chapter 261

“Sister, why do you say that to me? Are you still mad at me for what happened five years ago? But I didn’t do anything wrong five years ago. You can’t let me lie to dad and mom...”

Susan asked with a guilty look on her face. Her eyes turned red as she spoke. Her sad expression made people feel that she was very aggrieved.

The emotionless expression on Ning Xi’s face changed a little when she mentioned what happened five years ago.

Nina sneered. She hadn’t mentioned it yet, but Susan had mentioned it first.

Susan noticed the sneer on Ning Xi’s face and gave her a sinister glance when others were not noticing.

“My dear daughter, don’t cry. Mommy will be very sad to see you like this.”

Seeing that Susan was crying sadly, Yan Pei Fen frowned, held her in her arms and patted her on the shoulder, hurriedly comforting her, fearing that she would be a little sad.

“You b*****! How dare you hurt Susan? Are you tired of living?”

After comforting Susan, Yan Pei Fen glared at Ning Stream with sharp and fierce eyes and shouted at her.

“Well, that’s enough!”

At this time, Ning Radiance, who was sitting beside, spoke. Seeing the scene of the three people quarreling, he was restless and couldn’t help but speak.

“How can you give me grandma’s property ownership certificate?”

Ning Stream didn’t want to talk to them anymore. She just wanted to get her grandmother’s property ownership certificate.

“Now that you want to talk about this, let’s talk about it.”

In fact, the reason why Ning Hui asked Ning Xi to come here this time was to talk about this matter.

Since Ning Stream had brought it up, he didn’t want to talk about anything else with her.

“Susan is back now. Since you married into the Gu family on behalf of her, you can leave now. Let Susan return to her position.”

The reason why he asked Ning Xi to come back to the Ning family was to tell her about it.

And Ning Xi had probably guessed it. He had been thinking about it since the phone call asking him to go home.

Finally, what should come finally came.

Although she had guessed it was about this, when she heard that she was leaving the Gu family and gu jin yi, she felt a little sad and the pain was getting stronger and stronger

“Dad, I don’t think it’s a good idea. After all, my sister has married into the Gu family. If we let her leave again, then...”

“Good girl, you are so kind. Why are you so silly? Ning Xi married to the Gu clan on behalf of you. Now that you’re back, she should get out of the Gu clan. Where is her place to live after your original wife comes back?”

yan pei fen looked at Susan gently, stroking the hair on her forehead and holding her daughter’s hands lovingly.

“Mom, it’s not easy for me. I want to be with you and dad forever. Where you are, my home is. Even if I marry into the Gu family, I’m still your daughter.”

Susan pretended to be innocent and obedient, leaning against her mother yan pei fen’s chest and saying something touching, which made her mother yan pei fen very distressed~

“My dear daughter, you are so considerate. I feel so comforted to have a daughter like you, but girls are going to get married in the end. Be good, listen to me. As long as you marry into the Gu family safely, you will have a good life in the future.”

Seeing her daughter being so considerate, yan pei fen felt both gratified and distressed.

Standing aside, Ning Xi sneered and watched the three of them perform a touching family drama.

She had already known that they were such kind of people, so she was no longer interested in this kind of scene.

“You knew how to act five years ago, but I didn’t expect that five years later, your acting is more and more realistic. If you don’t become an actress, your talent will be wasted.”

Nina didn’t give Susan any steps. That was the truth.

“Sister, please don’t say that to me. I’m sorry. I can’t make a decision on this matter...”

Susan apologized to Nina with an innocent and aggrieved expression. She stood up, walked to Nina and held her hand.

The innocent and aggrieved expression suddenly became sharp and insidious, and the corners of her mouth were still slightly raised. Although she did not say anything, ning xiao xi could feel the complacency in Susan’s heart at the moment.

“Let go of my hand! Aren’t you tired of wearing a mask every day?”

Nina couldn’t stand her anymore and shook off her hand.

It was disgusting to see her like that. Sometimes she wondered why there would be such a person like her in the world who pretended to be calm and could last for so many years.

“Ah!”

Susan deliberately wanted to make Nina angry and push her away. When Nina shook her hand, she deliberately pushed back on the ground.

“Susan! My dear daughter!”

“Susan!”

yan pei fen and ning guang hui helped Susan up at the same time. yan pei fen felt sorry for her and looked at her up and down, fearing that she would get hurt.

Then, yan pei fen stood up angrily and slapped Ning Xi.

“Clap!”

“How dare you push Susan? We’ve been holding her in our hands since she was a child. We’ve never said anything about her, let alone hit her. We never thought that you would push her. Fortunately, she was not hurt. If she was hurt, I would let you suffer! I’ll make you pay for it!”

The corner of Ning Xi’s mouth was slightly splashed with blood because of an unexpected slap. There was a big slap mark on his fair face.

yan pei fen roared at Ning stream. Her eyes were full of hatred, and she wanted to tear Ning stream apart.

However, Ning stream didn’t cover her face. After being hit, she turned around and stared at the woman in front of her with hatred.

This time, she didn’t cry, nor did she want to cry, because she knew that it was not worth it. This was the last slap and she realized that it was time for her to see through everything.

Since that time five years ago, she had been indifferent to this family and them.

This was Susan’s mother, and this was also her mother. She took good care of Susan and was afraid that she would fall. Although she was afraid of being melted, she could still be so cruel to herself.

Perhaps, it was just a coincidence that Ning Xi’s surname was Ning. Her biological parents would never be them.

chapter 262

Ning stream suddenly felt that she had never been the daughter of the Ning family, and the adopted family would also live a better life than her.

Susan, who was helped up by her parents and sat on the sofa, glanced at Nina and was very proud of her current expression. Her purple beautiful eyes flashed with a sinister and vicious light.

She didn't have to do it herself, but she was so happy to see Ning Xi being beaten and tortured. She felt a pang of pain in her heart.

Then, yan pei fen helped Susan up and said, "Susan, let's go upstairs. Don't stay with this bad luck person! In case we get into trouble."

"Sister, we're going upstairs now. Don't forget to come back to see us when you have time."

yan pei fen cast a cold glance at Ning Xi and said, "let's go, Susan. You care about her so much, but she doesn't appreciate it."

Then yan pei fen left the hall with Susan.

When yan pei fen and Susan went upstairs, Ning Hui said, "Chenxi, you know your mother is just like that. Don't take it too seriously."

Ning Hui explained to Ning Xi casually, but Ning Xi neither cared nor wanted to listen to him. They were all the same. None of them thought for themselves.

"Give me a week. I will leave the Gu family after I get everything ready."

In order not to stay here a little longer, she had to solve this problem as soon as possible and leave early.

There was no reason for ning xiao xi to stay at the Gu family. She could only buy some time to say goodbye to gu jin yi.

"Okay, you can leave the Gu family and this place in a week. At that time, I will arrange for you to go abroad. Otherwise, the Gu family will find out that our whole family will be in trouble."

Seeing that Ning Xi had agreed to leave the Gu clan, Ning Hui had no reason to refuse her request of arranging things for her in a week.

"Go abroad? Then you don't have to worry about me. I'll arrange the place myself."

ADVERTISEMENT

Ning Xi sneered in the bottom of his heart. He forced himself to go abroad five years ago, but it was still the same five years later. He he, this was their family.

"Since you have made your own arrangement, I won't force you to leave this place as long as you leave the Gu family. Remember not to appear here again."

In order to make sure that everything would be fine, Ning Hui reminded Ning Xi again and again.

"When will grandma's house be returned to me?"

Ning Xi only cared about her grandmother's house, and nothing else mattered.

"Don't worry. As long as you leave this place and Susan can enter the Gu family smoothly, I will return the property ownership certificate to you."

On the other hand, Harrison's calculation was accurate. He was an experienced and scheming man. Only when he was 100% safe would he be relieved to release the chips in his hands. The house of Ning Xi's grandmother was also her Achilles' heel. Without this, Ning Xi would not listen to her.

"Why should I believe you? You said that as long as I married to the Gu family on behalf of Susan, grandma's house would be returned to me. But what happened in the end? Did you give it to me?"

Ning Xi didn't believe what his family said anymore, and he had never calculated. Therefore, she was hesitating whether she should believe what Ning Hui said this time.

"I will definitely return the house to you this time. If you don't believe me, I can do nothing. Someone wants to visit your grandma's house recently. If you don't want it, I'm going to sell it."

Ning Hui picked up his phone casually and looked for the number, as if he was deliberately looking for a guest who wanted to buy a house in front of Ning stream.

Ning radiance grasped the weakness of Ning stream and provoked her on purpose. She had to agree or disagree, or she wouldn't want her grandmother's house.

"Okay, I promise. After leaving here, I hope you can return the house to me, and I will never appear in this place again."

Ning Xi finally agreed. She struggled in her heart, but she had no choice. She could only take back her grandmother's house according to his words.

Without saying anything else, Ning Xi left the Ning family directly.

At the same time, Ning Hui left the hall to deal with his company's affairs.

Not long after Nina went out, Susan came downstairs and saw her back through the window. She smiled proudly.

'ning xiao xi, if you want to fight with me, just wait for the next life!'! You can't defeat her no matter how hard you fight in your life. Killing her was as easy as killing an ant. Even if you are completely different from what you were five years ago, you will always be the same in front of Susan. You will never have a good life in this life

After leaving the Ning family, Ning stream returned to the company.

She sat in the office, lost in thought. Within a week, she would finish what she didn't do and what she wanted to do.

Thinking that she was about to leave the Gu family and gu jin yi, his eyes turned red and he felt a little sad.

She was so sad. What should she do? She didn't want to leave this place, nor did she want to leave him

Thinking of this, she couldn't help but burst into tears.

"Bang, bang, Bang..."

There was a knock on the door. Ning Xi wiped his tears and quickly recovered.

“Come in.”

“Naomi, this is the meeting time with ou yang mu xue. It’s tomorrow morning. You can have a look at her information. I heard that she is also a hard nut to crack. Be careful.”

Ellie walked slowly to Ning stream, handed her a folder and reminded her with concern.

ADVERTISEMENT

“Okay, thank you. You can leave it here.”

ning xiao xi smiled.

“What’s wrong? What happened?”

Ellie noticed that something was wrong with Ning stream.

“I’m fine. I caught a cold, so I’m not feeling well.”

Ning Xi answered in a low voice. He didn’t want them to find anything wrong.

“Well, take care of yourself. Don’t be too tired.”

Ellie was always optimistic. She was always in a good mood. No matter how bad her mood was, under the influence of her magnetic field, her bad mood would also become good.

“Well, thank you, Ellie.”

Then, with a bright smile on her face, she left the office.

Ning Xi sat on his chair, eyes unfocused, because she always cared about this matter.

ning xiao xi, why do you think so much since it’s not the last moment? Why don’t you enjoy the seven days happily? It was better to take advantage of these days to relax.

chapter 263

ning xiao xi was enlightened. During the seven days, she had to do something happy and meaningful.

Thinking of this, she became excited. She picked up the doc**ents on the desk and began to deal with them carefully.

A few minutes later, a message on the computer informed the meeting.

What else could she say? Then let’s go. Put the doc**ents on the table first.

Ning Xi was about to read the materials when he was informed that she had to go upstairs.

In the meeting room.

The people in charge of all departments had arrived at the meeting room, waiting for the content of today's meeting.

Two minutes later, the chairman came in, Zi Hao's father. Behind him, a coquettish woman came in. She had a curvaceous figure, but her face was a little fake.

As soon as Mr. An came in, the atmosphere in the meeting room became particularly quiet, and everyone present had a serious face.

"In order not to waste your time, I'll go straight to the point."

The deterrence of Mr. An made everyone present listen carefully.

"Let me introduce to you, the design director invited by C Department of VL company, Rena. Welcome."

Then, everyone present clapped their hands and looked at the woman standing next to Chairman An strangely.

Mr. An had never specially introduced any new employee to the company. How could he specially introduce this woman in this meeting? He must have some background.

Everyone was confused and guessed.

He couldn't offend her in the future. If she had anything to do with the chairman, he might lose his job because of her words.

"Hello, everyone. My name is Ruo Huan Yan. Nice to meet you."

Ruo Huan Yan smiled and glanced at all the people present. When she looked at Ning Stream, a touch of viciousness flashed in her deep eyes. Then, she quickly regained her smile.

Everyone paid attention to Ruo Huan Yan, who was sitting on the host seat. She didn't dress like a design director, but they could only think about it and be careful not to say it out.

Ning Xi looked at Ruo Huan Yan, who was in front of the host seat, and thought, 'it's her

Ning Xi recalled that he bumped into her on the road two days ago and was scolded by her. But he didn't pay much attention to it because he had to pick up the two babies in the kindergarten.

It was her. They happened to work in the same company.

After the meeting, all of them walked out of the meeting room and returned to their seats.

As soon as Ning Xi walked out of the meeting room, Ruo Huan Yan called her.

"Stream!"

Hearing someone mentioning her name, Ning Xiao Xi turned around subconsciously.

At this time, Roger had already walked to the side of Ning Stream.

"Are you calling me?"

Ning Xi frowned and asked in confusion.

“Yes, or who else should I call?Who else is Ning Xi?”

ruo huan yan smiled helplessly.

Ning Xi stared at the woman in front of him. How could she know his name?It seemed that this was also the first time they had really met. It was really strange.

“What’s up?”

ning xiao xi smiled. After all, they were not enemies, so there was no need to fight against each other.

“Nothing. I just want to say hello to you.By the way, I want you to take me everywhere. I’m not familiar with this place at all and want to know more about VL.I heard that you are also the design director of A department. You should teach me more in the future. After all, I just came here and know nothing.”

ruo huan yan pretended to be kind and friendly. She was quite familiar with Ning Xi and kept talking, as if they had not seen each other for many years.

ruo huan yan intended to be friends with Ning Xi on the surface, but in order to know more about her, Ning Xi would be more ruthless to make her lose everything.

“I just came here. Let’s learn from each other.If you want to know more about the company, please ask the professional guide of our company to show you. I have something to deal with.If you don’t have anything else, I’ll go back first.”

Not knowing why, Nina didn’t like to stay with her. She always felt uncomfortable.

She was so unfriendly to him last time, but this time she seemed to have changed.His tone was soft and his attitude was kind.

The more she thought about it, the more she felt something was wrong. She didn’t know if she had thought too much.

“Well, if you have something to do, just go ahead with your work. Let’s have lunch together when you are free.”

Since Ning Xi had refused her, she didn’t insist anymore. She was afraid that Ning Xi would be suspicious.

She replied with a smile. There was no sign of displeasure on her face.

Nina didn’t get excited because of the lunch. On the contrary, she felt that she was very strange.

She didn’t say anything. She just smiled at ruo huan yan and walked back.

Just as Ning Xi left, the expression on her face changed immediately. Her eyes became fierce and her face darkened.There was a huge difference between different faces.

ning xiao xi, don't be so arrogant now. Let's see if you can still be so cold and calm when you lose everything. If she wants you to be smashed to pieces, you will never be inferior to others.

ruo huan yan could tell that Ning Xi was wary of her and wasn't easy to get close to. It seemed that she needed to study more in the future and get closer to her.

In the design director office of A department.

When Ning Xi returned to his office and was about to read the information about ou yang mu xue, a faint face suddenly appeared in his mind.

"What happened today? How could he think of her? Strange."

Ning Xi frowned and murmured to himself.

She didn't know what day it was today, but she always encountered some strange people and things.

After calming down, Ning Xi picked up the document and read it carefully.

At the same time, in the design director office of C department, Roger was talking on the phone.

"I've arranged everything here. I'm waiting for her to get out of the company step by step."

ruo huan yan looked sinister and vicious, with evil thoughts flashing in her eyes.

The two didn't talk much. They just talked a few words before hanging up the phone. After all, they were in the company, so as not to arouse suspicion.

chapter 264

In the CEO Office of Empire group.

gu jin yi was sitting in the CEO Office, staring at a new game design draft in his hand with his dark eyes.

After a closer look, she always felt that it was not good enough, not perfect enough. One thing missing was the sense of investment in game design.

The game design draft had been revised for several times, but she still couldn't design that kind of feeling. How could a player want to play it.

The game without a sense of belonging was an ordinary game, and it had no attraction to everyone.

Then what was the use of this kind of game design? It was useless at all.

The investor of the game had spent a lot of time and money, and he had to figure out a way to solve the problem.

Just when he was lost in thought, his phone rang. He had planned not to answer it and was thinking about the game.

He picked up the phone and inadvertently saw the two words "wife" on the screen. He unconsciously raised the corners of his mouth, and a relieved smile appeared on his face.

In gu jin yi's heart, from the moment he changed the way he called Ning Xi to his wife, he had already regarded her as the only person who could accompany him for the rest of his life, and also his wife.

Of course, when he saw it was a call from Ning stream, he was sure to answer it.

"Honey, do you miss me when you call me at this time?"

As soon as gu jin yi chatted with Ning Xi, he would feel happy unconsciously.

"Well, just tell me."

Ning Xi wanted to answer, but she didn't say it.

"Let's pick up chen chen and han han home together after work."

Ning Xi called gu jin yi not only because he missed him, but also to tell him about it.

"Okay, it's up to you."

gu jin yi readily agreed. As long as it was Ning Xi's request, he would satisfy her as long as he could, just to make her happy.

"Well, that's it. Don't go back on your words."

ADVERTISEMENT

Ning Xi also specially reminded her, because she knew that gu jin yi was too focused on his work. He was afraid that he would have something to do after work, so he had to postpone his return, and he couldn't pick up chen chen and han han.

"Don't worry. I will keep what you said in mind."

gu jin yi's firm tone made Ning Xi worried.

"Okay, then go ahead with your work. See you after work."

When he was about to say yes, his eyes inadvertently swept over the game design draft on the desk. His smart wife, Ning stream, was a designer. Although the design industry was different, they were all design related. She should be able to help.

Thinking of this, he felt more comfortable. He replied, "by the way, honey, I need your help."

"What?What's the matter?Tell me."

Nina asked in confusion. There was anything else that he couldn't handle by himself.

Nina felt that there was nothing in the world that was rare to him, and he actually needed her help.

"I have a new game design draft. It has been revised several times, but it didn't work. It's not perfect enough. You are also a designer. Can you help me check if there is anything that needs improvement?"

gu jin yi told Ning Xi everything.

"Then take the draft home after work today. Let me help you check it."

ning xiao xi didn't refuse. Although she knew that she was a designer, she only knew about the dress, but she might not understand the game. But in order not to disappoint gu jin yi and annoy him, she decided to help him.

"Good. My wife is so nice."

gu jin yi said in a sweet and spoiled tone.

The couple ended the conversation sweetly.

gu jin yi was in a good mood. He had been working all day long.

Ning Xi had never called gu jin yi during working hours, and even seldom called him in usual times.

Ning stream didn't think too much now. She did what she thought and called him when she missed him.

ADVERTISEMENT

Not long after ning xiao xi and gu jin yi finished the phone call, her best friend Celia called again and asked her out for lunch.

Celia didn't have a schedule today. She hadn't seen Celia for a while and had a lot to talk with Ning stream.

Ning Xi happened to have something to tell ye xiao xiao. If she didn't call him, he would also call her.

.....

Soon, it was lunch time.

ning xiao xi and Celia arrived at a restaurant near the company.

"What's on your mind today?"

Ning Xi asked jokingly while eating Italy noodles.

"Are you saying that you can't call me if you have nothing else to say?"

ye xiao xiao was embarra**ed, but returned to normal in an instant.

Because what Nina said was right. As long as Celia had something on her mind, she would talk to her.

"Sure, sure."

Ning stream looked at Celia with a smile. She was helpless with her silly friend. No one knew what she was thinking about every day.

"By the way, he hasn't come to me since he reconciled with an zi hao last time."

ye xiao xiao couldn't help but speak out this sentence, mentioning an zi hao.

Ning Xi looked at ye xiao xiao with his amber eyes and said, "you finally told me why you asked me to come. So it's for your an zi hao..."

Ning stream teased Celia.

“Naomi, I didn’t. You are laughing at me again! Humph!Can we have a nice chat? ”

Hearing what Ning Xi said, ye xiao xiao was even more embarra**ed.

ADVERTISEMENT

“Okay, okay, I won’t tell you.I know you miss him, ha ha... ”

ning xiao xi liked to tease her silly friend.

“Ning stream! I’m leaving. Bye... ”

ye xiao xiao stood up from the sofa on purpose and was about to leave.

ning xiao xi knew that ye xiao xiao did it on purpose, but she still held ye xiao xiao’s hand and said,
“don’t go. I won’t say it anymore.”

Seeing that Ning Xi stopped her, ye xiao xiao pouted and sat down. “That’s more like it.”

“He has left the company for so many days, and I don’t know much about him.Maybe I’m too busy to see you recently. ”

Ning stream answered what Celia wanted to know. She said unintentionally. As soon as she heard the news about an zi hao, she asked excitedly, “leave the company?Are you on a business trip? ”

“He has left VL for more than a week. Don’t you know that?”

Ning Xi asked in surprise. She thought an zi hao would tell ye xiao xiao about it, but he still didn’t tell her.

“You mean he is no longer in this company?”

ye xiao xiao was also surprised. He hadn’t known that an zi hao had left the company for more than a week.

More than a week ago... That meant he had left his company when he came to pick her up that day. Why didn’t he tell her?

“Are you okay?”

Ning Xi asked with concern.an zi hao should have told ye xiao xiao about it.

“I don’t know what to say about the current situation.”

ye xiao xiao frowned and pouted, looking a little annoyed.

chapter 265

“Ding Dong.” Celia’s phone on the table rang on WeChat. She picked up the phone and looked at it subconsciously.

“Let’s have dinner together tonight. See you at the restaurant we met at seven o’clock.”

“He sent me a message!”

ye xiao xiao was excited to see the message from an zi hao.

“Who?an zi hao?”

Seeing the excited look on Celia’s face, Ning Xi guessed that only an zi hao could make her so excited, so she could guess that there was no more than ten people in total.

“He asked me to have dinner with him.”ye xiao xiao nodded hard, indicating that Ning Xi was right.

“Then go ahead. You two have a good talk. Don’t give him a hard time when you meet him.”

Ning Xi warned.Because she knew that her bestie was a kind-hearted person with a sharp tongue.

“Naomi, would you like to go with me?”

ye xiao xiao pleaded.

“I won’t get involved in your business. I have to help gu jin yi check his game design after work today.”

Ning stream refused, indicating that the matter of the two people’s love could only be handled by themselves.

“It seems that you still care about your family’s game design?What’s wrong?”

Now it was Celia’s turn to tease Ning stream. The subst**ute marriage made Ning stream sink into it. She didn’t know whether it was good or bad for Ning stream.

“Since we are a couple now, it’s a fact whether we are pretending to be married or not.I don’t know what will happen in the future. Just help him if you can.”

Celia wanted to make fun of Ning stream to embarra** her, but she didn’t expect her to be so serious.

ye xiao xiao felt that something was wrong with Ning Xi. She had never seen Ning Xi so sad, so she asked worriedly.

ADVERTISEMENT

“Naomi, what’s wrong with you?”

“Nothing. It’s just a new game released by his company. He said that it had been revised several times, but he still felt it was not good enough, so he asked me to check it for him.To be honest, I just know a lot about dress design. I don’t know anything about games. I don’t think I can help him.”

Ning stream quickly calmed down and changed the topic to avoid Celia thinking too much.

She didn’t tell ye xiao xiao that she was leaving in a week. She had planned to tell her, but since she had a lot of things to deal with now and her relationship with zi hao hadn’t been handled well, she must be anxious to tell her about it. In order not to annoy her, Ning Xi decided to hide it from her for a few days.

“Design is the same. Trust me, you can definitely do it!”

ye xiao xiao comforted her. She didn’t like to see Ning Xi’s upset face.

“Okay, I’ll try my best.”

ning xiao xi smiled at Celia.

A good friend would always confide in her heart. If the other party was unhappy, it would always give her positive energy to comfort. Once they met, there would always be endless things to talk about, and she wanted to see and talk every day.

.....

After lunch, the two of them went back respectively.

Ning Xi returned to the company and began to look for her design inspiration again.

In order to make tomorrow's customer ou yang mu xue fully satisfied, Ning Xi still had to spend time to study it.

On the other side, Celia went back home. She found that she had such a big wardrobe, but she couldn't find anything she wanted to wear.

Then, she rummaged through all the clothes in the wardrobe and found them one by one.

.....

The whole afternoon, everyone was busy with their own work. Time pa**ed quickly, and it was already in the evening.

gu jin yi arrived at the gate of VL company on time and waited for Ning Xi to get off work.

ADVERTISEMENT

As soon as it was time to get off work, Ning Xi finished his work and was about to leave.

As soon as she walked out of the design department A, she met the person in charge, Lillian, who had just come back from the outside. Seeing that Ning stream was in such a hurry, she asked by the way, "Why are you in such a hurry?"

ning xiao xi smiled at ChenLin, "I have something urgent to deal with at home."

ning xiao xi looked downstairs through the window and saw gu jin yi's car waiting for her. A warm smile appeared on her fair face.

Lillian didn't need to ask any more. She knew it when she saw the expression on Ning Xi's face.

"It turns out that I'm waiting for you downstairs. No wonder you're in such a hurry."

Lillian teased.

ning xiao xi smiled awkwardly, "stop laughing at me, Miss Lin."

Lillian of the sales department was also an old employee of VL company. It was not easy for her to become the director of the sales department step by step. Seeing Ning stream, she seemed to see herself in her youth, so she had been supporting Ning stream all the time, because she had also seen Ning stream's efforts and intentions.

"Go downstairs now."

Since Lillian was an elder, she didn't mention leaving Ning stream. After all, etiquette was necessary. Since she asked, Ning stream nodded and left.

And in a corner not far away, a coquettish woman was watching this scene.

Seeing Ning stream running downstairs to gu jin yi's car, the hatred in her heart became stronger. Ning stream, just be happy now. You will never be treated like this in a week. Humph!

In the car.

"Why did you call me today? I'm flattered."

gu jin yi said with a faint smile.

"Another question. Didn't I tell you to pick up chen chen and han han with me?"

Ning Xi thought gu jin yi wanted to know the reason. He wouldn't die until Yellow River.

ADVERTISEMENT

"Is it really that simple?"

"That's it!"

One of them kept asking, and the other didn't answer. The two fought in this way.

"Okay, I know what you are thinking. It doesn't matter if you don't answer me."

gu jin yi smiled evilly.

"My idea? What do you know?"

Ning Xi wouldn't be fooled by gu jin yi.

gu jin yi didn't answer. Ning Xi wanted to know what gu jin yi meant.

"Tell me!"

Ning Xi couldn't help but get anxious.

gu jin yi was still driving his car, with a proud look on his face. He didn't tell her.

Ning Xi was angry and helpless at gu jin yi's complacent look. It's not good. Ah! Ah! Ah!

Ning Xi pouted and frowned. He looked down with anger.

gu jin yi glanced at her and couldn't help laughing, "how do you feel now? Are you angry but helpless?"

Ning Xi suddenly raised his head and looked at gu jin yi with his amber eyes. 'damn it! How does he know my feelings?

Ning Xi thought about it from a different angle. Indeed, he had always made him angry and helpless in the past, and it seemed that he had done it many times. Oh, I see. Now he did it on purpose, because he wanted me to experience the same feeling.

chapter 266

What can I do? Others were usually helpless with her, and they really didn't know what to do with her. He was a quick learner. Now he knew how to make himself angry.

"What can I do with you? Just wait and see."

Seeing that he was driving, Nina decided to let him go. He would feel better when he arrived at the kindergarten and stopped the car. She was thinking about how to deal with him. Let him bully her.

Soon, they arrived at the kindergarten. The two babies were still in the kindergarten.

As soon as the car stopped, Ning Xi pretended to fasten the seat belt for gu jin yi and tickled him.

"Small, small, small stream, don't scratch me, hahaha... Itchy, itchy..."

"Ha ha, what do you think I can do with you? I'll tickle you to death, tickle you to death, and see what you will do?"

Ning Xi found gu jin yi's weakness. He was afraid of itch, so he had a chance.

"Do you want to learn from me? Are you still mad at me?"

Ning Xi tickled gu jin yi and asked.

"I... I don't want to learn from you. I don't want to piss you off. Hurry up, stop..."

gu jin yi couldn't stand Ning Xi's torture. Ning Xi was good at tickling people.

Hearing that he surrendered, yam slowly stopped.

"That's right. That's my good girl."

Ning Xi looked as if his plot had succeeded.

"Let's go downstairs to pick up chen chen and han han."

gu jin yi didn't dare to stay in the car for fear that Ning Xi would 'attack' him again.

When the two of them were about to open the door and get out of the car, their eyes widened at the same time. They were frightened at once. "Ah! This, this is..."

The whole car felt like being watched. Everyone was staring at the car window.

"What happened? Why are they all looking at us like this?"

ning xiao xi was frightened by the crowd.

gu jin yi explained, "you tickled me just now. We made too much noise in the car just now, so others might think we were there."

“Oh, do you think we are in a car crash?”

Ning Xi didn't respond at once and answered gu jin yi's question. Before he could say the word, Nina said it first.

Looking at Ning Xi, gu jin yi nodded slightly and smiled.

“A car crash... What are they thinking about? Who is the driver? Is there anything wrong?”

Only then did ning xiao xi realize that the car crash he gu jin yi mentioned was actually a car crash

She lowered her eyes in embarrassment, and her face flushed.

Seeing Ning Xi's shy look, gu jin yi wanted to say something but stopped on a second thought.

“Daddy, Mommy!”

It was not until the two little babies knocked on the door that they realized what had happened.

Then she got out of the car and opened the door for them. Then she drove home.

on the way home.

“Daddy, Mommy, what were you doing in the car just now?”

“There were so many people surrounding our car just now. It's so strange!”

The two kids remembered their father's car. As soon as they walked out of the kindergarten, they saw everyone was surrounding his car. The two kids asked curiously.

Not knowing how to answer the two babies' questions, Ning Xi just smiled.

“Daddy, Mommy, what's the car crash?”

“An uncle said Daddy and Mommy were having a car crash just now. Let's ask him what the car crash is? He asked us to ask you.”

The two kids wanted to get to the bottom of the matter, just like their parents, stubborn to the end. He looked very serious.

Ning Xi was speechless? What was on her mind? Who would have a car crash at the school gate in the daytime? She even said these words in front of her two children.

“The car is shaking. It's just that the car is shaking.”

Ning Xi explained to the two babies.

“Then why did the car vibrate?”

chen chen continued to ask, staring at Ning stream with his dark and big eyes, eager to know the final answer.

“The car is so big. It should take a lot of strength to move!”

han han thought as she pinched her chin.

“Well... It really takes a lot of strength to move the car.”

Ning Xi covered his face with his hands and didn't know how to explain. The more he explained, the more confused he became.

Looking at the scene that Ning Xi was “bullied” by two babies, gu jin yi smiled.

“Daddy didn't start the engine just now. The car didn't move until it was started.”

Seeing that Nina really couldn't respond to the two babies, he finally opened his mouth to help her out.

“Okay.”

“Okay.”

As soon as the two babies heard their father's explanation, they suddenly understood.

It seemed that a difficult problem had been suddenly solved.

Ning Xi looked at the expressions of the two babies and then turned to look at gu jin yi. What? Even if it was solved? She had been thinking hard about how to solve this problem and how to answer the questions of the two babies. Only one word from him could solve them all.

Well, she had to admit that she was too stupid. A business genius was really something.

Soon they arrived at home. The two babies liked to learn, just like their father, gu jin yi. As soon as they arrived home, the first thing they wanted to do was to finish the homework arranged by the teacher first, so they both went to the hall to do homework.

“Have you brought back your game design?”

This was what Ning Xi thought as soon as he entered the room. She still cared about gu jin yi.

gu jin yi nodded slightly, “yes.”

“Let me see if I can give you some advice.”

All Ning Xi wanted now was to finish his task.

“Daddy, Mommy, come here and help us with our homework.”

The two babies said in a childish voice.

“Let's have dinner first. Let's go to accompany chen chen and han han.”

Then, they walked to the hall and accompanied the two babies to finish their homework.

.....

After dinner, the two babies went to play with the new toys their father bought for them, while gu jin yi and he ning stream sat in their rooms and talked about the game design.

chapter 267

This game is quite special. It's not available in China, right?"

ning xiao xi looked at the game design carefully and found something special.

"Yes, it's a newly developed game. Look here. I feel something is wrong."

gu jin yi pointed at the game design and asked Ning Xi to check it for him.

"According to this design, the whole design is good, but if you look carefully, it is not particularly attractive."

At the beginning, Ning Xi thought the game was very special, but after watching it all the time, he found that it was not so attractive.

"Naomi, you think the same as me. Look at this place. Although it looks special, it is not enough to attract users."

When Nina said this, a faint smile appeared on his face subconsciously. They had the same thought.

.....

The two of them just discussed in this way.

On the other side, in luck restaurant.

an zi hao had been waiting for Celia in the dining room in advance, and she was in a traffic jam on the way.

In case of being late, an zi hao thought it was not good for her to be late, so she called him.

The phone was answered as soon as it was connected.

It was really fast.

ye xiao xiao checked the phone screen and made sure that it was the other party who answered her.

"I'm stuck in a traffic jam. I might be a little late."

ye xiao xiao explained her situation in advance in case he thought too much.

"It's okay. I'll wait for you."

an zi hao said softly.

"Are you already here?"

ye xiao xiao checked the time. There was still half an hour left. Why did she wait for her in the restaurant so early?

"Ahead of time..."

“Ah!”

“Celia.”

“Celia!ye xiao xiao!What’s wrong with you? ”

When an zi hao was about to answer ye xiao xiao’s question, he suddenly heard a scream.

Suddenly, he had a bad feeling. He immediately stood up and ran out of the restaurant.

ye xiao xiao’s car suddenly stopped at the roadside. She couldn’t drive it. Her phone fell into the crack of the seat because of the sudden impact, and she didn’t have time to get it.

“What bad luck! What should we do?”

Seeing a taxi pa**ing by, ye xiao xiao said she took a taxi to meet fate restaurant.

.....

ye xiao xiao took a taxi and soon arrived at the restaurant. an zi hao anxiously called her but couldn’t get through. His car was parked outside the restaurant. When he was about to drive to find her, she suddenly appeared in front of him.

“Celia, ye xiao xiao!”

Seeing her, an zi hao rushed to her and hugged her tightly.

“Are you okay?”

ye xiao xiao was stunned by his hug from an zi hao. What was he doing?

“What are you talking about?What’s wrong with you? ”

ye xiao xiao got rid of zi hao’s arms and didn’t understand why he suddenly hugged her.

“How dare you say that just now? I thought...”

an zi hao explained the reason clearly.

“Oh, just now, the car suddenly stalled and rushed forward. I was frightened.”

ye xiao xiao explained.

“That’s good. I thought... That’s good. That’s good.”

Seeing that there was nothing wrong with Celia, an zi hao felt relieved.

ye xiao xiao stared at the man in front of her meaningfully. Was he worried about her?Was she so excited and nervous because she was worried about herself?

“Are you worried about me?”

ye xiao xiao asked softly.

ADVERTISEMENT

“Of course I am worried. What if something happens to you?”

Looking at an zi hao, ye xiao xiao was a little happy. She smiled, but soon calmed down.

“Oh, nothing to worry about!!’m standing here safe and sound. Let’s go to have dinner. ”

ye xiao xiao took an zi hao’s hand and walked to the dining room.

.....

The two began to eat. Celia glanced at him, an zi hao, from time to time.

He also noticed that ye xiao xiao didn’t speak, so he asked directly, “what’s wrong?Do you have something to tell me? ”

ye xiao xiao hesitated for a while and decided to ask, “are you not working in VL?”

All of a sudden, an zi hao put down his fork and looked at ye xiao xiao with his deep eyes. “Well... How did you know?”

“It’s none of your business. Why did you hide it from me?”

ye xiao xiao seemed a little unhappy, because an zi hao had something to hide from her.

“I invited you out for dinner to tell you about it.You didn’t listen to me when I talked to you. Will you listen to me when I tell you this? ”

an zi hao explained to her.

ye xiao xiao thought for a while and agreed. Last time they met, they didn’t fight or know each other. Even if he told her this, she wouldn’t care about him.

Thinking of this, Celia felt much better.

“Well, since you are going to tell me this time, I will forgive you.”

ye xiao xiao stepped down each other to avoid embarra**ment.

“By the way, where do you work now?”

ye xiao xiao asked casually while eating the salad.

“I’m running a studio and planning to develop games.I’m really not interested in managing a company. It’s not good for the company’s development to force me to do so, so I quit the company directly.The research and development of the game is my ultimate goal. ”

As soon as an zi hao mentioned the game, he became interested.

VL international dress design center was one of the best dress design companies in the country and also one of the industries of the an family. But an zi hao was not interested in it at all. He liked to study games.

“That’s good. You can do what you like. Come on!”

ye xiao xiao encouraged him. For some reason, she didn't want to frustrate zi hao at all. Instead, she encouraged him.

"I'll take you to the studio if I have the chance."

"Okay!"

.....

The two chatted with each other and had dinner.

He didn't look like the two people who met each other last time. The two enemies were on a narrow road.

In the villa of Gu family.

Ning Xi stared at the game design draft in his hand and frowned.

What should I do? If she couldn't help him, how could she be more perfect?

"Naomi, go to bed first. It's late."

gu jin yi took the design draft from Ning Xi and asked her to sleep first.

"I haven't finished my design yet..."

"You have inspired me a lot of games. It's better to modify it than to start. Thank you."

gu jin yi comforted Ning Xi. Seeing her like this, he should think that she didn't help him. So he opened his mouth before she finished her words.

She didn't want Ning Xi to worry about these things again.

gu jin yi had never done anything regretful, but he suddenly had a feeling of regret on this matter. It was a business matter, so he shouldn't have brought it home. Seeing that Ning stream was unhappy and worried about the design draft, he was also unhappy.

"Thank you for what? I can do nothing to help you."

"Can you stay with me so late and help me modify the design draft? You don't have to do it."

gu jin yi said in a particularly gentle tone, staring at Ning Xi with his deep black eyes.

Ning Xi always felt uncomfortable and couldn't help. And he was always comforting Nina.

Ning Xi sat still on the chair, staring at the design draft.

Then, Ning Xi took out his mobile phone and took a picture of the game design.

“What are you doing?”

gu jin yi was puzzled by Ning Xi’s behavior, and this was a new game that was not open yet. If it was leaked, it would be a great loss. He hesitated whether he should stop it or not.

It was the first time that gu jin yi hesitated, but he finally chose to believe her.

gu jin yi didn’t stop Ning Xi from taking photos, because he knew Ning Xi wouldn’t do anything harmful to him.

“Don’t worry. I will help you with this design.”

ning xiao xi thought that she knew several powerful game designers in the design field and might be able to help.

A trace of relief flashed through her heart.

gu jin yi smiled, “Okay, I believe you. Can we go to bed now?”

“I... I actually have one more thing to tell you...”

After the question about the game design draft was over, Ning Xi intended to tell gu jin yi everything about the substitute marriage and... About her leaving.

“What’s the matter?”

gu jin yi asked. He wanted to know everything about Ning Xi.

She wanted to tell him something, and he wanted to listen carefully.

Ning Xi hesitated for a moment, but he didn’t have the courage to say it out. “Nothing serious. Let’s go to bed together.”

ning xiao xi thought it was better to have a talk with him sometime.

“If you have anything to tell me, remember, I’m your husband.”

gu jin yi stared at Ning Xi with his dark eyes, as if he wanted her to remember that gu jin yi was her husband forever.

Ning Xi bit his lips and nodded, “I know.” She couldn’t help feeling sad and bitter.

“Well, you go to bed first. I’ll go to bed later.”

gu jin yi stood up, pulled Ning Xi up from the sofa and let her sleep in her room subconsciously.

“I won’t go either.”

At this moment, Ning Xi became like a child. She just wanted to stay with gu jin yi, even for a second.

“Stream... Okay, I’ll go with you.”

gu jin yi had no choice but to accept Ning Xi. But it was the first time that he had seen Ning Xi stick to him, so he was happy. In the end, he agreed to sleep with her.

In this way, the two of them went back to their room.

ning xiao xi had been holding grudges about what she had talked to the Ning family this morning. She couldn't fall asleep either. Staying with him was a waste of time.

The two of them lay on the soft bed of mian mian. The moonlight outside the window was particularly beautiful. When the moonlight sprinkled into the room, even if the light was not turned on, they could see each other faintly.

This kind of peaceful and quiet, set off by the moonlight, made the atmosphere in the room meaningful.

Ning Xi lay on the bed and wanted to chat with gu jin yi.

"What's wrong? Do you have something on your mind?"

Noticing that Ning Xi kept his eyes open and looked out of the window without saying anything, gu jin yi guessed that something must have happened to her.

Ning Xi shook his head and glanced at gu jin yi, "we haven't talked seriously yet."

"What do you want to talk about today? I'll be with you."

ning xiao xi wanted to inquire about his whereabouts, so she asked, "what will you do if someone lies to you?"

After asking, Ning Xi regretted immediately. She seemed to have asked him similar questions, and the answer was not what she wanted.

"I hate those who lie to me and betray me the most. They will never forgive me."

The moment gu jin yi spoke, his deep eyes turned cold and sharp, as if this was his bottom line that he could not break through.

ning xiao xi flinched and didn't dare to ask any more.

"Why do you suddenly ask me this question?"

gu jin yi quickly regained his composure and glanced at Ning Xi.

"Well, it's just a casual question!"

Ning Xi didn't let gu jin yi know anything, but she still responded naturally.

"I'm going to bed. Good night."

Ning Xi leaned against the pillow and was about to lie down when gu jin yi said, "aren't we going to talk? Why are you going to bed?"

"I don't want to talk anymore."

Ning Xi pouted and glanced at him, pretending to be cold.

gu jin yi was stunned by Ning Xi's cold face. He was talking to death? How could she say something like that? So she didn't want to talk anymore. Well, Ning Xi, you are really something! The first one who said that I was going to die.

All of a sudden, he bypa**ed Ning stream and hung on her, with his hands leaning over the ears of Ning stream.

"What... What are you doing?"

ning xiao xi was frightened by his action and stared at him at a loss.

"Nothing. I just want to see you."

gu jin yi stared at Ning Xi for a long time. Her long and thick black eyelashes fluttered, and her deep black eyes were like the stars in the starry sky. Ning Xi was almost fascinated by her. In order not to see gu jin yi's beautiful and charming face, he closed his eyes awkwardly.

"Close your eyes. What are you thinking about?"

gu jin yi teased.

"I'll strangle you to death! What are you thinking about?"

When ning xiao xi heard gu jin yi's question, she was so angry that she even thought of her as a dirty woman.

She seized his neck when he was unprepared.

"Cough, cough, cough..."

gu jin yi pretended to be very uncomfortable and coughed deliberately.

ning xiao xi knew it was not that serious. She kept pinching gu jin yi's neck. In the end, he fainted weakly and fell on the bed.

"Suit yourself."

Ning Xi ignored gu jin yi arrogantly.

A few minutes later... gu jin yi didn't respond at all. Ning Xi began to panic.

Ning stream patted on his face and said, "Hey, hey, hey! gu jin yi, wake up. Are you okay? I didn't use too much strength..."

Not knowing if it was because of the moonlight, Ning Xi looked at his pale face and became anxious. She was about to turn on the light by bypa**ing gu jin yi. When she stopped in midair and was caught off guard, she was suddenly hugged by gu jin yi.

"Ah!"

“Honey, you are so worried about me. Be good to me in the future.”

Holding Ning Xi tightly, gu jin yi whispered in her ear.

“It’s him! You lied to me again!”

ning xiao xi struggled in gu jin yi’s arms.

chapter 269

“I just want to know if you really care about me. It turns out that you care about me. You care about me.”

gu jin yi said softly.

When he said this, Ning stream quieted down.

Indeed, it turned out that she cared about him. At that moment, she was too anxious to say anything for fear that something bad would happen to him.

“I’m just worried that if anything happens to you, I will become a suspect. That’s not good.”

Ning Xi said stubbornly. She didn’t want gu jin yi to read her mind.

gu jin yi hugged Ning Xi tightly, “Xi Xi, stay with me forever. It’s enough to have you by my side all my life.”

Ning Xi looked down at gu jin yi’s hands holding his waist. He wanted to tell gu jin yi a lot, but she couldn’t, nor was she qualified to say it.

She loved him very much

The meeting between the two was just a coincidence, but it was just a coincidence. Maybe, after a week, they would never see each other again for the rest of their lives.

Thinking of this, Ning Xi’s eyes turned red and tears fell uncontrollably.

She didn’t want to leave this city, which used to make her sad and desperate. Now she was reluctant to leave and wanted to stay. She didn’t want to leave this family, which didn’t belong to her at all, this family made up by accident.

The last person she wanted to leave was the man who was holding her, gu jin yi.

Ning Xi recalled that three months ago, when they first met, they didn’t get along well with each other and made difficulties for each other. At that time, she was carefree and the only trouble was to get rid of this man as soon as possible. Now she could leave and get rid of him, but the problem was her. She didn’t want to leave.

The more Ning Xi thought about it, the sadder he became. Tears streamed down his cheeks.

gu jin yi moved his hands holding Ning Xi. Ning Xi quickly wiped his tears for fear of being seen by gu jin yi.

“It’s so late. Why don’t you go to bed?”

Ning Xi said softly.

Seeing that there was no response from him, did he fall asleep?

Then Ning Xi tentatively asked, “are you asleep?”

ADVERTISEMENT

gu jin yi was still in silence. Ning Xi slowly turned around and found that gu jin yi had fallen asleep.

Looking at his sleeping face, Ning Xi gave a gentle smile.

“Good night, Mr. Jacob.”

Gradually, Ning Xi closed his eyes.

.....

The second morning.

gu jin yi and Ning Xi were still sleeping. Before the alarm clock rang, they heard the baby crying in the next room.

gu jin yi and Ning Xi were awakened by the cry at the same time, and they immediately rushed to the next room.

“chen chen, han han!Baby, what’s wrong with you? ”

Ning Xi hugged the two kids subconsciously.

“Mommy, don’t leave chen chen. Don’t leave us...”

chen chen held his mommy Ning Xi tightly and kept saying this.

“Mommy is here. Mommy is here. Mommy hasn’t left you.”

Ning Xi comforted chen chen and patted him on the back.

It seemed that chen chen had a nightmare.

At first, han han just sat quietly on the bed. As chen chen cried harder, she also cried. “I’m afraid, waah... I’m afraid...”

The two children were crying, which made Ning Xi feel sorry for them. She couldn’t care about the two children, and then gu jin yi picked up the little baby han han. “han han, don’t cry. Our han han is the best.”

Both of them were comforting the two babies. Finally, their crying gradually subsided.

“What’s wrong with chen chen?Did you have a nightmare? ”

Ning Xi held chen chen in his arms and asked gently.

“Mommy, Mommy doesn’t want me... And han han, i... I’m chasing Mommy, but I can’t catch up with her...”

chen chen’s childish voice was mixed with sobs. This dream seemed to make chen chen very afraid and sad.

“Mommy won’t leave you and han han. She won’t leave you. It’s a dream, not a real one. ”

Hugging chen chen’s little head, yvning comforted him.

“Have you forgotten what Mommy told you before? Dreams are always the opposite. ”

Hearing what Ning Xi said, chen chen gradually regained his composure.

Seeing her brother stop crying, han han gradually calmed down.

“Mommy will cook your favorite poached egg, okay?”

Ning Xi gently touched the heads of the two babies, trying to cheer them up.

The two babies kept silent.

ning xiao xi said again, “and today after school, Mommy will take chen chen and han han to go shopping to buy your favorite toys.”

The two babies hesitated for a while, and then nodded at the same time to show their agreement.

“Then Mommy will change your clothes and I’ll make you poached eggs.”

Then, when Ning Xi was about to change the clothes for the two babies, he said, “let me do it. It’s the first time that daddy has changed clothes for you.”

Then the two babies moved into his arms.

“You don’t want mommy to change clothes for you, do you? Okay, ask your daddy to change clothes for you. I’ll go downstairs to make breakfast for you. It’s a reasonable division of work.”

Looking at the warm scene of the father and son, Ning Xi felt a little comforted.

chen chen and han han, I’m sorry. I just reunited the three of you. Because of Mommy’s selfishness, maybe you will leave your daddy again

ADVERTISEMENT

Ning Xi didn’t know how to tell the two babies that they would leave a week later. They loved gu jin yi more and more. If they left here, their father would be very sad.

Ning Xi seemed to be lost in thought.

“Mommy, what are you thinking about?”

chen chen asked in a hoarse voice.

“Nothing. Mommy wants to make you a delicious breakfast.”

Then Ning Xi smiled at them and went downstairs to make breakfast.

At the same time, bill was chatting with the two babies in the room.

“chen chen and han han, don’t worry. Mommy and Daddy won’t leave you. We will grow up with you forever.”

gu jin yi’s tone was gentle, and his deep and calm eyes were full of affection.

The two little babies nuzzled into his warm arms.

“Daddy, we will remember what you said.”

“Daddy and Mommy will grow up with us. We can’t lose anyone.”

The two babies were good at acting coquettishly. It was hard to describe how much he liked them when he held them in his arms.

“I promise you.”

“A word spoken by a gentleman cannot be taken back!”

The two babies said at the same time. When they said this in their childish tone, gu jin yi felt a little strange and surprised.

But she was more relieved that she could use so many idioms after she went to the kindergarten.

The three of them giggled.

chapter 270

After a while, the breakfast was ready in Ning stream. Then, Jean went downstairs with the two babies.

“Babies, come and have breakfast.”

Ning Xi put the breakfast on the table.

gu jin yi was about to put the two babies on the chair when Ning Xi suddenly said, “wait a minute!”

The three looked at Ning stream expressionlessly. She was walking towards them.

Why did Mommy come over?

What does the stream want to do?

The two babies had the same thought as gu jin yi. They both looked at Ning stream confusedly.

“han han, why are you wearing the wrong clothes?”

It turned out that Ning Xi noticed that han han was wearing the wrong clothes.

The three of them breathed a sigh of relief. They thought something serious had happened just because they had put on the wrong clothes.

gu jin yi looked at the clothes on han han up and down and said, "the pattern is in the front, not in the back." He still didn't know where he was wearing the wrong clothes.

Ning Xi took off han han's Guardian armor and put it on.

"Who says that the pattern must be in front?"

Ning Xi asked.

gu jin yi was embarrassed. It was the first time for him to dress the two babies.

"Everyone has his first time. If you teach me more, I won't do that again."

However, gu jin yi still wore a big smile on his face, acting like a spoiled child.

"You can change chen chen and han han's clothes from now on. You should learn more."

"Yes! I will follow your orders!"

gu jin yi's answer made the two babies laugh. Their sweet voice filled the air, and the whole house was filled with joy.

Ning Xi returned to his seat. He had wanted to xiao xiao him, but it was his first time to be a father. It was normal that he didn't understand these things, as long as he was willing to do it.

He had done a lot of things that he hadn't done. It was good enough.

.....

After breakfast, she sent the two babies to school as usual, and then went to work.

As soon as Ning Xi arrived at the company, he received several WeChat messages.

ning xiao xi took out her phone from her bag and found that it was from her best friend, Celia.

"Is there anything I need her to send me?"

Ning Xi muttered as he turned on his phone.

Ning Xi probably guessed what it was about. It must be about an zi hao again.

As expected, she saw the message and a long speech.

Ning Xi walked into the company. He looked at his phone and didn't notice the person in front of him, so he bumped into her.

"Ah! Are you blind?"

ruo huan yan patted her clothes and felt her clothes dirty. He didn't understand Ning stream at all.

“I’m sorry.”

Ning Xi immediately took back his phone and apologized.

His face darkened at the sight of ruo huan yan.

“You...”

ruo huan yan raised her head and was about to scold Ning Xi with a fierce look. But when she saw Ning Xi, her angry face changed instantly and returned to her natural look.

“Oh, it’s you. We met each other in the early morning. What a coincidence!”

ruo huan yan turned her face faster than turning a book and began to cotton up again.

“What a coincidence!”

Seeing her, Ning Xi didn’t say anything, but still looked indifferent.

It was already nine o’clock. Was it still early?

The fierce look on his face just now became friendly when he saw her. He was really good at pretending!

How could people pretend now?She couldn’t help but think of her and Susan.

She wondered what was on her mind?Why did he pretend to be so familiar with her?What good would it do to her?

“I have to take the new designs to the exhibition, but I can’t make sure which one is suitable for me.”

ruo huan yan had been trying to cotton up to Ning Xi. Ning Xi could feel it, but she didn’t want to have any contact with the woman in her eyes.

Ning Xi didn’t know why he didn’t hate ruo huan yan, but he just didn’t want to have any contact with her.

“I’m not sure. After all, it’s your own work. You’d better make your own decision.”

ning xiao xi replied euphemistically.It was good for everyone that they didn’t speak or interfere with each other.

Then Ning Xi left directly.

ruo huan yan turned around and watched her leave. A trace of displeasure flashed through her eyes.

ning xiao xi, you can be more arrogant for a few more days. It’s really bad luck to be met by you in the early morning!It’s for your sake to evaluate my design, but you refused. Humph~

The first thing Ning Xi did when he returned to his office was to send a message to his best friend, Celia.

ADVERTISEMENT

After replying the message, she opened the album of her mobile phone and stared at gu jin yi's game design draft. She wanted to ask several of her game designer friends to help her.

When she was looking for their contact information, she suddenly remembered gu jin yi's worry at that time. This was a new game design draft, and it should not be disclosed to the public.

Thinking of this, Ning stream gave up and had to rely on herself.

It could only be said that she could ask other design friends, but she still kept the design draft and did not reveal it to the public.

"Ding Dong."

The voice of WeChat came again.

Ning Xi guessed that it was her best friend, ye xiao xiao, and only she was the most active to send messages.

"Naomi, let's have lunch together."

Ning Xi replied.

"I may not be able to go there this noon. There is a client here."

Ning stream was about to put the phone aside. Soon, Celia returned in three or four seconds.

"How about tonight? I haven't seen chen chen and han han for a long time. You take them back."

There was a cute expression on her face.

After reading the message, Ning Xi smiled and replied, "Okay, see you tonight. Then I'll go to work first."
