

Cute Baby176

chapter 176

Noticing the change of gu jin yi's expression, Darren guessed something. It was very important to gu jin yi.

For Jacob, he knew the change of the expression on his face the most. There was nothing important, but the expression on his face was always cold and serious, but once it was something very important to him, his expression would change.

The expression on gu jin yi's face changed a few years ago when he cooperated with foreign countries. He changed his expression because he thought it was a tough problem.

And this time, it was for the two unknown children.

Darren didn't know the relationship between chen chen, han han and gu jin yi, so he wanted to ask since he was in the hospital last time. But when she saw the crisis at that time, she didn't ask more.

This time, he asked Jacob to investigate the two babies, and his expression changed a little.

It seemed that the two babies meant a lot to him.

"This woman dares to hurt my child. I will let her pay the price she deserves!"

gu jin yi held the documents of the woman in his hand tightly, and the blue veins protruded on his wrist because of overexertion.

Darren was stunned. When he heard gu jin yi mention his children, he was in a trance. When did the CEO have two children?

But he didn't ask more. He knew that he'd better keep what he shouldn't ask and what he shouldn't say in his belly.

"Boss, what do you want to do? I'll arrange it. "

Jacob asked in a serious tone.

"No, I can do it myself this time..."

gu jin yi looked out of the window. There was a hint of evil spirit and cruelty in his deep and divine eyes.

It seemed that she didn't want to stay here any longer since she dared to hurt his child.

Darren looked at gu jin yi in confusion, as if he had a lot to say.

"Do you want to ask me about the two children?"

gu jin yi came back to his senses and looked at him with his sharp black eyes. He could see through his mind at a glance. After all, he had been with him since he was a child. How could he not know what he was thinking about after more than ten years.

"Mr. Brian, I really want to ask you this question. Did you just mention your child?"

Asked Darren. Since gu jin yi brought it up, he no longer kept silent, but chose to ask.

gu jin yi nodded in silence, with a particularly firm expression on his face.

Are those two really the children of the CEO?'oh my God! It's so sudden. Two children at such an age suddenly appear. They are CEO's children.'

He had never seen gu jin yi having a good time with any other woman. He only went to work or went home to accompany his mother every day. Besides, he really didn't know that gu jin yi had other time.

After all, as his assistant, she followed gu jin yi almost every day. It sounded incredible.

It seemed that their CEO had hidden his true strength ~

"Mr. Brian, then their mother is..."

Now that the topic was brought up, he wanted to know it clearly.

gu jin yi didn't want to hide anything from him. They were superior subordinate in the company, but they were good friends outside.

Besides, gu jin yi didn't want to hide his two children from the public. He wanted his children to appear in public.

"It's a long story. Do you remember the day on July seven five years ago?"

gu jin yi asked in reply. Because of a mistake, he had a deep memory of what happened five years ago, and he should not forget it.

xu chen was in a trance when he heard gu jin yi's words. What did he mean?Did

The two children looked about five years old. Hadn't it happened in recent years?Or did it happen five years ago?

Darren recalled what had happened five years ago in a hotel with gu jin yi.

"Mr. Brian, do you mean..."

"Yes."

Jacob wanted to say something, but he didn't know how to say it. Seeing his expression, he was sure to answer. He thought that when Jacob heard his own words, he should have understood everything.

When xu chen heard gu jin yi's answer, he was stunned and didn't know how to answer gu jin yi.

How is that possible?It was just an accident five years ago, and two children suddenly appeared.

Darren recalled the scene when he was in the hospital. Ning Xi was so sad and mad at the two children, which seemed to remind him of something.

"SoMiss yam is the biological mother of two children? "

Jacob asked with uncertainty.

"You are right. Ning stream is the biological mother of the two children."

gu jin yi answered indifferently, not surprised at all, but Jacob was in a trance.

Oh my God! In that case, Ning stream was the woman who stayed in the hotel five years ago. Five years later, she came back with two children and married their CEO.

It was unbelievable. How could there be such a coincidence in the world?

It meant that the CEO's wife was the woman who met their CEO by accident five years ago. Was it fate or a tragedy

Jacob didn't know how to describe it now, and he was also confused.

"Well, if there is nothing else, you can go out first."

gu jin yi had been watching the surveillance video. He frowned slightly, but his deep and unpredictable eyes revealed all kinds of viciousness. At this moment, gu jin yi just wanted to let the person who hurt the two little babies be punished as she deserved.

Jacob didn't ask any more questions and walked out of the CEO's office in a trance.

With the woman's information in his hand, a touch of cruelty flashed across gu jin yi's narrow and long eyes.

This woman***though she was disguised, gu jin yi recognized at a glance that the designer of VL company was from the same company as Ning Xi.

Even if he didn't get along well with Ning Xi, he couldn't hurt his two children.

"Susie, the chief designer of VL, let you know the price you should pay for hurting my child!"

gu jin yi clenched his fists tightly. His deep and handsome face exuded a cold aura, and there was no expression on his face.

After a few minutes of silence, gu jin yi took out his phone and dialed Ning Xi's number.

"I'll pick you up after work. Let's go to pick up chen chen and han han."

gu jin yi's cold face immediately became warm, and his tone was particularly soft, as if he had changed into another person.

After Ning Xi hung up the phone, gu jin yi also put down his phone.

chapter 177

At the VL international dress design center.

Because she had been taking care of the two babies in the hospital last Monday, she had been fully arranged this week and had no time to think about anything else.

As if nothing had happened, she had known about the situation of the two babies. Now they were at school.

She sat in her seat, with the design drawing in her hand, and the phone in the other hand. Looking at the photos of the two little babies and Ning Xi hand in hand, a touch of jealousy flashed through her charming eyes.

This time, it was her slight mistake. Next time, she would never let it happen again. She would make Ning stream feel like falling into hell

When she was lost in thought, her phone vibrated and a strange number came into view.

Leona answered the phone impatiently.

“Who is it?”

No one spoke, so he asked anxiously again.

“Who is it!Are you out of your mind?If you don’t speak, I’ll hang up. ”

So she looked impatient, with a touch of irony in her charming eyes.

When she was about to hang up the phone, a deep and hoarse male magnetic voice came.

“I’ll give you a chance to resign.”

Susie was stunned when she heard this.

“Are you crazy? I called the wrong number.”

When Leona was about to hang up the phone again, the other party said again.

“I will only say it once.”

After saying that, the person on the other end of the phone hung up before she could say anything.

All of a sudden, Leona felt that Leona was crazy. How could she ask her to resign voluntarily for no reason?She was really out of her mind.

She didn’t know why he said that.

A few minutes later, someone knocked on the door and came in.

“Miss Rose, Mr. an wants to see you.”

“Got it. I’ll be right there.”

She replied impatiently, threw the doc**ents on the table and left the office to the general manager’s office.

In the general manager’s office.

“Bang, bang, Bang...”

Even if she was in a bad mood, she still needed the most basic etiquette in the company.

“What can I do for you, Mr. an?”

A forced fake smile appeared on her slightly stiff face.

“From now on, you don’t have to work in the headquarter.”

an zi hao was as elegant as a quiet Royal aristocrat. He exuded an extraordinary aura and sat on the chair calmly. He seemed to be writing something with a pen in his slender hand.

Susie was stunned. In fact, she heard it clearly, but she couldn’t help asking.

“Mr. an, what did you say?”

At this moment, Leona was confused. She didn’t understand what an zi hao meant and why he said that all of a sudden.

All of a sudden, an zi hao stopped writing. He raised his eyes and saw a gentle face.

There seemed to be a touch of coldness on her delicate face. She looked at Ruby expressionlessly.

“I have made myself clear. From now on. You are no longer an employee of VL.”

Step by step, an zi hao walked to the French window. His expression was so deep and unpredictable that no one could guess what he was thinking at the moment.

“Mr. an, what did I do wrong? Why did you fire me? If there is anything that needs improvement, I can make it right away.”

If she was sure of what an zi hao said again, she was a little nervous, because she knew that once an zi hao said it, he would definitely do it.

Therefore, if she was very anxious now, she knew that an zi hao was not joking.

Standing straight in front of the French window, an zi hao said in a low and clear voice, “I will arrange you to the branch company at that time. You can go back today.”

“Mr. an, you should give me a reason to fire me for no reason.”

If she looked confused, she couldn’t be fired for no reason. There were countless doubts in her heart.

“This is what the chairman of the board said. You plagiarized the design work of stream last time, and now everyone in the design circle knows it. Do you think you are qualified to stay in VL for a plagiarist?”

an zi hao turned around elegantly and stared at her with his sharp eyes.

Was she fired because of plagiarism? It had been so long. Why did he mention it again? Was it Ning stream again?

“Mr. an, it’s been a long time since it happened. And I was punished at that time. Why did you fire me now?”

If she felt wronged, why did the company fire her? If she thought she had done a lot for the company, it was unfair to her.

“The board of directors has made a decision on this matter. You can go out now.”

an zi hao said in a low voice and didn't want to say anything more.

After all, an zi hao knew what kind of person she was after working in this company for so many years.

Although he knew that the headquarter didn't fire her because of plagiarism, an zi hao didn't want to say anything more to her.

"Mr. an, please give me one more chance. I won't let this mistake happen again. Please let me stay in the company for the sake of my hard work for so many years..."

an zi hao walked to his desk, picked up a document with his well shaped hand and looked at it. It seemed that he ignored her.

After saying what he should say, an zi hao still remained indifferent. It seemed that he had made up his mind this time and would not change anything.

Seeing that an zi hao didn't respond at all, she thought there was no need to waste her time. She turned around and left the general manager's office.

"Why! Why did you do this to me? I have been working hard for the company for so many years. Even if I haven't made any contribution, I still have to work hard. Why should I be fired just because of something that has happened for so long! Ah!"

If she went back to the office, she covered all the things on the desk as if she was crazy.

A trace of viciousness flashed across his charming eyes.

Then Leona was in a trance and seemed to remember something. The phone call just now

Let her resign Was it because of that phone call?

Susie picked up her phone and dialed the number.

"Sorry, the subscriber you dialed is not answered. Please redial later..."

No one answered the phone. If she got more and more anxious, it was more and more certain that the company would fire her because of the phone call.

She was fired without any information.

She kept dialing this number. When she finally dialed the third number, the other party answered.

chapter 178

"Who the hell are you? Why did you do that?"

Leona asked in a hurry before the other party could speak.

"You don't have to know who I am. This is the price you should pay for hurting my child!"

gu jin yi said in a low and hoarse voice.

If vivi suddenly felt that her guess was right, she was fired inexplicably because of this phone call.

If she could hear his voice, she would feel that his tone was full of pressure and tension.

She was nervous and short of breath.

But what did he mean by 'child'? What did he mean?

"What child? Please make it clear."

Susie asked in confusion before she could react.

She didn't dare to be too arrogant about his tone.

"You know what you have done. Leaving VL is only a warning to you. If it happens again, you have to bear the consequences. I can't guarantee your life."

After saying that, Gu Jin Yi hung up the phone, leaving no chance for her to argue.

After saying that, she suddenly sat down on the chair, looking a little absent-minded. It was not because of the plagiarism, but because of the child.

His words made her inexplicably scared, as if she had a feeling of destination.

He said the baby. Could it be? She seemed to understand something. A hint of worry flashed through her charming eyes.

When she came to her senses, she immediately stood up and was about to go to the Empire group.

.....

In the Empire group.

Rufus directly entered the hall of the Empire group and searched for the CEO's office according to the signs. "Is Mr. Gu here?"

Susie rushed to the hall of the CEO office and asked all the way.

"Hello, what can I do for you?"

A woman in formal business suit asked politely, standing up gracefully.

She should be the CEO's assistant when she was working in the CEO's hall.

"Is Mr. Gu here? I want to see him!"

It seemed that she couldn't wait to see Gu Jin Yi. She had a lot to talk to him and explain.

"Miss, do you have an appointment?"

The assistant walked out of her seat and came to the front of Susie.

"No appointment, but I want to see him!"

Ignoring other things, she rushed to the CEO's office.

"Miss, you can't go in without an appointment. Please understand."

The assistant stopped her.

“Get out of my way, or I’ll teach you a lesson!”

There was a touch of cruelty and impatience in her charming eyes.

But she still had to enter the CEO’s office by force.

“Miss, you can’t go in...”

“Let me go!”

The woman tried to stop her, but she couldn’t. Still, she forced herself into the CEO’s office.

“Mr. Brian, this lady forced herself to come in...”

gu jin yi, who was seriously reading the documents, was disturbed by the unreasonable quarrel.

“You can leave now.”

gu jin yi replied calmly.

“What? Yes.”

The assistant answered in a panic and left the CEO’s office.

gu jin yi was a cold, stern and domineering president for everyone in the company. They didn’t dare to make any mistake. The female assistant was afraid that gu jin yi would fire her for a mistake.

Because there had been such cases before

That’s why the assistant was so scared.

But the assistant didn’t expect that gu jin yi didn’t say anything else but let her out directly. She was so lucky this time.

After the assistant left.

“Mr. Gu, please don’t let VL fire me. I really need this job.”

As soon as she entered the CEO’s office, she walked quickly to gu jin yi and begged.

gu jin yi sneered, “you are the chief designer of VL, ruby.”

“It’s all my fault, Mr. Gu. I won’t do it again. Please forgive me this time.”

If she went straight to the point as soon as she came in, she could only beg him, gu jin yi.

She had no power or influence, how could she fight against him.

It was not good to be tough, but to be soft. Men could not resist the temptation of women’s coquetry. He would not be so cruel to a woman.

“What did you do wrong? Tell me.”

gu jin yi remained calm. Let’s see what kind of reason she could make up.

“I... i...”

gu jin yi's question rendered her speechless.

She suddenly didn't know what to say.

Did she have to admit what she had done to the two children? He didn't say it clearly. If he didn't mean it, he would admit it first. Then he would have more reasons and evidence.

If she suddenly remembered what an zi hao had said, she immediately had a reason to answer gu jin yi's question.

“I, as the chief designer of a company, shouldn't plagiarize others' works.”

Feeling a little timid, she lowered her eyes with a guilty conscience and didn't dare to look straight into gu jin yi's deep and unfathomable black eyes.

gu jin yi remained silent for a few minutes.

This woman, the fact was clear in front of her, but she still did not admit it! And she even made up some random words to fool him, gu jin yi. It seemed that there was no need to be polite to her.

Standing aside nervously, she suddenly found that there was no movement. She carefully looked up at gu jin yi, just looking into his cold and cold eyes.

She looked back subconsciously.

At this time, gu jin yi stood up elegantly from his seat and walked towards Ruyu.

If she could hear the heavy footsteps, she would tremble for no reason.

It could only be said that the CEO's aura was too strong, which made Leona unconsciously afraid.

gu jin yi was getting closer and closer, and her breath became heavier and faster. At this moment, it seemed that her heart was about to jump out, and her heart was beating fast.

“I just want you to leave VL as a warning. If it happens again, I won't spare you!”

gu jin yi came close to her ear and said coldly.

“Mr. Gu, can you just say it? I really don't understand what you mean. ”

Pretending not to know anything, Susie said coquettishly.

Since gu jin yi didn't tell her directly, and she kept pretending, she had to deny that she had something to do with the two babies.

gu jin yi turned to look at her coldly and snorted, “you deserve to be the chief designer!”

Before she could react, he walked to the desk, picked up a document with his slender fingers and casually threw it on the tea table in front of her.
