

Cute Baby232

chapter 232

As soon as he stepped out of the elevator, his cell phone vibrated. He had always been cautious and never turned it on.

Seeing it was his assistant's call, he answered it. He wouldn't call at any special time unless there was something important.

At this time, the person in charge of the company just walked over from the opposite and saw gu jin yi radiating this noble light at a glance.

When he looked at gu jin yi, an incredible expression appeared on his face.

He... Is... Isn't this gu jin yi, the CEO of the Empire group? Why was he here?

"Chen chen, han han, I'll drive you here. I'll pick you up after work."

Ning Xi squatted down and said to the two with a maternal pampering expression.

The two babies nodded at the same time with bright smile on their childish faces.

"Mommy, don't worry. We can do it!"

gu jin yi quickly answered the phone and heard the confidence of the two babies. He walked up to the two babies and rubbed his head at Ning Xi.

"Don't worry. chen chen and han han are smarter than you."

gu jin yi praised the two babies and mocked Ning stream at the same time, but his eyes were full of affection for Ning stream, as if a father spoiled his daughter from the opposite angle.

The desire to protect her made others think too much.

"You! I'm sure I'm smarter than them. I'm proud of them."

ning xiao xi was pissed off by gu jin yi, but she knew he must have done it on purpose. She couldn't be fooled by him.

yu shi ning Xiaoxi raised his eyebrows and smiled at gu jin yi as if nothing had happened.

However, gu jin yi slightly raised his eyebrows and curled his lips. A touch of wantonness flashed across his deep and black eyes, and there was a meaningful look in his eyes.

Ning Xi didn't know that her words had revealed something to gu jin yi, which made him more certain.

"No matter how silly my wife is, I like her."

gu jin yi held her shoulder and held her in his arms.

"Daddy, Mommy, do you think it's appropriate to show off your love in front of us?"

chen chen and han han pretended to be disgusted, rolled their eyes and complained.

At this time, the person in charge of chen chen and han han, who was standing aside, was confused.

What was going on?gu jin yi... Is he the father of these two men at xiao bu dian?She had never heard that he had two children?

He was married not long ago, and their relationship had been bad, because he had never taken his wife with him in any activities.He had never seen his wife before. He didn't expect that the two children were his mother.

The point was that they seemed to have a good relationship. How could it be different from the rumors?

It was the first time that he had seen him treat a woman like this.It was said that gu jin yi, the CEO of the Empire group, didn't like women who were as cold as ice. But why didn't he know her at all when he saw her today.

When he looked at the woman, the two children's eyes were as warm as spring, which was the description of his current appearance.

Now he had seen the four of them with his own eyes.

"Ja..."

When the person in charge was about to cotton up to gu jin yi, he had already entered the elevator.

"chen chen han han, call Daddy."

gu jin yi glanced at his watch and realized that he could contact the two babies at any time.

After gu jin yi ning left, the person in charge immediately came up to the two babies and asked for all kinds of information about gu jin yi.

"Mr. Gu, is he your father?Why haven't you mentioned it before?And he sent you here on purpose today?Who is that woman?Your mother?"

"....."

The person in charge spoke carefully. Now he had to take good care of the two babies. If he said something wrong and offended them, he would die for no reason.

The two babies stared at the person in charge with their big round eyes, as if they were a rabbit seeing something unknown. They didn't understand why he was trembling now?And she kept asking her parents about it. It was strange.

"What's wrong with you?It seems that you are very curious about our parents. "

chen chen was smart enough to read the director's mind and looked him up and down.

"How about I call Daddy and ask him to come back?"

han han, on the other hand, was very cooperative with her brother. She immediately picked up her phone watch and was about to call their father, gu jin yi.

The man's face changed dramatically. He was so nervous that he didn't know how to speak. He opened his mouth wide and said, "no, No. I'll visit him next time."

He was afraid that if gu jin yi knew that he was inquiring about him, he would come to a miserable end, which was beyond his expectation.

"Are you sure? I think you are very curious."

han han asked again, pretending to be serious and serious.

"No, thanks. Let's go inside."

The person in charge quickly changed the topic and turned around, sweating.

Swoosh~

Then the two babies followed him into the meeting room.

The two of them left the company together. Without saying a word, Ning stream followed gu jin yi into the car.

In the car.

Without the two babies in the car, the car became very quiet.

Ning Xi couldn't stand such an atmosphere anymore, so he found an excuse and said, "the weather is good today!"

Ning Xi looked out of the window and stole a glance at gu jin yi.

Unexpectedly, gu jin yi was still driving his car silently.

She felt terrible.

"What are you going to have for dinner?"

Then Ning Xi found another reason and murmured to himself. He took a secret glance at gu jin yi, but was still indifferent.

Ning Xi frowned slightly. Seeing that they were about to arrive at the company, he wondered whether he was angry.

She was thinking about how to reconcile with him, so she didn't notice that the car had arrived at the parking lot of VL company.

What should she say to make him speak? This cold feeling returned to the time when she just knew him. She was really unhappy.

"By the way, you..."

When Ning stream turned to speak to gu jin yi, he was already close to the side of Ning stream, and the two were facing each other. Ning stream was stunned subconsciously.

"What... What are you doing?"

Ning Xi was so excited that he spoke incoherently.

gu jin yi looked at Ning stream with his cold and deep eyes. His cold and arrogant temperament made people surrender involuntarily.

It was not until she saw the look in gu jin yi's eyes that Ning Xi realized what had happened? They arrived at the company so soon.

"I see..."

Ning Xi murmured.

"You..."

She wanted to say something to gu jin yi, but she hesitated.

"Then I'll go first."

When Ning Xi was turning around and pushing the door open, he pulled her into his arms and kissed her passionately.

He was so strong that Ning stream couldn't breathe.

"MMM ~ MMM ~"

It turned out that Ning stream was panting harder. gu jin yi slowly let go of her.

He looked at her and said, "you, are mine."

gu jin yi went straight to the point after his silence.

chapter 233

He just stared at Ning Xi with his deep eyes, which made Ning Xi panic.

As soon as these words came out, the two of them were silent for a while. A heavy atmosphere filled the air.

"Are you not angry anymore?"

Ning Xi blinked and asked tentatively.

"I'm very angry. Think about how to compensate me."

gu jin yi's dark eyes narrowed slightly, revealing an evil and attractive snicker. Two attractive dimples indistinctly appeared on his sculptural handsome face.

Seeing this, Ning Xi began to think of various ideas.

'gu jin yi, you pretended to be cold all the way, didn't you? You big liar! Humph! How dare you trick Ning Xi? You're doomed.

"Come here."

Ning Xi asked gu jin yi to get close to her. A hint of weirdness flashed across his big, delicate eyes, and a thought flashed through his mind.

As soon as he noticed Ning stream, he saw through her mind. But he didn't tell her the truth. He wanted to know what she wanted to do according to her words.

"How do you want to make it up to me?"

gu jin yi asked with a teasing tone as he got close to Ning Xi and was only one finger away from the two.

"Don't worry. You'll know it soon."

Next, Ning Xi approached gu jin yi step by step, making him misunderstand that she was going to kiss him, so that she could easily bite him and hurt him to death.

Just as the cherry lips of Ning stream pressed on his s**y thin lips, he was about to bite his lips, and he had guessed what Ning stream was thinking.

At this moment, Ning Xi was still complacent, but he didn't expect that what she had thought was guessed by gu jin yi.

gu jin yi, Ning Xi is going to bite you to death. Let's see if you dare to play tricks on her again.

'what?Well, what happened?She didn't feel like she was biting gu jin yi. Instead, she felt as if her lips were s***ed in by a black hole. She couldn't control herself at all.

gu jin yi forcibly s***ed Ning Xi's lips into his mouth and broke into his heart.He had no power to resist.

ning xiao xi wanted to speak, but she was powerless. The strong kiss didn't stop until about a minute later.

She covered her mouth subconsciously.

"Gu!gu jin yi!You, you... "

Ning Xi was so confused that he didn't know what to say.

How could it be so different from what she had imagined?There were two totally different things!

An evil and evil smile appeared on gu jin yi's Royal cold and handsome face. He gazed affectionately at Ning Xi, who was in a daze.

This silly woman didn't know what to say.

A rare tenderness flashed across gu jin yi's deep black eyes, which made people want to immerse in.

"How, how could you..."

Ning Xi didn't know how to express himself, which meant that he failed to bite gu jin yi. How could he know what he wanted to do to him?

Seeing Ning Xi hesitating, gu jin yi smiled and said, "do you want to ask me how I know your thoughts?"

gu jin yi spoke for Ning Xi.

Ning Xi blinked his big bright eyes, looking forward to gu jin yi's answer. He wanted to know how he could guess what he wanted to do to him?

"Come here."

He imitated the look of Ning stream and asked her to get close to him before telling her.

Ning stream didn't think too much. She just wanted to know the answer, so she immediately came over.

gu jin yi also approached Ning Xi and whispered, "I won't tell you."

gu jin yi smiled defiantly. When Ning Xi heard this, she was so angry that she wanted to swear.

"It's him!You! "

She not only wanted to swear, but also wanted to beat him.

"You will be late in one minute."

gu jin yi deliberately looked at his watch and put it in front of Ning stream. It seemed that she was not allowed to stay here any longer.

Ning Xi looked at the time and said, "it's over! I'm late! "

In this way, Ning Xi pushed the door open regardless of anything and ran towards the elevator, regardless of what Jin had done to her.

gu jin yi wanted her to slow down, but she had run far.

Looking at Ning Xi's back, gu jin yi shook his head helplessly, but the warm smile on his face still existed.

He didn't leave until Nina entered the elevator.

In the past few days, Celia was also busy with the shooting of her movie. This was also a chance. The first place at the box office might be able to win the Best Newcomer Award, which was also a turning point.

ye xiao xiao walked out of the company, reading the script and some doc**ents. She didn't notice that an zi hao was waiting for her at the gate of the company.

an zi hao thought that Celia would walk in his direction, but he didn't expect that she would walk in the other direction.

He started the car and drove towards ye xiao xiao. As the car suddenly braked in front of her, the doc**ents in her hands fell to the ground accidentally.

"Hey!How did you drive? "

ye xiao xiao was thinking about the best newcomer award when the car braked sharply. Her mind went blank all of a sudden.

ye xiao xiao squatted down and picked up the doc**ents, trying to curse.

When she picked up the doc**ents and stood up, she was stunned to see that it was an zi hao.

"Well, you are..."

“an zi hao.”

Seeing that Celia was hesitating, an zi hao said his name directly.

“I haven’t seen you for only a few days. Have you forgotten me?”

“I don’t care who you are, zi hao or a mouse. Why are you here?”

The two of them asked almost at the same time.

an zi hao was also helpless with ye xiao xiao. What kind of mouse? He, an zi hao, was so handsome. A mouse? Could a mouse be used to describe him? ‘forget it. Adults don’t care about me.’ He didn’t want to argue with her.

“I’m here for you.”

an zi hao smiled wantonly, which was enough to charm a group of people.

ye xiao xiao glanced at an zi hao and was about to leave when an zi hao spoke again.

“Your necklace.”

an zi hao took out a rose gold necklace from his pocket and put it in his palm.

ye xiao xiao was confused, “why is my necklace with you?”

ye xiao xiao’s first reaction was to walk to an zi hao and take away her necklace, but she failed.

“Hey! What the hell do you want?”

an zi hao put the necklace away on purpose. Celia was anxious.

“Get in the car first.”

an zi hao noticed that Celia got in his sports car.

Celia had no choice but to sit on the chair.

Then, an zi hao drove his sports car at full speed.

chapter 234

In the car.

“Where are you taking me?”

ye xiao xiao couldn’t help but ask with a frown when she saw an zi hao driving away.

“I’ll take you for a ride. Don’t you feel comfortable?”

With a carefree look, an zi hao enjoyed the shower.

“Stop the car!”

ye xiao xiao was speechless at him. Why did she suddenly feel that he was completely different from the an zi hao she had imagined.

At first, she liked him because he was calm and sensible. Now it seemed that he was just a child.

His good impression of an zi hao decreased a little.

ye xiao xiao didn't want to stay with zi hao for a second. She wanted to get off the car.

"I want to get off!"

Seeing that an zi hao ignored her, ye xiao xiao became anxious.

After a while, an zi hao braked sharply again.

The car stopped. Celia opened the door and got out of the car.

Sitting in the parking lot, an zi hao didn't stop Celia. Instead, he looked arrogant as if he had guessed that Celia would come back.

ye xiao xiao took a few steps forward and suddenly realized that she hadn't taken back the necklace yet. How could she leave like this? Then she walked back helplessly.

"Give me back the necklace."

Standing in front of an zi hao, ye xiao xiao reached out her fair hand and said in an indifferent voice.

an zi hao smiled.

Seeing this, ye xiao xiao asked, "what are you laughing at?"

"Come with me to a place. I'll return the necklace to you right away."

"You! Well, I believe you this time."

Celia wanted to retort, but when she thought of the necklace in her hand and the man under the eaves, she decided to put up with it first.

That necklace meant a lot to her.

Helplessly, Celia got on an zi hao's sports car again.

.....

"Where are we going?"

Half an hour later, Celia still hadn't arrived at the destination. She became anxious.

She was a little regretful to listen to an zi hao. She knew that he was lying to her, but she still foolishly listened to him and got in his car.

ye xiao xiao didn't care too much. When she happened to see her necklace in front of her, she picked it up and covered it in her hand.

"Stop the car! parking! Stop the car... "

ye xiao xiao shouted deliberately to piss him off.

“Stop shouting. We are almost there.”

“Stop the car! I want to get off!”

ye xiao xiao didn't listen to him at all. She kept shouting, louder and louder.

an zi hao had no choice but to stop.

Celia was about to open the door and get off, but it was locked by him.

“You...”

“Give it to me and put it on for you.”

ye xiao xiao looked at him in confusion. What on earth did an zi hao want to do?

When Celia was lost in various fancies and conjectures, an zi hao had already taken the necklace from her hand.

He held ye xiao xiao's head and the two got close to each other.

ye xiao xiao struggled to stay away from an zi hao, but an zi hao held her tightly. “Don't move.”

ye xiao xiao struggled to free herself at first, but later she calmed down.

She got close to an zi hao and buried her head in his arms. This feeling made her feel so warm.

A gust of breeze blew over, and the fragrance of ancient dragon perfume suddenly wafted in. The breath entered his nose, and he felt very comfortable.

She even had an idea of being reluctant to leave.

ye xiao xiao slightly raised her eyes and stared at an zi hao. He had dashing eyebrows, clear eyelids and big dark eyes, a tall nose, clear thin lips and white and red skin.

ye xiao xiao was staring at an zi hao like an anthomaniac. She changed her mind in an instant and her expression changed immediately.

Unfortunately, it was a man.

What a pity! His facial features and skin grew on an zi hao. How beautiful would he be if he were a girl~

However, she had to admit that even if he was a boy, he was still very beautiful.

ye xiao xiao smiled unconsciously.

Just when she was immersed in this, an zi hao's necklace hadn't been put on, but her hair was stuck.

ye xiao xiao cried out in pain.

“Ah...”

an zi hao blushed with embarrassment when he heard ye xiao xiao's words. Why was it so difficult to wear this necklace?

"Are you okay?"

He asked in a low voice.

"I've put it on myself."

ye xiao xiao put the necklace on quickly.

an zi hao was confused. He hadn't put it on for a long time, but she put it on as soon as she put it on.

"This necklace is a little special, so it's normal that you can't wear it."

ye xiao xiao's unintentional words aroused an zi hao's doubts.

She stared at ye xiao xiao's necklace for a long time. Was there anything special about it? Recognize people?

"Can we go back now?"

Then, Celia looked at an zi hao with a serious expression and said word by word.

"Sure, sure."

When an zi hao started the car, the engine didn't move.

an zi hao started the car again and smiled with satisfaction.

However, within five seconds, the car stalled again

The happy smile on her face disappeared in an instant, and her eyes were dull and expressionless.

"What happened?"

ye xiao xiao had guessed what was going on, but she was expressionless.

"The car seems to be unable to start..."

"But it doesn't matter. We can spend the night in the car."

an zi hao took pleasure in her misfortune with an evil and attractive smile.

"You think too much."

ye xiao xiao rolled her eyes at him, opened the door and walked straight to the road.

Walking to the side of the road, Celia looked around, hoping to see a car passing by, so that she could go back.

"No need to look around. Few people come here, let alone a car."

an zi hao said in a low and hoarse voice.

ye xiao xiao ignored him and rolled her eyes at him, thinking that he was lying to her and didn't want to reply.

.....

Unfortunately, half an hour later, there was really no one pa**ing by on the way.

chapter 235

And an zi hao had known that there would be no car pa**ing by on the road, so he had been carefully looking at the car's accessories in front of the car?

ye xiao xiao angrily walked up to an zi hao, pouted and frowned at an zi hao.

She looked at him with contempt. It was all his fault.

"It seems that I have to stay here tonight."

an zi hao said indifferently as he took off the hood of the car.

"What do you mean?"

ye xiao xiao was confused. What did he mean by staying overnight here?

"The car can't be started. We can only be taken back from here tomorrow morning."

an zi hao returned to the car and answered ye xiao xiao.

"You can call the garage now."

ye xiao xiao followed her into the car.

"My phone is out of power."

After an zi hao finished his words, Celia stared at him sus***iously. She didn't believe what he said.

Seeing this, an zi hao handed the phone to Celia.

ye xiao xiao held her phone and couldn't turn it on.

Turn on the phone!

ye xiao xiao was so anxious that her phone didn't respond at all.

'oh my God! Is he really going to spend the night here tonight?'

Suddenly, she remembered that she also had a phone.

ye xiao xiao looked through her bag in a hurry.

"What are you doing?"

Seeing that Celia kept turning over her bag, an zi hao asked in confusion.

ye xiao xiao had no time to talk to him now. All she wanted was to find out her phone.

She took out her phone from her bag and opened it. She was glad that she had charged it in time today. When she saw that her phone was full of power, a hint of joy flashed through her heart.

He dialed Ning Xi's number, intending to ask her for help, but when he dialed the number, there was no signal

What the hell? No signal... Did she have to stay here with an zi hao for one night?

She didn't want to stay overnight in this desolate place and stay with this unlucky man.

It was getting late. ye xiao xiao was thinking about what to do?

As soon as she thought about it, the night came.

It was a cool autumn, and a breeze blew. The night was particularly beautiful today. The crescent moon was shining in the dark sky, and countless Mini stars were shining. One of them was particularly bright, and it was said that every star had its own story.

"Oh, how can I forget this!"

an zi hao broke through and said, as if a warm stream rushed into his mind.

"What?"

ye xiao xiao was speechless. She was shocked like a child.

"We have a place to stay tonight."

an zi hao narrowed his charming eyes, which made ye xiao xiao's flesh creep.

ye xiao xiao sat still in the car and didn't want to talk to him.

an zi hao got out of the car and walked to the front. Seeing that Celia was still sitting there in a daze, he deliberately asked, "are you going to sleep in the car today?"

ye xiao xiao had no choice but to get out of the car. She followed zi hao all the way to a delicate and xiao qiao villa.

"Where am I?"

ye xiao xiao and an zi hao looked at the house in front of them in confusion.

"This is my friend's house. He gave me the key before he went abroad, but I didn't remember it at all."

an zi hao patiently explained to ye xiao xiao as he opened the door.

"Ding Dong", the door was opened.

an zi hao walked in. Celia stood still warily.

She was wondering if she should go in with him?

"Don't worry. I won't eat you."

Seeing the delicate and timid look of Celia, an zi hao wanted to laugh but had no choice. Where was her arrogance.

In order to set ye xiao xiao's mind at rest, an zi hao turned on all the lights in the house.

"Are you relieved now?"

ye xiao xiao relaxed slowly and followed an zi hao into the house.

When she walked into the hall, she found that it was very comfortable. The simple furniture was placed. The grey sofa was arranged around the gla** tea table, and some furniture was covered with large cloth. It must have been a long time since anyone lived here.

ye xiao xiao suddenly remembered what zi hao had just said. This was his friend's house. His friend had gone abroad.

But the only thing was that even if no one lived here, the environment was still very clean and there was no dust. It seemed that an zi hao was also responsible for his friend's house.

"Go upstairs and have a look."

an zi hao took Celia around as if they were visiting their own home.

She followed an zi hao upstairs slowly.

ye xiao xiao found that the style here was different from that of the outside. Besides, there were many rooms here, so she couldn't help but take a few more looks.

"This is one of his secluded places, so the house style is a little different from the outside. This house is mainly used for painting. Generally, no one lives here... "

an zi hao couldn't help introducing them to ye xiao xiao.

"Oh, I see."

ye xiao xiao listened with keen pleasure.

"You can sleep here tonight. It's getting late. Go to bed early. Good night."

an zi hao pushed the door open, indicating that he would let ye xiao xiao sleep in this room tonight.

Celia asked with concern when an zi hao was about to leave.

"Where are you sleeping?"

"What?She didn't dare to sleep alone?Or are you worried that I don't have a place to sleep? "

Obviously, he wanted an zi hao to sleep with him.

T

an zi hao approached ye xiao xiao on purpose. Seeing her frightened look, he couldn't help laughing.

"I... do you want to sleep with me?"

ye xiao xiao looked a little embarra**ed, but she quickly collected her thoughts and changed her expression. She pretended to smile and looked at an zi hao with disdain.

“1...”

“You think too much!”

After disdaining zi hao, ye xiao xiao went into the room and closed it directly.

Before an zi hao could finish his words, Celia closed the door.

Facing the closed door, an zi hao looked at it with his hands in his pockets and couldn't help laughing.

He seemed to see the embarra**ment on ye xiao xiao's face and felt that she was getting more and more interesting.

ye xiao xiao murmured with her back against the door and her hands clenched uneasily.

ye xiao xiao, what were you doing just now? Care about him? Why do you care about where he is sleeping? What's wrong with you? I don't care where he is sleeping. It has nothing to do with you

ye xiao xiao suddenly realized that there was something wrong with her brain. She immediately covered her mouth and looked out of the small hole on the door to see if an zi hao had left.

Seeing that an zi hao had left, Celia stamped her feet lazily and jumped to the sofa, rubbing her head gloomily.

an zi hao went downstairs and turned on his computer when he came to the hall. He seemed to be busy with his work in the studio.

With the dim night, the cool wind, and the breeze you ran, people instantly felt comfortable.

an zi hao sat in front of the window, enjoying the moonlight while working.

As soon as she raised her head, the night was full of stars and irregular distribution, like glittering fireflies. There was a faint cloud in the whole night sky, making the originally bright night even more wonderful.

.....

It was getting more and more quiet at night. In a flash, it was already midnight. an zi hao packed up his doc**ents and went back to his room upstairs.

He was so busy with his work that he was also tired. Now only taking a hot bath could relieve his fatigue.

She took the bath towel and went into the bathroom to take a shower.

chapter 236

It was late at night. In the next room, Celia was sleeping soundly. The moonlight fell on her delicate face, like a sleeping beauty lying quietly.

“No, no, no!”

ye xiao xiao woke up in an instant. She suddenly sat up from the bed and covered her head with her hands.

“Well, fortunately, it’s just a dream...”

ye xiao xiao murmured to herself in panic.

She seemed to have dreamed of something bad, so that she woke up.

Then, Celia stood up from the bed and mian mian went downstairs to get some water.

After drinking the water, she held the handle of the stairs weakly and walked step by step with her eyes narrowed.

Because she was half asleep and half awake, her mind went blank. She walked to the door and directly pushed it open. Then she went to the bed and lay down.

What she didn’t know was that Celia walked into an zi hao’s room.

an zi hao, who was taking a shower in the bathroom, didn’t notice that Celia had entered his room.

After taking a shower, an zi hao was about to walk out of the bathroom, and ye xiao xiao just stood up from the bed and wanted to go to the bathroom again. The two of them bumped into each other.

The two of them just looked at each other face to face, and did not react to each other.

Celia looked confused, while an zi hao looked relaxed after taking a shower.

She didn’t understand what had happened.

Five seconds later

“Ah!”

ye xiao xiao came to her senses and shouted in panic.

At this time, an zi hao also realized that the bath towel around his lower part of his body fell to the ground.

“Ah!”

He also shouted in panic.

The two shouted at each other.

ye xiao xiao’s dazed head suddenly came to her senses. “What’s your name? Shut up!”

She closed her eyes and waved her hands hu kuan.

When Celia was about to walk past an zi hao, she slipped and the time stopped at this moment.

The next scene was

an zi hao lay on Celia's body, and the two pressed their lips together.

The two stared at each other without blinking.

The two men's faces instantly turned red, at a loss.

Then, the warm current under zi hao's body surged up unconsciously. Celia felt that the thing under an zi hao was getting stronger and stronger. She pushed him away fiercely.

She accidentally saw the man under him. She didn't react for a while and her eyes fell on him for a long time.

"Have you seen enough?"

an zi hao nervously picked up the bath towel on the ground and subconsciously surrounded himself.

"an zi hao, how dare you take advantage of me!"

"Clap!"

ye xiao xiao slapped on an zi hao's face excitedly.

an zi hao was stunned by ye xiao xiao's slap.

Taking advantage of her? It was she who was taken advantage of, OK? He was naked and slapped her for no reason.

"Pervert!"

ye xiao xiao stepped on zi hao on purpose, and then walked out of an zi hao's room arrogantly.

an zi hao wanted to say something but was rendered speechless by Celia.

"This woman is too rude. She hit me without saying a word!"

an zi hao complained. It was the first time in his life that he had been slapped and met such a woman.

He became more and more curious about ye xiao xiao. It seemed that she was not what he thought.

And in the next room

ye xiao xiao returned to her room, pretending to be very calm.

What happened next was

"Ah! What happened just now? No, no, it must be a dream. It must be a dream. ye xiao xiao, wake up..."

ye xiao xiao grabbed a pillow and swung it around. She held her head with both hands and scratched her hair. What made her more confused was that she pinched her face and squeezed herself out of her dream.

"Ouch! It hurts!"

ye xiao xiao touched her face innocently.

Just now... He was naked, and his place

ye xiao xiao, what are you thinking about? Shameless! Obscene~

She stared at him for a long time just now. What should she do? It was so humiliating this time.

ye xiao xiao crawled into bed like a psycho.

The second morning.

an zi hao went downstairs and found the note on the table.

"I never take advantage of her. I'll give you one hundred as a check of your little thing. I'll go back first. Mr. pervert, you can sleep more, bai bai..."

an zi hao's face turned green on the spot. What the hell was going on? How could he use one hundred dollars to send him away? Was an zi hao short of money?

an zi hao was both angry and helpless.

"I checked my private part with one hundred dollars. ye xiao xiao, since you have seen it, you should be responsible for it."

Looking at the note in his hand, an zi hao wore a meaningful smirk on his handsome face.

.....

When an zi hao returned to his studio, ou yang and ray were already there.

Seeing zi hao in a mess, she jokingly asked casually, "I was sleepwalking last night. I looked so embarrassed."

"Don't make fun of me. The car ran out of gas on the way yesterday."

With a helpless look on his face, an zi hao casually threw his suit on the chair.

"I have something important to do these days. I have to make a good plan."

Then, an zi hao went back to his desk, busy with his own business.

ou yang said with a smile, shaking his head. He was planning the game for him.

ye xiao xiao didn't go to the company today. She went home directly after she came back from that place.

When she went home, she called Ning Xi and told him excitedly that there was an important thing that he wanted her to come back early to talk to her.

ye xiao xiao was still reading the script of the new movie, preparing for the shooting.

But it seemed that every time she wanted to read it carefully, she was disturbed by what happened last night.

She decided not to look at it and find something to do.

She had been cleaning the house the whole afternoon.

.....

“ Beautiful ! ”

ye xiao xiao looked around the room. All the decorations were bright, which gave her a sense of accomplishment.

When she lived with her parents in the past, her mother wouldn't let them do these things themselves. She spoiled them both, so it was a little difficult for ye xiao xiao to clean up the house.

Celia felt sad when she thought of the fact that she hadn't seen her parents and sister for a long time.

chapter 237

At this time, the doorbell rang. Celia came back to her senses. Knowing that her best friend, Ning stream, was coming, she ran quickly to open the door for her.

“Stream!! finally see you! ”

ye xiao xiao hugged Ning Xi as soon as she saw him.

Ning Xi was flattered and confused.

“What's wrong with you?”

“Come in first.”

ye xiao xiao dragged Ning Xi to the sofa in a hurry.

“Why are you calling me here in such a hurry?”

ning xiao xi heard the anxious voice from Celia on the phone. She came back early from work before she finished her work.

“Something terrible happened last night...”

ye xiao xiao's exaggerated expression made Ning Xi very worried. He asked her excitedly.

“What happened?Tell me now. ”

“Last night...”

Just as Celia was about to speak, her phone rang.

The two of them subconsciously glanced at the phone screen.

What came into view were three striking words, an zi hao.

ye xiao xiao hung up the phone in a hurry.

Ning Xi seemed to have read ye xiao xiao's mind. He narrowed his almond eyes and stared at ye xiao xiao silently.

Celia made Ning stream feel uncomfortable. It was strange.

"Naomi, why are you looking at me like that?"

ye xiao xiao dodged as soon as she finished her words. The stream was so smart that she must have guessed what she wanted to say to her.

"ye xiao xiao, tell me the truth. What happened? It seems that you are very close to my former boss."

ye xiao xiao had planned to tell ning xiao xi, but she didn't know how to say. Since she asked, she could answer whatever she wanted.

"Naomi, that's what I'm going to tell you."

"Oh, I don't know what to say..."

ye xiao xiao was depressed. It didn't seem right to say so.

Just as Celia was in a dilemma, an zi hao called her two minutes later.

ye xiao xiao was about to hang up the phone, but Ning Xi answered it.

"Stream..."

ye xiao xiao frowned in panic.

Ning Xi looked at ye xiao xiao and realized that what was supposed to happen would come sooner or later.

Celia had no choice but to answer the phone.

Ning Xi put her on speaker.

ye xiao xiao pressed the b***on again, and Ning stream opened again

The two of them kept talking. At last, Ning Xi grabbed ye xiao xiao's hands and put the phone on speaker.

The two girls were like children, playing and joking.

At last, the two of them stopped and listened to an zi hao quietly.

ye xiao xiao went deep into the conversation between her and zi hao.

About half an hour later, the chat ended.

After half an hour's chat, Ning Xi knew what had happened clearly.

"You... Slept together last night?"

Ning Xi looked at ye xiao xiao in surprise, waiting for her answer.

“Ning Xi, what are you talking about?”

ye xiao xiao was so excited that she wanted to hide herself in the hole.

Celia told Ning stream everything.

“I met an zi hao after work yesterday. We two...”

.....

“Oh my God! You are developing so fast! Okay, okay!”

Ning Xi chuckled.

“What are you talking about? It would be so embarrassing if I met him.”

ye xiao xiao looked helpless.

“Yes, I’ve already seen him. There’s nothing to be embarrassed about. Go ahead. I’m on your side!”

Ning Xi urged.

“Nina, are you my bestie or his spy?”

ye xiao xiao really wanted to beat up the woman in front of her at once.

Ning Xi couldn’t help laughing. This time, he could make her laugh enough.

Seeing the depressed look on Celia’s face, Ning Xi held back his laughter.

“No, no, No. all right. Didn’t he ask you out for dinner tomorrow? Then let’s go.”

“I don’t want to go. I don’t want to see him again these days...”

ye xiao xiao pouted and looked embarrassed.

“Let me tell you...”

Ning stream whispered in Celia’s ear.

ning xiao xi stayed with ye xiao xiao for a while and was about to go back. The two babies were still at home, so they had to go with them.

ye xiao xiao escorted Ning Xi to the door. “Now you have to go back. You can’t sleep with me.”

“I’ll take chen chen and han han to your house next time. They’ll touch your bed and your food.”

“Well, you can go in now. I’m going back.”

ye xiao xiao nodded and the two waved goodbye.

Seeing that Ning stream had left, Celia closed the door. When she returned to the hall, she was lost in thought again. How should she go to see an zi hao tomorrow?

.....

When Ning Xi returned home, the two babies hugged each other. "Mommy, where have you been? Why do you come back so late?"

"Mommy, Mommy, we miss you so much..."

Ning stream bent down, gently stroked the heads of the two babies, and said in a soft voice, "aunt Celia has something to talk to Mommy today, so she came back late."

"Okay."

The two babies looked at each other with a confused look, holding a lollipop in their hands. It turned out that mommy came back late in this way.

"Honey, have you eaten yet?"

The first thing Ning Xi cared about was whether the two babies had eaten or not.

The two babies nodded, indicating that they had had dinner.

"Great!"

Ning Xi praised chen chen and han han with a motherly smile and looked around. He seemed to be looking for something.

"Mommy, are you looking at daddy?"

han han asked with an innocent smile as she licked the lollipop in her hand.

"I don't care about him."

Ning Xi immediately looked around and answered with a guilty conscience.

Indeed, she was just looking to see if he was at home, but she didn't want to admit it.

"Mommy, you always say one thing and mean another."

chen chen squinted at Ning stream and pouted proudly.

"Oh, my God! Now every word is uttered with a combination of idioms. How awesome!"

The two babies glanced at Ning stream directly.

Ning Xi wanted to change the topic, but it didn't seem to work. An embarrassed smile appeared in his eyes.

"chen chen, I'm hungry..."

ning xiao xi continued to change the topic, touching her belly and pretending to be pitiful.

"Come here!"

Ning Xi flashed a cunning smile. It seemed that this trick worked.

"Daddy is right."

Ning Xi was confused. What was wrong with his guess? She didn't understand what Chen Chen meant.

Then, Chen Chen took Ning Xi's hand and walked quietly to the kitchen, "eat this."

Ning Xi looked at the noodles in front of him in shock.

"This is..."

"Daddy made this for you! He knows you will be hungry when you come back."

Han Han jumped out from behind and made an envious face.

chapter 238

The two babies were good at making the atmosphere, and they didn't tell Ning Xi the special meaning of the noodles to give her a surprise.

Tomato noodles... Wasn't this the first time she cooked for him? He still couldn't learn.

Looking at the bowl of noodles, Ning Xi recalled the first time she cooked for Gu Jin Yi. You you laughed.

At that time, the pepper didn't hurt him, but herself.

"Where is he?"

Ning Xiao Xi stared affectionately at the noodles in his bowl and asked.

"Daddy just made noodles for you and went out for something. He asked us to wait for him."

"Daddy looks very happy. He told us not to eat in secret when he went out."

When the two babies talked to each other, Ning Xi was stunned and moved.

When the two babies saw this, they looked at each other and smiled wickedly.

Daddy, you should thank us very much this time. I have tried five times to teach you how to cook tomato and egg noodles, and Mommy's taste told you that it was almost successful this time.

She taught him by her own hands. In order to make her parents like him, she had worked hard and it was worth it.

All they did was to make their parents stay together forever!

The two babies were laughing happily in their hearts.

The two babies recalled what had happened just now

The three sat on the sofa. Gu Jin Yi had been learning about Ning Xi and the two babies for the past five years and wanted to get involved in their lives.

When they talked about tomato and egg noodles, the two babies told Gu Jin Yi the reason why Ning Xi liked the noodles.

“The reason why mommy likes tomato and egg noodles so much is that mommy’s grandma used to cook for her.”

chen chen told gu jin yi everything.

“Yes, mom said that she was the closest person to grandma.”

han han added.

“But mom said that grandma pa**ed away and she would never have that familiar smell again.”

The two babies lowered their eyes and pouted sadly.

At this time, gu jin yi wanted to learn how to cook tomato and egg noodles for Ning stream so that she could taste the familiar taste again.

Because he happened to have two a**istants to help him.

In this way, in order to let Ning Xi eat the noodles with this taste, gu jin yi made it for her with all his heart.

One time, two times, three times

She failed again and again, just to make the familiar taste for Ning stream to eat again.

gu jin yi was the chef, and the two babies helped him.

After the fifth time, the taste finally came out. It was about eight or nine to ten. The father and son clapped happily with each other, full of a sense of accomplishment.

He wondered how their mommy tasted.

The two babies came back to their senses. Seeing that Ning stream was only staring at the noodles, they urged her to have a taste.

“Mommy, have a taste. It’s delicious.”

Ning stream was not in a hurry to eat the noodles, but the two babies were in a hurry.

Because the two babies were not sure that it was the familiar smell. They wanted to see the expression and taste of Ning stream after eating it.

“Okay.”

ning xiao xi picked up the chopsticks and slowly put the noodles into her mouth.

The two babies were so excited that they kept staring at their mommy, Ning stream. Their expressions seemed to be more nervous than eating by themselves.

Ning Xi suddenly stopped what he was doing and glanced at the two babies with his amber eyes. Seeing them staring at him like this, he thought they also wanted to eat, so he asked, “do you want to eat?”

Mommy!How could you stop at such a critical moment? Oh, my God, you are so anxious~

“Mommy, eat quickly. My sister and I are full.”

chen chen was so anxious to know the result that no one could understand his excitement.

On the other side, han han, the little baby, looked at the noodles. Although she also wanted her mother to taste them first, the little thing in her heart was always sneaking. She didn't think so.

Although han han was full, she still wanted to move her mouth two times when she saw the delicious noodles. She also wanted to have a taste.

"Mommy, have a taste. We are all full. We don't want to eat anything."

han han was swallowing saliva, as if a little dog saw a bone, but she could control herself all the time. She couldn't eat

Ning Xi gave the two babies a warm smile and said, "then Mommy will eat it."

Then Ning Xi lowered his head and ate the noodles.

When the two babies saw that Ning stream had taken a bite of the noodles, they immediately asked, "Mommy, how does it taste? Is it delicious?"

When Ning stream tasted the noodles, she was stunned with no expression on her face.

The smell... It was so familiar... It was exactly the same as the one made by her grandmother

Ning Xi was stunned and recalled the familiar smell.

"Mommy, Mommy..."

The two babies called Ning stream, but she didn't hear them at all. It was not until the two babies shook her that Ning stream came to its senses.

"What's wrong with you?"

The two babies said at the same time and found that their mommy seemed to be different.

"chen chen, han han, is this noodles really cooked by your daddy?"

Ning Xi asked in disbelief.

"Of course it's cooked by daddy. Do you think it's delicious and familiar?"

The two babies answered firmly in their childish tone.

A meaningful look swept across Ning Xi's eyes.

The smell... How could he make it?

"Mommy, what's wrong? Doesn't it taste good?"

The two babies asked tentatively step by step.

"It's delicious. And there is also a special smell..."

ning xiao xi said, with a kind of hard to see emotion in her eyes.

“What special smell?”

The two babies looked at Ning Xi expectantly.

She hoped that she could tell him personally that the taste was like the noodles cooked by her grandmother.

“Anyway...”

While Ning stream was speaking, the two babies were ready to respond happily. They were very excited about Ning stream’s answer.

“Anyway... It’s delicious.”

As soon as Ning Xi said this, the two babies’ hearts fell into the abyss and their expressions changed in an instant.

What the hell? Mommy answered so casually. She didn’t say that the special smell was the smell of grandma.

The two kids were confused. They frowned and pouted.

Then, the two babies followed the answer of Ning Xi, one after another curving praise of their father, gu jin yi.

She wanted their daddy to be the best in their mommy’s heart.

chapter 239

“I really envy mommy for having such a husband. han han will marry such a man in the future...”

han han showed an anthomaniac look. She was jealous and hateful.

“There are not many men who can cook now. Mommy, you are so lucky!”

chen chen used all the words he could and should use, just in order to make his father, gu jin yi, the best in his mother’s heart.

What’s more, the tone of her childish voice was particularly harsh. All she said was to help his father, Jean.

chen chen and han han, if your daddy knows that you speak for him in this way, he will love you to death.

“Well, your daddy is really good... Hahaha...”

Ning Xi was brought into his imagination by the two babies and didn’t come to his senses.

Seeing the anthomaniac look of Ning Xi, the two babies looked at each other with mischievous smiles.

It seemed that mommy had a good impression of Daddy. They would get along well next.

“No, there is something wrong between you two today.”

Ning Xi suddenly came to his senses. The two babies seemed to praise him today, but on second thought, they mainly said that he was good.

“What? Mommy, what did you say? What’s wrong?”

Speaking of pretending to be innocent, the two babies were the best at it. No wonder they were both actors. This confused expression made Ning Xi seem to believe it or not.

“Why are you so nice to your daddy today? You must be busy, right?”

Besides, the noodles he made today tasted like the noodles cooked by his grandmother...”

Ning Xi seemed to understand something.

The two babies jumped off the sofa and were ready to run away.

“We know nothing, nothing...”

“chen chen, han han, you...”

Ning Xi wanted to say something, but the two babies covered their ears tightly.

ning xiao xi stood up from the sofa and tried to catch the two babies.

At this time, gu jin yi just opened the door and the two babies hid behind him.

“What’s wrong?”

Seeing this, gu jin yi gave a warm smile.

“Daddy, Mommy just said that the noodles you cooked are delicious!”

As soon as gu jin yi came back, the smart and lovely han han jumped into gu jin yi’s arms.

She even whispered in his ear, as if telling him a big secret.

“Daddy, Mommy ate up all the noodles.”

chen chen pointed at the tableware on the table. The underlying meaning behind it was that his mother liked the noodles cooked by his father very much, and they were all eaten up.

“Who said I ate it up? My stomach is not that big. Is it still a little better?”

Ning Xi turned to look at the noodles on the table and lowered his head awkwardly.

ning xiao xi, is the noodles really so delicious? You have eaten so much that you even don’t let go of the soup.

Now, she felt so humiliated... Would he think that she was a foodie after eating up such a large bowl of noodles?

Ning Xi really wanted to slap his greedy mouth, which ruined his image

gu jin yi glanced at the table and found that the noodles had been eaten up. A faint smile appeared on his face.

She felt a little relieved. It seemed that her efforts were not in vain.

“If you like it, I’ll make it for you more often.”

gu jin yi walked to the sofa with han han in his arms and said gently while putting away the bowls and chopsticks.

“Don’t bother. I’m just too hungry today. I can’t eat so much in usual.”

gu jin yi didn’t mention this, but Ning Xi explained first.

The two babies sat aside and giggled.

Her smile was innocent and lovely.

“Mommy, you are always a foodie. This should be nothing to our mommy.”

“If you are not full, there are other things to eat in the kitchen. Do you need me to bring you?”

The two babies’ words really pissed Ning Xi off.

Her two babies were always on her side. She suddenly felt that there was no love in the world.

The blossoming flower in her heart instantly withered like darkness

“chen chen, han han, you must be mistaken. I seldom eat.”

Ning Xi tried his best to explain for himself and winked at the two of them, but they didn’t understand.

chen chen and han han, have you two become idiots now? Where was your cleverness before? What about our tacit understanding before? Where have you been?

Not knowing when, Ning stream began to care about his opinion of her.

She was worried that he would know that she was a foodie and that she had a bad past

She didn’t know why

“It doesn’t matter. No matter what happens to your mommy, daddy still loves her and will always be with her.”

As soon as gu jin yi said this, Ning Xi was at a loss.

gu jin yi said it in front of the two babies. Did she hear it wrong?

The two babies also stared at their daddy with admiration.

chen chen: no wonder you are my father, my example! This time, Mommy had a good taste.

han han: Daddy is so handsome! I like him so much. It turns out that my father is such a considerate man.

“Mommy, are you moved? Are you so moved that you want to cry? ”

“Mommy, shouldn’t you say something to daddy?”

The two babies immediately turned their heads to look at Ning Xi, and their long curly eyelashes fluttered like peac*** feathers.

They had tried every means to get along with their parents and the two kids with good intentions.

“Honey, I think what chen chen and han han said makes sense. Shouldn’t you say something?”

gu jin yi and the two babies stared at Ning Xi expectantly.

“I... I’m going to take a shower.”

In order not to let the three of them see her embarra**ed expression, Ning Xi changed the topic and went straight to the stairway.

“Mommy, Mommy...”

The two babies shouted at the stairs. Ning Xi covered his ears and ran upstairs, ignoring them.

Seeing Mommy Ning stream running upstairs, the two little babies stopped calling Ning stream.

“Daddy, we did you a big favor this time. What should you say?”

With a playful smile on her face, han han got into gu jin yi’s arms and asked in a coquettish manner.

“Then daddy, just say it.”

When the two babies heard gu jin yi’s answer, they were very excited. They thought he would take them to have fun, eat delicious food and many kinds of gifts.

But what happened next was not what they thought.

Chapter240

gu jin yi got close to han han’s face and was about to kiss her, but her hands immediately covered his father’s mouth.

“Daddy, what are you doing?Do you want to kiss me? ”

han han looked like an adult and looked at gu jin yi seriously.

“Daddy, I want to express my grat**ude to you.”

“No, I won’t. han han will leave her to her boyfriend when she grows up.”

han han covered her cheeks and answered in a sweet voice.

gu jin yi was amused by her smart daughter.

How could she know boyfriend at such a young age.

“Okay, okay. I won’t kiss you, so I’ll leave you to be my boyfriend in the future.”

“Then I’ll show my grat**ude to chen chen. You have made a great contribution.”

Then gu jin yi held chen chen in his arms and was about to get close to chen chen's delicate oval face. However, chen chen picked up the fruit on the table and directly stuffed it into gu jin yi's mouth.

"Daddy, you'd better leave it to Mommy. If han han wants to leave her boyfriend, then of course I should leave her to my girlfriend."

gu jin yi was confused. It was the second time that someone refused his kiss.

Of course, the first time was their mommy Ning stream.

How many people can't ask for it? Only you three dare to refuse him.

"Daddy will take us to play, have a big meal and buy a lot of toys. That's OK!"

"OK, I promise!"

The three of them giggled.

Only when they were together, the cold and arrogant gu jin yi would become the warm and lovely gu jin yi.

.....

gu jin yi played with the two babies downstairs for a while. Seeing that it was late, he was about to let them go upstairs to sleep.

Upstairs.

Ning Xi had taken a shower. Seeing that the three of them hadn't gone upstairs yet, he went downstairs and was about to call them.

But as soon as she walked to the stairway, she heard the sound of playing downstairs.

ning xiao xi stopped intentionally or unintentionally, watching and listening quietly.

Seeing the three of them quarreling and laughing, she felt a touch of relief and warmth in her heart.

Subconsciously, she raised the corners of her mouth, and two charming dimples indistinctly appeared on her white and red face.

"Daddy, I want a hug..."

han han stood on the sofa with a pair of short legs and opened her hands, asking her father to carry her upstairs.

Then came chen chen's childish voice, "Daddy, I want to carry you on my back..."

gu jin yi had no choice but to obey them.

"Yes, sir!"

"Handsome little prince and beautiful little princess, please ride on your horses."

han han couldn't wait to get into gu jin yi's arms, and chen chen had already jumped on gu jin yi's strong back.

In this way, gu jin yi held one with one hand and carried the other on his back.

Fortunately, gu jin yi's figure was obviously better than his height. It was more than enough for him to carry one on his back and hold the other.

It never occurred to Ning stream that this would happen, nor did she expect that such a gentle and lovely side of him would appear

Seeing that gu jin yi went upstairs with the two babies, Ning Xi was about to turn around and go back to his room, but was noticed by the smart chen chen.

"Mommy!"

Ning Xi had to stop.

"I'm going downstairs to let you sleep."

gu jin yi walked up to Ning stream and gently put down the two babies, fearing that they would fall and hurt themselves.

The three living people stood straight in front of Ning stream, which reminded her of the embarra**ing moment just now. It seemed that she was not suitable to meet them today.

"I'm going downstairs to drink some water."

Ning Xi found an excuse and was about to go downstairs, but something unexpected happened.

As she missed the step, she fell forward overwhelmingly.

"Ah..."

At that moment, time seemed to stop.

The two babies and gu jin yi stared at each other.

"Mommy!"

"Mommy!"

"Stream!"

The three of them shouted almost at the same time.

When Ning stream was about to fall to the ground, the two babies could do nothing but cover their eyes, not daring to look straight at the scene.

At this moment, he grabbed the stair railing, strode to the side of Ning stream, and held her thin waist at the first time, letting her fall into his arms.

One second, two seconds, three seconds

The two babies and Ning stream slowly opened their eyes. They were surprised.

"Wow, daddy is awesome!"

The two babies said at the same time.

They didn't expect their daddy to be so powerful that he could catch their mommy.

At the same time, Ning Xi was stunned by the perfect man in front of him.

She thought she would fall down to the ground this time, but she didn't expect

Then, Princess Jin picked up Ning Xi, her deep eyes full of affection, and said softly to the two little babies, "you go to bed obediently, and daddy will go to bed with mommy."

"OK ! Good night, daddy, Mommy! "

"Good night, my two lovely babies."

The two babies hopped back to their room.

Then, with Ning Xi in her arms, Princess Jin went straight to her bedroom.

"Put me down. I can walk myself."

Seeing the two babies return to their room, Ning Xi couldn't wait to jump out of gu jin yi's arms.

"I'm worried about you."

His eyes were full of love, and he said in a low and clear voice.

what?She was worried about Ning Xi?What did he mean by that?Would he just hold her like this in the future?

Ning Xi really didn't understand what gu jin yi meant.

"Are you worried about me?Then I have to walk with my legs when I go out. "

Ning Xi replied casually to gu jin yi.

But to her surprise, he said, "no, I have a car."

Ning Xi was speechless. Well, since she said so, what else should she say?

It was convenient to have a car now, but not every moment.

Ning Xi thought bitterly in his heart. She had planned to buy a car. She hadn't thought about it since she came back from abroad. But today she mentioned it.

In this way, it would be more convenient for her to pick up chen chen and han han in the future.

After returning to his room, gu jin yi put Ning Xi on the bed and went to take a shower.

Ning Xi took advantage of this moment to feel hidden in the quilt, squinting to count the sheep. One sheep, two sheep, three sheep

Then she fell asleep.

Chapter241

When he came out of the bathroom, he saw Ning stream sleeping soundly on the bed. There was a faint gentle smile on his cold and arrogant handsome face.

Then he walked to the French window, picked up his phone and dialed a number.

He hung up the phone in two or three minutes.

As for the content, it seemed to be a little secret

The second morning.

When Ning stream got up, gu jin yi was no longer in the room. She didn't care about it. Today, Celia sent a message to Ning stream early in the morning, so she called her back immediately.

Then he talked with her about his meeting with an zi hao today again and hung up the phone.

Then Ning Xi walked to the room of the two babies. They didn't have cla** today, so they should be still sleeping at this time.

"chen chen, han han, are you awake?"

Ning Xi asked cautiously, afraid of waking them up.

"Mommy."

The two babies came out of bed as soon as they heard the sound of Ning stream.

Seeing that they had woken up, she walked to the bed and sat down. "Mommy has something to deal with in the company today, so I can't play with you. How about I call elixir to play with you?"

The two babies nodded at the same time. "Okay. But Mommy, remember to ask us to play next time."

Ning Xi made an "OK" gesture, "my two babies are so good. You are the best! Mommy will take you to play next week."

The two babies stretched out their little hands to show that they were going to clap "I mean it."

.....

Ning Xi called the pill refiner and sent the two babies to her.

"Elixir, please take care of chen chen and han han today. I'll pick them up after work."

In front of Ning stream stood a girl with a delicate smile. She was the pill sister of the two babies.

"Naomi, don't worry. I haven't seen them for a long time. I'll take care of chen chen and han han today."

She looked at the two babies with her tender eyes, as if she were looking at her own brother and sister.

"Thank you. I have something to deal with in the company today, so..."

"Margaret, please don't say that. If it weren't for you, I wouldn't have known how my brother and I are living now."

Before Ning Xi could say anything, the pill stopped her and kicked her grateful heart.

“All right, all right. I’m leaving now. See you tonight.”

Ning Xi was afraid of being thanked. It was almost time for work, so she didn’t say anything else.

“chen chen, han han, be a good girl. Don’t make sister elixir angry, okay?I’ll pick you up tonight. ”

At last, Ning stream told the two babies a few words. The two babies nodded with a childish smile to show their understanding.

Then Ning Xi left in a hurry.

Watching Mommy leave, they ran to the side of the pill and stuck to her.

“Sister pill, we miss you so much.”

With a smile, she squatted down and pinched the faces of the two babies. “I miss you too.Let’s go!I’ll take you to play. ”

The biggest advantage of the two babies was that their mouths were very sweet. Anyone who saw them would be melted by their small mouths, and their cold hearts would be hard to resist. nuan nuan felt warm.

In this way, the three of them set off in high spirits

On the other side, in the dining room.

an zi hao and ye xiao xiao sat face to face in silence. Half an hour had pa**ed.

ye xiao xiao couldn’t help swearing, so she pretended to smile and said, “you asked me out not for this meal, right?”

“Of course not. I just want to see you. That’s all.”

an zi hao said confidently with an evil smile on his face.

“You...”

ye xiao xiao didn’t know how to answer him. What did he mean by saying that?

At this moment, Celia was at a loss. In fact, she had a good impression of an zi hao. When he said that, her heart fluctuated.

No, she couldn’t show her affection for him, or he thought she was easy to chase.

“Mr. an, your way of flirting is quite excellent.”

ye xiao xiao seemed to praise him, but when she understood it carefully, she meant something else.

“Why did you ask me out today?Just say it. ”

ye xiao xiao took a sip of the orange juice and put it down slowly.

“I miss you.”

an zi hao stared at ye xiao xiao with his charming black eyes for a long time. The expression on his face was almost irresistible.

ye xiao xiao looked into his eyes and said, "if you don't have anything else to say, I'll leave now."

In fact, she was a little nervous now, because she dared not and could not fall in love with someone so easily.

"Well, let's get to the point."

As soon as ye xiao xiao stood up, an zi hao pulled her down.

"I asked you out today for what happened yesterday..."

"It's okay. It's all over now. Don't apologize to me. I forgive you."

When an zi hao was about to say something, ye xiao xiao didn't want to mention the embarrassing thing yesterday, so she spoke first and left.

an zi hao smiled and said, "since the matter has been settled peacefully, we are still friends, aren't we? Do you mind not seeing me because of that matter?"

ye xiao xiao kept nodding, "yes, we are still friends. How could it be? Am I that narrow-minded?"

ye xiao xiao only wanted to change the topic, but it seemed that it couldn't be changed.

an zi hao looked at Celia with a faint smile.

What the hell? How could he know that she didn't want to see him since she didn't see him yesterday?

ye xiao xiao was in a trance. When she saw the faint smile on an zi hao's face, she realized that what he said was a trap.

"I have something else to do. I'll go back first."

ye xiao xiao stood up in a hurry and strode out of the door.

"Let me drive you home."

Seeing Celia leave, an zi hao stood up at once.

ye xiao xiao suddenly turned around and said to an zi hao with an embarrassed smile, "no, No. I have something to do. I can go back by myself later."

"You see, you still mind."

an zi hao pretended to be disappointed.

"No, I really didn't..."

Seeing the disappointment on an zi hao's face, ye xiao xiao became anxious and didn't know what to do.
