chapter 138

Brother, let's go to the coffee shop. Daddy often drinks coffee there. Maybe we can meet by chance."

han han held chen chen's hand and walked towards the coffee shop that gu jin yi often went to.

Because last time when gu jin yi sent han han home, he pa**ed by the coffee shop. han han remembered it clearly.

Not only that, chen chen and han han used to apply for a membership card there in order to run into gu jin yi.

The day pa**ed quickly. In a t****ling of an eye, it was already in the evening. Due to the special situation today, the pill didn't come to pick up the two babies. Instead, ye xiao xiao came to the kindergarten to pick up the two babies.

The two babies were not in a good condition these days, so Celia had to comfort them.

"Eh?Why hasn't chen chen and han han come out yet?"

ye xiao xiao saw that almost all the children of other families had come out of the kindergarten. She hadn't seen her parents yet, so she went closer to see the kindergarten.

Normally, as long as the school was over, chen chen and han han must appear at the door and wait for her, because Ning Xi had told the two of them to stand at the door and wait for them to pick them up.

However, as the flow of people became less and less, all the children in the kindergarten left, but they still did not see the two little babies.

Just as Celia was about to enter the kindergarten to look for them, their teacher came out with a graceful smile.

"Nice to meet you, teacher."

ye xiao xiao greeted politely.

"You areShe is the aunt of ning chen xi and ning han xi."

A more than 20 year old girl's teacher recognized Celia.

After all, there were more than 100 children in a cla**. Celia didn't come here often, so the teacher only vaguely remembered her.

"Yes, yes. I'm their aunt. Is chen chen and han han still in there?"

ye xiao xiao seemed to be a little anxious, waiting for the teacher's answer.

"Haven't you asked for a few days off recently?I haven't been to school recently."

The girl's teacher was also stunned by ye xiao xiao's question.

The teacher thought that it was Celia who came to ask for leave for chen chen and han han. Why did she come to the kindergarten to pick up the two of them for no reason?

Shouldn't the two babies be at home now? Why was she in the kindergarten?

The girl's teacher looked at Celia in confusion.

"Yes, I did ask for leave, but I've sent the two of them to school this morning."

ye xiao xiao said nervously and anxiously.

She began to worry and all kinds of bad ideas came to her mind.

"Did they come today? But I haven't seen ning chen xi and ning han xi since this morning."

The girl's teacher frowned and wondered what was going on? She didn't see the two of them go to school today.

How is that possible? ye xiao xiao remembered that she sent them here in person. Why wasn't she in the kindergarten?

"Teacher, there should be CCTV here. I want to see it."

"Okay, let's go to check the surveillance video."

Then, Celia and the girl's teacher hurried to the monitoring room.

In the monitoring room.

The girl's teacher asked Celia about the time when she sent chen chen and han han to school in the morning, and then asked the manager of the monitoring room to open the corresponding surveillance video.

"Here, here!"

ye xiao xiao stared at the video and didn't miss any corner. Finally, she saw the traces of two little babies in a video. She couldn't help but speak excitedly.

Then, the management enlarged the video. Celia got close to the video and saw the two babies sneaking into the kindergarten and running out of it. They were whispering something at the gate of the kindergarten and then left.

The more ye xiao xiao watched the video, the more excited she became. What did chen chen and han han want to do? Why did she sneak out without going to school.

They should be home now, shouldn't they? No, she had to go home to have a look.

"Thank you."

ye xiao xiao didn't say anything more. She rushed out of the monitoring room and left the kindergarten. All she wanted to do now was to go home early to see if the two babies were there. Only when she was sure that she could calm down.

She always felt strange when she sent them to school in the morning. She suddenly sighed and said something so mature and sensible. They shouldn't understand at such a young age. It turned out that they were here to make a disappearance.

She hoped that the two babies were at home now and didn't play the big joke of running away from home with her.

On the way, all kinds of thoughts came to Celia's mind. What were the two babies doing? Was it because they were not allowed to act?

.....

As soon as they got home, ye xiao xiao called the two babies, "chen chen, han han!"

But there was no response. Celia became more and more worried. Did they really run away from home?

Then Celia rushed upstairs to see if they were hiding in the room.

"chen chen, han han, aunt Celia has brought you delicious food."

ye xiao xiao frowned and looked for two in the corners of their room.

But she searched the whole room, but didn't find chen chen and han han.

When Celia was about to close the door and go downstairs, she found a white note on chen chen and han han's desk. Celia walked in and had a look.

"Mommy, aunt Celia, we're leaving. We're going to the place we want to go. You don't have to worry about us or come to us. We like acting, but you all oppose it, so we decide to go out by ourselves. We will take care of ourselves, and you should also take care of yourself. When we prove that we will come back. Mommy, aunt Celia, goodbye!"

ye xiao xiao sank into the sofa in disappointment. What should she do? chen chen and han han were really missing. They were so young. Where could they go?

Then, Celia quickly took out her phone from her bag and was about to dial the number of Ning stream.

But she suddenly hesitated. Should she call chen chen and han han and tell them that they had run away from home?

When ye xiao xiao was hesitating, Ning Xi called.

Staring at the name on the screen, ye xiao xiao frowned and finally answered the phone.

"Naomi, what's up?"

ye xiao xiao asked in a low and hoarse voice, as if she had done something wrong.

"Nothing. I just want to know how is chen chen and han han?"

Ning stream had always felt guilty for the two babies who wanted to act. After all, it was the first time that the two babies had been so attentive to do something, but they were stopped by her.

"Naomi, i... I have something to tell you, but don't worry after you hear it."

ye xiao xiao intended to tell Ning Xi that chen chen and han han had run away from home. After all, she was their mother, and she should know it.

“What’s wrong?Is there anything wrong with chen chen and han han?”

Ning Xi asked with concern. She had a hunch that it was about the two babies.

“Naomi, I’m sorry. chen chen and han hanThey are missing.”

ye xiao xiao said in a hoarse voice and looked like a child about to cry.

chapter 139

“Celia, what are you talking about?Shouldn’t chen chen and han han be at home now?How could it be possible?Even if you want to lie to me, don’t do this. I’m not that gullible.Oh, by the way, tell chen chen not to deceive me with this trick. There is no need to talk about filming.”

Ning Xi thought ye xiao xiao was just kidding, so he emphasized that he would never let them shoot.

“StreamThey were fine when I sent them to school this morning. But when they got home from school, I went to pick them up, and they were gone.”

However, ye xiao xiao kept talking seriously. Her eyes were a little red. She sobbed and became more and more worried about the two babies.

All of a sudden, Ning stream calmed down. It seemed that Celia was not joking.

Ning Xi became a little nervous. What did Celia just say?chen chen and han han were missing?

“CeliaWhat... What are you talking about?”

“I’m sorry, Naomi. I didn’t take good care of chen chen and han han.”

“Celia, are you serious?Don’t worry. Tell me when chen chen and han han disappeared. And tell me if you have any clue.”

Hearing Celia’s tone, ning xiao xi knew that she was worried too much. Although she was also worried, she had to calm down.

Even though Ning Xi didn’t look nervous, she couldn’t control herself.

“Celia, tell me, when did chen chen and han han disappear?”

“I checked the surveillance video. They left secretly this morning when I sent them to school.Oh, and they left us a note.”

ye xiao xiao didn’t know what to do as she answered Ning Xi.

“I’m going back now. Wait for me.”

Ning stream didn’t seem to have time to listen to ye xiao xiao. She just wanted to go back home to see what was going on and what was written on the note.

As soon as Ning Xi returned home, he went out again.

Fortunately, it happened that he worked overtime today, so Ning stream didn't have to explain anything to him. It was much more convenient for her to go out in this way.

On the other side of a wide road, the two little babies were panting all the way.

"Brother, I'm so tired. I don't want to walk anymore."

han han frowned with a bitter look on her face.

"Let's sit in the front chair for a while."

chen chen still held his sister's hand and let her sit on the chair to have a rest.

"Brother, I'm hungry. I want to eat something. I want to go home..."

han han pouted and looked at chen chen pitifully.

chen chen opened his schoolbag and looked at the food in it. There were only two bottles of water left.

She recalled that they had eaten up all the food along the way. If she had known it earlier, she would not have eaten it. She would be hungry next night.

"Here, drink some water."

chen chen took out a bottle of water and handed it to han han.

"I don't want water! I want to eat something! I'm so hungry!"

han han jumped off the chair like a rabbit and stamped her feet.

All of a sudden, she went back to the chair and sat down weakly.

"Brother, let's go home. I don't want to be outside anymore."

han han couldn't help but want to go home. She couldn't stand walking outside for only one day.

"han han, we have to hold back. If we go home now, everything we have done will be in vain, and Mommy will definitely not allow us to act."

chen chen told han han seriously that giving up at this time was equivalent to giving up halfway. Not only would their mommy, Ning Xi not let them go to work, but they would also be punished if they went back now.

han han frowned and said, "okay."

han han pouted and lowered her head reluctantly.

"But I have an idea. I don't need to go home or starve."

han han suddenly thought of gu jin yi.

"What idea?"

chen chen looked at han han in confusion. In fact, he was also hungry and wanted to go home.

“Let’s go to find daddy.”

han han squinted her watery eyes and whispered in chen chen’s ear, as if something important had happened.

“Looking for daddy?”

chen chen widened his eyes and asked in reply. He was young and a little deep, so it was hard to tell what chen chen was thinking now.

“Okay, go find daddy. He knows me anyway, and then we...”

.....

han han slowly told chen chen everything she was thinking.

She happened to run away from home and run into gu jin yi. If she succeeded, she could enter gu jin yi’s house and see their mother.

And their Mommy would definitely pretend not to know them in front of their father, gu jin yi. In that case, they would not worry that Ning Xi would be angry and blame them for running away from home.

“Brother, what do you think of my idea? Kill two birds with one stone? ”

han han looked at chen chen with a smile. She suddenly felt that she was too smart.

“This idea Sister, you are so smart. Killing two birds with one stone! ”

At first, chen chen hesitated, because Ning stream didn’t want their father to know their existence. If he went to see Ning stream rashly and let her know, would she be very angry.

But after hearing what han han said, he thought it was a good idea. After he entered their father’s house, he could know everything.

Why didn’t their mommy want their daddy to know their existence? Why didn’t she want to know him? The truth could be slowly revealed.

Most importantly, they could find a way to let their parents be together.

The two babies were both thoughtful. They were going to run into gu jin yi next.

“Let’s go. I’ll take you to buy some food.”

All of a sudden, chen chen jumped out of the chair and carried his sister’s schoolbag, letting her walk easily so that she wouldn’t be very tired.

“Is there anything to eat?”

han han’s clear eyes widened when she heard that there was something to eat.

“Yes. Aunt Celia gave me ten dollars for work. I’m not used yet. I’m going to buy you something to eat.”

chen chen held han han’s hand and walked towards the supermarket.

“Wow, wow, I can eat now. I’m so happy. I love my brother most!”

han han kissed chen chen’s cheek excitedly, and chen chen said shyly, “just say thank you politely. You can’t give me a kiss casually.”

“Haha...”

The two babies went to the supermarket happily.

chapter 140

On the other side, in ye xiao xiao’s house.

Ning Xi arrived at ye xiao xiao’s house as soon as possible.

“Stream! You are finally here!”

ye xiao xiao, who was walking in a hurry in the hall, ran to Ning stream as soon as she saw it.

“Celia, what happened to chen chen and han han?”

Ning Xi also looked nervous and flustered.

“You can check the two of them first.”

ye xiao xiao handed the note to Ning Xi.

Ning Xi frowned and looked all the way. Suddenly, he said in a hoarse voice, “did I choose to run away from home because I didn’t let them shoot?”

ye xiao xiao stood aside and didn’t know how to answer this question.

If it was for this reason, Ning Xi would definitely blame her for running away from home because she didn’t agree them to shoot.

That was not the reason, but the notes of the two babies were clearly written. They were not allowed to shoot, so they chose to go out by themselves.

So Celia didn’t know how to answer the question.

“By the way, I bought a telephone watch for chen chen and han han last time!”

It suddenly occurred to Ning Xi that the two babies had phone numbers with them.

Her heart seemed to be lit up. Ning stream immediately took out her mobile phone and dialed a number. Her heart thumped nervously, hoping that the two little babies could answer the phone.

chen chen, han han, babies, you must answer mommy’s phone. Mommy is so worried about you

Ning stream breathed up and down, and its chest was heavily pressed like a mountain.

“Sorry, the subscriber you dialed is power off. Please redial later...”

It was a call from the other end of the line, but it was powered off.

Ning Xi put down his phone disappointedly and froze in place.

“Celia, what should we do? chen chen and han han didn’t answer the phone. Where would they go at this late hour? Did they have dinner tonight? Will you meet some bad guys?”

Ning stream couldn’t control her emotions anymore and finally burst out. She was so worried that her tears couldn’t help falling.

Seeing that Ning Xi suddenly lost control of his emotions, ye xiao xiao was flustered and didn’t know what to do.

All she could do now was to comfort Ning stream. There was no other way.

“Shirley, don’t worry. chen chen and han han are so smart. They will be fine. Don’t cry...”

Seeing Ning Xi in such a state, ye xiao xiao felt a pang in her heart.

“Celia, let’s call the police!”

All of a sudden, Ning stream thought of the help of the police. When she was about to call 110, Celia suddenly said, “don’t call me. The case won’t be registered within 24 hours.”

Ning stream, which had finally lit up a glimmer of hope, seemed to fall into an abyss again.

“If we can’t call the police, what should we do? Celia, please think of a way.”

Ning Xi was so anxious that he didn’t know what to do.

“Naomi, how about this? Let’s go out and look for them now. We’ll split up and contact them if we have any news.”

ye xiao xiao had only this method now, and Ning Xi agreed. The two of them rushed out.

On the other side, when he finished his work and got off work, he drove out of the company.

The two babies were now leaning on each other’s shoulders pitifully.

“Brother, are we going to sleep here tonight?”

han han frowned and looked around. She curled up and got close to chen chen.

“Lie on my legs and sleep. That’s it for the time being today. Let’s think about it tomorrow.”

chen chen took the responsibility of a brother and took good care of his sister.

“It’s so cold! I’m so hungry...”

As soon as han han lay on chen chen’s lap, she couldn’t help but shiver. A gust of cold wind blew at night, and the two babies both sneezed.

“I’ll put the clothes on you.”

When chen chen was about to take off his coat and put it on han han, han han said considerately, “thank you, brother. I’m not cold now. You wear it yourself. You have to protect me. What if I catch a cold?”

The two babies laughed happily.

Although the two of them had encountered all kinds of difficulties and had made a sudden decision that they hadn’t prepared enough things, they were happy now for the two children who were five years old.

At least they were fighting for what they liked and couldn’t give up halfway.

The relationship between the two brother and sister was better than before, and they knew how to take care of each other.

“Are you hungry? There seems to be a piece of bread in my bag. I planned to keep it for tomorrow. Since you are hungry, let’s eat first. ”

chen chen began to look for the bread in his schoolbag.

“Well, why is it gone?”

chen chen poured the whole backpack over, and all the things in it were s***tered on the chair. Suddenly, his bounce ball jumped out of the chair.

“Bounce!”

Putting down his backpack, chen chen jumped off the chair and ran after his toys.

The ball bounced all the way to the road. A black limited edition Rolls-Royce was driving towards chen chen, and a bright and dazzling light was shining on chen chen.

“Brother, be careful! A car is coming! ”

han han, who was sitting on the chair, jumped off the chair at once when she saw this scene. She was stunned and stared at the scene.

At this moment, han han seemed to be frightened. She didn’t know how her legs moved. Her watery eyes widened.

A little girl’s figure came into his sight. He slammed the brake.

chen chen was frightened to sit on the ground. She covered her eyes with her hands.

gu jin yi got out of the car at the first time and ran slowly to chen chen.

“Kid, are you okay?”

gu jin yi gently helped chen chen up and kept looking at chen chen to see if he was hurt.

Due to excessive fright, chen chen stood still on the ground, staring at her without blinking.

“Brother!”

han han ran towards chen chen, knelt down on the ground and held chen chen tightly.

It seemed that he heard a familiar voice. He frowned slightly and looked at the little girl kneeling on the ground with his dark eyes.

Looking at her back, he suddenly had a familiar feeling.

“Yes, is that han han?”

It was dark at night, so he was not sure whether it was han han or not.

han han, who was holding chen chen, suddenly heard a familiar voice. She slowly released chen chen and looked at gu jin yi.

“Handsome uncle, it’s you!”

Although it was at night, han han recognized gu jin yi at the first sight. His handsome and delicate face was directly seen in han han’s da hei eyes.

Of course, when he saw han han, he recognized her.
