

Cute Baby166

chapter 166

gu jin yi was stunned. He didn't expect Ning Xi to hold him so suddenly. He touched Ning Xi's head and asked, "what's wrong?"

"chen chen and han han are not your biological children. Why did you sacrifice so much to save them?"

Ning Xi didn't know why he asked such a strange question.

Maybe Ning Xi wanted to know more about the reason why gu jin yi risked his life to save the two children who had nothing to do with him.

At least he didn't know that the two babies were his.

"Do you mean to transfuse blood to them? I have only a little blood. My whole body is full of blood."

gu jin yi teased. Seeing Ning stream like this, he was afraid that she would overthink and worry.

"Then why didn't you tell me that you had transfused too much blood?"

Ning Xi fixed his eyes on gu jin yi. The firmness in his eyes made gu jin yi unable to hide it, nor could he make fun of Ning Xi again.

"Because they are our children."

There was a faint smile on gu jin yi's deeply carved handsome face, plain and warm without any waves.

Hearing gu jin yi's words, ning xiao xi kept silent for a while.

Did he know that chen chen and han han were his children? They had the same blood type. Would he doubt the identity of the two babies?

gu jin yi had already known that the two babies were his own children. Judging from the expression on Ning Xi's face, he knew that Ning Xi was thinking too much, so he immediately answered.

"Since we have brought up chen chen and han han, we are their parents. Shouldn't we save our own children?"

gu jin yi said to ease the atmosphere.

ning xiao xi replied, "yes, they are our children. We should protect them."

gu jin yi asked tentatively when Ning Xi came to his senses.

"My dear wife, do you think we are really predestined to meet chen chen and han han? Not only does chen chen look exactly like me, but they two have the same rare type of AB black blood with me. Sometimes I wonder if the two of them are my biological children?"

gu jin yi narrowed his long and narrow eyes and stared at Ning Xi with a meaningful look. He wanted to see how Ning Xi would react to this matter.

When Ning Xi heard gu jin yi's words, he almost couldn't hide his expression. What should he do? He began to suspect that chen chen and han han were his children. ning xiao xi, don't expose yourself, don't panic, calm down, calm down He was just guessing.

"Do you have another woman outside?"

Ning Xi's sudden question made gu jin yi stunned. This stupid woman had planned to tell him the truth about the two babies, but she asked him in reply. No one knew what she was thinking about.

"You are the only woman in my life."

gu jin yi gazed at Ning Xi indifferently and affectionately.

Ning Xi suddenly realized what he was talking about?

Now that gu jin yi had made such a guess and liked the two babies so much, he was so considerate to them. How about telling him the identity of chen chen and han han at this time.

"I... I have something to tell you..."

Ning Xi's heart softened. She seemed to be unable to endure it anymore. It had become a sore spot in her heart. It might be better to say it out.

gu jin yi nodded slightly, "go ahead."

"Mommy..."

Just as Ning Xi summoned up the courage and was about to tell her the identities of the two babies, han han suddenly realized that Ning Xi, who had been calling them Mommy, was here.

When ning xiao xi heard han han's voice, she immediately ran from gu jin yi to the two little babies.

"han han, han han, are you awake? Mommy is here. Mommy is here. "

Ning Xi held han han's hand excitedly and kept calling her.

Then han han opened her eyes slowly, blinking. She was not as lively and cheerful as before.

This made Ning Xi's heart ache, such as a needle pricking.

"Mommy, where are we?"

han han looked around the room with her big watery eyes. It seemed that she had never seen this place and felt strange. han han asked weakly subconsciously.

"This is the hospital. Does han han feel uncomfortable?"

Ning Xi looked at han han with concern.

han han moved her body and frowned, "my head hurts..."

han han touched her head subconsciously.

Seeing this, Ning Xi grabbed han han's hand and said, "han han, don't move. Let's lie down first."

han han listened to Ning Xi and lay quietly.

At this moment, han han was not as energetic as before. She was a little soft. After lying down, she looked at chen chen, who was lying beside her, and frowned slightly. "Mommy, what's wrong with my brother?"

Seeing chen chen's head wrapped in gauze, han han asked in confusion.

"My brother is fine. He is just asleep."

Ning Xi didn't want to tell han han these things. After all, she was too young to understand these things.

"Oh, I see."

han han looked back at Ning Xi and asked, "Mommy, why are you crying?"

han han saw that Ning Xi's eyes were a little red, as if he had cried, and han han could tell at a glance.

Ning Xi looked up at the ceiling and wiped off the tears left at the corner of his eyes.

"Mommy, why are you crying? Mommy is an adult now. I just bought some delicious food for you. It's just that the wind blew."

ning xiao xi forced a smile at han han.

han han's eyelids drooped, and a faint smile of satisfaction appeared on her fair and tender face. "Thank you, Mommy."

Hearing han han's words, ning xiao xi couldn't help but shed tears. She turned her head and didn't look at han han anymore, fearing that han han would see her sad face.

In fact, Nina had always known that the two babies were more sensible than their peers. Perhaps it was because of their childhood environment, children without father's love might be more sensible and independent.

At the same time, gu jin yi, who was lying beside them, slowly sat up from the bed. He gazed affectionately at the two babies and ning xiao xi. Noticing how much they cared about them, he felt both sorry and guilty.

chapter 167

In the past five years, she, Ning Xi, had raised two children by herself. How tired she would be in the past five years.

Nina tried her best to hold back her tears. She knew that she couldn't be so fragile in front of the two babies. She had to be strong.

Then, Ning Xi wiped his tears and forced a smile. "Mommy is not tired at all. As long as you and brother can always be by my side, I don't feel tired at all."

Hugging han han gently, Ning Xi rested his head on han han's belly.

Then, he got out of bed and walked to the side of Ning stream.

“Mommy won’t work hard anymore. Daddy will protect you from now on.”

gu jin yi looked at Ning Xi and han han tenderly and dotingly.

Ning Xi turned to look at gu jin yi, who was standing beside him, wei wei.

There were some unpredictable emotions in her clear and beautiful eyes.

“Well, daddy will protect us from now on.”

han han seemed to be very happy. Although she was not as lively as before, she was still very lively and cheerful.

As soon as gu jin yi finished his words, chen chen’s little finger moved.

“Mommy, Huey touched his hand.”

Noticing chen chen lying beside her, han han told Ning Xi subconsciously.

Seeing this, Ning Xi became excited, “chen chen, chen chen...”

Ning Xi saw chen chen’s fingers moving from time to time, but he didn’t open his eyes. She kept calling his name.

chen chen slowly opened his eyes, “Mommy...”

Since they were brought up by Ning stream, the two babies only knew their mommy, Ning stream. So every time they spoke, their Mommy would be the first one to speak.

Ning Xi hugged chen chen in surprise and excitement, “my baby, you finally wake up.”

“MommyWhat’s wrong with you?”

Seeing that Ning Xi was in a bad mood, chen chen didn’t know what had happened, so he asked.

“I’m fine. I’m just too happy.”

Ning Xi was so excited that he almost couldn’t speak. Seeing that the two babies had woken up, Ning Xi felt much more relaxed.

“Mommy has been walking. We called you, but you didn’t answer us.”

chen chen pouted and said with grievance.

Ning Xi frowned and didn’t understand what chen chen meant.

“Mommy, don’t ask that aunt to pick us up in the future. I think she is not good at all. She doesn’t allow me to pee.”

han han suddenly said.

gu jin yi and Ning Xi were stunned. They didn’t understand what the two babies meant.

Ning Xi didn't understand what the two babies meant at all, while gu jin yi seemed to think of something.

"chen chen, han han, do you think someone went to the kindergarten to pick you up?"

gu jin yi seemed to understand something. The car accident was not a coincidence. It must be designed by someone.

At the beginning, gu jin yi was wondering why the two babies had a car accident all of a sudden, and they were in a place far from the kindergarten. How could they go there?

But the situation was so critical at that time that gu jin yi had no extra energy to think about it. It suddenly occurred to him when the two babies mentioned it.

"Yes, there is an aunt. She told us that mommy asked her to pick her up."

The two babies answered at the same time.

Ning Xi was confused. When did she send someone to pick up chen chen and han han?

"chen chen, han han, do you still remember what that aunt looks like?"

Ning Xi was very curious and worried. It turned out that this was not an accident.

The two babies began to recall the scene at that time. Suddenly, their heads ached. "Mommy, I forgot I can't remember..."

The two babies held their heads and frowned.

"All right, all right. We don't want to think about it anymore. It doesn't matter if you can't remember it. Just let him go. As long as you are safe and sound in an an now, everything will be fine."

Seeing that Ning Xi and Yun canglan had a headache, Ning Xi immediately felt sorry for them and stopped them from thinking about car accidents or women.

Gradually, under the comfort of Ning stream, the two babies fell asleep again.

Ning Xi frowned, "who did this to chen chen and han han? They are still so young."

"I'll look into it. Don't think too much."

Seeing Ning Xi so worried, gu jin yi said something to comfort her.

Even if gu jin yi said so, Ning Xi would still think about it. Who on earth was it? How could he be so vicious to hurt two children at such a young age.

.....

A week passed, and the two babies were discharged from the hospital.

In the villa of Gu family.

gu jin yi took Ning Xi and the two babies home from the hospital.

"Oh, yeah, I can finally go home and live!"

The two babies looked out of the window excitedly.

After a week of hospitalization, the two babies were energetic and lovely again.

At this time, gu jin yi walked to the back seat and said, "chen chen, han han, we're home."

gu jin yi opened the car door for the two babies, and a pair of strong and powerful hands picked up the two babies directly.

"Well..."

The two babies kissed gu jin yi on both sides of his face.

Before gu jin yi could react, he looked at the two babies in his hands subconsciously.

"What makes you so happy today?"

"No, I just want to kiss daddy."

The two babies couldn't help snickering.

When ning xiao xi came out of the car and saw the intimate scene of gu jin yi and the two babies, a faint warm smile appeared on her face.

"Let's go inside."

Ning Xi held the two babies and said gently.

"Let's go home."

With a big smile on his face, gu jin yi walked into the hall with Ning Xi and the two babies in his arms.

"Daddy, put us down and walk. We are already kids."

When they walked into the hall, he was about to carry the two babies upstairs, but the two babies were sensible enough to walk on their own.

Following the two babies, gu jin yi squatted down and slowly put them down.

The two babies jumped around as soon as their feet touched the ground.

chapter 168

Slow down, Mommy will prepare some fruits for you."

Seeing the two babies jumping and kicking, Ning Xi gave a satisfied smile from the bottom of her heart.

gu jin yi sat on the sofa with the two children. Seeing that Ning Xi had entered the kitchen, the two children approached gu jin yi and whispered something in his ear.

Then Ning Xi quickly took out a plate of fruit from the kitchen and put it on the table.

"What would you like for dinner? Mommy will cook for you."

Ning Xi looked at the two babies and said with a dotting smile.

As if she didn't see gu jin yi.

"My dear wife, I want to eat fried eggs with tomato cooked by you."

Ning Xi didn't ask gu jin yi. Instead, he spoke first.

"chen chen, han han, what do you want to eat?"

Ning Xi stared at the two babies and asked again, as if he had heard gu jin yi's words again.

"Honey, I want to eat fried eggs with tomatoes you made."

gu jin yi answered like a spoiled child for the first time.

The two babies burst into laughter at the sight of this.

"Daddy, you look so handsome when you act like a spoiled child."

han han raised her little hand and made a gesture of croaking.

"Did I ask you?"

Ning Xi looked sideways at gu jin yi and squinted at gu jin yi.

"Mommy, I also want to eat fried eggs with tomatoes you made."

chen chen said to Ning Xi in a childish voice, echoing gu jin yi's words.

"Okay, if chen chen wants to eat, Mommy will cook for you."

Ning Xi's expressionless face immediately came back to earth and looked at chen chen. Her dotting expression on chen chen made gu jin yi jealous.

"Why don't you cook for me instead of chen chen and han han?"

gu jin yi pretended to be angry and jealous, staring at Ning Xi with his deep black eyes.

"Because I am their mother and they are my children. Of course I will cook for them."

Ning Xi said confidently. He looked very proud.

"Ning Xi, have you forgotten that I'm your husband?"

gu jin yi narrowed his eyes and stared at Ning Xi. He seemed to have another meaning in his words.

Shouldn't his wife cook something he liked for him? It was obvious that he had a preference for her.

He really wanted to go crazy now. He was jealous, a big jar of jealousy!

"Yes, you are my husband. How old are you? Do you want to cook by yourself? Besides, chen chen and han han have just been discharged from the hospital. We should make more food they like."

Ning Xi answered gu jin yi in favor of the two babies.

“Daddy, Mommy, don’t show off your love in front of our children. We will be embarrassed.”

Holding a pair of chubby hands, Han Han looked at Gu Jin Yi and Ning Xi in an exaggerated expression, and teased them with her bright eyes blinking.

Ning Xi looked up helplessly. Who was displaying their affection with him?

“Mommy, you should cook something delicious for daddy. When you were in the hospital, you told us that Daddy saved us, so you should thank him.”

Said Chen Chen, rolling his big dark eyes.

Ning Xi was in a trance. If Chen Chen hadn’t brought it up, she would have forgotten that Gu Jin Yi had fainted in order to transfuse excessive blood to Chen Chen and Han Han when she saw that he had returned to his normal state.

At that moment, Nina was really frightened. It was the first time that she had seen him fall like this. She had never seen him so weak since she knew him.

Indeed, as Chen Chen said, he should cook something he liked to eat, which was only a piece of cake for him. Compared with his blood transfusion to save the two babies, it was just a piece of cake.

“For the sake of Chen Chen and Han Han, I will make you fried eggs with tomatoes.”

Ning Xi said casually, pretending not to care about it.

“Thank you, my dear wife.”

Gu Jin Yi’s long and narrow eyes narrowed slightly, and a playful smile appeared on his charming handsome face.

Anyone who saw that expression would want to laugh. They didn’t expect the CEO of the Empire group to have such a cute side. He even humbled himself to please his wife for a dish.

The two babies looked at each other strangely, and then their pink thin lips subconsciously raised a little evil smile.

“Mommy, I want to eat braised spareribs. Wow, it’s delicious...”

Han Han suddenly asked. She closed her eyes and imagined her favorite braised spareribs with an anthomaniac look.

“Okay, okay. I’ll cook whatever you want to eat today.”

The two babies were so happy that they played happily on the sofa.

“Okay, wait for me. I’ll cook for you.”

Then Ning Xi went back to the kitchen and prepared dinner.

When the two babies saw that Ning Xi had entered the kitchen, they approached Gu Jin Yi again and asked, “Daddy, how is our cooperation going?”

An evil smile flashed across Gu Jin Yi’s charming black eyes and he winked at the two babies.

“Wait here. I’ll help your mommy.”

“Go ahead. We are waiting for your dinner.”

It seemed that the two babies always wanted to leave gu jin yi and Ning Xi alone.

Then, he walked into the kitchen.

In the kitchen.

Ning Xi was so busy that he didn’t notice that gu jin yi had walked behind her.

“Ah!”

When she was cutting the tomato, it slipped down from her side hand by accident.

“What’s wrong?Are you hurt? ”

When he heard the cry of Ning stream, he immediately took her hand and stared at her hand.

He looked particularly nervous, fearing that Ning stream would be injured.

“Why... Why are you here?”

Before Ning Xi came to his senses, his hand had been taken away by gu jin yi.

Seeing the nervous look on gu jin yi’s face, Ning Xi stared at gu jin yi blankly.

Was he so worried about her?Just because of such a small action.

“I’m not hurt. The tomato just slipped away.”

With a confused look on her face, Ning Xi said softly.

gu jin yi came back to his senses and said, “that’s good. You can sit down and I’ll do it.”

“No, thanks. I have promised to cook their favorite food for chen chen and han han. I can’t break my promise.”

Ning stream refused and insisted on making dinner for them.

“Let me help you.”

gu jin yi stood straight behind Ning Xi, with a pair of slender and fair hands pa\*\*ing through his slender waist. He held Ning Xi’s hands tightly, “tomatoes should be cut like this.”

Ning Xi looked sideways at gu jin yi. Seeing his gentle and considerate look, Ning Xi’s clear eyes flashed a touch of satisfaction.

A warm smile appeared on her face.
