Chapter 821: The Sun Family in Deep Fire (3)

“Patriarch Sun, Elder Wang should have been here, right?” Leng Ruoxue turned the topic to Sun Sheng, whose face had turned black from anger, fearlessly and asked calmly.

“Leng Ruoxue, what exactly do you want to ask?” Sun Sheng gritted his teeth and said with widened eyes.

“Nothing. I have some ties with the Mystic Association. I heard that Vice President Wu Gong has disappeared, so I naturally have to care.” Leng Ruoxue’s words were reasonable. Sun Sheng could only hold back his anger.

As for the elders in the hall, when they heard Leng Ruoxue’s question, they all broke out in cold sweat. They thought to themselves, This girl is really bold. She even dared to ask such a question in front of the patriarch. Well! Even though they were a little curious, this was the patriarch’s private matter after all, and it could be considered a scandal. Therefore, they could only fantasize in their hearts when they had nothing to do and didn’t dare to ask at all. However, at this moment, they all pricked up their ears in unison, afraid to miss any detail.

“What does that have to do with me?” Sun Sheng was very angry, but his eyes glared fiercely at the woman who caused trouble. Because of this matter, he had already become the family’s laughing stock.

“There are rumors that Wu Gong eloped with Madam Sun beside you,” Leng Ruoxue repeated with a smile. The word gossip seemed to be written on her beautiful face.

“Xue’er, don’t spout nonsense without evidence! What if the patriarch of the Sun family is unhappy and kills us to silence us?” The freak said with a face full of worry.

“Aren’t I verifying it! Let’s ask him face to face. In the future, if we hear others discussing this matter, we can help the Sun family head refute the rumors!” Leng Ruoxue had always been kind and warm-hearted.

“Uh! That’s true! However, where did Wu Gong go since Madam Sun is still in the Sun family? Ah! Could it be that his love rival...” the freak said curiously. However, he hurriedly stopped as if he had suddenly thought of something and carefully stared at Sun Sheng, his handsome face full of vigilance.

“Freak, don’t make wild guesses. Why would the patriarch of the Sun family do such a thing? It’s just a woman, what’s the big deal? Which patriarch doesn’t have a colored hat on his head!” Leng Ruoxue was very understanding.

“En, en, I won’t guess anymore. Let others guess!” The freak was very obedient. Then he stopped talking. However, his conversation with Xue’er had almost angered Sun Sheng and the others to death.

Sun Sheng’s face was gloomy, and the female lead of the conversation, the Second Madam of the Sun family, didn’t even dare to breathe heavily. However, she was so angry in her heart that she was about to explode. In order to appease the bad influence this matter brought, she had used all her tricks to regain Sun Sheng’s favor. Could it be that she was going to lose favor again because of Leng Ruoxue’s few words? No! She absolutely couldn’t allow such a thing to happen!

“Patriarch, these two people actually humiliated me in front of you. You have to uphold justice for me!” Madam Sun said aggrievedly with tears in her watery eyes.

“Shut up!” Sun Sheng roared impatiently. Then he suppressed his anger and composed himself. He said to Leng Ruoxue and the freak, “Gentlemen, Vice President Wu’s disappearance has nothing to do with our Sun family. I’ve already explained this to the President of the Mystic Cultivator Association, so I don’t want to hear the same thing from the two of you.”

“Oh! But rumors are terrifying! After all, it’s not a good thing for a mother to create such a scandal. It will also bring bad effects to the juniors in the family,” Leng Ruoxue said worriedly.

“Miss Leng is right, but she’s no longer the Matriarch,” Sun Sheng said calmly.

“What?”

“Oh!” Leng Ruoxue and the Second Madam of the Sun family said at the same time, but their reactions were completely different.

“The Sun family treats their concubines very well! They can actually sit beside the patriarch,” Leng Ruoxue said in disbelief.

“Liu Juan, back off,” Sun Sheng scolded angrily, the fire in his heart surging.

“Patriarch!” Second Madam Liu Juan’s face was full of disbelief. Just because of a few words from Leng Ruoxue, she had actually been demoted to a concubine by the patriarch. This hatred in her heart! She had worked hard for so many years, but in just a few minutes, it had all disappeared. Thinking of this, she lost her mind and pounced towards Leng Ruoxue...

“Leng Ruoxue, I’m going to kill you!” Liu Juan’s hatred burned furiously, wanting to skin Leng Ruoxue alive.

Bang! Liu Juan, who was pouncing on Leng Ruoxue, was kicked out by the freak.

After Liu Juan was kicked away, she directly collided with a pillar in the living room. Then, after falling to the ground, she rolled out of the living room like a ball. In short, she was as disheveled as possible. This change almost dumbfounded everyone present because everything happened too quickly. Before they could even react, Liu Juan was in tragedy.

“You guys are too much!” Sun Sheng stood up from his chair. Damn it, what day was it today? He obviously wanted to give Leng Ruoxue a show of strength, but he was the one who lost face in the end! Was there anything more depressing than this?

“We didn’t do anything?” Leng Ruoxue’s beautiful face was full of innocence. Well! It was just self-defense.

“You...” Sun Sheng almost fainted before he could catch his breath.

“Patriarch, take care of your health. Don’t be angry over such a small matter,” Eldest Madam of the Sun family said with concern.

“Yes! Patriarch Sun, be careful of your body. Overindulgence is not good for your body,” Leng Ruoxue reminded angrily. Then she stood up and pulled the freak away, and the two left the living room as if no one was around.

“Damn it, I’m so angry!” Sun Sheng’s anger increased when he saw Leng Ruoxue and Lu Jinwen leave.

“Patriarch, why bother with a junior!” The Eldest Madam said helplessly.

“I... I’ve lived for decades, but I’ve never been so angry before.” Sun Sheng was depressed just thinking about it. This really made him lose face.

“Patriarch, should we let Leng Ruoxue know the power of our Sun family?” an elder suggested.

“Don’t act rashly first. Send someone to watch her.” Sun Sheng took a deep breath and ordered.

Chapter 822: The Sun Family in Deep Fire (4)

“Yes!” The Elder replied, then left the living room to make the arrangements.

“Madam, help me back to my room to rest!” Sun Sheng felt that the blood in his body was flowing towards a certain place, and his head was dizzy and very uncomfortable.

“Okay.” The Eldest Madam nodded and helped Sun Sheng out of the living room.

Leng Ruoxue and the freak returned to the Snow Garden in a good mood. When Feng Da and the others saw them return, they immediately surrounded them and kept asking...

“Miss, what did the Sun family say?”

“Miss, did Sun Sheng make things difficult for you?”

Leng Ruoxue looked at Feng Da and the others with some amusement and said with a mysterious smile, “We’re fine, but Sun Sheng’s condition is probably not good!”

“Uh! What’s wrong with him?” Everyone was very curious.

Leng Ruoxue and the freak looked at each other and told them what happened in the living room. Everyone couldn’t help laughing after hearing that.

“Xue’er, you two are too evil,” Empty said with a light smile. Alas! The unlucky Second Mistress of the Sun family and the poor Sun Sheng, why did you provoke Xue’er for no reason! Weren’t you the ones who were at a disadvantage?

“We’re not guests in the Sun family, of course we can’t be polite!” Leng Ruoxue said nonchalantly.

“En, that makes sense. Why don’t we let Feng Da and the others go out and see if there’s anyone who doesn’t have eyes who will take the initiative to knock into us!” Empty suggested.

“Go if you want to go! We don’t need to stand on ceremony, just treat this as your home.” Leng Ruoxue reminded with a naughty smile.

“Yes, yes, Miss. Then we’ll go,” Feng Da and the others said hurriedly. Then they left the Snow Garden with the team. Empty, who was extremely bored, actually followed them to join in the fun.

In the evening, Feng Da and the others, who had had enough fun, returned to the Snow Garden with a smile. After having a comfortable dinner, they returned to their rooms early to rest, but the Sun family could not calm down!

After half a day, Feng Da and the others caused a commotion in the Sun family. Moreover, many of the Sun family members were beaten up because of a disagreement. At night, the Sun family members who went to complain to Sun Sheng created an unprecedented record. Not only that, many of the Sun family members didn’t dare to be angry but didn’t dare to say anything because the opponent was really too barbaric!

In the Eldest Madam’s room.

Sun Sheng lay on the bed with a pale face. Eldest Madam was feeding him, and the room was full of elders and members of the Sun family. Many of them had bruises on their faces.

“Patriarch, you have to uphold justice for us! Those people are really too barbaric,” an elder of the Sun family said with a long face. His face was swollen like a pig’s head. However, in order to let the patriarch stand up for them, he came directly without even taking the medicine.

“Patriarch, those people are actually still so arrogant in our Sun family. How preposterous! Where will the Sun family’s face go if our Sun family doesn’t teach them a good lesson!” Another elder said indignantly.

“Are you done? Leave if you are! The patriarch isn’t feeling well today and needs to rest,” The Eldest Madam said with a slight headache. She couldn’t stop sighing inwardly. Sigh! Leng Ruoxue was really good at causing trouble. She really didn’t know what they had done this afternoon that made so many people complain!

“Yes.” The elders could only choose to leave when they saw this. After all, they knew why the patriarch was unwell. Alas! It was also because Leng Ruoxue angered him!

The next day.

After breakfast, Feng Da and the others went out collectively. Moreover, they caused a commotion in the Sun family. However, they returned to the Snow Garden on time for lunch and then slipped away...

On the third day, it was still the same.

On the fourth day, the Sun family almost didn’t dare to appear in front of them because in the eyes of the Sun family, they were unreasonable barbarians. Therefore, they had to hide when they saw them. Otherwise, they would be the unlucky ones.

“Captain, where did the Sun family hide?” Lin Yuan looked at the empty yard and was depressed. What was going on? Wasn’t this the Sun family? Even the guards were missing. Alas! They couldn’t find anything even if they wanted to.

“Hehe! They’ll be out in a while!” Feng Da said confidently. Then he took out a small black ball from his storage ring and casually threw it into a yard...

Bang! The wall outside the yard exploded!

“Who dares to cause trouble in the Sun family?” A furious roar sounded and several figures jumped out from the dark. However, when they saw Feng Da and the others in the yard, they wanted to run. Unfortunately, they were blocked by Feng Da and the others who had been waiting for them.

“W-what do you want?” the guard captain said with a trembling voice, his eyes filled with fear. Boohoo... Why was he on duty today! If he had known that the explosion was caused by these malignant stars, he wouldn't have come out even if he died because he remembered the orders from above at all times and saw them hiding!

“Nothing! I just want to spar with you guys,” Feng Da said with a smile. Then he gave Lin Yuan and the others a look. Everyone swarmed forward tacitly and beat up these guards who showed their heads!

For a moment, the painful cries of the guards and the muffled sounds of fists hitting flesh resonated throughout the entire yard. The Sun family, who were hiding in the room, were so frightened that their bodies trembled. However, they were also a little curious. Which unlucky person was caught by those barbarians?

“Patriarch, this can't go on!” As evening approached, many elders and clansmen of the Sun family gathered in Eldest Madam's room. Moreover, everyone's face was covered in fear because they couldn't figure it out for a few days. This was the Sun family, and they had to be the ones to be arrogant, domineering, and bullying! Why were outsiders the ones who dominated an area in the Sun family! Boohoo... No one would believe this if word got out. This was the Sun family's main residence in Sun Zhou City! This was too unbelievable.

“Cough cough! Then what do you want me to do?” Sun Sheng's face was still very pale. Moreover, his body seemed to be even weaker than a few days ago. Alas! He was already depressed. These clansmen had been constantly telling him about the achievements of Leng Ruoxue and the others in the past few days, making him even angrier!

Chapter 823: The Sun Family in Deep Fire (5)

“Patriarch, we can't let Leng Ruoxue and the others continue. We have to think of a way. Otherwise, if this continues, there will be no one in the Sun family's main residence,” an elder said. These few days, because of Leng Ruoxue and the others, the clansmen who could find an excuse to move out would rather spend money to stay in a guest shop in the city than stay in the main residence. Alas! Thinking of this, he was extremely depressed.

“Do you have any good ideas?” Sun Sheng couldn't help asking.

“Uh! Patriarch, we discussed whether we can change places for Leng Ruoxue and the others. I heard from the Sixth Elder that they originally planned to stay in the guest shop.” This elder asked carefully.

“No, Leng Ruoxue is too cunning. I'll be even more worried if they stay outside!” Sun Sheng was helpless. He had promised that person to leave Leng Ruoxue in the Sun family. What if they slipped away if they moved to a guest shop?

“Then... Then what should we do?” The elders had bitter expressions. They knew very well why the patriarch was so persistent, but they really couldn’t bear it! If they weren’t elders of the Sun family, to be honest, they also wanted to move out.

“Persevere for a few days! Didn’t I tell you to hide from them?” Sun Sheng sighed. Alas! Wasn’t he also enduring it?

“Yes, Patriarch, rest well! We’ll leave first.” The elders had long guessed that the Patriarch would not agree, so there was no need to disturb the Patriarch’s rest since they knew the result.

Snow Garden.

Leng Ruoxue and the others were sitting in the garden chatting.

Leng Ruoxue’s mood was also affected by the happy expressions on Feng Da and the others’ faces.

“Miss, you don’t know. The Sun family has been tormented badly by us these few days. The Sun family is like a mouse that saw a cat when they see us. They slip away quickly!” Feng Da said with joy.

“However, no matter how fast they are, they are not as fast as us. Therefore, they can only obediently let us ravage them!” Lin Yuan added.

“How strange. You’ve been causing trouble for a few days. Why didn’t anyone from the Sun family come out to manage it? Could it be that the patriarch and elders are just decorations?” Leng Ruoxue was puzzled. Or did the Sun family have another scheme?

“Why doesn’t anyone care! Didn’t someone stand out two days ago! However, after being beaten up by us, the number of people who dare to stand out is decreasing. There aren’t any now,” Feng Da shrugged and said very innocently. The people in the Vast Heaven Continent didn’t have a high evaluation of the Sun family. They said that the Sun family was domineering, arrogant, and unreasonable. However, Feng Da didn’t see these qualities that outsiders said. Instead, he felt that the Sun family was very easy to bully.

“The Sun family’s behavior is very abnormal,” Leng Ruoxue said with certainty. In the beginning, the Sun family wanted to take her down a notch. However, after Feng Da and the others caused a commotion, they became cowards. This was very abnormal, and it didn’t match the domineering character of the Sun family.

“Xue’er, don’t think too much. It’s certain that the Sun family has concerns about you. As for why, I’m afraid we can only wait for the Sun family to explain it to us,” Empty said understandingly.

“Yes, that makes sense.” Leng Ruoxue nodded.

“You’re all here!” Suddenly, Sun Teng’s voice interrupted.

Leng Ruoxue looked up and saw Sun Teng walking into the garden. Moreover, he didn’t come alone. There was a young man beside him who looked a little familiar.

“Is Young Master Sun here to denounce us?” Leng Ruoxue said with a light smile.

“Don’t worry, I’m not here to ask for forgiveness.” Sun Teng smiled helplessly. Alas! He didn’t expect Leng Ruoxue and the others to be so noisy. Everyone in the Sun family was in danger now! Moreover, the clansmen were in deep trouble every day, and the timid ones didn’t even dare to leave the house.

“It’s okay even if Young Master Sun is here to denounce me. I even dare to beat up the Leng family, let alone the Sun family!” Leng Ruoxue said disapprovingly.

“I know.” Sun Teng smiled bitterly. If anyone else said the same thing to him, he would think that it was a provocation. However, the person who said this now was Leng Ruoxue, so he knew that what the girl in front of him said was the truth.

“He’s my cousin, Xu Qian.” Sun Teng introduced the person beside him awkwardly.

“Miss Leng, long time no see.” Xu Qian looked at Leng Ruoxue in amazement and greeted her. Speaking of which, he had not seen Leng Ruoxue for a few years. It was mainly because he had not been able to find the whereabouts of the beauty. This time, he realized that Leng Ruoxue was more beautiful than he remembered!

“You know each other?” Sun Teng was a little surprised.

“We’ve met a few times,” Xu Qian said hurriedly.

Several times? Leng Ruoxue looked at Xu Qian thoughtfully. No wonder she found this man a little familiar. So he knew that she was from the Xu family’s young master of the Ling Feng Continent. However, if she remembered correctly, she should have only seen this man once, but how many times did he say?

Leng Ruoxue couldn’t help being wary as she looked at the smiling but slightly gloomy Xu Qian in front of her. No matter what this man’s goal was, there was no need for her to be afraid with her current strength. However, what surprised her was that Sun Teng and this young master of the Xu family were actually cousins. Well! Could she say that this world was very small?

“What a coincidence. I’ve met Miss Leng a few times,” Sun Teng said with a faint smile. In fact, he was really not familiar with Leng Ruoxue and the others, but he admired them very much.

“Yes, I wonder why the two of you are looking for me? Is Young Master Xu here to avenge Miss Xu?” Leng Ruoxue teased with a light smile.

“Of course not. My sister has always been unruly. It’s only right for Miss Leng to teach her a lesson. I just heard from my cousin that you live here, so I came to greet you,” Xu Qian hurriedly explained.

“Oh, thank you, Young Master Xu,” Leng Ruoxue said lightly and then turned her gaze to Sun Teng.

These few days, Feng Da and the others had caused a huge commotion in the Sun family. Even though Sun Teng said that he wasn’t here to denounce them, he probably didn’t visit for no reason.

“Erm... Can you show mercy!” Sun Teng said helplessly, feeling extremely uncomfortable under Leng Ruoxue’s scrutinizing gaze. Alas! He couldn’t be bothered with the Sun family’s affairs if his mother didn’t beg him!

Chapter 824: Accident! Pure Accident (1)

“What if I say no?” Leng Ruoxue said with a light smile. Sun Teng gave her a good impression. Unfortunately, he was from the Sun family, so it was destined that they wouldn’t be friends. Moreover, she came to the Sun family for...

“Can’t you give me some face?” Sun Teng said with a bitter smile.

“No, we don’t have any relationship with you, the young master of the Sun family. Why should we give you face?” Before Leng Ruoxue could say anything, the freak spoke first. Well! Let him be the bad guy.

“Uh!” Sun Teng was speechless. This was a little too direct!

“Are you jealous of my cousin?” Xu Qian said self-righteously.

“Does this have anything to do with you?” The freak narrowed his eyes and said in an unfriendly tone. Hmph! Where did this clown come from? Did he look like he was jealous of Sun Teng? In his eyes, Sun Teng was just a passerby. If he was even jealous of such a thing, wouldn’t he have long been drowned in jealousy?

“Sun Teng is my cousin, and we are all Miss Leng’s friends,” Xu Qian said provocatively.

“Friend? Haha! What a joke! Xue’er isn’t friends with just anyone,” the freak’s handsome face was full of mockery.

“What do you mean? Am I not qualified to be Miss Leng’s friend with my cousin’s status?” Xu Qian roared with jealousy.

“I don’t care about my status when making friends. Moreover, you guys are indeed not my friends, but he is my fiancé.” Leng Ruoxue’s tone was a little cold, then she pointed at the freak.

“Young Master Xu, did you hear that?” The freak was a little proud. Hehe! He knew that Xue’er wouldn’t side with outsiders!

“I’m sorry. I was thinking too much.” Xu Qian glared at the freak for a while before saying resentfully.

Leng Ruoxue became even more wary of him after hearing Xu Qian’s words. Well! A man who could give and take couldn’t be underestimated, especially when she wasn’t very polite with the freak. The fact that the young master of the Xu family could compromise showed that this man was very scheming.

“Miss Leng, I’ll bring you to Sun Zhou City for a walk tomorrow! There are many places worth going to in this city. Wouldn’t we have come for nothing if we don’t take a look?” Sun Teng changed the topic seeing that the atmosphere was a little gloomy.

“No need. I prefer to stay in the Sun family,” Leng Ruoxue refused bluntly.

“Uh! There’s nothing fun about the Sun family,” Sun Teng said with two drops of cold sweat on his forehead.

“Who said not? The elders and clansmen of the Sun family are quite interesting,” Leng Ruoxue said with a naughty smile.

“Uh!” Sun Teng broke out in cold sweat. It had been a few days, had these people not had enough fun yet? If they played with them for a few more days, the elders of the Sun family would probably run away. However, he admired their methods. They actually scared the bunch of fellows from the Sun family who ate people without spitting out their bones! Alas! This was also skill! At least he couldn’t do it.

“My subordinates and I ‘like’ the Sun family very much and can’t bear to leave them. By the way, tell them that I drugged them, so we can find them no matter where they hide. However, I quite like playing hide-and-seek. Well! Let them hide for a few days,” Leng Ruoxue said to herself. Hehe! Of course, she was just scaring them! However, Sun Teng’s cold sweat dripped down...

“Hehe! If we find them, they will be able to bear it,” Feng Da added very cooperatively.

As soon as Feng Da finished speaking, he heard a “plop! plop!” fall from outside the garden. Immediately after, extremely frantic footsteps sounded...

“What’s that sound?” Feng Da pretended to be stupid. Then she deliberately looked around.

“Young Master Sun, the security of the Sun family doesn’t seem to be good!” Leng Ruoxue said with a smile. What she implied was that she wanted to tell him to increase the security.

“Well! I think so.” Sun Teng really didn’t know what to say. Alas! He knew who was eavesdropping outside without thinking, but he could only pretend.

“I heard that the Sun family’s patriarch is sick?” Leng Ruoxue suddenly asked.

“Yes, it’s not very serious.” Sun Teng nodded.

“Then Young Master Sun has to pay more attention to public security. Otherwise, if bad people break into the Sun family, wouldn’t they disturb the Sun family’s patriarch’s recuperation?” Leng Ruoxue reminded with great concern.

“Okay, I’ll take note.” Sun Teng nodded. In fact, what he wanted to say was that his father’s illness would probably have been cured long ago as long as you and your subordinates didn’t cause too much trouble. However, he didn’t dare to say it! Alas! He was also a little afraid of Leng Ruoxue!

“Young Master Sun, actually, I know how to treat illnesses. Why don’t I treat the master of the Sun family?” Leng Ruoxue continued.

“Thank you. My father’s illness isn’t serious. He just needs to rest quietly, so I won’t trouble Miss Leng,” Sun Teng refused politely. What a joke. If Leng Ruoxue treated his father, wouldn’t the gains not make up for the losses if something happened to his father because of their disagreement? Moreover, he didn’t think his father would be willing to let Leng Ruoxue treat him.

“Alright then! If Young Master Sun needs me to treat the Sun family head, remember to look for me anytime,” Leng Ruoxue said.

“By the way, I’ll go see the Sun family’s patriarch personally tomorrow! Sigh! We’re guests. How can we not show ourselves when the master is sick!” Leng Ruoxue added.

“Miss Leng, I appreciate your kind intentions, but there’s really no need,” Sun Teng said hurriedly in fright.

“No, I must go. Please tell the next generation patriarch that I’ll visit him tomorrow.” Leng Ruoxue was very determined. Moreover, it seemed like she had to go.

“Miss Leng, the patients all have bad tempers, so...” Sun Teng said very tactfully and left half a sentence behind. However, he believed Leng Ruoxue would understand what he meant.

Leng Ruoxue naturally understood what he meant, but she still pretended to be stupid and said, “I understand. The patient is the most important, I won’t be calculative with the Sun Family’s Patriarch.”

“Uh!” Sun Teng really wanted to cry. He really couldn’t think of any reason to refuse Leng Ruoxue’s insistence. Moreover, he couldn’t say that my father didn’t want to see you and didn’t welcome you! Alas! Now, he could only pray in his heart. Father! Take care!

Chapter 825: Accident! Pure Accident (2)

“Young Master Sun, it’s settled. Well! I have to rest early today. Help yourselves!” Leng Ruoxue pulled the freak into the room without looking back.

“Young Master Sun, take care. I won’t see you out,” Feng Da said politely and then returned to his room like Leng Ruoxue.

The others returned to their rooms without even greeting him.

“Cousin, what should we do now?” Xu Qian couldn’t help asking angrily when he saw that only Sun Teng and him were left in the lively garden just now.

“Let’s go back!” Sun Teng sighed and then left the Snow Garden directly...

The next morning.

Leng Ruoxue and the others had just finished breakfast when Feng Da said impatiently, “Miss, when are we going to see Sun Sheng?”

“What’s the hurry? Feng Da, you have to know psychological warfare! Sun Sheng should already know that we will visit him today. Do you think he will welcome us?” Leng Ruoxue asked with a smile.

“Definitely not,” Feng Da said.

“Yes, so he’s either anxiously waiting for us to go quickly, or he’s even more ill, or he might be thinking of ways to deal with us. In short, anything is possible! However, we can’t be anxious!” Leng Ruoxue analyzed.

“When are we going?” Feng Da was curious.

“We’ll go after dinner,” Leng Ruoxue said after some thought.

“Hehe! Miss, you’re so bad! You purely wanted to make him wait in fear for a day for nothing.” Feng Da said with a naughty smile.

“Feng Da, rest for a day today! Give the Sun family a breather too.” Leng Ruoxue insisted that she was kind!

“Yes, we’ll play in the Snow Garden today,” Feng Da said understandably.

Just like that, Leng Ruoxue and the others stayed in the Snow Garden for the entire day. However, the Sun family had always been on high alert, especially the Eldest Madam of the Sun family’s yard. Not only was it filled with guards, but there were also dozens of elders guarding the room. However, even so, Sun Sheng still felt uneasy...

However, Leng Ruoxue actually didn’t appear after being nervous for nearly a day!

As the sky gradually darkened, Sun Sheng and the others had just let down their guard when a guard came to report that Leng Ruoxue and the others had come to see him. This couldn’t help making Sun Sheng almost vomit blood from anger. Damn! They had waited respectfully for the entire day and didn’t even have time to eat, but no one came. It was already night, and they had just relaxed and were about to eat something when they came. Wasn’t this deliberately playing with them? It was really too despicable!

However, even though he was angry, he still had to let Leng Ruoxue and the others in. Boohoo... He really had no status as the patriarch. He actually had to look at the guests’ expressions!

Leng Ruoxue and the others swaggered into the Eldest Madam’s room and ignored the elders in the room. They each found a place to sit.

“I heard that the Sun family’s patriarch is ill, so we specially came to ask about him.” Leng Ruoxue looked at Sun Sheng, who was lying on the bed with a pale face and a weak body, and said lightly.

“Miss Leng, you’re so kind,” Sun Sheng said weakly on purpose. He thought, I’m already so sick. Don’t tell me you’re angry at me! Alas! He had a deep understanding of Leng Ruoxue’s ability to anger people, so he was really a little afraid!

“Patriarch Sun, you look very weak. Could it be that you’ve indulged yourself too much? I’ve reminded you long ago to take care of your body. Alas! Loyalty is unpleasant to the ears!” Leng Ruoxue said with a resentful expression, her beautiful face still full of pity.

“Miss Leng, you’re mistaken. I’m just not feeling well. It has nothing to do with indulgence,” Sun Sheng said through gritted teeth. However, his heart was bleeding non-stop. Boohoo... What kind of person was this! He was already sick, but he specially came over to anger him and spoke with a caring tone. However, the words he said made people want to vomit blood!

“There has to be a reason for your discomfort! I know that the Sun family are all women, so I won’t laugh at you even if you’re overindulgent. However, it’s better to control yourself. Otherwise, the unlucky one will be yourself. As for concubines, they’re just fleeting clouds. Don’t worry too much,” Leng Ruoxue advised like an elder.

“Miss Leng, that’s really not the reason.” Sun Sheng suppressed his anger with a black face.

“Oh! Could it be that the Sun family head has some incurable disease?” Leng Ruoxue asked curiously.

“That won’t be easy to handle,” Leng Ruoxue added to herself.

“Miss Leng, how can you curse my family’s patriarch!” Sun Sheng was so angry that he couldn’t say anything, but an elder couldn’t help but interrupt.

“Curse? Did I say anything?” Leng Ruoxue said innocently.

“Patriarch Sun, I’m just concerned about your condition. This old man actually wronged me. Boohoo...” Leng Ruoxue said aggrievedly, tears rolling in her beautiful eyes.

“You...” The unknown elder pointed at Leng Ruoxue and was so angry that his entire body trembled. He was unable to even speak.

“How dare you bully my young miss! Stinky old man, are you tired of living!” Feng Da roared. Everyone immediately swarmed forward and beat up the old man painfully. Their speed was so fast that it was speechless. Moreover, by the time the elders in the room reacted, Feng Da and the others had already finished beating him up. They even patted the dust off their bodies as if nothing had happened and then sat back down.

Feng Da and the others’ well-trained actions dumbfounded Sun Sheng and the others. The unlucky old man fainted before he could even call for help...

“Miss Leng, your subordinates are really too much. They actually beat up an elder of the Sun family in front of me.” Sun Sheng was furious! That was Mystic Sovereign! He was actually knocked out by them in a few moves. When did Mystic Sovereign become so weak?

“Patriarch Sun, I’m sorry. My subordinate is also anxious to protect my master. However, that old man is still alive, don’t worry.” Leng Ruoxue didn’t show any guilt on her face and said matter-of-factly.

“Miss Leng, do you mean that the Ninth Elder asked for it?” Sun Sheng was angry.

“Patriarch Sun, how can you misunderstand what I mean? I only said that my subordinates were anxious to protect their master, I didn’t say that the old man asked for it!” Leng Ruoxue quibbled.

Chapter 826: Accident! Pure Accident (3)

“Miss Leng, according to you, can I understand that my subordinates can also protect their master if someone bullies me?” Sun Sheng said with a face full of calculations.

“Yes, yes, that’s necessary. If a subordinate can remain indifferent when he sees his master being bullied, then it’s fine to not have such a subordinate,” Leng Ruoxue agreed.

“Did you hear Miss Leng?” Sun Sheng glared at the elders in the room.

“Yes,” the elders said in unison. However, they didn’t understand what Sun Sheng meant. Uh! Could it be that the patriarch wanted them to attack Leng Ruoxue? Thinking of this, they simultaneously glanced at Feng Da and the others. However, when they saw the unfriendly expressions of Feng Da and the others, their hearts couldn’t help trembling. Boohoo... These barbarians!

“Does the Sun family head want them to beat me up?” Leng Ruoxue said with a smile.

“Cheng Wu, spar with these elders! You can’t see them usually.” Leng Ruoxue ordered Cheng Wu and the others directly without waiting for Sun Sheng to answer.

“Okay, Miss.” Cheng Wu smiled evilly and nodded. Then he went directly to an elder.

“You! Let’s play!” Cheng Wu pointed at the trembling old man in front of him.

“I... I don’t want to play with you!” the old man stammered. Boohoo... Why did this fellow look for him? He wanted to pretend to faint if he didn’t consider his face.

“You have to play even if you don’t want to!” Cheng Wu roared. Then he grabbed the old man’s collar and slapped the old man in front of Sun Sheng...

After a few slaps, blood flowed out of the old man’s mouth, and the teeth in his mouth fought to escape from his home...

“Boohoo... Barbarian!” The old man’s hair was disheveled as he cried incoherently...

“Barbarian? Hehe! Today, I’ll let you know what a barbarian is!” Cheng Wu smiled viciously, but his hands moved even faster.

“Slap! Slap! Slap!” He slapped dozens of times consecutively!

The unlucky old man had already been beaten dizzy and his face was swollen like a pig’s head. However, no one dared to speak up for him, including Sun Sheng.

“Cheng Wu, find someone else!” Leng Ruoxue kindly stopped the old man when she saw that he had fainted.

However, her words made the other elders in the room gnash their teeth in hatred. Boohoo... Demon! Their Sun family had always been domineering. However, they only knew today that compared to Leng Ruoxue and the others, they couldn’t even compare to their little fingers!

As the saying goes, the cowardly are afraid of being unreasonable, the unreasonable are afraid of the strong, the hard are afraid of the suicidal!

The Sun family was a classic example of bullying the weak and fearing the strong. Moreover, their ancestors had a better foundation, so the Sun family was really used to being arrogant!

In addition, the status of the three great super families of the Sun family had always been irreplaceable. Therefore, they had always felt good about themselves. But now, they had encountered Leng Ruoxue, who was fearless, so it was naturally a tragedy!

However, what caused them to be even more depressed was that the group of people under Leng Ruoxue didn’t care about any rules when fighting, nor did they use any techniques. It was purely physical attacks, and this caused them who were used to using techniques to really want to cry! Because they didn’t give them the chance to utilize techniques at all!

In terms of fists, they were nothing.

In short, they were destined to be unlucky to meet Leng Ruoxue.

After hearing Leng Ruoxue's words, Cheng Wu released the elder that he had been holding in his hand. Then he turned his gaze to the other elders and even Sun Sheng...

However, all the elders who were swept by his sinister gaze wished that there was a hole in the ground for them to burrow into. The elders who were about to be noticed by him were also trying their best to reduce their presence, afraid that they would become the next unlucky person.

"It's you. Looking at your shifty eyes, you're definitely not a good person." Cheng Wu searched for a moment and found another old man.

"Boohoo... You can't judge a book by its cover. I'm very good. I'm a good person!" The old man cried until his nose was snotty and tears were flowing down his face. He was just short of kneeling down and begging for mercy. Well! It wasn't that he didn't want to, but he was held in Cheng Wu's hand and couldn't move at all!

"Good person? Is there a good person in the Sun Family? The Sun Family has always bullied men and bullied women. This is known by everyone in the Boundless Heaven Continent. Furthermore, this old man judged people by their appearance. What? Bite me!" Cheng Wu roared loudly. Then, he punched the old man unceremoniously...

"Ah!" The old man covered his eyes and cried out in pain.

"Scream! I'll let you scream!" Cheng Wu punched again.

"Ah!" The old man sustained black eyes.

"I'll let you scream!" Cheng Wu's fist brought with it a strong wind as it punched directly at the old man's mouth!

"Wuwuwu!" The old man couldn't shout anymore. Blood flowed out of his mouth, and his teeth fell one after another...

"Big Brother Cheng, take a break. Let me play for a while!" Song Di said with itching hands.

"Okay." Cheng Wu handed the old man in his hand to Song Di and then retreated to the side to be an audience. However, his gloomy and bloodthirsty eyes were like a venomous snake as he stared at the other elders in the room, causing their bodies to turn cold with fear!

"Old man, don't be afraid. I've always respected the old and loved the young." Song Di looked at the trembling Sun family elder in his hand and hurriedly comforted him.

"Wuwuwu!" The old man's eyes were filled with tears as he shook his head anxiously. If he could say the complete sentence, he would definitely say, only a ghost would believe you!

"Brother Song, you can try the ten new tortures we developed!" Feng Da reminded.

"En, that makes sense." Song Di nodded. Then, he took out a small saber that was shaped like a willow leaf and as thin as a cicada's wing from his ring. Even though the saber was small, the saber tip emitted a terrifying cold aura. One look at the saber and one could tell that it was extraordinary.

“Old Man! This is the first time I’m using this saber. Don’t blame me if my strength is uneven!” Song Di said with some hesitation. Then, he held a bright knife and started gesturing on the old man’s body!

However, before he could really do it, the old man was so scared that he peed his pants...

Chapter 827: Accident! Pure Accident (4)

“Damn! You’re so old, why are you still wetting your pants!” Song Di threw the old man in his hand away with a face full of disdain and then covered his nose to hide far away.

However, his gaze landed on the other Sun family elder. Well! This old man was considered an acquaintance of theirs because this person was none other than the Sixth Elder who brought them to the Sun family!

The Sixth Elder, who was hiding in the middle of the elders and didn’t want to be too obvious, trembled like a leaf in the wind after sensing Song Di’s gaze. Boohoo... Why were they looking at him! Don’t look at him! He kept praying in his heart.

Unfortunately, the heavens didn’t hear his thoughts. Soon, Sixth Elder was dragged out like a chicken by Song Di.

“Song Di, don’t be like this. We can be considered acquaintances, right?” Sixth Elder tried to worm his way in.

“Yes, Sixth Elder is right. I just want to repay the Sixth Elder for taking care of us on the way, so don’t be afraid!” Song Di comforted before flashing the dagger in his hand.

“No... There’s no need to repay me. Really,” the Sixth Elder said with a long face. Boohoo... What kind of people were these! How could they repay others like this?

“No, Miss often warns us to repay favors. Moreover, I also want the other elders to know that we will definitely be on the same side. We won’t be biased even if Sixth Elder is someone we know!” Song Di was very upright and stubborn.

“Oh!” The Sixth Elder’s old tears were about to fall. He couldn’t express anything more.

“Sixth Elder, don’t be agitated. My young miss is most principled,” Song Di said with a naughty smile. Then, a cold light flashed in his hand...

Swish! Swish! Swish! The small saber of the willow leaf kept swimming on the Sixth Elder’s body, shining with cold light. In just a few minutes, the Sixth Elder’s clothes had become strips that hung loosely on his body, and he was in danger of falling at any time. .However, Song Di’s technique was good, so he absolutely didn’t injure the Sixth Elder’s skin and flesh. However, it had already caused a huge effect on the Sixth Elder’s heart because the Sixth Elder was already a little dumbfounded. Other than standing there in a daze, he didn’t react at all!

“Sixth Elder!” Song Di shouted into Sixth Elder’s ear.

The Sixth Elder didn’t react.

“Sixth Elder!” Song Di roared again.

The Sixth Elder still didn’t react.

Seeing this, Song Di lost his patience. He threw the Sixth Elder on the ground and casually pulled an elder over to continue practicing his saber techniques.

“Ah! Ah! Ah!” With a cold flash, the Sun family elder, who was used as a practice tool, screamed like a pig being slaughtered, making everyone’s eardrums hurt...

“Shut up. I’ll chop you up if you continue calling me that!” Song Di roared angrily.

“Boohoo... Ah!” The Sun family elder was very aggrieved. He wanted to cry but didn’t dare to, and he didn’t dare to shout even more. The only feeling he had was that the cold dagger kept swimming on his body and left countless small wounds. Boohoo... With the Sixth Elder’s previous lesson, he was actually mentally prepared. However, just as he thought that he would be like the Sixth Elder, his clothes were not the only thing that was cut open, but his flesh was also cut!

“I said that I’m a newbie and will weigh the pros and cons. Can’t you bear with it!” Song Di accused with dissatisfaction, his face full of contempt for the elder!

“It hurts!” That elder said softly with tears in his eyes.

“Just bear with it. Don’t affect my mood. Otherwise, it won’t be just a superficial wound,” Song Di threatened.

“Oh!” That elder bit his lower lip with tears in his eyes. His face was full of grievance, but he didn’t dare to make a sound.

“That’s good!” Song Di was very satisfied with this Sun family elder’s cooperation.

Swish! Swish! Swish! The saber tip danced up and down, and the expression on Song Di’s face became more and more joyful.

After a while, Song Di finally had enough. He threw the old man on the ground and clapped his hands before sitting back down.

“You... are too much!” Sun Sheng, who was lying on the bed, was so angry that his body was trembling. He pointed at Leng Ruoxue and the others for a while before saying this.

“Patriarch Sun, you should recuperate in peace! During your recuperation, I will watch over these elders for you. I guarantee that they won’t have the intention of usurping the throne,” Leng Ruoxue promised seriously.

“You...” Sun Sheng’s chest was extremely stuffy. At the same time, he felt a metallic taste rush up his throat. However, he forcefully suppressed it. Hmph! He couldn’t let his breath slip in front of a little girl!

“Patriarch Sun, don’t vomit blood! You have to take care of your body. I’ll look after these elders for you first. Well! You don’t have to thank me! If you want to be grateful, just pay a little,” Leng Ruoxue said angrily, the words’ I’m doing this for your own good ‘still written on her face.

“Feng Da, bring these elders back to the Snow Garden and take good care of them. Let them out after Patriarch Sun recovers.” Leng Ruoxue didn’t give Sun Sheng a chance to speak and instructed Feng Da and the others.

“Yes,” Feng Da and the others answered hurriedly. Then they left the Eldest Madam’s room arrogantly with the elders with long faces.

“Patriarch Sun, I’ll take my leave too. I’ll visit you when I have time!” Leng Ruoxue said to herself and then pulled the freak away.

“Pfft!” After Leng Ruoxue and the others left, Sun Sheng couldn’t help but vomit a mouthful of blood!

“Patriarch!” The Eldest Madam, who had been standing beside him, wiped the blood off Sun Sheng’s lips with a handkerchief.

Alas! She really didn’t know how to comfort her husband because Leng Ruoxue’s actions made her a little afraid. She had lived for decades but had never seen a woman with such a terrifying aura. Even the mistress of the Leng family, Leng Shuang, couldn’t compare to Leng Ruoxue. What should she do! It was absolutely impossible to deal with Leng Ruoxue with the current people of the Sun family.

“Madam, bring me to the secret room.” Sun Shengqiang forced himself to stand up. No, he couldn’t wait anymore. If this continued, the Sun family would be implicated by Leng Ruoxue, so he had to ask when that person would return.

Chapter 828: Accident! Pure Accident (5)

“Patriarch, look at you now...” The Eldest Madam was a little worried. Alas! The patriarch wasn’t very ill at first, but he was angry again.

“Bring me there!” Sun Sheng roared impatiently.

“Alright!” The Eldest Madam had no choice but to help Sun Sheng out of the room and into the secret room of the Sun family...

At this moment, Leng Ruoxue and the others had already returned to the Snow Garden with the elders of the Sun family.

“Miss, where should we place them?” Feng Da said disdainfully as he looked at the Sun family elders who were dejected.

“Tie it up and leave it in the yard,” Leng Ruoxue said after some thought.

“How dare you! Leng Ruoxue, we are the elders of the Sun family!” The originally listless elder immediately jumped three times and roared as if he was on steroids when he heard that he was going to be tied up and thrown in the yard.

“Yes, I know. The person tied up is an elder of the Sun family,” Leng Ruoxue said nonchalantly. Hmph! If you weren’t elders, I wouldn’t have attacked you!

“Leng Ruoxue, this is the Sun family! Do you want to die?” Another elder threatened.

“What’s wrong with the Sun family? Now that your patriarch is sick, of course I have to share the burden of the Sun family’s patriarch! This has the tacit consent of your Patriarch!” Leng Ruoxue said shamelessly.

When the elders heard Leng Ruoxue’s words, they were so angry! It was obviously the patriarch who was so angry that he couldn’t say anything, but you actually tacitly agreed! Until this moment, they had to admit that Leng Ruoxue’s skin was thicker than theirs! And Leng Ruoxue’s subordinates were also more violent and domineering than them. Boohoo... they admitted defeat.

“Miss Leng, the patriarch is sick, and the young master doesn’t care about anything. The Sun family is indeed leaderless now. Why don’t we do this! We’ll listen to you for the time being. We promise not to say anything no matter what you ask us to do. Uh, do you think this is okay?” A short old man’s eyes kept rolling around, and he discussed with a plan. Boohoo... Let’s stabilize this girl first! Otherwise, they would really be tortured to death by her.

“Second Elder, how can you make such a decision?” An anxious elder said with dissatisfaction as soon as that old man finished speaking.

“Why can’t I decide like this? I’m the Second Elder of the Elder Association. You have to listen to me,” the Second Elder roared.

“Miss Leng, is this okay?” Second Elder turned to look at Leng Ruoxue and asked.

“Old man, you’re quite sensible. However, what I want to tell you is that you can’t! Your Sun family is too evil. You’re scheming and cunning, so I have to be wary!” Leng Ruoxue refused.

“Miss Leng.” The Second Elder was helpless. Boohoo... He admitted that the reputation of the Sun family was not good, but in terms of scheming and cunning, who could compare to this little girl in front of him! Otherwise, why would these old men, who were several hundred years old, be here?

“Old man, you talk too much nonsense. Stop annoying my young miss,” Lü Tao said with a face full of displeasure. She took out a cloth from somewhere and blocked the Second Elder’s mouth.

“Boohoo!” The strange smell emitted by the cloth made the Second Elder almost faint. However, his arms were controlled by Cheng Wu, and he could not resist at all.

“Lü Tao, where did you get this cloth? It stinks,” Cheng Wu said, suppressing his anger.

“Hehe! That’s for my beast to wipe its butt,” Lü Tao explained with a naughty smile.

“You’re amazing.” Cheng Wu was convinced.

“Everyone, quickly grab a rope and tie them up. It’s getting late, we should rest.” Leng Ruoxue urged speechlessly. Alas! Her subordinates were getting worse. However, she didn’t admit that she had learned all this from her! She was a good child!

After hearing Leng Ruoxue’s words, everyone immediately took out the ropes that they had prepared beforehand and tied the unlucky elders into dumplings. Then, they piled them in the middle of the yard.

However, Leng Ruoxue was afraid that they would run away or be saved, so after some thought, she moved her 'food' out of the bracelet...

After doing all this, Leng Ruoxue brought the freak back to her room with ease. Feng Da and the others left after warning the elders.

In the yard, the elders of the Sun family looked at the cold eyes staring at them covetously and felt like dying.

"Don't be afraid. I won't eat you. Your meat is too stinky. I don't like it," the black python comforted with disdain in its eyes.

"This is the Sun family. The ancestors of the Sun family won't let you go if you treat us like this." Some people still threatened fearlessly after thinking of their identities.

"Then let them do it!" The black python narrowed its eyes and said calmly. Hehe! Miss was waiting for the bullshit ancestor of the Sun family! Otherwise, would she have let you live until now?

"Aren't you afraid?" That person said in disbelief. He actually didn't scare them? This... How was this possible? At this moment, he really didn't know if Leng Ruoxue and the others or the beasts were too bold, or if they were really that strong, he was confused.

"You idiot, does a beast know what fear is?" An elder reprimanded.

"Beasts? You're the beasts! Your entire family are beasts!" The black python was immediately furious when it heard that it had been called a beast. Damn it, Miss frequently told them that the beast rights of beasts required respect. If anyone dared to disrespect them, they had to pay the price, so the elder was in tragedy!

The black python's huge snake tail instantly wrapped around the elder who had scolded it and then kept swinging in the air...

Immediately, a black ray of light emitted a different luster in the pitch-black night sky. At the same time, it was accompanied by someone's scream that echoed in the night sky...

After a long time, the black python was tired and threw the elder down from the sky...

With a bang, the fainted elder of the Sun family fell to the ground.

"Bang!" Immediately after, another loud bang sounded. The black python's snake tail smashed down from the sky. Moreover, luckily, it coincidentally smashed onto the unlucky elder. In an instant, the Sun family elder who was pressed under the thick snake became a pile of mud, dead.

Chapter 829: Accident! Pure Accident (6)

"Hehe! An accident! It was purely an accident!" The black python said in embarrassment. However, its expression did not show any embarrassment!

"You... You actually killed an elder of our Sun family." The elders couldn't remain calm seeing an elder of the Sun family die. Boohoo... They had always thought that these people would at most beat them up,

but they didn't expect that they really dared to kill them. Moreover, it was a beast that killed them. Immediately, the fear in the hearts of the elders rose to an unprecedented height.

"Don't you understand human language? I told you this was an accident!" the black python said fiercely with its eyes wide open.

You're not human, okay! All the elders were nervous, but no one dared to say it. They just kept shaking their heads in fear.

"I'll control myself to avoid such accidents as long as you're obedient!" the black python said in a benevolent manner.

"Yes, yes." All the elders nodded their heads vigorously, afraid that this big snake would cause an accident to happen to them. Boohoo... Even a Mystic Supremacy couldn't stand such an accident, right?

After killing the chicken to warn the monkeys, the night finally passed under the trembling gazes of the elders and the pythons.

In the morning.

When Leng Ruoxue and the others walked out of the room in high spirits, they saw the pythons happily flirting with them. The elders who were tied up like dumplings were even more listless than yesterday. All of them were like frosted eggplants.

"Oh! What's wrong with you guys? Eh! There seems to be someone missing. Could it be that you guys ran away?" Leng Ruoxue's beautiful face was filled with suspicion as she asked in puzzlement.

"Miss, don't worry! They can't run," Feng Da promised very confidently.

"But there's someone missing," Leng Ruoxue pretended to be puzzled and turned her gaze to the black python.

"Miss, a very unfortunate accident happened last night." The black python had tears in its eyes and looked very guilty. Then, it reported what happened last night to Leng Ruoxue and the others with tears in its eyes.

"Oh, since it was an accident, you don't have to blame yourself. After all, no one wanted this to happen," Leng Ruoxue comforted nonchalantly, but she was already laughing in her heart.

"Yes, yes, I won't take it to heart. There are accidents from time to time, and there are especially many this year. How can a small snake like me care about natural disasters!" The black python was much calmer after receiving Leng Ruoxue's comfort.

The hearts of the elders of the Sun family trembled when they heard the conversation between Leng Ruoxue and the black python. Boohoo... This was the highest realm of shamelessness! This was called there's always someone better out there! Compared to this pair of masters and beasts, they felt inferior! Boohoo...

"Feng Da, the elders of the Sun family didn't seem to be here yesterday. Go and look for them," Leng Ruoxue instructed as if she suddenly remembered.

Chapter 830

“Yes,” Feng Da answered and then led his men to search for the elders of the Sun family who were spared.

However, after searching for nearly an hour in the Sun family’s main residence, they did not find any traces of the other elders. This was mainly because after some of the elders were taken away by Leng Ruoxue last night, the other elders who heard the news took advantage of the night and ran away.

“Miss, we didn’t find any traces of the other elders.” After Feng Da returned with nothing, he reported to Leng Ruoxue gloomily.

“Oh! They should have left the main residence. It’s okay, this is for you.” Leng Ruoxue calmly took out a piece of paper from her bracelet and handed it to Feng Da.

Feng Da opened the paper and took a look. Then, he said very happily, “Miss, don’t worry. I promise to complete the mission. The elders who escaped can run, but they can’t run. I will definitely bring them back.”

“Okay.” Leng Ruoxue nodded with satisfaction. Then she turned her gaze to the elders piled up in the yard and said, “Alas! Those elders actually ran away. They’re really too disloyal. However, don’t worry, I’ll capture them for you! I’ll also punish them for you!”

“Uh!” All the elders present became even more listless when they heard that. In fact, they had discussed it beforehand why those elders were not around. After all, Leng Ruoxue was really too terrifying. They were all afraid that something would happen to them. Therefore, they had already discussed it before protecting the patriarch. If anything happened to them, they would get the other elders who were lucky to leave the Sun family immediately to look for the ancestors. Boohoo... The place where the ancestors were in seclusion was some distance away from the Sun family’s main residence!

Leng Ruoxue looked at their reactions and was about to overturn with laughter in her heart. Haha! These old men were dreaming! Why did they only remember to look for their parents now?

Two hours later.

Feng Da returned with his team, and the elders who had fled were basically captured by them.

“Miss, we captured a total of 31 elders. One ran away. It was all my fault! Miss, please punish me!” Feng Da said very self-reproachfully.

“Forget it, humans make mistakes, horses make mistakes. I won’t blame you.” Leng Ruoxue was very magnanimous. Then, she couldn’t help but ask, “Where did the elder who ran away go?”

“That old man went to the north of Sun Zhou City. I really don’t know what’s there. Where did these old men originally want to go?” Feng Da said with a puzzled expression, his handsome face full of question marks.

“Oh! He probably ran in a daze. Ignore him,” Leng Ruoxue said nonchalantly.

Because the two of them spoke in front of the elders of the Sun family present, all the elders of the Sun family were self-satisfied when they heard this. Hmph! How could outsiders know what the north was?

The north was the place where the ancestors of the Sun family cultivated in seclusion! Alas! If it wasn't for the urgent situation this time, they really didn't want to disturb those ancestors. After all, those ancestors concerned the future of the Sun family! They couldn't lose it.

"Yes, Miss. I'll go prepare lunch." Feng Da nodded and started a fire in the corner of the yard.

Not long after, the fragrance of grilled meat drifted into everyone's noses, especially the elders of the Sun family who had been hungry for the entire morning. When they smelled this fragrance, they felt even more hungry and almost drooled. However, Feng Da and the others obviously didn't prepare the food of the elders of the Sun family. Moreover, they directly started eating in the yard after they were done.
