

Crazy Wife 971

Chapter 971: The Depressed Yao Family (3)

After finding a place to set up camp and setting up the tent, Leng Ruoxue leaned on the freak and glanced at the other teams with her beautiful eyes, feeling helpless.

Sigh! It was really inconvenient to do anything when she was followed like this! However, she could understand. Those people were mainly afraid that the Yao family would secretly attack them, so they felt that it would be safer to be with other teams. However, what about the Yao family?

"Little Sister, is he your guard?" At this moment, Yao Qianqian walked forward and pointed at the freak. Even though Leng Ruoxue had repeatedly ordered her not to call him that, Yao Qianqian acted as if she didn't hear it. As long as she came in front of them, she would still call him sister.

"What can I do for you, Miss Yao?" Leng Ruoxue raised her eyelids and asked calmly. Looking at Yao Qianqian's lively appearance now, it seemed that the previous incident did not affect her much. She was indeed the daughter of a big family!

"Little Sister, I think he's not bad. He's qualified to be my guard. Why don't you sell him to me? How about I offer a hundred superior-grade crystals?" Yao Qianqian said self-righteously.

"A hundred superior-grade crystals?" Leng Ruoxue smiled faintly and looked at Yao Qianqian as if she was looking at a joke. She couldn't help but wonder if Yao Qianqian had gone crazy because she had suffered too much shock.

"Yes. If he wasn't so good-looking, he wouldn't be worth so much money," Yao Qianqian explained. There were many people in the God Realm and it was difficult to earn crystals, so she was very confident that the other party would be satisfied with the price she offered.

"Did you hear that? It's your face that helped you raise the price. Otherwise, you wouldn't even be worth 100 superior-grade crystals." Leng Ruoxue caressed his handsome face and teased.

"Yes, there are too many people in the God Realm, so no one is worth much. However, Miss, don't sell me at this price," the freak begged, pretending to be afraid. A cold glint flashed across his eyes.

"Don't worry, I won't sell you at this price," Leng Ruoxue promised.

"If you think this price is too low, then I'll increase it by another 50 superior-grade crystals." Yao Qianqian heard the two of them talking as if no one was around and made up her mind. After all, 150 superior-grade crystals could buy more than a dozen guards in the God Realm. However, she only wanted to buy the one who was concerned about the woman.

"150?" Leng Ruoxue looked at Yao Qianqian like she was looking at a fool.

"Yes, this price is not low. Sell him to me!" Yao Qianqian pretended to be weak and begged.

"No!" Leng Ruoxue said impatiently. To be honest, she was a little tired of being pestered for a few days. If she hadn't been waiting for the opportunity, she would have attacked long ago.

“Leng Ruoxue...” Yao Qianqian refused to give up and wanted to continue persuading Leng Ruoxue, but she was interrupted by Leng Ruoxue.

“Miss Yao, if you don’t understand human language, I’ll say it again. I’m not selling!” Leng Ruoxue said impatiently.

“Get lost!” The freak was even more direct. He secretly sent the annoying Yao Qianqian flying...

In an instant, the people present, who were secretly watching their situation, saw Yao Qianqian fly up like a kite. As for how she flew, no one saw it. Moreover, seeing that Yao Qianqian had already flown out of their sight, they could not help but laugh.

“What are you waiting for? Hurry up and look for Third Miss!” Uncle Yao said with a headache. He could not help but complain in his heart. He had already said that he would let Qianqian endure for a few days. Why couldn’t Qianqian be more obedient?

“Yes!” The Yao family received the order and dispersed, each running in a direction to find someone.

After a long time.

When everyone had finished their dinner, they saw Yao Qianqian limping back, supported by someone. Everyone immediately understood. Some couldn’t help but think that it was a pity that the Yao family had found her so quickly!

However, they wouldn’t help but wonder where had she fallen into that resulted in such a sorry state.

At this moment, Yao Qianqian’s clothes were tattered and there were a few black spikes stuck in some places. She also smelled bad. She seemed to have fallen into the nest of some beast! Everyone suppressed their laughter and guessed.

“Haha! I say, Yao Qianqian, what’s wrong with you? Did you get intimate with a wild boar?” Feng Da looked at Yao Qianqian’s sorry state and laughed maniacally. Hehe! Others might be afraid of the Yao family, but he was not.

Hearing Feng Da ask what many people were thinking, those who wanted to laugh but did not dare to laugh too openly could only turn their heads and laugh secretly. However, their constantly shaking shoulders revealed their thoughts.

“Damn it, shut up!” Yao Qianqian roared angrily. Even though she was in a sorry state, she was not very seriously injured. However, the smell on her body was so bad that she could not stand it.

“Miss Yao, don’t be angry! We’re really curious where you flew to!” Feng Da continued to ask fearlessly.

“It’s none of your business!” Yao Qianqian roared angrily. Then, with the help of the person beside her, she crawled into her tent and did not appear in front of everyone the entire night.

“I’m sorry to have embarrassed myself in front of everyone.” Uncle Yao said with a face full of shame. Sigh! The Yao family’s reputation had been completely lost in the Phoenix Cry Mountain. This also strengthened his will. These people had to die! Otherwise, their Yao family would become the laughing stock of the entire God Realm!

“Uncle Yao, where did your niece fall to?” Feng Da continued to ask, as if he would not stop if he could not get an answer.

“Hehe! Sorry to disturb everyone’s rest.” Uncle Yao did not answer Feng Da’s question. After saying that, he returned to his tent! Sigh! How could he answer this! He could not possibly say that his niece had fallen into a wild boar’s den and was chased into the bushes by a wild boar in heat! Now, just thinking about that scene made him feel a little incredulous. This was... too coincidental!

The rest of the Yao family also went into their tents to avoid being questioned.

Chapter 972: The Depressed Yao Family (4)

However, someone walked a little slower and was pulled into the bushes by Feng Da. This person was none other than Number One.

“What... what do you want!” Number One looked at the two people in front of him and clenched his clothes tightly in fear. His body trembled like a fallen leaf in the wind.

“We don’t want to do anything. We just want to understand the situation from you. Don’t be afraid!” Feng Da comforted him with a smile.

F*ck, he scared this guy. He made it seem like they were going to do something to him.

“I don’t know anything. Don’t ask me.” Number One was very afraid. In fact, he knew what the two people in front of him wanted to ask, but they had all been warned not to tell anyone about this!

“Okay! Okay! We won’t ask. Then tell us yourself, okay?” Feng Da coaxed as if he was coaxing a child.

“I can’t talk about it. Don’t make me do it,” begged Number One. Boohoo... Why was he so unlucky? Why was he the one being pulled?

“Then say whatever you can,” Feng Da said with a look that said, We won’t force you.

“Really?” Number One sounded skeptical, and she wondered to herself if they could be so kind.

“Of course it’s true. It’s definitely more real than pearls.” Feng Da patted his chest and promised.

After hearing Feng Da’s guarantee, Number One did not completely believe him. Then, he turned his gaze to Lin Yuan, who had not said a word. His meaning was self-evident.

“I promise not to force you, either,” Lin Yuan said grudgingly.

“Then I can only say a little! After that, you have to let me leave.” Number One started giving out his conditions.

.....

“Yes, yes.” Feng Da and Lin Yuan nodded in unison. They thought to themselves, It’s up to us to decide if we want to finish talking! Hehe! This stupid Little Red Riding Hood has fallen for their tricks!

“Yes, yes.” Feng Da and Lin Yuan nodded in unison. They thought to themselves, It’s up to us to decide if we want to finish talking! Hehe! This stupid Little Red Riding Hood has fallen for their tricks!

However, perhaps because he was too excited or because he had found someone to talk to, Number One, who had been shy, became more and more agitated. In the end, he simply let go completely and spat out everything he knew, including this one.

What was more, he had secretly recorded what had happened with a memory crystal. He had wanted to use it when he was depressed, but without realizing it, he had willingly handed it over to Feng Da.

Naturally, Feng Da would not take away someone else's favor. After making a copy of the information recorded on the crystal, he returned it to Number One. He even kindly reminded him to be careful and not be discovered. His words actually moved Number One to tears and she almost cried.

After obtaining the information he wanted, Feng Da knocked Number One out and fed him a pill before leaving with Lin Yuan.

When they returned to the tent, Cheng Wu and the others were waiting for them.

"Well? Did you get it out of him?" Cheng Wu asked curiously.

"Hehe! Of course!" Feng Da said proudly.

"Not only that! That guy even confessed to eight generations of HIS ancestors," Lin Yuan said speechlessly. In the end, the guy was extremely cooperative. He answered whatever they asked unless he didn't know.

"Ha-ha! That boy's got some sense," said Song Di with satisfaction.

"Oh, right, take a look! It's exciting," Feng Da said with a wicked smile. He and Lin Yuan had already seen the information on it and almost laughed out loud.

"Okay." Everyone took the memory crystal and passed it around. After reading it, Cheng Wu, who was laughing the most exaggeratedly, fell to the ground.

"Hehe! This memory crystal is really a good thing! Unfortunately, only the God Realm has it." After laughing enough, Cheng Wu said with a regretful expression.

"There are very few memory crystal mines in the God Realm, so ordinary families can't afford such luxury goods," Leng Ruoxue explained with a faint smile. The memory crystal in Feng Da's hand was given to them by their ancestor! It was said to be a reward for his refining.

"Miss, it would be great if Ball ball woke up. That way, it can help us find the crystal mine," Feng Da said expectantly.

"Yes, but both Baby and it have been sleeping for a long time. They should be waking up soon!" Leng Ruoxue guessed secretly. She didn't know what changes the two little things would have after waking up this time. She was looking forward to it.

"Miss, I heard from that guy that the Yao family's uncle wants to kill us all. Should we inform the other teams?" Feng Da asked.

"Of course. Otherwise, wouldn't it be a loss if only we knew? Our show isn't that good." Leng Ruoxue chuckled.

“Then I’ll go find them now,” said Feng Da. After saying that, he turned around and prepared to leave the tent.

“Tell them tomorrow! It doesn’t matter. The Yao family won’t arrive so soon. Everyone should rest early today!” Leng Ruoxue said and brought everyone into the bracelet...

The next day.

When Feng Da, Lin Yuan, Cheng Wu, and Song Di each went to the teams to tell them about this, the leaders of the two teams immediately turned pale with fear.

“What... what should we do? We can’t afford to offend the Yao family. Why don’t we leave Phoenix Cry Mountain quickly? It’s all your fault. If you hadn’t provoked the Yao family, we wouldn’t have been killed!” One of the leaders said incoherently. He was so anxious that he kept spinning on the ground.

“Look at you. Why were you so enthusiastic when you were watching the show? Now that you’re in trouble, you want to be a coward? Hmph! No way,” Feng Da said with disdain.

“Then what do you want? We’re just a small family. The Yao family really can’t afford to provoke us!” The leader cried.

“I’ll give you two choices. One is to die immediately without waiting for the Yao family to come. I’ll send you on your way now. The other is to join forces with us to deal with the Yao family. Choose!” Feng Da said coldly. In fact, they did not care about the lives of these teams at all. It was not necessary to join forces with these people. The reason why they dragged these teams into the water was because they did not want these people to betray them.

Chapter 973: The Depressed Yao Family (5)

“Erm...” The leader was depressed. How was he supposed to choose? If they didn’t join forces, they would die now. However, if they joined forces, they would probably not be a match for the Yao family even if they joined forces. After all, they had already returned to their families to find help! Sigh! No matter what, Heng Zuo would still die.

“Then let’s join forces!” The leader said helplessly. Actually, the reason why he was so unconfident was mainly because he did not believe in the strength of Feng Da and the others. After all, the Yao family was a huge existence in the God Realm. They could not bite them!

“A wise man knows his place. Then inform your team members to be on guard! We’ll stay here for the time being,” Feng Da reminded.

“O-Okay,” the leader replied. At this moment, he still felt unreal. Boohoo... They were about to become enemies with the Yao family. His heart trembled at the thought! However, he also knew that the Yao family would definitely not let them off! Even if they ran away now, they would probably bring disaster to the family. Therefore, they could only join forces!

“Then I’ll go back first. Remember, don’t look afraid. Otherwise, the Yao family will be suspicious.” Feng Da reminded him again.

“I understand,” the leader said miserably. Boohoo... It was impossible not to be afraid!

Sigh! Feng Da looked at the leader and sighed helplessly before turning to leave.

Three days later.

Uncle Yao was puzzled when he saw that Feng Da and the others had not left.

Not only that, but the other teams also seemed to have made an appointment. No one left, which made him, who had always been cautious, suspicious.

With a heart full of questions, Uncle Yao came to Feng Da and asked with a smile and a little curiosity, "Why aren't you walking forward? With your strength, there's no danger in Phoenix Cry Mountain."

The reason why he asked Feng Da was that other than Feng Da, no one else liked to talk to him.

"We're tired, so we want to rest here." Feng Da said perfunctorily, but he was complaining in his heart. Uncle Yao! When are you going to catch us all? We've been waiting for a few days. Your Yao family's speed is not good!

.....

"We're tired, so we want to rest here." Feng Da said perfunctorily, but he was complaining in his heart. Uncle Yao! When are you going to catch us all? We've been waiting for a few days. Your Yao family's speed is not good!

"No," Feng Da said flatly.

"I heard that there's a strange flower in the mountain stream of Phoenix Cry Mountain. It can cure all kinds of poisons and illnesses. Many people seem to have rushed there. If you stay there, the flower will be snatched away by others," Uncle Yao reminded them kindly.

"Oh! We're here to visit Phoenix Cry Mountain. We're not interested in those flowers. However, if you want to get those flowers, hurry up and go on your way! There won't be any at night!" Feng Da reminded him and thought to himself. Did this old fellow want them to go to the mountain stream? Could it be that he had set up an ambush there? No wonder there had been no movement.

In fact, Feng Da's guess was not entirely correct. Uncle Yao did want them to go to the mountain stream, but he did not set up any ambush there because he was too confident in his family's strength. He had only arranged with his family to attack there and catch them all in one fell swoop.

"Hehe! I'm only bringing the younger generation of the family to train. Let others snatch those flowers and grass!" Uncle Yao said awkwardly. Then, he felt that he was asking for trouble, so he turned around and left dejectedly.

After Uncle Yao turned around and left, Feng Da went to complain to Leng Ruoxue.

"Miss, that old thing wanted to trick us into going to the mountain stream. I didn't fall for it!" Feng Da said proudly.

"Hehe! Are we going?" Feng Da asked again. Actually, this was the main reason he came to look for Leng Ruoxue. After all, being tricked was different from taking the initiative!

“Since they’ve already spoken, wouldn’t we be giving them no face if we don’t go?! However, we can’t leave immediately. Well! We’ll stay for two days and go there the day after tomorrow!” Leng Ruoxue thought for a moment and said.

“Alright, I’ll inform the others.” After saying that, Feng Da turned around and left.

After Feng Da left, the freak looked at Leng Ruoxue with sparkling eyes and said dotingly, “Xue’er, why are you so cute?”

“Haha! How am I bad? I’m such a kind child! Don’t slander me!” Leng Ruoxue pretended to scold.

“I was wrong,” Freak said. “My Xue’er is the kindest child in the world.”

“Yes, yes, that’s more like it,” Leng Ruoxue said in satisfaction. Then, she started eating the freak’s tender tofu...

Two days later.

Just as Uncle Yao changed his plan and planned to let his clansmen come to their camp to capture these people in one fell swoop, Leng Ruoxue and the others suddenly moved.

Seeing that Leng Ruoxue and the others were about to walk out of their sight, Uncle Yao, who only reacted after a while, quickly ran forward and blocked their way. He panted and said, “Where are you planning to go?”

He had already got his clansmen come here. How could these people leave? Uncle Yao was furious! No! He could not let them go.

“We plan to go to the mountain stream you mentioned. If we’re lucky, we might be able to snatch the strange flower you mentioned!” Feng Da explained with a smile. Seeing how anxious Uncle Yao was, he was already laughing in his heart.

“It’s been a few days. I’m afraid that the flowers have already been obtained by others. It’s useless for you to go. It’s better not to waste time,” Uncle Yao advised.

“You’re wrong. If we didn’t see for ourselves, how could we have given up?!” Feng Da sighed and said helplessly.

“It’s really gone. Why would I lie to you?” Uncle Yao said angrily. He was so anxious that cold sweat broke out on his forehead.

“That’s hard to say. What if you want to keep it for yourself!” Feng Da said with a look of disbelief, and the others did not believe him either.

“Miss, let’s go!” Feng Da said.

“Okay.” Leng Ruoxue nodded. Then, everyone ignored the Yao family’s eldest uncle’s resentful gaze and headed to their destination, the mountain stream of Phoenix Cry Mountain.

As the Yao family’s eldest uncle watched everyone leave, he was so angry that his face alternated between white and black. When the Yao family members rushed over to meet up with the Yao family’s

eldest uncle, they realized that there was no one else here except for the Yao family. The furious leader scolded the Yao family's eldest uncle again.

Immediately, the Yao family members gathered together and headed towards the mountain stream...

However, when they rushed to the mountain stream, they found it empty.

"Where are they? Didn't they come to the mountain stream?" The leader of the Yao family roared angrily. F*ck! They had flown for several days before arriving at Phoenix Cry Mountain. They had wanted to quickly settle the matter and report back to the family, but who knew that after arriving at Phoenix Cry Mountain, they would be tortured here and there? They didn't even see the shadow of the enemy. This couldn't help but make him even angrier.

"Where are they? Didn't they come to the mountain stream?" The leader of the Yao family roared angrily. F*ck! They had flown for several days before arriving at Phoenix Cry Mountain. They had wanted to quickly settle the matter and report back to the family, but who knew that after arriving at Phoenix Cry Mountain, they would be tortured here and there? They didn't even see the shadow of the enemy. This couldn't help but make him even angrier.

"I asked you a question! Didn't you say they came to the mountain stream?" The leader looked at the Yao family's eldest uncle and questioned him.

"We're here. Maybe... maybe we're lost!" Uncle Yao said with a careful smile. In fact, he was extremely depressed. Boohoo... For the first time, he realized how difficult it was to get rid of an opponent! How could this be? He couldn't understand!

"Lost? Bullsh*t! Phoenix Cry Mountain is only a small place. I won't get lost even if I close my eyes. How can so many of them get lost?" The leader was furious. He really couldn't figure out where those people had gone.

Even though there was more than one way to get to the mountain stream, there was only one main road coming here, which was the one they had just walked on. Therefore, he was very sure that those people would not take the side road. That would be too illogical.

However, Leng Ruoxue and the others' actions could not be considered as normal.

Therefore, in fact, he had guessed correctly. This was because Leng Ruoxue and the others had indeed taken an extremely small path. Moreover, along the way, Leng Ruoxue and the others were still talking and laughing, as if they were really here to play in the mountains. They were not in a hurry to rush to the mountain stream at all.

However, while they were not in a hurry, someone was!

"This road is too difficult. At this speed, how long will it take to reach the mountain stream?!" When they were almost a third of the way down the path, someone started complaining.

"Oh! I only found out today that someone is so eager to die," Feng Da said calmly.

Chapter 974: You're Too Smelly (1)

"I... I didn't mean it that way," the man explained quietly, listening to Feng Da.

“Oh! Then what do you mean?” Feng Da raised his eyebrows slightly and asked with a faint smile. Even though he was smiling, the other party felt goosebumps all over.

The man knew better than to say another word.

“All of you, listen carefully. We will definitely go to the mountain stream. However, we are not in a hurry. If any of you are in a hurry, you can go first. However, if anyone wants to get cold feet, even if the Yao family does not destroy you, I will not let you off.” Feng Da said coldly. At this moment, he was like a demon from hell, making people shiver!

“We won’t, and we’re not in a hurry,” one of the leaders quickly said. As soon as he finished speaking, the others echoed him. Oh my God! They had long known that they had boarded a pirate ship, so they had never thought that they would be able to get off. However, there were people who did not know what was good for them and wanted to pluck the fur from the tiger’s mouth. They did not even look at which of these people they could afford to provoke.

“The morale of the army and the hearts of the people cannot be scattered. If anyone says another word of nonsense, don’t blame me for being merciless.” Feng Da threatened.

“We won’t! We won’t!” the men in those teams promised quickly.

“That’s good. Let’s continue on our way! Keep your mouths shut. I don’t have a good temper. Don’t anger me because of something I said.” Feng Da warned.

This path was indeed not easy to walk on. Not only was the path narrow, but it was also covered in vines and brambles. It was no wonder that these people, who were usually pampered, were not used to walking on it. However, they had to walk even if they were not used to it. Feng Da could not help but think to himself.

Everyone continued walking forward. No one dared to complain anymore along the way. When Feng Da saw that his deterrence had worked, he was already laughing in his heart. Hehe! This feeling of bullying was really good!

Along the way, Leng Ruoxue and the others walked slowly. When they arrived at the mountain stream, it was already two days later.

For the past two days, they had been walking and stopping. They were all in good spirits. However, Uncle Yao and the others, who were glaring at them not far away, were much more haggard than them.

Elders Uncle Yao and the others were dressed in messy and wrinkled clothes. Their faces were pale, and there were big dark circles under their eyes. However, their eyes were burning with hatred, as if they wanted to skin Leng Ruoxue and the others alive.

In fact, the reason why they were so inhuman was mainly because the leader of the Yao family had scolded them when he had nothing to do for the past two days. They did not dare to retort and could only endure it. The anger in their hearts also accumulated. As time passed, after seeing Leng Ruoxue and the others, they all surged up.

“Yo, what’s wrong with the Yao family’s uncle? It’s only been two days since we last met. Could it be that he encountered some irresistible force that caused him to become like this?” Feng Da teased with a smile.

“You... Why did you only arrive now?” Uncle Yao pointed at Feng Da and the others, trembling with anger. Boohoo... Because of these people, he had been scolded so much in the past two days! However, look at their mental state, and look at his own. Sigh! How sad!

“This... I don’t understand the Yao family’s uncle. Our feet are on us. We can arrive whenever we want, right? It doesn’t seem to be any of your business! Why are you so angry?” Feng Da said innocently.

“Well... I’m just afraid that if you arrive too late, that strange flower will be snatched away by someone else!” Uncle Yao wiped the sweat off his forehead. Damn it, he was too impulsive!

“Oh! From what you’re saying, the flowers are still there!” Feng Da asked with a smile.

“Of course it’s here. If I hadn’t been watching, the flowers would have been snatched away by someone else.” Uncle Yao said with an expression that said, “You guys have to thank me.”

“It seems like we have to thank you properly,” Feng Da said seriously.

“There’s no need to thank me. I still think I hit it off with you guys! If it were anyone else, I wouldn’t let them watch!” Uncle Yao immediately took advantage of the situation.

“Yes, there’s fate between us. Where’s the Yao family’s uncle, that strange flower? Let me see it!” Feng Da chuckled.

“It’s below the mountain stream. We have to go down to see it,” the Yao uncle said. Their people were already lying in ambush below. As soon as these people went down, they would definitely kill them all.

“Oh! There’s no hurry. It’s getting late. Let’s rest first and go down to take a look!” Feng Da deliberately thought for a moment before saying.

“It’s getting late? It’s not even noon yet!” Uncle Yao roared angrily. He was even more furious. F*ck, what kind of person was this?! He actually said that it was getting late during noon!

“It’s getting late! We should take a nap,” Feng Da said matter-of-factly.

“You want to take an afternoon nap?” Uncle Yao’s eyes widened in disbelief. In all his life, he had never heard of anyone taking an afternoon nap.

“That’s right!” Feng Da nodded with a smile.

“Are you guys going to sleep too?” Uncle Yao was a little angry and pointed at the other teams that came with Leng Ruoxue and the others.

“Yes.” The people in the teams nodded in unison. They did not dare to not sleep when this fiend said to sleep!

Moreover, they were already used to Feng Da’s ability to lie through his teeth. However, they were quite impressed by Feng Da. He could actually make this smiling tiger-like Uncle Yao so angry that he

stomped his feet. Sigh! This was also a skill! Thinking of this, they miraculously felt much better. After all, watching others suffer was better than them!

“Hehe, the sun will be up soon. Everyone, quickly set up the tent. Then, have a good rest after lunch!” Feng Da said loudly to everyone.

“Aye,” the men said in unison, and set about setting up their own tents.

After the tent was set up, everyone started to make a fire and cook. The entire set of movements was as smooth as flowing water, making Uncle Yao dumbfounded.

“Xue’er, when are you going to the mountain stream to deal with those guys?” The freak was hugging Xue’er beside the fire and asked curiously. Oh! The Yao family had probably waited long enough down there.

Chapter 975: You’re Too Smelly (2)

“Anyway, I’m not in a hurry.” Leng Ruoxue smiled evilly.

“Hehe! If you’re not anxious, someone is,” Freak teased.

“They’re anxious, we’ll rest,” Leng Ruoxue said disapprovingly.

“Alright.” As the twenty-four filial fiancé, the freak naturally did whatever Xue’er wanted!

After Leng Ruoxue and the others finished eating, they went straight into the tent to take an afternoon nap. As for the angry Uncle Yao, he was ignored by everyone.

Actually, Leng Ruoxue and the others weren’t really taking a nap. They just didn’t want Uncle Yao to get what he wanted. Why did they have to act according to the other party’s plan? If they wanted to kill them, they had to follow their plan, and their plan was to delay!

When the other party couldn’t take it anymore and took the initiative to jump up, they would do it. They wouldn’t foolishly run down the mountain stream and be at the mercy of others! Search NewNovel on google’

However, the other party’s intelligence was nothing much! They only knew how to wait for an opportunity. In fact, in Leng Ruoxue’s opinion, they should take the initiative to attack and surprise her!

Eldest Uncle Yao stood outside Leng Ruoxue and the others’ tent. The anger in his heart kept rising, and his eyes glared fiercely at the tent, wishing he could glare through the tent of the people he hated the most.

Unfortunately, the people inside the tent seemed to be enjoying the show. They chatted as they observed the situation outside through a small window that was open in the tent.

“Miss, could this Uncle Yao be furious? He’s already so old, but he’s still so angry.” Lü Tao was a little speechless.

“Don’t worry, he won’t. That guy can take it! This blow is nothing,” Leng Ruoxue said disapprovingly.

“Hehe! I wonder how many days the people below the mountain stream can endure. It should be very cold down there!” Feng Da said with a wicked smile.

.....

“It’s definitely cold, but I’m more certain that they didn’t bring much food, so we just have to stall for time. When they can’t stand the hunger and jump up, it’ll be time for us to take action,” Leng Ruoxue said indifferently.

“Xue’er, you’re so bad. Whoever becomes your opponent will be unlucky.” Empty sighed.

“I can’t help it. I’m lazy! I always like to use the simplest methods to achieve the greatest effect,” Leng Ruoxue said proudly.

Actually, it was not necessary to fight to deal with a person, nor was it necessary to kill the other party to vent her anger. In fact, she felt that killing the enemy was too easy on the other party. Therefore, if she had to choose between killing or not, she would rather choose the latter...

“Sigh! Poor Yao family, why did they have to provoke a little demon like you!” Wu Qing teased.

“Who knows? I never like to cause trouble, but trouble always comes to me. Sigh!” Leng Ruoxue’s beautiful face was filled with helplessness and innocence.

“By the way, we won’t leave the tent until tonight. Why don’t I send you into the space!” Leng Ruoxue said again. They couldn’t possibly squeeze so many people into one tent!

“Miss, I’ll stay outside!” Feng Da suggested. Hehe! He had thrown the ape into another tent, so he had to prevent the monkey from running over to find him.

“Alright, I’ll bring them in then.” Leng Ruoxue nodded and disappeared from the tent with everyone.

Leng Ruoxue and the others only walked out of the tent in the evening.

After they went out, they naturally cooked dinner.

After dinner, Leng Ruoxue and the others wanted to sleep again.

When Uncle Yao saw this, he quickly stopped them.

“Wait.” Eldest Uncle Yao stopped Leng Ruoxue and the others.

“Uncle Yao, what’s the matter? If there’s nothing important, don’t delay our sleep,” Feng Da said unhappily.

“Damn it, you still want to sleep? Aren’t you going to see that strange flower?” Uncle Yao widened his eyes and said resentfully. Damn it, were these people the reincarnation of pigs? Why weren’t they eating or sleeping? He was so aggrieved! Because he had not eaten anything since noon! He was also hungry!

“Hehe! With the Yao family’s uncle watching over us, we’re not in a hurry. We can take a look after we rest,” Feng Da said gratefully.

“Uncle Yao, you’ve worked hard!” Feng Da added.

With that, Feng Da was about to enter the tent with everyone when he was stopped again.

“Wait,” Uncle Yao shouted again.

“Uncle Yao, calm down. I can hear you. There’s no need to be so loud.” Feng Da was a little speechless. It seemed that this old man was really forced into a corner. He was becoming less and less like the calm and smiling wolf in sheep’s clothing they had met earlier on.

“Don’t you want to sleep? Why are you all hiding in the same tent?” Uncle Yao roared angrily. In fact, he had wanted to ask this question at noon, but the other party did not give him a chance. Therefore, he had to ask the reason no matter what.

“Can’t I?” Feng Da asked.

“Of course not. Men and women shouldn’t be so close together. You have to pay attention to your reputation.” Uncle Yao blurted out without thinking. Well! This reason was something he had thought of at the last minute!

“Uncle of the Yao family, you’re thinking too much. This tent belongs to our young miss, so as her subordinates, we have the right to protect her safety. As for difference between men and women you mentioned, are you still a virgin?” Feng Da asked with a smile, his face filled with curiosity.

“What do you mean?” Uncle Yao was confused. Wasn’t he talking about them? Why was he involved?

“Since you pay so much attention to gender differences, you probably haven’t entered a woman’s room before!” Feng Da guessed with a smile.

“You... I’m doing this for your own good! You have to pay attention to your reputation,” Uncle Yao said earnestly. In fact, he mainly suspected that these people were using sleep as an excuse and were secretly discussing some bad ideas. Therefore, he wanted to ask them clearly. However, who knew that this fellow would actually change the topic to him? It was really infuriating!

“Uncle Yao, do you think safety or reputation is the impact more important?” Feng Da asked instead of answering.

Chapter 976: You’re Too Smelly (3)

“This...” Uncle Yao was at a loss for words. Even though he wanted to say that the impact was important, if he really said that, he wouldn’t even be able to get past himself. In this world, there was nothing more important than his master’s safety!

“Uncle Yao, I understand how you feel. My condolences!” Feng Da patted Uncle Yao’s shoulder and comforted him. Then, he gave everyone a look and they went straight into the tent...

Condolences? Again! Damn it, no one in their Yao family had died, so why was he mourning! Uncle Yao was so angry that he stomped his feet. Unfortunately, the other party had already closed the tent tightly. No matter how angry he was outside, the people inside ignored him.

For several days in a row, Leng Ruoxue and the others ate and slept. They woke up and ate again, not doing anything else. Moreover, not only them, but the other teams also did the same, making Uncle Yao and the others almost go crazy.

In the Yao family's tent.

Eldest Uncle Yao sat in the corner with a dark expression. Looking at his ugly expression, the younger members of the Yao family did not dare to speak.

However, Yao Qianqian did not have that concern.

"Uncle, it's been almost a week. When will they go down the mountain stream?" Yao Qianqian could not help but ask.

"Who should I ask?" Uncle Yao snapped.

"Uncle, hurry them up!" Yao Qianqian said anxiously. She had stayed here long enough. If she didn't want to see what would happen to them, she would have returned to the Yao family long ago.

"Hurry them? Who do you think I am? Will they listen to me?" Uncle Yao was even angrier when he heard Yao Qianqian's words. Hmph! What an ignorant brat. She only knew how to urge him to do this and that. Why didn't she think about it? If not for her, would these things have happened? What a troublemaker! Now, he was extremely tired of his niece!

"Then what should we do? We can't wait forever!" Yao Qianqian said gloomily.

"Whoever has the ability, go ahead and urge them! In any case, I don't have a choice." Uncle Yao looked like he had given up on himself. Now, he didn't even dare to go down the mountain stream. Otherwise, he would be scolded again!

.....

"I'll try," Yao Qianqian suddenly said confidently.

"Alright, go!" Uncle Yao said coldly without even looking up.

'I'll get go then.' Yao Qian stood as if she were a fighter and went out of the tent, but before long, she returned alone, crestfallen.

"How is it?" Uncle Yao said knowingly.

"I didn't see anyone. I went to knock on the tent, but they actually pretended not to hear me! I'm so angry." Yao Qianqian growled angrily.

In the next few days, when Leng Ruoxue and the others came out of the tent to eat, Yao Qianqian would approach them, wanting to find a chance to talk to them. Unfortunately, before she could talk, she would always feel uncomfortable in her stomach and had to relieve herself. When she came back after relieving herself, the person she wanted to talk to entered the tent again. This fact could not help but make her angry!

Another few days passed.

Leng Ruoxue and the others gathered in the garden in the bracelet.

"Miss! It's been half a month, but the other party is still quite tolerant," Feng Da said in disbelief. At the same time, he didn't understand why the other party insisted on attacking under the mountain stream!

If they didn't go down, the other party actually didn't know how to come up. Wasn't this a little too persistent!

"Calm down. If I'm not wrong, they should jump out in a day or two." Leng Ruoxue chuckled.

"Have you finished your preparations?!" Leng Ruoxue asked again.

"Hehe! Don't worry, Miss! We're just waiting for the silly rabbit to take the bait," Feng Da said with a smile. After all that, they were the ones waiting for the rabbit to bite!

"Feng Da, go out and inform the other teams to be on high alert for the next two days," Leng Ruoxue instructed after some thought.

"Okay," Feng Da replied.

Then, everyone discussed the details. They had to capture the other party in one fell swoop. Otherwise, it would be a disaster if even one of them escaped.

The next day.

When Leng Ruoxue and the others were enjoying their dinner, they suddenly felt several powerful pressures surging up from the bottom of the stream...

At this moment, Leng Ruoxue and the others understood. Hehe! The silly rabbit is coming!

However, in contrast to their excitement, the other teams were a little terrified and uneasy. After all, the Yao family had always been a huge existence in their hearts that they could not shake. And what they were about to do now was called 'ant biting an elephant'. Of course they were ants!

"Goddammit, who took a dump here!"

A roar entered Leng Ruoxue and the others' ears. When they heard it, they all laughed in unison.

"Haha!"

Feng Da and the others laughed so hard that their stomachs hurt. Were these people from the Yao family here to be funny? Why was it that they were already eating shit as soon as they came up, before they even had the chance to show off their might! It was really too funny.

"Stop laughing! If you laugh, I'll kill you!" someone said angrily. This person was none other than the leader of the Yao family.

At this moment, he was standing in front of the Yao family's tent in a rage. His clothes were covered in sticky stuff and he was emitting a foul smell. Clearly, he was the one who had trouble with the sh*t!

"Will you let us go if we don't laugh?" Feng Da asked curiously.

"Hmph! You're all dead whether you laugh or not." The leader said. In his eyes, Feng Da and the others were already dead.

"In that case, what does it matter if we laugh or not? The final outcome would be the same." Feng Da shrugged and said indifferently.

"If you don't laugh, perhaps I can give you a quick death if I'm in a good mood," the leader said kindly.

"Thank you! By the way, didn't you want to know who took a dump?" Feng Da smiled evilly.

"Who is it?" the leader asked angrily. Hmph! That sh*tter could forget about a quick death.

"It's your Yao family's Third Miss, Yao Qianqian!" Feng Da said in amusement. Hehe! Was this called keeping the goodies within the family?

Chapter 977: You're Too Smelly (4)

"Nonsense! Don't slander me!" Yao Qianqian immediately shouted after hearing Feng Da's words. Her beautiful face was distorted with anger.

"Miss Yao, I'm not spouting nonsense! Have you forgotten that your stomach hasn't been well recently? That's why you have been relieving yourself nearby!" Feng Da reminded her.

"So it was you!" The anger of the leader of the Yao family rose to its peak, and his cold eyes burned with anger!

"Old Ancestor, I... it's not me. Don't listen to his nonsense." Yao Qianqian firmly denied it. Otherwise, this Old Ancestor would definitely not let her off. Boohoo...

"Miss Yao, do you want me to take out the memory crystal and broadcast the location where you relieved yourself to prove that what I said is true?" Feng Da smiled evilly.

"You... you pervert, you actually... actually..." Yao Qianqian was so angry that she could not speak.

"Why? Are you feeling guilty, Miss Yao?" Feng Da chuckled.

"That's enough. All of you deserve to die. None of you can leave this place alive today," the leader of the Yao family roared. Then, he turned around and stared at Yao Qianqian. "I'll deal with you when we get back!"

"Old Ancestor..." Yao Qianqian's beautiful eyes were filled with tears. She felt that her world was dark. Boohoo... How could this be?

"Kid, you were the one who laughed the loudest just now. Let's start with you!" The leader of the Yao family pointed at Feng Da.

"I won't fight you," Feng Da refused, shaking his head.

"What? Are you afraid?" The leader of the Yao family narrowed his eyes and said disdainfully. Hmph! So he was a coward!

"I'm not afraid. You smell too bad. I'm afraid that I'll be stained with Miss Yao's shit," Feng Da said angrily. Then, he imitated the leader and sized him up with narrowed eyes.

The man in front of him was about 50 years old. He was ordinary-looking, not tall, and slightly thin. However, he was much stronger than him, so he was not stupid. How could he fight with the other party?

“Damn it, die!” The leader of the Yao family was completely furious after hearing Feng Da’s words! Then, he attacked...

A yellow bolt of lightning flew towards Feng Da. It was extremely fast and instantly arrived in front of Feng Da...

Even though Feng Da’s face revealed a look of panic, his body slowly dodged it. Then, Feng Da ran around the Yao family’s tent...

Moreover, as he ran, he muttered, “Don’t kill me! I’m so scared!”

“Damn it, stop right there.” The leader of the Yao family was furious. He had fought countless battles with others, but he had never met such a shameless person! How could he attack?

“I’ll lose face if I stop just because you tell me to. Besides, I’m not stupid. I won’t stand there and let you hit me!” Feng Da replied as he ran. He did not forget to take a bite of the rabbit leg that he had been holding in his hand.

The fragrance of the rabbit’s leg blew into the nose of the leader of the Yao family along with the breeze. The rich smell even covered the stench on his body. He, who was already muscular, was even hungrier when he smelled the fragrance!

Just like that, Feng Da ran in front while he chased after him. Moreover, just as he was about to catch up to Feng Da, Feng Da pulled away. The leader of the Yao family was furious seeing this situation!

Damn it, he didn’t believe he couldn’t catch an Elementary God! If word got out, he’d have no face left on Divine Continent!

The more he thought about it, the angrier he became. He chased after Feng Da faster and faster. However, as his speed increased, Feng Da’s speed increased...

Unknowingly, he was brought away from the mountain stream by Feng Da...

“Miss, should we attack?” Cheng Wu asked softly when he could no longer see Feng Da.

“Yes, let’s do it!” Leng Ruoxue nodded.

With Leng Ruoxue’s order, everyone surrounded the Yao family.

“What do you want?” Uncle Yao asked, pretending to be calm. For some reason, he felt that something was wrong, but he couldn’t tell what.

“Haha! The Yao family’s uncle! Of course we have to do what you want to do to us!” Cheng Wu reminded him with a naughty smile.

“How dare you... How dare you provoke our Yao family? The Yao family will not let you off,” Uncle Yao threatened. In fact, he was very uneasy. He had a bad feeling.

“Uncle of the Yao family, let’s change to a new term. This is too cliché. I’m tired of hearing it,” Cheng Wu said.

“You...” Uncle Yao was furious. You haven’t said a complete sentence for a long time.

“Stop talking nonsense with them. Do it!” Leng Ruoxue said impatiently.

“Sure!” Everyone in Chengwu was excited to hear about a fight.

Then, they each found an opponent and started fighting...

This time, in order to catch them all in one fell swoop, the Yao family had sent nearly 200 people. Therefore, after they added the other teams to fight each other, the additional people naturally belonged to Leng Ruoxue and the freak!

“Catch this woman first and leave the man to me,” Yao Qianqian said.

Yao Qianqian and dozens of Yao family members surrounded Leng Ruoxue and the freak. Moreover, in their eyes, the two people trapped in the middle were already meat on their chopping board, so they naturally had to let them slaughter them.

“Freak, did you hear that?” Leng Ruoxue asked with a light smile.

“Yes, leave these people to me! Rest,” Freak said considerately.

“I’m not tired. I want to meet Miss Yao personally.” Leng Ruo smiled, but when she looked at Yao Qianqian, the smile in her eyes turned cold.

“Alright, I’ll leave Yao Qianqian to you. I’ll deal with the others,” the freak said dotingly.

“Yes.” Leng Ruoxue nodded.

In an instant, the freak’s figure was as fast as lightning. Before the other party could react, he was already in front of him. Black divine power was released from his hand. In a few breaths, the Yao family members surrounding him and Xue’er were tied up like dumplings...

Chapter 978: You’re Too Smelly (5)

Immediately after, the sound of fists hitting flesh suddenly sounded. Cheng Wu and the others, who were fighting with their opponents, knew that Commander Ye was beating them up again. This also motivated their fighting spirit. Therefore, it didn’t take long for them to imitate the demon and start beating him up...

After watching the battle between the freak and Cheng Wu, Leng Ruoxue turned her gaze to Yao Qianqian, who was also dumbfounded.

“Miss Yao, it’s our turn now,” Leng Ruoxue said with a light smile. To be honest, she didn’t plan to attack the Yao family. Unfortunately, not only did they not appreciate her kindness, but they even set a trap for them. In that case, if she didn’t help them, wouldn’t it be unsatisfactory! Therefore, she could only force herself!

“Hmph! You’re not my match,” Yao Qianqian said arrogantly. In her eyes, Leng Ruoxue was only a Mystic God, so she didn’t take her seriously at all.

“Miss Yao, rank doesn’t mean everything. Look at your Yao family. Most of them are stronger than my subordinates, but do they have any advantage?” Leng Ruoxue said calmly.

“Hmph! That doesn’t mean anything! You and your subordinates won’t be smug for long.” Yao Qianqian said disapprovingly. After all, she was still very confident in the strength of her clansmen.

“Looks like Miss Yao is the type who holds out hope until faced with grim reality. In that case, let’s talk with our strength!” Leng Ruoxue didn’t waste her breath and directly attacked...

“Fire Dragon Dance!” As soon as Leng Ruoxue finished speaking, a fire dragon more than a hundred meters long and thicker than a bucket flickered with a dazzling red light and pounced at Yao Qianqian...

“Liar! This can’t be the Dance of the Fire Dragons!” Yao Qianqian looked at the huge fire dragon in disbelief. In fact, the reason why she liked to wear red clothes was not only because she was eye-catching, but also because she had the fire attribute. Therefore, she could use the Fire Dragon Dance. However, her fire dragon looked malnourished compared to this fire dragon.

“Whatever!” Leng Ruoxue couldn’t be bothered with her.

While they were talking, Leng Ruoxue’s fire dragon had already flown in front of Yao Qianqian. Caught off guard, Yao Qianqian could not react in time and was surrounded by the fire dragon. A few seconds later, the fire dragon left leisurely. The clothes on Yao Qianqian’s body were also melted by the high temperature of the fire dragon...

A charred woman appeared in front of everyone immediately.

‘Ah!’ Yao Qian’s scream came again, deafening everyone.

.....

“What’s there to scream about?” Leng Ruoxue was a little speechless. The fire dragon that was deliberately teasing Yao Qianqian also flew back to its master’s side, looking for comfort.

“What’s there to scream about?” Leng Ruoxue was a little speechless. The fire dragon that was deliberately teasing Yao Qianqian also flew back to its master’s side, looking for comfort.

“Miss Yao, it’s only a divine dragon. You actually scolded it!” Leng Ruoxue couldn’t help but laugh. Attracted by the sharp cry, the people who had already ended the battle turned their gazes to them. Those who hadn’t ended couldn’t help but pause...

“That... that pervert is you!” Yao Qianqian said hatefully. At this moment, her gaze towards Leng Ruoxue was filled with undisguised hatred!

“Miss Yao, we’re all women. What do you have that I don’t have?! Do you think I’m interested in your body?” Leng Ruoxue mocked. Alas! Yao Qianqian’s princess illness was really serious. Did she really think that everyone wanted to see her red body!

“Otherwise, why did you let that fire dragon burn my clothes?” Yao Qianqian looked at the fire dragon flying above Leng Ruoxue and was furious.

“I don’t have that ability! This was just an accident. Besides, if I ordered it, I definitely wouldn’t let it only burn your clothes. Speaking of which, my fire dragon knows how to take care of women!” Leng Ruoxue said helplessly.

As soon as Leng Ruoxue finished speaking, the fire dragon circling above Leng Ruoxue actually cooperated and nodded its huge dragon head. Then, it flew towards Yao Qianqian...

"Ah! You pervert! Stay away from me!" Yao Qianqian shouted. She was so agitated that she forgot to fight back.

As the flames filled the sky, Yao Qianqian's voice became weaker and weaker...

After a long time.

The fire dragon, which had finally completed its mission, dissipated into thin air, leaving not even a speck of ashes on the ground...

By now, everyone had finished fighting...

Other than Leng Ruoxue and the others who were still as calm as before, the other teams were all in disbelief. Did... did they win? It was really unbelievable. They actually ate the elephant...

After being stunned for a long time, the other teams finally reacted and cheered...

By the time they finished cheering, Cheng Wu and the others had already cleaned up the battlefield.

"These are your spoils of war," Cheng Wu said as he handed the rings to the leaders of the teams.

"Ah! No need! You don't have to give it to us. Actually, we didn't do much!" One of the leaders said in embarrassment.

"That's putting in the effort, right? Take it. This is your small treasury. Don't let anyone know," Cheng Wu reminded them. In fact, in addition to looking down on these things, they had distributed these spoils to these teams to shut them up in case they accidentally let it out. However, although they didn't think much of the things in the rings, they were considered good things to the people in these teams.

"In that case, we'll take it," another leader said. He wasn't stupid. He knew everyone was in the same boat now, so it was impossible for anyone to get away. In that case, why not?

"That's right! We've all suffered together, so we naturally have to share our blessings."

"Yes! Yes!" Everyone nodded.

At that moment, a cry for help sounded in their ears...

"Help! It stinks!" As soon as Feng Da shouted, he arrived.

Behind him was naturally the smelly leader of the Yao family.

"Damn it, where are you going?! I have to catch you!" the leader of the Yao family shouted as he ran.

Seeing this, everyone could not help but cover their noses and move aside to make way. However, at this moment, they were all in the mood to watch a good show. After all, this was the only person the Yao family had sent to silence them. Naturally, they were not afraid.

"Come and catch me! Catch up with me first!" Feng Da said provocatively. Hehe! When Miss sent him a voice transmission to tell him that he could come back, he knew that it was over.

"If you have the guts, don't run!" the leader of the Yao family said angrily.

"Alright, I won't run anymore. I'm tired after running for so long." Feng Da deliberately stood in front of the Yao family's tent and kept a distance from the smelly man.

"Are you really not going to run? I warn you not to play any tricks!" The leader of the Yao family said cautiously. He had no choice. The other party was too cunning. He was no match for them.

"No. Eh, where did your Yao family go?" Feng Da pretended to be surprised.

Hearing Feng Da's words, the Yao family's team started looking around. After searching, they really did not find anyone from the Yao family.

"Damn it, where the hell are those guys?" the leader cursed angrily.

"They abandoned you and left first," Leng Ruoxue said with a faint smile.

"Left? How long?" the leader asked foolishly. He thought that the other party had returned to the Yao family! Therefore, he was very angry!

These lazy bastards had left without completing their mission. Hmph! Let's see how he deals with them when he gets back. But even as he thought about it, he didn't know that he had no chance of going back.

"He just left. He should be able to catch up now," Leng Ruoxue reminded.

"Oh! Kid, wait for me! I'll deal with you when I find my clansmen!" The leader said fiercely to Feng Da.

"Let me help you!" Feng Da suggested with a smile.

"Yes, we will also help you!" Cheng Wu and the others echoed.

"Uh! How do you want to help me?" The leader was puzzled.

"Of course I'm sending you on your way!" Feng Da smiled evilly and immediately released several light blue divine powers. The others followed suit.

In an instant, colorful divine power danced in the air. In the blink of an eye, it tightly entangled the leader of the Yao family. He did not even have the time to resist, let alone leave any words behind before disappearing from this world...

Chapter 979: Flame City (1)

When the teams present saw that the Yao family had been completely wiped out, they were all very happy. However, they started to worry. After hesitating for a moment, someone asked, "Um... does the Yao family know that we did this?"

"Unless you reveal your identity to the Yao family, they probably won't know," Leng Ruoxue said calmly.

"Uh! No! Absolutely not!" Several teams hurriedly expressed their stance. Everyone had just met by chance, so how could they easily tell others their true identities!

“That’s good. Now that the matter is over, we can part ways. However, there are some things I have to remind you of. This matter is considered a secret between us. It won’t do anyone any good to tell anyone, so keep your mouths shut. Otherwise, bear the consequences!” Leng Ruoxue half reminded and half warned.

“We won’t tell anyone. Please don’t worry,” the leaders promised. They weren’t stupid. If word got out, their families would be doomed. So, of course, they wouldn’t say anything.

“Of course I’m not worried about you. It’s mainly the juniors of your families.” Leng Ruoxue made it clearer.

“Don’t worry, we’ll remind them,” the leaders said.

“Okay, then we’ll take our leave.” With that, Leng Ruoxue led everyone in the opposite direction...

After walking out of the sight of those teams, Feng Da asked softly, “Miss, are we still going around in the mountains?”

“No, let’s go back to the First Alliance first! We’ve brought the former Alliance Master’s son out for so many days. I’m afraid the former Alliance Master is so anxious that he’s about to get angry,” Leng Ruoxue teased with a light smile.

“What about this kid?” Feng Da pointed at the ape on his shoulder. He had knocked the ape out before the Yao family appeared.

“Let him eat this! His mouth isn’t tight. It’s better to let him forget it.” Leng Ruoxue thought for a moment and took out a pill and handed it to Feng Da.

“Okay.” Feng Da nodded, then took the pill and stuffed it into the Yuan Hou’s mouth.

.....

Not long after, Yuan Hou slowly woke up. However, the first thing he asked when he woke up was, “Have you found the bad guy who robbed me?” Clearly, he didn’t remember anything that happened after that.

“No, we’ve been here for more than half a month, but we haven’t seen the team you mentioned,” Feng Da said helplessly.

“Then what should we do? What! It’s been more than half a month?” Yuan Hou shouted belatedly.

“Of course we’re going back! If we don’t go back, your father will think that you’re missing.” Feng Da chuckled.

“Uh! Let’s go back!” Yuan Hou said weakly.

“Well, let’s go! By the way, where’s your bald eagle? His feathers should have grown out!” Feng Da suppressed his laughter.

“Yes.” Yuan Hou nodded awkwardly. In fact, its feathers had grown longer, but they were still very short.

“That’s good. Let’s go back!” Feng Da patted Yuan Hou’s shoulder and said comfortingly.

Leng Ruoxue took out the little peacock. After everyone sat on it, there was no place for Yuan Hou, so he could only reluctantly take out its black eagle that had yet to grow fur...

"Ah! Beauty! We meet again. I really missed you to death! Unfortunately, Master refused to let me out. Boohoo..." Black egg, which had just left the beast space, cried like a ghost. It was really heartbreaking for those who heard it and those who saw it cried. Leng Ruoxue and the others were speechless and sighed. They didn't know what to say!

"Black Egg! Don't embarrass yourself." Yuan Hou frowned. Even though he had done many embarrassing things, he had never been as embarrassed as Black Egg!

"Ow..." The black egg let out a wolf howl, which immediately attracted all the wolves in Phoenix Cry Mountain. The sound rose and fell, and it was very rhythmic...

Uh! Leng Ruoxue and the others looked at the top-grade black egg, and the speechlessness in their hearts deepened. Sigh! This was really a match made in heaven! Now, everyone unanimously agreed that this man and beast were a perfect match!

"Little Peacock, let's go!" Leng Ruoxue shook her head helplessly and instructed.

"Yes, Master!" The little peacock flapped its wings and flew away from Phoenix Cry Mountain.

"Beauty! Wait for me!" Seeing this, Black Egg hurriedly wanted to chase after her, but was stopped by his master.

"Master, don't hold me back. I'm going after Beauty!" the black egg said anxiously. It had not seen Beauty in a long time.

"Damn it, do you only have your beauty in your eyes? Do you still have me as your master? Master hasn't even sat on it! Do you want to abandon him and fly away alone? You dead beast that forgets your master when you see a woman!" Yuan Hou cursed resentfully.

"Master is the same!" Black Egg muttered, feeling extremely aggrieved.

'I beg your pardon?' bellowed Yuan Hou.

"N-nothing! Master, come and sit on it!" the black egg urged fearfully.

"Hmph! Behave yourself, or the peacock won't be the one plucking your fur next time!" Yuan Hou warned. Then, he sat on the black egg's back. After sitting on it, he couldn't help but secretly grumble. It was still more comfortable to sit on a hairless black egg! It was meaty.

"Yes, master!" Black Egg's apology was sincere, but there was something crude about the way it moved.

With a whoosh, it flew into the sky and chased after the little peacock...

"Beauty! Wait for me!" Black Egg shouted as it accelerated. However, because it had too few feathers, no matter how fast it moved, it could not catch up with the little peacock.

The next day.

At this moment, Leng Ruoxue and the others had already arrived at the Ascender Alliance. However, they did not enter the city but stayed outside the city gate to wait for the apes.

After waiting for a while, it was almost noon, but Yuan Hou still had not arrived.

“Miss, did something happen to Yuan Hou? Should I go look for it?” Feng Da said worriedly. Unfortunately, he was not worried about Yuan Hou’s safety, but God forbid anything should happen to him and ruin their plan.

Chapter 980: Flame City (2)

“Don’t worry. It’s very safe along the way. It must be because that damn eagle has too few feathers, so it flew a little slower.” The little peacock said with great certainty. Hehe! It was so happy to not be harassed by beasts along the way.

“Yes, wait a little longer! They should be here soon.” Leng Ruoxue chuckled.

“Beauty! Wait for me!”

As soon as Leng Ruoxue finished speaking, Black Egg’s voice came from afar.

Before long, the man and eagle finally arrived.

“Beauty! Did you miss me?” Black Egg quickly asked as soon as he landed in front of Leng Ruoxue and the others, as if he was afraid that the little peacock would forget him.

“You tell me!” Peacock shot back.

“You definitely did,” Black Egg said with certainty. The smug expression on his face was as annoying as it could get.

“Yes, I want to beat you up,” the little peacock said with a faint smile.

“Fighting is affection and scolding is love! Hehe! Beauty, come!” Black Egg said excitedly. After saying that, he ignored his master, who was still sitting on his back, and prepared to lie down and let the little peacock do whatever she wanted.

“You...” Yuan Hou, who had almost fallen, quickly climbed down from the black eagle’s back and pointed at the black egg. However, he was so angry that he could not say a complete sentence.

“Alright, stop fooling around. Let’s enter the city!” Leng Ruoxue said speechlessly. Sigh! She was helpless against this black eagle. Moreover, she couldn’t understand why this black eagle looked like a little peacock.

“Yes.” Yuan Hou nodded obediently, then glared at the black egg.

.....

“Let’s go!” Leng Ruoxue said and walked in front without looking back.

As soon as he returned to the territory of the First Alliance, the guards patrolling the city discovered traces of Yuan Hou and immediately reported it to the Alliance Leader.

A moment later.

Yuan Biao ran up to them while panting and scolded the ape. However, he was smiling when facing Leng Ruoxue and the others.

“Miss Ning, you’re finally back. I don’t know where you went either. I was so anxious,” Yuan Biao said in embarrassment. Actually, he was mainly worried about his son, but he had to show appropriate concern for Leng Ruoxue and the others.

“I’m sorry, Alliance Master Yuan. We went to Phoenix Cry Mountain. We didn’t have time to inform you because we left in a hurry,” Leng Ruoxue said apologetically.

“Hehe! I can understand that. But why did you go to Phoenix Cry Mountain? It’s a distance from here.” Yuan Biao asked in confusion.

“Young Master Yuan asked me out to shop, but there’s really nothing to shop on this street, so we went to Phoenix Cry Mountain,” Leng Ruoxue explained with a smile.

“Oh, I see!” Yuan Biao said knowingly. Then he glared at his son.

“Father, there are indeed many baddies in Phoenix Cry Mountain. Your son was robbed, and you almost lost your precious son forever. You have to avenge me!” Yuan Hou complained suddenly.

“What? Who robbed you? F*cking guts!” Yuan Biao was furious when he heard this. F*ck! How dare someone rob his precious son? Did he want to die?

“I don’t know them, but I’ve memorized their faces,” Yuan Hou said with absolute certainty.

“Oh! Then tell Father in detail later. Let’s return to the First Alliance now!” Yuan Biao thought for a moment and said.

“Yes, Miss Ning, let’s go!” Yuan Hou said fawningly.

“Let’s go!” Leng Ruoxue forced a smile and cooperated.

After arriving at the First Alliance, Leng Ruoxue and the others directly returned to the Falling Swallow Dwelling, while Yuan Hou continued to complain to Yuan Biao about how he had been robbed...

The next day.

Leng Ruoxue personally went to look for Yuan Biao and offered to see Leng Xiaoyu again. She promised that if Leng Xiaoyu still insisted on her conditions this time, she would give up.

After Yuan Biao heard this, he immediately agreed to Leng Ruoxue’s request without thinking and agreed to bring her to see Leng Xiaoyu in the afternoon.

At the agreed time, Yuan Biao personally came to the Falling Swallow Dwelling and brought Leng Ruoxue and the freak to the secret room.

The three of them entered together after opening the chamber door, but were surprised to find the inner chamber empty.

“Alliance Master Yuan, where’s Leng Xiaoyu?” Leng Ruoxue asked in surprise, her beautiful face full of question marks.

“He might have gone to relieve himself. Even though Leng Xiaoyu made a mistake, we can’t deprive her of her human rights, right?” Yuan Biao explained awkwardly.

“Miss Ning, please wait for a moment. I’ll go look for her,” Yuan Biao said again. Then, he went to the toilet to look for her.

After some time.

Yuan Biao returned to the inner room with a dark expression.

“Alliance Master Yuan, what’s wrong with you? Is Leng Xiaoyu angry with you again?” Leng Ruoxue secretly laughed in her heart, but she still had to pretend to be puzzled and ask with concern.

“Sigh! Leng Xiaoyu probably ran away.” Yuan Biao sighed heavily and said very angrily.

“Escape? How is that possible? The First Alliance is heavily guarded. No matter how capable Leng Xiaoyu is, she probably won’t be able to escape!” Leng Ruoxue said in disbelief.

“If I’m not wrong, he should have been saved by his master. Miss Ning, you might not know this, but blacksmiths usually have some unknown secret methods. Otherwise, their status wouldn’t be so high!” Yuan Biao explained with a vexed expression.

“Then what should we do now?” Leng Ruoxue seemed to have no idea, but she couldn’t help but feel anxious in her heart. It wasn’t that there weren’t blacksmiths and alchemists with high statuses, but there were very few of them. Other than the blacksmiths and alchemists who belonged to the two large guilds that were relatively freer, the alchemists and blacksmiths who belonged to the various large factions basically had to listen to the arrangements of the factions they belonged to. Otherwise, they wouldn’t provide you with materials.

“Miss Ning, I can’t help you with this matter. I’m sorry,” Yuan Biao said apologetically. Sigh! Since they had already offended the Artificer Association, they could not offend the Ning family again. Otherwise, their Ascender Alliance would be attacked on both sides.
