chapter 135

Then chen chen went to the computer and opened the page. Seeing that gu jin yi was online, he said to han han, "sister, our daddy is not asleep yet. Let's talk to him."

"Well, I'm in a bad mood today and I can just complain to Daddy."

Then han han sat next to chen chen and began to send a message to gu jin yi.

"Uncle, why don't you go to bed today?"

On the other side, when he was busy with his work, a message came.

gu jin yi, who didn't intend to answer the message, inadvertently saw the familiar profile picture and knew it was a message from han han. He immediately opened the chatting interface.

"Not yet. I'm working overtime today."

gu jin yi answered patiently.

"Handsome uncle, I may not talk to you for a few days."

"I know, because you will be very busy these days, won't you?"

gu jin yi remembered that han han had told him last time, so gu jin yi didn't think there was anything wrong with han han's words.

But in fact, the reason why han han didn't talk with chen chen for several days was not because she was busy, but because what she and Brian were about to do would affect their later chatting.

"HMMProbably because I have something very important to do. "

han han said mysteriously, as if she was going to do something very cautious.

"What is it?"

No matter how busy gu jin yi was, he still answered han han's message patiently.

"WellIt's a little secret. I'll tell you later. "

"Okay, I know."

"Okay, I'm leaving now. See you later."

"Okay. Good night, han han."

After chatting for a while, chen chen exited the chatting interface and began to check the route of the city. Make adequate plans for tomorrow's action.

As soon as Ning Xi came out of the bathroom, he called ye xiao xiao to ask about the two babies.

In order to make Ning Xi not worry, ye xiao xiao didn't tell the two babies that she didn't have dinner because she was angry and stayed in her room all the time.

At the beginning, Ning Xi also doubted what ye xiao xiao had said, indicating that chen chen and han han would be so obedient this time? She was so angry that she knew she would have dinner.

In the past, when they were angry, they would go on a hunger strike, so Ning stream could do nothing to them every time.

But after Celia's repeated confirmation, she didn't doubt her anymore. She was a little relieved.

She reminded Celia again to make the two babies focus on school and stop thinking about filming.

ye xiao xiao had no choice but to agree.

They chatted casually for a while and then hung up the phone. It was getting late. She wondered if he would be hungry since he was still working overtime in the company and hadn't had dinner yet?

How about making him a bowl of noodles and sending it to the company? It's not good for your health to always drink coffee at night.

ning xiao xi didn't think too much. She changed into casual clothes, her hair was messy, and she didn't put on makeup. After making the noodles, she went out directly.

Ning Xi was thinking about sending gu jin yi to dinner as soon as possible.

.....

In the Empire group.

There was no one else in the big company. Sitting in his office chair, he was still busy dealing with all kinds of doc**ents, and he didn't seem to notice that Ning stream had come to his office door.

Ning Xi stood outside the door and looked at gu jin yi through the crack of the gla** door.

It was said that women who worked hard were the most beautiful, but in fact, men who worked hard were also the most handsome and charming.

Ning Xi stared at gu jin yi who was busy with his work for a long time with his clear eyes.

Unconsciously, a smile appeared at the corners of her mouth, which she didn't notice.

Ning Xi gently pushed open the gla** door. In order not to disturb gu jin yi's work, she quietly walked towards gu jin yi.

gu jin yi subconsciously picked up the coffee cup and was about to have a sip, but he found that he had finished it. When he was about to stand up, Ning stream put a bowl of noodles directly in front of him.

"Don't drink coffee. Let's eat noodles."

"Naomi, why are you here?"

Surprise and surprise flashed across gu jin yi's handsome face.

He didn't expect that Ning stream would appear here at this time.

"I'm here to see how is your work going."

Ning Xi walked to gu jin yi.

Looking at the various documents and documents on his desk, he frowned slightly.

He must be very tired with so much work.

gu jin yi stood up and took Ning Xi's hand. He took the noodles from her to the sofa and let Ning Xi sit down.

"Why are your hands so cold? You don't wear much clothes. Sit down quickly."

gu jin yi held Ning Xi's slender hands and ravaged her.

"Not bad. I just came out in a hurry and forgot to bring my coat."

Ning Xi didn't feel cold at all. At that time, he was thinking about bringing noodles to gu jin yi and forgot to bring his coat.

"Why didn't you tell me when you came out so late?"

gu jin yi said in a low voice.

"I'm just afraid that you won't be hungry for dinner. Hurry up and eat the noodles. They are getting cold."
"

Ning Xi replied casually.

On the other hand, he looked at Ning stream seriously, with a kind of love in his deep black eyes.

"Why are you looking at me?"

Nina asked, covering her face.

Ning Xi was thinking that he forgot to put on makeup when he went out in a hurry today, and ran out without tidying up his hair.

She must be ugly now, so gu jin yi stared at her like this.

She didn't know since when she began to care about her dressing in front of him.

She had never thought that she would care about her dressing so much.

Then Ning Xi covered his face with his hand and lowered his head awkwardly.

Unexpectedly, gu jin yi suddenly hugged her and said, "Naomi, thank you."

Ning Xi was stunned. 'what's wrong with him?

Then, he slowly let go of Nina, took off his coat and put it on her.

"Don't catch a cold."

"I'm not cold. Put it on yourself."

Ning Xi returned his coat, but gu jin yi insisted on putting it on Ning Xi. Ning Xi couldn't refuse him, so he finally put on his coat.

Then, he picked up the noodles and gulped them down, as if he was eating something extremely delicious.

"Slow down. No one will take it from you."

Seeing that he was devouring the food, Ning stream couldn't help smiling warmly. She didn't expect that he would have such a cute side.

After finishing the noodles, he finished dealing with some urgent doc**ents tomorrow and left the company with Nina.

In the car.

Ning Xi supported his eyes sleepily.

"Stream."

"What?Are you home? "

As soon as Ning Xi heard the sound, he immediately raised his head and opened his big watery eyes.

gu jin yi burst into laughter and said, "not yet. If you want to sleep, just sleep on my shoulder for a while."

gu jin yi said gently and dotingly.

"Let's go home and sleep. The bed is comfortable."

Ning Xi giggled at gu jin yi.

"Okay, then go home and lie on the bed, so that you can have a good sleep."

gu jin yi narrowed his eyes and gave a meaningful smile.

ning xiao xi looked into his eyes and immediately ran away, guessing what he was thinking about.

"Don't go out at night, okay?"

ning xiao xi pretended not to hear what gu jin yi said and ignored him.

In fact, she also knew that he was worried about her.

ning xiao xi deliberately turned her head aside and squinted, pretending to be asleep.

But he didn't say anything more. He just wanted to go home as soon as possible when he saw that Nina wanted to sleep.

Along the way, Ning Xi squinted and fell asleep.

She didn't know until they arrived home. He gently pushed the door open, came to the side of Ning stream, and carried her upstairs.

Perhaps it was because it was too late, Ning Xi was carried upstairs by gu jin yi and didn't wake up. He slept soundly.

Maybe it was because gu jin yi was there that she fell asleep at ease

The second morning.

When Ning Xi woke up, he found that gu jin yi had already got up. How did he sleep on the bed last night? She remembered sitting in the car with him and falling asleep with her eyes closed.

Ning Xi, you are so heartless. ming ming sent dinner to him by himself to take care of him, but he asked him to take care of you.

Ning Xi knocked on his head.

He must have slept very late yesterday. Why did he get up so early?

Without thinking too much, ning xiao xi lay on the bed again and stretched.

She fell asleep again.

gu jin yi came up from downstairs after making breakfast. Seeing Ning stream still lying on the bed, he patted it gently.

"Mrs. Gu, it's time to get up and have breakfast."

Ning Xi suddenly woke up. "Am I asleep again?"

She murmured to herself and didn't know who she was talking to.

"What?"

gu jin yi was also stunned by Ning Xi's words. Was she talking in her sleep?

"I remember that I just woke up and was about to go downstairs. Why did I fall asleep on the bed again?"

Ning Xi replied in confusion.

Only then did gu jin yi understand what Ning Xi meant. He touched Ning Xi's head dotingly.

"You little fool."

"Don't touch my head. It's not high enough."

ning xiao xi took gu jin yi's big hand and put it down from her head.

"Do you want to grow taller?"

gu jin yi couldn't help but burst into laughter.

Ning Xi rolled his eyes at him, “although I know it’s impossible. But I’ll think about it, okay?”

“Of course, of course, of course.”

“Why do you get up so early?”

Ning Xi squinted and asked lazily.

gu jin yi smiled, “in order to thank you for the delicious dinner you cooked for me yesterday.”

“What time is it? I don’t want to get up...”

ning xiao xi stretched out her arms again, looking lazy.

“Go downstairs and have breakfast first.”

“I don’t want to go downstairs. I won’t eat.”

ning xiao xi pretended to pout.

“You must have breakfast.”

Before Ning Xi could react, he picked her up and walked out of the room.

“Ha ha! In fact, I just want you to carry me down.”

A complacent smile appeared on Ning Xi’s delicate face.

gu jin yi squinted his eyes and smiled wantonly, “what’s the good of me carrying you down?”

gu jin yi stared at Ning Xi, and a hint of charm flashed across his deep black eyes.

“I didn’t ask you to hold me. You are willing to do it.”

Ning Xi said disdainfully.

“Give me a kiss.”

gu jin yi approached Ning Xi with a warm smile.

“Hey, take care of yourself. It’s time to go downstairs. Stop it.”

ning xiao xi deliberately changed the topic.

gu jin yi didn’t wait for Ning Xi to speak again, and then a domineering kiss fell on his pink cheek.

“You...”

“If you don’t take the initiative, I will take the initiative.”

An evil smile appeared on gu jin yi’s deep and cold face.

.....

The two of them went to work after breakfast.

In the car.

“Do you have to work overtime tonight?”

Ning Xi pretended to ask casually. In fact, she was worried that he would not have dinner because of overtime.

“Mrs. Gu, do you want me to work overtime or go home with you?”

gu jin yi raised his eyebrows and looked at Ning Xi with his long and narrow eyes.

“Of course it depends on your schedule.”

ning xiao xi didn't answer gu jin yi's question directly.

“Tomorrow is weekend. Where do you want to go?”

gu jin yi didn't have much time to accompany Ning Xi these days. He would take her to play for a whole day tomorrow weekend.

Ning Xi didn't know what was going on. Did he say that he would take her to have fun on weekends? Did she hear it right?

For a busy man like gu jin yi, there was no difference between weekdays and weekends. He also worked on weekends, but this time he took the initiative to take her to play.

“Wow, it's the first time that Mr. Gu took me there. I have to think about where to go. I can't let go of this opportunity.”

ning xiao xi said thoughtfully.

“Anywhere you like.”

gu jin yi replied calmly.

“Do you want to go abroad for a few days?”

Ning Xi squinted at gu jin yi and asked tentatively.

“I can arrange time to accompany you wherever you want to go.”

gu jin yi answered naturally, holding the steering wheel gracefully.

Ning Xi was silent for a while. She stared at gu jin yi sideways. She didn't expect that gu jin yi would give her such an answer.

Ning Xi suddenly found that this man was always so good to her.

Soon, they arrived at VL. Before getting off the car, Ning Xi specially reminded her, “remember what you said. Anyway, I will remember it firmly.”

gu jin yi made an OK gesture, and a dotting smile appeared on his deep handsome face, which was particularly beautiful.

Then Ning Xi walked into the company hall.

After Ning Xi entered the company, gu jin yi started the car and left.

On the other side, in ye xiao xiao's house.

"chen chen, han han, it's time for us to go to school."

ye xiao xiao picked up the schoolbags of the two babies and put them on their backs.

"Aunt Celia, can't we go to the set again?"

The two babies looked at ye xiao xiao pitifully and asked sadly.

chapter 137

"Well Your boss and Mommy have said that we should go to school and stop thinking about acting, okay? You can go to the set when you grow up."

ye xiao xiao slowly squatted down and comforted them with her beautiful eyebrows frowning and maternal eyes.

han han got excited all of a sudden, "I don't want to go to school!"

han han threw her schoolbag down with red eyes and said angrily du du.

"Sister, since Mommy wants us to go to school, let's listen to her. Let's go to school."

chen chen picked up his schoolbag for han han and comforted han han like a big brother.

She cast a sharp glance at han han, and han han immediately understood what she meant.

"han han should listen to Mommy, just like her brother? Mommy doesn't want you to act in the movie. There must be a reason for her."

Seeing that chen chen was comforting han han, ye xiao xiao felt a little relieved. Finally, there was someone who could understand her and Ning Xi.

Now she had to comfort han han. Seeing that she was crying and angry, Celia didn't know what to do.

"Good girl. Do you remember what I told you? Don't be angry. Let's go to school."

chen chen stared at han han, who was half squatting on the ground, with his deep eyes, and an unpredictable thought flashed across his eyes.

All of a sudden, han han became silent. She looked at chen chen with her big watery eyes, as if she suddenly remembered what chen chen had told her last night.

At first, she thought that chen chen was just saying it. Thinking of the current situation, she believed that what he said should be true.

Good! Since Mommy didn't allow them to act, they would go out by themselves!

"Okay, I'll go to school."

han han understood what chen chen meant very well. She stood up obediently and put her schoolbag on her back.

“My chen chen and han han are the best. Come on, aunt Celia. Take your hands to school.”

Seeing that han han was no longer sad, ye xiao xiao felt a little relieved. After all, if the two babies were always emotional, Ning Xi would also worry about them.

Celia didn't notice anything wrong with what chen chen said to han han. She thought it was a brother's comfort to his sister.

On the way, the two babies didn't show any sadness, and Celia hoped to see this scene, which would make her and Ning Xi feel relieved. Such a relaxed mood naturally wouldn't affect the two of them to go to school.

Soon the two babies were sent to the kindergarten.

“chen chen and han han go to school obediently. Aunt Celia will cook delicious food for you tonight.”

ye xiao xiao touched the heads of the two babies.

“Aunt Celia, please go back. We will go to school obediently.”

The two babies said in one voice, looking very obedient.

There was indeed a meaningful glint in their eyes.

“Okay, bye, babies!”

ye xiao xiao waved her hands and was about to leave when the two babies suddenly spoke again.

“Aunt Celia, you should also eat more delicious food. Don't give it to us all the time. You should take good care of yourself.”

The two babies suddenly held Celia's hands and said affectionately and sensibly.

ye xiao xiao frowned and looked at the two babies with a relieved smile. She suddenly felt that chen chen and han han had grown up and became sensible, different from before.

“Our chen chen and han han have grown up. We will wait for you to buy delicious food for us and your mommy, and take care of us.”

ye xiao xiao squatted down and gently touched her two little heads.

chen chen and han han nodded obediently, indicating that they would be treated well and taken care of when they grew up.

“Aunt Celia, we're going in. Bye!”

The two kids pretended to be obedient and walked into the kindergarten. They walked very slowly step by step, with a complacent smile at the corners of their mouths. They looked at each other.

Seeing them enter, ye xiao xiao turned around and left.

The two babies slowly walked a few steps, and then secretly turned their heads. Seeing that Celia had gone far, they suddenly turned around and ran out of the kindergarten again.

“Brother, will Mommy worry about us if we do this?”

han han seemed to be a little hesitant. She felt that it was a little wrong. She always felt that it would make Ning stream worried.

“Don’t worry. I have written a letter to Mommy. She will come to us when she sees it. Then we can go to the set to shoot.”

chen chen said to han han word by word.

“OK ! Mommy always disagrees with us shooting, so we don’t have to go to school. ”

han han seemed to be suddenly enlightened and decided to leave the kindergarten and home. She would have a “trip” with chen chen.

“Brother, where should we go now?”

han han puckered her pink lips and asked for chen chen’s answer.

“Let’s go.”

chen chen held han han’s hand and walked towards the left

ye xiao xiao sent the two babies to school. On her way to work, she called Ning Xi to tell her the situation of the two babies, and also told her that the two babies agreed to go to school.

She didn’t know that the two babies were on their way to the destination. Instead of obediently going to school in the kindergarten.

The whole morning passed like this. At lunch time, the two babies walked to a park and sat down on a wooden chair.

She took off her backpack and found that there were all kinds of snacks in it.

It seemed that she had already prepared it.

“We have to eat slowly, or we will have nothing to eat when we are hungry in the future.”

chen chen said as he counted the food in his schoolbag.

“Yes, I know! But I’m hungry now. ”

han han rubbed her belly and licked the snacks in her bag.

“It’s lunch time now. We can eat something.”

chen chen took out two bags of crisps, two bottles of milk and two bread, and the two little babies ate with satisfaction and joy.

After lunch time, the two babies started to travel again. They were very happy all the way, as if they were having a trip that belonged to them.
