chapter 169

At this time, the two babies had quietly come to the kitchen, staring at the scene in front of them.

han han almost burst into laughter, but was stopped by chen chen.

“Shh! Don’t let daddy and Mommy find that we are peeping.”

han han nodded in agreement.

“Let’s just stand here and watch.”

In the kitchen, Ning stream seemed to be staring at gu jin yi, lost in thought. He had been cutting tomatoes with Ning stream’s hand. Seeing that the tomatoes on the table were almost ready, Ning stream didn’t feel anything, but seemed to fall into the thoughts of staring at gu jin yi.

“Mommy, are you looking at daddy like a fool?”

“Mommy must be anthomaniac, haha...”

The two babies looked at the scene in the kitchen. Ning Xi stared at gu jin yi and whispered.

“Honey, are you going to keep looking at me like this?Are the tomatoes not cut? ”

All of a sudden, gu jin yi lowered his head and looked at Ning Xi with his deep black eyes, which were sharp and glowing with the aura of a king.

“I... iWho says I can’t do it? I’ll do it now. ”

With a guilty conscience, Ning Xi turned around and found that the tomato on the table had been cut.

This made her speechless, and her fair face instantly turned red.

It was so embarra\*\*ing to let gu jin yi see her like this, which meant that she didn’t notice to cut the tomato just now, but kept looking at him, gu jin yi.

gu jin yi, he did it on purpose!ming ming had already cut the steak, but he still said that.

“You...”

Ning Xi was about to look up and complain that gu jin yi was playing a trick on her, but was kissed by gu jin yi all of a sudden.

gu jin yi was holding Ning Xi in his arms. When Ning Xi turned his face to gu jin yi, he took the opportunity to kiss Ning Xi’s slightly pink lips.

“You... You kissed me secretly!”

ning xiao xi broke free from gu jin yi’s arms and covered the face that was kissed by gu jin yi with one hand.

“I didn’t kiss you secretly. I kissed you openly!”

gu jin yi said seriously and didn’t think he was wrong at all.

“You...”

Ning Xi was speechless. She had nothing to say about what gu jin yi had done.

“I helped you cut the tomatoes. Shouldn’t you thank me?”

Squinting at the angry Ning stream, gu jin yi snickered in his heart.

“Did I ask you to cut it? You kissed me secretly, didn’t you? ”

Ning Xi gave gu jin yi a blatant look. Now she no longer seemed to be afraid of what he would do to her. She became several times bolder in an instant.

“I knew you would cheat, so I kissed you first. In this way, you can thank me for my kiss. ”

gu jin yi raised his dashing eyebrows, squinted his long and narrow eyes, and a faint crescent moon appeared at the corners of his eyes, with a wicked and evil smile at the corners of his mouth.

“You are such a freak!”

Nina was so angry that she was about to stamp her feet. Her face turned red. She was speechless with him.

“Even if you are a freak, I will only do this to you.”

gu jin yi answered indifferently, with a touch of ambiguity in his charming eyes.

“Are you crazy?”

Ning Xi never said these words to others. He didn’t know why he couldn’t help saying these words to gu jin yi every time he saw him.

Outside the kitchen, the two babies were watching TV with great interest.

Her big watery eyes just stared at him, motionless. It seemed that they would miss some wonderful show in the blink of an eye.

Seeing that they didn’t make any noise, the two babies were indeed a little hungry, so they walked in.

“Daddy, Mommy, what can you cook? We are hungry.”

Pretending not to see what had just happened, the two babies jumped in from outside the kitchen.

“Almost done.”

Ning Xi rolled his eyes at him as if he was saying something to him.

“chen chen, han han, take your father out. Don’t let him disturb me cooking here. ”

“chen chen and han han, take your mommy out. Don’t let her stay in the kitchen. I’ll cook delicious food for you.”

ning xiao xi and gu jin yi said at the same time.

The two looked at each other.

The two babies also looked at each other in a daze. “Who, whom should we listen to?”

“Of course you should listen to me. I’m Mommy.”

“Of course you should listen to me. I’m daddy.”

Once again, no one gave in.

The two little babies rolled their big dark eyes and felt something was wrong.

“WellI think it’s better to listen to Mommy. I have some doubts about daddy’s cooking skill. ”

han han touched her head and said.

She grew up with the food that Ning stream had cooked for them. She knew it was delicious, but their father, Jean, was a CEO. He shouldn’t be able to cook, and the food he cooked should be very bad, so he didn’t want to have a try.

She recalled the first time she had eaten the food cooked by Ning stream, which was the most terrible dark food in the world. Fortunately, after attending cooking lessons in the past two years, her cooking skills had improved greatly.

“See? han han wants me to do it.”

Ning Xi saw han han standing on her side, raising her s\*\*y and fair chin proudly.

“chen chen, who do you want to eat?”

Seeing that han han was on the side of Ning stream, gu jin yi had no hope. There should be a little boy named chen chen who hadn’t spoken yet, so gu jin yi tried to cotton up to him first.

“WellI’ll sit at the table and wait for you to finish. ”

chen chen said euphemistically. In fact, he also wanted to say it like han han did. But in order not to make their father sad, chen chen decided not to answer in this way.

After saying that, chen chen took han han’s hand and ran out of the kitchen.

At this time, there were only gu jin yi and Ning Xi left in the kitchen.

Ning Xi didn’t say a word. His clear eyes were so bright that gu jin yi had to obey.

“Okay, you cook. I’ll wait for it.”

Then, he walked out of the kitchen.

A satisfied smile appeared on Ning Xi's delicate face, and then he began to cook dinner.

In the hall.

"Daddy, why are you here?"

The two babies thought Ning Xi would come out of the kitchen in the end, but unexpectedly, Ning Xi didn't come out but gu jin yi came out first.

chapter 170

"Oh, that's what I mean!"

han han seemed to have understood something and sighed.

gu jin yi smiled helplessly. chen chen and han han were so smart and cute. No wonder they were his children.

"chen chen, han han, I have a question to ask you."

gu jin yi tentatively talked to the two babies.

"Daddy, go ahead."

The two babies stared at gu jin yi with their big watery eyes and listened to him carefully.

"Do you think Daddy is good to you?"

Subconsciously, gu jin yi wanted to know his position in the hearts of the two babies and what kind of person he was in their hearts.

"Daddy is great. We like him very much."

The two babies said at the same time, with innocent smiles on their tender and fair faces. gu jin yi blinked his innocent eyes.

"If daddy tells you that I am your biological father, what will you do?"

gu jin yi asked the two babies tentatively. After all, he couldn't take the risk, which scared them.

The two babies looked at each other subconsciously, and the expression on their faces was hard for gu jin yi to guess.

The two babies had nothing to ask? Not curious at all?

What did Daddy mean? Did he already know that chen chen and han han were his children?

"Daddy, I also have a secret to tell you."

chen chen whispered in gu jin yi's ear carefully.

gu jin yi was confused and didn't understand what chen chen meant.

“Okay, I’ll listen to you.”

Although gu jin yi didn’t understand what chen chen meant, he still asked patiently.

“If han han and I are really the children of you and Mommy, what will you do?”

chen chen asked tentatively.

After all, he couldn’t tell anyone about it, so he had to investigate first.

gu jin yi was stunned. Why did chen chen suddenly ask such a question?

gu jin yi stared at the two babies with his dark eyes. He seemed to understand something.

Did chen chen and han han know that he was their biological father?ning xiao xi told them?

gu jin yi guessed. Maybe only he himself didn’t know about it.

When he was about to ask chen chen, Ning Xi’s clear voice came from the kitchen.

“chen chen and han han, you can have dinner now!”

As a result, gu jin yi couldn’t ask any more.

“Wow, we can have a delicious dinner now.”

As soon as han han heard that dinner was ready, she ran faster than a rabbit. She jumped off the sofa and ran to the dining room.

Then chen chen jumped off the sofa and rushed to the dining room.They must be hungry.

Looking at the back of chen chen and han han who were running away happily, gu jin yi smiled unconsciously.

Then she followed them to the dining room.

When the two babies saw the delicious four dishes and one soup on the table, their eyes lit up.

“Have some sparerib soup first.”

Ning Xi served two babies a bowl of soup. He had just been discharged from the hospital and needed to drink more nutritious soup.

“Thank you, Mommy!”

The two babies thanked him at the same time and then drank.

“Have some soup first. Mommy will take the meal for you.”

Then Ning Xi went into the kitchen again.

Sitting next to Ning stream, gu jin yi curled his lips and stared at the two babies.

“Is your mommy too partial? It doesn't matter if you don't take the soup for me, and you don't even give me dinner.”

gu jin yi looked very aggrieved.

“This soup is specially made for you. Have you eaten it?”

At this time, Ning Xi took out a bowl of black soup from the kitchen. Nothing could be seen in it, and there were some red dates floating on the surface of the soup.

gu jin yi was stunned, “is this specially cooked for me?”

“No? Forget it.”

“Of course I will.”

When Nina pretended to take the soup away, bill immediately took the soup from her hand.

“I heard you talking about me just now. What are you talking about me?”

Ning Xi sat down, squinting at gu jin yi, and then glanced at the two little babies.

The two babies were drinking sparerib soup. When Ning Xi cast a sharp glance at them, his hand holding a sp\*\*\* stopped in the air for a few seconds.

At the same time, gu jin yi also looked at the two babies. His deep black eyes were full of grievance, indicating that the two babies could not tell the truth. He had just said that Ning Xi was unfair.

Now that he said that, he didn't need to drink this bowl of soup.

“Mommy, daddy just now...”

Noticing that something was wrong, gu jin yi knew that han han must have told the truth as soon as she spoke. In his heart, han han had always been on the side of Ning stream, so he would tell her the truth this time.

Anyway, she had to drink the soup first. It was impossible for Ning Xi to let her spit out the soup.

gu jin yi looked at the bowl of soup in his hand. It was black. What the hell was it? Can I drink it?

gu jin yi hesitated again. He didn't know whether he could drink it or not.

“Gulu, Gulu...”

At the same time when han han spoke, he picked up the bowl and drank all the soup.

“It's so delicious! It's just a little hot.”

The two babies and Ning Xi stared blankly at gu jin yi. Who was going to grab the tonic soup from him? She drank so fast.

“Mommy, in fact, daddy was praising your cooking just now. He said that the food you cooked is very delicious.”

han han suddenly opened her mouth. She didn't tell the truth to their mommy Ning Xi as gu jin yi thought.

"Really?"

Ning Xi squinted at the two babies to see if they were lying.

gu jin yi was also stunned. He didn't expect that han han would say so. She didn't tell the truth.

He even drank up the bowl of black liquid. If he had known that the two babies would not tell Ning Xi, he would not have drunk this bowl of tonic soup at once.

"Of course it's true. We are mommy's assistant. How can we lie to Mommy?"

Then chen chen added, echoing han han.

Ning Xi didn't ask any more. He believed her.

The two babies looked at each other smartly and winked at gu jin yi.

"Drink more. It's good for your blood."

ning xiao xi brought another bowl of soup for gu jin yi.

.....

The family had dinner happily.

## chapter 171

After dinner, she didn't go to the company much because she had been taking care of the two babies in the hospital for a week. Ning stream seemed to have a lot of work to deal with. She sat on the sofa in the living room, reading the design draft and some documents in detail.

But the two babies insisted that he play with them in the bedroom.

"Daddy, will Mommy attack you all of a sudden?"

As if he was going to do something unfaithful, chen chen approached gu jin yi and stared at the door with his dark eyes, fearing that Ning stream would attack him all of a sudden.

"Your mommy is busy with her work. She won't come here."

gu jin yi seemed to know Ning Xi very well, because he knew that once Ning Xi started to work, she would be particularly serious, not to mention leaving halfway.

"What's wrong? Do you have any secrets to tell me?"

Seeing that chen chen was so careful, gu jin yi pretended to ask cautiously.

"Do you remember the secret I was going to tell you just now?"

chen chen was still very careful. He always felt that their Mommy would be attacked by Ning stream all of a sudden.

gu jin yi nodded with a deep and unpredictable expression, as if he was looking forward to what chen chen would tell him. So he didn't say a word, just waiting for chen chen to speak.

"Brother, you can't say it. Mommy will be angry if she knows it."

On the other side, han han knew what chen chen was going to say, because the two of them began to discuss whether they should tell gu jin yi about it.

"han han, you should let daddy know about it. Don't you want daddy and mommy to be together forever?"

chen chen educated han han like an adult.

han han frowned and pouted her pink lips like a rabbit's. she was also confused ~

"han han, don't worry. Even if you tell Daddy, I promise I won't let your mommy know about it."

Seeing that the two babies had different opinions, gu jin yi tried to mediate. In order to set han han's mind at rest.

"Won't daddy tell Mommy?"

han han asked with certainty, staring at gu jin yi with her bright and round eyes.

"Has Daddy ever lied to you?"

gu jin yi raised his eyebrows and said softly.

The two babies looked at each other and kept silent for a few seconds. Then they both nodded slightly, as if they had thought it over seriously.

"Daddy, please listen carefully. This secret is not small. Don't be scared."

han han looked earth shaking. She was wondering how gu jin yi would react when she heard the news.

"Go ahead. I'll listen carefully."

gu jin yi teased the two babies.

"Brother, please tell me. I'm afraid that mommy will be angry. I dare not... "

As soon as han han finished her words, she immediately got into the quilt and covered her little head.

chen chen felt helpless to han han, "Daddy, do you still remember the question I told you in the hall downstairs?"

chen chen looked as serious as gu jin yi. No wonder he was his biological father.

gu jin yi had been staring at chen chen with his dark eyes. It should be important to know his expression. And he seemed to have guessed something.

"I've told you. Don't be too excited."

chen chen was particularly serious about this matter, and he was also worried that gu jin yi could not accept the fact at once.

"In fact, Mommy is our mommy, and you are our daddy. No, no, No. I mean you and Mommy are our biological parents. In fact, the things we told you before were all made up by us."

chen chen said vaguely, and he didn't know how to explain himself.

She just hoped that he could understand her.

"Mommy doesn't want us to tell you about it. I don't know why? But now I'm telling you secretly, you must not let mommy know."

chen chen exhorted. It was a secret. Only when the three of them worked together could they figure it out.

After saying that, chen chen looked at gu jin yi, thinking that he would have a lot to ask, but it was not as he thought. He looked at him silently, and then a smile of neither surprise nor injury appeared on his angular and delicate face.

"Daddy Aren't you surprised at all? There was nothing to ask? Or you don't understand what I said?"

chen chen felt something was wrong. gu jin yi shouldn't have reacted like this.

At this time, han han, who had been covering her little head, came out of the quilt. She felt that there was something wrong outside and wanted to know what was going on.

"chen chen, han han, in fact, I have known that I am your biological father."

gu jin yi replied calmly.

The two babies widened their watery eyes. What the hell? Did Daddy already know about it? What's going on?

The two babies were both surprised. They had thought that their father, Jean, would be so surprised after this matter was revealed, but now it turned into two babies who were stunned themselves.

"Daddy Have you already known that we are your children?"

han han stared at gu jin yi with her big and clear eyes. She wanted to know the reason.

"I had this idea when I first met chen chen, but I didn't think too much about it at that time. I just thought it was a kind of fate with you."

Seeing that the two babies were so curious about it, gu jin yi patiently told them.

"Then how does daddy know our identity now?"

The two babies rested their chin on their hands and stared at gu jin yi with their bright eyes.

“Because when daddy transfused blood to you, our blood type was AB black blood, the same blood type, and this blood type was very rare. Only immediate family members are the same, so I know it. ”

“No wonder I’m so smart. It turns out that I inherited daddy’s excellent genes.”

han han touched her head and said with a smile.

“Does mommy know about it?”

chen chen was more concerned about this matter. He was always so mature and sensible, and he had to get to the point every time he spoke.

Since their mommy, Ning Xi, knew about the blood transfusion, she should know that their blood type was the same.

“She doesn’t know yet. I didn’t tell her, and it seems that she doesn’t want me to know about it. In fact, I just want to ask you about your ident\*\*y. Why didn’t she tell me? ”
