

Cute Baby114

chapter 114

gu jin yi raised his eyebrows and said.

Otherwise, how could the two babies be raised by her, Ning Xi? Life forced her to be independent.

“So, you’d better not give me the card.”

Ning Xi refused.

“Well, since you have said so, I won’t force you. Give me your card.”

gu jin yi said lightly.

“What?Why do you want my card? ”

Ning Xi widened his eyes and didn’t understand why he wanted her card. Was he short of money?

“Since you don’t need my card, then give me your card.”

‘Oh, I really need her Ning Xi’s card. Don’t you think you are so shameless? As the CEO of the Empire group, you will have no money to use?’?

“You don’t have money?”

Ning Xi raised his eyebrows and asked in disbelief.

gu jin yi nodded deeply, “I’m too poor. I need you to support me.”

Ning Xi rolled his eyes at gu jin yi. If you don’t have money, the Chinese people will have to eat the earth.

Then Ning Xi took out a card from his bag and said, “here you are.”

gu jin yi took the card with a meaningful smile on his handsome face.

“I’m in charge of your card, and so is my card.”

gu jin yi put his card into Ning Xi’s bag.

“Please don’t...”

ning xiao xi wanted to stop him, but it was a step later than him.

“OK, the card is in your bag. It’s yours.Let’s exchange them. ”

“You...”

Ning Xi was rendered speechless. How could she not understand what was on his mind? The better he treated her, the more guilty she would feel.

“There is only a little money in my cardLet’s change. You’re at a disadvantage. ”

Ning Xi asked.

“That’s enough for me.”

gu jin yi said with a smile.

Ning Xi stared at gu jin yi with an indescribable look in his eyes.

“Honey, let’s go to bed.”

gu jin yi held Ning Xi in his arms. Ning Xi fell into his arms before he could react.

“We haven’t taken a shower yet.”

Ning Xi answered with his heart beating fast.

“It doesn’t matter. I don’t dislike you.”

gu jin yi grinned.

“I don’t like it.”

Ning Xi answered indifferently.

“Say it again.”

gu jin yi said indifferently, looking at Ning Xi with unfathomable eyes.

“I said I want to sleep!”

Ning Xi quickly hid under the quilt. She predicted what would happen next, so she hid well in advance.

“Let’s sleep together.”

gu jin yi also got into the quilt.

“You sleep over there, don’t sleep over here.”

Ning Xi pushed gu jin yi away, but he held her hand so tightly that she couldn’t use any strength.

“It’s warm to sleep together.”

gu jin yi clung to Ning Xi and was about to sleep with her in his arms.

“You are a rogue!”

.....

Good times always pa\*\*ed quickly. Three days pa\*\*ed quickly.

chen chen and han han had already been a little famous child star in the Ye Ji film and television company. Just three days after they started shooting TV series, their fame had spread throughout the company.

It was conceivable that if the TV series started, the two of them would become the next generation of little stars.

In the VL company, looking at the happy face of Ning Xi every day, she felt very uncomfortable.

She decided to communicate with ning guang hui's parents again, tell the Gu family what had happened, and tell gu jin yi to get Ning Xi out of the Gu family.

In the Ning family.

"Uncle, aunt, I don't know if I should tell you something."

"Mr. and Mrs. ning guang hui, please don't be embarra\*\*ed."

"wei wei, what do you want to say?"

Said yan pei fen.

"Here is the thing. Two days ago, I saw gu jin yi walking around with Ning Xi in the shopping mall. They were all high-end brands at home and abroad, and the price was not affordable for ordinary people."

Susie was waiting for the response of Ning Hui and yan pei fen, but they didn't react much. Then she spoke again.

"Ning Xi is living such a good life. She doesn't know how to be filial to your elders. She should buy you something. But I saw that she bought her own things, so I never thought of buying anything for you. If it was Susan, she would definitely think of your parents when she bought things. Unlike Nina, who was so ungrateful that she forgot her parents when she married into her mother-in-law's family. I don't know if it will bring any help to her family's life."

She tried to stir up the trouble.

At this moment, Ning radiance and yan pei fen finally reacted. Their faces suddenly became stiff, and no one could tell whether they still had feelings for Ning stream.

It seemed that the two of them were also eager to see Nina get out of the Gu family and let Susan come back as soon as possible.

"Yes, I'm angry at the mention of this. Why did Nina take away Susan's things? They should belong to Susan!"

yan pei fen said angrily.

"Don't say that. It's all our fault. We shouldn't have let her marry to the Gu family on Susan's behalf. Otherwise, the situation wouldn't have been like this."

Ning radiance, who was sitting on the sofa, said with a helpless expression on his face. He thought that he hadn't thought about it carefully before, and if he had thought more, it wouldn't have been like this.

“Uncle, aunt, let’s ask Susan to come back and tell the truth to the Gu family as soon as possible. Otherwise, I can’t bear to let Ning stream enjoy the life that should belong to Susan all the time. She is just a substitute bride. She still lives in the Gu family as if she is a member of the Gu family.”

The reason why she kept talking was to ask ning guang hui and his wife to agree her to tell the truth of the Gu family.

“Yes, I have to ask Susan to come back as soon as possible. We can’t delay it any longer.”

yan pei fen agreed with her.

Hearing that yan pei fen agreed with her, a weird smile appeared at the corners of her mouth.

This time, as long as ning guang hui agreed, she could get Ning stream out of the Gu clan and VL.

“That’s right, uncle. Think about it. If Susan comes back and she becomes a member of the Gu family, will she help you a lot? Whether it’s about the company’s financial problems or the stock shares, as long as gu jin yi stands out, all the problems will be solved.”

If you start to persuade ning guang hui now, after all, he is still in charge of this matter.

“Brilliant, what wei wei said makes sense. If Susan comes back to the Gu family, all the problems in our company will be solved. Ning Xi married into the Gu clan and didn’t help us at all. I’m afraid she lives a good life and leaves us behind. I can’t rely on her and don’t expect anything from her.”

yan pei fen said disdainfully.

Hearing what she said, yan pei fen also stood on the side of her and decided to agree with her.

With a helpless expression on his face, Ning radian sat aside. He had made a wrong decision to marry someone, but whether he should tell the Gu clan about it or not, he had to think it over.

## chapter 115

Although what Emily said was reasonable, it was still a big risk and could not be easily known by the Gu family.

“Susie, we can make a decision after Susan comes back. It’s not a small matter. If you offend the Gu family because of your marriage, who will take the responsibility?”

Ning radian always maintained his own opinion. He felt that it was not a small matter to marry someone else, and he couldn’t let anyone in the Gu family know about it.

“Uncle, what are you still worried about? Maybe the Gu family won’t hold you accountable. We can put the blame on Ning Xi for your marriage, right? We all said that it was the idea of Ning stream, so the Gu family would pay attention to Ning stream, wouldn’t they?”

If she kept persuading them, they would come up with all kinds of evil ideas to tell them.

“Glory, I think we can put the blame on Ning Xi and kill two birds with one stone. You can not only kick Nina out of the Gu family, but also make Susan enter the Gu family smoothly and become the wife of the CEO of the Empire group.”

yan pei fen was indulged in various fancies and conjectures.

“I’ll think about it later. Contact Susan first and ask her to return home as soon as possible.”

Said Ning Hui with a serious expression.

Then she went upstairs without saying anything more.

At first, she wanted to say something, but she kept silent. Looking at the back of Ning radiance who went upstairs, she guessed that he must want to expose Ning stream now. If she continued to say, it would be the opposite. She’d better let him think carefully.

In the end, if she still failed to persuade Ning Hui, she left the Ning family in disappointment again.

On the other side, in the night scene film company.

chen chen and han han were rehearsing according to the scene arranged by the director, while Richie was sitting elegantly next to them, staring at the two little babies.

“Yes, it’s true.”

Sitting on the chair, he murmured to himself.

“Mr. Richie, what do you think?”

jie lun, his assistant, asked.

It was not until then that he came back to his senses. Nothing. I’m thirsty. Get me some water.”

“Okay.”

jie lun didn’t notice that he was paying attention to the two babies. He went to get him some water as he needed.

Then, he picked up his phone and zoomed in the quality of the photos, taking the two photos of chen chen and han han at a close distance.

All of a sudden, he found the little girl looking in his direction. He wondered if she had found that he was looking at the two of them.

After the rehearsal, han han whispered something in chen chen’s ear.

Then, the two babies looked at each other and smiled weirdly. Then han han walked towards the Ye Ling City.

“Handsome uncle, were you looking at me just now?”

han han jumped in front of him like a rabbit, pouting and asking.

han han's question left him speechless.

Was her answer looking at them or not?

"Yeah, you've never acted in a play. I didn't expect you to be so good at acting."

It suddenly occurred to him how to answer han han.

"Really? Is it because han han is so beautiful that the handsome uncle can't help but take a look at me?"

han han, like a shy flower girl, blinked at him and asked.

He couldn't help but burst into laughter. He suddenly realized that the little girl in front of him was so cute.

Without denying it, he nodded seriously and said, "you are indeed very beautiful."

han han smiled happily, "I also think that I have inherited the excellent genes of my mommy and daddy, ha ha..."

Hearing han han's words, he immediately thought that he could ask han han who her parents were at this time, so that everything would be clear.

"han han, who are your mommy and daddy? You are so beautiful."

Richie asked tentatively.

"My mommy has two names. My daddy, this is a small secret."

han han giggled.

"Can you tell me?"

With a charming smile, he said to han han.

"Of course. You've seen my mommy before. Her name is..."

"Sister!"

"Brother!"

Just as han han was about to tell Richie who her mother was, chen chen suddenly ran over and called han han. However, han han turned to look at chen chen.

"Aunt Celia is waiting for us outside. Let's go."

chen chen took han han's hand and was about to leave.

"Handsome uncle, let's talk next time. I have to go home."

Before han han left, she greeted to Richie politely and then left with chen chen.

Looking at the backs of the two little babies, an unfathomable look flashed across his charming eyes.

han han said that she had met her mother?How is that possible?How could he know the mothers of these two babies?'who is he?

He couldn't figure out who was the mother of the two babies.Most importantly, how could there be such a coincidence am\*\*\* the people she had met?

Could it be that chen chen han han's mother was a member of the entertainment circle, and then gu jin yi didn't have chen chen han han until he contacted with the entertainment circle five years ago?

He couldn't figure it out.

Thinking of ning xiao xi's reaction, he decided to talk to gu jin yi first. He couldn't let Ning Xi marry a man who had a child outside.

chen chen and han han had worked in the company for so many times, but they hadn't seen him come to see them and take them over. Was he such a sc\*\*bag?She lived a happy life and didn't care about her two children.

After dealing with the company's affairs, Richie came to Ning stream company again and waited for Ning stream to get off work at the gate of VL company.

Ning Xi walked out of the company and looked at his watch. gu jin yi said he would pick her up today, so Ning Xi slowly walked to the intersection.

At this time, the car of Richie was driving towards Ning stream and stopped in front of her.

chapter 116

"Brook, let me drive you there."

The city poked its head out and said to Ning stream.

Only then did ning xiao xi realize that it was Ye Ling City. She frowned and asked, "Why are you here?"

"I have something to tell you."

Seeing that Ning Xi had no intention of getting in the car, Ye Ling city got out of the car.

"We have nothing to talk about."

When Ning stream saw Ye Ling City, she remembered what he had said to her last time.She couldn't help but feel nervous.

"Get in the car first. I have photos of their two children for you."

Sure enough, as Ning Xi thought, it was for the child.

But after hearing what the Ye Ling City said, Ning Xi really wanted to see if it was chen chen and han han. In order to avoid unnecessary trouble caused by his mistake, he made a mistake.

“Don’t you really mind that gu jin yi has two children outside?”

He asked again.

When Ning stream was hesitating, Ye Ling city gently pushed Ning stream and was about to get on his car, but a big hand grabbed Ning stream and hid it behind him.

“Let her go!”

“You, you are here.”

Ning Xi raised his head and saw the tall and strong figure of Jin standing beside him.

“Ye Ling, stay away from Susan. She is my wife. Please pay attention to your ident\*\*y!”

gu jin yi didn’t notice the conversation between Ye Ling City and Ning stream. Instead, he felt extremely uncomfortable when he saw Ye Ling city do something to Ning stream.

gu jin yi, who didn’t like the Ye Ling City at all, was even angrier when he saw this scene.

“Let me tell you, if you are not responsible for the stream, I will take her away from you without mercy! No matter she is your wife or not, I will still take her away! ”

He said seriously.

“She is my wife and will always be. You can’t take her away!”

Because of what he said, gu jin yi seemed to understand how deep his love for Ning Xi was. He didn’t allow anyone else to get involved in it.

“So you know Naomi is your wife? But I don’t see how honest you are to your wife. I’m afraid that Naomi doesn’t know what she has done outside. ”

Without showing any weakness, he sneered.

“What do you mean?”

gu jin yi asked in confusion.

“What do I mean? What I mean is very clear. You are irresponsible and a sc\*\*bag! ”

Richie said without any fear.

“Caleb, say it again!”

Fury could be seen in gu jin yi’s cold and fierce black eyes. He pulled up the collar of Ye Ling City and glared at him.

“Don’t say that anymore! gu jin yi, let’s go home. ”

Seeing this scene, ning xiao xi was a little worried that the two would fight.

Ning stream grabbed gu jin yi’s wrist, indicating that she wanted to take him away from here.

“He dared to do those ugly things. Why are you afraid of me telling him? Is it what you should do to let your two children live a life without a father?”

The two stared at each other angrily.

“What are you talking about, two children?”

gu jin yi was stunned. He didn’t understand what two children without father meant.

“Enough! Stop talking nonsense here!”

As soon as Ning Xi heard the name of the two children, she roared reflexively.

She couldn’t let gu jin yi know about it. She couldn’t let him know the existence of chen chen and han han.

“Naomi, you...”

Richie was stunned by her reaction. What was wrong with her?

“Let’s go, bill.”

Ning Xi pulled gu jin yi away from the Ye Ling City with all his strength.

gu jin yi wanted to ask what he meant by saying that, but since Ning Xi was leaving, he couldn’t ask more.

Then Ning Xi left with gu jin yi.

In a small corner not far away, a pair of enchanting eyes were staring at the interaction between the three of them.

They could only see their movements, but they couldn’t hear what they were talking about.

There were only one or two words that she could hear clearly. Even gu jin yi and Ye Ling City were going to rob Ning stream.

She clenched her fists and bit her lips subconsciously. Ning Xi! You got gu jin yi, the identity of the wife of the CEO of the Empire group, and everything that shouldn’t belong to you. Why did you still provoke the Ye Ling City?

noShe won’t let Ning Xi get it. All this doesn’t belong to you!

Seeing Ning Xi and gu jin leave, Rufus slowly walked out from a corner.

When he was about to leave, ruby stopped him.

“Ling City!”

Only then did Richie stop and turn to look at her.

“Why are you here?”

Richie said expressionlessly.

“What a coincidence! You are here too.”

The look on Leona’s face changed in an instant, and her tone became particularly gentle.

“If you don’t have anything else to say, I’ll go first.”

Said Richie impatiently.

“Wait, I do have something to tell you.”

Seeing that Richie was about to leave, Susie took a step forward with excitement.

Richie was silent, waiting for her to speak.

“There is one thing you don’t know. In fact, Ning stream is...”

At first, she wanted to spend a long time with the Ye Ling City on the topic of marriage, but she suddenly realized that she couldn’t let the Ye Ling City know about it.

Once he knew that Ning Xi was married for someone else, he would definitely try every means to get her. Although she also wanted Ning Xi to get out of the Gu clan, she would never use the night Ling City to replace it.

“What is Ning Xi? Don’t speak ill of her again.”

Said Richie disdainfully.

“No, I just want to say that Ning Xi is gu jin yi’s wife. Don’t have any other thoughts on her. After all, she doesn’t understand how you treat her so well.”

Rufus changed the topic.

“Is that what you want to say?”

Said Richie coldly.

She had no choice but to nod her head helplessly. She couldn’t tell anything else to him now. Only when she arranged everything well could he know.

“No matter what you say, it won’t change the fact that I like Ning stream. You don’t have to worry about it.”

After taking a slight glance at her with his sharp eyes, he got into the car.

“Ling City, Ling City, listen to me...”

Leona slightly slapped the window, hoping that Richie could stay a little longer. But it seemed that he didn’t want to talk to her at all and drove away at full speed.
