Chapter 891: Heading To The God Realm (3)

The Divine Realm! What kind of concept was that? The Divine Realm was vast and had many families, but only eight families could be recognized as the Divine Realm. These eight families had a long history in the Divine Realm, and their forces in the Divine Realm were deeply rooted. Almost no one could shake them. Therefore, after hearing the word Divine Realm, Leng Qianye's heart could not help but sink.

"That's right. Are you afraid?" Ye Chen smiled faintly and didn't say much. To him, as long as he could save Xue'er, not even the Divine Masters could stop him!

"It's not that we're afraid, but... with our current strength, it's almost impossible for us to go to the Wen family's Divine Realm to save them," Leng Qianye said worriedly. Not to mention them, even his grandfather was not a match for the Wen family.

"This Divine Realm is not the other Divine Realm. Neither Xue'er nor Sun Tao can go there now," Ye Chen explained.

"Uh! Are you talking about the Wen family's Divine Realm on the Divine Continent?" Leng Qianye hurriedly said. Just now, he was frightened by the word Divine Realm and immediately thought of that place. Hehe!

"What do you think?" Ye Chen rolled his eyes at Leng Qianye.

"I accidentally thought wrong! You can't blame me. In the God Realm, as long as you mention the Divine Realm, you will think of it," Leng Qianye explained.

"There ... none of us can go there now," Ye Chen said quietly.

"I say... what are you talking about? Why don't I understand? What Wen Family's Divine Realm and Eight Great Divine Realms?" Feng Da's face was full of question marks as he asked the question in everyone's hearts.

"In our Upper Realm, which is the God Realm, there are eight strongest and most powerful families among the human forces. Their families are called the God Realm in the God Realm and are also called the Eight Great God Realms," Leng Qianye explained.

"Oh! Then what is the Divine Continent? Didn't you just say that the Upper Realm is the Divine Realm?" Feng Da asked shamelessly. He was confused by the conversation between Commander Ye and Leng Qianye just now.

"Sigh! I'll teach you the basic knowledge of the Divine Realm! You're all Mystic Supremacies now, right? If you break through to Mystic Supremacies, you won't be able to stay in the Boundless Heaven Continent anymore, and the upper realm you're going to is the Divine Realm that cultivators yearn for."

"However, even though you can go to the God Realm, you can't be considered gods. When you reach the God Realm, you can only be called gods. Only when your bodies are completely transformed into energy bodies can you truly become gods."

“And the Divine Continent is where we, the ascended gods, and the natives of the God Realm below the level of the gods live. Even though the gods can also go there, the gods cannot harm us there. Otherwise, they will be punished by the rules of heaven and earth.”

“However, even so, we were not completely without danger there. Those of us who went from the lower realm to the God Realm were called ascendants, and the native inhabitants of the God Realm despised us. In their eyes, we were all inferior. As a result, we were often bullied and suppressed by them.”

“Therefore, after you go to the God Realm, you have to be careful in everything. Don’t easily expose the news that you are an ascender. Otherwise, it won’t be good if you are targeted.” Leng Qianye explained very implicitly. In fact, there were many things that he didn’t say. He was mainly afraid of scaring them because the situation in the God Realm was even more serious than he said.

“Uh! Then won’t we be restrained when we go to the God Realm?” Feng Da couldn’t help but ask. Most of his yearning for the God Realm had disappeared.

“Not necessarily. As long as you have enough strength, even the natives of the God Realm can’t do anything to you! Besides, the God Realm has the territory of an ascender. They say that if you join them, your life will be guaranteed,” Empty said.

“The God Realm also depends on strength. As for the Ascender forces, I advise you not to have too much hope. That place is not as beautiful as you think,” Leng Qianye said with slight disdain.

“Uh! Why?” Feng Da asked curiously.

“Joining the Ascender requires one to be at least a high-level God. If not, you have to know how to refine pills, refine weapons, tame beasts, and so on. In short, unless you have outstanding skills, don’t even think about it,” Leng Qianye said indifferently.

“Yes, and the status of the new members won’t be high. You’ll have to work for them. If you provoke the powerful natives, they might not have anyone to stand up for you,” Empty said with a smile. The mockery in his eyes flashed.

“Then why did you mention it to us?” Feng Da was a little puzzled. Wasn’t it too boring?

“I’m just trying to warn you guys!” Empty whined.

“Actually, my grandfather and I joined there before, but I was just a companion. They took a fancy to my grandfather. After staying for a while, we left. Therefore, based on my experience, I really don’t want you to join any faction. You have to know that it’s better to rely on yourself than others!” Leng Qianye said earnestly. The God Realm was not a good place.

“Aren’t you thinking too much? We didn’t intend to join any faction! We’re all following Miss. We’ll go wherever Miss goes!” Chengwu said firmly.

“That’s right. We only follow the lady.” Cheng Wu’s words were echoed by everyone.

“Commander Ye, we want to go with you to save Miss.” Cheng Wu looked at everyone.

“Well, the two of them are right. The God Realm is indeed not peaceful. You have to be more careful when you go there and improvise,” Ye Chen advised.

“Don’t worry, Commander Ye. Without Miss around, you’re our leader. We’ll listen to you,” Cheng Wu said on behalf of everyone.

“Alright, let’s go advance now!” Ye Chen said.

“Yes.” Everyone nodded. Then, Leng Ruohan summoned his old dragon and instructed it to bring them to the valley below the back mountain to advance.

After Long Yu came out, he transformed into his largest form. Then, when everyone sat on his back, a golden light flashed and disappeared. In the blink of an eye, they had reached the bottom of the valley.

Chapter 892: Going to the God Realm (4)

“Little Master! We’re here!” Long Yu reminded the stunned crowd.

“Oh!” After Leng Ruohan and the others reacted, they hurriedly jumped off Long Yu’s back and each found a place to advance.

After everyone sat down cross-legged, they summoned their beasts.

Not long after, the Heaven Earth Laws descended upon the entire valley...

In an instant, a dazzling light descended from the sky and enveloped everyone. It rose and fell, one after another, for a long time...

When the Heaven Earth Laws slowly disappeared, another wave of beast tide descended...

After a long while.

The entire valley was bathed in light.

After an unknown period of time, the Heaven Earth Laws finally slowly disappeared, and the advancement of everyone and the beasts officially came to an end.

Leng Qianye, who was watching from the side, did not know what to say when he saw this spectacular and grand scene. However, after being with them for a long time, he seemed to have adapted to their unexpectedness.

As for Long Yu and the other level-nine dragons and phoenixes who could not advance on the Boundless Heaven Continent, even though they were extremely envious of the beasts that advanced, they also knew that as long as they left the Boundless Heaven Continent, they could continue to advance. Moreover, even though they could not advance, the benefits brought by their master’s advancement could not be ignored.

After Ye Chen and the others advanced, a message from the rules of heaven and earth appeared in their minds. “Leave the Boundless Heaven Continent in seven days.”

When everyone received this message, they knew that they were really going to leave this time.

After returning to the courtyard at the back of the mountain, Leng Qianye saw that everyone was a little silent, so he said, "You don't have to be too sad. There's still a chance for you to return to the Boundless Heaven Continent in the future."

"Any conditions for returning?" Leng Ruohan asked curiously.

"As long as you pay a million superior-grade crystals, you can come back," Leng Qianye said.

"Uh!" Everyone did not understand. How much was a million superior-grade crystals?

"By the way, you won't be able to use purple gold coins in the God Realm. The currency in the God Realm is crystals. The most valuable ones are supreme-grade crystals, followed by superior-grade, medium-grade, and low-grade crystals. In addition to being used as loan money, crystals can also assist in cultivation," Leng Qianye explained. Then, he took out a pile of blue crystals from his ring and placed them on the table.

"Are these crystals all water-type?" Feng Da looked at the blue crystals and curiously picked one up to observe.

"Yes, they're all water-attribute. Grandpa, Big Grandpa, and I are all fire-attribute and wind-attribute, so water-attribute crystals are not very useful to us. Therefore, we use these crystals to trade. However, during the transaction, some people will specially ask for the attributes of the crystals. If they don't have them, there's no way to complete the transaction. However, there are also shops that specially exchange crystals of the same attribute for themselves. As for the details, you will know when you reach the God Realm. These are for you to use. You should have enough money to save," Leng Qianye explained.

"I'll just leave this money in your hands. If we use it, we'll borrow it from you," Feng Da said. He did not dare to put these crystals in his hands. Otherwise, he was afraid that he would accidentally use them to cultivate because he had the water attribute!

"Bring some each. After we bring them to the God Realm, you might not be together," Leng Qianye said.

"Ah! How did this happen?" Cui Zhu was so anxious that she was about to cry.

"What happens if we split up?" Feng Da couldn't help asking.

"You might encounter danger. However, the first thing you must remember after entering the God Realm is to go to the Guild of Gods in your city to accept the energy conversion. At the same time, don't expose yourself as an ascender. As long as you don't say it yourself, it will be difficult for the natives to tell. You must remember not to meddle in other people's business," Leng Qianye reminded them.

"Yes." Everyone nodded.

"I've prepared a map of the Divine Continent for you. If we really split up, we'll meet up in the Wen family's Divine Realm," Ye Chen said.

"Okay," they all agreed.

"You're quite well prepared," Leng said thoughtfully, looking at Ye Chen. He didn't even have a complete map of the Divine Continent in his possession. He didn't expect this monstrous man to have one. Not

only that, but since Ye Chen had woken up, he'd seemed like a different person. He'd even learned of Xue'er's whereabouts, which made him wonder about Yea Chen's identity.

"I didn't prepare the money," Ye Chen said flatly. He had no concept of money in his heart, so his thoughts were not as comprehensive as Leng's.

"Uh! These are all my assets. Most of them are low-grade crystals and a small number of medium-grade crystals. Therefore, before saving Little Xue'er, you should use them sparingly!" Leng Qianye said with some shame. Sigh! It was not easy to earn money in the God Realm!

"Yes." Everyone understood. However, in order not to discourage him, they did not tell him that Miss had top-grade fire-attribute crystals.

"Chengwu, send someone to Green Dragon Mountain later!" Ye Chen said after some thought. They had planned to go to Green Dragon Mountain to see the seven brothers before leaving, but now their plans had been disrupted.

"Okay." Cheng Wu nodded and personally went to Azure Dragon Mountain.

Seven days later.

Once Ye Chen and the others had arranged everything in the lands of Himmelian, they waited in silence for the moment of departure. In fact, they held each other's hands tightly so that they wouldn't be separated. They didn't know if it would work, but they didn't want to miss the slightest opportunity.

With the arrival of the Guiding Divine Light, Ye Chen and the others, who were enveloped in the divine light, disappeared into the courtyard at the back of the mountain a moment later...

Chapter 893: Energy Conversion (1)

After Leng Qianye saw Ye Chen and the others leave, he also cast a few spells into the void. Not long after, a teleportation array appeared in front of him. Empty and Ye Chen exchanged looks and walked in together...

The God Realm was an infinitely vast and ethereal space.

Legend had it that the God Realm had no borders. Everything was white.

In the God Realm, there were cultivators born and bred in the God Realm, beasts, and cultivators who had ascended from the lower realm. Cultivators who had ascended to the God Realm were called ascenders by the people in the God Realm, while ascenders called those born in the God Realm natives.

There was also a long history of conflict between natives and ascendants.

In the God Realm, the human race and the beast race were not harmonious. However, as long as the other party did not take the initiative to provoke them, the two forces could be considered to have minded their own business.

Not counting the forces on the Divine Master's side, there were eight most powerful and powerful families in the human race. They were collectively called the Eight Great Divine Realms by the people of the God Realm.

The God Realm was divided into two regions. Among them, the place where cultivators below the Divine Realm lived was called the Divine Continent. Whether it was the eight great clans that belonged to the eight Divine Realms or the middle and small forces of the God Realm, they would establish their own family branches in the Divine Continent.

Divine Continent.

The Wen Family's Divine Realm, one of the Eight Great Divine Realms.

The Wen family was one of the eight great families of the God Realm. They were ranked fifth among the eight great families.

The disciples of the Wen family had a bad temper and had always acted recklessly in the God Realm. Therefore, the Wen family's reputation in the God Realm was not good. However, with the ancient inheritance and powerful strength of the Wen family, these were nothing, and no one dared to talk about the Wen family's mistakes in front of them.

At this moment, in an inconspicuous room in the Wen family's courtyard, a beautiful woman was sitting by the window with a depressed expression. Her thoughts had long flown somewhere.

"Elder Sister, don't worry. We'll definitely find a way to escape," Qing Jue comforted her through voice transmission.

"Yes, I know," Leng Ruoxue replied, but there was still no smile on her face.

It had been a few days since she was captured and brought here. After the master and disciple threw her here, they never appeared again. However, this was exactly what she wanted because she did not want to see Sun Tao now, let alone guarantee that she would not beat him up after seeing him!

Besides, after the mysterious, powerful man had taken the net of light away from her, she'd been able to contact Qing Jue. That was probably the best thing that had happened to her since she'd been captured.

"Beauty, your brother is here to see you. Did you miss me?" A nasty voice sounded outside the door.

Speak of the devil! Leng Ruoxue stood up impatiently and looked at Sun Tao standing outside the door. She said angrily, "No, I don't want to see you for the rest of my life."

"Beauty, you're too heartless. Master has already promised me that as long as I cultivate to the high-level God Realm, he will let us dual cultivate," Sun Tao said happily, his face filled with pride.

"Oh! Then what's your cultivation level now?" Leng Ruoxue asked curiously, but she couldn't help but grumble in her heart. Go find a sow to dual cultivate!

"Elder Brother is now a low-level high-level god," Sun Tao said proudly, his tail almost sticking up.

"It's still early! Why are you so happy?!" Leng Ruoxue was a little amused. Her cheap ancestor was only an intermediate high-level god. It was said that he had cultivated for a long time. With Sun Tao's aptitude, he would have to cultivate for thousands of years!

“Who said that? Master said that with his secret technique, I can cultivate to the high-level Deity Realm in less than 50 years. So, Beauty, wait for me!” Sun Tao winked at Leng Ruoxue.

“Uh!” Countless black lines slid down Leng Ruoxue’s forehead. She thought to herself that this guy really dared to talk. She would become an old lady in fifty years. However, this was good. At least this guy wouldn’t harass her for fifty years. Thinking of this, her mood immediately improved.

“Sun Tao, I’ve been here for a few days and have been locked up. No one has spoken to me. Sigh!” Leng Ruoxue thought for a moment and said.

“Beauty, I’m here to accompany you,” Sun Tao said quickly.

“Then can you come every day?” Leng Ruoxue blinked her beautiful eyes and asked Sun Tao as if she was looking forward to him coming.

“Uh! Of course not. Master is very strict. I sneaked out!” Sun Tao said awkwardly. He didn’t expect the beauty to miss him so much. Hehe! He was so happy.

“Sigh! I’m almost bored to death.” Leng Ruoxue sighed heavily and muttered in her heart, I knew you couldn’t come, hehe!

“So what do you want?” Sun Tao ventured.

“Let me out, even if it’s for some fresh air in the courtyard!” Leng Ruoxue chuckled. Her smile was like a spring breeze blowing into Sun Tao’s heart.

“I can’t help it! Master locked you here. No one can open the barrier unless he comes personally,” Sun Tao said innocently.

“Oh!” Leng Ruoxue nodded lightly. This was within her expectations, so she didn’t have much hope.

“Then bring me some books! By the way, what is this place?” Leng Ruoxue suddenly asked.

“This is the divine domain of the Wen family in the God Realm’s God Continent, so don’t even think about escaping! Stay here obediently. There are many bad people outside,” Sun Tao reminded him. Then, he said, “I’ll go find some books for you.”

“Okay.” Leng Ruoxue nodded obediently. Escape? She had to escape! However, when she heard Sun Tao say that there were many bad people outside, she almost laughed. That guy was not a good person himself, but he actually said that there were many bad people outside. It was really ridiculous.

“Sister, so we’re in the Wen family’s Divine Realm. Sigh! It seems like we can’t escape for the time being.” Seeing that Sun Tao had left, Qing Jue couldn’t help but send a voice transmission. His sister was afraid that Sun Tao’s master would discover her, so she didn’t dare to casually enter the bracelet now. They could only communicate via voice transmission.

“Is the Wen family’s Divine Realm very powerful?” Leng Ruoxue asked in confusion. She knew nothing about the Divine Realm and didn’t want to come so early, but she was captured now.

Chapter 894: Energy Conversion (2)

“Sister, there are humans and beasts in the God Realm. Among the humans, the most powerful are the eight Divine Realms. Of course, no matter how powerful they are, they are still under the jurisdiction of the Divine Master,” Qing Jue said softly.

“In that case, Sun Tao is hugging a big thigh!” Leng Ruoxue frowned in frustration.

“Yes, in the Wen family’s Divine Realm, our chances of escaping are very small. Unless Sister has the strength of that man, we will definitely be discovered,” Qing Jue reminded.

“Oh, in that case, we can only take things as they come,” Leng Ruoxue said indifferently. In fact, other than being unable to move freely, the food here was quite good. She couldn’t help but comfort herself.

Leng Ruoxue looked at the translucent film blocking the door with boredom and poked it with a finger curiously. Well! It was quite elastic and couldn’t be poked!

When Sun Tao returned, he saw Leng Ruoxue poking at the membrane at the door happily. He couldn’t help but laugh. “Haha! Looks like Beauty has found another joy!”

“Yes!” Leng Ruoxue said lightly, obviously distracted.

“Beauty, I’ve brought you a book.” Sun Tao threw a storage ring into the door.

“Yes, you can leave now.” Leng Ruoxue picked up the ring and glanced at it before saying to Sun Tao.

“Beauty, how can you be so realistic!” Sun Tao pretended to be sad.

/

“Get lost!” Leng Ruoxue roared. Hmph! He actually thought she was realistic after capturing her. Did she have to give him any face?

“Hehe! Beauty, I was just teasing you. Don’t be angry. I’ll leave.” After saying that, Sun Tao immediately disappeared.

“The annoying person finally left,” Leng Ruoxue muttered to herself and took out the book in her ring. She sat on the chair and flipped through it.

Leng Ruoxue sat quietly by the window and read, while Feng Zhan and the other old phoenixes in the bracelet kept walking around.

“Don’t go. You’re making me dizzy,” Green Jaw said, unable to stand it.

“Sigh! I was thinking of a way!” Feng Zhan frowned.

“None of us are a match for that man unless An You and the others can come out of seclusion,” Qing Jue said knowingly.

“Isn’t that the same as not saying anything? If those guys could come out of seclusion, we wouldn’t be trapped here!” Feng Zhan said gloomily. Sigh! His strength! He didn’t know when he could recover to his peak.

The Phoenix Clan was different from An You and the others. Even though An You and the others were sealed, their strength was still there, so they naturally recovered quickly. When they were exiled to the

lower realm, their cultivation was almost completely lost. Therefore, even if they cultivated again, if they did not leave the Boundless Heaven Continent, they could not continue to advance. Even if they left, they had to cultivate slowly.

“Then there’s no other way now! We can only wait,” Qing Jue said gloomily. Sigh! Other than the time his old master died, he hadn’t felt so aggrieved in a long time.

“Ah!” Feng Zhan sighed heavily again.

Outside the bracelet, Leng Ruoxue was still focused on reading.

After some time, Leng Ruoxue finally finished reading a book.

However, after reading the book and gaining a general understanding of the God Realm, her mood became even heavier.

Energy conversion! After Mystic Supremacy was Mystic God. After advancing to the Mystic God, he could go to the Mystic God Association in the God Realm to undergo energy conversion.

Even though the first energy conversion could at most transform 10% of the human body into an energy body, with this 10%, one could use divine power, and divine power and mystic energy were definitely not on the same level.

However, now that she was locked here, not only was she unable to advance, but she was also unable to undergo energy conversion. Sigh! The sense of powerlessness she felt after being captured deepened.

“The little girl seems to be in a heavy mood again.” Suddenly, a teasing voice entered Leng Ruoxue’s ears, but she didn’t see anyone.

Leng Ruoxue didn’t even look up when she heard this voice. To put it bluntly, she couldn’t be bothered.

“Little girl, if you want to advance, I can arrange an energy conversion for you.” The man chuckled as if he liked to see Leng Ruoxue depressed.

“No need,” Leng Ruoxue said angrily. She already knew that her every move here couldn’t be hidden from that man, so she didn’t dare to risk entering the bracelet. Now it seemed that her foresight was right.

“I meant well,” the man said again.

“Thank you for your kindness, but I don’t need it,” Leng Ruoxue said lightly. She would rather not advance now than let this man know that she actually had so many beasts. Sigh! Beasts couldn’t be exposed!

“The little girl doesn’t seem to have a good impression of me.” The man’s bitter voice sounded again.

“You’re right. No one will have a good impression of their kidnapper,” Leng Ruoxue said honestly.

“Hehe! You’re really honest. If I don’t capture you, that disciple of mine won’t be able to focus on cultivating, so I can only trouble you,” the man said helplessly, but there was no apology in his tone.

Leng Ruoxue really wanted to curse when she heard the man's words. Damn it, what does your disciple not cultivating properly have to do with me? If he doesn't cultivate properly, you can just teach him a lesson! Why did you capture me? Could it be that with her around, Sun Tao will cultivate diligently?

"Why did you take Sun Tao as your disciple? That guy's aptitude isn't the best." Leng Ruoxue asked in confusion. Uh! According to Qing Jue, this man should be an Ultimate God, an Ultimate God! He was one of the strongest people in the God Realm besides the Divine Master. However, he actually took Sun Tao, that trash, as his disciple. Therefore, she couldn't understand why this master-disciple pair liked each other.

"Sun Tao and I are fated to be masters, so I accepted it." The man's tone was light, as if he was saying, "Have you eaten today?"

"Ape feces?" Leng Ruoxue was a little speechless. She just didn't know which of the two was an ape and which was feces.

"Call it fate! Little girl, I have something to do. I'll talk to you another day." The man's voice disappeared.

Chapter 895: Energy Conversion (3)

Chat? I don't want to chat with you, Leng Ruoxue thought to herself, then went back to reading.

At this moment, in a desolate place in the God Realm, several figures appeared after a dazzling light flashed.

"Uh! Where is this?" Feng Da looked around and then looked at the map, but he could not see anything.

"There's no need to look. This place isn't on the map," Ye Chen said helplessly. It had never occurred to her that they would be led to a barren, godforsaken place.

"Ah! Then what should we do?" Feng Da and the others were dumbfounded.

"It doesn't matter where. We'll find the way eventually. Do you want to see everyone first?" Ye Chen instructed.

"Yes." Feng Da looked quickly, but was powerless to see that there were indeed fewer of them.

"Commander Ye, Cheng Wu and the others are not here," Feng Da said again. At least thirty people were missing from their team.

"Yes, let's leave this place!" Ye Chen nodded. Alas! They had indeed separated. However, he was already very satisfied to have so many people gathered together. At least his grandfather and the others were all here, and he was at ease with Cheng Wu and the others.

"Sit in my beast!" Leng Qingtian said and summoned Lei Xiao. Uh! It was better not to be too ostentatious when they first came to the God Realm. However, he couldn't understand why the places they were led to were so desolate!

"Yes," Ye Chen agreed, nodding.

After everyone sat on Thunder Night's back, Thunder Night flapped his huge wings and left.

After nearly two days of flying, they finally arrived at a city.

This city was called Faraway City, and it belonged to the Chi family's Divine Realm of the Eight Great Divine Realms. It could only be considered a medium-sized city in the city that the Chi family belonged to.

After entering the city, Ye Chen and the others first found a guest shop before heading straight to the Mystic God Association in Faraway City to undergo energy conversion.

The Mystic God Association of Faraway City was located in the center of Faraway City. It was a dark golden three-story building. After Ye Chen and the others pushed open the door of the association and walked in, someone immediately welcomed them.

"Hehe, everyone, you're here to undergo energy conversion, right?" The Association waiter asked with a smile. Seeing so many people, he only had one thought in his mind, which was that he could get more crystals this month.

"Yes," Ye Chen agreed.

"Ten middle-grade crystals for each person," the waiter said with a smile. He was so happy that his mouth could not close.

"What? You're robbing money! Why is it so expensive?" Feng Da couldn't help but roar. His roar immediately attracted the attention of everyone in the hall.

"Hehe! It's not expensive. This is the public price. You'll know when the time comes," the waiter explained very patiently. He was not dissatisfied with Feng Da's doubts. It could be seen that his quality was extraordinary.

"How is that not expensive?" Feng Da muttered softly. One had to know that the exchange ratio of supreme-grade, superior-grade, medium-grade, and low-grade crystals was 1:100! In other words, one medium-grade crystal was equivalent to 100 low-grade crystals, and this energy conversion was equivalent to 1,000 low-grade crystals! According to Leng Qianye, crystals were difficult to earn, and they didn't have much money on hand now, so he naturally felt the pinch.

"It's not expensive. Pay up!" Ye Chen generously took out ten medium-grade crystals and handed them to the waiter.

Seeing this, the others also took out money and handed it to the waiter.

"Uh! You're not together!" The waiter looked at the crystals in his arms and said tearfully. Some of these people had given him medium-grade crystals, and some had given him 1,000 low-grade crystals. Therefore, he almost couldn't take them.

"We only came together. In fact, we weren't very close," Ye Chen explained.

"Hehe! That's right! We met on the way." Feng Da smiled evilly. After deliberately giving the waiter a thousand low-grade crystals, he was much happier.

"Uh! Got it." The waiter walked into the counter and put the crystals away. Then he handed each of them a silver card.

“This is your identification card in the God Realm. Just drip your blood on it so that it would recognize you as its master,” the waiter explained. He gestured for everyone to follow him upstairs after Ye Chen and the others were done with that.

After walking to the third floor, the waiter arranged a room for each of them and reminded them that the longer they stayed inside, the better.

Actually, even if the waiter did not explain anything about the conversion, they knew because Leng Qianye had already told them.

The waiter left the third floor after making the arrangements. Ye Chen and the others looked at each other and walked into their rooms.

In the room, there was a huge pool. The pool was filled with milky-white thick liquid. This liquid contained a huge amount of spiritual energy. This was the legendary Spirit Converting Liquid.

The energy conversion required one to enter the pool and absorb this liquid. As for how much one could absorb, it depended on one’s aptitude. Moreover, this spiritual liquid had a certain cleansing effect.

Ye Chen looked at the spiritual liquid and walked straight into the pool. Then, he slowly sat down and began to absorb it. Well! After absorbing this spiritual liquid, he should be able to advance a few levels!

Xue’er, wait for me! I’m coming for you!

Three days later.

The waiter from the Mystic God Association in Faraway City stared at the staircase and was extremely envious. It seemed that those people’s qualifications were not bad! It had been three days and they still had not come out. Well! Should he report this matter to the headquarters! However, the president was not around now, so he could not make the decision!

Sigh! Forget it, he shouldn’t be so nosy. The president was so petty. If he knew that he had passed him and directly reported the situation to the headquarters, he would definitely make things difficult for him, not to mention that it had only been three days.

Normally, the longer one stayed in the conversion pool, the better one’s aptitude would be. However, most cultivators could only stay for one to two days. Those who could stay for three days could already be considered geniuses. However, it was not that there were no geniuses who stayed longer in the God Realm. As for the geniuses of the big families, they would not change in the Mystic God Association. Therefore, if they stayed for three days and reported to the headquarters, someone would definitely think that he was making a mountain out of a molehill.

After thinking it through, the waiter stopped being nosy.

Chapter 896: Energy Conversion (4)

No one emerged after five days. There were slight cracks on the waiter’s face.

Ten days later, Ye Chen and the others still hadn’t come out of the conversion pool. He couldn’t stay calm anymore. This... this was too abnormal. If it was just one person, it wouldn’t be a big deal. But now, not a single person had come out. My God! Were they even humans?

The waiter's forehead was dripping with cold sweat. However, he was more curious about how long these people could stay inside. Therefore, he completely forgot to report this matter and just stared at the staircase and waited foolishly.

Another five days passed. At this time, it had been half a month since Ye Chen and the others entered the conversion pool.

The attendant stared at the staircase as usual. Suddenly, he felt the laws of heaven and earth descend. And there was more than one. They descended one after another. He was dumbfounded again.

As the rules of heaven and earth descended on the Mystic God Association, the entire Faraway City was shocked. Instantly, the people living in Mystic God Association were attracted and gathered at the entrance of the association. Even though people were curious, none of them dared to barge into the Association.

The dazzling laws of heaven and earth lasted for a long time before slowly disappearing into the sky.

Not long after, Feng Da and the others walked down the stairs in high spirits.

At this moment, the waiter, who had already regained his senses, hurriedly walked up to them and said enviously, "Congratulations on advancing on your first transformation."

There were not many people who could advance to the junior god level during their first transformation, but it was not unheard of in the history of the God Realm. However, this was the first time so many people advanced at the same time.

And this first time had happened under his witness. Therefore, at this moment, the waiter was definitely proud. He was even happier than when he had advanced.

"Hehe! I was just lucky," Feng Da said humbly.

"Hehe! Luck is also a part of strength!" The waiter said with a smile, and his attitude towards Feng Da and the others became even better.

"Eh! There's still someone who hasn't come out?" The waiter couldn't help but ask when he realized that he didn't see the most monstrous man.

"Uh! He shouldn't be done yet! We'll take our leave first." After Feng Da finished speaking, he immediately left with everyone. Before they came, they had already discussed who would go to the guest shop to wait after the conversion.

Feng Da and the others were slightly stunned when they saw the people gathered at the door. However, they quickly walked past the people at the door calmly.

"Brother, you guys just came out. Do you know who was advancing just now?" Suddenly, a man grabbed Feng Da's arm and asked with a gossipy expression.

"I don't know. The person who advanced hasn't come out yet!" Feng Da said without blushing or panting. Then, he swaggered out of the Mystic God Association.

The man who was pulling Feng Da looked at the backs of Feng Da and the others in disappointment. Sigh! He thought that they were the ones who had advanced just now, but it turned out that they weren't! Thinking of this, he turned his gaze back and stared at the entrance of the Association.

After Feng Da and the others returned to the room behind the inn, they nervously wiped the cold sweat off their foreheads. They all had lingering fears. Uh! Did they go a little too far this time? It was not so easy to be an idol.

"I wonder when Commander Ye will be able to come out. With such a huge commotion now, will we be in trouble staying here?" Lin Yuan couldn't help but ask.

"What are you afraid of? If someone asks us, we can just deny it," Feng Da said disapprovingly. He believed that the waiter would not casually reveal their information to others!

"That will have to do," Hayashi agreed.

After that, they stayed in the guest room and waited for Ye Chen.

Five days later.

Another law of heaven and earth descended on the Mystic God Association in the Faraway City.

However, there was only one law of heaven and earth this time, so it didn't cause much of a stir. As the law of heaven and earth disappeared, Ye Chen walked out of the room.

When he reached the hall downstairs, Ye Chen glanced at the waiter who was in a daze and left the Mystic God Association.

After Ye Chen left, the waiter suddenly reacted and hurriedly ran to the room on the third floor. After entering, his eyes widened in disbelief. Oh my god! Was this real? An entire pool of Spirit Transformation Fluid was actually gone. Previously, he was already very surprised to see that there was less than a fifth of the Spirit Transformation Fluid in Feng Da's room. However, that monstrous man had actually absorbed all the Spirit Transformation Fluid. This... This was definitely not human!

Seeing this, he suddenly realized that Ye Chen had just left the guild. No, he couldn't let such a monster leave just like that. He had to report to headquarters!

Unfortunately, his reaction was too slow. By the time he sent people to the various guest shops in the Feng Da to find Ye Chen and the others, Ye Chen was already on the way to the Wen family's Divine Realm with Feng Da and the others...

In a courtyard in the Wen family's Divine Realm.

Leng Ruoxue sat in a chair and looked at the books that were piled up like a small mountain in front of her, but she couldn't read anymore because those books were sent by that man. She didn't want to read books now. She wanted freedom!

Just as Leng Ruoxue was feeling depressed, a black light spot suddenly flew in from the window. After circling around her a few times, it landed in her palm...

Chapter 897: You're Even More Beautiful When You Don't Speak (1)

Leng Ruoxue raised her hand and looked at the black light spot in her hand, but she was surprised to find that there was actually a small black phoenix in the light spot. Moreover, even though the phoenix had all its small facial features, its pitch-black and bright little eyes were looking at her...

Not only that, there seemed to be a hint of bitterness in the little phoenix's bright eyes. Uh! How could this be? Leng Ruoxue was puzzled. Then she curiously stretched out a finger and gently touched the feathers on the little phoenix's body, only to find that the feathers were abnormally soft and felt very good.

Ugh! How could there be such a small phoenix in the world?

Leng Ruoxue couldn't figure it out, but she was quite envious of this little phoenix's freedom, unlike herself, who was a bird in a cage and couldn't fly out even if she wanted to.

That detestable man had not only set up a barrier outside the door, but also around the window.

Even though the barrier here at the window was netted, unless she could become as small as this little phoenix, she would not be able to escape even if she had wings.

As if sensing Leng Ruoxue's mood, the little black phoenix gently rubbed its head against her palm as if it was comforting her.

"Hehe! Are you comforting me?" Leng Ruoxue muttered to herself, her beautiful face revealing a happy expression.

The little phoenix raised his head and stared at her with eyes as dark as the night sky. He looked at her deeply, as if he had a thousand words to say.

"Your expression is really similar to that freak." Leng Ruoxue couldn't help but whisper when she saw the little phoenix's expression.

/

When the little phoenix heard this, it jumped excitedly in Leng Ruoxue's palm and even spun around.

"Little Phoenix, where are you from? You're so small!" Leng Ruoxue felt the little phoenix's happiness and asked curiously.

The little phoenix looked sad when it heard Leng Ruoxue's words and called out softly, but Leng Ruoxue didn't understand what it meant.

"Uh! I don't understand you," Leng Ruoxue said gloomily.

The little phoenix also lowered its head, its eyes revealing a sad expression.

"Hehe, it's okay, don't be sad," Leng Ruoxue quickly comforted.

"Little Phoenix, if you have nowhere to go, stay here with me!" Leng Ruoxue said again.

The little phoenix raised its head and chirped again, as if to say, 'I'm here to keep you company.'

"Hehe!" Leng Ruoxue chuckled. With the little phoenix's company, she felt much better.

“Sister, you seem to be very happy!” At this moment, Qing Jue, who also felt Leng Ruoxue’s mood, suddenly sent a voice transmission.

“Yes, I have company!” Leng Ruoxue replied.

“Uh! What company?” Qing Jue was curious.

“That’s it!” Leng Ruoxue gestured for Qing Jue to look at her palm.

“Where did this come from?” Qing Jue’s face was filled with question marks.

“It flew in by itself.” Leng Ruoxue pointed at the window.

“Oh! Hehe! I’m relieved that Sister is in a good mood.” Qing Jue seemed to heave a sigh of relief. However, this little phoenix looked a little familiar! However, he couldn’t remember where he had seen her before.

“Silly, don’t worry about me. I’m fine.” Leng Ruoxue was a little touched. Even though she didn’t enter the bracelet, she knew how anxious Qing Jue and Feng Zhan were.

“Sister, if that man is transmitting his voice next time, think of a way to make him let you leave the room!” Qing Jue reminded. He knew that his sister had been bored to death after being locked in the room for a while.

“Well, actually, it’s quite good to be locked up here. At least it’s quiet. Sun Tao can’t enter even if he wants to.” Leng Ruoxue mocked herself. She felt like she was tied in front of a donkey and could see the carrot that couldn’t be eaten, and that donkey was naturally Sun Tao!

“Sister, endure for a few more days. When An You and the others come out of seclusion, they can save us and leave this place,” Qing Jue comforted.

“Yes, I can wait, as long as Sun Tao doesn’t bother me,” Leng Ruoxue said.

However, while wishes were beautiful, the truth was cruel.

As soon as Leng Ruoxue finished thinking, Sun Tao came again.

“Beauty, did you miss your brother?” The annoying voice sounded again.

Leng Ruoxue didn’t even look at Sun Tao. Bang! She closed the door and windows, then covered her head with the blanket and lay on the bed.

“Uh!” Sun Tao saw that he had been rejected, but he was neither angry nor angry because in his heart, Leng Ruoxue was already his, and women should be pampered.

“Beauty, it seems like you’re not in a good mood today. I’ll take my leave first. I’ll visit you another day,” Sun Tao muttered to himself before leaving Leng Ruoxue’s room dejectedly.

After Sun Tao left, Leng Ruoxue stood up from the bed and opened the door and windows again to let in some fresh air.

“Haha! This little girl has quite a personality.” Suddenly, another annoying voice sounded in her ears.

"If you have something to say, say it," Leng Ruoxue said impatiently.

"You're a girl. Don't be so rude," the man said.

"What does it have to do with you?" Leng Ruoxue rolled her eyes and said angrily. This man was too controlling! It was fine if he locked her here, but he actually cared if she was rough or not. How ridiculous.

"Haha! Little girl, do you want to leave the room?" The man was in a good mood and didn't argue with Leng Ruoxue. Instead, he suggested a big bait.

"What are the conditions?" Leng Ruoxue asked calmly. She didn't expect this man to take the initiative to mention it. However, she didn't believe that this man would suddenly be kind and be willing to let her out.

"As long as you don't leave the Wen family mansion," the man said. Letting this little fox out would take a certain risk, so he naturally had to negotiate the conditions first.

"Is it that simple?" Leng Ruoxue said in disbelief.

"I still have to temporarily seal your mystic energy, so you have to behave yourself!" the man reminded.

"If you seal my mystic energy, what if someone from the Wen family bullies me?" Leng Ruoxue said unhappily. She couldn't agree to this. If she sealed her mystic energy, she would be no different from an ordinary person.

Chapter 898: You're Even More Beautiful When You Don't Speak (2)

"Haha! I thought you were very smart!" the man said mockingly.

"What do you mean?" Leng Ruoxue was a little puzzled. What did this have to do with whether she was smart or not?

"Don't you have any beasts? You can summon them to help!" the man reminded.

"My beasts are all in seclusion," Leng Ruoxue said innocently. Those who weren't in seclusion couldn't come out to meet others. Who asked them to be in someone else's territory!

"Uh! That's a coincidence," the man said in disbelief.

"What a coincidence. My beast has been in seclusion for several years and hasn't come out," Leng Ruoxue explained.

"Uh! I have to seal your mystic energy. However, since your beast can't help you, I'll help you!" The man thought for a moment and said.

"Would you be so kind?" Leng Ruoxue didn't believe it either.

"Of course, I'm very kind. After all, you're my disciple's future woman! I don't want anything to happen to you either, so I'll place a restriction on you. If your life is in danger, it will automatically activate to protect you. That should be fine, right?" the man asked.

“What if my life isn’t in danger and I’m just being bullied?” Leng Ruoxue felt that this man’s words were too much, and there was no guarantee at all.

/

“Then it’s none of my business,” the man said irresponsibly. As far as he was concerned, he was already very generous to let the little girl out for a breather. How could he be her nanny!

“Oh! Since you don’t care that I’m being bullied, I sincerely hope that you won’t interfere when I bully others.” Leng Ruoxue smiled evilly. Well! This was her condition! Hmph! Even without her mystic energy, she wouldn’t let herself suffer.

“Alright, I naturally won’t interfere in the fights between you juniors.” The man agreed without thinking because he didn’t think that a little girl with her mystic energy sealed could cause any big waves. However, it didn’t take long for him to regret his decision.

“Then when can I leave the room?” Leng Ruoxue nodded in satisfaction and asked. She had already decided. Since she couldn’t escape now, she naturally wouldn’t let the Wen family have it easy. Hmph! As the saying goes, if I can’t beat you, I have to kill you. Therefore, unless he locked himself in the room forever, the Wen family would definitely be the unlucky ones as long as she went out.

Her mystic energy was sealed? It didn’t matter. She was poisonous!

She couldn’t use mystic techniques? It didn’t matter. She still had sword techniques!

Can’t beat you? It doesn’t matter. She can use words to attack you and anger you to death!

“Now is fine.” After the man finished speaking, a white light hit Leng Ruoxue.

In an instant, Leng Ruoxue felt the circulation of the mystic energy in her body being stopped. As for the restriction that the man mentioned, she didn’t feel it. Well! Perhaps the restriction would only be triggered when her life was in danger!

“Did you put down the restriction?” Leng Ruoxue asked worriedly. She felt that this man’s words were unreliable.

“It’s already done. Don’t worry, with my status, I won’t bully a junior,” the man said calmly.

“But you will catch a junior,” Leng Ruoxue said lightly.

“I did it for my apprentice,” the man said defensively.

“So what if you have a master as your backer!” Leng Ruoxue rolled her eyes and mocked.

“Haha! Little girl, don’t tell me you’re jealous! Why don’t you become my disciple too?” The man laughed.

“No, I have a master.” Leng Ruoxue refused.

“Is your master as powerful as me?” The man was very dissatisfied. With his status, he wanted to take in a disciple, but he was actually rejected so directly. This had never happened before! This couldn’t help but make him feel a little uncomfortable.

"I don't know," Leng Ruoxue said without thinking.

With that, she headed for the door. It was still shielded by a thin film, but this time she could walk right through it.

After leaving the room, Leng Ruoxue went straight to the courtyard.

Breathing in the fresh air, Leng Ruoxue was in an exceptionally good mood. She could finally see the light of day again. It was really not easy!

"Little girl, take care!" The man's voice came again, and then it really disappeared.

Ugh! He was really gone this time.

Leng Ruoxue didn't hear the man's voice for a long time and thought that he had already left!

However, she was not interested in why the man was silent.

In the courtyard, Leng Ruoxue summoned Xiaohuo from the bracelet.

As soon as Xiaohuo came out, it rubbed against Leng Ruoxue's wrist affectionately and then put on the bracelet again.

Looking at the crystal clear fiery red fake bracelet, Leng Ruoxue had to admit that it was really beautiful. No wonder people always liked Little Flame.

Leng Ruoxue left the courtyard with Xiaohuo and toured the Wen family mansion.

The Wen family was indeed worthy of being one of the eight great families of the God Realm. A branch house on the Divine Continent was actually so big. After walking for nearly an hour, she actually didn't see a single person. Uh! Where did the people of the Wen family go?

"Woman, there seems to be someone there," Little Flame said with his eyes.

Leng Ruoxue looked in the direction of Little Flame's eyes. Uh! There was a courtyard there, but it didn't look like a place where anyone lived.

Leng Ruoxue slowly approached the courtyard. Before she entered, she heard fighting sounds coming from inside. Oh! What was going on?

"Who is it? Get out here!" Suddenly, a loud shout came from the courtyard. Then, a young man instantly appeared in front of Leng Ruoxue.

"Uh! Who are you?" The man was stunned and said with a stunned expression.

"I was just passing by," Leng Ruoxue said calmly. Then, the two of them stared at each other.

This young man looked to be in his twenties. He was tall and handsome, but his temperament gave people a dangerous feeling. Moreover, his eyes contained a rather fierce light.

Leng Ruoxue glanced at the man in front of her and realized that she couldn't see his cultivation level, so she wasn't interested in observing him anymore. Boohoo... Could it be that everyone here had a higher cultivation level than her? She was depressed.

Chapter 899: You're Even More Beautiful When You Don't Speak (3)

"Which side family are you from?" The young man narrowed his eyes and asked suspiciously. He was very sure that he had never seen this beautiful woman before. However, if she wasn't from the Wen family, why was she here?

"The third side family!" Leng Ruoxue said casually. Which side family? How would she know which side family she was from!

"Third side family? Then why haven't I seen you before?" The young man was a little puzzled. If she was from the third side family, she should be very close to his bloodline, so he should have seen her before!

"Have you seen everyone in this residence?" Leng Ruoxue asked.

"Of course. I can't say that I've seen them all, but I've seen at least 99% of them," the young man said confidently.

"I'm sorry, I belong to the 1% you haven't seen before," Leng Ruoxue said sympathetically. It seemed that she had met another rich scion with abnormal mental health.

"Uh! Maybe!" The young man thought about it very seriously and felt that it was possible, so he believed Leng Ruoxue's words.

"I'm Wen Chenghao. What's your name?" the young man asked again. Moreover, his attitude was extremely good, in stark contrast to the arrogant voice from before.

"Ruoxue." Leng Ruoxue deliberately didn't say her surname.

"This name is very nice. Little Sister Ruoxue, I'll protect you from now on. If anyone dares to bully you in the Wen family, you can just give them my name," Wen Chenghao said very enthusiastically. Moreover, his relationship with Leng Ruoxue had suddenly changed from a stranger to an older brother and younger sister.

/

"Okay!" Leng Ruoxue smirked and said speechlessly. Another person calling himself her Elder Brother. Could this be a common hobby of men in the God Realm? Well! She had to restrain the freak to prevent younger sisters from appearing for no reason.

"Hehe! Little Sister Ruoxue, why are you here?" Wen Chenghao smiled happily and asked in confusion. This was the most remote place in the Wen family. Few people would come here.

"I live nearby and left the courtyard for the first time today, but I didn't see anyone, so I came to take a look when I heard voices here," Leng Ruoxue said honestly.

"Oh! You live nearby?" Wen Chenghao frowned. When did people live nearby?

"Yes! It's just a few courtyards away from here!" Leng Ruoxue thought for a moment and said.

"Oh! Little Sister, I still have something to do here. Go and play by yourself first! When I have time, I'll visit you," Wen Chenghao said. Then, he wanted to send Leng Ruoxue away.

“Okay.” Leng Ruoxue acted very obediently and then turned to leave.

After leaving the courtyard for a distance, Leng Ruoxue sent a voice transmission to Qing Jue, “Qing Jue, what’s the situation inside?”

“Sister, someone was beaten up. That Wen Chenghao just now was their leader. That guy is the direct grandson of the head of the Wen family in the Divine Land, the little tyrant of the Wen family,” Qing Jue explained simply.

“Oh!” Leng Ruoxue understood and continued to walk towards the place where there might be people. Well! Her goal today was to figure out the terrain of the Wen family. It was best if she could know a few people from the Wen family.

Leng Ruoxue looked around leisurely as she walked and memorized the places she walked past. Suddenly, a delicate shout entered her ears.

“Stop! Who are you? This is not a place for you!”

Leng Ruoxue didn’t think that he was talking to her, so she continued to do what she was doing. This completely angered the owner of the voice.

A group of young women blocked her path, and the beautiful woman in the lead, who was dressed in fiery red clothes, glared at her fiercely. The lackeys behind her also looked like they were united against a common enemy.

Leng Ruoxue couldn’t help but find it funny when she saw this scene. She knew that she didn’t have much luck with women, but she didn’t seem to have offended this woman! Therefore, she really didn’t understand why this woman acted like she was the enemy who killed her father.

“I’m talking to you. Didn’t you hear me?” the woman in red roared, glaring.

“Uh! When did you talk to me?” Leng Ruoxue’s beautiful face was filled with innocence. Alas! What a pity! She was a beauty, but her words ruined this beautiful picture.

“Didn’t you hear me when I asked you to stop just now?” The woman in red continued to roar at the top of her lungs. She was so angry that her full chest kept heaving up and down. Unfortunately, no one admired her.

“You made me stop? Oh! Let me give you a suggestion,” Leng Ruoxue suddenly said seriously.

“Uh! What suggestion?” The woman in red was stunned by Leng Ruoxue and asked foolishly.

“Speak less in the future,” Leng Ruoxue said seriously.

“Why?” the woman in red asked shamelessly.

“You’re even more beautiful when you don’t speak.” Leng Ruoxue walked past the stunned woman in red and left coolly.

“Damn it, where’s that woman?” After a while, the woman in red regained her senses and was furious.

“He... he left,” a woman behind the woman in red whispered.

“Damn it, why didn’t you stop her!” The woman in red was very angry. She was so angry that she was about to vomit blood. If he said that she was more beautiful when she didn’t speak, wouldn’t that mean that she wasn’t beautiful when she spoke? Did he want her to be mute?

“Third Miss, we didn’t dare to stop her without your permission!” Another woman whispered.

“You’re all trash. Are you fools? Can’t you tell that she’s humiliating me? I don’t care. Find that woman before dawn tomorrow. Otherwise, don’t even think about eating for a month.” The woman in red ordered domineeringly.

“Yes.” The women hurriedly replied. Then, they went to the Wen family’s residence to look for someone. They were not allowed to eat for a month. Uh! Third Miss would do such a thing. They were not Gods yet, and they had to eat every day. Otherwise, they would be hungry. Therefore, they did not dare to neglect!

At this moment, Leng Ruoxue felt that she had walked around enough today, so she directly returned to the courtyard where she was temporarily staying. As for the woman in red’s act of looking for someone, she didn’t care at all. Moreover, before returning to the courtyard, she even did a little ‘good deed’.

Chapter 900: You’re Even More Beautiful When You Don’t Speak (4)

Leng Ruoxue returned to the courtyard and went straight into the room.

Not long after, someone brought her dinner. That person stared at her as usual after she finished eating before leaving.

Leng Ruoxue closed the door and windows and lay on the bed to tease the little black phoenix lying on her palm, while Qing Jue reported the Wen family’s situation to her from time to time.

“Sister, something has already started to happen.” Qing Jue sent a voice transmission gloatingly. Hehe! Ever since his sister was trapped here, he had been quite depressed. Today, he would treat it as collecting interest!

“Oh, Qing Jue, we can rest now. Someone might come looking for trouble tomorrow,” Leng Ruoxue said knowingly. Then, she closed her eyes, and the little phoenix lay on her chest.

The next morning.

Leng Ruoxue was waiting for someone to deliver breakfast as usual. However, instead of breakfast, a few uninvited guests from the Wen family came.

“Head butler, it’s her! We saw her in the main courtyard yesterday. She’s very suspicious.” A young woman pointed at Leng Ruoxue and said to the middle-aged man.

“Do you have anything else to say?” The middle-aged man asked indifferently. At the same time, he was a little surprised. As the butler of the Wen family in the Land of God, he actually didn’t know that there was a devastatingly beautiful woman living in this courtyard! This could definitely be considered his dereliction of duty!

“I don’t know what I should say because I don’t know what you mean at all,” Leng Ruoxue said with a light smile.

/

“How dare you! Let me ask you, why are you living in this courtyard? Who exactly are you?” The Wen family’s butler questioned. Even though no one had lived in this courtyard for a long time, he couldn’t let anyone live casually! Moreover, no one had greeted him before, so this seriously affected his authority! He definitely couldn’t tolerate it.

“She humiliated Third Miss yesterday, Head butler.” The young woman added.

“You still dare to humiliate Third Miss, which is even more of a crime. Men, bring her to see the patriarch! Wait for the patriarch’s punishment!” Under the order of the Wen family’s butler, two guards stepped forward to capture her.

Leng Ruoxue dodged the two guards’ outstretched wolf claws and said with a faint smile, “I don’t need you to catch me. I’ll walk myself.”

“Hmph! At least you know your place.” The Wen family’s butler was very satisfied with Leng Ruoxue’s cooperation.

The woman heaved a sigh of relief when she saw that she had found Leng Ruoxue. Well! She was the one who found this woman. Third Miss should reward her! However, she was also a little worried. Now that Third Miss couldn’t get out of bed because of diarrhea, she didn’t know if she could still receive a reward.

Leng Ruoxue walked slowly behind Head butler Wen, and the head butler turned around from time to time to urge her, “Walk faster, did you not eat!”

“I really didn’t eat! Is this how the Wen family treat their guests? No one brought me breakfast. This is too much. I want to complain!” Leng Ruoxue complained.

“I haven’t eaten yet! What are you shouting about?” Butler Wen said angrily. The Wen family had been tortured since last night. They would now react reflexively when they saw food.

“You’re just a servant of the Wen family. It doesn’t matter if you eat or not. I’m a guest. How can you let a guest starve?” Leng Ruoxue said angrily.

Servant? When the Wen family’s butler heard this word, he was immediately furious!

He was the head butler of the Wen family. When did he become a servant?

Damn woman! The Head Butler was about to teach Leng Ruoxue a lesson when he suddenly felt an uncomfortable stomach, so he quickly abandoned Leng Ruoxue and ran towards the toilet...

“Why did you run away by yourself as the Head butler?” Leng Ruoxue asked, knowing full well what was happening.

“This is none of your business!” The woman who came with the butler shouted. Then, she also felt that her stomach was a little bad, so she ran away without looking back.

Leng Ruoxue saw that two people had already run away, so she turned to look at the guards watching her from behind. However, before she could speak, those guards all ran away with flushed faces.

Uh! These people were really too irresponsible. Didn't they say that they wanted to bring her for interrogation? They actually left her in the courtyard and all of them ran away. Then in this situation, should she still listen to the Patriarch of the Wen family? Leng Ruoxue was very conflicted.

After thinking for a while, she finally decided to listen to the Patriarch of a certain family.

Well! She had always been a good child who abided by the law! Besides, she knew the main courtyard. She would go inside today to take a look! Otherwise, she might not have the chance to enter usually.

Leng Ruoxue arrived at the main courtyard leisurely and walked in without any obstruction.

After entering the main hall, she did not see anyone.

Leng Ruoxue raised her beautiful eyes and openly sized up the furnishings in the main hall. Hehe! As expected of one of the eight great families, the Wen family! This main hall was really luxurious. The walls were inlaid with night pearls that were bigger than an adult's fist, and the four corners of the pillars were filled with various crystals. Oh, so much money!

At this moment, although there was no one in the hall, she couldn't come for nothing. She should wait here!

Thinking of this, Leng Ruoxue casually found a seat and sat down. Then, she picked up the snacks on the table and started eating...
