chapter 159

“I’m a good friend. Not everyone can be my friend.”

Ning Xi looked indifferent, with a faint smile on his face.

“Ning stream! Don’t be so ungrateful! You should feel honored to be friends with me. Many people dream of being friends with me. There is a long line!”

Leona looked arrogant, with her slender and s**y arms intertwined, and her awl like chin raised arrogantly.

“I do feel honored, but unfortunately, I don’t want to be friends with you. If you have nothing else to say, I’ll go first.”

Ning Xi glanced at her amber eyes and was about to walk to the company hall as if nothing had happened.

“Ning stream! When did you and gu jin yi have two children?”

If vivi was still too strong and direct, she couldn’t stand the humbleness of the person she hated, and her uncontrollable emotions finally burst out.

She blurted out the question she wanted to ask and didn’t want to waste her time on it.

As soon as Ning Xi took two steps forward, he was stunned by what she said.

“What nonsense are you talking about?”

ning xiao xi said in a sharp tone. She didn’t know why she said that.

At this moment, Ning Xi might be a little nervous or guilty.

After all, she did have two children, and they were gu jin yi’s.

“I’m not talking nonsense. I saw the four of you playing so happily in the amus****t park yesterday.”

Rufus replied casually.

Susie didn’t understand what was the meaning of her excitement.

She just mentioned it casually. Why was she so excited?

Was it because she mentioned those two children? It seemed that her guess was right. The two babies were very important to Ning stream.

Thinking back of what happened to Ning Xi and the two babies in the amus****t park yesterday, and with her words and emotions today, she was more sure of the importance of the two children to her.

“Are you following me?”

Ning Xi asked expressionlessly.

“Ha ha, what are you talking about? But to be honest, who were the father of the two children? He looks exactly like Mr. Gu, like father and son.”

Susie began to talk to Ning Xi tentatively.

“You don’t need to know, and you are not qualified to know. Besides, don’t think about the two kids.”

Ning Xi stressed the warning slightly, as if he was afraid that she would do something to the two babies.

As long as she caught a spot of Ning stream, she would have a way to threaten her.

Ning stream couldn’t bear any harm to the two babies.

“Is it your child?”

If she asked again, she could see that Ning Xi was so excited to protect her. Even her own child wouldn’t have protected her like this.

But she still couldn’t figure it out. If it was the child of Ning stream, how could that little boy look exactly like him? Or were they gu jin yi’s children with another woman?

Now that Ning Xi had married gu jin yi, how could he bear another woman giving him a child?

But for gu jin yi, the CEO of the Empire group, it was normal for him to have other women and children outside. That was the only possibility.

If she kept thinking about it, this was the only thing she could think of. The general answer was that the two children were born by gu jin yi and another woman, and then they were brought up by Ning Xi and him. Because they were his biological children, Ning Xi had no choice but to treat them like his own children.

“It’s my child. What’s the difference if it’s not mine?”

If she wanted to inquire about Ning stream, she couldn’t find anything.

Ning Xi never expressed it clearly. She was not stupid and could not guess what was on her mind.

When she heard what Ning Xi said, she was more sure of the answer in her heart.

The two babies were the children of gu jin yi and other women, and they were brought up by Ning Xi.

After all, it was not a glorious thing for a CEO of an empire group to have a child with others. That was why he let his so-called wife, Ning Xi, raise her. In the future, if they two were outsiders, they could say that she was raised by them.

“I suddenly feel sorry for you. You have to take care of the child that my husband has made outside.”

As she spoke in a slightly sarcastic tone, a touch of irony appeared in her s**y and charming eyes, and the corners of her lips, which were obvious in the line, showed a hint of ridicule.

Hearing this, ning xiao xi was stunned. Did she think that chen chen and han han were the children of gu jin yi and another woman outside?

All of a sudden, she felt ridiculous and hateful.

Could gu jin yi and other women have such a cute and smart baby as chen chen and han han?

“Since the two kids are living with us now, they are our children.”

ning xiao xi said naturally without any emotion.

“You are such a considerate stepmother. How selfless you are!”

If she said it in a voice dripping with sarcasm, who couldn't understand?

“You don't have to worry about our family's affairs, and so do the children's affairs.”

However, Ning stream was still calm, not irritable because of her words.

The more composed Ning Xi was, the angrier she was.

After saying that, ning xiao xi left and went straight into the company.

She glanced at Ning Xi, who was walking into the hall of the company, and a touch of weirdness flashed across her enchanting eyes.

ning xiao xi, you should always pretend to be calm as if nothing had happened. If she slightly makes you feel heartbroken, I will see if you can still remain calm now.

Ning Xi walked all the way to his office and frowned slightly. How could it be so coincident that he saw chen chen and han han?And it was when the four of them were together.

But fortunately, she didn't suspect that chen chen and han han were the children of her and gu jin yi. If she knew the identities of the two babies, everything could not be hidden.

Ning Xi was nervous and uneasy. It seemed that everything was getting more and more complicated.

She hoped that if she kept thinking like this, chen chen and han han would be the children of gu jin yi and other women. At least, she wouldn't let the identities of the two little babies be exposed, and she wouldn't let them leave herThat was enough.

chapter 160

In the whole afternoon, Ning stream was busy designing an evening dress for a star, and others specifically asked her to design it.So she had a good afternoon.

For Ning Xi, she was satisfied with such a job and life.

Only when you have enough every day can you live a happy life.

On the other side, in the Empire group.

A tall man was elegantly sitting on the main seat of the CEO's office, reading the documents in his hands carefully.

There was a smile on his handsome face from time to time that he didn't notice.

“Bang, bang, Bang...”

A clear knock on the door interrupted gu jin yi's thoughts.

gu jin yi frowned and the smile on his face disappeared.

"Come in, please."

But she still replied politely.

Then his assistant xu chen walked to gu jin yi and handed him a document.

"Mr. Lucian, here is the information you need."

gu jin yi, like an arrogant Royal aristocrat, sat on the chair in a deep and quiet manner. His deep black eyes were full of warmth as he stared at the documents in his hands.

gu jin yi regained his composure. While reading the document thoughtfully, a comfortable smile appeared on his face.

"Boss, boss..."

Seeing that gu jin yi looked a little different from usual, Darren stared at gu jin yi with his dark eyes for a few seconds, as if he was still confused.

What's wrong with Mr. Lu? Was he reading a document and smiling?

Darren couldn't believe what he saw. He rubbed his eyes and stared at gu jin yi again.

She was sure again that he was smiling.

"Sir, sir You seem to be in a good mood today."

Jacob didn't know what to say for a moment. He stammered, afraid that he had said something wrong.

Jacob's hoarse and slow voice came into his ears, and he immediately drew back his thoughts.

A deep and cold expression immediately covered the gentle smile on his handsome face.

gu jin yi's sharp black eyes fell on Darren. He lifted his thin lips and said in a deep and magnetic voice, "it seems that I haven't given you enough."

Jacob immediately avoided the unfathomable black eyes of bill. As soon as he looked at him, he felt that the air around him was frozen and it was more difficult for him to breathe.

Her two legs were numb and she didn't know how to walk.

"Boss, if there is nothing else, I'll go out first."

Jacob moved slowly, as if he had no strength to lift his feet.

"Wait!"

Looking at the document in his hand, gu jin yi said in a deep voice.

"What? Boss, what else can I do for you?"

Jacob asked subconsciously.

“AhemAm I in a good mood just now?”

gu jin yi seemed to have done something embarrassing. He didn't look at Darren, but pretended to look at the document in his hand.

“Mr. Brian was smiling just now. Will he laugh if he is in a bad mood?”

Raising his eyes slightly to look at gu jin yi, Darren answered gu jin yi's question without hesitation.

Although he felt that gu jin yi's question was very strange, he didn't dare to say anything more.

After a few seconds, gu jin yi kept silent, which made Darren more and more confused. He had giggled for several times.

“Do you think a family with children is a happy and complete family?”

gu jin yi suddenly said something that Darren couldn't understand. He looked at him in a daze.

“Boss, what do you mean?”

“You can go out now. Nothing else.”

gu jin yi suddenly came to his senses and realized that he was still thinking about the two babies and three of them, Ning Xi.

“Yes, sir.”

Darren didn't dare to ask any more questions and directly left the CEO's office.

gu jin yi, who was still sitting in front of his desk, sat silently in his chair. Then he slowly stood up and walked to the French window, staring out of the window with his deep eyes.

gu jin yi, what's wrong with you?She was reading the document carefully. Why did she think of chen chen and han han?

At this moment, gu jin yi looked out of the window, but the scene of two little babies playing with Ning stream kept flashing through his mind.

The corner of his mouth, which was clearly outlined by the lines, involuntarily raised a touch of pampering smile.

.....

The whole afternoon passed like this. Both of them were too busy to notice the time.

At the same time, chen chen and han han were waiting for their mommy Ning stream to pick them up at the school gate.

At the same time, under a big tree not far from the kindergarten, a woman in a gray casual suit was wearing a white hat with embroidered English letters. She was staring at the two little babies.

The woman slowly covered her hat. When there were fewer and fewer people in the kindergarten, she walked towards the two little babies.

The woman slowly covered her hat. When there were fewer and fewer people in the kindergarten, she walked towards the two little babies.

“Brother, didn’t Mommy say that she would pick us up? Why didn’t you see her?”

han han pouted and rolled her big dark eyes.

“Maybe she is still busy. Let’s call her.”

“Okay, call her.”

As soon as chen chen picked up his phone and watch, a sharp female voice came through.

“Hello, chen chen and han han.”

When the two babies heard someone calling their names, they wei wei looked up and forgot the woman in front of them.

“Excuse me, who are you?”

chen chen asked politely. Because he had never seen this woman before.

“I’m a friend of your mommy. She’s working in the company and asked me to pick you up.”

The woman’s tone was soft, and her kind expression made the two little babies not suspicious at all.

“Brother, let’s go. Mommy is still busy.”

han han wanted to go home as soon as possible, so she didn’t find anything wrong.

chen chen, on the other hand, kept their mother’s words in mind and told them not to go anywhere and wait for her here.

“My mommy asked us to wait for her here.”

chen chen didn’t go with the woman immediately.

“She just called me and asked me to pick you up. Look, she just called me.”

The woman put her phone in front of the two babies. The two babies got close to the screen and saw the name “stream” on it.

“Well, let’s go home.”

The two babies believed their mommy’s name and didn’t doubt anything.

The woman held the hands of the two babies and left the kindergarten.

On the way, the woman took the two babies to her car in a hurry.

“Auntie, we are not heading this way.”

The two babies looked around for four weeks and frowned slightly. They could tell that this was not the way home.

chapter 161

“The car is over there. I’m going to drive it here and take you back.”

The woman replied casually.

The two babies walked slower and slower. It seemed that they didn’t want to go with the woman.

“The car is over there. You wait here. I’ll drive it here.”

After placing the two babies on the side of the road, she walked to her car and drove it over.

“Get in the car and take you home.”

The two babies hesitated, but they couldn’t tell the reason.

The two of them looked at each other and frowned slightly.

Then she couldn’t wait to get out of the car when she saw that the two babies didn’t move.

He opened the back door and let chen chen and han han get in.

The two babies got into the car obediently.

Then, she drove away with two babies.

The two babies just lay on the window, staring out of it with their big watery eyes.

She seemed to be expecting something.

The car stopped at the traffic light intersection.

“Auntie, I want to pee...”

han han said in a sweet voice, bending over the window.

“We’re almost there. Hold on.”

The woman seemed to lose her patience. The two babies said in a lukewarm tone.

“But I can’t hold it anymore...”

han han frowned and pouted.

Impatience flashed across the woman’s charming eyes, and her stiff face darkened. She was too lazy to answer the two little babies.

“What should I do? I’m going to pee!”

han han kept chattering in the car.

Then the woman opened the door and said coldly, “get out of the car to pee.”

But she didn’t expect that her car was parked in the middle of the road.

When han han was about to get off the car, chen chen accidentally found a woman who looked like Ning stream walking on the side of the road. He was so excited that his eyes widened and stared at her.

“Yes, Mommy!”

han han also came over and saw Ning stream.

It was indeed after their mommy, Ning stream. Then the two babies opened the door hard without hesitation and ran towards the direction they saw Ning stream.

At this moment, the woman was playing with her phone and didn’t notice that the two babies had run out of the car.

When the traffic light turned green, the woman didn’t react until she heard the honk of the car behind her. She saw that the two little babies behind the car were no longer there and they were running on the road through the window.

“How dare you two get off the car on the road?”The woman was about to get off the car and bring the two babies back, but an idea came to her mind.

The woman looked through the window at the cars nearby, as many as ants. Then she looked at the two little babies walking on the road, and there was a touch of weirdness in her cold charming eyes.

Now that the God has arranged this, it’s your own fault to get out of the car and run around. Don’t blame her. It depends on the luck of the two of them.

“Little babies, don’t blame me. It’s your own choice. Your stepmother is still not good enough. Haven’t she told you not to open the door and not to walk on the road casually?Huh!”

The woman’s evil and attractive face raised a disgusting and weird arc.

The woman left the two babies behind and drove away.

There were cars coming and going on the road. Two babies were shuttling in the middle of the road and jogging towards the road.

The tragedy of the two babies began at this moment.

“Mommy!”

The two babies were about to run to Ning stream, and their young faces revealed a happy and excited smile.

At this time, a black off-road vehicle came from the side and rushed to the two little babies.

Ning Xi looked back and frowned. He heard chen chen and han han calling him just now.

But when she turned around, she didn’t see anyone. She thought she had misheard and missed the two of them too much.

She suddenly found that there were many cars on the road, and the intersection was surrounded by many people.

She could tell at a glance that the traffic jam was caused by an accident.

Ning Xi, who hadn't paid much attention to the scene, overheard the conversation between the others.

"I don't know whose two children were hit. It seems that they were hit badly."

"Nowadays, parents just let children run around on the road casually."

"What a poor girl! She looks only four or five years old."

.....

After the accident, they began to talk about it.

"The little boy seemed to be in a serious coma. The little girl seemed to be still conscious and seemed to be calling her mother."

At the beginning, Ning stream didn't pay special attention to it. When she heard this, her heart suddenly trembled subconsciously.

chen chen and han han's twins suddenly appeared in her mind, and the voice of chen chen and han han calling her just now kept appearing in her mind.

Ning stream was happy and scared. She walked into the intersection step by step, gasping for breath.

She seemed to have a hunch that it was not what she thought.

"Call 120!The two kids both lost a lot of blood... "

"Whose child is it?"

"We have to send her to the hospital as soon as possible."

.....

Some pa**ers-by around the two babies were calling them for emergency.

Ning stream walked to the middle of the crowd, and the crowd gradually dispersed. Ning stream approached step by step, and the scene of the two little babies being hit came into view.

At this moment, Ning stream had completely lost the ability to think. Step by step, it approached the two little babies lying on the ground, absent-minded.

He held the two babies in his arms, stroked their little faces covered with blood, and said in a light and hoarse voice, "chen chen and han han, why didn't you tell mommy that you were filming? Mommy didn't know itHuh?Did you do it on purpose? "

Ning Xi forced a smile, mixed with all kinds of emotions. His eyes gradually turned red, as if he could no longer control the excitement in her heart.

"Don't make fun of Mommy. Let's go home and cook delicious food for you."

Ning Xi held the hands of the two babies, but they were still lying there motionless.

“Send her to the hospital as soon as possible. She has lost so much blood.”

“It’s so serious. Is it possible that he can’t be saved?”

“.....”

All kinds of words were discussed, and Ning Xi couldn’t help losing his mind.

“No, no! chen chen, han han, wake up! Mommy is here! ”

.....
