chapter 202

On the other side, the two of them played for a whole day with a satisfied smile on their faces.

“You must be tired today. Let’s go home.”

gu jin yi reached out his fair hand and wiped the sweat off Ning Xi’s forehead.

“I had a good day today!”

The smile on Ning Xi’s face was as pure as an innocent child.

At this moment, she seemed to have forgotten all her troubles and hoped that time could stop at this moment.

“Are you satisfied with today’s date, Mrs. Gu?”

gu jin yi squinted at Ning Xi with unfathomable eyes.

Ning Xi just kept silent with a xiao xiao, which had betrayed her.

Even if she wanted to deny, it was impossible.

“It’s time for us to pick up chen chen and han han.”

Ning Xi changed the topic.

“Today we should enjoy the two people’s world. chen chen and han han should also want us to be together more often.”

gu jin yi narrowed his eyes and raised his dashing eyebrows. A hint of temptation flashed across his evil black eyes.

“I didn’t hear them say that.”

Ning Xi squinted at gu jin yi.

“You don’t believe me?I’ll call him now. ”

gu jin yi deliberately took out his phone from his pocket and was about to make a call.

Ning stream was obviously not confident, because she was not sure whether the two babies would stand by her side after what had happened these days.

“Wait a minute.”

ning xiao xi said in a hurry.

At the same time, he had already picked up his phone and looked at the screen.

He found that he didn't receive several calls. He looked through the phone and found that pei xiu juan called him the most.

gu jin yi replied immediately.

Ning Xi, who was standing aside, thought gu jin yi was talking to the two babies. She approached gu jin yi and looked up at him, "don't call me, don't call me..."

"My dear son, you finally called me. Come here quickly. The two children are missing!"

"....."

Before gu jin yi could say anything, pei xiu juan told gu jin yi that the two babies were missing.

Hearing this, gu jin yi's face changed slightly, and there was a wave on his unfathomable handsome face.

Standing aside, Ning Xi noticed gu jin yi's expression and frowned in confusion.

What was wrong with him? This expression

Then, he hung up the phone, and Ning stream asked the reason.

"What's wrong? What's the matter?"

"I'll drive you home first."

gu jin yi didn't tell Ning Xi that the two babies were missing. Last time, she had been weak for a long time. If she knew it this time, she was afraid that she really couldn't bear it.

After getting in the car, gu jin yi drove away at full speed.

Along the way, the atmosphere was unusually heavy, and no one spoke.

What happened? It seemed that it was very serious.

Ning Xi glanced at him from time to time. He wanted to ask why, but he didn't know how to say.

While gu jin yi, who was driving, was thinking about what pei xiu juan had told him.

gu jin yi was also uneasy, but he knew that the disappearance of the two children was definitely not a coincidence.

"Where are we going?"

Ning Xi couldn't help asking when he found that gu jin yi wasn't driving to the old house.

"I'll drive you home first."

gu jin yi calmly answered Ning Xi's question.

Of course ning xiao xi knew it was the way home, but she hadn't picked up chen chen and han han!

"We haven't picked up chen chen and han han yet."

Ning Xi frowned and looked at gu jin yi innocently.

“I’ll drive you home first, and then I’ll pick them up. It’s not easy to go there. Let them play more with mom.”

In order not to let Ning Xi notice anything, gu jin yi made up a random reason.

“I’ll go with you to pick them up.”

Ning Xi couldn’t wait to see the two babies.

“You must be tired after a whole day’s playing. Go home early and have a rest. Wait for me to pick them up at home.”

gu jin yi looked at Ning Xi affectionately, his hand holding the steering wheel gently stroking Ning Xi’s head.

The scene was like a father spoiling his daughter.

“Just stay at home and wait for me to pick them up.”

gu jin yi said in a soft and firm tone, leaving Ning Xi no chance to refuse.

Ning Xi pouted. She knew that no matter how hard she tried, she couldn’t change the decision made by gu jin yi. So Ning Xi listened to gu jin yi and said nothing more.

After sending Ning Xi back home, they arrived at the Gu family’s old house as soon as possible.

As soon as gu jin yi entered the hall, he found that pei xiu juan was pacing back and forth on the sofa in a daze.

“What should we do? Where would chen chen and han han go? They are still so young. Will they be abducted and sold... ”

pei xiu juan murmured to herself as she clenched her fists.

gu jin yi strode to pei xiu juan in a hurry. pei xiu juan saw gu jin yi walking towards her at a glance.

“Son, what should we do? chen chen and han han have disappeared. What do you think we should do? ”

As soon as pei xiu juan saw gu jin yi, she grasped his wrist and said anxiously and worriedly.

“Mom, don’t worry. Tell me what happened.”

gu jin yi helped pei xiu juan sit on the sofa to calm her down.

Then pei xiu juan slowly calmed down and told gu jin yi the whole story.

.....

“When I went to find them, they were gone... What should I do? What if I can’t find her... ”

pei xiu juan seemed a little depressed, and her voice became hoarse because of sobs.

“Mom, don’t worry. chen chen and han han will be fine.”

gu jin yi held his mother pei xiu juan in his arms and comforted her.

gu jin yi knew his mother very well. He also knew her mother pei xiu juan’s character and temper. Since he had grown up, he had known that her mother was a strong and independent woman on the surface, but because of the family, she still lacked a sense of security.

His father was ten years older than his mother. He had been taking care of his mother all the time. Now his father was not by her side. If anything happened to her, he had to deal with it by himself.

So now that this had happened, she knew that her mother would be very anxious and guilty.

Although pei xiu juan didn’t know that the two babies were her grandchildren, she really liked them. If she didn’t remind her of this, she would treat the two babies as her own grandchildren.

On the way to the Gu family’s old house, gu jin yi had asked his assistant xu chen to investigate the disappearance of the two babies.

After comforting pei xiu juan, he went out soon.

chapter 203

At the same time, Ning stream was waiting for gu jin yi to pick up the two babies. Looking at the time, they hadn’t come back yet, he couldn’t help calling gu jin yi.

gu jin yi was on his way home.

In order to make Ning Xi rest assured, he rushed back to the villa of the Gu clan as soon as possible.

Knowing that they were on the way back, Ning Xi was waiting for them outside the door with joy.

Seeing the car coming towards her not far away and the flickering light, she knew that they were back.

After parking the car, Ning Xi ran up to gu jin yi, only to find that there was only gu jin yi in the car.

“Where is chen chen and han han? You didn’t bring them back?”

Disappointment was written all over Ning Xi’s face. He looked at gu jin yi with his innocent eyes.

“They slept in the old house today and won’t come back. He said that he wanted us to have a world of two people.”

gu jin yi held back his emotions and teased Ning Xi.

“.....”

Ning Xi was speechless. What did her two kids want to do? Maybe he did it on purpose. There were also two lovers

“It seems that our babies are very considerate for us.”

gu jin yi squinted his long and narrow black eyes and smiled.

Ning Xi narrowed his eyes and glanced at him. He didn’t say anything and turned back to the hall.

“Mrs. Gu, why don’t you answer me?”

Seeing Ning Xi turn around and leave, gu jin yi trotted after him.

Ning stream went upstairs directly, and then followed her upstairs.

Ning Xi sat on the sofa, depressed. “chen chen and han han, you two bad guys, leave your mommy alone.”

Ning Xi, who had been living with the two babies for the past few years, always felt strange when they were not around. She was still not used to the life without them around.

“Well, they will come back tomorrow. Didn’t they say that we were going to have a world of two today?”

gu jin yi took off his grey suit elegantly and plaid tie. He even teased Ning Xi from time to time.

“Go take a shower.”

Ning Xi turned his head awkwardly when he saw naked gu jin yi.

Then, with a casual smile, he walked into the bathroom naked.

Not long after gu jin yi entered the bathroom, his phone rang in his pocket. Ning Xi called the direction of the bathroom subconsciously.

“Your phone is ringing! Mr. Gu!”

Perhaps because gu jin yi was taking a shower, he didn’t hear Ning Xi’s voice.

ning xiao xi took out her phone from her pocket casually.

When she saw the name on the screen, she knew it was pei xiu juan.

In an instant, Ning Xi found that he also called her in this way.

At this time, pei xiu juan called Ning Xi. Ning Xi could have a chat with the two babies, so he answered the phone.

However, before Ning Xi could say anything, the man on the other end of the line had already spoken.

“Son! How is it going? Have you found chen chen and han han? If you have anything to tell me, please tell me. I can’t let anything happen to my two grandsons...”

When Ning stream was about to answer pei xiu juan’s question, she was stunned and her amber pupils shrank slightly.

The phone in her hand slipped away from her ear unconsciously.

“Son, what’s wrong? Hello, hello...”

Hearing the sound of the phone falling, pei xiu juan shouted at the phone with concern.

However, ning xiao xi didn't hear any sound. There were only two babies in her mind now.

pei xiu juan's words kept flashing in Ning Xi's mind. He had a hunch that something must have happened to chen chen and han han.

At this time, he just finished his shower and came out of the bathroom.

Seeing Ning stream sitting on the sofa absent-minded, he suddenly felt that something was wrong with her.

gu jin yi approached Ning stream and asked in a low and magnetic voice, "what's wrong? You look terrible."

Ning Xi looked down, expressionless and short of breath.

All of a sudden, Ning Xi raised his head and stared at gu jin yi with his clear eyes.

There seemed to be a complex emotion in his eyes that was hard to understand.

"chen chen, han han, I'm going to find them!"

Nina said in a somewhat absent-minded manner. Before he could react, she had already stood up.

At the same time, he accidentally found his phone on the ground and it hadn't been hung up yet.

The t\*\*le on the screen surprised gu jin yi.

At this time, he understood that Ning Xi should have known that chen chen and han han were missing.

"Naomi, listen to me."

gu jin yi stood in front of Ning stream at the first time. His strong and long body was like a mountain in front of her, making Ning stream unable to move forward.

Holding Ning Xi's slender shoulder tightly, gu jin yi stared at her with his dark eyes, as if he could communicate with her through eyes.

"Let me go. I'm going to take chen chen and han han back now. Let me go!"

Ning Xi looked at gu jin yi expressionlessly. He looked as calm as water, but his heart was beating fast.

"They will be fine. I have sent someone to look for them. Don't worry."

gu jin yi could only comfort Ning Xi, because he knew that the more powerful he was, the more Ning Xi would go back.

"Why didn't you tell me? Why did you hide it from me?"

Ning Xi stared at gu jin yi with his clear eyes unblinkingly. His eyes were so firm that people seemed to be too scared to speak.

“Calm down and listen to me.”

gu jin yi stared at Ning Xi with his dark eyes as deep as the sea.

“I don’t want to hear it!! don’t want to listen to you. I only want my child. I only want chen chen and han han!”

ning xiao xi didn’t seem to hear anything at this time. All she thought about was chen chen and han han, wondering if they would meet something like last time.

Ning Xi had made her regret once. This time, it couldn’t happen again. Otherwise, she would never forgive herself for the rest of her life.

Ning Xi tried hard to break away from gu jin yi’s arms, but no matter how hard she tried, his strong arms were always so strong that people could not move.

“Ning Xi, listen carefully. chen chen and han han are my children. No one can hurt them!”

gu jin yi stared at the excited Ning stream in his arms with his mysterious black eyes, which gave people a sense of security.

ning xiao xi looked at gu jin yi and seemed to be relaxed for a while. Suddenly, she fainted in boredom.

“Stream!”

Subconsciously, gu jin yi held Ning Xi and carried him into the bedroom.

.....

chapter 204

The second morning.

Ning Xi woke up in a daze and found that gu jin yi was not there.

“Yesterday... chen chen and han han!”

Ning Xi immediately realized what had happened last night and got up from bed.

At this moment, he was standing straight in front of the French window of the hall, talking on the phone with a cold expression on his face. A shivering evil spirit flashed across his deep black eyes.

“If you hurt them a little, let them pay ten times the price!”

Then he hung up the phone.

When he was about to turn around and go out. Suddenly, she heard the sound in the bedroom. As soon as she turned around, she found that Ning Xi had come out of the bedroom.

“You’re awake. How are you feeling?”

Seeing Ning Xi walk out, gu jin yi walked towards her slowly.

For Ning stream, his sharp, serious and intimidating voice immediately became gentle and considerate. He walked up to her and stroked her head with a big white and slender hand.

“Is something wrong with chen chen and han han?”

ning xiao xi heard gu jin yi’s words and guessed what he meant.

“It doesn’t matter. Just wait at home. I will bring chen chen and han han back unharmed.”

gu jin yi pressed Ning Xi’s slender shoulder and let her sit on the sofa quietly.

Ning Xi was silent for a while. “No!! want to go with you. ”

The firm tone of Ning Xi assured gu jin yi that the two children played an important role in her heart.

At this time, his phone rang before he could speak.

She picked up the phone and saw a strange number.

When he was about to answer the phone, he suddenly hung up.

Then came a voice message.

“I’ll give you three hours to prepare fifty million dollars. Send it to the bridge in the suburb before this afternoon. Otherwise, you will never see the two children!”

The man on the other end of the line threatened and intimidated her intentionally. She didn’t expect that he would offend someone he would never dare to offend in his life.

At this moment, all Ning Xi thought about was the two little babies. When she heard the voice, she subconsciously stood up, picked up the phone on the table, and shouted at it, “don’t hurt my children, please, don’t hurt them!”

At this moment, Ning stream seemed to have lost her mind. Now she finally heard the news of the two babies, but it was an unfortunate news that gave her a fatal blow.

But he couldn’t hear her at all, because it was just a voice message.

Standing aside, gu jin yi immediately called his assistant xu chen and asked him to prepare the fifty million.

“Let’s go to the bridge and bring chen chen and han han back.”

Since Ning Xi insisted, gu jin yi knew that it was useless for him to say anything else, so he took Ning Xi with him.

He tried his best to protect her and her two children.

Without saying a word, the two of them hurried out of the door.

.....

According to the instructions of the other party, gu jin yi arrived at the destination with Ning stream with fifty million dollars.

And the man who had been watching gu jin yi not far away lurked in a small room and saw them in an instant.

He immediately made a call, whispered a few words and hung up the phone.

gu jin yi held Ning Xi's hand and walked slowly into the place.

They came to a place similar to an underground warehouse, which was full of miasma. It was extremely remote and it seemed that no one had come here for many years.

The more they walked in, the more serious and weird the atmosphere became.

"chen chen, han han!"

All of a sudden, Ning Xi saw two little babies t\*\*\*\*\* on wooden chairs from a distance.

The excited voice of Ning stream woke up the two sleepy babies at once.

"Mommy!"

The two babies shouted at the same time.

Her eyes lit up as if she had seen an unprecedented light.

Ning Xi immediately stepped forward and was about to run towards chen chen and han han, but was stopped by gu jin yi.

ADVERTISEMENT

"Let's go there together."

gu jin yi held Ning Xi's hand tightly. Ning Xi stared at gu jin yi with a pale face. Then the two of them carefully walked towards chen chen and han han.

Coming to the side of the two babies, Ning Xi didn't think too much and directly held them in his arms.

"Mommy, we miss you so much. The bad guy left us here. We are so afraid..."

The two babies couldn't help crying when they saw Ning stream.

Hearing the cries of the two babies, Ning Xi felt a sharp pain in his heart.

She couldn't help but cry. She held them tightly and didn't want to let them go.

"I'm sorry. I didn't take good care of you..."

Ning Xi looked guilty and guilty.

All of a sudden, the door of the warehouse was closed, leaving nothing but darkness.

Then a dazzling light shot over. Ning Xi and the others subconsciously covered their eyes with their hands.

Slowly, the light became dimmer and dimmer. What came into their eyes were five tall, fierce looking men, and a little more gentle men standing in front of them.

Seeing this scene, Ning Xi held the two babies tightly subconsciously. At this moment, she was full of maternal nature. She was afraid that her two children would be hurt.

“Mommy... Bad guy...”

The two babies curled up in the arms of Ning stream, and their voices were childish and weak.

“chen chen, han han, don’t be afraid. Daddy is here. No one can hurt you.”

gu jin yi held the three people in his arms. His voice was soft but firm and domineering.

“Have you brought fifty million?”

The leading man approached them step by step, with a disgusting smile on his fair face.

“Fifty million is up to you.”

There was no panic or fear on gu jin yi’s handsome face, but his imposing manner made those men panic.

“Boss, do you think he has brought the money or not?”

ADVERTISEMENT

“Did he blow us up?”

“Can’t the six of us deal with him? Besides, he has two children. ”

.....

The men beside the leader began to whisper.

“Shut up!”

The man roared.

“No money? Then you can’t get out of here. ”

The man smiled insidiously and walked towards them.

“How about we make a deal?”

A shrewd look flashed across gu jin yi’s deep black eyes.

The leader man seemed to be interested in what he was going to do.

“Boss, we’d better get things done as soon as possible and leave with the money.”

“He must be thinking about how to deal with us. Don’t listen to him.”

.....

The men behind the leader’s men interrupted his thoughts one by one.

“Shut up!!’d like to hear his so-called deal. ”

The man gave the order, and then a strange smile appeared, and the others quieted down.

“Tell me, if this deal can make me tempted, I will immediately let you leave here.”

The man said with disdain, with a cigarette in one hand and one leg stepping on the wooden stool.

“Since you want money, send the three of them out of here safely and transfer fifty million dollars to your account immediately.”

gu jin yi suddenly opened his mouth, and a suggestion made everyone present stunned.

chapter 205

“What are you doing?”

Ning Xi stared at gu jin yi with his innocent eyes.

He didn’t know why he did that?

“Take chen chen and han han out safely. Don’t worry. I will meet you.”

gu jin yi whispered in Ning Xi’s ear.

Ning Xi was confused and didn’t understand what gu jin yi meant.

She didn’t expect that he had already come up with a solution.

“Boss, he asked us to let them out and fifty million will be transferred to our account.”

A man approached the leader and spoke carefully.It seemed that she was reminding the man.

“Of course I heard what he said.”

The man rolled his eyes at him, indicating that he was too talkative.

“Do you think I’m a fool?Why should I listen to you?Give me fifty million now, or none of you can leave here! ”

The man’s tone was a little annoyed, indicating that the deal proposed by gu jin yi was not tempting at all.Instead, she felt that she was fooling him.

He was so angry that he took out a sharp knife from behind and rotated it in his hand.

“Mommy... I’m afraid...”

The two babies had been snuggling up in the arms of Ning Xi. Seeing the fierce expressions of several men, they could not help but tremble.

“Good girl, don’t be afraid. Daddy and Mommy are here.”

ADVERTISEMENT

Ning Xi gently stroked the heads of the two babies, in order to make them feel at ease.

gu jin yi looked down at his watch, looked at the time and twisted his tie.

“Since you don’t think it’s a good deal, it means that fifty million is not yours.”

A shrewd and pleasant smile appeared on gu jin yi’s deep handsome face.

“How dare you play tricks on me!! think you are tired of living. Since you haven’t brought the money, you can’t leave here alive. ”

Several men took out sharp knives and walked towards them.

Ning Xi held the two kids tightly and kissed them on the forehead. “Mommy is here.”

At the same time, gu jin yi also walked towards the men. He dealt with five men alone.

A man stabbed at gu jin yi with a knife, and he dropped the knife on the ground in an instant.

Then, other men pounced on her together.

gu jin yi turned over from the man’s back, kicked two slender legs one by one, and instantly kicked the two men to the ground.

Just behind gu jin yi dealing with the other two men, the man who fell on the ground behind him slowly got up

The two babies were lying in the arms of Ning stream. Maybe someone was tired and fell asleep. Ning stream put them down slowly and let them lean against each other.

She thought that she couldn’t let herself and her children get gu jin yi into trouble, so what she needed to do now was to protect the two babies.

‘it’s time,’ he thought to himself.

Now that they were given the chance to die, he had no choice but to be kind to them.

Three... Two... One.

All of a sudden, the door of the warehouse was flung open, and the people arranged by Jean had arrived at the scene.

However, the man who got up from the ground stabbed him from behind with a knife.

“Watch out!”

When Ning stream saw this scene, she cried out nervously and ran towards him without thinking, standing behind him.

gu jin yi nimbly dodged, held Ning Xi into his arms, and knocked the man down to the ground again.

Soon, his men caught them all before he could do it himself.

“How dare you blow us up?How dare you bring people here! ”

The leader man cursed angrily.

“Boy, it seems that you don’t know who you have offended.”

xu chen jin clutched the man’s collar and suddenly felt that he was really fearless. If anyone dared to treat their CEO like this, they might be courting death.

“Mr. Brian, what should we do with them?”

xu chen asked seriously.

“Take them back first and then deal with them.”

gu jin yi replied calmly.

Then, according to gu jin yi’s words, Jacob left with other bodyguards.

gu jin yi picked up the two children and left with Ning Xi.

In the car.

ADVERTISEMENT

gu jin yi drove the car, and Ning Xi sat in the back seat with two children.

The two babies seemed to feel that they were out of danger and slept soundly.

Ning Xi stared at the two babies expressionlessly. Obviously, he was frightened.

Ning Xi held the two babies and caressed their fair faces from time to time.

Although they were rescued from the bad guys, Ning stream seemed to be a little worried and nervous.

Through the rearview mirror, gu jin yi noticed the expression on Ning Xi’s face. He comforted her softly, “it’s all right. This will never happen again.”

Hugging the two babies tightly, Ning Xi leaned his head against their heads and closed his eyes, as if nothing outside had anything to do with her.

Soon, he arrived home.

After the two children fell asleep, perhaps it was because they were too tired, Ning stream sat beside the two babies and watched them fall asleep.

After taking care of them, he went back to the study.

As soon as she arrived at the study, she called her a\*\*istant, Sheridan.

“Mr. Lucian, I have found out what you asked me to investigate.”

.....

“Let him stay there first. I’ll be right there.”

After the call, gu jin yi's expression suddenly became sharp and unfathomable, and his eyes were cold and cruel, making people dare not look straight at him.

chapter 206

gu jin yi returned to the room of the two little babies and stared at the sleeping children and Ning Xi, "if anyone dares to hurt you a little, I will let him pay a heavy price for what he has done all his life."

Her tender eyes suddenly became sharp and cold, even frightening.

Then his eyes changed. He kissed them on the forehead and left the room.

.....

In a room.

The leading man was sitting on a wooden chair, somewhat restless. Facing this small and dark room, he seemed to be able to guess that he might really offend someone he couldn't afford to offend this time.

Suddenly, the door creaked open and the man looked at the door subconsciously.

At this time, a tall figure came in. The man looked up and saw gu jin yi in a suit coming in.

His handsome and suffocating face seemed to be covered with a layer of frost, which was emitting a terrifying coldness. He pursed his angular cherry lips tightly, and the profile of his face was so cold and hard that it made people tremble with fear. His deep black eyes made people think of the eyes of a leopard, sharp and sharp.

Seeing this, the man couldn't help but shiver.

"Mr. mu, he is the 'hei lao da' am\*\*\* them."

His assistant, Darren, stood straight beside gu jin yi and said.

gu jin yi nodded silently, "you can go out first."

gu jin yi asked Jacob to wait for him outside the door.

"Yes, sir."

Jacob didn't say anything but closed the door and left as ordered.

gu jin yi pulled out a chair and sat down casually.

His cold face was reflected in front of the man. Without saying anything, the man seemed to have sensed the seriousness of the matter.

"Let me tell you, let me go. If something happens to me, my boss will make you suffer..."

Although the man was a little scared, he knew not to show it easily.

ADVERTISEMENT

But he didn't know that his hesitation had completely exposed his nervous mood at the moment.

"You want me to suffer?"

gu jin yi sneered and opened his mouth slightly.

"So, now that I'm not in a bad mood, let me out immediately."

The man pretended to be calm and strong.

"If I haven't done anything to make you regret, you'd better tell me everything you know."

gu jin yi looked at the man with his deep and powerful eagle eyes.

"Why should I listen to you? I have nothing to say. Let me out right now! "

The man pretended to have nothing to do with him and shouted impatiently.

gu jin yi got close to the man and said.

The man's face changed dramatically and said weakly, "you..."

gu jin yi seemed to have said something that made the man extremely sensitive and fatal. He immediately surrendered to him.

"Okay, I'll tell you everything I know."

gu jin yi's angular cherry lips curved slightly, and an unfathomable smile faintly appeared on his face.

.....

"I've told you everything. Can I go out now?"

An hour later, the man told gu jin yi everything he knew, because he knew that he really couldn't afford to offend the man in front of him, so he'd better keep his life first.

"xu chen."

Ignoring the man, gu jin yi called out his assistant's name directly, and xu chen came in immediately.

"Mr. Lu."

ADVERTISEMENT

"Deal with it properly."

gu jin yi stood up elegantly, walked past Darren and said in a low and cold voice.

"Yes, sir."

Jacob didn't need to ask more. He knew his boss's style of doing things very well, and he also understood what he meant by this sentence.

Then, he left directly.

"We can finally leave this damned place."

The man stood up and murmured to himself.

When he walked to Jacob and was about to open the door, he was held back by Jacob again and sat on the chair in a daze.

The man turned his head and looked up at Darren. He didn't understand what he meant by doing this. He looked angry.

"What do you mean?"

The man was confused and seemed to be worried about something.

"Just stay here!"

Jacob opened the door and went out immediately.

The man was caught off guard and locked in this small and dark room.

"Let me out! Let me out... "

The man roared at the door, but no one answered him outside.

.....

gu jin yi had known the ins and outs of all the things, and now he finally knew who was behind all this.

This time, he would never let her go!

ADVERTISEMENT

Whoever dares to hurt my beloved one, I will make her pay a heavy price! '!

"Mr. Lu."

gu jin yi stood upright on the ground, absent-minded and absent-minded.

After coming out of the room, Darren saw the expression on gu jin yi's face and walked to gu jin yi's side. He didn't want to disturb his thoughts, so he called him cautiously.

gu jin yi regained his composure and said in a low and clear voice, "deal with this matter tomorrow."

"Yes, sir. What do you want to do with that woman?"

xu chen asked gu jin yi in a cold and serious tone.

When he heard Jacob mention this, his face suddenly changed into cold and ruthless.

"I'll take care of her myself."

With one hand in the pocket of his suit pants, gu jin yi's eyes were sharp and gloomy. It seemed that this woman had broken his bottom line, so he had to deal with her in person.

Then, gu jin yi returned home first, and Darren left according to his arrangement.

On the other side, when she got the news that her action had failed, she just wanted to escape.

However, there were guards around her house, and she couldn't escape.

This time, she knew that she was in danger.

She tried her best to escape from here, and she must escape before gu jin yi came.

Seeing that there seemed to be no one nearby, she walked out of the room cautiously from the hall to the back door.

She was delighted to find that there was really no one around.

Humph, do you think you can trap her in this way? gu jin yi, Ning Xi, you will never get rid of her for the rest of your lives! Don't try to make her surrender in front of you!

chapter 207

When she was about to sneak away from the back door, a big hand fell on her shoulder.

"Where are you going?"

With her big purple eyes wide open, Leona lowered her eyes helplessly and hatefully.

Then, a cunning idea flashed through her mind, and her rosy lips curved up slightly.

"Ouch, my stomach hurts... Brother, my stomach hurts..."

Leona turned around and stared at the man with s\*\*y and enchanting eyes.

The man frowned slightly, "are... Are you okay?"

Seeing the seductive look on her face, the man suddenly lost his mind and loosened his vigilance.

If he squinted at her with a smile, who could resist the temptation of her s\*\*y figure?

"Brother, there are painkillers in my room. Can you get me some? Thank you."

If vivi continued to use her honey trap, she would keep winking at the man.

"Well..."

The man hesitated and didn't know what to do?

"Ouch, it hurts..."

Hearing this, the man immediately squatted down. Without saying anything, he turned around and ran into the hall to get the medicine for her.

A hint of complacency flashed across vivi's evil and attractive eyes. Humph, men were the same, and no temptation could be refused.

There was a variety of hatred in his eyes, and some things seemed to be incomprehensible.

Then, she stood up slowly and left here as soon as possible.

When she stood up and was about to run away, a big hand grabbed her shoulder tightly.

She was stunned again. Why did he take the medicine so soon? What should she do?

“Rufus, I suddenly have...”

“You, you...”

With her eyes wide open, she realized that the man in front of her was not the one who went to get her medicine, but Jacob Xu, the assistant of Jean.

“You want to escape?”

A sneer appeared on Zhang Qing Xiu’s handsome face.

If she still remembered to use the honey trap to show weakness to him.

“Oh, what are you talking about? I’m just wandering around. How can I escape as you said?”

As she spoke in a coquettish tone, she put her hand on Jacob’s chest.

Jacob was silent and stared at her expressionlessly, making it difficult for others to guess what he was thinking at the moment.

This was a man... As long as someone was in his arms, he would never refuse.

Leona sneered in her heart, slightly hateful and ridiculous. She laughed at these so-called men, as if laughing at her original blind.

“Get your hands off me.”

Jacob suddenly said in a cold tone without any tenderness.

“What?”

Just as Susie was feeling sarcastic, she was stunned by Darren’s sudden words.

What was he talking about? How could he let her get rid of his hand?

“Get your hand off me. Don’t let me say it again!”

Jacob reminded her again in a low voice.

Subconsciously, she removed her hand from Jacob’s chest and slowly took it back.

“Humph, don’t be ungrateful. You men are all the same? Why do you pretend to be pure and lofty in front of me?”

Susie shouted at Jacob with a mocking smile on her stiff face.

“Here’s the medicine!”

At this time, the man hurriedly brought the pain killer. She ran to Susie, out of breath.

“If you want to escape, put away your tricks first! I advise you to think about how to leave a way out for yourself now.”

“Take her back! Watch carefully!”

Jacob cast a cold glance at Emily and then looked at the medicine in the man’s hand. After saying that coldly, he turned around and left.

“Yes, sir!”

The man didn’t dare to neglect it at all. He followed Jacob’s words and immediately brought Susie into the room.

He failed this time.

It was already evening when Gu Jin Yi returned home. When he walked out of the door, he found that it was very quiet. It seemed that they were still sleeping.

Gu Jin Yi walked into the hall carefully so as not to disturb them.

But when she entered the room, she found Ning Xi in the kitchen.

He walked into the kitchen quietly and approached Ning Stream.

Maybe it was because Nina was too focused that she didn’t notice that he walked to her side.

It was not until Gu Jin Yi held her slender waist that Ning Xi realized what had happened.

Ning Xiao immediately turned around and faced Gu Jin Yi.

Her expressionless face made it difficult to guess what she was thinking at the moment.

“Let me go.”

Ning Xiao Xi tried to push Gu Jin Yi away, but her tone was light but with a sense of resistance.

It seemed that she was still angry about something.

“What’s wrong? Are you still angry?”

Gu Jin Yi said in a particularly soft tone, staring at Ning Xi with his deep black eyes all the time.

“I’m not angry. Besides, how can I be angry with Mr. Gu?”

Ning Xi said in a voice dripping with sarcasm, indicating that she was angry.

“If you are not angry, just give me a kiss to show that what you said is true and you are not lying to me.”

Gu Jin Yi said jokingly, with his handsome face close to Ning Stream.

Ning Xi looked closely at gu jin yi's face. It was fair and bronze, smooth and delicate like a child's skin. It was perfect without any flaws.

"I won't kiss you! Why can you lie to me? I can't lie to you."

Ning Xi turned his head and said angrily.

"No kiss? Then I'll kiss you."

Without waiting for Ning Xi's response, gu jin yi held his head and kissed her on the lips.

"Well, you... Let me go..."

For a moment, Ning stream was kissed and she couldn't resist.

Then gu jin yi let go of Ning Xi, clasped her soft hair with his slender fingers, and stared at her tightly with his black eyes.

"Are you crazy?"

Ning Xi complained to gu jin yi subconsciously. When she was about to push gu jin yi away, he suddenly said.

"Honey, were you worried about me when we were in the warehouse?"

gu jin yi held Ning Xi in his arms and didn't let her go. He stared at Ning Xi with his dark eyes.

Ning Xi understood what gu jin yi meant.

When she saw the man stabbing at gu jin yi with a knife in the warehouse, she was really nervous. Without thinking about anything, she directly blocked his way.

chapter 209

"I... I'm going upstairs. chen chen and han han are awake."

Ning Xi didn't dare to look into gu jin yi's eyes, fearing that he would be seen through by him.

"Mrs. Gu, I promise you that I will never let you and chen chen han han get hurt again."

gu jin yi kept staring at Ning Xi with his dark eyes. Even if Ning Xi wanted to leave his arms, he still told him seriously and promised her.

Ning Xi hesitated for a moment. Maybe he felt gu jin yi's sincerity, and his words touched her a little.

"I'm the mother of chen chen and han han. I didn't know anything about my child's accident. How can I be their mother if I say that?"

Ning Xi became serious and stared at gu jin yi with his clear amber eyes.

She blamed gu jin yi for not telling her about the two children.

The two looked at each other face to face, and their expressions were particularly serious.

Of course gu jin yi knew what ning xiao xi meant. She was blaming him for not telling her about the two children.

“Except you, no one is qualified to be chen chen and han han’s mother.”

gu jin yi’s serious handsome face instantly turned into a charming smile, and his tone was particularly gentle to Ning Xi.

“I promise you that I will never hide anything from you in the future.”

Before Ning Xi could say anything, gu jin yi hugged her gently, leaned her head against his chest, ravaged her hair and promised her.

Ning Xi’s heart softened. When he said this, she acquiesced.

Now that he had made a promise, she believed it.

Ning Xi still held gu jin yi in his warm arms.

“By the way, this kidnapping should not be an accident.”

Ning Xi suddenly asked, eager to know the ins and outs of the matter.

“I was about to tell you. Let’s go. I’ll tell you everything you want to know.”

Then, holding the hand of Ning Xi, he walked to the sofa in the hall and sat down. He told Ning Xi everything he knew, what she wanted to know, 11.

.....

gu jin yi told this to Ning Xi directly, but Ning Xi sat silently on the sofa. Her eyes were unfocused and expressionless, and it was hard to tell how she was feeling at the moment.

“Why?Why did she do that?Why did you do this to my two children? ”

Ning Xi suddenly became excited, and even his breath became more rapid.

“Don’t worry. I will make her pay for it!”

gu jin yi held Ning Xi’s hands, his eyes evil and cold, so sharp that no one dared to look straight at him.

“This is the second and second time that you have hurt my child. I won’t let it go this time...”

Ning Xi looked down at the fruit plate on the gla\*\* table and muttered to himself in a low voice. A touch of coldness and ruthlessness seemed to appear in his clear and bottomless eyes.

This time, Ning stream seemed to have reached an unforgivable level.Then she might know what she needed to do.

Suddenly, Ning Xi heard the cry of the two children upstairs.

She ran upstairs without saying anything.

Then, he heard the cry and went upstairs with Nina.

In the room.

“Mommy, I want mommy...”

“Don’t leave Mommy. Don’t stay with bad guys...”

The two babies sat on the bed, crying.

They shouted at their mommy Ning stream as they looked at each other.

ADVERTISEMENT

“Honey, what’s wrong with you? Mommy is here, Mommy is here. Stop crying...”

As soon as Ning Xi entered the room and saw the two babies crying like this, he couldn’t help but feel sad. He hugged the two babies, stroking their heads and comforting them.

In the past few years, the two babies had been very independent and sensible. She knew that their mother was very tired and never brought her any trouble.

They also tried not to cry in front of Ning stream, because they knew that when their mommy Ning stream saw them crying, she would also be sad, so she seldom cried.

Except for the time when they were abroad, they accidentally separated from Ning stream when they were two years old. They cried so hard that they had never cried so hard since then.

And this was the second time.

Ning Xi was so scared that he almost lost his soul. He knew that her two children were very obedient and sensible. If they cried like this, they must think that there was something wrong with them.

“chen chen and han han are the best. Don’t cry...”

At this moment, Ning stream didn’t know how to comfort the two babies. They kept crying and didn’t care how Ning stream comforted them.

“chen chen han han, daddy and Mommy are here. Daddy and Mommy will protect you and never let bad guys take you away. Stop crying. Daddy will take you to the amusement park, okay?”

gu jin yi said to the two babies in a calm tone. The two babies were not so scared to cry. Their cries were getting lower and lower, and their big eyes were staring at gu jin yi.

“Daddy... Will daddy really protect us?”

chen chen, who had always been strong, was crying uncontrollably at this time. He asked gu jin yi, looking forward to his answer.

“I don’t want to leave daddy and Mommy again. I don’t want to...”

han han, on the other hand, was crying with a red face. She told her parents while crying.

“I promise I will protect you and Mommy well and never leave you again.”

gu jin yi hugged the two babies and Ning Xi, and promised them affectionately.

.....

It took them a long time to calm down.

gu jin yi took the phone and told Ning Xi that he was going out. In fact, when he answered the phone, Ning Xi noticed that his expression must have something to do with kidnapping.

“Naomi, take care of the two kids at home. I have something to deal with.”

“I’ll go with you.”

Ning Xi said softly. This time, she wanted to end this matter by herself.

Perhaps the matter between her and Rufus should be solved this time.

“Be good and wait for me at home. What about chen chen and han han? Do you want the two of them to stay at home?”

Obviously, gu jin yi didn’t want Ning Xi to go with him. He wanted to deal with it by himself. He didn’t want Ning Xi to think about it again and be unhappy because of it.

Of course, Ning Xi also sensed it. Then he thought of the two children, chen chen and han han, who would be worried if they stayed at home alone. Besides, they were not in a good condition now, so it was not appropriate for them to stay at home alone.

In the end, she agreed to stay at home with the two babies, gu jin yi.

“This time, I won’t forgive her for what she has done to the two children.”

Of course, gu jin yi also clearly heard what Ning Xi said. It seemed that Ning Xi also knew that he was going to deal with this matter.

“I won’t forgive you either. Don’t worry. I will handle it well. You can wait for me at home.”

After saying that, gu jin yi left. Ning Xi stayed at home with the two babies and didn’t go anywhere.

Because of these two things, Ning Xi didn’t dare to leave the two babies for a moment, fearing that something bad would happen to them again.

If she didn’t make it in time this time, it would be difficult for her to see her two children. Perhaps they were now in a very dangerous environment and were undergoing tough trials

Ning stream didn’t dare to think too much. She held the two babies tightly and didn’t dare to relax for a second.

Therefore, this time, she would not show any mercy to her. If the rabbit was anxious, it would bite.

In a cosmetic hospital.

The hospital in front of her was like a private clinic with few people and no business.

When she first saw this hospital, she hesitated for a while. Was the so-called cosmetic hospital such a small clinic?

But at this moment, the only thought in her mind was to change herself and avoid being caught by gu jin yi.

So she didn't think too much. She made up her mind to have a plastic surgery and finally walked in.

The receptionist was a woman of more than 30 years old. As soon as she saw Susie come in, she warmly took her to a male doctor of more than 40 years old.

About half an hour later, the two entered the operating room.

After entering the operating room, Leona directly lay down on the white bed sheet. The doctor, wearing a white mask and white gloves, asked directly, "are you ready?"

"By the way, don't you need to sign the contract for this?"

When she was about to lie down, she felt a little strange and asked casually.

The doctor was in a trance and didn't know what to do, but he quickly adjusted himself.

"The contract is only a written meaning. It mainly aims to make you more perfect. Right? "

The doctor bluffed.

However, she only wanted to take revenge slightly, so she agreed.

Then she lay down and the operation began

.....

About two or three hours later, she woke up in a daze.

Because of the plastic surgery, she felt a little pain when she woke up.

"What happened? Why is your face covered like this? "

If she could see her face wrapped in white gauze from the mirror, she would be frightened by herself and think that something serious had happened.

"Because you have a plastic surgery on your face. It will take a few days to recover. It will take a long time."

The doctor answered casually. After the operation, everything became perfunctory.

However, Leona didn't care about it at all. She left the hospital after she finished her work.

.....

At home.

In the study of Gu's villa.

"No matter where she escaped, we must find her!"

Wearing a gray suit, gu jin yi stood straight in front of the French window of the study and looked out of the window with deep eyes.

Then, the phone in his hand was slowly put down.

On the other side of the room, Ning Xi was looking for clothes for the two children to take a shower.

"chen chen, han han, it's time for us to take a shower."

Ning Xi walked into the room of the two babies and said with a smile.

"chen chen, han han!Where are you? "

She suddenly found that the two babies were not in the room.

At this time, Ning stream began to be anxious. Now as long as the two babies did not appear in his sight, Ning stream would be out of control of emotion.

In the study, gu jin yi heard the sound of Ning stream and walked out quickly.

"What's wrong with the stream?"

gu jin yi saw Ning Xi was so anxious again.

"chen chen and han han..."

"Daddy, Mommy!"

When Ning Xi was about to tell gu jin yi that the two babies were not in the room, they suddenly shouted at the same time.

gu jin yi and Ning Xi looked in the same direction at the same time.

The two babies stood side by side.

Ning Xi ran to the two babies as if he had seen some treasure and hugged them directly.

The two babies were taken aback by the embrace of Ning Xi. "Mommy, what's wrong with you?"

The two babies asked in a pleasant low voice when they saw that Nina was in a bad mood.

"It's okay. You should take a shower now."

Without saying anything, ning xiao xi took the two babies to the bathroom.

Of course, the two babies didn't think too much. Their mommy was worried about them.

When they went to the bathroom, Ning stream was about to take off clothes and bathe the two babies. chen chen was the first one to stand out and show his att\*\*ude.

“Mommy, I want to take a shower by myself. You can go out now. ”

Since last year, the two babies had started to bathe themselves. This was the first time that they bathed for them this year, and they seemed to have been used to it.

“Mommy will help you.”

Ning Xi was about to take off chen chen’s clothes.

“Mommy, we have grown up. You don’t need to bathe us.”

han han added.

But Nina didn’t take good care of the two of them, so she insisted on taking a comfortable shower for them.

“Do you really think it’s a good idea? You want to bathe a boy? ”

“Mommy, I’m so shy. You’ve seen through my brother.”

chen chen’s clothes had been taken off by Ning stream, and han han covered her eyes, pointed at chen chen and said to Ning stream in a sweet voice.

As soon as han han said this, chen chen immediately covered his lower part with his hands, and his white and tender face instantly turned white and red.

Seeing the expression on chen chen’s face, Ning Xiaoxi burst into laughter.

“Mommy, han han, shame on you!”

chen chen jumped into the bathtub.

“Brother, I’m not shy. I didn’t see it. You...”

han han said in a sweet voice, which proved that she was innocent.

“What are you doing after taking a shower?”

At this time, he also walked into the bathroom and said in a soft voice, neither surprised nor flattered.

“Daddy, why are you here?”

han han stared at gu jin yi with her big eyes blinking. Her fair and tender face flushed.

“I’ll bathe you today.”

gu jin yi squatted down and helped han han take off her clothes.

Ning stream, who was standing beside, was stunned.

She looked down at gu jin yi. It was the first time that the father of the two children bathed them in person.

“Daddy bathed me today. I’m so happy!”

han han shouted happily as she struggled to take off her clothes.

“Brother, if you don’t want mommy to bathe you, you can ask daddy to do it too. Daddy is a boy, and so are you. Then you won’t be shy, will you?”

han han said to chen chen while jumping into the bathtub and playing with water.

“No, I don’t want to. I’ll take a shower myself.”

chen chen insisted on taking a shower by himself, seeming a little shy.

“Daddy, don’t bathe han han. I’ve forgotten that I’m a girl and you’re a boy. You’ll be shy.”

han han seemed to suddenly realize that she had forgotten her gender. After hearing what chen chen said, she didn’t want their father gu jin yi to bathe her.

gu jin yi and Ning Xi were amused by the two babies and smiled helplessly.

chapter 211

“Daddy, you should bathe Mommy, okay?”

“Mommy, please help daddy take a shower. We have grown up and don’t need you to do that.”

The two babies were really brother and sister. They even said the same words in a tacit way.

At this moment, Ning Xi’s fair skinned face turned red because of the words of the two babies.

“You take a shower and go back to your room to sleep.”

Ning Xi lowered his eyes and picked up a towel, trying to change the topic.

“Mommy, are you shy too?”

“Mommy, your face is red...”

However, the two babies didn’t miss this opportunity and continued to talk about it.

As soon as the two babies finished their words, Jean subconsciously lowered her eyes and stared at Ning stream with longing eyes.

“I’m an adult now. It’s so shameful for me to have a bath.”

Ning stream didn’t know what to say, so she said awkwardly.

“Honey, I think what chen chen and han han said makes sense.”

gu jin yi smiled evilly, with a faint smile on his angular lips.

Then, the two babies and gu jin yi looked at each other, and jian jian showed a little snicker.

“Don’t be naughty. Just wash and put on your clothes. It’s not good to catch a cold later.”

However, Ning Xi didn’t argue with them about this topic. He bathed the two babies first. After taking a shower, the topic was over.

“No, I won’t... unless mommy and daddy bathe together.”

chen chen and han han acted coquettishly, playing with water in the bathtub and not taking a good shower.

“chen chen and han han, you are not obedient. Mommy doesn’t like you anymore.”

At this moment, Ning Xi really couldn’t do anything to chen chen and han han. She couldn’t deal with these two naughty kids if she was naughty.

She pretended to be angry and said to them.

“Yes, yes, yes...”

ADVERTISEMENT

But she didn’t expect that the two babies were indifferent and even made a face to show their determination.

At the same time, gu jin yi, who was standing beside them, smiled and said in a low and clear voice, “I have an idea. Do you think it’s okay?”

As soon as gu jin yi finished his words, Ning Xi and the two babies looked at gu jin yi with blinking eyes, as if they were looking forward to gu jin yi’s good idea ‘.

“Mommy and I will help you take a shower, and then mommy and I will go to take a shower together. Do you think it’s okay? ”

gu jin yi asked the two babies with a smile. They looked at each other and their big watery eyes narrowed. “Of course!”

“Of course not.”

The two babies and Ning stream spoke almost at the same time.

The three answered at the same time. The two babies looked at Ning stream with disdain.

“I don’t want to take a shower! Mommy won’t take a shower, neither will I. ”

The two kids went crazy again, with bath water in their hands.

“chen chen, han han, what the hell do you want to do?”

Ning Xi frowned and asked helplessly.

“Daddy and Mommy are a couple. Why can’t we take a shower together? Did Daddy and Mommy lie to us? ”

The two babies said in a sweet voice, and their mood slowly became depressed.

Seeing this, Ning Xi panicked. She really didn't know what to do with them. Seeing the two babies like this, she began to compromise again.

Indeed, she and gu jin yi were not like other couples. They didn't have much feelings for each other because of a deal.

At this time, gu jin yi approached Ning Xi and whispered in his ear, "if you want chen chen and han han to take a bath obediently, I suggest you agree with my proposal and agree to take a bath with me."

Then, he turned around and looked at the two babies dotingly, "chen chen and han han, your mommy has agreed. So you have to take a shower obediently."

"I..."

Hearing gu jin yi's words, Ning Xi looked at gu jin yi reflectively and wanted to refute him, but he didn't expect that the two babies reacted so quickly.

"Mommy, did you promise to take a shower with daddy?"

The two babies asked in one voice, staring at Ning stream with their bright big eyes.

Ning Xi wanted to resist, but the two babies suddenly asked him.

At this time, gu jin yi turned around and looked at Ning Xi with a proud look. An evil and attractive smile flashed across his deep and charming black eyes, and a faint smile appeared at the corners of his mouth.

He knew that for the sake of the two babies to take a shower as soon as possible, Ning Xi had to agree.

gu jin yi chuckled to himself.

This time, the two babies helped him a lot. No wonder they were his children. They were so smart and could understand at a glance.

"Honey, tell chen chen and han han that you just promised to take a shower with me."

gu jin yi urged Ning Xi to answer.

Ning Xi looked at gu jin yi with contempt in his amber eyes.

The two looked at each other in this way. One was proud, and the other was contemptuous.

"Mommy! Answer it quickly. Hurry up..."

The two babies kept urging him. Obviously, they were on the side of gu jin yi.

"Okay, I promise."

Ning stream had no choice but to reluctantly agree.

"OK, let's take a shower."

The two babies made gestures, and a little snicker flashed across their bright big eyes.

It meant that she had created another opportunity for daddy.

Daddy, it's up to you.

Seeing that the two babies agreed to take a shower so easily just because of her promise, Ning Xi thought.

She was totally confused.

All of a sudden, she felt that the two babies were getting more and more smart. They must have done it on purpose.

Ning Xi squinted at the two babies and then looked at gu jin yi.

Did they decide to stand in a line.

ADVERTISEMENT

Then Ning Xi didn't think too much. He decided to bathe the two babies first.

Anyway, they didn't know whether gu jin yi and she had taken a shower together or not.

In this way, gu jin yi and his wife chatted with each other while bathing the two babies.

.....

After taking a shower, the two babies ran to the bed.

She was so shy that she put on her clothes and didn't wait for Ning Xi to dress them.

"chen chen, han han, go to bed early. Daddy and Mommy have to go back to their rooms."

gu jin yi held the two babies and kissed them gently on their heads.

Then she gently put them down on the bed.

Ning Xi tucked the two babies in and stood up.

"Sleep tight. Let's go."

ning xiao xi warned again.

"We know, but daddy and Mommy remember to take a shower together before going to bed."

The two babies reminded Ning Xi before they fell asleep.

Standing aside, gu jin yi couldn't help laughing. He deserved to be his two a\*\*istants.

"I know, I know. You are so long winded now. Go to sleep. Good night."

Ning stream replied awkwardly.

Then he turned around and was about to leave the room. He exchanged a look with the two babies.

gu jin yi made a gesture of cheering to the two babies, and the two babies made a gesture of cheering to their father at the same time.

Then, he followed Nina out of the room.
