

Crazy Wife 791

Chapter 791: Supreme Elder, I Don't Have Money (3)

"Little Xue'er, you can't even bear to part with one amethyst coin?" Leng Qianye was a little speechless. This girl's knock on the door was on par with his grandfather!

"Yes, one amethyst coin is also money! Moreover, it depends on who it is given to," Leng Ruoxue said honestly.

"One amethyst coin to beat up the Tenth Elder is very cost-effective!" Leng Qianye reminded. Alas! He had to pay one amethyst coin for beating up an elder. It was really worth it no matter how he thought about it.

"What you say makes sense. Why don't I pay him another hundred amethyst coins?" Leng Ruoxue blinked and looked at Leng Qianye expectantly.

"Uh! Could it be that you want to beat him up a hundred times?" Leng Qianye said excitedly. Hehe, this girl was like him. He would be a bastard not to take advantage of her! Moreover, he felt that Little Xue'er's suggestion was pretty good!

"I have too many subordinates. Last time, they complained to me that the Tenth Elder fainted because he didn't satisfy his craving. Therefore, if there's a chance, of course I hope to satisfy their request!" Leng Ruoxue said very seriously.

"Little Xue'er, don't think about it now. The Tenth Elder's injuries haven't healed yet! I heard that he still can't get up from bed after taking many pills!" Leng Qianye's handsome face was full of regret.

"Oh! Then let's wait for him to recover!" Leng Ruoxue was very kind.

The poor Tenth Elder didn't expect to be locked on by a certain little demon again.

"Little Xue'er, there will be a competition in the clan in a few days. Don't forget to watch the commotion then!" Leng Qianye reminded her and left happily after speaking.

"Xue'er, what does he mean?" the freak asked in puzzlement after Leng Qianye left. Well! He didn't ask them to participate in the competition but to watch the commotion. This person's idea was quite strange.

"He wants us to watch the competition! Freak, let's go back!" Leng Ruoxue said and then brought everyone back to Snowfall Garden.

A week passed quickly. During this week, no one from the Leng family disturbed them except for Leng Wudi who reported every day. This couldn't help making Leng Ruoxue and the others a little uncomfortable. Therefore, Feng Da and the others strolled around the Leng family's main residence in boredom.

In the garden of the Snowfall Garden.

Updates by . com

Leng Ruoxue, the freak, Empty, the little old man, Leng Ruohan, and Leng Qingtian were sitting in a pavilion in the garden, drinking tea and chatting.

“Xue’er, ask Leng Wudi how long we have to stay here when he comes later,” Leng Qingtian said.

“Grandpa, you’ve stayed long enough!” Leng Ruoxue said understandingly.

“Yes, Xue’er. Don’t you want to go to the Dark Night Seas? Let’s go there!” Leng Qingtian suggested. During the few days he stayed in the Leng family, the Leng family didn’t cause trouble for them, but the way they looked at them made him very uncomfortable, so he really didn’t want to stay here for a moment.

“Grandpa, calm down. There’s still some trouble here that needs to be resolved!” Leng Ruoxue said with a smile. Leng Rumei might not have appeared these few days, but she didn’t think Leng Rumei had learned her lesson. Hmph! Who knew what bad ideas they were up to again.

“Xue’er, let’s solve those problems if we can. If not, let’s leave directly!” Leng Qingtian said. What he said couldn’t be referring to if they didn’t provoke them anymore. After all, if they attacked first, it would probably cause the Leng family to be collectively displeased. Well! Becoming the public enemy of a super family was too troublesome.

“Okay. I’ll ask Leng Wudi when he comes later,” Leng Ruoxue said after some thought.

“Ask me what?” Leng Wudi’s voice sounded just as Leng Ruoxue finished speaking.

Leng Ruoxue looked up and saw Leng Wudi walking into the pavilion. Moreover, he didn’t come alone. Well! It seemed like the people from the other two families had already arrived.

“You are Leng Ruoxue?” Sun Teng’s face was full of amazement as he said in disbelief.

“Don’t you already know?” Leng Ruoxue said lightly.

“Leng Ruoxue, have I offended you before?” Sun Teng asked directly in puzzlement. It was fine if Leng Ruoxue and the others were not enthusiastic about him, but why did they seem to be a little hostile to him! He really couldn’t understand.

“No, but some people in your Sun family like to snatch civilian women, so we are destined not to be friends.” Leng Ruoxue said very directly because she didn’t want to waste her time.

“Uh! Don’t tell me you were also robbed,” Sun Teng said speechlessly. He had also heard a little about how some people from the Sun family liked to do such things. However, he had not seen it with his own eyes after all, so he couldn’t say anything. However, with Leng Ruoxue’s current appearance, if anyone from the Sun family was foolish enough to provoke her, they could only blame their bad luck. After all, she was not so easy to snatch.

“Yes, but the lackey who came to snatch me is no longer in this world. The mastermind is still here,” Leng Ruoxue said with a light smile.

“Erm... what do you mean?” Sun Teng had a bad feeling. Was this a warning?

“Literally!” Leng Ruoxue said innocently.

“Uh!” Sun Teng understood. Leng Ruoxue was indeed reminding him, but this was an unforgettable fact as a member of the Sun family.

Leng Ruoxue lowered her head in silence seeing that Sun Teng understood.

“Xue’er, don’t you have a question for me?” Leng Wudi changed the topic seeing the awkward atmosphere.

“Yes, Leng Wudi. Where is the person who wants to see us? Don’t tell me that person is the Supreme Elder,” Leng Ruoxue asked bluntly.

“Of course not, but I’m not sure when he will see you,” Leng Wudi said helplessly. Boohoo... He was only responsible for bringing people here. How could he decide when that Old Ancestor wanted to see him!

“Oh.” Leng Ruoxue stopped talking and pondered.

“Xue’er, I have something else to tell you.” Leng Wudi was in a dilemma.

“What is it?” Leng Ruoxue frowned. Did someone from the Leng family come up with another bad idea after resting for a few days?

“The Elder Association has decided to let the three of you represent the Leng family in the competition,” Leng Wudi said softly.

“I’m sorry. I’m not from the Leng family. Your competition has nothing to do with me.” Leng Ruoxue refused without thinking. What a joke. They were all Mystic Sovereigns. They were not interested in a child’s competition of that level. They might consider it if it was a competition between Mystic Supremacies.

Chapter 792: Grand Elder, I Don’t Have Money (4)

“Leng Ruoxue, are you afraid? I’ve always wanted to compete with you.” Sun Teng tried to provoke Leng Ruoxue seeing that she refused. Unfortunately, he found the wrong person.

“Just take it that I’m afraid. I can be an audience, but forget about the competition!” Leng Ruo said nonchalantly.

“Uh!” Sun Teng was a little dumbfounded. She didn’t even care about his provocation, so he was at his wit’s end.

“Xue’er...” Leng Wudi refused to give up. He wanted to continue persuading her, but Leng Ruoxue didn’t give him a chance.

“I don’t know who came up with this idea, but tell the old men in the Elder Association not to have any ideas about me. I’m not that easy to plot against,” Leng Ruoxue interrupted Leng Wudi and said bluntly.

“Alas! Alright then!” Leng Wudi was a little helpless. In fact, he had expected this result, but he still had to pretend.

“Miss, Feng Da and the others have been arrested.” Suddenly, Lü Tao ran into the pavilion in a panic. She hurriedly shouted breathlessly when she saw her young miss.

“What happened?” Leng Wudi asked hurriedly.

“Who arrested them?” Leng Ruoxue was also a little curious. Feng Da and the others were arrested? Could it be that someone attacked?

“A guard of the Leng family.” Lü Tao looked at Leng Wudi and explained.

“What reason?” Leng Ruoxue continued asking.

“He injured an esteemed guest,” Lü Tao said angrily. They were also esteemed guests of the Leng family! Why were they treated differently? They were really too much of a bully.

“VIP? Who is it?” Leng Ruoxue couldn’t think of any VIP from the Leng family.

“It’s the Sun family and the Lan family. Miss, they looked down on us and humiliated us. Feng Da and the others were angry, so they taught them a lesson. However, the guards of the Leng family said that Feng Da and the others caused trouble and locked our people in a cell,” Lü Tao complained, her eyes red with anger.

Updates by . com

“It’s okay. Just treat it as being bitten by a dog. It seems like we don’t match up with the people from the three major families!” Leng Ruoxue looked at the three young masters in front of her and said with a spurious smile.

“Uh! Xue’er, don’t worry. I’ll go see what’s going on.” Leng Wudi slipped away after speaking. Boohoo... Xue’er’s gaze was so terrifying that he couldn’t bear it!

“Oh! I’ll go back and take a look too. This should be a misunderstanding.” Lan Lie, who was already a little embarrassed, hurriedly escaped.

“Erm... I’ll go take a look too!” Sun Teng found an excuse to leave when he saw that the two fellows actually ran away, not wanting to bear Leng Ruoxue’s anger alone.

“Xue’er, shall we take a look?” Empty asked curiously.

“There’s no need to go. The Leng family will look for us later. However, if Feng Da and the others lose a strand of hair, no one from the Lan and Sun families will be able to leave unscathed today.” A cold light flashed in Leng Ruoxue’s beautiful eyes, and killing intent rose quietly.

As Leng Ruoxue expected, the elders of the Leng family came knocking an hour later.

In the living room of the Snowfall Garden.

Leng Ruoxue and the others sat in their chairs with relaxed expressions. They couldn’t help laughing secretly as they looked at the two old men who were restless not far away.

“May I know why Third Elder and Fifth Elder are here?” Leng Ruoxue pretended to be stupid and didn’t mention that her subordinates were locked up.

“Miss Leng, some of your subordinates were locked up in prison because of causing trouble.” Third Elder’s heart was trembling. He finally finished explaining the cause, and most of his clothes were

already wet. Boohoo... He couldn't understand why he was so nervous! In fact, he really didn't want to come this time! However, he had drawn the lots!

"Oh, are only my subordinates locked up, or are all the troublemakers locked up?" Leng Ruoxue raised her eyebrows slightly and asked with a faint smile.

"Of course the troublemakers are locked up. Miss Leng, don't doubt the fairness of our Leng family." Third Elder wiped the cold sweat off his forehead and said anxiously. Well, he still had to protect the honor of the Leng family!

"Well! The Leng family is really fair," Leng Ruoxue said with a spurious smile, not exposing him. Hmph! Did he really think she didn't know that the Lan and Sun families were locked up later?

"Miss Leng, actually, this matter isn't big, but the effects are really too bad, so we hope that the three of you can resolve it peacefully." Third Elder cleared his throat and said helplessly.

"How do we settle it peacefully?" Leng Ruoxue asked with a smile.

"We suggest that you settle this dispute on the battlefield. You might not have really returned to the Leng family, but in terms of bloodline, you are a member of the Leng family after all, so we naturally don't want you to suffer a loss," Third Elder said very sincerely. In fact, he really thought so in his heart.

"The Lan and Sun families agree?" Leng Ruoxue asked lightly.

"Yes, they don't want the matter to blow up either, so they are also satisfied if it can be resolved on the battlefield," Third Elder said.

"In that case, let's settle it on the field! However, I have to say the ugly things first. Blades have no eyes. I won't be responsible if anything happens to the elites of those two races," Leng Ruoxue said a little bloodthirsty.

"Uh! It's a competition! There will inevitably be injuries. Everyone will understand." Third Elder didn't care too much about Leng Ruoxue's words. After all, Leng Ruoxue and the others were only Great Mystics in his eyes. On the contrary, he was more worried about their safety. Some people in the clan would definitely be happy if some of them were injured, and this was probably the goal of them using any means to want Leng Ruoxue and the others to participate in the competition!

"That's good." Leng Ruoxue nodded with satisfaction.

"Miss Leng, since you have to participate in the competition, our clan will give you twenty spots. At that time, perform well!" Third Elder continued.

"Okay, Third Elder, is there an age limit for the competition?" Leng Ruoxue asked after some thought.

"Anyone below the age of 40 can participate," Third Elder explained.

"40 years old? You can participate in such competitions at such an old age?" Leng Ruoxue was in disbelief.

“Miss Leng, Mystics below the age of 40 are children in our eyes. Anyone who can break through to Mystic Monarch before the age of 40 can be considered a genius. Similarly, such elites will also be specially nurtured by the clan,” the Fifth Elder, who hadn’t said a word, explained.

Chapter 793: Grand Elder, I Don’t Have Money (5)

“Oh!” Leng Ruoxue nodded.

“Miss Leng, the competition will begin three days later. We will let her back later,” the Fifth Elder promised. Then the two of them stood up and left.

“Xue’er, looks like someone is being unreasonable again!” Empty said with a light smile after Third Elder and Fifth Elder left.

“Okay, I’ll make them regret it,” Leng Ruoxue said with a bloodthirsty smile.

A moment later.

Feng Da and the others walked into the living room with a smile.

“Miss.” Feng Da and the others quickly greeted her.

“Yes,” Leng Ruoxue answered lightly.

“Miss, you don’t care about us. Why didn’t you ask if we were wronged!” Lin Yuan couldn’t help complaining seeing how indifferent his young miss was.

“If you can’t even take care of yourselves, you don’t have to follow me anymore.” Leng Ruoxue looked at Lin Yuan with slight disdain.

“Miss!” Lin Yuan looked at Leng Ruoxue resentfully with a long face.

“Alright, stinky brats, stop pretending. How can those people be your match?” Leng Qingtian couldn’t take it anymore. These people were led astray by their granddaughter, and they especially liked to pretend to be pigs to eat tigers.

“That’s right! If you don’t get arrested willingly, I don’t believe those guards can lock you up,” the little old man echoed.

“It’s okay to be locked up, but I won’t let you go if you can’t take care of yourself,” Leng Ruoxue warned.

Updates by . com

“Miss, don’t worry. How can we dare to wrong ourselves!” Feng Da and the others hurriedly promised.

“Miss, we also felt that something was amiss, so we wanted to play along,” Lin Yuan said ingratiatingly.

“Yes, you were released because I promised to participate in the competition in three days. We have twenty spots. You can discuss who will be fighting! Anyone below forty can participate,” Leng Ruoxue said lightly.

“Miss, what if we accidentally injure someone?” Feng Da couldn’t help asking.

“Third Elder said that blades have no eyes. It’s inevitable that there will be injuries,” Leng Ruoxue said very calmly.

“Have a good rest for the next three days. Don’t leave the Snowfall Garden if there’s nothing else.” Leng Ruoxue pulled the freak out of the living room after speaking...

At this moment, Third Elder and Fifth Elder, who had already left the Snowfall Garden, came directly to the Grand Elder’s residence.

“Supreme Elder, Miss Leng has already agreed to participate in the competition three days later,” Third Elder said very respectfully.

“Yes, congratulations on completing the mission.” Leng Qianye smiled and then took a sip of tea.

“Supreme Elder, I’m afraid that this matter will be inappropriate, so if you’re willing to step forward to stop it, I think Leng Xing and the others will definitely give in,” Third Elder said worriedly. Alas! He really didn’t want Leng Ruoxue and the others to suffer any injuries. Otherwise, this seemingly amiable man in front of him might wash the Leng family with blood.

“Why should I stop him? Give me a reason.” Leng Qianye smiled evilly.

“Leng Ruoxue and the others are the descendants of your line. You can’t watch them jump into the fire pit! This competition...” Third Elder stopped talking halfway because he believed that the Supreme Elder would understand what he meant. However, he didn’t really understand what the Supreme Elder meant. He couldn’t understand why the Supreme Elder didn’t stop his descendants from jumping into the pit even though he knew that the competition this time was not simple!

“It’s true that Leng Ruoxue’s grandfather, grandfather, and granddaughter are my descendants, but I can’t play favorites if her subordinates cause trouble! That will make the other clansmen displeased,” Leng Qianye said helplessly.

“Uh!” Third Elder was speechless and couldn’t help but grumble in his heart. You obviously want to watch the commotion, but you still say it so pompously. Didn’t you think that with your status, no one would dare to be displeased as long as you said it! However, he could also see that the Grand Elder was most likely very confident in Leng Ruoxue and the others. Otherwise, he would have probably appeared long ago. Thinking of this, he very tactfully pulled the Fifth Elder away and said goodbye.

After exiting Leng Qianye’s yard, the Fifth Elder looked at the Third Elder in puzzlement and asked, “Are we leaving just like that? Many people will be unlucky if anything happens to Leng Ruoxue and the others.”

“Someone will probably be in trouble even if nothing happens to Leng Ruoxue and the others. Alas! Let’s not get involved. Let’s just watch the commotion,” Third Elder said helplessly. It seemed like the Leng family was about to change!

“That’s the only way.” The Fifth Elder was also very helpless, but there was nothing he could do.

Three days later.

The competition held every ten years by the Leng family, the Lan family, and the Sun family officially began.

The competition was arranged to be held in the largest martial arts arena in the Leng family's mansion. At this moment, the stage had been set up, and the main stage and the seats that could accommodate hundreds of spectators had been set up. However, because it was an internal competition, almost all the people who were lucky enough to watch the competition were members of the Leng family, as well as a small portion of the Lan and Sun families.

The atmosphere in the arena became more and more enthusiastic as the guests and audience entered the stage one after another. The lively atmosphere deliberately created by the Leng family also infected everyone present.

Soon, everyone from the Leng family, the Lan family, and the Sun family arrived, but Leng Ruoxue and the others were nowhere to be seen.

"Leng Ruoxue is too much. How dare she be late for such an important competition!" Leng Rumei accused loudly in front of everyone, and her words naturally entered the ears of the people sitting on the stage.

"I really didn't expect Leng Ruoxue to be from your Leng family," an old man said coldly on the stage.

"Second Elder knows my junior?" Leng Yimin, who was sitting in the middle, looked at the Second Elder of the Lan family and asked curiously. Well! Why was Leng Ruoxue related to the Second Elder of the Lan family? For some reason, he felt a little uneasy!

"Yes, I will know her even if she turns to ashes," the Second Elder of the Lan family said through gritted teeth. Boohoo... How could he forget? That was the first time he had massaged the soles of a bird's feet in his life! Thinking of this, he couldn't help turning his gaze to Leng Xing and asking with his eyes, 'Could the person you want to deal with be Leng Ruoxue?'

Chapter 794: Grand Elder, I Don't Have Money (6)

Leng Xing, who was not far away, nodded imperceptibly when he received the Second Elder's gaze. The Second Elder was immediately overjoyed when he saw this. This was really good news for him! However, why didn't Leng Xing tell him earlier that the person he wanted to deal with was Leng Ruoxue! It also made him happy. He complained a little in his heart, but their expressions immediately returned to normal.

"Uh!" Leng Yimin's unease deepened after hearing what the Second Elder of the Lan family said. Therefore, he ignored the glances exchanged between the Second Elder and Leng Xing.

"Seems like Leng Ruoxue should be considered the new elite of your Leng family. She's so famous that even the Second Elder of the Lan family knows about her. Well! I have to get to know her well later," the Sixth Elder of the Sun family said with a light smile and a teasing tone. He was also the leading elder of the Sun family this time.

"Sixth Elder, Leng Ruoxue is just a child. She's not worth mentioning," Leng Yimin said helplessly. Boohoo... Why were these people so interested in Leng Ruoxue?

"I'm afraid you're not an ordinary child if you're appreciated by the Second Elder of the Lan family. Patriarch Leng, don't be humble. You should be proud that the Leng family has such a junior," the Sixth Elder of the Sun family said with envy.

Proud my a*s! Leng Ruoxue didn't admit that she was from the Leng family at all. Leng Yimin couldn't help but grumble in his heart. Boohoo... If possible, he really didn't want Leng Ruoxue to participate in the competition! However, things were no longer under his control. Alas! He hoped that nothing bad would happen! He prayed sincerely...

At the same time, Leng Ruoxue and the others were walking into the arena...

Leng Ruoxue and the others walked into the competition venue unhurriedly and swaggeringly. Then, they were led to the side of the stage by the guards. At this moment, the preparation area on the side of the stage was already full of people. However, after seeing them, everyone present revealed expressions of being unfriendly, mocking, or watching the commotion...

"Leng Ruoxue, how dare you only come now!" Leng Rumei glared at Leng Ruoxue as if she was her enemy and questioned her fiercely.

"What? The competition has already begun?" Leng Ruoxue's beautiful face was full of question marks.

"The competition is about to begin," Leng Rumei said furiously. She originally wanted to humiliate Leng Ruoxue in public before the competition began, but she didn't expect them to come so late. Damn it, there was not much time left now!

"It hasn't begun yet! Moreover, we're not the first to go on stage, so there's no hurry!" Leng Ruoxue said nonchalantly.

"You..." Leng Rumei pointed at Leng Ruoxue, so angry that she couldn't speak.

"Rumei, why lower yourself to the level of a person who has never seen the world! It will lower our taste. We are the daughters of the three great super families. We have to pay attention to our identities." At this moment, a woman in blue walked over and said with a face full of disdain.

Updates by . com

"Fei'er is right. It's beneath my status to bicker with such a bumpkin," Leng Rumei said arrogantly.

"Isn't this Miss Lan Fei'er? Why, Lan Ning'er's reputation is ruined. Is it your turn to take the throne now?" Leng Ruoxue looked at Lan Fei'er with a spurious smile and said lightly.

"Who are you? How do you know me?" Lan Fei'er looked at the drop dead gorgeous beauty in front of her and gritted her teeth in hatred! Damn it, was it not her turn to stand up without Lan Ning'er? Why did another woman more beautiful than Lan Ning'er appear! Fortunately, this woman was hated by Leng Rumei, so she could be considered to have an ally. Thinking of this, she was even more confident.

"Miss Lan Fei'er, I'm Leng Ruoxue. We met once in Blue Cloud City," Leng Ruoxue reminded with a light smile.

"You're that ugly freak?" Lan Fei'er was shocked. How was this possible? She really didn't associate the Leng Ruoxue Leng Rumei mentioned with the ugly freak she had seen before. This... This contrast was really too big!

"Seems like Miss Lan Fei'er's memory isn't really bad. By the way, is the patriarch of the Lan family okay?" Leng Ruoxue asked with a smile.

“Okay, okay,” Lan Fei’er said fearfully. Boohoo... If she knew that the woman in front of her was the same person as that ugly freak, she definitely wouldn’t have dared to say anything just now. She had a deep understanding of Leng Ruoxue’s terror when she was in the Lan family, so she really regretted it to death now! Boohoo... She didn’t want anyone to save her like Lan Ning’er! Suddenly, from the corner of her eye, she saw Leng Wudi and the others walking over, and she ran in Leng Wudi’s direction without hesitation...

“Young Master Leng!” Lan Fei’er ran to Leng Wudi’s side, panting, her beautiful face still slightly fearful.

“Miss Lan, what’s wrong?” Leng Wudi was a little puzzled. He didn’t have a good impression of Lan Fei’er, but she was a guest. He had to pretend no matter how annoying he was. Alas! Thinking of this, he realized that he really envied the lives of Leng Ruoxue and the others.

“N-nothing!” Of course, Lan Fei’er couldn’t say that she was scared by Leng Ruoxue. However, this was another good opportunity to pretend to be weak. She also didn’t want to give up. Leng Wudi and the others had already walked toward Leng Ruoxue and the others while she was weighing the pros and cons. She stomped her feet in anger and hurriedly followed after them.

“Xue’er, be careful when you go on stage later. There are many geniuses from the Lan and Sun families,” Leng Wudi reminded her. He knew that Leng Ruoxue had many powerful beasts, but he was not sure how strong Leng Ruoxue was now. Therefore, he was more or less a little worried. Beast pets were not allowed in this competition, so he was even more worried for Leng Ruoxue and the others.

“Okay, we will be careful,” Leng Ruoxue said with a light smile.

“You have to be careful. You might even die.” Leng Rumei gloated again.

“Miss Leng Rumei, no one will think you’re a mute even if you don’t speak. Really, I promise,” Leng Ruoxue said seriously. Her words also caused Feng Da and the others to laugh. Even Leng Wudi and the others couldn’t help but laugh, and there were even more people laughing secretly!

Chapter 795: Infernal Affairs (1)

“Leng Ruoxue, you really deserve to die! However, don’t worry, I won’t attack you in private. Hopefully, we have the chance to compete on the field! At that time, I’ll definitely let you know my power,” Leng Rumei said confidently.

“Okay! I’ll wait. By the way, how are your grandfather’s injuries? They should be healed!” Leng Ruoxue asked anxiously with a face full of concern.

“Hmph! Of course it’s good. There’s no need for you to pretend to be compassionate!” Leng Rumei gritted her teeth and said fiercely.

“Miss Ru Mei, you’re mistaken. I’m not concerned about your grandfather. I’m thinking that if his injuries have healed, I’ll pay him another 100 amethyst dollars and let my subordinates beat him up one by one. You don’t know, that old man isn’t good at enduring beatings. Last time, my subordinates didn’t have enough!” Leng Ruoxue said with dissatisfaction.

“Pfft!” Leng Wudi couldn’t help but laugh after hearing Leng Ruoxue’s words. Haha! Xue’er was really sharp-tongued. That old man had almost lost his face since he was beaten up, but Xue’er actually

wanted to beat him up! She was really too evil! However, that evil really looked cute no matter how he looked at it!

“Damn it, just you wait!” Leng Rumei was so angry that her eyes burned with raging anger as she glared at Leng Ruoxue and threatened.

“Haven’t I been waiting? Miss Leng Rumei, you have to be fast! I might leave at any time,” Leng Ruoxue reminded.

“Hmph! You’re courting death! Don’t blame me!” Leng Rumei left the preparation area angrily after speaking.

“Xue’er, is it okay to anger her like this? She has Leng Xing backing her up now. It will be impossible to guard against her if she does anything underhanded on the field!” Leng Wudi said worriedly when he saw Leng Rumei leave.

“Young Master Leng, thank you for your concern, but you should pay more attention to Leng Rumei! She will definitely be the unlucky one if you anger me. Moreover, someone will definitely pay a painful price unless I don’t attack,” Leng Ruoxue half warned and half reminded.

“I don’t have the right to care about her. However, if anything happens to her, my mother will definitely be grateful to you,” Leng Wudi said understandingly. Alas! His mother would probably say that he didn’t acknowledge this sister for nothing!

“But there will also be people from the Leng family who want to kill me,” Leng Ruoxue said with a light smile.

“Are you afraid?” Leng Wudi asked speechlessly.

“How do you spell fear?” Leng Ruoxue raised her eyebrows and asked calmly.

Updates by . com

“I knew you wouldn’t be afraid.” Leng Wudi sighed and said helplessly. Alas! Leng Ruoxue had only returned to the Leng family for a few days, but it had already driven many clansmen crazy, especially his father! He wanted to laugh happily every time he saw his father’s conflicted expression.

“Xue’er, I think I see a familiar face.” The freak looked at the stage and said to Xue’er with a light smile.

“Yes, I saw the Second Elder of the Lan family too.” Leng Ruoxue looked at Lan Lie and said lightly.

Lan Lie’s heart trembled under Leng Ruoxue’s seemingly casual gaze. Oh! Could it be that the Second Elder was going to be unlucky again?

“Will the two of you go on stage later?” Leng Ruoxue looked at Lan Lie and Sun Teng.

“I’m not going.”

“Me neither.”

The two of them said almost in unison.

“However, I want to fight you in private.” Sun Teng stared at the freak with a fervent gaze.

“Don’t have any designs about my man.” Leng Ruoxue pretended to be displeased.

“Uh! Don’t misunderstand. I’m not interested in him. I just want to compete with him,” Sun Teng said speechlessly.

“I’m not interested,” the freak said coldly without even looking up.

“Freak, let’s go greet the Second Elder of the Lan family!” Leng Ruoxue smiled evilly at the freak.

“Okay.” The freak was very cooperative. After speaking, the two of them walked to the stage together.

On the main stage.

The Second Elder of the Lan family looked at the stunning man and woman with a spurious smile in front of him and his heart trembled. Boohoo... He already knew that these two people were Leng Ruoxue and her fiancé!

“W-what are you doing?” The Second Elder of the Lan family looked at Leng Ruoxue and the freak like a little wife, his voice trembling a little. Erm... Could he go back on his word now? Could he not participate in Leng Xing’s plan? He didn’t expect Leng Ruoxue to give him so much pressure herself. Boohoo... He was really scared now!

“Second Elder of the Lan family, long time no see. We just came to greet you. Don’t be scared! Oh right, Big Sister Ling’er misses you too. I wonder when you have time to serve it again! We will pay for it this time.” Leng Ruoxue smiled very evilly, so her words actually made the others sitting beside Second Elder misunderstand.

At this moment, everyone, including Leng Yimin, looked at the Second Elder of the Lan family with very suggestive gazes, thinking, Oh! This old man is already so old and doesn’t look good, but there are actually women who like him and are even willing to spend money for him in a unforgettable manner. It’s really enviable, jealous, and hateful!

“I don’t have time. I’m very busy,” the Second Elder of the Lan family wanted to cry but had no tears. He could also feel the gazes of others, but he could say that the Big Sister Ling’er Leng Ruoxue was talking about was a bird! Could he say that she just wanted him to give her a foot massage! Boohoo... Wouldn’t that be even more embarrassing for him! Most importantly, probably no one would believe her!

“It’s okay. We can wait. Alas! Big Sister Ling’er said that you’re skilled and can’t forget you. I can’t do anything either!” Leng Ruoxue continued to add oil to the fire.

Good technique? Leng Yimin and the others immediately understood when they heard that. So this Old Man Zao was skillful! Well! No wonder! At this moment, someone secretly decided that they would ask the Second Elder of the Lan family for a few moves if they had the chance!

“I... I...” The Second Elder of the Lan family really didn’t know what to say after Leng Ruoxue’s promotion. Boohoo... At this moment, he was very regretful. He regretted coming to the Leng family, and even more so regretted getting involved in Leng Xing’s plan. If this little demon knew that he had a part in it, he would probably not let him go! However, it was too late to say anything now. Alas! The excitement he had when he knew that Leng Xing wanted to deal with Leng Ruoxue had long disappeared without a trace after seeing Leng Ruoxue herself. All that was left now was fear!

Chapter 796: Infernal Affairs (2)

"You what?" Leng Ruoxue asked the advisor.

"I don't have time in the future, so let it find someone else!" the Lan family's Second Elder said with a long face.

"You're so busy! It's okay. I'll find the Lan family head personally when I have time and ask him to give you a break. A talent with special skills like you can't be exhausted," Leng Ruoxue said without thinking.

"Patriarch doesn't have time either. Patriarch is in seclusion," Second Elder Lan said hurriedly.

"In seclusion? It's okay. I'll look for the Lan family's First Elder. Don't tell me he's in seclusion too!" Leng Ruoxue's beautiful eyes stared at the Lan family's Second Elder doubtfully.

"He didn't enter seclusion, but he's not in the Lan family now. Uh! He went out to train. I don't know when he will return," the Second Elder of the Lan family said after some thought. Boohoo... He wanted to say that the First Elder of the Lan family was in seclusion, but he knew that this little demon would definitely not believe him.

"Oh! Who's in charge of the Lan family now?" Leng Ruoxue asked with some amusement.

"Elder Group, the important affairs of the Lan family are now decided by the Elder Group for the time being." Second Elder quickly said, hehe! He really admired himself to death. He didn't believe that this little demon could look for the elders of the Lan family one by one.

"The elders? Seems like there's nothing wrong with the Lan family!" Leng Ruoxue said with a smile. Coincidentally, Leng Wudi and the others walked over again.

"What do you mean?" Lan Lie's face was full of question marks.

"It's okay, it's okay!" the Second Elder of the Lan family interrupted. Cold sweat rolled down his forehead.

"Young Master Lan, I heard that the current Lan family is decided by the elders?" Leng Ruoxue's beautiful face was full of curiosity.

"How is that possible? That old man is alive and well!" Lan Lie said irritably.

"But I heard from Second Elder Lan that..." Leng Ruoxue deliberately only said half a sentence. Then she raised her beautiful eyes and looked at the Second Elder of the Lan family.

Updates by . com

"Miss Leng, I'll look for you when I have time," the Second Elder of the Lan family promised.

"Okay, tonight then! I'll get Big Sister Ling'er to wait for you in the Snowfall Garden." Leng Ruoxue smiled suggestively and left the stage with the freak after speaking.

"Second Elder Lan, congratulations." Leng Yimin and the others congratulated the Second Elder of the Lan family politely as soon as Leng Ruoxue left. Some of them were even scheming in their hearts, not

knowing when they would be able to attend the Second Elder's wedding. After all, it was only a matter of time before the girl couldn't forget him!

"Thank you!" The Second Elder of the Lan family had a long face. He braced himself and accepted the congratulations of everyone present, but he was so depressed that he wanted to bang his head against the wall! Boohoo...

"Uh! Is there any good news, Second Elder?" The question marks on Lan Lie's face increased.

"Hehe! Young Master Lan, your Second Elder is about to bloom, and it's the blooming of an old tree! Your Lan family will have a happy occasion soon!" an elder from the Leng family interrupted.

"Oh, congratulations, Second Elder." Lan Lie congratulated him according to customs even though he was a little lost. In fact, he knew very well that it was impossible for the Second Elder to have a happy occasion when it involved Leng Ruoxue. Alas! It was good enough not to hold a funeral!

"Young Master!" The Second Elder of the Lan family looked at Lan Lie resentfully, wanting to cry but had no tears.

"There's no need to explain. I understand," Lan Lie said sympathetically. However, he couldn't help the Second Elder. Alas! Second Elder, your life can still be saved as long as you do as Leng Ruoxue says obediently! He signaled the Second Elder with his eyes.

The Second Elder of the Lan family nodded understandingly. Boohoo... He couldn't be blamed for being useless. The impression Leng Ruoxue gave him was really too deep. However, it had been so long, and he thought that he had forgotten! However, he only knew that not only did he not forget after seeing Leng Ruoxue, but his fear for Leng Ruoxue and the others had already seeped into his bones! Erm... What should he do! He was so conflicted!

The Second Elder of the Lan family had been struggling on the stage, and the competition began on time.

After the competition began, the participants went on stage one by one in the order they had drawn beforehand. Leng Ruoxue and the others sat by the stage without interest, eating and chatting.

"Miss, the level of this competition is too low. It's really too boring." Lü Tao ate her snacks and glanced at the two sides fighting furiously on the stage, saying disdainfully, Uh! Her horizons were becoming wider and wider as she advanced to Mystic Empress. She couldn't care less about such a level of competition, but she had to participate again. She was really too helpless.

"Don't look if you don't like it! They compete with them. We'll eat ours," Leng Ruoxue said nonchalantly.

However, their casualness displeased many of the participants.

"Referee, everyone is competing, but they are eating and drinking here. How can we compete?" a disciple of the Sun family accused very displeased.

"That's right, this is too much!"

"This is simply desecrating the competition."

“Referee, on behalf of all the participants, I strongly request that they be disqualified from the competition.”

After someone stood up, someone began to echo. Leng Rumei looked at Leng Ruoxue proudly and pleaded impartially, “Referee, eating in the competition venue is indeed inappropriate. However, on the account that they are first offenders, give them another chance!”

“Alright! On the account that Miss Ru Mei pleaded for you, I’ll warn you once. You’re not allowed to eat anymore,” the referee said loudly. To be honest, he really didn’t want to care about this matter. However, it had already aroused public anger, so he couldn’t pretend not to see it. Boohoo... He was in a very difficult position!

Unfortunately, Leng Ruoxue and the others didn’t seem to hear the referee and continued doing what they were doing!

“Don’t say that the grapes are sour just because you can’t eat them. You can also eat them if you want to see us eat them!” Feng Da said nonchalantly. He even took out firewood from his ring to grill the meat!

“You...” The referee was so angry that he couldn’t say anything when he saw this situation. He simply walked to the other side of the field. Anyway, he was not the only referee in the competition. He should leave this matter to others to have a headache!

Feng Da and the others grilled the meat as if no one was around when they saw the referee leave. Everyone present could only stare angrily.

Chapter 797: Infernal Affairs (3)

“Your behavior is really too much. How can you treat such an important competition as child’s play!” Leng Rumei accused them with some disappointment.

“Miss Leng Rumei, we’re not familiar with you,” Leng Ruoxue said with some amusement. She really didn’t know why Leng Rumei pretended to be the head of the family!

“You really don’t know what’s good for you!” Leng Rumei said angrily and then turned to leave angrily.

“Miss, is Leng Rumei mentally abnormal?” Lü Tao asked in puzzlement.

“What do you mean?” Leng Ruoxue was curious.

“Sometimes she treats us as her enemies, and sometimes she seems to treat us as the Leng family. She always wants to control us so that she can show her identity as the eldest daughter of the Leng family,” Lü Tao said after some thought.

“Okay, just treat her as mentally abnormal. Don’t worry about her!” Leng Ruoxue said with a light smile.

“Yes, Miss. It’s my turn.” Lü Tao walked directly to the stage.

Leng Ruoxue and the others turned their gazes to the stage after seeing Lü Tao go on stage. Lü Tao’s opponent was from the Sun family, and it was a Mystic Monarch.

“Beauty, I will let you go if you are willing to admit defeat. Moreover, I promise I will love you well and make you want to die.” On the stage, a greasy-haired and pink-faced young man was looking at Lü Tao wretchedly, his lecherous eyes still patrolling the important parts of Lü Tao’s body.

“Whose master are you? I’ll castrate you if you spout nonsense!” Lü Tao said furiously. Damn it, how dare you tease me. At this moment, the man opposite her was already a dead man in her eyes.

“Lü Tao, castrate him!” Feng Da roared furiously from below the stage. Damn, how dare he tease his woman. This brat from the Sun family really didn’t want to live anymore.

Lü Tao and Feng Da’s words made many of the people present break out in cold sweat because these words were really too valiant. A great mystic actually said that he wanted to castrate a Mystic Monarch. Wasn’t this a joke! However, no one dared to treat the subsequent scene as a joke!

That was because Lü Tao, who was on the stage, unceremoniously released a ray of light blue mystic energy at the man opposite her after receiving Feng Da’s encouragement, and her target was the most important part of the man’s body. Immediately, there was a scream of pain, and the man on the stage covered the main part of the stage with his hand and fell onto the stage with a cry of pain. Lü Tao’s set of actions was really too fast, and many people had already achieved the truth before they could react.

Updates by . com

“Referee, is the competition still continuing?” Lü Tao looked disdainfully at the man lying on the stage and asked the referee, whose face was a little pale.

“No... There’s no need to compete,” the referee stammered. Boohoo... What was there to compete! This woman was really too ruthless. She actually really castrated him when she said castrate. This person was from the Sun family! What should he do?

“I should have won, right?” Lü Tao asked uncertainly.

“Yes, you won.” The referee was a little conflicted, but he didn’t dare to offend this terrifying woman in front of him. He wouldn’t be able to cry if she killed him in a fit of anger! It was really too terrifying! He had lingering fears!

Soon, someone from the Sun family, who had become a eunuch, was carried down. The Sixth Elder of the Sun family, who saw this scene on the stage, almost fainted!

On the main stage.

“Patriarch Leng, your Leng family is too ruthless. Shouldn’t you give our Sun family an explanation!” the Sixth Elder of the Sun family questioned angrily with a black face.

“Erm...” Leng Yimin was very depressed. In fact, he really wanted to say that they asked for it, but he really couldn’t say it because of the relationship between the two parties.

“Sixth Elder, calm down! In fact, this isn’t a big deal. It’s just that it broke! It can still be connected if you take the pill in time, so you don’t have to be angry over such a small matter. Uh! Injuries are unavoidable on the competition stage!” The Third Elder of the Leng family laughed as a mediator and comforted.

“Yes! Sixth Elder, this isn’t a big deal. Moreover, there’s a reason for it. The young lady won’t be angry if your Sun family’s disciple didn’t spout nonsense! Moreover, that thing can be reattached. It won’t affect your daily life,” the Fifth Elder of the Leng family, who was wearing the same pants as Third Elder, hurriedly echoed.

“You...” The Sixth Elder was a little speechless. Hmph! Repeat! It was easy to say. Even if it was reattached, it would not be original, and some functions would not be there, and it would be no different from a cripple. Thinking of this, he was so angry! However, even though he was angry, he also knew whose territory this was, so he did not dare to be too presumptuous.

“Sixth Elder, your Sun family is going against Leng Ruoxue’s subordinates again,” the Second Elder of the Lan family couldn’t help reminding. Boohoo... Demon! That woman’s subordinates were also a group of demons! They were really too terrifying!

“Oh!” The Sixth Elder of the Sun family hurriedly turned his gaze to the stage when he heard that, and his nervous heart was about to jump out. Boohoo... Don’t let something like this happen again because Leng Ruoxue’s side had another woman on the stage.

On the stage.

Cui Zhu looked at her opponent with some disgust, her clear eyes still full of contempt. She said impatiently, “Let’s begin quickly! Don’t delay my barbecue.”

“You stinky girl, don’t worry. I will definitely teach you a lesson,” another unlucky person from the Sun family said arrogantly. Hmph! He wanted to avenge his brother!

“Okay, then hurry up!” Cui Zhu urged anxiously. Boohoo... Her grilled meat! It would be eaten up by those big stomachs later.

“Stinky girl, take this!” The unlucky person from the Sun family took the lead to attack...

Cui Zhu on the stage calmly released a water curtain in front of him and then launched a huge meteor shower. In an instant, countless light blue rain swords attacked his opponent...

“Ah!” With a scream, the unlucky person from the Sun family also covered an important part of his body and fell onto the stage...

Seeing this scene, almost everyone’s hearts jumped crazily on the field except for Leng Ruoxue and the others. Bean-sized sweat dripped down the foreheads of many male compatriots!

Chapter 798: Infernal Affairs (4)

Five minutes passed, and the Sun family who had collapsed on the stage didn’t react. The referee walked forward stiffly and took a look. Well! Fortunately, he was still breathing!

“Cui Zhu wins!” the referee announced loudly after confirming.

“Ah! Miss, I won!” Cui Zhu ran off the stage like a little bird happily and then picked up the surviving grilled meat to eat in big mouthfuls.

“Yes, well done,” Leng Ruoxue praised. Cui Zhu seemed to have grown a lot!

“Miss, we still have three rounds of competition today. Then we can go back and rest.” Feng Da looked at the schedule and said.

“Okay, let’s end this quickly! The Second Elder of the Lan family still wants to come tonight!” Leng Ruoxue reminded with a light smile.

“Uh!” Feng Da and the others stole a glance at the frowning Second Elder of the Lan family on the main stage, their hearts full of infinite sympathy for him. Alas! Poor fellow was targeted by their young miss again.

As time passed, the competition continued in full swing. Leng Ruoxue’s side quickly finished all the competitions today and won in seconds!

Leng Ruoxue and the others left the arena directly and returned to the Snowfall Garden after today’s competition ended.

Leng Shuang, whom he had not seen for a few days, came knocking on his door not long after he returned to the Snowfall Garden.

“Sister, I heard that your people will show off their might today!” Leng Shuang sat opposite Leng Ruoxue in the garden and said happily.

“Fortunately, it’s mainly because those people are too weak,” Leng Ruoxue said nonchalantly.

“Too weak?” Leng Shuang was a little speechless. She thought, Your opponents look stronger than you!

“Big Sister, haven’t you been busy these few days? Why are you free to come today?” Leng Ruoxue changed the topic.

Updates by . com

“Sister, I heard that your two maidservants castrated the Sun family. I was worried, so I hurriedly came to remind you,” Leng Shuang said helplessly.

“Big Sister, don’t worry. I know what to do,” Leng Ruoxue said gratefully.

“That’s good. The Sun family is despicable, so you have to be careful. However, I believe that the Sun family won’t dare to do anything to you as long as you don’t leave Proud Cold City,” Leng Shuang said after some thought.

“Okay, I’ll be careful,” Leng Ruoxue said.

“Sister, I’ve said what I wanted to say. I’ll go back first. I’ll visit you after I’m done for the next few days.” Leng Shuang stood up and left.

Leng Ruoxue returned to the garden after sending Leng Shuang out of the Snowfall Garden.

After dinner, everyone sat in the garden and admired the beautiful moonlight while waiting for the Second Elder of the Lan family. However, the old man still didn’t come late at night.

“Miss, could that old man be scared? It’s already so late and he’s not here yet. He probably won’t come,” Zheng En complained. Damn it, how dare he stand his young miss up. He wouldn’t let that old man go.

“Calm down, he will come. He won’t dare not to come.” Leng Ruoxue was very sure.

Sure enough, not long after Leng Ruoxue finished speaking, the Second Elder of the Lan family came to the Snowfall Garden sneakily. After seeing Leng Ruoxue and the others, the Second Elder was so nervous that his entire body was trembling.

“Leng Ruoxue, I’m here. W-what do you want?” The Second Elder of the Lan family mustered his courage and asked softly with a trembling voice. The expression on his face was as if he was about to be...

“Second Elder, don’t be scared. We’re old acquaintances. I won’t bully you!” Leng Ruoxue comforted with a light smile. Well! She really didn’t understand why this Second Elder was so afraid of her!

The Second Elder of the Lan family looked at Leng Ruoxue with a long face, his heart racing. You bullied me a lot! Boohoo... He had already thought about not participating in Leng Xing’s plan because he really didn’t think Leng Xing would win. Alas! This was a decision he had thought for several hours. The two disciples who had been castrated from the Sun family also helped him confirm his stand. After all, he didn’t want the disciples of the Lan family to become useless too! Therefore, he would not cooperate with whoever wanted to cooperate!

“Leng Ruoxue, I’ll tell you Leng Xing’s plan. Can you let me go?” The Second Elder of the Lan family pleaded with a bitter face.

“Second Elder is very sensible. However, you can tell me first. I won’t pursue your mistake if it’s valuable.” Leng Ruoxue smiled like a little fox.

“Alright.” The Second Elder of the Lan family had no choice but to tell Leng Xing’s plan in detail to Leng Ruoxue. After speaking, he even looked at Leng Ruoxue carefully, his gaze was like a puppy wagging its tail pitifully, very pitiful!

“That’s all?” Leng Ruoxue asked with dissatisfaction because this plan was really too childish. Alas! How could Leng Xing think of such a lousy plan after living for so long! It was really too disappointing!

“Yes, the Sixth Elder of the Sun family and I were both present at that time. However, I don’t know if he sought out the Sixth Elder in private,” the Second Elder of the Lan family said honestly. In fact, to be honest, Leng Xing’s plan might be very effective against others. Unfortunately, the person he wanted to deal with was Leng Ruoxue! Boohoo... He didn’t dare to imagine the consequences of the people who participated in this plan, so it was not too late to hope that he would surrender.

“Oh! Second Elder, I’m very disappointed in your plan. Tell me, what should we do!” Leng Ruoxue said with seeming distress.

“Miss Leng, please don’t count me in. I’ll apologize to you for what happened previously. I won’t participate in the rest, okay!” the Second Elder of the Lan family pleaded. Boohoo... He really regretted coming to the Leng family. If he had known that this little demon was in the Leng family and gave him so much pressure, he wouldn’t have come even if he said he would die! However, he also hated Leng Xing

for not telling him clearly back then because Leng Xing only said that he wanted to deal with a junior in the family who didn't know the rules and contradicted him. Therefore, he should be considered a victim of the deception, right?

"No, you have to continue participating," Leng Ruoxue said with a naughty smile.

"Why! I really don't want to participate anymore. Boohoo... Miss Leng, let me go! I know I was wrong," the Second Elder of the Lan family wailed uselessly.

"Who will be my undercover if you don't participate? You have to inform me in time if Leng Xing's plan changes!" Leng Ruoxue said matter-of-factly.

Chapter 799: Infernal Affairs (5)

"Miss Leng, I'm afraid Leng Xing doesn't believe me anymore," the Second Elder of the Lan family said aggrievedly. Leng Xing's gaze at him had become abnormal since Leng Ruoxue said those misunderstood words in front of the stage.

"He will believe you more if you tell him what happened between us," Leng Ruoxue said understandingly.

"No... I can't tell you. It's really too embarrassing." The Second Elder of the Lan family's face flushed red. Boohoo... How could he survive in the three great super families in the future if news of this spread!

"Then think of a way yourself. Anyway, you have to continue colluding with them!" Leng Ruoxue reminded, her words full of threat.

"Then... alright then!" The Second Elder of the Lan family was very helpless. Boohoo... He was on a pirate ship! Moreover, they were from two families, so he couldn't get off even if he wanted to.

"Second Elder Lan, it's getting late. Rest early!" Leng Ruoxue ordered him to leave after the discussion, and she dragged the freak back to her room.

The next day.

The competition continued.

The Second Elder of the Lan family only came to the main stage after the competition began. However, he felt countless suggestive gazes sweeping over him before he sat down...

"I'm sorry. I woke up late today," the Second Elder of the Lan family explained gloomily.

"It's okay. We understand."

"Oh! Second Elder is really strong despite his age! I'm envious!"

"Second Elder, it must have been tough yesterday!"

"Second Elder, we cultivators should still focus on cultivation. Everything else is fleeting."

Updates by . com

The Second Elder of the Lan family was even more depressed as he listened to everyone's words. He didn't expect his explanation to actually attract countless guesses, among them were understanding, jealous, envious, reminded, comforted. Damn, what was going on? He really wanted to knock into tofu! However, everyone present was of equal status to him, so he couldn't vent his anger on them even if he was angry.

"Second Elder, beauty is a hindrance! You have to be careful not to fall for my honey trap," Leng Xing, who had been silent, reminded eccentrically, his eyes full of warning.

"Senior Leng, you're mistaken. I'll explain it to you when I have time." The Second Elder of the Lan family smiled bitterly and approached Leng Xing and said softly.

"Okay." Leng Xing nodded. Then he stopped talking and turned his gaze to the stage. He didn't know how Leng Ruoxue and the others would perform in today's competition. However, this was only the beginning, so don't worry! The show was still coming!

On the second day of the competition, Leng Ruoxue and the others all went on stage. However, the result of the competition was still the same as the previous day, all of them were instantly killed...

On the third day...

The fourth day...

It was still the same.

On the fifth day of the competition, only 50 people were left on the field. Leng Ruoxue and the others occupied 20 spots among these 50 people, and the other 30 spots were divided equally among the other three families.

The three families each sent out 50 disciples for this competition. After the four-day preliminaries, the Lan family and the Sun family were almost wiped out except for the Leng family. The disciples who stayed on the field were not very strong, and this situation did not prevent the Sun family's Sixth Elder and Leng Xing from burning with anger!

As for the Second Elder of the Lan family, he was well aware of the result. After all, he had long known the result. At this moment, he couldn't help but be a little glad that he had surrendered long ago. Otherwise, the disciples of the Lan family would probably be like the Sun family. It was a tragic sight! Even though there were many injuries on the bodies of the Lan family disciples, which looked quite terrifying, he knew that those were only superficial wounds, while the people from the Sun family were genuine injuries!

At this moment, Leng Xing knew very well that it was probably impossible to fight alone. Therefore, once the three families studied it, they changed the rules of the competition, changing from one-on-one battles to a group chaotic battle. Therefore, the fifth day of the competition was a chaotic battle.

Leng Ruoxue smiled happily after hearing this news because the competition was about to end in her eyes...

The fifth day of the competition finally began with Leng Ruoxue and the others' anticipation.

In the competition venue, Leng Ruoxue and the others deliberately sat quietly and thoughtfully by the side of the stage after hearing the new rules announced by the referee.

“What a pity. I didn’t expect the rules of the competition to change.” Leng Rumei walked to Leng Ruoxue and the others with a face full of pity and gloated.

Unfortunately, Leng Ruoxue and the others ignored her. Leng Rumei left angrily after finding trouble with herself.

“Miss, I really don’t understand why she’s so happy!” Lü Tao looked at Leng Rumei leaving in puzzlement.

“Haha! She thinks she can finally deal with us!” Leng Ruoxue said in realization. Well! Hopefully, today’s competition could all end. She didn’t want to participate in such a childish competition for another day.

“Oh! No wonder,” Lü Tao said in realization, but she felt pity for Leng Rumei and the others.

“Everyone, be alert when you go on stage later,” Leng Ruoxue reminded.

The stage today was several times larger than before, specially prepared for the chaotic battle! There would be more situations if the stage was larger, and there were more people competing, accidents might happen at any time, so there would probably be many things today!

After a while, Leng Ruoxue and the others had already stood on the stage. The competition officially began with the referee’s whistle.

According to the rules of today’s competition, twenty people should be eliminated. However, with Leng Ruoxue and the others’ disgust for the competition, it was naturally impossible to let this boring competition continue. Therefore, they wanted to take advantage of today to get rid of all the disciples of the three major families who were participating in the competition at once.

Leng Ruoxue and the others stood on the stage. No one attacked first, only observing each other. Not only that, the two sides were divided into two camps. Leng Ruoxue and the others stood together, and the other 30 people stood on the other side of the stage.

“Referee, does one lose the right to continue competing if they are off the stage?” Leng Ruoxue suddenly asked.

Chapter 800: First Encounter With The Old Ancestor (1)

“Yes.” The referee nodded. For some reason, he actually felt his body turn cold when Leng Ruoxue asked him this. There was even a bad premonition flowing through his heart. Boohoo... What was going on! Leng Ruoxue and the others had really surprised them too much in the competition these few days, so he was under a lot of pressure.

“That’s good.” Leng Ruoxue was relieved.

“Hey, why didn’t anyone attack? I’m going to attack if you don’t attack first!” Feng Da looked at the disciples of the three great families who were looking at them cautiously and shouted impatiently.

“Haha! Feng Da, they’re waiting for time! I think we should attack first!” Leng Ruoxue said with some amusement. The competition had a total of two hours. Don’t tell me these people thought that they could kick us out of the competition by attacking at the last moment?

“Miss, looks like that’s the only way.” Feng Da and the others were very helpless. After speaking, they surrounded the 30 people on the other side of the stage.

Leng Rumei looked at Feng Da and the others with contempt, thinking, Do you think you will be so lucky today? You are dead meat today.

However, her wishful thinking did not last long before Feng Da and the others attacked. They each found an opponent and first punched and kicked very violently. Then, their mystic energy kept smashing onto their opponents like it was free. In a few minutes, their opponents, who were unable to fight back, were covered in wounds and vomited blood on the stage. The injuries of the Sun family were especially serious among them, and Feng Da and the others kicked them off the stage without any pity for the fairer sex...

They had dealt with eighteen people on their first move. There were only two people left from the elimination quota for today’s competition, and they were not beaten to the other twelve people. Everyone, including Leng Rumei, was a little jumpy and stared at Feng Da and the others very cautiously.

“Feng Da, there are still two spots!” Leng Ruoxue looked at her opponents who were not too tough and said disdainfully.

“Leng Ruoxue, don’t be too smug. You will definitely be taught a lesson,” Leng Rumei roared recklessly. Hmph! She had a secret weapon. She didn’t believe that she couldn’t deal with Leng Ruoxue.

“Feng Da, let’s continue since Miss Leng Rumei strongly requests it!” Leng Ruoxue looked at Leng Rumei and said calmly to Feng Da.

“Okay!” Feng Da and the others rushed toward the other 11 people after speaking, leaving Leng Rumei to her young miss to deal with.

The other 11 people were beaten down by Feng Da and the others with a few punches. However, they did not kick these dozen people off the stage because they were waiting for Miss’s action.

“Leng Rumei, you’re the only one standing on the stage now except for my subordinates. Haven’t you always wanted to kill me? I’ll give you a chance today,” Leng Ruoxue said with a light smile.

Updates by . com

“Leng Ruoxue, don’t be too smug too early. There are only two spots to be eliminated today, so it won’t be my turn no matter what,” Leng Rumei said confidently. In fact, she was so angry in her heart because she originally wanted to kill Leng Ruoxue secretly while the crowd was in a chaotic battle. Unfortunately, all her plans were destroyed by Leng Ruoxue, and she was the only one standing on her side now, so she was so angry that she was about to explode!

“Is that so? Then let’s wait and see!” Leng Ruoxue said with a light smile. Then she gently released a stream of water-attribute mystic energy as if she was playing with it, shooting it at Leng Rumei.

Leng Rumei looked at the mystic energy flying toward her with contempt and thought to herself, Hmph! Do you want to deal with me with that little bit of mystic energy? You really overestimate your capabilities. She gently used the earthen-yellow curtain wall to block the mystic energy.

“Miss Leng Rumei is so powerful!” Leng Ruoxue smiled evilly and said ingratiatingly. Then, like Cui Zhu, she launched a meteor shower. Immediately, small light blue raindrops flew toward Leng Rumei and quickly penetrated her curtain wall and attacked her body. In the blink of an eye, her clothes were wet by the rain, and her hot and sexy figure was revealed.

“Damn it, what skill is this?” Leng Rumei endured the needle-like pain on her body and questioned loudly.

“Meteor Rain! Miss Leng Rumei’s figure is really good. Everyone can have a feast for the eyes.” Leng Ruoxue smiled suggestively.

“Who wants to see her!” The freak’s voice sounded at the right time.

“That’s right.” Feng Da and the others echoed cooperatively.

“Damn it! You... Leng Ruoxue, I won’t let you go.” Leng Rumei endured the pain in her body and took out a saber from her ring. The cold light on the saber was terrifying. The audience couldn’t help exclaiming when this saber was out.

“Wow, this saber is actually a sacred artifact!”

“Yes! This saber seems to belong to an old ancestor of the Leng family. Why is it in Miss Leng Rumei’s hand now?”

“Leng Ruoxue is going to be in trouble this time.”

Everyone in the audience discussed spiritedly. Some sighed, some were envious, and some were sympathetic to Leng Ruoxue. In short, everyone’s reactions were different. Of course, some secretly despised Leng Rumei in their hearts. After all, sacred artifacts were not as common as cabbages in this world, and powerhouses below Mystic Supremacy had to pay a huge price to possess a sacred artifact.

In the VIP seats.

Leng Yimin looked at the saber in Ru Mei’s hand and was shocked. Then he looked at Leng Xing and couldn’t help asking, “Old Ancestor, that saber...”

“I lent it to Rumei,” Leng Xing said calmly.

“Old Ancestor, this is only a competition within the clan. I’m afraid it’s inappropriate for you to lend the holy artifact to Miss Ru Mei!” The Third Elder of the Leng family couldn’t help but scold. Alas! This Leng Xing was really too much. Wasn’t it obvious that he wanted to get rid of Leng Ruoxue? Thinking of this, a chill rose in his heart.

“Not only is it inappropriate, but it’s also completely unfair,” the Fifth Elder of the Leng family said bluntly. Among the younger generation of the Leng family, even the young master had not been bestowed with a sacred artifact. Moreover, not only did the young master not have one, but these elders also did not have a sacred artifact in their hands! This was because the family’s sacred artifact

was stored in the armory. They were not allowed to use it unless something major happened. They were afraid that the Leng family would kill each other. However, they did not expect Leng Xing to actually use a sacred artifact to kill a junior for his own selfish reasons. Such behavior was really too embarrassing!
