

Cute Baby153

chapter 153

“Kid, I want to ask you a question. As long as you answer it right, you can choose another gift there.”

The judge said softly, pointing at some dolls not far away.

The referees couldn't help but want to have a chat with chen chen and han han, who were so cute and smart.

“Uncle, let's answer it.”

The two babies couldn't wait any longer, staring at the toys not far away with their big watery eyes.

“When is your parents' birthday? Do you remember?”

The judge said word by word to see if these two smart children would be different from other children and would remember their parents' birthday.

“Of course we remember mommy's birthday. That day happens to be a festival for couples. It's July 7th and seven nights.”

The two babies blurted out without hesitation. It seemed that they clearly remembered the birthday of Ning Xi.

She looked confident.

The two babies thought that if they could get a gift with such a simple question, they could ask a few more questions and answer a few more questions. Would they be able to take more toys?

“Uncle, we have answered your question. Can we get the toys now?”

The two babies stared at the toys over there, looking expectant.

“Of course you can take the toys.”

“Really?”

Before the referee could finish his words, the two little babies were about to run towards the toys. The referee suddenly said, “but your daddy's birthday hasn't been mentioned yet.”

The two babies were stunned and frowned.

She began to feel a little sad. She couldn't get the toy this time.

Although gu jin yi was indeed their biological father, he grew up with their mother Ning Xi. Before they knew him, they didn't know that they had a father.

Therefore, the two babies knew nothing about his birthday. After all, they had only lived together for one day.

“Well We don't know Daddy's birthday...”

The two babies lowered their heads slightly and pouted their pink lips. Knowing that their answers failed this time, their expectations were suddenly disappointed.

“I know mommy’s birthday clearly. Did Daddy forget it?It seems that you like mommy more. ”

The judge made a joke and asked the staff to bring the toys to the two babies.

“You have remembered your mother’s birthday, and it’s good enough. You can remember your mother’s birthday at such a young age. When you grow up, you must be a filial and sensible child.”

The judge touched the heads of the two babies, and his eyes were full of love for chen chen and han han.

“Thank you, uncle!”

chen chen han han, who took the toy, politely answered.

Everyone present, including gu jin yi ning, Yvette and Ruxin, watched the scene.

Seeing this, gu jin yi frowned and there seemed to be a lot of doubts in his deep and unpredictable eyes.

How did the two babies know Ning Xi’s birthday?They just knew Ning stream yesterday and didn’t tell them anything about her birthday. How could they know?

Ning Xi, who was standing next to gu jin yi, looked at the two cute babies with maternal eyes. A warm and satisfied smile involuntarily appeared on his handsome face.

“Daddy, Mommy, uncle gave us toys.”

The two babies ran to gu jin yi and Ning Xi excitedly.

“Thank you, uncle?”

Ning Xi asked the two babies with a smile.

“Well, mommy has taught us to be polite.”

The two babies nodded obediently.

On the competition site, if she saw what gu jin yi and the others were doing and heard that the two babies really called gu jin yi and Ning Xi daddy and Mommy, and the two babies also knew Ning Xi’s birthday. If they were not biological children, how could they know so clearly?

They looked so intimate to the two babies. If it weren’t for their own children, they wouldn’t have doted on them so much?

This was the problem. The two children looked about five years old. They had only been married for a few months. How could they have such a big child?Did gu jin yi and Ning Xi know each other five years ago and have a child?

.....

The more she thought about it, the more confused she became.

Then, they left the competition site hand in hand.

Without thinking too much, she decided to follow them first and see what was going on.

The family walked the two babies while stamping their feet excitedly.

“chen chen, han han, I’m curious about a question.”

gu jin yi couldn’t help asking.

“What?What did Daddy say? ”

chen chen looked up at gu jin yi.

“How do you know sworn mother’s birthday?”

gu jin yi stared at the baby with his deep and unpredictable black eyes and wanted to hear their answer.

When Ning Xi heard this question from gu jin yi, she was thinking about how to find an excuse to answer him.

“Of course we know mommy’s birthday!”

han han blurted out without thinking twice.

“I heard that her mother’s birthday happened to be on July seven, so they remembered my birthday.”

Ning Xi couldn’t think of any other reason, so she had to answer it in this way.

“Yes, my mother’s birthday and godmother’s birthday are the same day, and it is also the lunar July 7th, so we have always kept it in mind.”

chen chen tried to comfort Ning Xi. Fortunately, he was smart enough to come up with an excuse.

“What a coincidence!”

There was no change on gu jin yi’s deep and handsome face, and a faint smile faintly appeared on his face.

“Yeah, so we are destined to meet. I look like you, and mother * and mother **’s birthday is the same day.” (* TN: here mother means sworn mother)

gu jin yi seemed to believe what the two babies said and didn’t ask any more. He just thought that they were destined to be together.

“Are you tired? Daddy will take you to eat delicious food.”

Then, he gracefully squatted down and directly held the two babies in his arms, one on each side.

“Okay, okay, I’m hungry...”

“Daddy, I love you the most!”

The two babies rubbed against gu jin yi’s arms, acting like spoiled children.

“Daddy, what are you taking us to eat?”

“I want sushi and hamburger. What else do you want?I have to think about it.. ”

“You can eat whatever you want to eat. I’ll make you full and have a yuan yuan stomach.”

“We have to keep fit. In fact, just a little bit is enough.”

.....

Along the way, with two babies in his arms, he talked and laughed.

chapter 154

Ning Xi walked beside gu jin yi and the two babies. Seeing them playing happily, he felt gratified and happy from the bottom of his heart.

A warm and satisfied smile appeared on her pretty face.

This was the feeling of home.

When they arrived at the restaurant outside the amus****t park, the four of them sat on the sofa.

gu jin yi ordered all the food on the table. The two babies looked at each other with their mouths agape.

“Can we eat?”

The two babies asked first.

Perhaps it was because Nina taught them to let others eat first before they could eat, so the two babies asked subconsciously.

“Of course, these are all for you.”

gu jin yi answered calmly.

chen chen and han han didn’t forget to look at Ning stream. They could only eat after she agreed.

Ning Xi replied gently.

“Daddy, Mommy, let’s eat too.”

After saying that, the two babies couldn’t wait to pick up the food on the table and eat with relish.

Ning stream looked at the two babies. At this moment, she was full even if she was hungry and saw their satisfied looks.

“What are you smirking for?Are you hungry? ”

Seeing Ning Xi giggling at the two babies without eating anything, gu jin yi said to her subconsciously.

“I’m not hungry.”

Ning Xi answered directly.

“Purr!”

When gu jin yi was about to say something, Ning Xi’s belly had already sold her out.

“Mommy, your belly is asking you to eat. Hurry up and eat.”

han han kept stuffing food into her mouth and urging Ning stream to eat.

“Mommy, don’t think about losing weight. You just eat because you have such a good figure. If you don’t eat now, you will eat a lot at home tonight, which will make you more fat. ”

chen chen added.

At this moment, Ning Xi lowered his head with a red face.

chen chen and han han, what do you want to do? Why did she say that she had lost weight when eating? It was so embarrassing

gu jin yi couldn’t help laughing when he saw the two babies talking to Ning Xi.

“chen chen and han han are right. I think you should gain weight instead of losing weight.”

gu jin yi gracefully picked up a cup of coffee and said.

“Who said I was going to lose weight? I just I’m just not hungry. ”

Ning Xi answered with a guilty conscience. In fact, she was on a diet and couldn’t eat these high calories, so she didn’t eat even if she was hungry.

“Purr!”

Ning Xi’s hungry voice came again.

“Mommy, don’t say anything. Your belly can’t lie to us. It’s already resisting you.”

han han kept talking about Ning stream while eating.

gu jin yi was amused by the two babies for several times, but no one had ever let him laugh like this.

At this moment, Ning Xi really wanted to put a big piece of stuff into han han’s mouth to make her shut up.

Then, perhaps gu jin yi found out something, he specially ordered a plate of fruit salad for Ning stream.

The four of them ate happily

Behind them, at another table, Leona was sitting face to face with one of her friends on the sofa, drinking coffee leisurely.

In fact, the main purpose of Susie was to follow them and see what their relationship was.

She approached the sofa and pricked up her ears to listen to their conversation.

She could only hear their chuckles. She couldn’t hear anything else but what they were talking about.

Closer, closer

“Come on, have some fruits. Don’t always eat ice cream. It’s not good for your stomach, okay?”

Ning Xi carefully sp***ed some fruit salad and handed it to chen chen and han han.

The two babies nodded obediently. Although they knew, they still ate the burger and ice cream in their hands.

The expression of agreeing to Ning Xi was completely deceiving.

“chen chen and han han, your mommy likes you very much. She gives you fruits, but not me.”

gu jin yi pretended to be jealous when he saw Ning Xi taking care of the two babies.

“Mommy will be happy as long as chen chen and han han are happy.”

While Leona was listening carefully, she heard these words clearly and carefully.

Although she didn’t hear anything important, she knew that Ning Xi valued the two children very much. Whether they were her children or not, her care for them must have something to do with them.

ning xiao xi, just wait and see. You will also be happy if the two children are happy, won’t you? If anything happens to them, you won’t be happy, will you

With a faint and weird smile on her stiff face, an unfathomable glint flashed in her charming eyes. It seemed that something that made her happy was about to happen

The two babies had a good day today. They went to the amus****t park and ate delicious food. They were satisfied.

When they got home in the evening, the two babies had already fallen asleep. Ning stream and gu jin yi each put them on the bed.

Ning Xi tucked the two babies in and gently stroked the hair on the foreheads of chen chen and han han, “good night, babies.”

Ning stream subconsciously planted a gentle kiss on the foreheads of the two babies. Her clear and beautiful eyes had been staring at the two sleeping babies, as if she didn’t want to leave at all.

Standing next to Ning stream, gu jin yi looked at Ning stream and the two babies with his deep black eyes. They seemed to have a feeling of home in their hearts, which he could not describe.

How warm it would be if they had a wife and children when they got home.

Then Ning Xi stood up and carefully left their room.

“I’m tired after a whole day’s playing. Let’s go to bed early.”

After returning to her room, Ning stream said casually.

She was really tired after a whole day’s play. Thinking of that he had been playing all kinds of projects with the two children today, she just wanted to have a look at them. She felt very tired, and he should be more tired.

chapter 155

“I don’t feel tired yet.”

gu jin yi stared at Ning Xi with his dark eyes. He raised his eyebrows and gave a wicked smile.

“I’m tired if you’re not tired. I want to sleep.”

Ning Xi sat on the bed. When he was about to cover himself with the quilt, gu jin yi also sat on the bed.

“Why are you in such a hurry? Don’t wait for me.”

“Didn’t you say that you were not tired and didn’t want to sleep?”

Ning Xi looked at gu jin yi with disdain.

“I want to have a talk with you.”

gu jin yi replied calmly.

“What are you talking about?”

Ning Xi looked at gu jin yi in confusion.

“Do you like children very much?”

gu jin yi recalled how Ning Xi treated chen chen and han han, and found that Ning Xi loved children very much, so he asked.

“Why do you ask me this question all of a sudden?”

Ning Xi was lost in various fancies and conjectures again, thinking that gu jin yi had discovered something.

“Since you like chen chen and han han so much, I think you must like children very much. Although they are not our biological children, you treat them as if they are your biological children.”

gu jin yi and Ning Xi changed the topic.

“Really?I... I just think that the two of them are very cute, and their family is very pitiful, so I want to be kind to them.”

Ning Xi felt a little guilty. After all, chen chen and han han were her own children. How could they not be good to them?

“The four of us go out together. Who says that chen chen and han han are not our children? Since you like children so much, let’s have one too.”

There was no emotion on gu jin yi’s deep and handsome face. He stared at Ning Xi with his dark eyes.

Ning Xi secretly rolled his eyes at gu jin yi. It turned out that he had been talking about this topic all the time.

“It’s enough to have two chen chen and han han. I don’t want to raise one more.”

Ning Xi answered casually.

“After all, chen chen and han han are not our children. What if their parents bring them home one day?”

Ning Xi looked at gu jin yi with his clear eyes. Their biological parents are the two of us. Who else would take them home?

Ning Xi wanted to say this, but she couldn't.

Besides, Ning Xi suddenly found that gu jin yi had changed a lot. He had talked about the baby several times. It seemed that he really wanted a baby.

She didn't have any other opinions about the child, but she really fell in love with the child.

“At least they are still with us now. If one day their parents really pick them up, we will have a child.”

ning xiao xi said in a soft tone, staring at gu jin yi with her clear eyes. The firmness and tenderness in her eyes made people feel protective of her.

“Okay, it's up to you.”

Then, he held the slender shoulder of Ning stream and slowly pulled her into his arms.

They talked about the two babies going to school. They had to go to work tomorrow Monday, and the two babies also had to go to school.

ning xiao xi said that she would take the two babies to the kindergarten near her company for registration. In fact, she just didn't want gu jin yi to know that the two babies were studying there.

.....

The second morning.

The two babies were still sleeping, perhaps because they were tired from playing yesterday.

In the next room, gu jin yi and Ning Xi got up early. They never delayed their working hours, and they would also have fun on weekends.

The couple went to the next room and smiled subconsciously when they saw the two babies sleeping.

“chen chen, han han, it's time to get up.”

Ning Xi walked to the bedside and sat down, smiling happily at the two babies.

“Mommy, can we not go to school?”

The two babies said in a lazy voice at the same time before they opened their eyes.

gu jin yi smiled, “the two of them knew it before we talked about school. They have a connection.”

Ning Xi forced a smile. In fact, he didn't know that the two babies had gone to school.

The reason why she asked them to get up every day was that she went to school. The two babies had been used to it. How could she not know?

“Daddy said that he would take us to have delicious breakfast. It seems that you don’t want to eat it, so we will go by ourselves.”

Ning Xi pretended to stand up and was about to leave the room with gu jin yi.

But when the two babies heard that there was delicious breakfast, they immediately jumped up from the bed.

“Let’s get up now!”

gu jin yi and Ning Xi burst into laughter.

The two kids put on their clothes obediently and said, “Daddy, Mommy, let’s go.”

Seeing this scene, gu jin yi had a different opinion of Ning Xi. It seemed that she had the gift to be a mother.

Outside the gate, gu jin yi wanted to take the two babies to the kindergarten for registration, but Ning stream insisted that he could take them to the kindergarten by himself, so gu jin yi drove them to the company near Ning stream and left.

After watching gu jin yi leave, the two babies began to speak.

“Mommy, why don’t you let daddy drive us to school?”

The two babies looked at Ning stream in confusion.

“We’re not going to school. Let’s go back to Celia’s house first.”

Ning Xi patiently answered the two babies.

“Okay.”

They didn’t ask any more questions and agreed obediently.

Ning Xi took the two babies to the kindergarten and asked for a morning leave. Then he took them back to ye xiao xiao’s fake home.

Because of the incident of the two babies, ye xiao xiao had asked for three days’ leave from the company. Today was the last day, so she should be at home today.

On the way.

“Mommy, can we still go to the set?”

Even on their way home, the two babies didn’t forget to find an opportunity to tell Ning Xi about the shooting.

When they were in the Gu family’s villa, the two babies didn’t have the chance to say or ask.

So on the way home, the two babies asked at the same time.

They were very concerned about the shooting. After all, they did it not because of anything else, but because they liked it.
