Chapter 871: Retribution (1)

The items in front of him were piled up like a small mountain. There were all kinds of things. In addition to herbs and ores, there were actually human weapons.

“Hehe! It’s just a robbery.” The little golden snake smiled shyly.

“Didn’t anyone realize that you’re just a strong-looking but useless guy?” Leng Ruoxue couldn’t help teasing.

“Wu... You’re the ones who are too perverted, okay?” The golden snake muttered aggrievedly, tears still flickering in its eyes.

“Damn it, how are we perverted?” Feng Da roared unhappily when he heard this.

The golden snake coiled itself into a ring in fear and buried its head, not daring to look at Feng Da and the others. Boohoo... These people were so scary. When would they leave this place! Thinking of this, it couldn’t help but pray to the heavens, “Hurry up and let these terrifying humans leave this place!”

Ren Xuan agreed with the little golden snake’s words. Boohoo... This little snake was right. These people were indeed abnormal. He was a Mystic Supremacy after all! However, he had no chance to attack in front of them. Boohoo... This hurt his pride too much.

“Little snake, are you sure you want to give us all these things?” Leng Ruoxue asked with a faint smile.

“Yes, yes, I’ll give it all to you, as long as you’re willing to let me go,” the golden snake said quickly, revealing a small head.

“But most of your things here are useless to me!” Leng Ruoxue deliberately sighed and said regretfully.

“Wu... then what will it take for you to let me go?” the golden snake asked pitifully, its eyes filled with pleading.

“Tell me first, do I have to stay in the Dark Night Seas for three months? Otherwise, I won’t be able to get out?” Leng Ruoxue asked calmly. Well! She had to confirm this.

“I think so. I’m not really sure.” The golden snake was honest.

“Aren’t you a beast from the Dark Night Seas? How can you not know?” Leng Ruoxue glared and questioned unhappily.

“Woo... you said I was a beast, too. How could I know?” the little golden snake cried. It was just a snake that liked to eat and sleep. It had been here since it was born, so naturally, it didn’t know how long it would have to stay here before it could leave, because it never wanted to leave.

“Sigh! Since you don’t know, forget it. I can’t force you,” Leng Ruoxue said helplessly.

“Hehe! That’s great. You’re willing to let me go,” the golden snake said happily, but it was obvious that it had misunderstood.

“When did I say I was going to let you go?” Leng Ruoxue smiled evilly.

“Ah! What do you mean?” The golden snake’s eyes widened in disbelief. No wonder the beasts here said humans were cunning. Boohoo... Humans were so bad.

“You haven’t satisfied me yet? You can’t answer the questions I ask,” Leng Ruoxue said with slight disappointment.

“Woo... Then what do you want? As long as you don’t eat me, you can do whatever you want.” The golden snake lowered its head in grievance.

“It’s very simple. Be our guide and we’ll let you go after we leave the Dark Night Seas. How about that?” Leng Ruoxue said with a smile.

Even though Leng Ruoxue was asking for the golden snake’s opinion, the little snake knew very well that if it didn’t agree, it would definitely become a dead snake in the next moment. Boohoo... The situation was very disadvantageous to it!

“I promise.” Those who knew what they were doing were wise, and the golden snake was certainly no exception.

“That’s a good snake. I only want herbs and ores here. I’m not interested in anything else. Take us to find more herbs and ores. When we leave this place, we won’t treat you badly.” Leng Ruoxue said, using the carrot and stick approach. She still needed this guide very much after all. Moreover, with the level-nine Transcendent Divine Beast in the Dark Night Seas, she believed that the Transcendent Divine Beasts below level nine wouldn’t dare to disturb them.

“Okay,” nodded the golden snake.

“Let’s head out!” Leng Ruoxue put all the herbs and ores in the cave into the bracelet and said.

Everyone nodded and left the cave the way they had come.

After leaving the cave, they followed the guidance of the golden snake and found a spacious and flat place to be their temporary camp. According to the snake, this place had a good view and could be the first to discover danger.

Everyone set up their tents and started to make a fire to cook. Naturally, they ate snake meat.

The golden snake lying nearby smelled the fragrance of the snake meat and felt extremely depressed. Boohoo... Those were its subordinates! Now they had become food for these humans. It regretted finding these perverted humans!

After the snake meat was roasted, everyone ate heartily. At the same time, Leng Ruoxue and the others let the beasts out to enjoy the delicious snake meat. They also asked the golden snake, but the snake told them that it was vegetarian!

However, seeing the obvious disbelief in their eyes, the golden snake lowered its head and looked away from them.

“This snake says it’s a vegetarian, miss. Is that possible?” she asked curiously as she ate and stared at the little golden snake.

“How is that possible? In the beginning, it even said that we were delicious humans!” Leng Ruoxue said with a faint smile. Hehe! She didn’t expect the snake in front of her to have a conscience and was unwilling to eat its own kind. This was quite rare for beasts.

‘Yes, but what if it doesn’t eat? If it starved to death, we wouldn’t have a guide,’ said Peachy worriedly.

“Send this to it. I don’t mistreat employees.” Leng Ruoxue took out a rabbit from her bracelet and handed it to Lü Tao.

“Yes.” Lü Tao took the rabbit and roasted it over the fire for a while. Then, she walked to the golden snake and placed the rabbit meat in front of it before returning to Leng Ruoxue and the others’ seats.

The golden snake looked up at Leng Ruoxue and the others, then at the roasted rabbit in front of it. It took a deep breath and finally couldn’t resist the temptation of food and ate the rabbit.

Chapter 872: Retribution (2)

“Smells good!” At this moment, a voice suddenly sounded in Leng Ruoxue and the others’ ears. When everyone heard this voice, they all looked at Ren Xuan at the same time.

“Why are you looking at me?” Ren Xuan asked awkwardly.

“Another person like you!” Feng Da teased.

“Uh... they’re different from me.” Ren Xuan felt wronged. He was alone, okay? However, from the sound of the footsteps, it was obvious that there was more than one person.

As soon as Ren Xuan finished speaking, the person who spoke had already arrived in front of Leng Ruoxue and the others. His eyes were fixed on the snake meat roasting on their fire as he asked, “This meat smells so good. Can you sell us some?”

Feng Da raised his eyelids slightly and looked at the man who spoke. He said calmly, “There are so many of you. Don’t tell me you can’t even get some food!”

“We’re too tired to hunt.” Before the man could say anything, a young woman interrupted. Then, she ran in front of Leng Ruoxue and the others and kept winking at Feng Da. Oh! It seemed that the person who spoke was their leader. The woman guessed self-righteously. Moreover, she felt that with her outstanding looks, she could definitely get food from these people.

“Miss, your reason is really...” Feng Da smiled helplessly, not knowing what to say.

“Wonderful? You’ll have pity on us!” the woman said narcissistically.

“It sucks!” Cheng Wu interrupted.

“That’s right! Just admit that you failed at hunting! Why are you still saying that it’s too tiring? What does it have to do with us if you’re tired? Besides, if your stamina can’t keep up here, you’ll drag others down.” Lin Yuan sneered.

“Damn it, what did you say? I’m talking to your leader. It’s not your place to speak!” The woman retorted unhappily.

“Uh! How did you know I was their captain?” Feng Da was very puzzled. This woman didn’t look like such a discerning person!

“Hmph! I can tell from the clothes you’re wearing. Look at what you’re wearing? Look at them?” The woman’s beautiful face was filled with disdain for Lin Yuan and the others.

“Ugh!” Feng Da was speechless. He knew it! How could this woman have good taste? It turned out that she was another person who judged people by their appearance! Sigh! Actually, the clothes on his body were the worst. If he hadn’t been afraid of dirtying his clothes while cooking, he wouldn’t have changed into this. Now, he had been misunderstood and even treated as his head. What was going on!

“Um... can you give us some food?” The woman pretended to be shy and asked. Her eyes were watery and charming.

“No.” Feng Da rolled his eyes and said in a neutral tone.

“Why? I’m the number one beauty in the Royal Dragon Continent!” The woman’s eyes widened in disbelief. She was so surprised. She had never dreamed that a peerless beauty like her would be rejected by a man.

“So what?” Feng Da asked in disdain. This woman was really narcissistic. Didn’t she see his Miss? His Miss was much more beautiful than this woman.

“So what? I’m the most beautiful woman on the Royal Dragon Continent, and now I’m asking you for a favor. What a great opportunity! Shouldn’t you be coaxing me and trying to please me?” The woman glared at him and said matter-of-factly. Even in her heart, she thought that she was thinking highly of him by being willing to beg Feng Da. After all, it wasn’t often that she gave people such opportunities to help her.

“Hehe! You’re the most arrogant woman we’ve ever seen.” Cheng Wu couldn’t help but laugh. Sigh! There were all kinds of birds in a big forest! This woman in front of him was really a top-notch woman.

When the others heard Cheng Wu’s words, they could not help but sneer.

“Hmph! That’s because I have the right to be arrogant. Others can’t do this even if they want to!” The woman said indifferently because she felt that Cheng Wu was praising her.

“Ugh!” It was Cheng Wu’s turn to be helpless. Boohoo... He had underestimated this woman’s shamelessness. Boohoo! She was shameless to the core.

“Miss, can you please stay away from us? Otherwise, I’m afraid I’ll accidentally vomit everything I just ate,” Feng Da said. Sigh! He had really never seen such a woman. Today was an eye-opener.

“How... how dare you do this to me? You’ll regret it.” The woman stomped off angrily.

“I’m sorry. She’s been spoiled since she was a child,” the man said sheepishly, his face alternating between red and white. After all, the woman’s words had embarrassed him as well.

“I can give you guys some food, but can you promise me something?” Feng Da said mysteriously.

“Er! What is it?” The man was curious.

“If we give you the food, you’ll immediately leave with your team. How about that?” Feng Da discussed. What he meant was that he would take the food and scam.

“Well... we’ve been walking a lot today and we’re really tired. How about tomorrow? We’ll leave immediately tomorrow morning. How does that sound?” the man bargained.

“Leave now. Otherwise, go hunt yourselves,” Feng Da said without hesitation.

“Cousin, why are you still talking nonsense with them? If you want to fight, then fight. Hmph! Who cares about their things!” When the woman heard Feng Da’s words, she immediately shouted unhappily.

“You heard me. Hurry up and hunt for yourselves! If you’re late, the little animals will sleep,” Feng Da said with a smile. Then, he ignored the man.

The man sighed in exasperation and turned back to his companions, who had set up their tents. It looked as if they planned to camp there, too.

“You guys should rest early after eating!” Seeing that the stranger was no longer pestering her, Leng Ruoxue pulled the freak up and put away the beasts before entering the tent.

Once inside the tent, they went straight back to the bracelet.

In the Purple Bamboo House, Leng Ruoxue lay in the freak’s arms and observed the commotion outside through Qing Jue.

Feng Da and the others were still eating, and the man had also arranged for someone to go hunting. However, the woman had started arguing with her companion again...

Chapter 873: Retribution (3)

“Xue’er, we encountered another team from the Royal Dragon Continent this time,” the freak said with a chuckle.

“Yes.” Leng Ruoxue nodded. There were about 30 people in this team, and only one woman. The others were all around Mystic Sovereign’s strength, and that woman was Mystic Monarch.

“I wonder if I’ll encounter people from other continents here.” The freak was looking forward to it. Hehe! This Dark Night Seas was not simple!

“Since you’re here, take it easy.” Leng Ruoxue closed her eyes.

“Hehe!” The freak chuckled and hugged Xue’er to sleep.

The next day.

Leng Ruoxue and the freak had just left the tent when they found Lü Tao confronting the arrogant woman from yesterday.

“Cui Zhu, what happened?” Leng Ruoxue asked Cui Zhu softly.

“Hehe! That woman took a fancy to our breakfast. Just as she was about to use her charm to ask Feng Da for it, she was seen by Lü Tao,” Cui Zhu said, wishing for the world to be in chaos.

“Is Lü Tao jealous?” Leng Ruoxue was very curious.

“No, she was bored,” Cui Zhu said knowingly.

“Oh! Then let’s have breakfast! Leave to Lü Tao to clean up that woman,” Leng Ruoxue said lightly. With that, she pulled the freak to the dining table.

“Okay!” Cui Zhu said with a smile, but her eyes kept glancing at the peach.

“Focus on eating,” Leng Ruoxue chided.

“Hehe!” Cui Zhu stuck out her tongue and started eating.

On Lü Tao’s side, the two of them were already fighting.

However, he did not see any sword flashes because Lü Tao defeated the woman in one move. Lü Tao clapped her hands again and came to the table to sit down and eat breakfast.

On the other side.

“Cousin, you have to avenge me!” The woman ran to the man and wailed.

“Revenge for what?” the man asked mildly, frowning.

“I was beaten up. Aren’t you going to avenge me?” The woman said with tears in her eyes. Boohoo... That woman was too ruthless. She actually slapped her in the face. How could she face anyone?!

“Aren’t you going to have a fair duel? Then what’s the point of revenge? You can’t expect me to hit a woman!” The man suppressed the impatience on his face and spoke even more coldly.

“But I was the one who was beaten. She wasn’t hurt. Boohoo... cousin, you don’t love me anymore,” the woman whined.

“Behave yourself and don’t cause trouble for me. This isn’t a family where you can do whatever you want,” the man warned, then ignored her.

Seeing that her cousin was unwilling to help her, the woman had no choice but to seek help from her admirers. Unfortunately, those people all acted according to the man’s instructions. If her cousin was unwilling to avenge her, they naturally did not have the guts.

“Hmph! Are you still men?” Seeing that her goal could not be achieved, the woman said hatefully and ignored the people around her angrily.

The farce here did not affect Leng Ruoxue and the others’ mood for eating.

After dinner, Leng Ruoxue ordered the golden snake to bring them around. However, when they left, the team had yet to leave, so Leng Ruoxue pulled the freak around their tent and sprinkled some colorless transparent things. Well! She was afraid that their tent would go in and steal something. Moreover, they would return here later, so there was naturally no need to pack up the tent.

“Is it all right if we leave like this, miss?” said Lü Tao worriedly on the way.

“No problem, I’ve already arranged it.” Leng Ruoxue chuckled, not worried at all.

The golden snake leading the way couldn't help but feel uneasy after hearing Leng Ruoxue's words. It had never seen the poison this perverted woman had scattered around the tent, but it knew very well that the poison was very poisonous. Whoever touched it would be unlucky!

Evening.

Leng Ruoxue and the others circled the vicinity and gained a lot. Then, they returned to their camp.

However, as soon as they returned to their residence, the man greeted them.

"Why are you still here?" Feng Da asked in confusion. Were these people here to camp in the Dark Night Seas? It seemed like they had been here for a day.

"My cousin has been poisoned. Can you save her?" The man pleaded, his handsome face filled with resignation and frustration.

"How did your cousin get poisoned? We couldn't save her, could we?" Lü Tao said dismissively.

"She went around your tent by accident. And then she was poisoned." The man's face was a mixture of green and red. He looked embarrassed and angry.

"How is that possible? Why would she come around our tent for no reason? We weren't here. Ah! Could it be that she wanted to steal something? I really couldn't tell that your cousin was that kind of person!" Lü Tao exclaimed in pity. Her words made everyone laugh.

"She... just accidentally... walked around your tent." The man was clearly not confident because even he did not believe this, let alone these people in front of him. However, he could not admit that his troublesome cousin wanted to enter his tent to drug him! Sigh! This time, his family's reputation had been completely lost by his cousin. If this were to spread, outsiders would definitely think of their Xuanyuan family clan!

"Then she's really careless," Leng Ruoxue said calmly.

"She..." Xuanyuan Yi looked up at Leng Ruoxue, who was speaking, and his eyes immediately revealed a stunned expression. What a beautiful woman! Why didn't he notice her yesterday?

In fact, it wasn't that he didn't notice it yesterday, but Leng Ruoxue had deliberately lowered her presence. In addition, it was dark at night in the Dark Sea, so it was normal that he didn't see Leng Ruoxue. But now, he couldn't help but be shocked. His cousin's looks were like the moon and dust compared to the woman in front of him! There was no comparison!

"How is she?" Leng Ruoxue looked at Xuanyuan Yi with a faint smile.

"She has already been punished. Can you give her the antidote?" Xuanyuan Yi begged, his eyes filled with sincerity.

Chapter 874: Retribution (4)

"There's no antidote. We used that poison to expel poisonous insects. No one will die. However! She will definitely suffer," Leng Ruoxue said calmly.

“She really won’t die?” Xuanyuan Yi was a little suspicious. His troublesome cousin, Xiang Ning, had been unconscious all this time. After all, they were relatives. Of course, he didn’t want Xiang Ning to die here.

“I guarantee on my honor that she won’t die,” Leng Ruoxue said confidently, nearly swearing.

“That’s good.” Xuanyuan Yi was relieved when he heard Leng Ruoxue’s words. Well! As long as Xiang Ning didn’t die, it didn’t matter.

But he didn’t think so for the next few days, because while it was true that his cousin wasn’t dead, she might as well be!

“Ah!” “Ah!” “Ah!”

Xuanyuan Yi sat by the fire, but he kept hearing Xiang Ning’s screams. This sound had been going on for several days. What’s more, Xiang Ning actually showed signs of wanting to pounce on men when she saw them. Sigh! What should he do? Every time he encountered such a situation, he could only knock Xiang Ning unconscious to prevent her from embarrassing the Xuanyuan family.

“How long is she going to be like this, my lady?” Lü Tao asked quietly, listening to a nearby scream.

“I don’t know,” Leng Ruoxue said irresponsibly. This medicine was newly refined by her. She still didn’t know how effective it was! Well! It was currently being experimented on.

Just like that, Leng Ruoxue and the others left early and returned late every day. No matter how far they walked, they would eventually return to the camp because they still had experiments here!

Because of Xiang Ning’s poison, Xuanyuan Yi and the others had never left this place.

That cousin Xiang Ning still suffered from poison every day.

In the first few days, Xiang Ning still had the strength to scream. However, after a few days, her throat was hoarse and she finally couldn’t scream. Only then did everyone’s ears finally calm down.

A month later.

The effects of the drug were fading from Xiang Ning’s body, but her beauty was gone forever. Moreover, her skin had turned dark and rough, and it was covered with potholes. She had scratched herself when the drug had taken effect and she couldn’t stand the itch...

When she saw how she looked now, Xiang Ning couldn’t take it. She cried out, “Wow!” Unfortunately, no one sympathized with her. Alas! She had evil intentions and wanted to go to someone’s tent for no reason! Now, she had done it. She had harmed herself instead. This was called asking for it!

“Woo...” Xiang Ning cried, but there was no one around to coax her.

“Don’t cry. It’s good enough that you’re still alive,” Xuanyuan Yi said impatiently. His cousin always liked to cause trouble. Now, she had gotten her retribution! Let’s see if she still dared to be dishonest in the future.

“Cousin, how can I face anyone in this state?” Xiang Ning sobbed. Boohoo...

“Don’t cry. When we return to the Royal Dragon Continent, Uncle will treat you,” Xuanyuan Yi reminded.

“Yes.” Xiang Ning immediately stopped crying after hearing Xuanyuan Yi’s words. That’s right! Father will try his best to rule by the law. After all, my beauty is still very useful! Father will definitely not be willing to see me like this. Hmph! It’s all because of those people!

Thinking of this, Xiang Ning immediately ran to Leng Ruoxue and the others and started throwing a tantrum again.

“It’s all your fault. I won’t let you off. When we return to the Royal Dragon Continent, my father will avenge me.” Xiang Ning threatened, her eyes burning with anger!

“Okay! We’ll wait, but don’t blame me for not reminding you. You’ll still be alive this time. If I use you as an insect to drive you away again, I can’t guarantee that you’ll still be alive.” Leng Ruoxue chuckled, and the beautiful smile on her face pierced Xiang Ning’s face.

However, when she saw Lü Tao glaring at her, she shrank back. Then, she ran back to Xuanyuan Yi and the others. After this incident, she knew that the people around her would not stand up for her. Therefore, she could only endure it. Boohoo...

“Let’s pack up and leave this place!” Leng Ruoxue instructed. Well! Since the experiment had been completed, it was time for them to change to another camping spot. After all, if they went too far now, it would be a waste of time to come back. There was nothing to wander around within a kilometer here.

“Yes!” Everyone nodded. Then, they started to pack up. Hehe! They had watched a lot of fun in the past month. It was indeed time to leave.

After packing up, Leng Ruoxue and the others left without looking back...

“Young Master, should we...” After Leng Ruoxue and the others left, a person beside Xuanyuan Yi made a throat-slitting gesture and asked softly with a fierce gaze.

“Can you defeat them?” Xuanyuan Yi said indifferently. Their numbers and strength were above theirs, yet they still wanted to kill them. They were really brainless.

“Uh!” That person was a little embarrassed and did not dare to say anything else. In the past month, they had found many excuses to fight with Feng Da and the others. They were indeed not their match, but they were really aggrieved!

“This place is filled with danger, but we didn’t encounter any danger here for a month. Perhaps we were lucky, or perhaps it’s because there are more people in the two teams, so it’s better not to make enemies here easily, in case we’re alone and helpless,” Xuanyuan Yi said very calmly. In fact, he really didn’t blame Leng Ruoxue and the others because everything was caused by that restless Xiang Ning. He knew this very well.

“Pack your things. Let’s leave too!” Xuanyuan Yi instructed again.

“Yes,” his subordinates replied in unison. After packing up, Xuanyuan Yi and the others also left...

Chapter 875: The Mysterious Palace (1)

After Leng Ruoxue and the others left, they searched for nearly five days in the Dark Night Seas before finding a suitable place to set up camp. This place was almost equivalent to the center of the Dark Night Seas, so other than them, three other teams also chose this place as their camp.

“There’s a lot of people here, miss,” Lü Tao whispered, looking at the other teams.

“Yes, the terrain here is not bad. It’s normal for them to choose this place. Moreover, according to the little snake, there’s almost no place suitable for a camp ahead,” Leng Ruoxue replied softly. She looked carefully. Including them, there were a total of four teams setting up camp here. However, the other three teams were not as strong as them, so she was really not afraid that those teams had any ulterior motives, as long as they did not take the initiative to provoke her.

Even though there were many teams who had chosen this place as their camp, it was big enough. Therefore, the teams had tacitly chosen their respective areas. Naturally, there was no need to snatch other people’s territory. Besides, it was not easy to see so many teams in the same place. This could be considered fate! Therefore, on the surface, most of the people were very friendly.

As usual, after setting up the tent, Feng Da and the others started to make a fire and cook. However, this time, they only took out meat and some raw rice. After all, there were outsiders here, so they could only make it simple.

Leng Ruoxue and the freak were each holding a piece of meat to roast on the fire. At this moment, a middle-aged man walked over from not far away. After coming in front of them, he smiled and said, “You guys are so fast!”

“You guys aren’t bad either!” Leng Ruoxue replied very politely. They were almost the same as the middle-aged man’s team. Moreover, the two teams’ camps were very close, so they could be considered neighbors.

“Haha! It’s far inferior to your subordinates,” the middle-aged man said enviously. Then, he sat down beside the two of them.

“My name is Ma Ming. I’m from the Ma family of the Cloudwind Continent. Are you from the Ren family?” The middle-aged man who called himself Ma Ming asked tentatively.

“No,” Leng Ruoxue said lightly.

“Oh.” Ma Ming nodded, then stole another glance at Renxuan, but didn’t continue the conversation.

“I wonder what your name is, my lady,” Ma Ming continued.

“Leng Ruoxue, he’s my husband, Ye Chen,” Leng Ruoxue introduced.

“Hehe, greetings,” Ma Ming said happily. Then, he lowered his voice and whispered to Leng Ruoxue and the freak, “How about we become allies for the time being?”

“Why?” Leng Ruoxue asked in confusion. In such a place, there were benefits for the two teams to join forces, but the benefits to her were not great.

“I’m afraid that those two teams will harm us. If our two teams join forces, it will be much safer,” Ma Ming explained. This time, as the leader, he brought his disciples to the Dark Night Seas to train.

Naturally, he didn't want anything to happen to them. In his opinion, the safest way was to find a team to join forces with. After observing, he felt that even though Leng Ruoxue and the others weren't strong, there were many of them. This way, the two teams would definitely treat them as the core. Therefore, he took the initiative to approach Leng Ruoxue.

"Sir Ma Ming, you're thinking too much. We don't have any grudges. How can they harm us!" Leng Ruoxue seemed to say very innocently, but she couldn't help but mutter in her heart. This Ma Ming clearly wanted to use them as cannon fodder, but he actually said it in such a dignified manner. However, it was better to avoid trouble, so she didn't plan to expose his thoughts.

"Miss Leng, you're too naive. In such a place, there are many cases of people killing others for treasures. The strength of our two teams can't compare to the other party at all. If we're really targeted by them, we'll die!" Ma Ming refused to give up. Moreover, he deliberately scared Leng Ruoxue.

"But... Brother Xuan said that he will protect me. Moreover, Brother Xuan also said that although those two teams are strong, it's not so easy to attack us. Sir Ma Ming, don't scare yourself. You have to be confident in yourself. You can definitely do it," Leng Ruoxue said extremely innocently and even encouraged Ma Ming.

Leng Ruoxue's words made Ma Ming cry bitterly in his heart and regret it! Sigh! Why did he find this innocent little girl who didn't know anything! How good would it be if he could just talk to Ren Xuan about this? However, he was afraid that Ren Xuan wouldn't be easy to fool, and this little girl seemed to be very gullible, so he directly found Leng Ruoxue. However, he regretted it now!

Leng Ruoxue's words also made Ren Xuan break out in a cold sweat. He was terrified. Boohoo... When did he say that?! This girl actually made him take the blame. However, he sympathized with Ma Ming more. With his cultivation, he could not defeat that cunning little fox!

Well! Then again, Leng Ruoxue did seem to be quite gullible. However, if anyone really thought that, they would definitely suffer a huge loss. This was the conclusion he came to after spending more than a month with Leng Ruoxue and the others.

"Miss Leng, the other party has many experts. If the two of them join forces, I'm afraid Young Master Ren alone..." Ma Ming had no choice but to continue persuading her. However, this time, he stopped halfway because he believed that even if Leng Ruoxue didn't understand, the others would understand what he meant.

Unfortunately, after waiting for a long time, no one interrupted. Even Leng Ruoxue fell silent.

'Miss Leng...' Ma Ming called softly.

"Sir Ma Ming, has the other party already joined forces?" Leng Ruoxue asked with a face full of question marks.

"Uh! I'm not too sure about that, but just in case, we need to plan ahead. Otherwise, it'll be too late," Ma Ming reminded him.

"Sir Ma Ming, aren't you worrying too much?" Leng Ruoxue said very implicitly. Actually, what she wanted to say more was whether he had a murder fantasy! Why didn't she see that the two teams had plans to join forces! On the contrary, she felt that the two teams seemed to have a grudge.

Chapter 876: The Mysterious Palace (2)

“Miss Leng, you’re still too young. Sigh!” Ma Ming sighed heavily, his face still filled with disappointment.

“Miss Leng, consider my proposal carefully! If you agree, come to me anytime,” Ma Ming said again, then returned to his team dejectedly.

“You framed me!” Ren Xuan complained as soon as Ma Ming left.

“So what? Do you want to betray me?” Leng Ruoxue asked with a smile.

“Uh! How would I dare! I’m just complaining.” Ren Xuan immediately tried to curry favor with her. Boohoo... He did not dare to provoke this little demon. If she poisoned him, he would not be able to stand it.

“Haha! As long as you’re obedient, I guarantee that you can leave here safely,” Leng Ruoxue said very seriously.

“Little Xue’er, you just told Ma Ming that Brother Xuan will protect you,” Ren Xuan reminded her.

“Oh! Then how do you want to protect it?” Leng Ruoxue raised her eyebrows and asked calmly.

“Yes! How do you want to protect it?” The freak raised his eyebrows and asked, his expression extremely unfriendly.

“Hehe! Of course it’s not my turn to protect you. Ye Chen is here! I’m nothing!” Ren Xuan hurriedly said. Boohoo... he was so afraid! Who would protect him!

/

“Good to know!” Freak said.

“Yes, yes, I know.” Ren Xuan kept nodding.

As the three of them made small talk, a commotion broke out nearby, drawing everyone’s attention.

“Something happened over there. I’ll go take a look.” Ren Xuan found an excuse and quickly slipped away. Boohoo... If he stayed here, he would be so big.

“Miss, the two teams are fighting.” After Lü Tao understood what had happened, she came to Leng Ruoxue’s side and gossiped.

“Because of what?” Leng Ruoxue asked curiously.

“Because of a rabbit. The people on both sides said they saw it first,” Lü Tao said speechlessly. Sigh! There was no shortage of rabbits in the Dark Night Seas, so she did not expect anyone to fight over rabbits.

“Hehe, actually, that rabbit is just an excuse,” Leng Ruoxue said knowingly. She had long seen that the two teams couldn’t get along peacefully, so as long as they found an excuse, they would fight.

“Uh! Could it be that they already have a grudge?” Lü Tao was puzzled.

"I think so. Judging from their clothes, they probably came from the same continent," Leng Ruoxue analyzed.

"Xue'er, it seems that Ma Ming's worries were unnecessary," the freak said with a chuckle.

"Hmph! That guy just wants us to be cannon fodder for him. At the same time, he wants to use us as labor," Leng Ruoxue said disdainfully.

"Miss's gone too far, my lady. Shall I go and fix him?" Lü Tao suggested.

"Lü Tao, you're a girl. Don't be so violent!" Leng Ruoxue disagreed.

"Ugh!" Two drops of cold sweat dripped down Lü Tao's forehead. She thought to herself, "No matter how violent I am, I can't be as violent as you, Miss!"

"You can eat now." Leng Ruoxue suddenly chuckled. She could already smell the fragrance of rice.

"Is the food ready?" At this moment, Ren Xuan, who smelled the fragrance of the food, ran back eagerly.

"Yes, we can eat now," Leng Ruoxue said. The meat she and the freak roasted was almost ready.

"Hehe! That's great." Ren Xuan smiled happily. He was so happy to be able to eat fragrant rice here every day!

"Glutton!" Leng Ruoxue said helplessly.

"It's all because of you." Ren Xuan felt very aggrieved. It was already very impressive for everyone to be able to eat hot roasted meat when they came out to train. However, not only did these people eat fish and meat every day, they could even eat rice. Boohoo... This was too much! One had to know that during the few days he was alone in the Dark Night Seas, he had been eating hard rations! Boohoo... Why was the difference between people so huge?

"It's our fault?" Leng Ruoxue was a little speechless.

"Well, who asked you to eat so well? You've spoiled my appetite. Boohoo..." Ren Xuan pretended to be aggrieved.

"Oh! Why don't we do the same as usual? As for you! Just eat your dry food, lest you blame us in the future." Leng Ruoxue thought for a moment and said.

"No! You can't abuse me!" Ren Xuan said aggrievedly with tears in his eyes.

"I told you to eat dry food, but you refused. You're blaming us for raising your appetite. You're really difficult to serve!" Leng Ruoxue wiped the sweat on her forehead and pretended to be unhappy.

"Hehe! Little Xue'er, I was just joking. Don't let me eat my own dry food!" Ren Xuan begged. Boohoo... He knew that he could not defeat this little fox.

"Then you won't blame us in the future, right?" Leng Ruoxue said worriedly.

"No, no." Ren Xuan quickly said. Boohoo... At most, he would bring a few more storage rings when he went out in the future to improve his quality of life!

“Let’s eat!” Leng Ruoxue said.

“Miss, the meat is cut. I also stir-fried a few dishes that you like.” Feng Da brought over a small dining table and placed it in front of Leng Ruoxue and the freak. There were too many people here today, so it was really not convenient for everyone to eat at the same table. Therefore, he took out a smaller table for eight people. It was perfect for the few of them.

“Okay.” Leng Ruoxue nodded. Then, Ren Xuan sat down at the dining table.

“Delicious, so fragrant!” Ren Xuan’s mouth was already dripping with oil before Leng Ruoxue could speak.

“You’ve been hungry for a few days. Those who don’t know might think that I’m abusing you!” Leng Ruoxue was speechless. Did this guy have to be so exaggerated!

“Hehe! Xue’er, let him eat more if he likes it! When we leave the Dark Night Seas in a few days, he won’t have the chance to eat even if he wants to.” Leng Qingtian, who was also sitting at the table, begged. Hehe! This kid has good taste. The food they eat is all good stuff! Ordinary people really can’t eat it.

“Grandpa Leng, you still dote on me.” Ren Xuan’s eyes flickered with tears as he said coquettishly. Boohoo... After being together for so long, he really did not want to be separated from them. However, they were not from the same continent, so separation was inevitable. However, he had already decided that after he returned to the Cloudwind Continent he would work hard to cultivate and strive to reunite with them as soon as possible.

Chapter 877: The Mysterious Palace (3)

“Be good and eat!” Leng Qingtian coaxed.

“Yes, yes.” Ren Xuan nodded and started eating.

While they were having a good time eating, the other three teams were feeling a little upset. Sigh! Look at what they were eating. Why was there such a huge difference between them?

Leng Ruoxue and the freak finished eating and went straight into the tent.

After Feng Da and the others finished eating, two of them stayed behind to keep watch while the others went into the tent to rest.

The next day.

As soon as Leng Ruoxue and the freak left the tent, Cheng Wu immediately approached them and whispered, “Miss, the other two teams looked for me yesterday.”

“Why?” Leng Ruoxue asked in confusion.

“He wants to join forces with us,” Cheng Wu said calmly.

“Oh! What did you say?” Leng Ruoxue asked calmly. It seemed that the other two teams also treated them as pushovers. Hehe! Interesting.

“I said that I can’t make the decision. I have to listen to Miss.” Cheng Wu said.

“Yes, that’s fine.” Leng Ruoxue chuckled.

“Let’s go somewhere else to take a look after dinner,” Leng Ruoxue said.

“Okay.” Cheng Wu nodded.

After breakfast, Leng Ruoxue and the others left the camp with the team, but Ma Ming also followed behind them with the team.

“Miss, why is he following us?” Lü Tao asked in confusion. At the same time, she was a little angry. The Dark Night Seas was so big and there were so many roads. Why did he have to follow them?

“We’ll know in a while!” Leng Ruoxue chuckled.

With the golden snake leading the way, Leng Ruoxue and the others arrived at a valley. Although it was a valley, it was actually made up of a few small hills. However, there were many herbs here, and there were also many precious species.

“Everyone, finish picking the herbs here first. Then, we’ll go forward,” Leng Ruoxue instructed.

“Yes.” Everyone nodded, then bent down to pick the medicine.

Ma Ming and the others, who had been following them, also came to this valley. After seeing the mountain full of herbs, their eyes lit up and they also picked the herbs...

“Miss, these people are really too careless. How can they do this!” Lü Tao could not help but say angrily when she saw that they were actually snatching the medicinal herbs from them.

“Calm down,” Leng Ruoxue comforted.

“Tsk, did you plant the herbs here? Why can’t others pick them?” After hearing Lü Tao’s words, a Ma family disciple roared unhappily.

“Don’t you know what ‘first come, first served’ means? We found this place first. Even if you want to pick it, you have to say hello!” Peach said angrily. In fact, she was even angrier that these people had followed them here and were still so self-righteous, as if they had accidentally discovered this place.

“Haven’t you heard that those who are fated obtain natural treasures? Since we’re here, it means that we’re fated with these herbs. Therefore, we naturally have the right to pick them,” the Ma family disciple said matter-of-factly.

“Is that so? According to your logic, you can only blame the other party for being weak!” Leng Ruoxue said with a faint smile.

“Of course!” The Ma family disciple nodded.

“In that case, hand over your valuables! I want to rob you!” Leng Ruoxue said calmly.

“Ugh!”

Hearing Leng Ruoxue’s words, Feng Da and the others were stunned for a moment.

Feng Da and the others looked at Leng Ruoxue, puzzled. Why did Miss suddenly want to rob these people? They didn't seem to be rich. If they didn't have money, wouldn't it be a waste of time!

As for the Ma family, they seemed to have heard something funny. After being stunned for a moment, they all laughed wildly because this was originally their plan, but they didn't expect Leng Ruoxue to beat them to it.

"You said you were going to rob us?" Ma Ming asked, suppressing a smile. Hehe! Had he heard right?

"Yes, I want to rob you!" Leng Ruoxue repeated when she saw that their memory was not good.

"Haha! This is the funniest thing I've ever heard. You think you can rob us?" A man in his thirties said disapprovingly.

"Miss Leng, I meant to join forces with you, but you refused. Alas!" Ma Ming sighed regretfully.

"So, you changed to robbing us?" Leng Ruoxue asked with a faint smile.

"Miss Leng, it's your fault for refusing a toast only to drink a forfeit! I had no choice!" Ma Ming said helplessly. He originally wanted to recruit Leng Ruoxue and the others to be cannon fodder and do odd jobs for them, but they refused. This greatly embarrassed him. In addition, Leng Ruoxue and the others ate so well, so the anger and jealousy of the Ma family surged in his heart. Therefore, after secretly discussing for a night, they decided to deal with Leng Ruoxue's team and rob them.

"Brother Xuan, Xue'er is so scared!" Leng Ruoxue looked at Ren Xuan with tears in her eyes.

"Ma Ming, how dare you? Aren't you afraid of the Ren family's revenge?" Ren Xuan sighed to himself and pretended to be angry as he roared. Sigh! Poor Ma Ming! He sympathized with him. How could that guy be a match for Leng Ruoxue, who liked to pretend to be weak!

"Young Master Ren Xuan, although you're the direct descendant of the Ren family, it's a pity that you're going to die here today. Hehe! If you die in the Dark Night Seas, who will know that it was my Ma family who did it?!" Ma Ming said with a treacherous expression. Since he had decided to take care of Leng Ruoxue's team, he naturally could not let go of Ren Xuan, the time bomb. Otherwise, if the Ren family found out, they would definitely not let the Ma family off. Therefore, Ren Xuan could only die!

"Are you sure you can kill me?" Ren Xuan's face was full of mockery, and his eyes could not help but reveal a trace of sympathy. Sigh! What's more pathetic than not knowing the strength of your opponent!

"Of course, you're all dead," Ma Ming said confidently.

"Then hurry up and do it!" Leng Ruoxue urged.

Chapter 878: The Mysterious Palace (4)

"Hehe! There are actually people who can't wait to die. However, little beauty, I can't bear to kill you now." The man in his thirties from the Ma family smiled wretchedly, his eyes emitting a lecherous light.

"I'm willing to kill you now." Leng Ruoxue's beautiful eyes released a chill. Then, a stream of water attribute mystic energy flew out from her fingertips...

The man fell to the ground with a thud. There was an obvious wound on his neck, but no blood flowed out. On closer inspection, however, one could see that a thin layer of ice had formed around the wound.

“Ah!” Once this man from the Ma family died, the Ma family was in chaos. Many weaker disciples looked at Leng Ruoxue in horror.

“Leng Ruoxue, how... how could you kill him?” Ma Ming’s face was filled with disbelief. No! He absolutely did not believe that Leng Ruoxue had killed him, but he was very sure that he had not seen anyone else attack. This... this was really unbelievable. This sudden situation had even messed up his heart!

“What’s impossible?” Leng Ruoxue said lightly.

“He’s Mystic Sovereign! You’re just a Great Mystic...” Even though Ma Ming hadn’t finished speaking, he was dumbfounded when he saw Leng Ruoxue’s true strength.

After a while, Ma Ming came back to his senses and muttered, “Mystic Supremacy... You’re actually a Mystic Supremacy! How could you lie to me! Leng Ruoxue, you actually lied to me!”

Ma Ming regretted it! How could he have made the wrong decision again! Boohoo... He had always thought that he was smart and scheming, but he had made the wrong decisions one after another. Moreover, the opponent who had caused his mistake was actually the same person! How could he bear it!

“When did I lie to you?” Leng Ruoxue was speechless. Why was this person so unreasonable? Could it be that she had to tell others that she was a Mystic Supremacy when she saw them? Then why was she still hiding her strength?!

“You’re clearly a Mystic Sovereign, so why are you pretending to be a Great Mystic?!” Ma Ming gritted his teeth and questioned, the anger in his eyes burning.

“Because I want to, can’t I?” Leng Ruoxue couldn’t help but roll her eyes and say angrily.

“You...” Ma Ming pointed at Leng Ruoxue, too angry to speak.

“Haha! Ma Ming! There’s no rule in this world that states that you can’t hide your strength. You want to bully the weak, but you actually blame others when you don’t succeed. Sigh! There’s really no justice!” Ren Xuan said with a smile.

“I...” Ma Ming wanted to defend himself, but he had nothing to say. He knew that Ren Xuan was right. They wanted to bully the weak. Unfortunately, the other party was pretending to be weak. In the end, they were naturally doomed.

“Don’t waste your breath on him. Let’s end this quickly!” Leng Ruoxue ordered. She would never let go of people who had bad intentions towards them. After all, if they were weak, they would be the ones to die.

“Yes.” Feng Da and the others nodded. Then, they attacked together...

All kinds of mystic energy danced in the night sky. In an instant, the Ma family did not even have the chance to resist before they disappeared from this world.

“Uh! They’re indeed fast.” Looking at the speed at which Feng Da and the others attacked, Ren Xuan was speechless. He originally wanted to show off a little, but unfortunately, he didn’t have the chance. Boohoo... It was too much of a blow to these people!

Just as Ren Xuan was feeling regretful, the ground suddenly shook and the small valley collapsed. Leng Ruoxue and the others quickly summoned their beasts and flew into the air...

“Sigh! It’s a pity that we haven’t finished picking those herbs.” Lü Tao’s face was filled with pity, and she secretly hated the Ma family. Hmph! If they didn’t have ill intentions, how could this place have collapsed!

“Stop complaining. Let’s go down and take a look,” Leng Ruoxue said helplessly. Although the valley had collapsed, she sensed that there seemed to be something else below the valley.

“Yes!” Lü Tao and the others nodded, then followed Leng Ruoxue down into the valley...

Leng Ruoxue and the others looked down from the collapse and were surprised to find a faint light inside...

“Miss, I’ll go down and take a look,” Cheng Wu volunteered.

“Be careful,” Leng Ruoxue warned.

“Okay.” Cheng Wu nodded, then jumped down.

Soon, Cheng Wu’s voice came from the cave-in.

“Miss, there seems to be a palace below.” Cheng Wu said.

“Oh, wait for us there. We’ll go down too,” Leng Ruoxue said after some thought.

With that, everyone went down in an orderly manner.

Inside, Leng Ruoxue and the others realized that it was indeed as Cheng Wu had said. It was a very tall and magnificent palace. Moreover, the further they walked, the brighter the light became, and the more luxurious the decorations of the palace were. Finally, they arrived at the main hall...

Chapter 879: The Night Clan (1)

Leng Ruoxue raised her beautiful eyes and sized up the main hall. The main color of the main hall was mainly dark gold and black. There were four thick pillars at the four corners of the palace with complicated totems carved on them. It looked very beautiful. Although the entire palace was very spacious, there were no decorations in the palace. Well! To be precise, this was an empty hall. Moreover, it seemed that no one had been here for a long time.

“Miss, why is there a palace here?” Feng Da asked curiously after walking around.

“I don’t know.” Leng Ruoxue turned to Ren Xuan.

“I don’t know either.” Ren Xuan felt Leng Ruoxue’s gaze and quickly said. Even though his family knew some things about the Dark Night Seas, they never knew that there was a palace here.

“Miss, let’s search carefully. What if there are treasures in this palace! Hehe! We’ll be rich then,” Cui Zhu said with a greedy expression. Her clear eyes emitted a wolf-like light.

“You little money-grubber, this is a hall that has been empty for a long time. How can there be treasures here!” Lü Tao Cui Zhu’s head and said with some amusement. There was nothing suspicious here that could place treasures. How could there be any treasures?

“But...” Cui Zhu wanted to defend herself, but Leng Ruoxue interrupted her.

“Everyone, look around! If there’s really a treasure like Cui Zhu said, we’ll be rich,” Leng Ruoxue said half-jokingly and half-seriously. Then, she really pulled the freak around.

“Miss, let’s look outside.” After saying that, Feng Da led a group of people outside the hall.

Leng Ruoxue and the freak wandered around the main hall. Suddenly, they heard Cui Zhu’s scream.

“Ah! The quality of this wall is too poor. How can it be broken with a light touch? Boohoo... I didn’t mean to do it,” Lü Tao wailed. The owner of this place would not let her pay! If there was a master here!

“What’s wrong?” Leng Ruoxue and the freak walked to Cui Zhu’s side and asked curiously.

“Miss, I don’t know what happened. I just accidentally hit the wall and broke it. Well! I promise, I really just bumped it gently,” Cui Zhu promised.

“Hehe! Don’t be nervous. No one will blame you.” Leng Ruoxue looked at Cui Zhu’s nervous expression and comforted her with a smile.

“Hehe! That’s good.” Cui Zhu patted her chest and was relieved.

Leng Ruoxue shook her head helplessly and turned her gaze to the wall.

A crack had already appeared on the wall in front of her. Leng Ruoxue stretched out her index finger and gently knocked on the wall. She heard a crisp sound from inside the wall...

“This wall is empty. Cui Zhu, go and call Feng Da and the others back.” Leng Ruoxue immediately instructed after discovering that the wall was suspicious.

“Yes,” Cui Zhu replied. Then she turned and left. Soon, Feng Da and the others followed her and walked over.

“Did you find anything, Miss?” Sung Wu asked curiously.

“Yes, Cui Zhu discovered it. This wall is empty. Let’s open it and take a look,” Leng Ruoxue said.

“Okay,” Cheng Wu replied. Then, he took out a sledgehammer from his storage ring and smashed it against the wall...

With a bang, the wall shattered, revealing what was inside.

“Why is there an array formation here?” Leng Ruoxue looked at the array formation that emitted a seven-colored light in front of them after the wall shattered. She was extremely surprised. The spiritual energy on this array formation circulated, and she knew at a glance that it was not an ordinary array formation.

"This array formation is so beautiful." Cui Zhu couldn't help but say as she looked at the colorful and dazzling array formation.

"Little girl, you know that it's beautiful. This array formation is clearly extraordinary." The little old man chuckled.

"Xue'er, can you undo this array formation?" Empty observed the array formation and asked curiously.

"I've never seen this array formation before, so I have to determine what kind of array formation it is first," Leng Ruoxue said thoughtfully. Even though she had some research on array formations, her master had left behind many array formations, so she hadn't learned all of them. And this array formation in front of her just happened to be one she didn't know.

"Yes, yes." Everyone nodded and looked at Leng Ruoxue expectantly.

"I'll go look for information on this array formation. Wait for me here and be careful!" Leng Ruoxue said helplessly. With that, she brought the freak into the bracelet.

After entering the bracelet, Leng Ruoxue went straight to the Purple Bamboo Hut's cultivation room and started searching in the array formation left behind by her master...

However, Leng Ruoxue searched all the elementary, intermediate, and advanced array formations but could not find any array formation that was even a little similar to the one just now. This made her a little depressed.

"What is it?" Freak asked with concern, sensing Xue'er's mood.

"There's nothing in the beginner, intermediate, and advanced array formations," Leng Ruoxue said gloomily.

"What about the top-level array?" the freak asked calmly.

"I haven't found one yet!" Leng Ruoxue replied. However, she was a little puzzled. Would there be a top-notch array formation on the Boundless Heaven Continent? After all, she knew very well the difficulty of setting up an array formation. No one on the Boundless Heaven Continent should be able to set up a top-notch array formation.

"Then look for it!" The freak suggested.

"Okay." Leng Ruoxue nodded. If the top-notch array formation didn't exist, she could only think of a way to break it herself.

After a long time.

"Found it. It's indeed a top-notch array formation." Leng Ruoxue suddenly shouted, then became even more depressed.

"Hehe! It's good that you found it!" the freak said with a smile.

"Not good." Leng Ruoxue sighed softly.

“Uh! Why not?” The freak was puzzled. In his opinion, since he knew what the array was, it should be much easier to break it! It was better than being blind!

“This array is called the God Binding Array. It’s formed by 81 large arrays, and each large array contains 81 small arrays. Not only that, but there are also array cores in each array. Therefore, in the process of undoing the array, you can’t make a single mistake. Otherwise, all your previous efforts will be wasted,” Leng Ruoxue explained. Sigh! It would be fine if all your previous efforts were not damaged, but if there was a mistake in this array, the person who undid the array would also be injured. Of course, she did not intend to say this out loud, lest the freak worry.

Chapter 880: The Night Clan (2)

“The God Binding Array? Hehe! Xue’er, is it a god that’s trapped in that array?” the freak asked curiously.

“It’s fine if it’s really a god, but I’m afraid it’s not!” Leng Ruoxue said with some difficulty. In fact, she wanted to try to solve that array, but she was afraid that she would release something she shouldn’t and hurt her family and subordinates. That wouldn’t be worth it, so she was a little uncertain.

“Elder Sister, the God Binding Array can be undone. Don’t worry.” Suddenly, Qing Jue appeared in front of Leng Ruoxue and the freak and said.

“Are you sure?” Leng Ruoxue asked.

“Yes, the God Binding Array is different from other array formations. The person who breaks the array will naturally become the master of the God Binding Array and form a contract with the trapped thing. Therefore, no matter what is trapped inside, they won’t dare to hurt you, nor can they hurt you,” Qing Jue explained with a wicked smile.

“This array formation is really magical, but why didn’t Master explain it in the array formation!” Leng Ruoxue said in confusion. In the array formation that Master had left for her, basically every wave of the array formation would indicate the pros and cons, the method to crack the array formation, and the things to take note of. However, only the basic method to crack the array formation was written in the annotation of this God Binding Array. There were no other instructions.

“Sister, it’s very difficult to meet the requirements for setting up a binding array. Besides, the person who unlocks the array will obtain the greatest benefits. Therefore, the old master didn’t say anything. He just wanted to test the courage of the person who unlocks the array. After all, there is no free lunch in the world. If you want to obtain a big opportunity, it’s impossible not to take a risk.” Qing Jue chuckled.

“Yes, that makes sense, but Qing Jue, you told me!” Leng Ruoxue reminded with a smile.

“Sister, even if I don’t say it, you’ll still undo the array. Besides, although there’s a way to undo the array, it’s hard to say if you can undo it! The God Binding Array is most famous for its myriad changes, so those array cores will run around by themselves,” Qing Jue said knowingly and reminded Leng Ruoxue.

“Yes, that’s right.” Leng Ruoxue nodded in agreement. She had hesitated previously because she was afraid that she would release something she shouldn’t have and hurt her family and subordinates. Since

she no longer had this worry, she could naturally release the God Binding Array without worry. After all, it wasn't easy to encounter a top-notch array formation.

"Hehe! Then congratulations on unlocking the God Binding Array. I'm looking forward to what's trapped in the array!" Qing Jue also urged curiously.

"Okay, I'll go out first." Leng Ruoxue left the bracelet with the freak.

After returning to the main hall, Leng Ruoxue briefly explained the array formation to everyone. Then, she asked them what arrangements they had. After all, she didn't know how long she would have to resolve this array.

"Miss, can I stay here and protect you?" Sung Wu asked. He wanted to see her break the formation, but he was afraid of disturbing her.

"Yes." Leng Ruoxue nodded.

When Feng Da and the others heard this, they immediately expressed that they wanted to stay in the hall to protect Miss.

"There's no need for so many people. Just leave five people here every day. The rest can go to the Dark Night Seas to train!" Leng Ruoxue thought for a moment and arranged. It was very boring to solve the array. Moreover, this array probably wouldn't be solved in a short time. If everyone stayed here to accompany them, they would be bored to death!

"Okay." Everyone nodded and lined up. Then, they left five people to protect Leng Ruoxue and the others left the hall.

Time passed. Three days passed quickly.

For the past three days, Leng Ruoxue had been carefully observing the direction of the array formation, and the freak and the others did not dare to disturb her at all because they knew very well that what they needed the most when undoing the array formation was silence, calmness, and concentration!

Leng Ruoxue's beautiful eyes stared intently at the array formation. Even though the array formation seemed to be in a mess, if one looked carefully, they would discover that be it the speed of the array formation or the direction of the flow of spiritual energy, it was all in order. Moreover, after a period of time, the direction of the array formation would change. This also increased the difficulty of understanding the array formation!

After observing for a long time, Leng Ruoxue gradually grasped the pattern of the array formation's operation and carefully began to undo it...

As she began to undo the array, someone was watching her from the other end.

Leng Ruoxue's figure appeared on one of the screens, and dozens of men in black stood in front of the screen.

"Patriarch, can this human girl undo the God Binding Array?" A man in black, who was covered from head to toe, asked the mysterious man in the middle of the crowd.

"I don't know. If she can undo the God Binding Formation, then our Night Clan can see the light of day again. And this little girl will be our master in the future." The mysterious man sighed. Even though the pride of their Night Clan disdained to acknowledge others as their master, it was not up to them now.

"As long as we can leave this place, so what if we acknowledge this little girl as our master? However, if someone finds out that he has done someone else a favor, I wonder if he will be angered to death." The man who spoke first said happily.

"Don't be too happy yet. We've only unlocked two large arrays so far," the mysterious man called the patriarch reminded. At the same time, he looked at the array that had stopped operating in the upper left corner.

"Better to have some hope than none at all," another man said. "We've been stuck here for so long, we've finally had a chance to get out."

"Even if we go out now, we can't take revenge immediately. Sigh! This human girl is too weak." The mysterious man sighed softly.

"However, revenge won't make a difference. After all, we've been waiting for so many years," the mysterious man added.

"Yes." Everyone with him nodded in agreement. Then, their gazes focused on Leng Ruoxue...

A week later.

Leng Ruoxue only unlocked 15 arrays before stopping.

When Feng Da and the others saw her stop, even though they were puzzled, no one dared to disturb her. They could only communicate telepathically.

"Why did you stop, Miss?" Lü Tao asked everyone telepathically.
