chapter 104

Ellie teased.

Ning Xi smiled.

“Have you had a good time during the holiday?”

Ellie said with an envious look.

Great!It was really a great pleasure. It was better to go to work than to stay at home these two days. Thinking of what had happened at home with gu jin yi, it was really unbearable.

“I’d rather go to work than eat or sleep.”

Ning Xi answered indifferently.

“What?It’s a waste of two days for bai bai. ”

Ellie rolled her eyes at Ning stream, indicating that Ning stream didn’t know how to make good use of time.

Then Ning Xi went back to his office. He hadn’t been to work for two days, and suddenly felt much better. Today was a busy day.

On the other side, in ye xiao xiao’s house.

ye xiao xiao was going to go to the Ye Ji film company with two babies.

Today was the date of confirmation. The heroine had been confirmed, but the hero was still unknown.It was said that all the people in today’s TV series would come to the scene, and they were waiting for the arrangement.

The two of them were also very happy. They followed Celia out.

“chen chen and han han, we have to cooperate well later to win this TV play!”

“OK ! ”

The three of them made a gesture of cheering up.

Then ye xiao xiao took two of them to the Ye Ji film and television company.

“chen chen, I find many handsome men here...”

han han followed Celia and looked around.

With his hands in his trouser pockets, chen chen asked arrogantly, “is he as handsome as me?”

“But in han han’s heart, of course you are the most handsome, chen chen!”

han han said with a playful smile.

ye xiao xiao looked at the two little babies beside her and smiled helplessly.

Except for the two kids with Ning stream, Celia was the closest to them. People who didn't know them might think that they were Celia's children.

In the meeting room, the two babies were a little excited. After all, it was their first time to attend such a grand meeting.

At a glance, Celia saw the popular movie star, Richie, sitting on the main seat.

Was he the hero of this TV series?

ye xiao xiao didn't believe it. She heard that he had invited her to perform many times, but he refused all of them. How could he agree this time?

"Well, now that everyone is here, I have a few points to tell you."

Mr. Xu stood in front of the main screen and said firmly to everyone.

But it seemed that everyone's focus was not on Mr. Xu, but on the two little babies.

"Are these two cute kids the twins who acted in this TV play? You are so beautiful!"

"If only I could have such a beautiful child in the future."

"I have a hunch that this TV series will be popular all over the world because of them."

"....."

All the people present looked at them. It seemed that chen chen and han han had attracted much attention.

Even the movie star, Richie, couldn't help but look at them for two more times. Why did these two children look more familiar? The most important thing was why the little boy looked more like him?

Every time his focus was on him, it would be his attention. This time, it was robbed by two little kids. He was somewhat unhappy.

"Hey, chen chen, look at that uncle. He seems to be the one who walked on the red carpet with mommy last time."

han han moved her head to chen chen's ear and whispered.

chen chen squinted at him, frowned and nodded meaningfully, as if he was thinking about something incomprehensible.

"Why are they all looking at us like that?"

han han tugged at the corner of chen chen's clothes and whispered.

"Let them see. They can't see it."

chen chen said with a sly smile.

He looked like someone.

.....

The meeting was finished soon. Everyone left the meeting room, and ye xiao xiao also took two out of the meeting room.

“Wait!”

Suddenly, he spoke.

“Are you talking to me?”

ye xiao xiao raised her head and asked in confusion.

“Are these two kids yours?”

He looked around and asked Celia tentatively.

“We are mommy’s children, not aunt Celia’s.”

han han answered in a sweet voice.

“Aunt Celia, we have to go home quickly. We haven’t finished our homework yet.”

chen chen took Celia’s hand and walked out of the meeting room.

He wanted to ask his parents who they were and see if he knew them, but before he could ask, they had already left the meeting room.

Looking at their backs, she felt a little uneasy.

The two babies looked so familiar that they must have seen each other somewhere. The more she thought about them, the more she felt that something was wrong. The more she thought about them, the more she felt that the little boy looked like gu jin yi.

A strange idea suddenly came to his mind. Could the two babies be gu jin yi’s children?

But on second thought, it was only a few days after they got married. How could there be two children as old as them?

He couldn’t figure it out. The problem was that the two kids looked at least five years old, but why did they have five years old at once?

He frowned and wondered if he had a child with another woman five years ago?

Finally, he confirmed his guess. There was no such a god like person in the world except for the parent-child relationship.

Then, when the three of them left the company, an unfathomable look flashed across his charming eyes.

When it was almost time to get off work, Ning Xi finished the whole day's work. He stood up and stretched lazily.

"Well, it's finally completed."

When ning xiao xi sat up from the chair, her phone rang.

She picked up the phone and it was ye xiao xiao's number.

"Celia, what's up?"

"Mommy!"

Two babies' childish voices came from the other end of the line.

"chen chen, han han, it's you."

When she suddenly heard her two little babies' voices, Ning Xi couldn't help but show an innocent smile.

"Mommy, I have a good news for you. We are going to TV soon."

han han pouted and said to Ning Xi happily on the phone.

"We also saw the handsome uncle who went to the red carpet with you on TV."

Ning Xi was stunned. The person who was watching TV with her? gu jin yi? Or the city?

"chen chen and han han, you must remember that no matter who asks you, you can't tell them who your mommy is, okay?"

Ning Xi said to the two babies.

"Okay!"

The two of them cooperated well. They knew that there must be a reason for Ning Xi to do so, and they didn't say much.

"We are going to do homework. Mommy, remember to go home to see your bao bao. Bye!"

"Okay. Goodbye, chen chen and han han. Mommy loves you."

Then he hung up the phone.

chapter 105

Ning Xi looked heavy and frowned. Did chen chen, han han and gu jin yi meet one of them?

No matter who they met, it was not a good thing. It was hard to hide the ident**y of chen chen and han han. Once he knew the existence of the two babies, he would definitely take them away from him. No, no, no, never let him know!

Ning Xi walked out of the office with a worried face.

“Ning stream!”

As soon as Ning Xi walked out of the company, a sharp and charming voice came from behind.

ning xiao xi stopped when she heard the voice. She kept silent for a while, and then continued to walk forward without saying anything.

“Ning Xi, stop!”

Susie walked quickly from behind Ning stream to her.

“We have nothing to talk about, right?”

Ning Xi ignored her and glanced at her.

“He doesn’t want to talk to us even if he has climbed up the Longmen city.”

He said in a strange tone.

“What do you mean?”

Ning Xi was a little confused about the words of Ruyi, and there was a sense of irony in her words, which made people extremely unhappy.

Was it because he helped her and warned her that day? So she vented all her unhappiness on herself.

“Don’t you understand what I mean? It’s been five years. It seems that pretending is still your style. ”

Rufus said sarcastically, wrapping his arms around her.

“Susie, I tell you not to push your luck.”

Ning Xi said expressionlessly and bypa**ed her.

“Ning Xi, do you enjoy being the wife of the CEO of the Empire group?”

He asked tentatively.

Hearing what she said, ning xiao xi suddenly stopped and froze.

How could she know the relationship between her and gu jin yi? If she knew that she married here on behalf of Susan, she couldn’t hide anything.

“What? Are you surprised that I know about it? ”

Ruxin walked to Ning stream again, stared at it and asked.

“How did you know that?”

Ning Xi asked indifferently.

“Well, it seems that you don’t want me to know.”

With a stiff smile on her face, Leona said sarcastically.

It seemed that what the Ye Ling City said was true. Ning Xi and gu jin yi were really married, and she, Ning Xi, was really on a branch.

In fact, if she didn't believe that he would marry Ning Xi, she just wanted to get some information about Ning Xi. She didn't expect it to be true.

"Are we familiar with each other? Don't worry about me."

After saying the last sentence, ning xiao xi left.

Without saying anything, she turned around and looked at the back of Ning Xi. Suddenly, she seemed to find something wrong.

He told her the relationship between Ning Xi and gu jin yi. He thought Ning Xi would show off in front of him that she married a powerful CEO of the Empire group, but he didn't expect her to have the opposite reaction.

Speaking of their relationship, Ning Xi seemed a little nervous. Her eyes were avoiding him, as if she didn't want others to know her relationship with gu jin yi.

No, according to common sense, Ning Xi should have made her relationship with gu jin yi public, so that everyone envied her and she became the focus of attention. Everyone must be respectful to her.

But Ning Xi hid their relationship so secret. Was there any secret?

If she thought carefully, she would find a way to figure it out.

She recalled the day when gu jin yi stood up for Ning stream. When he saw Ning stream, he seemed to call her Susan.

She was Ning Xi in ming ming. Why did he call her Susan?

If they were combined, Ning Xi didn't want others to know her relationship with gu jin yi, and gu jin yi called her Susan.

As she thought about it for a while, a pair of enchanting beautiful eyes suddenly opened, and her pupils dilated slightly. An idea of shock suddenly appeared in her mind

She couldn't guess it casually. She needed to go to the Ning family to ask ning fu and Ning mother about it. They should know the ins and outs of the matter.

In this way, why did Ning Xi marry gu jin yi? The result would come out soon. When the truth came out, it would prove that it was as she thought.

A stiff and weird smile appeared on Leona's face.

ning xiao xi, when she finds out the truth, you can get out of the Gu family!

Ning stream boarded a bus. She leaned against the window and looked out with her dark eyes.

Ning Xi couldn't help but frown. He felt that Yun Shang's marriage would be exposed to the public and couldn't be concealed.

There were so many people in the car that Ning Xi forgot to get off and sit at the destination.

"Here we are, miss."

The driver reminded her when he saw that Ning Xi was still sitting there motionlessly.

"What? Here we are?"

Ning Xi immediately came back to his senses, looked around and asked in confusion.

"We have arrived at the destination!"

The driver replied kindly.

ning xiao xi stood up and got out of the car in a hurry.

As soon as she got out of the car, she saw a strange place. Was it too much?

"Uncle, when will you drive back?"

Ning Xi asked the driver in confusion.

"This is the last bus. You can go back at half past six tomorrow morning at the earliest."

Then she turned around and left.

The driver's words were like a bolt from the blue to Ning stream. what? No car today? Can't go back?

Looking at this sparsely populated small village, Ning stream was helpless. Why was the destination like this? Ning Xi, who had arrived at the destination for the first time, was speechless.

Somehow, she thought of gu jin yi at the first time and immediately took out her phone to call him. But unfortunately, she couldn't get through to him.

Ning Xi walked back helplessly. How long would it take? It was getting darker and darker, and the lights on the road were getting less and less. Ning Xi began to feel a little uneasy.

There was only a little bit of electricity left on her phone. Ning Xi dialed the number of Jin Yi again

Ahhh! gu jin yi, you didn't answer Ning Xi's phone on purpose!

Ning Xi stamped his feet in anger.

She couldn't walk anymore and wore a pair of high-heeled shoes that were not easy to walk. She found a place to sit down.

She knocked her legs down, looking exhausted.

chapter 106

Suddenly, her phone rang. It was from gu jin yi.

ning xiao xi complained to the phone, "if you don't answer my phone, I won't answer your phone either."

The phone kept ringing, but Ning Xi ignored it angrily.

All of a sudden, the phone stopped ringing, but Ning stream became anxious. 'you are so impatient, aren't you?

Looking around, Ning Xi shivered with cold.

ning xiao xi, well, I'm sorry to make you angry. You can't go back next time.

Ning Xi pouted and looked helpless.

The phone rang again. Ning Xi picked up the phone and answered it without saying anything.

"You b*****, are you so impatient with me?"

Ning stream shouted excitedly before the man spoke.

"You are right. He is a jerk!"

An evil and attractive man's voice came through the phone.

Ning Xi was stunned. Ye Ling City?It wasn't him?

Ning Xi immediately came back to his senses and asked, "what's wrong with Ling City? Why are you here?"

"Can't I call you?"

The provocative tone of Richie asked in reply.

"I have made it clear. We..."

ning xiao xi emphasized again that it was impossible for her to be with the Ye Ling City, but before she could finish her words, she was interrupted by the Ye Ling City.

"I called you today to tell you something important. I'm afraid you still don't know it."

He said word by word in a very serious tone.

Ning Xi was stunned. What didn't she know?

"What is it?"

"Let's talk about it tomorrow."

He didn't tell her directly, but told her that he would talk to her tomorrow. In this way, he had a reason to see her.

"I don't have time."

Ning Xi denied it absolutely and answered indifferently.

"Ning Xi, you don't even want to be a friend, do you?"

He pretended to be angry.

"Well, no, I'm just a little busy recently."

ning xiao xi thought for a while and decided not to do that. It was not good for anyone. She could keep friends. In this society, she knew how important connections were.

"It's about gu jin yi. Don't you really want to know?"

A hint of darkness flashed across his dark eyes and he asked with his s**y thin lips.

Hearing that it was about gu jin yi, Ning Xi was silent for a while. Finally, he agreed to meet and talk with Ye Ling City.

"Aren't you at home? Why do you seem to hear the sound of wind blowing over there? "

Richie frowned and squinted.

"Of course I'm at home!! I'm blowing on the air conditioner. Bye. "

Ning Xi hung up the phone in a hurry. Afraid that Ye Ling City would hear the wind and gra**, she curled up and yawned.

Ning Xi couldn't help admiring her. The air conditioner, Ning Xi, you are so imaginative. The air conditioner is so comfortable

All of a sudden, Ning stream felt water dripping from her nose. She looked up at the sky, where dark clouds were gathering.

No way. Ning Xi was so unlucky?

It was not a big deal to take a car. Even if it rained, she could get lost.

Ning Xi put on a bitter face.

If she had known it earlier, she would have asked the Ye Ling City to pick her up. She would not have stayed here.

All of a sudden, the phone rang again, and Ning stream answered it immediately.

"Susan, where are you now? How dare you not answer my phone? "

As soon as the phone was connected, a deep and reproachful voice came through.

what?He said he wouldn't answer his phone?It was obvious that he didn't answer her phone, OK?She tried to confuse right and wrong.

But Ning stream thought it over and decided not to take it seriously with him at this moment. If he hung up the phone again when he was angry, she really couldn't go back today. She'd better leave this damned place first.

"I'm lost. Come and pick me up..."

Ning Xi began to show his weakness. Now she could only ask for help from him.

"Where are you?"

When he heard that gu ning stream was lost, he immediately asked her where she was, regardless of whether she answered the phone or not.

"Welll don't know where I am now. "

Ning Xi looked around in confusion. Then she lowered her eyes and frowned.

"Wait there. I'll be right there."

"Oh..."

Then, he hung up the phone. It was not until then that Ning stream realized that she hadn't told him where she was. How could he come?

Ning Xi was stunned, and the rain fell. She quickly covered it with her bag and ran to the door of a flower shop to avoid the rain.

ning xiao xi wanted to call gu jin yi again, but his phone was out of power.

She helplessly sat down on a wooden chair outside the shop and looked up at the dark sky covered with clouds.

At first, it just dripped a little, and then it rained more and more fiercely.

As a result, the small tent outside couldn't resist the torrential rain. Ning stream was still wet, and a girl suddenly walked out of the shop.

"Miss, it's raining. If you don't mind, come in and hide from the rain."

A gentle and quiet voice came to Ning Xi's ears.

Ning Xi looked up and saw a girl with long hair and fine features. She had a fresh and ladylike temperament, which attracted people's attention.

Ning Xi nodded with a smile to express his grat**ude.

As soon as Ning Xi entered the flower shop, a special fragrance of Lily greeted him.

She looked at the flower shop and saw a variety of flowers.

But at a glance, only a part of the area was occupied by lily flowers, without any other flowers.

It was as beautiful as a fairyland ~

By accident, she found a little boy about two or three years old sitting on a wooden chair beside the lily flowers, fiddling with a magic square. Seeing this scene, Ning stream couldn't help but think of her two babies.

"Here, drink some water."

The girl handed a gla** of water to Ning stream.

"Thank you."

Ning Xi said with a smile.

"Is this your son?"

Ning Xi looked at the girl and then at the little boy. He felt that they didn't look like each other, but looked like a person.

So Ning Xi asked in confusion.

"Yes, my son."

The girl looked at the little boy with a relieved smile on her face. She could feel that her eyes were full of maternal love when she looked at the little boy.
