

Cute Baby150

chapter 150

Ning Xi felt helpless and didn't know how to respond to him.

'forget it. That's it. Now that I've made up my mind, I'll let it go.' There should be more things for her to think about.

It was still early. Ning stream picked up her phone and sent a WeChat message to Celia, telling her that she had found the two babies and asked her not to worry anymore.

ye xiao xiao replied in a few seconds. It seemed that she didn't sleep well because of the disappearance of the two babies.

"Is there anything wrong with chen chen and han han? Where are they now?"

"They are fine. Don't worry. They are with me now. I'll tell you in detail when I go back. It's a little inconvenient now."

"Okay." ye xiao xiao knew that it was not convenient for Ning Xi now, so she didn't ask any more. Instead, she sent an "OK" emoji.

Then, Ning stream turned off her phone and stopped talking with Celia. Since she had been told that chen chen and han han were safe now, she could rest assured.

In fact, Ning Xi had a lot of things to tell ye xiao xiao. He wanted to tell her that the two babies had met gu jin yi and that they would live with him in the future. Ning Xi planned to tell ye xiao xiao everything when he went back.

After all, she, Celia, could give her some advice.

Soon, gu jin yi took them to the biggest and funniest amusement park here, where almost all kinds of games were available.

As soon as the two babies got out of the car, they looked at everything here with dull eyes. "I'm a good girl. It's so big here..."

"And it looks interesting..."

The two babies were stunned. Last time, Ning Xi took them to a small amusement park, and they thought it was very interesting. Now they knew what a big amusement park was.

Then they could have enough fun today.

Then the four of them walked in hand in hand.

It was the first time that he had come to an amusement park.

At first, she didn't like this place very much. Seeing that the adults were playing with the children, she always felt that this was the children's amusement place and the adults didn't know what to participate in.

As soon as they entered the amusement park, the two babies ran around happily.

“Daddy, Mommy, hurry up!”

gu jin yi and Ning Xi slowly followed the two babies and watched them playing.

“Daddy, Mommy, we want to ride a roller coaster.”

The two babies pointed at the roller coaster not far away and looked at gu jin yi and Ning Xi expectantly, hoping that they could take them to play.

But the two babies were only five years old. They couldn't ride a roller coaster.

“chen chen and han han, let's play something else. It's too dangerous.”

Ning Xi walked up to the two babies and said in a soft maternal tone.

She hoped that they could be obedient and understand.

The two kids pouted and said, “Mommy, I just want to play the roller coaster...”

Ning Xi was also helpless with the two babies. He frowned and didn't know how to coax them.

Seeing this, gu jin yi walked slowly to the front of the two babies, squatted down and said, “chen chen, han han, dad will take you to play a more interesting game. Do you want to go?”

When the two babies heard gu jin yi's words, their starry eyes immediately lit up and stared straight at him.

“Wow, wow, wow!”

“Daddy is the best. I like Daddy the most!”

The two babies jumped up excitedly and kept rubbing themselves into gu jin yi's arms.

The two babies leaned on gu jin yi's broad shoulders and made a big face at Ning Xi.

Ning Xi stood aside and saw the two babies flirting with her. He narrowed his eyes and looked at them, as if they were communicating with each other.

Then, Ning Xi pretended to be a little jealous and said, “Daddy, you'd better be. Well, you can follow him from now on.”

Ning Xi pretended to walk aside. A helpless smile appeared on Jean's face. Was she jealous of her two children?

Seeing this, the two babies immediately let go of gu jin yi and ran to Ning Xi, holding her thighs.

“We love Mommy too...”

“Who said Daddy was the best?”

Ning Xi looked into the distance and said indifferently.

“Daddy and Mommy are the best.”

The two babies were so smart that they immediately came up with something to answer Nina.

In this way, they would not make their mommy Ning Xi angry, nor would they make their daddy, Jin Yi, feel a sense of distance.

“Mommy, don’t be angry. It’s not beautiful if you are angry.”

han han pouted her pink lips, and coaxed Ning stream as what Ning stream coaxed her every time.

Ning Xi couldn’t help laughing.

“Mommy smiled. Are you not angry now?”

The two babies smiled happily.

“Let go of my thigh.”

Only then did ning xiao xi find that the two babies were still holding her thighs, and they were on the same side. Seeing this scene, she felt very embarra\*\*ed.

“I can only hug your mommy’s thighs.”

Suddenly, a deep and hoarse voice came from behind, and he walked forward.

ning xiao xi and the two babies were stunned, and then the three of them burst into laughter.

“Well, let’s go to play.”

Ning Xi was speechless. He suddenly felt that gu jin yi was so childish.

“Daddy, Mommy, I want the bear in his hand. It’s so big!”

Along the way, han han saw a child pa\*\*ing by her with a xiong wa wa in his hand, which was taller than her. She also wanted it.

“But I don’t think it’s sold here.”

Ning Xi looked around and found that there was no place to sell such toys.

“But I just want it.”

han han pouted and frowned. She began to feel sad.

“han han, be a good girl. Can I buy it for you when we get home later?”

han han didn’t say anything, and her expression had exposed her current mood.

gu jin yi walked towards other people’s house and seemed to ask them something.

After a while, he turned around and walked back. “Let’s go to get you the bear doll.”

“Where can I get it?”

Ning Xi was a little confused. A meaningful smile appeared on his charming face. “As long as we cooperate well, it’s easy for us to get the bear doll.”

Ning Xi still couldn't understand gu jin yi's words. What was he talking about?

Without thinking too much, she walked forward with gu jin yi and the two babies.

chapter 151

gu jin yi arrived at the place of the competition according to the route the parents of the children just said.

There were many couples playing with their children here.

"Come on!"

"Daddy, Mommy, come on! We must win them!"

"It's almost the first place. We'll get the panda soon."

.....

The atmosphere at the scene was particularly intense, like an official competition for a ranking.

"What are you doing?"

Ning Xi saw people surrounding the scene and didn't know what was happening. It seemed that people were very excited.

The four of them squeezed in and finally understood what they were doing.

"Daddy, Mommy, look, there are so many panda there."

han han saw the big toy bear at the end of the line at a glance and stared at it with her bright eyes.

"I will help you get the first place and the panda."

gu jin yi said to the two babies firmly and confidently.

At the same time, Ning stream, who was standing aside, took a look at him. Was he going to take part in the competition?

"As long as you get the first place, you will be the first one to get the big panda. There is still a couple missing. Who else wants to come?"

A referee shouted loudly. The people around looked at each other, but none of them went up to sign up.

They all felt that this game was too difficult. Only when the two of them cooperated well could they get the first place.

"We!"

gu jin yi suddenly opened his mouth, and all eyes were on them.

It was so embarrassing.

Before Ning Xi came to his senses, he had already started signing up.

“Hey! I didn’t say that I would go to the competition.”

Ning Xi looked up at gu jin yi with contempt.

gu jin yi just smiled and chose to be silent.

“I agree with daddy to take part in the competition!”

The two babies supported gu jin yi at the same time.

When Ning Xi was about to say something, he found two babies rolling their eyes at him.

Ning Xi was speechless. What did she do? Were the two babies helping his father resist him?

“Mommy, you have to cooperate with daddy to get that panda for me.”

han han said, indicating that Ning Xi should cooperate with gu jin yi.

“Look, chen chen and han han have said that. Are you still going to give up the competition?”

gu jin yi used the names of the two babies to speak, and the three of them cooperated perfectly as if they were in collusion.

“I...”

Nina wanted to refuse, but the sharp eyes of the two babies immediately shot into her eyes.

Ning stream couldn’t refuse.

“Excuse me, are you two husband and wife?”

The referee walked up to gu jin yi and Ning Xi and looked them up and down.

When he asked this question, he was obviously a little angry. Didn’t the couple come here to participate in the competition?

Ning Xi was a little stunned, and then lowered his head slightly. Didn’t they two look like a couple? This made Ning Xi feel a little sad.

A scapegoat was always a scapegoat. Even outsiders didn’t think they were a couple.

The referee’s question fell into dead silence on the spot. Of course, everyone knew that only couples could participate in the competition. Who couldn’t see such a big advertisement board?

Everyone looked at gu jin yi and Ning Xi with strange eyes. They seemed to have become a scenery here.

“Uncle, your question is so strange. Of course my daddy and Mommy are husband and wife. Otherwise, why do you come here to participate in the competition?”

Before they could say anything, han han, a little impatient, answered the judge first.

Only then did the referees notice the two little babies beside gu jin yi. They were as tall as trees at the foot of a mountain standing beside gu jin yi.

When the referees saw chen chen, he was stunned and 100% believed that gu jin yi and Ning Xi were a couple.

Because he and gu jin yi looked exactly alike. They were father and son, so they must be a family.

“These are your two children, aren’t they? One looks like your mother, and the other looks exactly like your father. They are really a family!”

The referee couldn’t help but say a few more words. Looking at the two little babies, he couldn’t help but fall in love with them.

Then, all the people present looked at gu jin yi and his family, as if they were observing their appearance.

“Let’s go. Stop playing.”

Seeing this scene, ning xiao xi’s heart was beating fast and nervously. She took the hands of the two babies and was about to leave.

What’s more, the identity of the two babies would be exposed soon. gu jin yi couldn’t know it.

“What’s wrong?”

gu jin yi suddenly held Ning Xi’s hand.

“I don’t want to play here all of a sudden. Let’s go somewhere else.”

Ning Xi answered guiltily.

“Now that we have promised them to give them the panda, we have to do it. This is an example for them to keep their words.”

gu jin yi said in a low and clear voice, staring at Ning Xi with his deep and unfathomable black eyes.

This made Ning Xi speechless. What he said was indeed right. If he couldn’t do what he promised in front of the children, how could he teach them in the future.

“Mommy, we want a panda...”

chen chen and han han looked at Ning stream with their big watery eyes pitifully, which made people refuse.

“Let’s go. Get them a panda. ”

Then, they walked to the competition field. Everything was ready, waiting for the referee to call.

Before they took part in the competition, gu jin yi and Ning Xi had already seen the rules of the competition. The legs of the two people were tied together, and the first to arrive at the end of each group was the first. So they arrived at the venue directly.

There were three couples, including gu jin yi and Ning Xi.

On the other side of the competition site, a woman in a black spy suit was looking at them.

gu jin yi?And Ning stream?Why were the two of them here?

It was an amusement park. If she had always thought that people like gu jin yi wouldn't come to such an occasion, she didn't expect them to appear here.

If she inadvertently found the two of them here, she stopped to see what they were doing.

"This game is mainly to test the cooperation between you and your wife?The better they cooperated, the faster they walked, and the closer they were to the first place.Are you ready? "

The referee picked up the whistle and put it to his mouth, ready to start his consciousness.

"Ready!"

Everyone responded to the judge in one voice.

"Ready, let's begin!"

The referees whistled and the three couples tried their best to move forward.

chapter 152

"Ah, slow down."

As soon as she took two steps forward, she was tripped by the two men's feet. They didn't cooperate at all.

gu jin's right foot escaped from Ning stream, which should have been left foot, so the two of them could walk forward together.As for gu jin and Ning stream, they two always walked and fell.

"Now the third group is temporarily in the lead, and the first group is the second. The second group in the middle doesn't seem to cooperate with each other very well, so we are temporarily behind. We have to hurry up to keep up with them."

The referees followed them all the way, paying attention to which group they would arrive at the finish line first.

With her charming eyes looking at them with disdain, she crossed her arms over her chest and raised her stiff chin arrogantly. With a mocking smile at the corners of her mouth, she said, "how childish you are. It's ridiculous that gu jin yi would play such a childish game with Ning Xi."

"Daddy, Mommy, come on!You are the best! "

The two little babies followed gu jin yi and Ning Xi, waving their little hands at them and encouraging them.

The atmosphere of the competition was unusually solemn. Everyone stared at the competition of the three groups of couples, and no one shouted and encouraged.

Only the two babies were shouting, so everyone's eyes fell on them.

Naturally, Susie, who was standing aside, also saw them.

When Leona's eyes fell on the two children, especially when she saw chen chen, her charming eyes instantly widened and fixed on chen chen.

"Bill..."

Then she looked at gu jin yi and Ning Xi, and then at the little boy. There was no expression on her stiff face, and she was stunned by them.

That childHow could she look exactly like him?They were calling daddy and Mommy just now

If she started to guess, she was very likely to be sure of their relationship.

How could it be the child of gu jin yi and Ning Xi? They had only been married for a short time, but where did they get such two children?

But the little boy looked exactly like gu jin yi. He must have something to do with it.

With so many questions, she couldn't figure it out in a short time. This time she came to the amusement park and saw such a wonderful scene. It was not in vain.

No matter who was the father of the two children, they must be staying with gu jin yi and Ning Xi now.

"The second group is far behind the other two groups. Can they catch up?I'm afraid he's in danger."

Seeing the form, the judge thought that ninety-nine percent of gu jin yi and Ning Xi couldn't catch up with them.

"What should I do?We are the last one..."

Ning stream seemed to be a little anxious, and she was at a loss what to do.

"Don't worry. I'll take you with me. Listen to me step by step."

gu jin yi seemed to be very patient. He saw that the other two groups of couples were far away, but he still felt that they could get the first place.

Ning Xi gradually calmed down and followed gu jin yi's words.

"Start with your left foot, then your right foot..."

In this way, the two of them cooperated perfectly and walked faster and faster.

"We have seen that the second group of couples are getting better and better. They have shown their potential, and their steps are getting faster and faster. Can they catch up with the other two groups and get the first place?"

Everyone took a deep breath for gu jin yi and Ning Xi. It seemed that they would never be the first to fight back.

"There is only one minute left. Now the speed of the three teams is almost the same as the distance from the finish line. Next, let's see which group will win the championship and win our first prize, panda!"

"Daddy, Mommy, come on! You're awesome!"

Hearing the encouragement of the two babies, gu jin yi and Ning Xi walked faster.

“Let’s hurry up. They have caught up!”

“Follow me. Can you cooperate with me?What’s the point of being anxious? ”

.....

The first group was supposed to be ahead of gu jin yi and others, but now they had to surpa\*\* them. They felt a little pressure and wanted to surpa\*\* them.

On the contrary, the more they wanted to surpa\*\* them, the more messy their steps became, and finally fell to the last place.

As expected, gu jin yi and Ning Xi reached the finish line first.

“Congratulations to the second group. You won the championship!”

When the referees told them the results of the compet\*\*ion, gu jin yi and Ning Xi immediately relaxed their nerves. In fact, along the way, they were also worried that they would not be the first to reach the end. But after hearing the encouragement of the two little babies and in order to set an excellent example for them, gu jin yi and Ning Xi had the motivation to hold on.

“Daddy and Mommy are the best. Turn the tables!”

After the compet\*\*ion, the two babies immediately ran to the finish line, ran to Ning stream and gave them a big thumbs up.

gu jin yi and Ning Xi couldn’t help laughing, “chen chen, han han, it seems that you have good grades and the idiom is very suitable.”

“Thank you for your praise, daddy. Mommy taught you well.”

The two babies answered with a smile, narrowing their eyes.

gu jin yi turned to look at Ning Xi, who immediately explained, “they mean that their biological mother has taught them well. Why do you look at me?”

Ning Xi suddenly felt nervous. If the two babies continued to talk like this, she would have a heart attack.

“I didn’t say anything?You look so excited. ”

gu jin yi raised his eyebrows and didn’t understand why Ning Xi was so excited.

It was said that it was difficult to guess a woman’s mind.

“I’m not excited. Why should I be excited?”

With a guilty conscience, Ning Xi turned his face sideways and didn’t look at the black eyes of Jin.

“We will be responsible for their education in the future.”

gu jin yi gazed at Ning Xi with his deep and unfathomable black eyes, and then looked at the two little babies, with all kinds of pampering and tenderness in his eyes.

The judge gave the panda to Ning Xi, and the two babies stared at it.

“Here you are, chen chen and han han.”

Ning Xi handed the panda to the two babies. They were so excited that they looked at it up and down.

“Thank you, Mommy!”

The two babies replied politely.

“Let’s go.”

When they were about to leave, the referees suddenly said, “wait a moment, two of you. There is a big gift for you.”

The four of them were stunned, and the two babies widened their eyes when they heard that there were more gifts.
