chapter 186

“Mom, I don’t know you are here today, so there are only a few simple dishes.”

ning xiao xi said apologetically, without specially going to buy food, just like the usual daily dinner.

“I have two smart and cute grandsons to have dinner with me. Everything is delicious!”

It was rare for pei xiu juan to be in such a good mood today. She had been smiling all the time from the hall to the table.

Ning Xi looked at pei xiu juan in confusion. Did she recognize chen chen and han han? Did he agree to adopt the two of them?

However, at this moment, Nina’s heart was very complicated. She didn’t know if she was happy or worried.

pei xiu juan liked the two babies so much. If she knew that chen chen and han han were her grandsons, would she take them away from her.

Everyone was having dinner, and Ning Xi was too worried to eat.

“Yes, they do! She looks exactly like my son. ”

pei xiu juan asked in surprise.

In the bright light of the restaurant, she stared at chen chen. The more she looked at him, the more she felt that it was not a coincidence. How could two people look so alike in the world?

“Son, think about it carefully. Have you ever made any woman pregnant?”

pei xiu juan suddenly said something, which made the four people who were having dinner suddenly stop eating, and the latter coughed with excitement.

“Mom, what are you talking about? Am I that kind of casual person? ”

gu jin yi was speechless. He was always helpless with his careless mother.

On the other side, Ning Xi was worried that gu jin yi would recall what had happened five years ago. If he did, he would look into it and investigate it. Then everything would be over.

At the same time, she was amused by pei xiu juan’s words.

How could she ask her son such a question?

At the same time, the two little babies were holding sp***s. When they heard what pei xiu juan said, they stopped in midair.

“Grandma, daddy is not an ordinary person. He only loves mommy and will give birth to brothers and sisters for us in the future.”

“The reason why I look like daddy is that we are destined to be father and son.”

The two babies answered pei xiu juan for gu jin yi.

Hearing what the two babies said, pei xiu juan stopped asking.

“I’m just kidding. Your father is my son. How could he be so casual?”

pei xiu juan leisurely picked up a dish and put it into her mouth.

The two babies giggled.

His grandma was so humorous.

Then the family finished their dinner.

Ning Xi went upstairs with the two babies, while pei xiu juan left him downstairs.

“Son, you’ve lost weight recently. Haven’t you eaten well? I’ll cook you a chicken next time. Eat more.”

pei xiu juan looked at gu jin yi with concern, planning to bring him something to eat next time.

“Mom, don’t bother. I know everything.”

Only gu jin yi was so patient to his mother, but now, in addition to his mother, he was also patient to the two babies and Ning Xi.

“What do you know? Your face has lost a lot of weight since you moved out. How did your wife take care of you?”

Subconsciously, pei xiu juan touched his handsome face and said in a somewhat coquettish tone.

In the room of the two babies upstairs.

Ning Xi tucked the two babies in.

The two babies seemed to have something to say, staring at Ning stream.

“What’s wrong?”

Seeing that the two babies didn’t go to bed and kept looking at her, Ning Xi guessed that they must have something to say.

Ning Xi asked before the two babies could speak.

“Mommy, are you really not going to tell daddy that we are his children?”

“It seems that grandma likes us very much. If she knows that we are her grandson, she should be very happy.”

The two babies said one after another.

Ning Xi stared at chen chen and han han. They must be like normal children, who were loved by their father and grandmother.

However, Ning Xi couldn't give them what they wanted. She couldn't tell them the truth. She was worried, she was afraid

"chen chen and han han, will you blame mommy for not letting you recognize daddy and grandma?"

Ning Xi asked subconsciously, looking at the two babies with a sense of guilt.

"Mommy, we won't blame you. But we also hope to recognize daddy and grandma. They are good to us."
"

The two babies said in a sweet voice.

"If daddy knows that mommy got married on behalf of him, he will hate me. If he knows that you are his children again, he will definitely take you away."

ning xiao xi expressed her concern again.

The little boy didn't know what to say, because every time he asked his mother not to think about this, he would let her rest assured, but she couldn't get over this.

So the little boy stopped persuading Ning stream on this matter.

They'd better cooperate with their father, Jean, to get their mommy Ning Xi done.

He wanted her to accept their father, gu jin yi, and tell him the identities of the two babies.

Then Ning Xi fell into deep thought.

Ning Xi went downstairs after coaxing the two girls to sleep.

At this time, gu jin yi was talking with him downstairs.

The conversation between them came to her ears as Ning Xi went downstairs.

"Son, they're upstairs. I'm serious with you. You should try your best to give birth to a big boy for me!"

With a serious look, pei xiu juan finally talked about her grandson.

"I'm already very satisfied with chen chen and han han. I haven't thought of having a child for the time being."

gu jin yi replied calmly.

There was no emotion on his deep and handsome face.

"You did it on purpose, didn't you? After all, they two are just adopted, not your biological children. Our family is going to carry on the family name and develop our family business in the future. How can we let a person who has nothing to do with our family come here? "

Hearing gu jin yi's answer, pei xiu juan became angrier and couldn't help but say a few more words.

Ning Xi, who stopped at the stairway, clearly heard the conversation between gu jin yi and pei xiu juan. She was still a little sad and disappointed.

But she should have expected this result long ago. Who would treat the two strange children as her children with all their heart?

This made her more worried, and she didn't want to tell them the identities of the two babies.

But when she recalled what gu jin yi had said to pei xiu juan, she felt a little comforted.

At least, the father of the two babies recognized them, even though he didn't know their identities yet.

chapter 187

Ning Xi could tell that he treated chen chen and han han as his own children.

"I asked you to get married in order to give birth to a fat boy for me. Look at you, you haven't moved at all."

pei xiu juan deliberately put her face aside and said angrily.

"If chen chen and han han were my children and your grandson, wouldn't you force me to give birth to them?"

gu jin yi suddenly said.

pei xiu juan nodded reluctantly.

Indeed, if the two babies were his children, pei xiu juan would not ask them to have another child.

Besides, pei xiu juan liked the two girls, chen chen and han han. If they were really his children's grandchildren as gu jin yi said, she would be too happy to sleep.

When Ning Xi heard what gu jin yi said, her eyes widened. How could gu jin yi say that? Why did he say that? Or did he find something?

All of a sudden, Nina became nervous. Every time she heard what he said, she would always be so scared.

"By the way, even if you don't mention that the two children are adopted, I really think that the two children are yours and my grandson. Son, there are only two of us now. Tell me, are you outside..."

pei xiu juan had to find out the truth and brought up the topic again.

"Miss pei xiu juan, if you keep talking nonsense, I won't tell you anything."

gu jin yi said in a somewhat threatening tone, pretending to be arrogant.

But gu jin yi knew what he should do. He didn't threaten his grandson, because he knew that his mother cared too much about his grandson and couldn't make her sad. He just teased her on purpose.

pei xiu juan's heart softened when she saw that he was really a little angry.

“Son, don’t be angry. I just said it casually. But to be honest, don’t you think that little boy looks like you? Have you ever thought about this question?”

pei xiu juan wanted to lead gu jin yi to this topic and let him think it over.

gu jin yi pretended to be thoughtful, as if he was deep in thought about something.

Ning Xi, who was standing on the stairs, heard no sound downstairs. She wondered if gu jin yi was recalling the past? Did she really think of what happened five years ago?

Ning Xi ran downstairs without hesitation, trying to interrupt the conversation between gu jin yi and pei xiu juan.

“How’s it going, son? Do you remember anything?”

pei xiu juan was looking forward to gu jin yi’s answer.

He stared at gu jin yi with his big eyes.

“I...”

“Mom, I’ve packed up the room. Go to bed early.”

Ning Xi found an excuse and came downstairs. Before he could say anything, she interrupted their conversation.

“Mom, go to bed first. We can talk about it later.”

gu jin yi followed Ning Xi’s words and didn’t want to find another excuse to answer pei xiu juan’s question.

“You haven’t told me if you have remembered something!”

pei xiu juan cast a glance at Ning Xi, indicating that she came at the wrong time and interrupted their important conversation.

“Well, let’s talk about it later. You go to bed first.”

gu jin yi slowly pushed pei xiu juan towards the stairs.

“I don’t look like sleeping! I can’t fall asleep if you don’t tell me.”

pei xiu juan pouted and acted like a spoiled child.

“Miss pei xiu juan, I suddenly find that there are more wrinkles in the corners of your eyes. Haven’t you had a good sleep recently?”

gu jin yi pretended to be exaggerating and looked at pei xiu juan’s face. Hearing this, pei xiu juan’s expression changed greatly.

“Don’t talk nonsense with me. Tell me!”

Crossing her arms over her chest, pei xiu juan looked up at Yun Shang arrogantly.

She looked exactly like gu jin yi. They were indeed mother and son.

“Wait, what did you just say? Wrinkles?”

It was not until then that pei xiu juan realized what gu jin yi meant. It turned out that he was talking about such an important thing!

“Really? Are you really wrinkled? Mirror? Where is the mirror?”

pei xiu juan panicked and looked around for the mirror.

When she saw the mirror in the hall, she immediately ran over and looked at her face seriously.

“Oh my God! She really got wrinkles! No, No. I have to put on a facial mask. I have to get a beauty sleep!”

pei xiu juan looked at herself in the mirror and said to herself.

Then she ran back to gu jin yi and said, “my son, thanks for your reminder. MUA!”

pei xiu juan gave him a fake kiss and ran upstairs excitedly.

At this moment, two babies came out of the room.

In fact, the two babies just wanted to go to the bathroom to pee, but they happened to see gu jin yi chatting with Ning stream. The two babies were interested in seeing their parents not going upstairs to sleep at night and what they were doing there.

gu jin yi had no choice but to smile at his mother.

Ning Xi walked up and asked tentatively, “what did you talk about just now?”

Staring at Ning Xi with his dark eyes, gu jin yi said, “let’s have our own child as soon as possible.”

gu jin yi approached Ning stream and whispered in her ear seductively.

Ning Xi probably guessed gu jin yi’s answer. Apparently, he didn’t look surprised at you this time.

“Now that we have chen chen and han han, that’s enough.”

ning xiao xi said softly.

“After all, chen chen and han han are not our biological children. Haven’t you ever thought about having a child of your own?”

gu jin yi asked Ning Xi tentatively, with a touch of incomprehensible meaning flashing across his deep and unpredictable black eyes.

He just wanted to see how Ning Xi would answer. He had asked such an obvious question, and he didn’t believe that she was not guilty at all. When would she take the initiative to tell him the identities of the two babies.

The two little babies who were watching aside squinted at their father, gu jin yi.

“Daddy, you are really good at tricking me. You know who we are, but you still act like you know nothing in front of Mommy. You deserve to be an unfathomable daddy. ”

chen chen murmured.

“But brother, what do you think Mommy will answer daddy’s question? I really want a little brother or sister, so that I can be a sister! ”

The two babies began to guess. Since gu jin yi had said this question so obviously, Ning Xi should have a clear answer.

chapter 188

There was always an answer.

The two babies were looking forward to the answer of Ning Xi.

“chen chen and han han are our children!”

The moment ning xiao xi heard gu jin yi’s words, she blurted out without thinking, urgent and fast.

She didn’t think about what gu jin yi said at all. But when she heard gu jin yi say that the two babies were not his children, she didn’t know why she wanted to tell the truth immediately.

ming ming’s two babies were his children, but he had no choice but not to tell him that chen chen and han han were his children. It was really uncomfortable.

When the two babies heard the words of Ning stream, they took a deep breath.

Why did their mommy Ning Xi suddenly tell the truth to their daddy, Jean? Didn’t she always hide it from him? What... What’s going on? How could their mommy blurt it out in such a situation?

.....

The two babies were speechless at their mommy, Ning stream.

But at the same time, they were a little excited, because in this way, they didn’t have to hide the truth from their mother Ning Xi all the time. They had already told the truth to their father, gu jin yi, and gu jin yi had known the truth.

Now that everything was clear, there was no need to hide anything in her heart.

She felt really bad to hide the truth, as if she had a guilty conscience.

“What did you say? I didn’t hear it clearly. ”

gu jin yi asked again. In fact, he heard it clearly, but he couldn’t help but want to hear it again.

“I Now that we have adopted chen chen and han han, they are still our children. ”

Only then did ning xiao xi realize that she was too impulsive to think about the consequences.

“You didn’t say that, did you? You said chen chen and han han are our children. I suddenly feel that it is also possible.”

gu jin yi’s perfect handsome face slowly approached Ning Xi, and his charming eyes stared at Ning Xi.

“What’s wrong with your ears? Did I say that? Besides, how could they be your children? They are so old. Do you really have s** outside as aunt said?”

Ning Xi was a little nervous, but she tried her best to hold back her emotions. She couldn’t let gu jin yi notice it.

And the little boy next to them was speechless again.

He was also drunk with her.

Her words were so shocking that sometimes they couldn’t even guess.

Mommy, Mommy, why do you still explain?

That’s right. We can be together forever.

The two babies looked at their mommy Ning stream.

He was worried about her.

She pretended to be natural and asked him in reply.

“Am I that kind of person?”

As expected, he changed the subject and stopped asking about the two babies.

“Who knows? You know what kind of person you are.”

Ning Xi folded his arms over his chest and looked at the side with his clear and beautiful eyes.

Ning Xi was wearing a white slip coat, which fully showed his perfect figure, looking a little s**y.

Her white collarbone was clearly exposed because Ning Xi squatted down. It was a fresh and charming scenery.

“What are you looking at?”

Yun Shang raised her head to look at Ning Xi. When she slowly turned around, she found that gu jin yi was looking at her with an evil smile.

gu jin yi suddenly carried Ning Xi in his arms. She was confused.

“Hey! What are you doing?”

“Daddy, what are you doing?”

Every time han han saw such a scene, she would be shocked, and her big round eyes were bigger than anyone else to look at the two of them.

“It seems that daddy has got our heritage. He can handle Mommy himself without us coming here.”

chen chen squinted his long and narrow eyes slightly, with a childish and evil smile at the corners of his mouth.

“Didn’t you say that I had an affair? You are right. ”

A meaningful smile flashed across gu jin yi’s charming face, and an evil smile appeared on his angular lips.

ning xiao xi rolled her eyes at gu jin yi.

“I only have an affair with you.”

“Put me down!”

Ning Xi shouted.

“If you want chen chen, han han and mom to hear you, just keep shouting.”

gu jin yi said lightly. It seemed that the expression on her face had nothing to do with him.

“It’s him! You!”

Nina was so angry that she couldn’t do anything to him in an instant.

“Kiss me and I’ll put you down.”

gu jin yi raised his eyebrows and squinted at Ning Xi.

He fixed his eyes on her face without blinking.

“You think too much. I won’t kiss you.”

Ning Xi turned his head and ignored gu jin yi.

“Are you sure?”

gu jin yi asked again in a low and magnetic voice.

Ning stream still ignored him or chose to be silent.

“Then let me kiss you.”

As soon as gu jin yi finished speaking, he turned Ning Xi’s head and kissed her pink lips overbearingly.

Before Ning Xi could react, their cherry lips were tightly pressed together.

“HMM...”

The two babies immediately covered their eyes and said, “Daddy, Mommy, you are so shy.”

“My dear parents, can you stop showing off your love in public all the time? Don’t you know it’s easy to cause a siege?”

The two babies were also drunk to their parents. They could go to their room to show off their love, which was more convenient and safe?

Ning Xi pushed gu jin yi away with all her strength, but her strength was nothing in front of him. The more she struggled, the more domineering his kiss was.

When he stopped, Ning stream said, “gu jin yi! You are a rogue!”

Ning Xi frowned at him.

“When I really act like a hooligan to you, your lips will not be able to see anyone tomorrow. Naturally, they won’t be as intact as they are now. In order that you can go to work tomorrow, I won’t play tricks anymore.”

gu jin yi raised his dashing eyebrows and squinted his long and narrow eyes. He glanced at Ning Xi with his deep and unpredictable black eyes, and a snicker appeared on his angular lips subconsciously.

“You, you...”

Ning stream didn’t know what to say at once. She covered her lips subconsciously, fearing that there would be another kiss on his lips all of a sudden.

The two babies couldn’t help snickering. It seemed that their mommy Ning Xi had to let their daddy, gu jin yi, tame her.

gu jin yi raised his eyebrows and smiled at Ning Xi, “honey, let’s go to bed.”

Then, Princess Jean went upstairs with Ning Xi in her arms.

chapter 189

When the two babies saw them coming up, they immediately ran into their room in a low voice.

She crawled onto the bed and hid herself under the quilt in case they found out.

“Brother, I found a problem.”

han han muttered.

“What question?”

chen chen asked curiously.

“Let me tell you a secret. After all these years of watching Korean dramas, Mommy must love daddy very much.”

han han whispered a big secret in chen chen’s ear.

But chen chen didn’t make a fuss, because he had already found it.

And he had no choice for his anthomaniac sister. She had watched too many Korean dramas and fantasized every day at such a young age.

“I have an idea. Let mommy and daddy be together as soon as possible.”

The two babies were whispering in the quilt.

.....

The night pa**ed quickly. The two babies fell asleep while chatting.

In the early morning, Ning stream got up and made breakfast. The two babies got up early today because of their grandmother.

On the table.

“chen chen and han han, go to grandma’s house on Saturday and Sunday. Grandma will cook delicious food for you.”

Although pei xiu juan didn’t know that the two babies were her grandsons, she still liked them from the bottom of her heart.

“Okay, we haven’t visited grandma yet.”

The two babies agreed without hesitation.

“Mom, don’t worry. I’ll take chen chen and han han back on Sunday.”

gu jin yi picked up a piece of toast and said in a lazy tone.

“I don’t believe what you said. I still believe what chen chen and han han said.”

With a kind smile, pei xiu juan gently touched the two babies’ heads.

“Grandma, don’t touch our heads. They won’t be tall.”

The two babies took down pei xiu juan’s flawless hands from their heads at the same time.

pei xiu juan was stunned by the words of the two babies and the way they took her hands. “Who told you this?It’s getting taller and taller, okay?”

pei xiu juan said with an innocent look.

“Because daddy always touches mommy’s head. Mommy always says that she won’t be tall.”

han han pouted her pink lips and stared at pei xiu juan with her bright eyes. Her serious expression showed that they had a reason.

“Did your mommy say that?”

pei xiu juan asked in surprise.

The two babies nodded, staring at Ning stream with their bright and dark eyes.

Then pei xiu juan also looked at Ning Xi with deep eyes and expressionless face.

Then he looked at the two babies with loving and soft eyes.

“How old is your mommy? You are just so young. You should feel more about your mommy, okay?”

ADVERTISEMENT

The two little babies rolled their dark eyes and said, “Oh, we know!”

After breakfast, pei xiu juan went home and waited for the two babies to visit her on Sunday.

After breakfast, Ning stream and gu jin yi went out and sent the two babies to the kindergarten.

“Bye, daddy, Mommy!”

Before the two kids entered the kindergarten, they greeted their parents with a smile.

gu jin yi and Ning Xi also waved at them.

“Wait for mommy to pick you up after school. Don’t go with strangers, okay?”

Ning Xi said.

Because of what happened last time, Ning Xi was more worried and cautious.

The two babies nodded to show their understanding.

At this time, a charming woman not far away was watching this scene.

His eyes were full of jealousy, viciousness and weirdness

If she didn’t have time to go to work these days, she would pay close attention to the situation of gu jin yi and his family. She knew that the two babies were the most important things for them now, so she wouldn’t let them go.

gu jin yi, Ning Xi, just wait and see. It’s all your fault that she is in such a situation!

It seemed that it didn’t work to pick up the two babies in the same way as last time. She had to think of other ways to take them away.

gu jin yi and Ning Xi didn’t leave until they saw the two babies walk into the kindergarten, and then Ruyu followed them.

As soon as Ning Xi walked near the company, she saw Ruyu. She was stunned. Why is she here?

ADVERTISEMENT

If vivi was wearing a black Strapless bare midriff top and a pair of tight jeans, the most obvious thing was the red enchanting lipstick on her lips.

She looked s**y and enchanting.

“Stream.”

Ruyu walked slowly to Ning stream and said with a smile.

But as usual, Ning Xi didn't want to talk to her too much. She walked directly into the company.

While walking, Leona wondered what she was doing? His tone was completely different from hers.

Her enchanting eyes narrowed slightly, and her face immediately changed. She looked at the back of Ning stream, but Ning stream pretended not to see her!

"Naomi, please tell Mr. Gu to let me go back to work."

If she ran to Ning Xi shamelessly and blocked her way, she still looked fawning.

ning xiao xi stopped because of the sudden appearance of Ruyu. "What do you mean?"

It seemed that her guess was right. The reason why she was suddenly fired by the company was because of gu jin yi.

But she still didn't understand why he asked the company to fire Leona. In short, in her impression, there should be no conflict between them.

'is it because of me that gu jin yi did this to me?'? Because of the discord between him and ruby?

It's impossible. gu jin yi is not such a person who doesn't distinguish between public and private affairs. He will never get involved in public and private affairs. Ning Xi knows him very well.

"Mr. Gu likes you so much. As long as you tell him to let me go and let me go back to the company. He will definitely agree. Please help me for the sake that we have known each other for so many years. "

It would be better if there was hope, but she didn't care if there was no hope.

If Ning Xi agrees to help me, I will be good to her. 'If she didn't help, she could only make use of the two babies. It was not her fault to be ruthless.
