

## **Crazy Wife 831**

### **Chapter 831: Flame Dragon Storm (2)**

Swish! Swish! Swish! Immediately after, several figures appeared in the Snow Garden.

“How dare you cause trouble in my Sun family! You’re really tired of living,” the leader roared loudly, his eyes emitting a ruthless gaze.

The person in the lead was about two meters tall. He was a very strong and burly man. He looked ordinary, but he had a strong aura. One look and one could tell that he had been in the upper echelons for a long time.

“We didn’t cause trouble?” Leng Ruoxue’s beautiful face was full of innocence. Hehe! The people who came were quite strong. Although they were all Mystic Supremacies, their strength was obviously above the elders of the Sun family. However, she was still a little dissatisfied. There were too few of them and not enough to split.

“They didn’t cause trouble? Then what are they?” The burly man narrowed his eyes and pointed at the elders of the Sun family who were tied up in the yard and were starving to death.

“Them! It’s like this! Isn’t the acting patriarch of the Sun family sick! I was afraid they would take the opportunity to cause trouble, so I watched them for Sun Sheng. I’ll naturally let them go when Sun Sheng’s illness is cured,” Leng Ruoxue explained with a light smile.

“Hmph! This is a matter of our Sun family. There’s no need for an outsider like you to interfere,” the burly man said ungratefully, but he was thinking in his heart. This little girl was really too good at quibbling. She didn’t seem to be easy to deal with! Alas! He really didn’t take these people seriously before he saw them, but now, he had a headache!

“Didn’t the Sun family say that I would marry into the Sun family! Then I shouldn’t be an outsider!” Leng Ruoxue said calmly.

“Is that so?” The burly man looked at the Sun family elder beside him and asked lightly.

“Old Ancestor, I’m not very sure about this.” Elder Lu Chi wiped the cold sweat off his forehead and said carefully.

“Oh! Leng Ruoxue, right? Regardless of whether this is true, let go of these elders from the Sun family first. Everything else can be discussed,” the burly man said after some thought.

He didn’t care about the family affairs for almost a thousand years, and the elder who brought them here was a fool, so for a moment, he really couldn’t tell if Leng Ruoxue’s words were true.

However, he also knew that the most important thing was to get those elders out of Leng Ruoxue’s hands. As for Leng Ruoxue and the others, as long as they didn’t have the hostages of the Sun family in their hands, they would be at his mercy whether to kill or torture them!

Unfortunately, how could Leng Ruoxue do as he wished!

A light smile hung on Leng Ruoxue's beautiful face. Then she asked very innocently, "What else are you talking about?"

"Uh!" The burly man didn't expect Leng Ruoxue to ask such a question. He was stunned before coaxing, "We won't pursue this matter as long as you let the elders of the Sun family go."

"Oh! But we don't have anything worth you pursuing! However, I won't refuse if you want to pay us! However, I heard that the Sun family's credibility is poor, so I definitely won't believe you!" Leng Ruoxue pretended to be conflicted.

"Damn it, are you going to let him go or not?" The burly man was angry and impatient.

"No," Leng Ruoxue said softly.

"Damn girl, you're courting death." The burly man was angry. The consequences were serious.

"Roar!" The robust man roared, and then he directly released a fiery red profound technique in Leng Ruoxue's direction....

The gorgeous fiery red drew a beautiful arc and flew towards Leng Ruoxue!

Leng Ruoxue gently waved her hand, and a light blue water curtain blocked in front of her!

The water curtain was so thin that it was almost transparent, looking like it would break at a touch!

After that, Leng Ruoxue looked at the burly man not far away with a relaxed expression, her beautiful eyes filled with provocation!

When Feng Da and the others saw the other party attack, they directly pounced on the person brought by the burly man...

At the same time, the burly man's fire attribute profound technique had already arrived in front of Leng Ruoxue. However, it didn't pass through the thin water curtain and was instead successfully swallowed by the water curtain and transformed into a part of itself.

"How is this possible?" The burly man couldn't believe his eyes.

He had always been very confident in his mystic techniques, and his mystic energy was the rare fire attribute of the Sun family, so his attack power could be ranked in the top ten in the entire Sun family. However, who knew that his mystic energy was actually devoured and absorbed by the water curtain. Even though he did not use his full strength just now, it was enough to anger him!

After seeing this situation, he couldn't help but take Leng Ruoxue seriously. Well! It seemed this little girl not only had a face, but also had some skills in terms of strength.

Unfortunately, meeting him destined this little girl's bad luck!

Because even though he was in disbelief, he only felt that Leng Ruoxue's water curtain swallowing and absorbing his profound energy should have been purely an accident. Moreover, even though he valued it, it was naturally impossible for him to be frightened by a little girl.

“The world is huge, and there are all sorts of strange things. Nothing is impossible.” Leng Ruoxue said with a light smile. After that, she released the water element profound technique, Meteor Rain. In an instant, tens of thousands of raindrops flew towards the robust man...

The burly man couldn't help widening his eyes at the spectacular scene in front of him!

Damn it, was this a meteor shower? Why were there so many?

Even though he was a mystic cultivator with the fire attribute mainly, he was also familiar with his baneful mystic technique. Therefore, he was very clear about this mystic technique, Meteor Rain. In his memory, Meteor Rain should only be an advanced mystic technique, and it couldn't even reach the Earth Grade. However, this meteor rain in front of him was countless times stronger than the meteor rain in his memory!

“Is this a meteor shower?” The burly man couldn't help asking after a yellow curtain wall appeared in front of him.

“Yes and no!” Leng Ruoxue smiled cunningly.

“Damn it, you tricked me!” The burly man was even angrier when he heard Leng Ruoxue's answer.

“I'm telling the truth. By the way, I'll remind you to be careful! This earthen wall isn't very sturdy. Don't blame me if it's washed down by the water!” Leng Ruoxue reminded kindly.

Just as she finished speaking, tens of thousands of pearl-sized raindrops had already flown in front of the burly man...

### **Chapter 832: Flame Dragon Storm (3)**

However, the burly man was obviously very confident in his defense wall, so he didn't take Leng Ruoxue's warning to heart at all. However, he immediately widened his eyes in disbelief, and a trace of blood seeped out of the corner of his mouth. Immediately after, he spat out a mouthful of blood, and the earth-elemental wall he set was really destroyed by the water as Leng Ruoxue said!

“Am I right? I'm a good child and won't lie. Why don't you believe me!” Leng Ruoxue said helplessly. Then she added in her heart that she wasn't lying to anyone!

“You...” The burly man was furious and spat out a few mouthfuls of blood. However, his eyes were still staring at Leng Ruoxue, wishing he could see through her!

Damn, what kind of monster was this!

He looked like a mere Great Mystic, but he actually made a Mystic Supremacy so disheveled!

Well! In fact, he didn't think he had lost. He felt that he was just careless and underestimated Leng Ruoxue's strength.

He believed that Leng Ruoxue's strength was definitely not what it looked like on the surface. According to his guess, these people should have hidden their strength because he could already see the other brothers he brought from the corner of his eye, they were even more miserable than him!

After all, he only had Leng Ruoxue as his opponent, but there were several people surrounding his other brothers. Moreover, what was more infuriating was that those people were obviously playing with them like monkeys.

“Leng Ruoxue, you have so many subordinates attacking my brother alone. It was an unfair victory!” the burly man asked after calming down and wiping the blood off his lips.

“Haha! Who can you blame! It’s mainly because you brought too few people, and they didn’t have enough! However, I advise you to take care of yourself first! Right, can you still use mystic techniques?” Leng Ruoxue asked with a naughty smile.

“Of course you can. Let’s continue!” The burly man suppressed the anger in his heart and roared.

“Yes, yes. Look at how kind I am. I didn’t take advantage of her! Good children like me are rare nowadays!” Leng Ruoxue said angrily.

“Damn it, shut up!” the burly man roared. He didn’t want to hear Leng Ruoxue speak now. Kind? In his opinion, Leng Ruoxue obviously wanted to see him make a fool of himself and didn’t take advantage of him. Hmph! If Leng Ruoxue was really kind, would she dare to imprison an elder of their Sun family?

Actually, he was wrong. Leng Ruoxue didn’t want to see him make a fool of himself. Leng Ruoxue was afraid that he would die too quickly and that she would lose the chance to practice for nothing.

“How embarrassing would it be if I just shut up if you ask me to shut up!” Leng Ruoxue disagreed.

“Ah!” The burly man felt that he was about to go crazy from Leng Ruoxue’s anger, and he directly released the mystic technique in his hand towards Leng Ruoxue...

Immediately, in the air, countless fiery red and dazzling mystic energy drew several beautiful arcs and flew towards Leng Ruoxue...

However, halfway through, the thin threads of mystic energy miraculously gathered together, forming a fire dragon that was as thick as an adult’s arm. It bared its fangs and brandished its claws as it pounced at Leng Ruoxue...

“This mystic technique isn’t bad!” Leng Ruoxue praised. However, she was still calm and composed. Moreover, she was very confident in her water curtain. After all, she’d improved this water curtain! Otherwise, it would be simply a fantasy if she wanted to resist the attack of a Mystic Supremacy with just this water curtain that was at the intermediate level of a mystic technique!

The moment Leng Ruoxue spoke, the dazzling fire dragon that emitted a red light had already collided with the water curtain. However, the result was shocking! Because the water curtain didn’t break at all, and there weren’t even any ripples!

The fire dragon formed by mystic energy was stunned as if it had intelligence. Then, it launched another fierce collision...

If that fire dragon could speak, it would definitely say that this dragon was a Heaven Rank technique! How could a tiny water curtain possibly block me!?

On the other hand, if the water curtain could speak, then it would definitely tell the slightly cocky fire dragon that there was nothing special about a Heaven Rank technique. I'm the mutated water curtain that Master had modified. Want to break through me! You won't die from exhaustion!

After one attack after another, faint water patterns finally appeared on the water curtain. However, it was still intact. The aura of the fire dragon formed by mystic energy became weaker and weaker, obviously exhausted.

Not only that, the owner who used it was also panting heavily and covered in sweat! After all, mystic energy was controlled by the owner, and the reason why a Heaven Rank technique looked so spiritual was because it contained a trace of the owner's divine sense!

The burly man became even more anxious when he saw that he failed to break through the water curtain after working hard for half a day. His lack of composure also destined him to fail!

However, Leng Ruoxue didn't plan to let her opponent die too early. Otherwise, she wouldn't have only defended but not fought back seriously!

Looking at Leng Ruoxue's calm and relaxed expression, the burly man became more and more annoyed. Therefore, after stopping for a few seconds, he started attacking again...

The burly man controlled the fire dragon and kept attacking from all angles as if it was crazy. The water curtain was also extremely cooperative. Wherever you hit, I would shake. It looked like it was about to break through, but it just couldn't break through!

Half an hour later, the burly man's already frustrated heart became more and more impatient!

Especially when he saw Leng Ruoxue's relaxed expression, the anger in his heart intensified!

Damn, what was going on!

He could be considered a seasoned veteran, but he had overturned the boat with a little girl. How could he stand tall in front of the world if news of this got out!

No! This can't continue!

Even though this 'Fire Dragon Flame' was one of his most formidable techniques, it wasn't the most formidable. Moreover, his most formidable fire attribute technique couldn't be utilized rashly. Otherwise, he would have to recuperate for at least a few decades before he could recover!

However, this little girl had already completely angered him, so he would rather lose decades to destroy this girl! Otherwise, the Sun family would probably be destroyed in the hands of this damn girl sooner or later!

Usually, it was very difficult for a person to control their rationality when they were the most angry. Therefore, the only thing he could think of now was to get rid of his opponent. Unfortunately, he had forgotten that if he used his Sure Kill technique, not only would it affect his body, but it would also cause huge losses to the place where they were fighting. At this moment, his heart was already filled with anger. He couldn't remember that he was in the Sun family's ancestral mansion!

**Chapter 833: Flame Dragon Storm (4)**

“Damn girl, look at my ‘Flame Dragon Storm’!” the burly man roared. Then, fire-attribute mystic energy slowly gathered in his palms...

Immediately, all the fire-attribute mystic energy within a radius of fifty kilometers of the Sun Family’s main residence rushed over from all directions at the same time...

“‘Flame Dragon Storm’? It sounds quite formidable.” Leng Ruoxue’s face was full of anticipation. However, when she saw the fire attribute profound energy surging from the peak, she was even more looking forward to this profound technique that her opponent valued...

“‘Flame Dragon Storm’! No!” The expressions of the Sun family’s old ancestors, who were fighting with Feng Da and the others, immediately changed drastically when they heard this name. Unfortunately, they shouted a little late because the burly man had already begun to gather mystic energy...

Looking at the mystic energy surging in from all directions, which had already dyed the sky above the Sun Family’s main residence red, the hearts of those who understood the might of the ‘Flame Dragon Storm’ sank, and an ominous premonition shrouded their hearts.

They admitted that their opponent was very strong, but there was no need to use the extremely destructive mystic technique, Flame Dragon Storm! This was the Sun family’s territory! Blood dripped from the hearts of the Sun family’s ancestors when they thought of this!

However, the Flame Dragon Storm was already being activated in an irresistible manner, so all they could do was minimize the losses!

Unfortunately, wishes were beautiful, but reality was cruel! Although they wanted to protect the main residence of the Sun family and disperse the clansmen of the Sun family, they were firmly entangled by Feng Da and the others and couldn’t do anything!

The ancestors of the Sun family were angry. The situation in front of them was becoming more and more critical, but they couldn’t escape. However, as the saying goes, bystanders see better. They were in the battlefield, so they didn’t realize that Feng Da and the others didn’t use their full strength when fighting with them. Otherwise, these people would have probably died long ago. Feng Da and the others had the same thoughts as Leng Ruoxue, they wouldn’t let these people die too quickly!

Feng Da and the others saw that their opponents were distracted and were a little anxious to get rid of them, and they knew in their hearts that the power of this ‘Flame Dragon Storm’ was probably not trivial. However, they were not afraid. Anyway, this was not their territory, hehe!

Feng Da and the others continued to fight their opponents. On the other side, the burly man’s ‘Flame Dragon Storm’ was already ready to attack. It was almost done!

The burly man felt the abundant fire-attribute mystic energy in his hand and was overjoyed. He was very confident in this sure-kill technique of his. He believed that ‘Flame Dragon Storm’ could definitely destroy Leng Ruoxue!

Leng Ruoxue, who was standing opposite him, was also filled with anticipation for this technique and added another layer of defense to herself....

The 'Flame Dragon Storm' was released from the burly man's hand with the force of breaking bamboo. Immediately, a huge fire dragon burning with raging flames pounced directly at Leng Ruoxue with bared fangs and brandished claws, and a huge explosion happened in front of the water curtain...

With a loud bang, the entire sky of the Sun family's main residence was filled with flames in an instant. The exploding fire dragons dyed the sky red, and the temperature was scorching hot!

The power of this' Fire Dragon Explosion 'was indeed extraordinary. It was at least dozens of times stronger than the' Fire Dragon Flame 'just now. Therefore, Leng Ruoxue, who was mentally prepared, immediately teleported away from the range of the explosion after the explosion. However, she was still affected by the explosion wave and suffered considerable internal injuries. Her water curtain was also shattered by the' Fire Dragon Explosion '...

However, the elders of the Sun family were even more unlucky. As they were tied up too tightly and were starving to death and weak all over, they were unable to escape at all. Moreover, they were piled in the middle of the yard by Feng Da and the others, and they were in the middle of the explosion. Therefore, after the violent explosion, they were the first to bear the brunt. In just a breath, the elders of the Sun family were turned to ashes by the scorching high temperature...

Alas! The poor elders of the Sun family probably never dreamed that they would die in the hands of their ancestor even though they clearly found helpers to save their lives!

The Sun family's main residence had also turned into ruins because of this big explosion. Many of the Sun family members who were unprepared and had been hiding in the corners had also become sacrifices for this explosion and were buried with the Sun family's main residence!

As for the burly man who launched the 'Flame Dragon Storm', it wasn't much better because not only did he use up all his profound strength during the 'Flame Dragon Storm', he was even heavily injured by the backlash of the profound technique. At the same time, he was affected by the explosion. In short, the gains simply didn't make up for the losses!

Feng Da and the others immediately teleported out of the range of the explosion after the explosion!

However, the power of this explosion was too great, so they were also attacked by the aftermath of the explosion. Fortunately, their injuries were not serious. After all, they were farther away from the center of the explosion than Leng Ruoxue. Their opponents, because they hoped to save a few elders of the Sun family, were unable to escape the explosion in time, so their injuries were not light!

After the explosion, the Sun family either died or were injured. They suffered heavy losses.

After hearing the explosion, Sun Zhou City's citizens were also attracted. However, no one dared to get too close, afraid that they would become cannon fodder.

"Xue'er, are your injuries serious?" In the air, the freak hugged Leng Ruoxue tightly and asked worriedly.

"I'm fine." Leng Ruoxue wiped the blood off her lips and then took out a pill from her bracelet and put it in her mouth.

Alas! The power of this 'Flame Dragon Storm' was indeed extraordinary! She felt that her reaction speed was already fast enough, but she was still injured. However, her heart was filled with warmth when she saw the freak's worried expression.

"Miss!" At this moment, Feng Da and the others also gathered beside Leng Ruoxue and looked at her worriedly.

"Don't worry, I'm fine," Leng Ruoxue explained.

"Are your injuries serious?" Leng Ruoxue asked worriedly.

"Miss, we're fine," Feng Da said immediately. They were only lightly injured, and they had all eaten pills, so their injuries were already healed.

"That's good." Leng Ruoxue was relieved. Then she turned her gaze to the dumbfounded ancestors of the Sun family and said, "The power of 'Flame Dragon Storm' is indeed strong. Well! The entire Sun family is destroyed."

"Damn it, shut up!" The burly man's depressed heart became even more annoyed and depressed when he heard Leng Ruoxue's words. Moreover, what made him even angrier was that not only did his Sure Kill technique not kill the wretched girl in front of him, it even destroyed the entire Sun family. How could he accept this!

#### **Chapter 834: A Rare Sparring Partner (1)**

"Damn girl, I'm going to kill you!" the burly man roared. He forced his exhausted body to pounce at Leng Ruoxue, but he lost his balance and fell onto a pile of ruins with a 'plop'...

"You can't kill me like this right!" Leng Ruoxue reminded with a naughty smile. Well! Since they were enemies, she naturally had to hit him while he was down. After all, she was not a soft-hearted person. She would definitely do something like hitting a drowning dog.

"You..." The burly man was furious, but he also knew that Leng Ruoxue was telling the truth. He really couldn't kill her with his current appearance...

The burly man's heart was bleeding as he looked at the ruins in front of him, and he was in a daze. Boohoo... How could this be? Why was the Sun family destroyed in his hands? How... How could he explain it to the Sun family's Lie Zu Sect! He was a sinner of the Sun family. Thinking of this, his large palm suddenly struck the top of his head to apologize with death...

"Third Brother!"

"Third Brother!"

Roars of anger and despair echoed in a radius of 50 kilometers around the Sun family.

"What a close brotherhood!" Feng Da said mockingly. His voice sounded so out of place amidst the angry roar.

"Leng Ruoxue, our Sun family won't let you go!" One of the elders of the Sun family roared at the top of his lungs.

This time, what they thought would be a piece of cake happened in such a dramatic manner. Leng Ruoxue and the others were only injured, but countless elders and clansmen of the Sun family were dead or injured!

Although they were not the ones who released the 'Flame Dragon Storm', they could not escape the blame for such a major change in the Sun family. Thinking of this, the elders of the Sun family, who were heavily injured, looked at each other and attacked Leng Ruoxue with the determination to die...

Sensing the suicidal attacks of the Sun family's ancestors, Feng Da and the others immediately went forward without retreating...

"Be careful!" Leng Ruoxue stood by the side and reminded them.

With such an unexpected change in the Sun family, these old men could not accept this fact. They naturally became the punching bags of the Sun family's ancestors. However, they were not pushovers!

Hmph! Leng Ruoxue didn't care about them even if they weren't injured, let alone a few old men with serious injuries!

However, these old men were all determined to die, so their attacks were ruthless and fierce. Moreover, they had the intention of perishing with the other party, and every move they made was fatal. Not only that, all of their sure win tactics were secretly brewing...

Leng Ruoxue, who was watching the battle, felt the abnormal flow of spiritual energy in the air. Her heart tightened. Damn it! Were these old men crazy? Could it be that they all wanted to use their sure win tactics?

Thinking of this, Leng Ruoxue hurriedly shouted at the people in the battle, "Feng Da, finish this quickly!"

If she really let these old things activate her sure win tactics, the entire Sun Zhou City would probably be destroyed. She didn't want to die with these old fellows from the Sun family!

After hearing Leng Ruoxue's words, Feng Da and the others, who had been casually teasing the Sun family's old ancestors, became extremely alert. They attacked the Sun family's old ancestor who was fighting them from multiple sides. The mystic techniques in their hands kept bombarding their opponents, destroying the mystic energy they were condensing and interrupting their crazy plan!

"Leng Ruoxue, the Sun family will drag you down with them!" A despairing gaze appeared in the eyes of an elder. Then, his body expanded. In the blink of an eye, his body blew up like a balloon...

"Hurry up and dodge, he's going to self-destruct!" Leng Ruoxue hurriedly reminded. A Mystic Supremacy self-destructing was not a joke. Moreover, the power of self-destruction was not any weaker than a sure-kill technique, and they did not even need to condense mystic energy. However, no one would choose to self-destruct if they did not want to die with the other party. After all, if they could kill the other party with a sure-kill technique, they could at least have a life. However, self-destruction was quite a thorough death, and they could not even leave a trace of divine sense.

At the same time as Leng Ruoxue reminded them, Feng Da and the others also realized that they wanted to self-destruct, so they left the battle circle without hesitation. Well! The Sun family was suicidal, they hadn't lived long enough!

"Bang! Bang! Bang!" Several loud bangs sounded at the same time as Feng Da and the others teleported. The ancestors of the Sun family exploded one after another as if they were relieving themselves...

Leng Ruoxue saw that the situation was bad, so with a thought, she brought everyone into her bracelet.

What a joke!

If a Mystic Supremacy self-destructed, they would probably be fine as long as they stayed away and put up a defense. However, with so many Mystic Supremacies self-destructing, it was unknown if Sun Zhoucheng could survive! Therefore, Leng Ruoxue didn't dare to risk the lives of her own people.

After entering the bracelet, Leng Ruoxue and the others had been observing the situation outside. Thus, the consequences of the self-destruction were basically within their expectations.

After the self-destructive Yu Wen dissipated, Leng Ruoxue and the others took out their bracelets. Now, all the buildings in Sun Zhou City had collapsed except for the city walls that remained standing. Moreover, countless citizens in the city had died. At least, they didn't see anyone alive around them now.

"I've finally witnessed the power of a Mystic Supremacy's self-destruction today." Feng Da was a little speechless as he said. Oh! If they used their sure win tactic Heavenly Technique, it would probably not be much!

"Yes, consider yourself lucky. Such a scene isn't easy to see!" the little old man said emotionally.

Sigh! A good main city was destroyed just like that.

Even though the Sun family deserved to die, the citizens who were buried in the city were innocent.

The so-called ancestors of the Sun family had never thought about the serious consequences their decision would cause to the citizens with low cultivation when they self-destructed. Therefore, in essence, the Sun family was selfish.

However, the Sun family could be considered to have been destroyed by their own people. Moreover, the matter with the Sun family was not over.

"Lass, these people who self-destruct can only be considered a drop in the ocean to the ancestors of the Sun family, so let's make plans early! I believe they will arrive soon," the little old man reminded. There was a signal from the Sun family's ancestor before he self-destructed, so he was very sure that the Sun family's cultivation ground was probably in chaos now. It wouldn't be long before the other ancestors of the Sun family would arrive.

**Chapter 835: A Rare Sparring Partner (2)**

“Grandpa Du, they’re already here,” Leng Ruoxue said helplessly. With such an intense explosion happening in Sun Zhou City, these people would rush over to investigate even if no one sent a letter. Now, they should be all out! Moreover, they were less than a thousand meters away!

“Who destroyed our Sun Zhou City?” A lion’s roar entered Leng Ruoxue and the others’ ears before they arrived. Moreover, the roar carried a shocking pressure that caused Feng Da and the others who hadn’t advanced to Mystic Supremacy to be dazed...

Leng Ruoxue stored Feng Da and the others into her bracelet. Alas! These people were not ordinary Mystic Supremacies, so the battle was no longer something they could participate in.

“Lass, did you destroy our Sun Zhou City?” Nearly a hundred Mystic Supremacies stood about ten meters away from Leng Ruoxue and the others and questioned angrily.

“No,” Leng Ruoxue asked calmly. They really didn’t destroy Sun Zhou City! Although these Mystic Supremacies gave people a lot of pressure, she wouldn’t panic and retreat before the battle. She wanted to know how big the difference between her and these Mystic Supremacies was. After all, it wasn’t easy to find an opponent who would do his best.

“Lass, how dare you quibble in front of me. Hmph! You obviously destroyed the foundation of our Sun family for tens of thousands of years. Today, all of you will be buried with the Sun family,” the leading old man said with a ruthless expression, his shrewd eyes staring at Leng Ruoxue. Hmph! These people will all die!

“Old man, Sun Zhou Cheng was obviously destroyed by the Sun family. As a member of the Sun family, you should know the aura of your own clansmen well, right? But you insisted on blaming us. Well! This is a show of shirking your responsibility!” Leng Ruoxue mocked lightly, her beautiful eyes full of sarcasm!

“Damn girl, don’t think I’ll let you go even if you tell me the truth today. Our Sun Zhou City is destroyed, and you can forget about leaving alive,” the old man said fiercely.

“Is that so! Old Man, are all the Sun family here?” Leng Ruoxue asked curiously. Well, it was better to confirm it.

With Sun Zhou Cheng destroyed, those clansmen who had escaped from the Sun family’s main residence would probably not be able to escape. However, if this old man brought all the elders of the Sun family here, it would save her a lot of trouble. Since this old man wanted to kill them, she naturally wanted to eliminate them at the root!

/

“Of course, you’ll definitely die today,” the old man said very confidently. Hmph! It was just a little girl. He didn’t care about her. Moreover, he was very sure that even if this damn girl’s methods were outstanding, she would only die in front of them!

“Then I’m relieved,” Leng Ruoxue said with a smile.

“Don’t worry about what? We won’t let you guys die too happily,” the old man reminded. Thinking about how their Sun Family had dominated the Vast Heaven Continent for tens of thousands of years,

their Sun Family's history in the Vast Heaven Continent was even longer than the Leng Family's. But now, the Sun Family was destroyed in the hands of a little girl. How could he not hate this!

"Each other, each other!" Leng Ruoxue agreed. This old man wanted to kill her, but how could she not want to kill these people in front of her? She did not like to leave trouble for herself, so unless an accident happened, she would not be soft-hearted!

"Haha! Looks like this old man really hasn't walked around the Boundless Heaven Continent for a long time. To think that there's actually such an arrogant wretched girl like you. Hmph! Today, this old man will let you see what's called a true powerhouse." The old man narrowed his eyes. At the same time as he spoke, he didn't forget to release his pressure.

However, he quickly noticed that the little girl before him was actually able to remain calm and composed under his pressure. After all, the pressure he released now was only targeted at this damn girl, so it was countless times stronger than before. However, it seemed to be useless against her!

"Damn girl, tell me your name," the old man said angrily. It seemed that this damn girl had some skills! He had really underestimated her just now!

"Leng Ruoxue, old man, what about you?" Leng Ruoxue asked after introducing herself.

"How can you know my name?" The old man said unhappily with a stern face.

"Old Man, could it be that your name is Grandson?" Leng Ruoxue asked angrily. Hehe! Just now, Empty sent her a voice transmission saying that there was a very senior ancestor in the Sun family named Grandson. She almost burst out laughing when she heard that.

"Damn it, you're the grandson! My surname is Sun and my name is Zhi. I'm not a grandson!" the old man roared angrily. Damn it, his name had angered him a lot. Now, his name had become the grandson of a little girl. How could someone so proud bear humiliation!

"Same, same," Leng Ruoxue said with a smile.

"Same my a\*s! Damn girl, you're dead meat today," Sun Zhi said angrily. Then he directly pushed out a palm. The palm wind carried a gust of cold air as it pounced at Leng Ruoxue...

"Grandson! The battle is about to begin? You don't know how to respect your elders." Leng Ruoxue's beautiful face was full of disappointment as she spoke. Her beautiful eyes were filled with provocation. However, she didn't dare to lower her guard against this old man's attack. However, she didn't use her full strength. It could be said that everything was probing.

"Damn girl, take another move of mine!" Sun Zhi didn't care at all when he saw that Leng Ruoxue easily dodged his first attack. After all, someone who could force the experts of his Sun family to self-destruct was definitely not a superficial embroidered pillow, and he had only used thirty percent of his strength in that move just now.

"Stinky old man, it's my turn to make a move this time," Leng Ruoxue said with a light smile. Then, she released the 'meteor shower' without hesitation...

"Haha! Lass, is that all you've got? You actually want to use the 'meteor shower' to deal with a Mystic Supremacy. Hmph! You really overestimate your capabilities." Sun Zhi was a Mystic with the water

attribute as the main attribute, so he naturally knew the power of the 'meteor shower'. Therefore, he didn't take Leng Ruoxue's attack seriously at all.

However, when the tens of thousands of raindrops approached him, he deeply felt that this 'meteor shower' was abnormal. This... Could this still be considered a meteor shower?

Even though he was a Mystic Supremacy, he could not guarantee that it would be so powerful if he launched the 'Meteor Rain'. If it were an ordinary Mystic Supremacy in today's battle, this 'Meteor Rain' would probably injure him even if it could not kill his opponent. Thinking of this, he became even more serious about this battle that seemed to have a great disparity in strength.

### **Chapter 836: A Rare Sparring Partner (3)**

Sun Zhi raised his hand slightly, and a light blue curtain wall blocked in front of him. Even though most of the raindrops approaching him had been blocked, a small number of fish still slipped through the curtain wall and hit him...

The raindrops hit his body. Outsiders might think that they only wet his clothes, but only Sun Zhi knew how painful the sharp raindrops were when they hit his body!

"Stinky old man, is it cool?" Leng Ruoxue blinked and asked.

"Damn girl, from this moment onwards, I will let you enjoy the highest treatment of your opponent," Sun Zhi said very seriously. What he was trying to convey was that he was going to use his full strength.

"I'm looking forward to it," Leng Ruoxue said. Well! This old man should be the strongest among the opponents she had encountered. It was very rare to be able to fight with such an expert, so she would definitely do her best.

At the same time, the ancestors of the Sun family brought by Sun Zhi found their opponents when they saw Sun Zhi attack. However, the battle situation happened to change this time.

In the previous battle, because Feng Da and the others were involved, they had the absolute advantage in numbers. They were basically fighting in groups, but now, they were fighting in groups...

"None of you will live today!" the two Mystic Supremacies glared at Cheng Wu and said fiercely.

"Oh! Underestimating your enemy is a big taboo in battle," Cheng Wu reminded kindly. There were not many opportunities to fight two Mystic Supremacies at the same time, so not only was he not afraid, but his fighting spirit was also high!

"You're dead meat," the two elders of the Sun family said. Then, they looked at each other and attacked at the same time...

In an instant, two streams of mystic energy were like two dragons rushing out of the sea, carrying shocking power as they flew towards Cheng Wu at the same time...

Two dragons with gathered mystic energy, one wind and one dark. Even though they attacked at the same time, wind attribute mystic techniques had always been proficient in speed. Therefore, the wind attribute flood dragon quickly became the vanguard and ran at the front, while the dark attribute flood dragon followed closely behind!

Cheng Wu did not panic as he looked at the two profound energy dragons that were right in front of him, one in front and one behind, rushing towards him. His figure even moved quickly. Moreover, he easily dodged the wind attribute dragon's attack. However, he was unable to dodge the dark attribute dragon that followed closely behind. Therefore, he was still injured.

Dark attribute mystic energy had a certain degree of corrosion, so even though Cheng Wu's injuries were not very serious, the injuries spread in the blink of an eye!

Cheng Wu did not dare to slack off. He quickly took out a pill and threw it into his mouth. At the same time, he summoned his beasts...

The two ancestors of the Sun family looked at the Fire Phoenix and the dragon that suddenly appeared in front of them and their hearts sank. They secretly cursed. Damn, where did this freak come from? There was actually a dragon and phoenix as contract beasts. This time, it was impossible for them to summon their beasts to help even if they wanted to because their beasts were helpless in front of the dragon and phoenix. Even if they were of the same level, the bloodline pressure of the dragon and phoenix was not something ordinary beasts could withstand.

After Cheng Wu's beast came out, it immediately changed the situation on the battlefield!

With the addition of Long and Feng, the battle also went from one against two to three against two!

However, Cheng Wu didn't intend to bully them with numbers. Instead, he instructed his beast to hold back one of the Mystic Supremacies while he sparred with the other!

After all, the opponent before him was a famous Mystic Supremacy for many years. His strength was on a completely different level compared to ordinary Mystic Supremacies, so he naturally wouldn't let go of this opportunity!

The others had the same thoughts as Cheng Wu. After summoning their beasts to restrain the other Mystic Supremacies, they could focus on dealing with one person!

"Damn girl, you really surprise me!" Sun Zhi couldn't help saying enviously when he saw the battle situation of the others from the corner of his eye.

After being in seclusion for many years, even though he was no longer as supportive of the current situation in the Vast Heaven Continent as before, he was also very clear that dragons and phoenixes would not casually acknowledge others as their masters. However, everything in front of him shattered his assumption!

Therefore, he really wanted to know who these people were.

Who did the Sun family provoke that actually caused a family extermination?

Unfortunately, he was destined to not receive this answer.

"Old man, I'm also very satisfied with you," Leng Ruoxue said politely. It wasn't easy to find a good sparring partner!

"Damn girl, even though I admire you, I can't let you go." Sun Zhi's voice turned cold as he glared at her.

“I don’t need you to let me go. You might be stronger than me, but you can’t kill me, and I can kill you!” Leng Ruoxue said confidently. The two of them had fought for dozens of rounds. Even though she was at a slight disadvantage, the old man didn’t gain any advantage!

Moreover, this was under the circumstances that she didn’t use the beast. However, she was almost familiar with this old man’s moves now, so she didn’t have the patience to continue pestering him. She planned to kill him after she was done with him!

With a thought, Leng Ruoxue moved Feng Zhan and the black python, who strongly requested to fight, out of the bracelet...

Sun Zhigang was about to say, “You arrogant wretched girl, you really don’t know the immensity of heaven and earth!”

However, before he could say this, he was stunned by the two beasts that suddenly appeared in front of him!

The two beasts in front of him were both level-nine super beasts.

One of the extremely huge fire phoenixes had unfathomable strength. As soon as it appeared, the temperature here immediately soared, grilled people until they were very uncomfortable. Moreover, that fire phoenix made him feel a trace of nervousness that he had never felt before!

“Old man, I won’t bully you. I’ll only use two beasts to fight you. Of course, for the sake of fairness, you can also summon two beasts,” Leng Ruoxue reminded with a naughty smile.

“Damn girl, you...” Sun Zhi was so angry that he couldn’t say anything. Damn! He wanted to summon a beast, but where could he get two level-nine Transcendent Divine Beasts?

Did they really think that level-nine Transcendent Divine Beasts were cabbages that could be found easily?

### **Chapter 837: Leng Xiaoyu VS Sun Tao (1)**

Moreover, even if he had a level-nine Transcendent Divine Beast, he would probably be unable to retaliate under the bloodline pressure of the Fire Phoenix. Boohoo... This was obviously bullying! Unless he had a level-nine Transcendent Divine Beast dragon, no beast would be a match for this Fire Phoenix.

“Actually, I want to say that using two beastmen to deal with you is a little overreacting. Well! Big Blacky, go play with him first!” Leng Ruoxue instructed.

“Yes, Miss,” the black python, which was the big black snake Leng Ruoxue mentioned, answered happily. Because Miss already had Little Black, she could only be the big one. Boohoo...

“Lass, you’re biased!” Feng Zhan was displeased when it heard that the big black python would fight first. It came out to fight! It would not be able to take it if it only watched and didn’t attack!

“Let Big Blackie practice first. There are very few human experts with such high strength in this world. Moreover, there are even fewer who will sincerely fight with us. Well! If you want to fight, there are still people over there!” Leng Ruoxue comforted.

“Alright! I’ll look for other people to play with,” Feng Zhan said after some thought. It would be happy as long as it fought. Therefore, it didn’t matter who its opponent was. What was important was that it had to fight. It was best if its body was as strong as that old dragon’s!

After Feng Zhan finished speaking, he flew to the side of an Old Ancestor of the Sun family. At the same time, the black python and Sun Zhi fought, and Leng Ruoxue became a spectator again.

“This fellow’s body is too weak. I only touched it lightly, why did it burn to ashes! Boohoo...” Feng Zhan looked at his opponent who had already turned to ashes gloomily, his eyes filled with tears, feeling very wronged.

“Uh!” Cheng Wu, who had just defeated his opponent, also looked at the old Phoenix gloomily. He wanted to cry but had no tears. That was his opponent! He was played to death by this fierce old Phoenix in an instant. Who could he find to reason with! Boohoo...

“Little guy, don’t be sad. Isn’t there someone else!” Feng Zhan looked at Cheng Wu who was also depressed and comforted him.

“Yes, yes.” Cheng Wu nodded. Then he turned his gaze to the others and looked at Feng Zhan before pouncing towards the others...

With Feng Zhan joining the battle, the bodies of the Sun family’s old ancestors were as blurry as paper. They basically died instantly. This time, Song Di and the others were all depressed. Boohoo... This old phoenix was too powerful and ruthless. He only used a few minutes to destroy all their sparring partners. He was too much!

After Cheng Wu and the others reluctantly ended the battle, they came to Leng Ruoxue’s side and watched the battle with her. They couldn’t help but sigh with emotion. Well! As expected of the strongest person in the Sun family, this old man had endured many beatings.

“Little Black Snake, do you need my help!” The old phoenix, who had not had enough fun, said with a smile. At this moment, the other beasts had already been stored into the beast space by their respective masters, so only Leng Ruoxue’s two beasts were left on the entire battlefield. Therefore, Feng Zhan felt that they should be united, loving, and helping each other.

“There’s no need. I can handle it.” The black python’s forehead dripped with two drops of cold sweat as it said helplessly.

“Boohoo... This old man is better at taking beatings,” Feng Zhan sighed. He even pretended to wipe his tears and pretended to be sad.

“Damn it, I’m going to kill you.” Sun Zhi was tightly entangled by the black python. Hearing their conversation and being surrounded by Leng Ruoxue and the others, the anger and hatred in his heart had long surged uncontrollably!

He knew that the other ancestors from the Sun family were already dead.

He hated them. He really wanted to eat their meat, drink their blood, and cut them into pieces. Otherwise, it would be difficult to vent the hatred in his heart.

He also knew that as long as the green hills remain, there was hope. However, he was alone now!

Hmph! I won't let you have an easy time even if I die. Sun Zhi swore in his heart. I'll bite you guys hard even if I die. Thinking of this, he decided to self-destruct!

However, the black python didn't give him any chance to self-destruct. After seeing through Sun Zhi's intentions, it used its thick snake tail to tightly bind Sun Zhi. Hmph! Do you want to self-destruct? Dream on!

The black python tightened its grip, and Sun Zhi, who was in it, bit his lower lip until it broke. In all his years of life, he had never hated Leng Ruoxue and the others so much as now. He hated this big black python even more. It actually wanted to take away his chance to self-destruct. The more he thought about it, the angrier he became. Finally, he couldn't take a breath and was angered to death.

"Oh! Why isn't there any reaction?" The black python blinked its big innocent eyes and asked in puzzlement. This old man was struggling with all his might just now! Why did he give up so quickly?

"He's dead," Feng Zhan reminded. That old man's life was already gone.

"How is that possible? I didn't use too much strength!" The black python was very depressed. Boohoo... This had nothing to do with it!

"Little Black Snake, could it be that you doubt my judgment?" Feng Zhan glared and said with slight dissatisfaction.

"I don't dare! I don't dare! But I really didn't use any strength!" The black python was extremely aggrieved, and tears were already welling up in its eyes.

"He's angry to death," Leng Ruoxue said understandingly.

"Ah! Isn't he too angry? Oh! He's not pretending to be dead, is he?" the black python said doubtfully. Then, its tail released Sun Zhi, who was tightly held by it.

It looked at Sun Zhi, who had been thrown to the ground, for a long time. It was still a little worried, so it raised its thick snake tail high, planning to cause another accident. Hehe! Caution always pays off! The Sun family was famous for their cunning nature.

However, just as it lowered its snake tail, a loud shout suddenly sounded in their ears!

"Vile beast! How dare you!"

Immediately after, a terrifying mystic power hit its thick snake tail, making the black python cry from the pain.

"Boohoo... It hurts!" The black python looked at its snake tail that was already torn apart and then looked at the unfathomably powerful man who had suddenly appeared in midair. The anger in its heart burned limitlessly. Hmph! It didn't like to be threatened after being with Miss for a long time, so it ignored the man in front of it and fiercely dropped its tail from the sky. It then pressed Sun Zhi, who was lying on the ground and had long been angered to death, into pulp!

**Chapter 838: Leng Xiaoyu VS Sun Tao (2)**

“Bastard, I’ll kill you!” The man couldn’t help but be furious when he saw the Sun Clan member being killed by a snake in front of him. Of course, he didn’t know that Sun Zhi had been angered to death before he arrived.

“Hmph! Who’s afraid of you!” the black python said disdainfully. Even though this man’s strength was unfathomable, it had so many helpers! How could it be afraid of a human! Therefore, it did not take the man’s threat to heart.

“Good! Good! Looks like I haven’t fought in the Boundless Heaven Continent for a long time. A small snake even dares to be arrogant in front of me! Beast! Hand over your life!” The man attacked as soon as he said that. At the same time, a light blue mystic energy headed straight for the black python’s seven inches, planning to kill it in one move!

This mystic power was too fast. Everyone could not save him even if they wanted to.

Leng Ruoxue quickly stored the black python into her bracelet.

The man’s mystic energy missed and hit the ruins directly...

“Apart from Leng Ruoxue, all of you will die with our Sun family!” The man vented all his anger on Cheng Wu and the others seeing that he didn’t hit the black python.

“Do you know me?” Leng Ruoxue looked up at the man floating in the air and asked lightly.

The man in the air was very handsome and had unfathomable strength. However, he gave people a very gloomy feeling. Moreover, his eyes that looked at Leng Ruoxue emitted a different kind of brilliance.

The man looked at Leng Ruoxue carefully, feeling increasingly satisfied.

/

She was even more beautiful than the portrait. Well! To be precise, the portrait did not express all of Leng Ruoxue’s beauty. Apart from her breathtaking beauty, there was no way to show her extraordinary temperament. In short, he wanted this woman for sure, and she could only be his!

“What do you think!” the man asked instead of answering. His eyes could not help but reveal a trace of obsession!

“How would I know?” Leng Ruoxue said nonchalantly.

“Aren’t you curious how I know you?” the man asked while suppressing his anger. He had never been completely ignored by a woman like today!

“No.” Leng Ruoxue was very calm. She didn’t know who this man was from the Sun family.

“...” The man was speechless. In front of Leng Ruoxue, he felt a sense of helplessness he had never felt before.

“Did you just say that everyone except me has to die?” Leng Ruoxue asked with an unfriendly tone.

“Yes.” The man nodded.

“They are all my relatives and subordinates. If you want to kill them, you have to die,” Leng Ruoxue said very seriously.

“Are you threatening me?” The man narrowed his eyes and said unhappily. This woman ignored him just now and actually threatened him now! She was really too disobedient. Everyone knew that he liked obedient women the most. However, it seemed like he would have a greater sense of accomplishment to train a little wild cat into a family cat.

“It’s not a threat, it’s just the truth.” Leng Ruoxue lightly smiled. Her smile was like a hundred flowers blooming, so beautiful that the world lost its color.

“Whether it’s a threat or the truth, they will all die except for you!” The man looked at Leng Ruoxue’s smile in amazement and only came back to his senses after a long time.

“Then let’s try. However, do you think you can beat so many of us alone?” Leng Ruoxue said nonchalantly.

“These people are just ants in my eyes. I only need a finger to destroy them,” the man said confidently.

“Don’t say it too early. However, I’m very curious. Can you use strength above Mystic Supremacy in this world?” Leng Ruoxue smiled sweetly. Earlier, Wu Tian had sent a voice transmission to her, saying that this man didn’t belong to this world. Therefore, even though this man was very strong, he probably couldn’t use his full strength with the restrictions of the Heaven Earth Law.

“You know quite a lot. I’m even more satisfied with you now,” the man said with a smile. He had always thought that women shouldn’t be too smart, but Leng Ruoxue was an exception.

“But I’m not satisfied with you. I hate the Sun family. By the way, by the way, Sun Zhou City was destroyed by the so-called ancestors of the Sun family.” Leng Ruoxue’s tone was very cold, and the disgust on her face was unconcealed.

“You will be satisfied with me when you become my woman. As for Sun Zhou Cheng, someone will naturally accompany him to the grave.” The man was very confident.

“Are the Sun family all so self-righteous? Let me give you a piece of advice. Be realistic and stop dreaming.” Leng Ruoxue was a little speechless. She really didn’t know what the brains of the Sun family were like. Why did they do things differently from others when they said it!

“Xue’er is my woman. Don’t even think about hitting on her.” At this moment, the freak also said coldly. Damn it, did she think he was a dead person! She actually dared to tease his woman in front of him. She was really tired of living!

“I like this woman,” the man said domineeringly, not taking the freak seriously at all.

“You’re courting death!” The freak was furious. He was about to go forward and teach that shameless man a lesson when he was stopped by Xue’er.

“Why be angry with him because of this? It’s not worth it,” Leng Ruoxue said with a light smile. She didn’t want the freak to attack alone. Moreover, she could already tell that the Old Ancestor that the Sun family had designs on her was most likely him! However, the Sun family didn’t exist anymore. It was

just an Old Ancestor, so what was there to be afraid of? Moreover, he couldn't display his true strength in this world, so it shouldn't be difficult for them to destroy him.

"Yes, Xue'er is right." In the freak's eyes, this man was already a dead man. It was indeed not worth it to be angry with a dead man.

"What? You don't intend to attack? Didn't you say that I'm courting death?" The man provoked when he saw that the freak wasn't angry.

"You're courting death! Moreover, you'll definitely die!" the freak promised.

"Is that so? Then let's see who dies first! Anyway, Leng Ruoxue is mine for sure. Hehe! The taste of dual cultivation with her will definitely be very good," the man provoked, his words full of teasing.

"In your dreams!" the freak said angrily. Then, black mystic energy was released from his hand...

### **Chapter 839: Leng Xiaoyu VS Sun Tao (3)**

"Everyone, attack together and beat him up!" Leng Ruoxue ordered at the same time.

"Yes." Cheng Wu and the others were excited after receiving Leng Ruoxue's order. Hehe! They could also tell that this man's strength was extraordinary, so they were excited!

"Leng Ruoxue, are you planning to kill your husband?" The man continued to tease fearlessly as he looked at Cheng Wu and the others who surrounded him.

"Biological husband? My biological husband isn't you," Leng Ruoxue said honestly. Unfortunately, she had overestimated the thick skin of the man in front of her.

"I will when I kill them," the man said.

"Pfft! You want to have designs on my young miss? You're really a toad who wants to eat swan meat!" Cheng Wu said with a face full of contempt. Then, he released the mystic energy in his hand...

"Haha! He looks quite like a toad." Song Di laughed hysterically and then threw out his mystic technique with everyone else....

In an instant, multicolored mystic energy danced in the air. Red fire, blue water, green wind, black dark, and yellow earth intertwined to form a dazzling landscape painting that illuminated the sky...

The man did not feel any panic when he saw many mystic energy rushing at him. After adding a defense to himself, he began his counterattack...

The man's mystic energy was mainly of the water attribute, and a thick water dragon was released from his hand. The water dragon roared, roared, and bared its fangs as it pounced at the freak...

Seeing this, the freak hurriedly released more darkness-attribute mystic energy, condensing it into a black dragon that fought the water dragon...

Cheng Wu and the others also supported the freak one after another, each using their mystic techniques to pounce on the water dragon. After all, the man's strength was unfathomable, and the water dragon he released was not something ordinary mystic energy could compare to.

The water dragon, which was being beaten up by many mystic techniques, was furious. It glared at the black dragon with its blurry eyes. Obviously, in its eyes, only this dragon condensed from black mystic energy was its opponent, and it didn't care about anything else.

However, it didn't feel good to be stared at like a tiger watching its prey. Therefore, its thick dragon body split into several smaller clones that pounced at the other opponents...

Its main opponent was the black mystic energy dragon.

The two mystic energy dragons glared at each other for a while before entangling again. They fought until the sky darkened!

At the beginning, the huge dragon formed by black mystic energy still had the strength to fight against the water dragon. The two dragons were locked in a fierce battle, unable to decide the winner. However, when the water dragon's clone completed the mission and gathered with the water dragon again, the black dragon gradually fell into a disadvantage!

"Miss, this person is so powerful." Cheng Wu wiped away the blood flowing out of the corner of his mouth and exclaimed. He had lost the mystic energy battle just now, so he suffered some injuries. However, his injuries immediately recovered after eating the pill.

"Mn." Leng Ruoxue nodded, her eyes tightly staring at the black and blue Profound power dragons in the battle. She knew that the battle between the two dragons was also a battle between the freak and the man, which was also the so-called battle between men. So, even though she wanted to help the freak, she didn't attack.

Suddenly, under the attack of the powerful water dragon, the black mystic energy dragon was blasted into pieces and slowly disappeared into the sky...

"Freak!" The black profound energy dragon's death caused a backlash on the freak's body. Leng Ruoxue's heart ached when she saw him spit out a mouthful of blood. She hurriedly supported his tottering body, took out another pill, and placed it in his mouth, wiping the blood off his lips.

"I'm fine," The freak said soothingly.

The freak's starry eyes stared intently at the man opposite him.

He knew that there was a difference in strength between him and this man now, but it was not so easy for this man to defeat him.

In the battle just now, this man might have won, but he must be very depressed! Hmph! If it was the old him, killing this man would be as easy as crushing an ant! Alas! This damn body! It was really too weak!

"You lost," the man reminded, killing intent flashing in his eyes. Damn it, he actually couldn't kill him!

"Winning or losing once doesn't mean anything. Xue'er can only be mine unless I die." The freak smiled.

"Then die!" The man was furious and released two water dragons of the same size at the same time!

The two water dragons roared, bared their teeth, and aggressively circled in the air a few times before pouncing in the direction of the freak with anger...

The freak was about to retaliate when he was stopped by Xue'er.

"Let me do it. You are my man, and you should be protected by me. Let me try the power of these two water dragons!" Leng Ruoxue's will was firm, and she didn't allow the freak to refuse.

"Okay." The freak was very happy. Xue'er's words made him nearly burst with joy.

After Leng Ruoxue finished speaking, she also used her mystic energy to condense two majestic water dragons and intertwined with the two threatening water dragons in the sky...

"Hmph! How dare a man like you let a woman protect you!" the man said with jealousy, his angry eyes about to spew fire.

"What's there to be embarrassed about? A man who can be protected by his woman is bliss! You can't be jealous," the freak said proudly.

"Don't be too smug too early. You're dead meat today." The man narrowed his eyes and roared enviously at the freak as he controlled the water dragon with his mind.

"Sun Tao, you're really becoming more and more promising. You actually dare to strut around in front of the younger generation." A somewhat cold voice suddenly sounded in everyone's ears.

"Who is it? Come out." The man immediately lost his composure when he heard that it was someone who knew him. Why did this voice sound so familiar?

"What? You can't even recognize your old friend's voice?" the voice said mockingly. Then, two incomparably handsome young men appeared in midair.

"Leng Xiaoyu! Why are you and your grandchildren here?" The man named Sun Tao was shocked. He had a bad premonition.

#### **Chapter 840: Leng Xiaoyu VS Sun Tao (4)**

"You can be here, why can't we be here?" Leng Xiaoyu's handsome face was full of question marks.

"I'm talking about why are you in the Vast Heaven Continent!" Sun Tao could not help roaring.

"No reason. I come back when I want to. However, you're actually willing to come back," Leng Xiaoyu said in surprise.

"Hmph! You don't have to care about my business!" Sun Tao said irritably. He hated Leng Xiaoyu because they were natural enemies. In fact, to be precise, he had always treated Leng Xiaoyu as his greatest opponent. However, that damn fellow never took him seriously, and he would be unlucky every time he saw this man.

"I don't intend to care about you, but what you're doing now involves me," Leng Xiaoyu said with a smile.

"What do you mean?" Sun Tao was puzzled.

"Little Xue'er, stand down. Leave this dog to me." Leng Xiaoyu didn't answer Sun Tao's question and instead instructed Leng Ruoxue directly.

“Okay!” Leng Ruoxue was happy that someone was willing to fight instead. Moreover, she was indeed not Sun Tao’s match at that moment. Therefore, after retracting her mystic energy, she retreated to the side and prepared to watch the battle.

Well! This cheap Old Ancestor and Sun Tao should be evenly matched, so she was looking forward to their battle.

“Leng Xiaoyu, I took a fancy to this woman first. Do you want to snatch her from me?” Sun Tao roared angrily. Damn it, he obviously had the chance to kill these people, but Leng Xiaoyu ran out and interrupted, so his hatred for Leng Xiaoyu deepened another level.

/

“Do you think I’m a brainless guy like you? Little Xue’er is my descendant.” Leng Xiaoyu rolled his eyes and said speechlessly. He had known Sun Tao for many years and knew Sun Tao’s character better than anyone else. However, it was Sun Tao’s personal business if he liked women. He couldn’t care less, but he couldn’t have designs on his Little Xue’er!

“Your descendant? When did you have another descendant?” Sun Tao didn’t believe it. He felt that Leng Xiaoyu was lying to him because he had never seen any women around Leng Xiaoyu.

“What? Can’t I have a few descendants just because you have a lot of descendants? However, your descendants combined can’t compare to mine,” Leng Xiaoyu said proudly. He might not have many descendants, but the quality was good! Unlike the Sun family, which was a group of trash!

“Leng Xiaoyu, you really deserve to die!” Sun Tao was even angrier when he heard Leng Xiaoyu’s words. Damn it, wasn’t this rubbing salt on his wounds! Sun Zhou City had turned into ruins now, and he didn’t believe that Leng Xiaoyu couldn’t see it!

“Hehe! I’m sorry for bringing up your sad story. You don’t seem to have any descendants now. Damn it, don’t seem to have survived,” Leng Xiao gloated, adding oil to the fire. However, he couldn’t help but sigh in his heart. Little Xue’er was still the best! The Sun family was really played by her. Well! As expected of his bloodline!

“Leng Xiaoyu!” Sun Tao was angry. The consequences were serious.

Sun Tao commanded his two water dragons to fly towards Leng Xiaoyu aggressively...

Hmph! He couldn’t bear to kill Leng Ruoxue, but he wouldn’t pity a stinky man who always went against him!

After Leng Ruoxue retracted her mystic energy and retreated, he didn’t continue fighting, so these two water streams kept dancing in the air, waiting for his order. With a thought, the two water dragons immediately moved...

“Sun Tao, we haven’t fought in a long time!” Leng Xiaoyu chuckled. He also used his mystic energy to condense two dragons burning with flames and welcomed the two threatening water dragons...

“Leng Xiaoyu, you are definitely not my match now,” Sun Tao said confidently.

“Is that so! Could it be that you have a good opportunity?” Leng Xiaoyu guessed jokingly.

“Hmph! Do you think I’ll tell you?” Sun Tao glared at Leng Xiaoyu.

“It doesn’t matter!” Leng Xiaoyu didn’t care at all.

The two of them bickered, and the huge dragon they condensed with mystic energy was also staring at each other like their master, wishing to glare a hole through the other party...

There was a long pause.

The four mystic energy dragons intertwined, and slowly, the water and fire attribute spiritual energy in the sky gradually became restless...
