

## Crazy Wife 771

### Chapter 771 Proud Cold City (1)

“How can you not know?” Long Yu roared. This golden dragon was of the same race as him, so it was not stressed when it roared.

“I was still young at that time. I picked up the emperor in the clan, so I don’t know who its parents were,” the First Elder said very honestly with an innocent face.

“Oh! Is that so! That’s no wonder!” Long Yu sighed softly. Then he looked at Long Hao with slight heartache in his eyes. Alas! Poor child, it actually didn’t even know who its parents were. However, it was okay. He would definitely take good care of it in the future.

“Master, I want to go back,” Long Hao said to Leng Ruohan fearfully. The old dragon’s gaze made its hair stand on end. It now regarded the old dragon with ambiguous eyes as a strange uncle!

“Okay.” Leng Ruohan nodded helplessly and then stored his frightened beast back into the beast pet space.

“I’ve decided!” Long Yu looked at the disappearing Long Hao and said loudly.

“Uh! What have you decided?” Feng Zhan asked in puzzlement. Well! The dragons were a little out of line, acting as they pleased.

“I’ve decided to acknowledge him as my master.” Long Yu pointed his huge paw at Leng Ruohan.

“Old man, you just said that you won’t recognize humans as your masters!” Feng Zhan said mockingly.

“Times change! That was just now. I want to acknowledge you as my master now,” Long Yu said nonchalantly. Well! He had to take good care of the future emperor of the dragon race.

“Big Brother, are you sure?” The other dragons beside Long Yu couldn’t help asking softly.

“Of course I’m sure. Do you think it’s easy for the dragon race to produce a purple-gold dragon emperor!” Long Yu said excitedly.

“Alright, we’ll listen to Big Brother,” the dragons said.

“Old Long, you can recognize my brother as your master, but if the other dragons want to recognize you as their master, they can only look for others,” Leng Ruoxue reminded. Well! Her brother couldn’t take in so many dragons at once!

“Yes, it’s their own business which master they want to recognize. I won’t interfere,” Long Yu said very openly. He directly recognized the master and signed a ‘soul contract’ after speaking!”

The other old dragons each found a pleasing master and signed a contract seeing that Long Yu had already acknowledged them as his masters. However, what puzzled Leng Ruoxue was that not a single old dragon wanted to acknowledge her as their master? Uh! What was going on? She couldn’t understand.

“Say, why don’t any of you old farts recognize my master!” Feng Zhan asked Leng Ruoxue’s question.

“Tch, we don’t want to be your master,” the dragons said in unison.

“That’s good. I don’t want to be the same master as you stupid dragons either,” Feng Zhan retaliated nonchalantly.

“Damn old Phoenix, who did you say is a stupid dragon?” Long Yu’s temper rose again. Both sides glared at each other, about to start fighting again at any moment...

“Fight quickly. We can leave this place after fighting,” Leng Ruoxue urged. Well! They couldn’t intervene since both sides were considered their beasts. With this in mind, she left the battle circle with her subordinates.

“Uh! Lass, we won’t fight anymore,” Feng Zhan said hurriedly. Then he secretly glared at Long Yu. Damn old thing, its claws were really heavy just now. It had lost a lot of feathers. It would definitely become a bald bird if it continued fighting! “Yes! We won’t fight anymore,” Long Yu said hurriedly. The dragon scales on its body were still in pain! Both sides would really suffer if they continued fighting. “Are you sure?” Leng Ruoxue raised her eyebrows slightly and asked lightly.

“Yes, yes.” The old dragons and the old phoenix nodded in unison.

“Alright. Hurry up and pack your things since we’re not fighting anymore. We’ll leave this place later,” Leng Ruoxue reminded.

“Yes,” Long Yu and the other dragons said. They had long seen that their masters followed this girl’s lead, so her words were more effective than their master’s!

The dragons nodded slightly at their masters and then flew back to the dragon race’s territory. Feng Zhan and the other old phoenixes also returned to their transmogrification form.

“Alas!” The old Phoenixes sighed as they looked at the feathers that fell to the ground.

Leng Ruoxue looked at the resentful old Phoenixes with some amusement. She took out a bottle of pills from the bracelet and threw it to Feng Zhan. After Feng Zhan took the pills, he hurriedly opened the bottle stopper and ate one. Then he distributed one pill to the other Phoenixes each. The remaining pills in the bottle were privately taken by it. Hehe, this pill was good stuff!

Before long, Long Yu and the other dragons returned with their things packed, and behind them were the juniors of the dragon race...

“Long Yu, are they leaving with us too?” Leng Ruoxue pretended to be stupid. “Yes!” Long Yu answered matter-of-factly. Could he leave his juniors here since his ancestors had left? He was worried!

“Well! They can follow me if they want, but I can’t afford to raise them. They have to pay for their living expenses,” Leng Ruoxue said as a difficult matter.

“Living expenses? How much do we have to pay?” Long Yu frowned and asked. Boohoo... Why were humans so greedy! Their dragon race was very poor!

“Xue’er, don’t make things difficult for them. They don’t look like they are rich. Why don’t you let them work for you?” Leng Ruohan pleaded.

## **XUE**

“Oh! Alright then! You can work to repay your debts for Big Brother’s sake,” Leng Ruoxue said very generously. “Thank you, Miss Leng,” the dragon patriarch and First Elder said very gratefully. Fortunately, they were willing to take them in. Boohoo...

Feng Zhan, who was watching the commotion by the side, couldn’t help laughing secretly in his heart when he saw the grateful expressions of the dragons. Hehe, these stupid dragons! He would probably have to count the money for them if he was sold by the girl! Leng Ruoxue glared at Feng Zhan. Then, with a thought, she stored the dragons and old phoenixes that did not recognize her in the bracelet...

“Eh? Where are our clansmen?” Long Yu was surprised to see his junior suddenly disappear.

“I put them away. I can’t let them wander the streets!” Leng Ruoxue said speechlessly.

### **Chapter 772 Proud Cold City (2)**

“Where did you put them?” Long Yu’s face was full of curiosity, but he couldn’t help thinking in his heart, how big must the beast pet equipment be to be able to store so many dragons!

“Uh! In a space,” Leng Ruoxue explained simply.

“Oh! Master, bring us into the beast pet space too!” Long Yu requested.

“Okay.” Leng Ruohan nodded and then stored Long Yu away. Feng Da and the others also stored their dragons in the beast pet space.

“Let’s go!” Leng Ruoxue pulled the freak to sit on the little peacock’s back after speaking. The others hurriedly sat up, and then the little peacock flew them out of the empty dragon race territory.

suddenly stopped and stared forward with its big watery eyes in confusion...

“Little Peacock, why did you stop?” Leng Ruoxue felt the little Peacock’s abnormality and asked in puzzlement.

“Miss, we’ve arrived at Black Mist Cliff. However, the thick fog and the poisonous gas have all disappeared,” the little peacock reported.

“Oh, then let’s fly there directly!” Leng Ruoxue ordered.

“Yes,” the little peacock answered and then flew directly over Black Mist Cliff... Three days later.

The little peacock brought Leng Ruoxue and the others to Shadow City again.

After Leng Ruoxue and the others entered the Shadow City, they went directly to the shop they had transacted last time, planning to purchase some herbs and refining materials.

The waiter immediately recognized them and welcomed them warmly as soon as they entered the shop.

“Miss Leng, welcome!”

“Are there any more herbs?” Leng Ruoxue asked bluntly.

“Yes, yes. A new batch just happened to arrive. Miss Leng, please wait for a moment. I’ll go get it now,” the waiter said hurriedly and then turned to leave. However, he was not going to the warehouse but the Shadow League’s camp.

“Xueer, could it be that the little waiter went to call for help?” Empty teased with a light smile.

“Why are we calling for thugs? We didn’t do anything bad,” Leng Ruoxue said innocently. She wouldn’t have come here again if it weren’t for the sake of purchasing herbs and equipment materials!

“Haha!” Empty smiled and didn’t say anything.

Soon, the waiter returned. However, two people appeared beside him. One was Yu Tian, and they knew the other.

“Haha! Miss Leng, long time no see. How have you been?” Yu Tian said with a face full of smiles. Alas! This little ancestor finally walked into the trap. Otherwise, he really didn’t know when he would be able to find her traces! He didn’t know where she had hidden these two years. He almost turned the entire Boundless Heaven Continent upside down, but he actually couldn’t find her!

“Very good,” Leng Ruoxue said lightly. “Miss Leng, do you want to purchase herbs?” Yu Tian tried to make conversation. Well! Leng Ruoxue’s attitude was really lukewarm, making him helpless!

“Yes.” Leng Ruoxue nodded.

“Miss Leng, what’s your current strength?” Yu Tian asked very curiously.

“Didn’t you see it? Great Mystic.” Leng Ruoxue said with a light smile.

“Uh!” Yu Tian was depressed. However, he couldn’t force her to tell him if she didn’t want to tell him! Moreover, he had to force her.

“Are the herbs ready?” Leng Ruoxue didn’t want to start a conversation, so she asked directly because she really didn’t know what to talk about with Yu Tian. After all, she was not familiar with the Shadow League in her eyes.

“Yes. Miss Leng, please take a look!” Yu Tian gave the waiter a look, and the waiter took off the ring on his hand and handed it to Leng Ruoxue.

Leng Ruoxue took the ring and sent her divine sense in to look at the herbs inside. Then she said directly, “Butler Yu, I want all these herbs. State a price!”

“I also ordered someone to prepare some refining materials for Miss Leng. One hundred million purple coins will do.” Butler Yu said with a smile. “Are you sure?” Leng Ruoxue took the other storage ring from the waiter and probed it with her divine sense. “Yes, we let Miss Leng down last time, so our Shadow Alliance decided to sell this deal to Miss Leng at the cost price,” Yu Tian said honestly. “You didn’t do anything wrong to me. We’re just on different sides,” Leng Ruoxue said nonchalantly. Then she continued, “I don’t want to take advantage of you. State a real price!”

She really didn’t dare to take advantage of him, especially since the target was the Shadow League.

“Miss Leng, we are very sincere,” Yu Tian explained.

“Butler Yu, the volume of transactions this time is about the same as last time, but the quality is better, so I’ll pay 50 million more purple coins than last time.” Leng Ruoxue said after some thought. “Alas! Alright then!” Yu Tian was a little helpless. However, he had no choice if they didn’t appreciate their goodwill! Thinking of this, he hated those stubborn old things again!

Na

After the transaction, Leng Ruoxue was about to leave with everyone when she was stopped at the door!

“Leng Ruoxue, stop right there!” Leng Wudi roared angrily. He didn’t expect this damn little thing to pretend not to know him. It was really infuriating. “What’s the matter?” Leng Ruoxue turned around helplessly, but she was complaining in her heart. Couldn’t the mighty young master of the Leng family pretend not to know a small character like her? She really didn’t want to have anything to do with the Leng family, especially after meeting the top-grade siblings last time. This thought was even stronger.

“Why are you pretending not to know me?” Leng Wudi questioned angrily.

“Oh! I’m sorry. You look a little familiar, but I really don’t remember who you are,” Leng Ruoxue lied through her teeth.

“You...” Leng Wudi was so angry that he couldn’t say anything. However, he was one hundred percent sure that this innocent-looking girl did it on purpose!

Leng Wudi took a few deep breaths to calm his depressed mood. Then he said, “Someone wants to see you.”

### **Chapter 773 Proud Cold City (3)**

“See me? Do I know him?” Leng Ruoxue blinked her beautiful watery eyes and asked curiously.

“Erm... Probably not!” Leng Wudi said uncertainly after some thought. “Oh! I won’t see you then. Grandpa said not to meet strangers,” Leng Ruoxue said obediently.

Darling granddaughter! You wronged me again! When did I say such things! Leng Qingtian, who was innocently shot, looked at his granddaughter resentfully, feeling depressed.

“He’s not a stranger.” Leng Wudi was angry.

“Anyone I don’t know is considered a stranger,” Leng Ruoxue said matter-of-factly. Then she gave her subordinates a look and everyone left tacitly.

Leng Wudi hurriedly followed...

Half a month later.

In an uninhabited forest.

Leng Ruoxue’s beautiful face was full of depression as she glared at the innocent Leng Wudi and asked helplessly, “Young Master Leng, how long do you want to follow me for?”

She had been depressed for the past half a month because Leng Wudi would follow them wherever they went. She found it strange that she couldn't shake him off. He might not be able to keep up with Feng Wu, but he would appear by their side in a few hours.

"I will always follow you unless you return to the Leng family with me," Leng Wudi said fearlessly.

"The Leng family is powerful and influential. A small character like me is really not suitable to appear," Leng Ruoxue declined very implicitly, even though it had been countless times. "You are a small character? Then wouldn't I be inferior to even dust?" Leng Wudi said with self-ridicule. In the Boundless Heaven Continent now, whoever dared to think that Leng Ruoxue was an unknown small character, he was the first to be anxious with that person. Alas! Compared to Leng Ruoxue and the others, he was probably that small character! "How can that be? You are the young master of the Leng family, one of the three major families," Leng Ruoxue said very seriously.

"Leng Ruoxue, there are no outsiders here anyway. Why don't you kill me to silence me? Otherwise, I definitely won't give up," Leng Wudi said very resolutely.

"Xue'er, let's go since Young Master Leng insists on us going back with him!" Leng Qingtian couldn't take it anymore and sighed helplessly.

"Xue'er, your grandfather agreed," Leng Wudi said casually

"Alright!" Leng Ruoxue nodded helplessly. After all, it was not good for Leng Wudi to keep pestering them like this.

"Let's go now!" Leng Wudi said impatiently. How could he still have the composed image of a noble young master with his anxious appearance now! To be precise, his good image had long disappeared in front of Leng Ruoxue and the others!

"What's the rush? We just had lunch," Leng Ruoxue said speechlessly.

"Alright then!" Leng Wudi answered softly. Boohoo... He really didn't have any status as the young master of the Leng family in front of these people! Soon, Leng Ruoxue and the others finished their meal and reluctantly followed Leng Wudi to the main city of the Leng family, Proud Cold

City...

They finally arrived at their destination after flying for nearly ten days.

Standing outside the tall and grand city walls of Proud Cold City, Leng Wudi asked with a face full of pride, "How is it? Our Leng family's main city is not bad, right?"

"So-so," Leng Ruoxue said without giving him any face.

"You'll know that it's extraordinary once you enter," Leng Wudi said mentally prepared.

"Oh! Then let's go in quickly! I'm sleepy," Leng Ruoxue urged. "Let's go in!" Leng Wudi said helplessly. Alas! He had been pestering them for nearly a month and had more or less understood Leng Ruoxue's habits, so he was already used to it.

"Okay." Leng Ruoxue and the others nodded and then entered Proud Cold City with Leng Wudi.

Proud Cold City was very prosperous. People came and went on the streets. Moreover, pedestrians greeted Leng Wudi very warmly when they saw him, and his signature smile hung on Leng Wudi's beautiful face.

"What a two-faced person." Leng Ruoxue looked at Leng Wudi and murmured softly. This fellow was a scoundrel in front of them, but in front of these citizens, he was so gentle, noble, and perfect. "In Proud Cold City, my every move represents the Leng family." Leng Wudi smiled bitterly after hearing Leng Ruoxue's words. Boohoo... It was so easy to be a young master! "I know. Find us a inn!" Leng Ruoxue reminded.

"No need. I've already arranged your residence," Leng Wudi said proudly.

"I don't live in the Leng family," Leng Ruoxue said.

"Okay." Leng Wudi nodded and then brought Leng Ruoxue and the others to a yard.

Leng Ruoxue looked up at the plaque outside the yard. There were two words engraved on it: Plum Garden.

After entering the 'Plum Garden', Leng Ruoxue was surprised to find that this Plum Garden was indeed as its name suggested. It was planted with all sorts of plum blossoms, and the air in the yard was even suffused with the fragrance of the plum blossoms. Not only that, every building in the garden was exquisite to the point of breathtaking, absolutely worthy of being called a work of art!

"Are you satisfied with this place?" Leng Wudi asked calmly as he looked at the expressions of Leng Ruoxue and the others.

"It's okay," Leng Ruoxue replied softly. For some reason, looking at the grass, wood, scenery, and things here made her feel a sense of *deja vu*. Was this too strange?

"It's good that you're satisfied. Have a good rest today. I'll visit you tomorrow," Leng Wudi said very thoughtfully. After speaking, he was about to leave when he heard a familiar voice outside the door. His heart couldn't help skipping a beat, and a bad premonition followed...

"Third Brother, how can you let an outsider stay in the Plum Garden?" An angry and unruly voice sounded in Leng Ruoxue and the others' ears. However, everyone was so calm that they didn't even turn their heads, still looking at the beautiful scenery in the garden with their backs facing her.

"Rumei, this is my business. When did I need you to tell me what to do?" Leng Wudi's face turned cold and he said with some displeasure.

### **Chapter 774 The Grand Elder (1)**

"Third Brother, did you forget that the Plum Garden is not for anyone to stay in?" Leng Rumei questioned with a face full of anger. She unintentionally saw Third Brother bringing a group of people she didn't know back to Proud Cold City on the streets today, so she followed secretly curiously. However, she didn't expect Third Brother to actually bring those people to the Plum Garden...

Plum Garden! That was the Leng family's best side yard, but it had always been uninhabited. Moreover, when she happened to break through to Great Mystic on her twentieth birthday, she wanted to take the opportunity to ask the patriarch's father for it. Who knew that her father actually didn't agree to her

request and even lied to her that the Plum Garden couldn't decide. Hmph! So her father was biased and left the Plum Garden to her third brother. Thinking of this, she felt hatred in her heart! The Plum Garden had the word 'Mei', and her name had the word 'Mei'. How suitable was it for her! However, she was now letting a group of outsiders stay. How could she choke down this anger!

"This is my business. You don't have to worry about it," Leng Wudi said impatiently. Then he dragged Leng Rumei out of the Plum Garden.

After Leng Wudi dragged Leng Rumei away, Leng Qingtian looked at the scenery of the Plum Garden and sighed. "Xue'er, it seems like the Leng family isn't very peaceful either!" "Grandpa, it's not strange for scheming in big families. It will naturally happen when there are many wives and children. Don't worry too much. We won't stay here for long," Leng Ruoxue comforted.

"Okay, Feng Da, find your own rooms to stay in!" Leng Qingtian ordered and then wandered around the Plum Garden alone. Leng Ruoxue, Ruohan, and the freak had been following behind him worriedly.

"Alas! Grandpa misses the Ling Feng Continent's home again," Leng Ruohan said in realization. "Ah! I remember now. Big Brother, don't you think that some of the decoration methods here are similar to our home in the Ling Feng Continent?" Leng Ruoxue couldn't help asking. No wonder she felt that there was a sense of familiarity here. It turned out that some of the decorations in this Plum Garden were in the same direction as their original home. However, the decorations were different. Moreover, she clearly felt the aura of refinement from these decorations, and this yard full of blooming plum blossoms must have used special means. Otherwise, it would be impossible to bloom so luxuriously in this season!

"Yes, and I seem to have seen in some of the family's records that a certain ancestor of our Leng family liked plum blossoms very much. However, our home in the Ling Feng Continent had been repaired several times, so the original plum tree had long disappeared," Leng Ruohan explained.

Leng Qingtian had already strode to the three of them and asked loudly, "Brats, why are you following me?" "Grandpa, we didn't follow you! We were also admiring the spring sunshine in the Plum Garden!" Leng Ruoxue said as if nothing had happened.

"Yes! Grandpa, we're also admiring the scenery," Leng Ruohan's handsome and invincible face blushed as he explained softly.

"Oh!" Leng Qingtian finally turned his gaze to the freak and looked at him indifferently without saying anything. "Grandpa, I'll accompany Xue'er," the freak hurriedly explained.

"Oh, Xue'er, are you done admiring the spring sunshine of the Plum Garden?" Leng Qingtian asked with a smile.

"Okay," the three of them answered softly.

"Do you feel anything?" Leng Qingtian asked expectantly. "No, the scenery is beautiful," Leng Ruoxue interrupted. "What else?"

"Gone!"

"How can it be gone? I vaguely heard someone say that this place is a little familiar just now." Leng Qingtian was a little angry.

“Grandpa, I didn’t say that,” Leng Ruoxue quickly denied.

“Me neither.”

Leng Ruohan and the freak quickly denied it.

“Don’t worry, I won’t be affected. There is indeed a shadow of our family here,” Leng Qingtian said lightly. He didn’t know about his grandchildren, but he remembered them very clearly. However, he also knew that this didn’t mean anything. After all, this was the Leng family’s property.

“Grandpa, don’t think too much. Let’s take things as they come. With our current strength, there’s absolutely no one who can force us, so let nature take its course,” Leng Ruoxue comforted. In fact, she had already guessed that it was most likely someone related to the Ling Feng Continent from the moment Leng Wudi said that someone wanted to see them. She might not want to see him, but she couldn’t avoid Leng Wudi’s pestering. However, if that person looked pleasing to the eye, there was no harm in dating him. If that person wanted to have any bad ideas, then don’t blame her for being heartless.

“Yes, Xue’er is right. Since we’re here, let’s take it easy. Let’s go get some food and then rest early to recover so that we can deal with the Leng family!” Leng Qingtian said with a face full of relief.

With that, the grandfather and granddaughter came to the garden together, and Feng Da and the others had already prepared food.

Everyone returned to their rooms to rest after dinner...

At the Leng family’s residence.

The Leng family’s main residence was located in the south of Proud Cold City. Moreover, the entire south belonged to the Leng family’s territory. Outsiders were not allowed to step foot here unless they obtained permission.

Leng Wudi dragged his half-sister back to the main mansion and went directly to the forbidden area in the back mountain. Leng Rumei naturally went to complain to the patriarch’s father, Leng Yimin, who loved her the most.

Leng Rumei heard that her father was in the meeting hall and ran directly here. However, she was stopped by the guards outside the door.

“I’m sorry, Eldest Miss. The patriarch is having a meeting with the elders. You can’t enter,” the guard said coldly and politely. “How dare you! Do you know who I am? How dare you stop me!” Leng Rumei’s temper rose. She had a belly full of anger at Leng Wudi just now but had nowhere to vent it. Now, she was stopped by a small guard, so the fire on her body ignited!

“You are not allowed to enter even if you are the most favored eldest daughter of the Leng family,” the guard said coldly. “How dare you! Guards, arrest him!” Leng Rumei roared and ordered the other two guards.

“Eldest Miss, please forgive us. This is our duty,” the other two guards replied neither servile nor overbearing.

## Chapter 775 The Grand Elder (2)

"You..." Leng Rumei was about to teach the three guards a lesson when the door of the meeting hall was suddenly opened and the Leng family's head butler walked out.

"Eldest Miss, the Patriarch invites you in." The Leng family's head butler's cold voice drifted into Leng Rumei's ears.

"Got it. Thank you, Head Butler. Hmph! Wait for me!" Leng Rumei thanked the Head Butler with a smile on her face. Then she glared fiercely at the three guards and swaggered into the conference room.

In the conference room.

The patriarch of the Leng family, Leng Yimin, was sitting in the main seat. Sitting beside him was a man who looked to be in his early thirties. This man might be handsome and had an extraordinary temperament, but he did not have the slightest smile on his face. Compared to him, Leng Yimin looked slightly older. He might be equally handsome, but his bearing could not be compared to that man. However, the two of them were Mystic Supremacies.

The other elders of the Leng family sat below them.

Leng Rumei saw her father staring at her with a black face after entering the meeting hall. However, it was not like she had never barged into the meeting hall before, so she was really not afraid. Anyway, her father would at most pretend to scold her, and would not do anything to her.

"Rumei, don't you know that I'm discussing something with the elders? You're really becoming more and more unruly," Leng Yimin questioned very sternly. However, the elders sitting there knew very well that the patriarch loved this daughter very much. This was just for them to see, and they naturally wouldn't harp on such a small matter. "I'm sorry, Father. I really have something important to do, so I was a little anxious," Leng Rumei said with a face full of regret. She didn't have the arrogant and domineering appearance from before at all.

"What's the matter?" Leng Yimin asked curiously, his face looking much better.

"Father, Third Brother actually let outsiders stay in the Plum Garden. I wanted to stop him, but I was scolded by him," Leng Rumei said aggrievedly, tears flashing in her beautiful eyes.

"Really?" Leng Yimin said doubtfully. Well! He knew his son very well. Wudi shouldn't be so ignorant of the severity of the matter! Thinking of this, he couldn't help sneaking a look at the man beside him. However, he was slightly relieved seeing that the man's expression was still as usual.

"Father, Third Brother gave the Plum Garden to outsiders without the permission of the family. I wonder if he will be punished?" Leng Rumei asked curiously.

"Eldest Miss, even though this was done by the young master, we have to ask the young master before we know what happened, so the patriarch can't answer this question of yours now," an elder said.

"Third Elder, you can't say that. Eldest Miss only asks because she cares about the family!" an old man with a wrinkled face said lightly.

“Does the Tenth Elder mean that we will be convicted of the young master’s crime if we listen to Eldest Miss’s one-sided words? Don’t forget that the Plum Garden isn’t under our jurisdiction.” The Third Elder caressed his beard and said nonchalantly.

“Who said that the Plum Garden isn’t under our jurisdiction? The Plum Garden also belongs to our Leng family. We are duty bound to everything that belongs to the Leng family!” the Tenth Elder said indignantly, obviously implying that the Third Elder didn’t care about the Leng family’s affairs. “Then feel free to slack off. I’ll make it clear first that I don’t care about this matter,” Third Elder said with a cold smile. He looked at the Tenth Elder as if he was watching a joke. Then he stood up, bowed to Leng Yimin, and said, “Patriarch, if there’s nothing else, I’ll take my leave first.” With that, he rolled up his sleeves and left the meeting hall.

The other elders present also stood up and left one after another, obviously not wanting to get involved in this muddy water.

“Father, how can the elders be so irresponsible?” Leng Rumei couldn’t help complaining as she watched the elders of the Leng family leave.

“Shut up! How can a junior like you criticize the elders?” Leng Yimin glared at Leng Rumei and said with displeasure. Alas! It seemed like he really spoiled this only daughter of his. She actually developed her temperament that didn’t know the immensity of heaven and earth!

“Rumei, are the people brought by Wudi staying in the Plum Garden now?” the man beside Leng Yimin asked leisurely with an indescribable expression on his face.

“Yes,” Leng Rumei answered carefully, but she was a little nervous because she was very afraid of this man. For some reason, she was just afraid. He might be younger and more handsome than any elder in the Leng family, but she knew very well that it was okay to offend the other elders. Her father would help her settle it, but she absolutely could not offend this mysterious Grand Elder.

“Oh, I really want to see what kind of person he is.” The man’s voice was very soft, but everyone present heard it very clearly.

“Supreme Elder, Rumei is willing to lead the way,” Leng Rumei volunteered. Wouldn’t she be overjoyed if she could get the Supreme Elder to deal with those people? She couldn’t help being a little smug thinking of this!

“Okay, Ru Mei, lead the way!” The man stood up and said to everyone, “You don’t have to follow.”

After hearing this, Leng Yimin, the Tenth Elder, and the others, who had just stood up, had to sit down again. Leng Yimin and the remaining elders left the meeting hall after the man left with Leng Rumei...

At the same time, Leng Wudi had already left the back mountain. Then he turned around to see his grandfather. His grandfather had passed the position of the patriarch to his father two years ago, but his grandfather’s prestige in the family was still not something that his father could replace.

Ever since his grandfather left the heavy responsibility of being the patriarch, he chose a relatively small side yard for cultivation. Moreover, no one dared to disturb his grandfather’s cultivation except for him and a few elders who were on good terms with his grandfather.

Leng Wudi arrived at the side yard. He heard his grandfather's hearty laughter as soon as he walked in. He couldn't help taking a few steps forward and came in front of his grandfather with a light smile. "Grandpa, what's the matter?"

"Haha! You're going to be unlucky." Leng Jingmu laughed happily. "Uh! Grandpa, your precious grandson is going to be unlucky. Are you that happy?" Leng Wudi pretended to be sad and then greeted the Third Elder, who was sitting opposite his grandfather.

### **Chapter 776 The Grand Elder (3)**

"Haha, of course I'm happy. You have no idea how bored I am staying here every day," Leng Jingmu complained, his handsome face full of bitterness.

"Grandpa, you were the one who said you wanted to cultivate quietly. Now you find it boring," Leng Wudi said speechlessly. Alas! He was really becoming more and more willful since Grandpa stopped being the patriarch.

"Cultivation is very boring! Brat, tell Grandpa why you brought your friend to live in the Plum Garden. That place is not open to the public! Don't tell me you don't know that even people from our Leng family are not allowed to stay there?" Leng Jingmu asked doubtfully. Hmph! Would he not know his grandson? This boy had been cautious since he was young, and it was impossible for him to make such a low-level mistake. Therefore, if anyone wanted to see his most beloved grandson make a fool of himself, that would really be a mistake.

"Grandpa, how did you know about this? Did Rumei complain?" Leng Wudi guessed. He knew that Rumei would definitely complain, but he didn't expect it to happen so quickly.

"Okay." Leng Jingmu nodded.

"Young Master, I saw Leng Rumei bringing the Grand Elder to the Plum Garden. You better think of a good excuse. Otherwise, no one can help you if the Grand Elder becomes angry," Third Elder reminded worriedly. He saw that the Grand Elder had no reaction in the meeting hall just now and thought that the Grand Elder would ask for the reason. However, he didn't expect the old man to actually go to the Plum Garden personally, which couldn't help making him nervous.

"Oh, it's okay. The Grand Elder won't blame me," Leng Wudi said with certainty.

"Wudi, are you that confident?" The curiosity on Leng Jingmu's face became stronger.

"Yes, the people I brought should be from the Leng family from the Ling Feng Continent," Leng Wudi said after some thought. He didn't intend to hide this matter from his grandfather anyway. "Are you sure? We've lost contact for so long. I really didn't expect there to be someone from the Leng family there," Leng Jingmu said with a face full of surprise. "Patriarch, what are you talking about?" Third Elder's face was full of question marks.

"Third Elder, I told you not to call me Patriarch anymore. Well! It's like this. The ancestor of the Leng family once left a trace of his bloodline on the Ling Feng Continent. However, not many people know about this. Moreover, no one has been able to come to our place for thousands of years, so we've always thought that there were no more Leng family there," Leng Jingmu explained simply.

“Oh, since they are also from the Leng family, the Supreme Elder shouldn’t make things difficult for them, right?” Third Elder said uncertainly. “No, the Grand Elder should treat them well because the Grand Elder is also from the Ling Feng Continent,” Leng Jingmu explained, relieved.

“Ah! The Grand Elder also came up from below?” Third Elder said in surprise. He only knew that the Grand Elder was very mysterious and liked to be alone, but he didn’t know that the Grand Elder was actually from the Ling Feng Continent.

“Third Elder, what’s there to be surprised about? In fact, all the ancestors of our Leng family came from the Ling Feng Continent. However, after staying in this world for a long time, many clansmen thought that they were born and raised. In fact, to be precise, our roots are all in the Ling Feng Continent,” Leng Jingmu said thoughtfully.

“Okay.” Third Elder nodded in agreement. However, he knew that the younger generation of the clan would definitely not like to hear such words. After all, in everyone’s eyes, the Ling Feng Continent’s level was lower than the Boundless Heaven Continent.

“Wudi, arrange for some people to protect and take care of them since they are staying in the Plum Garden. Don’t let them think that we are rude,” Leng Qingmu ordered.

“Grandpa, there’s no need. Let’s not let anyone disturb them.” Leng Wudi refused directly without thinking because he knew that Leng Ruoxue would not use it even if he sent people. Moreover, she had many subordinates, so he didn’t need to do anything unnecessary. “How can that do? We have to treat the Grand Elder well on account of him. Otherwise, no one can bear his anger unless we invite the Old Ancestors,” Third Elder said hurriedly.

“Wudi, Third Elder is right,” Leng Jingmu echoed.

“Grandpa, I understand them. There’s really no need,” Leng Wudi said helplessly. “Alas! Alright then! You brought her back anyway, do as you deem fit!” Leng Jingmu rudely became an arm-flinging shopkeeper. He was not the patriarch now! He naturally didn’t have to worry about these things.

“Okay.” Leng Wudi nodded. Then he chatted with his grandfather for a while and left the side yard.

Outside the Plum Garden.

The man stood outside the yard and looked for a long time, deep in thought.

“Grand Elder, shall we go in?” Leng Rumei couldn’t help asking after waiting for a long time and seeing that the Grand Elder didn’t say anything.

“Yes.” The man nodded.

Then Leng Rumei pushed open the door of the Plum Garden and walked in, with the man following behind her.

With the support of the Grand Elder, Leng Rumei walked vigorously. After entering the Plum Garden, she brought the Grand Elder straight to the main yard because she guessed that those people would choose to rest in the main yard. After all, the rooms there were the best in the Plum Garden.

Unfortunately, she was wrong. Leng Ruoxue and the others didn't choose to stay in the main yard at all, so she had to bring the Grand Elder around the yard to search. Finally, she found their traces in the yard closest to the garden.

"Grand Elder, it's them." Leng Rumei pointed at Leng Ruohan and Empty, who were drinking tea on a stone bench in the yard.

The Grand Elder didn't say anything and just kept looking at the two handsome men in front of him. Uh! These two men could be described as dragons among men, and one of them actually looked a little familiar, but he couldn't remember where he had seen him before!

As for the other, he could sense a trace of bloodline connection between the two of them, so he was immediately sure that this person should be his descendant. However, what puzzled him was that logically speaking, the generation between them had already emerged for five generations, and their bloodlines should be very rare. However, the bloodline he felt from this young man was very strong. What was going on? He was really puzzled!

#### **Chapter 777 The Grand Elder (4)**

At this moment, Empty and Leng Ruohan were also observing this uninvited man. However, Empty continued to drink his tea calmly after taking a few glances. Leng Ruohan looked at Empty resentfully and said very reluctantly, "This is our residence now. If the two of you have anything, you have to at least knock on the door first! This is the most basic courtesy." "This is our Leng family's territory. We can come and go as we please. I order you to move out immediately. This isn't a place where people like you can stay," Leng Rumei roared in anger. A cold light flashed in Leng Ruohan's eyes. He gently glanced at Leng Rumei and said lightly, "We are guests of the Leng family's young master. If you want to chase us out, please come personally."

"That's right. Let Leng Wudi do it himself. We'll move out immediately." A cold female voice sounded in the ears of the four of them. Leng Rumei raised her head furiously and looked in the direction of the voice. She was about to scold him when she was stunned by the drop dead gorgeous appearance of the person who spoke...

The person who spoke was naturally the extremely protective Leng Ruoxue. She was originally studying the divine pill in the bracelet, but she was told by Qing Jue that an uninvited guest came to visit. Therefore, she left the bracelet with the freak. However, she heard this conversation as soon as she walked out of the room, so she interrupted!

"W-who are you?" Leng Rumei questioned with raging jealousy after coming back to her senses. She kept cursing in her heart. Damn it, how could this woman be so beautiful! She originally thought that Lan Ning'er was beautiful enough, but Lan Ning'er was simply trash compared to the woman in front of her. At this moment, she didn't expect that if Lan Ning'er was trash, then what was she? She couldn't even compare to Lan Ning'er!

"Leng Ruoxue." Leng Ruoxue smiled lightly, her beautiful eyes casually glancing at Leng Rumei. Moreover, she saw through Leng Rumei's nature with a single glance. This little Mei looked pretty, but she was also not easy to deal with.

“Your surname is Leng too?” Leng Rumei was stunned and asked. This was the first time she saw Leng Ruoxue’s face, so it naturally gave her a greater shock.

“What? Can’t my surname be Leng?” Leng Ruoxue asked with a spurious smile.

“Of course not. Not everyone is qualified to have the surname Leng,” Leng Rumei roared domineeringly.

“But my Old Ancestor’s surname is Leng. I can’t change it to another surname, right? My Old Ancestor might have died long ago, but at least he has left the bloodline for me, so I can only use this surname. Miss Leng, please don’t take it to heart!” Leng Ruoxue said with a smile. Moreover, the corner of her beautiful eyes obviously noticed the uncomfortable expression of the man beside Leng Rumei when she said that her Old Ancestor might die.

“Hmph! You can’t stay in the Plum Garden even if your surname is Leng. Move out of here immediately and leave Proud Cold City!” Leng Rumei said as if she was facing a formidable enemy. The internal competition that was held once every ten years by the three families was about to begin. She definitely couldn’t let this woman stay here and spoil her plans!

“Miss Leng, don’t you understand me? We are Leng Wudi’s guests. Even if you are the young lady of the Leng family, you are not qualified to chase us away,” Leng Ruoxue said indifferently.

“You...” Leng Rumei was about to continue when she was interrupted by the man beside her.

“Rumei, don’t be rude,” the man reprimanded lightly.

“Yes, Grand Elder.” Leng Rumei immediately became as obedient as a kitten.

Leng Ruoxue and the man glared at each other, neither of them speaking first...

After a while, the man said gloomily, “Lass, you’re not bad.”

Alas! He could tell that this girl was not afraid of him at all. Otherwise, she would not have stared at him without blinking. In the end, he could not take it and admitted defeat first. Boohoo... He had lived for so long, but he could not even glare at a little girl. This was really too embarrassing. However, looking at this stubborn girl, he had a premonition that their path to becoming relatives would probably be very bumpy... “The Grand Elder of the Leng family?” Leng Ruoxue murmured thoughtfully. In fact, she had noticed this man when she walked out of the room, but she deliberately ignored him. Moreover, she had guessed that this man was most likely related to the Ling Feng Continent, but she didn’t know if he was the one who wanted to see them.

“Yes, you’re from the Ling Feng Continent?” the Grand Elder confirmed, and couldn’t help being a little excited. They really didn’t expect to see juniors from the Ling Feng Continent. They thought that the Leng family from that continent was already gone! “Yes, we are indeed from the Ling Feng Continent,” Leng Ruoxue didn’t deny it. In fact, she knew that she probably couldn’t deny it even if she wanted to since she came to the Leng family. “Ling Feng Continent? What is that place?” Leng Rumei couldn’t help but interrupt. She had never heard of that place.

“The Ling Feng Continent is the lower realm you mentioned,” Leng Ruoxue explained with a light smile.

“Lower realm? So you came from a village. No wonder you’re so ignorant! Let me tell you, don’t think that just because your surname is Leng, you can climb onto our Leng family. Our Leng family won’t raise you bumpkins for nothing,” Leng Rumei reminded with a face full of disdain.

**a**

Leng Ruoxue was speechless after hearing Leng Rumei’s words. She only knew today that the Ling Feng Continent was considered a countryside in their eyes! Moreover, why was she inexperienced? She didn’t seem to have done anything embarrassing, right? Moreover, they weren’t the ones who were coming to the Leng family. Thinking of this, she couldn’t help saying indifferently, “Miss Leng, please understand something first. We didn’t want to come to the Leng family. Your young master brought us here.”

“So what? Don’t think that our Leng family will accept you just because you can seduce Third Brother. Let me tell you, as long as I’m around, you can forget about marrying into the Leng family,” Leng Rumei self-righteously roared.

“Haha!” Leng Ruoxue was so angry that she was amused. Did this Eldest Miss of the Leng family have a delusional disorder? She used her gaze to ask the Grand Elder, but he returned her an innocent look. Moreover, the expression on his face was obviously wanting to watch the commotion.

“Damn it, why are you laughing?” Leng Rumei questioned angrily.

### **Chapter 778: The Elder Arrives (1)**

“What? You don’t allow others to laugh! Miss Leng cares a lot,” Leng Ruoxue said speechlessly. Alas! Why couldn’t she meet normal daughters of noble families? Could it be that the fengshui of noble families was bad, so they were raised astray?

“You’re not allowed to smile in my territory!” Leng Rumei was furious because Leng Ruoxue’s smile was really too annoying, making her very uncomfortable.

“Miss Leng, are all the daughters of the Leng family like you?” Leng Ruoxue widened her beautiful eyes and looked at Leng Rumei carefully as if she was looking at a rare animal. She asked curiously.

“What do you mean?” Leng Rumei was stunned and puzzled.

“How rude! We are guests invited by the young master of the Leng family after all, but not only do you say we are bumpkins, you don’t even allow us to smile. Alas! We know that we are from a small place, so we don’t dare to request you to treat us well. We just hope that those Tom, Dick, and Harry won’t bother us. Can’t you even satisfy this small request of ours?” Leng Ruoxue said with a face full of disappointment.

“Leng Ruoxue, do you want to die? How dare you say that I have no upbringing!” Leng Rumei was furious when she heard these words. She didn’t listen carefully to what Leng Ruoxue said after that.

“Why don’t I want to live? I’m only twenty years old, and I’m in my prime. Moreover, I haven’t pounced on my man yet. I can’t let others take advantage of me for nothing, so I have to live well,” Leng Ruoxue said with a smile.

“Hmph! You humiliated me. Do you think you can still live?” Leng Rumei said proudly. She really wanted to destroy Leng Ruoxue’s beautiful face.

“What did I humiliate you about? Did I say that you don’t have a good upbringing?” Leng Ruoxue said nonchalantly.

“Hmph! I’m the eldest daughter of the Leng family. You said that I don’t have a patriarch. Not only did you humiliate me, but you also humiliated the patriarch. Therefore, the Leng family will definitely not let you go!” Leng Rumei said confidently. In her eyes, Leng Ruoxue was almost dead.

“How will the Leng family deal with me? I’m so scared!” Leng Ruoxue whispered fearfully, tears rolling in her beautiful eyes.

“Leng Ruoxue, I can spare you on the account that your surname is Leng. However, I want you to kneel down and kowtow to me a hundred times, and even destroy your appearance. Then forget about humiliating me,” Leng Rumei said self-righteously.

“Kowtow a hundred times and destroy my appearance? Miss Leng is really kind!” Leng Ruoxue said mockingly.

“It’s good that you know. If the Leng family finds out, you’ll die. However, if you’re willing to do as I say, I’ll let you live. How about that? It’s very worth it, right?” Leng Rumei said with a face full of charity.

“Miss Leng, let me consider it!” Leng Ruoxue glanced at the Grand Elder gently and said with a spurious smile.

“Okay, I’ll give you three days to consider. Either you die or do as I say,” Leng Rumei said as if she was being kind.

“Okay, Ruoxue thanks Miss Leng first. I won’t see you out. Help yourself!” With that, Leng Ruoxue turned around and returned to her room as if no one was around, and the freak hiding in the corner followed.

“Rumei, let’s go back!” the Grand Elder said softly to Leng Rumei when he saw that there was no more commotion to watch. A trace of disgust quickly flashed in his eyes.

“Yes,” Leng Rumei said hurriedly, her heart jumping with joy. Hehe! The Grand Elder didn’t accuse her of being nosy just now. He was obviously on her side!

After Ruoxue and the Grand Elder left, Leng Ruohan looked at Empty in puzzlement, as if he wanted to see some clues from his face!

“Are there flowers on my face?” Empty said with a light smile. Uh! Leng Ruohan’s affectionate gaze would cause others to misunderstand!

“No, I’m just a little puzzled. Aren’t their reactions a little too calm? Are we going to let that woman leave just like that?” Leng Ruohan said angrily. That woman was really too vicious. Not only did she want her precious sister to kowtow to her, but she also wanted to ruin her sister’s beautiful face. Well, perhaps that was her main goal. Alas! A woman’s jealousy was really too terrifying.

“What else? This is the Leng family’s territory. Do you think we can walk out of Proud Cold City alive if we kill their eldest young miss in the Leng family? Moreover, they were just testing each other just now.

As for that Leng Rumei, she's just a clown. Xue'er isn't killing her now just to accumulate more of that woman's evil deeds. When the time comes, even if the Leng family is angry, they won't do anything to us if we kill her. Because we're in the right!" Empty explained. Hehe! This was also what he especially admired about that girl. Not only would Xue'er not let others find any fault with the person she wanted to get rid of, she would also let others think that that person deserved it. She deserved to die!

"But..." Leng Ruohan was about to say something when Empty interrupted him.

"You! You're too concerned. Think about it. Would Xue'er let herself be at a disadvantage? She didn't fuss about it this time only to give those old things from the Leng family face. However, would she give face again and again? Moreover, with that woman's temperament, it's impossible not to provoke Xue'er," Empty said understandingly.

"What you said makes sense, but I'm just too angry. It's not like I'm here specially to let the Leng family humiliate my precious sister," Leng Ruohan said in an unfriendly tone.

"Calm down. Xue'er has her own plans," Empty said comfortingly.

"Yes, I know." Leng Ruohan nodded.

"Rest early! Perhaps the Leng family will come again tomorrow," Empty said with a smile. Hehe! He should be able to watch a lot of good shows when he came to the Leng family this time.

"Okay." Leng Ruohan nodded, and the two returned to their rooms.

Leng Ruoxue and the freak had already entered the bracelet.

In the purple bamboo hut, the two of them sat in each other's arms, but neither of them spoke.

After enjoying a moment of silence, the freak smiled and asked, "Xue'er, are you afraid of the Leng family?"

"No," Leng Ruoxue said very simply. The Leng family might be an unshakeable colossus in the eyes of others, but if she wanted to attack, she would also make the Leng family suffer.

"Then why did you let Leng Rumei go just now?" the freak pretended to be puzzled. His eyes glittered coldly, and a trace of bloodthirsty killing intent flashed quickly.

### **Chapter 779: The Elder Arrives (2)**

"I was prepared to meet such a person since I came to the Leng family, so it's only a matter of time before I kill him. Moreover, I want to see the Leng family's attitude. After all, Leng Rumei doesn't represent the entire Leng family," Leng Ruoxue explained.

"Xue'er, I'm afraid that the Grand Elder is also waiting to see our attitude!" the freak reminded.

"Yes, that's normal. He has to know if our descendants are worth his investment!" Leng Ruoxue said understandingly.

"Freak, rest early! We have to recover and prepare to deal with the endless Leng family," Leng Ruoxue reminded again.

“Okay.” The freak nodded, and then the two of them hugged each other to sleep.

Early the next morning.

Leng Wudi reported to Plum Garden.

Leng Ruoxue was a little speechless as she looked at Leng Wudi, who was waiting for them in the living room.

“Young Master Leng, you’re a little too early!” Leng Ruoxue rolled her eyes.

“Yes, I specially came early to have breakfast with you,” Leng Wudi said pompously.

“I’m sorry, Young Master Leng didn’t prepare breakfast,” Leng Ruoxue said rudely.

“No way! Xue’er, can you bear to let me starve?” Leng Wudi said with a long face, his handsome face full of bitterness.

“I can bear to. You’re not related to me. What does hunger have to do with me? However, what’s with your expression? Could it be that something happened to a relative in the family?” Leng Ruoxue said very implicitly, her words a little venomous.

“You’re so heartless. Alas! Nothing has happened to anyone in my family yet, but it should be soon,” Leng Wudi said nonchalantly, as if they were discussing other people’s affairs.

“What did you talk about when Leng Rumei and the Grand Elder came yesterday?” Leng Wudi asked curiously.

“Nothing! I had an unhappy encounter with Miss Leng. She asked me to kowtow a hundred times and destroy my appearance. Otherwise, she said that the Leng family won’t let me go,” Leng Ruoxue described simply.

“Uh! Haha!” Leng Wudi was stunned, but he couldn’t help laughing hysterically. He was laughing so happily that he almost rolled on the ground.

“Is it that funny!” Leng Ruoxue sighed and asked Leng Wudi, who was laughing exaggeratedly.

“Yes, of course! Did she say that in front of the Grand Elder?” Leng Wudi was very curious.

“Yes, I said it in front of that old man, but he didn’t react.” Leng Ruoxue added in her heart, purely wanting to see him make a fool of himself.

“Hehe! She’s dead meat too,” Leng Wudi said happily, unable to hide the joy on his face.

“Isn’t that your sister?” Leng Ruoxue reminded helplessly.

“My mother only gave birth to me,” Leng Wudi said with slight disgust. He might pretend to be siblings in front of others, but he felt that it was unnecessary in front of Leng Ruoxue and the others.

“Her mother still doesn’t have a title! And my mother isn’t willing to raise them, so they wouldn’t have any status in the Leng family at all if my father didn’t love them more,” Leng Wudi explained.

“Are the children already so old? Isn’t your father willing to give a name to the person who gave birth to them?” Leng Ruoxue asked curiously.

“He wants to give it, but my mother and grandfather don’t agree, so he can’t do anything! However, he’s already the patriarch now, so he should give that woman a title!” Leng Wudi guessed.

“Oh!” Leng Ruoxue answered lightly and then said to Leng Wudi, “Go have breakfast!”

Leng Wudi immediately stood up with a smile and followed Leng Ruoxue to the dining hall.

Someone from the Leng family came to visit just after breakfast.

In the garden, Leng Ruoxue looked at the beautiful woman in her early thirties. Her first impression of her was very good. Well, this woman was very beautiful. However, it was not the kind of beauty that was breathtaking at a glance, but like mellow wine, the more she tasted, the more fragrant she became. Moreover, this woman was also a Mystic Sovereign like her.

“I’m Leng Shuang, Wudi’s mother,” the woman named Leng Shuang introduced herself. Her beautiful eyes kept circling Leng Ruoxue. Moreover, the more she looked, the more satisfied she was. Well, this girl was not bad. Wudi had good taste.

“I’m Leng Ruoxue. Well! You should be older than me. I’ll call you Big Sister!” Leng Ruoxue said with a fox-like smile on her face. Well! This woman’s gaze at her was becoming more and more fervent, and she had to be wary.

“Big Sister?” Leng Shuang was stunned and a little depressed. This seniority was too poor!

“May I know why Big Sister is here?” Leng Ruoxue asked bluntly.

“Oh! To see me, of course... to see you.” Leng Shuang originally wanted to say that she wanted to see her daughter-in-law, but she was afraid of scaring the little girl, so she quickly corrected herself.

“I heard from Leng Rumei that you are invincible...” Leng Shuang probed. She deliberately stopped mid-sentence because she really couldn’t read this little girl’s mind now. This girl probably didn’t treat Wudi as she thought.

“Big Sister, how can I believe the words of the eldest daughter of the Leng family? She wants me to destroy my appearance and kowtow a hundred times! Moreover, she only gave me three days to consider,” Leng Ruoxue complained.

“There’s such a thing? Why?” Leng Shuang was a little puzzled and couldn’t help hating in her heart. Leng Rumei was indeed like her mother, both vicious!

“Because I said that she doesn’t have a good upbringing. She wants to chase us away and even said that we are bumpkins,” Leng Ruoxue explained, her beautiful face full of grievance. Hehe! She knew how to act too, and she was definitely better at it than Leng Rumei.

“She indeed doesn’t have any upbringing. Don’t be afraid. She won’t dare to do anything to you with me around,” Leng Shuang promised. For some reason, she liked Leng Ruoxue the moment she saw her, so she naturally resembled her.

“Big Sister, I’m afraid I’ll accidentally do something to her!” Leng Ruoxue said innocently.

“Uh! Haha! That’s okay. I’m here!” Leng Shuang was stunned, and then she said with a smile, Haha! This girl really won my heart.

### **Chapter 780: The Elder Arrives (3)**

“Okay, I’m relieved,” Leng Ruoxue said with a sigh of relief.

“Lass, is there really nothing between you and Wudi?” Leng Shuang asked stubbornly. Alas! How good would it be if this girl could be her daughter-in-law!

“Big Sister, I already have a fiancé,” Leng Ruoxue said helplessly. She could feel that this woman liked her, and she had a good impression of Leng Shuang, so she naturally told the truth to put an end to Leng Shuang’s thoughts.

“Alas! That’s a pity. In that case, I’ll acknowledge you as my godsister!” Leng Shuang said after some thought. This girl might be much younger than her, but she just found her pleasing to the eye. Moreover, she couldn’t say that she wanted to acknowledge her as her godsister since she was calling her elder sister! Therefore, it was more suitable to be her godsister.

“Then I’ll acknowledge you as my elder sister,” Leng Ruoxue said with a smile. Well! The fate between people was so strange. She and Leng Shuang felt like old friends at first sight even though it was their first time meeting. Moreover, she knew very well that Leng Shuang recognized her as her sister and had the idea of being her backer. Therefore, she couldn’t refuse Leng Shuang’s good intentions or the good feelings between the two of them.

“Good sister. Alas! I’ve wanted a sister since I was young so that I could dote on her well. I finally have one today,” Leng Shuang said happily, the joy on her face absolutely coming from the bottom of her heart.

“Mother! How can you treat her as your sister!” Leng Ruoxue and Leng Shuang were chatting happily. Leng Wudi, who was hiding in the dark and eavesdropping, couldn’t help but jump out. Boohoo... He was only stunned for a moment, but an aunt actually ran out! T-this was really! He was about to go crazy!

“Why can’t I acknowledge her as my sister?” Leng Shuang asked in puzzlement. Well! She really didn’t know why her son had such a big reaction when she only acknowledged her as a sister!

“She was originally my friend. Now that you’ve acknowledged her as your sister, what should I call her?” Leng Wudi asked through gritted teeth, his face red. Well, of course he was angry.

“We acknowledge us. It has nothing to do with you. We are still friends. However, I won’t object if you want to call me aunt,” Leng Ruoxue said with a naughty smile.

“You... don’t even think about it!” Leng Wudi glared and shouted. He wouldn’t call that little girl his aunt! He wouldn’t even call her that!

“Haha!”

Leng Wudi's strong reaction couldn't help making the two very unscrupulous women laugh happily. In fact, they knew very well that this was only between the two of them and had nothing to do with their relatives, so they naturally didn't expect such a reaction from their families.

"Silly boy, we'll hand ours over, and you'll hand yours over. The well water doesn't flow like the river," Leng Shuang said with a smile.

Updates by . com

"Oh!" Leng Wudi answered gloomily, thinking that was more like it. However, he remembered his reaction just now and wanted to find a hole to burrow into. Boohoo... It was really too embarrassing!

"Hehe, Xue'er, I just came to see you today, so I won't disturb you for too long. I'll go back first. I'll invite you to the main mansion as guests in a few days. You have to give Big Sister face!" Leng Shuang emphasized.

"Okay." Leng Ruoxue nodded and then sent Leng Shuang out of the Plum Garden. However, Leng Wudi didn't leave with his mother.

Not only that, Leng Wudi also found a very lousy excuse to stay in the Plum Garden.

Three days passed quickly.

No one had come to the Plum Garden since Leng Shuang came. Even Leng Rumei, who gave Leng Ruoxue three days to consider, didn't appear. She couldn't help being a little puzzled.

In the May Garden garden.

Leng Ruoxue sat on a stone bench and looked at Leng Wudi, who was lying on a recliner in the garden and basking in the sun comfortably. She asked with a light smile, "Young Master Leng, why didn't Leng Rumei come! Three days have passed."

"I don't know. I haven't been back to the Leng family for a few days. You know that," Leng Wudi said irresponsibly. In fact, he also hoped that that woman would come! This way, he would have a chance to watch. Unfortunately, Leng Rumei actually didn't appear. Alas! It was really too disappointing. That woman didn't have the slightest awareness of being a bad person. How unprofessional!

"Go back and scout for news and remind her!" Leng Ruoxue said with a naughty smile.

"What benefits?" Leng Wudi raised his eyebrows slightly and asked lightly.

"You're eating and staying here for nothing, and you want benefits?" Leng Ruoxue said in disbelief. Heavens! Where did that noble young master of the Leng family, who was like a god, go? The person in front of her was obviously a scoundrel!

"Yes, I'm not eating and staying for nothing! I'm accompanying you," Leng Wudi said matter-of-factly.

"Leng Wudi, I find that your skin is becoming thicker and thicker," Leng Ruoxue said speechlessly. Alas! Poor Leng family! They were blinded by Leng Wudi's seemingly noble side! In fact, this scoundrel appearance was his true appearance!

"Thank you for the compliment!" Leng Wudi said happily.

Leng Ruoxue didn't know what to do with his shameless appearance, so she simply turned her head and ignored him!

Leng Wudi didn't care. His gaze drifted to Leng Ruoxue from time to time, and the atmosphere in the garden immediately fell silent.

After a long time.

Feng Da's appearance broke the silence in the garden.

"Miss, the Third and Tenth Elders of the Leng family are here to see you," Feng Da said bluntly as he walked into the garden. Well! It was so quiet! There were obviously several people in the garden, but no one spoke. It was really too strange.

"See me? Okay, Feng Da, ask them to wait in the living room!" Leng Ruoxue ordered. Well! Someone from the Leng family finally came knocking on her door.

"Yes, Miss!" Feng Da answered and then left.

Ten minutes passed.

Leng Ruoxue had no intention of getting up.

After another ten minutes, Leng Ruoxue still didn't move.

Empty, who had been playing chess with Leng Ruohan, couldn't help asking curiously when he saw Leng Ruoxue's calm appearance, "Xue'er, when are we going to see the Third Elder and the Tenth Elder?"

"I'm the one she wants to see. It has nothing to do with you, so you just have to stay in the dark," Leng Ruoxue said indifferently, not anxious at all.
