with slight displeasure. In fact, he had just discovered the traces of these people. However, these people seemed to want to fish in troubled waters. Well, this couldn’t do!

“Of course.” The person who spoke was a woman who looked to be in her early twenties. She was very beautiful, but her face was full of arrogance and she was looking at the man leading the group with a condescending gaze.

“Yes, a hundred million purple coins per night.” The leader said calmly.

Upon hearing this, Feng Da and the others couldn’t help but drip several drops of cold sweat on their foreheads. They thought, This is really extraordinary black! Fortunately, they didn’t need their money. Otherwise, the money they had worked so hard to save would probably all be taken advantage of by Black Mist Stronghold.

“What? You’re ripping us off! Why can they not charge us a hundred million purple coins each?” the young woman said with displeasure, her beautiful face a little deformed from anger.

“Hehe! This is the rule of our Black Mist Stronghold. If you want to go directly, you just have to pay ten million for each person’s travel expenses. If you want to stay in the inn! Of course, you have to pay ten times the price. Of course, you can also do missions if you don’t have money. Moreover, once you choose a mission, food and lodging are all free! You can discuss it. Our Black Mist Stronghold is famous for being honest with everyone,” the leader said good-naturedly..

### **Chapter 750: Black Mist Cliff (3)**

“Miss, let’s pay and go home quickly! Old Master is still waiting at home!” the guard beside the young woman reminded softly.

“No, how can we be looked down upon?” the young woman said indignantly. Hmph! Why could others stay for free while they had to pay! This was too unfair!

“So Miss chose to do the mission!” the leading man said understandingly, but he couldn’t help sighing in his heart. Alas! What an ignorant young lady.

“Twant to choose the same mission as them.” The young woman pointed at Leng Ruoxue and said with a face full of jealousy. Hmph! How can this woman be so beautiful? She’s really infuriating!

“Miss...” The guard beside the young woman wanted to stop her, but the words he was about to say were scared away by the woman’s gaze.

“Are you sure? Miss, don’t blame me for not reminding you. The mission they chose is very dangerous. If they can’t complete it, they will probably stay inside forever,” the leading man said very implicitly. Well, he didn’t think highly of the team later.

“Hmph! How can a mighty Mystic Monarch like me not dare to accept a mission that even a Great Mystic dares to accept? Moreover, if there’s really danger, they will probably be the ones to die. We definitely won’t die,” the young woman said confidently.

However, her words angered Feng Da and the others. Damn, this woman looked decent, but why was her words so vicious!

Leng Ruoxue stopped them with a look when she saw Feng Da and the others rubbing their palms together, wanting to attack. Hmph! It was not that she did not want to teach this woman a lesson, but she felt that there was really no need to waste time on such a woman. These people would probably not survive until they reached the bottom of the cliff.

“Come in with me!” The man leading the group looked at Leng Ruoxue and the others mysteriously and said to the two groups of people. Then he led his subordinates in front to lead the way.

After passing through the thick fog, Leng Ruoxue and the others’ vision became clearer. Moreover, there was actually a completely different world behind the thick fog, and the scenery inside was even more beautiful.

“This place is so beautiful!” The young woman exclaimed as if she was ignorant.

“This is the only place on Black Mist Cliff where outsiders can stay. At the same time, it might be the last place you will live in this life,” the leader said with a light smile.

“What do you mean?” the young woman asked in puzzlement.

“Didn’t I say that we have to stay here if the mission fails! Well! In layman’s terms, the outcome of the mission failure is only death!” the leading man said.

“What!” The young woman was a little dumbfounded. She didn’t expect to die if she didn’t complete the mission.

“Miss, let’s pay and leave this place! I keep feeling that this place is strange,” the guard beside the woman advised again.

“It’s too late to pay now. Since you’ve chosen the mission, you can only complete it. Otherwise, you won’t be able to leave this place,” the man leading the team interrupted gloatingly. Alas! He had reminded this woman long ago, but she refused to listen and insisted on doing a mission like him! It was really hopeless!

“Miss, what should we do?” the guard said with a pale face. He had heard of the mystery of Black Mist Stronghold, so he was really a little afraid!

“To complete the mission, of course,” the young woman said with a slight headache. Alas! She knew that she was a little impulsive, but she just didn’t like that woman! Moreover, she didn’t believe that

she, a mighty Mystic Monarch, wouldn't be able to complete a mission that even a Great Mystic dared to

accept. Moreover, she had so many guards by her side! She couldn't help becoming confident with this in mind.

"Miss, Old Master is still waiting for you at home!" the guard reminded softly.

"What's the use of saying this now! Can we leave without completing the mission after coming in?" the young woman roared furiously.

"Yes, that's right. Therefore, stay here and do the mission with ease!" the man leading the team said happily. Hehe, no one had been willing to do the mission for thousands of years. Two groups actually came today. One was only to make up the numbers, but it was better than none! Therefore, he was very satisfied today!

With that, the man in the lead got someone to arrange residences for Leng Ruoxue and the woman, and then he went about his business.

Leng Ruoxue and the others lived in an independent yard that was planted with unknown bright red flowers. Moreover, they were the only house in the huge place. They didn't know where the woman had been arranged to.

"Xue'er, I have a question that I don't understand," Leng Qingtian said with a face full of question marks after casually finding a place to sit down in the yard.

"Grandpa, what problem?" Leng Ruoxue asked in puzzlement.

"Xue'er, isn't there poison in the fog of Black Mist Cliff? Why didn't we feel anything when we walked in?" Leng Qingtian was very puzzled. They had passed through a thick fog when they entered Black Mist Stronghold, but they didn't feel any discomfort! What was going on?

"Grandpa, we were brought in by the people from the Black Mist Stronghold. If something happens to us, won't the reputation of the Black Mist Stronghold be ruined? Moreover, I think they should have something that can avoid poison," Leng Ruoxue analyzed. In fact, any medicine had something that complemented and restrained it, like the Ten Thousand Root Grass at the bottom of the cliff. However, the Ten Thousand Root Grass had to be refined into a pill to restrain this poisonous fog, so the people from the Black Mist Stronghold should have other ways to avoid these poisons.

"Yes, that makes sense." Leng Qingtian nodded.

"Miss, that woman was too uncouth just now. She's really annoying, She actually snatched the mission from us," Cui Zhu said indignantly, her cute little face bulging with anger.

"So be it! We're not the only ones who can do missions." Leng Ruoxue gently pinched Cui Zhu's face and said nonchalantly. The two missions she chose were the most difficult among all the missions. Even she didn't dare to say that she was absolutely confident that she could complete them before she

descended to the bottom of the cliff. Moreover, that woman didn't even know what the missions were. Wouldn't she be courting death if she wanted to snatch them from her! However, she didn't have any sympathy for such a woman with poor judgment.
